

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Guidance on energy-saving tips
Inquiry Sub-Category	Renewable energy options
Description	Customers seeking information on incorporating renewable energy sources, such as solar or wind power, into their homes or businesses.
Data Size	5,417 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

How to estimate ____ savings ____ and wind power ____ residence?
____ will ____ switch to ____ and ____ save?

Is ____ a ____ savings on my ____ wind ____ solar ____?

What is ____ in ____ amount of money ____ I ____ solar and ____?

Can ____ and ____ in my home?

What ____ saved ____ using solar/wind?

____ need to ____ the financial benefits ____ transitioning to ____ and ____ to ____ money.

How ____ solar/wind power ____ save me money?

____ do ____ how ____ money will ____ saved ____ converting my residence to ____ and wind ____?

Is ____ possible ____ reduce costs ____ using ____ power at ____?

____ possible ____ potential savings by installing solar/wind power ____?

____ savings achieved with ____?

____ it ____ to determine ____ savings ____ installing ____ residential ____ power ____?

____ are ____ home-wind/solar energy savings.

I was ____ if you ____ suggest a ____ to ____ the ____ solar ____ wind energy ____.

____ much ____ I save if ____ energy at home?

____ is the estimated ____ by ____?

Is there ____ home wind ____ energy savings.

Can you tell ____ much ____ will save ____ change ____ solar and ____?

Can ____ potential ____ changing to solar and wind ____ my home?

____ save ____ shifting to sun ____?

Is ____ to ____ cost of solar and wind ____?

____ possible to give guidance on ____ cost savings ____ and wind energy ____ residential ____?

I ____ will save if I switch ____ renewable energy ____ home.

____ trying to ____ wind ____ at home, but I ____ not sure how to ____ the ____.

budget reduction ____ sunlight ____ wind in one's ____?

Is ____ way to ____ home-wind ____ energy savings?

____ like to ____ money I will ____ if ____ switch ____ wind and ____.

I need your ____ benefits ____ transitioning my ____ to solar ____.

____ you ____ much ____ save ____ using solar and wind at home?

_____ the savings _____ when I switch to _____ or _____?
 _____ are the _____ switch to wind and _____?
 _____ be _____ I _____ to _____ and _____ power at home.
 _____ to _____ or wind, _____ will be _____ savings?
 Is _____ any _____ determine _____ savings _____ installing _____ solar/wind power?
 _____ you help me figure out the _____ savings _____ I switched to _____ and _____ _____?
 _____ it _____ the _____ money saved _____ I convert my residence to solar _____ wind _____?
 _____ is _____ in calculating _____ of money saved _____ switch _____ solar and _____ sources?
 Can _____ tell _____ evaluate potential cost savings _____ using _____ and _____?
 I have _____ about _____ of _____ to _____ and wind energy.
 _____ do I _____ the _____ when _____ to solar and wind _____?
 _____ help estimating _____ financial _____ transitioning my _____ to _____ and _____ energy _____ terms of cost savings.
 Is _____ possible _____ if _____ switch to solar and wind _____ for my _____?
 _____ was _____ if I could _____ money _____ my switch _____ wind _____.
 Can _____ help _____ figure _____ potential savings if _____ solar _____ power _____ home?
 Can _____ guidance _____ the potential _____ savings when I switch _____ and wind _____?
 _____ the savings _____ I _____ from conventional _____ sources to _____ and _____ power?
 Save _____ to _____?
 _____ I switch to _____ or _____ will _____ save?
 _____ solar _____ wind at home _____ I calculate savings?
 _____ much _____ saved using _____?
 I _____ to know _____ benefits of _____ and wind _____.
 _____ wind for _____ home
 _____ of money saved when I convert my _____ and _____ energy _____?
 _____ and _____ switch _____ solar and wind at home _____?
 How much _____ will save if _____ to _____ at home?
 _____ switch to _____ wind _____ but _____ not sure how to calculate the financial _____.
 _____ to save money _____ switch to _____ wind _____?
 Can you _____ me _____ will _____ when _____ switch _____ wind power at home?
 _____ it _____ for solar and wind _____ cut _____ my _____?
 _____ much money I'll save if I switch _____ and _____?
 Can you help _____ the _____ to solar _____ wind energy _____ homes?
 How can I figure out _____ I _____ power?
 I _____ switch _____ and wind _____ home, _____ could you suggest _____ way _____ calculate the monetary _____?
 If _____ sources to _____ and wind power, how much will _____?
 How _____ on the cost-saving benefits _____ energy at my _____?
 How _____ be saved by _____ solar _____ wind?
 If I switch _____ at _____ money am _____ going to save?
 After _____ for _____ & _____ what is _____ reduction?
 When I _____ to _____ wind, _____ is there?
 Can _____ help me assess _____ cost _____ when transitioning _____ for my home?
 _____ way to gauge _____ and _____ energy savings?
 _____ to _____ money when _____ switch _____ solar & wind _____?
 _____ the cost reduction is _____ I switch to solar _____ power at _____ home?
 Is _____ solar and wind _____ at home?
 Will _____ be _____ when _____ to solar or _____?
 My _____ to _____ and _____ power _____ less.
 _____ it possible _____ save _____ to solar/wind?
 _____ you _____ me _____ should switch to _____ wind power for my _____?
 Will _____ tell _____ much _____ I will _____ if I switch to _____?

