

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive Parts Retailers
Inquiry Category	Clarification on product specifications
Inquiry Sub-Category	Material composition
Description	Customers inquire about the material composition of a part, such as whether it is made of aluminum, steel, or plastic. They want to understand the durability and quality of the product.
Data Size	5,251 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive Parts Retailer" customer inquiry. (Purchased data will not be masked.)

What type of materials was _____ production, _____?

Is it _____ that _____ chose materials _____ strengthen _____?

_____ materials _____ used to _____ the _____?

Can _____ tell me _____ ruggedness _____ elements _____ in _____ item's manufacturing _____?

_____ were _____ for _____ production of _____ goods?

_____ used to strengthen _____ asked.

What kinds _____ high- _____ materials _____ used _____?

_____ things were created to _____ stronger?

_____ materials _____ creating a stronger _____?

What _____ of materials _____ for _____ production of the _____ purposes?

_____ of _____ materials were _____ to produce?

_____ were the _____ used for it _____?

_____ were used in _____ production _____ as to _____ strength?

Which materials _____ into _____ process _____ enhance strength?

_____ are materials _____ production _____ stuff.

_____ material were used _____ strengthen _____?

_____ materials were _____ reach the _____?

Which materials _____ used _____ stronger _____?

What kind of _____ were _____ make _____?

What types of _____ were used _____ the _____?

_____ of the materials _____ a stronger product?

Which materials _____ in _____ production process _____ achieve _____ desired _____?

_____ materials are _____ strong product?

Do you _____ used to make _____?

Which _____ were _____ to strengthen _____?

_____ of materials were chosen to _____?

_____ it true that they chose certain _____ final _____?

_____ materials were used _____ the _____ process in order _____?

_____ they _____ materials _____ make the final _____ stronger?

_____ materials were _____ strength it _____?

_____ kind _____ to strengthen it?

_____ materials were _____ in the _____ process _____ a _____ strength?

_____ materials _____ in making _____ product?

Which _____ of _____ strengthen it?

_____ it _____ serious strength, _____ was it _____ of?

What _____ of _____ for its production to _____ it _____?

_____ of materials _____ used for _____?

What kind of _____ used _____ order _____ as strong _____ possible?

_____ high- strength material was used _____?

_____ of material _____ to _____ it?

Can _____ tell _____ what _____ to _____ strength?

_____ materials were _____ production _____ boost _____?

_____ of materials _____ used _____ strength?

_____ materials _____ used?

_____ materials _____ utilized _____ make _____ stronger?

_____ the kinds _____ things used to make _____?

Which _____ were _____ to strengthen?

_____ kinds _____ materials _____ to strengthen _____?

Which materials _____ used in _____ of _____ boost _____?

What _____ material was _____ production of _____ for strength purposes?

What things _____ used _____ production _____ make _____?

What materials were used _____ the production _____?

What did _____ to _____ it _____?

_____ materials _____ to make _____ product _____?

What _____ were _____ when making _____ strong?

Are there any substances _____ were _____ for _____?

_____ materials _____ used _____ the required _____?

_____ materials were used _____ the _____ process to reach _____?

_____ exist _____ robustnessEnhancing ingredients _____ fabricate this part?

Which materials aided _____ stronger?

What kind _____ used _____ the production _____ strongman _____?

_____ type of materials _____ used _____ the _____ of _____ strength-in-demand _____?

_____ materials _____ used _____ the _____ process to _____ strength.

_____ used _____ the _____ strong stuff?

_____ kind of stuff _____ you _____ to make _____?

_____ materials were _____ boost strength _____ production process?

_____ what _____ of materials _____ used?

Can _____ give _____ of the materials _____ enhanced durability _____ this _____?

Which _____ utilized for strength _____?

_____ materials were _____ make it _____?

What _____ were _____ enhance product _____ during _____?

_____ materials _____ used _____ the _____ stronger?

What _____ were used _____ product _____ powerful?

_____ materials did _____ enhance strength?

_____ used for their strength _____?

Which _____ used in _____ product _____?

The materials _____ for _____ are _____ for _____ strength _____ what type _____?

Which _____ production strength?

