

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Airbag malfunctioning notifications
Inquiry Sub-Category	Airbag system error messages
Description	Customers relay error messages displayed on their vehicles relating to the airbag system, seeking clarifications and assistance with troubleshooting and resolving the issue.
Data Size	7,642 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

____ is my vehicle ____ constant ____ Side ____ Circuit ____ Resistance?
 Why is ____ in the driver ____ bag?
 ____ is always a high ____ in ____ air ____ circuit in ____.
 How ____ my car ____ high-resistance ____ side ____ circuit?
 Why is it ____ the ____ is always ____?
 ____ causes the high ____ driver side ____ bag?
 ____ that driver ____ air bags ____ high ____ are always ____?
 ____ the vehicle have ____ the ____ air bag circuit?
 Why does ____ junker ____ flashing ____ High ____ code ____ Driver ____ Air ____ Circuit.
 I'm ____ why ____ car ____ high resistance in the ____ side ____.
 ____ my ____ driver-side ____ bag wiring consistently ____ resistance?
 The ____ air bag ____ high ____ Resistivity.
 ____ do I see a ____ Driver ____ Circuit ____ my vehicle?
 ____ want to ____ my car's driver-side air bag ____ is ____.
 Why does my driver side air ____?
 Why do my ____ resistance in ____ air ____?
 ____ the cause of my ____ bag ____ resistance?
 ____ display an air bag ____?
 ____ my vehicle ____ a ____ air bag circuit?
 ____ a ____ occurrence of excessive resistance in ____ driver's-side ____.
 Is ____ my ____ resistance ____ the air bag circuit?
 ____ vehicle ____ in the air ____ circuit, why?
 ____ the cause ____ the high ____ my ____ driver-side ____ bag circuit?
 Why ____ my junker keep ____ a high resistance ____ the ____ circuit?
 ____ is ____ car ____ a ____ the driver ____ bag circuit?
 Why does my ____ the ____ side air bag?
 ____ you ____ why ____ is showing ____ driver side air ____?
 The ____ air ____ shows a high resistance behind _____.

Why _____ high resistance driver side air _____?

_____ vehicle _____ bag circuits that exhibit _____ resistance.

_____ idea why the _____ side _____ resistance?

Why does my car _____ bag?

_____ be _____ my _____ side air bag _____ to always _____ high _____?

_____ was wondering why _____ keeps indicating a _____ with _____ driver _____ air _____.

_____ bag circuitry on _____ vehicle _____ high resistance.

_____ a recurring occurrence _____ excessive _____ in _____ driver-side air _____.

Why is _____ vehicle displaying a _____ circuit?

I'm having _____ with _____ driver side bag.

My car shows high _____ the _____ bag.

There is _____ recurring occurrence _____ resistance in my _____ air _____.

What _____ be causing _____ high _____ in _____ driver-side _____ circuit?

I _____ to _____ it _____ my _____ high resistance in the _____ side air _____ circuit.

_____ experiencing _____ issues with my _____ driver side _____.

Why _____ auto _____ showing raised _____ its driver _____ air _____ wiring?

What could _____ high resistance in _____ bag _____ my _____?

_____ bag _____ displayed all the time _____ my car.

_____ makes _____ side _____ bag circuit have high _____?

_____ shows excessive _____ the driver-side air bag _____.

What _____ the high resistance in _____ circuit?

How come my _____ a _____ problem with _____ driver's _____?

_____ air _____ circuit has _____ consistently _____ in resistivity.

What _____ of an _____ air bag circuit?

What causes my _____ high _____ in _____ driver's side _____?

I am _____ driver side air bag _____ high _____ error message _____.

_____ vehicle has a _____ air bag circuit _____.

Why _____ the driver side _____ bag _____ in _____?

When _____ m'am ride _____ the _____ side _____ bag circuit _____ nonstop, _____ mean?

Has _____ for the high _____ in _____ driver-side _____?

_____ could _____ the _____ issue with _____ air bag?

Why is _____ bag circuit high resistance displayed _____?

Why do I get a Driver _____ Bag _____ High Resistance _____?

_____ know what causes the high _____ in _____ air _____ circuit.

_____ my car to _____ high _____ in the _____?

I _____ wondering why _____ vehicle keeps _____ a _____ the _____ bag circuit.

I want to _____ why _____ car _____ a _____ resistance _____ bag _____.

