

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Check engine light is on
Inquiry Sub-Category	Ignition System Failures
Description	Inquiries concerning the check engine light illuminating due to problems within the vehicle's ignition system, including issues with the spark plugs, ignition coils, or distributor.
Data Size	5,398 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

____ worn-out/damaged/wrongly-gapped/spark-plugs of wrong ____ triggering Service Engine ____ ____ ?
 ____ spark plugs will lead ____ a ____ engine sign?
 ____ adjusted ____ cause ____ Engine Soon?
 ____ Service Engine ____ caused by ____ or damaged ____ plugs?
 Does ____ incorrect plug cause ____ ____ ?
 Is ____ malfunctioning sparking mechanisms ____ the appearance ____ ____ Engine symbol?
 ____ incorrectly ____ spark plugs to cause a service ____ ?
 the Service ____ Soon indicator may ____ ____ faulty ____
 ____ gapped spark ____ lead to a service ____ ?
 ____ the service engine soon indicator ____ ____ plugs?
 Is the ____ warning ____ due ____ the ____ fit of ____ ?
 Can faulty/spent/improperly-spaced ____ plugs cause ____ service ____ ?
 Are ____ mechanisms ____ the appearance of the Service Engine ____ ?
 ____ illumination of the ____ Soon light be ____ Gapped, ____ out, or ____ plugs?
 ____ engine warning ____ due to a malfunction ____ ____ plugs?
 Can ____ or ____ spark ____ service engine ____ sign?
 Are worn-out/ ____ of ____ heat ____ a ____ engine ____ ?
 ____ illumination of ____ Engine Soon light ____ be caused by ____ ____ faulty ____ .
 Is the worn ____ responsible ____ the ____ Engine Soon ____ ?
 There ____ plug gaps ____ prompt the Service ____ signal ____ appear.
 ____ Engine ____ light indicate damaged, ____ heat range, or ____ spark ____ .
 ____ it ____ out plugs cause ____ indicator to show ____ ?
 Is ____ Service Engine Soon light ____ worn/frayed/misaligned/ ____ heat range spark ____ ?
 ____ it ____ that ____ are triggering that ____ light?
 Bad ____ may be ____ cause of ____ engine ____ .
 The Service ____ may be ____ result ____ worn out ____ damaged ____ .
 The ____ Soon ____ can indicate ____ ____ poorly ____ spark plugs.
 ____ the Service Engine Soon ____ be caused ____ ____ ?

____ Service ____ indicator ____ caused by faulty spark ____.
 ____ Service ____ Soon light can ____ damage, ____ range, ____ spark plugs.
 The ____ of ____ indicator may be ____ by faulty spark ____.
 ____ old/broken/mismatched range ones ____ make scary ____ service signal?
 I wonder if ____ soon' light ____ coming ____ spark plugs.
 Is there a service ____ sign if there ____ damaged ____?
 Is ____ old ____ can set off ____ signal?
 ____ Engine ____ indicator ____ be ____ by ____ spark plugs.
 ____ there a Service ____ sign ____ of damaged ____ worn ____ spark ____?
 ____ worn-out plugs ____ for the warning ____?
 ____ sign appearing is ____ by worn out/ ____ of wrong ____.
 ____ faulty spark ____ and worn out ____ cause the ____ light to ____?
 ____ plugs ____ attention of ____ Engine soon?
 Does an ____ warning sign come ____ if the ____ plugs ____?
 Are ____ responsible ____ the Service Engine ____?
 Is ____ service ____ soon to turn ____ due ____ spark ____?
 Is ____ engine ____ coming on because ____ plugs?
 Was the ____ Engine Soon' light on ____ of ____?
 Is ____ Service ____ Soon message ____ of ____ plugs?
 ____ Service ____ Soon light ____ sign of damaged, incorrect ____ range or poorly ____.
 Can the service engine soon ____ damaged, ____ heat ____ poorly ____?
 The engine ____ sign may ____ if the ____ are ____.
 Wear ____ spark plugs makes ____?
 Is ____ wrongly-gapped ____ broken ____ mechanisms ____ causing ____ appearance of a ____ Engine ____?
 Did ____ Service ____ light ____ damaged, ____ heat range or ____ plugs?
 Service ____ triggered by ____ or damaged ____ plugs.
 Is ____ Service ____ Soon sign caused ____ spark ____?
 ____ Service ____ Soon ____ caused by worn/frayed/wrong ____ range ____ plugs.
 The heat ____ be messed ____ and cause warning ____.
 Is ____ incorrect gapped ____ that ____ Service ____ Soon?
 The ____ light ____ be ____ incorrect ____ range of ____ plugs.
 ____ spark ____ cause ____ Service ____ Soon light ____ come on?
 A ____ Soon light ____ be ____ bad ____ plugs.
 ____ the ____ Engine Soon ____ due ____ fitted heat plug ____?
 ____ that ____ sparking mechanisms ____ behind the appearance ____ Engine symbol?
 Can a ____ Engine Soon sign ____ of worn ____ plugs?
 The ____ message may ____ a ____ of ____ spark plugs.
 ____ the ____ Engine ____ due to worn-out/ ____?
 ____ the ____ the service engine ____ indicator ____ of faulty ____ plugs?
 ____ of ____ heat ____ triggering ____ service engine sign?
 ____ wrongly-gapped plugs cause ____ Engine ____?
 ____ the appearance ____ Engine ____ indicator ____ by faulty spark ____?
 Does ____ incorrectly gapped ____ the service ____ to ____?
 Can ____ spark plug lead to ____ illumination ____ engine soon ____?
 Service ____ light ____ to bad ____?
 ____ of the ____ engine soon ____ be caused by gapped, ____ plugs?
 ____ out/deteriorated/unfitting temperature ____ contribute to the ____ of ____ check ____ notification?
 ____ the service ____ soon light ____ damaged, ____ range, or ____ spark ____?
 ____ that ____ plugs activated the ____ Soon sign?
 ____ incorrect ____ result ____ Engine soon appearing?

