

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Company information and contact details
Inquiry Sub-Category	Technical Specifications
Description	Customers seeking detailed information about the technical specifications, features, and functionalities of home appliances, including compatibility with other products.
Data Size	5,161 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

Can existing microwave units be integrated _____ control _____ ones required specifically _____?
_____ to _____ voice controls _____ microwaves?

I want _____ know _____ microwaves _____ vocal commands or _____ need _____ one _____ for that.
_____ today's microwaves work with vocal _____ or _____ different _____ that?

Is _____ voice control to _____ microwaves?
_____ old microwaves _____ voice _____?
_____ they join _____ voice control?

Is _____ practical _____ voice-controlled _____ into _____ appliances, instead of _____ specially-designed _____?
_____ able to _____ voice controls, _____ must _____ dedicated units?

Is new _____ things?
_____ current _____ voice-controlled features?

Can _____ voice control features to _____ being used, or _____ replace them _____ units designed _____
integration with _____?

_____ existing microwaves _____ integrated with _____ or are _____ ones _____?

Is there a _____ to _____ for _____ control?
_____ it possible _____ enable existing _____ besides purchasing _____ brand _____ unit?

Could _____ joined _____ voice control?

Can _____ microwaves _____ with _____?

Would _____ a _____ microwave or _____ add _____ control?
_____ existing _____ able _____ integrate _____ controls?

_____ can support voice control, _____ need new ones _____ that?

Is it possible _____ respond _____ voice signals?
_____ possible to _____ commands _____ current microwaves?
_____ control beintegrated _____ existing _____?

Is there _____ option _____ enable _____ voice-controlled features apart _____ buying _____?

_____ there a chance _____ voice-operated functions _____ microwave _____?

_____ existing microwaves _____ to _____ control?

_____ possible _____ enable _____ with _____ features apart from _____ new ones?

_____ you include _____ a microwave _____?

_____ it possible to _____ existing microwaves.

Do _____ work with _____ control?

_____ we _____ voice-operated _____ into _____ systems?

Is it possible _____ microwaves _____ a completely new unit?

Is _____ feasible _____ integrate voice-controlled _____ into current _____ without _____ specially designed _____?

Is _____ possible _____ units _____ with voice control, _____ are new _____ required _____ that?

_____ new microwaves _____ control?

_____ possible _____ combine _____ control with _____ devices?

Are old _____ capable of _____?

Do _____ think voice control _____ be integrated _____?

Is _____ specialized _____ microwave _____ compatibility?

Is it possible _____ microwave _____ to _____ signals?

_____ it feasible to integrate _____ into _____ instead of having _____ purchase _____?

Will _____ need new _____ if _____ voice control _____ current _____?

Can you _____ a microwave _____?

_____ possible to include voice _____ in _____ existing _____?

_____ compatible with a voice-controlled _____?

Can _____ microwaves _____ voice control, or _____ we _____ that are specifically _____?

_____ to know _____ are _____ options for existing _____ to have _____.

Will _____ voice controls?

_____ it possible to _____ control _____ microwaves?

Is _____ compatible with regular _____?

Is _____ microwaves _____ functions?

_____ microwaves were _____ they support _____ commands?

Will _____ microwaves _____ voice controls?

Is it _____ to _____ some microwaves?

Will _____ new microwaves if we _____?

can old microwaves _____ talking _____

_____ the _____ work with _____ commands?

Can we _____ vocal _____ units that aren't _____?

_____ microwave-voice compatibility need _____ unit?

_____ current microwaves support voice control, _____ do _____ designed _____ function?

Is _____ a _____ retrofit voice-operated functions into _____ new _____?

_____ communicate using talking _____?

Is it possible _____ vocal control _____?

_____ put _____ control features into _____ already in use _____ should _____ be replaced _____ units designed _____ integration?

Are _____ capable of integrating _____ should _____ dedicated microwaves?

_____ microwaves _____ available support _____?

_____ need to be new for _____?

Is _____ controlled _____ compatible with _____?

Would _____ microwave _____ vocal _____?

Is _____ a chance to retrofit _____ systems?

Is _____ compatible with _____ controls _____ must we _____ units?

Can _____ that already have _____ control capabilities, or should _____ microwaves?

_____ include voice-detection technology _____ an existing _____ unit?

Is there any way _____ microwaves _____ features _____ from _____ new _____?

_____ existing microwaves _____ voice controls _____ we _____ dedicated units?

Is _____ possible _____ voice control _____ to the _____?

_____ it _____ to _____ with _____ features _____ you purchase new units?

Are the microwave _____ commands?

