

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Meter reading disputes or queries
Inquiry Sub-Category	Access to meters
Description	Customers encounter difficulties accessing their meters, often due to external factors such as locked gates or inaccessible meters. These inquiries seek assistance or alternatives to facilitate meter reading or submission.
Data Size	5,011 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Are ____ other ways to obtain readings ____ meters ____ that ____ ____ ____ ____ ?

Would it be ____ from ____ meters hidden ____ articles?

____ have other ____ for ____ meter ____ ?

Does anyone ____ methods ____ underground meter readings?

Any ____ ways ____ meter readings?

____ it ____ meters hidden ____ heavy items?

Do you have any ____ ideas for ____ ?

____ it ____ gather ____ meters below heavy items?

Is ____ another way ____ measure ____ under heavy ____ ?

What ____ weighed down ____ things?

____ there a ____ to read ____ beneath heavy ____ ?

____ possible to collect readings ____ hidden ____ heavy ____ .

Do you have ____ suggestions ____ reading ____ by ____ materials?

Any other ____ to ____ readings?

What else can I ____ my buried meters ____ ?

____ clear if ____ are other ____ to ____ the ____ underground that are ____ .

Is there ____ ways ____ get belowground ____ ?

____ can be used to obtain ____ heavy objects.

There ____ meters, ____ can ____ find another way ____ see them?

There ____ heavy ____ around ____ so can ____ another way to ____ ?

Any other ways to read ____ buried ____ with ____ ?

There are ____ of checking ____ readings?

____ any ____ to retrieve data ____ the meters ____ bulky ____ ?

Are ____ take underground meter ____ ?

It's ____ there ____ get ____ from ____ underground meters with ____ objects.

Is there ____ to ____ from ____ underground meters?

Is ____ any ____ ways to ____ data ____ objects?

Do you ____ other ____ the ____ underlying bulky items?

Is _____ another way _____ off of these _____?

_____ there _____ alternate methods _____ meter readings?

Is there any _____ get meter _____ under _____ deadweight _____?

_____ another way to _____ readings _____ meters?

Is there _____ to read underground meters _____?

_____ there _____ options to get readings _____ meters?

Can _____ to _____ about buried gauge obscured by _____?

Is _____ any other way _____ readings _____ these buried _____?

_____ there _____ other ways to get readings underground _____ meters that _____ covered _____ objects

_____ can we get _____ from _____ meters hidden _____?

Is there _____ gather _____ for meters _____ beneath _____ items.

_____ there any way to _____ under heavy objects?

Is it possible to get underground _____ different measures?

Is it _____ meter readings under _____ stuff?

Do _____ the _____ extract readings from _____ heavy objects?

Is there a _____ way _____ underground _____ heavy _____.

_____ meter data despite obstructions down low?

_____ way to read _____ meters _____ bulky material?

_____ way _____ derive underground meter _____ underneath obstructions?

Is _____ to gathering statistics from _____ by heavy _____.

_____ alternative ways _____ data _____ obscured underground meters?

_____ to retrieve data from _____ that have heavy objects _____?

Do you have other _____ under _____ objects?

Is it possible to get _____ meters _____.

_____ a way to _____ for _____ under heavy _____?

_____ other ways to _____ meters that are blocked _____?

How _____ reading underground meters _____ materials above _____?

_____ possible to _____ data from subterranean meters _____ are _____ objects?

Is _____ a way _____ meter _____ when there _____ on top?

Do _____ any _____ collect data underneath _____ objects?

_____ of collecting _____ from _____ underground meters exist?

_____ under heavy items _____ measured using _____ methods.

_____ can underground _____ from _____ objects _____ obtained?

Is _____ to _____ data hidden by bulky _____?

_____ it possible to _____ from _____ other means?

Is there _____ way _____ getting _____ meters underneath _____?

Can we _____ alternate _____ readings from _____ buried meters?

Is _____ possible _____ weighed down by things?

_____ about obtaining _____ readings _____ beneath _____?

_____ read _____ meters hidden by large materials _____ them?

_____ have any _____ ways to get _____ deadweight objects?

Can _____ use another _____ find _____ hidden _____ items?

There _____ ways _____ get _____ the meters underground _____ are covered _____.

_____ other _____ to get _____ the buried meters?

_____ there _____ to get the _____ from buried, _____ gauge?

_____ additional _____ are _____ buried meters?

_____ you find another _____ to _____ that are buried?

_____ there other _____ to _____ below ground meters _____?

_____ you have other approaches to _____?

_____ it possible _____ readings for meters _____ beneath _____?

Is _____ other _____ to _____ meter readings _____ underground?
 _____ possible to _____ under heavy objects?

