

[Demo] NLP Dataset for Customer Service Automation

| | |
|----------------------|--|
| Company Type | Auto Repair and Maintenance Shops |
| Inquiry Category | Fuel efficiency has significantly decreased |
| Inquiry Sub-Category | Dirty air filter |
| Description | Customers may ask about the impact of a dirty air filter on fuel economy and how frequently it should be cleaned or replaced to maintain optimal efficiency. |
| Data Size | 6,446 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Is ____ possible that a ____ intake ____ could ____ causing poor ____ ?

Can a ____ intake ____ driving?

____ there a ____ my ____ to dirt in my ____ ?

____ amount of ____ I get ____ gallon might be ____ flawed engine ____ .

____ possible that insufficient ____ happen because of a ____ intake ____ ?

Does ____ bad ____ in poor ____ ?

____ possible ____ filthy ____ intake ____ is the ____ my mileage sucks?

Fuel ____ is ____ by ____ system.

____ poor fuel economy ____ result of ____ air ____ cleaning?

____ impact gas mileage.

____ amount of miles ____ get ____ be impacted ____ flawed engine intake ____ ?

____ a ____ engine ____ up how far I ____ go ____ gallon?

Can a ____ intake ____ affect its ____ ?

____ possible that a ____ system is ____ for gas ____ ?

____ miles I get per gallon could be ____ by ____ engine ____ .

Is bad ____ mileage ____ due ____ a dirty ____ ?

____ a ____ air intake ____ to ____ the decreased mileage?

____ an ____ contaminated ____ fuel efficiency?

Should ____ contaminated intake ____ gas ____ ?

____ Engine Intake ____ my mileage?

____ a ____ intake ____ in low gas economy?

Low ____ efficiency could ____ a consequence ____ dirty ____ system.

There may be ____ connection ____ low mpg and ____ .

Does a corrupted intake ____ ?

Is a ____ engine ____ affect ____ ?

Does a ____ engine ____ system cause ____ fuel ____ vehicle?

Is ____ chance of ____ due ____ dirtied intakes?

____ dirtied intakes ____ miles per ____ output?

Could a dirty _____ ?
 Will _____ my _____ fuel economy?
 Could _____ intake cause a decline _____ mileage?
 _____ dirty engine _____ could affect _____ .
 Can a _____ system _____ poor _____ in a vehicle?
 Poor _____ economy could be related _____ intake _____ cleaning.
 Is _____ poor _____ of a _____ engine intake?
 Can a contaminated engine intake _____ efficiency?
 _____ bad _____ because of _____ intakes?
 Is a _____ for _____ car's _____ mileage?
 _____ bad _____ possible _____ intake systems?
 There _____ connection between _____ intake and low _____ .
 _____ a dirty _____ intake system _____ my poor mileage?
 _____ a _____ between a _____ engine _____ system and _____ efficiency?
 _____ the filthy _____ do with my lousy mileage?
 _____ corrupted intake ruin _____ gas _____ ?
 Is _____ chance _____ a _____ engine _____ intake could _____ mileage?
 Poor _____ economy _____ be _____ result _____ an engine _____ intake not _____ .
 _____ it _____ that poor _____ could be caused _____ engine intake _____ ?
 _____ there a _____ between a _____ intake _____ mileage?
 Is poor _____ economy _____ by _____ engine _____ that _____ cleaning?
 _____ intake _____ for _____ gas economy?
 Is _____ possible that _____ flawed _____ intake _____ affect the _____ of _____ get?
 Is _____ that _____ contaminated _____ intake _____ could result in inadequate _____ ?
 Could poor _____ economy _____ an _____ air _____ that needs _____ ?
 Is it possible that _____ intake _____ gas _____ ?
 Dirtied intakes _____ reduce _____ output.
 _____ is _____ reduced gas _____ to dirtied intakes.
 Is _____ chance _____ reduced mileage due _____ dirty _____ .
 It _____ possible _____ a _____ engine _____ cause _____ fuel efficiency.
 Is the amount of _____ I _____ impacted _____ flawed _____ intake?
 Can _____ mess with my _____ ?
 Could low _____ efficiency _____ a _____ intake system?
 Can _____ mileage be _____ messed up engine _____ system?
 Is _____ possible that low _____ results from _____ ?
 Is there a potential _____ due to _____ ?
 _____ an engine's _____ it _____ efficient?
 _____ if a flawed _____ intake _____ might have an _____ my _____ .
 _____ inadequate gas mileage could be a result _____ a _____ engine _____ .
 _____ it possible that _____ engine intake _____ mileage?
 _____ possible _____ inadequate gas _____ to be a _____ of _____ engine _____ setup?
 Does a _____ mileage.
 Is _____ intake likely _____ gas economy?
 There could be a connection _____ mileage and _____ .
 _____ contaminated _____ could affect my _____ .
 _____ impacted engine _____ mileage?
 Is _____ gas _____ possible _____ to _____ ?
 Is _____ possible that _____ gas mileage _____ be _____ bad intake _____ ?
 There is _____ that _____ tainted _____ air _____ decreased mileage.
 _____ contaminated _____ affecting _____ efficiency?

____ it ____ that a ____ ____ low gas economy?
 Is ____ possible ____ dirty engine ____ my mileage?
 ____ a link ____ dirty engine intake systems and ____ ____?
 I ____ if the filthy ____ system is ____ reason my _____.
 Is ____ possible that poor ____ could be related ____ intake ____?
 ____ inlet a problem?
 ____ contaminated ____ in fuel efficiency?
 ____ economy caused ____ an engine ____ intake needs ____?
 ____ it possible ____ a dirty ____ affect gas ____?
 ____ a dirty intake ____ lower fuel ____?
 I am ____ flawed engine intake ____ might ____ mileage.
 It ____ possible that ____ contaminated ____ intake ____ may be ____ poor _____.
 ____ is ____ as to whether a dirty engine ____ affect _____.
 Is it possible ____ a ____ engine ____ mileage?
 Is a ____ intake likely ____ cause ____?
 ____ a contaminated engine ____ cause a ____ mileage?
 Will my ____ a contaminated intake?
 ____ a dirty ____ Affect ____ Efficiency?
 What about ____ intake ____?
 Can ____ intake result ____ gas economy?
 ____ a ____ engine intake system ____ my gas ____?
 Does ____ intake system have a ____ fuel efficiency?
 I ____ a ____ engine ____ can wreck my _____.
 Is it ____ contaminated engine intake ____ results ____ inadequate ____?
 ____ intake ____ cause ____ low ____ economy?
 ____ impacted engine ____ impacting ____?
 Does ____ flawed ____ intake ____ affect my miles ____?
 ____ dirty engine ____ to blame for the ____ efficiency?
 ____ chance ____ polluted intake results ____ gas economy?
 Is it ____ that bad gas ____ due ____ a ____ engine ____?
 ____ there a ____ between ____ low fuel economy?
 ____ dirty air ____ result ____ poor fuel ____?
 Has there ____ connection ____ low ____ intake?
 ____ amount of ____ I get ____ could ____ by ____ engine intake system.
 ____ the gummed-up engine ____ MPG ____?
 ____ wondering if ____ engine intake system ____ the ____ I _____.
 ____ intake system could be bad ____ fuel _____.
 ____ a ____ affect ____ automobile's ____ mileage?
 ____ fuel economy ____ be linked ____ engine ____ needs cleaning.
 Is a messed-up ____ with ____ gas ____?
 ____ if ____ messed ____ engine intake system ____ my gas mileage.
 Is there a ____ polluted intake ____ low ____ economy?
 ____ engine's ____ inlet affect ____ efficiency?
 ____ intakes ____ my fuel economy?
 ____ it ____ a contaminated ____ intake setup could ____ in ____ mileage?
 Do ____ a ____ intake ____ in low ____ economy?
 Is there a risk ____ fuel efficiency ____ to _____.
 Could a dirty ____ passage cause ____?
 A ____ system may affect _____.
 ____ contaminated ____ affect ____ car's gas _____.

