

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Problems with the alternator
Inquiry Sub-Category	Alternator not charging battery
Description	Customers may inquire about the alternator failing to charge the battery, causing the vehicle to experience power loss or difficulty starting. The shop will diagnose and repair any faults in the alternator or related components to restore proper charging functionality.
Data Size	5,113 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Is the ____ causing ____ ?
____ problem ____ be ____ alternator.
Will ____ ____ loss?
A faulty ____ may be ____ blame ____ ____ .
It ____ that ____ was caused ____ the alternator.
There ____ fault with ____ is causing ____ outage.
____ power will fail if ____ causing ____ .
The power loss ____ the ____ .
____ trouble may ____ alternator ____ failing.
The ____ be that the ____ to ____
____ alternator ____ be to ____ for the ____ power ____ .
The ____ loss ____ alternator might ____ to it.
The intermittent ____ be ____ failing alternator.
The intermittent ____ may ____ the problem of ____ alternator ____ .
____ is ____ Alternator draining your battery.
The problem ____ that ____ fails and ____ outage.
____ the cause ____ power losses?
The ____ may ____ that ____ to blame for ____ causing ____ outage.
The ____ may ____ the alternator ____ and causing intermittent ____ .
The intermittent ____ outage ____ be ____ by ____ alternator ____ .
The Alternator ____ causing the ____ .
____ due to the alternator?
____ intermittent ____ caused ____ the failing alternator.
Maybe the alternator ____ loss.
____ it the ____ that's ____ ?
Is ____ power down ____ alternator?
____ may be the ____ of ____ failing alternator.
It ____ possible ____ faulty ____ is to blame ____ the ____ .

_____ is possible _____ the _____ the failure _____ the _____.

_____ to do with _____ alternator?

I wonder _____ is _____ blame _____ the weak _____?

It may be because _____ power _____ alternator.

_____ cause _____ outage _____ be _____ alternator.

Is the _____ to _____ Alternator?

Power loss _____ be _____ on _____.

Is _____ power _____ on _____ alternator?

The intermittent _____ be _____ of the _____ Alternator.

The _____ loss _____ be _____ alternator?

_____ power loss from _____ alternator _____ a _____.

Alternator is _____.

The _____ outage _____ be caused _____ failing alternator.

_____ to blame _____ something?

Power _____ from _____ is _____ investigated.

_____ my alternator _____ blame _____ less _____?

_____ the alternator?

Might _____ alternator or power _____.

The issue may be _____ the alternator _____ to _____.

_____ intermittent _____ might _____ the _____ a failing alternator.

Is the _____ because _____ the _____?

Might the power _____ of _____?

_____ alternator _____ be behind it.

The intermittent _____ may be _____ failure _____ alternator.

Is the _____ the alternator?

The _____ the reason _____ brief outage.

_____ problem _____ by _____ alternator?

_____ is _____ the _____ causing power loss.

The _____ might _____ a _____ loss _____ alternator.

The reason _____ power _____ be _____ alternator.

blame the _____ loss?

Did _____ fault _____ outage?

The _____ may _____ the _____ the cause.

Is loss _____ by _____?

The _____ is causing _____.

The _____ may be that _____ problem.

Are _____ blame?

_____ alternator causing _____ losses?

Is the alternator _____ outage?

A Alternator _____ loss.

_____ the _____ loss is _____ alternator.

Is _____ going _____ because _____ a _____ alternator?

_____ power or _____ bad?

Does _____ problem arise _____?

The issue _____ alternator caused _____ incident.

_____ faulty causing _____ alternator to _____?

_____ cause _____ be _____ of _____ from the _____.

_____ the _____ draining _____ battery?

_____ faulty _____ be _____ blame

The outage _____ caused by _____ problem _____ alternator.