_____ wind _____ solar _____ cuts?

_____ savings _____ by switch _____ and _____?

Can you help _____ figure out _____ cost _____ if I _____ solar _____ wind _____ for _____?

_____ it possible _____ out _____ money _____ could _____ switch from conventional energy sources _____ solar and wind _____?

_____ I _____ out _____ savings _____ I _____ wind _____ solar power?

_____ much _____ I save _____ I _____ to _____ wind?

_____ it possible _____ calculate _____ I switch _____ renewable _____?

Is _____ any guidance on _____ cost savings _____ to _____ wind for _____?

_____ it _____ to _____ cost _____ when I switch _____ solar and _____?

Would _____ be _____ to calculate _____ if I _____ solar _____ power?

_____ you help me calculate _____ savings _____ I switch _____ and _____?

Is _____ and wind _____ cut costs in my _____?

I'm _____ to switch _____ and _____ energy _____ home and I'm not _____ to calculate the _____.

_____ do I _____ how _____ saved when _____ my residence _____ solar and _____ energy sources?

Is _____ figure _____ much money I _____ save if I _____ solar and _____ power?

I'm _____ I'll save if I _____ to _____ wind.

_____ it possible _____ calculate _____ switch _____ renewable electricity?

Estimating _____ use of wind and _____?

Any estimates _____ for _____ to shift _____ sun _____?

Tell _____ I _____ save _____ by _____ to solar/wind.

_____ I find out _____ much renewable _____ me?

I would appreciate it _____ could help me estimate _____ benefits _____ residence to solar _____.

I _____ the savings _____ switch _____ and wind power at home.

_____ it possible to give _____ on evaluating _____ switch _____ solar and wind _____?

_____ help me figure out _____ cost _____ if I switch _____ and _____ power for _____?

How can I _____ the _____ benefits of _____ to _____ wind _____?

_____ like _____ to _____ wind power for _____ calculate potential savings.

When I _____ to wind _____ solar _____ are _____?

_____ measure home-wind/solar energy savings?

How _____ money _____ when _____ switch to solar and _____ at _____?

_____ the _____ of solar _____ wind _____ be _____ home?

_____ be _____ by _____ the sun and wind?

_____ tell me _____ calculate potential _____ to solar _____ wind power for my _____?

_____ likely _____ after opting for sunlight _____ wind?

How _____ estimate the cost savings _____ and solar power _____ my _____?

_____ you tell me how _____ save _____ I _____ solar _____ wind _____ home?

_____ would like to _____ how _____ money I would save _____ wind _____.

_____ switched to _____ power _____ my home, _____ help _____ determine the potential savings?

Were _____ help _____ potential _____ if _____ switched _____ solar and wind power?

Can you help me _____ potential _____ I _____ to solar _____?

_____ possible _____ tell _____ how _____ money _____ could _____ you _____ to solar and wind power?

_____ wonder _____ solar and _____ costs at my house.

_____ much will _____ cost to _____ solar _____ wind _____ home?

_____ it possible _____ power can reduce _____ my home?

Can _____ help _____ how _____ I _____ switched to solar and wind power?

Is _____ possible _____ potential savings by _____ power?

_____ solar may save _____ house.

My switch _____ and _____ power might _____ money.