Is it _____ contaminated intake _____ gas mileage?

A _____ intake could _____ gas mileage.

Is _____ over reduced fuel efficiency _____ my intake?

Bad _____ mileage is _____ of _____ intake _____.

_____ be a _____ efficiency _____ to _____ in my intake.

_____ that _____ gas mileage _____ a contaminated engine intake setup?

_____ it _____ that _____ gas mileage could _____ of _____ engine intake?

There is _____ connection _____ intake _____ low mpg.

Dirtied intakes _____ reduce _____.

_____ it _____ that poor gas mileage was _____ by _____ system?

How could _____ system _____ efficiency?

Do _____ that _____ dirty air _____ can _____ fuel economy?

_____ you _____ a _____ or _____ air _____ could lead _____ fuel economy?

Could _____ dirty _____ affect _____?

_____ would _____ know _____ I _____ about reduced fuel efficiency _____ to _____ in _____ intake.

Will my _____ mileage _____ by a _____ up _____ intake _____?

_____ a _____ to blame for _____?

Is _____ a _____ between contaminated _____ and _____ efficiency?

_____ there a _____ reduced efficiency due to _____?

_____ intakes reduce _____ per _____?

Will a _____ intake _____ efficiency?

Poor fuel _____ be _____ air intake needing cleaning.

Is pollution _____ engine's _____ gas _____?

_____ bad gas _____ possibly _____ by _____ intake system?

_____ bad engine _____ affect _____ economy?

_____ possible to have _____ gas mileage _____ intake system?

Is there _____ the contaminated intake _____ could be _____ gas _____?

_____ dirty _____ intake could _____ far I _____ on a _____.

Is _____ engine intake system _____ cause for _____?

Is _____ plausible _____ polluted intake leads _____ economy?

_____ fuel efficiency could be _____ engine _____.

Would _____ intake _____ the fuel _____?

Is there _____ that a _____ lead to less fuel _____?

_____ can _____ dirty intake systems.

Can a filthy _____ be _____ cause of my _____?

_____ inlet reduce _____ efficiency?

_____ there a _____ between _____ intake _____ low _____?

_____ polluted intakes are to blame _____ poor _____?

It _____ possible that _____ gas _____ is _____ by a _____ system.

_____ intakes _____ miles per gallon output?

Are _____ at a _____ fuel economy _____ of _____ air _____?

Does _____ dirty _____ mileage?

_____ dirtied _____ reduce miles _____?

_____ connection _____ impure _____ low mileage.

_____ contaminated _____ affect _____ efficiency?

_____ it _____ like a polluted _____ results _____ low _____ economy?

_____ a _____ engine air _____ causes decreased mileage?

_____ amount _____ miles I get _____ impacted by _____ faulty _____ intake _____?

_____ contaminated _____ system _____ be causing _____ gas mileage.

low fuel efficiency _____ be _____ by _____ intake _____.

Does ____ bad ____ intake ____ fuel economy?
 ____ wonder if my gas ____ be affected ____ engine intake ____.

Can ____ intake ____ economy?

A dirty ____ system may ____ the reason ____.

____ the pollution ____ the ____ the MPG?

Has ____ intake ____ low fuel efficiency?

Can a ____ engine intake ____?

Can a dirty Intake ____?

____ a ____ system ____ poor fuel efficiency?

Do you ____ the ____ in ____ intake system ____ miles ____?

Is ____ a ____ reduced ____ efficiency due ____ dirt in ____ intake?

Can a dirty ____ journey?

____ a ____ hurt fuel ____?

A contaminated intake ____ mileage.

Is ____ system causing ____ to ____ miles per gallon?

____ bad ____ intake affect ____ mileage?

Is a ____ system ____ MPG?

____ a ____ less gas mileage?

There is a ____ of ____ impure ____ lowmpg.

Can ____ ruin my ____?

Should ____ about ____ fuel efficiency due ____ dirt ____ my intake?

____ a dirty ____ intake ____ have a negative ____ fuel ____?

____ a tainted ____ intake ____ for ____?

____ corrupted intake ____ in gas ____?

____ intake reducing gas ____.

____ gas mileage ____ due to ____ dirty ____ in the ____.

Connection ____ low ____ and ____?

____ the ____ fuel ____ in my vehicle caused ____ intake system?

____ there ____ chance ____ reduced ____ mileage due to ____?

____ bad ____ caused by a dirty ____ system?

____ a ____ system decrease fuel ____?

I would ____ if a contaminated engine ____ system ____ the ____ efficiency.

____ may ____ connection between ____ and impure intake.

____ a ____ engine intake system ____ for poor ____?

____ dirty ____ system ____ result in low ____ efficiency.

Should a dirty ____ intake ____?

____ between low ____ efficiency and contaminated intake?

Is contaminated ____ cause ____ fuel ____?

Is it ____ that ____ mileage ____ the result of contaminated ____?

____ mess ____ the mileage?

I want ____ if ____ system affects fuel ____.

Does a ____ engine ____ in ____ fuel ____?

Possible ____ between low ____ intake.

Can't ____ engine ____ system be ____ reason my ____ bad?

____ polluted intake bad ____?

____ there ____ chance of reduced ____ because ____ dirtied ____?

____ dirty ____ intake system ____ fuel?

Does a ____ reduce ____?

