

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Installation and set-up assistance
Inquiry Sub-Category	Installation instructions for home
Description	Customers may request guidance regarding installing satellite dishes or cable wiring in their homes, including guidance on positioning, grounding, and routing cables.
Data Size	5,016 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

____ is ____ distance allowed between a ____ dish and ____ receiver ____ signal ____?
 ____ there ____ restriction ____ the distance between ____ and receiver?
 ____ far from the ____ is ____ necessary ____ have a ____?
 Is ____ a limit ____ my ____ dish and ____ is not losing ____?
 ____ is ____ maximum ____ a satellite ____ and ____ signal reception?
 The maximum ____ satellite ____ a ____ is ____ known yet.
 ____ a satellite dish to a ____ is ____ not currently know.
 ____ a ____ far apart ____ should be in ____ to ____ reception benefits?
 ____ the receiver can ____ satellite ____ come?
 Before a ____ and receiver ____ affects ____ quality, ____ approved maximum ____?
 The maximum ____ from a satellite ____ is ____ debate.
 How ____ from ____ do I ____ to have ____ satellite ____ reception?
 Optimal ____ a ____ dish and receiver with ____?
 Is ____ a ____ on how far apart my dish ____ should ____ order ____ reception?
 How far ____ the receiver do I ____ dish ____ receive a ____?
 Is ____ limit on the ____ a satellite ____ to ____ optimal signal ____?
 There ____ the ____ between ____ satellite ____ and ____ that ____ to support optimal signal strength
 It is ____ yet ____ how ____ maximum ____ is ____ a ____ dish ____ receiver
 ____ is ____ permissible ____ between ____ receiver ____ the ____ dish?
 What ____ maximum space between ____ sat dish ____?
 ____ the acceptable separation ____ the satellite ____ and ____?
 ____ have a distance ____ clear ____ reception?
 How ____ a satellite ____ can ____ get ____ reception?
 Is ____ limit ____ between ____ satellite dish ____ for signal strength?
 The maximum ____ a ____ receiver is important to signal ____
 ____ there ____ limit to the distances ____ my Satellite ____?
 Is ____ for the maximum distance between a ____?
 There is ____ limit between a ____ dish ____ appropriate ____ optimal ____ strength.

_____ should be _____ allowable _____ between the _____ dish and _____.

How _____ the receiver do _____ my Satellite dish _____ order _____ receive a _____ reception?

Where _____ the _____ between the _____ dish and the receiver?

_____ there a _____ for _____ between _____ dish and a _____ can support optimal signal _____?

_____ a limit _____ the _____ my satellite dish _____ can go?

_____ there a limit for _____ a satellite _____ and _____?

_____ is the _____ amount of _____ between _____ and receiver _____?

_____ be a _____ to the separation _____ a satellite _____ a _____.

_____ tell _____ best _____ between a _____ and _____ unit _____ ensure good reception?

The _____ distance _____ a satellite _____ is _____ to debate

_____ there _____ restriction _____ how far apart _____ should _____ to get _____ benefits?

_____ distance _____ a satellite _____ suitable _____ optimal signal strength?

_____ the distances _____ for satellite dishes _____ associated receiver?

How far from the _____ it _____ get _____ with _____ Satellite _____?

How far _____ satellite dish go _____?

_____ approved maximum _____ a satellite _____ and _____ receiver can _____ quality.

_____ far _____ the sat-dish _____?

_____ don't know _____ distance from a satellite _____ to _____ is.

_____ far away _____ the receiver _____ from the _____?

There _____ a question about _____ maximum distance _____ dish to _____.

What _____ the _____ separation _____ dish and receiver _____ reception?

_____ a maximum distance for reception _____ signal?

Is _____ limit _____ my satellite dish and receiver should _____?

The _____ distance between _____ satellite dish _____ receiver _____ to _____.

Is _____ dish can be from _____ receiver?

_____ optimal signal reception, _____ the separation _____ dish and receiver?

A concern _____ reception is the maximum _____ dish _____ receiver.

The maximum distance _____ a _____ dish _____ a receiver _____ eye on.

Do you _____ the maximum _____ between _____ satellite dish _____?

Determining optimum _____ between satellite _____ and receiver _____?

_____ maximum _____ a proper _____ dish receiver signal?

_____ is the _____ of _____ dish _____ receiver for _____ reception?

_____ is a _____ maximum distance from _____ satellite dish _____.

Can _____ be a _____ the _____ between a _____ and receiver?

_____ a max distance _____ a _____ signal?

_____ far _____ from the receiver _____ need my Satellite _____ in _____ get _____?

Is _____ set _____ to _____ between a satellite _____ and _____ receiver?

How far _____ its _____ the satellite _____?

_____ is _____ distance for _____ signal?

_____ there _____ limit to the _____ my _____ dish _____ can _____?

_____ is the _____ distance _____ to the receiver?

_____ maximum _____ a satellite dish and _____ is _____ yet _____.

Is _____ limit on how far apart _____ and _____ is _____ to _____ full reception _____?

Is there _____ on _____ far _____ the _____ dish and receiver _____?

_____ far _____ from the receiver do I _____ my _____ to _____ in _____ get a _____?

_____ to _____ distance between _____ dish and receiver that _____ signal strength?

_____ far away from _____ a satellite _____ from?

How _____ from the _____ I need my satellite _____ to _____ a _____?

_____ tell _____ the distance _____ between _____ dishes _____ associated receiver?

The _____ distance from _____ satellite dish _____ debated.

What is _____ maximum _____ between _____ and _____ to _____ reliable _____?

_____ is the _____ a _____ dish reception signal?

The maximum _____ to a receiver is being _____

Can _____ tell me the _____ distance between _____ and _____?

Is _____ maximum distance between a satellite dish _____ optimal signal _____?

_____ of _____ the maximum _____ a satellite _____ to a receiver.

There is concern _____ with regards to _____ a _____ to a receiver.

We _____ know the maximum _____ a _____ dish _____ the receiver

_____ a limit on _____ separation _____ satellite dishes and _____?

It's not known _____ a receiver to a satellite _____.

_____ from the receiver do I _____ satellite dish _____ to _____?

Isn't _____ a _____ to how far apart _____ and receiver _____?

_____ from the receiver _____ my _____ dish to get clear reception?

Can _____ the _____ unit and the satellite antenna?

What _____ placement _____ satellite dishes and _____ receiver?

_____ is _____ the _____ between a _____ dish and _____ receiver to _____ optimal _____ strength.

How _____ allowed between the sat _____ receiver to _____ signal reception?

Is there a _____ to _____ my satellite dish _____ can _____?

_____ the proper _____ satellite _____ and receiver for optimal _____?

Is _____ a limit _____ distance _____ a _____ dish and _____.

_____ is the maximum _____ satellite dish and _____ receiver _____ be?

Is there a _____ to the _____ that _____ and receiver _____?

_____ distance between _____ satellite _____ and _____ is _____ certain.

_____ maximum _____ a satellite dish _____ a receiver _____ a topic _____.

Is _____ for a good Satellite _____?

Is there _____ limit _____ how far apart a _____ dish _____?

_____ maximum distance for a _____ dish _____ question.

_____ is _____ known _____ the maximum distance _____ a _____ dish and receiver.

_____ distance from _____ satellite dish _____ receiver _____ a big _____ for _____ reception.

Is _____ a _____ on the distances _____ my _____ receiver?

A limit _____ the _____ satellite _____?

_____ there a _____ to the _____ satellite dishes _____ travel?

_____ a _____ the _____ between a satellite dish and _____?

How _____ do I _____ to _____ my _____ placed to receive a _____ reception?

_____ maximum _____ from a _____ dish to _____ something we don't _____.

Does _____ a limit _____ a satellite _____ and receiver?

Is _____ on _____ far apart _____ and receiver must be _____ reception _____?

_____ the _____ gap length for _____ satellite dish _____ be _____ away from _____?

How far from _____ receiver should _____ be positioned _____ order _____ receive _____?

_____ a limit on _____ far apart _____ dish _____ be in order to _____ benefits?

_____ is the _____ my _____ dish can go _____?

_____ is _____ over _____ distance between _____ dish and a _____.

What's _____ optimal separation between _____ receiver _____ optimal signal _____?

To _____ adequate _____ how far _____ a satellite _____ be placed?

How _____ from _____ receiver do I have _____ dish _____ clear reception?

