

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Requests for energy-saving tips or recommendations
Inquiry Sub-Category	Renewable energy alternatives
Description	Customers request information on renewable energy options such as solar panels or wind turbines to decrease their reliance on traditional power sources.
Data Size	10,880 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Can I ____ a ____ potential energy savings ____ installing ____ water ____ in ____?
 ____ you ____ me more about ____ benefits ____ a ____ heater?

Is it ____ a ____ the ____ energy savings from the installation ____ water ____?
 ____ it possible to see ____ the ____ saved by installing ____ water ____?
 ____ me ____ out ____ much money I ____ save by ____ hot ____ devices.

I ____ if I could get ____ the energy saved from installing ____.

Do you offer an ____ of the ____ benefits ____ solar ____ the ____?
 ____ need ____ on ____ potential energy savings from solar ____ at ____.
 ____ would ____ see a detailed analysis of ____ saved by ____ water ____.

Is ____ down the energy savings caused ____ using solar ____?
 ____ it possible to save ____ with the ____?
 ____ there ____ breakdown of ____ much energy can ____ through the installation ____ water ____?

Can ____ request ____ breakdown ____ how much energy can ____ a solar ____ heating ____?

Do you offer ____ of the ____ installing ____ hot-water system?

Do ____ know more about the lower ____ solar ____?

How ____ could ____ tell ____ about ____ energy savings ____ solar ____ home?

I am ____ if ____ a detailed outline ____ solar ____ savings.

Do ____ provide an ____ of ____ installing a solar hot-water ____?

Is there ____ reduction ____ electricity ____ boilers are added ____?
 ____ much ____ can ____ expect to save by using ____ solar ____?

I'm ____ report detailing ____ savings ____ owning/installing domestic solar-powered ____ warmers.
 ____ evaluation of the ____ of installing ____ solar ____ system?
 ____ give ____ some information ____ the benefits of a ____ water ____?

Would it ____ possible to get a ____ a solar ____ save?
 ____ analysis that ____ show ____ decreases ____ with installing sun-powered ____ installations for generating heat?

Do ____ have ____ for using solar ____ systems?

I'm wondering ____ it's ____ to ____ explanation ____ potential ____ savings attained by adding solar ____.

Would ____ be possible ____ of the potential ____ the installation and ____ of ____ solar ____ systems?

I'm ____ about the savings ____ water ____.

____ it possible to ____ the ____ from residential solar water ____?
 Is ____ possible for ____ see a ____ of ____ energy saved ____ heaters?
 ____ the amount ____ energy ____ by the solar ____?
 Explain ____ money I will ____ thermal hot water devices.
 ____ much energy ____ saved by ____ solar ____?
 ____ show us the ____ energy ____ home-based solar hot-water ____?
 ____ it be great if you ____ an analysis ____ the ____ energy ____ could ____ obtained ____ solar water ____?
 ____ would ____ to know ____ much energy can ____ installation ____ solar water ____.
 I'd like to know ____ info ____ the energy ____ installing ____ heating.
 ____ there a ____ of energy savings ____ heater?
 ____ much ____ is saved by ____ solar hot water ____?
 Wouldn't it be ____ you could ____ me an ____ about the ____ energy ____ derived ____ water heaters
 for
 Is ____ possible to save ____ by ____ water heater ____ my ____?
 How ____ I ____ if I ____ water heater here?
 ____ tell ____ how ____ heaters use ____ energy at ____.
 ____ much energy ____ water ____ device save?
 Is ____ to tell me ____ about ____ benefits ____ solar ____?
 ____ any information ____ the ____ of using solar water ____?
 Seeking breakdown ____ energy efficiency by home ____.
 ____ much savings do ____ get ____ to ____ at my house?
 Is the use ____ possible to ____ money?
 I ____ know ____ much ____ can be saved through installation ____ a home ____.
 I ____ if you ____ explain the potential savings ____ heating.
 ____ energy can ____ with the solar water ____?
 ____ there ____ way to figure out ____ heater ____ at ____?
 ____ there a ____ water heating ____?
 ____ is ____ breakdown of ____ savings when using ____ heaters?
 How ____ water heating ____ help ____ costs?
 Can you ____ the solar hot-water systems ____ affect ____?
 I ____ know ____ can be saved through a ____ water heaters ____.
 Wouldn't it be great if ____ give me ____ analysis about potential ____ solar ____ house?
 ____ a breakdown on how ____ energy ____ be ____ a solar water ____?
 ____ need ____ potential energy ____ from ____ water heating ____ my house.
 ____ it possible ____ save ____ a solar ____ furnace ____ my place?
 I ____ an ____ summary ____ energy a ____ heating system saves.
 What's ____ of ____ savings ____ solar ____ heating installation?
 ____ is ____ breakdown ____ the energy ____ using solar ____ heater?
 ____ estimate ____ the energy ____ reduction that will come from ____ of ____ heating ____ my house?
 Can you ____ more ____ benefits ____ using solar ____ my home?
 ____ solar water ____ energy in my house?
 ____ you ____ the ____ energy efficiency of ____ systems?
 I ____ wondering ____ you could ____ me ____ a ____ of ____ potential ____ from installing ____ heaters in my ____.
 Please ____ me ____ conserve energy.
 I am ____ is on energy ____ water heaters.
 I'm ____ about the ____ from ____ solar water heaters.
 Is it possible ____ figure ____ solar ____ savings ____ home?
 ____ it possible ____ save money using ____?
 Is it ____ to figure ____ how ____ energy I ____ save ____ using a ____ water ____?
 ____ want ____ know how much ____ will ____ solar ____ heaters.

_____ a _____ anticipated electricity _____ owning/installing domestic solar-powered liquid warmers.
 _____ would like _____ know _____ I could _____ electric bill _____ I _____ solar water heating system.
 Do you _____ an _____ solar hot-water system in your home?
 I am _____ in _____ more about the _____ savings of using _____.
 Is _____ analysis that can show _____ with _____ sun-powered home _____ for _____ heat?
 _____ would like to _____ if _____ a breakdown _____ energy savings if I _____ heating _____ house.
 _____ you give _____ an _____ of _____ potential _____ water heaters?
 _____ WATER HEATERS _____
 _____ much energy can be _____ a _____ heater installation?
 I need a _____ of the _____ from _____ heaters.
 _____ it possible _____ you _____ give me _____ breakdown of _____ I would save _____ bill _____ using _____ solar water _____?
 I'm _____ about the _____ of _____ solar _____ in my _____.
 _____ like to _____ to get an itemized explanation _____ the energy _____ adding solar water _____.
 Is _____ possible to provide _____ the potential _____ savings if I _____ solar _____ my _____?
 Can _____ tell _____ about _____ savings _____ water boilers?
 _____ you _____ a _____ potential energy savings if _____ install _____ water _____?
 _____ save money with a solar water _____?
 _____ give us _____ of _____ heating energy savings?
 Seeking _____ energy _____ by home solar _____.
 Please _____ me _____ into saving electricity with _____.
 _____ to know if _____ can _____ a detailed breakdown _____ energy _____ from _____ solar water _____.
 _____ there a _____ on how much _____ can be _____ solar _____?
 _____ possible _____ figure _____ how _____ I can save _____ using a solar _____ heating _____?
 _____ from _____ solar water _____ systems?
 _____ you _____ about the benefits of getting _____ solar _____?
 _____ is saved _____ solar _____ water heating _____ in homes?
 Would _____ possible to _____ a _____ of the cost _____ use of _____ systems?
 _____ that _____ cost reductions with _____ use of sun-powered home installations for generating _____?
 _____ much energy _____ saved _____ solar _____ Heaters?
 I _____ detailed _____ highlighting anticipated _____ realized from owning/installing _____ solar- powered _____.
 _____ me _____ about the savings associated with _____ heating?
 I _____ to _____ if there's a detailed analysis _____ the _____ by _____.
 _____ much could I save on _____ costs _____ the _____ heaters?
 _____ itemized _____ much energy the solar water _____ what _____ would appreciate.
 I'd _____ to _____ if _____ get _____ about _____ energy _____ from _____ solar water heating at _____.
 _____ about _____ savings from using _____ heating systems?
 _____ it possible _____ get a detailed _____ of the _____ savings _____ heating systems _____?
 You might be _____ breakdown _____ solar _____ heating energy savings.
 I would _____ an explanation _____ the _____ savings _____ using solar _____ my _____.
 _____ it _____ if you _____ give me an analysis _____ potential energy _____ with _____ solar _____ for _____ purposes?
 What _____ amount _____ saved _____ installing solar _____ heating systems _____ homes?
 _____ have _____ about the savings _____ water heating systems?
 _____ me _____ about _____ of solar water Heaters?
 _____ wondering if _____ me a _____ of how much I _____ electric _____ by using a _____ water _____.
 Is it _____ I _____ save _____ installing _____ solar _____ heater?
 Can you _____ me _____ energy was saved _____ solar _____?
 _____ it possible _____ specify _____ of a solar _____ me?
 Can you give _____ a breakdown of _____ install solar _____?
 I want _____ report _____ anticipated _____ realized _____ and _____ domestic _____ liquid warmers.
 _____ you give _____ on _____ potential savings _____ solar water _____?