_____ wondering what _____ used _____ make it strong.

_____ materials made _____ production _____?

_____ kind of things _____ make it _____?

_____ materials _____ used in the creation _____ the _____?

Can _____ tell _____ the materials _____ for enhanced _____ product?

_____ material was used _____ it _____?

_____ materials used to strengthen _____

Which kind _____ to strengthen _____ production?

_____ were the _____ used to _____ product _____?

_____ curious _____ know which substances _____ for _____.

Is _____ possible _____ the _____ utilized for _____ this product?

_____ of _____ materials were used _____ make _____ finished product?

Which _____ were _____ in _____ strength?

_____ materials _____ used _____ production _____ to increase strength?

What _____ of materials _____ to make _____ strength-purposed _____?

For _____ was used?

_____ materials _____ make this _____ product?

_____ material was _____ to make _____ stronger?

What kind _____ use _____ make these parts _____?

_____ were used to _____ especially for _____?

Which _____ were _____ in the _____ to _____ strength?

What _____ they use _____ strong?

_____ employed _____ the product stronger?

What are _____ materials _____ in the _____?

_____ might have chose certain _____ final product.

What _____ were used to _____ sturdy?

_____ kind of _____ material _____ for production?

_____ of _____ were used _____ strength _____?

What _____ were chosen _____ production?

What materials were used _____ of _____ product _____ purposes?

What _____ used in _____ attain the desired _____?

Which materials were _____ in _____ production?

Which _____ beefed up _____?

What _____ was chosen to _____?

_____ kind of goods _____ used _____ make _____?

I want to _____ strength.

Which materials _____ in _____ process _____ production _____ enhance _____?

What _____ of sturdy supplies _____ in your _____?

The _____ utilized _____ to enhance _____.

Which materials were _____ process to _____ desired strength?

Which _____ was _____ in creating _____?

Which materials _____ used _____ the _____ process to _____?

_____ some materials used for _____?

_____ strength materials were _____ the production _____?

Materials _____ production of _____?

_____ the materials _____ to _____ strong product?

_____ was used for _____ production?

What _____ are _____ the _____ of _____?

_____ materials _____ the production process _____ strength?

_____ materials were _____ it?

_____ were _____ create a _____ product?

_____ of _____ materials were used _____ production _____ to _____ strength?

_____ know the _____ in production _____ durability focused?

What _____ were _____ in _____ product's _____ strongman types?

Were _____ used for _____?

_____ were _____ to _____ it?

_____ are _____ materials _____ in _____ process to boost _____?

_____ kind of _____ did you use _____ make _____?

_____ you use _____ make _____ stronger?

What _____ substances _____ the product?

Were certain _____ in _____ to _____?

_____ type _____ were used _____ strength-purposed item?

Please specify _____ were _____ for enhanced durability in _____.

_____ products _____ to _____ it?

Which materials _____ create _____ product?

Which _____ used _____ creating _____ product?

What _____ give it some _____?

Which were _____ to improve _____?

During _____ what _____ were _____ improve _____ resilience?

Can you share the _____ elements _____ used _____ process?

_____ of materials were used in the _____ the _____?

_____ utilized in the _____ to obtain _____ desired strength?

_____ strength, what kind _____ was _____?

_____ in creating a _____ product?

_____ materials were _____ in creation _____ strong _____?

Which materials _____ in _____ to _____?

Which _____ resilience _____ manufacturing _____?

_____ were used for _____ strength-purposed _____?

_____ used to _____ it?

_____ used to make _____ durable?

Which specific _____ increase strength?

What _____ did _____ use _____ strength?

Which _____ utilized _____ strengthen it?

What _____ during the _____ process _____ increase _____ strength?

Which _____ for the _____ strength?

Which _____ were utilized _____ process _____ the desired strength?

_____ certain materials chosen _____?

Which materials _____ used _____ order to _____ the _____?

_____ sturdy materials _____ use?

_____ the _____ for making it _____?

Which materials _____ the _____ process to _____ strength

Which _____ the materials _____ used _____ production _____ the strength?

What were _____ materials _____ for making the _____?

_____ materials were used _____ the _____?

The _____ used _____ in _____

What items _____ to make _____?

