

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Tariff rates and pricing information
Inquiry Sub-Category	Bill calculations
Description	Customers seeking assistance with understanding how their electricity bills are calculated, including explanations on unit rates, consumption charges, taxes, and any additional fees that may be included in their bill.
Data Size	5,037 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

How ____ unit ____ to ____ electricity consumption charges?

I ____ know the method and practical application ____ unit ____ consumption ____.

____ rates are calculated and ____ my electricity ____?

____ determine ____ apply unit rates ____ electric usage?

What ____ unit rates calculated by ____ applied ____ with ____ charges ____ my ____?

What ____ the unit ____ for my ____?

____ unit rates used for ____ usage costs?

____ are unit rates ____ by and ____ my ____ usage ____?

The ____ that we ____ the ____ is how ____ to electricity charges.

What sets ____ rates ____ bill?

____ do you determine ____ consumption?

____ does unit ____ bills?

What is the ____ determining unit ____ electric ____?

____ we have on ____ how unit rates are ____ to my ____.

I'm interested ____ the ____ applying unit ____ to my electric usage ____.

____ want to know what the ____ for ____ and ____ unit ____ to my ____.

____ don't know ____ to determine and ____ to ____ electric ____.

____ unit rates ____ and ____ my charging practices for ____ consumption in ____?

What ____ unit ____ calculated by and ____ to ____ for ____ consumption ____ house?

How ____ determine ____ to my electric usage ____?

How ____ you ____ rates ____ electric ____?

How do ____ apply ____ electric ____?

The ____ we ____ rates ____ to my electricity charges.

What is ____ for determining electricity ____ unit ____?

____ unit ____ are ____ my ____ use?

Is unit rates ____ applied to my ____ use?

____ do ____ my ____ consumption charges with ____ rates?

Is it ____ to ____ unit ____ for my ____.

What _____ the procedure _____ calculating and _____ unit _____ for _____?

_____ can _____ be _____ applied to electric bills?

_____ about _____ unit rates _____ usage?

What are _____ rates that _____ my _____ use?

What _____ unit rates used _____ my _____ practices _____ usage?

_____ there _____ method _____ practical application of _____ rates to _____ charges?

_____ know _____ electrical bill's unit _____?

How _____ determine my _____ charges?

Is _____ possible _____ illuminate the _____ determining and _____ rates to _____ electric _____?

_____ I use unit rates to _____ my _____?

How _____ I determine _____ for _____?

What are my _____ used _____ electricity _____ charges?

_____ are _____ in my electricity _____?

Is there _____ or _____ application of unit _____ to determine _____?

How _____ one _____ rates _____ electric bills?

What are _____ unit _____ for _____ consumption charges?

_____ do _____ to calculate unit rates on _____?

_____ are the unit _____ used _____ my _____?

Can you tell _____ the _____ are _____ my electricity consumption _____?

Is _____ a way to _____ for electricity _____?

_____ are _____ calculated _____ applied to with _____ charging practices for electricity in _____?

_____ do you come _____ with unit rates _____?

_____ is the _____ unit _____ for _____ consumption costs?

There's a process _____ and applying unit _____ charges.

_____ have on the table is _____ rates are _____ to _____ electricity _____.

How _____ are used _____ my _____.

I need _____ the _____ practical application of unit _____ to _____ electricity _____.

_____ I find _____ unit rate for _____ bill?

How _____ the unit rates for _____ electrical _____?

Electricity _____ charges are _____ how _____ set?

There _____ for _____ and _____ rates are set.

What's _____ for calculating _____ rates _____ bills?

How are the unit _____ applied _____ electricity _____?

_____ is the setting of _____ on my _____?

How _____ are applied _____ is _____ we _____ on the table.

_____ calculated for my _____ use?

What _____ rates calculated by and _____ my charging practices _____ my house?

_____ I _____ the unit rates for _____ electrical _____?

_____ unit rates _____ my electricity use?

_____ want to know _____ application of _____ to determine my electricity _____.

I'm _____ about _____ applying unit _____ to _____ electric _____ charges.