It _____ that _____ other ways to _____ from _____ that are covered _____ objects.
 _____ way to check _____ with heavy objects?

Is it possible _____ extract _____ meters _____ objects using alternate _____?
 _____ any other _____ from beneath dense objects?

Is _____ possible _____ data _____ underlying bulky items?

Y'all might _____ secret way to get _____ readings _____ heavy _____ top?

Is _____ possible to _____ meters under heavy _____.
 _____ way to read _____ with _____ buried inside?
 _____ clear if there are other _____ to _____ the meters _____ are _____.

There are _____ objects surrounding _____ and can _____ find _____ to _____ readings _____?
 _____ there _____ other _____ get _____ off _____ buried meters?

Is there another method _____ underground meter _____?

Is _____ other _____ to read buried meters _____?
 _____ any _____ way _____ get _____ data _____ the meters underlying _____ items?
 _____ other method for obtaining readings from _____?
 _____ any _____ to read my buried _____ with _____ obstructions on _____?
 _____ heavy objects around meters _____ can you _____ readings _____?

Is there more _____ one way _____ get _____ off _____?
 _____ any _____ of collecting data from obscured _____?

Is _____ to get _____ from meters _____ that _____ with heavy _____?
 _____ other _____ read meters buried _____ heavy things.
 _____ know any other _____ those _____ readings crush'd by _____ heaps?
 _____ a better _____ to _____ below ground meters _____ obstacles?

Is _____ to _____ readings _____ blocked underground _____?

Do _____ have _____ for _____ from covered underground _____?

There are heavy _____ meters _____ you find another way _____?
 _____ there _____ way _____ statistics _____ below-ground meters camouflaged by heavy _____?

Any _____ check underground meter _____?
 _____ it possible _____ readings _____ with _____ on top?

Is there any other _____ to _____ meters _____?

Is _____ possible _____ get _____ of meters _____ ground _____ significant _____?
 _____ heavy objects surrounding _____ can you find another _____ read _____?

Is there _____ other method _____ read _____ buried _____?
 _____ there _____ other _____ readings beneath the deadweight objects?

Is _____ any _____ way _____ could _____ from _____ meters?

Is _____ anything else you could do _____ read _____ deep _____?

Measure _____ under heavy _____ using _____.

Is there other methods _____ obstacles?
 _____ have _____ other methods _____ read _____ buried _____ heavy things?
 _____ meters underground _____ heavy _____ used for _____ readings?
 _____ it possible to _____ under heavier articles?
 _____ there _____ the data from the meters underlying _____?
 _____ about underground meters _____ by _____?

Can we _____ readings from _____ meters _____.

Any chance _____ know any _____ those _____ meter readings?

I'm _____ ways _____ meters _____ with big things.
 _____ be _____ to _____ from obscured underground meters?
 _____ an alternative to _____ from _____ camouflaged _____ heavy loads?

____ any ____ to ____ readings off the buried ____?
 ____ readings from ____ meters ____ beneath heavy articles.
 ____ are alternative ____ to taking _____.
 ____ are different ways to read ____ buried _____.
 ____ possible to ____ from belowground meters camouflaged ____ loads?
 There may ____ other ____ get readings ____ from ____ with heavy ____.
 ____ to ____ meters buried beneath heavy objects?
 Is ____ a way ____ gather readings ____ meters ____?
 Are there ____ ways to get readings _____?
 ____ there ____ other way to get the _____ objects?
 ____ it ____ to get ____ buried meters via ____?
 ____ there a ____ get ____ meters readings beneath ____?
 ____ alternative ____ be ____ derive ____ meter readings?
 If ____ are ____ available to ____ the ____ measurements.
 Is it ____ to ____ buried meters _____?
 Is ____ way to read _____ by ____ above them?
 ____ objects surrounding the ____ can you find ____ way to _____.
 ____ there ____ other ____ getting readings ____ the covered ____ meters?
 I was _____ subterranean meters that ____ blocked ____ heavy objects.
 Is ____ any ____ for gathering ____ from meters camouflaged _____?
 ____ tell me _____ hacks to get ____ meter readings crush'd ____ heaps?
 Is ____ to taking underground meter ____ under ____?
 Is there _____ get ____ from subterranean ____ that ____ by heavy ____?
 Are ____ meters ____ heavy _____ get readings from?
 ____ underground ____ heavy ____ capable of providing alternative ____?
 Is ____ to _____ hidden by bulky ____ above them?
 ____ heavy ____ surrounding meters, ____ can you ____ them with _____?
 ____ from buried meters using ____ methods?
 ____ to get the ____ from buried meters through _____?
 Are there ____ other _____ data under heavy ____?
 Does _____ for reading my buried ____?
 ____ are ____ to ____ from ____ meters that are ____ heavy objects.
 Is there _____ to check underground _____ under _____?
 ____ there ____ way to ____ underground ____ readings under _____?
 ____ gauge ____ beneath ____ coverings, ____ alternatives?
 ____ a better way to gather stat ____ meters ____ by _____?
 Any ____ reading ____ meters ____ bulky materials?
 There _____ to get readings from the ____ meters ____ heavy ____.
 Is there _____ to get _____ buried, obstructed gauge?
 Can ____ underground _____ objects _____ for alternate readings?
 Is it ____ gather ____ for meters ____ heavy ____?
 ____ to ____ from meters camouflaged by ____ loads?
 Is there ____ other way to ____ the _____?
 ____ there another ____ to assess ____ gauge _____ heavier ____?
 ____ could ____ meter ____ obscured ____ heavy objects be ____?
 There ____ be other ____ to ____ readings _____ underground ____ that ____ by heavy ____.
 ____ it possible ____ get readings from _____ meters _____ means?
 How can _____ readings _____ obscured by heavy objects?
 ____ there ____ alternative ____ accessing ____ on subterranean ____ by ____ or obstacles?
 Are there ____ ways ____ get _____ readings ____ heavy ____?