Did _____ alternator _____ power _____ fall?
_____ the _____ lie in _____ alternator?
_____ may _____ by the issue of _____ alternator.
A _____ alternator _____ be _____ for the _____.
_____ problem _____ the _____ of the faulty _____.
_____ problem _____ be that _____ with the alternator.
_____ the _____ power drop?
It _____ that _____ Alternator _____ draining _____ battery.
_____ fault that is causing _____?
The problem _____ be _____ with _____.
The _____ power _____ may be _____ by the _____ alternator.
The _____ be that the _____ is _____ the _____.
The _____ might be _____ the alternator.
The cause _____ power _____ the _____.
The _____ be _____ the _____ is failing and causing _____.
The cause _____ be _____ alternator.
_____ the alternator to _____ lost _____?
_____ the power outage _____ be related _____ the _____.
_____ power loss _____ the alternator _____.
_____ problem _____ alternator is _____ for the issue.
Does _____ power go _____ the alternator _____?
_____ fault _____ alternator may be _____ the problem.
Is it _____ that is _____ for _____ losses?
Is this _____ Alternator?
_____ power outage can _____ by _____ faulty _____.
_____ problem could be _____ malfunctioning.
_____ intermittent power-outage _____ be _____ result of _____ failing.
power _____ alternator is _____ investigated
_____ outage caused by the _____?
_____ Alternator _____ your battery
Is _____ problem _____ alternator.
_____ may be _____ reason for the breakdown _____ the _____.
_____ intermittent power-outages _____ be _____ of the _____.
_____ the alternator _____?
_____ might be to _____ for the breakdown of _____.
_____ problem _____ be that the alternator _____ the _____ the _____.
The faulty alternator _____.
_____ possibly caused _____ the failing alternator.
_____ be _____ cut from the _____ alternator?
_____ might _____ that the alternator _____.
The _____ the _____ be _____ by a faulty alternator.
The _____ power-outages _____ be caused _____ alternator.
The _____ be to _____ intermittent power-outages.
The _____ may be the _____ the _____.
_____ may be _____ of _____ alternator.
_____ loss _____ to the _____?
_____ intermittent _____ may be due to _____.
No _____ a _____ alternator?
There _____ a _____ the _____ is _____ for the _____ outage.
The loss _____ be _____ by _____.

_____ could be the _____ from _____ Alternator.

_____ problem _____ the power _____ the _____ be due to _____ alternator.

Do you _____ lies _____ alternator?

It _____ power _____ is due to the _____.

_____ the _____ consequence of the _____?

Is my alternator to _____ being _____?

_____ is _____ the alternator may _____ to _____.

_____ could be that the alternator _____ the _____ failure.

The _____ alternator may have _____ outage.

The faulty _____ cause _____ the problem.

_____ alternator, power _____?

The _____ alternator may _____.

_____ to blame _____ the _____ losses?

Is _____ causing the _____?

_____ the alternator _____.

_____ is _____ possibility _____ the _____ may be the _____.

Is _____ alternator _____ for the _____?

_____ the _____ causes the outage?

_____ alternator is possible to _____ the _____.

_____ power loss _____ from the _____.

Is _____ the _____ loss?

_____ failure _____ the _____ the _____ could be due to _____ alternator.

_____ alternator _____ power fail.

Is _____ to _____ for _____ failure?

Alternator _____ cause _____.

_____ possible _____ the alternator is failing _____ the _____.

The _____ may be _____ the outage.

_____ a faulty _____ is causing an _____.

_____ a _____ with the alternator.

The _____ may _____ the _____ for _____ breakdown of _____.

_____ cause of the _____ loss?

_____ intermittent power _____ be caused _____ the failure _____ alternator.

It _____ possible that _____ alternator.

_____ loss is _____ by _____ alternator?

_____ cut from the bad _____?

_____ power-outages may _____ the failing alternator.

_____ problem might be that _____ is _____ for _____.

Is _____ alternator the _____ of _____?

_____ problem might _____ the _____.

_____ intermittent power-outage _____ failing of the alternator.

The _____ may _____ that the alternator _____ and _____ the _____.

_____ from _____ alternator _____ be to _____.

The _____ could be _____ that _____.

I _____ to _____ my _____ is to blame _____ weak _____.

Is _____ loss due to _____.

_____ with the _____ is to blame _____ outage?

_____ loss from the _____ could be _____ to _____.

The _____ the alternator is the cause of _____.

Power drops _____ caused by _____.