What _____ unit _____ calculated _____ and _____ my electricity _____ charges?

_____ consumption charges with the use of unit _____?

_____ process for _____ unit rates on _____ bills is _____.

How _____ rates applied to _____ for _____ usage?

The _____ determining _____ applying unit _____ to _____ electric _____

What _____ applied _____ my charging _____ for _____ consumption in _____ home?

I need _____ know how _____ rates are _____ costs.

_____ want to _____ process _____ calculating _____ applying unit rates _____ electric _____ charges.

How _____ for using unit _____ on _____ bills _____?

What ____ the unit ____ and ____ to my charging ____ for ____ consumption in ____ ?
 ____ do ____ apply unit rates ____ usage?

Can ____ tell ____ company calculates and uses ____ for electricity ____?

What are ____ unit ____ calculated by ____ to ____ my ____ practices for ____ ?

How ____ I calculate ____ unit ____ for my ____ ?

How do I ____ unit ____ for ____ consumption?
 ____ unit rates ____ to my ____ ?

I ____ like to ____ of calculating ____ unit rates to ____ charges.

How are unit ____ to ____ my electricity ____ ?

How do you ____ unit rates for ____ ?

What about my ____ is determined ____ unit ____ ?

There's ____ about ____ to compute ____ units.

I need to learn more ____ the ____ of ____ rates to ____ electric ____ .

Is ____ to ____ apply unit rates ____ electric ____ .

I ____ to know ____ to ____ my electricity bill.
 ____ apply ____ for electric ____ costs?

How are the ____ rates calculated ____ usage ____ ?

How ____ I ____ unit rates ____ my ____ bill?
 ____ applied to my ____ consumption charges.

What is ____ relationship ____ and my power ____ ?
 ____ process do ____ use ____ unit ____ power costs?

How do you ____ and ____ unit ____ to ____ ?
 ____ a question ____ about ____ unit rates are applied to ____ electricity ____ .
 ____ how to ____ electric ____

How do you determine ____ rates ____ power ____

What _____ unit _____ calculated _____ charges?

What are _____ rates _____ and apply _____ my _____ for electricity _____ house?
_____ do you _____ determine and apply _____ rates _____ electric _____?
_____ are _____ applied _____ use charges?

What _____ rates calculated and _____ to my _____ for electricity consumption _____?
_____ a way _____ determine _____ use unit _____ energy charges?

Is my _____ rates _____ by and apply _____?
_____ are _____ rates _____ with my _____ charges?

How _____ use _____ unit rates for my _____?
_____ do I figure the _____ my electricity _____?
_____ do _____ find the unit _____ my electric _____?
_____ are _____ rates calculated _____ electricity _____?

How do you _____ unit _____ power costs?

How _____ to electric consumption?
_____ you _____ unit rates for my power _____?
_____ have a process for calculating _____ on my _____?
_____ unit _____ to my charges _____ electricity _____?

How _____ rates _____ applied to _____ usage?

How do _____ figure _____ bill _____ rates?
_____ need to _____ more _____ process _____ and applying _____ to _____ usage charges.
_____ and _____ unit rates for electric _____?
_____ to _____ how unit _____ applied to my electric usage _____.

How do _____ unit rates are _____ electricity _____?
_____ is the _____ you _____ to _____ unit rates _____ my _____?

How to figure and use _____?

How _____ and apply _____ to _____ electric usage?

The making _____ of unit _____ of _____ costs

The _____ are _____ and applied _____ for electricity consumption.
_____ you _____ unit rates are _____ determine _____ electric consumption _____?
_____ you determine _____ unit _____ electricity use?
_____ can _____ determined _____ used _____ power bills.

What _____ my _____ for _____ charges?
_____ should I calculate and _____ rates _____ electric _____?

How can I _____ consumption _____ unit rates?

How _____ I put _____ my electric _____?

Unit _____ to _____ for _____ usage

How do I know _____ the _____ rates are _____?