Is _____ a _____ to _____ my satellite _____ my receiver?

_____ for _____ distances _____ a satellite dish _____ a receiver?

_____ from the _____ do I _____ to _____ my _____ in order to _____ a clear _____?

_____ far from _____ do I _____ put my _____ order _____ see reception?

It is not _____ known _____ distance is _____ a _____ to a _____.

____ far from the receiver do ____ dish to ____ to receive ____?
 ____ far ____ unit be ____ satellite antenna to ensure good ____?
 There ____ a ____ between ____ satellite dish and ____ supports optimal signal ____.
 What space is ____ sat ____ to ensure ____ strong signal ____?
 Are ____ for the ____ satellite dish and receiver?
 The maximum ____ from a ____ something we do ____ know.
 Is ____ a maximum ____ between ____ dishes ____ the ____?
 Is ____ a limit on ____ apart the dish ____ receiver ____ get reception?
 How far away from ____ do ____ need to place my ____ clear ____?
 How far from ____ receiver ____ need ____ my ____ positioned to ____ reception?
 Is there ____ limit ____ my receiver and ____ dish.
 ____ there ____ distance for good ____?
 Is there ____ limit ____ my ____ dish ____ receiver can travel?
 ____ maximum ____ for a ____ from a ____ dish?
 How ____ should ____ be from the ____ to ensure ____ reception?
 ____ distance between the ____ dish and ____ receiver ____ not ____.
 ____ do ____ know the ____ distance ____ dish to the receiver
 What is ____ limit ____ apart my satellite ____ and receiver ____ losing signal ____?
 ____ a maximum distance allowed ____ reception?
 There ____ a debate about ____ from the satellite ____ a ____.
 ____ there ____ the ____ of ____ satellite ____ and receiver?
 How far ____ receiver do ____ need ____ my satellite ____ positioned ____ get ____?
 How ____ away from the ____ this ____ dish ____?
 ____ there a ____ to ____ my ____ dish ____ receiver can ____ apart?
 Is ____ a ____ to the ____ between ____ satellite dish ____
 For proper ____ there ____ be a maximum distance ____ and ____.
 signal ____ depends on ____ satellite ____ to a receiver.
 Is ____ limit ____ the ____ my ____ dish and receiver ____ not ____ signal?
 How far ____ receiver ____ need to be to receive ____ satellite dish?
 ____ the ____ distance between ____ and their ____ is acceptable?
 ____ a distance restriction ____ how ____ dish ____ receiver should be ____ order ____ receive ____ benefits?
 For proper reception, ____ distance ____ dish and the receiver?
 How ____ I need to have ____ dish positioned to get ____ reception?
 ____ is ____ separation ____ can ____ satellite dish and receiver?
 There ____ a ____ for the ____ distance ____ a satellite dish ____.
 Is the furthest my ____ can ____ the ____?
 Is ____ a limit on ____ that ____ dish ____ receiver won't ____?
 What's ____ distance ____ sat ____ and receiver?
 How much ____ receiver have ____ go for ____ good signal ____ a ____?
 I ____ if ____ to the distance between a ____ dish ____.
 ____ receiver ____ I need to have ____ Satellite ____ positioned to get ____ reception?
 ____ do not currently ____ distance ____ a ____ dish ____ the receiver.
 ____ maximum ____ the satellite dish ____ is something that we do ____.
 Is ____ a limit for ____ between ____ and satellite ____?
 ____ between a satellite dish and the ____?
 Before it ____ quality, what is the maximum separation between ____?
 How ____ to get a good signal ____ a satellite ____?
 The ____ distance from ____ dish ____ is a ____ of concern
 ____ there a ____ on the distance ____ and ____ can cover?
 ____ there a limit to ____ dishes and ____?

_____ much separation can there be _____ a _____ it _____ signal quality?
 How far from _____ I _____ my _____ to be _____ to receive _____ clear reception?
 _____ far from the _____ I need _____ my Satellite _____ reception?
 _____ far from _____ receiver _____ my satellite _____ to be positioned _____ get a reception?
 _____ a _____ on _____ distance _____ a satellite dish _____ receiver _____ optimal _____ strength.
 _____ there _____ limit to _____ distance that _____ and _____ lose signal?
 The maximum _____ between _____ a receiver _____ a matter of _____.
 _____ do I need to _____ satellite dish _____ order to receive _____?
 _____ there limits on _____ distance between _____ dish _____ receiver?
 _____ there a prescribed limit for the _____ and receiver _____ optimal _____ strength?
 _____ maximum distance _____ satellite dish _____ a _____ something that is _____.
 The _____ satellite _____ receiver is an _____ for signal reception
 _____ separation _____ satellite dish and receiver for optimal _____?
 How _____ away _____ satellite dish _____ be placed?
 What _____ is allowed _____ dish and receiver _____ strong signal _____?
 _____ is _____ maximum _____ between the receiver _____ satellite _____ reception.
 The _____ distance _____ the satellite _____ and _____ is _____.
 What _____ the _____ separation _____ dish and receiver _____ signal reception?
 Can someone _____ distances required _____ satellite dishes _____ associated _____?
 _____ from a satellite dish to a _____ signal _____ is _____ known.
 How far _____ the _____ my _____ dish placed to _____ clear _____?
 What _____ the _____ satellite _____ and _____ receiver acceptable?
 Where _____ distance _____ a satellite dish to _____?
 What is the _____ between the _____ the _____?
 _____ is the _____ distance _____ satellite dish and _____?
 What is _____ space _____ can _____ used _____ a sat dish _____?
 _____ there _____ limit _____ the _____ of _____ satellite dish _____ receiver?
 How _____ from the receiver _____ I _____ in _____ to get _____ reception?
 Limit _____ dishes from _____ ensure proper signals?
 Is _____ a _____ for the _____ between _____ satellite dish _____ a _____?
 The _____ from a satellite _____ the receiver is _____ we _____.
 What _____ the maximum _____ of space allowed _____ receiver?
 _____ maximum _____ between _____ satellite dish and _____ unknown.
 What is _____ optimal separation _____ dish and _____ to _____?
 How _____ from the _____ I need _____ a satellite dish _____ clear _____?
 What _____ distance between _____ and their receiver _____?
 What is the acceptable separation _____ dish _____ receiver to _____?
 _____ far from _____ do _____ to put _____ satellite dish to _____ reception _____?
 _____ the appropriate _____ between satellite _____ and _____ for _____ reception?
 _____ there _____ the distance _____ my _____ and receiver aren't _____ signal?
 What's _____ maximum _____ you _____ place your _____ its receiver?
 _____ a limit _____ the _____ between _____ dish _____ a receiver that will _____ signal strength.
 _____ there _____ limit _____ the _____ my satellite _____ and receiver?
 The _____ distance from a _____ dish _____ a _____.
 Is there _____ on _____ dishes from receivers?
 For an adequate signal, how _____ should a _____?
 How _____ can a _____ be _____ receiver?
 The _____ is _____ the maximum distance _____ a _____ to _____ receiver
 _____ for the distance between _____ satellite _____ to support optimal _____ strength?
 _____ distance from a satellite _____ receiver.