_____ me know _____ solar _____ heaters _____ help save _____.
 _____ itemized summary of _____ is _____ by solar water heating.
 Can _____ tell _____ more _____ the potential energy savings _____?
 An _____ of _____ much energy is saved by installing _____ water _____.
 I wonder _____ I can _____ a _____ the energy _____ solar water _____.
 _____ you offer _____ the _____ save on _____ bills when _____ residential-scale sun-powered equipment _____ heated water _____?
 _____ to _____ give me a breakdown _____ the energy _____ from _____ water heating in _____ house.
 _____ you _____ me _____ savings _____ come from using _____ water _____?
 _____ is _____ of _____ energy cost _____ I can expect with the _____ heating?
 _____ you _____ evaluation of _____ from installing _____ solar hot-water system?
 _____ there data that shows savings _____ solar _____?
 Can _____ give _____ a _____ water _____ energy savings?
 _____ is _____ complete _____ of energy _____ with _____ heaters?
 I would _____ an _____ how _____ energy is _____ installing _____ water Heaters.
 Would _____ be _____ to _____ a _____ of _____ energy _____ installing solar water heating in _____ house?
 You might be _____ give _____ a _____ the potential _____ savings from installing solar water _____.
 What _____ the _____ savings when _____ solar water heaters.
 Is it _____ break _____ the energy _____ using a _____ heater.
 How _____ heaters save in _____ consumption?
 _____ it _____ offer a _____ of _____ energy-saving benefits _____ installing _____ solar hot-water _____?
 _____ me with precise _____ much _____ be saved through the _____ a _____ hot water system.
 _____ you _____ insight _____ how much _____ we _____ save _____ residential-scale sun-powered equipment _____ heated _____ supply?
 _____ you tell me how _____ is _____ solar _____ heaters?
 Can _____ me _____ information _____ the _____ of _____ water heating?
 I'm _____ for a _____ report _____ electricity _____ realized _____ owning/installing _____ solar-powered _____ warmers.
 I need _____ breakdown of _____ potential _____ from _____ heating in my _____.
 _____ like to know _____ figures _____ solar water heating at _____.
 _____ you _____ breakdown of how much _____ on my electric _____ by using a _____ heater?
 I want to know _____ I _____ a detailed _____ of the energy _____ water _____.
 Can _____ be a reduction in electricity _____ a _____ sun-powered _____?
 So what is _____ breakdown of _____ heaters?
 _____ would like to _____ I could _____ information _____ the _____ saved from _____ water _____ equipment.
 _____ you offer insights _____ how _____ can _____ bills _____ using _____ powered equipment for _____ water supply?
 I _____ figures on _____ savings _____ water _____ my home.
 What _____ solar _____ do to _____ energy costs?
 Wouldn't it _____ great if you could _____ me an analysis _____ the potential _____ from _____ water _____?
 How _____ energy is _____ by _____ the home?
 Can _____ explain _____ solar _____ increase energy efficiency?
 _____ want _____ can get a breakdown of the _____ energy savings _____ installing _____ Heaters.
 _____ a way to _____ solar _____ savings _____ home?
 Is _____ save money by installing _____ water _____ at _____?
 Is _____ to save _____ energy costs by _____ solar _____?
 _____ much _____ water heaters save _____?
 _____ I save using solar _____?
 _____ was wondering if you _____ give _____ breakdown of _____ much I could save on _____ by _____ heaters.
 How much _____ saved _____ the _____ water _____?
 _____ am _____ learning more _____ potential energy savings from _____ solar _____.
 What _____ estimate of _____ reduction _____ expect with the installation of _____ water heater _____ home?
 _____ want to know how _____ can save _____ with _____ heating.

_____ any information on the _____ solar _____ heating?

Do _____ offer _____ into how _____ save on _____ using residential-scale _____ for _____ water supply?

How _____ solar _____ help _____ energy?

_____ like a _____ solar water heater savings.

Is it possible _____ save _____ purchasing solar _____ heaters?

_____ you have any insight _____ we _____ bills when _____ equipment for heated water supply?

_____ would _____ to _____ much I could _____ on energy _____ having _____ heating.

How much _____ is _____ by _____ solar _____?

_____ want _____ if _____ can _____ a detailed outline of _____ heating _____.

Would it be possible _____ a specific _____ of _____ cost _____ of _____ hot-water systems?

_____ it possible _____ figure _____ potential energy saved with _____?

_____ energy is saved _____ the house _____ heating?

_____ to _____ out how much _____ by using a _____ water _____ system?

_____ possible to breakdown the _____ at home.

_____ it possible to _____ energy _____ installing solar _____ heating?

Is it _____ breakdown of _____ savings from _____ solar water _____ at home?

Is _____ provide _____ detailed outline _____ the _____ heating savings?

_____ was _____ if you could _____ breakdown of the potential energy _____ from installing solar _____.

_____ like an explanation _____ savings from _____ solar _____ heating.

I _____ how solar _____ save energy.

_____ you offer insight _____ how _____ we can save _____ if _____ use residential-scale sun-powered _____ for _____?

What _____ the estimate of the energy cost _____ I can _____ of _____ water _____?

Is it _____ to figure _____ how _____ energy _____ by using _____ heating?

_____ you _____ into _____ much we _____ save on _____ if we use sun powered _____ for _____?

_____ can give me a breakdown _____ the _____ installing solar _____ heaters in _____ home, _____?

_____ it _____ to save _____ by installing _____ water _____?

I'm _____ if you can _____ me _____ how much _____ could _____ my electric bills if _____ switched _____ water

_____ would like _____ know if there _____ chance _____ could _____ the energy saved _____ solar _____ heating.

_____ you _____ give me _____ breakdown of the energy savings that _____ come from _____ solar water _____?

Is _____ possible _____ an itemized _____ the _____ savings _____ by _____ solar _____ heating in _____ home?

_____ would like _____ if _____ any chance I could _____ about _____ energy _____ from _____ solar water _____.

I _____ if you _____ provide me with an itemized analysis _____ I would be _____ to anticipate _____ incorporating _____

Is it _____ on how much _____ saved _____ the _____ water heater?

_____ I tell you _____ energy will be _____ installing a _____?

Is _____ give _____ detailed outline of solar water _____?

_____ want to know _____ you _____ me _____ of _____ potential energy savings _____ installing solar water heating _____.

Is there _____ on how _____ can _____ saved _____ solar water _____ installation?

_____ you _____ an _____ how _____ we can _____ we use sun-powered equipment for _____ water supply?

_____ wanted _____ know _____ give me a detailed _____ of solar _____ heater _____.

_____ looking for a _____ report _____ savings realized _____ domestic _____ liquid _____.

How do _____ units _____ electricity?

Can _____ me _____ about _____ savings from installing a _____ water _____?

Is there a _____ save _____ by _____ water heating at _____?

Is it possible _____ solar water heating _____ my place?

_____ you _____ what the benefits _____ having a _____ heater?

Can _____ me _____ estimate of the _____ cost reduction I _____ installation _____ solar water _____?

_____ be possible to get _____ breakdown of _____ could _____ money?

_____ is the _____ of _____ savings _____ installing _____ heating system?

I _____ know _____ solar _____ can save energy.

Please _____ solar water heating _____ at home.

_____ it _____ great if you _____ give _____ an analysis about _____ potential _____ might _____ derived _____ installing solar _____ for _____

_____ possible _____ a _____ breakdown of _____ potential cost _____ from installing solar water _____ at _____?

_____ it possible to see _____ detailed _____ by _____ a _____ water heater?

Is _____ to _____ much energy I _____ with _____ water heating system?

Can _____ an explanation of the possible _____ from _____ water _____?

I would _____ to know _____ potential energy savings _____ water _____.

I want _____ know _____ energy can _____ saved _____ installing _____ solar _____ system.

I'm wondering _____ you can _____ a _____ much _____ would _____ on _____ bill if I used _____ water heating _____ a _____ evaluation _____ possible energy-saving benefits of installing a _____ system?

Can _____ us _____ about the _____ with solar _____?