_____ upgrade regular microwaves to speak _____?

Is _____ a way to _____ to existing _____?

Is _____ microwave unit compatible _____?

Should existing microwaves be _____ integrate voice _____ or should _____?

Could existing _____ a _____ for accepting _____ of physical buttons and _____?

Is it _____ integrate voice _____ microwaves?

_____ there _____ need for _____ with _____ commands?

_____ you _____ chance _____ retrofit voice-operated _____ into existing _____ systems?

Are new microwaves _____?

Can existing _____ integrated with voice control, _____ are _____ ones _____ for _____.

_____ possible _____ to _____ microwaves _____ voice control?

Does existing microwave _____ need to _____ are new _____ required?

Is it _____ put _____ microwaves _____ are already being used _____ should _____ replaced by _____ for integration?

_____ newer microwaves _____ voice _____?

Is _____ to _____ have _____ control?

_____ microwaves equipped _____ controls?

_____ my current microwave with _____ or should _____ buy _____ one?

_____ work _____ voice controls?

_____ we _____ add _____ control to _____ microwaves?

Does _____ allow vocal _____?

Is _____ to _____ voice-controlled capabilities _____ current microwave _____ without having _____ purchase _____?

_____ possible for _____ to have _____ or _____ we _____ new ones?

_____ you _____ newer microwave _____ speaking _____?

Is _____ new microwaves _____ to support _____ control?

_____ there a _____ for _____ microwave units _____ voice control?

_____ an option _____ adding voice controls _____ microwaves?

Are _____ possible to _____ joined with _____?

Can you integrate _____ commands _____?

Is it _____ to add voice _____ are _____ or should they be _____ by _____ designed _____ integration?

_____ existing _____ need to _____ voice _____?

_____ the current _____ compatible _____ a voice _____ feature?

Do microwave _____ work _____ voice _____?

Is _____ to enable _____ microwaves _____ voice controlled _____ purchasing _____ units?

Does Existing microwaves _____?

_____ to _____ vocal commands _____ current microwave units?

Is _____ way _____ existing _____ to _____ verbal instructions _____ of _____ and _____?

Can _____ spoken _____ an existing _____?

Can _____ voice commands?

Is it _____ for _____ integrated _____ control, or is it required for _____ units?

Will microwaves _____ Voice _____?

Is it _____ existing microwaves _____ control?

_____ voice _____ a necessity for existing _____ ones?

_____ today _____ vocal commands, _____ do I _____ a _____ one _____ that purpose?

_____ existing microwave _____ be _____ control, _____ are _____ ones required?

Do we _____ new _____ we use _____ control?

_____ my current _____ with a voice _____ I get a _____ one?

Can _____ units with _____ commands without _____ new ones?

Do _____ the _____ to _____ voice controls _____ microwaves?

_____ current _____ be used for _____?

Is it ____ for ____ microwave units to be ____ ____ ____ ?

____ it be ____ technology in ____ existing microwave unit?

____ existing microwaves compatible ____ voice ____?

Can ____ have ____ controlled feature?

Would ____ be ____ include voice-detection technology ____ ____ ____ unit?

Is ____ possible with ____ ?

____ it practical to ____ voice-controlled capabilities ____ ____ ____ appliances without ____ to purchase ____ ____ for that ____?

____ it possible for microwave ____ ____ ____ control?

Is ____ capable ____ with ____ commands?

Is ____ a way to retrofit ____ into ____ ?

Can our microwaves have voice ____ or should ____ ____ ____ purpose-built ____?

Is new microwaves ____ ?

____ integrate voice control capabilities ____ older microwaves?

____ existing ____ able ____ voice controls, ____ should ____ purchase dedicated ____?

Does ____ microwave models ____ control?

____ existing microwaves ____ to have voice ____ ____ ____ new ones?

____ microwaves ____ voice controls?

Can our ____ have voice control capabilities, ____ we look ____ ____ ____ models?

____ it ____ to have a ____ ____ ____ control?

Is it ____ voice control features into ____ that are ____ ____ ____ should ____ ____ replaced ____ units ____ integrate with this ____

Is ____ a way ____ integrate voice ____ ____ ____ microwaves?

Can we allow vocal commands ____ microwave ____ ____ ____ ones?

____ microwaves work with vocal commands, ____ do I ____ ____ ____ for that ____?

Would ____ be ____ have ____ technology in ____ existing microwave ____?

We do ____ know ____ are capable ____ integrating ____ controls.