____ there any chance ____ due ____ dirtied intakes?

____ possible for a dirty ____ gizmo ____ gas ____?

____ a dirty ____ affect fuel ____ ?
 ____ contaminated ____ affect the ____ mileage?
 ____ it possible ____ fuel ____ is ____ by ____ dirty engine ____ system?
 Is the ____ air intake ____ cleaning ____ poor ____ economy?
 ____ be ____ fuel efficiency ____ of ____ in my intake?
 ____ you ____ there's ____ chance that ____ dirty ____ will lead to reduced ____ ?
 It ____ a connection between ____ and ____ mpg.
 ____ it possible that poor gas ____ could ____ a ____ intake setup?
 Is a filthy ____ the reason ____ mileage?
 Lower ____ conveyed ____ intake ____ possible.
 ____ I be concerned ____ efficiency due ____ dirt ____ my ____ ?
 ____ fuel efficiency is ____ due to ____ dirty ____ .
 Is my gas mileage ____ messed-up engine ____ ?
 Is ____ system a problem?
 ____ there ____ bad gas mileage because ____ a ____ system.
 I ____ it kills miles ____ gallon if my ____ .
 Is ____ link between ____ intake system and ____ fuel ____ ?
 Is ____ fuel ____ is due ____ an engine ____ intake that ____ cleaning?
 Do ____ there's ____ that ____ dirty air ____ cause reduced ____ economy?
 ____ fuel efficiency could be the ____ engine ____ system.
 ____ is possible ____ of ____ intake.
 ____ am ____ sure if a ____ intake system ____ cause ____ my ____ mileage.
 ____ a flawed engine intake system affect ____ ?
 ____ contaminated ____ be the cause ____ poor fuel efficiency?
 ____ that's dirty wreck my ____ ?
 Poor ____ be connected ____ an engine ____ intake ____ needs ____ .
 Having a ____ intake setup ____ in ____ gas ____ .
 Is it likely ____ polluted ____ results in ____ ?
 Is a dirty ____ a ____ efficiency?
 Has ____ dirty engine ____ my ____ ?
 ____ dirty engine ____ system make it ____ ?
 ____ if poor fuel economy ____ an ____ air intake ____ cleaning.
 Is there ____ chance ____ dirty air ____ to ____ fuel economy?
 ____ a ____ inlet ____ fuel ____ ?
 ____ wonder if ____ dirty engine ____ my ____ .
 Can a dirty engine ____ mess up ____ can ____ gallon?
 A ____ intake system ____ impact ____ .
 Is it ____ poor ____ is ____ to an engine ____ needs cleaning?
 I ____ know ____ engine ____ the cause of poor ____ efficiency.
 ____ a bad engine intake ____ ?
 ____ dirtied intakes decreasing ____ output?
 ____ affected by a ____ intake ____ ?
 ____ messed-up engine ____ affect my gas ____ ?
 ____ dirty intake system ____ ?
 I ____ if ____ messed ____ engine intake system ____ gas mileage.
 Does a corrupted ____ an effect ____ .
 ____ dirty engine gizmo a ____ ?
 Do you think ____ chance that ____ dirty ____ could ____ a ____ economy?
 ____ affect my car's gas ____ ?
 ____ think ____ a chance that ____ air filter ____ cause reduced ____ economy?

Is _____ fuel _____ a _____ the engine _____ needing cleaning?
 _____ contaminated _____ affect _____ car's _____?

Would _____ reduce gas _____?
 _____ intake mess _____ my mileage?

Is _____ that a _____ setup _____ result _____ insufficient gas mileage.
 There is _____ whether _____ engine _____ mess up gas sippin'.
 _____ intakes affect _____?

Do _____ a _____ air filter _____ a _____ in fuel _____?
 _____ efficiency _____ be _____ contaminated intake.

A _____ system _____ be _____ cause of poor fuel _____.

Is the _____ fuel _____ in my vehicle contaminated _____ intake _____?

Is it _____ that poor _____ could _____ related _____ intake system?
 _____ a contaminated _____ my car's mileage?

Is _____ possible that _____ intake _____ poor fuel _____?

How about less efficient _____ because _____?

Can _____ intake make _____ fuel _____?

I am _____ a _____ engine intake system will _____ gas _____.
 _____ low _____ economy _____ a _____ intake?

Low fuel _____ could _____ by the _____ system.
 _____ wonder _____ a _____ engine intake _____ the _____ for my lousy _____?
 _____ my _____ by a messed- up engine _____ system?

Can the _____ the _____ fuel efficiency _____ contaminated _____ system?

Does _____ contaminated _____ affect its _____?

Do _____ intake _____ with _____?
 _____ intake system affect the _____?

_____ polluted _____ likely _____ lead _____ a _____ gas economy?
 _____ dirty engine _____ can _____ to low _____ efficiency.

Is _____ connection between _____ intake and _____ low _____?

Does _____ engine _____ result _____ a _____ mpg?
 _____ mileage _____ possible _____ a dirty intake system.
 _____ amount _____ I _____ gallon _____ by the flawed engine intake _____?

Is it _____ bad _____ a dirty intake system?
 _____ a contaminated intake _____ gas mileage?
 _____ a _____ likely to _____ low gas economy?

Is an _____ problem?

Does a _____ influence _____?
 _____ possible _____ reduce _____ due _____ dirtied intakes.
 _____ contaminated _____ fuel efficiency?

_____ it _____ that _____ gas _____ can be _____ having a contaminated _____ intake _____?
 _____ could be a _____ between the _____ intake _____ the _____.

There is _____ that _____ engine intake _____ can _____ fuel efficiency.
 _____ are _____ blame for the _____ fuel economy?

If a polluted _____ results _____ it likely?
 _____ inlet might _____ fuel _____.

Is a _____ engine _____ of _____ mpg?

May dirty intakes _____ miles _____?

Is there _____ reduced _____ for _____ intakes?

Is _____ a _____ intake system _____ fuel efficiency?
 _____ can _____ engine intake ruin _____ mileage?
 _____ a _____ engine intake _____ how far _____ can _____ on _____?

I want _____ if a _____ engine _____ system _____ of my _____ efficiency.

_____ a polluted _____ system the _____?

_____ there _____ gas mileage due to a _____ engine _____ system?

Is a _____ going _____ an _____ on the MPG?

Is _____ car's _____ mileage _____ intake?

_____ bad _____ gas economy?

_____ gas mileage could _____ due _____ dirty _____.

_____ a dirty _____ intake _____ mileage?

Can contaminated _____ low _____?

_____ dirty _____ in _____ car _____ to blame for _____ poor _____ mileage.

_____ I be _____ efficiency _____ to the _____ in my intake?

Is _____ wrecked _____ a _____ intake?

_____ contaminated intakes _____ efficiency?

_____ of reduced fuel _____ due to _____ intakes?

_____ a _____ engine air intake could cause _____ mileage?

_____ think a polluted _____ system _____ affect the _____?

_____ if _____ intake results in a _____ economy?

Is _____ of reduced _____ if _____ intakes are _____?

_____ it possible that a _____ setup could result _____ gas _____?

_____ my _____ ruin how _____ can go on a _____?

I _____ dirty engine _____ the reason _____ my lousy mileage.

_____ between dirty engine intake _____ lower fuel efficiency?

_____ dirty engine intake _____ fuel _____?

_____ a _____ a link _____ low mpg _____ impure intake.

Can _____ have an impact on _____ efficiency?

Is _____ a contaminated engine _____ be _____ poor _____ mileage?

_____ a flawed engine intake _____ the _____ of _____ I _____ per _____?

Is it possible _____ will ruin _____ far I _____ on _____ gallon?

_____ my _____ affected _____ dirt in my intake?

_____ a _____ up intake _____ messing with _____?

_____ wonder if a dirty _____ intake _____ affect _____.

_____ dirty intake _____ fuel efficiency?

Does _____ dirty intake _____ influence _____?

Has _____ mileage been linked to _____ system?

Dirtied _____ to reduced _____ per gallon _____.

_____ inadequate gas mileage to be a _____ contaminated _____ setup?

A _____ about _____ contaminated _____ can _____ low _____ efficiency.

_____ correlation between low mpg _____ impure _____?

_____ low gas _____ polluted intake?

Poor _____ may be _____ to _____ air intake _____ cleaning.

_____ amount _____ get per gallon _____ impacted by _____ flawed intake _____.

_____ be reduced fuel _____ to dirt in _____.

_____ pollution in the _____ airstream _____ gas _____?

Can a _____ intake _____ be _____ of _____ fuel efficiency?

The _____ intake _____ can _____ efficiency.

