

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Backflow prevention and testing queries
Inquiry Sub-Category	Backflow prevention device certification
Description	Customers inquire about the certification process for backflow prevention devices, including testing standards, authorized testers, and documentation required to validate the devices' compliance with industry regulations.
Data Size	5,002 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

Besides pressure _____ what _____ criteria _____ be _____ during testing _____ certification _____?

Are _____ factors that should _____ the pressure differential _____ for _____?

Pressure _____ checks _____ along with other factors in _____.

_____ are pressure _____ certification _____ what else can _____ considered?

Can _____ criteria for _____ beyond the pressure diff.

_____ differential _____ are included _____ what else can be considered?

Does _____ any other _____ certification _____ than checking pressure _____.

Pressure _____ inspection, _____ areas, _____ be considered when pursuing _____.

_____ should _____ considered _____ out _____ certification _____ than pressure differentials?

What _____ to _____ when doing the _____ for pressure _____?

There _____ factors that _____ be considered _____ pressure _____ for certification.

_____ for _____ approval _____ differential checks _____ other criteria.

Pressure _____ inspection _____ areas should be considered when _____.

Other _____ and pressure _____ checks _____ needed _____ approval.

There _____ more _____ to take into account _____ certification that _____ pressure differential _____.

While _____ differentials, what else _____ regards to carrying _____ the _____ tests?

Is _____ criteria for _____ the pressure _____?

_____ testing _____ include examining _____ other pressures and the _____ what else _____ done?

_____ there _____ that should _____ besides _____ checks during the _____ testing?

Is _____ other _____ pressure _____ checks _____ in _____ certification testing?

During _____ certification test _____ are _____ differential checks, but _____ else _____?

We _____ Differential, _____ which _____ criteria, in order to _____ certified approval.

Is there _____ other _____ that _____ considered besides _____ differential _____ to _____ test?

Pressure differential _____ included _____ test, but _____ else need _____ considered?

Can anyone _____ there is a _____ certification beyond _____ diff?

_____ are pressure differential checks in _____ certification _____ what _____ be _____?

What requirements _____ you _____ to get _____ differential _____?

_____ pressure differentials, what else _____ considered _____ conducting the _____?

Can ____ tell me ____ is ____ that ____ important than pressure diff?

How ____ criteria should be ____ get ____ differentials?

Can anyone ____ me ____ there's more ____ for ____ beyond ____.

____ is needed ____ conduct ____ certifying tests ____ evaluating pressure ____?

What requirements does ____ take ____ than measuring differential ____?

____ do ____ need to get ____ differential pressure?

____ the ____ to ____ approval for the pressure ____ other ____ of testing?

What ____ required ____ get ____ testing on pressure ____ checks ____ addition ____ other ____?

Can ____ us if ____ is ____ of rules ____ certification ____ than checking the ____?

Is there anything else that ____ considered ____ the ____ differential ____ test?

Does there ____ other ____ for ____ besides checking ____ diff?

____ clarify ____ additional requirements ____ certification approval, apart ____ differentials?

I ____ if ____ is ____ set ____ rules for ____ other ____ checking the ____ diff.

What ____ while carrying ____ other ____ examining pressure differentials?

____ for ____ should ____ and ____ pressures as well ____ the pressure ____ but ____ should ____ looked at?

____ testing for certification should ____ pressures and other ____ as well ____ differential, ____ we need?

____ tell ____ requirements for certification ____ apart from checking ____?

____ need to be ____ in order ____ get a ____ differential ____?

What other things are ____ approval ____ pressure ____?

What ____ get certified besides measuring ____ pressure?

Testing for ____ examining pressures, ____ what else needs ____ be ____

____ there ____ should be ____ besides the ____ checks for certification?

Is ____ any ____ factor ____ be ____ besides the pressure ____ the ____ test?

____ testing ____ include examining ____ and other ____ what else ____ be ____ into?

While ____ for ____ should include examining ____ other pressures as ____ what ____ needed to ____.

Does ____ if there ____ criterion for ____ other ____ for pressure ____?

Are there ____ factors that ____ considered ____ pressure ____ for certification?

Does ____ if ____ is ____ set ____ for ____ checking the pressure diff?

____ requirements for ____ from checking ____ pressure.

____ be ____ criteria ____ other than ____ pressure diff?

What ____ requirements to ____ measuring differential pressure?

____ there ____ for certifying other than ____?

____ anyone ____ if there ____ set of rules ____ certification ____ the ____ diff?

____ be considered ____ out certification tests other than ____?

____ should ____ account ____ carrying out certification ____ other than ____ differentials?

____ for certification ____ pressures and ____ pressures, but what ____ things ____ be ____?

Can you clarify the ____ checking ____ differentials?

