

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Technical specifications and requirements
Inquiry Sub-Category	Performance and Efficiency
Description	Inquiries about the performance metrics, energy efficiency ratings, noise levels, and water consumption of our appliances.
Data Size	6,279 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

How ____ this ____ ____ reducing energy ____ ____ comparison with ____ ____ products ____ the market?

____ does ____ appliance use ____ energy ____ ____

Does ____ ____ energy usage?

Does ____ invention ____ ____ than others?

____ does this appliance ____ ____ to other ones?

Does ____ product ____ energy ____?

How ____ ____ product ____ decrease ____ energy?

____ ____ up against similar ____ when it comes to ____ usage?

What is ____ contraption doing ____ cut ____ ____?

Can ____ product ____ energy?

____ this ____ different in ____ ____ to other products?

____ this appliance ____ ____ in ____ to other products?

____ does the ____ down ____ usage?

Does the ____ waste in ____ similar ____ the market?

Does the appliance save ____ than ____ the ____?

____ like to know ____ appliance is ____ other options.

____ device help to reduce ____?

I'm ____ ____ can cut ____ on energy usage.

____ there ____ way ____ lower ____ usage by ____ ____ opposed to other devices on ____?

____ tell me ____ the appliance can cut ____ usage?

____ the ____ help reduce ____ waste?

____ the appliance ____ energy?

How can ____ reduce ____ waste ____?

____ clarify, ____ does this ____ energy waste?

____ compared ____ does your appliance contribute to ____ overall power ____?

What ____ does ____ appliance ____ reduce ____ loss?

Does ____ device help reduce ____ similar products?

____ your ____ features ____ waste more ____ than peers?

How ____ save ____ over its alternatives?

Will ____ appliance ____ able to ____ reduce ____?

_____ we _____ efficiency from _____ device, which can _____ to _____ consumption?

_____ is this _____ better _____ energy _____ other equipment?

_____ makes _____ device better _____ saving _____ other things?

_____ do _____ apparatus save more _____?

_____ gadget more power efficient _____?

_____ does this appliance _____ down _____ usage more _____ other _____?

_____ this appliance _____ than other _____?

The appliance _____ waste _____ similar _____ in the market.

What impact _____ this _____ energy waste compared _____ other _____ on the _____?

_____ this gizmo _____ at _____ energy _____ the _____ junk?

_____ this gizmo _____ at saving _____ the other _____ out _____?

_____ does this _____ help _____ use?

_____ gizmo _____ more power?

_____ the _____ help _____ use?

_____ save more energy

_____ helps _____ compared to _____ available.

_____ help _____ energy _____ like similar items?

Tell _____ how this appliance reduces energy consumption _____.

How comparable _____ product to _____ in cutting _____ electricity _____?

_____ this gizmo _____ at saving energy _____ the _____ junk out _____?

_____ this appliance _____ to lower _____?

_____ this appliance save _____?

_____ more efficient in terms _____ energy use?

Does _____ power?

_____ from _____ device, enabling less power use?

_____ an enhanced eco-efficiency _____ model?

_____ know _____ this equipment _____ energy waste _____ than its _____?

What _____ from _____ out _____ of reducing electricity waste?

Does _____ appliance _____ energy consumption?

When it _____ cutting _____ electricity usage, how _____ with other similar _____?

_____ does _____ usage _____ compared to _____ devices on the market?

_____ terms, _____ is this _____ better _____ electricity than its _____?

When _____ today, has _____ energy use _____ reduced?

_____ this _____ different in _____ down on _____ use

Does _____ compare to other similar _____ it _____ cutting _____ electricity _____?

_____ this _____ more _____ those other _____?

Is _____ this device lowers _____ opposed _____ other devices?

_____ can this _____ to _____ energy.

Does _____ utilization have been _____?

_____ this gizmo _____ waste?

Is this appliance _____ than _____ available?

Do _____ know how this appliance _____ waste _____ in the market?

_____ product reduce _____ as a _____?

_____ you _____ this _____ save more energy than _____ products?

_____ did _____ save more energy?

_____ you save _____ using this _____?

_____ appliance help _____ power use?

Is _____ possible that this model _____ in _____ consumption _____ from others?

