

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Network coverage and signal issues
Inquiry Sub-Category	Signal strength problems
Description	Customers report weak or fluctuating signal strength, dropped calls, or difficulties in making or receiving calls or data, seeking assistance to resolve these issues and improve the signal quality.
Data Size	5,029 paraphrases

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Why _____ face _____ connecting _____ in _____ where others _____ strong _____ due to an _____ cellular _____?

The _____ network _____ match _____ so _____ connect reliably _____ with strong _____.

_____ my cell _____ the _____ my _____ failing to connect _____ people _____ strong signal _____?

My _____ when other _____ do, what _____ that my cell _____ is malfunctioning?

I _____ a _____ connecting in _____ others have strong _____ an inadequate cellular _____.

_____ does my _____ connect when there's _____ signal _____ over?

substandard _____ links _____ it difficult _____ connect _____ some _____.

Bad cell _____ can _____ connecting to _____ in _____ that _____ robust signals.

Cell service problem! _____ do _____ but not _____?

Is my _____ network _____ my phone isn't _____ reliably _____ other _____ strength _____?

Do _____ know why _____ link _____ not _____ high-signal areas?

_____ is _____ for insufficient cellphone _____ in _____ connected _____?

If _____ seem able _____ connect as easily as people _____ wrong _____ my _____ connection.

_____ network _____ phone failing to _____ when others have signal strength?

Is _____ possible _____ my cell _____ as _____ as _____ around _____?

I _____ trouble _____ in _____ where _____ have _____ network doesn't match up.

_____ be difficult _____ connect _____ with _____ cell _____ with strong signals.

_____ can't connect in areas with _____ because the _____ network _____.

_____ network the _____ my phone _____ connect _____ when other _____ have _____ in _____?

Is _____ possible that _____ connection doesn't work _____ well as _____?

_____ phone can't _____ when _____ phones do, _____ causes _____ to _____ my _____ network is _____?

_____ areas with _____ signals, I _____ difficulties _____ to an _____ connection.

_____ cell links _____ perfect to _____ challenging in areas _____ receive _____.

What _____ of my poor _____ areas with strong _____ reception?

_____ my _____ failure _____ when other people _____ due _____ the cell network?

In areas _____ signals, how come _____ is _____ bad _____ links?

Is _____ the cell _____ is _____ blame _____ failing _____ connect when other _____ strong signals?

In areas with robust signals, _____ not _____ to _____ cell _____?

_____ my phone _____ connect _____ a strong signal?
 Does anyone know _____ a poor _____ though I _____ near _____?
 It's _____ connecting _____ with shoddy _____ in _____ that have robust _____.
 I _____ to _____ due to _____ reception _____ other _____ have _____ signals.
 _____ wonder why _____ link _____ unreliable in _____ zones.
 Why _____ people enjoy _____ signal _____ I struggle _____?
 _____ difficult to connect _____ with shoddy cell _____ with _____.
 _____ if _____ cell _____ is _____ blame for _____ phone failing _____ connect reliably when other _____ great _____.
 _____ connecting _____ becomes _____ in _____ with poor cell _____?
 _____ where _____ else is _____ the _____ service, _____ can't I get a _____?
 Weak _____ links _____ make it _____ connect _____ areas _____ strong signals.
 Can _____ tell me _____ connecting in areas _____ reception?
 _____ areas that _____ robust _____ strength are challenged _____ a weak _____?
 In _____ why _____ the cellphone _____ not _____ up?
 _____ robust signals, _____ come connecting is _____ due _____ cell links?
 _____ links make _____ harder _____ connect _____ in areas that _____ robust _____.
 I cannot _____ with strong _____ because _____ cell _____ does _____ have them.
 _____ to connect _____ when _____ strong signals _____ fault of my cell network?
 The _____ live in _____ a poor _____ makes it _____ to connect to other areas _____.
 When _____ people have strong _____ come _____ phone _____ connect?
 _____ areas with strong signals, how _____ cell _____ difficult?
 _____ I _____ a _____ signal in areas _____ else is?
 In _____ strong signals, how _____ with _____ cell links _____?
 _____ can't _____ reliably _____ the _____ network _____ signals in places where others _____.
 I cannot _____ areas _____ others have _____ signals because the _____ doesn't _____.
 _____ people have strong signals, _____ phone struggles _____.
 _____ my _____ blame for _____ failing to connect _____ when _____ people _____ talking?
 In areas with strong _____ how _____ quickly _____ to _____ cell _____?
 How _____ having trouble _____ where others have good _____?
 Is _____ cell network the _____ of _____ phone's poor _____ have _____ signals?
 _____ is my _____ signal _____ well- connected _____?
 _____ my cell connection if it's _____ for me to get in _____ me?
 _____ easy _____ connect perfectly _____ poor cell _____ have robust signals.
 _____ is my _____ unable _____ when there's strong _____?
 _____ well- connected areas, why _____ affect my reliability?
 _____ difficult _____ connect _____ in areas _____ receive strong signals _____ poor _____ links.
 _____ with _____ signals, how _____ connecting with _____ can be hard?
 _____ area _____ a poor _____ connection, it _____ difficulties in connecting _____ other areas _____ strong.
 What's the _____ phone _____ not working _____ other _____ do?
 Is _____ network _____ reason _____ doesn't connect reliably _____ are nearby?
 Is it because _____ network that _____ struggles _____ connect to?
 Can _____ mobile network make connecting _____ when _____ have optimal _____?
 _____ I _____ the poor _____ high signal areas?
 _____ my cellular _____ is poor _____ reliably connect to _____ with _____.
 _____ have _____ poor _____ network _____ am _____ having _____ hard time _____?
 It's _____ with shoddy cell _____ in areas _____ signals.
 Because _____ network doesn't _____ I can't _____ in areas where others _____.
 _____ come _____ with strong _____ strength _____ challenged _____ poor cellular _____?
 Is _____ cell network that _____ to _____ my _____ failing to _____ when _____ have strength?
 _____ areas with strong _____ come connecting is _____ poor _____?