Can anyone tell me ____ there ____ for certifying that ____ than checking ____?

Can anyone tell me ____ for ____ checking the pressure diff.

Can ____ say ____ criterion for ____ besides checking ____ diff?

Can ____ there ____ other criteria ____ certification ____ not just looking ____ blasted ____ diff.

Is there ____ factors that should ____ considered ____ differential checks ____ test?

____ there any other ____ that ____ at ____ checks in ____ certification test?

There ____ other ____ considered besides pressure ____ inspections ____ certification

What ____ are ____ to certify ____ besides ____ the differential ____?

____ are ____ things ____ should ____ considered besides ____ differential ____ to ____ certification ____.

____ things to ____ besides the pressure differential ____ testing.

____ anyone tell me if ____ another set of ____ besides ____ pressures ____?

____ anyone confirm if ____ set ____ rules ____ certification ____ checking pressure ____?

Is there another set of criteria _____ that _____?

_____ are more criterias _____ other _____ just checkin' _____ seeking certification?

_____ more to consider _____ testing _____ that _____ differential checks.

While evaluating _____ what _____ considered when _____ the _____ tests?

_____ for _____ include examining _____ other pressures as well as the _____ differential, but _____ else _____.

Can anyone _____ if there's _____ criterion _____ more important _____ pressure diff?

_____ is the _____ to get _____ the pressure _____ checks and other _____?

_____ tell me _____ there _____ other criteria for _____ that _____ just _____ at that blasted _____?

Can _____ me if _____ rules for certification _____ pressure diff?

There _____ considered other than pressure differential inspection _____ certification _____.

Can anyone say _____ of rules for certification _____ the _____?

Does anyone _____ if _____ set _____ for certification other _____ checking _____ diff?

Can _____ another _____ of criteria _____ certification beyond the pressure diff?

_____ any other _____ should be _____ pressure _____ in order to _____ certification testing?

_____ there _____ requirements _____ the pressure for _____?

There are _____ take _____ account when _____ for _____ pressure _____ checks included.

Can _____ tell me if _____ is _____ for _____ looking _____ that pressure diff.

While testing _____ should include examining _____ and _____ and what _____ to _____.

what _____ be considered when _____ out certification _____ pressure _____

Can _____ if _____ is _____ set _____ rules _____ certifying other _____ checking pressure _____.

What requirements apply to certification _____ than _____?

_____ test _____ differential _____ but _____ else can be done?

Is _____ anyone else _____ should _____ considered _____ differential checks in _____?

Along _____ examining _____ differentials, _____ considered while _____ out _____ tests?

There are requirements _____ besides _____ differential pressure.

_____ certification _____ include _____ pressures and other _____ as the _____ differential, what else is _____.

_____ for certification should _____ pressures _____ other _____ as well as _____ pressure differential, what _____ it _____?

Does _____ if there _____ criteria _____ certification that's not _____ looking _____ diff?

_____ are different _____ for certification apart from _____.

_____ clarify _____ is _____ for _____ beyond the pressure diff?

Can _____ tell _____ if _____ is another _____ rules for certification other _____ checking _____ diff?

_____ is another _____ of rules _____ certification besides looking at pressure diff.

Does there exist another _____ checking pressure _____?

What should be considered alongside _____ in _____?

What _____ factors _____ considered _____ pressure _____ checks _____ the certification _____?

There _____ that should be _____ besides pressure differential _____ certification _____

Is _____ more _____ consider _____ for certification than _____ checks?

_____ should _____ done regarding _____ tests other than _____?

Can _____ tell _____ there _____ another _____ for _____ other _____ for pressure diff.

Testing for _____ should _____ pressures _____ other pressures as _____ as _____ pressure differential, _____ else _____ included

Requirement _____ certified besides measuring _____.

Is _____ factor that _____ taken _____ account besides _____ differential _____ for _____?

_____ me _____ is _____ other _____ certification that _____ not just looking at _____ pressure diff?

_____ if there's another _____ rules for certification besides _____ at pressure _____.

What _____ get _____ certification for _____ differential pressure and _____?

_____ anyone tell _____ if _____ another standard _____ certification _____ the _____ diff?

Does there _____ checking _____ diff for _____?

There _____ other _____ to _____ besides _____ differential checks _____ certification.

