

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Check engine light is on
Inquiry Sub-Category	Emission Control Problems
Description	Customers seeking assistance with check engine light issues caused by failed emission control components like the catalytic converter, oxygen sensor, or exhaust gas recirculation (EGR) valve.
Data Size	5,030 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

What _____ causing the check engine _____ to _____ failure?
_____ engine-light _____ that _____ oxygen _____ is _____.
_____ failed O2 _____ the _____ for the check engine _____.
_____ a _____ engine _____ that points _____ a _____ with _____ oxygen _____.
_____ light is _____ for _____ possible _____ an oxygen sensor.
_____ the _____ that _____ check engine _____ an _____ sensor failure?
_____ check _____ light illuminates _____ with the _____ sensor.

What _____ cause _____ the check engine _____ indicating _____ sensors _____?
_____ is _____ cause of _____ faulty _____ sensor triggering _____ light?
_____ causes _____ engine _____ to signal a _____ O2 _____?
_____ check engine light _____ issue _____ the _____ sensors
_____ car's oxygen _____ malfunction _____ be triggered _____ something.

The _____ claims _____ sensor is _____.
_____ is causing _____ light _____ an oxygen sensor failure?

"What in tarnation makes _____ engine _____ a mess with my _____"

There _____ a check _____ that _____ an oxygen _____.
_____ engine light could be _____ the _____ failing.

The oxygen _____ its _____ to the engine-light.

It _____ possible _____ light _____ detect _____ faulty oxygen sensor.
_____ is making _____ engine _____ flash _____ oxygen sensor.
_____ check engine _____ can _____ a _____ an oxygen sensor _____.
There _____ light _____ says the oxygen sensor _____ malfunctioning.
There _____ problem with the _____ sensor _____ a _____ engine light _____.
_____ check _____ could be for _____ malfunctioning oxygen _____.
The _____ indicator might _____ malfunctioning _____ sensor.
_____ is _____ check _____ light and _____ may be a _____ of _____.
_____ engine _____ on for a _____ failure of _____ sensor.

What's the _____ for _____ check engine _____ indicating an _____?

What ____ the ____ check ____ light being ____ oxygen sensor failure ____?

The check ____ an oxygen sensor ____ what is ____?

Why is ____ check ____ blinks ____ an oxygen ____?

The ____ light is showing a ____ sensor.

Is ____ check engine ____ a ____ problem with ____ oxygen ____?

The check engine ____ sensor ____.

____ engine light showed ____ failure.

____ the ____ the check ____ light indicating an ____ sensor ____?

Why is ____ check engine ____ for ____ sensor ____?

____ is a ____ light ____ indicates a ____ sen ____.

____ engine light ____ be ____ result of ____ sensor failure.

____ light can be activated ____ an ____ sensor ____.

Oxygen sensor ____ can ____ the ____ light to ____.

What ____ the cause ____ engine light indicating ____ failure ____ an ____?

____ is a check engine ____ that ____ sensor ____.

The check engine light ____ be on ____.

____ be a ____ for ____ failed O2 ____?

____ failed O2 sensor be one ____ for ____ check ____ alert?

What ____ causing ____ sensor ____?

Is it ____ the ____ engine indicator ____ by ____ oxygen sensors?

The engine light ____ a failure ____ a ____.

____ is a ____ engine ____ that ____ anoxygen ____ failure.

A problem with an ____ might ____ a ____.

Why ____ check ____ to a malfunctioning ____ sensor?

____ is a ____ oxygen ____ causing a ____ engine ____ up.

The engine light ____ on for ____.

An ____ sensor ____ be what the ____ indicates.

Why does ____ check ____ light ____ an oxygen ____?

The check ____ light ____ show ____ oxygen ____ problem.

A check engine ____ may be ____ an ____.

Which ____ triggering ____ engine light ____ an oxygen ____?

What ____ the reason ____ oxygen ____?

The check ____ light ____ signaling ____ with ____ oxygen ____.

____ check engine ____ may ____ the oxygen ____ failed.

There is ____ pointing to ____ problem ____ the ____ sensor.

Can ____ figure out ____ check ____ shows ____ oxygen sensor ____?

The ____ the ____ is off, ____ think?

Why did ____ show an oxygen sensor ____?

What can the check ____ tell you ____ faulty ____?

A check ____ light ____ possibly ____ a ____ of anoxygen ____.

____ check engine ____ may ____ on for ____ failure.

Why ____ issue ____ the engine light?

____ be a ____ with an oxygen ____ that shows a ____.

____ engine ____ glow point to ____ faulty ____.

____ did the ____ light ____ an oxygen sensor ____?

____ check engine light ____ for ____ sensor failure.

____ the engine ____ due to ____ the ____ sensor?

____ might be ____ the ____ sensor ____ indicates a check engine ____ coming ____.

____ not ____ wrong with ____ light for ____ oxygen sensor.

There ____ a check engine ____ that ____ for oxygen ____.

There ____ a faulty oxygen ____ a ____ light.
 ____ oxygen ____ have ____ and there is ____ engine light.
 ____ is a check engine light ____ sensor ____.
 There is a problem with ____ indicates a ____ on.
 ____ light may ____ for ____ failure of the ____ sensor.
 ____ does ____ engine light flash for an ____?
 Is there any ____ a failed ____ sensor would prompt ____?
 The check ____ light might ____ related ____ an ____.
 ____ check ____ caused by an oxygen sensor ____ malfunctioning.
 ____ the check-engine warning be caused ____?
 ____ check ____ light ____ points to an oxygen ____ problems.
 ____ the ____ of ____ engine ____ indicating an ____ sensor failure?
 ____ is a ____ engine light that can indicate ____ sensor
 ____ is ____ check ____ light ____ you about an ____ sensor ____?
 The check engine ____ for ____ sensor problem.
 ____ check engine light ____ be ____ of an oxygen sensor failure.
 There is a ____ indicator ____ shows ____ faulty ____.
 There ____ engine ____ on ____ a failure ____ oxygen sensor.
 Is it ____ that the light ____ oxygen ____?
 It ____ for ____ oxygen sensor ____ cause ____ check ____ warning.
 The ____ light ____ oxygen sensor malfunction.
 ____ the check ____ light ____ of ____ oxygen ____ problem?
 There ____ a ____ light which ____ caused ____ an oxygen sensor ____.
 What's the ____ the check ____ light to ____ oxygen ____?
 ____ may ____ check- engine warning due ____ oxygen-sensor ____.
 The ____ could be a ____ of an ____ malfunction.
 ____ engine-light says ____ oxygen ____ is ____.
 An oxygen ____ failure ____ cause ____ a check ____ light.
 Something may ____ sensor malfunction ____ in my ____.
 check ____ may ____ a symptom of an oxygen ____
 ____ check engine ____ on ____ of ____ issue ____ O2 sensor?
 Why would the ____ warning ____ your ____ come ____ malfunctioning ____?
 ____ the reason why ____ light shows an ____ sensor ____?
 ____ could ____ problem ____ an oxygen sensor ____ indicates ____ light.
 The check ____ light ____ an issue ____ oxygen ____.
 ____ a check engine ____ that ____ an ____ sensor ____.
 Is ____ a ____ check engine ____ an oxygen sensor ____?
 ____ oxygen ____ what ____ the reason for the check ____ be on?
 There is ____ check ____ light ____ of the oxygen ____.
 ____ engine light be a sign of an ____?
 ____ could be the cause ____ the ____ showing.
 There is ____ light ____ indicates oxygen sensor ____.
 ____ to faulty oxygen sensor
 The ____ be a ____ an oxygen sensor failure.
 ____ is ____ engine light ____ when ____ oxygen sensor ____?
 Is ____ of ____ signal ____ caused by ____ O2 sensors?
 ____ don't ____ what is going ____ engine light flashing when ____ an ____ sensor.
 A ____ engine light ____ be caused ____ an ____.
 ____ engine light ____ up because ____ with ____ O2 sensor?
 ____ the check engine light ____ an issue ____ oxygen ____?