_____ links _____ make connecting flawless _____ that _____ strong signals.

Is _____ cause _____ my phone _____ connect reliably when _____ have strength?

In _____ areas, _____ does _____ insufficient _____ signal _____ my dependability?

How do I _____ why _____ poor cellular _____ signal _____?

Is _____ cell network the root _____ my phone _____ when other _____ have _____?

_____ cell links can _____ in areas that _____ robust signals.

_____ cell _____ the cause _____ my phone not _____ properly when _____ people _____?

Why _____ an insufficient _____ signal _____ connected areas?

Do you _____ have issues _____ link in _____ zones?

Is _____ cell network _____ blame for _____ failing _____ reliably when _____ are _____?

_____ able to _____ I _____ a poor cell network?

_____ cellular _____ why can't I reliably _____ in areas with _____?

I have _____ places _____ people _____ due to an _____ cellular connection.

I am unable _____ connect _____ in _____ where _____ strong signals _____ the cell network _____.

In well- _____ places, _____ signal _____ my connection?

In _____ with strong signals _____ cell network _____ can't connect _____.

_____ for _____ to _____ when I have _____ bad cell network?

I wonder _____ my cell network _____ phone failing _____ connect reliably _____ other _____ have _____ signals.

_____ to connect _____ cell _____ in areas with _____ signals.

Isn't _____ to connect _____ connections in areas _____ strong signals?

Where other _____ achieve _____ reception levels, _____ mobile _____ difficulties connecting?

In _____ with _____ how come _____ substandard cell links _____ difficult?

Is _____ to blame _____ my _____ to _____ other people are strong?

Why do I _____ hard _____ connecting when _____ is _____ poor _____?

Why _____ insufficient _____ signal _____ my connection in well- _____?

Is _____ my _____ insufficient in _____ connected areas?

Is it possible that my _____ connection doesn't connect _____?

_____ can't connect in _____ where _____ have strong _____ network doesn't match _____

_____ my _____ reason my phone _____ to _____ reliably when _____ have power?

My phone _____ when _____ phones do, _____ believe _____ cell network _____ good?

_____ areas with strong signals, how _____ connecting _____ due to _____?

Is _____ my phone _____ connect with others due _____ a poor _____?

When my cellular connection _____ not reliable, _____ can't _____ in _____ with _____?

_____ areas _____ robust signals, how come _____ due _____ substandard cell links?

I can't connect because the cell _____ doesn't match _____ others _____.

It's not easy to _____ cell connections _____ good signals.

_____ my cell _____ the _____ failing to connect _____ other people _____ signal _____?

In _____ strong _____ can't _____ reliably because _____ cell network _____ up

I _____ get a _____ places where _____ is crushing _____ due _____ your _____ cell service.

Is _____ the cell network _____ my _____ not connecting reliably _____ have signal strength?

How _____ connecting _____ becomes _____ with bad cell _____?

Is _____ that _____ cellular _____ is _____ fallible in high-signal _____?

_____ cell _____ that causes my phone to _____ when other _____ have great signals?

Do _____ why I _____ coverage?

