

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Product features and specifications inquiries
Inquiry Sub-Category	Design and durability
Description	Customers seek information about the design aesthetics of their smartphone, including the materials used, available color options, and whether it has features like water and dust resistance, gorilla glass protection, or ruggedized construction.
Data Size	5,024 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ about potential damage due _____ well protected/sealed internally against _____ ?
 _____ a _____ humidities/moisture _____ will cause _____ sealed _____ to be _____.
 There _____ chance that _____ will _____ internal seal _____ to _____.
 _____ that _____ cause internal seal precautions to _____.
 _____ there _____ measures _____ safeguard against humidity damage?
 Is _____ adequate _____ in place to protect _____ from _____ effects _____ ?
 Is the internal _____ potential impairment _____ to _____ water?
 There's a _____ internal _____ will be affected _____.
 I _____ that the exposure to _____ have damaging _____ the _____.
 _____ sufficient measures in place to _____ damage?
 _____ am worried that the _____ cause _____ to _____ and secure against _____.
 _____ concerned that exposure to humidity will _____ how best _____ secure against _____.
 There is a _____ internal _____ going _____ due _____ humidities.
 Unease about _____ to humidity?
 There is _____ question _____ the protection _____ internal _____ status _____ exposure to _____
 Is _____ adequate internal safeguards to _____ potential _____ to _____ ?
 _____ internal _____ adequately addressed potential impairment _____ ?
 _____ there exist _____ to protect the _____ of the device _____ of humidity or _____ ?
 _____ concerned that _____ to humidity _____ cause _____ and _____ protect against that.
 I worry _____ of _____ and _____ on my body _____ how it _____.
 _____ is _____ question of _____ of _____ shielding status _____ to _____ humidity
 _____ exposure to humidity _____ cause damage _____ how best to _____ against _____.
 _____ sealed precautions and _____ mist _____ risks?
 It is _____ will _____ internal precautions to _____.
 I _____ worried about the _____ to the humidity _____ have _____.
 _____ a question _____ protecting internal shielding _____ to exposure _____ and _____
 _____ moist _____ has the _____ been _____ ?
 _____ is a _____ on the protection of internal _____ to _____ moist _____ conditions.

_____ tell me _____ specific safeguards that protect against _____ by humidity?

I _____ that exposure _____ could _____ a _____ effect _____ the _____.

I want _____ the internal design _____ safe _____ damage.

_____ the exposure to humidity will cause _____ and how to _____ secure _____ against _____.

There _____ a question _____ internal _____ status _____ to humidity.

_____ was _____ about the effects of _____ and _____ to _____.

_____ a chance that humidities _____ cause internal _____ fail.

Is _____ handle humidity and _____ risks?

I'm _____ that exposure _____ will _____ damage _____ to _____ secure against _____.

I _____ concerns about the _____ of _____ protecting _____ humidity _____.

There was a question _____ the protection _____ internal _____ compared _____.

Concerns _____ the _____ on _____ seals.

The _____ status compared _____ exposure _____ and humidity is _____ question.

_____ worried that the exposure to humidity _____ and _____ to protect _____.

Please _____ on internal _____ the fear _____ from _____.

When _____ with _____ how _____ this device _____ themselves?

Is _____ adequately addressing potential _____ related _____ or the _____?

_____ want to know how safe _____ design _____ in _____ humidity _____.

_____ a _____ humidities can _____ seal precautions to be _____.

_____ a question _____ the _____ risk _____ exposure to moisture.

_____ internal safeguards adequate for addressing potential _____?

_____ question of the protection of internal shielding _____ compared _____ to _____.

_____ that the _____ to humidity will cause _____ and how _____.

There is _____ regarding _____ of internal _____ to moist and humidity.

How safe _____ internal design _____ protect _____ the _____?

_____ advise on internal _____ because _____ are _____ damage from _____.

I _____ to humidity will cause _____ how _____ it inside?

Question about the protection of _____ compared _____ moist and _____

I am worried _____ the exposure to humidity _____ cause _____ protect _____ myself.

Is _____ enough _____ measures _____ to _____ against humidity damage?

_____ about the protection of _____ status _____ moist and humid conditions.

There _____ a _____ shielding when exposed to humidity.

There _____ a _____ that _____ precautions will _____ because _____ humidities/moisture _____.

_____ is _____ of _____ of _____ shielding _____ against humidity.

_____ is _____ about _____ internal shielding _____ exposure _____ moist and humidity.

_____ is _____ question about _____ of _____ shielding status, _____ to exposure _____ moist _____.

How _____ design in _____ against humidity?

_____ worry _____ the _____ the humidity _____ concerns about the inside.

_____ exposure to the humidity _____ have a _____ effect on the _____.

There _____ a chance _____ internal seal precautions to be _____.

There _____ a _____ against exposure to _____.

_____ the _____ protect itself from _____?

There is _____ that _____ will cause internal _____ precautions _____ go _____.

_____ there enough _____ in _____ to safeguard _____ damage?

There _____ a _____ protection _____ internal shielding status when _____ comes _____ humid conditions.

I _____ worried _____ the humidity may have _____ negative effect _____ the _____.

I am _____ to _____ and _____ effects of _____ exposure to humidity.

_____ advise _____ internal protection due _____ of damage from _____.

_____ concerned that the exposure _____ damage and _____ it.

_____ chance of _____ seal precautions _____ wrong _____ humidities/moisture dangers.

_____ because hesitant _____ be caused by _____ weather.

Is it _____ to _____ against damage _____ humidity _____?

_____ chance humidities/moisture _____ will _____ internal sealed _____ to be _____.

There _____ a chance _____ seal precautions to go wrong.

_____ over exposure to humidity and internal shielding _____.

There's _____ internal seal precautions to be worried.

_____ are _____ internal _____ the damaging _____ of the humidity?

It's possible _____ humidities/moisture dangers can _____ internal _____ to _____.

Can _____ what _____ are _____ to _____ me from _____ risks of humidity?

Can I _____ safe against _____ and the humidity?

Do there exist _____ protect _____ the _____ the risks _____ and water?

_____ to humidity _____ cause _____ can it be _____?

_____ are _____ steps taken _____ protect _____ of humidity inside?

_____ a question _____ the _____ of _____ status _____ to exposure to _____

_____ is a _____ on _____ shielding _____ to exposure _____ moist and humidity.

_____ that the exposure to humidity _____ damage and how _____ to protect _____.

_____ be affected _____ humidities/moisture dangers.

There _____ about protection of _____ compared to humid _____ conditions.

_____ that the exposure to humidity _____ cause damage _____ protect it _____?

_____ advise _____ internal _____ they are scared _____ damage _____ humidity.

_____ a question _____ protection _____ internal _____ status against _____ humidity.

_____ exposure to moist _____ internals?

_____ worried about the _____ on _____ body of _____ exposure.

I _____ exposure _____ will cause damage and how best _____ against _____

Are _____ safeguards _____ addressing impairment _____?

_____ to humidity; internal _____?

There's _____ chance _____ humidities _____ cause _____ to fail.

Please _____ on internal _____ is scared of damage _____.

Please advise on internal _____ of _____ of _____.

How _____ are the internal from the _____?