_____ the loss _____ by _____ alternator?

The _____ may _____ the problem.
 Is that the _____ alternator?
 The intermittent power-outage _____ be _____ failing _____.
 _____ result of the _____?
 The _____ may have been lost _____ of _____.
 _____ the _____ to the _____?
 There is a _____ causing power loss.
 _____ could be _____ the alternator is failing.
 _____ by _____ alternator?
 _____ reason _____ the power _____ from _____ Alternator.
 The Alternator _____ failure.
 _____ is _____ the _____ is _____ blame.
 _____ may fail _____ the Alternator _____ it.
 The power _____ from the alternator _____.
 _____ power _____ probably _____ by _____ alternator.
 The intermittent power-outage _____ the _____ the alternator _____.
 _____ power _____ caused _____ the Alternator?
 _____ failure _____ be _____ by the _____.
 _____ breakdown of the power to the _____ may _____ of _____.
 _____ the _____ outage occur _____ of _____ faulty _____?
 _____ is making _____ loss.
 _____ power _____ be _____ by _____ faulty alternator.
 _____ possible the _____ is power _____ alternator.
 _____ source of _____ loss _____ be _____.
 There might _____ from _____ bad alternator.
 _____ power loss _____ the _____ may _____ related _____ this.
 The outage may be _____ to _____ of _____.
 There _____ the faulty alternator is _____ the outage.
 Would _____ draining your _____?
 _____ that the _____ caused by _____ alternator.
 _____ fault _____ the alternator may _____ outage.
 The _____ the _____ to _____ system _____ be _____ by the faulty _____.
 The problem _____ that _____ alternator is _____ causing _____ outage.
 _____ brief _____ outage _____ been caused by the _____.
 _____ it the _____ that is _____?
 The _____ may be _____ power _____.
 _____ Alternator _____ blame for _____ power?
 _____ power outage due _____ alternator?
 _____ power _____ cut from the _____?
 Might _____ have _____ by _____ alternator?
 _____ problem may _____ the _____ causes the _____.
 I was _____ if _____ a battery.
 _____ the _____ power loss.
 Is _____ the alternator?
 The _____ the _____ loss _____ be _____ alternator.
 Does _____ alternator _____ on _____?
 _____ cause is thought _____ be the _____ the _____.
 The alternator _____ and _____ the _____.
 The _____ power-outage may _____ alternator failing
 _____ intermittent _____ be caused by _____ of _____ alternator.

I wonder _____ is _____ up _____ car.

Is the power _____ due _____.

There _____ a chance _____ faulty _____ is to blame _____ the breakdown _____ the _____.

The _____ the _____ could be _____ to it.

_____ alternator _____ to blame for _____ short _____.

_____ is _____ that _____ failing and causing _____ power-outage.

_____ the alternator is _____ for the outage.

The _____ be due _____ power _____ from the _____.

Is _____ to _____?

The blame _____ the _____ be on _____ alternator.

Is there _____ due to _____?

_____ power loss _____ be caused _____ the alternator.

_____ faulty _____ be _____ for the _____.

It _____ from the alternator _____ causing it.

There _____ a possibility _____ power loss _____ related.

The source _____ the _____ be the _____.

Is _____ loss _____ to _____?

I _____ to know _____ is causing _____.

_____ may _____ caused _____ the _____ alternator.

_____ possible that power was _____ the _____ alternator?

_____ it the alternator _____ is to blame _____?

_____ alternator may be _____ reason _____ problem.

_____ intermittent _____ may have been caused _____ faulty _____.

Does the _____ fall?

_____ broken _____ may _____ by the faulty _____.

The outage may _____ faulty alternator.

_____ the power _____ the alternator?

_____ the power outage caused _____ alternator?

_____ intermittent _____ may _____ problem because _____ failing alternator.

_____ the alternator _____ for the _____?

_____ the _____ culprit of power _____?

_____ reason for _____ loss _____ alternator.

_____ alternator _____ cause of power _____.

The Alternator might _____ the _____.

Is _____ losing _____?

_____ the _____ affect _____?

The _____ power loss from _____ alternator is _____.

The intermittent _____ could _____ the failure of _____.

Is _____ to _____ alternator?

Is _____ power failing _____ an _____?

Power _____ may be _____ on _____.

_____ power _____ be _____ to the _____.

_____ alternator to _____ weakness?

Is the _____ to _____ for _____?

_____ intermittent power-outage could _____ the result _____ Alternator _____.

The breakdown _____ to the system _____ fault of the _____.

Would _____ fail _____ to the _____?

The _____ alternator _____ the _____ of the _____.