Is my phone's _____ to connect when _____ signals _____ my _____ network?

_____ cellular _____ unreliable _____ when others have _____ good links.

_____ my _____ link is unreliable _____ high-signal zones.

I _____ connect _____ in _____ where others have strong signals because _____.

_____ difficult to connect _____ that receive _____ because _____ poor cell _____.

When _____ connection isn't _____ I _____ reliably connect to areas _____.

Is _____ that _____ connect with others because _____ poor _____ network?
 _____ my _____ network to _____ for my phone _____ reliable _____ have great _____?
 Poor _____ links _____ connecting perfect _____ in _____ with _____.
 The _____ I live in _____ a poor _____ and it makes _____ difficult _____ connect to _____.
 _____ weak _____ how come _____ with _____ signal strength still _____ me?
 substandard _____ make it _____ to _____ in certain _____
 When my cellular _____ I can't reliably _____ areas with strong _____.
 I _____ to connect _____ reception _____ other people _____ great signals.
 _____ other _____ strong _____ my phone struggles to connect?
 _____ does my phone fail to connect _____ signal _____?
 _____ perfectly with shoddy _____ connections can _____ areas that have strong _____?
 _____ phone doesn't connect when _____ phones _____ causes _____?
 _____ connection is _____ can't I reliably connect _____ with _____ signals?
 Is my _____ to _____ failing to connect reliably when _____ people have _____?
 _____ do I _____ my cellular link doesn't work in _____?
 _____ am _____ hard _____ connecting when _____ have _____ poor cellular network?
 In areas _____ strong signals, I _____ because _____ cell network _____
 _____ connect _____ in certain areas _____ doesn't match up.
 _____ come my _____ is weak _____ have _____ connections?
 In _____ robust signals, _____ come _____ flawless becomes _____ due _____ bad _____ links?
 _____ properly in areas where _____ have great reception?
 Why _____ I have _____ network is poor?
 _____ areas _____ signals, _____ come connecting is _____ because _____ cell links?
 Do you _____ explanation _____ why my _____ reliable in high-signal _____?
 _____ people have signal _____ is _____ reason for my _____ failing to _____?
 _____ areas _____ strong signals, I _____ connecting due to _____ connection.
 The cell network doesn't _____ up in _____ have _____
 _____ with strong signals I _____ connect _____ the _____ network _____ it.
 In areas with strong _____ how _____ smoothly _____ due to _____?
 _____ my _____ the cause of my phone _____ to _____ people _____ great signal?
 _____ connect _____ of poor cellular reception, _____ people _____ great signals.
 How _____ I know why _____ cellular link _____ unreliable _____?
 When other people _____ what is _____ cause of _____ to connect _____?
 It's difficult to _____ in _____ signals _____ to an insufficient cellular _____.
 I _____ able to connect _____ areas _____ others have _____ signals because of an _____.
 I am _____ if my _____ network _____ to _____ phone _____ reliably when _____ have signal strength.
 Is my cell _____ for my phone _____ connect when other _____?
 Why do I _____ even though others have _____?
 _____ is _____ connect _____ certain _____ to unreliable cell links.
 _____ cell network _____ reason _____ phone doesn't _____ reliably _____ people have strong _____?
 _____ cannot _____ reliably in _____ with _____ because the cell _____ have _____.
 _____ because _____ struggle _____ connecting properly while _____ strong _____ strength?
 It's difficult to _____ shoddy _____ that have good signals.
 How _____ I explain _____ get a _____ cellular link _____ live near _____?
 Is _____ to blame _____ my _____ not _____ when other people _____ great _____?
 _____ my _____ network _____ cause of _____ phone failing _____ others _____ strength?
 I _____ to _____ with strong signals when _____ isn't up _____ par.
 _____ do I _____ with _____ in high-signal zones?
 Why _____ people get _____ good _____ that everyone _____ a strong _____?
 Is _____ cell _____ the _____ fails to connect _____ others have _____?

_____ links _____ it more difficult _____ connect perfect in _____ signals.

_____ come _____ connections becomes _____ uphill battle in _____ robust signals? "

_____ is the reason _____ in _____ connected spots?

_____ can't I _____ connect in _____ with strong _____ my cellular _____ not _____ to _____?

I _____ reliably _____ areas with _____ if _____ connection isn't good.

_____ do _____ explain _____ poor _____ phone _____ in high _____ areas?

_____ am I _____ hard time _____ have a poor _____ network.

I _____ in areas where other people have _____ because _____ network _____ not match _____.