_____ exposure to humidity _____ how best to _____ inside.

_____ shielding _____ there _____ exposure to humidity?

What _____ have _____ to protect against damage _____ humidity _____?

I _____ that the _____ to humidity could cause _____ and _____ it _____?

There _____ a question _____ the protection _____ internal _____ status _____ and humid _____.

What _____ been taken _____ protect _____ the _____ of humidity _____?

_____ you _____ its internal _____ under _____ conditions?

There is a _____ about _____ status _____ to _____ and Humidity

I am _____ that _____ exposure _____ and _____ best to protect and _____ myself _____ that.

Is the _____ safeguards _____ the _____ related to _____?

_____ concerned _____ the _____ to exposure humidity and _____ well protected _____ is inside.

Has adequate protection _____ implemented in _____ moist _____?

_____ advise on _____ protection, I am _____ humidity.

Does _____ device have enough _____ inside _____ protect _____?

I am _____ the _____ cause _____ and how _____ protect _____ inside.

Can you _____ enough measures in place to protect _____?

_____ if _____ well protected _____ humidity.

I'm _____ exposure _____ best to protect it inside.

_____ internal safeguards adequate _____ impairment related to _____?

Exposure _____ moist _____ weather has _____ about internal _____ status.

Concerns about the _____ humidity: _____ the _____ like?

_____ protection _____ a concern _____ potential damage?

There is a _____ regarding the _____ of _____ shielding _____ humidity.

I'm worried _____ it may _____ harmed _____ weather.

There _____ a _____ the _____ of internal _____ to _____ and moist environment.

_____ am _____ that the exposure _____ the humidity could _____ an _____ on _____.

Is _____ enough defense _____ humidity-related _____?

_____ it _____ under _____ conditions _____ the device protect _____ internal _____?

_____ in _____ safeguard against humidity damage?

_____ want _____ be _____ of _____ safety _____ and humidity.

There _____ a _____ cause _____ precautions to be concerned.

_____ chance that _____ will cause internal _____ precautions _____ concerned.

It's _____ to think _____ harm from the humidity _____ it _____.

There is a _____ that _____ cause internal precautions _____.

_____ want _____ if _____ are _____ place to protect _____ humidity damage.

Does the internal safeguards _____ related _____ humidity?

Unease _____ as _____ internal shielding status

_____ to worry _____ the harms _____ the _____ the _____ it inside.

I'm _____ the risks of _____ to _____ conditions _____.

_____ a question _____ the amount of protection _____ to _____.

There was _____ question _____ the risk of exposure _____.

_____ enough internal _____ to _____ potential impairment _____ to _____?

There is a question _____ internal shielding status compared _____ Humidity

_____ is possible _____ worry about _____ harm _____ the _____ and _____ against _____.

_____ there _____ safeguards that address _____ impairment related _____?

internal _____ fret over _____ and _____?

_____ is a _____ that _____ precautions will go wrong _____.

_____ adequate protection _____ implemented _____ it comes _____ moist _____?

_____ the internal _____ adequately _____ impairment related _____ humidity?

I worry that _____ exposure _____ will cause damage _____ best _____ that.

_____ the _____ to moist _____ cause damage _____ the _____?

_____ question _____ protection _____ internal shielding _____ compared to exposure _____ moist weather.

I am _____ the _____ cause _____ and how _____ protect _____ against it.

There _____ humidities will _____ internal _____ precautions _____ go astray.

There _____ a _____ that _____ seal precautions _____ wrong because _____ dangers.

I'm _____ from humidity, _____ advise on internal _____

There is a _____ about the _____ against _____.

How _____ design _____ when protecting _____ humidity damage?

I _____ worried about _____ best _____ against exposure to humidity.

I am worried _____ the _____ to humidity will _____ and _____ secure internally _____ that.

There is _____ of internal shielding _____ exposed to humidity

There _____ a _____ protection _____ internal shielding _____ compared _____ and Humidity.

I _____ concerned about _____ humidity _____ on my _____ the protection it affords _____.

_____ a chance that the internal seal _____ because of _____.

There's _____ possibility _____ humidities _____ internal _____ precautions to _____ wrong.

Is it _____ due _____ humidity _____?

How _____ internal sealed _____ for _____ and _____?

Can _____ to _____ air _____ damage to _____?

Is there _____ internals _____ the _____ the risks of _____ or water?

When confronted _____ moist _____ does this _____ inside?

There _____ of _____ seal _____ being _____ of humidities/moisture dangers.

_____ been applied to moist _____?

_____ if it's _____ against water _____.

Internal _____ fret _____ and mist _____?

_____ the protection _____ internal _____ status _____ to moist and humid _____

_____ necessary _____ exist to _____ from the effects of _____?

_____ possible _____ will cause internal _____ to _____.

_____ is a _____ that the humidities could cause _____ concerned.

_____ there _____ damage _____ to humidity?

_____ a _____ humidities/moisture _____ will cause internal seal _____ go _____.

Does _____ internal _____ humidity damage?

_____ a _____ the _____ internal shielding _____ exposed to moist and humid _____.

_____ there sufficient _____ in place _____ against humidity _____?

_____ there enough defense _____ the _____?

It _____ possible to _____ about _____ harm from _____ humidity and the _____.

_____ possible that humidities can cause _____ fail.

_____ a _____ that _____ could cause _____ to go _____.

_____ question is _____ the _____ of _____ shielding status _____ moist and _____.

_____ to the humidity could _____ how _____ protected are _____ internal?

_____ comes under _____ conditions, what _____ to protect its _____ system?

Is there enough defense _____?

_____ the _____ of humidity _____ against _____ internally?

There _____ a _____ protection of internal _____ status under _____ conditions.

_____ the _____ to _____ air lead _____ damage?

_____ there exist measures to _____ of _____ device _____ from humidity or _____?

Can _____ by exposure _____ humidity _____ mitigated inside?

Is _____ safeguards adequate _____ potential impairment _____ humidity?

There is a _____ protection _____ to _____.

It is _____ that humidities _____ cause _____ to _____.

_____ there _____ measures in place to _____ moisture _____?

There's _____ chance humidities/moisture dangers _____ cause _____ to _____.

Exposure _____ cause damage _____ how _____ to _____ it _____?

_____ is _____ question _____ status vs exposure to humidity.

Is _____ protection _____ concern _____ potential _____?

Can _____ of _____ safety against water _____?

I'm _____ it _____ protected from _____ effects of humidity.

There's _____ chance that internal _____ may _____ because _____.

_____ exposure to humidity _____ damage and how to protect it?

_____ is a question _____ of _____ status when _____ to _____ humid conditions

There _____ a _____ that _____ dangers _____ internal _____ precautions.

Has _____ protection _____ implemented _____ conditions?

_____ am worried _____ the _____ to humidity _____ cause damage _____ best _____ protect and secure ourselves _____.

_____ is _____ chance that humidities might _____ internal _____ worried.

How to _____ ourselves _____ the _____ caused _____ the _____?

Do there exist necessary measures to protect _____ from the risks _____?

Is _____ implemented _____ the moist conditions _____?

I _____ the exposure _____ cause damage and _____ to protect _____.

I am worried _____ to humidity will cause damage _____ to _____ secure internally _____ that.

_____ a chance _____ humidities _____ sealing _____ to go wrong.

There is _____ question about _____ to exposure to _____ and humid _____.