_____ to calculate _____ if I _____ solar and _____ power.

_____ help _____ find _____ how much solar and _____ power _____ me?

_____ to _____ and _____ power could save _____ money.
 _____ there any _____ on _____ cost savings from _____ and wind _____ for _____ use?
 Can _____ an estimate _____ the _____ benefits of transitioning my _____ energy _____?
 How _____ reduced by using solar _____ wind _____?
 _____ tell me _____ much _____ I _____ save if _____ wind _____ solar at home?
 _____ it _____ to give _____ evaluating _____ cost _____ from solar _____ wind _____ usage?
 _____ I figure _____ the cost-saving _____ solar and wind _____ my _____?
 _____ to solar _____ wind, what am _____ going _____ save?
 Estimating savings that _____ by changing _____ solar.
 _____ solar and wind _____ might have cost _____.
 _____ will _____ of money _____ my house to solar and wind?
 _____ possible _____ estimate _____ savings achieved by _____ to solar, _____?
 _____ to solar and _____ home, but I'm not sure _____ to _____ advantages accurately.
 _____ suggest a _____ for calculating _____ of solar _____ wind energy at _____?
 _____ you help _____ potential cost savings if I _____ to _____ wind _____?
 _____ is the _____ to determine potential _____ by _____ solar/wind _____?
 _____ I _____ to _____ or solar, what _____ the _____?
 Is _____ a _____ if I switch to _____ energy _____ home?
 _____ savings by changing _____ wind _____.
 I want _____ switch to _____ and _____ at _____ but _____ not _____ to _____ monetary advantages.
 Can you _____ out the cost _____ if I switch to solar _____ my _____?
 _____ and _____ power _____ my expenses?
 What are _____ if I switch _____ solar?
 I _____ your help _____ financial benefits of transitioning _____ and _____ energy _____ save money.
 How can _____ calculate the amount _____ if _____ my _____ solar and _____ energy sources?
 What is involved in _____ the amount _____ saved when _____ convert _____ solar and _____?
 Change to _____ save _____?
 _____ you _____ a _____ for calculating the monetary _____ switch _____ and wind _____ at _____?
 _____ is it that will _____ opting for sunlight and _____?
 Can you _____ guidance _____ assessing the _____ to solar and wind energy _____?
 _____ help me _____ out _____ solar and wind _____ me money?
 _____ can I _____ the _____ benefits _____ wind _____ in my home?
 _____ I _____ if _____ use wind and solar _____?
 Is _____ possible to _____ guidance on evaluating _____ savings _____ switch _____ and _____ power _____ residential _____?
 Can you help me figure _____ how _____ I _____ solar and wind _____?
 _____ if _____ should switch _____ solar and _____ power for my house?
 Is _____ to calculate _____ and wind power?
 _____ reduction _____ for sunlight and wind _____ house?
 Saving _____ shifting to _____ available?
 Can you _____ me figure _____ the cost reduction _____ I _____ solar and _____ my _____?
 _____ there _____ guidance _____ the _____ cost savings of _____ solar _____ for residential units?
 How should I _____ when _____ switch to _____ and wind _____?
 _____ it _____ to _____ guidance on _____ cost savings _____ wind _____ residential use?
 _____ me _____ how solar and wind _____ can save me _____?
 Do you _____ an _____ the _____ benefits _____ transitioning _____ residence to _____ energy?
 How can _____ tell _____ of _____ will _____ me money?
 _____ estimating the _____ benefits _____ transitioning my _____ to solar _____ wind _____ advise _____.
 _____ I save _____ switch _____ and wind power?
 _____ provide _____ the _____ savings from switch _____ solar and wind power _____ residential use?
 Is _____ possible to _____ out _____ much money I will _____ if _____ energy sources to _____ and _____?

_____ sun-power, any estimates available?

Can _____ tell _____ can _____ cost _____ solar and wind _____ for residential use?

_____ the _____ solar and _____ at my place?

_____ would like to know _____ wind _____ cut costs at _____.

_____ much money _____ saved by _____?

_____ I _____ the _____ transitioning to _____ and _____ energy at my residence?

_____ it possible _____ calculate the amount of _____ I _____ save _____ I switch _____ and _____?

What _____ that _____ the budget _____ opting for _____ and _____?

When _____ switch to solar and _____ at home, _____ you _____ reduction?

Is _____ calculate savings _____ and wind power at _____?

How _____ shifting to _____?

Can you give guidance _____ assessing potential cost _____ when _____ energy _____ residential _____?

_____ savings achieved _____ of wind and _____?

_____ pocket _____ I went solar and _____ my place?

_____ able to calculate the _____ if _____ switch to _____ and _____?

_____ I _____ the savings _____ installing solar/wind power?

_____ would _____ potential cost _____ if _____ switched to solar _____ wind _____.

Save money _____ to _____?

How _____ I _____ the _____ I switch to solar _____ power?

_____ me _____ estimating _____ benefits _____ transitioning _____ residence to _____ wind energy

_____ it _____ to _____ evaluating cost _____ from changing to solar and wind power _____?

Would _____ me _____ cost savings _____ switched _____ solar _____ wind power for my home?

_____ calculate the _____ of _____ and wind energy?

How _____ will _____ wind power _____ save you?

_____ want to _____ out _____ reduction when _____ to solar _____ power.

_____ it possible to _____ the _____ could _____ switch _____ renewable energy sources?

_____ and when will _____ savings _____ solar _____ wind _____ home?

Is _____ any guidance _____ evaluating _____ wind power for residential use?

Can _____ tell _____ I can _____ money by _____ wind power _____ my _____?

How _____ figure out _____ saved _____ convert my house _____ solar and wind energy?

Is budget _____ after _____ for _____ in one's house?

_____ and _____ costs at my house.

Estimating the savings _____ solar, _____?

Can _____ calculate _____ savings if I _____ to _____ and _____?

_____ can I _____ out _____ can _____ money _____ installing _____ power?

_____ there guidance _____ cost _____ from solar and _____ for residential _____?

_____ tell _____ how _____ money I _____ save _____ I _____ and wind?

Wind _____ solar _____ a house.

_____ calculate _____ cost _____ when _____ switch to _____ energy _____ my home?

I _____ like _____ calculate _____ I _____ wind and solar _____.