_____ hard for _____ stay _____ signal quality _____ not good _____.

A _____ connection challenges _____ robust signal strength _____ present.

_____ come areas with good signal strength _____ a _____?

_____ areas _____ strong signals I can't connect _____ the _____ one.

_____ places where _____ else _____ using a _____ cell _____ get a _____ connection?

_____ connect _____ some places due to _____ cell links.

I can't _____ reliably _____ where _____ have _____ because _____ does not match up

I _____ know why _____ a poor _____ link _____ high signal _____.

_____ there _____ reason my phone _____ when other _____ have great _____?

I _____ to poor cellular reception, _____ others _____ great signals?

_____ don't I _____ in _____ when my cellular connection _____ good?

_____ can't I _____ connect _____ my _____ isn't strong?

_____ cell _____ reason my phone does not work _____ other people _____?

_____ is _____ is to blame for my _____ failing to connect _____ people have strength _____.

_____ with strong signal _____ challenge me because _____ cellular _____.

Is my cell network the reason for _____ not _____ when _____?

There _____ weak _____ that challenges _____ when _____ robust _____ strength are present.

_____ my _____ the reason my _____ work _____ other _____ have _____ signal strength?

It's not easy _____ with _____ in _____ with good _____.

_____ areas _____ come connecting is hard due to _____ cell _____?

_____ why I _____ issues _____ high-signal zones with my _____?

_____ links _____ perfect difficult _____ that receive robust signals.

Is _____ cell _____ to blame for _____ phone _____ being _____ to connect reliably _____ people have _____?

_____ a reason for my poor _____ in _____ stronger _____?

When _____ not up to _____ I can't reliably _____ to _____ strong _____.

_____ does my _____ signal _____ well- connected _____?

Do you know _____ mobile connection _____ strong _____ impressions?

If I don't seem _____ be able _____ connect _____ easily as _____ there _____ wrong with _____?

_____ do I experience _____ with _____ cellular link _____ high _____ others?

I experience _____ cellular _____ though I am _____.

_____ cell network _____ signals in _____ areas so _____ can't connect _____.

when others have good _____ reliably connect

I _____ to connect _____ poor _____ so why _____ great signals?

_____ cell links _____ it _____ to connect in areas _____ strong _____.

The area that I _____ in _____ a _____ cellular _____ that _____ it hard _____ the _____ with _____.

In _____ signals _____ can't _____ reliably _____ the cell _____ doesn't _____ it.

Is my _____ fault _____ my _____ failing to _____ when other _____?

I cannot _____ in areas _____ have strong _____ network doesn't have _____.

Does _____ cell network have _____ do with my _____ failing to _____ reliably _____ people _____?

My _____ cannot connect _____ do, _____ me to _____ my cell _____ isn't good?

_____ come connecting perfectly with _____ connections _____ uphill battle _____ strong signals, _____ it?

Is _____ cell _____ the reason _____ phone _____ connect _____ other _____ have _____ strong _____?

_____ optimal _____ levels _____ a deficient mobile network make _____ difficult?

Your _____ service _____ hard for me _____ a _____ places where _____ else is doing it.

It is _____ perfect in areas that _____ strong _____ due _____ links.

I don't understand _____ I'm _____ connecting _____ my _____ well-wired.

How _____ can't connect reliably _____ other people _____ strong _____?

_____ my _____ network _____ reason my phone is _____ when other people have _____?

Is it my cell _____ is _____ my phone not connecting _____ have _____ signals?

I _____ connect _____ areas with _____ because _____ cell network _____ up.

Why _____ I _____ zones with my cellular _____?

Poor quality _____ links make _____ effectively _____ some areas.

Why _____ connect properly while _____ signal strength?

_____ can't _____ to _____ but others have great _____.

_____ can make _____ perfect more difficult in _____ receive _____ signals.

_____ cell _____ the reason for my phone not connecting _____ people _____ strength _____?

_____ struggle _____ to _____ cellular _____ and others _____ great signals.

I _____ know why _____ is unreliable in _____ signal _____.

I _____ areas with _____ signals _____ of _____ cellular connection.

_____ I _____ the poor _____ link in _____ areas?

It _____ hard to _____ in _____ areas _____ substandard cell _____.

_____ areas _____ strong _____ how come connecting smoothly becomes _____ due _____ poor _____?

In areas _____ how come connecting _____ links can _____ hard?

I _____ challenged _____ areas with strong _____ strength _____ a _____ cellular _____.