_____ does _____ prevent energy waste better _____?

_____ know how _____ product _____ than similar products?

I ____ like ____ if the ____ will ____ less ____ than other ____ ones.
 Does ____ like ____ items in stores?
 ____ this appliance ____ energy ____?
 How does ____ appliance ____ energy ____ to similar ____ the market?
 Can ____ to less energy ____?
 ____ wonder ____ this ____ more eco-friendly ____ options available.
 What can ____ me ____ how this ____ lowers ____ usage?
 This appliance can be ____.
 ____ energy use ____ to appliances ____ today?
 ____ do to help reduce wasted ____?
 ____ tell us why ____ equipment ____ energy ____ than competitors?
 Can ____ help ____ waste?
 ____ save more energy?
 ____ you tell ____ why ____ equipment ____ better ____ reducing energy ____?
 ____ does this stack up against ____ to cutting down ____?
 ____ does ____ help reduce energy ____ compared to ____?
 ____ you ____ energy ____ with the appliance ____ alternatives ____ sale?
 Can ____ save ____ to ____ products?
 Is ____ appliance ____ at ____ than ____?
 ____ what ways ____ your appliance ____ power?
 ____ you ____ me if ____ device ____ save me ____ others?
 Do ____ know ____ appliance reduces ____?
 I want ____ how this ____ reduces energy ____ when ____ other ____.
 What ____ different ____ others ____ cutting down on ____ use?
 ____ this ____ what does this ____ do ____ cut down on ____?
 Is this appliance ____ choice ____ options?
 How ____ this device ____ usage ____ compared ____ competitors on ____ market?
 ____ does the ____ energy?
 ____ product ____ waste ____ same way similar ____ do?
 ____ product ____ diminish energy ____ like similar items ____?
 ____ tell us how this ____ compared to ____ devices on the ____?
 ____ makes this appliance ____ about cutting ____ use?
 ____ appliance do more to ____ others?
 When compared ____ how ____ appliance contribute ____ reducing power ____?
 When ____ brands, how ____ your ____ contribute ____ reducing power ____?
 ____ device ____ energy waste?
 ____ the ____ reduce energy ____?
 What is it ____ makes ____ better ____ saving ____?
 Can you tell ____ less power with ____ device ____ other ones?
 ____ appliance ____ less energy.
 ____ this thing really save energy ____ is ____ others ____ the ____?
 I ____ to know how ____ gizmo ____ to help ____ save ____?
 Let ____ this ____ appliance cut down on energy ____?
 ____ this ____ us cut ____ on ____ energy?
 Why ____ think this appliance helps ____ energy waste ____?
 Does the ____ energy ____ to other appliances?
 ____ does this ____ down on ____ energy?
 How can this ____ than similar ____?
 Can you ____ appliance helps diminish energy ____ similar ____ in ____ market?
 ____ the appliance ____ down ____ energy ____?

Is it _____ this model _____ energy consumption which _____ from _____ equivalents on _____ market?
 _____ product help _____ consumption?
 _____ makes _____ at _____ energy than similar devices?
 Is _____ able to lower _____?
 _____ comparison to competitors' offerings, is _____ appliance _____ at _____ heat _____ power _____?
 _____ ways _____ apparatus _____ energy?
 _____ me if _____ device will _____ less power?
 _____ does _____ work to _____ energy _____?
 _____ equipment reduces energy waste _____ than its competitors?
 _____ product can _____ more energy than other similar _____.
 Can _____ explain _____ model aids in _____ consumption, which sets _____ from _____ equivalents on _____?
 What _____ better at saving energy _____ all _____ other _____ out _____?
 _____ the _____ to conserve electricity?
 Can _____ product saves _____ energy than similar products?
 _____ this appliance different from _____ products for _____?
 I want to know _____ lowers electricity _____ devices on _____ market.
 _____ comes to _____ electricity usage, _____ this stack _____ other _____ products?
 How does this _____ others?
 Will choosing _____ in lower _____?
 Is _____ more efficient _____?
 _____ enhanced _____ from _____ versus alternatives?
 Can you _____ helps diminish _____ waste compared to other _____ the _____?
 What _____ from similar products when it _____ energy _____?
 _____ want _____ appliance _____ cut down on energy use.
 Can you _____ will _____ efficient than other similar ones?
 _____ thing _____ energy like _____ things _____ the market?
 _____ product help _____ reduction of energy _____?
 Is _____ able _____ help cut _____?
 How _____ up against other similar _____ when _____ to _____ down _____?
 How _____ the _____ better _____ saving _____ compared _____ its _____?
 Do you think _____ conserves _____ energy _____?
 _____ eco-friendly than the other _____?
 Can we expect better efficiency _____ device _____ to use _____?
 How can this appliance _____ waste compared to _____ products _____?
 Has the _____ energy _____ when _____ been minimized?
 Does this _____ save _____ other ones?
 How _____ appliance _____ use?
 _____ it _____ that this _____ saves _____ other things?
 Does _____ appliance _____ energy _____?
 _____ this device help conserve _____ its _____?
 Is this _____ eco-friendly _____?
 Can _____ me if it will be _____ other _____ ones?
 Can you _____ how _____ appliance _____ down _____ use?
 Is _____ appliance able _____ wasted?
 I _____ know how _____ gizmo will _____ save my _____?
 _____ makes this appliance different in _____ use?
 Does this appliance _____ appliances?
 _____ the _____ energy _____ than other appliances?
 How does your _____ help _____ waste _____ to other _____?
 I _____ this device will _____ wasting less _____ than _____ similar _____.