It _____ how _____ is _____ from _____ satellite dish to maximize signal _____
 _____ the _____ I can _____ dish from the _____ get a signal?
 There _____ a _____ with _____ from _____ satellite dish to a receiver.
 What _____ maximum distance _____ of _____ signal?
 The _____ distance from a _____ a receiver _____ be _____.
 _____ there any _____ distance between _____ dish _____ my receiver?
 _____ there a prescribed limit _____ distance between _____ receiver?
 _____ the distance needed _____ satellite dishes _____ their associated _____?
 _____ of _____ satellite dish _____ for optimal signal reception?
 _____ distance between a satellite dish _____ not _____.
 There is a _____ for _____ distance _____ satellite _____ receiver _____ can support optimal _____ strength.
 What _____ the _____ maximum _____ between _____ satellite _____ and _____?
 Is _____ a _____ how _____ and dish should be _____ reception benefits?
 Is there a _____ the _____ between _____ dish _____ order to get _____ reception _____?
 What's _____ I _____ put a _____ dish _____ and still _____ a signal?
 _____ from the _____ the satellite dish come?
 Is there _____ a satellite signal _____?
 _____ tell us the distance requirements for _____ their _____?
 _____ a concern _____ signal reception _____ distance from a _____ dish _____ receiver.
 _____ is _____ for _____ between _____ satellite dish and receiver _____ signal strength.
 There is a _____ distance between _____ dish and _____ is appropriate _____ support _____ signal strength.
 The _____ for the _____ a _____ and receiver _____ support _____ signal strength.
 _____ anyone _____ me _____ distance requirements between satellite _____ and _____?
 _____ comes to signal quality, _____ approved _____ between a satellite dish _____?
 There is a _____ between _____ dish _____ receiver to _____ signal strength
 What _____ maximum separation _____ dish and _____ that can be _____?
 There _____ a _____ for the _____ a _____ dish _____ receiver that _____ appropriate _____ signal _____.
 _____ there _____ on _____ apart _____ dish and receiver should be in order _____ reception _____?
 How far from _____ I _____ to get clear _____ if _____ Satellite _____?
 What is _____ distance between satellite _____ their _____?
 _____ allowable distance _____ the _____ dish and receiver?
 _____ correct separation between satellite dish _____ ensure optimal _____ reception?
 _____ maximum distance _____ receiver and a satellite _____?
 _____ limit on _____ distance _____ my _____ dish and _____ can reach?
 _____ the maximum distance _____ a _____ dish to _____ receiver.
 For _____ signal reception, _____ the _____ between _____ satellite _____ the receiver?
 _____ a limit _____ distance from _____ satellite dish _____ receiver are _____?
 The maximum _____ a receiver _____ satellite dish is _____.
 How _____ from _____ receiver _____ I need _____ dish _____ positioned _____ order to _____ clear reception?
 What _____ the separation _____ and _____ be for _____ reception?
 Limit the _____ the receiver?
 The _____ between a satellite dish and _____ is _____.
 Do you _____ distance _____ satellite dish and _____ receiver?
 What _____ reception _____ between _____ receiver and _____ dish?
 There is _____ question _____ maximum _____ a satellite _____ to _____ receiver.
 _____ anyone _____ the required distance _____ dishes _____ their associated _____?
 _____ far from _____ receiver do I need _____ for _____ clear reception?
 _____ far from _____ are _____ allowed to _____ your satellite _____?
 _____ much space should be _____ the _____ dish and _____?
 _____ a limit on _____ distance that the _____ dish _____ receiver _____?

How _____ my receiver _____ to place my _____ dish _____ get _____ reception?
 _____ far _____ receiver _____ need _____ my satellite _____ in order to get _____?
 _____ there a limit to _____ distance between a _____ receiver _____ support _____?
 _____ maximum _____ between a _____ and _____ receiver _____ be _____ for _____ reception.

There _____ a limit _____ the _____ a satellite dish _____ signal strength.

Is there _____ how _____ my satellite _____ to _____ receiver?
 _____ is _____ separation allowable between _____ dish _____ receiver?
 _____ state the _____ between a _____ unit and _____ satellite _____?

What _____ the _____ between _____ dish and _____ approved?

Is there _____ limit _____ distance _____ satellite _____ its receiver?

How _____ from the _____ do I need _____ satellite _____ in order to _____ reception?
 _____ there be a _____ to the _____ a _____ receiver?

The maximum _____ from _____ satellite dish _____ is currently _____.

The _____ between the _____ and _____ receiver _____ be known.
 _____ the receiver _____ I _____ satellite dish to _____ clear reception?
 _____ the separation of satellite dishes _____ signals?

Limit the separation _____ satellite _____ ensure proper _____?

Is there _____ limit to _____ between _____ a receiver?

I want to _____ if _____ a limit _____ a _____ dish and _____.

_____ maximum distance _____ a _____ dish _____ a receiver is _____ concern.
 _____ far apart _____ sat-dish or _____ be?

What's the _____ from the _____ dishes to _____ is _____?
 _____ I need to _____ my satellite _____ positioned in order _____ get reception?

The max distance from a _____ to _____ receiver _____ a _____.

_____ is _____ known _____ long _____ distance _____ satellite dish to a _____ is _____.

_____ a _____ between the dish and _____ receive reliable _____?

The _____ distance _____ reception?
 _____ far from _____ can the _____ dish _____?

What maximum _____ allowed _____ dish _____ the receiver?

There is _____ for the _____ between a _____ dish and _____ signals.

Is there a _____ for _____ distance _____ my _____ receiver?
 _____ a limit _____ the _____ satellite dish and receiver _____ optimal _____ strength?
 _____ question about how _____ the receiver a satellite dish _____.

The maximum distance _____ satellite _____ a receiver is _____ issue _____.

_____ tell you _____ distance _____ satellite _____ and _____ associated receiver?
 _____ there a _____ the distances of my _____ and _____?
 _____ the _____ separation of satellite dish _____ optimal _____?
 _____ space between the _____ dish _____ receiver _____ to _____ reception.
 _____ not sure _____ the _____ my satellite dish can _____.

_____ someone explain the distances _____ between _____ dishes _____?

How _____ from the _____ need _____ satellite dish to _____ clear reception
 _____ reception, is _____ maximum _____ between _____ dish and receiver?
 _____ much space _____ sat _____ and receiver _____ get a good _____ reception?

How _____ receiver do I _____ have the _____ dish to _____ reception?

There may _____ a limit _____ distance _____ the satellite _____.

_____ far _____ the receiver should I _____ in _____ to get clear _____?
 _____ reception is concerned with _____ maximum _____ a _____ dish _____ a _____.

What is the _____ separation _____ satellite dish _____ receiver _____ optimal _____?
 _____ the _____ distance between a _____ and _____ receiver for _____ reception?

The _____ distance from _____ dish _____ something that _____ important for _____ reception.

_____ from the receiver _____ I _____ my _____ to _____ in _____ get a clear _____?
 We don't currently know _____ max _____ dish _____ the _____.
 What is the _____ between a satellite _____ supposed _____ be?
 _____ don't know how _____ the satellite _____ the receiver.
 _____ the maximum _____ can place _____ satellite _____ its receiver?
 How _____ do I _____ be to _____ clear _____ from _____ satellite dish?
 Is _____ a limit _____ how far _____ satellite _____ receiver _____?
 There _____ a _____ satellite reception?
 Is _____ limit to the _____ my _____ dish and _____ signal?
 _____ from the receiver _____ I _____ dish positioned to receive a _____?
 What _____ the _____ from _____ receiver to _____ satellite _____?
 _____ proper reception, is _____ maximum _____ between _____ dish and _____?
 _____ maximum distance from a satellite _____ a receiver _____ signal _____.
 For _____ satellite _____ reception, is _____ distance _____?
 _____ there _____ limit _____ satellite dish _____ receiver can go without _____ signal?
 _____ there a _____ on the separation _____ satellite _____?
 _____ the _____ maximum separation _____ be _____ between _____ satellite _____ and receiver?
 _____ from the receiver do I need _____ dish _____ reception?
 Is it possible _____ the distances _____ their associated receivers?
 _____ there _____ on _____ separation _____ satellite _____ from receiver?
 What is _____ between _____ and receiver for optimal _____?
 Will _____ maximum _____ for good satellite _____?
 The _____ satellite _____ a receiver is _____ concern for reception.
 _____ is _____ maximum _____ space between _____ and sat _____?
 For proper _____ maximum _____ satellite dish and receiver?
 Is _____ a limit to _____ my _____ and receiver _____ go?
 _____ the approved _____ between _____ satellite dish _____ receiver?
 What _____ the maximum distance _____ the receiver _____ reception?
 What's _____ separation _____ dish and receiver _____ ensure _____ reception?
 _____ tell _____ maximum distance _____ receiving unit and a _____ antenna?
 How _____ away _____ a _____ dish and _____ be _____?
 What's the _____ satellite dishes _____ their receiver _____?
 Limit _____ of satellite dishes from _____ to ensure _____?
 _____ is the proper _____ between _____ dish and _____ ensure _____ reception?
 Can there _____ a limit to _____ my _____ dish?
 _____ receiver do I need to have my _____ dish _____ in _____ receive _____?
 _____ far from the receiver do _____ need _____ dish _____ get _____?
 _____ there _____ limit to _____ distances my _____ dish can _____?
 _____ from the receiver should my _____ be _____ to receive _____?
 _____ is the _____ amount of space _____ and sat _____?
 _____ there any _____ apart my satellite _____ receiver should be?
 What is _____ amount _____ space _____ between a _____ and _____?
 _____ there _____ limit to _____ distance _____ dish and receiver?
 How far from _____ satellite dish positioned _____ receive clear _____?
 What _____ between a satellite dish _____ receiver that _____ be _____?
 _____ exists _____ the maximum distance _____ a _____ dish _____ receiver.
 Are there _____ distance between _____ satellite _____ and _____ receiver?
 _____ optimal _____ reception, _____ is the separation of _____ and receiver?
 Is _____ a maximum distance _____ the _____ possible?
 _____ know the maximum distance _____ the _____ for reliable _____?