_____ my _____ network _____ cause of _____ to connect reliably when _____ have _____?

In areas _____ others _____ strong signals I _____ connect _____ cell _____ up

In _____ connect _____ because the cell network doesn't match up.

Isn't _____ difficult _____ connect _____ shoddy cell connections _____ that _____ strong _____?

_____ the _____ with strong signal _____ are _____ a _____ cellular connection?

When my _____ good, _____ can't _____ in areas with strong _____.

I _____ reliably in areas where others have _____ an _____ cellular _____.

_____ wrong with my cell _____ I can't _____ easily to people _____?

When others have _____ phone _____ to connect?

Why _____ everyone getting _____ good _____ in _____ that _____ has _____ strong _____?

_____ cell network _____ reason _____ phone is _____ when other _____ great _____?

Why can't I _____ good signal _____ everyone _____ is?

I can't _____ because _____ network doesn't have _____ signals _____.

Bad _____ links _____ make _____ harder _____ that _____ robust signals.

_____ area _____ live _____ poor cellular connection _____ difficult to connect to the _____ areas with _____.

Is my _____ network the reason _____ fails to _____ people _____ the _____?

_____ my cell _____ the _____ isn't _____ people have strong signals?

You have _____ service, _____ a decent _____ in _____ everyone else is using it?

_____ your lousy cell _____ I _____ get _____ decent _____ in _____ where everyone _____.

_____ my _____ network to _____ for _____ to _____ when others have strong _____?

Why does _____ ME _____?

What could cause _____ poor _____ with stronger _____ reception?

_____ network _____ blame for my phone _____ to _____ other _____ great signals?

_____ confused _____ why my _____ network performs _____ strong signal _____.

Why does _____ trouble connecting _____ there is _____?

Is my _____ network the _____ phone failing to connect reliably when _____?

_____ connect in areas _____ signals because my cell network _____.

Why do _____ have _____ hard _____ when _____ bad cell network?

_____ don't _____ a _____ signal _____ everyone else does.
 Is _____ cell network responsible for _____ connect reliably _____ people _____ strength?
 In _____ how _____ connecting _____ a _____ due to substandard cell links?
 _____ with _____ signal strength _____ me _____ of a weak _____.
 _____ connected _____ why does _____ cellphone signal _____ my reliability?
 I can't _____ places _____ have _____ signals because the _____ network _____ one.
 _____ connect _____ places where _____ people _____ strong signals _____ doesn't match up.
 It becomes an uphill battle _____ connect _____ shoddy _____ that _____ strong _____.
 In _____ where others _____ strong _____ connect _____ of _____ inadequate cellular connection.
 How _____ poor cell _____ becomes _____ in areas _____ strong signals?
 _____ my _____ signal _____ what leads to _____ connections in _____?
 _____ places, why does the cellphone _____ match?
 When my cellular connection _____ strong, _____ can't _____ connect to _____.
 I struggle to _____ to poor _____ reception _____ why _____ others _____?
 _____ unreliable connections _____ well-covered _____ because my _____ signal _____?
 _____ a poor cellular link when I _____ near _____?
 _____ connect reliably _____ places with _____ signals because the _____ network _____.
 Is there _____ with _____ cell _____ if _____ able to connect _____ as those around _____?
 _____ the _____ of _____ poor phone reception _____ areas _____ phone reception?
 _____ becomes _____ to _____ perfect in _____ signals because of _____ cell links.
 _____ my cellular link is _____ working in _____.
 How _____ I _____ why _____ have poor _____ link _____ I _____ others?
 Why _____ I _____ trouble _____ when _____ don't _____ good _____ network?
 Is _____ possible _____ cell connection _____ strong as those _____?
 I _____ in areas _____ strong _____ the cell network does not have _____.
 _____ connecting _____ places where others have _____ signals _____ inadequate cellular connection.
 Is my phone's inability to _____ people have _____ network?
 _____ difficult to connect _____ areas _____ of poor _____ links.
 _____ my cell _____ phone's _____ to _____ reliably when other people have _____ strength?
 _____ that _____ can't connect to _____ cell _____ as easily as _____ me?
 Is my cell network _____ reason _____ isn't _____ reliably _____ people _____ signal?
 It becomes an uphill battle to _____ connections _____ that have _____.
 _____ my _____ network the _____ my phone _____ connect _____ have good signals?
 Do _____ explain why I have _____ to _____ zones?
 Why _____ I _____ have poor _____ reliability despite _____ having _____?
 _____ would _____ to explain why _____ is _____ in high-signal _____.
 _____ network _____ to blame _____ my phone _____ connecting _____ when other _____ have _____ in _____.
 _____ there something _____ with my cell connection, if _____ easily _____ those _____?
 Is my _____ reason my _____ doesn't _____ when _____ have strength?
 _____ reliably in areas where others have _____ signals _____ of _____ connection.
 Why _____ it that _____ connect when _____ have a _____?
 _____ is the _____ my _____ not _____ reliably when _____ people _____ signals?
 Poor cell _____ hard _____ connect _____ areas _____ get strong signals.
 How _____ get poor cellular link _____ signal areas?
 _____ my phone network the _____ fails _____ when _____ people have _____ signals?
 Bad cell _____ cause connecting flawless _____ a _____ areas _____ receive _____.
 It _____ to connect _____ in areas _____ strong signals _____ of _____ cellular connection.
 I struggle to _____ poor _____ reception, but _____ signals.
 _____ I _____ why I experience _____ cellular _____ living near others?
 _____ is _____ to _____ certain areas because of _____ links.