_____ this product reduce _____ waste in _____ appliances?
 Can this product _____ back _____?
 Do _____ know _____ I _____ wasting less power _____ device?
 How _____ help _____ power?
 How _____ device _____ enregy _____?
 Does _____ thing _____ save _____ or _____ just _____ on the market?
 _____ this appliance better _____ energy _____?
 Can _____ to enable _____ power consumption?
 _____ can _____ appliance help diminish energy waste _____ other _____ market?
 _____ appliance more eco-friendly _____ options?
 Does _____ gadget _____ power _____ the _____?
 In _____ on _____ use, _____ sets this _____ apart?
 _____ do you know _____ how _____ device _____ electricity _____?
 What _____ appliance _____ better choice _____ it _____ to _____ energy _____?
 Is _____ thing _____ at saving _____ competitors?
 Is the appliance _____ than other _____?
 Does _____ device _____ reduce _____ waste _____ to similar _____?
 How _____ contribute _____ reducing _____ waste _____ to other products on _____?
 Is this _____ better at _____ than _____?
 _____ does this _____ amount _____ wasted energy?
 _____ ways does _____ appliance reduce _____?
 _____ more eco-friendly _____ than others?
 _____ product help _____ energy?
 _____ we expect _____ efficiency _____ device _____ to other _____ available _____?
 Do you know _____ is doing _____ power waste?
 _____ this appliance cut down _____ to other ones?
 How does _____ energy _____ compared _____ similar _____?
 How is this _____ from _____ products _____ it comes _____ down _____?
 _____ this _____ to reduced energy _____?
 Does this _____ electricity _____ appliances?
 What does _____ help _____?
 What _____ save energy _____ give?
 _____ want to know _____ this _____ energy consumption.
 Is it possible _____ this _____ saves _____ energy _____?
 _____ is _____ this and other similar _____ when _____ comes _____ down _____ usage?
 Does this appliance _____ more _____?
 Do _____ know _____ gizmo will _____ me _____ power?
 How _____ appliance _____ energy _____?
 _____ appliance have _____ energy use?
 How _____ say that this _____ energy _____ similar products?
 _____ the gizmo _____ more power _____?
 _____ might _____ save energy?
 Tell _____ how this _____ consumption.
 _____ know if _____ will be _____ less power _____ this _____ to _____ ones?
 _____ the _____ reduce energy waste _____ same _____ as similar _____?
 _____ save more _____ than other _____?
 _____ can _____ product _____ conserve _____?
 _____ me _____ this _____ can _____ more energy _____ than other _____.
 How _____ appliance _____ compared to similar products?
 _____ does this _____ energy?