_____ me know how _____ can _____ energy _____ home.

_____ want to _____ if _____ can get a _____ of the potential _____ from _____ heaters.

_____ it _____ to _____ how much energy can _____ solar _____ heaters?

_____ much _____ is _____ due _____ solar hot water heating systems?

_____ like _____ about the benefits of _____ a _____ water heating _____.

_____ can give _____ a _____ I could save on _____ electric bills by using _____ solar _____ heater.

_____ want to _____ if _____ to _____ an itemized explanation _____ the _____ attained by _____ solar water _____.

I would like _____ more _____ the _____ of _____ water _____.

Present _____ with _____ much energy _____ be _____ by _____ solar _____ water system.

_____ I _____ if _____ use a residential solar _____?

_____ is _____ estimate of the energy cost reduction _____ be _____ the _____ of solar _____ heaters _____?

Can you _____ about the _____ of _____ solar water _____?

_____ explain the energy savings _____ solar _____ heating systems?

Is it _____ see _____ analysis _____ saved _____ the _____ water heating?

_____ is an estimate _____ the _____ reduction that I _____ with the _____ solar water _____?

_____ there a _____ how _____ can be saved _____ home _____ heating?

I _____ question _____ energy _____ I can expect with the installation _____ water _____.

_____ me _____ how _____ water heaters _____ energy.

_____ a _____ of _____ I could save on _____ bill if I _____ a solar _____ heater?

Is it possible to figure out _____ much energy _____ can save by _____?

Did you offer a detailed _____ of _____ of installing _____ system?

Is _____ to _____ money _____ I _____ to _____ waters at my _____?

I _____ breakdown _____ how much _____ can be saved _____ water heaters _____.

_____ much _____ be saving _____ installing _____ solar water heater?

_____ much can installing solar _____ help _____ consumption?

I _____ an _____ the energy _____ reduction that I _____ expect _____ of solar _____ heaters.

_____ much _____ be saved _____ I switch to solar _____ my _____?

I _____ to know _____ can _____ a _____ energy savings _____ installing a _____ water _____ system.

_____ you estimate the _____ of solar _____?

Can there be _____ in _____ when sun-powered boilers _____?

_____ it _____ the energy savings _____ using _____ water heating system?

Can _____ us more information _____ potential savings _____ water _____?

I'm looking for _____ report _____ savings _____ from _____ and installing _____ warmers.

Can you _____ me about _____ benefits _____ water heater?

Would _____ able _____ give _____ analysis of _____ energy savings I _____ incorporating solar water _____ in my _____?

_____ wondering if _____ could _____ a _____ of solar water _____ energy _____.

_____ is _____ of _____ energy _____ the installation _____ solar water heater?

_____ am _____ I _____ see an analysis of the energy _____ water _____.

_____ if you could give _____ the _____ savings _____ installing solar _____ heater in my home.

_____ a detailed evaluation of _____ benefits _____ hot-water _____ installation?

I'm wondering if _____ a _____ of the potential _____ if _____ install _____ water _____.

_____ it _____ break down _____ energy _____ a _____ solar water heaters?

What _____ the breakdown of _____ using _____ devices?

_____ like to _____ the potential energy savings _____ water _____.

Is _____ possible _____ breakdown the savings _____ the _____ at _____?

Can _____ tell me how _____ solar _____ saving _____?

I _____ to know _____ you _____ energy savings from installing solar _____ heating _____ my home.

What is _____ estimate of _____ cost reduction _____ can expect from _____ of _____ heating at _____?

_____ if _____ can _____ me _____ breakdown _____ I could save on my _____ using a _____ water boiler.

Is it _____ to _____ how _____ I can save by _____ water _____ at home?

_____ can I do _____ show how _____ money I _____ with _____ and _____ heating _____ house?

How _____ I save _____ costs _____ I installed solar _____?

_____ can installing _____ to reduce energy consumption?

_____ can solar _____ Heaters _____ consumption?

_____ like to _____ the _____ solar water heating system.

Is _____ possible to _____ come from _____ residential _____ water heaters?

_____ know _____ there is _____ breakdown _____ energy savings if I _____ water heating.

_____ it possible _____ have _____ figures _____ potential energy _____ with _____ heating?

I'm _____ a detailed _____ detailing _____ electricity _____ from installing _____ liquid _____.

Do you _____ that outlines _____ from using _____ heating _____?

_____ tell _____ the _____ of using solar water _____?

_____ to know if _____ give me _____ of _____ energy _____ anticipate _____ incorporating solar water _____ in my house.

_____ an analysis that can show anticipated _____ when _____ sun- _____ home _____ generating _____?

Is _____ to _____ if you add sun-powered boilers _____?

I _____ if I _____ get info on the energy _____ from _____ solar _____.

Is it possible _____ solar water _____.

_____ possible _____ of the potential cost _____ from _____ water heating _____ at home?

I'm _____ a _____ on _____ electricity _____ owning/installing domestic _____ liquid warmers.

Do you offer _____ insights into _____ we _____ when using _____ sun- powered _____ for _____ water supply?

_____ it be possible to get a breakdown _____ how _____ hot-water _____?

_____ it _____ great _____ you could provide _____ an analysis that shows _____ potential _____ that _____ achieved by installing _____.

I'd like _____ if _____ get information on _____ saved from _____ heaters.

_____ me _____ data that _____ how _____ saved when installing _____ hot water _____.

Would it _____ possible _____ get a _____ the _____ cost _____ through the use _____ hot- _____ systems?

_____ summary _____ much energy _____ solar water heaters can _____ is _____ I'd _____.

_____ offer a _____ evaluation of _____ benefits of _____ solar hot-water _____ your _____?

_____ you give _____ of _____ potential energy _____ if _____ install _____ water _____?

Is it _____ breakdown _____ water _____ savings _____ home?

_____ need a _____ anticipated electricity savings _____ owning/installing _____ liquid _____.

What are _____ numbers _____ save with _____ fancy _____ systems?

_____ it possible _____ money with a solar _____?

I'd _____ to _____ get _____ breakdown of _____ savings _____ installing solar water heaters.

Can you _____ me _____ the _____ with the solar _____?

I'd _____ to _____ could get information _____ the energy _____ installing _____ heaters _____ my place.

_____ possible _____ have accurate figures on the _____ energy saved _____ water _____?

_____ to get a breakdown _____ the _____ the use _____ residential solar _____ systems?

Is it _____ a _____ energy by installing solar _____ here?

Can you _____ me _____ I'd _____ on my electric _____ if _____ used a _____ water _____ system?

How much _____ save _____ if I _____ a _____ water _____ system?

_____ there a breakdown _____ how much _____ be _____ through _____ solar water _____?

_____ you _____ me _____ solar water _____?

Is _____ a breakdown of solar _____ heating energy _____.

What is _____ estimate _____ reduction that I can _____ from _____ installation of _____ heating?

Is _____ possible _____ figure out _____ much energy would _____ solar _____?

_____ know _____ of the _____ cost reduction that will _____ achieved with _____ installation of _____ heaters.

What is _____ savings with a _____ water heater _____?

Is there an _____ reduction that _____ come _____ the _____ of _____ heaters at my house?

_____ into _____ electricity _____ sun-powered _____ please?

_____ need to know _____ be saved through _____ of _____ water heater.

Can _____ me _____ the _____ of a _____ water heater?

_____ it _____ to specify _____ of _____ solar water heating _____?

Can you give me an _____ savings I can _____ solar water heating _____ house?

I _____ like _____ could get information _____ the energy savings from _____ a solar water _____ system _____.

How much _____ saved if I _____ water _____ system?

_____ was _____ if you _____ a breakdown _____ the energy _____ from installing _____ water _____ my house.

_____ there _____ solar water heater savings at _____?

_____ it possible _____ have precise _____ the energy _____ with solar _____?

Do you have _____ on _____ from _____ heating systems?

Is the energy _____ gained _____ home-based solar _____?

_____ want to know more _____ potential _____ solar _____.

Can _____ give _____ of the benefits of _____ water heater?

How _____ energy _____ with solar water _____ the _____?

Would it be _____ a breakdown of _____ the installation _____ use of _____ systems?

How _____ I save _____ a _____ solar hot-water unit?

Is _____ possible _____ precise figures on _____ amount _____ energy _____ with _____ solar _____?

_____ want _____ if it is _____ to get _____ itemized _____ the _____ energy savings attained by adding _____.

_____ know _____ potential energy savings from _____ water _____.

_____ there an estimate of the _____ I can _____ the _____ solar _____ heating?

_____ be great if _____ could tell me _____ savings _____ can be _____ from _____ solar water _____?

Would you _____ able _____ of _____ water heating energy savings?

_____ would _____ an _____ summary of how much _____ is _____ water boilers.

Is _____ of solar _____ energy saving?

Can you _____ me _____ the _____ of _____ water heating?

I'm _____ for _____ report _____ electricity _____ realized _____ domestic solar-powered liquid _____.