Do ____ know ____ I ____ cellular phone in high-signal zones?
 ____ reliably in areas ____ strong ____ because the ____ doesn't match ____.

My ____ connect ____ other phones do, what ____ cause ____?
 ____ my cell network to blame ____ my ____ other ____ have signal ____?
 ____ a ____ signal in areas ____ everyone else ____ it.

How come connecting perfectly ____ cell ____ uphill ____?

Poor cell ____ connecting ____ to ____ in areas ____ receive strong ____.

It's ____ of ____ service that I can't ____ connection in ____ where ____ else is.
 ____ network to ____ for my ____ failing to connect ____ have great ____ strength?
 ____ connection isn't up to ____ I ____ to areas ____ strong ____.

I ____ reliably connect ____ signals ____ my cellular connection is ____ to ____.

In ____ with ____ signals, ____ come ____ easily ____ to ____ cell links?

What ____ phone ____ in areas that ____ have ____ reception?
 ____ still ____ by ____ weak cellular connection ____ areas ____ strong ____ strength.

I'm having trouble connecting ____ areas where ____ come?
 ____ cell network ____ for my phone failing to ____ other ____ better signal ____?

I'm ____ reliably connect in areas ____ signals ____ my ____ connection.

What ____ the ____ poor phone reception ____ areas that ____ usually ____?

How ____ connecting ____ becomes a chore ____ bad ____ links ____ receive ____ signals?
 ____ struggle to connect ____ to poor ____ which ____ have ____ signals.

I'm ____ a ____ where ____ are nicely hooked up.
 ____ my cell ____ network ____ cause of ____ phone failing ____ when ____ have great signals?
 ____ am ____ able ____ in places where ____ have strong signals due to ____ cellular ____.

I can't ____ in ____ that ____ signals ____ the cell network ____.

____ becomes ____ to ____ shoddy cell connections ____ areas with strong ____.

____ can't ____ get a ____ signal ____ a ____ else has one?

____ I ____ a hard ____ connecting ____ my cell ____ great?

____ my ____ network ____ cause ____ my phone ____ to connect ____ other people ____ strength?
 ____ my ____ work when there are ____ signals?
 ____ areas that ____ strong signals, connecting ____ difficult due to ____.

____ I ____ issues ____ my cellular ____ high-signal zones relative ____ people?

Is it ____ to stay connected ____ solid signals?
 ____ areas ____ strong ____ that ____ challenge me due to ____ weak ____ connection.
 ____ cell network the ____ my phone failing ____ connect ____ other people ____?
 ____ can make ____ in areas ____ receive ____ signals hard.
 ____ how come connecting ____ not easy due to substandard ____?
 ____ could the reasons ____ poor phone ____ in ____ with strong ____?

Why does my ____ can't ____ is ____ signal?

In ____ spots, why ____ cellphone ____ not match?

Is ____ cell network ____ my ____ reliably when other people ____ signal?

I ____ connect ____ in ____ with strong signals ____ the ____ network ____.

How do ____ explain ____ my ____ link is ____ others are relatively ____?

In areas ____ signals, how ____ with ____ cell links ____ challenge?

It ____ to ____ areas ____ the poor cell links.
 ____ reliable ____ are ____ others too ____ an adequate cellular connection ____ me?
 ____ connected areas, ____ does my cellphone ____ fail ____?

Why ____ I ____ connecting when ____ have ____ poor cell ____?

How come ____ isn't reliable ____ others ____ strong ____?

Why ____ up in well- connected spots?

When ____ cellular ____ poor I can't reliably ____ in ____ strong ____.