____ this device ____ more ____ similar ____ ?
 When compared ____ how ____ your appliance contribute ____ waste?
 ____ the ____ help ____ energy ____ ?
 Is ____ appliance more ____ than ____ on the ____ ?
 ____ ways does your ____ and ____ power consumption?
 ____ the product helps ____ energy ____ other options currently ____ .
 ____ one ____ power saving ____ others?
 In ____ does ____ combat ____ reduce power usage?
 What ____ your appliance do ____ reduce overall power ____ when ____ ?
 How ____ this ____ reduce ____ ?
 This ____ energy waste compared ____ in the market.
 ____ is ____ device ____ helps conserve electricity over ____ .
 What ____ the ____ of this ____ energy ____ ?
 ____ expect ____ device ____ is more ____ than ____ options?
 ____ device help reduce the ____ waste?
 What ____ to ____ conserve electricity?
 ____ to ____ this appliance reduces energy ____ .
 How does ____ help reduce ____ waste, ____ to similar ____ on ____ ?
 ____ you know ____ gizmo ____ help ____ power?
 ____ this ____ more ____ efficient ____ other ____ ?
 Will ____ lead ____ diminished ____ waste?
 When ____ to cutting down electricity ____ to other products?
 ____ help ____ does ____ appliance have?
 Is this ____ efficient ____ ?
 How can ____ appliance cut ____ ?
 ____ know ____ gizmo will save ____ power?
 Does ____ cut ____ more than similar ____ ?
 ____ product reduce energy waste ____ to ____ products ____ the ____ ?
 This ____ stacks up ____ other ____ in ____ down electricity ____ .
 What ____ of ____ reducing power waste ____ with other brands?
 ____ this device help ____ ?
 Let me get this ____ how ____ appliance ____ waste?
 ____ does ____ in ____ to other items?
 Does ____ with ____ waste?
 ____ makes ____ from other appliances that ____ down ____ use?
 ____ brands ____ does your appliance contribute ____ power wasted?
 ____ possible that ____ appliance is ____ than ____ options?
 What ____ know ____ device that ____ as opposed ____ its competitors?
 Can you ____ how this ____ cut ____ energy usage?
 Can you ____ me ____ this device ____ waste ____ than other ____ ?
 ____ tell me how ____ this product ____ more energy than ____ ?
 ____ the appliance ____ other ones?
 ____ energy compared to other ____ .
 How can you tell ____ how this ____ device ____ ?
 Tell me how ____ appliance ____
 ____ this ____ to other similar ____ it ____ to electricity usage ____ ?
 Do ____ know how this ____ can ____ diminish ____ compared to ____ ?
 ____ be different ____ cutting down on ____ use?
 ____ does an ____ save ____ ?
 Is ____ better ____ terms ____ saving energy ____ similar ____ ?

____ it ____ this appliance helps ____ to ____ products in the market?
 Can ____ eliminate wasted ____?
 Is there ____ way ____ usage by this ____ opposed to ____ counterparts ____ market?
 The ____ reducing ____ waste ____ comparison to other ____.
 ____ does this ____ lower ____?
 ____ efficiency ____ device, enabling us to ____ less power?
 What ____ difference in energy saving between ____?
 How ____ appliance ____ wasted?
 ____ help reduce energy ____ to similar products.
 ____ save energy ____ comparison ____ similar items?
 What ____ do ____ electricity over alternatives?
 ____ device help with the amount ____?
 What ____ your appliance ____ reduce energy waste?
 Is this appliance ____ others?
 ____ this appliance ____ in saving ____?
 What ways do ____ and ____ power ____?
 ____ me ____ the ____ energy use when ____ other options.
 ____ can this product save ____ a ____ product?
 Why is this ____ better ____ than similar ____?
 How can this product ____ when ____ similar ____?
 ____ device ____ enregy wastage?
 ____ this ____ energy waste ____ to similar products in the ____?
 ____ contrast ____ merchandise, what ____ has operation ____ saver ____ to ____ unnecessary resource ____?
 Is ____ appliance ____ than the ____?
 This ____ down on ____ waste, ____?
 ____ this ____ make ____ use less ____?
 ____ the ____ lead ____ less energy ____?
 ____ the ____ contribute ____ lower energy ____ of others?
 ____ able to ____ energy waste ____ to ____ products ____ the market?
 ____ this ____ different ____ the others in reducing ____?
 The ____ energy ____ others.
 ____ compared ____ brands/models, ____ does your ____ to reducing overall power ____?
 ____ this appliance ____ to ____ energy waste ____ other products?
 When compared to competing ____ does ____ power wasted?
 How ____ the appliance help diminish ____ waste compared ____ market?
 Does ____ energy compared to ____?
 Does ____ product help minimize energy waste ____ stores ____?
 When comparing ____ available today ____ energy ____?
 Can ____ to minimize ____ waste?
 ____ machine ____ energy than others?
 ____ this appliance conserve ____ as ____?
 ____ this product ____ energy waste more ____ on the ____?
 ____ device reduce energy ____?
 ____ save more energy than ____?
 ____ different in ____ down ____ energy use
 ____ this item ____ to ____ energy ____?
 Is ____ show how this device ____ electricity ____ as opposed ____?
 ____ you ____ us ____ how this appliance cuts down ____ use?
 Does ____ thing save ____ just like ____ the market?
 ____ save more energy?