The ____ engine ____ there is a ____ with the ____ .
 There is ____ check ____ light ____ it ____ symptom ____ sensor failure.
 ____ check ____ is indicative of the malfunction ____ the ____ .
 There ____ a check ____ failure of oxygen ____ .
 ____ check engine ____ possibly be triggered ____ a ____ sensor.
 Is ____ light activated by a ____ oxygen sensor?
 Why ____ the ____ light ____ for ____ oxygen ____ malfunction?
 Why ____ engine ____ glow points to a ____ ?
 My ____ engine light shows ____ with ____ oxygen sensor.
 ____ makes the ____ show a faulty ____ sensor?
 The ____ engine ____ due to ____ sensor failure.
 The ____ engine ____ indicate a ____ sensor.
 There is ____ check ____ light triggered ____ Sensor.
 There ____ be a problem ____ that shows a ____ coming on.
 I ____ what's ____ on ____ check ____ flashing ____ have an oxygen sensor
 ____ a check ____ and ____ might ____ a symptom of anoxygen ____
 The ____ may be ____ an ____ sensor Failure.
 The ____ light may indicate the ____ Oxygen ____ .
 ____ a check engine ____ a faulty oxygen ____ .
 A ____ sensor ____ indicated by ____ check ____ indicator.
 There ____ a check ____ that points to ____ oxygen ____
 ____ oxygen-sensor breakdown ____ reason ____ the check engine ____ ?
 ____ check ____ may ____ on ____ oxygen sensor failure ____ .
 ____ is a check engine ____ indicating ____
 ____ engine ____ is triggered by ____ oxygen Sensor.
 ____ could possibly light up with a ____ oxygen ____ .
 A ____ engine ____ could ____ indicating ____ an oxygen sensor.
 ____ is a ____ engine ____ an oxygen ____ malfunction.
 ____ the ____ light ____ the oxygen sensor ____ ?
 There ____ a check ____ failure of the oxygen sensor
 ____ causes ____ engine ____ flash ____ an oxygen ____ issue?
 The ____ engine ____ an ____ with the oxygen ____ .
 The check ____ light may be ____ the oxygen ____ .
 The ____ to an oxygen sensor failure.
 What ____ check engine light ____ with the oxygen ____ ?
 ____ check engine light may ____ an ____ of ____ failure ____ the ____ .
 Is ____ check engine light ____ an ____ sensor ____ ?
 ____ check engine light ____ be a symptom ____ malfunctioning ____ .
 ____ sensor ____ check engine light to go off.
 How ____ you ____ check engine light ____ oxygen sensor ____ ?
 How could ____ check engine ____ indicate ____ sensor ____ ?
 ____ check ____ might be due ____ an oxygen sensor.
 ____ check engine ____ of ____ oxygen sensor problem?
 The ____ light ____ by ____ oxygen ____ issue
 ____ a ____ engine light ____ failure.
 ____ be a problem with ____ that ____ check engine light.
 ____ is ____ engine light ____ may ____ caused by ____ sensor failure.
 Check engine ____ comes on ____ oxygen sensor ____ .
 ____ is ____ engine light which ____ the oxygen sensor ____ .
 The ____ says the ____ malfunctioning.

The _____ light could possibly be _____ by an _____.
 _____ check engine _____ points _____ with the _____ sensors.
 _____ is a _____ engine light which _____ of the _____.
 Check engine _____ sensor problem.
 Is _____ reason for _____ signal illumination caused _____ malfunctioning _____?
 The _____ be an indication _____ the failure of _____ sensor.
 _____ engine _____ indicates a failure _____ oxygen sensor.
 Is the _____ engine _____ to an issue _____ the _____?
 _____ check engine _____ points _____ oxygen _____ problem.
 _____ could be _____ check _____ light indicates an oxygen _____ failure?
 Check engine _____ a oxygen sensor _____.
 There _____ a _____ light which _____ be _____ anoxygen sensor _____.
 _____ is a _____ with _____ sensor.
 _____ check _____ indicate an _____ sensor _____.
 There _____ the _____ engine light _____ an oxygen sensor _____.
 What causes _____ engine _____ to say a _____?
 _____ makes _____ stupid _____ light _____ for an _____ sensor malfunction?
 The check engine _____ have _____ detect _____ faulty _____.
 Why _____ engine warning _____ to _____ sensor _____?
 A check engine light could be _____.
 There _____ engine light to _____ oxygen sensor malfunction.
 I _____ is _____ for the engine oxygen sensor.
 How could an _____ be _____ the check _____ light?
 Why _____ engine light _____ oxygen _____ failure?
 _____ problem _____ the _____ sensor might _____ check engine _____ on.
 _____ says _____ oxygen sensor _____ off its game, _____?
 The check engine _____ be _____ sign of _____ oxygen _____.
 _____ is _____ oxygen _____ problem and the check _____ light _____.
 Why is _____ triggered _____ oxygen sensor issue?
 The check engine light _____ sign _____ the _____ sensor _____.
 There's _____ failure _____ check engine light.
 _____ engine light _____ due to _____ sensor _____?
 A _____ shows _____ failure of _____ oxygen sensor.
 The _____ engine light _____ sensor failure _____ what _____ it?
 Why _____ engine light say _____ sensor is malfunctioning?
 The _____ engine light may _____ an indicator of the _____.
 The _____ engine light _____ been _____ the faulty _____ sensor.
 Check _____ light indicates _____ of _____.
 The _____ light shows _____ oxygen sensor has _____.
 _____ could be _____ problem _____ the _____ sensor _____ the _____ engine _____ coming on.
 _____ check _____ light may _____ failure of the _____ sensor.
 The check engine _____ of the _____ sensor _____.
 _____ check engine light _____ be _____ sensor failing.
 _____ check _____ light _____ to indicate _____ problem with _____ sensor.
 _____ engine light could be _____ of an _____ failure.
 What is _____ cause _____ malfunction alert?
 _____ is the check _____ about _____ oxygen sensor?
 _____ a _____ light _____ the failure of the _____ sensor
 _____ light _____ be a symptom _____ anoxygen _____ failure
 The _____ could be _____ sign of anoxygen _____.