____ the ____ Engine ____ happen if ____ plugs ____ used?
 Is ____ worn ____ spark ____ triggering indications ____ Service Engine Soon ____?
 Can ____ old ____ broken ones make ____ engine ____ signal ____?
 ____ the Service ____ due to ____?
 The ____ Engine ____ be ____ to ____ spark plugs.
 ____ damaged/gapped/spark-plugs ____ wrong ____ range triggering service ____ soon ____?
 ____ a ____ or worn spark ____ a service ____ sign?
 Is it ____ that ____ appear?
 Could burnt ____ range sparks contribute ____ of a ____ engine ____?
 Can bad ____ with ____ engine soon?
 ____ worn ____ plugs ____ to the ____ of the Service Engine ____?
 Is the ____ a Service ____ Soon ____ caused ____ wrong heat ____ spark ____?
 Can ____ plugs cause ____ service ____?
 The Service Engine Soon ____ be caused ____.
 ____ broken ____ to the illumination ____ the ____ Soon light?
 ____ warning ____ come up if ____ spark ____ are ____ right?
 ____ damaged ____ faulty spark plugs cause ____ service ____?
 The ____ Engine ____ light ____ caused by ____ sparkplugs.
 Can ____ spark ____ the ____ Engine Soon ____?
 ____ service ____ by an ____ gapped and worn ____ spark plug?
 ____ spark ____ responsible ____ triggering signs ____ the Service Engine ____ sign?
 The ____ Engine Soon indicator ____ seen ____ spark plugs ____ gapped ____.
 Service ____ may ____ triggered ____ or faulty spark ____.
 Is ____ heat ____ spark ____ of a ____ Engine Soon light?
 Could malfunctioning spark ____ sign?
 Can ____ cause ____ sign?
 Can the ____ engine ____ damage, ____ heat range or poorly ____?
 ____ it ____ that ____ mechanisms ____ the appearance ____ the Service ____ symbol?
 A ____ light ____ be ____ by incorrect ____ spark plugs.
 ____ that Service ____ staring ____ in ____ my spark plugs are ____?
 ____ illumination of the ____ Engine ____ caused by worn out ____ gaps?
 ____ Soon light can ____ damaged, incorrect heat ____ poorly ____ plugs.
 Could ____ lead to ____ Service Engine Soon ____?
 Is it possible ____ plugs ____ lead to ____ Engine Soon ____?
 ____ the ____ coming ____ because of ____ bad plugs?
 Is ____ wrong ____ triggering Service Engine Soon ____?
 ____ spark ____ wear out, ____ appear?
 Can ____ worn-out, ____ spark plugs cause the ____ the ____ soon light?
 Service Engine Soon ____ if worn-out/ ____ wrong ____ are ____?
 ____ Soon sign may ____ triggered ____ worn-out ____ plugs.
 ____ possible that ____ sparking ____ are ____ cause of ____ Engine symbol?
 ____ Engine Soon ____ might be ____ by ____ fitted heat ____.
 The appearance ____ service engine ____ caused by worn/frayed/misaligned heat ____.
 Is ____ burnt out/deteriorated/incorrect/unfitting ____ range ____ could ____ a check engine ____?
 ____ plugs cause Service Engine problems?
 The Service ____ Soon light may ____ a ____ spark ____.
 ____ or mistakenly-gapped ____ plugs cause service engine soon ____?
 The Service ____ Soon signal might ____ a ____ heat plug ____.
 ____ gaps, ____ out spark plugs, ____ cause the ____ Engine Soon ____ illuminate?
 Does worn or ____ spark ____ Service ____ sign?

The _____ indicator might be triggered by _____.
 _____ because _____ bad plug _____ causing the trouble _____ up?
 _____ Service Engine Soon light _____ show _____ incorrect _____ range _____ poorly _____.
 _____ an incorrectly gapped _____ service engine to _____?
 Maybe wrongly-gapped _____ are _____ blame _____ of the Service Engine symbol?
 Can _____ spark plugs cause _____ Service Engine _____ go _____?
 The Service _____ sign can _____ activated _____ wrongly-gapped _____.
 Is _____ faulty _____ in _____ the cause _____ the engine warning _____?
 Can _____ plug lead _____ service warning?
 Is _____ possible that _____ engine servicing _____?
 _____ adjusted _____ spark Service Engine _____?
 The service _____ soon indicator _____ faulty _____ plugs.
 _____ old/broken/mismatched-range _____ a scary engine _____?
 _____ Engine Soon staring _____ in the face _____ spark _____ faulty?
 _____ a Service _____ Soon sign be _____ malfunctioning _____?
 _____ worn-out spark plugs _____ service warning?
 _____ that _____ coming up _____ those bad plugs?
 _____ Service Engine Soon light _____ damaged or _____ installed _____?
 It _____ possible _____ spark plugs are _____ the Service _____ Soon _____.
 _____ it _____ that broken sparking mechanisms _____ appearance of _____ engine _____?
 Can the _____ of _____ Engine _____ light _____ from _____ plugs?
 _____ spark _____ that are _____ out _____ wrongly _____ a _____ warning?
 The _____ Engine Soon _____ spark plugs.
 _____ ones make scary engine _____ coming _____?
 _____ the spark _____ messed-up and cause the _____?
 _____ Service _____ could be _____ faulty spark plugs.
 Is worn/frayed/misaligned/wrong heat _____ plugs causing a _____?
 Is the _____ light coming on because _____ bad _____?
 _____ incorrectly gapped plug cause _____ to _____ up?
 Can _____ service _____ soon indicator be _____ by _____ plugs?
 Can _____ service _____ be triggered _____ the spark _____ worn _____?
 _____ it possible that _____ temperature range sparks contribute _____ a _____ notification?
 _____ the _____ light indicative of damaged, incorrect, or _____ plugs?
 _____ faulty or damaged _____ cause _____ Service _____ problem?
 _____ the engine warning _____ due _____ flawed heat _____ the _____ plugs?
 Can _____ plugs _____ Service _____ Soon _____?
 The Service Engine _____ be due _____ spark _____.
 Can _____ plugs, and faulty _____ plugs cause the _____ Engine _____ to _____?
 _____ that burnt-out/deteriorated/incorrect/unfitting _____ could cause _____ check engine notification to
 Do poorly adjusted, deteriorated, _____ spark plugs _____?
 _____ faulty spark _____ caused _____ Service _____ indicator?
 Does _____ incorrectly gapped _____ Engine appearing?
 _____ Service Engine _____ light could _____ wrongly-gapped _____ plugs.
 _____ that _____ Soon staring me in the _____ because _____ are _____?
 Can an old/broken/mismatched-range _____ plug _____ come on?
 Can _____ plugs triggering _____ Service Engine _____?
 _____ the illumination _____ Service _____ light _____ from improper gapped, worn-out or _____?
 _____ a broken spark _____ a _____ engine sign?
 _____ Service _____ the result of worn-out spark _____?
 Does _____ gapped _____ in Service _____ coming soon?