There _____ the distance between a _____ receiver that _____ suitable for optimal _____ strength
 _____ there any _____ on how _____ my satellite dish and _____?
 Is there _____ limit to _____ satellite _____ and receiver _____ be?
 _____ is _____ how long a _____ required _____ satellite dish to _____ optimal _____.
 How far from _____ receiver can _____?
 _____ there _____ distance limit for _____ reception?
 There is _____ debate around _____ from a satellite _____ receiver.
 Is there a limit _____ what distances _____ satellite _____?
 _____ the receiver _____ my Satellite dish _____ be _____ order _____ receive a clear _____?
 _____ the _____ need a _____ dish to receive clear reception?
 The _____ a satellite _____ the receiver _____ something we _____ unaware _____.
 _____ the maximum _____ between the _____ dish?
 _____ is _____ separation _____ satellite dish and receiver _____ reception?
 _____ the allowed _____ separation _____ a satellite _____ receiver?
 _____ separation _____ a satellite dish from _____ exceed _____ optimal range _____?
 _____ far from the receiver _____ to have _____ Satellite _____ positioned _____ to receive reception _____?
 The _____ from a _____ dish to _____ receiver _____ don't know
 _____ a _____ limit be set _____ satellite _____?
 How far _____ receiver _____ you have _____ satellite dish?
 We don't currently _____ maximum _____ between a _____ dish _____.
 How far from the _____ do I _____ place my _____ to _____ clear _____?
 _____ it _____ signal quality, what is the _____ maximum _____ satellite _____ receiver?
 _____ is the _____ point between _____ dishes and _____ acceptable?
 _____ from the _____ I need to _____ to get reception?
 _____ from its receiver _____ a satellite dish _____?
 How _____ distance will a _____ have _____ travel in order to _____ good _____ dish?
 _____ to _____ distance _____ my satellite dish to the _____?
 _____ reception concerns _____ distance _____ a _____ dish to _____ receiver
 There _____ be a _____ to _____ between _____ receiver _____ Satellite _____.
 Can _____ requirements for satellite _____ their associated receiver
 _____ distance will a receiver _____ to travel _____ get _____ signal _____ dish?
 What _____ the _____ the satellite _____ receiver for _____ reception?
 _____ there _____ limit for _____ between _____ satellite dish and _____?
 _____ there _____ limit _____ between my _____ dish and receiver?
 There is _____ limit _____ distance _____ a _____ dish and _____ receiver that is suitable _____ signal _____.
 How far from _____ I _____ place my satellite dish _____ clear _____?
 There _____ a _____ concerning _____ maximum _____ from _____ satellite _____ a receiver.
 _____ distance will a receiver have _____ get _____ from a _____ dish?
 Is there _____ limit on how far _____ receiver?
 _____ there _____ to how _____ my dish and _____ should _____ to get _____?
 Is _____ limit _____ maximum distance between _____ satellite _____ receiver?
 _____ far away _____ the _____ I need to _____ my _____ dish _____ reception?
 What is the maximum distance _____ Satellite _____?
 What is _____ distance for _____ satellite _____?
 Is there a limit on the _____ Satellite _____?
 Is _____ a _____ to _____ a satellite _____ receiver can _____?
 Is there _____ distance _____ satellite _____?
 _____ is the appropriate separation of _____ receiver _____ ensure _____ reception?
 _____ is concerned _____ the _____ distance from a _____ dish _____ a _____.
 _____ is a _____ signal _____ the _____ from a _____ dish to _____ receiver.

_____ might _____ limit to _____ separation _____ satellite dish from _____ receiver.

Do _____ know _____ distance _____ a _____ dish receiver _____?

A limit _____ distance between _____ satellite dish _____ optimal signal strength.

_____ there a _____ on how far _____ and _____ should be _____ to _____ reception benefits.

How far from _____ receiver _____ a _____?

_____ strength, is there _____ limit for _____ distance _____ a _____ receiver?

Is there a restriction _____ far _____ the _____ order to get reception benefits?

_____ question about _____ maximum _____ a _____ dish receiver signal.

Where _____ the _____ between _____ receiver _____ the satellite _____?

What is _____ between the satellite dish _____ optimal reception?

_____ distances needed between satellite _____ their associated receivers?

_____ away should a _____ and receiver _____?

_____ there a maximum _____ a _____ and a _____.

_____ is not _____ how _____ is needed from _____ dish to _____ receiver.

Optimal _____ satellite _____ receiver with a reliable _____?

There _____ a _____ distance between a _____ receiver which _____ suitable for optimal signal _____.

What's _____ between the _____ and sat dish?

Can _____ me the optimal _____ between _____ satellite _____ and _____ unit _____ ensure _____ signal _____?

_____ have _____ in order to receive a _____ a satellite dish?

_____ proper reception, _____ is _____ maximum distance _____ satellite dish _____.

_____ the receiver do I _____ go _____ clear reception with _____ dish?

We don't _____ the exact _____ distance from a _____.

_____ from the receiver do _____ need to _____ a clear reception _____ have _____?

The _____ to _____ satellite reception?

Is _____ distance _____ good _____ signal?

The maximum _____ a _____ receiver is not _____.

_____ the maximum range between _____ and _____ receiver?

_____ there any limit for _____ distance _____ satellite _____ and _____?

_____ is the _____ distance _____ a satellite _____ a _____ supposed to _____?

_____ is _____ distance for _____ satellite _____ receiver signal

What _____ space that _____ allowed between the _____ and _____?

_____ separation of _____ RECEIVERS to ensure _____ signals?

How far from _____ receiver do _____ my _____ order to receive _____?

What _____ the limit for _____ a _____ and a _____?

What is the _____ distance _____ a _____ and _____?

For _____ dish _____ signal, what's _____ maximum _____?

_____ the maximum _____ satellite reception?

How far _____ receiver _____ need my _____ dish _____ be in _____ get clear _____?

Is there _____ to _____ between a satellite _____ a _____?

_____ there a _____ on _____ between a satellite dish _____?

I want _____ far _____ satellite _____ and receiver can _____ without _____ quality.

Is _____ limit _____ distance _____ my Receiver and _____ dish?

_____ distance _____ get proper _____ reception?

_____ is a _____ distance from _____ to the _____ we _____ currently know.

There's a debate _____ the _____ from _____ a receiver.

How far away from _____ I _____ a _____ to _____ clear reception?

There _____ limit _____ how _____ dish and receiver can go _____ signal quality.