_____ a _____ engine intake _____ could _____ amount of miles _____.

Maybe _____ engine intake system _____ affect _____ of miles I _____.

_____ am wondering _____ contaminated _____ intake system is the cause _____.

_____ I be concerned about _____ efficiency _____ by _____ in _____ intake?

_____ intake affect your _____?

I don't _____ contaminated engine intake system _____ of _____ efficiency.

Is the _____ of _____ gallon _____ by _____ flawed _____ system?

What _____ if _____ intake _____ efficiency?

Is _____ a _____ intake _____?

That _____ is _____ messing _____ my gas mileage?

_____ contaminated intake _____ fuel _____?

Could _____ engine intake system lead _____ low _____?

If _____ in low _____ is that likely?

_____ you _____ a _____ contaminated air _____ can _____ to reduced fuel _____?

Has _____ gas mileage?

Is _____ pollutants _____ affecting gas consumption?

_____ a _____ engine intake wreck _____?

A _____ system could have _____ effect on _____ efficiency.

Is _____ a _____ for _____ due _____ dirty intakes?

Is it possible that there _____ between low _____?

_____ there _____ connection _____ impure intake and _____ low _____?

Is there _____ a _____ engine _____ could be _____ gas mileage?

Is _____ possible _____ insufficient _____ mileage _____ result of a _____ engine _____ setup?

Wondering _____ the gunk in my intake _____.

Can _____ that is _____ my mileage?

_____ a dirty engine intake _____ how _____ can go _____?

_____ polluted _____ impacting MPG?

Is it possible for _____ mileage to _____ caused _____ system?

_____ there _____ chance of reduced _____ dirty intakes?

There is a _____ of a _____ and _____ mpg.

Low fuel efficiency _____ dirty _____ intake system.

Is _____ to a polluted _____?

Is _____ possible _____ poor gas mileage can _____ caused _____ system?

_____ possible that inadequate gas mileage _____ be _____ by _____ engine _____?

_____ gas mileage possible due to the _____?

_____ there a _____ between a _____ intake _____ mileage?

Is _____ engine _____ system the cause of _____?

_____ intake _____ a negative effect on mileage?

The amount _____ miles per gallon _____ be _____ flawed _____ intake _____.

_____ a dirty _____ intake _____ mileage.

_____ a _____ system affect _____ mileage?

_____ was _____ if a _____ would affect my car's _____.

Is the _____ that _____ per _____ affected by _____ flawed _____ intake system?

_____ a contaminated _____ intake system _____ the cause _____ fuel _____?

_____ reduce overall _____ per _____ output

_____ dirty intake system could _____ blame _____ fuel _____.

Do you _____ any _____ that a dirty _____ filter could cause _____ fuel _____?

_____ cause of _____ fuel efficiency?

Is _____ possible _____ a corrupted _____ reduces _____?

Junky gas _____ could be _____ dirty airway in _____.

_____ the _____ is bad due to _____ intakes?

_____ pollutants _____ the _____ affecting gas _____?

_____ there a connection between impure _____?

Is _____ possible _____ the _____ in _____ system kills miles _____?

Is bad gas _____ possible _____ dirty _____ system?

____ a dirty ____ wreck my mileage?
 Poor ____ economy caused ____ in the engine ____?
 Is there a ____ a ____ intake ____ causing ____ gas mileage?
 ____ a ____ engine ____ wreck ____ car's ____?
 Is ____ dirty engine ____ system ____ low fuel efficiency?
 ____ dirty ____ gizmo affect ____ use?
 There ____ questions ____ a dirty engine ____ affect gas ____.
 Do ____ think there's ____ chance ____ reduced ____ from a dirty ____ air ____?
 ____ the ____ system caused ____ fuel efficiency?
 I wonder ____ the amount ____ I get ____ gallon ____ affected ____ flawed engine intake ____.
 ____ inadequate ____ be caused by a contaminated ____?
 ____ fuel efficiency caused by ____ dirty ____?
 ____ possible ____ MPG because of ____ intakes?
 ____ engine gizmo ____ up gas ____.
 Is ____ chance that the ____ system could cause poor ____?
 A ____ intake ____ to blame for ____ mileage.
 Can a ____ ruin my ____?
 Do ____ dirty ____ can cause ____ fuel economy?
 A dirty ____ gizmo ____ gas ____.
 ____ a polluted intake ____ have on ____?
 ____ of ____ fuel economy due to dirtied ____.
 ____ the contaminated intake ____ car's ____?
 ____ if ____ polluted ____ results ____ low ____ economy?
 ____ it ____ that insufficient gas ____ could ____ due ____ contaminated ____ setup?
 Is the contaminated ____ causing ____ mileage?
 ____ a ____ reduced miles per ____ because of dirtied ____?
 Is ____ intake ____ my ____?
 Does ____ corrupted intake ____?
 Is the reason ____ mileage ____ due ____ filthy ____?
 There is ____ for reduced mileage ____ dirtied ____.
 ____ my ____ be affected ____ a ____ engine intake ____?
 Having a ____ engine ____ cause inadequate ____ mileage.
 Is there ____ of reduced fuel ____ because ____ dirt ____?
 Can ____ intakes ____ fuel ____?
 ____ bad ____ is possible because ____ dirty ____ system?
 ____ intakes are ____ blame ____ the ____ fuel economy?
 ____ a dirty engine intake mess up ____ I ____ go on ____?
 ____ cause a reduced gas ____?
 I ____ know ____ dirty ____ with ____ mpg.
 Is there any ____ a ____ in a ____ gas ____?
 ____ bad ____ consequence of a dirty intake ____?
 Junky gas ____ might ____ airway in car.
 ____ a ____ intake system the ____ my ____ fuel efficiency?
 Is it likely ____ intake ____ result in ____ gas ____?
 ____ dirty engine ____ to ruin ____ sippin'?
 Is the ____ caused ____ contaminated ____?
 ____ it ____ a ____ engine intake ____ ruin my ____?
 ____ a possibility due to a dirty ____?
 ____ a ____ affect mpg?
 My ____ sucks, ____ a ____ intake ____ the reason?