____ check ____ light indicates an ____ ____ _____.
 ____ that check ____ light ____ for ____ oxygen sensor?
 There could ____ problem ____ oxygen sensor ____ the check engine light ____ _____.
 ____ check ____ light ____ be ____ by a ____ oxygen _____.
 Why is ____ check ____ telling you that ____ is ____?
 A ____ light might ____ by an ____ malfunction.
 Why ____ engine light ____ on ____ there is a problem with ____ ____?
 The check engine light ____ an oxygen _____.
 ____ of the ____ light showing an oxygen sensor ____?
 ____ check ____ light say an oxygen sensor ____?
 ____ is ____ engine light ____ may ____ the ____ sensor has _____.
 ____ did ____ engine light show an ____ with the ____?
 ____ check engine ____ may be ____ issue ____ the ____ sensor.
 ____ the ____ warning related to ____ oxygen ____ errors?
 ____ check ____ light that may ____ the ____ of the oxygen sensor.
 Why ____ that ____ engine ____ when an ____ fails?
 ____ light indicates an oxygen sensor ____ and ____ that's making ____ light ____?
 The ____ engine ____ a sign that the ____ is _____.
 What is the cause ____ check engine ____ a ____ sensor?
 There might ____ a ____ the ____ that signals a ____ light.
 ____ be a ____ sensor ____ cause the ____ check ____ to go on.
 ____ is the ____ oxygen sensor failure on the ____?
 Why could ____ failure ____ check engine light ____ off?
 The check engine light ____ an oxygen ____ failing.
 ____ a problem with my oxygen sensor.
 I ____ wondering what ____ to ____ light for the _____.
 ____ engine light ____ there's an ____ the ____ sensor.
 ____ is ____ check ____ light showing ____ issue with ____ sensor?
 ____ check ____ there's ____ wrong with the oxygen _____.
 Why is the ____ engine ____ by ____ sensor?
 The check ____ there is an ____ with ____ sensor.
 ____ why the check engine ____ has an ____ problem?
 ____ engine light ____ the oxygen sensor ____ malfunctioning.
 What is ____ of ____ engine ____ an oxygen ____ fail?
 ____ illuminated warning ____ is caused ____ a malfunctioning oxygen ____?
 There ____ check ____ light and ____ could ____ related ____ an oxygen ____ failure.
 The engine ____ a failure ____ an oxygen _____.
 The ____ light ____ something ____ an ____ with the ____ sensor.
 There is a ____ indicates the ____ failure.
 The ____ engine light ____ an ____ sensor, why?
 ____ is ____ cause ____ the check ____ light indicating the failure ____?
 A ____ indicating a problem with an ____ sensor.
 The ____ the engine may be ____ oxygen ____ failing.
 There ____ a ____ oxygen ____ the ____ check ____ to.
 ____ a check ____ that says ____ sensor _____.
 There is a ____ light ____ says ____ is ____ working.
 There ____ a problem with ____ that ____ a ____ light
 ____ possible the engine ____ a faulty ____ sensor?
 The ____ engine ____ off due ____ an oxygen sensor _____.
 ____ is ____ problem ____ sensor that might indicate a ____ engine _____.

The check engine _____ been caused by _____ failed _____.
 Why is _____ check _____ oxygen sensor _____?
 _____ the check _____ indicating an oxygen sensor _____?
 Is there _____ possible cause _____ signaling an oxygen sensor _____?
 Why _____ that _____ engine _____ speaking _____ an _____ sensor?
 _____ for a _____ O2 sensor to cause a _____ alert?
 _____ check _____ light said _____ was an _____ with _____ oxygen _____.
 There _____ a check engine _____ an _____ sensor failure.
 _____ a _____ that the _____ check light _____ for a malfunctioning _____.
 The _____ malfunction _____ may _____ triggered by something.
 _____ the oxygen sensor is _____ longer _____.
 The check _____ an oxygen sensor failure, _____ is _____ causing _____?
 What is _____ reason that the _____ engine _____ failure?
 What could be _____ the _____ engine _____ indicated an _____ failure?
 _____ that _____ light shouting about the oxygen _____?
 A _____ engine light might _____ failure _____ oxygen _____.
 Why is that check _____ light _____ sensor?
 There _____ light _____ the _____ an oxygen sensor _____.
 The _____ engine light _____ caused by _____ sensor _____.
 _____ tell me _____ the _____ tells me _____ is an oxygen sensor _____?
 _____ caused by _____ faulty oxygen _____ triggering _____ check engine _____?
 _____ engine _____ is _____ to the _____ sensor issue.
 What _____ oxygen sensor failure _____ causes the check engine _____?
 Why do _____ check engine lights _____ with _____ sensors?
 The _____ engine _____ lit up _____ with the _____ sensor.
 Something may be _____ the check _____ to _____ oxygen-sensor _____.
 _____ is _____ light that shows _____ the oxygen sensor.
 _____ problem be if the check _____ oxygen sensor failure?
 _____ engine light seems to indicate _____ oxygen _____.
 _____ engine _____ seems to _____ to an _____ with _____ sensors.
 _____ that _____ engine _____ flash for an _____ sensor?
 _____ could this _____ engine _____ indicating an oxygen sensor _____?
 The _____ engine _____ may _____ caused by _____ sensor _____ malfunctioning.
 The check engine light _____ to _____ sensor _____.
 _____ engine _____ on _____ there is a problem _____ oxygen sensor.
 The _____ engine light _____ an issue _____ the _____.
 _____ the cause of the _____ light _____ oxygen _____ failure?
 Why is there _____ check _____ for an _____?
 There _____ a _____ that _____ be _____ of an oxygen _____ failure.
 _____ any _____ why the check _____ light _____ sensor problem?
 What is the _____ the check engine light _____?
 _____ oxygen sensor on _____ engine light _____.
 Can you _____ me _____ check engine light _____ problem?
 Why _____ check _____ screaming _____ oxygen sensor malfunction?
 A check engine light might come _____ problem.
 Something _____ the engine light _____ oxygen sensor _____.
 The engine _____ that _____ oxygen _____ faulty.
 My check _____ tells _____ is _____ with the _____ sensor.
 There is an engine _____ on _____ failed _____.
 Why is _____ check _____ screaming _____ oxygen sensor _____?

_____ have _____ the _____ sensor issue.

_____ check engine light that _____ to _____ issue.

_____ check _____ show _____ the _____ sensor is malfunctioning.

Why does _____ check _____ light _____ an _____ malfunctioning?

There _____ check engine _____ indicating the _____ sensor _____.

Is it possible that _____ is caused _____ oxygen _____?

The check engine light indicates _____ oxygen _____

It's _____ due to oxygen sensor failure.

Why does _____ check _____ about _____ oxygen _____ malfunctioning?

Why is _____ engine _____ with the oxygen sensor?

Why is _____ engine _____ blinking for _____ failure?

Why _____ that check _____ about an oxygen _____?

_____ you tell _____ the _____ engine _____ shows an _____ sensor _____?

There _____ a check _____ signifying the failure _____ oxygen _____.

There _____ be other _____ O2 _____ prompt _____ check engine alert.

_____ is _____ oxygen _____ issue in _____ engine _____.

Check engine _____ by a problem _____ Oxygen _____.

An issue _____ sensor led _____ my check engine _____ up.

_____ possible that the check _____ light _____ oxygen sensor _____?

_____ issue _____ the _____ that caused my check _____ light to _____.

_____ a _____ oxygen sensor _____ be _____ the engine light.

What _____ with _____ check _____ light suggesting an _____ sensor failure?

What's _____ the _____ light to _____ for _____ oxygen _____?

_____ light and _____ it _____ to oxygen sensor failure.

_____ is _____ for the _____ to _____ caused by the _____ sensor.

How _____ the check engine light _____ fault?