____ faulty ____ cause the ____ Engine ____ indicator?
 Is ____ service ____ message ____ worn-out or damaged spark ____?
 ____ incorrect gapped ____ engine to show up?
 ____ worn-out spark plugs ____ for triggering signs ____ the ____?
 ____ if wrongly-gapped ____ broken ____ are to ____ of a Service Engine ____?
 ____ possible due ____ heat-range sparks?
 Is worn-out spark ____ responsible for ____ Service ____?
 Can ____ or ____ spark ____ cause ____ Soon sign?
 Is the ____ Engine soon ____ because ____ incorrect ____?
 Could ____ scary engine ____ signal ____ on?
 ____ damaged spark plugs ____ blame for the ____ engine ____?
 "Can ____ ones make scary ____ signal come ____?
 The ____ Engine Soon signal might be caused ____.
 Is ____ possible that ____ lead ____ the Service ____ indicator?
 ____ spark ____ or ____ spark ____ cause the ____ light to illuminate?
 Is ____ wrong ____ range triggering ____ Engine ____?
 Is ____ service ____ indicator related ____ faulty spark ____?
 ____ bad ____ the attention ____ Service Engine soon?
 ____ worn/frayed/misaligned spark ____ cause ____ the Service ____ Soon ____?
 ____ scary engine service ____ come on?
 ____ the ____ Engine Soon ____ because ____ an incorrect ____?
 Can ____ spark ____ cause ____ indicator?
 ____ bad ____ plug lead to the ____ Service ____ Soon light?
 ____ there ____ problem ____ spark ____ that causes ____ engine warning light to ____?
 Service ____ can be activated ____ poorly adjusted, ____ plugs.
 Can old/broken/mismatched-range ____ engine ____ to ____ on?
 The Service ____ signal may be ____ heat plug ____.
 Could worn ____ spark plugs ____ the Service Engine ____?
 Is ____ a chance ____ wrongly-gapped ____ triggering the ____ of a ____?
 ____ adjusted, deteriorated, or ____ spark plugs ____ service engine ____?
 ____ that can ____ to a service engine ____?
 Are ____ heat range ____ the cause ____ a ____ light?
 ____ wrongly-gapped or broken ____ mechanisms are behind ____ appearance ____ Engine ____?
 Can ____ plugs ____ to the Service ____ Soon ____?
 ____ it possible that ____ Soon ____ is caused ____ spark plugs?
 Is that Service ____ staring ____ the face because ____ are ____?
 ____ worn-out/damaged/wrongly-gapped spark-plugs ____ the ____ Engine ____?
 Is ____ sign ____ the ____ plugs are worn ____?
 ____ the Service ____ Soon message ____ caused by ____?
 Has ____ plugs caused the ____ up?
 ____ old/broken/mismatched-range ones ____ engine service signal ____?
 ____ an incorrect ____ in Service Engine appearing?
 Is ____ spark plugs ____ for ____ Engine Soon ____?
 Will there be ____ signal caused ____ incorrect ____?
 ____ be to blame ____ warning ____ showing up?
 ____ the Service Engine ____ damaged ____ incorrect heat range?
 Does the Service Engine ____ damaged, incorrect heat ____ spark ____?
 Is ____ out ____ responsible ____ like the Service ____ Soon sign.
 ____ Service ____ Soon sign ____ activated if ____ plugs.
 ____ there a ____ Soon sign ____ spark plugs ____ damaged ____?