_____ there _____ robustness _____ to fabricate this part?

What _____ things were utilized _____ it as _____ as _____?

Which materials _____ for _____ to _____?

What type _____ were _____ product resilience?

_____ was used for its _____ make _____?

Which of the _____ to _____?

_____ production's strength?

What _____ build it strong?

_____ are the materials _____ make a _____?

Which materials were utilized in _____ to _____?

_____ types _____ high strength materials _____ produce?

_____ kind _____ things _____ used _____ it _____ sturdy as possible?

Which _____ were _____ to _____ strength?

What _____ of _____ was _____ the strength-in-demand item?

Which _____ materials _____ strengthen it?

Which materials _____ production process to _____ strength?

Which _____ used _____ process for strength?

Which _____ material _____ they _____ strengthen?

_____ were used for _____.

_____ wonder _____ materials _____ used _____ increased strength _____ production.

_____ were used in _____ production process in _____ improve _____?

_____ type of _____ used to produce _____ item?

What _____ the _____ strength purposes?

Can you _____ me about _____ used _____ resilience?

_____ was _____ make it strong?

What _____ was used to _____ stronger?

Which materials were _____ in _____ process to _____

_____ were used _____ the product.

_____ able _____ which substances were _____ for strength?

Is _____ a material _____ was _____ increased _____ production?

Which kinds _____ used for _____?

Which _____ used in the production _____ to _____ the _____?

_____ materials were used in _____ production _____?

Can you _____ what _____ used _____?

Which _____ were _____ strength?

What _____ materials _____ used to manufacture _____ for strength _____?

_____ you _____ me _____ substances were _____ for _____?

_____ are _____ resources that _____ used _____ product resilience?

_____ you _____ materials were _____ enhanced durability _____ the product?

_____ kind _____ materials were _____ to produce that _____?

_____ used in _____ a stronger _____.

_____ go _____ to make the _____ product stronger?

I _____ know _____ used for Strength.

Which materials _____ utilized _____ process to achieve _____?

What _____ materials _____ strengthen the _____?

What _____ was used to _____ strength-in-demand item?

_____ materials were _____ strengthen _____ product.

Which _____ to _____ a _____ product

Which materials _____ being _____?

_____ strong _____ what materials?

_____ they _____ materials that strengthened the _____?

_____ materials may have _____ for _____ strength during _____.

Which materials were _____ manufacturing _____?

_____ resources _____ resilience during _____ manufacturing stages?

_____ resulted _____ a _____ product?

_____ materials were _____ of the strong product?

Is there _____ for _____ strength _____ production?

What _____ selected _____ increase toughness?

What _____ of _____ were used _____?

Which _____ were utilized to _____?

_____ made production more _____?

_____ materials were used _____ product?

_____ you know _____ materials used _____ durability _____ this _____?

Are there _____ production?

What _____ made of _____ give _____?

Which _____ of _____ to make _____ sturdy?

What type _____ material _____ used in _____ of _____ item?

What _____ they use _____ improve _____?

What materials were _____ in _____ to _____ strength?

_____ used _____ production as _____?

_____ used in the _____ of strong stuff?

Which materials _____ used during _____ process _____ strength?

_____ kind of things _____ to _____ it strong?

_____ materials were _____ creating a _____?

_____ type _____ were utilized in _____ production of _____ item?

_____ materials _____ to create a _____?

Which _____ were _____ process to _____ desired strength?

_____ materials were _____ the strength?

_____ of material were _____ strength?

What type of _____ was used _____ production _____ strength-purposed _____?

_____ used for their strength?

What are _____ used for _____?

_____ kind _____ materials _____ to _____ it durable?

Which _____ with greater security?

_____ the materials _____ in creating _____ stronger _____?

Which materials _____ increase their strength?

What materials were _____ properties?

_____ used during the production _____ strength _____?

_____ order to _____ the product more powerful?

_____ material was used _____ the _____ for _____?

_____ strength materials were _____ during _____ process?

What kind of _____ manufacturing _____ reinforcement?

Which _____ used to _____ a _____ product?

_____ items fortified _____ better resilience?

Did _____ choose certain materials _____?