_____ does this _____ help _____ energy _____ products on the market?

_____ how this _____ saves _____ energy than other products.

Does this _____ save _____ energy _____ appliances _____ the _____?

_____ helping _____ trim _____ power waste?

_____ your _____ help reduce power use when compared _____?

Can _____ help the _____ save _____?

_____ does this appliance _____ diminish energy _____ compared _____ other _____?

_____ me how _____ can _____ energy _____.

Is it possible _____ this _____ to _____ reduced _____ consumption _____ to _____?

Can _____ compared _____ similar products?

_____ energy _____ been _____ comparing appliances?

What makes _____ different from _____ appliances in _____ down _____?

_____ it _____ makes this _____ better in _____ of _____ energy?

_____ this equipment _____ energy _____ more _____ competitors?

Is _____ eco-friendly than _____ choices?

Does the product help save _____ like _____?

_____ the appliance _____ others?

What ways does this apparatus _____ competitors?

_____ it reduce _____ to similar _____?

Does _____ appliance _____ to _____ consumption?

How _____ energy waste _____ to _____ items?

_____ device help conserve _____ over _____?

Can _____ tell me how _____ can _____ waste?

_____ does your appliance contribute to power _____ with _____?

Let me clarify: _____ does _____ appliance _____ waste?

_____ are the ways _____ this _____ energy?

Can you _____ how this _____ electricity usage?

_____ this appliance help diminish _____ waste as _____ in _____ market?

_____ it possible _____ more energy than those _____ products?

_____ makes this appliance different _____ appliances _____ down _____ use?

_____ you tell me _____ gizmo _____ me _____ some power?

_____ me _____ your _____ conserve more energy _____ alternatives.

_____ ways _____ this apparatus save _____ energy _____ apparatus?

Does _____ thing _____ energy or is it _____ things _____ the _____?

_____ tell _____ how using _____ saves more energy _____ products?

_____ distinguishes _____ other appliances in cutting _____ on energy _____?

_____ come from this _____ vs _____?

Does _____ better reduce energy _____ similar _____?

Does _____ affect _____ consumption differently _____?

_____ this appliance different from _____ products in _____ wasted _____?

_____ this appliance _____ than _____ others?

_____ the appliance _____ energy _____ its _____?

I _____ like _____ how _____ lowers electricity usage _____ its competitors.

How _____ this appliance _____ diminish energy waste _____ products?

_____ this _____ to _____ energy waste compared _____ other _____ products?

How _____ this appliance _____ other products _____ reduction _____ energy?

_____ makes this appliance _____ reducing _____?

How _____ this appliance _____?

_____ compared with _____ how _____ appliance _____ to reducing _____ wasted?

_____ different _____ for cutting down on energy use?

Is _____ energy efficient _____ others?

_____ to its rivals, how _____ at saving electricity?

Is _____ that _____ lowers electricity _____ compared _____ other devices?

_____ this device use less _____ than _____?

What does this appliance _____ energy _____ products on _____ market?

In what _____ this _____ energy?

_____ does this _____ save _____?

Can _____ tell me _____ this _____ lowers _____ other devices on _____ market?

_____ this thing _____ just like _____ things on _____ market?

How can _____ appliance _____ waste when _____ other similar _____ on the _____?

Does _____ have _____ when _____ appliances?

_____ energy _____ the others on the market?

_____ need _____ know how _____ gizmo _____ help save _____?

_____ makes _____ gizmo _____ better at _____ the others?

_____ appliance save some _____?

How can this appliance _____ when compared _____?

Is the gizmo _____ efficient _____?

Is energy _____ minimized _____ compared _____ available _____?

Can _____ help _____ wasted _____?

How energy _____ is _____ products?

_____ this straight, _____ this appliance cut down on _____ waste?

_____ you _____ me _____ how _____ lowers electricity usage?

Do _____ think this _____ help reduce _____?

There _____ on _____ market _____ save energy.

_____ makes _____ more energy efficient than _____ similar _____?

_____ the _____ reduce _____ waste more than other _____ on _____?

How _____ you _____ how this device _____ electricity _____ other _____?

What is _____ appliance _____ other products in reducing _____?

When comparing appliances available _____ have _____?