Can _____ be sure _____ safety is _____ humidity and _____?

There _____ about the protection of internal shield _____ to exposure _____ humid _____.

I worry that exposure _____ will cause damage _____ how best _____.

_____ is a _____ about the _____ exposure to _____.

I am _____ exposure to humidity may cause damage _____ to _____?

_____ internal _____ to _____ impairment related _____ humidity or humidity?

I _____ the _____ to humidity will _____ damage and _____ to protect _____.

Is there _____ risk related _____ exposure _____ inside?

Has _____ protection _____ implemented _____ inside?

I am _____ that _____ will cause _____ and how to _____?

_____ the effects of humidity on my _____ and _____.

_____ is a _____ dangers _____ cause internal seal precautions _____ go _____.

Is _____ adequate _____ place _____ protect _____ humidity damage?

humidities/moisture dangers have a chance _____ causing _____.

_____ effects _____ humidity _____ sealed _____ are concerns.

_____ it _____ exposure _____ moist air _____ damage internals?

Unease about _____ water/humidity; internal _____?

Can it be _____ its _____ against _____ and _____?

_____ chance that humidities/moisture dangers _____ cause _____ seal _____ be _____.

_____ worry that _____ to the humidity _____ have _____ damaging _____ internal.

_____ the internal system when it comes under _____?

There is a _____ regarding the protection _____ when _____ to _____.

There is a _____ protection _____ internal shielding _____ compared _____ to _____ humid _____.

_____ am _____ that _____ to humidity _____ damage _____ know how to protect _____ inside.

_____ there _____ defense against _____ from _____?

_____ a _____ may _____ internal seal precautions to fail.

I was concerned _____ and exposure _____ body and _____ it provided.

It _____ possible to worry _____ the _____ the _____ and _____ effects _____ inside.

I _____ that the exposure _____ may _____ damage and how _____?

_____ shielding status _____ over exposure _____?

_____ are the measures _____ protect _____ the dangers of _____?

Is there adequate _____ in _____ conditions _____?

_____ a _____ about _____ protection _____ internal shielding status _____ exposure _____ moist and _____

_____ effects _____ what's the internal _____ like?

_____ internal _____ status _____ to _____ to moist weather _____ a question.

I'm _____ about _____ effects _____ humidity and the _____ internal _____ place.

humidities/moisture dangers may _____ fail.

_____ internal safeguards _____ impairment _____ to humidity?

There's a _____ that _____ will _____ seal precautions _____ go _____.

Securing _____ risks?

_____ is _____ question _____ the _____ of _____ shielding status _____ humid _____ moist _____.

_____ are concerns _____ the effects _____ on internal _____.

Are _____ internal _____ adequate _____ impairment related _____ humidity?

_____ there _____ addressing _____ potential for _____ related to humidity?

Is there enough _____ in _____ it _____ the effects _____ humidity?

_____ my _____ secure _____ it against humidity and moisture?

Question about _____ internal shielding status _____ exposure _____ humidity

_____ to _____ shielding status?

There _____ question about _____ protection _____ internal shielding status _____ to exposure _____.

_____ concerned _____ the humidity could have a damaging effect _____ inside.

I was _____ about _____ of humidity and _____ body _____ the protection _____ me.

_____ a question about protection _____ exposure to _____.

_____ possible _____ humidities could cause internal _____ precautions to _____.

_____ potential damage due to exposure humidity _____ protected inside.

Is _____ a _____ to _____ internals of _____ from water and _____?

I am _____ exposure _____ will cause _____ how _____ it inside.

_____ the _____ safeguards addressing _____ potential _____ related to _____?

_____ is a _____ that _____ will be _____ by humidities.

Is adequate _____ moist _____ inside?

_____ a _____ about the protection _____ internal _____ status _____ is _____ to moist _____ humid conditions.

There is a _____ about protection _____ moist _____.

When _____ comes _____ moist conditions _____ does _____ its internal _____?

Regarding _____ inside, has _____ implemented?

_____ for _____ safeguards to address possible _____ related _____ humidity?

There's _____ possibility _____ cause internal seal _____ to be _____.

Internal _____ concerning humidity _____ mist _____?

The question is _____ protection _____ the risk _____.

_____ chance that _____ will cause internal _____ to _____ wrong.

There _____ question regarding _____ internal shielding _____ exposure _____ moist and Humidity.

_____ concerns _____ the _____ of humidity on the _____.

_____ the damage _____ to _____ and how it can _____.

_____ internal safeguards _____ enough to _____ impairment related to _____?

Can I _____ sure _____ it's safe against _____?

_____ with _____ to _____ and internal shielding?

Are there _____ measures in _____ effects _____ the humidity?

_____ about the _____ due _____ exposure humidity and _____ it _____ be protected.

Is adequate _____ in _____ it from the _____ humidity?

Humidities/moisture dangers _____ cause _____ to _____ wrong.

_____ to _____ lead to _____ internals.

_____ the _____ to _____ have a damaging _____ on the internal.

Unease _____ shielding status; _____ to _____?

There _____ a _____ protection from _____ to _____.

_____ are the steps _____ to protect _____ damage _____ inside?

It is _____ dangers will _____ internal _____ precautions _____ worried.

_____ the safety of _____ in _____ against humidity damage?

I _____ the _____ to the humidity _____ have a _____ the internal.

_____ it _____ harmed _____ and adequate internal protection in place.

Troubled by the _____ to damaged internals?

There is _____ question about the _____ of internal _____ compared _____ to _____

There is a question _____ of _____ shielding status _____ humidity.

_____ chance that humidities/moisture _____ cause internal _____ precautions to be _____.

There _____ a _____ regarding _____ against _____ risk of exposure _____.

_____ question about _____ protection _____ internal _____ status _____ the _____ to humidity

Is _____ internal _____ adequate to _____ related to _____.

I _____ worried _____ exposure _____ will _____ damage and how _____ it _____?

_____ confronted with _____ conditions, how does _____ protect itself _____?

_____ am worried that _____ the humidity could have a _____ effect _____.

_____ am worried _____ to the humidity _____ a damaging _____ on _____ internal.

_____ safeguards _____ address _____ impairment related _____ humidity _____ moisture?

_____ is _____ regarding _____ protection of internal _____ status compared to _____

_____ dangers might cause _____ go wrong.

Is _____ against humidity related _____?

Concerns _____ the effect of _____ on _____.

Do there exist _____ to _____ internals of _____ the possible _____ and humidity?

_____ safeguards adequately _____ potential impairment related to _____?

Is internal _____ addressing _____ impairment _____ to _____ water?

There is a chance _____ internal seal _____ because _____ humidities/moisture _____.

_____ a _____ of _____ seal _____ concerned by humidities.

_____ is possible to worry _____ from the _____.

_____ moist _____ cause damage _____?

_____ that humidities will _____ seal precautions.

_____ possible _____ humidities could _____ precautions to fail.

_____ humidities will cause internal _____ to fail.

Does _____ internal _____ impairment related _____ humidity?

Is _____ defense _____ humidity-related _____ inside?

I am worried about _____ to _____ secure against _____ that _____ cause.

_____ I _____ that _____ is protected against _____ and _____?

There _____ a _____ will cause _____ seal precautions _____ concerned.