____ improperly fitted spark ____ the engine ____ to come ____?
 ____ it ____ a broken sparking ____ causes ____ Service ____ to appear?
 ____ engine warning ____ caused by improperly ____ spark ____?
 Is Service ____ Soon ____ in ____ spark plugs are faulty?
 The Service Engine ____ could ____ caused ____ gapped or ____ spark ____.
 ____ engine ____ indicator may ____ faulty ____ plugs.
 ____ a ____ spark ____ responsible for ____ engine warning light ____?
 ____ a ____ damaged ____ plug lead to ____ service ____ sign?
 My'service ____ on, ____ the ____ plugs messed up?
 Service ____ soon ____ can ____ plugs cause ____?
 Can incorrect-temperature ____ spark ____ cause the ____ indicator?
 Are worn-out ____ plugs ____ triggering ____ Soon sign?
 ____ old/broken/mismatched-range ____ make scary ____ service ____ on?
 Is ____ range ____ spark plugs the ____ the engine ____ light?
 ____ it possible that the service ____ is ____ by ____?
 ____ old/broken/mismatched-range ones ____ engine ____ signal? ____
 ____ soon light ____ be a ____ wrongly-gapped spark plugs.
 ____ or damaged ____ plugs lead ____ a ____ Engine ____ sign?
 Are faulty ____ triggering ____ service engine?
 Is ____ Service ____ of ____ heat plug gaps?
 Can faulty spark ____ lead to the ____ the ____?
 A Service Engine ____ by worn/frayed/misaligned ____ plugs.
 ____ 'Service ____ Soon' light coming ____ up spark plugs?
 ____ Soon sign may be activated ____ plugs ____ used.
 Can ____ spark plugs ____ Soon indicator?
 Does an incorrect plug ____ up?
 ____ engine warning sign ____ up if the ____ plugs ____.
 ____ faulty spark ____ worn out spark ____ lead ____ the ____ the ____ soon light?
 Is it ____ worn-out ____ the ____ indicator ____ up?
 ____ the ____ Engine Soon ____ caused by ____ damaged ____ plugs?
 ____ those bad ____ things ____ for the ____ signal ____ pop ____?
 ____ service engine ____ be ____ by worn/frayed/misaligned ____ range ____ plugs.
 Can ____ plugs ____ the Service engine ____?
 ____ worn-out/badly-gapped/spark-plugs of wrong ____ range triggering ____ Soon ____?
 Did ____ spark ____ wear out ____?
 Can ____ be a problem with ____ plugs ____ Service ____ light?
 I ____ if my'service ____ is due ____ messed up ____ plugs.
 Is ____ a ____ sparking mechanism ____ triggering a service ____?
 ____ Service ____ Soon ____ say damaged, ____ heat ____ poorly installed spark ____?
 ____ can ____ scary engine ____ signal?
 Is ____ Service ____ light ____ damaged, incorrect ____ or ____ installed ____ plugs?
 ____ that worn out ____ plugs ____ making SES ____?
 ____ spark plugs responsible ____ like ____ Service Engine Soon sign?
 Is it possible that ____ spark ____ making ____?
 Is it ____ worn-out plugs are ____ for ____ showing ____?
 Old/broken/mismatched-range ones can ____ service signal ____ on.
 Can ____ gapped and ____ spark ____ service warning?
 ____ engine soon' light come on due ____ plugs?
 The appearance ____ a ____ Engine ____ light is caused by ____ plugs.
 Are ____ spark plugs causing ____ service ____ light?

The service engine soon _____ worn-out spark _____.
 _____ Service Engine _____ because _____ an incorrect _____?
 Is _____ Service Engine _____ sign _____ with _____ damaged spark _____?
 _____ a _____ Engine Soon light _____ by worn/frayed/wrong _____ spark _____?
 _____ the SES _____ the worn _____ are _____ correct range?
 _____ there _____ chance of faulty/spent/improperly-spaced/incorrect-temperature rated _____ triggering the _____
 _____ Service Engine Soon _____ be _____ by _____ bad _____ plug.
 _____ a _____ warning be _____ by incorrect gapped _____ plugs?
 Do poorly adjusted, _____ plugs _____ Service Engine _____?
 Is _____ Service _____ Soon indicator _____ of faulty _____?
 Bad spark-plugs _____ the cause _____ the _____ soon.
 Are _____ of wrong _____ triggering Service _____ Soon _____?
 Is _____ a fault _____ to the Service Engine _____ indicator?
 Can _____ spark plug trigger _____ Engine _____?
 _____ Service _____ message might _____ the result of _____ plugs.
 _____ Engine _____ message might be _____ of worn-out _____ plugs.
 The _____ Engine _____ can be activated _____ the _____ faulty.
 _____ worn-out/damaged/wrongly-gapped/spark-plugs _____ the wrong _____ range _____ Service Engine _____
 Is _____ possible _____ worn-out/ damaged/gapped/spark-plugs of wrong _____ are _____ Engine _____
 _____ warning light could _____ incorrect _____ range of _____ plugs.
 Will worn or _____ a Service Engine _____ sign?
 _____ possible that wrongly-gapped or broken _____ are _____ the _____ service _____ symbol?
 _____ Service Engine _____ light _____ damaged, incorrect _____ or _____ spark plugs.
 Are _____ spark _____ the _____ of _____ service _____ soon _____?
 _____ Engine _____ be triggered by _____ or _____ plugs?
 _____ the _____ Engine Soon _____ damaged, _____ poorly installed spark plugs?
 _____ could _____ by worn-out or damaged spark plugs.
 The _____ Engine Soon _____ might _____ or damaged spark _____.
 _____ may be _____ by faulty _____ damaged spark _____.
 Is _____ a Service _____ sign _____ there _____ damaged spark plugs?
 _____ it _____ sparking mechanisms _____ for the Service _____ symbol appearing?
 _____ a check engine notification _____ be triggered by _____ out/deteriorated/inaccurate/unfitting _____ sparks
 Is the _____ Soon _____ activated because of _____?
 The _____ could have faulty spark _____.
 Bad _____ service engine _____.
 _____ faulty spark plugs _____ service _____?
 _____ Soon sign _____ be _____ to worn-out/ damaged/spark-plugs of wrong _____.
 Can _____ Service Engine _____ damaged, incorrect, _____ spark plugs?
 Can broken _____ plugs lead _____ of _____ service _____ light?
 Can _____ malfunctioning spark _____ lead _____ a _____ engine _____?
 Does _____ incorrectly gapped plug cause _____ service _____?
 _____ engine _____ light _____ on, but _____ it _____ of _____ up _____ plugs?
 Is it possible that _____ Engine symbol _____ sparking _____?
 old/broken/mismatched-range _____ make scary _____ signal come _____?
 Can spark _____ Trigger _____ Service _____ Soon indicator?
 _____ plugs _____ engine service signal?
 _____ damaged _____ plug _____ to blame for the Service _____?
 _____ Engine _____ message _____ worn out spark plugs?
 The _____ soon _____ may _____ been caused _____ worn-out spark _____.
 Can _____ plugs _____ trouble _____ the _____ engine _____?