_____ there more to _____ when testing for _____ that _____ checks _____ as _____?

_____ there other _____ that isn't just _____ blasted _____ diff?

_____ other requirements _____ checking the pressure _____?

Is there another _____ for _____ pressure _____?

_____ for certification _____ include examining _____ and _____ as well _____ the _____ differential _____ what else _____.

_____ include examining _____ other _____ as well as _____ else needs to _____

Is there _____ other _____ for _____ besides checking _____?

_____ should be considered _____ out Certification tests _____ pressure _____?

Can anyone _____ of rules _____ certification other than looking _____ pressure diff?

_____ was wondering if _____ another _____ for _____ beyond _____ pressure _____.

_____ there _____ set _____ rules for certification apart from _____ the _____?

Pressure _____ checks _____ of _____ test, but _____ else is _____?

_____ it possible _____ factors besides _____ differential checks _____ the _____ testing?

_____ be other _____ certification besides checking the _____.

There are more _____ that _____ considered besides _____ inspections for _____.

What ____ be considered ____ out ____ tests besides ____ ?

I am ____ is another set ____ rules for certification ____ than ____ .

____ there any other ____ pressure differential checks ____ should ____ certification test?

____ are ____ getting certified besides measuring ____ .

____ whether there is another set ____ for certification other ____ the pressure ____ ?

Is there another ____ beyond ____ pressure diff?

What are ____ requirements ____ get ____ measuring differential pressure?

Is ____ another ____ of ____ for ____ the pressure diff?

What ____ you be certified ____ the differential pressure?

____ are required ____ with pressure ____ to get ____ .

____ the requirements needed ____ tests ____ pressure difference checks?

____ checks during the certification test, ____ other ____ be considered?

____ anyone ____ if ____ is ____ of ____ for certification, ____ than checking the ____ diff?

____ needs to ____ fulfilled to get a certification ____ pressure?

Pressure differential ____ in ____ for ____ should ____ along ____ factors.

There are ____ other than pressure ____ inspectors when pursuing ____ .

____ carrying ____ tests other ____ what ____ be considered?

____ pressure ____ else ____ needed for approval?

____ qualifications should ____ certification approval besides evaluating ____ .

____ requirements ____ to be fulfilled to ____ besides differential ____ ?

____ anyone ____ if there's another criteria for ____ isn't ____ blasted ____ diff.

There might ____ other criteria ____ than ____ pressure ____ .

____ should include ____ pressures and ____ as ____ as what ____ needs to ____ considered

Do there ____ for certification ____ checking the ____ ?

To get ____ be other requirements besides ____ pressure.

Does there ____ for ____ other ____ pressure diff?

____ are the ____ to get ____ measuring the ____ pressure?

While ____ certification should ____ examining ____ well ____ what else needs ____ be ____ ?

____ differential checks are ____ part of the ____ what ____ considered?

____ be ____ for ____ approval besides evaluating ____ differences.

____ be ____ besides pressure ____ in ____ for certification?

____ other ____ consider ____ certification testing besides ____ differential checks.

Does ____ additional criteria for certification ____ checking ____ ?

What ____ about ____ carrying out ____ tests other than ____ ?

____ it ____ to get ____ certification besides ____ the ____ pressure?

____ differential ____ areas should be considered ____ seeking ____ accreditation.

What ____ need to ____ to be ____ measuring differential ____ ?

____ if there's another set ____ for certification other ____ the pressure diff.

More things ____ be ____ other than ____ when ____ certification ____ .

Pressure ____ and other ____ taken ____ when testing for certification.

____ requirements must be ____ order ____ obtain ____ certification besides measuring ____ ?

____ anyone know if ____ rules for ____ besides the ____ diff?

____ to be ____ a certification other than ____ the ____ pressure?

____ requirements ____ take ____ get ____ certification ____ measuring the ____ pressure?

____ should be ____ carrying out ____ besides ____ pressure differentials?

What should be considered when ____ other ____ differentials.

____ anyone ____ there's ____ for certification that's ____ important ____ checking the ____ diff?

What requirements is required ____ besides ____ differential ____ ?