_____ sealed _____ the mist and humidity _____?

_____ the protection against exposure _____

It's possible _____ humidities _____ internal sealing _____ wrong.

_____ enough _____ against moisture/humidity?

Does _____ internal _____ damage?

Is _____ safeguards _____ address potential impairment related _____ or _____?

_____ there exist _____ to protect the device's _____ from _____?

_____ there _____ measures _____ to protect against humidity _____?

Is there _____ to _____ against humidity damage?

Is _____ possible _____ damages to _____ mitigated _____ there _____ internal protection _____?

Do _____ measures to protect the _____ potential risks of humidity or _____?

I am worried about the _____ to humidity _____.

Is _____ enough internal precautions _____ against humidity _____?

There _____ a question about protection _____ internal _____ to the _____ humid _____.

I _____ concerned about _____ due _____ exposure humidity _____ how _____ can _____ protected internally.

_____ over internal _____ status and _____?

How does this _____ internal _____ when _____ in moist _____?

_____ confronted _____ moist conditions, how does this _____?

There is a question _____ the _____ internal _____ humidity

There _____ a question _____ internal shield status _____ exposure to _____.

There _____ chance that humidities/moisture dangers _____ cause _____ to _____.

I'm worried _____ damage due _____ how _____ it's _____ inside.

_____ can _____ to protect _____ dangers of dampness _____?

Is it _____ potential damage _____ internal _____ humidity?

Concerns regarding _____ of humidity: _____ the internal _____?

_____ worried that _____ exposure to humidity _____ harm and _____ to _____ and _____ against _____.

_____ is _____ question about the protection of internal shielding _____ to _____.

_____ is _____ dangers could cause _____ seal precautions _____ go _____.

_____ a _____ concerning _____ protection _____ internal shielding _____ compared to _____ and _____ conditions.

There is a _____ protection of _____ shielding status in _____ to _____ to _____ humid _____.

There is _____ about the protection _____ internal shielding _____ moist _____ conditions.

_____ a question _____ the protection of internal _____ status _____ moist and _____

_____ there _____ place to _____ the damaging effects of humidity?
 _____ is a _____ regarding _____ internal shielding status compared to _____ to _____
 There's a _____ humidities will _____ precautions to be _____.
 _____ is a _____ protection _____ internal shielding _____ to humidity.
 Can _____ what the measures are _____ safe from _____ risks of humidity?
 _____ possible _____ humidities could _____ internal _____ be worried.
 There is _____ humidity/moisture _____ internal _____ precautions to fail.
 Is there any way _____ to humidity inside?
 There _____ a question _____ the _____ status compared _____ exposure _____ and humidity
 _____ is a question _____ the _____ of _____ status _____ to moist and _____.
 The _____ damaging effect, _____ well protected are the internal?
 Does _____ device have _____ seals and _____ it against _____?
 _____ question _____ about _____ of _____ shielding status compared _____ humidity
 _____ a _____ that humidities can cause _____ sealing _____ to _____.
 _____ to _____ about the risks _____ exposure _____ moist conditions _____?
 Does this _____ have _____ seals/defenses _____ humidity?
 _____ along with _____ shielding status?
 Is it _____ for _____ to adequately address potential _____?
 Troubled _____ moist _____ it lead to damaged _____?
 _____ is _____ inside design in protecting _____ damage?
 _____ am _____ the exposure to humidity will cause _____ and _____ it will take _____.
 Please advise on _____ because _____ of damage _____.
 _____ will _____ damage and how to _____ it inside?
 _____ a question _____ the protection _____ status compared to exposure to _____.
 _____ about the _____ of internal _____ status _____ to exposure _____ moist _____ is _____.
 Please _____ on _____ protection due _____ damage from _____.
 Unease _____ exposure _____ and _____ shielding _____
 _____ to _____ and humid weather _____ a question _____ the _____ shielding _____.
 It is _____ to worry about _____ harms _____ the _____ and _____ it _____.
 _____ concerned _____ the effects _____ humidity, exposure and _____ my _____.
 I am concerned that _____ to humidity will _____ damage _____ how _____ secure _____.
 I _____ about the exposure _____ how best _____ it _____.
 _____ internal _____ properly addressing _____ to humidity?
 I am _____ exposure _____ damage _____ how best to _____ inside?
 Do _____ measures _____ protect _____ internals of the device from _____ and humidity?
 _____ there _____ to protect the _____ from _____ risks _____ humidity or water?
 _____ is a question _____ the _____ of _____ shielding status _____ weather.
 _____ chance _____ seal precautions will be _____ by humidities.
 There _____ chance that internal seals _____ humidities.
 _____ you protect yourself _____ confronted with _____?
 _____ safe _____ internal design when _____ humidification?
 Please advise on _____ I'm _____ from humidity.
 _____ you tell me what _____ measures _____ in place _____ keep _____ safe _____ humidity?
 Is there _____ the _____ it against harmful humidity?
 _____ worried _____ exposure to humidity will cause _____ how to _____.
 Is _____ for _____ to worry _____ the _____ related to _____ moist _____ inside?
 _____ protected against the _____ of _____?
 _____ adequate internal _____ in place to protect _____ from _____?
 _____ secure _____ the _____ to protect against _____ from _____?
 _____ the exposure to humidity _____ damage and I _____ how to protect _____ inside.

How _____ are _____ designs _____ protect against _____ damage?

There is a question _____ against exposure _____.

I _____ concerned _____ the risks _____ with exposure _____ inside.

_____ there exist measures to _____ the internals _____ device _____ risk _____ humidity?

_____ exposure to _____ air _____ to _____ internals.

A _____ posed _____ of internal shielding _____ to exposure _____ and humid weather.

_____ worried _____ effects _____ humidity and exposure on _____ body _____ I get.

There _____ that humidities can _____ internal _____ to _____ concerned.

_____ you think the internal design _____ safe _____ damage?

_____ possible that exposure to moist _____ will _____ damaged _____?

_____ there sealed precautions _____ with humidity _____ risks?

I _____ that the exposure _____ will _____ how to _____ and secure _____.

Internal _____ over humidity _____ risk?

Concerns _____ and _____ seal _____

When exposed to _____ air _____ lead _____ internals?

Please advise _____ of damage from humidity.

_____ protection _____ internal _____ status _____ to moist and _____ conditions is _____.

Is _____ prevent moisture damage?

There _____ question about _____ protection of internal shielding _____ to _____ moist _____.

Do _____ any _____ protect the internals _____ device _____ and humidity?

_____ on the protection against _____ risk of _____ to _____.

There _____ protection _____ internal _____ status compared to moist _____ humid environments.

_____ is _____ chance _____ will _____ internal seals _____ fail.

Is it _____ for _____ protection against _____ humidity?

_____ have _____ to protect against harmful humidity/moisture?

_____ you tell _____ what measures are _____ me safe from _____ caused by _____?

_____ am concerned that exposure _____ will _____ damage _____ protect _____ against it.

Is there _____ the device _____ protect _____ harmful _____?

_____ that the exposure to humidity _____ I wonder _____ it will _____ sealed.

_____ will cause _____ how _____ protect it inside?

Is adequate protecting _____ conditions _____?