Is it possible _____ determine the _____ of _____ and wind _____ at _____?

_____ need to know _____ much _____ I _____ I switch _____ solar and _____.

_____ me _____ solar/wind can _____ money.

How _____ I _____ money _____ my switch _____ wind power?

Is it possible to estimate _____ by _____ wind?

Can _____ us _____ evaluate _____ cost savings from using _____ wind _____?

_____ save money _____ to solar and wind _____ home?

How much _____ saved _____ using the _____?

I _____ help estimating the _____ benefits _____ house _____ and wind _____.

_____ and _____ save money _____ changing to _____ and _____ at _____.

Can you _____ me decide _____ I _____ switch to _____ and _____ ?

_____ I switched _____ solar _____ power for my _____ you _____ potential savings?

_____ you _____ money _____ going to solar/wind?

_____ give _____ estimate of the financial benefits _____ solar _____ wind _____.

_____ savings _____ switch _____ solar, wind?

Is it _____ for _____ calculate _____ I switch to solar _____ wind _____ ?

_____ about _____ to solar or _____ ?

_____ it possible to _____ the _____ switch _____ energy sources _____ and wind?

_____ and wind power _____ at _____ costs.

How do I calculate _____ money saved if my _____ converted _____ wind _____ ?

_____ to solar and _____ power, can _____ the cost _____ will be?

Is _____ possible to _____ with a _____ wind _____ swap?

_____ possible to figure out potential _____ installing _____ power?

Is it possible _____ costs with _____ solar _____ swap _____ home.

Can solar _____ power _____ energy _____ ?

_____ the savings if I switch _____ renewable energy?

_____ to _____ to solar and wind _____ at my home, _____ sure _____ calculate _____ monetary advantages _____.

_____ is _____ amount of _____ saved _____ if _____ convert my _____ solar _____ wind _____ ?

Can you tell _____ the _____ be when I _____ energy?

Tell me _____ you could save _____.

_____ need _____ know how much _____ going _____ if I _____ to _____ and wind at _____.

_____ any guidance _____ the _____ savings _____ wind power for residential use?

_____ I find out the cost-saving _____ of _____ wind _____ at _____ ?

I _____ switch to _____ and _____ home, could you _____ a method for _____ monetary _____ accurately?

_____ you _____ how to _____ cost reduction when I switch to _____ wind power _____ ?

_____ I _____ to solar _____ wind _____ can you tell me _____ save _____ ?

_____ to solar or _____ are there _____ savings?

Can _____ how much _____ will save _____ switch to solar and _____ ?

_____ a way to determine _____ savings _____ solar/wind power?

Can I _____ savings if _____ solar and wind _____ ?

Can you tell _____ what _____ cost _____ is _____ switch to solar and _____ power _____ ?

_____ it possible to estimate _____ amount of money _____ saved if I _____ ?

_____ I can calculate savings _____ I switch to _____ home.

_____ you help me calculate _____ savings _____ I _____ and wind _____ for _____ home?

I _____ to _____ and _____ energy at home, could _____ suggest _____ method _____ calculating the _____ advantages?

_____ can I determine _____ cost-saving _____ of using _____ energy _____ home?

Could you help _____ potential _____ I switched _____ solar and _____ my home?

_____ the _____ achieved _____ to wind and _____ ?

_____ to _____ and _____ power for my _____ you _____ me _____ the potential cost savings?

Can _____ help _____ potential savings if _____ to _____ and _____ power for _____ home?

_____ way to _____ home-wind _____ solar energy savings?

_____ to solar _____ wind power _____ less?

Saving _____ shifting it _____ ?

Do you think _____ after opting _____ and wind?

How _____ I _____ solar/wind power _____ save me money?

I would _____ to _____ if solar _____ power _____ costs.

_____ me how _____ money _____ will save _____ I switch to _____ and _____ ?

Is _____ determine potential _____ using solar/wind power?

Estimating _____ savings achieved _____ to _____ and _____.

_____ you _____ me figure _____ reduction when _____ switch to wind _____ solar _____ ?

Can you help me _____ savings if I switch _____ my home?

_____ by _____ and solar?

Go _____ to save money?

I need _____ know _____ money _____ save if _____ switch to solar and _____.

Can you tell me the _____ I _____ and _____ power _____ home?

_____ it possible _____ potential _____ installing solar/wind _____ at home?

_____ can save _____?

Can you help me _____ cost reduction _____ solar _____ wind _____?

_____ it possible _____ and wind power to _____ my _____?

_____ you _____ me _____ out _____ I could _____ by changing to _____ power?

_____ switch to _____ or _____ and _____ are the _____?

What are _____ savings _____ I switch _____ or _____?

How much _____ reduced _____ solar and _____ power at _____?

_____ tell _____ the _____ I switch to solar or _____?

_____ to _____ wind at _____ save costs.

How much can the _____ of _____ and _____ _____?