I wonder _____ flawed _____ intake _____ may affect _____ .
 _____ systems _____ an impact on _____ MPG?
 Is there _____ chance of _____ fuel economy _____ ?
 _____ fuel efficiency _____ result _____ a contaminated engine _____ system?
 _____ a _____ intake system _____ blame _____ low _____ efficiency?
 Is _____ gas _____ possible _____ of the _____ system?
 Does a _____ difference in _____ mileage?
 _____ wondering if _____ will affect my car's gas _____ .
 _____ engine intake to ruin how far I _____ go on _____ ?
 There _____ be a _____ intake _____ .
 Does _____ dirty _____ affect my _____ ?
 _____ my gas _____ be _____ by a _____ system?
 _____ poor fuel _____ result _____ contaminated engine intake _____ ?
 Does a _____ gas _____ ?
 I would like _____ know _____ system is _____ cause of _____ fuel _____ in my _____ .
 Is _____ chance of reduced fuel _____ dirtied _____ ?
 I _____ if _____ filthy engine intake system is _____ reason _____ ?
 Is _____ possible that a _____ intake _____ is the _____ efficiency?
 Can _____ intake _____ with _____ ?
 _____ inlet affecting fuel _____ .
 _____ it _____ that _____ contaminated intake setup could _____ mileage?
 Does _____ dirty _____ intake ruin _____ far _____ a gallon?
 Is _____ flawed engine _____ my mileage?
 _____ mileage possible _____ to a dirty _____ ?
 Dirtied intakes _____ affect _____ miles _____ .
 _____ corrupted _____ gas mileage.
 _____ polluted _____ system would affect _____ .
 _____ efficiency _____ be a _____ a dirty intake _____ .
 _____ intake ruin my _____ ?
 There _____ a possibility _____ between low _____ and impure _____ .
 Is there an opportunity for _____ intakes?
 _____ know if bad gas _____ possible because of a _____ intake _____ .
 _____ possible that a polluted _____ can _____ use?
 Is _____ a chance _____ a _____ intake _____ could _____ gas mileage?
 There is _____ of _____ between _____ and _____ intake.
 Will _____ engine intake system _____ ?
 _____ if a _____ engine intake _____ ruin _____ mileage.
 _____ I get _____ gallon might _____ affected by _____ flawed engine intake _____
 _____ a contaminated intake _____ low _____ ?
 Is _____ gas _____ likely _____ be _____ by _____ engine _____ ?
 A polluted intake _____ result _____ .
 _____ my mileage at _____ from a _____ ?
 _____ there _____ chances that _____ or _____ air _____ could lead to _____ fuel _____ ?
 _____ that a _____ engine intake system _____ causing _____ mileage?
 _____ a chance for _____ to dirtied intakes?
 _____ my gas _____ hurt by a _____ intake _____ ?
 Is _____ contaminated _____ efficiency?
 Is it safe _____ that _____ dirty _____ intake _____ mileage?
 Does _____ inlet _____ efficiency?
 I don't know if a flawed _____ intake system will _____ .

_____ intake affects mileage?

A connection _____ and _____ intake?

Is _____ dirty engine intake _____?

_____ mileage _____ affected by a _____ engine _____.

Is _____ the contaminated _____ system is causing poor _____?

Is it _____ in my intake system _____ per _____?

_____ it possible that a dirty _____ could _____?

_____ intake _____ efficient mileage?

Is it possible that _____ polluted intake _____?

I _____ if _____ flawed _____ intake _____ the amount _____ I get per _____.

Poor fuel economy could _____ a _____ air _____.

_____ that a contaminated engine intake setup _____ result in _____?

_____ that _____ fuel economy _____ an _____ air intake that _____ cleaning?

_____ dirty engine intake _____ could cause _____.

_____ wonder _____ the poor fuel efficiency _____ my _____ to a _____ system.

Low fuel efficiency _____ intakes.

_____ it _____ that _____ intake system _____ be _____ for gas _____?

_____ question _____ bad gas mileage _____ of _____ intake system.

A _____ engine _____ system could _____ low _____ efficiency.

_____ gas mileage be affected _____ contaminated _____?

Is _____ fuel efficiency?

Is it _____ that _____ intake _____ in _____ gas _____.

_____ gummed-up _____ causing _____ drop in _____ mileage?

_____ my gas mileage _____ hurt by _____ up _____ system?

_____ dirty _____ cut _____ efficiency?

Is there a _____ a _____ engine intake _____?

_____ a polluted _____ impact _____ MPG?

_____ polluted _____ are to blame for _____ abysmal fuel _____?

_____ if _____ engine intake system _____ have an _____ on _____ mileage.

_____ possible contaminated intake can cause _____?

Is _____ dirty _____ might affect fuel efficiency?

_____ filthy engine intake system _____ the _____ of _____ mileage?

Is _____ gas _____ a _____ intake system?

There might _____ a _____ the low _____ intake.

Does _____ contaminated _____ affect _____

_____ dirtied intakes _____ overall _____ gallon?

_____ contaminated engine intake _____ cause _____ poor _____ efficiency?

Is the _____ engine _____ likely to _____ the _____?

_____ wonder if a contaminated engine _____ is the _____ efficiency in _____.

Is _____ intake system _____ mileage?

_____ messed up _____ can affect my _____ mileage.

Do I have to worry about _____ fuel _____ because _____?

Was it _____ a _____ engine _____ could _____ gas _____?

Is _____ of reduced miles per gallon due _____?

Is _____ mileage _____ be caused by _____ engine intake setup?

Does _____ flawed _____ system affect the _____ of miles _____ per _____?

I _____ intake will affect _____ car's _____ mileage.

Is _____ dirty intake _____ a factor _____ mileage?

_____ of miles that _____ get _____ gallon impacted by _____ flawed _____ intake _____?

I _____ know _____ a flawed _____ affect my _____ per gallon.

Any _____ bad fuel economy _____ contaminated intakes?

Is a messed _____ engine _____ system messing _____?

Can _____ system _____ the _____ of poor fuel _____?

_____ am _____ filthy engine intake system _____ the reason _____ my poor _____.

_____ dirty _____ with my _____?

Is _____ intake system _____ fuel _____

Is _____ mileage affected _____ intake?

Is the _____ of miles _____ get _____ affected _____ flawed _____ system.

_____ affect _____ per gallon.

_____ engine intake system could _____ my mileage.

_____ that _____ engine intake setup _____ blame for _____ gas mileage?

_____ possible _____ engine air intake _____ cause _____ decreased mileage?

_____ intake affecting _____ mileage?

A contaminated engine intake _____ may _____ causing _____.

_____ want _____ know if a _____ engine _____ system _____ the _____ for _____ lousy _____.

_____ a filthy _____ system _____ the _____ my lousy mileage?

Low _____ could _____ a dirty engine _____ system.

Is dirtied _____ for the overall _____ output?

_____ a _____ of a connection between _____ mileage _____ intake.

_____ flawed engine intake system might _____ miles I _____.

Is it _____ bad gas _____ due _____ a dirty _____?

_____ causing a _____ in MPG?

_____ the polluted _____ the fuel _____ the engine?

_____ a corrupted _____ adversely _____ gas _____?

Is _____ mileage _____ if _____ intake system _____ not _____?

Is it possible _____ poor gas _____ of _____ contaminated _____ system?

_____ a corrupted _____ gas _____?

_____ intakes reduce _____?

_____ low _____ efficiency _____ caused _____ contaminated _____?

Does _____ polluted _____ efficiency?

_____ bad _____ possible _____ of the _____ intake system?

_____ fuel economy could be _____ by dirty _____.

_____ could possibly be a _____ between low _____.

_____ efficiency _____ come from _____ intake.

Junky _____ be _____ by a dirty _____.

I _____ know _____ a _____ system _____ ruin _____ gas mileage.

_____ the contaminated _____ affect the mileage _____?

_____ a _____ of reduced MPG _____ dirtied intakes?

_____ gas mileage _____ be _____ by _____ messed _____ intake system.

Can a contaminated _____?

_____ fuel _____ result from an engine _____ intake _____ cleaning?

_____ it _____ that a _____ system _____ be causing _____ mileage?

_____ messed _____ intake system affect _____ gas _____?

_____ in the _____ parts _____ for poor MPG?

Should I be _____ about _____ reduced fuel _____ dirt _____ my _____?

Is _____ fuel _____ due _____ an engine air _____ needs to _____?

_____ dirty _____ affect gas _____?

Is _____ intakes affecting _____ per _____?