Do _____ plugs _____ the _____ to turn on?
 _____ the Service Engine _____ damaged, _____ installed spark plugs?
 Is _____ to be triggered _____ or _____ spark plugs _____?
 Is it possible _____ scary engine service _____?
 _____ Engine _____ be activated by _____ adjusted _____ plugs.
 _____ my 'Service _____ light coming _____ because of _____ up _____ plugs?
 _____ cause the Service Engine Soon sign?
 _____ wrongly-gapped _____ bring about _____ Soon sign?
 _____ for damaged spark _____ lead _____ a Service _____ Soon sign?
 _____ engine _____ light come _____ because of messed _____ spark _____?
 warning appears _____ are _____ out?
 _____ Soon _____ light _____ if wrongly-gapped _____ plugs are activated.
 The _____ Soon _____ damaged, _____ heat range, _____ poorly installed _____ plugs.
 Is the _____ Engine Soon _____ by _____ spark _____?
 Is _____ Engine _____ worn-out, damaged, or wrongly-gapped spark _____?
 _____ the _____ Engine _____ signal a result of _____ plug _____?
 _____ a _____ be triggered if the spark _____ Gapped _____ worn _____?
 Can _____ spark _____ cause _____ service _____.
 Are _____ heat range _____ cause of the _____ Engine _____?
 _____ poorly adjusted, deteriorated, _____ mistakenly-gapped spark _____ as _____ Engine _____?
 The _____ Engine _____ could _____ caused by _____ out spark _____.
 Are worn- _____ responsible for triggering _____ like _____ sign?
 _____ it _____ that malfunctioning _____ are _____ cause of the _____ symbol _____?
 _____ an _____ result in _____ service engine _____ appearing?
 _____ wonder if _____ Service _____ Soon _____ is _____ faulty _____ plugs.
 _____ Engine Soon _____ might be _____ of wrongly-gapped _____.
 Is the engine _____ sign due _____ fitted _____?
 The _____ soon light could _____ wrongly-gapped _____ plugs.
 _____ spark _____ cause the _____ Engine _____ Light?
 Is _____ a _____ spark _____ cause _____ engine warning light _____ come on?
 _____ the Service Engine Soon _____ wrongly-gapped _____?
 _____ Service _____ symbol _____ be _____ wrongly-gapped or broken _____ mechanisms.
 _____ it _____ the Service _____ is _____ wrongly-gapped _____ broken sparking mechanisms?
 _____ the _____ engine _____ indicator _____ result of incorrect _____?
 _____ Soon light _____ been triggered _____ wrongly-gapped spark plugs.
 Could _____ to engine servicing _____?
 _____ an incorrect gapped _____ result in _____?
 The _____ Engine _____ light _____ indicate _____ plugs _____ incorrect _____ range.
 Is _____ that _____ bad spark could _____ servicing notification?
 _____ possible _____ sparking mechanisms are _____ the appearance _____ Service Engine _____.
 A _____ Soon sign _____ of _____ or _____ spark plugs.
 _____ Service _____ Soon light could _____ caused _____ spark plugs.
 I _____ if worn out _____ are _____ warning _____ showing up.
 _____ worn _____ heat range _____ service engine sign?
 The Service _____ could _____ to _____ spark plugs.
 _____ gapped _____ spark plugs _____ a service warning?
 Is it true _____ worn-out _____ triggering the _____ Engine Soon _____?
 _____ spark plugs _____ the Service Engine Soon indicator?
 I _____ to _____ if _____ Engine Soon light _____ incorrect _____ range, or _____ spark plugs.
 Can _____ ones make _____ scary _____ signal come _____?

Are ____ out ____ plugs accountable ____ signs like the Service ____ ?

The ____ indicator ____ caused by faulty spark plugs.

Is there a ____ with ____ spark ____ cause ____ light ____ go off?

Are worn spark ____ the ____ Engine Soon ____ ?

The ____ Engine ____ might indicate damaged or ____ spark ____.

Does ____ wrong gapped ____ result ____ Service Engine ____ ?

____ Engine ____ indicator ____ be triggered by incorrect gapped ____.

____ engine soon' light comes on ____ it ____ up ____ plugs?

____ the service ____ appearing ____ of an ____ plug?

____ of ____ engine soon light due to worn/frayed/misaligned/wrong ____ plugs?

____ an ____ gapped plug ____ in ____ engine soon?

Does an ____ plug ____ Service ____ appear?

Is the ____ warning sign caused ____ spark ____?

Incorrect ____ be showing ____ service ____.

Can the ____ spark plugs ____ the ____ indicator?

____ worn-out ____ plugs be responsible ____ Service ____ Soon ____ ?

____ Engine Soon sign appears ____ of wrong ____ range ____ ?

Can old/ ____ ones ____ scary ____ signal come ____ ?

____ there ____ problem ____ the spark plugs ____ appearance of ____ Service ____ light?

Can malfunctioning spark ____ the illumination ____ service engine ____ ?

____ Engine Soon ____ might be ____ wrongly-gapped spark plugs.

____ a ____ warning ____ triggered ____ a ____ out sparkplug?

The ____ Soon ____ be triggered by ____ plugs.

____ there a ____ malfunctioning spark ____ will ____ a service engine ____ ?

____ possible ____ spark ____ are to blame ____ the Service Engine ____.

Is the Service ____ light ____ to bad ____ ?

____ may ____ caused by damaged/broken/ill-fitted heat ____ gaps.

____ it ____ that malfunctioning ____ plugs will ____ to a ____ Engine ____ ?

Do broken/ill-fitting ____ prompt ____ Service Engine ____ signal?

Can ____ Service Engine ____ light show ____ installed spark ____ ?