Is it realistic ____ capabilities into current ____ ____ ____ of purchasing ____ ?

____ possible ____ voice ____ features ____ microwaves ____ are already ____ or ____ ____ be ____ by ____ designed for ____ with this technology

____ ____ ____ to ____ old microwaves with ____ control

____ use voice control ____ microwaves ____ are ____ being used, ____ ____ they be replaced by units designed ____ ____ this ____?

Will ____ ____ with microwave ____?

____ add voice control to ____ ____ ____ we ____ new units?

Do ____ models ____ voice control?

Is there any ____ ____ ____ new microwave ____ ____ integration?

Have current ____ compatible ____ ____ ____ feature?

____ ____ ____ models compatible ____ voice operating?

Can ____ commands be ____ ____ ____ model?

____ regular microwaves ____ with ____ ?

Can ____ use microwaves ____ ____ ____ voice ____ ____ ____ should we use ____ purpose-built microwaves?

Is it ____ that existing microwaves could have a built ____ ____ ____ ____ instructions ____ of ____ ____ and ____?

Do microwaves work with ____ ____ ____ do ____ need ____ microwave ____ ____ purpose?

____ compatible with ____ ____ feature?

Is it ____ to enable existing ____ with ____ controlled ____ besides ____ ____ ?

____ ____ ____ microwave units capable ____ ____ ____ with voice commands?

Is ____ to ____ ____ ____ microwaves or need ____ new unit?

____ microwaves ____ ____ ____ voice control?

Can we ____ ____ ____ to ____ voice ____?

____ we need new ____ ____ ____ we need to add ____ ____?

____ ____ ____ microwave models ____ with ____?

Does _____ microwaves _____ vocal _____ or _____ there a _____ one I _____?

I _____ to _____ microwaves work with _____ commands _____ I need a different _____.

Are _____ microwaves _____ commands?

Can _____ microwaves _____ voice control?

Is _____ to retrofit _____ into existing microwave _____ adding new _____?

Is it _____ to _____ capabilities into microwave _____ are already _____?

_____ to enable existing microwaves with voice-controlled features _____ than _____?

_____ voice-detection _____ possible _____ an _____ microwave _____?

Is it possible _____ add _____ microwave _____?

New microwaves _____ support _____ commands.

Can you _____ commands _____ existing _____ model?

Do existing _____ with _____?

_____ it possible to _____ capabilities _____ existing _____ systems _____ requiring new _____?

_____ microwaves _____ voice _____ should _____ get new _____ that are _____ for that _____?

_____ units integrate _____ voice _____ are new ones required _____ that _____?

Is _____ possible to _____ voice _____ other _____ devices?

_____ microwaves _____ with vocal commands, or _____ need a _____ microwave _____?

Is it _____ commands into _____ microwave model?

_____ voice operations _____ regular microwave _____?

_____ you add spoken _____ microwave?

_____ an existing _____ with voice control _____?

_____ know _____ vocal commands, or if _____ need a different _____ solely for that _____.

Do we need _____ or do they _____?

can _____ use _____ controls

Is _____ microwaves capable _____ incorporating voice controls, _____ we _____?

Is _____ possible _____ detection technology in an existing _____?

Can _____ our old _____ controls?

_____ it _____ to put _____ technology in an _____ unit?

_____ microwaves _____ commands, _____ do _____ need a different one for _____?

Is it possible _____ enable _____ features _____ than _____ new units?

Does current microwaves _____ a _____?

Do current microwave _____ work _____?

_____ there _____ to enable existing _____ with voice-controlled _____ other _____ completely _____ unit?

Can we add _____ control features to microwaves that _____ being used, _____ by _____ integration?

Will it be possible _____ control _____ existing _____?

_____ existing _____ go _____ voice controls?

_____ to integrate _____ capabilities into current _____ instead _____ buying _____ ones?

_____ for existing _____ to have _____ features _____ purchasing new units?

Can _____ microwave _____ voice _____?

_____ existing _____ have _____ capacity _____ controls, _____ must we buy _____ units?

_____ microwaves a _____ voice features?

Is it possible _____ existing microwaves with voice-controlled _____ buying _____?

Is _____ to _____ spoken commands _____ an _____ purchased _____?

_____ existing _____ include _____ built-in _____ to accept verbal instructions instead _____ and _____?

_____ new units _____ we _____ voice _____ to microwaves?

Will voice _____ integrated _____ models?

Is _____ possible to _____ our _____ voice controls?

_____ current microwave models support _____ control, _____ we _____ designed _____ that?

Is _____ any _____ existing _____ with voice-controlled _____ besides _____ new units?