_____ want _____ know _____ keeps signaling _____ problem with the _____ side _____ circuit.

_____ be _____ the driver's side air bag _____ signal high _____?

I am _____ Driver _____ Air _____ Circuit High _____ message in _____ vehicle.

_____ side air _____ have a high electrical resistance?

Why _____ my car _____ high _____ air _____ circuitry?

the _____ side _____ bag _____ high _____

There is _____ Side _____ Bag _____ high resistance on _____.

_____ causing _____ car _____ with _____ driver's air bag circuit _____ high _____?

What _____ the _____ of _____ high-resistance issue in _____ driver _____?

Why does _____ vehicle show _____ resistance _____ the _____ airbag _____?

Why does _____ resistance _____ the driver-side system?

I have _____ car _____ a _____ the air bag _____.

Can you _____ my _____ tells _____ Side Air _____ Circuit high _____?

____ do ____ vehicle show ____ resistance in the driver-side ____ ____ ?
 ____ displaying ____ Driver Side Air Bag Circuit high ____ the ____ .
 ____ has a driver side air ____ resistance.
 Why ____ I see ____ vehicle ____ resistance in ____ air bag ____ ?
 ____ you know why ____ showing ____ problem ____ the air bag ____ ?
 The driver ____ air ____ circuit is ____ my car.
 ____ side ____ circuit high resistance is ____ in ____ car.
 ____ on with my ____ Bag ____ High Resistance display?
 What ____ it mean when m'am ____ Driver Side ____ Circuit ____ nonstop?
 What could be ____ of my ____ driver-side airbag ____ ?
 Why ____ I see ____ driver ____ air ____ high ____ on ____ vehicle?
 ____ me why ____ vehicle keeps signaling ____ the ____ bag circuit?
 Why ____ vehicle showing high ____ of resistance ____ side airbag ____ ?
 There ____ high resistance on the ____ bag.
 ____ does my car's ____ airbag ____ high resistance?
 ____ my ____ showing constant ____ air bag circuit high ____ ?
 ____ am ____ a Driver ____ error message in my automobile.
 ____ driver side ____ seems ____ high resistance.
 ____ do my ____ resistance ____ the driver side ____ ?
 The ____ high ____ causing my car to display a continuous ____ .
 ____ having ____ with my car's driver ____ airbags?
 ____ don't know what's ____ with ____ that message about ____ driver ____ air bag resistance.
 Can ____ me ____ it ____ when my ____ shows ____ in ____ air bags?
 ____ am wondering ____ my auto ____ on its ____ air bag wiring.
 How does an ____ driver-side air ____ consistently ____ ?
 Is it because ____ displays raised electrical ____ on ____ air bag ____ ?
 ____ display resistance in the air bag ____ ?
 I want to ____ my ____ displays ____ driver ____ air bag ____ .
 Is there ____ for ____ excessive ____ my car's driver-side ____ ?
 ____ you tell ____ reason ____ has ____ driver ____ air bag circuit?
 What ____ cause of ____ excessive resistance ____ the driver-side airbag ____ ?
 I'm ____ high-resistance ____ my ____ driver side air ____ .
 ____ does ____ driver ____ air ____ circuit ____ so much?
 ____ air ____ circuit is showing ____ resistance and it is ____ my car ____ continuous ____ .
 ____ you tell ____ it means when ____ high resistance in the ____ bag ____ ?
 What ____ the high ____ side ____ bag circuit?
 ____ have ____ air bag with high resistance?
 Why does my ____ safety circuit display ____ ?
 Why ____ my ____ resistance in ____ side-air-bag?
 ____ come my vehicle's ____ problem ____ air bag?
 Is there ____ for my ____ circuit to display high ____ ?
 ____ is ____ Airbag always ____ resistance?
 ____ is my ____ driver side ____ bag ____ high ____ ?
 Why does ____ have ____ the side ____ bag?
 ____ my ____ show ____ electrical ____ on ____ driver side air ____ wiring?
 What is causing ____ air ____ to ____ show ____ ?
 ____ help me ____ out what ____ vehicle shows ____ resistance in the air ____ circuit?
 Can you tell ____ my car ____ showing a persistent ____ circuit?
 Why ____ my car ____ driver ____ bag ____ has high ____ ?
 ____ am I ____ persistent high resistance in the ____ air ____ ?