_____ it possible _____ savings from _____ use of solar water _____?

_____ us _____ the potential energy _____ from _____ solar water heaters?

_____ the benefits _____ water heaters?

Is it _____ to _____ a breakdown of solar _____.

_____ tell _____ about the potential savings _____ heating?

How _____ can I save if _____ residential _____ unit?

I need specific _____ energy savings _____ solar _____ at _____.

_____ if you could tell me how _____ saves _____.

_____ tell _____ the _____ savings _____ solar water _____ at home?

_____ like _____ saving electricity with sun-powered warmers.

I _____ to know if _____ analysis _____ the energy saved by installing _____ boilers.

Can you tell _____ about potential _____ solar _____?

_____ do _____ heating systems decrease _____?

How _____ is saved _____ a _____ water heating _____?

I'd _____ to know if _____ could get _____ on _____ energy _____ from installing _____ at _____.

Specific figures _____ solar water _____ at home _____ you _____ me?

Is there a _____ water heaters savings _____ could _____?

_____ know _____ much we can _____ on _____ we use residential-scale sun- _____ equipment for heated _____?

_____ it _____ save _____ of energy by installing _____ solar _____ heater?

How _____ can I save _____ using _____ device?

Can you _____ me about the _____ savings _____ solar _____?

_____ it _____ great if you could provide _____ with an _____ that shows _____ the _____ of _____ heaters?

How _____ solar _____ heaters cut _____?

I _____ like to _____ figures _____ potential _____ from _____ water _____.

_____ want to know _____ much _____ saved _____ the installation of _____ water _____.

Can _____ explain _____ me _____ benefits _____ using _____ heaters?

_____ possible to _____ the _____ water _____ savings?

_____ an _____ cost reduction _____ can expect with the installation of solar _____ heaters at _____.

Do you _____ in-depth _____ how _____ can save _____ power bills when using _____ equipment for _____

How _____ solar water heater _____ on _____?

What _____ breakdown _____ energy _____ solar water _____ installations?

_____ with data that _____ how much _____ saved with a _____ water _____.

_____ would like _____ energy saved _____ installing solar water _____.

I wonder how _____ saved _____ water heating?

_____ the _____ from using _____ water _____ systems?

Data _____ using _____ water _____ systems?

I _____ on how _____ energy _____ be _____ through the _____ of a solar _____ heater.

Is _____ possible _____ save _____ lot _____ costs by choosing _____ heating?

_____ wonder _____ much I _____ save _____ I chose _____ water heating.

Is _____ possible _____ provide _____ breakdown _____ solar _____ Heaters _____ savings.

Is _____ detailed _____ benefits _____ a house-based solar hot-water system?

Do you offer _____ amount _____ save on _____ bills when _____ residential-scale _____ equipment _____ water _____?

_____ it _____ a _____ of the energy _____ installing solar water heaters?

_____ it _____ explain the potential energy _____ installing solar _____?

Do you _____ insights _____ we can save on power _____ residential-scale _____ powered equipment _____ heated _____?

Is it possible _____ precise figures on the _____ of _____ with _____?

_____ there _____ of _____ savings _____ using solar water heating?

How _____ can I _____ by installing _____ solar _____ Heater here?

_____ tell me what the _____ a solar _____ are?

_____ you have data that shows _____ savings _____ using _____?

_____ to have precise _____ the energy _____ from solar _____ heating?

Is it possible _____ me _____ on energy _____ by _____ heaters?

Do you _____ power bills _____ using residential-scale sun-powered equipment for _____ water supply?

_____ the _____ of solar hot water _____ energy?

_____ it possible _____ break down the _____ savings _____ come from _____ a _____?

_____ how _____ water _____ saves energy at home.

Do you _____ detailed evaluation of the _____ benefits _____ hot-water system?

I _____ to _____ more _____ the _____ from _____ water heating.

_____ you offer insight _____ how _____ save on power bills _____ equipment for _____ supply?

_____ possible to _____ a _____ of how much I _____ save on _____ electric bills _____ a _____ water _____?

_____ want to _____ give me an itemized _____ the energy _____ I _____ able _____ anticipate _____ installing _____ water heating in

Can you tell me _____ solar _____ heaters.

_____ know how much energy _____ solar hot water _____.
 _____ you give _____ of the potential savings with _____?
 _____ it possible to _____ detailed _____ energy-saving benefits from _____ a _____ solar hot-water _____?
 _____ you _____ home-based solar hot-water systems will _____?
 Is _____ possible _____ down _____ energy savings from _____ solar water _____?
 I _____ a thorough explanation of _____ savings from _____.
 _____ much _____ is _____ installing _____ hot water heating systems _____ your _____?
 I would like _____ if _____ can _____ breakdown of _____ potential _____ if I _____ solar _____ heaters.
 _____ want to _____ how _____ I could _____ on energy _____ choosing solar _____.
 _____ there _____ way to break down _____ energy _____ of _____ systems?
 Tell _____ about _____ consumption that comes with _____ heaters.
 Present me _____ much _____ can be _____ through solar hot _____ system _____.
 _____ have data _____ solar _____ heating _____ can save you _____?
 How can I show _____ I _____ save with _____ water heating _____ my _____?
 _____ much power _____ be _____ installing a _____ heater here?
 What is the amount of _____ hot water _____?
 _____ if I _____ get _____ breakdown _____ the _____ energy _____ install solar water heaters.
 I _____ to know _____ a solar _____ system.
 Did _____ tell me more about the _____ solar _____?
 _____ to break down the _____ that come _____ using solar _____?
 How much _____ can _____ saved _____ water heaters?
 _____ much energy is saved _____ installation _____ hot water heating _____?
 Do _____ offer insights into _____ we _____ power bills when using solar-powered _____ heated _____?
 _____ seeing a detailed analysis _____ by solar water heating.
 _____ save a lot _____ by installing _____ solar water _____ here?
 _____ looking _____ a detailed report _____ savings _____ domestic solar-powered liquid warmers.
 Is it possible _____ determine how much _____ I _____ by using _____?
 _____ you breakdown the _____ water heating?
 How much can _____ water heating contribute _____ of _____?
 _____ there _____ reduction _____ electricity _____ if sun- powered _____ locally?
 _____ give _____ detailed evaluation of potential _____ installing _____ house-based _____ hot-water system?
 _____ need an _____ of _____ much energy _____ solar water _____ system _____.
 Are you able _____ me a _____ of _____ would _____ my electric bill by _____ solar _____ heater?
 Is _____ possible _____ figure out _____ savings from _____ residential _____ water _____?
 Provide detailed calculations explaining _____ solar _____ hot _____ devices _____.
 _____ a breakdown of the _____ savings _____ I install _____ water _____?
 _____ to _____ if it's possible _____ get an _____ explanation _____ the _____ savings _____ by adding _____ water _____.
 Wouldn't _____ great if you _____ help _____ by _____ an _____ shows potential _____ from installing _____ heating?
 Can you give _____ a breakdown _____ much _____ save _____ my _____ bill _____ I _____ a solar _____?
 _____ possible _____ get _____ itemized _____ the energy savings _____ can be _____ adding solar _____ heaters?
 _____ you _____ able _____ give me a _____ the _____ energy savings _____ installing _____ water heaters _____ house?
 _____ to _____ much _____ saved _____ the installation of a home solar _____ boiler.
 How _____ saved during the _____ hot _____ heating systems?
 How much can _____ heating contribute _____ energy _____?
 _____ there a way _____ out how _____ energy _____ saved _____ solar _____?
 How _____ can _____ solar water _____ device _____?
 _____ it _____ to _____ the energy savings _____ come _____ using solar _____?
 _____ much _____ is _____ by installing _____ solar water _____?
 _____ it possible to _____ detailed _____ of _____ heating energy _____.
 I would _____ of how _____ energy is _____ when installing _____ water _____.

_____ have any data that shows _____ using _____ water _____?

_____ want _____ itemized analysis of the energy savings _____ can _____ with the addition of _____ water heaters.

Is _____ any _____ numbers _____ I would save _____ sun-powered hot-water _____?

Do you _____ savings of _____ water heating?

_____ to _____ how solar _____ devices _____ save me money.

_____ show me how _____ can save _____ solar water _____?

Can you _____ me _____ benefits of _____ solar _____ system _____?

_____ you tell _____ the potential _____ solar _____ heating?

_____ would like to know more _____ lower power _____ water _____.

I would appreciate it _____ tell _____ how _____ water _____ can _____.

_____ have data on _____ of _____ water heating systems?

_____ possible _____ figure out how _____ energy _____ by _____ a solar water _____ system?

_____ save if you use _____ residential solar hot-water _____?

Can there be reduction in _____ if _____ are _____?

_____ you offer _____ into the amount we can _____ when _____ equipment _____ heated water _____?

_____ it possible _____ get a _____ energy savings from _____ water heaters _____ home?

How _____ can I save on _____ costs _____ water _____?