____ a ____ Engine Soon light caused ____ or misaligned ____ ?

____ wondering if ____ up ____ are ____ my ____ light come on.

____ spark plugs bring about ____ engine ____ ?

Can ____ warning be triggered ____ spark ____ are gapped ____ ?

Can ____ plugs lead ____ the service engine soon light?

Can an ____ and worn out spark ____ service ____ ?

____ sign ____ if worn out/ damaged/spark-plugs of ____ range ____.

Can ____ spark ____ and ____ lead to ____ of the ____ engine soon ____ ?

____ be triggered ____ damaged ____ plugs.

Is there a ____ that ____ activation of the Service Engine ____ ?

The ____ message ____ the ____ of worn out ____ spark plugs.

Does the ____ cause ____ to appear?

Is worn ____ plugs ____ blame for ____ up?

Do the ____ engine ____ signal ____ from ____ gaps?

Can the ____ Service Engine Soon ____ by faulty spark plugs ____ ?

Can ____ the ____ Engine Soon ____ from Gapped, ____ or faulty ____ plugs?

Are ____ spark ____ for ____ like the Service Engine ____ ?

____ the wrong heat range ____ the ____ engine ____ ?

____ Service ____ Soon indicator caused by ____ or incorrect ____ ones?

Service ____ sign appearing if ____ damaged/spark-plugs ____ wrong ____ range ____ ?

_____ Engine Soon signal could _____ damaged/broken/ill-fitting heat _____.
 Does an incorrectly gapped plug _____ in _____?
 Can _____ ones _____ engine service _____ on?
 _____ Engine _____ be _____ by mistakenly-gapped spark plugs.
 The _____ Soon _____ could _____ triggered _____ faulty/spent/improperly-spaced spark _____.
 Is _____ Soon light due _____ worn spark plugs?
 _____ it _____ of _____ plugs _____ the warning indicator is _____?
 Has the Service _____ because of damaged/broken/ill-fitted heat _____?
 warning appear when spark _____?
 A _____ Engine _____ may be _____ worn/frayed/wrong heat range _____.
 What if _____ Soon _____ indicates _____ incorrect heat _____ or _____ spark plugs?
 Can _____ be _____ by _____ incorrect gapped _____ plugs?
 _____ the Service _____ light indicate _____ damaged engine or poorly _____?
 Does _____ Engine _____ light _____ damaged, incorrect _____ range or _____ spark _____.
 Is _____ plugs _____ for _____ like the Service _____ Soon sign?
 _____ it _____ the warning _____ is _____ by worn _____ plugs?
 _____ it possible _____ plugs _____ responsible for the _____ Engine Soon _____?
 The Service _____ Soon _____ be connected _____ out spark _____.
 Is _____ an _____ gapped _____ that _____ service _____ to _____?
 Could _____ burnt out, _____ paced sparks _____ to _____ servicing _____?
 _____ it possible _____ temperature range _____ can contribute to the _____ a _____
 The _____ of _____ Engine _____ can be caused _____ heat range spark _____.
 Does _____ rated _____ cause _____ Service Engine _____ indicator?
 The _____ sign _____ be triggered _____ wrongly-gapped plugs.
 Is _____ appearance _____ a _____ light because _____ worn/frayed/misaligned/wrong _____ range _____ plugs?
 _____ a service warning _____ the _____ spark plugs?
 _____ improper _____ worn out, or _____ plugs _____ illumination of _____ Service Engine _____?
 _____ Service Engine Soon _____ caused _____ faulty sparkplugs.
 _____ a faulty spark plug _____ of the _____ engine _____?
 _____ a _____ signal _____ because of _____ ignition parts?
 The _____ Soon _____ can be _____ by worn or misaligned _____ plugs.
 Can _____ Engine _____ be caused _____ gaps, worn-out, or faulty spark _____?
 _____ Engine Soon _____ can _____ plugs _____ lead to _____?
 _____ damaged/gapped/spark-plugs _____ wrong _____ range triggering Service _____ sign?
 Bad _____ could be _____ of _____ Soon.
 _____ on because of messed up _____ plugs?
 _____ plugs be to blame for _____ showing up?
 Can a service warning _____ caused by _____?
 Can malfunctioning _____ plugs _____ to a _____ on _____?
 _____ the illumination of the _____ Soon light _____ caused by _____ gapped, worn-out, _____ faulty _____?
 Is the _____ Soon indicator _____ by faulty _____ wrongly _____ ones?
 _____ may _____ triggered by _____ or damaged spark _____.
 _____ spark-plugs may _____ a service _____.
 Does an incorrect _____ in _____ service engine _____?
 Is _____ a _____ plugs causing the Service Engine _____?
 _____ Service _____ light _____ turn on if _____ spark _____ causing it.
 Is _____ the _____ soon indicator related _____ spark plugs?
 Is a _____ soon sign caused _____ malfunctioning _____?
 _____ possible _____ a _____ mechanism is responsible _____ of a Service Engine _____?
 Is worn-out spark _____ the _____ service engine _____?

Is a _____ engine soon _____ if _____ plugs are worn _____?

Is the Service Engine Soon _____ to _____?

Is _____ engine warning _____ due _____ range in _____ plugs?

Will malfunctioning _____ Service _____ Soon sign?

Is _____ Soon' light _____ of messed up _____ plugs?

_____ worn-out/ damaged/spark-plugs _____ wrong _____ causing _____ engine sign?

Is _____ light _____ to _____ malfunctioning heat range _____ spark _____?

_____ of the _____ Engine Soon light _____ caused by _____ plugs?

Is _____ that _____ mechanisms could _____ triggering _____ of a service _____ symbol?

The illumination _____ the _____ Soon light can be _____ improper gapped, _____ or _____ plugs.

_____ worn-out _____ plugs _____ for triggering _____ Service Engine _____ sign?

Is it possible that _____ wrong _____ triggering _____

_____ appearance _____ light might be caused _____ worn spark plugs.

_____ plug _____ cause of the _____ Soon Engine indicator?

Problematic spark _____ to a _____ sign.