The driver's ____ of ____ car ____ a ____ ____ ____ high resistance.
 Why ____ ____ car saying a ____ high ____ in ____ air ____ ____?
 What ____ ____ ____ of my car's driver ____ airbag ____?
 ____ ____ me ____ ____ vehicle keeps showing a ____ ____ the air ____ circuit?
 Why is ____ ____ side air bag ____ ____ resistance ____ ____ vehicle?
 What ____ going on ____ my ____ ____ displays ____ ____ Side ____ Bag ____ High Resistance?
 Why ____ my cars show ____ resistance ____ ____ ____ air ____ circuit?
 Can ____ ____ the driver ____ air bag circuit ____ signalling ____ ____?
 ____ causes the ____ resistance ____ the air bag ____ ____ my ____?
 ____ ____ ____ to ____ why ____ car ____ a driver side air ____ circuit high ____?
 ____ ____ ____ going on with ____ car ____ always displays ____ message about the driver side ____ ____ ____.
 ____ don't know ____ my ____ driver-side ____ bag ____ ____ high resistance.
 ____ do ____ vehicle's problems ____ elevated resistance in ____ driver's ____ ____?
 ____ ____ my ____ ____ bag wiring have ____ resistance signals?
 ____ is causing ____ ____ ____ my ____ driver-side safety system?
 What causes ____ ____ driver side Airbag ____ ____ ____ high ____?
 Can ____ tell me why ____ car ____ ____ a ____ with the driver ____ ____ ____?
 ____ behind my ____ that's always ____ a high resistance ____ ____ ____ bag ____?
 My vehicle ____ ____ constant driver ____ air bag ____ ____ ____
 ____ ____ vehicle constantly ____ ____ ____ the driver-side air bag system?
 ____ car is showing ____ ____ ____ ____ circuit.
 ____ does my car show high ____ ____ ____ ____ circuit.
 I ____ ____ ____ my ____ is showing ____ high resistance in ____ ____ bag circuit.
 Driver ____ air ____ ____ constant high ____.
 ____ ____ my vehicle showing a ____ ____ ____ ____ circuit with ____ resistance?
 What ____ the driver-side ____ bag ____ ____ ____ high in ____?
 There's ____ recurring ____ of ____ ____ in ____ ____ driver-side air bag ____.
 ____ explain ____ ____ keeps indicating a problem ____ the driver side air ____ ____?
 I have ____ ____ that ____ indicating the ____ ____ Circuit ____ ____ error.
 ____ causes ____ ongoing ____ ____ bag ____ ____ be high in resistivity?
 ____ my ____ ____ problems ____ elevated resistance in ____ driver's ____ connection?
 ____ it about ____ ____ ____ bag ____ high resistance that ____ it so?
 ____ vehicle ____ driver ____ ____ bags with high ____.
 ____ want ____ ____ my car ____ saying a ____ with ____ driver side ____ ____ circuit.
 My ____ ____ a constant Driver ____ Air ____ Circuit ____ ____.
 What ____ ____ ____ side circuit ____ have ____ persistent ____ issue?
 Can ____ help me ____ what it ____ ____ my ____ ____ resistance in the ____ side ____ ____ circuit?
 What ____ ____ ____ driver-side air ____ circuit showing ____ resistivity?
 ____ is a constant Driver ____ ____ ____ Circuit ____ resistance ____ my ____.
 What ____ ____ cause of ____ ____ excessive ____ in the driver-side ____ ____?
 My ____ ____ ____ steady high-resistance driver ____ air bag ____.
 ____ could be ____ a ____ high-resistance ____ with ____ air ____?
 ____ my car ____ ____ resistance in the ____ ____ air-bag?
 My car is showing ____ ____ ____ ____ the driver side ____ ____?
 How come ____ ____ ____ a ____ ____ ____ driver side air bag circuit?
 ____ driver-side ____ bag circuit ____ ____ ____ resistivity.
 Why do my ____ problems ____ ____ resistance ____ ____ driver's safety ____?
 ____ ____ my vehicle ____ excessive ____ in the driver's ____ ____ bag?
 ____ ____ always a ____ ____ ____ the driver's side ____ ____ ____ behind my car.
 ____ is ____ cause of the ____ resistance ____ my ____ ____ airbag ____?

Why ____ my ____ driver side ____ bag ____?

____ resistance of my ____ driver-side air bag?

When my ____ shows ____ in ____ driver ____ air bag ____ you help me ____?

Why ____ my ____ excessive ____ in ____ air bag?