_____ materials _____ strength in _____.

_____ order _____ improve strength, which _____?

What _____ were utilized _____ process to attain the _____?

_____ items fortified _____ production _____ with greater _____ of _____?

_____ materials were _____ the strength _____ the production process?

_____ items were _____ make _____ stronger?

What _____ used to made _____?

_____ used _____ to strengthen the _____?

What _____ were _____ in the production of _____?

_____ used _____ make the product stronger?

_____ materials _____ utilized in the creation _____ desired _____?

What _____ were used _____ strong

Which _____ used _____ to _____ it?

What kinds of _____ strength materials _____?

which _____ used _____ product stronger

_____ sturdy materials _____ for?

_____ were _____ various _____ used to _____ the _____?

_____ the materials _____ for _____ the _____?

_____ were _____ during the _____ to ensure _____ resilience?

Which _____ were used _____ product?

_____ did _____ use _____ strong _____?

What _____ of materials was _____ strength-in-demand item?

_____ were _____ enhanced strength?

_____ were used to _____ the _____?

Which materials _____ used to _____ stronger?

_____ materials _____ during _____ production _____ increase the strength?

_____ of material _____ strength purposes?

_____ are some _____ used _____ the production.

During _____ what _____ for strength _____?

_____ materials were being _____ strength?

What materials _____ to enhance strength?

_____ the materials _____ for _____ in _____?

Can _____ tell me _____ materials used _____ this product _____?

Did _____ materials to _____ the _____?

Did _____ materials _____ used for _____ strength _____?

_____ type of materials _____ used _____ create that _____?

Is there a _____ in _____?

What _____ to _____ it, especially for _____?

_____ type _____ to _____ it, _____ for strength?

_____ for production durability focused?

_____ was used to _____ strong?

Which are _____ used _____ make _____?

_____ any _____ ingredients _____ to fabricate these parts?

Which _____ used in _____ production _____ to _____ strength?

What are _____ the product more powerful?

_____ materials were utilized _____ to _____ the desired _____?

What materials _____ used _____ the _____?

_____ types _____ high-strength materials were _____?

_____ materials were _____ build _____ product?

Which _____ used _____ a _____ product?

What _____ materials used _____ production?

_____ certain materials _____ to _____ during _____?

What _____ used to _____ strength?

What materials _____ used _____ reasons?

What _____ were _____ strength purposes _____?

What materials were _____ in _____ get _____ strength?

Which materials were _____ product?

_____ materials were _____ in _____ of _____?

What _____ were used to _____ strength _____?

How _____ make _____ strong product?

_____ resources _____ strength when _____ manufacturing?

_____ used in the _____ process to increase _____

_____ materials _____ used in order _____

_____ strengthened production?

Which _____ materials _____ used _____ it.

_____ were utilized _____ a strong _____?

What _____ used for the _____ process to _____?

There _____ materials _____ to make _____.

Which _____ used _____ order _____ strength?

Which _____ were used _____ product

What kind _____ material _____ used in _____ of _____?

_____ were used to _____ strongest _____?

Can _____ tell _____ about the _____ that were used _____?

What _____ used _____ make this _____?

What _____ does _____ use _____?

_____ materials were used _____ the _____ process in order _____?

_____ process used _____ in _____ to boost _____.

_____ were used _____ of boosting strength?

What _____ was _____ to _____ strength?

_____ materials are _____ in the production _____ strength?

Which _____ used in production _____ to _____ strength?

_____ materials were _____ crafting a _____?

_____ materials were used _____ a _____?

_____ you _____ the materials that were _____ make _____ stronger?

Materials _____ used for _____.

Can _____ tell me which substances _____ extra _____?

The _____ were used _____ strength _____.

_____ sturdy materials _____?

Which _____ fortified the _____ process _____?

What _____ resources were _____ to _____ product _____?

Can _____ tell me _____ were used to strengthen _____?

Which material was _____ the production _____ to _____?

_____ type _____ materials used _____ are _____ for _____ strength.

_____ type of _____ used _____ make it _____?

_____ materials _____ order _____ increase Strength?

What _____ to strengthen _____?

_____ of stuff was _____ to make _____?

Can you _____ which _____ were used for _____?

