

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Network coverage and connectivity inquiries
Inquiry Sub-Category	Signal strength complaints
Description	Customers may raise concerns about weak or fluctuating signal strength, seeking advice on how to improve signal reception or identifying if there is a hardware or software issue affecting their smartphone's antenna or signal output.
Data Size	5,514 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

Is ____ normal for ____ ____ ____ ____ experience ____ signals compared to others?

____ like underground ____ weaker signals.

____ underground ____ signals ____?

Is it ____ for subterranean ____ ____ imply inferior ____ ____?

____ the ____ in the ____?

Does ____ happen ____ have ____ coverage ____ ground ____?

____ signals can be ____ ____ areas.

____ know if ____ expect degraded signals ____ sites.

Should ____ signals ____ expected ____ sites?

____ poorer cell ____ due to factors such ____ being submerged ____ ____.

Weaker ____ be ____ in ____ areas.

Do underground ____ to get ____ ____?

____ areas ____ have a ____ than other areas?

____ underground ____ poor signals?

____ signal strength normal ____ Underground ____ ____?

Can ____ sites ____ weak ____?

____ signal ____ are possible in ____ ____.

____ it common ____ places ____ the ground to ____ weaker ____?

____ normal ____ areas below the surface ____ less ____?

Do ____ have weaker signals ____?

Is it normal ____ subterranean environments to ____ ____ ____ ____ connected?

Do some ____ cell ____ they ____ submerged or underground?

I ____ signals for ____ like the ____ normal.

____ areas ____ reception symptoms ____ other locations?

____ underground ____ have ____ signal strength?

____ it ____ expect reduced signal strength ____ areas?

Do the ____ locations get ____ ____?

Is ____ common ____ signals ____ found in underground?

____ it ____ that ____ under ____ surface ____ signal reception?
 ____ underground spaces ____ weaker reception ____ other ____?
 Is ____ would be weaker ____ underground areas?
 Is ____ worse in ____?
 What ____ in ____ levels?
 There are ____ signals ____ areas.
 ____ underground ____ have ____ signals.
 Is it ____ to ____ weaker ____ reception ____ the ____?
 ____ areas ____ have ____ signals ____ others.
 ____ the underground ____ weak signals ____?
 ____ settings do ____ signals.
 Do ____ poor cell reception ____ such as ____ submerged ____ underground?
 ____ weak in places ____ underground?
 Does ____ underground have ____?
 Is ____ normal ____ beneath ____ surface ____ have bad ____ reception?
 Is ____ a common ____ spots?
 Is ____ weakness ____ reception ____ areas?
 Do underground ____ have ____?
 ____ weak ____ common in ____ areas.
 ____ underground areas ____ weaker ____ than ____?
 Underground and ____ locations ____ strength.
 Weak ____ can ____ found in ____ underground.
 Underground spaces tend ____ have ____ reception symptoms _____.
 ____ I ____ in underground areas?
 Is it unusual for ____ environments to have ____?
 ____ weaker signals than normal.
 Weak ____ for places ____ is ____.
 Is it ____ are ____ underground ____ to receive weaker ____?
 Do underground ____ to get ____?
 ____ weak signal ____ happen ____?
 Is poor ____ factors such ____ being submerged ____ underground.
 ____ signal ____ Underground ____ similar places.
 If ____ spaces ____ mobile ____ could ____ clarify?
 ____ there to be poorer signal ____ the surface?
 ____ can ____ weaker signals.
 ____ I expect ____ lower ____ in underground ____?
 The ____ have weaker signals ____.
 ____ that normal ____ signals ____ weak in places ____?
 Do ____ weaker reception?
 ____ signal strength ____ locations?
 ____ underground spaces ____ weaker ____ symptoms than other ____?
 ____ underground areas able ____ weak ____?
 ____ not ____ have less ____ below ground level?
 Weak ____ in underground areas
 ____ weaker ____ expected ____ underground?
 Are ____ underground?
 ____ it possible to anticipate ____ of ____ underground settings?
 The signals are ____ areas ____.
 For instance, ____ do certain ____ signal ____?
 ____ signal ____ normal in ____ below ____?

Is _____ occurrences are _____ in underground areas?
_____ for places like _____ underground _____ be _____ normal.
_____ signal strength in _____ locations?
Will _____ be weaker _____ areas.
Is it normal _____ weaken _____ being under _____?
Is the _____ to weak _____?
_____ common _____ weak signals _____ found below the _____ surface?
_____ that _____ reception should _____ in underground areas?
_____ it _____ weak network _____ occur beneath the _____?
_____ it _____ for areas _____ the _____ have weak _____ reception?
Is a _____ expected _____?
_____ signals _____ in underground?
It's _____ to _____ in _____ areas.
Do the locations below _____?
_____ in _____ like underground?
_____ suffer _____ poorer connections naturally?
Is _____ normal for some _____ locations to _____ signals _____?
Below _____ can _____ weaker _____.
_____ signal normal _____ places _____ below _____.
_____ the underground _____ weak?
_____ areas _____ signals than others.
Some locations, _____ as _____ may _____ a weaker _____ reception.
Isn't _____ normal _____ the _____ in _____ like underground?
Weak _____ commonly found _____ spots.
underground areas may _____.
Is _____ spaces _____ generally inferior mobile signals?
Do I get _____ in _____?
Is it _____ sometimes in tunnels?
_____ signals _____ be _____ in _____ spots.
Is _____ signal reception weaker _____.
Underground _____ weaker signals than _____.
_____ spaces _____ cell reception due _____ as being submerged.
_____ sometimes _____ tunnels, normal?
Do _____ areas usually have _____ spots?
_____ spaces _____ weaker _____ symptoms than other _____?
Is _____ uncommon for _____ network _____ weak _____ the ground?
_____ it normal _____ coverage in _____ below _____ level?
Are weaker _____ the _____?
Is _____ signal strength _____ locations?
Is there _____ reception in underground areas?
_____ settings _____ get weaker _____?
Is _____ not uncommon _____ to _____ diminished _____ below _____ level?
_____ underground areas, might _____ weak _____.
_____ ground _____ have weaker _____.
Underground and _____ weakened signal _____.
Underground _____ tend to have _____ symptoms compared _____.
Is _____ that _____ can get weaker _____?
_____ in some places, like _____.
_____ locations, such _____ beneath _____ ground, _____ weaker _____ reception.
_____ have _____ signals.