There are _____ around meters, _____ them _____ another way?
 Measuring _____ under _____ items _____ done with other _____.
 _____ there another _____ for _____ meter readings under _____?
 _____ there are other ways _____ readings from _____ meters _____ are _____ objects.
 _____ you _____ if it _____ get readings _____ meters through _____ means?
 _____ an _____ method to _____ meter readings?
 Is there _____ way _____ readings while _____ objects _____ on top?
 _____ that there are ways _____ get readings underground _____ that _____ covered _____ objects.
 Are meters _____ heavy _____ of providing _____ readings?
 There _____ heavy objects _____ so _____ find _____ way to _____ readings?
 _____ any other _____ collecting _____ the obscured underground meters?
 _____ there a _____ get _____ covered underground meters?
 _____ there an alternative _____ taking _____ meter _____ under _____?
 _____ you give _____ other _____ underground _____ readings?
 Is there _____ way _____ meters buried _____?
 _____ there _____ to _____ from _____ underground meters?
 Is it possible to get _____ meters _____?
 I want to _____ about _____ for _____ that _____ by heavy objects.
 Is it _____ read buried _____ underneath _____ articles?
 Is there any _____ way _____ meter _____?
 I want _____ if there _____ measure underground meters _____ objects.
 _____ there _____ way to _____ meters under _____ things?
 Is _____ alternate ways _____ check _____ readings?
 Is there other _____ heavy items.
 Is it possible to _____ information _____ buried _____ that are _____?
 There _____ to get to _____ that are _____ by heavy.
 Is it _____ to _____ underground _____ under bulky _____?
 What can we _____ meters _____ underground _____ obstacles?
 I wonder _____ are _____ to _____ underground meters _____ objects.
 _____ there _____ way _____ retrieve _____ from covered _____ meters?
 _____ other ways to _____ underground meter _____?
 Is there any _____ deep _____ meters _____ stuff?
 Is _____ to retrieve data _____ subterranean _____ that are _____ by _____.
 Do _____ ways to _____ off these buried _____?
 Is _____ a _____ to look at _____ with _____ stuff?
 There are _____ to _____ buried under _____.
 Can _____ get _____ buried _____ using _____ methods?
 _____ another way _____ readings beneath _____ items?
 _____ it _____ get _____ readings hidden _____ obstacles?
 Is _____ a _____ to get _____ readings _____ of junk?
 _____ ways to access subterranean meters that _____ blocked by heavy _____.
 Is _____ any way _____ data _____ subterranean meters _____ blocked _____ heavier _____?
 _____ there any _____ get readings from _____ underground _____?
 Is there an alternative _____ to _____?
 Is _____ a _____ gather _____ for meters _____ below heavy _____?
 I am looking for _____ on _____ underground _____ hidden _____ bulky _____.
 I'm looking _____ a way _____ fetch _____ underground _____ heavy _____ on top.
 _____ to get a _____ reading _____ underground even _____ items _____ top?
 _____ there an alternative _____ to _____ underground _____.
 Is it _____ to _____ meter _____ underground even _____ top?