What are _____ power bill.
_____ you use _____ rates _____ power _____.
_____ unit _____ when _____ electric costs?
_____ want to _____ how to _____ charge _____.
_____ am wondering about _____ of determining _____ applying unit rates to _____.
_____ unit _____ calculated for _____ electricity consumption?

How _____ rates _____ electricity usage costs?

How _____ we _____ to determine _____ billing amounts?

The question _____ the _____ is, _____ rates are applied _____ my _____ charges.

Unit _____ electricity _____ are _____ applied _____ my charges.

_____ a way _____ determine _____ unit _____ my electricity _____ charge.
 _____ are _____ unit _____ my electricity use?
 What type of process _____ you _____ to _____ my _____ costs?
 _____ are _____ rates _____ on _____ bill?
 How _____ know _____ unit rate _____ an _____ bill?
 _____ does _____ take _____ and apply _____ to electric bills?
 I want _____ find out _____ to _____ charge _____.
 _____ should _____ unit rates be _____?
 How _____ calculate _____ unit _____ in my electric _____?
 _____ interested _____ more _____ the _____ of determining unit _____ my electric _____ charges.
 _____ can I _____ and _____ unit _____ electric consumption.
 _____ do _____ find _____ unit _____ electricity bills?
 Is the unit _____ calculated by _____ applied _____ charging _____ electricity _____?
 What unit _____ charges _____ electricity?
 How _____ unit rates _____ electric consumption.
 _____ to _____ how _____ company uses unit _____ calculate _____ electricity expenses.
 A _____ rates for _____.
 What _____ my _____ rates applied _____ my _____ for _____ in _____ house?
 _____ are _____ applied to _____ charging _____ for electricity _____?
 _____ me _____ unit rates to calculate electricity expenses?
 _____ unit rates calculated by and applied _____ my charges _____ my _____?
 What _____ unit rates _____ and _____ my _____ consumption?
 _____ you determine unit _____ on _____?
 _____ unit _____ calculated for _____ electrical use?
 The question we _____ unit rates _____ applied _____ my _____ charges. _____
 How do _____ the unit _____ of _____ electricity _____?
 How _____ rates _____ used for _____ bill?
 What _____ unit _____ calculated _____ for electricity?
 Is there _____ way to apply unit _____ billing _____?
 _____ are _____ rates calculated and _____ to _____ electricity _____?
 What _____ unit rates _____ applied to _____ my charging _____ consumption in _____?
 _____ how _____ rates _____ applied to my _____ is _____ the table.
 There's _____ process _____ unit _____ to my electric bill.
 How unit rates are _____ electricity _____ is _____ we _____.
 _____ do _____ rates on my electrical bill?
 _____ are _____ calculated for _____ charges?
 _____ learn more _____ the _____ of _____ unit rates to _____ electric usage _____.
 _____ unit _____ applied _____ charges for electricity?
 _____ do I _____ for my electric _____.
 _____ are _____ unit rates calculated and applied _____ for _____ in _____?
 _____ know more about how _____ are applied _____ electric _____ charges.
 _____ is the process _____ determining _____ charges using _____?
 How _____ rates affect _____ electric _____?
 Is there _____ way _____ determine my _____ charges using _____.
 _____ charges _____ determined _____ unit rates?
 _____ process you use _____ calculating unit _____ on my power _____.
 _____ unit rates to electric _____.
 I _____ how your company calculates _____ towards my electricity costs.
 What unit rates _____ my charging practices _____ electricity _____?
 _____ electric _____ assessed _____ to unit _____?

_____ you _____ me _____ the process _____ determining and _____ unit rates to my _____ _____ ?

Is electric costs _____ based _____ ?

What are the unit _____ calculated by and _____ when _____ electricity _____ ?

_____ calculate and _____ unit _____ for electric use?

Is _____ way _____ rates to _____ electric usage charges?

_____ can _____ determine _____ apply unit rates _____ consumption.

I am _____ to the process of determining _____ to _____ electric _____ .

_____ there _____ way to _____ unit rates _____ bills?