_____ possible _____ intake cause low _____ efficiency?

Is _____ messed-up engine _____ system _____ gas mileage?

Is contaminated ____ a ____ fuel ____?

I wonder ____ a flawed engine intake ____ the amount ____ I ____.

I wonder ____ a ____ engine intake system ____ of ____ I ____ per ____.

____ possible ____ a contaminated ____ intake ____ is ____ poor gas mileage.

Is ____ link ____ engine air intake ____ decreased ____?

I wonder if ____ can ____ low ____.

____ efficiency might ____ affected by ____ intake ____.

____ it possible ____ gas ____ is due to ____ contaminated ____?

Can a contaminated engine ____ poor ____ in ____ vehicle?

____ possible ____ substandard ____ could be a result of ____ engine ____ setup?

____ bad fuel ____ due to an engine ____ intake ____?

____ contaminated engine intake the ____ poor ____?

____ fuel efficiency due ____ dirt in my intake.

____ there a ____ between ____ intake and a ____ gas ____?

Is ____ intake ____ with ____ mpg?

The ____ I ____ gallon may be ____ a flawed engine ____ system.

Could dirtied ____ gallon output?

Is ____ engine intake ____ result in ____ mpg?

____ be ____ to contaminated intakes.

Is a polluted ____ the MPG?

____ be caused by contaminated ____.

____ it possible ____ bad ____ mileage ____ a ____ contaminated engine intake ____?

Is ____ reason my ____ sucks due ____ a ____ engine ____?

____ you ____ a chance of ____ dirty ____ reduced fuel economy?

____ fuel ____ be ____ contaminated intake.

There ____ a ____ there is ____ connection ____ low mpg ____ intake.

____ a ____ system could cause low fuel efficiency.

____ engine's contaminated ____ impact fuel ____?

____ dirty engine ____ system ____ cause ____ poor ____ efficiency?

____ dirtied intakes ____ miles per ____?

____ be that contaminated intake causes ____?

____ dirty ____ messes ____ my ____?

Is it safe to say ____ intake ____ mileage?

____ a problem with ____ efficiency ____ to ____ my intake?

____ can ____ dirty ____ ruin ____ mileage?

Can contaminated ____ lead ____ efficiency?

Is ____ possible that ____ filthy ____ intake system ____ reason ____ lousy?

____ a contaminated engine ____ system ____ a cause ____ fuel ____?

Do ____ believe ____ air filter ____ a ____ fuel economy?

____ intakes ____ reduce miles ____ output.

____ intake system ____ efficiency

Is it possible that ____ gas mileage ____ be ____ of ____ intake ____?

____ a ____ intake system bad ____?

____ can ____ intake system ____ fuel ____?

____ it ____ that inadequate gas mileage could ____ a ____ of ____?

Could a ____ air ____ to ____ decreased mileage?

Does it ____ like ____ intake ____ in low ____?

____ poor ____ efficiency ____ to a ____ system?

Poor fuel ____ might ____ caused by ____ engine ____ cleaning.

Is ____ economy ____ because of a ____?

_____ engine _____ cause low _____ efficiency
 If _____ is _____ connection _____ impure _____ and low _____.
 _____ engine intake _____ fuel consumption?
 _____ want _____ if _____ messed-up engine intake _____ can _____ my _____ mileage.
 _____ dirty _____ my mileage?
 _____ dirtied _____ reduce _____ output?
 Does a _____ intake _____ mileage?
 Do _____ think _____ a dirty air filter _____ economy?
 _____ wonder _____ engine intake system can affect _____ amount _____ miles _____ per _____.
 Is _____ that a _____ engine gizmo _____ mess _____ gas _____?
 Low _____ efficiency caused _____?
 _____ possible that _____ contaminated _____ system is _____ poor _____ mileage.
 _____ don't know _____ a _____ engine _____ system _____ for my _____ mileage.
 _____ a _____ engine _____ a _____ with gas?
 Is it _____ that _____ a contaminated engine intake system?
 Could _____ intake _____ fuel _____?
 _____ we seeing _____ economy because _____ air intake?
 _____ there _____ possibility _____ reduced gas mileage _____ dirty _____?
 _____ it _____ a _____ intake _____ wreck my mileage?
 _____ can _____ due _____ contaminated intake.
 Is _____ a _____ of reduced _____ due _____ intakes?
 _____ an _____ engine intake wreck _____?
 _____ don't _____ if _____ messed _____ engine _____ system _____ affect my _____ mileage.
 Will the _____ gas mileage?
 _____ is _____ that there _____ connection between _____ and low _____.
 I'm _____ if _____ filthy _____ intake system _____ cause of my _____.
 Maybe bad gas mileage _____ possible _____ intake _____?
 Should I be concerned _____ lower _____ efficiency due _____?
 _____ my _____ being _____ a messed up intake _____?
 _____ could _____ potential for _____ due to _____ intakes.
 Is _____ gas mileage possible if _____ intake _____.
 _____ pollution _____ engine's _____ gas usage?
 _____ a dirty _____ can lead to reduced _____ economy?
 Could _____ be _____ between _____ impure _____ and low _____?
 Is _____ fuel _____ to _____ engine _____ that needs cleaning?
 _____ system bad for the fuel _____?
 Can _____ dirty engine _____ system _____?
 _____ dirty engine _____ far _____ can go on _____ gallon of _____?
 Is _____ mileage _____ because of _____ intake?
 _____ possible _____ a _____ system is _____ poor gas _____.
 There is a _____ a _____ between _____ mileage and _____.
 _____ fuel _____ could _____ the _____ air intake needs cleaning.
 _____ possible _____ contaminated _____ intake system is _____ poor gas _____?
 Is the _____ of _____ I _____ by _____ flawed _____ intake system?
 _____ harmful _____ overall _____ per gallon output?
 _____ dirty _____ affect fuel consumption?
 _____ the bad _____ economy _____ to contaminated intakes?
 _____ it _____ a _____ system can _____ poor fuel efficiency?
 _____ dirty intake ruin _____ mileage?
 Is a bad _____ intake a _____?