_____ are _____ underground, so _____ find another way _____ readings from them?
 Are _____ approaches _____ capture _____ meter _____?
 Can _____ collecting data from obscured underground _____?
 Is _____ way _____ get readings from meters that _____ by _____?
 There _____ ways to read _____ heavy _____.
 _____ wondering about reading _____ meters hidden _____ materials above _____.
 Is it _____ readings _____ buried _____ in _____ ways?
 There are alternative _____ to capturing _____.
 Is _____ any other _____ meters with _____ things _____ 'em?
 _____ there a _____ readings for meters hidden _____ heavy _____.
 _____ other methods to _____ meters _____ items?
 _____ meters underground _____ heavy objects able _____ provide _____?
 _____ there _____ way _____ retrieve _____ there are heavy objects on _____?
 _____ there a _____ meter readings _____ are heavy objects on the _____?
 _____ chance _____ you're _____ to get underground meter _____ while heavy objects _____ _____?
 _____ another way to _____ from meters _____ objects.
 Is _____ any _____ read underground _____ by _____ material _____ them?
 _____ are heavy objects _____ so _____ you read _____ way?
 _____ there _____ to get _____ meter readings?
 _____ it possible _____ meters buried under _____.
 Is _____ other way to _____ buried _____ heavy _____?
 Can _____ be used _____ underground _____ readings?
 Is _____ any other way _____ meters _____?
 Is there _____ get readings off _____ meters.
 Is _____ a trick _____ underground _____ are heavy objects _____ top?
 _____ read underground Meters hidden _____ materials above them?
 _____ are _____ objects _____ the meters, can _____ another _____ to _____ readings?
 There are _____ ways to get _____ meters that _____ by _____.
 Can _____ find readings from _____ using _____?
 _____ we recover readings _____ buried _____ methods?
 _____ can _____ get _____ gauge _____ under _____ coverings?
 _____ measures are used _____ underground _____ readings _____ obscured by _____ objects.
 Underground _____ are _____ by bulky _____?
 There may _____ other ways _____ concealed _____ bulky items.
 _____ readings under heavy _____ any _____?
 _____ know _____ other ways to get _____ numbers _____ subterranean _____?
 _____ it possible to get readings _____ heavy articles?
 _____ are heavy objects _____ so can _____ find another way _____?
 _____ there _____ different way to _____ readings _____ meters.
 _____ there _____ check _____ readings under heavy things?
 _____ to check _____ meter readings under heavy _____?
 _____ other approaches _____ taking _____ meter _____?
 Is there another _____ get _____ blocked _____ meters?
 Is _____ any other _____ on subterranean gauge _____ by _____ obstacles?
 _____ heavy objects _____ meters, so _____ you _____ another _____ read them?
 _____ other _____ data _____ obscured underground meters?
 Is _____ meters buried beneath _____ objects?
 Can _____ methods to get _____ hidden below heavy _____?
 _____ could _____ ways to get _____ from _____ meters _____ are _____ heavy objects.
 _____ any _____ way to _____ readings, hidden _____ deadweight objects?

Is _____ another _____ to _____ belowground meters _____?

_____ way _____ fetch meter _____ there are heavy objects on _____?

The _____ covered by _____ objects _____ there are _____ to _____ readings.

Do _____ other _____ for obtaining readings from _____?

Is there other _____ to _____ meters underlying bulky _____?

There _____ objects surrounding _____ so _____ you _____ a _____ read them.

_____ alternative method _____ measure _____ meters _____ heavy objects?

_____ a _____ way to get _____ subterranean _____ covered _____ debris _____ obstacles?

Is there _____ way to get a _____ from _____?

_____ was curious about additional _____ that _____ blocked by _____ objects.

Different _____ be _____ to get _____ meter _____ by _____ objects

Is there _____ options _____ off _____ meters?

Could _____ tell me about _____ approaches _____ to _____?

Is _____ other way _____ readings?

Is _____ way to _____ meters _____ things?

_____ to _____ readings from buried meters _____ beneath articles?

_____ there _____ find underground _____ under heavy objects?

Is there _____ to get underground meter _____ under heavy _____?

Is _____ to read meters buried _____ big things?

Is _____ a better _____ belowground _____ underneath obstacles?

_____ gather readings below _____ items with another _____?

_____ there a better _____ collect _____ from _____ heavy _____?

I am looking for ways _____ measure _____ hidden _____.

Is _____ any _____ to read _____ meters buried deep _____?

_____ a _____ read meters buried underneath _____ things?

_____ you have any other _____ to _____ buried _____?

Do you _____ any _____ to _____ deep with _____ things?

There are heavy objects _____ can _____ to read them?

What can _____ get readings _____ buried meters _____ beneath _____?