Why _____ the _____ light come on _____ the _____ sensor _____?

_____ a _____ sensor triggering a check _____ light

_____ oxygen _____ a check engine light _____ off.

Are there any explanations _____ light indicating _____ problem?

What could the problem _____ the _____ engine _____ an oxygen _____?

There is _____ check _____ light _____ points to an _____.

There _____ check engine light _____ an oxygen _____.

Why is a check _____ by _____ oxygen _____?

_____ cause _____ the check _____ light _____ oxygen sensor failure?

_____ light show an _____ with the oxygen _____?

Why _____ check _____ light screaming about a _____?

There is _____ engine _____ flash _____ an oxygen sensor _____.

There is _____ check _____ may _____ failure of the _____ sensor.

_____ an _____ the _____ sensor, _____ it?

Why does _____ check _____ warning have something _____ errors?

_____ light _____ on due to _____ Oxygen sensor _____.

Is the _____ saying that _____ off?

Why was _____ check _____ screaming _____ oxygen sensor?

The check _____ indicates _____ oxygen sensor failure _____ what _____ it that _____ it _____?

The check _____ light _____ a _____ anoxygen _____ failure.

_____ engine _____ is _____ for a _____ of a _____ sensor

_____ could _____ problem _____ with the _____ engine _____ an _____ sensor failure?

A check engine light could be _____ sensor _____.

_____ light might _____ coming _____ if there _____ problem with an _____ sensor.

There ____ be a ____ that ____ the ____ engine light on.

The ____ indicate an ____ failure.

____ might be a ____ with ____ sensor in ____ engine ____.

____ could ____ than ____ factor ____ a failed O2 ____ a ____ engine alert.

What ____ the ____ oxygen ____ malfunction?

____ the ____ light to suggest ____ oxygen ____ failure?

The ____ engine ____ lit ____ an issue with the ____.

____ does the check engine light ____ sensor is ____?

____ engine light ____ something is ____ oxygen sensors.

What could be ____ a ____ engine ____ indicating ____ sensor failure?

Is there a ____ O2 ____ check engine alert?

The check ____ you about ____ sensor failure.

An oxygen sensor failure could be ____ the ____.

____ engine ____ may ____ a symptom of ____ failure.

Why ____ the ____ pointing to ____ sensor problem?

____ oxygen sensor ____ what ____ the reason ____ the check ____ light ____?

____ be a check ____ warning ____ by ____ oxygen-senor ____.

The ____ light says ____ failure, what is ____?

There's ____ light that indicates ____ failure ____ the ____ sensor.

____ the engine check ____ points ____ a malfunctioning ____?

____ check engine alert ____ be ____ by a ____ sensor.

For ____ oxygen sensor ____ what ____ the ____ light?

____ engine ____ could be coming on ____ to a ____ sensor.

The ____ engine light ____ detect ____ faulty ____.

____ a ____ engine ____ that ____ the malfunction of ____ sensor.

____ engine light ____ oxygen sensor failure, what could ____?

What could that be, ____ check engine ____ sensor ____?

____ of the ____ suggesting an oxygen sensor failure?

There's ____ that ____ an oxygen sensor problem.

A failed ____ the ____ for ____ check engine alert.

____ a problem ____ the oxygen ____ that shows ____ engine ____.

____ check engine light ____ be ____ an ____ failure.

____ a reason for ____ engine ____ to indicate ____ O2 sensor ____?

There is ____ light on ____ a ____ of ____ sensor.

____ the engine ____ glow point ____ a fault ____ the ____?

The ____ light suggests ____ the ____ sensor ____ game.

There is a ____ with the ____ sensor that could ____ light ____.

The check engine ____ of ____ oxygen sensor.

____ engine light is ____ because ____ Oxygen ____ problem.

There is ____ check engine light that ____ anoxxygen ____.

Check ____ by oxygen sensor ____?

The ____ engine indicator ____ be ____ of ____ O2 ____.

A ____ engine warning might be ____ to ____.

____ engine light could ____ to an oxygen sensor ____.

____ the engine check ____ faulty Oxygen sensor?

Do you know ____ check ____ an oxygen sensor ____?

Why does ____ engine check ____ it ____ a ____ sensor?

____ check ____ warning might be ____ by ____ oxygen-senor ____.

____ be ____ problem with ____ sensor

____ a ____ engine light ____ be a ____ of an oxygen ____ failure.

____ check engine ____ may be due ____ ____ ____ sensor ____ .
 ____ did ____ check engine ____ show ____ ____ ____ the oxygen sensors?
 ____ the check ____ ____ yell about ____ oxygen sensor?
 Why ____ the check ____ light telling ____ ____ ____ oxygen ____ ?
 ____ did ____ ____ engine ____ say that the ____ sensor ____ failing?
 ____ could ____ ____ ____ with an ____ sensor
 There might ____ ____ problem ____ an oxygen sensor ____ indicates ____ ____ engine light ____ ____ .
 ____ check engine light ____ suggestive of ____ oxygen ____ ____ .
 ____ is a problem with the ____ ____ that shows ____ ____ ____ coming ____ .
 The ____ check ____ ____ ____ ____ a malfunctioning oxygen sensor.
 ____ problem ____ the oxygen sensor ____ ____ a ____ engine ____ .
 The check ____ ____ ____ be ____ ____ the oxygen sensor.
 Could there be other ____ ____ ____ failed ____ sensor ____ prompt ____ ____ ____ alert?
 The ____ engine ____ ____ that the oxygen ____ ____ broken.
 There may ____ ____ ____ ____ oxygen sensor that ____ the check engine ____ .
 ____ engine light lit up ____ ____ an issue ____ the ____ ____
 There ____ ____ a ____ with the oxygen ____ ____ shows the check ____ ____ .
 ____ ____ have caused the ____ ____ to ____ .
 What could ____ ____ problem of the ____ ____ light ____ an ____ sensor ____ ?
 The ____ ____ light ____ be ____ sign of ____ sensor ____ .
 ____ ____ engine indication ____ be ____ by the ____ sensor.
 ____ engine light ____ an ____ sensor ____ .
 ____ was a ____ engine light ____ an ____ sensor ____ .
 ____ ____ check engine light ____ ____ about ____ oxygen sensor malfunctioning?
 What ____ ____ ____ ____ light to flash for an oxygen ____ ____ ?
 The ____ ____ ____ be ____ sign ____ malfunctioning oxygen sensor.
 Check engine ____ ____ indicative of the malfunction ____ ____ ____ .
 ____ ____ that check engine light ____ that ____ oxygen ____ was ____ ?
 What ____ the reason for ____ ____ engine light ____ ____ oxygen ____ ____ ?
 The check ____ light indicates ____ ____ sensor ____ what is causing ____ ____ ____ ?
 ____ is ____ a check engine ____ ____ ____ an oxygen ____ ?
 The check ____ light might ____ ____ ____ with the ____ ____ .
 ____ check ____ light indicates ____ ____ with the ____ sensors.
 There is ____ check engine ____ that ____ ____ Oxygen ____ ____ .
 There ____ a ____ ____ ____ ____ the oxygen sensor failure.
 ____ is the ____ engine light showing an ____ ____ ____ ?
 A check ____ light may be ____ ____ of ____ ____ ____ .
 ____ the check engine ____ ____ ____ an ____ sensor failure?
 ____ ____ warning ____ be ____ to an oxygen-senor ____ .
 ____ engine ____ points ____ ____ oxygen sensor ____ .
 There may be ____ problem ____ ____ ____ that ____ ____ check engine light.
 ____ ____ ____ light may indicate ____ oxygen sensor ____ .
 ____ is ____ engine check glowing when ____ ____ ____ faulty oxygen ____ ?
 ____ ____ engine ____ ____ ____ related to ____ failed O2 sensor.
 There ____ ____ ____ ____ ____ that the oxygen sensor has failed.
 ____ check engine ____ ____ ____ on because of an ____ sensor ____ .
 ____ check ____ light ____ ____ ____ because ____ an oxygen sensor problem.
 ____ engine alert could ____ a ____ ____ the ____ O2 sensor.
 ____ is a check ____ light ____ ____ oxygen sensor ____ .
 The check ____ ____ might go on ____ oxygen ____ ____ .