_____ chance that _____ humidities/moisture dangers _____ cause internal seal _____ wrong.

_____ chance that _____ dangers _____ cause _____ precautions to go _____

I'm worried that _____ and _____ to _____ and secure against it.

_____ me if you have specific _____ to protect _____ harm _____ the _____?

Is _____ any _____ destruction _____?

_____ exist necessary _____ to _____ of the device _____ water and _____?

_____ because of the danger of humidity.

Is _____ enough _____ against _____ related _____?

There is _____ protection of _____ to exposure to Humidity

Concerns regarding _____ and internal _____ status

_____ is _____ the protection of _____ shielding status compared _____ moist weather.

When _____ conditions, _____ this device protected internally?

_____ that _____ may cause internal _____ precautions to fail.

Is _____ implemented _____ the _____ internally?

Internal protection _____ a _____.

I _____ concerned that _____ will cause _____ and how to _____.

_____ protected against _____ risks?

Unease _____ to humid air; _____?

Can I be sure of _____ water _____?

_____ it _____ that moist _____ can _____ _____ internals?

Is it safe to use _____ related to _____?

_____ it _____ for _____ adequately _____ potential _____ related to humidity?

Do there exist _____ to _____ internals _____ device from _____ dangers _____?

_____ there _____ way to protect the _____ the device _____ humidity or _____?

I _____ worried about the _____ of _____ the humidity on _____.

a question about _____ of internal _____ compared _____ to moist _____ humid _____

There _____ question regarding the protection _____ status _____ moist _____ humid environment.

It _____ possible that _____ might cause _____ to _____ wrong.

There _____ a _____ about _____ exposure _____

_____ am concerned _____ to humidity will _____ and how to _____ and _____ against _____

It is _____ worry about _____ of the _____ its _____ inside.

_____ safe is _____ design to _____ damage?

_____ on _____ I'm _____ of damage from humidity.

There _____ humidities could cause _____ sealed _____ be concerned.

Unease _____ exposure _____ shielding status?

Is _____ an _____ status as _____ of _____ to humidity?

What are the _____ dangers of dampness?

_____ to _____ the harm from the _____ its _____ inside.

_____ question about _____ to humidity _____ internal _____ status.

_____ safeguards adequately address the _____ impairment _____ to _____?

_____ is _____ chance _____ humidities will cause _____ seal precautions _____.

_____ a _____ internal shielding _____ compared to _____ to _____.

_____ that the exposure _____ will cause _____ how _____ to _____ ourselves.

_____ there a _____ be _____ is thorough internal protection against humidity?

Is _____ a _____ damages _____ be _____ by thorough internal protection _____?

_____ to humidity as well _____ internal _____ status.

How to protect _____ from _____ caused _____ exposure _____?

The question is about _____ protection _____ shielding _____ to the _____ weather.

There is a chance that _____ will _____ sealing _____ worried.

_____ seals/defenses inside the device protect _____ humidity?

Please _____ on internal protection because _____ of _____ from _____.

There's a _____ dangers will _____ internal _____ precautions _____ go _____.

I'm _____ exposure _____ will cause damage and _____ protect _____.

Please advise on internal _____ the danger _____.

I _____ worried _____ how best _____ from the effects _____.

_____ enough _____ against humidity-related destruction?

_____ a chance that _____ precautions will _____ due _____.

I am worried that _____ the humidity _____ have _____ on _____ internal.

_____ the internal safeguard adequately address _____ to _____?

There _____ a _____ about _____ of internal shielding _____ to _____ and _____.

There _____ a _____ that _____ could cause internal _____ to _____.

_____ exposure _____ will cause damage and _____ protect myself against _____.

Do there _____ measures to protect _____ the _____ humidity _____ water?

_____ internal protection _____ am scared _____ damage from humidity.

_____ question _____ the _____ internal shielding _____ to exposure _____ humidity

_____ have enough _____ and _____ to _____ against harmful humidity?

Can you tell _____ are _____ place _____ keep me _____ risks _____ humidity?

Is _____ internal _____ to _____ possible impairment related to _____?

_____ there _____ measures in _____ to protect _____ damage?

_____ safeguards adequate for addressing _____ impairment related _____ ?

_____ is _____ possibility that humidities _____ precautions to _____ wrong.

Does _____ device _____ enough seals/defenses inside _____ against _____ ?

Can _____ be _____ of _____ safety against _____ Humidity?

_____ about the _____ humid weather and _____ on my _____.

_____ there _____ any measures _____ the _____ device _____ the _____ of humidity and water?

It _____ that humidities/moisture _____ may cause _____ to be _____.

I _____ about the effects of humidity _____ and protection _____.

_____ a _____ the _____ of _____ shielding _____ to exposure to moist and humid _____

_____ of _____ shielding _____ compared to exposure to _____ is _____ question.

There _____ question _____ internal shielding _____ against humidity.

There's a chance _____ humidities _____ internal seal _____ wrong.

Is there sufficient _____ inside?

_____ exposure _____ air; internal _____ status?

Do there _____ measures to _____ internals _____ against humidity _____ water?

I'm _____ of _____ from _____.

Does the device _____ enough _____ against _____ humidity/moisture?

_____ is _____ possibility _____ humidities/moisture dangers will cause _____ precautions _____.

I am concerned _____ to _____ and secure myself against that.

There's _____ humidities/moisture _____ internal _____ precautions to be worried.

_____ internal safeguards _____ to address _____ related to _____ ?

_____ to humidity will cause _____ and how _____ to _____ against that.

It is _____ worry about _____ the _____ and its _____ on the _____.

_____ concerned _____ the _____ to humidity will cause damage _____ protect against it.

_____ the system _____ prevent _____ humidities?

There is a _____ humidities _____ cause internal _____ to _____ concerned.

_____ the _____ of internal _____ compared to _____ to moist and humidity

I _____ cause damage and _____ best _____ protect it inside.

There is _____ chance _____ internal _____ will _____ concerned _____ dangers.

_____ is _____ question _____ the risk _____ exposure to _____.

I am worried about the _____ to _____ well it _____.

_____ confronted with moist conditions, how _____ itself?

_____ regarding the effects _____ internal seal like?

_____ air cause damage to _____ ?

_____ am concerned _____ potential _____ to _____ and how _____ be protected internally.

I'm worried about _____ of _____ the _____ internal protection.

_____ concerned _____ damage due to _____ humidity and how _____.

Do there exist measures _____ protect the internals _____ the _____ possible _____ ?

There is a question about the _____.

Please _____ on _____ you are _____ the damage _____ humidity.

I am _____ cause damage to the inside.

_____ it _____ protected _____ to humidity?

_____ internal shielding _____ versus exposure _____ moist _____ conditions is a _____.

_____ question _____ protection _____ internal _____ status compared to exposure to _____.

_____ there internal shielding status _____ of exposure _____ ?

I'm _____ of humidity on it; _____ should be done _____ ?

Is _____ protection _____ for _____ conditions _____ ?

Please _____ internal _____ because of _____ worry _____ damage _____ humidity.

Is _____ internal safeguards in _____ against _____ damage?

_____ question _____ protecting _____ shielding _____ against exposure to humidity.

_____ was a _____ about _____ of internal shielding _____ exposure _____ humid weather.

There _____ question _____ the _____ against exposure _____

It's _____ that humidities will _____ to _____ wrong.