____ any other ____ besides pressure ____ checks ____ certification?

Is ____ another ____ certification ____ the ____ ?

wonder there criteria certification beyond pressure diff.
 Is there another that be considered checks certification ?
 there any criteria for certifying than checking ?
 There other considerations pressure in the certification .
 for certification should and other pressures and differential, else included?
 pursuing certification accreditation, we of pressure differential ?
 considered during tests besides examining pressure ?
 What requirements to certified besides differential ?
 What the requirements getting approval on pressure checks other ?
 Is other besides pressure checks considered when ?
 anyone confirm is set rules apart from looking at diff?
 Along with any other need to be met?
 Is there set certification not at blasted pressure diff?
 What requirements is to certified measuring ?
 What for getting certification besides measuring ?
 there other factor pressure differential when testing certification?
 What the get a besides measuring pressure?
 the certification test, are pressure but what can ?
 anyone me are more important for certification than ?
 Is should considered besides pressure differential checks the ?
 anyone tell me there is certification just looking the blasted diff?
 Do requirements certification, besides checking pressure?
 What will to get certification pressure?
 Can anyone tell me there is set rules pressure ?
 are requirements for getting measuring the .
 There requirements for certification differential pressure.
 anyone if another certification is not looking at pressure diff?
 tell me if criteria certification beyond pressure .
 Is other factor consider pressure differential certification?
 Can for certification more important than checking pressure diff?
 any that should besides pressure differential in testing for .
 the there differential checks checks need to be considered?
 anyone tell me criteria certification beyond the ?
 While testing certification include pressures and and the pressure we need?
 Testing for should include examining well what need be .
 Can anyone tell me if of rules for certification pressure diff?
 tell me if there is criteria certification diff.
 should examining pressures other as what else needs to be
 there else to pressure differential in certification ?
 other criteria certification other checking pressure ?
 for examining pressures and needs to be considered.
 to get for on pressure differential in other requirements?
 are part of but else must be considered?
 for certification approval besides checking pressure ?
 What can be done receive examining ?
 certifying besides else?
 for certification look what else be considered.
 There are criteria that meet than levels ?
 are a besides measuring the differential pressure?
 tell me there is another for that's looking blasted diff.

____ must ____ done ____ besides measuring the differential pressure?
 ____ me if there ____ other ____ for certification beyond the ____.
 What ____ other ____ to approve ____ tests ____ pressure difference ____?
 ____ done ____ get approval ____ the pressure differential ____ other types of ____?
 What requirements ____ in ____ get ____ certification, besides ____ differential pressure?
 Can ____ me ____ there's another ____ for certification ____ than checking ____ diff?
 There are ____ factors that ____ the ____ differential checks in ____ certification ____.
 What ____ should ____ for certification ____ besides ____ differences?
 What should be ____ carrying ____ other than ____ pressure ____?
 Pressure ____ checks and ____ factors ____ be considered during ____.
 ____ anyone ____ me ____ there ____ another set ____ certification other than that ____?
 ____ with pressure ____ approval ____ should be considered?
 ____ anyone ____ there's another set of ____ certification other ____ blasted pressure diff?
 ____ examining ____ what else ____ considered when ____ the certification ____?
 Can anyone suggest another ____ certification ____ diff?
 ____ certification test there are ____ what else ____ be considered.
 There are ____ pressure ____ inspections ____ should ____ considered for ____ accreditation.
 ____ another ____ of rules ____ looking at pressure diff?
 ____ requirements for being ____ more than ____ the differential ____?
 Can anyone ____ is ____ set of rules ____ certifying ____ pressure diff?
 ____ be considered when carrying out ____ besides ____ differentials.
 Does ____ know if ____ criteria ____ more ____ than checking Pressure ____?
 How ____ be met besides checking ____ approved?
 Can anyone ____ if ____ of ____ for certifying ____ checking pressure diff?
 ____ know ____ there are other requirements for ____ besides ____?
 Can ____ there are any more ____ certification beyond ____ diff?
 There ____ requirements for ____ certified ____ measuring ____ differential ____.
 Is there ____ to consider ____ for ____ pressure differential checks?
 There are ____ requirements ____ from checking ____ pressure ____.
 What ____ need to ____ met ____ to ____ a certification ____ pressure?
 During the ____ are ____ differential checks, ____ else do ____ to consider?
 ____ requirements are required to ____ for ____ checks and ____ testing?
 ____ be considered while ____ tests, other ____ pressure differentials?
 Does there ____ other factor that should ____ pressure ____ check ____?
 Can anyone confirm if ____ for certification other ____ pressure diff?
 ____ is ____ to get a certification ____ measuring ____?
 Other requirements, along ____ are needed ____ certify ____.
 Pressure ____ and other ____ need ____ be ____ for certifying ____.
 ____ any ____ factor worth ____ pressure differential ____ in the certification ____?
 ____ anyone ____ me ____ a ____ set of ____ for certification besides ____ pressure ____?
 Is ____ any ____ differential check that should be ____ certification?
 Is ____ another ____ rules ____ certification ____ from looking at ____ diff?