_____ it possible _____ the _____ by _____ to solar _____ wind energy sources?

_____ do _____ the _____ of _____ when _____ convert _____ house to _____ energy sources?

Are there _____ to _____ energy _____?

I'm wondering _____ much _____ I'm _____ to save _____ I _____ wind at _____.

How _____ will a solar _____ swap _____ costs?

_____ I calculate the amount of money saved _____ to _____ and _____ energy?

Is _____ guidance _____ evaluating the cost savings _____ switch to _____ residential _____?

_____ I _____ solar and _____ you help me _____ the potential _____ savings?

How _____ going to _____ switch to solar _____ wind at _____?

When I switch _____ solar _____ savings _____ I _____?

_____ want to _____ much _____ I _____ save if _____ change to _____ and _____.

_____ I switch from conventional _____ sources _____ wind power, _____ have to _____ savings?

How _____ I calculate _____ money saved _____ I _____ my _____ to solar and _____ energy _____?

Is there _____ guidance on _____ potential _____ from switch to solar _____ wind _____?

Is it possible _____ achieved _____ using _____ wind?

Is it possible _____ figure _____ how _____ would _____ switched _____ solar and wind power?

_____ a _____ can help gauge home-wind/solar energy _____?

Is it possible _____ out _____ savings by _____ residential _____?

_____ do _____ out the _____ savings when I _____ solar and _____?

_____ money saved calculated _____ I convert _____ solar and wind energy sources?

_____ can I _____ installation of _____ solar/wind _____ save me money?

I would _____ is possible to estimate _____ money I _____ save if I switch _____ wind _____.

_____ how _____ money _____ will _____ if I switch to _____ and _____.

Tell me about _____ money by _____ solar/wind.

_____ do _____ figure out _____ money saved _____ I convert my _____ solar and _____ sources?

_____ I'll save if I switch to solar and _____?

Is _____ evaluating potential cost _____ to _____ wind power for _____ use?

_____ any way to _____ wind/solar energy _____?

Can _____ tell me _____ reduction I _____ expect _____ to _____ wind power?

How _____ I calculate _____ amount of _____ if _____ my residence _____ and wind _____?

How much _____ the costs be reduced with _____?

_____ figure out _____ I switch _____ solar and _____ power at my house?

_____ what the _____ are when I switch _____ solar _____.

Is _____ to estimate _____ money I could save _____ I _____ from conventional energy _____ solar _____?

Is there _____ on evaluating _____ cost _____ from _____ solar and _____ power _____ ?

_____ you suggest _____ method for calculating the monetary advantages when _____ solar _____ at _____ ?

_____ likely _____ budget _____ after _____ for wind _____ sunlight?

_____ savings achieved _____ wind and solar?

How do I figure out _____ of money _____ when I _____ residence _____ ?

Any _____ available for _____ shifting _____ sun- _____ ?

Can _____ help _____ figure _____ the cost _____ I switch _____ solar and wind power _____ ?

_____ into _____ and _____ for _____ home?

_____ the _____ of _____ and _____ power cut _____ ?

How much _____ can I save if _____ ?

_____ much money will I _____ if I _____ to solar _____ ?

Any _____ available to shift _____ ?

_____ switched to solar and _____ power, could you _____ me figure _____ save?

_____ there guidance _____ assessing _____ savings when _____ and wind _____ residential units?

_____ there _____ to _____ and solar energy savings?

Change _____ and wind at _____ will _____ .

Is _____ that _____ and wind _____ will _____ costs?

Can solar _____ power _____ my _____ ?

I need to _____ of _____ to _____ and wind _____ .

_____ you tell me how the _____ reduction will _____ to solar _____ wind _____ home?

How _____ I _____ benefits _____ transitioning to renewable _____ my home?

I _____ like _____ switch _____ and _____ at home, but am _____ how to _____ the monetary _____ .

_____ solar/wind _____ save _____ ?

_____ there any _____ when _____ solar or wind?

I would _____ calculate potential _____ by _____ and wind power _____ home.

_____ that solar and wind power _____ cut _____ my _____ ?

_____ it possible _____ money I will _____ if I _____ to _____ wind power?

_____ and _____ home will save costs.

_____ about _____ savings _____ switch to solar _____ wind.

Can you tell me _____ if _____ switch _____ wind _____ solar?

_____ cost savings if I switch _____ wind power _____ home?

_____ you _____ method for _____ the monetary _____ solar and _____ energy at _____ ?

After _____ and wind, what's the _____ reduction _____ be?

_____ to _____ benefits of _____ and _____ energy at my house?

How _____ I _____ the amount _____ saved if _____ converted _____ to solar and wind _____ ?

_____ to _____ money by going solar and _____ ?

How _____ do I save _____ I _____ and wind _____ ?

If _____ solar and _____ power _____ home, could _____ help determine _____ potential cost _____ ?

Can you _____ out how _____ I can _____ by using wind _____ for _____ home?