_____ there a _____ the maximum _____ between _____ satellite _____ and the _____?

_____ for signal reception is the _____ from _____ to a _____.

_____ the _____ a _____ can be _____ the receiver?

____ far ____ the receiver are ____ permitted ____ place ____ dish?
 I ____ a limit to how far ____ satellite dish and ____ be.
 ____ limit for ____ between a satellite dish ____ for signal strength?
 I ____ the maximum distance between ____ satellite ____ receiver.
 ____ the maximum distance for ____ satellite dish ____?
 The ____ from ____ the receiver is a topic ____ debate.
 ____ a ____ to how far apart the ____ dish ____ can ____?
 There is ____ limit for the ____ between ____ satellite ____ ensure optimal signal ____.
 ____ far from ____ you allowed ____ put your satellite ____?
 ____ far ____ I have to put my ____ receive reception?
 ____ on ____ distance between ____ dish and receiver in ____ to get ____?
 ____ far ____ the ____ do I need to ____ in order ____ reception to ____ clear?
 Is there ____ distance between ____ dish ____ receiver ____ prescribed?
 ____ limit to ____ distance ____ receiver and satellite dish.
 The ____ between the ____ and ____ is needed ____ strong signal ____.
 A maximum distance ____ signal
 ____ the maximum amount ____ the sat ____ and ____?
 Is there a ____ the distance between ____ and ____?
 ____ there ____ distance between ____ dish and the receiver?
 ____ you tell me the maximum ____ a ____ and ____.
 We ____ not know what the ____ satellite dish ____ the ____.
 ____ be ____ limit ____ distance ____ a satellite dish and ____?
 ____ maximum distance between ____ satellite ____ to be decided.
 It ____ important to ____ mind ____ distance from ____ satellite ____ to a ____.
 ____ from the receiver ____ to put ____ satellite dish ____ get ____ reception?
 What is a ____ clear ____ reception?
 ____ distance limit ____ satellite ____?
 ____ not known what the ____ a satellite ____ receiver is.
 Is ____ distance ____ and receiver in order to get ____ benefits?
 There is a limit ____ satellite dish and ____ that is ____ to ____ strength.
 ____ far from ____ is ____ have a Satellite ____ to receive clear ____?
 Is there ____ the ____ of separation ____ satellite ____ and receiver?
 What ____ the maximum ____ of space ____ sat ____ receiver?
 It's not known how ____ is ____ satellite dish ____ signal strength
 ____ a ____ dish is placed away from a ____ the ____?
 ____ from ____ do ____ need ____ satellite ____ in to ____ clear reception?
 How ____ away ____ receiver should this ____ dish ____?
 ____ will ____ receiver ____ to ____ receive a ____ a satellite dish?
 ____ should ____ sat-dish/receiver be?
 How ____ away can ____ satellite ____ be ____ the ____?
 ____ there be ____ distance between ____ dish and ____ receiver?
 ____ far ____ is ____ Satellite ____ needed to ____ a clear reception?
 How ____ space ____ between ____ sat dish and receiver ____ a strong ____?
 ____ reception distance between the ____ and receiver?
 How far from ____ to place ____ satellite dish to get ____?
 What's ____ furthest ____ to the receiver that ____ acceptable?
 ____ be a limit on distance ____ my ____ dish ____?
 What's ____ separation ____ dish and ____ optimal reception?
 ____ maximum distance ____ of ____ satellite signal?
 ____ is the maximum available ____ the ____ the receiver?

Is there ____ limit on the ____ between ____ ____ ____ dish?

Is there ____ separation between ____ dish and ____?

____ you ____ distance ____ good satellite signal?

How far ____ from your receiver can ____ ____ ____?

A satellite ____ distance from ____ ____ a concern for ____.

____ far ____ the ____ I ____ a Satellite dish for ____ receive ____ reception?

____ farthest ____ between satellite dishes ____ receiver acceptable?

What's the ____ acceptable ____ satellite dishes and ____?

Is there a ____ the ____ that ____ ____ and ____ cannot lose ____?

____ the maximum distance from a ____ to ____?

How ____ from ____ receiver ____ to ____ my ____ dish ____ get a clear reception?

Is there ____ optimum distance ____ the ____ dish ____?

____ is the best separation ____ satellite dish and receiver to ____ ____?

____ far from ____ it necessary to ____ a ____ dish in ____ get ____?

Can there be a ____ distance ____ reception ____?

____ a limit ____ distance between ____ dish and ____ optimal signal strength?

Is ____ a ____ for ____ distance ____ satellite dish and receiver?

Is there ____ on ____ distance ____ my satellite ____ receiver?

Is ____ maximum distance between ____ receiver allowable?

____ there a limit ____ the separation ____ a ____ and ____?

Is ____ a ____ from the ____ to ____ receiver?

How ____ from ____ my ____ dish to be positioned to get ____?

Is ____ a limit ____ the distance ____ dish ____ ensure signal strength?

____ distance ____ a proper ____ reception?

Is ____ on ____ apart ____ dish and receiver must be ____ full ____ benefits?

____ far from ____ I need ____ placed ____ get clear reception?

____ from the receiver ____ I ____ my satellite ____ in order ____ get a clear ____?

____ there ____ on the ____ my ____ dish and receiver?

Where is the ____ place ____ receiver acceptable?

____ from ____ I need ____ dish in order ____ receive clear reception?

The maximum ____ a ____ a ____ of concern for signal reception

For ____ distance ____ satellite ____ and ____ with ____ signal?

The maximum ____ a ____ to ____ receiver ____ debated.

____ a ____ distance between the satellite dish and ____?

How ____ from ____ receiver are ____ Satellite dishes ____ reception?

Does ____ know the distances ____ between ____ associated receiver?

____ far from ____ do ____ need to ____ my ____ to get ____ reception?

What ____ the maximum separation between ____ receiver ____ is ____?

How ____ away from the receiver does ____?

____ limit for ____ distance ____ a satellite ____ and a ____ is right for signal ____?

How far ____ be placed ____ reception?

____ could ____ limit ____ distance between a satellite ____ receiver.

____ maximum ____ dish and receiver is not known ____.

Is ____ possible ____ set ____ for ____ between a ____ and receiver?

How far ____ receiver are ____ to get ____ clear?

____ there ____ limit on ____ far between ____ satellite ____ and ____ go?

The ____ distance from a satellite ____ to ____ receiver ____ reception.

How far apart ____?

____ allowable distance between ____ satellite dish and ____ for ____.

____ the ____ distance ____ a receiver ____ satellite dish.

____ there ____ limit on the distance my satellite ____ from?
 ____ to the distance ____ satellite ____ receiver for optimal ____ strength.
 How much ____ to ____ to get a signal from ____ dish?
 The maximum distance ____ dish to ____ debate.
 What is ____ separation of ____ and receiver ____ is ____?
 Is ____ a limit on ____ far apart ____ and receiver ____ get ____?
 ____ there a ____ to the ____ my satellite ____ receiver ____ signal?
 ____ not ____ distance ____ a satellite dish to the receiver.
 ____ the ____ the satellite dish ____ be ____ the ____?
 ____ limit ____ distance ____ a ____ and receiver that is appropriate ____ support optimal ____ strength.
 ____ far from the ____ is ____ Satellite ____ needed ____ clear reception?
 ____ is the optimum ____ satellite ____ and receiver for optimal ____?
 ____ far from the ____ you ____ to ____ your ____ dish?
 ____ far away ____ you ____ your satellite dish?
 It's ____ known how long ____ distance ____ satellite ____ to ____ is ____ for ____ signal strength.
 Is there ____ limit ____ far apart my ____ dish and receiver ____ be ____?
 Is ____ a ____ distance ____ the ____ the receiver?
 I need ____ know ____ maximum ____ a satellite dish ____.
 Is ____ a limit ____ distances the satellite ____ and ____?
 The maximum ____ satellite dish ____ receiver ____ something not ____ known.
 How ____ from ____ receiver should I ____ dish in ____ to ____ reception?
 ____ clear satellite reception, ____?
 Is ____ to ____ from a satellite ____ to ____ receiver?
 ____ there ____ limit ____ how far ____ receiver ____ should ____ in order to ____ reception benefits?
 What ____ max amount of space allowed ____ dish ____ receiver?
 ____ the max ____ between the satellite ____ and ____?
 Is ____ limit on ____ far away ____ is from ____ receiver?
 What is the ____ I can place ____ satellite ____ a signal?
 ____ distance from a satellite ____ to the ____ is ____ not ____.
 ____ do not know ____ satellite ____ to the receiver
 ____ is concerned ____ the maximum ____ from ____ satellite dish ____ receiver.
 ____ limit to the ____ between the ____ and receiver.
 Is ____ possible to figure ____ the ____ between ____ dishes ____ associated ____?
 ____ maximum distance from the ____ dish ____ the receiver ____ signal ____?
 ____ away from ____ a satellite dish be?
 The ____ distance ____ receiver and ____ dish is ____.
 Is there ____ limit ____ the distances for ____ and ____?
 Are ____ to the ____ a satellite dish ____?
 ____ a fixed ____ for ____ distance ____ a satellite ____ receiver?
 ____ yet ____ how long ____ maximum distance ____ receiver ____ a satellite dish.
 ____ separation ____ satellite dishes from ____?
 What's the optimum separation ____ satellite ____ receiver for ____?
 How far ____ the receiver do I need ____ satellite dish ____?
 Is ____ limit for the ____ between a ____ dish ____ a ____ is ____ to support optimal ____?
 ____ say a ____ limit ____ satellite ____?
 It is ____ a distance is ____ a ____ dish ____ guarantee optimal signal strength.
 How ____ the receiver do ____ to have ____ for ____ clear reception?
 ____ may ____ a ____ to the ____ a ____ dish and ____.
 Where is ____ acceptable between ____ their receiver?
 It ____ not yet known how ____ the ____ satellite dish ____ is.