Do you offer _____ detailed _____ of _____ of _____ in the house?

How _____ can I save by _____ water _____?

_____ there an _____ demonstrate _____ decreases _____ use of _____ home installations for generating heat?

I would _____ a detailed explanation _____ the _____ using _____ heating.

_____ if you can _____ me an itemized analysis _____ energy _____ can anticipate _____ incorporating _____ water _____ my _____.

Help _____ understand _____ much _____ will save _____ using _____ thermal _____ water _____.

Is it _____ on solar water _____ at home?

_____ I _____ water heating in _____ can you _____ me a detailed _____ the _____ savings?

_____ would like _____ more _____ lower power _____ of _____ water heaters.

Is _____ to _____ electricity _____ to the _____ of _____ boilers?

Is it _____ to see how _____ energy _____ save _____ heating system?

_____ need _____ of the _____ savings from _____ water heating.

_____ do I save _____ use a _____ solar _____ water _____?

_____ need _____ know more _____ the lower power consumption _____ heaters.

_____ to know _____ benefits of _____ solar water _____.

_____ tell me _____ save electricity.

_____ it possible _____ save money by _____ water _____?

Provide _____ precise _____ shows how much energy _____ be _____ through _____ water _____ installation.

Do you _____ showing the _____ using solar _____ heating _____?

I'm _____ a _____ anticipated electricity _____ realized from solar-powered _____.

Do you offer insight into _____ can _____ power bills _____ we _____ solar-powered _____ water supply?

_____ a solar water _____ save _____?

_____ much _____ residential _____ hot-water unit _____ me?

Would it be possible _____ give _____ potential savings from _____ utilization _____ solar hot-water _____?

_____ I request an analysis _____ the _____ I _____ expect _____ installing solar water _____ house?

_____ if you can _____ me a _____ energy savings from installing _____ water _____ in _____.

Wouldn't it _____ if _____ give me an _____ potential _____ that _____ be achieved by _____ solar water _____?

_____ if it's possible to _____ of the potential _____ attained by _____ water _____ in my house

How _____ save _____ you use _____ residential solar _____ unit?

I'd like _____ know if _____ to get _____ explanation of the _____ savings attained _____ solar _____.

How _____ energy was _____ the solar _____?

Do you _____ data _____ benefits _____ solar _____ heating systems?

_____ know if _____ water _____ will save me money.
 _____ you give me a breakdown of how much _____ my _____ I use a _____ water _____?
 I _____ know if _____ is a _____ I could get information on _____ savings _____ solar _____.
 _____ can _____ save _____ I _____ a solar water heating _____ here?
 _____ ask for _____ breakdown _____ how _____ can be _____ through the _____ a solar _____ heating system?
 A detailed evaluation _____ potential _____ benefits _____ installing _____ solar _____?
 _____ in seeing a _____ of the _____ saved by _____ water _____.
 _____ offer _____ the amount _____ can save _____ power bills _____ we use _____ sun _____ for _____ water supply?
 _____ you _____ me _____ about _____ potential _____ of solar water _____?
 Is it _____ to show _____ using solar water _____?
 How much _____ a _____ water _____?
 An _____ summary of _____ much _____ solar _____ heaters _____ what I'd _____.
 Is _____ possible _____ save _____ energy costs _____ solar water _____ for _____?
 _____ you know _____ energy savings _____ solar water _____?
 _____ it possible _____ a full breakdown of _____ benefits _____ solar water _____?
 _____ information about how much we _____ save on _____ bills _____ residential-scale sun-powered equipment for
 _____?
 _____ to know how much _____ could _____ saved from _____ at home.
 What _____ the _____ of _____ energy _____ with _____ heater installation?
 _____ to know how _____ water heating _____.
 I want to know if _____ to _____ explanation _____ potential _____ savings _____ by adding _____ in my house
 _____ would like _____ it _____ possible to get an itemized _____ potential _____ savings attained _____ adding solar
 water _____ my _____
 Is _____ possible to give a _____ solar _____ savings?
 _____ need a _____ showing anticipated _____ savings realized _____ domestic _____ warmers.
 Is _____ way _____ break down _____ from _____ water heating?
 _____ much _____ of solar water heaters _____ energy _____?
 Is it _____ detailed _____ of the _____ of installing solar _____ systems?
 How much _____ saved _____ solar water _____ installation?
 _____ water heating _____ energy expenses?
 _____ much _____ be _____ installing _____ solar water heater here?
 _____ would _____ know if there's a chance I _____ receive _____ energy _____ from installing _____ water _____.
 I _____ water heating in my _____ could save me money.
 Is _____ explain _____ energy savings from _____ solar water heaters?
 What _____ the breakdown _____ the _____ savings associated _____ water _____?
 Can you tell _____ about _____ savings from installing _____?
 I _____ know if using solar water _____ would _____.
 _____ want _____ know _____ much energy _____ be saved _____ home _____ heater _____.
 _____ to _____ if I can see a _____ of the _____ saved _____ water heaters.
 _____ would _____ to _____ I could get _____ the _____ saved from _____ heating.
 _____ you _____ can save _____ power bills when we use _____ sun- powered _____ for heated water _____?
 I _____ much energy is _____ with _____ water heaters.
 _____ the benefits are of getting a solar _____?
 _____ can _____ heaters _____ energy costs?
 _____ to know if _____ possible _____ itemized explanation of _____ savings _____ can be _____ by adding solar _____
 _____ would like to _____ if _____ a _____ potential energy savings if _____ install solar _____.
 Is it _____ to get _____ full breakdown of _____ reduction _____ solar water _____ systems at _____?
 _____ savings _____ using solar water heating _____?
 _____ with _____ that _____ the _____ energy savings achieved _____ the installation of _____ solar hot _____.
 Looking for breakdown of _____ by _____ heaters.
 How _____ solar _____ heating contribute _____ reducing _____ usage?

What ____ the ____ of the energy savings ____ water ____?

____ to ____ solar ____ heater save energy.

I want to ____ I can get ____ breakdown of ____ savings from ____.

I'd ____ to ____ figures on potential energy ____ from ____.

____ know if it's ____ to get ____ itemized ____ energy ____ attained by adding ____ water heaters ____ house.

What ____ you ____ about energy ____ from solar ____?

I would appreciate an itemized summary ____ solar ____ heaters ____.

____ does the ____ of ____ savings look ____ with ____ water ____?

I would like ____ I could receive information ____ savings ____ solar ____ heaters.

____ me the ____ that ____ how much ____ saved ____ water system installation.

Is there an ____ that can ____ with ____ sun-powered home ____ for ____?

____ be able to ____ how much energy ____ solar water heating?

If ____ give ____ an itemized ____ the energy ____ I can ____ water heaters in ____ residence, ____ great

Do you ____ data ____ the ____ using ____ water ____ systems?

I need figures ____ energy savings ____ solar ____.

Can you ____ down the ____ efficiency of ____?

Do ____ data ____ solar water heating ____ savings?

____ possible to ____ down ____ expected ____ efficiency ____ installing solar ____ systems?

Provide ____ data that ____ the ____ of energy savings that ____ be ____ through ____ installation.

What is ____ information ____ energy ____ from ____ heaters?

Is ____ for ____ complete breakdown ____ the potential ____ from ____ solar water ____ systems ____?

____ you offer ____ detailed evaluation ____ benefits ____ solar hot-water system?

I'm ____ a ____ how much I'd save on ____ bill ____ I installed a solar water

____ is the breakdown of energy ____ of ____ solar ____ heating ____?

I would like to ____ about ____ potential ____ using solar ____ in ____.

Tell ____ more ____ the benefits ____ solar ____ Heaters?

Is ____ to tell me ____ much ____ solar water heating at ____?

What ____ the breakdown ____ savings when ____ water ____?

____ it possible to ____ of the energy ____ solar water ____.

____ it possible ____ provide ____ of ____ water heating energy ____?

What ____ you tell ____ from ____ water heaters?

Is there ____ of the ____ savings ____ solar ____?

Were you ____ give me ____ on potential ____ savings ____ heating?

I'm ____ the energy savings from ____.

I ____ your ____ telling me ____ solar ____ energy.

Wouldn't ____ could help me by offering an analysis ____ energy ____ if I install ____ water heaters

____ want ____ know if you can ____ an ____ the ____ savings I can expect by ____ heating in ____.

Is the ____ efficiency gained by ____ hot-water ____ down?

Can solar water ____ save ____?

Inform me of ____ of energy ____ be achieved ____ water system ____.

I want ____ the ____ on the potential ____ savings ____ water ____.

____ much ____ installing solar ____ heaters contribute to ____?

____ to see ____ analysis of the energy saved ____ a ____ water ____ system.

____ on solar water heating?

Do ____ a detailed ____ of ____ energy-saving ____ installing ____ house-based ____ hot-water system?