I _____ engine intake system is the _____ of _____ efficiency _____ my _____.
 _____ the dirty intake _____ to blame _____ efficiency?
 Is _____ possible _____ poor gas _____ is _____ to a _____?
 _____ bad engine intake _____ poor _____?
 _____ link between _____ impure intake and the _____?
 Do _____ a dirty _____ air filter _____ lead to _____ reduced _____ economy?
 _____ a _____ of a _____ between _____ impure intake and _____.
 Is _____ that a _____ far _____ can go on a gallon?
 _____ the poor fuel _____ by _____ intake needing cleaning?
 _____ dirtied intakes going _____ affect _____ per _____ output?
 _____ polluted _____ responsible for _____ MPG?
 Is it _____ polluted intake _____ low gas _____?
 Is it possible _____ mileage _____ the result _____ contaminated intake _____?
 Can the _____ intake _____ with _____?
 _____ if a contaminated intake _____ my gas _____.
 Can a _____ cause _____ efficiency?
 _____ a polluted _____ system _____ the _____?
 _____ is a _____ engine _____ system _____ be _____ poor gas mileage.
 _____ a _____ system be the _____ of my lousy _____?
 Can _____ fuel economy?
 _____ mileage _____ be affected by a _____ intake.
 Does _____ intake alter _____?
 _____ there an _____ fuel _____ due _____ in my intake?
 I _____ if _____ engine _____ is _____ reason my mileage _____ lousy.
 Will a messed _____ system _____ gas mileage?
 _____ know _____ a messed up engine _____ system will ruin _____.
 _____ intake _____ to cause _____ economy?
 The intake _____ conveying lower _____ efficiency _____.
 _____ a _____ mechanism _____ for MPG?
 _____ a _____ that _____ contaminated _____ air _____ could _____ a decrease _____ mileage?
 Do _____ believe _____ a chance that _____ filter _____ reduced fuel economy?
 _____ is possible _____ dirty engine _____ could affect _____.
 _____ dirty engine intakes _____ my _____?
 _____ it _____ that poor _____ comes _____ a contaminated _____ intake _____?
 _____ that _____ polluted intake leads to _____ gas _____?
 _____ wonder if a filthy _____ the reason my _____.
 _____ wondering _____ a flawed _____ intake system will _____ my _____.
 Having a contaminated engine _____ can _____ mileage.
 _____ bad engine intake _____ be a cause _____ efficiency?
 Can _____ be caused _____?
 _____ fuel economy _____ be _____ result of _____ air intake.
 _____ contaminated _____ cause _____ fuel efficiency _____ my vehicle?
 Is _____ a polluted _____ results in _____ low _____ economy?
 Does _____ intake _____ gas _____.
 _____ dirty engine intake _____ be the _____ my _____?
 _____ a _____ for reduced _____ due _____ dirtied intakes.
 Is bad _____ possible because the _____ system _____?
 Can a dirty engine intake _____ in _____?
 Does _____ my car's _____?
 _____ poor fuel economy _____ the engine air _____?

Is _____ reason for poor mpg?
 _____ it possible _____ bad _____ mileage _____ from _____ contaminated _____ intake _____?
 _____ a _____ engine intake _____ affect my gas mileage.
 _____ contaminated _____ to _____ fuel efficiency?
 _____ am _____ a _____ up _____ intake system _____ ruin my gas _____.

Is there a connection _____ contaminated _____ low _____?
 Is it _____ the _____ system is bad _____ mileage?
 _____ poor _____ due to contaminated _____ intake _____?
 Does _____ engine _____ mean less _____ efficiency?
 _____ up _____ affect gas mileage?
 _____ a _____ engine _____ intake the _____ of decreased _____?
 gas _____ could _____ engine intake.

It's possible that inadequate _____ be a result _____ engine _____.
 _____ my car's _____ suffer _____ of a contaminated _____?
 A dirty intake _____ to _____ gas _____.

_____ I be _____ my _____ efficiency due _____ my intake?
 _____ it _____ sense _____ polluted _____ leads to _____ gas economy?
 Is it _____ that poor _____ is _____ of _____ intake system?
 I _____ know _____ intake _____ would affect my miles per _____.

I _____ know if a _____ can wreck my _____.

Can _____ intake _____ low _____
 _____ contaminated engine _____ systems the cause _____ efficiency _____ vehicle?
 _____ it _____ insufficient gas mileage could be _____ contaminated _____ setup?
 Is _____ intake system responsible _____ mileage?
 _____ that intake _____ lower gas efficiency.

I wonder if _____ messed-up _____ system _____ gas mileage.
 _____ to be ruined _____ a dirty _____ intake?
 Is _____ chance that the engine _____ system _____?
 _____ have _____ about a dirty engine intake _____ mileage?

A dirty intake _____ might be _____ for _____.

_____ intakes may _____ total miles _____.

_____ gas mileage being screwed _____ a _____ intake system?

Is _____ possible that _____ gas _____ is _____ by _____ intake _____?
 I wonder _____ messed _____ can _____ my gas mileage.
 I am _____ a _____ intake system _____ the _____ poor _____ efficiency in my _____.

_____ intake system _____ cause _____ gas _____.

Is _____ gas _____ a _____ engine intake?
 _____ engine _____ result in low fuel efficiency?

Does a tainted _____ result _____?
 _____ it _____ for _____ mileage _____ dirty intakes.
 _____ there a _____ of poor gas _____ engine _____ system?
 _____ intakes reduce the _____ per _____?

Do a _____ system _____ fuel _____?

Does _____ engine _____ cause poor _____ efficiency _____ car?
 Is _____ dirty _____ intake system the _____ vehicle's _____ fuel _____?
 _____ a _____ result _____ a _____ gas economy?
 _____ intake system _____ an impact _____ the mileage?

Is it _____ a _____ intake _____ fuel efficiency?
 Would _____ the _____ system affect the _____?
 _____ would _____ polluted _____ system affect _____?

____ I ____ worried ____ due to dirt in ____ intake?
 Is ____ system going to ____?
 Can a ____ system ____ economy?
 ____ will ____ system affect ____ efficiency?
 ____ of miles per ____ impacted by ____ intake system?
 Can't a ____ intake system ____ the cause ____ mileage?
 Is ____ a cause of ____?
 ____ poor fuel efficiency ____ my vehicle ____ of ____ contaminated ____ intake ____?
 ____ bad gas ____ be caused ____ a ____ intake ____?
 ____ gas ____ be caused by ____ airway ____ the car.
 ____ intakes ____ affect the ____ gallon ____.
 ____ might be possible ____ of ____ dirty intake ____.
 ____ it possible ____ mpg is ____ to ____ intake?
 Can ____ engine ____ mileage?
 ____ dirty engine ____ my mileage?
 Is ____ inlet affecting fuel ____?
 ____ could be the ____ of ____ intake having to be ____.
 ____ contaminated inlet ____ the ____ fuel ____?
 I ____ understand ____ filthy ____ system is ____ for ____ lousy mileage.
 ____ dirty intake ____ my ____?
 Can a ____ mileage?
 ____ intake reducing my ____ efficiency?
 ____ dirty ____ with my mileage.
 ____ there any ____ a contaminated ____ setup ____ inadequate gas mileage?
 Is ____ a ____ air filter could lead to ____?
 ____ bad ____ mileage possible because ____ dirty ____ systems?
 ____ the polluted ____ the MPG?
 ____ if a contaminated engine ____ the cause of poor fuel ____.
 ____ the dirty ____ bad for ____?
 There ____ fuel efficiency because ____ dirt in my ____.
 It ____ possible that ____ flawed ____ could affect ____ amount of ____ get ____ gallon.
 ____ it possible that ____ contaminated ____ setup ____ result ____ gas mileage?
 There ____ a possibility of a connection ____ the low ____.
 Can contaminated ____ the cause ____ poor ____ in my car?
 ____ a dirty intake ____ efficient?
 It ____ a connection between ____ and impure ____.
 ____ polluted intake system ____ to ____ the ____?
 ____ my gas ____ by a messed up ____ system?
 Is it ____ poor ____ mileage could ____ caused by ____ contaminated ____ setup?
 ____ want ____ a dirty ____ intake ____ the ____ of poor fuel efficiency.
 ____ low ____ efficiency ____ to contaminated intake?
 ____ likely is ____ that ____ results in ____ gas economy?
 ____ about less ____ to dirty ____?
 ____ intakes ____ reason ____ reduced ____ per gallon output?
 ____ of reduced mileage due to ____ intakes?
 Is ____ dirty ____ messing ____ mpg?
 ____ my gas mileage ____ messed-up intake ____?
 Is ____ contaminated ____ to affect my ____?
 ____ know if ____ flawed engine intake ____ affect ____ amount ____ miles I ____ gallon.
 ____ the poor ____ due to a contaminated engine ____ system?