____ the ____ light; it could be ____ sensor ____.
 ____ check engine light ____ caused by ____ oxygen ____
 ____ what the reason is ____ my ____ engine light flashing when I ____ sensor.
 ____ engine ____ be activated ____ an oxygen ____ problem.
 ____ engine light tells me that ____ issue ____ the oxygen ____.
 There's a ____ light that ____ an ____ problem.
 There is a check engine ____ could ____ a ____ anoxxygen ____.
 There is ____ that ____ oxygen sensor is malfunctioning.
 ____ check ____ light ____ a sign ____ an oxyge-sensor ____.
 ____ is suggestive of ____ malfunction ____ the oxygen sensor.
 Why ____ the check ____ light ____ with the oxygen ____?
 ____ light is on ____ possible ____ of an ____ sensor.
 ____ that check engine ____ that ____ oxygen ____ is bad?
 ____ light suggests ____ oxygen sensor ____.
 ____ check engine ____ show a mess ____ oxygen ____.
 ____ engine light ____ be ____ a faulty oxygen sensor.
 ____ with ____ O2 ____ the ____ engine ____ to light up.
 ____ light says ____ an issue ____ the oxygen ____
 There could be ____ oxygen ____ would cause ____ check light ____ go ____.
 Check ____ is ____ because of ____ sensor problem?
 ____ is ____ failed oxygen sensor on ____ engine.
 Check ____ light is ____ of ____ sensor ____
 There is ____ engine ____ shows ____ of ____ oxygen sensor.
 ____ light is indicating ____ sensor ____.
 There is ____ check ____ light ____ oxygen sensor ____.
 ____ is that ____ light ____ about ____ oxygen sensor ____?
 ____ check engine light ____ wrong ____ my ____ sensor.
 What ____ that dadgum ____ show ____ with ____ oxygen sensor?
 Is the ____ engine ____ telling ____ the O2 ____ is ____?
 There ____ a ____ a oxy sen error.
 What is ____ the check engine light ____ for ____?
 Check ____ activated ____ an Oxygen sensor ____.
 Why ____ check engine ____ about an ____?
 The ____ light ____ an ____ failure ____ is caused ____ something.
 I don't ____ what the ____ light flashing ____ I have an ____ sensor
 ____ check engine ____ failure of the oxygen ____.
 ____ check ____ light ____ there is ____ oxygen sensor ____.
 ____ what's ____ my vehicle's ____ for the oxygen ____.
 ____ could ____ prompt the ____ to detect ____ oxygen sensor?
 The check engine ____ signalling ____ with the ____.
 The ____ engine ____ might come ____ to ____ problem with the ____.
 ____ be an ____ causing ____ check engine warning.
 There ____ engine light that ____ oxygen sensor.
 A check engine ____ indicate ____ oxygen sensor
 There ____ a ____ engine ____ that ____ sensor issue.
 A ____ light ____ mean ____ failure of an ____.
 Check ____ light is on ____ the ____ malfunctioning.
 ____ could be a check ____ for oxygen ____.
 There is a ____ engine ____ shows ____ sensor ____.
 ____ engine light telling ____ about ____ sensor malfunctioning?

_____ engine _____ an issue with the oxygen _____.
 _____ of _____ failed oxygen _____ has _____ engine light _____.
 There _____ check engine light that _____ an _____ sensor failure.
 A _____ engine light may be coming _____ of _____.
 _____ engine _____ triggered _____ an oxygen sensor problem.
 The check _____ light _____ indicative _____ sensor malfunction.
 There _____ be a _____ an oxygen sensor _____ a _____ engine _____ on.
 What leads to _____ light _____ oxygen _____ issue?
 _____ an issue _____ the oxygen sensor _____ light.
 _____ check engine _____ is a _____ with the oxygen _____.
 _____ light _____ failure _____ an oxygen sensor.
 An issue _____ the _____ lit _____ my check _____ right?
 _____ engine light _____ oxygen sensor failure, _____ does it _____?
 What _____ the _____ oxygen sensor failure on the check _____?
 _____ did the _____ engine _____ for _____ sensor failure?
 A _____ engine light _____ by _____ oxygen sensor.
 _____ why _____ engine light _____ an oxygen sensor problem.
 A _____ engine light might _____ the oxygen sensor.
 There is a _____ light which _____ the _____ of the _____.
 _____ engine-light _____ sensor isn't working.
 _____ a _____ engine _____ that says _____ oxygen sensor has _____.
 A check engine _____ of _____ sensor failure.
 A check engine _____ a _____ of _____ sensor _____
 _____ which might be a symptom of anoxygen _____ failure
 the _____ light is pointing _____ an _____ problem
 Which _____ the cause of _____ check engine _____ failure?
 Is _____ check _____ light related _____ oxygen _____?
 _____ check engine _____ may _____ a _____ of an _____ sensor _____
 There _____ a check engine _____ the failure of _____.
 _____ engine light indicates an _____?
 _____ could _____ a problem _____ an oxygen _____ indicates an engine _____.
 Is _____ possible for the check _____ indicator to _____ oxygen _____?
 _____ check _____ may be _____ a _____ oxygen sensor.
 _____ is the check engine _____ you about _____ sensor _____?
 _____ engine _____ signals a _____ the oxygen sensor.
 _____ check-engine _____ could _____ a result of _____ oxygen-sensor _____.
 The _____ may suggest the failure _____ oxygen _____.
 _____ is _____ check _____ light, _____ is _____ symptom of _____ failure.
 What is _____ with _____ light _____ oxygen sensor?
 Why is _____ check _____ light _____ about the _____?
 _____ engine _____ came on for _____ issue.
 The _____ engine _____ be related _____ the failure of _____.
 _____ a faulty O2 sensor.
 _____ a check engine light that _____ sensor _____.
 _____ engine light _____ by an oxygen _____ fault?
 _____ light _____ the check _____ light indicates _____ the _____ sensor.
 _____ is the check _____ by _____ sensor fault?
 _____ engine light _____ be _____ to _____ failure of the _____.
 _____ check engine light _____ be _____ symptom _____ anoxygen _____ failure
 _____ could the check _____ detect _____ faulty oxygen _____?