Is _____ to _____ microwaves to _____ controls?

____ it possible ____ voice-controlled ____ into ____ appliances without ____ specially-designed ones ____ purpose?
 Existing ____ can ____ with voice ____ but are new ____ required ____ purpose?
 Is it ____ to ____ units ____ voice ____ are ____ ones necessary?
 Could old ____ voice control?
 ____ there ____ way to integrate voicecontrol ____ ?
 Can existing ____ to ____ voice ____ or ____ purchase dedicated units?
 ____ feasible to ____ voice-controlled ____ microwave ____ instead ____ buying ____ ones for that purpose?
 Does ____ models support ____ control, or ____ need new ____ designed ____ ?
 Are microwaves ____ with ____ a ____ ?
 Would ____ be ____ to have voice-detection ____ in ____ ?
 Can ____ control ____ be ____ that are ____ used, or must ____ by ____ for integration with ____ technology?
 ____ way ____ add voice-operated capabilities ____ existing ____ systems?
 Can there ____ way to upgrade ____ speak?
 ____ existing ____ units be ____ to voice ____ are new ones ____ purpose?
 Can we add ____ microwaves, ____ do we need ____ new ____ ?
 Could ____ microwaves ____ joined ____ control?
 Is our ____ with voice ____ ?
 ____ features need new ____ ?
 Is ____ need ____ new microwave ____ voice features?
 Is there a way ____ voice-operated ____ microwave systems ____ models?
 Do ____ think ____ retrofit voice-operated ____ into existing ____ systems?
 ____ there a way ____ upgrade ____ with speaking ____ ?
 ____ it ____ to put voice ____ capabilities ____ microwaves?
 Is ____ possible to ____ control ____ microwaves that ____ already in use, or ____ they ____ replaced ____ units ____ ?
 Is ____ a ____ for ____ units to be ____ control?
 ____ microwave ____ work with voice ____ ?
 Do ____ any ____ commands?
 ____ existing microwaves ____ voice ____ ?
 ____ you think ____ microwaves go ____ ?
 ____ possible to enable existing ____ with voice-controlled features ____ entirely ____ ?
 ____ microwaves be used with ____ are new ____ required ____ that?
 ____ work with voice?
 Can regular ____ voice control?
 Does ____ existing ____ commands?
 Is ____ controlled ____ with the current ____ ?
 ____ microwaves compatible ____ voice ____ ?
 ____ it ____ enable vocal commands on current ____ without ____ new ____ ?
 ____ the ____ compatible ____ a ____ feature?
 Is there ____ for voice-operated ____ to ____ existing microwave ____ ?
 ____ microwaves compatible ____ voice ____ ?
 ____ need ____ microwave or can ____ add ____ control?
 Should ____ microwaves ____ compatible ____ voice ____ ?
 ____ current ____ with ____ a voice controlled ____ ?
 Is there a ____ microwave systems with ____ ?
 Might old ____ joined with ____ ?
 ____ microwaves be ____ to ____ controls, or ____ we buy dedicated ____ ?
 ____ existing microwave ____ commands?
 Is it ____ capabilities into current ____ with ____ purchase specially-designed ones?
 Is ____ existing microwave units ____ integrate ____ control, or ____ it required for ____ ?

Can _____ be _____ with voice _____ or should I buy _____?

_____ microwave need to be _____ command?

Is it _____ to enable _____ microwaves _____ buying new _____?

_____ be _____ to voice control?

_____ regular microwaves _____ with _____?

Can standard _____ controls?

_____ microwave _____ be integrated with voice control, _____ needed?

_____ old microwaves _____ with _____ control?

_____ old microwaves _____ control?

Is _____ existing microwaves _____ a _____ capability _____ accepting verbal _____ of physical buttons _____ switches?

Can we put voice _____ microwaves that are _____ being _____ should _____ with units _____ for integration _____ this _____?

_____ feasible _____ integrate _____ capabilities into _____ microwave _____ rather than having _____ specially-designed _____?

_____ new microwaves be _____ voice _____?

Would it _____ spoken commands into _____ microwave _____?

Do _____ work _____ voice _____?

Is there any _____ enable existing _____ voice-controlled _____ apart from purchasing _____?

Are current microwaves _____ voice _____?

_____ today's _____ work _____ commands?

Was _____ possible _____ with voice control?

_____ it _____ add voice _____ into _____ that are already being used, or should _____ be _____ with _____ designed _____?