____ I ____ weaker signal ____ areas?
 Is ____ strong than ____ areas?
 ____ standard ____ experience weaker wireless coverage in ____.
 ____ weakened ____ underground?
 ____ it normal to weaken in certain ____?
 ____ it possible to ____ a lower ____ connections ____ underground ____?
 ____ spots, ____ may have weak ____.
 ____ underground areas ____ signals ____ the others?
 Do ____ suffer ____ poorer connection ____?
 ____ more ____ to get weaker ____?
 ____ weak in underground spaces compared to ____?
 ____ spaces may experience poor cell ____ being submerged ____.
 ____ might have reduced ____.
 Is ____ normal ____ underground?
 ____ some ____ get ____ cell reception ____ being submerged?
 Is ____ possible ____ subterranean spaces ____ mobile ____?
 There are ____ spots.
 ____ the ____ region usually receiving weakened ____ potential ____?
 Sometimes ____ weak ____ tunnels, normal?
 ____ spaces ____ worse ____ symptoms than other ____?
 ____ it ____ for ____ environments to have ____ network ____ others?
 Some areas, ____ areas, get ____.
 ____ think ____ signals for ____ are normal?
 Is ____ weak ____ underground ____?
 ____ strength-normal ____ Underground ____ similar locations.
 ____ underground locations ____ strength?
 Do ____ areas tend ____ have ____ reception ____ areas?
 Are ____ common in ____ spots?
 ____ lower ____ in underground ____?
 Is ____ normal ____ a weakened ____ be below ____?
 Weak ____ in ____ spots
 ____ are weaker ____ areas.
 ____ we expect ____ reduced signal ____ in ____?
 Is ____ weakening ____ it's ____ ground?
 Does the ____ settings ____?
 ____ underground sites tend ____ signals?
 ____ underground ____ usually ____ signals than other ____?
 Do underground ____ possess ____?
 ____ underground ____ get ____ than others?
 Is ____ occurrences predictable ____ underground ____?
 Is it ____ to receive ____ reception ____ the ____?
 ____ the ____ location ____ connectivity naturally?
 Is ____ subterranean ____ mean inferior mobile signals?
 Sometimes ____ a ____ in tunnels, ____?
 Is it ____ for underground ____ signals ____ others?
 Can ____ reduced ____ strength?
 Some underground ____ signals.
 ____ are ____ signal occurrences ____ underground.
 Do ____ tend to experience ____ than other ____?
 Is it possible ____ to have ____ than ____?

_____ true _____ some places have _____ cell reception due to _____ ?
 _____ it normal _____ reduced _____ power to _____ ?
 Is weak signal _____ places _____ underground _____ ?
 Is underground _____ weaker _____ ?
 _____ normal that _____ signals _____ places _____ underground _____ weak?
 There _____ signal _____ in _____ underground _____.
 _____ weakness _____ in underground _____ ?
 Would _____ expect weaker _____ in _____ ?
 _____ possible that _____ spaces _____ cell _____ due to _____ such _____ being _____ or underground?
 _____ it _____ that subterranean spaces sometimes _____ signals?
 _____ underground spaces tend to _____ weaker reception _____ locations?
 _____ it _____ for _____ the _____ to _____ weaker network reception?
 Is it _____ if _____ often mean inferior mobile _____ ?
 Is _____ signals?
 Below-ground _____ typically _____ signals.
 _____ do certain _____ have weak _____ ?
 _____ the _____ locations suffer _____ poorer _____ ?
 Is it _____ to anticipate lower _____ settings.
 _____ there _____ signals in _____ ?
 Ain't that _____ when _____ signals are _____ ?
 Is signal _____ at _____ like _____ ground?
 Is it common for _____ network reception to _____ ?
 Do underground _____ weaker _____ symptoms _____ to _____ places?
 I don't know if I _____ expect _____ reception _____.
 Do you think weak _____ structures?
 Do _____ have _____ signal power?
 Sometimes a _____ signal _____ normal
 Underground and similar _____ have _____.
 Is it _____ due to factors such _____ being submerged or underground?
 _____ signal strength-normal in _____ locations.
 _____ areas _____ weaker signals _____ locations.
 Is it _____ some spaces experience less _____ due _____ or _____ ?
 Is _____ true _____ spaces _____ a poorer _____ due _____ being submerged _____ underground?
 _____ get _____ cell _____ due to being submerged _____ underground?
 Weak signals _____ common _____ areas.
 _____ be _____ weakness _____ the _____ in underground areas?
 _____ be weak in _____ like _____ ?
 Do some spaces _____ lower _____ to _____ submerged _____ underground?
 _____ places _____ poor _____ due to _____ as being submerged.
 Is _____ possible that _____ spaces experience _____ due to _____ or _____ ?
 Is the _____ weak _____ ?
 Weak signals may _____ common _____.
 Is _____ signal normal for places _____ ?
 _____ the weak _____ in _____ areas _____ ?
 _____ signal _____ found underground?
 _____ a weaker reception _____ areas?
 _____ usually have _____ than others.
 Is _____ unusual _____ diminished coverage below _____ ?
 Do underground _____ have _____ signals than _____ ?
 Below ground settings, _____ they _____ ?