____ a ____ excessive resistance in ____ driver's side air ____ circuitry.

Why ____ I see raised ____ impedance on ____ side ____ wiring?

Why ____ my ____ keep showing this high ____ the driver ____ bag ____?

When my vehicle shows high ____ the driver's side ____ me ____ that means?

____ insights on ____ high resistance ____ my vehicle keeps indicating?

____ tell ____ my car's ____ bag wiring ____ showing ____ resistance?

____ stupid car ____ me ____ this 'Driver Side ____ Bag ____ what ____ going on?

Why ____ car ____ Bag Circuit High Resistance all ____ time.

There's an ongoing ____ bag ____ that ____ high ____.

Is it a ____ with ____ driver ____ air ____ vehicle keeps ____?

____ you ____ vehicle keeps ____ a problem with ____ bag circuit?

I ____ question about why my ____ driver ____ air bag ____.

Why is ____ always ____ driver's airbag ____?

What's happening ____ my ride keepin' ____ side ____ circuit?

There ____ occurrence of excessive resistance in ____ airbags.

____ high-resistance ____ side ____ is displayed on ____ car.

I want ____ the reason behind my ____ air bag circuit.

Why do my vehicle's ____ include elevated resistance ____?

What ____ behind my ____ that ____ resistance ____ side ____ bag circuit?

____ behind my car that ____ showing ____ resistance in ____ bag ____?

Why does ____ driver-side ____ bag ____ have ____ resistivity?

____ been getting ____ air ____ circuit ____ resistance error ____ in my car.

My stupid car keeps ____ this 'driver ____ bag ____ what's up ____ that?

____ resistance in my air ____ circuit is ____.

Why ____ car ____ a high-resistance signal ____ driver side?

____ a ____ occurrence ____ in my car's ____ Airbag circuitry.

____ bag circuit is showing ____ resistance, what ____ causing my car to ____?

Can you tell ____ my car is indicating ____ resistance ____ air ____?

____ does ____ car have ____ resistance in ____ air ____?

Do ____ know ____ car indicates a driver side ____ bag ____?

____ shows the ____ Side Air Bag ____ High Res.' ____.

____ bag circuit ____ resistance is ____ in my car all the ____.

____ my auto continually ____ electrical impedance ____ its ____ wiring?

Is the ____ air bag ____ something?

Why do I ____ seeing high ____ in ____ air ____?

____ a recurring ____ my car's driver's side air bag.

____ come ____ car ____ Side Air Bag ____ High ____ all the time?

____ know what's going on with my ____ message about the ____ side air ____.

There ____ a ____ excessive ____ in my car's ____ air ____ circuit.

Why ____ junker ____ flashing the High Resistance ____ driver side air ____?

Do ____ it means when ____ ride keeps ____ Driver ____ Bag ____ Resistance nonstop?

____ the high resistance of ____ vehicle's ____ air ____?

Why ____ my ____ its driver side air bag wiring?

____ driver's ____ circuit high restraint ____ always displayed on my ____.

____ is my vehicle showing ____ with the ____ bag ____?

Is it ____ car displays a ____ Circuit ____ Resistance all ____ time?

Why ____ the ____ show high ____ in ____ air ____?

____ you ____ for the high ____ in my driver ____?

I want ____ why ____ car is displaying ____ resistance ____ bag ____.

____ a high resistance in ____ circuit ____ my car?

____ tell ____ why ____ vehicle ____ high ____ driver side air bag ____?

Why ____ my car ____ resistance in the ____ bag circuit?

Can ____ tell me ____ car keeps showing ____ the air ____?

How come ____ car shows ____ the driver ____ air ____?

____ tell ____ it ____ when ____ vehicle ____ high resistance ____ the air ____ circuits?

Can ____ what ____ means when ____ vehicle ____ high resistance ____ the driver ____ bag circuit?

Can ____ explain why the ____ bag ____ high ____?

How come my auto displays ____ impedance on ____ side ____?

Is ____ a ____ get ____ Air Bag ____ High Resistance error ____ my vehicle?

____ air bag ____ a ____ stop high-resistance ____.

____ stupid car ____ hitting ____ with ____ Driver Side ____ Bag ____ High Resistance, ____ going ____?

What ____ vehicle displaying ____ driver ____ air bag circuit?

____ is ____ showing continuous ____ resistance in the ____ airbag ____?

____ my auto ____ raised ____ impedance on ____ driver side air ____?

Why ____ my vehicle ____ a ____ resistance driver ____?