_____ options for _____ belowground _____ under obstacles?

Does anyone have _____ other options _____ meters?

_____ capture underground meter _____ under heavy items?

Is _____ get _____ meter readings under _____ objects?

Is _____ another _____ read _____ buried meters with heavy _____?

_____ possible to find out _____ gauge _____ by _____ materials?

_____ there another way _____ with _____ things _____ on them?

Is _____ underground meter _____ located under bulky _____?

Is _____ a _____ to measure _____ under heavy _____.

Is there a _____ meter _____ underneath obstacles?

_____ there _____ to read meters _____ are _____ with big _____?

_____ other ways to _____ from the _____ underground _____ covered _____ heavy.

_____ there _____ to collect data _____ obscured _____ meters?

_____ you have _____ methods _____ underground meter readings?

_____ there any _____ ways to _____ meters buried _____?

_____ it _____ underground meter readings to be obscured _____?

_____ any _____ way of getting underground _____ readings under _____?

Is _____ a better _____ meters _____ obstacles?

_____ to see _____ alternate _____ be _____ retrieve covered subsurface _____.

_____ it possible to _____ from buried _____ means?

_____ possible to get _____ from buried meters _____ articles?

____ there a ____ to get ____ readings ____ large ____?
 ____ anyone ____ other ____ collecting data from obscured ____?
 Is there ____ ways ____ from ____ heavy objects?
 Is ____ any ____ to record underground meter ____ bulky ____.
 Is ____ another way to read ____ meters ____ top?
 Is there ____ way to ____ beneath ____ things.
 There ____ ways to ____ underground meters that are ____ objects.
 There ____ other ____ to get ____ meters under ____.
 ____ it ____ to extract readings ____ meters ____ heavy ____?
 ____ there ____ other way ____ measure meters ____ items?
 ____ have any alternative ____ check underground meter ____?
 Is ____ way ____ underground meters under objects?
 Is it ____ to get ____ while ____ objects ____ top?
 ____ it ____ to ____ from ____ meters ____ heavy objects?
 ____ was wondering ____ meters hidden by ____ materials.
 Are there other ____ meters buried beneath ____?
 ____ there anything else ____ can ____ done ____ get ____ from ____ underground ____?
 ____ have ____ other ____ for ____ buried ____ with big things?
 There ____ ways ____ get ____ meters beneath articles.
 Is it ____ get ____ meters ____ other means?
 ____ looking at buried gauges ____ by heavy ____?
 Is ____ other way to ____ underground meter ____?
 ____ other ____ to read ____ buried with ____ things?
 Is ____ another ____ to ____ readings ____ meters ____ under heavy ____?
 I ____ to know additional ____ to ____ meters that are ____.
 ____ there ____ way to get data ____ subterranean gauges ____ by ____?
 How ____ I get readings from ____ heavy objects?
 ____ we get readings ____ buried ____ heavy ____?
 How ____ get readings ____ hidden ____ heavy articles?
 Is it possible to extract ____ from ____?
 Is there a way to gather ____.
 ____ there ____ to read ____ Meters that ____ hidden ____ bulky ____?
 ____ it possible ____ get readings ____ in alternative ____.
 ____ possible ____ extract ____ from buried ____ under heavy objects?
 ____ there an ____ way ____ take ____ meter ____?
 ____ it ____ data ____ meters that are ____ by obstructions?
 There are ____ to ____ readings ____ the ____ with ____ objects.
 ____ was wondering if ____ could tell ____ meters ____ are blocked by ____ objects.
 There are ____ hidden by bulky ____?
 Can ____ get ____ from ____ alternate methods.
 There ____ readings from underground meters covered ____ heavy objects.
 ____ it ____ to gather ____ heavy items?
 ____ read meters buried ____ with big things?
 ____ there any ____ ways to check ____?
 Is there an ____ gathering ____ ground ____ camouflaged by ____ loads?
 There ____ ways to collect ____ from ____ meters.
 Is it ____ capture ____ near bulky items?
 How ____ underground ____ obscured by heavy ____?
 Is ____ another ____ getting ____ under obstacles?
 ____ to know if there are any ____ readings.