_____ used for strength _____ the production?

_____ materials were used _____ the products _____?

_____ types were used _____ strength _____?

_____ certain materials _____ for _____?

_____ materials were _____ in _____ production _____ in order to _____?

_____ any _____ used to fabricate these _____?

_____ in production for _____ stuff?

_____ of _____ was used to _____?

_____ were _____ for _____ the product more _____?

Certain _____ may have _____ used _____ final product.

_____ kind _____ high-strength _____ used to make _____?

What _____ to _____ the product?

Do _____ know _____ used _____ strong production _____?

_____ materials _____ used _____ produce stronger _____?

Which _____ were _____ manufacturing a _____?

_____ materials _____ the _____ of stronger material?

_____ material _____ utilized _____ purposes?

Please specify _____ were _____ enhanced durability _____ this product

_____ materials _____ when _____ a strong _____?

What _____ the production process for _____ material?

What materials _____ the production _____ that strength-in-demand _____?

_____ materials _____ used _____ make a _____?

_____ was used to make _____ product _____?

_____ it possible _____ certain materials _____ strength during production?

What _____ materials used _____ manufacturing _____?

_____ material was used in _____ that strength-purposed _____?

_____ to make the product _____ powerful?

Which _____ fortified the _____ process _____ higher _____ of _____?

Which materials _____ in _____ production _____ to _____ strength?

Which materials were used in the _____?

_____ of _____ materials were _____ in the production?

Which materials were _____ in _____ production process in _____?

_____ type of _____ were used for _____ and are _____ for _____?

Any _____ utilized _____ as _____?

What _____ was _____ strengthen the _____?

_____ were used for it _____ be sturdy?

What materials were used _____ production process?

_____ of high- _____ used in _____ manufacturing process?

Which material was used in _____ to _____?

Which materials _____ enhance _____ in _____ of production?

_____ materials were utilized _____ make _____ product _____?

_____ any materials used _____ production _____ durable?

What were they using _____?

_____ materials _____ order for the _____ to be _____?

_____ stuff _____ to strengthen it?

_____ kind of _____ were _____ to _____?

What _____ stuff _____ to make _____ stronger?

Which _____ were used _____

Which _____ materials were _____?

_____ in the _____ process to _____ the desired strength?

What _____ strengthen the product?

Can you tell _____ which _____ enhanced durability _____ the _____?

_____ there _____ to strengthen the final _____?

_____ materials were _____ the product?

Which materials were used _____ process _____ improve _____?

Which _____ in the _____ strength?

_____ the _____ used to create a _____?

_____ been specifically selected for increased _____.

_____ kind of material was _____ in _____ that strength-purposed _____?

_____ types of materials _____ used _____ to _____ it?

Which _____ into _____ a strong _____?

_____ kind _____ strength _____ were _____ during the production _____?
_____ used _____ making it strong?
_____ type of materials were _____ in _____ to _____?
Which _____ in the creation _____ strength?
Did _____ selected _____ strength during production?
_____ for _____ the product more powerful?
_____ want to _____ materials were used to strengthen _____.
Which _____ utilized to increase _____ in _____ process?
Which _____ were used in the production process _____?
_____ tell _____ what _____ were used _____ this _____ more durable?
_____ were _____ in the production _____ to increase strength?
_____ materials _____ for the production _____ order to _____ strength?
Which _____ were utilized _____ strength?
Which materials _____ enhance _____ the production?
_____ of _____ materials _____ used _____ production?
What _____ stuff _____ you _____ make it strong?
Can _____ materials _____ used for enhanced _____ in _____ product?
Which _____ were used to _____ in _____ process?
_____ material used _____ reinforcements?
_____ used for making _____ product?
Material _____ the _____ of _____ stuff?
Were certain _____ for _____ production?
_____ were used to obtain the _____ the _____ process?
_____ what _____ materials _____ used?
_____ are the things _____ used to _____ it _____?
_____ material was used _____ creation of a _____?
Which _____ were _____ the product
_____ were used _____ this _____ product?
_____ of materials was utilized _____?
_____ what _____ of things _____ used to _____ sturdy?
Can _____ a _____ of the materials _____ durability?
Do you _____ what _____ things _____ into making _____?
Which items _____ production process _____?
_____ of materials used _____?
_____ to make a _____ more powerful?
_____ used to produce _____ items?
Could _____ tell me _____ substances _____ for _____?
What _____ materials _____ for the _____ strengthen?
_____ material _____ during production _____ strength _____?
Are _____ used for _____ stuff?
Did _____ the materials that _____ final _____?
_____ were _____ for the purpose of strength?
_____ materials were _____ production to _____ desired strength?
Which material _____ make the _____ Powerful?
Which _____ fostered _____?
_____ materials were used _____?
What kind of _____ materials _____ used _____ the _____?
_____ what was utilized?
What _____ of _____ making it _____?
Which _____ used to _____ product?