It's possible that the _____ is _____ for _____ the power.

_____ power loss _____ the _____ being _____.

The intermittent power-outage ____ be a ____ the _____.
 ____ that power ____ by the ____?
 The ____ may ____ been ____ of the brief _____.
 ____ your ____ draining your ____?
 ____ Alternator could ____ to ____ for _____.
 ____ loss seems to be ____ fault of _____.
 The faulty ____ be ____ the outage.
 The ____ may be _____.
 ____ might ____ reason ____ the brief outage.
 Power ____ from ____ be causing _____.
 ____ loss ____ alternator being considered
 The problem ____ be that ____ caused ____ the _____.
 ____ alternator ____ of ____ to blame ____ the outage.
 There may ____ problem ____ alternator ____ intermittent power-outages.
 ____ alternator ____ be to ____
 Could the ____ your ____?
 ____ the ____ because of the ____?
 ____ may be draining _____.
 It could ____ power ____ from the _____.
 ____ power loss from the _____.
 I ____ the problem ____ the _____.
 The faulty ____ may be ____ a _____.
 The ____ alternator is possibly ____ outage.
 Could ____ power ____ the faulty alternator?
 The alternator ____ blame for the _____.
 ____ the ____ impact ____ power?
 ____ outage may ____ due to _____.
 ____ loss, ____ it the ____?
 ____ there ____ a bad alternator?
 Is ____ the ____ the ____ the issue?
 ____ possible ____ the ____ that the alternator is _____.
 No ____ the Alternator ____?
 ____ problem ____ that ____ Alternator is ____ for the outage.
 Is ____ power ____ to ____ alternator?
 Power ____ by the alternator.
 The problem could _____.
 Is ____ loss ____ alternator?
 ____ intermittent power-outages ____ be a ____ of ____ failing.
 The power ____ cut ____ alternator.
 ____ cause of power ____ alternator.
 ____ cause ____ intermittent power-outages may be ____ the ____ malfunctioning.
 The ____ loss ____ the ____ being _____.
 ____ it the ____ alternator ____ the ____ loss is?
 The intermittent power-outages ____ be due to _____.
 I wonder ____ alternator ____ malfunctioning _____.
 ____ is ____ the ____ is failing ____ causing intermittent power-outages.
 The ____ alternator ____ be the cause of _____.
 ____ power loss from the ____ could ____ it.
 Is ____ caused by a faulty ____?
 Is ____ a power ____ because ____ bad ____?

The ____ for ____ could ____ the ____.
 ____ the ____ a faulty alternator?
 ____ may ____ that the Alternator is ____.
 ____ is ____ chance ____ alternator ____ to ____ for the breakdown of the ____ to ____ system.
 Is ____ caused ____ the alternator?
 Are the ____ cuts ____ bad ____?
 ____ power loss ____ fault of ____ alternator.
 The ____ might be ____ blame for ____ breakdown ____.
 There is ____ chance ____ faulty ____ to ____.
 ____ may ____ alternator's job.
 ____ cut due to ____ bad ____?
 ____ power-outages may ____ the result ____ alternator malfunctioning.
 ____ alternator may be ____ problem.
 ____ the ____ power ____ go out?
 My ____ to blame for the ____.
 The ____ the alternator ____ be ____.
 It is possible that ____ the alternator ____.
 ____ the ____ the alternator.
 Is the alternator ____?
 ____ with ____ power ____ the alternator?
 ____ it ____ that was ____ battery?
 ____ problem ____ be ____ the alternator ____ the cause ____ the ____.
 The intermittent ____ might be ____ of ____ failing ____.
 ____ it ____ bad alternator ____ drop?
 The intermittent ____ caused by a ____.
 ____ loss ____ from the alternator?
 No ____ Is the ____?
 The ____ loss from ____ alternator ____.
 The ____ may be a ____ the ____ failing.
 ____ power loss be ____ job?
 Is ____ power loss that ____ caused ____ alternator?
 ____ problem may ____ the alternator.
 ____ have an ____ power drops?
 The ____ might cause ____.
 It ____ the result ____ from the alternator.
 There is a ____ that ____ Alternator ____ draining ____.
 The ____ power ____ might ____ by the alternator ____.
 ____ the ____ that's ____ loss?
 The ____ might be the result ____ the ____.
 The ____ alternator ____ be ____ blame ____ the brief ____.
 ____ fail could ____ the Alternator ____.
 ____ the alternator ____ power to ____?
 Are ____ of the ____?
 It is ____ the alternator ____ blame for ____.
 ____ cut ____ alternator?
 Is ____ alternator?
 ____ it ____ that is to blame ____ power?
 ____ the ____ caused by the ____?
 The ____ causing ____ power ____ fail.
 ____ issue ____ be ____ alternator ____ to blame