There is a question _____ of _____ status compared _____ exposure _____ moist _____

Please _____ on internal protection, because _____ from humidity.

Can _____ if _____ have _____ that protect against possible _____ humidity?

_____ the _____ of internal shielding status _____ to the wet _____.

_____ a chance _____ may cause internal seal _____ worried.

_____ enough defense _____ destruction _____ humidity?

_____ am concerned _____ the _____ damage _____ exposurehumidity and how _____ protected _____.

_____ is _____ that humidities _____ internal seals _____ go wrong.

_____ there enough measures _____ place _____ protect _____ the _____ the _____?

_____ it _____ moist air _____ cause damaged internals?

_____ is a _____ internal seal _____ wrong due to _____.

_____ afraid that _____ cause _____ and how to protect _____?

Do _____ exist _____ protect the internals _____ the _____ from _____ from _____ humidity?

Is _____ internal protection against _____?

I _____ exposure tohumidity will cause _____ and _____ to protect and _____ myself _____.

_____ am _____ risk of damage due _____ exposurehumidity and how _____ protected _____.

There is _____ about _____ shielding _____ compared to exposure to moist _____ humid _____.

_____ is possible that humidities/moisture dangers _____ internal _____ to _____.

_____ a risk that _____ dangers will cause _____ to be _____.

_____ am _____ exposure tohumidity will _____ damage and how to protect _____ secure _____

Concerns regarding the _____ of humidity and _____.

There is _____ chance that _____ precautions will _____ humidities/moisture _____.

Exposure to thehumidity _____ have _____ and _____ are the internal?

Do _____ exist measures _____ the _____ of _____ the risks _____ humidity?

I _____ that exposure tohumidity will _____ and how _____ it _____

_____ question about _____ protection of _____ status _____ to exposure _____ and humidity.

It _____ possible _____ may cause internal seal _____ fail.

_____ about _____ and how well protected/ sealed internally.

I am concerned that _____ tohumidity will _____ and _____ to _____ against _____.

_____ the _____ design _____ to _____ againsthumidity _____?

Is there enough _____?

When confronted by _____ conditions, _____ do _____ device _____?

A question _____ the _____ internal _____ status compared to _____ moist _____

_____ a question _____ the protection _____ status _____ exposure to moist and _____.

Is there _____ place _____ damage?

There's _____ chance _____ will cause _____ sealing precautions _____ wrong.

_____ am concerned that _____ will _____ and _____ to _____ myself.

_____ concerned _____ harmed by _____ and inadequate internal protection.

There is _____ about _____ exposure to the _____ environment.

_____ about _____ due to exposurehumidity and how _____ can be.

I _____ due to exposurehumidity and how _____ it _____ inside.

I was _____ about the _____ exposure _____ the _____ on _____ body.

Do there _____ to protect _____ of the device _____ ofhumidity?

_____ about potential _____ due to _____ and _____ it's protected _____.

_____ the internal _____ good _____ against humidity damage?

_____ me to be worried about the _____ exposure to _____ conditions _____?

There is _____ question about _____ internal shielding _____ relative to _____ humidity.

I am worried _____ exposure to humidity _____ how best _____ protect _____ against _____.

_____ the _____ safeguards adequately _____ impairment related _____ humidity?

I _____ how _____ to protect _____ secure _____ the _____ of humidity.

Is _____ measures put in _____ to safeguard against _____?

How _____ been taken _____ protect _____ dampness _____?

Exposure _____ moist air _____ lead _____ to _____.

Can _____ tell _____ if _____ safeguards that _____ from possible _____ by moisture?

_____ a _____ that _____ dangers _____ seal precautions _____ be concerned.

I am worried _____ exposure to humidity _____ damage _____ protect _____

_____ is a question about _____ protection of _____ compared to _____ and _____

_____ internal safeguards _____ addressing potential _____ to humidity?

It is _____ the harm from _____ humidity _____ the concerns _____ inside.

There _____ a _____ about protection _____ internal _____ status _____.

Is _____ adequate _____ safeguards _____ the potential _____ related to _____?

How do _____ protect _____ internal _____ moist?

I'm _____ the exposure _____ will _____ and how to _____.

_____ is _____ about _____ shielding status compared to _____ moist _____ humid _____.

Exposure to _____ and _____ question about _____ of internal shielding _____.

Is there _____ in place _____ protect _____ damage?

_____ exposure to humidity _____ cause damage and _____ to protect ourselves

_____ about _____ to _____ how it can be protected inside.

I _____ exposure to humidity _____ cause damage, _____ to protect _____?

_____ worried that exposure _____ cause damage _____ how _____ protect _____ that.

_____ fear the exposure _____ will cause _____ and _____ to _____.

Regarding _____ has there been adequate _____?

There is a _____ about _____ of _____ humidity.

_____ about _____ to exposure humidity _____ how it _____ be protected inside.

_____ is _____ that humidities/moisture _____ will cause _____ precautions _____ be concerned.

What are measures taken _____ from _____ dangers _____?

I _____ exposure _____ will cause damage _____ to _____ secure against that.

_____ internal safeguards in _____ to _____ impairment related to _____?

There is _____ chance _____ will cause _____ precautions _____ be concerned.

_____ moist _____ inside, _____ adequate _____ been _____?

_____ if you have safeguards _____ place to _____ possible _____ from humidity?

Is the _____ prevent damage _____ the _____ environment?

Is _____ enough protection _____ conditions _____?

_____ adequately address the _____ impairment related to _____?

Internal seal precautions _____ dangers.

There's _____ chance _____ internal _____ precautions failing because _____.

_____ it possible _____ to _____ air can _____ damage _____ internals?

_____ internal _____ for protecting against humidity _____?

_____ enough _____ against humidity _____ inside?

There _____ a question about _____ protection of _____ humidity.

_____ is a _____ that _____ seals _____ fail _____ humidities/moisture dangers.

_____ concerned that _____ exposure _____ will cause damage, and how _____ and _____.

_____ is possible _____ worry _____ the harm _____ the _____ and _____ effect _____ the _____.

There _____ a question _____ protection _____ shielding _____ compared _____ exposure _____ moist and _____

_____ worried that the _____ to humidity _____ and how _____ to _____ and _____ against it.

_____ is _____ question _____ protection of internal shielding _____ to _____ and humid _____.

Has _____ implemented _____ conditions inside?

_____ the _____ design when protecting _____ humidity damage?

_____ seal _____ may fail due _____.

_____ advise _____ internal protection _____ you are scared _____ from _____.

I _____ of damage from _____ tell me about _____.

Are _____ safeguards adequately _____ impairment _____ humidity?

There _____ a question _____ the protection _____ shielding status _____ to _____.

_____ there _____ defense from the _____ by _____?

_____ a question about internal _____ to exposure to _____.

I'm _____ the potential _____ due _____ exposurehumidity _____ it can be _____.

_____ internal safeguards well-equipped _____ potential impairment _____ humidity?

It's _____ that _____ dangers may cause internal _____ to _____.

Is there _____ internal _____ impairment related _____ humidity?

_____ are _____ to protect against the _____ by the _____ inside?

Is _____ be concerned about the _____ of _____ to _____ conditions _____?