_____ possible that the _____ engine _____ be _____ by _____ oxygen sensors?
 _____ check engine _____ could _____ symptom _____ oxygen sensor malfunction.
 _____ check _____ might be _____ by _____ oxygen _____ failure.
 That check _____ is _____ sensor.
 _____ engine light due _____ oxygen sensor problem?
 Rationale for _____ light to indicate _____ sensor _____?
 _____ the engine _____ going _____ for an _____ sensor _____?
 _____ check engine _____ be _____ by _____ oxygen _____ failure.
 _____ engine _____ suggests an _____ with the _____ sensor.
 _____ check _____ light _____ be coming _____ because _____ oxygen sensor _____.
 It's _____ that the _____ is _____ to _____ failure
 Why did _____ light say _____ about _____ sensor?
 Why _____ the check _____ light _____ with the _____ sensors?
 The check _____ on _____ of _____ Oxygen _____ problem.
 The _____ light may _____ caused by a _____.
 _____ check _____ indicative of _____ oxygen sensor problem.
 The _____ sensor _____ could _____ the reason _____ engine light _____.
 _____ the reason _____ engine light indicates an oxygen sensor _____?
 What _____ dadgum _____ light to _____ a _____ with my _____ sensor?
 Check _____ light is _____ Oxygen sensor is _____?
 _____ is an oxygen _____ check engine light.
 Is the _____ engine _____ a symptom _____ oxygen _____?
 a check engine light is _____ failure
 _____ the check engine _____ a _____ the oxygen _____?
 _____ causing _____ light to signify _____ sensor failure?
 _____ check engine light may signify _____ sensor.
 The _____ light says _____ sensor failure.
 A _____ engine _____ could _____ the failure of _____.
 _____ check _____ detect a faulty _____ sensor.
 What _____ be the _____ check _____ light indicating _____ sensor failure?
 Why does _____ light _____ mess _____ my oxygen sensor?
 _____ is _____ engine light _____ to _____ oxygen _____ issue.
 _____ sensor _____ be to _____ for _____ light showing.
 _____ a problem _____ sensor _____ indicates an engine light will _____ on.
 _____ check engine _____ sensor failure.
 The light on _____ be due _____ oxygen _____ failure.
 _____ is a check _____ light _____ sensor fault.
 A check _____ might _____ symptom of _____ sensor failure.
 Could _____ to the _____ failure?
 Why _____ check engine _____ bring up _____ issue _____ sensor?
 _____ light _____ on _____ a possible failed oxygen _____
 The check engine _____ to indicate _____ malfunctioning _____.
 _____ light indicates a _____ an oxygen sensor.
 _____ the check engine indicator tell _____ a faulty _____?
 How _____ the _____ engine _____ triggered by an _____ failure?
 The _____ engine light _____ to detect a _____ sensor.
 _____ was _____ issue with _____ O2 sensor _____ the _____ light to _____ up.
 How _____ on _____ is caused by a _____ oxygen sensor?
 The _____ indicates an _____ with the oxygen _____
 _____ check _____ might come on if the oxygen _____ malfunctioning.

____ could happen ____ the ____ engine ____ detected a faulty ____ ?
 ____ could ____ factor making ____ O2 sensor ____ a check engine alert.
 What ____ that the ____ indicates an oxygen sensor ____ ?
 Is it ____ the check engine ____ would ____ a ____ ?
 ____ check engine light could ____ of an oxygen ____ .
 Rationale ____ oxygen sensor malfunction ____ engine light?
 ____ engine ____ me about an oxygen sensor?
 ____ check engine light says there ____ issue with ____ .
 ____ on could ____ problem with the oxygen sensor.
 Is there a ____ a failed ____ sensor ____ engine ____ ?
 There is ____ engine light ____ might ____ failure of the ____ .
 My ____ engine ____ says that the ____ malfunctioning.
 The check engine ____ a ____ with the oxygen ____ .
 ____ engine light is ____ for ____ oxygen ____ .
 There is ____ engine check where ____ malfunctioning ____ sensor.
 Is the ____ showing due ____ sensor ____ ?
 ____ check ____ light might possibly ____ triggered ____ a faulty ____ .
 Can ____ the check ____ an oxygen sensor problem?
 There is ____ engine ____ indicates an ____ failing.
 The check ____ light ____ to do ____ a ____ sensor.
 ____ check ____ light ____ be coming on ____ to ____ sensor ____ .
 ____ the check engine ____ for an ____ sensor ____ ?
 ____ a faulty oxygen sensor ____ the ____ check ____ .
 What ____ be, ____ oxygen ____ failure?
 ____ light can ____ triggered ____ detect a faulty oxygen ____ .
 There is ____ light which ____ the ____ of the oxygen ____ .
 ____ a check ____ that points to the ____ problem.
 ____ is ____ oxygen ____ causes a check engine ____ .
 ____ might have caused the ____ of ____ ?
 The ____ engine ____ an oxygen sensor failure.
 What could ____ check engine light indicates ____ failure.
 Could ____ because ____ oxygen ____ failure?
 ____ the check ____ warning linked to ____ sensor ____ ?
 ____ a possibility ____ a ____ oxygen ____
 ____ check ____ light ____ an oxygen ____
 ____ it be possible ____ engine indication ____ be caused ____ oxygen ____ ?
 ____ check ____ be a ____ the oxygen ____ is broken.
 ____ engine light ____ because ____ faulty oxygen sensor.
 ____ check ____ light ____ the failure of the ____ .
 ____ a ____ engine ____ tells you the oxygen ____ malfunctioning.
 ____ triggering the ____ warning due to ____ breakdown?
 ____ engine ____ be ____ to ____ sensor failure.
 There ____ check engine light ____ says there ____ oxygen ____ .
 ____ can the ____ engine light tell ____ a faulty ____ ?
 The ____ be ____ sign ____ the failure of the oxygen ____ .
 There is ____ points to a faulty ____ .
 There ____ a problem ____ an ____ that ____ a ____ engine light.
 There is a ____ that could ____ sign of ____ sensor ____ .
 ____ light ____ come on due to ____ oxygen ____ problem.
 A ____ engine ____ an ____ sensor ____ .

_____ show the failure of _____ oxygen sensor.

_____ is a check engine _____ a _____ sensor _____.

_____ check _____ caused by _____ faulty oxygen sensor?

Why _____ when the oxygen sensor _____ faulty?

_____ engine light indicates _____ sensor _____ is _____ that's making _____ turn on?

There might _____ problem _____ oxygen _____ a check engine light _____ on.

A _____ an oxygen sensor _____ engine light will come _____.

The engine _____ the _____ off _____ game.

A _____ light is _____ of _____ problem _____ an oxygen _____.

_____ light is _____ due _____ an Oxygen sensor _____.

_____ light may be _____ to an oxygen _____.

What _____ the _____ the _____ light _____ oxygen sensor failure?

The check _____ be _____ symptom of _____ oxyge-sensor _____.

_____ check _____ light is _____ malfunctioning oxygen sensor.

A check _____ might _____ by _____ with an oxygen _____.

Could it _____ the _____ light _____ showing because _____ oxygen _____ failure?

_____ problem with _____ oxygen sensor might _____ a _____ will come _____.

_____ the _____ engine _____ going _____ for an _____ sensor?

Why _____ check engine light _____ an oxygen _____?

_____ is a check _____ light that _____ an _____.

_____ check _____ might _____ due to an oxygen _____ problem.

_____ does the check _____ light _____ with the _____?

_____ did _____ warning on _____ dashboard _____ a _____ oxygen sensor?

I don't _____ what's _____ check engine light _____ have an oxygen _____

There is _____ check _____ that indicates _____ of oxygen _____.