_____ Soon _____ be caused _____ damaged/broken/ill-fitted heat plug gaps.

Is the 'Service _____ coming _____ my _____ plugs are messed _____?

Do poorly adjusted, _____ or _____ spark _____ engine soon _____?

_____ Soon sign appears if _____ worn-out/damaged/wrongly-gapped/spark-plugs of _____ wrong _____

_____ will _____ light up due _____ bad _____ plugs.

Can _____ spark _____ to the _____ engine soon light?

The _____ Soon light _____ be _____ wrongly-gapped _____ are used.

_____ can _____ damaged, incorrect heat range _____ poorly installed spark _____.

_____ adjusted, _____ or _____ spark plugs affect service _____?

Is the _____ a bad heat _____ spark plugs?

_____ those _____ plug _____ to _____ for _____ signal to pop _____?

Could worn out _____ plugs _____ of _____ service engine _____?

Did worn _____ plugs lead to a _____ sign?

Is _____ warning indicator showing up?

_____ Engine Soon sign _____ to damaged _____ plugs?

Does _____ incorrect _____ plug cause the Service _____?

_____ it _____ spark plugs _____ to a service _____ sign?

_____ a worn-out spark _____ cause _____?

_____ the _____ light indicate _____ incorrect heat range or _____ installed _____?

Can _____ plugs _____ a Service Engine _____?

Can _____ worn-out or faulty spark _____ light to illuminate?

_____ bad spark plugs cause _____ indicator?

_____ wrongly-gapped _____ fire _____ Service _____ Soon _____?

Is there _____ with the spark _____ the _____ to come on?

_____ my _____ engine light come on _____ of _____ spark _____?

Was _____ Engine _____ message caused _____ worn-out spark _____?

Maybe wrongly-gapped _____ sparking _____ triggering _____ appearance _____ a _____ engine symbol?

_____ appears if worn-out/ _____ are _____ the _____ heat range.

_____ spark plugs, worn out spark _____ or gaps _____ illumination _____ the _____ Engine _____ light?

Can faulty spark plugs _____ Service _____ Soon _____?

Service _____ can malfunctioning _____ plugs be a _____?

_____ possible that _____ service _____ soon _____ due to _____ or _____ spark plugs?

Is service _____ activated by _____?

_____ it the _____ that cause _____ indicator to show _____?

The _____ Soon sign _____ to be _____ wrongly-gapped plugs.

_____ Soon sign may be _____ to _____ of _____ heat _____.
 Are bad _____ plugs to _____ Service _____ Soon _____ on?
 _____ the Service _____ light shows damaged, incorrect heat range _____ poorly installed _____?
 _____ the warning _____ showing _____ because _____ worn-out _____?
 The Service Engine Soon _____ gaps _____ spark plugs.
 Can _____ service _____ be _____ by _____ spark _____?
 Service Engine _____ could _____ caused _____ spark plugs.
 Is it possible _____ the _____ symbol is _____ by _____?
 _____ Soon sign _____ due to malfunctioning _____ plugs.
 _____ out/damaged/wrongly-gapped/spark-plugs of wrong _____ triggering a Service _____ sign?
 _____ service engine soon _____ worn out spark _____?
 Is _____ that the _____ light _____ by janky _____ plugs?
 _____ spark plugs cause a _____?
 _____ 'Service Engine Soon' light _____ are _____ spark plugs _____?
 The _____ Engine Soon message _____ to _____ spark plugs.
 Is the Service _____ indicator due _____ the _____ spark _____?
 _____ out spark _____ prompt a _____?
 _____ an incorrect plug result _____ the _____ Service _____?
 Can _____ service _____ be triggered by _____ gapped _____?
 Can _____ plug malfunction and _____ Service _____ Soon _____?
 Do poorly adjusted, _____ mistakenly-gapped _____ service engine _____?
 Can _____ or faulty _____ plugs lead to _____ illumination _____ Engine Soon _____?
 _____ worn-out _____ plugs accountable _____ indications like Service _____ Soon _____?
 _____ Service Engine Soon indicator _____ spark plugs.
 faulty spark _____ Service _____ Soon _____
 Is the _____ Soon _____ sign _____ damaged _____ poorly installed spark _____?
 Can the _____ of _____ Engine _____ come _____ worn out, _____ spark plugs?
 _____ old/ _____ make _____ service signals come _____?
 Service Engine _____ indicator _____ rated spark plugs.
 Service Engine _____ could _____ due _____ malfunctioning spark _____.
 _____ Soon indicator may _____ caused _____ incorrect _____ or faulty _____ plugs.
 _____ Engine Soon might _____ staring _____ in _____ my _____ are faulty.
 _____ Soon indicator may _____ triggered by faulty _____ spark _____.
 _____ the _____ the _____ Engine _____ indicator _____ of _____ spark plugs?
 _____ Engine Soon _____ wrongly-gapped plugs?
 Can a _____ be _____ gapped and worn-out _____?
 Can a _____ plug lead _____ the _____ of the _____ light?
 Is _____ Service Engine _____ signal _____ damaged/broken/ill-fitted/conflicting _____ plugs?
 Is the _____ warning sign _____ improper _____ plugs?
 Is _____ possible _____ the _____ Soon light _____ by bad spark _____?
 _____ service engine soon _____ come _____ because _____ messed _____ spark _____?
 _____ or worn out _____ plugs _____ the illumination _____ service engine _____ light?
 _____ possible that _____ plugs _____ to blame _____ triggering indications _____ Engine _____ sign?
 Can _____ illumination _____ Service _____ light be caused _____ out, or faulty spark plugs?
 _____ the Service Engine Soon _____ to _____ plugs?
 _____ old/broken/mismatched-range plugs make _____ engine _____?
 Is _____ for old _____ to set _____ engine signal?
 Can _____ plugs cause a _____ Soon _____?
 The _____ Engine Soon _____ might _____ caused _____ spark _____.
 _____ old/broken/mismatched-range ones _____ Engine Service _____?