_____ microwave unit compatible with _____?

_____ existing _____ able to _____ commands?

Can our _____ have _____ or should we _____ for _____ purpose-built _____?

_____ there _____ way _____ retrofit voice-operated _____ into existing _____ without _____ for new _____?

_____ compatible with the voice _____?

Can _____ added to _____ microwaves?

_____ work _____ voice controls?

_____ microwave _____ allow voice _____?

Would _____ voice controls?

_____ to _____ control into existing microwave devices?

_____ it possible _____ voice-controlled _____ into microwave _____ to buy specially _____ ones?

_____ it possible _____ voice-operated functions in _____ systems?

Is there _____ possibility _____ functions to _____ systems?

_____ voice control can _____ existing _____ devices?

_____ microwaves _____ voice _____ new ones be needed?

Is _____ possible _____ control _____ microwaves now?

_____ existing microwaves capable _____ integrating voice _____ or _____ new _____?

Will a _____ microwave _____ voice _____?

_____ existing _____ units capable _____ allowing _____?

_____ capable _____ integrating voice controls, or must we _____ for _____ feature?

Is _____ necessary _____ voice commands _____ existing _____?

Is _____ way _____ enable existing _____ buying a new one?

_____ vocal _____ to existing microwaves?

Is it possible _____ voice-controlled _____ into current microwave _____ without _____ specially-designed _____ for _____ purpose?

Is _____ for current _____ to _____ a _____ feature?

Is there a _____ voice-operated features _____ systems _____ new models?

_____ it possible _____ existing microwaves _____ have _____ to accept verbal _____ instead _____ and switches?

_____ with voice commands?

Is _____ a need _____ models _____ designed for _____ control?

____ it ____ to insert voice ____ features into microwaves that are already ____ replaced ____ units designed ____ ?

Is ____ any need for a ____ voice ____ ?

____ could ____ to join ____ with voice control.

Is it feasible to ____ detection technology ____ existing ____ ?

Are microwaves ____ a ____ feature?

____ microwave ____ allow vocal ____ ?

Is a ____ required to ____ ?

Are current ____ voice ____ ?

____ current microwaves ____ control, or ____ need new ____ for that?

____ I ____ microwave or can I have ____ ?

Is ____ voice control features ____ that are ____ used, or should they ____ units ____ for integration?

Should ____ be used ____ commands?

____ microwaves work ____ commands or do ____ different one for that ____ ?

____ practical ____ integrate ____ into current ____ rather ____ specially-designed ones for that purpose?

____ there any ____ to ____ voice ____ into older ____ ?

____ be ____ add voice detection in a ____ ?

Do ____ need a ____ microwave ____ voice control?

Does ____ microwave ____ support ____ or do ____ need ____ get new ____ designed ____ ?

____ new microwaves ____ for ____ features?

____ units respond to voice ____ ?

Is it ____ include voice-detection technology in ____ ?

____ possible to use vocal ____ microwaves?

Are new ____ for ____ ?

Is there ____ existing microwaves with voice ____ ?

Can we ____ microwaves ____ we already have?

Is it necessary to ____ that ____ voice ____ ?

____ current microwaves ____ or do ____ need ____ ones?

Were ____ microwaves needed ____ ?

Is ____ possible to ____ existing ____ units ____ voice ____ or ____ required?

____ existing microwave ____ can ____ integrated with voice control.

Are existing microwaves ____ or should ____ dedicated units?

____ existing ____ to ____ controls ____ should we ____ dedicated units?

____ microwaves ____ work with vocal ____ do they ____ different ____ ?

Is ____ to add ____ to microwaves?

____ any ____ to enable existing ____ with ____ without ____ new unit?

Is it ____ our ____ microwave ____ voice control capabilities, ____ should ____ look ____ special ____ models?

____ it feasible to integrate voice-controlled ____ into current ____ appliances, ____ specially-designed ones for ____ ?

Is ____ microwaves ____ in ____ ?

Is new ____ needed ____ features?

____ existing microwaves be made ____ ?

Is it ____ older ____ have ____ control capabilities?

____ it ____ to ____ my microwave ____ control functions?

Are microwaves ____ control?

____ talking ____ old microwaves ____ ?

Will regular ____ be ____ with ____ ?

Could ____ microwaves ____ voicecontrol?

Is ____ existing microwave ____ integrated with ____ control, or are ____ units ____ for ____ purpose?

____ necessary ____ new ____ units ____ be ____ with voice ____ for ____ purpose?

Will ____ microwaves ____ Voice ____ ?

Are _____ units _____ of _____ voice _____?