Are there _____ to gather _____ below-ground _____ camouflaged _____ loads?
 _____ there _____ way to _____ hidden by bulky materials _____?
 _____ are _____ objects _____ meters _____ can you read _____ using _____?
 Is _____ possible _____ readings for _____ hidden _____ heavy _____?
 Is it possible to _____ from _____ heavy loads?
 Is _____ gather readings _____ meters _____ heavy things.
 Can _____ to _____ underground meter readings?
 _____ best _____ to _____ deep-down meters with heavy _____?
 _____ any way to _____ on subterranean _____ covered _____ debris _____ obstacles?
 Can we _____ to obtain meters hidden _____?
 There _____ get readings _____ underground _____ have _____ objects on them.
 _____ readings under _____ be alternatives.
 Is there _____ way _____ data from _____ underground _____?
 _____ heavy _____ surrounding _____ can you _____ way to view them?
 _____ there anything else you _____ do _____ underground _____ under heavy _____?
 _____ I use a different _____ get readings for _____?
 _____ there _____ way to get _____ underground _____ are covered by _____ objects?
 _____ can undergroundmeter _____ obscured by heavy _____?
 _____ get _____ from buried meters concealed _____ articles?
 _____ any other _____ read meters _____ with big things?
 There _____ other _____ get _____ the underground meters _____ are covered _____ heavy _____.
 _____ it possible _____ get _____ from _____ under heavy _____?
 Is _____ possible to _____ subterranean meters that _____ heavy objects?
 _____ are other options to _____ under _____ objects.
 What _____ other _____ for _____ from _____ meters?
 I'm interested in _____ for _____ meters that are _____ by _____.
 _____ use another _____ to get readings _____ hidden _____ items?
 There may be other _____ from _____ meters that _____ covered _____ objects.
 _____ there _____ read underground meters _____ bulky materials?
 _____ approaches _____ underground meter readings?
 _____ need more information _____ to access _____ meters _____ by _____ objects.
 _____ you _____ readings _____ buried meters _____ beneath _____ articles?
 _____ other ways to _____ the _____ buried _____ with _____ things?
 Is _____ to _____ the _____ from subterranean _____ that are blocked _____ heavy _____?
 _____ there _____ to read _____ buried meters with _____ top?
 _____ we _____ readings from _____ meters _____ beneath _____ articles?
 _____ are heavy _____ underground, so how _____ get _____ from them?
 Is _____ any _____ getting readings _____ buried meters?
 Is _____ one _____ to get readings _____ covered _____ meters?
 Is _____ possible _____ get _____ from below-ground _____ heavy loads?
 _____ any _____ ways to check underground _____?
 _____ ways to record underground meter data _____?
 It is _____ that _____ are other _____ to get _____ underground _____ meters _____ heavy _____.
 Is _____ way to _____ meter _____ underground _____ there _____ on top.
 When there _____ top, does anyone _____ to get meter _____ underground?
 There are _____ that cover _____ are _____ other ways _____ get readings?
 _____ there be _____ to get readings _____ blocked _____?
 _____ there any _____ ways _____ get _____ from _____ meters?
 Could you _____ ways _____ access subterranean meters _____ are _____ heavy objects?
 Can _____ use _____ to get readings _____ meters?

Is _____ to _____ meters under heavy articles?
 _____ there any other way to read _____ buried _____?
 _____ ways to _____ readings from _____ meters hidden underneath _____.
 _____ meters _____ objects _____ top _____ providing alternative readings?
 _____ are _____ objects _____ meters underground, _____ you _____ a _____ to _____ them?
 _____ there an _____ way _____ measured _____ buried and _____ gauges?
 _____ there any way _____ on subterranean gauges _____ in _____ or _____?
 _____ to extracts readings from buried _____ heavy _____?
 Is _____ to reading my buried _____ with _____?
 Is there any _____ meters _____ are buried deep _____ big _____?
 _____ alternative methods to _____ underground _____?
 _____ way _____ on subterranean _____ covered by debris or obstacles?
 Is _____ way to read _____ buried _____ heavy obstructions _____?
 Is there _____ approach _____ getting readings _____ meters?
 _____ there _____ way to _____ belowground meters under _____?
 _____ there _____ way to get _____ subterranean gauges _____ or obstacles?
 Is _____ meters from underground even with items _____?
 _____ I use _____ different method _____ beneath _____ items?
 _____ there an alternative _____ meter readings _____ bulky items?
 Is there _____ better way _____ measure underground _____ hidden _____?
 Is there _____ way _____ underground meter data that _____ items?
 _____ meters have heavy _____ on _____ so any other _____ for _____?
 Is there _____ alternative _____ to get _____ buried, obstructed _____?
 _____ there _____ way to get _____ buried, obstructed gauge?
 _____ to _____ data from _____ meters that are impeded _____ heavy _____?
 _____ you have _____ other options for _____ off the _____?
 _____ a _____ get _____ readings _____ there is heavy _____ on top?
 Can we use alternate _____ to _____ buried _____?
 _____ methods _____ to get underground meter _____?
 _____ have _____ on how to _____ readings from covered _____?
 _____ heavy objects surrounding meters _____ can you get _____?
 Is _____ capture underground _____ readings _____ heavy items?
 _____ to _____ readings from buried _____ using alternate _____?
 _____ other _____ for getting _____ from buried meters?
 Any _____ methods to _____ reading?
 Is _____ to _____ a _____ underground _____ with items _____ top?
 Is _____ another option _____ from these buried _____?
 _____ heavy objects _____ meters and _____ you find _____ different _____ read _____?
 Is it _____ to get _____ from _____ meters _____ alternative _____?
 _____ it possible _____ readings from meters under _____?
 _____ can there be underground _____ obscured by _____?
 There are _____ cover _____ underground _____ are _____ other _____ to _____ readings?
 What other _____ can you _____ readings _____ meters?
 _____ possible to get meter readings from _____ top?
 Is _____ a better _____ on _____ gauges _____ by debris or _____?
 _____ other ways to read _____ with _____ things?
 Is _____ alternate method to _____ under heavy _____?
 _____ possible _____ get readings _____ meters through _____ other means?
 _____ looking _____ alternatives _____ underground meters _____ under _____ objects.
 Is there any _____ method _____ meters under _____?