_____ were used _____ make _____ stronger?
 _____ types of _____ the production of that _____ item?
 _____ strength, what types were _____?
 _____ materials were _____ make a _____?
 What kind _____ materials were _____ in _____?
 Material used during _____.
 Which _____ used _____ production _____ to _____ strength?
 Which _____ were _____?
 _____ were _____ materials _____ strength?
 Which _____ were _____ production process _____ achieve _____ strength?
 Were _____ increased _____ in production?
 Which _____ were used _____ the _____ strong product?
 _____ of materials were used _____ of that _____ item?
 _____ were used _____ strengthen _____?
 _____ used _____ process in order to enhance strength?
 _____ materials were _____ purposes?
 Some _____ used for _____ production.
 _____ need _____ know _____ you used for _____.
 What materials _____ to _____ the _____?
 _____ certain _____ for _____ strength _____ chosen?
 What materials _____ strength the _____?
 _____ were used _____ increased _____ production?
 Can _____ me _____ materials _____ for enhanced durability _____ the _____?
 _____ materials _____ to create _____ product?
 _____ of materials _____ used _____ that strength-purposed _____?
 _____ certain _____ chosen _____ increased strength _____?
 Which materials _____ used during the production _____ achieve the _____?
 Which _____ were _____ to _____ up _____ stronger _____?
 _____ type of _____ strength _____ were _____ production?
 _____ materials are _____ for _____ in _____?
 _____ material _____ boost strength?
 _____ was used to produce that strength-in-demand _____?
 What _____ were used _____ strong?!
 _____ materials have _____ used _____ strengthen _____?
 Do they use _____ materials to _____?
 _____ materials _____ in _____ a _____ product?
 _____ sturdy _____ were _____?
 Which materials _____ improve _____ strength of the _____?
 _____ materials used _____ strength?
 What types _____ produced _____?
 _____ things were used _____ make _____ strong _____ possible?
 Can _____ tell _____ the materials that _____ durability?
 Which materials _____.
 _____ materials were used for strength _____ production _____?
 _____ used in _____ creation _____ a stronger product?
 Which _____ used _____ product _____ powerful?
 _____ materials were _____ the production process _____ strength?
 _____ the _____ used _____ for _____ stuff?
 What kinds of _____ were _____ the _____?
 _____ of _____ was used to make _____?

_____ were _____ used to _____ the _____?

What _____ of _____ were used to _____?

I would _____ to _____ was used _____ added _____.

Which _____ make the product _____?

_____ of _____ were _____ to make it _____?

_____ material were used to make _____?

_____ type _____ strength materials _____ used _____ production?

What were _____ materials _____ a _____ product?

_____ substances _____ used for strength?

Which material was used _____ production _____ to _____?

_____ were _____ the _____ of strength?

_____ to let me _____ which substances _____ for strength?

What _____ the _____ strengthen _____ product?

How _____ a material _____ used in _____ strength?

What kinds _____ things _____ used _____ make _____ strong?

_____ used in the _____ of _____ strong?

What materials _____ used for _____?

For reinforcement _____ type _____ used?

Which _____ things _____ used _____ it strong?

What _____ the _____ it strong

_____ were used _____ obtain the _____?

Which materials _____ attain _____ desired _____?

What types _____ materials is _____?

Which _____ to _____ strength?

_____ materials used _____ strengthen the product, or _____?

_____ were the materials _____ add _____ the product?

What _____ of high _____ were _____ produce?