____ am always ____ a ____ side ____ bag ____ high resistance error message ____.

____ driver's side air bag ____ high ____ causing ____ car ____ display ____ issue.

I want ____ vehicle consistently ____ driver ____ bag circuit with high ____.

____ you ____ me ____ my car's driver-side air ____ has ____?

Why ____ always show ____ resistance in the ____ system?

Why ____ vehicle ____ of resistance ____ the driver-side air bag ____?

____ does ____ car's air bag ____ show consistent ____?

I'm ____ sure what's ____ on with ____ car, it always flashes that ____ driver ____.

My car ____ a ____ driver side ____ bag ____ resistance ____ all ____.

____ does my vehicle ____ resistance ____ driver's side ____ circuit?

My ____ keeps ____ me with this Driver ____ Air Bag ____ High Resistance, ____?

____ having ____ issues with my ____ driver side ____.

____ leads ____ high resistance in ____ air ____ circuit ____ car?

____ my vehicle's air bag circuit ____ show high ____?

____ does the ____ air ____ always have high ____?

What ____ cause of ____ the ____ bag circuit ____ my car?

Is ____ a ____ the ____ my driver side air bag ____?

Can you explain ____ me ____ means ____ car ____ high resistance in the driver ____?

What ____ happening with my ____ in ____ Driver ____ Circuit?

____ don't know what's ____ on with my ____ always flashes ____ the driver's ____ resistance.

Can you explain the ____ resistance for my ____?

____ me ____ vehicle is always displaying ____ side air bag ____?

What causes high ____ air ____ circuit in ____?

____ do ____ exhibit high resistance?

What ____ the ____ of ____ driver air bag ____?

Why ____ vehicle display ____ in the ____?

I ____ getting a ____ air bag circuit ____ resistance ____ message in ____.

____ be ____ the high-resistance ____ with the driver's ____?

Why ____ my ____ driver side ____ that is very high ____?

____ is ____ ongoing driver-side ____ bag ____ that ____ consistently ____ resistivity.

What ____ high-resistance ____ with the air ____?

____ it ____ that ____ vehicle's driver-side airbag ____ causing ____ resistance?
 ____ know ____ going on ____ my ____ always ____ a message about ____ side airbag ____.
 Why is the vehicle ____ resistance ____ driver ____ circuit?
 What's ____ on ____ my ____ driver ____ air ____ high ____ display?
 My car ____ a high resistance in ____ circuit.
 Why ____ the air ____ circuit ____ my car ____?
 ____ is causing ____ vehicle's ____ to always show ____ resistance?
 ____ does ____ driver ____ air bag ____ has high resistance?
 Why ____ resistance air bag circuits?
 ____ side air bag circuit high ____ indicated ____ my ____.
 Why ____ my vehicle ____ a driver ____ circuit?
 Why ____ my car ____ a persistent high resistance ____ the ____?
 ____ an ongoing ____ air ____ with consistently ____ resistance.
 What ____ car's ____ bag ____ to always indicate resistance?
 How ____ my vehicle's problem ____ airbag connection?
 ____ could be causing ____ high ____ the driver's air ____?
 ____ know why ____ auto displays raised electrical ____ driver ____ air ____ wiring.
 ____ ongoing driver-side air bag ____ to show ____ high ____?
 ____ my vehicle ____ high ____ side air bags?
 ____ vehicle ____ high ____ in ____ driver's ____ bag circuit.
 I'm ____ to understand ____ means ____ my vehicle ____ in the driver ____ bag circuit.
 ____ come my ____ problem involves ____ driver's ____ connection?
 I ____ to know the ____ my vehicle ____ driver side ____ bag ____ with ____.
 What ____ the persistent ____ issue ____ my ____ circuit?
 ____ my car display a ____ bag?
 How come ____ involves high ____ the driver's airbag ____?
 ____ have a car that is ____ in ____ air ____ circuit.
 Why does ____ vehicle show elevated resistance ____ side ____ of ____?
 What ____ the ____ my driver side ____ bag ____?
 ____ wrong ____ my ____ a Driver ____ Bag ____ High Resistance ____ the time?
 ____ my ____ vehicle keep pissing ____ off with its ____ side ____ circuit ____ resistance nonsense?
 Why ____ a Driver Side ____ Circuit High ____ error message?
 Why ____ the ____ side circuit ____ a persistent ____?
 ____ side air bag circuit showing constant ____?
 Why ____ the vehicle ____ elevated ____ air bag circuit?
 There is ____ a ____ side ____ bag ____ high restraint ____ car.
 Why do my vehicles ____ excessive resistance ____ system?
 ____ the driver-side air ____ showing ____ resistance ____ to display a ____ issue?
 ____ does my car ____ high resistance ____ bag ____?
 ____ explain the ____ air bag ____ high resistance in ____?
 I am ____ my ____ shows ____ high resistance ____ the ____ side ____.
 What ____ my car to ____ high resistance in ____ side ____?
 Can you tell me why ____ car ____ Side ____ Bag ____?
 ____ my ____ air ____ circuit to always indicate ____ resistance?
 There is a high resistance in ____ in ____.
 ____ my vehicle keeps ____ a problem ____ the air ____ circuit?
 How ____ my ____ a ____ Bag Circuit High ____ the time?
 ____ you explain the ____ bags circuit ____ resistance?
 ____ stupid vehicle constantly ____ me ____ Driver Side ____ Bag Circuit High Resistance ____?
 Why ____ the driver side air ____ circuits ____?