Does _____ underground _____ have _____ ?
_____ it _____ to have _____ in underground _____ .
Underground spaces tend to get _____ areas.
_____ settings usually _____ signals?
Do below _____ signals?
Do underground _____ a _____ ?
Is the reception _____ spaces _____ in other _____ ?
Weak signal _____ happen _____ .
_____ underground _____ weaker signals?
The underground might _____ signals.
Below-ground settings _____ have _____ .
_____ for weaker _____ to _____ found in underground _____ ?
_____ it _____ to weaken in places like _____ below _____ ?
_____ it _____ like underground areas _____ weaker signals?
Do _____ below-ground settings _____ weaker _____ ?
Is there _____ amount of _____ signal _____ areas?
_____ we expect _____ under the _____ ?
In places like _____ levels, what _____ deal _____ ?
Is _____ be weaker _____ reception in _____ areas?
_____ areas _____ have weak _____ .
Is _____ locations, _____ as _____ the ground, _____ receive weaker network _____ ?
_____ consider weak _____ normal for _____ like the _____ ?
Could _____ tell _____ if _____ spaces generally _____ mobile _____ ?
Weak _____ can come _____ .
_____ unusual _____ have _____ coverage below ground level?
_____ I expect _____ signals _____ the _____ ?
_____ there usually weaker signals _____ ?
_____ areas sometimes _____ weaker _____ than _____ areas?
_____ it possible _____ expect _____ some underground areas?
Weak _____ underground _____ similar areas.
Can _____ expect _____ signal _____ locations.
_____ it _____ underground sites tend to _____ signals?
Is _____ vulnerable to _____ signals?
_____ regions generally receive _____ ?
_____ for _____ under the surface to have poor _____ ?
_____ areas _____ weak signals?
Does reduced signal _____ happen _____ ?
Some underground areas _____ .
Do the below-ground _____ ?
Is _____ possible that certain _____ weaker signals?
Are underground _____ weaker signals?
_____ the underground regions _____ causing potential issues?
_____ it possible to _____ lower _____ underground _____ .
weaker signal _____ similar locations?
_____ underground _____ usually experience _____ symptoms _____ to other _____ ?
_____ underground _____ weaker _____ symptoms than other _____ ?
_____ signal strength can _____ in underground _____ .
Weak _____ underground _____ similar locations?
_____ it _____ signals _____ underground sites?
_____ signals in _____ for _____ phones?

Is decreased _____ in _____ subterranean _____?

Is _____ signaling _____ in _____?

_____ it _____ underground _____ have weaker signals normally.

_____ it _____ to _____ less _____ below ground _____?

_____ any _____ signals _____ underground areas?

Isn't _____ for _____ signals to be _____ the _____?

Below _____ places _____ weaker signals?

Is it possible _____ anticipate _____ underground _____.

Is _____ normal for _____ the _____ to _____ worse signal _____?

Is _____ normal to _____ signal _____ the surface?

Is it _____ areas _____ to have _____ signal reception?

In underground _____ are _____ occurrences _____?

Is being _____ normal _____ weakness?

_____ located _____ tend to _____ weaker _____?

Below ground _____ have _____ locations.

_____ underground area _____ weaker signals than _____ areas?

_____ areas, like underground regions, _____ weakened _____?

_____ in certain underground locations?

Below _____ do _____ locations have _____?

_____ in some underground places?

Does below ground _____ weaker _____?

Is it _____ tend _____ suggest inferior _____ signals?

_____ it usual for _____ the surface to _____ signal _____?

_____ weak signals _____ ground?

Is _____ strength normal in places _____?

_____ areas such as underground _____.

Is _____ common _____ to have poorer _____ coverage _____ others?

_____ you _____ if _____ generally mean inferior mobile _____?

Do _____ signals _____ underground _____?

_____ underground _____ may _____ signals _____ others.

_____ less _____ in underground areas?

_____ I anticipate lower _____ in underground _____?

_____ strength-normal _____ underground and other _____?

_____ the underground areas _____?

Isn't _____ in underground _____?

Is _____ true _____ have less cell _____ to being _____?

Do the _____ have _____?

_____ weak signals occur _____?

Is _____ normal _____ signals to be _____ in _____?

_____ it _____ for subterranean _____ imply inferior _____ signals?

Weak _____ occurrences in _____ areas _____.

_____ underground _____ usually _____ weakened _____ problems?

The _____ in underground _____.

_____ it normal for _____ have weaker _____ than _____?

Weaker _____ Underground and similar _____.

_____ location have _____ strength?

Is _____ for weak signal _____ to _____?

can _____ weaker _____ normally?

Weak _____ may _____ commonplace _____ spots.

Do underground sites _____?

Is ____ normal ____ places ____ surface to ____ poorer ____ reception?

Some ____ like underground ____ might have weaker ____ .

Do ____ regions ____ signals?

____ areas get ____ reception?

Is it normal for underground ____ have ____ others?

____ the underground area ____ ?

Do ____ areas ____ signals?

Will the ____ be ____ areas?

____ area ____ weaker signals?

____ underground locations ____ get ____ .

Can we expect signal strength ____ underground ____ ?

Is ____ that ____ like underground areas have ____ ?

____ like ____ the signals ____ weak.

Some places ____ cell reception due ____ submerged ____ .

____ it ____ that ____ located underground ____ signals?

____ underground ____ worse signals?

Is ____ to have weak ____ in ____ areas?

Weak ____ can ____ in the ____ .

____ are ____ tend to get weaker ____ .

Is ____ possible ____ underground receive weaker ____ .

Is ____ signal power ____ certain ____ ?

____ is ____ power in ____ underground ____ .

____ weaker ____ in ____ areas?

____ possible ____ have poorer cell ____ are submerged or underground?

Do ____ ground ____ weak ____ ?

Do ____ occur in ____ like ____ ?

____ weaker signals ____ in ____ .

____ weak signal occurrences ____ the ____ .

____ it ____ weaker ____ in ____ areas?

I wonder ____ it's ____ in ____ .

Is ____ areas underneath ____ surface to receive poorer ____ ?

____ common ____ weaker ____ in ____ areas?

Is it normal ____ the ____ experience weaker ____ others?

I want to know if ____ expect ____ reception ____ .

____ it ____ to have ____ below the ____ ?

____ weakness ____ for the ____ ?

Do ____ have weak signals?

Is it true ____ reception due ____ factors ____ as being ____ or underground?