_____ it possible _____ add _____ control _____?

Is _____ have _____ detection _____ in an _____ microwave unit?

_____ be _____ into existing _____ systems?

Could _____ be added to _____?

_____ compatible with voice _____?

_____ possible _____ units _____ be integrated with voice control, or _____ new microwaves _____ purpose?

_____ current microwave _____ support _____ we _____ new _____ designed for that?

_____ existing microwave _____ able _____ be integrated _____ control?

Can _____ voice control features into microwaves _____ are _____ being used, _____ should _____ replaced _____ units _____ integration _____ technology?

_____ voice _____ be _____ existing microwave devices.

_____ joining _____ microwaves _____ control

_____ possible _____ integrate _____ into a microwave _____?

Can _____ a built-in capability _____ instructions instead _____ buttons _____ switches?

Is it _____ to integrate _____ units _____ control, or _____ it _____ ones?

Is a microwave _____ a _____?

_____ possible to _____ voice control features _____ microwaves _____ already been _____ or _____ they be _____ by _____ for integration _____

_____ it _____ to buy a new _____ for _____?

Can old _____ controls?

_____ we use _____ control in _____ are already being _____ or _____ use _____ with this technology?

_____ models _____ with voice _____?

Would it _____ voice _____ to an existing microwave _____?

Are existing _____ capable _____ voice _____ or _____ buy _____ units?

Is _____ way _____ regular microwaves _____ speak?

Is _____ possible to include voice- _____ an _____?

Are _____ compatible with _____?

Is _____ to add voice _____ should _____ get new units?

Do we _____ replace _____ microwaves _____ are already in use with units _____ for integration _____?

Is it _____ that _____ models integrate with _____?

Is it _____ to retrofit voice-operated features into _____?

_____ joining old _____ with _____ controls?

Can _____ microwaves accommodate _____?

_____ we _____ voice _____ features _____ microwaves that are already _____ they be replaced _____ units designed _____ with this _____?

_____ current _____ models _____ voice control, _____ we _____ new _____ designed for _____ function?

_____ existing microwave units to _____ integrated with voice _____?

_____ there _____ way _____ modify _____ existing microwave systems?

_____ existing _____ good at _____ control _____ do _____ need _____ ones?

_____ use voice controls?

Are _____ to work with _____?

Is _____ voice-control feature compatible _____?

Is it _____ the voice _____ capabilities _____ microwaves?

Is _____ add spoken _____ a microwave?

Is it possible to _____ voice-controlled capabilities _____ to _____ ones?

Is it _____ retrofit _____ into the _____ microwave systems?

Is vocal _____ with _____ microwave _____?

Does there need _____ for voice _____?

_____ it _____ add _____ recognition to existing _____?

_____ to enable existing _____ voice-controlled features _____ purchasing new units?

____ it possible to ____ vocal commands on ____ units ____ ____ ____ ?
 can ____ have voice ____
 Is ____ to enable ____ features, apart from buying new ____?
 ____ put spoken ____ in ____ microwave ____?
 ____ existing microwaves ____ integrate voice ____?
 ____ retrofit voice-operated functions ____ without adding new models?
 Does existing ____ commands or ____ new ____ be ____?
 ____ a ____ microwave or ____ I able to ____ control to ____?
 ____ needed for voice ____?
 Are ____ voice-control?
 ____ possible for ____ to integrate ____ controls?
 ____ we integrate ____ recognition into ____?
 ____ it possible for ____ microwaves to support ____ control, ____ new ____?
 Is it ____ for ____ to have voice ____?
 ____ possible ____ voice ____ features ____ that are ____ being used, or ____ replaced ____ units that
 integrate this technology
 ____ microwaves ____ to have voice ____?
 Are microwaves ____ control or do ____ new ____?
 Is it possible ____ integrate existing ____ with voice ____ required?
 ____ work with ____ voice-controlled feature?
 Will ____ compatible with ____?
 ____ necessary for a new microwave ____ for voice ____?
 Is ____ with ____ microwaves?
 Do we need ____ microwave ____ designed ____?
 ____ the existing ____ going ____ voice ____?
 ____ possible ____ integrate voice ____ in ____?
 Is it possible ____ voice control to ____ that are ____ in ____ they be ____ units ____ integration with ____
 Is it ____ to integrate ____ capabilities ____ of purchasing ____ ones?
 Is ____ microwaves suitable ____?
 Is ____ voice control into existing microwave ____?
 Do existing ____ the ____ voice controls or ____ we buy ____?
 ____ need new ____ can ____ add voice ____?
 Is the ____ compatible ____ controls?
 Do you need ____ control?
 Is ____ microwaves support ____?
 ____ it ____ to integrate voice ____ existing ____?
 ____ it ____ to retrofit voice-operated ____ microwave systems?
 Is it ____ to integrate existing ____ units ____ voice ____ it ____ required for ____?
 ____ specialized ____ needed for ____ voice ____?
 ____ existing microwaves compatible with ____ control ____ do ____ new ____?
 Is ____ to ____ existing ____ with voice-controlled ____ than purchasing brand ____?
 ____ it ____ that ____ will use voice ____?
 Is existing microwave ____ of ____?
 Can ____ use voice control ____ or do ____ need ____?
 ____ need for ____ microwaves?
 Is it ____ new microwave models ____ be ____ voice ____?
 Is ____ possible to ____ capabilities into ____ microwaves ____ having ____ specially designed ____?
 Do microwaves ____ with ____ need ____ different one solely for that ____?
 Does ____ need ____ features?
 ____ voice-controlled capabilities into ____ microwave ____ and ____ have to buy ____ ones?
 ____ microwave a necessity ____ commands?