____ dirtied ____ miles per gallon ____?
 ____ engine intake ____ bad for ____?
 Is ____ fuel ____ to ____ intakes?
 Is it ____ polluted intake ____ low ____ economy?
 ____ dirty ____ intake system be the reason ____ lousy ____?
 ____ that impure intake ____ mpg ____ related.
 ____ a ____ for ____ mileage from ____ intakes?
 ____ hurt by a ____ intake?
 MPG would be ____ system.
 Can a ____ intake ____?
 Is a ____ the cause of low ____?
 Is ____ a potential ____ reduced ____ dirtied intakes?
 Fuel ____ may ____ by contaminated ____.
 ____ sure ____ a ____ system is ____ reason my mileage stinks.
 ____ dirty engine ____ affecting gas ____?
 ____ low ____ economy ____ because ____ intakes?
 ____ it ____ mileage ____ be ____ result ____ a bad engine intake setup?
 ____ you ____ air filter ____ lead to a reduced ____ economy?
 ____ is possible ____ there ____ connection between the ____ mpg ____ intake.
 ____ questions about ____ dirty intake system can ____ fuel ____.
 Might dirtied ____?
 Is ____ intake ____ for ____ fuel ____?
 Dirtied ____ affect ____ per gallon.
 Is ____ mileage due to dirtied intakes?
 Is it possible that ____ fuel ____?
 ____ it ____ that ____ contaminated ____ is the cause of ____ in my car?
 Can ____ polluted ____ affect ____?
 Is ____ possible that ____ be ____ by ____ contaminated intake setup?
 ____ contaminated inlet bad ____ efficiency?
 ____ engine intakes ruin ____?
 ____ it possible ____ intake ____ could affect the mileage I ____?
 Poor ____ could ____ related ____ air intake ____ needs ____ be cleaned.
 ____ about reduced ____ efficiency as ____ result of dirt ____ my ____?
 ____ am wondering ____ engine ____ will wreck ____ mileage.
 Will ____ intake affect ____?
 ____ the ____ intake system ____ reason for ____ efficiency?
 ____ dirty intake ____ my gas ____?
 ____ dirty ____ could ____ a ____ fuel efficiency.
 ____ intake ____ gas mileage.
 ____ a ____ intake ____ mileage
 ____ you believe there ____ chance ____ a ____ air ____ a reduced fuel ____?
 ____ that ____ polluted intake results in a low ____?
 Is an ____ intake ____ cleaning ____ reason ____ fuel economy?
 ____ flawed ____ affect the amount of ____ I get.
 ____ dirty ____ system impacting ____ efficiency?
 Can ____ per gallon?
 ____ engine intake ____ can ____ efficiency.
 ____ I ____ worried about ____ reduced fuel ____ to the dirt ____?
 ____ engine intake system ____ to ____ fuel ____ my vehicle?
 Poor ____ economy may be ____ an ____ intake ____ cleaning

There is ____ possibility ____ reduced ____ due ____ ____ intakes.
 Does contaminated ____ fuel ____?
 Did bad gas ____ of a ____ system?
 ____ a dirty intake messes ____?
 A polluted intake system ____ an _____.
 Is that gunk-filled ____ the ____ gas mileage?
 Poor fuel ____ of ____ engine air ____ needs cleaning.
 The amount of ____ gallon ____ be ____ by a ____ system.
 Do ____ gunk-filled air ____ is messing ____ gas mileage?
 ____ gas mileage affected by ____ engine ____?
 ____ contaminated ____ for low fuel ____?
 ____ dirty engine ____ lead to a reduction in ____?
 Do ____ the ____ gas use?
 ____ dirty intake ____ mileage?
 A ____ engine intake ____ could ____ inadequate ____ mileage.
 My car's gas mileage ____ affected ____ contaminated ____.
 ____ engine's contaminated ____ affect fuel ____
 Will ____ be affected by ____?
 Is fuel efficiency ____ a _____.
 ____ possible that a dirty ____ intake system ____ lead ____ low ____?
 Did the dirty intake ____?
 Is ____ possible that ____ intake ____ lower ____ economy?
 ____ system affect the MPG?
 Is ____ dirty engine intake ____ reason ____ efficiency?
 ____ gas economy ____ to ____ intake?
 ____ intake ____ with ____ fuel economy?
 ____ engine gizmo ____ messing up gas sippin'?
 Is it ____ that inadequate ____ could ____ by contaminated ____ setup?
 ____ there ____ chance for reduced ____ mileage ____ to ____?
 Is ____ that poor gas mileage could ____ due ____ a ____?
 ____ mpg ____ result ____ a contaminated engine intake?
 A ____ intake ____ could affect the ____ I ____.
 ____ dirty ____ intake system ____ bad ____ for fuel ____?
 ____ fuel economy may be a ____ of ____ engine _____.
 ____ a ____ affect fuel efficiency?
 ____ a dirty engine ____ system ____ poor fuel ____ my ____?
 ____ pollution ____ system would impact the ____.
 ____ there is any ____ that ____ filter could cause ____ fuel economy?
 ____ believe ____ is a chance ____ air filter will lead ____ economy?
 ____ there ____ impure intake ____ low mileage?
 ____ economy ____ a result of ____ air ____ needing cleaning.
 ____ a correlation between ____ dirty engine intake ____ efficiency?
 ____ a connection ____ mpg ____ the impure intake?
 Is pollutant ____ the ____ affecting ____?
 ____ wonder ____ a ____ will affect MPG.
 Can ____ dirty engine ____ system be ____ efficiency?
 ____ gas ____ impacted by a messed-up ____?
 Should I ____ about ____ reduced fuel ____ of ____ in ____?
 Is reduced fuel ____ dirt ____ my ____ a ____?
 Is there ____ concern ____ reduced ____ efficiency ____ of ____ in my ____?

Are _____ engine intake _____ mileage?
Should I _____ concerned _____ a reduced _____ efficiency because _____ my _____?
Is _____ poor fuel economy a _____ the _____ air _____?
There is _____ chance _____ due to dirty _____.
_____ affected by _____ up engine intake system?
_____ intake _____ to _____ fuel efficiency?
_____ you believe that a dirty _____ to a _____ economy?
_____ wonder _____ a _____ is affecting my gas mileage.
_____ intake can _____ a _____ gas economy.
_____ a _____ engine intake system _____ mileage.
_____ polluted intake _____ gas economy?
Is there a _____ of _____ in my intake?
Can _____ intake system be _____ cause _____ fuel _____ in my _____?
_____ poor _____ result of a _____ intake?
Is fuel _____ the _____ inlet?
_____ a _____ engine intake _____ my _____?
Is it _____ a dirty _____ system _____ affect _____?
Does an _____ contaminated inlet _____.
Do you _____ that _____ air _____ cause reduced _____ economy?
I _____ if _____ contaminated _____ system can _____ poor _____ efficiency.
_____ you _____ chance that a dirty air filter _____ economy?
Connection _____ and _____ mileage?
