

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	New service connection requests
Inquiry Sub-Category	Construction and infrastructure requirements
Description	Customers inquire about the infrastructure needed to connect their property to the electricity grid, such as the need for new poles, transformers, or underground cables, and the responsibilities of both the customer and the electricity provider.
Data Size	7,559 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Who should _____ existing electrical equipment like transformers _____ process?

_____ it _____ to _____ to pay _____ upgrades?

Who is _____ for _____ the _____ transformer _____?

Do _____ think the _____ of transformer upgrade _____?

_____ expenses _____ the improvements to old electrical _____?

Who _____ pay for the _____?

Who _____ upgraded electrical equipment _____ as _____?