_____ be _____ to retrofit voice-operated _____ into _____ systems?
 _____ existing microwaves _____ voice controls?
 _____ it _____ for _____ units _____ be integrated _____ control features?
 _____ possible to integrate _____ microwave units with voice control, or _____ ?
 _____ we add voice _____ microwaves that _____ being _____ or _____ them _____ units designed for integration?
 Is there _____ enable existing _____ with _____ features _____ from purchasing _____ new _____ ?
 _____ it _____ possible to _____ voice detection technology _____ an _____ ?
 Is there an _____ control into _____ microwaves?
 Can _____ use microwaves _____ voice _____ or should _____ use _____ purpose _____ microwaves?
 _____ have voice-detection technology _____ an existing _____ unit?
 _____ possible for existing microwave _____ voice control, _____ new ones necessary?
 Is _____ any way _____ enable _____ with _____ features other _____ entirely _____ units?
 Is _____ possible _____ enable existing _____ voice _____ features _____ buying new _____ ?
 Is there a _____ of _____ into existing _____ without requiring _____ ?
 _____ it _____ to make _____ commands into _____ model?
 _____ voice control _____ with _____ microwave _____ ?
 _____ integrate _____ voice operation?
 Is it _____ voice _____ to _____ ?
 _____ microwave _____ voice control, or do we need _____ ?
 _____ it possible to _____ into current microwave _____ of _____ ones?
 Is there any way _____ control capabilities _____ ?
 Is it _____ specialized _____ unit?
 _____ existing microwaves _____ integrate _____ controls _____ we purchase dedicated units?
 Do we need new _____ we _____ controls?
 _____ it _____ for existing microwave units _____ be _____ control?
 _____ microwaves _____ a _____ be compatible?
 _____ it possible to _____ to our _____ microwaves?
 Can _____ get _____ models _____ are _____ designed _____ voice control?
 Is _____ integrate voice-controlled capabilities _____ current _____ having to _____ specially-designed ones?
 _____ to add _____ control _____ current microwaves?
 _____ possibility _____ retrofit existing _____ systems with voice-operated _____ ?
 _____ use _____ current microwave with voice control, or _____ to _____ new _____ ?
 Is _____ possible _____ voice _____ our microwaves _____ not?
 Do microwaves _____ the _____ controls, _____ must we _____ dedicated units?
 Can _____ of _____ voice control?
 Is _____ any way to _____ existing _____ voice-controlled _____ new units?
 _____ have _____ integrate voice controls or _____ we purchase dedicated _____ ?
 Is _____ possible _____ old microwaves _____ use _____ ?
 Joined old _____ with _____ possible?
 Can _____ units the _____ to use vocal _____ ?
 _____ it _____ possible _____ include _____ in a microwave _____
 Does _____ microwave _____ control, _____ do we need _____ ones that are _____ designed _____ that _____ ?
 Is it possible _____ spoken commands _____ microwave _____ ?
 _____ be _____ with voice controls?
 _____ it possible to retrofit _____ old microwaves _____ ?
 Is it possible to _____ control _____ ?
 _____ it _____ for _____ to _____ features?
 Is _____ any _____ to enable existing _____ voice-controlled _____ without _____ ones?
 Is _____ required for new microwave _____ control?
 Do microwaves now _____ vocal _____ do _____ need _____ one?

Can existing microwaves _____ control, or _____ new microwaves _____?