What is the breakdown ____ energy ____ the ____ of ____ solar ____?

____ you ____ insight ____ the amount ____ power bills when ____ residential-scale sun-powered ____ for heated

____ supply?

____ like ____ if it is ____ get ____ itemized ____ the energy ____ attained by adding solar ____ boilers.

How _____ is _____ through _____ solar hot _____ systems?

How _____ can _____ water _____ me?

_____ am _____ about _____ potential energy savings I can expect _____ solar _____ heaters.

_____ would _____ to _____ more about _____ solar _____ in my house.

_____ it _____ to have _____ how much _____ saved with _____ water heating?

How _____ solar water _____ help _____?

_____ it possible for _____ breakdown of the _____ from _____ heating systems at _____?

_____ it possible _____ give _____ detailed _____ solar water Heaters _____?

What _____ breakdown of the energy _____ water _____ installation.

_____ you _____ me the energy _____ from using _____ solar _____?

Can you give _____ a breakdown _____ could _____ on my _____ if _____ used _____ solar water _____?

_____ to _____ the _____ figures on energy savings from solar _____.

_____ a breakdown of how _____ energy can be _____ the installation _____ solar water _____?

_____ possible to get _____ itemized _____ showing _____ potential energy savings _____ by _____ solar _____ heating.

I _____ to know if you can _____ me _____ breakdown _____ energy savings _____ installing _____ water _____ my _____.

_____ have data about _____ savings _____ solar water heating _____?

_____ you _____ expected _____ efficiency of _____ hot-water systems?

Is it _____ get a breakdown of _____ potential _____ from installing _____ at _____?

Is it possible _____ down _____ energy _____ from using _____.

_____ would like to know if _____ information on _____ to _____ by _____ solar water _____.

_____ great _____ you could provide _____ about the _____ savings that _____ derived _____ installing solar water _____?

Is there a detailed _____ solar water _____?

Is it _____ down the _____ savings _____ residential solar _____ heaters?

_____ you _____ breakdown _____ the _____ savings of the _____ water _____?

_____ would _____ if _____ any chance _____ get information _____ saved from installing solar water boilers.

_____ it possible _____ a _____ of _____ energy savings if _____ install _____ boilers?

_____ there _____ to _____ an _____ explanation of _____ energy _____ can be achieved _____ adding _____ water heaters?

_____ to know if _____ could _____ on _____ energy savings _____ solar water _____.

I _____ know _____ there is any chance _____ about the _____ from _____ solar water heaters.

_____ in learning more _____ from installing _____ heaters in my home.

_____ is _____ way to show _____ much _____ can save _____ using _____ and water heating at _____?

Can _____ more information about _____ solar water _____?

Is _____ estimate _____ energy _____ reduction _____ can _____ with _____ of solar _____ heaters in my _____?

_____ offer a _____ of _____ benefits of _____ solar hot-water system?

_____ much can the installation _____ solar _____?

_____ much energy can _____ to _____ when I install _____ heating _____?

When _____ to _____ hot _____ how much do _____?

data _____ using _____ heating systems?

Can _____ give me the _____ of _____ a _____ water _____?

_____ energy _____ by installing solar _____ systems broken _____?

I'd _____ if _____ get an _____ explanation showing the potential energy savings _____ adding _____ water _____.

I _____ know if it _____ get an itemized _____ of the potential energy savings attained _____ water _____ in _____

Tell _____ power consumption with _____ water heaters.

I _____ explanation _____ from using _____ water heating in my _____.

_____ show the energy _____ that come _____ using residential solar _____?

Can _____ the _____ with solar water heaters?

Wouldn't it be _____ could give _____ an analysis _____ could _____ derived from installing _____ water heaters for

How much _____ will _____ save _____ install _____ solar _____ heater _____?

What _____ an estimate of the _____ reduction _____ from _____ of solar _____ heaters _____ my house?

Is it possible _____ save _____ solar _____ heating device at _____?

_____ would _____ to know if _____ breakdown _____ the _____ savings if _____ solar water heaters.

Are _____ able to offer a _____ evaluation _____ of installing _____ solar _____?

Can _____ of how much I _____ save _____ electric _____ by _____ solar water heating device?

How much can _____ of _____ water _____?

_____ know _____ it's possible _____ get an itemized explanation showing the _____ energy savings _____ adding _____ water _____ my _____

I want _____ know if _____ breakdown of the potential _____ when _____ solar water _____ my _____.

_____ is expected _____ be saved by _____ solar water _____ here?

_____ it possible to save _____ installing _____ solar water _____ place?

How _____ energy _____ I _____ solar water Heater?

What _____ you _____ solar water _____ energy at _____?

Can you give _____ an _____ the energy _____ can _____ by _____ water heating in my _____?

_____ solar _____ heating help save _____ in my _____?

What _____ an estimate _____ cost _____ that I _____ with the installation of _____ heater?

Looking _____ of _____ efficiency _____ home solar water _____.

I want _____ you can give _____ an itemized _____ of the energy _____ anticipate _____ including _____ heaters _____ my _____.

_____ you _____ more _____ the energy savings _____ installing a _____ water _____?

_____ breakdown on _____ much _____ can _____ saved through solar _____ heaters?

_____ energy is saved by _____?

How _____ solar _____ heating _____ help _____?

_____ solar water _____ savings at _____?

Can you explain _____ hot-water systems _____?

_____ could I save _____ a solar water _____?

I _____ see an _____ of the energy _____ by installing _____ heaters.

_____ wondering if you could _____ breakdown _____ solar _____ energy savings.

How much would _____ hot-water _____?

I want _____ if _____ can get a _____ of _____ energy _____ from _____ solar _____ Heaters _____ my _____.

_____ know _____ from using solar _____ heating in my home.

Is _____ to get a _____ breakdown _____ the _____ savings _____ solar water _____?

I _____ like to _____ the _____ of _____ water _____.

_____ possible to break _____ energy _____ that _____ from _____ residential solar _____ boilers?

_____ it possible to _____ the _____ savings that _____ by adding solar water heaters?

What _____ estimate of _____ energy _____ can _____ with the installation of the _____ heaters?

Can _____ me more information on the benefits _____ system?

Can I expect to _____ lot of _____ by _____ here?

The _____ efficiency _____ be broken down by _____ solar _____.

Should I ask _____ on _____ energy _____ saved _____ home solar water _____ installation?

_____ it _____ great if _____ could _____ me by _____ an analysis that _____ potential energy _____ solar _____ heaters?

_____ report detailing anticipated _____ realized _____ owning/installing domestic _____ powered liquid _____.

Is _____ possible _____ potential energy savings _____ a _____ water heating _____?

_____ possible for you to _____ breakdown _____ the potential _____ I _____ solar water heaters?

_____ it possible to get an _____ potential energy savings _____ adding _____ water _____?

How _____ solar water heating _____ to energy _____?

Is it _____ get a _____ breakdown about the _____ cost reduction _____ solar _____ home?

_____ is the _____ of the _____ cost reduction that _____ expect with _____ installation _____ heaters at _____?

_____ want to _____ how much _____ save _____ costs _____ I chose _____ heaters.

I _____ wondering if _____ see a _____ analysis _____ the _____ saved _____ water heaters.

What is _____ breakdown of energy savings _____?

Are you able to _____ the _____ power _____ when _____ sun-powered equipment for _____ water supply?

Do you offer an _____ benefits _____ house-based solar _____ system?

I _____ wondering _____ me with a breakdown of _____ potential _____ savings from _____ water _____ in _____ house.

_____ you _____ me about _____ of a solar water _____?

Do _____ give _____ detailed _____ of the _____ benefits _____ a _____ system?

Is it possible to _____ water _____ at _____ place?

_____ of energy savings _____ water heaters?

_____ know _____ much _____ saved through the installation of solar _____ water _____?

Would _____ able _____ give me an itemized analysis _____ the energy _____ I _____ solar water _____ home?

Can _____ some information about _____ of _____ solar _____ heaters?

_____ possible _____ get _____ energy savings from the _____ of solar water _____?

Do you _____ any data _____ how _____ save money?

_____ much energy _____ a _____ water _____?

What is _____ estimate _____ the energy cost _____ I can _____ the _____ heaters?

_____ need an _____ of the energy _____ that will _____ the _____ solar _____ heaters _____ my house.

_____ know about _____ benefits of using _____ water _____ in my _____.

_____ about the _____ heating savings at home?

_____ efficiency of home-based _____ hot-water systems _____ be broken _____.

I _____ like _____ is _____ through _____ installation of a _____ water heater.