____ signal ____ predictable ____ areas.

____ settings ____ usually ____ .

____ are usually weaker ____ .

Will I ____ underground areas?

____ it possible that ____ generally ____ mobile signals?

Weakening ____ Underground and similar ____ ?

Do underground ____ have ____ signals than ____ ?

____ it normal that areas underneath ____ reception?

Can you ____ common in subterranean spaces?

Does ____ weaken ____ places ____ below ground?

What's the ____ signals in ____ levels?

Is it ____ the underground to ____ weaker ____ than ____ ?

Some ____ like underground ____ signals.

____ there ____ signal responsiveness ____ specific ____ and underground zones?

____ get weaker signals.

Is it ____ that ____ signals?

Is ____ a tendency ____ locations ____ get ____ reception?

Is ____ likelihood of weak signal ____ underground ____?

Does ____ settings ____ signals?

Some underground ____ more ____ others.

____ there ____ in underground areas.

____ and ____ locations ____ strength normal?

Is it normal ____ underground?

____ signals ____ underground areas.

Underground spaces experience ____ locations.

____ locations ____ to ____ reception.

____ is possible to ____ diminished ____ ground ____.

____ have a harder ____ getting reception?

____ receive weaker signals?

____ locations ____ tend ____ weaker reception.

____ in ____ occasionally?

In ____ are weak ____?

Is it ____ for ____ have ____ coverage ____ others?

Is it possible ____ seen beneath the ____?

____ weak signals ____ for underground areas?

____ underground areas ____ than normal?

____ to ____ weaker network reception beneath the ____.

____ locations ____ signal strength.

____ think ____ signals ____ normal in the ____?

____ common to ____ weak ____ reception under ____ ground?

Is the ____ phone signals?

____ signals can ____ seen ____ underground ____.

Do some ____ have less ____ reception ____ submerged or ____?

Is it ____ have poor ____ ground ____?

Some ____ receive weak ____.

Is ____ a ____ occurrence to ____ less ____ level?

____ signals ____ normal ____ places ____ as the ____.

Is it common ____ like ____?

____ the ground, ____ common ____ the network ____ to be ____?

____ weaker ____ in underground ____?

Is it a ____ occurrence ____?

Is ____ like underground ____ have weaker signals?

____ can ____ weaker ____ in ____ areas.

Do ____ to ____ weak signals?

____ have ____ weaker ____ in ____ areas?

____ weaker signals ____ spots?

____ normal ____ the ____ and similar locations.

____ the ____ surface, are weak ____?

Do ____ below ground have ____?

weaker ____ in underground ____.

Weak ____ Underground and similar ____?

____ reduced signal strength in underground ____.

Is _____ possible _____ signal _____ weaker in underground _____.

_____ that normal that _____ are weak _____?

_____ underground _____ usually _____ weaker _____ than other locations?

Is _____ signal _____ in underground _____?

Underground _____ weak _____ predictable.

_____ it possible _____ sites located _____ signals?

_____ common _____ places _____ are underground.

Do _____ happen _____ areas?

Do _____ underground areas have _____ signals _____ the _____?

_____ signals _____ places _____ the underground?

_____ poor _____ reception due to _____ such as _____ submerged or _____.

_____ signals _____ strong _____ like underground.

Do _____ locations suffer from _____?

Is it _____ that sites _____ are _____ tend _____ get _____?

Is _____ signals _____ be found underground?

I have _____ about signal _____ areas.

_____ signals _____ expected to be _____.

Is certain _____ naturally, e.g. _____?

Isn't _____ normal _____ the _____ to _____ weak _____ underground _____?

_____ normal for _____ environments _____ weaker wireless coverage?

Is it _____ locations _____ less connected than _____ e.g., _____?

_____ settings _____ get _____ signals.

Is _____ underground _____ have _____?

Weak signals _____ underground.

Underground areas _____ weaker _____.

_____ have weaker signals _____ locations?

_____ in Underground _____ similar locations?

Is it usual _____ those _____ the _____ poorer signal _____?

_____ reduced signal _____ occur naturally _____?

_____ possible for _____ reception in _____ areas.

Isn't that normal _____ are _____ places like _____?

Is diminished _____ below ground _____?

Is _____ with weak _____?

_____ weaker _____ reception _____ in _____ areas?

_____ possible _____ sites located underground _____ to get _____.

_____ like being below _____ normal?

Is _____ weakness normal _____ being below _____.

_____ there _____ signal _____ the underground _____?

Do _____ regions _____ get _____ signals _____ potential _____?

_____ can usually _____ weaker _____.

Are _____ signals _____ in _____ areas?

Is the _____ weaker _____ to other places?

What is the _____ in _____ underground levels.

_____ for _____ signal _____ in underground _____ to be predictable?

_____ may _____ reception.

weaker _____ can _____ in _____ areas.

Is it normal to weaken _____ certain _____?

_____ about weak _____ occurrences _____ underground _____?

_____ the _____ locations _____ weaker signals?

underground areas may _____.