_____ microwave models compatible with _____?

Can _____ already-owned _____ voice control _____ or _____ out special _____ built microwaves?

Can _____ technology be added _____ existing _____?

_____ units to be integrated with _____ control?

_____ microwave need _____ be _____ for voice _____?

_____ the _____ compatible with _____ controls?

_____ talking controls can _____?

Is current _____ with _____ controls?

Will existing microwaves _____ to _____ voice controls _____ dedicated units?

Do _____ existing _____ support _____?

Is _____ enable _____ commands _____ microwave _____ without _____ new ones?

_____ able to _____ vocal control?

Can _____ integrated into _____ microwave _____ of having _____ purchase specially-designed _____?

Is _____ possible _____ enable vocal commands _____ without _____ new _____?

Is it _____ to _____ voice-controlled feature to _____?

Is it _____ to integrate voice-controlled _____ appliances _____ specially-designed ones?

_____ it _____ to _____ voice _____ into older _____?

Is the _____ with _____ control?

_____ there _____ for microwave _____ to enable vocal _____?

_____ there a _____ for new _____ to _____ specifically used _____ control?

Do _____ to buy _____ microwaves _____ add _____ control _____ them?

_____ possible _____ have _____ detection in _____ existing _____ unit?

Is there any way to enable _____ with _____ other than _____?

_____ a _____ integrate _____ into existing microwave systems?

_____ possible to _____ voice-controlled _____ into current _____ without having to buy _____?

Do _____ need _____ buy a new microwave or _____ able _____ use _____ voice control?

_____ current microwaves _____ voice _____?

_____ microwaves be _____ with voice _____ or are _____ required?

_____ control _____ in existing microwave _____?

Join _____ a voice _____?

_____ is possible to add vocal _____ to existing _____.

_____ the _____ microwaves work _____ controls?

Can current _____ support _____ control, or _____ we _____ new _____?

_____ it _____ to _____ functions into existing _____ without _____ need _____ new _____?

_____ it _____ to integrate _____ capabilities _____ current _____ of _____ to _____ specially-designed ones?

_____ current _____ models support voice control, _____ new _____ designed to do _____?

Are there _____ integrate _____ control _____?

Is _____ way _____ integrate _____ into older microwaves?

Is it possible _____ features _____ microwaves that _____ in _____ should they _____ by units designed for _____ this

Is _____ a way to _____ voice-operated _____ into _____?

Would _____ voice-controlled feature?

Is it _____ voice _____ into old microwaves?

Would _____ a new _____ or _____ I _____ control?

I would like to know _____ are _____ of _____.

_____ use _____ current _____ with my _____ control, or do I _____ a _____?

Can _____ microwaves _____ speech recognition?

Can _____ our _____ voice controls?

_____ we add _____ control to _____ or _____ we need _____?

_____ current microwaves _____ with a _____?

Do _____ microwaves _____ to _____ voice controls?

Are _____ models _____ with _____ operation?

Can spoken _____ added to _____ already purchased _____?

Is it possible _____ enable existing _____ features _____ purchasing _____ new _____?

_____ microwaves compatible with a _____?

Does voice _____ work with _____ or do _____ units?

_____ microwaves _____ with _____ voice _____?

_____ compatible with voice _____?

Existing microwave units can be _____ or _____ microwave _____ required _____ purpose?

_____ microwave _____ spoken commands?

Is it feasible to _____ voice-controlled _____ microwaves _____ having to _____?

_____ microwaves be _____ voice _____?

Is _____ necessary for _____ microwave units _____ with _____ functions?

_____ to integrate voice-controlled capabilities _____ microwave appliances _____ to buy specially-designed _____?

Are _____ compatible with _____.

Could _____ to our microwaves?

Is _____ possible to _____ voice _____ that are _____ in use or _____ replaced by _____ integration with this

_____ way _____ enable _____ with _____ features apart _____ purchasing a brand new _____?

_____ it feasible _____ current _____ appliances without _____ to buy _____ ones for that purpose?

_____ possible to add voice _____ to _____ existing _____ unit?

_____ existing _____ voice controls? _____ must we _____ dedicated _____?

Are _____ compatible _____ controls?

Is it possible _____ integrate voice-controlled _____ current _____ to _____ ones for that purpose?

Is _____ any way to enable existing microwaves _____ voice-controlled features _____?

_____ there _____ way to use _____ on _____ units without _____ ones?

_____ way _____ integrate _____ control capability into older _____?

Would _____ microwaves be _____ controls?

_____ we _____ use of _____ on microwave units?

_____ voice _____ with existing _____?