Is there ____ limit on the distance between ____ satellite ____ and ____ ____ ____ ____ ?

____ the ____ of satellite ____ the receiver?

____ from a ____ dish to a ____ is ____

____ would like to ____ the distances needed between ____ ____ ____ ____ receiver.

How far from the ____ I need ____ Satellite dish ____ ____ order ____ ____ ?

Is ____ a limit to ____ between ____ satellite dish and ____ ____ ____ suitable ____ ____ ____ signal strength?

____ maximum distance ____ ____ signal reception?

____ is ____ limit to the ____ ____ ____ dish and ____ receiver

____ there ____ on the ____ for a clear ____ ?

____ a limit ____ the ____ between ____ ____ dish and ____ receiver?

Does anyone know the distance ____ between ____ ____ ____ ____ receivers?

Which is ____ distance ____ ____ receiver for reliable signals?

____ maximum distance from ____ satellite dish to ____ ____ is ____ ____ we ____ currently ____.

How ____ away from ____ do I ____ ____ ____ satellite dish to ____ reception?

What is the ____ amount ____ ____ ____ sat dish and ____.

What's ____ separation of ____ satellite dish ____ receiver ____ optimal ____ ?

Is ____ a ____ distance that my ____ dish ____ ____ go without ____ loss?

It is not currently known ____ the maximum ____ from ____ ____ ____ receiver ____.

The ____ distance ____ a ____ dish to a ____ not ____.

What ____ maximum ____ between ____ ____ dish and receiver?

What ____ the maximum ____ a proper satellite ____ ?

____ is ____ limit to ____ ____ a satellite ____ receiver for ____ strength.

____ the best separation between ____ dish and receiver to ____ ____ ____ ?

____ can the ____ be?

A ____ for clear ____

____ you tell ____ far away from ____ receiving ____ satellite antenna ____ ?

____ currently known ____ distance ____ a ____ dish to ____ receiver.

____ a limit ____ between a satellite dish and receiver ____ ?

____ far ____ a ____ and receiver be placed ____ receive ____ ?

____ from ____ satellite dish ____ receiver ____ we do not know about.

____ away from the ____ ____ place ____ satellite dish?

Exactly ____ should ____ sat-dish ____ receiver be?

Are ____ maximum ____ between the ____ and receiver?

Is ____ a ____ on ____ distance that the satellite ____ and ____ ?

Is there a ____ distance ____ the satellite ____ ?

____ a ____ from my satellite dish ____ receiver I can ____ ?

Limit ____ separation ____ satellite ____ ensure proper signals?

It is ____ how ____ a distance ____ needed from ____ dish ____ optimal signal ____

It's ____ a ____ needed from the satellite dish to ____ optimal ____.

____ maximum space ____ between the ____ receiver ____ a question.

There ____ limit ____ between a ____ and receiver that's right ____ strength.

____ know the ____ from the ____ dish ____ the receiver

How much ____ is allowed between ____ sat dish ____ to ____ signal ____ ?

____ is ____ between ____ dish and receiver to maximize signal strength.

What is the ____ can be ____ between ____ dish ____ a ____ ?

There's ____ we don't ____ about the ____ distance ____ satellite ____ the ____.

____ far away from ____ I ____ a ____ dish ____ to get ____ reception?

____ currently know ____ max ____ from a satellite ____ the receiver.

____ far ____ receiver are I ____ have my satellite dish ____ get ____ ?

Is there a ____ how ____ apart my dish and ____ in ____ get reception ____ ?

_____ farthest from _____ my _____ dish can go?

Is _____ to the _____ that my satellite _____ and _____ aren't _____?

How _____ from _____ my satellite _____ go?

_____ is _____ the distance between a _____ receiver for optimal signal _____

_____ separation _____ satellite dishes from equipment _____ ensure _____?

_____ a satellite dish and _____ with a _____ signal?

_____ amount of _____ allowed between _____ sat dish and _____?

_____ is not known _____ distance is _____ from a _____ dish _____ optimal _____ strength.

_____ restriction on how far apart my _____ should _____ full reception benefits?

Can you state _____ possible _____ the receiving unit _____ the _____ ensure good _____?

_____ possible _____ have _____ limit _____ the _____ a satellite dish _____ receiver?

_____ the maximum _____ a sat dish and a receiver _____?

Is _____ limit _____ distances my satellite dish _____ can _____.

The maximum distance from _____ satellite _____ a _____ is _____ concern _____.

_____ you _____ me the optimum distance _____ a _____ and _____ ensure good _____?

Is there _____ limit to the _____ receiver _____ reach?

_____ the furthest _____ dishes and receiver _____?

What is the max _____ between _____ receiver _____?

_____ from the receiver do I _____ to _____ my _____ dish to _____?

For signal _____ maximum _____ from _____ dish _____ receiver is _____ concern.

What is _____ distance _____ receiver to _____ dish?

_____ maximum _____ from _____ satellite dish to a _____ something _____ think _____.

_____ you know if _____ is _____ distance between _____ satellite dish _____ receiver?

_____ is _____ maximum _____ of space _____ allowed _____ the _____ dish and _____?

What's the _____ a _____ dish signal?

_____ there a limit to _____ far apart _____ satellite _____ receiver _____?

Is _____ an approved _____ separation _____ a _____ dish _____ will _____ affect _____ quality?

_____ far can _____ satellite _____ go from _____?

What is _____ between the _____ dish _____ receiver?

_____ there a limit _____ distance _____ and satellite _____?

_____ yet _____ how _____ a distance is required from _____ dish to get _____ strength.

It _____ not currently _____ maximum _____ a _____ dish to the _____ is.

What is _____ maximum _____ sat _____ and receiver _____?

Can you tell a _____ for _____?

How _____ receiver _____ I need my _____ in order _____ clear reception?

_____ there _____ limit _____ my satellite _____ and receiver can _____?

_____ is _____ debate _____ the _____ distance from a _____ dish to _____.

_____ is _____ separation _____ satellite dish and receiver?

Is _____ a _____ to the distances my _____ are able _____?

It is not yet _____ distance is _____ from _____ dish _____ have _____ signal strength

What _____ acceptable separation between _____ dish _____ optimal signal _____?

Is there _____ the _____ satellite dish and receiver _____ signal strength?

How far _____ from the receiver _____ I need _____ dish _____?

Can someone _____ distances _____ satellite dishes _____ their associated _____?

_____ concerned with _____ distance _____ a satellite dish to _____ receiver.

_____ there _____ the distance between a satellite dish _____.

How _____ receiver are your satellite _____?

How _____ a satellite _____ placed to receive _____ signal?

_____ far _____ the receiver _____ need to _____ dish in order to _____ reception?

Are _____ limits _____ the _____ my satellite dish _____ receiver?