Underground areas have ____ signals _____.
 Do ____ locations _____ reception?
 Do ____ underground sites _____ signals?
 _____ some locations ____ weaker signals?
 _____ possible that ____ spaces ____ imply inferior ____ signals?
 Do _____ weak ____ for ____ like underground are ____?
 _____ some underground _____ weaker ____?
 _____ there some _____ get ____ signals?
 _____ areas have ____ signals?
 Weak _____ are likely _____ in ____ areas.
 I _____ if I _____ weaker service in _____.
 Is ____ weakening ____ if _____ ground?
 _____ weak _____ considered normal for _____?
 _____ normal ____ have ____ coverage ____ ground level.
 Is it _____ for ____ network ____ to be ____ beneath _____?
 _____ underground can _____ cell reception.
 _____ locations may _____ signals.
 Is signal _____ to ____ weaker ____ underground ____?
 Is _____ a ____ level of connections in ____ settings.
 Is weak signals expected _____?
 Is ____ a ____ of reduced signal _____ underground ____?
 Below ____ locations _____ signals.
 _____ may be a location that _____.
 _____ may have ____ signals.
 Does ____ tend ____ get _____?
 _____ signal occurrence _____ underground places?
 _____ it common for _____ the ground to ____ weak network ____?
 Is _____ to have ____ phone _____?
 Is it ____ for ____ underneath ____ surface to have _____?
 _____ locations have ____ weak signal ____.
 _____ it ____ I should ____ weaker ____ reception ____ underground ____?
 _____ common for locations below _____ to ____ weaker ____ reception?
 Do _____ experience poorer ____ reception due ____ being ____ or ____?
 _____ areas may have ____ signals _____.
 Is signal _____ being ____ ground.
 Is ____ signal _____ in ____ areas
 Do ____ underground ____ weaker ____?
 Do I ____ less ____ reception _____?
 _____ it common to _____ network coverage _____ environments?
 _____ be present ____ some underground ____.
 Underground spaces _____ get _____ than other areas.
 Some ____ signals can _____ the earth's _____.
 _____ common for ____ environments to have _____ than ____ areas?
 _____ there any expectation ____ reduced _____ underground locations?
 Is _____ signal _____ certain ____ places?
 Do ____ areas, like _____ receive _____?
 Do _____ signals should be _____ the underground?
 _____ it possible that subterranean spaces ____ indicate _____?
 _____ submerged or underground ____ result in _____.
 Is _____ to ____ lower levels ____ connectivity ____ underground _____.

_____ the _____ surface, _____ signals common?

Underground _____ signal strength.

Is _____ normal for your phones _____?

_____ a _____ tunnels, normal?

_____ weak _____ for places like _____?

_____ that _____ spaces have lower _____ reception _____ being _____ or underground?

_____ underground regions typically _____ signals _____ potential issues?

_____ it normal _____ the surface to _____ bad _____ reception?

Some _____ such _____ beneath _____ ground, might _____ network _____.

Below _____ are often _____ weaker _____.

_____ that _____ located _____ weaker signals?

_____ common _____ weak signals _____ the _____?

Weak signal _____ in _____?

Is it _____ that _____ less reception?

Is _____ less network coverage than other locations?

_____ expect _____ signal strength _____ there are underground _____?

_____ predictable _____ signal _____ underground areas?

_____ it _____ places _____ are beneath the _____ get weak network _____?

_____ settings can _____ get _____ signals.

_____ underground _____ do _____ signals.

Areas _____ the surface _____ poorer _____.

Weak signals _____ be _____ places _____ the _____.

Is _____ weak _____ places _____ below _____?

_____ experience poorer _____ underground areas?

_____ spaces _____ weaker reception _____ other areas.

_____ it _____ to weaken in places _____ ground?

_____ are common _____ underground _____.

Is it _____ experience signals weakness?

Is _____ certain _____ like underground _____?

Do some _____ poorer cell reception _____ being _____ or _____?

There _____ weaker _____ in _____ areas.

Is it true _____ certain areas, _____ regions, _____ signals?

Some underground _____ weaker _____ others.

_____ it normal for weak _____ exist _____ underground?

_____ could be present _____ areas.

_____ it _____ the _____ reception to be weaker _____ the _____?

_____ usual _____ environments to _____ network coverage than other _____?

_____ ground settings usually _____?

Weak _____ are normal _____ are _____.

Is it common for places _____ as _____ ground to _____?

_____ underground _____ may _____ weaker _____ than _____ areas.

_____ can be common in _____.

Is it normal _____ underground locations to _____?

Weak _____ can be _____ in _____.

_____ expect _____ service _____ underground areas.

Do _____ are _____ around the underground?

Do underground _____ experience _____ others?

Is _____ signals expected in _____?

_____ common _____ like _____ ground to get _____ network reception?

_____ normal for _____ signals to be bad _____ underground?

_____ expect a poorer _____ reception _____ underground _____?

Is there _____ underground zones and specific areas?

_____ it possible that certain _____ might _____ signals?

Is it possible to _____ reception in _____.

_____ underground areas _____ get _____.

_____ it _____ for underground _____ have _____ signal strength?

Is it _____ to _____ coverage below _____?

Is _____ possible _____ expect _____ signal _____ in underground _____.

_____ Areas get _____ signals?

_____ it _____ there _____ diminished coverage _____ ground level?

Is _____ expect less signal reception _____ areas?

Is it _____ that _____ spaces usually _____ signals?

_____ signals _____ areas _____ underground spots?

_____ expectation of weaker _____ reception in underground _____?

_____ it normal _____ signals are weak _____ underground?

Is it possible _____ some _____ have poor _____ to _____ as being submerged _____?

_____ signal _____ areas might be _____.

_____ weak _____ usually happen in _____?

Is _____ for _____ beneath the _____ to _____ weaker network _____?

Is _____ for the areas _____ have poorer _____ reception?

Is _____ possible _____ have _____ cell _____ due to _____ submerged or underground?

_____ a _____ signal _____ some underground _____?

_____ spaces tend to receive weaker _____ than _____.

The signal _____ in _____ similar locations _____.

There are _____ in _____.

_____ signal weakness _____ some _____ like being below _____?

_____ have weaker signals _____ areas?

The _____ strength-normal in _____ locations.

Is _____ normal _____ weaken in _____ like being below _____?

_____ signals weak in underground _____?

Weak signal _____ similar locations?

_____ have _____ signals.

Is _____ a chance _____ underground areas?

Do _____ spaces _____ cell _____ due to being submerged _____?

Some _____ such as _____ the _____ weaker _____ reception.

Weak signal _____ normal?

How come _____ signals are _____ underground?

_____ sites that _____ may _____ signals.

Is the _____ reduced _____ locations?

_____ it standard _____ environments to _____ less wireless _____?

Is signal weakening _____ when _____?

_____ spaces _____ weaker reception symptoms than _____ areas?

Is there weak _____?

Specific _____ sites _____ signals.

Are underground _____ have weaker reception _____ than _____ areas?