____ possible that ____ problem ____ the ____.
 ____ problem could ____ the ____ is to blame.
 The power fails ____ causes ____.
 ____ faulty alternator may be ____ for ____.
 Does ____ alternator cause ____?
 Is ____ problem with ____?
 ____ from ____ alternator may ____ connected to ____.
 Is the power loss ____?
 ____ Alternator ____ to blame.
 ____ fault ____ be the alternator.
 ____ loss ____ alternator ____ being investigated.
 ____ loss, is ____ fault of ____?
 A power outage ____ be ____ of ____ alternator.
 The intermittent power-outage ____ result ____ the ____ failing.
 ____ power ____ down ____ faulty alternator?
 The ____ power-outages may be ____ failing ____.
 ____ breakdown ____ power may be ____ the faulty ____.
 ____ alternator ____ causing ____ outage?
 The ____ may be ____ problem.
 ____ the alternator to ____ for ____?
 ____ outage may be ____ failure ____ the alternator.
 ____ Alternator ____ the ____ loss?
 ____ problem ____ be ____ to ____ Alternator.
 The ____ problem ____ be ____ alternator.
 Is there ____ with ____?
 ____ power cut could ____ alternator.
 ____ power loss ____ believed to be ____ alternator.
 ____ alternator is ____ for the power loss?
 The ____ be ____ the ____ Alternator.
 ____ alternator ____ be ____ for the brief ____.
 Do ____ it's ____ by ____ alternator?
 ____ power ____ may ____ from ____ alternator.
 ____ is ____ chance that ____ alternator ____ to ____ the breakdown of ____ power.
 Power ____ is ____ looked at.
 ____ there any ____ by ____ alternator?
 The faulty ____ to ____ the ____ the power to ____ system
 ____ problem might ____ that ____ the cause of ____ outage.
 ____ is causing ____ alternator ____?
 Is the ____ the ____ blame?
 The faulty alternator could ____ the ____ breakdown of ____.
 The intermittent power-outages could ____ result ____ failing ____.
 The Alternator ____ causing the ____.
 ____ the Alternator the cause ____?
 The ____ be the result ____ failing of ____ alternator.
 The ____ be that ____ alternator ____ the ____.
 ____ it the power ____ that ____ due to ____?
 Is ____ loss from ____?
 The alternator ____ be ____ the ____ loss.
 ____ intermittent power-outages ____ be ____ to ____ of ____ alternator.
 A ____ the ____ may ____ related.

_____ of power _____ the system _____ be caused _____ faulty _____.

_____ it _____ loss caused _____?

Bad _____ drop?

_____ the alternator responsible _____?

Is it the _____ alternator _____ outage?

_____ possible _____ the _____ loss is _____ the alternator.

_____ power _____ due to the _____?

Is my _____ the _____ weak _____?

Is the _____ of _____ due _____ alternator?

_____ may be _____ the _____ responsible for _____ power outage.

_____ problem could _____ to the _____.

The _____ draining _____?

_____ problem might _____ problem _____ by the alternator.

_____ the _____ cause the _____ to _____?

_____ faulty _____ be to _____ the outage.

The _____ by the Alternator.

The _____ the cause _____ loss.

Power _____ alternator is _____.

_____ from the alternator _____ be related _____ this.

The problem _____ the _____ may _____ of _____ problem.

It may _____ caused _____ power _____ the alternator.

Will the _____?

_____ losses _____ be _____ the Alternator.

_____ may be the _____ loss.

_____ power _____ the alternator _____ a _____ reason.

It's _____ that the power loss _____ the _____.

_____ fault that caused _____ outage?

The alternator _____ be _____ for _____ outage.

Is _____ causing _____?

_____ power _____ be _____ by the problem _____ the _____.

I _____ if the alternator _____ with _____ car.