_____ will the amount of _____ saved be calculated if _____ house to solar _____ ?

_____ possible _____ guidance on evaluating _____ savings _____ solar and wind _____ residential use?

_____ solar _____ wind _____ swap at _____ how much _____ save?

Can _____ help me _____ out how much _____ switch _____ power _____ save?

How _____ do _____ by using solar and _____ ?

How much can _____ and wind _____ swap _____ ?

_____ would like to _____ solar and wind _____ at home, but do _____ a _____ calculating _____ advantages _____ ?

_____ help _____ with _____ reduction _____ switch _____ solar and wind power?

_____ to _____ the _____ when I switch _____ solar _____ wind _____ .

_____ determine the cost-saving _____ of renewable _____ at my _____ ?

I would like _____ to _____ and _____ power _____ calculate potential savings.

_____ would _____ to know _____ financial benefits _____ transitioning my _____ solar _____ energy.

I would like to _____ I _____ if I _____ to solar and _____.

_____ me how _____ I'll _____ I switch to solar and _____ home?

_____ would like _____ and _____ for _____ home to calculate savings.

_____ I _____ the amount _____ money _____ by converting my _____ to _____ and _____ sources?

_____ can you _____ money when you _____ to solar _____?

I would _____ the cost _____ I _____ solar and _____ power at _____ home.

_____ to calculate the cost savings _____ using _____ home?

Is _____ possible to _____ guidance _____ evaluating potential savings from switch _____ solar _____ use?

_____ pocket the dough if _____ wind powered _____ place?

Tell _____ how _____ save _____ by _____ to solar/wind.

How much can _____ save _____ and _____ swap?

Tell me how _____ can _____ money by _____.

_____ you _____ budget reduction _____ opting for sunlight and _____?

_____ to determine potential _____ by _____ and wind power?

Tell me _____ you can _____ money _____ to _____.

_____ can I _____ home-wind/solar _____?

_____ am _____ how _____ cost savings when _____ switch _____ wind power.

Cost _____ of _____ to wind _____?

I'm trying to figure _____ the _____ my _____ solar and _____ energy.

Is it _____ to estimate _____ amount of money _____ would be _____ I switched _____ energy _____ wind _____?

_____ you help me figure out potential _____ switched _____ wind _____ power for my _____?

What _____ likely budget _____ after opting _____ the sun _____?

How _____ savings _____ I switch to _____ or _____?

_____ it _____ to _____ when using solar _____ wind _____ home?

Are you able _____ how much money I _____ if I _____ solar _____?

If I switch _____ wind power for my _____ could _____ help _____ cost _____?

Is it _____ to determine the _____ savings _____?

_____ savings achieved by _____?

_____ cost savings when _____ switch to solar and _____?

_____ switch to _____ or _____ what _____ the savings?

I am _____ to switch to _____ and _____ at home, _____ you give me a method _____?

_____ wonder _____ I could pocket _____ dough by going _____ at _____.

The savings when _____ or wind _____ unknown.

_____ much money _____ saved _____ and wind?

How _____ a solar and wind _____?

I _____ find a way _____ the _____ advantages of _____ wind _____ at home.

Can _____ the money _____ could save _____ switch _____ and wind _____?

_____ and how _____ save money _____ solar and _____.

_____ there _____ budget _____ after opting _____ and wind?

Can you tell _____ how much _____ I'm _____ to _____ if _____ switch _____?

_____ savings _____ to solar, wind?

_____ determine potential cost _____ I switched to _____ power for _____ home?

_____ possible _____ estimate _____ savings if _____ to wind and _____ power?

_____ wind to save _____?

Can _____ if I _____ to solar and wind _____ home?

_____ cost _____ please _____ me on _____ the financial benefits _____ solar and wind energy.

How _____ benefits of _____ and _____ energy at my residence?

_____ tell _____ how _____ calculate potential savings by _____ and wind _____ in _____?

_____ you _____ cost reduction I _____ when _____ switch to _____ and wind power?

Can _____ figure out _____ cost reduction when _____ and _____ power _____ home?
 _____ there _____ potential cost savings _____ to solar and _____ energy _____ residential units?

Is _____ possible _____ to _____ home expenses?

Can anyone _____ how much money I _____ save _____ switched _____ solar _____?
 _____ I _____ my _____ and wind energy _____ order to _____ money?

Can _____ me calculate potential savings if _____ switch to _____?

Can _____ help _____ figure out the cost reduction when _____ to wind _____?
 _____ I calculate the savings when _____ solar power _____ home?

Is _____ possible to give guidance _____ solar and _____ for residential usage?
 _____ you help _____ figure _____ the _____ savings _____ solar and wind power?

Can you tell _____ I can _____ money when I _____ to _____ and _____ at _____?
 _____ you _____ me _____ to figure _____ the cost reduction when _____ to _____ power?

Is _____ a way _____ the cost savings when I _____ power?
 _____ is the cost _____ I switch to _____ power at _____?
 _____ estimates for saving money _____?
 _____ you suggest _____ method for _____ I switch _____ solar and wind?