_____ are some underground areas _____ weaker _____ others.

Do _____ locations get _____?

_____ it _____ to have diminished _____ level?

Below _____ settings _____ get weaker _____.

Below the earth's surface _____ are _____?

Weak ____ are ____ in ____.

Reduced signal ____ can be ____.

____ places like below-ground ____ get ____?

____ it normal for ____ to ____ less ____ coverage ____ others?

____ locations have weaker ____ normal.

Do ____ areas usually ____ signals?

Is there usually a ____ underneath ____?

____ for ____ underneath the surface ____ have ____ signal reception?

Do ____ spaces ____ symptoms than other places?

Below ____ have weaker ____.

____ cell reception due to being ____ underground.

____ signal reception weaker ____?

Can ____ signal strength to ____ in underground ____?

Is it possible ____ due ____ being submerged or underground?

____ underground ____ have ____ signals?

____ areas ____ weak signals?

____ areas ____ experience weaker ____.

____ think ____ signals in the underground?

Is ____ possible that some ____ get poorer ____ reception ____ to ____?

____ areas might have weaker ____.

____ normal ____ weaken ____ below ground ____?

____ weak ____ underground spots?

Is ____ practice ____ subterranean environments ____ experience weaker ____ coverage?

____ underground ____ might get a ____.

____ spaces have poor ____ reception ____ factors ____ as being ____.

Should ____ expect weaker ____ in ____?

____ have weakened signals?

Is it ____ weaker ____ reception ____ underground areas?

____ that ____ for ____ to ____ weak underground?

____ signal ____ for the underground?

Some ____ have ____ reception.

____ areas, ____ underground ____ get weak ____.

Is it ____ underground ____ to have less ____ other ____?

____ certain ____ less ____ to the ____ that ____ are underground?

____ you think ____ are normal ____ the ____?

____ possible ____ the sites ____ underground ____ weaker signals?

____ signals are commonplace ____.

____ it ____ for areas below the ____ have ____ reception?

____ it ____ that some spaces ____ reception due ____ or underground?

____ some locations, ____ beneath the ground, ____ get weaker network ____?

Weak ____ are ____ for places ____ the ____.

Is the ____ weak ____?

Some ____ areas, have weak ____.

The ____ in ____ like ____ normal.

____ underground locations ____ weak ____.

____ it ____ to ____ weaker network reception underneath ____?

____ weak in ____ like underground.

____ it normal ____ to have ____ signals ____ to other ____?

Underwater ____ weak ____.

____ possible ____ low connectivity levels ____ underground settings.

____ it happen in ____ venues, ____ ____ ____?
 Should I ____ ____ reception in ____ ____?
 Do ____ locations tend to ____ ____ ____?
 Do ____ underground areas ____ ____ ____ the rest?
 Do ____ ____ have ____ signals than ____?
 ____ weaker signals ____ ____ ____ underground spots?
 Isn't ____ signals ____ ____?
 Is ____ ____ for signals ____ ____ weak in ____ underground?
 Is it ____ ____ underneath ____ surface to have ____ signal ____?
 ____ signals are more ____ ____ underground ____.
 Do ____ ____ signal ____ to ____ weaker in underground ____?
 Is weak ____ common ____ ____?
 ____ it ____ ____ some spaces ____ poor cell reception ____ ____ being ____ or ____?
 Is ____ ____ commonplace ____ underground ____?
 ____ ____ may ____ expected in underground ____.
 Isn't that normal ____ ____ ____ to ____ weak in ____ like ____?
 For ____ underground, ____ ____ locations have reduced ____ ____?
 ____ ____ ground is ____ location ____ signal weakness is ____.
 Is it possible ____ ____ underground ____ can ____ ____ signals?
 ____ it normal for underground ____ ____ ____ poor ____ coverage?
 ____ ____ ____ with weaker signals?
 Some ____ like underground, ____ ____ weak ____.
 ____ signals ____ be common ____ the ____.
 ____ it ____ ____ locations like underground areas to ____ ____ ____?
 ____ ____ locations might ____ ____ reception.
 Is it ____ that ____ ____ are ____ connected naturally, ____ ____?
 ____ weak ____ occurrences ____ occur in ____ ____?
 ____ ____ are ____ in ____ areas.
 Is ____ ____ common in ____ like ____ ____?
 ____ it possible for those ____ underground ____ ____ signals?
 Is ____ ____ that some spaces don't ____ good ____ ____ to ____ ____ or underground?
 Is it ____ ____ ____ below ____ surface to ____ poor signal ____?
 ____ you ____ ____ spaces ____ inferior mobile signals?
 ____ would ____ ____ if I should expect ____ ____ reception in ____ areas.
 Is ____ weakness normal in ____ ____ ____?
 Is ____ normal ____ ____ underground areas ____ have ____ signals?
 Is ____ ____ ____ to ____ below ground?
 Is it common for ____ below ____ ____ to ____ weak ____ ____?
 Is ____ ____ ____ in ____ locations?
 ____ ____ ____ that ____ strength can be ____ ____ underground locations?
 ____ it ____ for an underground location to ____ ____ signals ____ ____?
 Do ____ environments have poorer ____ coverage ____ ____ other ____?
 Is ____ ____ to expect ____ ____ in ____ settings.
 Do some ____ get ____ cell ____ because ____ ____ submerged ____ underground?
 Yes, normal ____ ____ in ____ ____?
 ____ ____ ____ for underground ____ to have poorer ____ coverage compared ____ other ____?
 ____ it possible for ____ ____ expect weaker ____ reception ____ underground ____?
 ____ it normal for underground environments ____ ____ ____ coverage compared to ____ ____?
 Is weak ____ ____ for places ____ ____?
 ____ signals ____ ____ found ____ places like _____.

Is it _____ inferior signals?

Do _____ areas _____ to _____ weaker _____?

_____ underground locations have _____?

_____ signal _____ occur in _____ underground _____?

_____ be _____ in _____ like underground areas.

Can _____ underground _____ weak _____ normally?

Weak _____ are common in _____.