The _____ could _____ linked to _____.

The _____ the alternator may have _____ the _____.

The _____ alternator _____ for the breakdown _____ the _____ the system.

_____ problem _____ caused by _____ alternator.

_____ have been _____ the alternator.

_____ possibly _____ caused by power loss _____ alternator.

_____ power-outage might be _____ the failure of _____.

_____ result of _____ alternator?

It may _____ the alternator _____.

_____ power-outages may _____ because the alternator _____.

_____ possible _____ the _____ caused _____ the alternator.

The intermittent _____ the alternator is _____

_____ from the alternator _____ the _____.

Is _____ alternator _____ weak power?

_____ could be _____ blame for the _____.

_____ the _____ outage caused _____ Alternator?

_____ wonder if my _____ for the _____ power?

_____ the issue of _____ alternator _____?

_____ loss _____ the alternator _____ be _____.

Does the ____ have an ____ ____ ____ ?

____ the ____ fail due ____ the ____ ?

____ intermittent ____ could be a ____ of ____ failing ____.

The ____ may ____ cause ____ power outage.

____ Alternator's impact on ____ ?

The problem ____ caused ____ alternator.

It ____ it ____ by ____ loss from the alternator.

Can ____ be ____ to ____ alternator?

Is the power ____ a ____ ?

A ____ outage ____ to a faulty ____.

____ the issue ____ the ____ ?

____ power loss ____ have ____ by the ____.

____ have ____ caused by the faulty alternator.

The ____ may ____ related ____ the problem with ____.

I wonder ____ my ____ is ____

____ is ____ issue ____ the ____ a outage.

The intermittent power-outages could ____ the result ____.

____ the alternator ____ outage?

Is this ____ by ____.

Is it ____ that ____ the ____ ?

____ alternator, ____ loss ____ something?

Will ____ due to the ____ ?

Does ____ alternator ____ ?

____ is a chance that ____ is ____.

____ power loss from ____ may be ____ it.

Did loss ____ alternator?

____ alternator ____ cause of ____ power-outages.

The problem of ____ power outage ____ the ____.

Power ____ from the alternator ____.

____ discharging a battery?

The problem may ____ related ____ problem ____ the ____.

Is ____ out because ____ alternator?

The ____ the alternator caused ____ issue.

____ it the case ____ Alternator ____ blame?

____ intermittent ____ might ____ by the failing the ____.

Is the ____ by ____ faulty ____ ?

____ alternator may ____ the ____ the ____ outage.

____ the power ____ due ____ the ____ ?

The ____ that the ____ is ____.

Maybe ____ is ____ power loss?

____ caused ____ the alternator?

____ wonder ____ my alternator ____ blame for weak ____.

Is ____ the alternator causing the ____ ?

____ problem ____ be that ____ out because of the ____.

____ the ____ loss due ____ alternator?

____ the loss caused ____ ?

____ faulty ____ be ____ cause.

____ if ____ alternator is malfunctioning.

____ the ____ drops happen ____ alternator?

____ faulty alternator ____ at ____.

_____ with _____ alternator could _____ to blame for _____.

The _____ may drop _____ the _____.

_____ this _____ to the _____?

_____ because of _____ Alternator?

_____ might _____ the outage.

I _____ is to blame for power _____.

It _____ be _____ power _____ from _____ alternator.

A _____ alternator _____ for _____ outage?

There _____ be _____ the _____ the outage.

The _____ related _____ the alternator.

The faulty _____ may be to _____ down _____.

Was _____ caused _____ faulty alternator?

_____ is in _____ alternator.

The _____ blame for causing _____ outage.

Will there _____ due to _____?

Is the _____ power _____ the _____?

_____ alternator _____ have _____ outage.

Is the alternator _____ blame _____?

Do the _____ your _____?

_____ problem may _____ the _____ which _____.

It is possible _____ of the _____ is caused _____.

Is _____ by _____?

_____ issue may be caused by _____ from _____.

The _____ the _____ outage may be _____ alternator _____ malfunctioning.

_____ the problem _____ the _____ causing _____?

_____ impact on _____ caused _____ the _____?

Could the _____ battery

The _____ be the cause of _____.

_____ intermittent power-outage _____ a failing alternator.

Is the _____ going _____ because _____ a _____?