Which substances _____ used in the _____ strength?

_____ materials _____ the _____ strong?

What _____ of _____ were used _____ creation of that _____?

Which _____ the stronger product?

_____ materials were _____ to _____ strength?

What kind _____ used _____ making it _____?

_____ they _____ materials _____ strengthen the product?

_____ materials used _____ strength production?

Which materials _____ been _____ strength?

What material _____ their strength _____?

_____ was _____ of _____ would give it some _____?

_____ were _____ to improve _____?

_____ sturdy supplies _____ your production _____?

How _____ the _____ for _____ stuff?

_____ types were used _____ strong?

_____ reinforcements during production?

Were the _____ the product?

Can you tell us _____ for _____ durability?

_____ kinds of _____ were _____ in _____ of _____ strength-purposed item?

What _____ during _____ for _____ purposes?

Which _____ involved _____ creating _____ stronger _____?

_____ some _____ for _____ in the production?

_____ were used _____ stronger product

_____ were _____ produce stronger products?

_____ materials _____ used _____ increase the strength in _____ ?

_____ kind _____ was _____ to strengthen _____ ?

Which _____ was _____ it?

Which materials _____ used _____ the production _____ attain _____ ?

_____ used to _____ the production _____ ?

_____ was used to _____ strength?

_____ is _____ production as reinforcements?

_____ materials _____ to strengthen?

_____ you know the _____ that were _____ ?

_____ materials _____ for production for _____ ?

_____ me _____ the _____ that were _____ for enhanced _____ in _____ product.

_____ material was _____ strength in _____ ?

_____ of materials _____ utilized _____ strengthen _____ ?

What were _____ in the _____ process to _____ the _____ ?

_____ materials _____ to create the _____ strength purposes?

_____ type _____ materials _____ used _____ the production of _____ item?

what _____ to strengthen _____ product?

_____ of material was _____ strength _____ ?

_____ were _____ when _____ strong product?

_____ are the _____ used _____ production process to _____ strength?

Which materials _____ to _____ a very _____ ?

_____ materials _____ strong?

What _____ used _____ order _____ the desired strength?

_____ type of material _____ used _____ the _____ strength-in-demand item?

_____ specifying the _____ that were used _____ durability?

_____ some substances specifically _____ increased _____ ?

Is _____ that some materials _____ increased _____ during production?

_____ the _____ used in _____ production _____ strong _____ ?

_____ materials are _____ for _____ production _____ strength?

_____ were used to _____ the _____ ?

Which material _____ strengthen?

_____ materials were _____ the _____ process to improve _____ ?

_____ resources helped improve resilience during _____ stages?

_____ materials _____ used _____ make it _____ ?

_____ materials _____ make the stronger _____ ?

_____ materials were _____ production _____ order _____ strengthen?

_____ were used _____ strengthen the _____ ?

_____ are _____ make something strong?

Did _____ materials _____ chosen _____ strength in _____ ?

Which materials _____ to bolster strength _____ the _____ ?

Which durable components _____ product during _____ ?

Is _____ possible _____ some _____ were _____ increased strength?

_____ up _____ strong _____ purposes?

_____ materials _____ used _____ strength _____ ?

_____ were _____ in production in _____ strengthen?

_____ kinds _____ materials were _____ fortify _____ ?

_____ materials _____ create a _____ product?

_____ utilized _____ order _____ achieve strength?

_____ items were _____ ?

What sturdy _____ used _____?

Which _____ were _____ during _____ strengthen _____?

What _____ during the _____ process for enhanced _____?

What _____ to produce _____ for _____?

Which _____ used _____ their _____?

Which _____ strength during _____ process?

_____ there _____ special robustnessEnhancing ingredients _____ to _____ parts?

What _____ strength _____ during manufacturing?

_____ were _____ for creating a stronger _____?

What kind of products _____ to _____?

_____ materials _____ used for strong stuff?

_____ types _____ used to _____ for _____?

Which resources were _____ resilience?

_____ you know which materials _____ durability?

The _____ used _____ the product?

_____ materials _____ used to _____ the _____?

_____ stronger materials _____?

What _____ were _____ produce _____ for _____?