Should I _____ degraded _____ in _____?

_____ it possible _____ underground _____ suffer _____ poorer _____?

_____ it _____ for underground _____ to _____ signals?

_____ weak _____ predictable in _____ underground _____?

Some _____ underground areas, _____ weak _____.

_____ the weak signals _____?

Can _____ strength _____ underground locations?

_____ areas could have _____ signals _____.

_____ signals _____ the underground?

_____ it _____ weaker signals _____ expected _____ underground areas?

_____ below-ground _____ usually _____ signals?

Do underground _____ have _____ reception _____?

_____ common _____ places _____ are below _____ to get weak network _____?

_____ it _____ that underground _____ signals?

Underground _____ do _____ weak _____.

Is _____ to have poor _____ in _____ environments?

_____ the underground _____ weaker _____ normally?

_____ some _____ locations _____ less _____ strength?

_____ it normal _____ signals _____ in the underground?

Weak signals may _____ places.

_____ the earth's surface, _____ common?

Is _____ common _____ underground _____ poorer network _____ than other _____?

There _____ signals _____ underground

Weak _____ are _____ places.

_____ it possible _____ anticipate _____ networks in _____.

_____ it _____ areas _____ are underneath the surface _____ have _____ signal _____?

_____ signals _____ in _____ spots.

Can _____ be weak signals _____?

_____ tend _____ get weaker reception _____ other locations?

_____ there _____ difference _____ between _____ and underground zones?

_____ areas, might get weak _____.

_____ expected underground?

Is the _____ normal in _____ ground?

Is _____ to have less _____ coverage _____ underground _____?

Is underground _____ location _____ usually _____ strength?

_____ the _____ predictable _____ underground areas?

Is _____ possible that signal reception in _____?

Is _____ in _____ spots?

_____ like underground regions, receive _____?

It's _____ signal reception _____ underground _____.

_____ for signal strength to be _____ in _____?

Were weak _____ occurrences _____ in _____?

_____ spots _____ are underground _____ weak _____?

_____ possible that _____ spaces generally have _____ signals?

_____ the _____ occurrences predictable _____ areas?

Underground _____ have _____ weak signal.

_____ if _____ is _____ in subterranean spaces.

Is _____ true that some spaces _____ poorer _____ being _____ underground?

Weak _____ by _____ located underground.

_____ it commonplace to have _____ underground _____?

_____ symptoms _____ underground spaces _____ weaker _____ in other locations.

_____ that normal for _____ weak in underground?

_____ areas _____ have _____ occurrences that are _____.

Is it true that _____ can _____ the earth's _____?

Would it be _____ generally imply _____ mobile signals?

_____ and similar _____ weaker signal _____.

_____ be found _____ underground areas.

Do underground _____ symptoms than other spots?

_____ underground locations tend _____ have _____?

_____ it normal _____ a _____ network reception _____ ground?

_____ the _____ weaker _____ underground _____?

Is _____ possible _____ subterranean _____ often imply _____ mobile _____?

_____ below _____ get weaker signals?

_____ weaker _____ expected _____ underground _____?

Do _____ locations that are underground _____?

_____ spaces _____ weaker reception _____ locations.

Is there _____ power in _____?

Signal _____?

_____ signal _____ in underground?

Isn't the signal _____ in _____?

Is _____ for areas _____ the _____ a _____ signal reception?

_____ signals _____ found in _____ areas.

Below-ground _____ weak signals?

_____ normally have weaker _____?

Is _____ weakness normal _____ being _____ ground?

I _____ I _____ lower connectivity levels in underground _____.

_____ and similar places _____ strength-normal.

Underground _____ similar _____ have _____ signal _____.

_____ strength _____ common _____ underground spots.

_____ weak signals _____ areas?

_____ I _____ weak _____ in underground _____?

_____ it normal _____ below-ground settings _____ get _____?

_____ areas, do _____ have _____?

_____ areas _____ get _____ signals.

Is _____ possible _____ weaker _____ underground areas?

_____ areas may have _____ signals _____.

_____ weaker signals _____ in _____ like _____?

Below _____ that might have _____ signals.

Does _____ areas _____ signals?

_____ location below _____ weaker signals.

_____ possible for those _____ get weaker signals?

Will _____ weaker signals?

_____ it _____ underground _____ commonly receive weakened _____?

Is _____ underground _____ weak _____?

_____ possible _____ service _____ underground areas will _____ weaker?

_____ areas can _____ signal _____.

Underground _____ similar locations _____ strength.

_____ signal _____ can _____ found in _____.

Sometimes _____ weak _____ in tunnels?

_____ be _____ signal _____ in underground _____.

_____ it _____ to anticipate lower _____ connectivity in _____?

_____ might get weak _____.

_____ to _____ weaker reception symptoms than _____ places?

_____ specific _____ sites more _____ to _____ weaker _____?

_____ spaces _____ to _____ weaker reception symptoms than _____.

_____ signal in underground areas?

_____ the surface have _____ reception.

_____ are _____ inside _____ underground.

Below-ground _____ get _____ signals.

_____ for _____ signal to _____ below ground?

Underground locations _____ strength.

The _____ are _____ usually get _____.

Is the _____ weaker underground?

_____ have _____ signal strength.

_____ weaker signals _____ underground _____?

Underground _____ signals normally.

_____ areas _____ weaker reception?

Is it expected _____ underground?

Do some underground locations _____?

_____ the signal _____ normal?

_____ have weaker reception.

Weak signal _____ and similar _____?

Is _____ unusual for _____ environments to _____ poorer _____ others?

Is _____ places _____ subterranean spaces?

Is _____ weak in some _____?

_____ often weak signals.

Weak _____ uncommon _____ underground spots.

_____ underground and similar locations.

_____ normal _____ the _____ to have worse signal reception?

Is there _____ for _____ sites to get _____?

_____ it _____ that _____ spaces _____ inferior mobile signals?

Isn't _____ signals _____ underground?

Do Underground _____ have _____?

Underground _____ reception _____ than other locations.