_____ are the _____ getting meter readings hidden _____ ?
 Is _____ an alternative _____ to measure _____ meters _____ .
 Is it possible to _____ readings _____ meters _____ ?
 _____ can _____ reading _____ by heavy objects _____ obtained?
 Is it _____ to find _____ from _____ meters _____ ?
 _____ it _____ to _____ readings for _____ underneath _____ items?
 There _____ to _____ statistics _____ camouflaged _____ heavy loads.
 There _____ meters, so can _____ find _____ different _____ to _____ them?
 Can _____ readings from buried _____ beneath _____ ?
 Is there _____ other way _____ get _____ readings _____ deadweight _____ .
 _____ there _____ alternative _____ of collecting data from _____ ?
 _____ to get _____ from buried meters _____ alternate _____ ?
 Is there _____ collect underground _____ ?
 Is _____ way _____ subterranean meters that are _____ by _____ ?
 I want to _____ there is a _____ get _____ measurements _____ covered _____ .
 _____ there _____ more ways _____ getting _____ covered _____ meters?
 Do there _____ other _____ get _____ meter _____ ?
 _____ there _____ alternate _____ of reading _____ heavy things?
 Where can I get _____ heavy _____ ?
 _____ it possible _____ meter _____ underground _____ items on top?
 Is _____ other way to _____ of buried _____ ?
 Is _____ possible to _____ readings underground _____ if there _____ top?
 There _____ heavy objects surrounding _____ meters, _____ to get readings _____ them?
 Would _____ to _____ from _____ meters under heavy articles?
 Is _____ another way _____ get _____ for _____ beneath _____ items.
 Is _____ any other _____ to get _____ heavy coverings?
 Is _____ possible _____ readings from _____ meters through _____ ?
 Can we use _____ methods _____ get _____ buried _____ .
 There are _____ statistics from meters camouflaged _____ .
 _____ there _____ to obtain _____ meters under _____ ?
 _____ possible _____ measure underground meters _____ objects?
 _____ there other _____ to _____ meter _____ ?
 Is there a way to _____ underground when _____ on _____ ?
 _____ to know additional ways to get _____ meters that are _____ .
 How can underground _____ by _____ objects?
 There _____ around _____ so _____ you read _____ in another way?
 _____ there _____ other ways _____ read meters _____ ?
 Is it _____ read buried meters _____ ?
 _____ interested _____ approaches _____ accessing subterranean _____ that _____ blocked by heavy _____ .
 There are _____ surrounding _____ so _____ you find another _____ to _____ ?
 There may be _____ ways _____ from _____ underground _____ .
 _____ alternative way _____ underground _____ readings beneath obstructions?
 Can _____ use _____ methods _____ derive _____ readings?
 Is _____ method _____ underground _____ readings?
 _____ to _____ if _____ are _____ ways to read _____ buried with _____ .
 Is _____ a better _____ reading meters buried _____ big _____ ?
 I _____ know additional approaches _____ subterranean _____ that are blocked _____ .
 _____ possible to _____ data from subterranean meters _____ are _____ by _____ ?
 _____ meter _____ done _____ heavy objects?
 How can _____ be obscured _____ heavy _____ ?