_____ the high-resistance issues _____ driver side _____?
 _____ does _____ high resistance _____ its air bag _____?
 _____ is _____ constantly displaying _____ electrical _____ driver side air bag _____?
 _____ does my stupid vehicle keep making me _____ its stupid _____ Side Air _____?
 Any _____ why the _____ bag _____ resistance?
 _____ driver-side _____ bag _____ showing high _____ is causing _____ car to _____ problem.
 _____ why my car _____ showing high resistance in the _____ bag _____?
 _____ there a _____ for _____ to have _____ resistance _____ the _____ airbag?
 I _____ to _____ what _____ high resistance _____ air bag _____ my _____.
 What _____ be _____ the high resistance of _____ Airbag _____?
 Can _____ explain to _____ why _____ is _____ resistance in the _____?
 How _____ car _____ a darn Driver Side _____ Bag Circuit _____ Resistance _____?
 _____ theories as _____ why _____ side air bag _____?
 Is _____ driver-side _____ bag _____ that causes my _____ excessive resistance?
 _____ air _____ has _____ nonstop _____ issue.
 There _____ a persistent _____ the driver _____ air _____ circuit.
 _____ a reason _____ excessive resistance in _____ car's driver-side _____?
 _____ causes the _____ in _____ air _____ circuit?
 I don't _____ what's going on _____ it _____ message about the _____ air bag _____
 _____ car _____ high resistance in _____ driver _____.
 _____ might _____ causing my car's _____ to always indicate _____?
 _____ to know why my _____ showing _____ resistance _____ the _____ side _____.
 _____ does _____ junker keep _____ High Resistance _____ for _____ driver side air _____?
 Can _____ why my car _____ a _____ Side _____ Bag Circuit _____?
 Can you _____ the _____ my vehicle _____ a driver _____ bag _____?
 Why _____ my car _____ high _____ in _____ circuits?
 Why is the _____ air _____ to use?
 Something is _____ vehicle's _____ bag circuit to _____ high resistance.
 Why does my _____ a problem with the _____ circuit?
 _____ shows _____ resistance _____ the driver _____ air _____ circuit.
 _____ my car _____ when _____ is in _____ bag?
 _____ might be the cause of _____ driver _____ circuit always indicating _____?
 What could be _____ high _____ the _____ bag?
 _____ car have a steady air _____?
 _____ causing my _____ to _____ with _____ driver-side _____ bag _____ showing high _____?
 My _____ keeps _____ me with _____ Side Air _____ Circuit _____ is going _____?
 _____ going _____ with my car, it always _____ a _____ about the _____ side airbag _____.
 My vehicle's _____ involves _____ resistance _____ driver's _____ bag.
 _____ car resist the _____ bag?
 The _____ bag circuit is showing a _____ car.
 _____ has _____ air bag _____ that is high _____.
 _____ showing _____ resistance in the _____ side _____ bag circuit.
 Why do my _____ vehicle keep pissing _____ with its _____ Circuit High Resistance _____?
 Why _____ my junker _____ High Resistance code for _____ Side Air _____?
 Why _____ it _____ driver _____ bag _____ high resistance?
 _____ air _____ is showing _____ resistance _____ car is displaying a continuous _____.
 Why is driver _____ bag _____ high _____ present?
 Why is _____ driver _____ air _____ resistance?
 I don't _____ my _____ air bag wiring _____ resistance.
 _____ stupid _____ hitting me _____ this 'driver side air _____ circuit _____ what's _____ with _____?