A _____ for satellite _____?
 How _____ is allowed _____ a sat _____ and _____?
 _____ is the _____ gap length _____ placing _____ satellite _____ the receiver?
 _____ a _____ how far away _____ satellite dish _____ receiver _____?
 It is _____ for signal reception _____ the _____ dish to _____ receiver.
 Do _____ know the _____ for _____ satellite _____ signal?
 _____ distance between _____ dish and _____ receiver for reliable _____?
 How far from _____ receiver _____ need to _____ Satellite _____ to get _____ reception?
 _____ for _____ satellite reception?
 _____ a limit for _____ between _____ dish and receiver that's _____?
 _____ is the maximum space _____ and receiver _____ for?
 _____ there _____ limit to _____ far away _____ and receiver can _____?
 The maximum _____ dish _____ receiver is _____ topic of _____.
 _____ is _____ maximum separation between a satellite _____ receiver _____?
 _____ far from the receiver do _____ clear reception _____ dish?
 _____ the _____ distance for _____ reception?
 _____ the maximum separation _____ can exist between _____ receiver _____ dish?
 How far from _____ a _____ be from?
 A _____ from _____ dish to _____ receiver _____ have optimal signal strength _____.
 _____ is _____ on _____ distance from a satellite dish _____ a _____.
 What's _____ maximum space _____ receiver _____ dish?
 _____ maximum _____ the satellite dish _____ known yet.
 How _____ the receiver _____ I need to have _____ satellite dish positioned _____ order _____?
 The _____ to get _____ signal?
 _____ maximum _____ a satellite _____ to a _____ is a matter _____.
 _____ is _____ how _____ a _____ is _____ a satellite dish to have _____ signal _____
 _____ be _____ maximum distance _____ the receiver _____ dish?
 _____ a _____ the distance from the satellite dish _____?
 _____ the _____ satellite dish and a _____ range for signals?
 _____ distance _____ satellite _____ be from its _____?
 _____ is the _____ maximum _____ that _____ a _____ dish and _____ receiver?
 _____ signal _____ what _____ between the dish and receiver?
 Is there _____ distance for _____ satellite _____ signal.
 _____ the maximum distance _____ the receiver and _____?
 _____ not known how _____ is required from a _____ dish to _____ optimal _____.
 _____ the _____ do I need _____ satellite _____ placed to _____ reception?
 _____ from the _____ do I need _____ satellite _____ positioned in _____ get _____?
 How _____ away from _____ receiver should _____ dish _____?
 _____ away _____ the _____ I _____ to have _____ dish positioned to get clear _____?
 What's the _____ distance _____ the dish _____ for _____ signals?
 Is _____ limit _____ how _____ dish and receiver can be?
 _____ a limit _____ the distance between _____ dish _____ a _____?
 There _____ a maximum _____ a _____ dish _____ to support _____ signal _____.
 Is there a _____ to _____ distances that my _____ dish _____?
 There is a limit on _____ distance between _____ satellite dish _____ signal _____.
 _____ a maximum distance _____ satellite _____?
 Is _____ a _____ how _____ apart _____ satellite _____ receiver is?
 _____ distance from a _____ dish _____ receiver is _____ for _____.
 _____ the _____ distance _____ receiver and dish _____ signals?
 _____ far away _____ receiver do _____ place my _____ dish to _____ clear reception?

Is there a _____ to the distances my _____?

Is _____ limit _____ for _____ satellite reception?

It _____ known how _____ a _____ from a satellite _____ a _____.

How far from the receiver _____ I need _____ dish _____ clear _____?

_____ there a max _____ distance _____ satellite _____ receiver?

_____ far _____ the receiver do I need my _____ a _____?

How far _____ the _____ should _____ dish in order to _____ reception?

Is there a _____ much _____ there _____ satellite dish _____ receiver?

_____ there a _____ between _____ satellite dish and receiver _____?

_____ away from the _____ do _____ to place _____ satellite _____?

_____ is the _____ separation _____ and receiver to _____ signal reception?

Is _____ a limit on _____ far _____ my _____ should be in _____ to _____ benefits?

What is _____ maximum _____ between _____ receiver?

What is the maximum _____ that _____ the _____ the receiver?

_____ a limit _____ the distance between my _____ in order _____ reception _____?

_____ the furthest _____ satellite _____ and their receiver _____?

Can there _____ distance _____ proper satellite _____?

How _____ from _____ receiver _____ I need to _____ my _____ positioned to _____ clear _____?

What _____ the _____ amount of _____ between _____ dish _____ receiver?

_____ is _____ the maximum distance _____ a satellite dish to _____.

Is _____ a restriction _____ apart _____ dish and receiver _____ be in _____ get _____ reception?

_____ far from the receiver _____ need _____ Satellite dish to _____ clear reception?

How far _____ it _____ have a Satellite _____ order _____ receive clear reception?

What is _____ space _____ can _____ the sat dish _____ receiver?

_____ ensure _____ signal reception, what _____ the maximum _____ allowed _____ the _____ receiver?

What is the maximum _____ available _____ and _____?

_____ the optimal separation of _____ and _____ optimal _____ reception?

_____ a limit _____ how far _____ my _____ dish and _____?

_____ is a limit for _____ distance _____ satellite _____ a receiver _____ appropriate for _____ strength.

_____ a _____ to how far _____ satellite dish _____ from my _____?

_____ far can you put _____ satellite _____ its _____?

_____ the _____ my _____ dish to be in order to receive _____ reception?

Is _____ the _____ my satellite dish and receiver can _____?

There should _____ a _____ between the _____ dish and _____.

_____ a limit _____ how _____ apart _____ satellite _____ can be?

What's _____ space between _____ dish and the _____?

_____ distance for _____ reception _____ a satellite signal?

_____ tell me _____ required distance _____ dishes and their _____?

_____ is the _____ allowed between the sat _____?

Is _____ possible _____ figure out _____ satellite dishes _____ their _____ receiver?

How _____ the _____ need to have _____ dish _____ to get clear _____?

There is a maximum _____ between _____ dish _____ receiver _____.

There might be _____ for _____ distance _____ a satellite _____ a _____.

_____ signal _____ what is _____ maximum _____ between a _____ and receiver?

There _____ the _____ distance _____ satellite dish to the _____.

_____ be a limit _____ the _____ between _____ receiver _____ satellite _____.

signal reception is concerned with _____ from _____ the receiver.

_____ there a _____ my _____ dish and _____ can be traveled?

How far _____ satellite dish and _____ should _____?

_____ the maximum distance between a _____ dish _____ receiver _____?

there is ____ limit for the ____ satellite ____ receiver
 ____ is ____ a satellite dish receiver?
 ____ is the optimum ____ between ____ dish ____ ensure ____ reception?
 The maximum distance ____ the ____ dish and ____ not ____.
 It ____ known ____ a ____ to be from ____ satellite dish ____ ensure optimal ____ strength.
 ____ far ____ its receiver ____ a satellite ____ go?
 How ____ should ____ be from ____ receiver for signal ____?
 ____ tell ____ distance requirements for ____ their associated receivers?
 ____ much distance a ____ travel ____ a good ____ from ____ satellite dish?
 ____ is ____ know how ____ the maximum distance ____ between ____ satellite ____ receiver.
 ____ far ____ from the receiver ____ satellite dish ____?
 ____ from the receiver ____ I ____ Satellite dish ____ positioned ____ receive a ____?
 How ____ dishes to ____ receiver is acceptable?
 ____ there a ____ to the ____ a satellite ____ and receiver ____?
 ____ there ____ limit on ____ between a satellite ____ receiver ____ optimal signal ____?
 ____ from ____ is the Satellite dish ____ to ____ a ____ reception?
 ____ amount ____ space between the sat dish and ____?
 ____ a limit ____ distance between ____ satellite ____ and receiver?
 ____ is ____ separation between ____ and receiver?
 The ____ from ____ dish to ____ is ____ matter of debate
 What ____ separation of ____ and receiver ____ ensure optimal reception?
 How ____ from ____ satellite dish go?
 ____ is the ____ distance ____ receiver and ____ dish?
 How ____ from ____ do ____ dish positioned to ____ clear reception?
 What ____ the ____ distance for a ____?
 The ____ distance from ____ dish to ____ receiver ____ reception of ____.
 ____ space is ____ the sat ____ and receiver ____ give ____ strong ____ reception?
 What's ____ distance ____ the ____ to ____ receiver?
 ____ there a limit ____ far ____ satellite ____ and ____ is?
 ____ someone ____ me the distances ____ between ____ and ____ receivers?
 ____ someone tell me ____ distances needed for satellite ____?
 The ____ from ____ satellite dish to ____ something that is ____.
 ____ far away is the receiver from ____ satellite ____?
 ____ the ____ requirements ____ dishes and their reception?
 Is there a ____ on ____ far ____ and dish ____ be ____ to get ____ benefits?
 How far ____ receiver ____ I need ____ dish in ____ reception?
 ____ far from the receiver do I ____ my ____ to ____ receive ____?
 How far from ____ my satellite ____ be ____ order ____ reception?
 ____ there a maximum ____ between ____ satellite ____ the ____?
 ____ the ____ separation ____ the satellite dish ____ receiver?
 There ____ the ____ between a satellite ____ ensure optimal signal strength.
 ____ not currently know ____ distance is from a ____ to ____ receiver.
 ____ the ____ a satellite dish can ____ the ____?
 What distance ____ it take a receiver to ____ good ____?
 It is not known ____ long a distance ____ from ____ satellite ____ strength.
 ____ there ____ limit for ____ distance between a ____ receiver?
 Is ____ a limit to the ____ my ____ not losing signal?
 ____ distance ____ a satellite dish ____ is a ____ for debate.
 I ____ to know if there is ____ satellite ____ and ____.
 ____ receiver ____ I ____ to have ____ satellite ____ positioned in ____ receive a clear reception?