There is _____ question _____ the _____ of internal shielding _____ compared _____.

It _____ possible _____ can cause internal _____ go wrong.

_____ is the _____ the internal design _____ against humidity _____?

_____ worried _____ due to exposurehumidity _____ how _____ it's protected.

Internal _____ precautions _____ if humidities/moisture _____ are involved.

I am _____ exposure _____ and how _____ protect it.

There is _____ question about _____ protection _____ internal _____ compared _____ exposure _____ humidity.

Is _____ internal _____ adequately addressing the _____ humidity?

_____ exist necessary measures _____ protect the internals _____ device from the _____ water _____?

_____ advise on internal protection, _____ of _____.

_____ internal _____ doing _____ address _____ related to humidity?

There's a _____ humidities _____ seals _____ go wrong.

Can _____ to _____ internals?

_____ can _____ internal _____ to fail.

A question _____ the protection of _____ status _____ to _____ humid conditions _____ posed.

I _____ worried _____ damage and how best _____ protect against _____.

There is _____ about the protection of _____ shielding _____ and _____.

Is there _____ in _____ to protect it _____ effects _____?

There _____ protection of internal shielding status _____ exposure to _____.

There is _____ chance _____ internal _____ precautions _____ be _____ of humidities/moisture _____.

_____ there _____ measures to _____ the _____ of the _____ from _____ of _____ or _____?

It _____ to _____ about _____ harm _____ the _____ and the problems _____ inside.

_____ advise on _____ to being scared _____ damage _____ humidity.

I'm _____ that _____ tohumidity will cause _____ and how _____ protect _____ secure _____.

I _____ inside _____ the device being protected _____ damage.

_____ worried that the exposure tohumidity _____ damage, _____ how to _____.

_____ there _____ to protect _____ internals of _____ from _____ possible _____ of water _____ humidity?

_____ worried that _____ exposure tohumidity can cause _____ and _____ secure against _____.

_____ tohumidity will cause damage, and how to protect and _____.

_____ is a _____ that humidities/moisture dangers _____ seal precautions _____ wrong.

_____ advise on _____ for the _____ of _____ from _____.

_____ this device have _____ seals/defenses inside _____ protect _____ harmful _____?

I am worried that exposure _____ how _____ protect _____ against that.

_____ question about _____ protection _____ shielding status _____ to moist _____ humidity

How safe _____ is to _____ againsthumidity _____?

_____ is a _____ for me.

____ is possible to be worried ____ the harm from _____.
 ____ safe ____ internal ____ in ____ from humidity damage?
 Is ____ adequate ____ place ____ against humidity damage?
 ____ is about _____ compared to exposure ____ moist and humid weather.
 I'm worried _____ have a damaging ____ on the _____.
 Is ____ internal ____ adequately addressing _____ to ____ or temperature?
 There's a chance of _____ going ____ because _____.
 ____ there adequate _____ address possible _____ to humidity?
 There _____ that humidities could ____ internal seal ____ to _____.
 ____ afraid that the _____ will ____ damage _____ protect it inside?
 ____ it well protected against the _____?
 ____ was worried about the effects _____ and _____ and how ____ protects _____.
 ____ is a ____ that _____ internal seal precautions to _____.
 There's a ____ humidities can ____ internal ____ precautions _____.
 Ensuring against _____?
 I want _____ how secure the _____ from humidity.
 I ____ worried that ____ exposure to humidity _____ what should we do _____?
 _____ questions ____ the ____ of ____ shielding status ____ to ____ to moist and _____.
 ____ is a risk ____ humidities ____ cause internal ____ precautions _____.
 ____ is _____ about the harm from ____ humidity and the _____ inside.
 ____ are the ____ taken ____ protect ____ damage ____ to humidity ____?
 There _____ the ____ of internal shielding ____ compared _____ to humidity.
 Is there ____ defense against internal _____?
 There's a ____ will cause _____ to fail.
 I ____ concerned ____ the ____ of humidity on ____ body ____ from _____.
 Unease ____ exposure _____ status.
 ____ over _____ as well as internal _____
 ____ there _____ inside it to _____ harmful humidity?
 ____ tell ____ about _____ the fear of damage ____ humidity.
 _____ internal seal precautions to go wrong.
 I fear _____ cause damage ____ wonder ____ it will ____ sealed.
 I fear that the ____ to humidity _____ and I _____ it _____ sealed.
 There is ____ question _____ of internal _____ compared ____ humidity.
 I am worried _____ will ____ damage ____ how to protect _____ that.
 ____ a chance ____ humidities/moisture _____ seal precautions to go _____.
 ____ worried about the effects on _____ of ____ and _____ of _____.
 ____ is a ____ about ____ protection of ____ shielding _____ to _____ humid conditions.
 Are _____ measures ____ place to _____ the effects ____ humidity?
 ____ a ____ that internal _____ will fail _____ humidities.
 ____ worried ____ the exposure to humidity will ____ damage ____ how to _____ secure _____.
 ____ internal ____ potential impairment _____ humidity?
 ____ am _____ the ____ exposure to the humidity _____ the internal.
 I worry that exposure ____ will ____ damage _____ secure ____ that.
 I _____ that _____ to humidity _____ damage and how ____ protect it
 Is adequate ____ implemented in _____ moist _____?
 ____ a question over ____ protection ____ internal _____ compared ____ exposure to ____ and ____ conditions.
 I _____ that ____ to humidity ____ cause _____ and how ____ protect and ____ against _____.
 Is internal _____ effects ____ a concern?
 Concerns regarding _____ and ____ seal status.
 How ____ we protect ____ from _____?

_____ precautions may be _____ due to _____.

_____ do _____ protect against damage _____ inside?

Do _____ exist _____ to _____ of _____ device from _____ risks of humidity?

_____ protected against _____ conditions?

I'm worried that _____ exposure _____ cause _____ how _____ protect _____ inside?

When _____ to _____ can it lead _____ internals?

_____ is a _____ may _____ internal seal precautions to be _____.

I _____ worried _____ the _____ will _____ and _____ best to _____ and _____ ourselves.

_____ am _____ about _____ to protect ourselves _____ exposed _____.

_____ am _____ will cause damage, and _____ to protect _____ secure against _____.

_____ question of _____ to _____ exposure to humidity.

_____ am _____ about the potential _____ due _____ how _____ can be _____ inside.

What are _____ measures _____ protect _____ of dampness?

_____ there _____ internal shielding _____ regarding _____?

_____ that _____ precautions _____ go wrong due to humidities.

_____ internal shield status _____ there?

_____ the moist air _____ internals?

_____ question about _____ of internal shielding status _____ moist and humidity.

_____ about protecting _____ shielding status against exposure _____ moist _____ humidity.

Is _____ internally _____ against humidity ruining _____?

_____ is a _____ internal _____ and exposure _____ humidity.

There is _____ question about _____ internal _____ to humidity.

I _____ know _____ is secure to _____ from humidity.

How _____ internal design _____ against humidity?

_____ a _____ the internal _____ precautions _____ of humidities.

_____ it _____ protected against _____?

_____ a question _____ the protection of _____ status relative _____ and _____ conditions.

There _____ related to the _____ shielding _____ to exposure to moist _____ humidity.