In areas _____ signals I _____ because the cell _____ one.
 In _____ strong signals, I can't connect _____ the cell _____ have _____.
 Is _____ network that causes my _____ to _____ when _____ have strength?
 _____ am bothered by _____ while others _____ cellular _____.
 It _____ hard to _____ certain areas _____ to _____ links.
 _____ though _____ have a _____ experience connection issues.
 When other _____ have strong signals, _____ cell _____ the reason _____ to _____?
 _____ the _____ my _____ not connecting _____ when _____ people _____ strong signals?
 _____ links _____ difficult _____ connect _____ areas that receive _____ signals.
 subpar _____ it difficult to connect _____ areas
 _____ don't know _____ I have _____ cellular _____ signal areas.
 Is my _____ blame _____ my phone _____ being able _____ reliably _____ people have _____ signals?
 Is my _____ network the _____ of my _____ to _____ when _____ have _____ good _____?
 _____ is difficult _____ in certain areas due _____ links.
 _____ it _____ that is to blame _____ my _____ failing _____ reliably when _____ people have great _____?
 How do I explain _____ link _____ in high-signal _____ others _____?
 What _____ the _____ of my _____ not _____ reliably when _____ signals?
 _____ connect _____ areas where _____ have strong signals _____ a poor _____ connection.
 _____ robust _____ how come _____ smoothly becomes _____ due _____ poor cell _____?
 Why does _____ phone fail to _____ strong _____ the area?
 Is _____ cell network the _____ phone _____ when _____ people are _____?
 I'm challenged by a weak _____ with strong _____.
 Is _____ cell _____ the _____ of my _____ failing _____ reliably when _____ strength?
 _____ connect _____ areas with _____ signal _____ the _____ network _____ have it.
 _____ there a reason _____ I don't _____ zones?
 _____ my cell network _____ phone _____ reliably _____ people are strong?
 _____ I never _____ connect as _____ as _____ me, _____ there something wrong _____ cell connection?
 _____ is my _____ link _____ high-signal _____?
 _____ cell _____ it hard to _____ in _____ places.
 I _____ others so _____ do I _____ poor cellular _____?
 _____ I still face _____ others having strong signal?
 Is _____ possible that _____ having _____ connecting with _____ because _____ poor _____ network?
 _____ not _____ to connect reliably in _____ where others have _____ signals _____ to _____ cellular _____.
 _____ challenged _____ the _____ cellular connection _____ areas with _____ signal _____.
 Is my _____ network _____ phone _____ connecting reliably _____ people have _____ signals?
 Is _____ the reason my _____ failing to _____ other people have _____ it?
 _____ is the cause of _____ connecting _____ other people _____ signal _____?
 I'm _____ trouble _____ in _____ others _____ good reception?
 I find _____ connect reliably in areas _____ strong signals _____ an _____ cellular connection.
 subpar _____ hard _____ connect _____ in certain areas.
 _____ good _____ in places that everyone else does?
 Because _____ doesn't have strong _____ areas, _____ can't connect reliably.
 _____ the _____ that is _____ phone not connecting reliably when _____ people have strong _____?
 _____ I _____ seem able _____ easily _____ those _____ me, is _____ something _____ my cell phone connection?
 Is my _____ the _____ to connect _____ other people _____ good signal _____?
 I have a _____ areas _____ others _____ because _____ an inadequate cellular connection.
 _____ does an _____ cellphone signal make _____ connected?
 Do _____ why _____ cellular _____ doesn't _____ in high signal _____?
 Why does an _____ hurt my _____ in _____ areas?
 Is it my _____ is _____ blame _____ phone _____ connect when other people _____ strength?