Can you _____ it means _____ vehicle shows resistance in _____ circuit?

I'm not _____ what's going _____ car, _____ always _____ a message _____ the driver side _____.

What _____ my _____ showing excessive resistance in _____ airbags?

_____ do my _____ display _____ resistance in the _____?

Is there _____ reason for _____ in the driver _____?

I wonder why _____ high _____ the driver side _____.

_____ side _____ bag high resistance because of _____?

Can _____ tell me _____ vehicle _____ the driver _____ air bag circuit?

_____ high resistance _____ the driver side _____ bag _____ my _____.

My _____ side air _____ indicating high resistance.

I have _____ that _____ persistent _____ resistance in _____ air bag circuit.

The _____ air _____ high resistance is _____ have a constant issue.

_____ my vehicle shows the _____ side _____ bag circuit?

_____ leads to _____ persistent high-resistance _____ driver side _____?

_____ causes high _____ in _____ air _____ circuit?

I _____ know what _____ car's _____ circuit to _____ high resistance.

_____ do _____ vehicle _____ in the driver _____ air bags?

_____ suggestions for why the _____ air _____ exhibits _____?

How _____ my vehicle's _____ in the driver's Airbag _____?

_____ you tell me the _____ my _____ displays _____ driver side _____?

_____ the _____ side _____ always high?

_____ have _____ constant high-resistance driver side air bag _____?

_____ bag circuit _____ has high resistance.

What causes _____ have high _____ air _____ circuit?

Why _____ my _____ have _____ resistance driver side _____?

_____ does my vehicle _____ high _____ driver _____ bags?

Why is _____ a continuous issue with _____ bag _____?

Why does _____ car have driver _____ air bag _____?

Why do _____ vehicle's _____ involve elevated _____ in the _____?

_____ car _____ shows _____ Bag Circuit High _____ warning.

When m'am ride keeps _____ side _____ bag _____ high resistance _____ that _____?

_____ the _____ show elevated resistance in the _____ side _____?

_____ my car _____ driver _____ air _____ has high resistance?

_____ my vehicle _____ resistance _____ the air _____ circuit?

_____ want to _____ my _____ has _____ high _____ in _____ driver side circuit.

I _____ getting _____ side air bag circuit high _____ error _____.

I _____ why _____ keeps saying _____ problem _____ the _____ air bag circuit.

Why does _____ car _____ in the air _____?

How come _____ driver's side _____ system _____?

_____ do my _____ show excessive _____ in _____ side _____ bag?

_____ causes a _____ bag circuit to _____ consistently _____?

What _____ high _____ my _____ bags?

There _____ a _____ occurrence of _____ resistance in my _____.

The _____ air _____ Circuit High _____ warning is displayed _____.

Can _____ why my _____ indicates _____ side air bag _____ high _____?

_____ the _____ circuit _____ resistance when my car has a continuous _____?

Why _____ my vehicle's _____ side air _____ circuit _____ indicated _____?

_____ a _____ frequent occurrence of excessive _____ in the _____ air bag?

Why _____ my _____ always display a _____ air _____?

Why _____ driver side air bag has _____?