Service ____ soon sign may ____ due to ____.

____ Service ____ indicator can be activated ____ plugs.

____ true that ____ spark ____ accountable for ____ like Service Engine ____ sign?

____ Service ____ Soon sign might ____ caused ____ wrongly-gapped ____.

____ Engine ____ might have ____ activated by ____ plugs.

____ the ____ Soon' ____ on ____ messed up spark plugs?

A Service ____ might ____ worn/frayed/misaligned/wrong heat range spark ____.

____ Service Engine ____ sign ____ if wrongly-gapped plugs ____ present.

____ engine soon' ____ coming ____ the spark plugs ____ up?

Service Engine ____ sign, can malfunctioning ____ plugs ____?

____ it possible ____ sparking ____ be ____ the appearance of ____ Engine symbol?

Is ____ possible ____ the ____ Engine Soon ____ to ____ incorrect ____ or poorly installed spark ____?

____ that ____ Service Engine symbol is triggered ____ mechanisms?

____ it possible ____ worn-out ____ plugs ____ responsible ____ the ____ Engine Soon ____?

Can the service ____ light indicate damaged, ____ heat ____ spark ____?

Is ____ possible that ____ Service Engine ____ is the ____ or ____ mechanisms?

____ the service ____ soon ____ a ____ of ____ incorrect ____ range or ____ installed ____?

The ____ engine ____ could ____ caused by damaged/broken/ill-fitting ____ gaps.

Incorrect ____ and ____ out spark ____ a ____ warning.

____ the appearance of ____ Engine ____ indicator ____ faulty ____ plugs?

Can the illumination of the ____ Soon light ____ worn ____ plugs?

____ old spark ____ set ____ the engine signal?

____ Engine Soon ____ be activated by ____ adjusted, ____ or ____.

____ Engine ____ be ____ faulty or damaged spark ____.

Can ____ spark ____ worn out ____ or ____ plugs ____ the illumination ____ the service engine ____?

The Service Engine ____ range or poorly ____ spark plugs.

The ____ Engine ____ signal might ____ damaged/ ____ heat plugs.

____ warning sign come ____ if ____ is ____ fitted spark ____?

Do ____ spark ____ lead to the ____ Engine ____?

Can ____ service engine soon ____ caused ____ plugs?

Is worn-out spark plugs ____ Engine Soon ____?

The Service ____ may appear due to ____ heat ____.

The ____ warning sign could ____ the ____ plugs are ____.

Was the ____ Engine ____ due to ____ spark ____?

____ possible that the ____ warning ____ comes ____ because of ____ spark ____?

Is an incorrect ____ plug ____ Service ____ appearing?

Service ____ Soon ____ poorly adjusted, deteriorated, ____ mistakenly-gapped spark ____.

Is ____ Service Engine ____ damaged, ____ range or poorly installed spark ____?

____ Engine Soon ____ spark ____ are ____?

Is ____ Service ____ Soon sign due ____ malfunctioning ____?

Are ____ plugs ____ for triggering ____ engine ____ sign?

____ worn- out ____ responsible for triggering indications ____ the ____ sign?

____ wonder if ____ Engine ____ is coming on because of ____ spark ____.

Does ____ incorrect ____ cause ____ to appear?

____ engine soon light ____ turn ____ if there are ____.

Is the ____ Engine ____ indicator ____ to faulty ____?

____ worn spark plugs ____ warning?

____ appear ____ to the worn ____?

Problematic heat-range ____ showing ____?

The ____ Engine ____ light ____ heat range or ____ installed spark ____

Can _____ warning be _____ wrongly _____ worn-out spark plugs?
 _____ Engine _____ light _____ on because _____ the messed _____ spark plugs?
 The _____ Engine Soon signal _____ caused by _____ broken/ill-fitted _____ .
 Incorrect _____ showing _____ service _____ ?
 _____ the appearance _____ Service _____ Soon light _____ by _____ plugs?
 The _____ a _____ Soon light might be caused _____ worn/frayed/misaligned/wrong heat _____ .
 Is _____ light _____ a broken _____ range _____ the spark plugs?
 _____ heat plug gaps prompt the _____ Engine Soon _____ ?
 warning _____ may _____ by incorrect _____ spark plugs
 _____ service _____ may be _____ faulty spark plugs.
 _____ service _____ soon _____ to bad _____ ?
 Can the _____ Soon light be _____ by _____ or faulty spark _____ ?
 Are worn-out, damaged, _____ spark-plugs the cause of _____ ?
 Is _____ sign _____ by the _____ fitting of _____ plugs?
 _____ Engine _____ indicator could _____ caused by _____ spark _____ .
 Is _____ possible _____ sparking mechanisms are _____ Service Engine symbol?
 Is the 'Service Engine _____ because _____ up spark _____ ?
 Service Engine Soon _____ be caused _____ spark _____ .
 _____ the engine warning _____ come _____ if _____ spark _____ are _____ ?
 _____ the _____ Service _____ Soon light _____ caused by faulty _____ plugs _____ ones?
 Is there _____ Engine _____ sign _____ to _____ damaged/spark-plugs of _____ range?
 Is it possible that _____ scary engine _____ on?
 _____ an _____ gapped _____ result _____ Service Engine Soon _____ ?
 _____ worn-out spark plugs _____ triggering _____ Engine Soon _____ ?
 Can _____ service warning _____ a worn-out _____ ?
 Is spark plugs _____ could lead _____ ?
 Can _____ for Service Engine _____ ?
 _____ faulty or _____ spark _____ triggering a _____ ?
 _____ worn _____ damaged spark _____ cause _____ service _____ sign?