What _____ does the _____ save _____?

_____ the _____ reduce energy waste _____ products?

_____ appliances _____ today _____ have energy _____ been _____?

_____ there _____ you _____ me _____ how this particular _____ lowers _____ use?

Let _____ this _____ decreases _____ consumption.

_____ device be wasting _____ power _____ other similar _____?

How _____ diminish energy waste _____ to _____ on the market?

I _____ to know if _____ wasting less _____ than _____ ones.

Is _____ better _____ energy _____ than _____ competitors?

When it _____ cutting _____ electricity usage, _____ this products _____ against similar _____?

_____ this appliance _____ energy use?

I _____ to _____ how the _____ on energy use.

_____ more eco-friendly than _____ options?

How _____ appliance _____ conserve _____?

_____ need _____ how this contraption _____ save some power.

_____ can _____ tell _____ about how this _____ usage?

How can this _____ down _____ energy _____ compared to _____?

_____ help reduce _____ waste _____ similar _____ in stores?

_____ we _____ the device to use _____ other options _____?

How _____ to decrease _____ usage?

Does _____ product _____ waste _____ than _____ similar appliances?

_____ appliance more _____ friendly than other _____?

_____ can _____ appliance save _____?

How effective _____ appliance _____ saving _____?

Can you _____ how _____ equipment _____ energy _____?

_____ it possible _____ how this device _____ electricity _____ opposed to other _____ the _____?

What can this apparatus _____?

Do you think it _____ energy _____ items?

_____ to reduce energy _____ compared _____ similar products in _____ market?

Does this item _____ in _____?

_____ different from other products _____ comes to energy _____?

_____ to _____ how this _____ is able _____ cut _____ on energy _____.

_____ if this appliance _____ consumption.

Is _____ eco-friendly?

_____ this gizmo save _____ than _____?

Do you _____ this _____ helps _____ energy _____?

How does this _____ electricity _____?

_____ device _____ combat energy _____?

So how does _____ save _____?

_____ appliance make _____ to energy _____?

_____ is _____ different from others _____ energy?

_____ device _____ energy wasting?

What sets apart this _____ saving _____?

_____ we expect this device to use less _____?

_____ to get _____ how does this _____ cut down on _____?

Is _____ different _____ reducing _____ energy than _____ products?

The appliance reduces energy _____ on the market.

_____ appliance _____ in _____ energy than other products?

Does _____ or is it _____ others on the _____?

Can _____ explain _____ this _____ more _____ efficient _____ similar products?

_____ this _____ energy?

_____ you _____ me if this device will consume less _____?

_____ to other similar products _____ regards to _____ down _____ usage?

_____ does _____ compare _____ products in cutting down _____?

_____ can help reduce _____

Does _____ against similar products _____ it _____ to _____ electricity _____?

Can _____ me how _____ electricity usage as compared _____ competitors?

_____ wondering if this _____ wasting _____ power than other _____.

How does the appliance help _____ waste _____?

_____ appliance _____ the others in saving energy?

Can _____ appliance _____ waste?

_____ this device able _____ waste compared _____ similar _____?

_____ this gadget more _____ than _____?

Is _____ true that _____ equipment _____ waste better _____?

The _____ waste _____ to other similar products.

_____ this appliance _____ diminish energy waste compared _____ similar _____ in the _____?

Is _____ than similar appliances on _____ market?

I _____ to _____ appliance _____ energy use.

_____ does this _____ energy _____ others?

How _____ appliance _____ wasting?

_____ this gizmo save _____ than _____?

_____ performance _____ this _____ when _____ comes _____ cutting down electricity usage?

I want _____ know _____ helps diminish energy waste _____ similar _____ the _____.

What ways _____ more _____ efficient?

_____ any _____ at saving _____ than the rest?

_____ this _____ help reduce wasted energy?

What is _____ contribution of _____ to _____ waste compared _____ on the _____?

Can you _____ me _____ thingy saves more _____ any _____?

What _____ gizmo doing to _____ power _____?

Does this _____ energy or is _____ just _____ ones _____ the _____?

_____ and brands, _____ does your appliance contribute _____ reducing _____?

_____ need to know how _____ appliance _____ on _____.

_____ does this _____ do _____ save _____.

_____ you _____ appliance can _____ energy?

_____ this _____ more energy _____ others?

_____ help diminish _____ waste, compared _____ similar products in the _____?

Can _____ I'll be _____ less power _____ this _____ to _____ similar ones?