____ there any other ____ of getting ____ underground ____?
 ____ there ____ get those underground ____ readings while ____ are ____ top.
 Is it ____ to ____ readings ____ buried ____ objects?
 There ____ other ____ of collecting data ____ underground ____.
 ____ alternative ways ____ underground ____ readings?
 ____ there any different ways of ____ covered ____ meters?
 ____ meter readings from underground, even ____ top?
 ____ anyone have any other ____ collecting ____ obscured ____ meters?
 ____ a secret ____ to get meter ____ underground when ____ heavy ____ top?
 Can meters ____ with heavy ____ top ____ readings?
 Is ____ to ____ readings ____ hidden ____ heavy items.
 ____ wonder ____ it ____ to ____ from buried meters under heavy ____.
 There ____ other ____ to ____ under ____ items.
 Is there ____ to get data ____ items?
 Is there ____ to ____ those ____ meter readings while heavy ____ on ____?
 ____ heavy ____ meters, ____ find another way to ____ readings?
 Is there ____ to collect ____ meters ____ below ____ items?
 There are other ____ readings ____ underground ____ which are ____ heavy ____.
 ____ ways to get ____ underground meters covered with ____ objects
 ____ we extract readings from ____ using ____.
 ____ there ____ way to measure underground ____ under ____?
 Is there ____ way to ____ meters ____ underneath ____ items?
 There ____ heavy ____ surrounding ____ can you ____ method to read ____?
 There ____ objects surrounding ____ a different way to get ____?
 Is it possible ____ meters ____ cumbersome obstacles?
 Is ____ another ____ get ____ meters that cover ____ items?
 Is ____ chance that you ____ a ____ to ____ meter ____ while ____ objects are on ____?
 ____ there ____ to ____ meters under obstacles?
 There ____ objects surrounding meters, so ____ another ____ to ____?
 There ____ heavy ____ my buried ____ any other options for ____ them?
 ____ could use ____ to get ____ from ____ meters.
 There ____ other ways ____ from the underground ____ heavy ____
 Different ____ for ____ meters?
 ____ there another way to get ____ beneath ____?
 ____ I use another ____ for meters hidden ____ heavy ____?
 ____ I check deep-down meters ____?
 Is ____ to extract ____ beneath cumbersome ____?
 ____ it ____ to ____ readings ____ hidden beneath ____ items?
 I ____ know ____ read ____ hidden by bulky materials.
 Is ____ to get ____ from buried ____ alternative ____?
 Is ____ other ____ getting ____ from these buried ____?
 ____ a ____ to ____ readings for meters ____ heavy items?
 Is there ____ way ____ read ____ Meters ____ by ____?
 Is ____ getting belowground ____ under cumbersome obstacles?
 Is it ____ to ____ out ____ buried ____ that are obscured ____?
 How ____ underground ____ hidden ____ materials?
 ____ it ____ to read ____ beneath ____ alternate methods.
 ____ there any ____ to ____ meter readings?
 ____ there any way ____ retrieve ____ from subterranean ____ are ____ with ____ heavy ____?
 ____ any other way ____ assess buried ____ masked ____ objects?

Is ____ possible ____ underground meter readings ____ items?
 ____ possible ____ from meters underground with ____ objects?
 ____ there ____ way to ____ the ____ heavy items?
 There are ____ objects ____ the ____ underground, ____ ways ____ get readings?
 Is there ____ way ____ meters hidden ____ heavy items?
 ____ gauge readings underneath ____ alternatives?
 ____ other ____ to ____ the underground meters ____ heavier objects.
 Is ____ way ____ read ____ buried beneath ____ things?
 Is ____ an alternative approach ____ capturing ____?
 ____ alternate ____ can we extract ____ buried ____?
 ____ there a ____ to ____ belowground ____ under the obstacles?
 There ____ heavy objects ____ you ____ them in ____ way?
 ____ a better way ____ meters buried ____ big ____?
 ____ we ____ meters ____ different methods?
 Can we use alternate ____?
 ____ there ____ to measure underground ____?
 Is ____ trick ____ fetch ____ underground ____ are heavy objects on ____?
 ____ there ____ better way to read ____ hidden by ____?
 Is there any ____ to ____ from subterranean ____ are ____ objects?
 Is there a way ____ get ____ while ____ heavy objects are ____?
 There ____ heavy objects around ____ way to get readings?
 ____ meters underground weighed ____ large objects?
 ____ you ____ any suggestions ____ underground ____ bulky materials?
 Is there ____ to ____ statistics from meters ____ loads.
 Do ____ any other ____ for reading ____ buried ____?
 ____ there an alternative ____ data from obscured ____?
 ____ heavy objects ____ and can you ____ them in ____?
 ____ else can we ____ the measurements from ____?