_____ durable components are included in _____ product _____?

Do you _____ are _____ for strong stuff?

_____ did _____ to make _____ strong?

Which materials _____ to build _____?

_____ are the materials used to _____?

_____ were utilized in _____ enhance _____?

What kind _____ materials _____ for _____?

What _____ materials used _____ product?

What _____ used in the _____ to _____ strength?

_____ kind of high _____ were _____ to _____ it?

_____ used _____ for strong _____?

Which _____ used _____ process of producing the _____?

_____ used _____ a strong product?

_____ materials _____ the product _____?

_____ type _____ materials were _____ for manufacturing the product _____?

_____ materials were _____ for increased _____.

What kind of things were _____ product _____?

_____ possible to specify the materials _____ in _____ product?

What _____ used to _____ that strength-in-demand item?

_____ materials _____ used to increase _____ manufacturing process?

_____ you _____ me know which substances _____ used _____?

Which _____ production for enhanced _____?

_____ materials were _____ for strength _____?

What _____ things were used _____ production _____ strengthen _____?

_____ were _____ production to increase the strength?

Which _____ was _____ for _____ stronger _____?

_____ materials _____ utilized _____ the _____ process to _____?

_____ certain materials used _____ increased _____?

During production, what material _____?

_____ were utilized to _____ strength?

Can you _____ were _____ for enhanced durability?

Which _____ were _____ the production process _____ help _____?

What _____ were _____ strengthen it?

Which _____ to make a product _____ strong?

What _____ were _____?

_____ kind _____ was _____ to _____ it?

_____ materials used _____ the production _____ in _____ increase _____?

_____ were used _____ strong product?

Which materials were _____ during the _____ improve _____?

Which materials _____ utilized _____ the _____ improve strength?

_____ materials _____ a strong product?

_____ any special _____ ingredients used to make _____?

_____ certain _____ used _____ strength _____ production?

_____ materials _____ are important for _____ and what type are _____?

What _____ some _____ make _____ strong?

_____ materials _____ strength?

I _____ substances _____ used for extra strength.

_____ were used _____ the product more _____

_____ of materials _____ used _____ purposes?

Which _____ utilized during the _____ process _____ strength?

Which _____ materials _____ for strength purposes _____ production?

Which _____ were _____ to _____?

What strong _____

What materials are _____ in _____?

The _____ used to _____ stronger

How _____ used _____ stronger product?

Which materials were _____ strength?

_____ you _____ elements that were used in _____ process?

_____ materials _____ to _____ a strong _____?

_____ much _____ material was used in _____ for _____?

_____ were used _____ it strong?

_____ material _____ used in the _____ process _____ desired strength?

_____ us about the _____ elements _____ in this item's _____?

Is there _____ robustnessEnhancing ingredients _____ the fabrication _____ this _____?

What _____ were _____ to make _____?

Which materials were used _____ more _____?

Please specify the _____ used for _____.

What _____ the _____ that _____ used _____?

Was _____ material chosen _____ strength _____ production?

_____ materials _____ utilized in _____ to _____ the _____ strength?

What kind of _____ did _____ use _____ the _____?

_____ of _____ did you _____ to _____ parts strong?

_____ were _____ for _____ production _____?

_____ materials were used in _____ of _____?

_____ used _____ production of _____ stuff?

_____ material _____ used _____ strengthen _____ product?

So what _____ were used _____?

_____ there _____ robustnessEnhancing ingredients _____ fabricate these parts?

They may have chosen certain _____ the _____.

_____ materials _____ utilized to _____ during _____?

What _____ put into the _____ to _____?

_____ kind of _____ production _____ make it sturdy?

What materials ____ used ____ enhanced durability ____ ____ ?

____ ____ ____ create it, especially for strength?

What were ____ materials used ____ ____ the product?

____ ____ have ____ used ____ create ____ stronger product?

What kind ____ was ____ it stronger?

Which ____ helped ____ resilience during ____ ?

What sturdy materials were ____ ?

Can you tell ____ if the materials ____ durability ____ product?

____ materials ____ used ____ of ____ product for strongman types?

Which material ____ the product ____ ?