How can the _____ save _____ competitors?

How _____ appliance change _____ energy _____?

What can _____ do _____ reduce _____ in comparison _____ items?

_____ appliance _____ save energy _____ appliances.

_____ does _____ other products _____ terms _____ cutting down _____ usage?

_____ ways _____ the apparatus save _____?

_____ more efficient than similar things _____ there?

What differentiates _____ appliance _____ others _____ use?

_____ tell me _____ this equipment is _____ at _____ energy _____?

Is _____ doing its _____ in _____ power or not?

_____ curious if _____ be _____ less power _____ device.

How _____ this appliance helping _____?

Can _____ device _____ energy _____?

_____ how this appliance _____ up as _____ energy.

How _____ appliance _____ energy _____ in _____ with other _____ the market?

Where _____ this _____ energy than its _____?

_____ this appliance _____ from other _____ in _____ saving energy?

Does this _____ power _____ the _____?

_____ appliance consumption less energy _____?

_____ about _____ reduces energy consumption.

Does _____ appliance save _____?

I need to _____ this gizmo will _____?

What _____ more energy efficient _____ similar _____ out _____?

_____ this device _____ energy than _____?

In cutting down _____ energy _____ what _____ different?

_____ this appliance _____ to _____ energy _____ compared _____ other _____ on the _____?

_____ appliance help reduce _____ of energy _____?

_____ it possible to tell _____ how _____ lowers _____ as _____ its competitors?

_____ appliance _____ energy efficient than _____.

_____ this _____ save _____ like _____ ones on _____ market?

Does _____ energy _____ to similar items _____ stores?

_____ the product _____ energy _____ as much as _____?

_____ the _____ diminish _____ waste when compared to _____ products _____ the _____?

_____ this gizmo _____ power _____ ones?

_____ an appliance save _____ others?

How _____ save energy?

_____ me get this straight: _____ down on _____ waste?

_____ ways do your _____ and _____ power _____?

_____ this _____ reduce _____ in comparison to similar _____?

_____ see _____ this _____ cuts down on _____ use?

_____ appliance really help _____ down _____ waste?

_____ could this _____ save _____?

_____ the appliance _____ to lower _____?

_____ you _____ what _____ reduces energy _____ better _____ competitors?

What does this _____ do _____ on energy _____?

When compared _____ competing _____ does _____ appliance contribute in _____?

_____ you _____ how _____ appliance _____ down _____ energy usage.

How _____ appliance _____ from other _____ reducing wasted _____.

How is this _____ power waste?

_____ the appliance _____ more _____?

_____ this unit from _____ products in _____ of _____?

_____ compared to _____ models, how _____ your _____ to reducing _____ power waste?

_____ the appliance _____ energy waste _____ products _____ in the market?

How _____ this appliance different _____ on energy _____?

How does _____ energy _____ others?

How _____ appliance different from _____ reducing _____ power?

How can _____ appliance help _____ compared _____ that are on the _____?

How _____ this _____ waste?

What are _____ in _____ this apparatus uses _____?

_____ more energy than its counterparts?

I'd like to know _____ this _____.

_____ the _____ lower energy consumption?

_____ this _____ more _____ other ones?

_____ this product reduce _____ use _____ than _____?

Is _____ that _____ appliance _____ diminish energy _____ to _____ products?

_____ your _____ combat and reduce power _____?

Does this _____ energy waste _____ similar _____?

_____ help cut energy _____?

How _____ appliance help with _____?

_____ product _____ energy _____ items in the stores do?

Which ways _____ combat _____ reduce _____ consumption?

_____ me _____ appliance uses less _____ than _____.

How _____ energy?

_____ compared _____ competing _____ and models, _____ does your appliance contribute _____?

_____ this _____ save more _____ than _____?

Is this _____ any _____ others?

How _____ this different than _____ when it comes _____ electricity _____?

Is _____ product _____ energy efficient than _____?

_____ how this _____ energy waste compared to _____ products available in _____?

How _____ appliance save _____?

_____ can this _____ wasted _____?

What _____ this _____ efficient than _____ things?

Does _____ product _____ reduce _____?

_____ this _____ be _____ less power _____ similar ones?

What's this _____ doing _____?

_____ device help with _____?

The _____ help _____ over _____ alternatives.

_____ help _____ save energy?

_____ the device help _____ reduction?

When compared _____ other brands _____ does _____ contribute to power _____?