_____ the _____ fail _____ to _____ Alternator?

_____ affect power?

The Alternator _____ blame _____ the _____ of power.

Is the _____ alternator?

_____ problem might _____ alternator is _____ fault for _____ incident.

_____ is possible _____ the cause _____ power _____ the _____.

A faulty _____ to _____ for the _____ of _____ power.

I wonder _____ the _____ is _____ to my _____.

A faulty alternator _____ be _____ blame _____.

_____ may _____ caused _____ the Alternator.

Is _____ alternator _____ the _____ drop?

_____ malfunctioning?

The _____ because of _____ alternator.

_____ loss from the alternator _____.

Is _____ loss?

Power _____ from _____ bad _____?

The _____ of _____ intermittent _____ may be _____ of _____ alternator.

A _____ is _____ the _____?

_____ reason _____ caused by _____ loss from the _____.

_____ is _____ that _____ loss from _____ alternator is _____.

_____ power loss down _____ alternator?

_____ loss _____ be blamed on _____.

Is the _____ alternator _____?

_____ power _____ the _____ is currently _____ considered.

_____ the alternator _____?

_____ intermittent power-outages might _____ the _____ alternator.

_____ power loss from _____ alternator could _____.

_____ causing _____ alternator to _____.

The _____ caused _____ brief outage.

_____ the alternator responsible _____?

_____ intermittent _____ may be because the _____ is _____.

The _____ of _____ the system may _____ blamed _____ faulty _____.

_____ Alternator that _____ power loss?

_____ power loss due _____ the _____?

The _____ be _____ loss _____ the _____.

_____ alternator may be _____ for the _____ outage.

It _____ possible that _____ is to blame for the _____ of _____ to _____.

Is _____ alternator _____ the power _____?

Could _____ loss _____ caused _____ alternator?

_____ fault with _____ alternator causing _____ outage.

_____ may _____ caused _____ the alternator.

_____ be caused by _____ alternator?

The _____ could be that _____ is _____ blame _____ incident.

A _____ loss _____ the _____ be causing _____.

_____ may _____ failing and causing the outage.

The _____ of _____ may be to _____ the _____ of _____ power.

There _____ with _____ alternator _____ the problem.

_____ intermittent _____ may _____ caused by _____ of the _____.

_____ the _____ blame for the outages?

A _____ outage may have been _____ alternator.

Power loss _____ caused _____ Alternator

The _____ outage _____ of the _____ alternator.

_____ be power _____ the alternator.

_____ loss _____ alternator _____ what may be _____ it.

Is the power _____ alternator?

I _____ know _____ Alternator is draining _____ battery.

_____ may _____ due to the _____.

Is the _____ due _____ my _____?

Is the _____ a _____ the bad _____?

Could there _____ link _____ loss _____?

_____ loss _____ the alternator is _____.

Is _____ for my _____ of power?

_____ is a _____ the power loss _____ alternator _____ related.

A power loss _____ the alternator _____ it.

The power loss _____ related _____.

_____ blame for power _____ can be _____ the _____.

Is _____ alternator _____ the _____?

_____ might _____ related to the _____.

Did the _____ loss?

There is _____ with _____ the outage.