Is _____ the money _____ if I switch _____ solar _____ wind power?

The cost savings _____ wind and _____?

Is it _____ potential savings by installing solar/wind _____?

Change _____ and save _____?

_____ I switch _____ wind and _____ at my home, can you _____ me _____ reduction?
 _____ would I determine the amount _____ money _____ if _____ residence _____ solar _____ energy sources?

Is it _____ to make _____ how much money I will _____ if I switch _____?

How does calculating the _____ money _____ solar and wind energy _____ place?
 _____ need _____ help _____ benefits _____ my residence to solar _____ wind energy.
 _____ the amount of money saved if _____ residence is converted to _____ wind _____?

Please estimate the financial _____ transitioning my _____ to _____ wind _____ order _____ save _____.
 _____ going to save _____ by _____?

Can solar _____ power _____ house _____?

When I _____ to solar _____ what _____ saving?

Is _____ way _____ home-wind and _____ energy savings?
 _____ and when can we save _____ by changing _____ wind _____?
 _____ me determine potential cost savings if _____ switched _____ power?
 _____ you help me figure out _____ and _____ will _____ money?

Can _____ help _____ out potential savings _____ solar and _____ power _____ home?
 _____ any _____ how _____ assess the _____ cost savings _____ transitioning to _____ wind _____ residential units?
 _____ switch to _____ Wind, what are the _____?

If _____ to _____ wind power _____ my home, _____ me _____ out potential cost savings?

Please estimate _____ financial _____ of _____ my residence _____ solar _____
 _____ help _____ potential _____ savings if I switched to solar _____?

How do I _____ if I convert _____ house _____ solar and wind _____ sources?

Can I _____ savings _____ I _____ to renewable _____?
 _____ pocket _____ I _____ and _____ at my place?

Is _____ possible _____ calculate savings if I _____ renewables _____?

Is it _____ to find potential _____ power?
 _____ would like _____ know the financial _____ of _____ my _____ to _____ energy.

Is _____ possible to say how _____ money _____ save _____ to solar _____ power?
 _____ to switch to solar and wind energy at home, _____ sure how _____ advantages _____.
 _____ I switch to _____ and _____ energy _____ could you suggest _____ method _____ monetary _____ accurately?
 _____ switched to solar _____ power for my home, _____ help _____ savings?

Is it _____ guidance on evaluating the _____ solar and wind _____?
 _____ estimating the financial _____ of changing my _____ to solar _____ wind _____.
 _____ to _____ money _____ my switch to renewable _____?
 _____ solar _____ wind power _____ costs?
 _____ it _____ to give guidance _____ assessing the _____ savings _____ solar and _____ energy for _____ units?
 _____ solar and wind power at my home can _____ cost _____?
 _____ can I _____ out the _____ wind energy _____ my house?
 _____ it _____ the money that _____ be saved _____ I _____ to _____ energy?
 _____ figure out _____ cost reduction _____ use solar _____ wind power?
 If _____ to solar _____ wind _____ is it possible _____?
 When I _____ to solar and _____ power, can _____ the _____?
 How _____ with solar?
 I would _____ to _____ and wind _____ home but I don't _____ the monetary advantages _____.
 Can you _____ estimate _____ cost _____ when _____ switch to solar and _____?
 _____ I switched _____ solar _____ power, _____ you help me _____ savings?
 How _____ we save _____ solar?
 Is it _____ when _____ to solar _____ wind power?
 _____ can I determine _____ I _____ save by _____ solar/wind _____?
 _____ I went _____ wind-powered at _____ I pocket the _____?
 _____ can I _____ the _____ benefits of solar and _____ energy _____?
 _____ calculate savings _____ switched to wind _____ power at home.
 I am _____ how _____ money _____ save if _____ switch _____ wind _____.
 _____ help _____ figure out _____ cost _____ I switch to _____ solar power?
 _____ to the wind or solar, _____ the _____?
 Tell _____ can _____ by moving to solar _____ wind.
 _____ you _____ me _____ the potential _____ switch to wind _____ solar _____?
 How do _____ figure _____ of _____ saved _____ I _____ my house _____ solar and _____?
 How _____ calculate the _____ savings _____ I _____ and _____ power _____ home?
 How can I find _____ my solar/wind _____ will _____?
 _____ to calculate _____ if _____ switch to _____ power _____ home?
 _____ to _____ financial benefits _____ my residence _____ energy, please advise me.
 _____ want to switch _____ solar and _____ at _____ but I'm _____ sure how _____ benefits.
 _____ you _____ me _____ I can save money _____ wind _____ for _____ home?
 _____ I _____ money _____ to sun-power?
 Can solar _____ wind _____ my home?
 _____ there guidance on _____ assess _____ potential _____ savings when transitioning to solar _____ energy _____?
 _____ it _____ determine the cost-saving _____ transitioning to wind _____ energy?
 _____ money will _____ save _____ switch _____ solar _____ wind in _____ home?
 How can _____ the _____ benefits _____ transitioning _____ renewable energy at _____?
 How much _____ if _____ switch to solar _____ power?
 _____ calculate _____ use _____ and solar power at home?
 Is _____ to _____ by using solar _____ power _____ home?
 _____ it _____ to _____ the amount _____ I switch from conventional _____ sources to solar and _____ power?
 _____ possible _____ the cost-saving benefits _____ to _____ wind energy at _____ home?
 Is _____ possible _____ provide guidance on _____ savings _____ using _____ and _____ power for _____?
 Does _____ power cut _____ costs?
 _____ I determine the cost-saving _____ of transitioning _____ renewable energy _____?
 _____ estimates _____ to _____ shifting to _____?
 Can you _____ how we _____ and wind _____ to save _____?
 _____ money by _____ and _____ home?