Is it _____ that _____ due to an oxygen _____?

_____ light seems _____ indicate _____ oxygen sensor problem.

The _____ light may _____ of oxygen sensor failure.

It is possible _____ engine check light could _____ for _____.

_____ check _____ pointing towards an oxygen _____ issue.

_____ something _____ oxygen sensor _____?

_____ engine _____ that shows oxygen sensor failure.

_____ check _____ that _____ oxygen sensor is malfunctioning.

_____ something _____ triggering _____ engine warning _____ of an oxygen-senor _____?

_____ with the oxygen _____ is _____ my check engine _____.

Could _____ engine light be _____ to _____ of _____ oxygen _____?

_____ engine indicator _____ the O2 _____ is faulty.

There is an _____ with the _____ sensor, _____?

_____ engine light may _____ by _____ with the _____ sensor.

_____ check _____ light is lit up _____ to _____ issue _____ sensor.

The _____ by a faulty oxygen sensor _____?

The _____ engine _____ signifying the _____ oxygen sensor.

The check engine _____ sensor.

_____ engine _____ be _____ by a problem _____ the _____ sensor.

_____ engine light could be on _____ a _____.

_____ was triggered by _____ faulty oxygen sensor

_____ it _____ that _____ engine light _____ because _____ sensor failure?

What is _____ reason _____ check _____ indicator _____ indicate _____ faulty O2 _____?

_____ light is possible _____ a problem _____ the oxygen _____.

A check _____ alert _____ be _____ result of _____ O2 _____.

What is the _____ of the _____ engine _____ issue?

Why _____ check _____ light show an _____ failure?

_____ problem with _____ oxygen sensor might cause _____ check _____ on.

Check _____ may _____ malfunctioning _____ an _____ sensor problem.

_____ check _____ light might _____ of the oxygen _____.

_____ the _____ light _____ something about the oxygen _____?

_____ you tell me _____ is _____ oxygen sensor _____?

_____ check engine _____ says _____ issue _____ the Oxygen sensor.

_____ it because _____ with the oxygen sensor?

Could an _____ the reason for _____ check-engine _____?

_____ could be the issue with the check _____ failure?

What _____ check _____ light flash _____ an oxygen _____ problem?

What is _____ failure _____ the _____ engine light up?

Could this be _____ of _____?

What causes _____ indicator to _____ malfunctioning O2 _____?

_____ light points to _____ oxygen _____ failure.

_____ check engine _____ indicating _____ with the _____ sensor

_____ check engine _____ be linked to _____ errors.

There is an engine _____ could _____ to _____ failure.

Why _____ there _____ engine _____ for _____ oxygen sensor _____?

_____ check engine light _____ the _____ of _____ oxygen _____.

What's the _____ the _____ engine _____ oxygen sensor failure.

The _____ can be triggered _____ faulty _____ sensor.

The check _____ indicate _____ oxygen sensor _____ malfunctioning.

_____ check engine light _____ off for _____ sensor _____.

_____ the reason is _____ my check engine light flashing _____ have _____ oxygen _____.

There _____ a check engine light _____ to anoxxygen _____.

The _____ on the check _____ oxygen _____ failure.

_____ failure could be _____ check engine light.

The check engine light means that _____.

Is the _____ because of an _____ failure?

_____ light _____ an _____ sensor issue.

_____ is a check _____ indicator _____ indicates a _____.

Rationale for a _____ show an _____ sensor _____?

Why _____ that check _____ about an oxygen _____?

The _____ indicated _____ issue _____ the oxygen sensor.

There is a check _____ shows _____ the oxygen _____.

There is a check engine _____ malfunction.

_____ check engine _____ shows a _____ my oxygen _____?

_____ a check engine light _____ mean _____ sensor has failed.

_____ a check engine _____ there is _____ oxygen _____ malfunctioning?

Anoxxygen sensor _____ be _____ for the _____ light.

_____ idea why the _____ check glow _____ to _____ oxygen sensor.

The _____ engine _____ an issue _____ the _____ sensor

_____ is a check engine _____ that _____ signify the _____ sensor

_____ check engine light _____ of _____ with an oxygen sensor.

Do you know _____ check engine light _____ is _____?

_____ engine light _____ there's an _____ failure.

_____ engine light could _____ detect a faulty _____.

A check _____ can _____ symptom _____ an _____ sensor failure.

____ is ____ oxygen sensor ____ in the check ____ ____ .
 ____ check ____ light is ____ due to a ____ with ____ ____ .
 There ____ a ____ engine indicator ____ an ____ malfunctioning.
 ____ does the ____ engine indicator show ____ ____ sensor?
 The check ____ light comes on ____ of ____ ____ oxygen ____ .
 The check ____ indicates ____ ____ malfunction.
 ____ a ____ engine light ____ says an issue ____ the ____ .
 A ____ engine ____ coming ____ might ____ caused ____ ____ sensor problem.
 What ____ ____ the check engine ____ to ____ a faulty ____ ____ ?
 ____ check engine ____ for ____ ____ sensor fault.
 ____ check engine light ____ an oxygen ____ ____ is ____ .
 The ____ light ____ possibility of a ____ oxygen ____ .
 A check ____ indicates ____ issue ____ the ____ sensor
 The check engine light ____ the ____ sensor ____ .
 There is ____ engine ____ that ____ be a ____ oxygen ____ .
 The ____ ____ to ____ faulty Oxygen sensor.
 Is ____ possible ____ failed O2 ____ is ____ cause of ____ check ____ ____ ?
 There's ____ with ____ that causes ____ engine light ____ light up.
 The check ____ indicator ____ faulty ____ sensor.
 An ____ the ____ is what the check engine ____ ____ .
 ____ engine light ____ activated ____ a ____ with ____ ____ sensor.
 ____ check engine ____ shows the ____ ____ oxygen sensor.
 ____ did the check engine ____ for an ____ ____ ?
 ____ check ____ light is triggered by ____ ____ sensor.
 What ____ the ____ sensor failure that causes ____ check ____ ____ light ____ ?
 For an ____ issue, what's ____ engine ____ ?
 ____ engine light ____ be ____ of ____ ____ sensor failure.
 ____ check engine light ____ be ____ ____ oxygen sensor.
 ____ might ____ causing the ____ ____ in my car.
 There is ____ engine light which ____ a ____ of an oxygen ____ ____
 What makes the ____ check ____ ____ a ____ with my ____ ____ ?
 The ____ engine ____ a problem ____ oxygen sensor.
 ____ the check ____ indication ____ be caused by ____ ____ sensors?
 ____ check engine ____ be a ____ an Oxygen ____ .
 ____ issue with the oxygen ____ ____ check engine ____ tells ____ .
 What ____ cause ____ engine light to illuminate ____ ____ sensor?
 There ____ the oxygen ____ that ____ the check ____ light will come ____ .
 ____ is ____ engine light indicating the ____ sensor ____ ____ .
 ____ a check engine light ____ ____ fault.
 Is ____ check ____ symptom of ____ oxygen sensor ____ ?
 ____ check engine light might ____ ____ malfunction.
 There's a ____ engine ____ that says there's ____ ____ .
 ____ light coming on ____ be ____ by ____ problem ____ oxygen sensor.
 ____ engine ____ linked ____ sensor errors?
 I don't ____ is ____ my ____ engine light ____ flash ____ I ____ ____ sensor.
 The ____ light might be ____ symptom ____ an oxygen ____ ____ .
 ____ check ____ light shows that ____ an ____ failure.
 Why is ____ engine light flashing ____ an ____ ____ ?
 ____ failing oxygen sensor ____ the check ____ ____ .
 ____ could be ____ for the ____ light ____ an oxygen sensor ____ ?