_____ different _____ that _____ reduces wasted energy?

How _____ this _____ resources?

Is _____ more _____ and power than competitors?

_____ energy waste _____ than similar ones on _____ market?

Does _____ contribute _____ lower energy _____?

Can _____ a device with _____ efficiency _____ other _____?

Does Energy _____ when _____ appliances?

How _____ appliance help _____ compared to products in _____?

_____ how this _____ uses _____ energy.

_____ is this _____ at _____ electricity _____ it's rivals?

Explain how your product _____ conserve more _____ there.

How _____ diminish energy waste _____ comparison _____ products in the _____?

_____ appliance _____ eco-friendly than other _____?

Is it _____ that I will _____ wasting less _____ device _____ to _____?

I _____ like _____ if _____ device will _____ wasting less _____ than _____.

Do _____ appliance reduces energy waste compared _____ products?

_____ this product can _____ reduce _____?

How is _____ in _____ when compared _____ other products?

_____ this _____ help _____ energy _____?

_____ is this compared _____ similar _____ when it _____ to _____ down _____?

What _____ saving energy than anything _____ out there?

The _____ reducing energy waste compared _____ other similar _____ on _____.

_____ to _____ this _____ is more eco-friendly than _____ options _____.

_____ can _____ save energy _____ to similar _____?

_____ about how _____ equipment reduces energy waste?

Is _____ possible that _____ energy _____ better _____ competitors?

_____ compared with _____ does _____ contribute to _____ power consumption?

How will _____ appliance _____?

_____ appliance _____ energy waste compared to _____ products available in _____?

_____ ways _____ your appliance combat and _____?

Is _____ appliance more energy efficient than _____.

_____ save electricity _____ its alternatives?

_____ is _____ appliance different _____ the reduction of _____?

_____ does _____ appliance _____ energy _____ to similar products on _____ market?

The _____ energy _____ to _____ appliances on _____ market.

Does _____ product _____ more _____ similar _____?

How does this _____ energy _____ when compared _____ products on _____?

_____ have _____ reduction in energy _____?

_____ this appliance _____ a lot more _____?

_____ device able to _____ diminish _____?

Does the product _____ energy waste _____ similar _____ the _____?

_____ does _____ help conserve _____?

What _____ device _____ to _____ down _____ waste?

_____ play a _____ in _____ excessive power _____?

Is _____ to help reduce _____?

The _____ help save _____.

How _____ this _____ other _____ products when _____ to cutting down _____?

_____ much _____ appliance decrease _____ use?

Is _____ possible that _____ device _____ usage _____ to _____ competitors?

_____ this _____ in regards to energy _____?

Is this _____ energy _____ devices?

Is _____ this appliance cuts _____ on energy _____?

I _____ to _____ device _____ be _____ power than _____ similar ones.

_____ cause a _____ in energy _____?

_____ does _____ appliance _____ and _____ power waste, _____ its _____?

Does _____ product _____ in the _____ similar _____ do?

Do this appliance _____ than _____?

_____ makes _____ unit different when _____ to _____ energy _____?

_____ save energy over the _____?

_____ does this _____ energy?

_____ your appliance contribute _____ reducing _____ when _____ other brands?

_____ help _____ on energy waste?

_____ this _____ save more power _____?

Does _____ more _____ than other _____?

_____ this _____ more eco-friendly _____?

_____ this appliance more _____ saving _____ others _____ the _____?

_____ ways _____ this _____ energy?

_____ this appliance can cut _____.

How does _____ more _____ than _____ competitors?

_____ to reducing energy waste in _____ products.

_____ save _____ it similar to the _____ on the market?

_____ how this thingy saves more _____ than _____?

_____ appliance do to _____ wasted _____?

Is this model different _____ equivalents on _____ it helps in _____?

_____ do _____ save more energy?

_____ possible _____ this device _____ reduced power consumption than _____?

How _____ this product save _____?

_____ lead _____ diminished energy waste?

Is it _____ device lowers _____ usage as _____ its competitors?

_____ you _____ this appliance cuts down on _____.

_____ this appliance the _____ energy _____?

_____ distinguishes _____ appliance from others in _____ energy _____?

Can you _____ me how _____ energy waste _____ than _____?

Where _____ appliance _____ other products _____ reducing wasted _____?

_____ you _____ if _____ using _____ power _____ this device _____ to other _____?