How to calculate _____ savings _____ and wind power _____ house?

How can _____ figure out potential _____ solar/wind _____?

Is the _____ of _____ saved _____ I convert _____ residence to _____ related?

_____ you _____ me _____ the _____ when I _____ solar and wind _____ my _____?

_____ it possible to _____ savings if I _____ wind _____ at _____.

_____ the financial _____ of _____ my _____ to solar _____ wind energy.

Is it possible _____ much _____ will _____ if _____ switch _____ solar _____ wind _____?

_____ wondering if solar _____ power _____ cut _____.

_____ can _____ find _____ much solar _____ wind _____ save me?

_____ to _____ or _____ what are the savings?

_____ amount of _____ I convert _____ residence to solar and _____ energy _____

Do you have _____ guidance _____ assessing _____ when _____ solar _____ wind energy?

Estimating _____ achieved _____ switch to _____?

_____ the cost-saving benefits _____ solar and wind _____ my _____?

Is it _____ to _____ savings by _____ wind?

_____ I figure _____ I _____ save money _____ using _____ energy?

_____ you help me _____ out _____ cost _____ I _____ and wind power for my _____?

_____ to save _____ my _____ to solar and _____ power?

What _____ cost savings of my _____ to _____ wind _____?

Do you _____ what the cost reduction will be _____ solar _____ power at _____?

_____ much _____ a solar and _____ cut costs?

_____ to _____ solar and _____ home _____ would like to know _____ calculate the monetary advantages accurately.

_____ to _____ and wind _____ at home and _____ like _____ know how to calculate the _____.

Can _____ how _____ I'll save if _____ switch to _____ wind?

_____ me if you _____ save _____ to solar/wind.

_____ to determine _____ savings _____ I install residential _____ power?

_____ you _____ me assess _____ cost savings when I switch to _____ wind energy _____?

_____ it possible to _____ evaluating _____ cost _____ and wind _____ to residential usage?

_____ it _____ estimate the _____ that _____ if I _____ renewable energy sources?

_____ formula that can _____ gauge home-wind _____ solar _____ savings?

How _____ save _____ by changing to solar _____?

_____ any _____ on _____ cost savings from _____ and wind for _____?

_____ involved _____ calculating the _____ money saved by _____ my home to _____ wind _____ sources?

_____ it _____ to solar and wind power at home?

_____ there _____ tool _____ can _____ gauge home-wind and solar _____?

_____ and wind power could save me _____.

I would like _____ cost _____ when I _____ solar _____ wind power.

Got _____ on _____ I would _____ if I went _____ wind-powered?

Would you be _____ the _____ cost savings _____ switched to _____ and _____?

Would _____ possible to determine _____ cost _____ I switched to solar _____?

_____ can I figure out the cost-saving _____ wind _____ residence?

_____ you tell _____ cost reduction will _____ I _____ to solar and _____?

_____ am _____ if _____ possible to estimate _____ money I _____ save _____ I switched _____ wind power.

What _____ best way _____ the _____ benefits of transitioning _____ solar _____ energy?

_____ estimates _____ shifting money _____?

_____ and wind _____ at my home?

I don't _____ I will _____ I switch _____ solar _____ wind.

Is it _____ wind _____ cut my costs?

Can you provide guidance _____ assessing the _____ savings when _____ to _____?

Tell _____ about _____ switch to solar _____ wind.

_____ know _____ to _____ by installing solar/wind power.
 Can _____ me how _____ by going solar _____ wind at home?
 _____ anyone _____ how much _____ will _____ if _____ switch to solar _____?
 I am looking _____ solar and wind _____ home _____ I need a _____ for _____ advantages _____.
 _____ possible _____ estimate _____ money _____ would be saved _____ I _____ conventional energy _____ solar and wind
 _____?
 Is _____ possible _____ and _____ power _____ cut costs at _____?
 When _____ switch to solar _____ wind _____ much _____ be?
 _____ looking _____ solar _____ wind energy at _____ but _____ don't know how to calculate the _____.
 Can you _____ me figure _____ how much _____ I switched _____ wind for _____ home?
 _____ switch to solar or _____?
 How do I _____ changing to solar and _____?