_____ by _____ can this lead to _____?

_____ steps _____ to protect _____ damage _____ by humidity inside?

_____ question _____ internal _____ compared to exposure _____ moist and humidity.

_____ harm caused by exposure to _____ mitigated _____?

_____ you tell _____ what _____ in _____ keep me safe _____ the effects _____?

Can _____ to _____ the _____ of the device _____ possible _____ from humidity _____ water?

There is a chance that _____ dangers _____ internal _____ wrong.

There _____ a _____ internal shielding status against _____.

Exposure _____ humid _____ raises _____ about _____ of internal shielding status.

_____ a _____ protection _____ internal _____ status against exposure _____ moist and humidity

I _____ exposure to humidity will cause _____ protect it?

_____ questions about _____ internal _____ compared _____ exposure to moist _____ humid conditions.

_____ sufficient _____ to address potential impairment _____ humidity?

Is it _____ humidity _____ ruining it?

_____ is _____ about _____ humidity and _____ effects on _____ inside.

I _____ worried _____ the _____ to humidity will _____ damage, _____ how long _____ will _____ sealed.

_____ a damaging effect, how well protected _____ the _____?

Please _____ on _____ am scared of _____ from humidity.

There's _____ chance _____ internal seals _____ because of _____.

_____ protection implemented against _____ inside?

When _____ with _____ how does this _____ itself _____ damage?

Please advise _____ internal _____ scared _____ damage from _____.

_____ exposure _____ the _____ air _____ _____ internals?
 Is _____ device sealed and _____ it against _____ and _____ ?
 _____ defense against the _____ caused by _____ humidity?
 There is _____ will _____ internal seals _____ be concerned.
 _____ a question about the _____ when exposed to moist _____.
 Is _____ sealed _____ for _____ concerns about _____ ruining _____ ?
 _____ am worried _____ may _____ how to protect and secure _____ that.
 Do there _____ to _____ the _____ of _____ from the _____ risks of _____ water?
 _____ a _____ about the protection of _____ shielding _____ exposure to _____.
 I am _____ the exposure _____ cause _____ and how _____ protect _____.
 I have _____ about _____ damage and the _____ of _____ it.
 Are _____ adequately addressing _____ related to _____ ?
 _____ the measures taken _____ yourself from _____ of dampness?
 Can _____ me the _____ that are in place _____ keep me _____ the _____ ?
 _____ fret over humidity _____ risks?
 _____ is a _____ that the _____ seal _____ due to _____.
 I am _____ that _____ will cause damage _____ how best _____ secure _____.
 _____ internal _____ any potential _____ related to humidity?
 _____ a _____ dangers will _____ internal _____ precautions to _____ concerned.
 What _____ been _____ to protect _____ the effects _____ inside?
 How _____ internal design in _____ ?
 Is _____ any defense _____ destruction _____ ?
 Exposure _____ moist _____ damage _____ internals.
 The _____ internal _____ to exposure _____ moist _____ Humidity is a _____.
 There _____ question _____ the risk of exposure _____ humidity
 Is _____ possible for _____ moist air _____ cause _____ ?
 I'm _____ the _____ to humidity _____ and how to _____ it?
 There is _____ about _____ internal _____ after exposure _____ moist and _____ conditions.
 _____ best to protect ourselves from _____ effects _____ worried about.
 _____ there an internal shielding status _____ ?
 What _____ taken to _____ against dampness _____ within?
 _____ there _____ measures put in _____ to _____ against _____ ?
 There's a chance _____ internal _____ precautions to _____ wrong.
 _____ there enough _____ in _____ to _____ it from _____ harmful _____ of humidity?
 _____ for internal _____ address potential impairment _____ to humidity?
 There's _____ that humidities could cause _____ precautions _____ go _____.
 I am worried _____ the exposure to humidity will _____ protect _____.
 Does the device have enough seals/defenses _____ ?
 _____ enough _____ against humidity-related _____ internally?
 There is _____ chance _____ dangers may cause _____ precautions _____ be _____.
 Is _____ sealed internally _____ humidity _____ ?
 _____ a possibility _____ humidities _____ cause internal sealing precautions _____.
 There _____ a _____ about protecting _____ shielding _____ humidity.
 _____ possible that exposure _____ air will _____ internals?
 Can _____ be assured _____ water and humidity?
 _____ are the _____ design _____ protecting against _____ damage?
 There's a chance _____ humidities/moisture _____ to fail.
 There is _____ about _____ protection _____ shielding status _____ to exposure _____ moist _____.
 _____ the effects of humidity and _____ adequate _____ protection.
 _____ exposure to _____ moist air _____ damage _____ ?

_____ air _____ internals?

There is a _____ how _____ protect against exposure _____.

_____ question about _____ protection of internal _____ status is _____ moist _____ humidity.

_____ about _____ humid/humidity; internal _____ status?

There are questions about _____ protection of _____ and _____ conditions.

_____ over exposure to humidity, as well _____.

_____ is _____ internal shielding _____ against exposure to _____ and humidity.

I need to _____ sure _____ its _____ humidity.

There is a _____ as _____ the protection _____ compared to moist _____.

There _____ question about _____ protection _____ status compared _____ to moist and _____ conditions.

I _____ effects of _____ and _____ on my _____ protection _____ gives me.

_____ to _____ its _____ against _____ and humidity.

Unease _____ exposure to humidity; _____?

Unease _____ exposure _____ humidity?

Internal _____ do they _____ address potential _____ humidity?

_____ a _____ about _____ protection _____ shielding status against moist and _____.

There _____ a possibility _____ humidities _____ internal _____ precautions _____ wrong.

There _____ question about _____ to humidity.

_____ am concerned that _____ will cause _____ and _____ to _____ and _____ against _____.

_____ to humidity and internal _____?

_____ mist _____ fret over _____ precautions?

I'm _____ that the _____ to humidity _____ how to protect _____ inside.

_____ to humidity _____ cause _____ how to protect _____ secure against that.

_____ seal _____ go wrong _____ dangers occur.

_____ am _____ that exposure to humidity may _____ and how _____ protect _____?

There is a chance _____ dangers _____ cause _____ to _____.

_____ concerned that exposure _____ cause _____ and how _____ protect and _____ that

_____ there _____ any _____ to protect _____ internals _____ the device from _____ risks _____ or _____?

_____ precautions may _____ if humidities/moisture _____.

It's _____ chance that _____ dangers will _____ seal _____ fail.

_____ that the _____ seal precautions _____ because of humidities.

_____ to humidity will cause damage and how _____ and secure _____ against _____

There _____ question _____ the protection _____ shielding status _____ humidity.

_____ we protect _____ the _____ to humidity?

Do _____ measures to _____ the internals of _____ device from _____ of _____ humidity?

Is the _____ exposure to _____ mitigated internally?

_____ enough defense _____ caused _____ humidity?

I'm concerned about potential _____ to exposure humidity _____ is protected _____.

There _____ question _____ internal _____ compared to exposure to _____.

_____ we do _____ protect ourselves from _____ dangers _____?

_____ a chance _____ seal _____ might go _____ because of _____.

_____ it possible _____ exposure _____ moist _____ causes _____ internals?

_____ protection _____ people _____ scared of damage from humidity.

It's possible that humidities _____ cause _____ precautions _____.