What is _____ maximum _____ that _____ between the satellite dish _____ ?

_____ far apart _____ and receiver be?

_____ there _____ between _____ receiver and satellite dish?

_____ is debate over the _____ from _____ satellite dish _____ .

There is a _____ distance _____ satellite _____ receiver to _____ signal strength.

What _____ do _____ the maximum _____ from a satellite _____ to _____ .

How _____ have to travel for a good signal _____ ?

_____ much _____ allowed _____ the sat dish and the receiver _____ good _____ ?

It's _____ known _____ long _____ distance is _____ dish to _____ optimal signal _____

Is there _____ limit _____ the _____ satellite _____ receiver can _____ ?

_____ limit _____ the _____ between _____ satellite _____ receiver which _____ suitable _____ support optimal signal strength.

Limit _____ separation _____ satellite dishes _____ to _____ proper _____ ?

_____ a limit on the _____ between _____ for optimal signal _____ .

Is _____ a limit _____ the _____ my satellite _____ can go without _____ ?

How far _____ the receiver _____ I _____ my _____ be _____ to _____ a _____ reception?

_____ the _____ between the _____ dish _____ receiver _____ ensure optimal _____ reception?

_____ optimal _____ the separation _____ satellite dish and receiver?

There _____ the distance _____ a satellite _____ that _____ optimal signal strength.

The maximum distance _____ a satellite _____ is of _____ .

_____ far _____ need my _____ dish to be positioned in order _____ a reception?

How _____ a sat-dish/ receiver _____ ?

_____ there a _____ the distances my _____ and receiver _____ ?

How far _____ receiver _____ satellite _____ can be?

_____ there any approved maximum _____ a _____ dish _____ ?

The signal _____ is _____ with the _____ distance from _____ dish _____ .

How far _____ do _____ need to _____ dish _____ get clear reception?

_____ maximum _____ from a satellite _____ receiver _____ for signal reception.

_____ know the distance requirements needed _____ satellite dishes _____ their _____ .

Is there _____ the _____ the satellite dish _____ receiver?

_____ currently do not _____ maximum distance from _____ satellite _____ the _____ .

_____ don't _____ know _____ maximum distance _____ a _____ to the _____ is.

_____ is a debate regarding the _____ distance from _____ satellite _____ .

Does _____ know the _____ satellite dishes _____ associated receivers?

_____ is a _____ for _____ distance _____ satellite _____ receiver that _____ signal strength.

Is _____ a _____ on the _____ my satellite _____ and _____ ?

What _____ can _____ between a _____ dish and _____ ?

_____ far from the _____ satellite _____ to be _____ receive a clear _____ ?

_____ is the _____ a satellite dish?

_____ far away can _____ dish _____ receiver _____ ?

_____ there a _____ on _____ far apart my _____ in order to get reception _____ ?

The _____ distance _____ receiver _____ satellite _____ not yet known.

_____ maximum _____ a _____ to the _____ is something _____ we _____ currently know.

How _____ can a satellite dish _____ be _____ to get _____ ?

_____ distance from _____ satellite _____ to a _____ a _____ signal reception.

_____ far _____ should _____ and receiver _____ ?

How _____ do _____ need to put my satellite _____ to _____ a clear _____ ?

_____ is _____ distance _____ good _____ signal?

_____ the _____ I _____ Satellite dish to receive clear reception?

Is there a limit _____ receiver _____ dish?

Is there _____ to _____ between a _____ satellite dish?

_____ out the distance _____ satellite dishes _____ their _____ receiver?

Is _____ limit _____ between my satellite dish and _____.

_____ it possible to _____ a _____ between the _____ dish _____?

_____ maximum distance between _____ dish _____ a _____ is not _____.

There is _____ limit on the distance between _____ dish and _____ is _____ optimal _____

What _____ the _____ separation of satellite dish and _____ reception?

_____ receiver do I need _____ put _____ satellite _____ get clear reception?

How _____ distance will a _____ to _____ for a _____ satellite _____?

_____ maximum _____ a _____ dish and the receiver _____ something _____ don't _____.

Is _____ a limit _____ receiver and _____ dish?

_____ there a _____ on _____ between my _____ and _____.

Is there _____ to _____ distances _____ dish can cover?

_____ a receiver have _____ travel to get a _____ from _____ satellite _____?

How _____ receiver _____ need _____ dish to be in _____ to get _____?

The _____ from a satellite _____ to _____ receiver _____ signal reception.

Is _____ a limit _____ a satellite _____ receiver _____ go?

_____ there _____ for the maximum distance _____ the satellite _____ the _____?

How far _____ it necessary to have my satellite dish positioned _____?

_____ allowed distance for _____ signal reception?

_____ much _____ between _____ sat _____ to provide strong signal reception?

_____ the _____ of _____ and receiver to ensure _____ reception?

Can someone explain _____ me the distance _____ between _____ their _____?

How far from _____ I _____ satellite dish _____ in _____ to _____ clear reception?

Is there _____ limit _____ the distances my _____ travel?

What _____ the _____ separation _____ a satellite _____ and receiver _____?

How _____ from the _____ I _____ my satellite dish _____ in _____ to _____ reception clear?

_____ tell _____ limit _____ satellite reception?

Is _____ limit to _____ far apart _____ satellite dish _____ receiver _____?

_____ receiver go to _____ a signal from a _____?

How _____ from the _____ I _____ to _____ my _____ dish _____ get clear _____?

How far _____ receiver do I _____ have _____ satellite dish _____ reception?

How far _____ the _____ can there _____ satellite _____?

What is the correct separation _____ the satellite _____ receiver _____?

Someone _____ know the distance requirements between satellite _____.

It _____ known _____ long _____ needed between _____ dish and receiver.

There's _____ the maximum _____ a satellite _____ a receiver.

_____ have a _____ distance for good _____?

_____ there be _____ limit _____ maximum distance between a _____ and _____?

How far _____ the _____ are my _____ dishes _____ to _____ reception?

_____ far _____ its _____ satellite dish?

_____ from the receiver _____ need to _____ my _____ order to receive _____ clear?

What _____ distance between _____ satellite _____ a receiver?

We _____ not _____ maximum distance _____ the satellite dish _____ receiver.

Is _____ a _____ my satellite _____ and receiver can't lose _____?

Limit _____ from the reception?

_____ is approved maximum _____ a satellite _____ and _____?

_____ receiver _____ I _____ to have my satellite dish in order _____?

Is _____ limit _____ separation _____ a satellite _____ and _____?

It's _____ known how long a distance is _____ a _____ to _____.

Is _____ limit to _____ far apart the satellite _____ be?

Is there _____ on _____ satellite _____ to a receiver?

_____ from the receiver do _____ have a satellite _____ receive clear _____?

Is _____ a limit _____ how far _____ my _____ receiver must _____ to _____ reception?

How _____ receiver do I _____ have my _____ dish positioned _____ clear?

How far _____ the _____ need _____ Satellite _____ in to _____ clear _____?

What's the farthest place from a _____ _____?

_____ far away _____ receiver do _____ need _____ have my _____ positioned to receive _____ reception?

Before it _____ signal quality, _____ the maximum separation _____ exist _____ the _____ receiver?

_____ much _____ for a receiver to _____ signal from a _____?

Is a limit for the distance _____ dish _____ receiver _____ support _____?

What _____ maximum space between sat _____ receiver _____?

_____ separation between the satellite dish _____ receiver _____ reception?

For _____ adequate signal _____ far can a _____ dish _____?

How far from _____ do I need _____ with _____ Satellite _____?

_____ a maximum _____ a _____ signal to reception?

How far away _____ the receiver _____ I _____ receive _____ reception?

The _____ a satellite dish to _____ receiver _____ something _____.

What _____ optimum _____ between _____ receiver _____ satellite dish?

_____ the _____ separation between _____ satellite _____ receiver _____ is allowed?

The maximum _____ between _____ satellite _____ receiver _____ known

How _____ the receiver _____ I need _____ have _____ dish _____ to get a _____?

_____ is _____ how long _____ distance _____ a satellite _____ receiver _____ required for _____ signal strength.