A check _____ light _____ oxygen sensor problem.

The _____ engine _____ is _____ to an oxygen _____.

The _____ engine light has an oxygen _____.

There _____ indicator that _____ an _____ sensor malfunctioning.

_____ check _____ light _____ is a _____ with the _____ sensors.

_____ problem with _____ oxygen sensor _____ check engine _____.

_____ something _____ the _____ sensor to _____?

_____ check engine light may be _____ of _____.

Why _____ that _____ light telling _____ that _____ is failing?

_____ it _____ that the check _____ due to _____ breakdown?

Why is _____ check _____ when _____ oxygen _____ fails?

There _____ a _____ engine _____ oxygen sensor problem.

An oxygen _____ failure is a _____ symptom of _____.

What _____ be _____ reason for _____ oxygen _____?

There _____ a check _____ light _____ Oxygen sensor _____.

_____ check engine light _____ is an _____ the oxygen _____.

_____ could the problem _____ engine _____ shows _____ oxygen _____ failure?

_____ check engine _____ tells _____ oxygen sensor _____ malfunctioning.

What could _____ the _____ engine _____ indicating oxygen _____ failure?

_____ a check engine _____ to _____ problem with _____ oxygen sensor.

_____ is a _____ which _____ that the oxygen sensor _____.

There is a check engine _____ which _____ of _____

_____ light could _____ oxygen sensor failure.

_____ is a _____ problem with an oxygen sensor _____ a _____.

_____ check _____ says something is _____ oxygen sensor.

_____ possible the check _____ indication is caused _____ the _____?

Is _____ failed O2 _____ reasons _____ a check engine _____?

_____ cause the check _____ light _____ indicate _____ oxygen _____ failure?

_____ could have _____ indicate an oxygen sensor failure?

The check engine light appears _____ symptom of _____.

_____ check engine warning could _____ related _____ oxygen-sensor _____.

It _____ be _____ the engine check light goes _____ of _____.

I don't know _____ my _____ to flash when _____ have _____ oxygen _____.

What could _____ check engine _____ to _____ a _____ sensor?

_____ light _____ triggering an _____ the oxygen sensor.

There _____ check engine _____ that points _____ a problem _____ oxygen _____.

The _____ engine _____ says that the _____ is _____.

_____ check engine light _____ be _____ by _____ with _____ oxygen _____.

The check _____ might _____ by a _____ sensor.

_____ is an _____ problem _____ the check _____ points to.

_____ check engine _____ come _____ of a _____ with _____ oxygen sensor.

The check engine _____ possibly a _____ sensor _____.

The check _____ light _____ be coming _____ of _____ oxygen _____.

_____ is _____ check engine _____ points _____ an oxygen _____ malfunctioning.

There _____ check engine _____ that may _____ an oxygen _____.

A check engine light _____ a _____ failure.

What _____ the reason for the _____ engine indicator _____ a _____?

Why is _____ engine _____ saying _____ oxygen _____ is _____?

_____ failure could be _____ reason _____ the _____ showing.

The check engine light _____ due _____ a problem _____.

Is _____ that the signal _____ is _____ O2 sensors?

_____ a check engine light indicating _____ with the _____.

_____ a _____ which indicates the failure of an _____.

_____ a check _____ that is causing an oxygen _____.

_____ engine _____ has _____ issue with the _____ sensor.

What _____ the _____ be _____ engine light indicated _____ sensor failure?

My _____ light suggests _____ issue _____ oxygen sensor.

The check _____ light _____ with the oxygen _____.

My check _____ says _____ issue with _____ sensor

_____ check engine _____ that means the _____ sensor _____ not _____.

_____ is the _____ sensor _____ causing _____ light?

Check engine _____ indicating _____.

_____ is a _____ that indicates an _____ Failure.

So why _____ check _____ an oxygen sensor?

_____ check _____ that the oxygen sensor was malfunctioning?

_____ that's causing _____ oxygen sensor _____?

_____ is making that _____ light _____ an _____ sensor?

_____ engine _____ sensor malfunction.

_____ may _____ on _____ an oxygen sensor malfunction.

_____ wondering what is _____ my _____ oxygen sensor _____.

There _____ problem _____ the _____ that indicates a _____ light will _____ on.

The check _____ an O2 _____.

The check engine _____ that _____ oxygen _____ is _____.

Do you _____ check engine light indicates a _____ with _____?

There _____ a _____ light that points _____ issue _____ the _____ sensor.

_____ this _____ the check engine _____ an oxygen sensor _____?

_____ check engine _____ indicate oxygen _____ failure.

What _____ be _____ the oxygen sensor?

The _____ engine _____ is telling you that _____ oxygen _____.

Is it _____ the _____ engine indication _____ by _____ oxygen _____?

There's a _____ engine _____ says _____ is _____ failure.

An oxygen _____ be _____ cause _____ the _____ engine light.

_____ is a check engine _____ that tells _____ there _____ oxygen _____.

Is _____ a problem _____ the _____ in the _____ engine _____?

A _____ light may _____ a _____ the oxygen sensor _____.

_____ problem _____ an oxygen sensor _____ indicate _____ engine _____.

_____ could _____ check engine _____ look for _____ faulty oxygen _____?

Is _____ of oxygen sensor _____ that _____ engine _____ is _____?

_____ the _____ of the check _____ light indicating oxygen _____?

_____ engine light _____ an _____ with _____ oxygen sensor

Why _____ the _____ engine _____ telling _____ about _____ oxygen sensor?

_____ the engine _____ be _____ result _____ oxygen sensor _____?

A check _____ light is _____ problem with _____ oxygen _____.

There might be a _____ with the _____ that indicates the _____.

_____ is the check _____ light flashing _____ the _____?

The _____ light pointed to an _____.

_____ check engine light _____ shows the _____ of the _____.

A check _____ light might _____ an _____ problem.

Why does _____ check engine light _____ about _____?

There _____ a check _____ Oxygen Sensor _____.

_____ check engine _____ that can _____ faulty oxygen sensor
 The _____ be indicating a _____ with _____ oxygen sensor.
 There _____ a check engine _____ of an oxygen sensor _____.
 _____ check _____ shows _____ oxygen _____ failure, what's it?
 _____ be the cause _____ the malfunction of _____?
 There _____ question _____ to why the _____ check _____ points _____ a _____ oxygen _____.
 A _____ light may signify _____ an _____ sensor.
 There _____ engine _____ that suggests _____ failure _____ the _____ sensor.
 The _____ light _____ be _____ symptom of _____ oxygen _____ failure.
 _____ engine light _____ be _____ oxygen sensor failure _____.
 _____ is a _____ engine light _____ an _____ failure.
 The _____ engine light _____ of the _____.
 _____ on the engine _____ could be for _____ malfunctioning _____.
 What's making _____ check _____ for _____ oxygen _____ malfunction?
 Engine _____ showing, could it _____ due to _____?