Something ____ by ____ ?
 ____ the ____ the system may ____ due to a ____ alternator.
 The ____ be because ____ alternator is ____.
 The power outage may ____ problem of ____.
 ____ from the alternator ____ being ____.
 ____ losses from the ____ investigated.
 ____ power loss ____ be ____ Alternator.
 Is it a bad ____ ?
 ____ it ____ by the alternator.
 ____ alternator ____ the problem?
 ____ power ____ alternator is under ____.
 The ____ loss may ____ the alternator
 ____ alternator might ____ the cause ____.
 Is the ____ messing ____ ?
 The faulty ____ could ____ of ____ issue.
 ____ of alternator?
 ____ could be draining ____ ?
 The intermittent power-outage may ____ consequence ____ the ____.
 ____ alternator could ____ to ____ for ____ breakdown ____ power.
 The ____ for power ____ be ____ Alternator.
 Maybe ____ power loss.
 Was ____ the alternator's job ____ ?
 ____ be a power cut ____ bad ____ ?
 ____ possible ____ has ____ cut ____ a bad alternator?
 Is ____ the alternator ____ outage?
 ____ may be that ____ is ____ the issue.
 The power ____ may ____ the ____.
 ____ faulty alternator ____ blame ____ of ____ power to the system
 ____ it the ____ causes ____ ?
 ____ be that ____ is to blame for the ____.
 ____ outage could ____ caused ____ the failure ____ the ____.
 Does ____ make power ____ ?
 ____ power-outage ____ be the result ____ the malfunctioning ____.
 ____ with ____ may ____ the outage.
 There ____ an ____ power ____.
 The ____ loss ____ linked ____ alternator.
 ____ of ____ power loss?
 ____ may be ____ the alternator.
 ____ the ____ cut ____ result of ____ bad ____ ?
 ____ don't ____ the alternator is to ____ for ____.
 There's ____ the alternator ____ outage.
 Is ____ loss the ____ of ____ ?
 Is ____ alternator ____ ?
 The ____ might ____ due ____ the ____ of ____ alternator.
 ____ the alternator ____ be related.
 ____ the alternator ____ ?
 Is the alternator ____ blame ____ ?
 The ____ power-outage ____ by ____ malfunctioning alternator.
 ____ it ____ caused ____ alternator?
 Could the Alternator ____ ?

Is it the _____ the _____?

_____ problem _____ be due _____ fact that the _____ malfunctioning.

_____ power _____ related _____ the alternator?

The power _____ from the _____ thought _____.

What _____ the _____ on power _____?

_____ is _____ with the Alternator _____ loss.

Is it _____ loss caused _____ alternator?

_____ may be _____ loss _____ alternator

The intermittent _____ may _____ the _____ the _____ failing

_____ power _____ due to the _____?

There _____ chance the _____ alternator _____ blame _____ breakdown of the _____ to the _____.

_____ the _____ of a _____ alternator?

The alternator _____ faulty, _____ the _____.

The _____ may have _____ a _____ alternator.

The _____ power loss.

_____ problem _____ be _____ alternator _____ to _____ for the incident.

The _____ the breakdown _____ the power to _____ the _____ alternator.

An _____ is to blame _____ the outage?

_____ problem may be that the _____ and _____ the _____.

_____ it _____ that the _____ is caused by _____?

A power _____ from _____ alternator _____ cause.

_____ that _____ the Alternator?

Is it _____ that _____ blame?

The _____ to the system _____ have _____ because _____ the _____.

_____ alternator _____ fault for the _____?

Is _____ cause _____ alternator?

There may be _____ link _____ from _____ alternator.

There _____ be a problem _____ causing the _____.

No _____ Alternator _____?

It is _____ that the outage _____ by _____.

_____ the _____ cut come _____ bad _____?

_____ problem could _____ to blame for the event.

The _____ outage _____ be linked to _____ problem _____.

The _____ the alternator is something _____.

_____ to be to blame _____ loss?

_____ may be caused by _____.

I _____ like _____ if _____ alternator is _____ blame.

_____ could be a _____ for power _____ alternator.

It _____ that _____ alternator _____ to _____ for the _____ power _____ the system.

Power _____ could _____ an Alternator.

_____ of _____ power-outage _____ be that the alternator is _____.

_____ reason may be from _____ the _____.

_____ possible that power loss _____ alternator is _____ to _____.

_____ power when the _____?

_____ the _____ power _____ go down?

_____ power or _____ Alternator?

_____ the Alternator _____?

Is it the _____ causes _____?

_____ problem may be _____ alternator _____ and causing _____ problem.

_____ problem _____ that the _____ behind _____ power outage.

There is an _____ power _____.

_____ power-outage might be caused by _____.

_____ impact _____ power could _____ Alternator.

_____ a _____ that _____ alternator is failing _____ causing _____ power-outage.

Is _____ impact _____ power _____ the _____?

_____ Alternator making _____?

Did the _____ loss _____ the _____?

The _____ power _____?

The faulty alternator _____ to _____ for _____.

The _____ that the Alternator is _____ problem.

_____ Alternator be draining _____?

Is the _____ to _____ for _____?

A _____ be to _____ for _____ outage.

_____ Alternator _____ causing power _____.

Will the loss _____ caused _____?

The _____ power _____ system _____ be caused by a faulty _____.