_____ it possible _____ reduce electricity _____ if you _____ sun-powered _____?

_____ you _____ the solar water _____?

Wouldn't _____ be _____ give _____ an _____ that shows _____ energy savings _____ be derived _____ installing solar water heaters

Is it _____ out _____ much energy I will _____ by _____ a _____ water _____?

_____ breakdown of the energy savings of _____ system?

_____ much do I save _____ a residential _____ unit?

_____ you offer insight _____ how much _____ can _____ if _____ use residential-scale sun- powered _____ water supply?

_____ me about the _____ energy _____ from _____ water heating?

I'd like _____ know _____ give _____ a breakdown of _____ energy _____ from _____ water boilers.

I need _____ itemized summary of _____ much _____ solar water _____.

_____ much _____ I save on energy _____ if _____ solar _____ heating?

_____ energy efficiency at _____ solar water _____.

Can you give _____ description _____ the _____ solar _____?

I _____ wondering _____ you _____ tell _____ the benefits _____ solar water _____.

Detailed _____ with sun-powered _____ please?

What's _____ money I _____ save by using _____ and _____ heating in my home?

_____ a _____ report highlighting anticipated electricity savings realized from _____.

I would like to know _____ using _____ water _____ house.

I want to know _____ solar _____ heating _____ save _____.

_____ like to see a _____ analysis _____ the _____ by _____ water _____.

Is _____ an _____ can _____ the expected cost reductions _____ with using _____ installations for _____?

_____ would like to see _____ energy _____ through solar _____ water system _____.

Is it possible _____ energy _____ by _____ water heating?

It would _____ great _____ could _____ a _____ the _____ water heater _____ savings.

_____ there an _____ that can _____ associated _____ sun-powered home installations to _____ heat?

_____ tell me about _____ having _____ solar water heater?

_____ would like _____ how much _____ saved through home solar _____ installation.

_____ do solar _____ on energy costs?

_____ how much _____ is saved with _____ of solar water _____.

_____ possible to _____ down _____ savings from _____ a solar _____ system?

I would like _____ energy _____ saved through a solar _____ heater _____.

_____ detailing _____ savings from solar water heating _____?

_____ to know if there _____ a _____ potential _____ savings if _____ install _____ water _____.

_____ is the breakdown of _____ a _____ water heaters?

I need _____ electricity _____ realized _____ owning/installing _____ solar-powered liquid warmers.

Can _____ a _____ energy will be _____ by using solar _____ heating?

_____ like _____ know if I could receive information _____ the _____ saved from _____.

_____ much can solar _____ heaters _____ me on _____?

Is _____ way to breakdown _____ heater _____?

I would _____ know _____ I _____ get _____ how _____ save energy by installing solar _____.

Is it _____ to _____ breakdown _____ from _____ installation _____ utilization _____ solar hot-water systems?

I'd _____ how much _____ can be saved _____ water heaters.

I'm wondering _____ you can _____ me a _____ potential energy _____ from _____ solar _____ heaters.

_____ you _____ any _____ on the _____ power _____ when using _____ sun-powered _____ for heated water supply?

Is it possible _____ give me a breakdown _____ I could _____ solar _____ heating device?

Do _____ any _____ detailing the _____ using _____ water heating _____?

_____ much energy _____ saved _____ solar _____ heating?

Where _____ I _____ information _____ savings from _____ heaters?

_____ it _____ me _____ on _____ costs by opting for solar _____?

Do _____ data _____ benefits of _____ solar water _____ systems?

I _____ to know _____ get information _____ the _____ saved from installing _____ solar water _____ system _____ place.

Can you _____ a _____ much I _____ save _____ my _____ bills if I _____ water heater?

_____ me _____ solar water heater _____.

_____ summary of how much _____ heaters can save _____ what _____.

_____ it possible to provide _____ of the _____ energy _____ if I _____ solar _____?

_____ give _____ a breakdown of _____ save _____ a solar water boiler?

_____ a way to explain _____ energy savings _____ heating equipment?

I _____ wondering if _____ could give me a breakdown _____ energy savings _____ installing _____ heaters _____.

_____ possible to have a _____ figure on the amount of _____?

_____ an _____ of the benefits _____ installing a _____ system?

Installation of _____ hot-water system could save _____.

Please _____ me _____ water heating _____.

Can _____ tell _____ more about the lower _____ of _____ solar _____?

_____ energy can _____ saved through the installation _____ water _____?

_____ is _____ degree to which _____ water _____ save energy?

Was _____ possible to provide _____ of solar _____ heater _____?

Can _____ me _____ of the benefits of using _____?

_____ it possible to _____ an _____ energy-saving benefits _____ installing _____ solar hot-water _____?

Is _____ detailed _____ water heaters savings _____ have?

Can you _____ me specific _____ on the _____ savings _____ solar _____?

Do _____ any insight into _____ we can save _____ when using residential-scale sun- _____ equipment _____ heated _____?

_____ much can solar _____ to energy _____?

Let _____ if _____ explain the potential _____ solar _____ heaters.

I'm wondering _____ of using solar water _____ my _____.

_____ itemized summary of how much _____ solar _____ can _____ is what _____.

_____ an _____ summary _____ how _____ energy can be saved by _____ heating.

_____ solar water boilers _____ in my _____?

_____ much energy will _____ save _____ install _____ water heaters _____?

_____ possible to _____ by _____ solar water heating _____ my _____?

Would it be possible _____ a _____ potential savings _____ residential solar _____?

_____ know _____ you _____ give me an itemized _____ the _____ savings I'll be _____ anticipate with _____ water

_____ if I could get info _____ energy saved _____ installing solar _____ heating.
_____ need a _____ savings realized from owning _____ installing _____ warmers.
I _____ an _____ of the _____ cost _____ expect with the _____ of _____ heaters.
Is _____ possible _____ save _____ by _____ a _____ water heaters?
I _____ know _____ any chance _____ get info _____ the energy saved _____ installing _____ heaters.
Is _____ to determine _____ efficiency _____ home-based solar hot-water _____?
_____ be great if you could _____ that _____ potential energy savings from _____ heaters for _____?
_____ that _____ extent of _____ savings _____ through _____ hot _____ installation is required.
_____ you able _____ show _____ we can save on power _____ we _____ residential-scale sun-powered _____ for heated _____
_____ of energy _____ when using solar _____ heater?
_____ possible to breakdown the savings of _____ home?
Is it _____ to _____ a detailed analysis _____ water boilers?
_____ it possible _____ see _____ analysis _____ the energy _____ solar water _____?
_____ want _____ if _____ possible to get an _____ explanation showing _____ savings _____ by adding _____ water _____ in
_____ house
Can you tell _____ benefits are _____ using _____ water _____?
Do _____ offer insight _____ we _____ save on power _____ when _____ powered _____ for heated _____ supply?
_____ there _____ breakdown _____ energy savings _____ the _____ water _____?
_____ there _____ way to _____ detailed breakdown of _____ potential _____ installing _____ water heating _____?
I would _____ to _____ give me _____ breakdown _____ potential _____ from installing _____ water _____ in my
home.
Can _____ me _____ analysis of the energy savings _____ can anticipate _____ incorporating solar _____
home?
Can you provide a _____ energy savings?
I _____ know _____ me a _____ of the _____ savings from _____ a solar water heating _____.
Can you _____ me the _____ efficiency of home-based _____?
How _____ energy _____ saved with _____ of solar hot _____ heating _____?
How can _____ reduce energy _____?
What _____ the _____ of _____ a _____ water heating system _____?
Do _____ into how _____ save on power bills _____ using solar _____ for _____ water supply?
Is it _____ a breakdown _____ water heater _____ savings.
How much _____ I expect to save when installing _____?
Can _____ a _____ of how _____ I can _____ by using _____ solar water heating _____?
_____ of how _____ I will save by using _____ hot _____.
I'm curious about _____ energy _____ solar _____.
I _____ explanation of the _____ savings from solar _____.
What _____ energy is saved _____ the _____ of _____ hot _____ heating _____?
_____ if you _____ me about _____ savings from installing _____ water _____.
_____ give _____ a breakdown _____ how much I would save _____ a solar water Heaters?
I want _____ how much energy can _____ saved _____ solar _____.
_____ you _____ me about _____ of _____ water heaters?
What is _____ of _____ savings _____ a _____ water heaters _____?
_____ want to _____ the _____ what _____ save _____ fancy sun-powered hot-water _____.
Would you be _____ to give _____ a _____ I would save _____ using _____ solar water heater?
Is _____ save money _____ a solar water heater?
_____ to get _____ breakdown of _____ reduction from _____ solar water _____ systems at home?
_____ to _____ money by installing a _____ WATER _____ at my _____?
_____ assessment _____ the benefits of installing a _____ system?
_____ you be able to give me _____ of _____ I _____ on _____ by using _____ solar water _____?
Wouldn't it be _____ if _____ could offer an _____ potential energy savings _____ water heaters _____?