____ others have strong signals, ____ phone doesn't ____?
 ____ do ____ experience ____ link even though ____ live close to ____?
 ____ where others have ____ due ____ cellular ____ I face difficulty connecting.
 Poor ____ links ____ cause connecting perfect ____ challenging ____ strong signals.
 ____ other ____ is my cell network ____ my phone failing ____ connect reliably?
 Is it the cell ____ is to blame ____ my ____ failing ____ other ____ are ____?
 How come I don't ____ signal ____ where ____ else ____?
 ____ a ____ mobile network make connecting difficult when ____ people ____?
 ____ cell ____ the cause ____ my phone not ____ reliably when ____ people ____?
 Is ____ network ____ of my phone's ____ to ____ reliably ____ people ____ strong signals?
 I can't ____ in areas ____ people ____ signals ____ the ____ network ____ have ____.
 Is my ____ network the ____ of ____ phone ____ to connect ____ people ____?
 What is the ____ for ____ insufficient ____ connected spots.
 Poor cell links ____ to connect ____ receive strong signals.
 ____ come ____ with shoddy cell ____ not easy?
 ____ cell links can ____ flawless difficult ____ that ____ robust ____.
 Why do ____ find it hard ____ when ____ have a ____?
 ____ difficult ____ places where ____ strong signals because of ____ inadequate cellular ____.
 In ____ strong signals, I have difficulty connecting ____ an inadequate ____.
 How ____ to ____ why my ____ is unreliable ____ high-signal zones?
 ____ a reliable cellphone ____ in well- ____ areas?
 In ____ is doing ____ their ____ service, ____ can't I get ____ decent connection?
 When other people have signal ____ failure ____ connect due to ____?
 Is ____ cell network the ____ connecting when other ____ have ____ signal?
 Is it ____ that ____ cell ____ seems ____ connect as easily as ____?
 ____ easy ____ in certain areas due to ____ links.
 ____ areas with ____ signals, how come ____ due to ____ links?
 ____ my ____ network the reason my phone ____ connect ____ great ____?
 ____ cell ____ make it ____ in ____ that ____ robust signals.
 The area ____ live in has ____ poor ____ connection, ____ it ____ to ____ the other ____.
 Is my cell network the ____ my ____ failing ____ reliably ____ people ____ strength?
 ____ have strong signals, I ____ reliably in ____ where others do.
 ____ my ____ network ____ my phone failing ____ connect when other people ____?
 ____ have a difficult time ____ others have strong signals ____ an ____ connection.
 ____ cell ____ make connecting perfect ____ that receive ____ signals.
 ____ am I not ____ to ____ my cellular link ____?
 ____ is difficult ____ in ____ places ____ substandard cell links.
 In ____ where ____ strong ____ can't connect because the cell ____ match ____
 In areas ____ how come ____ easily ____ a ____ due to ____ links?
 Is my ____ network the ____ phone not connecting ____ signal strength?
 I ____ curious ____ why ____ performs ____ despite ____ signal impressions.
 I ____ challenged by ____ robust ____ due to a weak ____.
 ____ my cell ____ to ____ for my ____ connect reliably when ____ great signal?
 I ____ areas with ____ because the cell ____ isn't strong ____.
 ____ in areas where others have ____ signals ____ the ____ doesn't have ____.
 How ____ why ____ link ____ unreliable when others ____ reliable?
 ____ in ____ with strong ____ as the cell ____ doesn't match ____.
 ____ my cell ____ of ____ phone ____ connecting ____ when other people ____ signals?
 ____ it my cell ____ is ____ blame for my ____ failing ____ connect ____ signal strength?
 ____ perfectly ____ shoddy cell ____ in areas with robust signals.

If _____ seem _____ be able to connect as _____ me, what _____ wrong with _____ cell _____?
 Isn't _____ perfectly with _____ cell connections _____ uphill _____ in _____ signals?
 _____ I connect when I _____ poor _____ network?
 Why _____ a signal in _____ that _____ else _____?
 I can't _____ in _____ where others _____ signals because _____ cell _____ match _____.
 _____ isn't easy _____ connect _____ cell _____ areas that have good _____.
 _____ connecting _____ with _____ cell connections is _____ in certain _____?
 The area _____ live in _____ a _____ connection _____ it difficult _____ to other _____ strong connections.
 Poor _____ connecting perfect difficult _____ that _____ good signals.
 _____ I explain _____ my _____ phone does _____ work in high _____?
 When I _____ a _____ network, _____ am I _____ hard _____ connecting.
 _____ is _____ connect _____ areas because of _____ cell links.
 _____ my cellular connection _____ to par, I _____ reliably _____ with strong _____.
 Why _____ people _____ cell service, _____ not me?
 Is my cell network _____ of _____ to connect _____ other _____ nearby?
 Is _____ cell _____ the _____ my _____ isn't _____ have great signals?
 _____ everyone get _____ good _____ in areas where _____ strong one?
 _____ it that _____ can't connect _____ my _____ network is _____?
 In well- _____ why does a _____ cellphone _____ affect _____?
 I can't _____ in _____ strong _____ because _____ network doesn't _____ up.
 _____ to connect _____ shoddy _____ in areas that _____ strong _____.
 Do you know _____ cellular _____ not working in _____?
 _____ network _____ reason _____ phone _____ connect reliably when other _____ have _____ signal?
 _____ cell network _____ my phone won't connect when _____ people _____?
 _____ do I _____ poor _____ I experience _____ live close to _____?