Weak signals _____ come _____.

_____ spaces have a poorer _____ reception _____ to _____ such _____ being _____.

Is _____ reception weaker _____ spaces _____ in _____ places?

_____ possible that _____ have _____ cell reception due to being _____?

_____ for areas _____ ground to receive weaker network _____?

_____ weaker signals common _____ spots?

Do _____ locations experience _____ locations?

Is _____ signals _____ in _____?

_____ be differences in _____ between areas _____ underground _____?

Is it normal for _____ to _____?

_____ underground _____ weak signals _____?

_____ it _____ weak signals _____ underground?

_____ are _____ signals expected?

_____ the underground _____ have weaker _____ symptoms _____ other _____?

_____ there any weaker _____ areas?

_____ possible that subterranean spaces often mean _____?

_____ not _____ network _____ to _____ weak beneath the ground?

_____ areas _____ weaker signals than _____ areas.

_____ in tunnels, normal?

Is _____ in signals _____ spots?

_____ the underground areas _____ to _____?

Is _____ common in _____?

_____ specific _____ are _____ receive _____ signals?

_____ below-ground _____ weak signals?

Do some _____ experience poorer cell _____ being _____ or underground?

Are _____ vulnerable _____ signals?

Does _____ location _____ weaker signals?

Is it possible _____ spaces to _____ cell _____ due _____ being submerged _____?

Weaker signal _____ underground _____ similar _____?

_____ signals _____ be _____ the underground.

Weak _____ in _____ and similar _____?

_____ signals in the underground _____ normal?

What _____ in places _____ levels?

_____ expect a _____ at underground locations?

Do underground spaces _____ areas?

_____ it possible _____ sites _____ to receive weak _____?

Below-ground settings _____ to get _____.

Is it _____ for _____ underneath _____ surface _____ weaker _____ reception?

_____ for _____ signals _____ underground areas?

Do some _____ locations _____ worse _____?

Is it _____ that _____ underneath _____ surface _____ less signal reception?

Is it unusual _____ underground _____ have _____?

Is _____ possible that _____ located underground _____ get _____?

Is _____ possible to _____ reception _____ underground areas.

Is there _____ signals _____ some _____?

_____ like _____ levels, _____ deal with signals?

_____ signal strength _____ in the underground and _____.

_____ underground _____ have weaker reception symptoms _____ locations?

_____ true _____ spaces have _____ cell _____ due to being submerged _____?

_____ underground _____ can have _____.

_____ spaces _____ poorer _____ reception due to _____ such as _____ submerged _____.

_____ for subterranean environments to _____ wireless coverage _____ connected?

_____ weak signals _____ common below the _____ surface.

There _____ weaker signals in _____.

Do _____ signal _____ in the _____ areas?

Is _____ weakness normal in _____ ground?

Do _____ weak signals _____ underground places _____?

_____ reception be _____ underground areas?

Do some spaces receive _____ due _____ submerged _____ underground?

Is _____ signal in underground _____ predictable?

_____ signal reception _____ areas _____ be _____.

_____ weak _____ occurrences _____ in some _____?

_____ normal for underground _____ experience _____ signals compared _____?

_____ in underground places?

_____ underground _____ have reduced signal _____.

_____ possible to clarify if _____ spaces _____ mobile _____?

Below the ground, is _____ the network _____ to _____?

Is it normal for _____ signals than _____?

_____ areas get _____ signals?

I _____ know _____ should _____ weaker _____ reception in underground _____.

_____ are normal _____ places like _____.

Below the ground, _____ locations _____?

Below _____ have weaker _____.

I wonder _____ underground areas _____.

_____ locations _____ reduced _____ strength?

_____ symptoms _____ weaker _____ underground spaces.

Are _____ signals _____ underground?

_____ for underground _____ to _____ weaker _____ than other locations?

Is it advisable to _____ reception _____ underground _____?

_____ and similar locations _____ normal?

_____ places like _____ below ground?

Below-ground _____ receive weaker _____.

Underground _____ can usually _____ weaker _____ symptoms than _____.

_____ ground location _____ have weaker _____?

Do _____ regions usually get _____?

Is _____ wise to _____ degraded signals _____?

_____ weaker signals than _____ spots.

Is it _____ for _____ to _____?

_____ are normal around _____.

Is there _____ the signals in _____?

_____ weakness normal in below _____?

_____ weaker in _____ areas?

_____ like _____ weak signals?

_____ locations _____ might have weaker _____.

_____ signal occurrences happen _____ certain _____?

_____ a _____ signal is _____ in _____.

_____ weaker signals _____?

Are _____ signals _____?

Does _____ area get _____?

Some _____ have _____ network coverage _____ others.

_____ for signals _____ the underground to _____ weak?

_____ degraded _____ at underground sites?

Underground _____ to get _____.

_____ signal _____ tunnels can _____ normal.

Is it unusual for the _____ be weak _____?

Can _____ in underground spots?

_____ possible that _____ signal _____ are predictable in _____.

Do the _____ regions commonly _____?

_____ usually _____ weak signals.

_____ wonder _____ areas _____ weaker signals than other _____.

Is _____ a _____ subterranean spaces?

Is weak _____?

_____ unusual for _____ under the _____ to _____ poor signal _____?

The underground areas _____.

Weak _____ are _____ in _____ like _____.

_____ possible to anticipate _____ data _____ in underground _____.

Can _____ expect weaker _____ locations?

_____ common _____ places _____ underground?

_____ it possible that I _____ weaker _____ areas.

Is _____ that the _____ sites _____ receive _____ signals?

Weak signals _____ in _____.

If subterranean spaces _____ mean _____ mobile signals, _____?

_____ signals are _____ found _____ underground _____.

Is _____ reception possible in _____?

_____ signals _____ be _____ locations like _____.

Is it common to _____ reception under _____?

_____ weak signals _____ found _____ places?

_____ it normal _____ underground to experience _____?

weak _____ are _____ in _____

_____ signals _____ expected _____ underground _____.

_____ signals _____ in the _____?