_____ energy _____ with solar water heating in _____ home?

Is it possible to _____ down _____ solar water _____?

Is _____ to breakdown the savings _____ water _____?

Do _____ offer _____ evaluation of _____ benefits of _____ solar _____ system?

_____ much _____ I _____ to _____ if _____ install a _____ boiler here?

Is it _____ provide me _____ of how much I could _____ my _____ if _____ used _____ solar water _____ break _____ the energy _____ gained _____ using home-based solar _____?

I want to _____ energy savings could be _____ solar _____ home?

_____ possible _____ energy savings from using _____ solar _____ heater?

I want _____ much energy is _____ through _____ solar hot water _____.

Is it possible _____ complete _____ potential savings from installing _____ water _____?

_____ want to know if you can _____ an _____ analysis of _____ can _____ installing solar _____ heating.

_____ me _____ that shows how much _____ saved through solar hot _____.

How can _____ on energy costs?

_____ you give _____ a _____ idea _____ potential savings _____ water _____?

Do _____ offer _____ detailed evaluation of _____ of _____ house-based _____ system?

_____ is the estimated _____ expect with the _____ solar water heaters _____ my house?

What is the breakdown _____ energy _____ when _____ solar _____?

_____ you give me a breakdown of _____ much I _____ save on _____ bill by _____?

_____ to know if _____ is _____ get an itemized _____ showing _____ potential energy _____ attained by adding _____ water _____ in _____

Do you have an _____ how _____ on _____ bills when using sun-powered _____ water supply?

I want _____ know if _____ can _____ a _____ energy savings _____ a _____ water heater.

Can you give me _____ of _____ benefits _____ water heating _____?

_____ is the _____ of _____ saved _____ solar water _____?

_____ want to _____ if _____ give _____ a _____ of the _____ if _____ install _____ water boilers.

_____ know if I can _____ solar _____ heating _____ money.

What _____ an estimate _____ energy _____ reduction _____ achieved _____ installation of _____ water _____ at my residence?

Can you _____ efficiency of _____ solar _____ systems?

Can you tell me _____ best _____ to _____ on solar _____ at _____?

Is it possible _____ figure _____ how _____ can _____ using _____ solar water _____?

Give _____ that _____ extent of energy _____ solar _____ water system installation.

I _____ like to know _____ I _____ information on the energy savings from _____ my _____.

_____ it _____ see _____ detailed _____ of the energy saved by _____?

Can you explain to me _____ solar water _____?

_____ it be great _____ you _____ analysis _____ the _____ energy _____ can be derived from _____ solar water heaters _____

How _____ help _____ energy use?

I would like to _____ potential energy _____ from solar _____.

Can _____ solar water heater _____ at home?

_____ evaluation _____ potential energy-saving benefits _____ installing a _____ solar hot-water system?

I _____ report detailing _____ from owning and _____ solar-powered liquid _____.

Provide _____ on _____ money I will save _____ water devices.

How can _____ boilers _____ my house?

_____ like _____ much energy _____ water heaters save.

_____ give me _____ breakdown of how much _____ would save _____ my electric _____ I _____ solar _____?

_____ you _____ a _____ the _____ energy savings from installing solar _____ heating _____ home?

Provide _____ that shows the extent of energy _____ achieved _____ hot water _____.

Will _____ able _____ give me a _____ the potential _____ savings if _____ install _____ heating?

_____ to explain _____ energy savings _____ installing _____ solar water heaters?

I am wondering _____ give _____ a breakdown _____ how much _____ save on my electric bill _____ used _____
_____.
_____ you _____ information on _____ of _____ solar water heating?
_____ the _____ energy savings _____ installation _____ a solar water heaters?
Can you give _____ about _____ benefits _____ solar _____ heating?
What are _____ using _____ water _____ in my _____?
_____ it _____ great if _____ could _____ an _____ that _____ potential energy _____ installing solar water heaters _____ residential
_____?
I would _____ to _____ if _____ is _____ an _____ showing the potential energy savings _____ installing _____ water _____.
_____ wondering if _____ can give _____ a _____ much I _____ on _____ bill _____ using _____ solar water boiler.
_____ it _____ how _____ energy I can _____ by _____ solar _____ heating system?
Wouldn't it be _____ if you _____ give me _____ analysis about the _____ energy _____ that could _____ heaters

_____ it _____ to _____ energy savings _____ installing a solar _____?
_____ me with precise _____ that _____ of _____ saving _____ through solar hot _____ system _____.
Is it _____ to see _____ of the _____ saved _____ heaters.
_____ need _____ the _____ savings from solar water heating _____ my _____.
I need _____ the potential _____ from solar _____ in _____ home.
Do you have _____ how solar water heating _____?
How _____ down on energy costs?
_____ have any _____ about the _____ using solar water _____?
Is it possible _____ lot of _____ by _____ water _____ unit?
_____ wonder _____ I _____ costs by installing solar water heating.
_____ it _____ to _____ a _____ analysis _____ the _____ saved by _____ a solar water _____?
Do you _____ insights _____ amount _____ can save _____ using _____ equipment for heated water supply?
_____ much can _____ by _____ solar water _____?
Can you _____ more _____ about _____ with _____ water heating?
_____ itemized summary _____ saved by installing solar _____ heaters would be _____.
_____ it _____ to _____ energy savings from _____ water _____?
_____ it _____ break down the _____ savings _____ solar water Heaters?
_____ it possible _____ the energy _____ from _____ solar _____ heater?
Is _____ possible _____ explain _____ from installing the solar _____?
_____ an explanation of the _____ solar _____ heating.
_____ tell me _____ water heater savings at _____?
_____ much do _____ save _____ using _____ water _____?
_____ know about the energy savings _____ heaters?
How much can installing _____ energy consumption?
Do _____ know _____ will be _____ by _____ home-based solar _____ systems?
_____ you _____ more about the _____ of solar _____?
_____ you tell _____ about _____ benefits _____ solar water _____ my house?
Is _____ possible _____ money _____ solar water _____ my place.
_____ wondering if _____ can provide _____ with _____ of the potential _____ from installing solar _____ heaters _____.
Is there _____ out _____ energy can _____ saved by using _____ heating?
_____ me _____ water heaters can _____.
_____ can _____ by installing _____ water heaters?
_____ breakdown of _____ with solar water heating?
_____ breakdown _____ energy efficiency at home _____
_____ to _____ an estimate _____ the energy _____ reduction _____ can expect _____ installation _____ solar _____ heater.
_____ me with _____ extent of _____ savings _____ with solar hot _____ system _____.
_____ is the breakdown of _____ savings _____ solar water _____?
How _____ saved _____ solar water heating?

I'd ____ to ____ energy a ____ heating ____ can save.
 ____ breakdown of ____ when using a solar water ____?
 I ____ to ____ more about potential ____ solar water ____.
 Please tell me ____ solar ____ energy.
 Detailed insight into ____ solar-powered ____?
 Is ____ possible for you ____ give me ____ breakdown ____ how ____ I ____ bills by using a solar ____
 ____ solar water heating ____ at home?
 ____ would like ____ know ____ be ____ through home solar water heaters ____.
 ____ need ____ potential ____ savings ____ solar water ____ at home.
 Is it possible ____ of the solar ____?
 Can you tell me ____ the ____ from installing ____ heaters?
 Is ____ to get an ____ explanation ____ the ____ that can ____ achieved ____ adding solar ____ heaters in ____?
 ____ me know ____ much energy ____ saved ____ the ____ of ____ solar hot ____.
 Can ____ with a ____ anticipated ____ realized from owning/installing ____ liquid warmers?
 ____ much ____ save on ____ costs ____ I ____ water heaters?
 Can ____ tell me the ____ solar ____ at home?
 I'm wondering if ____ a detailed ____ of ____ heating savings.
 ____ want ____ energy will be saved from ____ at home.
 Can ____ tell ____ about ____ installing solar water ____?
 Can ____ give ____ a ____ of ____ much I would ____ on my ____ bill by ____ heating ____?
 What ____ the ____ of the ____ with solar ____?
 I want ____ much I could ____ by using ____.
 ____ know if you can give me ____ of the energy savings that ____ installing ____.
 Can you ____ me ____ much energy ____ saved ____ solar hot-water ____?
 Is ____ the lower power consumption ____ the solar ____?
 Specific ____ on ____ savings ____ solar ____ heating at ____ be provided.
 ____ want ____ know ____ much energy can be ____ solar ____ heating ____.
 Is ____ possible ____ figure out ____ energy ____ by using ____ water heaters at ____?
 ____ like to see a ____ energy ____ by ____ the ____ water heaters.
 ____ the ____ on ____ energy ____ from ____ water heaters?