I'm _____ my car's driver side _____ bags.
 _____ hitting me with _____ Driver _____ Bag _____ High Resistance, what's going on with _____?
 Why do _____ have _____ side _____ bag circuits _____ resistance?
 _____ constant driver side air bag _____ high _____ in _____.
 _____ to the _____ in my driver _____ bag circuit?
 _____ darn _____ Side Air Bag _____ High Resistance _____ the time.
 _____ am getting _____ driver _____ air _____ circuit _____ resistance error _____.
 _____ does my junker _____ High _____ for the _____ Side _____ Bag Circuit?
 My car has _____ driver _____ circuit _____ resistance _____ it.
 _____ getting _____ Driver Side _____ Bag Circuit _____ message _____ my automobile.
 _____ my auto always show _____ impedance _____ driver side _____ bag _____?
 _____ is a constant _____ issue with the _____ bag _____.
 What causes _____ high resistance _____ my driver _____?
 _____ causing _____ car to _____ constant _____ the driver's _____ air bag _____?
 _____ not sure _____ on _____ my car, _____ flashes that message about the driver _____.
 Why does _____ elevated _____ in _____ driver side _____?
 A driver-side air _____ circuit _____ resistivity.
 _____ don't know what's _____ my car _____ always _____ me about the _____ side _____ bag _____.
 _____ is always _____ airbag, _____?
 My car _____ a driver side _____ bag _____ resistance _____ time.
 _____ that driver side air _____ circuit high _____?
 _____ high-resistance issues _____ my car's driver side _____.
 Why _____ my _____ driver _____ show high _____?
 A driver-side _____ high resistance is _____ car _____ display a continuous _____.
 How come _____ vehicle's problem involves _____ the driver's _____?
 _____ show high levels of _____ in _____ driver _____ circuit?
 Why does _____ vehicle _____ excessive resistance in _____?
 With _____ air bag _____ showing high resistance, _____ causing my _____ to _____ issue?
 _____ you tell me _____ always _____ a driver _____ air bag _____?
 _____ know _____ on _____ my _____ always flashing that _____ about the _____ air _____ resistance, huh?
 The _____ air bag circuit is _____ is _____ to display a _____ issue.
 Why is _____ vehicle _____ elevated resistance _____ of _____ airbag circuit?
 _____ you _____ my vehicle _____ is _____ problem with the air _____ circuit?
 _____ am _____ getting a Driver Side Air _____ error _____ in my _____.
 Why _____ the driver _____ air bag _____ high _____ behind my _____?
 What is _____ vehicle _____ show _____ in _____ driver-side _____ bag?
 What is _____ this high _____ air bag?
 _____ is it _____ the _____ air _____ that keeps it going _____?
 _____ does the _____ show _____ driver _____ air bag _____?
 _____ am _____ driver side _____ bag circuit high _____?
 _____ do _____ when _____ ride _____ driver side air bag _____ resistance nonstop?
 _____ wondering why my vehicle keeps _____ with _____ air bag _____.
 _____ causes _____ my air bag?
 What is the _____ of my _____ issue _____ the _____ air bag _____?
 _____ could be _____ this _____ in the air _____?
 _____ car to have _____ continuous issue _____ driver-side air _____ circuit?
 _____ does my vehicle always _____ resistance _____ the driver-side _____?
 I'm getting a _____ High _____ error message in _____ car _____.
 _____ you tell me why _____ driver side _____ with high resistance?
 _____ am I seeing a _____ side _____ circuit high _____ on _____?

Can ____ tell ____ why my car ____ signalling ____ driver ____ air ____ high ____?

My ____ side ____ bag ____ is always ____ resistance.

____ the Driver Side Air Bag Circuit ____ all the ____?

Can ____ a reason ____ my ____ has ____ side air bag ____?

I want to ____ my ____ displaying a ____ air bag circuit.

____ car indicate a ____ resistance in ____ air bag ____?

A ____ driver side ____ circuit ____ resistance ____ my ____ is showing.

Can you tell me ____ is ____ a problem with ____ driver ____?

____ why my car is indicating ____ driver side air ____?

____ ongoing driver-side ____ consistently high resistivity.

____ do my ____ air ____ display ____ resistance?

I'm ____ a ____ Air ____ High Resistance ____ message ____ my car.

____ why ____ driver ____ bag exhibits high resistance?

____ do my ____ a ____ signal ____ the ____ side?

I have a ____ a Driver ____ Air ____ Circuit ____.

My car ____ a ____ side air ____ high ____.

Which causes ____ the air ____ circuit ____ my car?

When my ____ shows ____ resistance ____ bag circuit, can ____ tell ____ it ____?

The driver's side ____ circuit ____ showing ____.

Is ____ reason ____ resistance in my airbag ____?

What may ____ causing ____ vehicle's ____ side air ____ circuit ____ resistance?

Why ____ resisting in the ____ side air ____?

____ want ____ what's ____ with the ____ side ____ circuit having high resistance.

____ know what's ____ with my car, it always ____ about the driver's side ____.

What's up ____ my ____ Side Air Bag Circuit ____ Resistance?

There is ____ a ____ Side ____ Circuit ____ error message in ____.

What ____ in my driver side ____?

____ my auto continually displays ____ on ____ driver side air bag ____?

Is ____ vehicle ____ resistance in the driver ____ air ____ circuit?

I ____ wondering ____ is behind ____ that is showing a high resistance ____.

I don't ____ the ____ of ____ vehicle's driver-side ____ circuit.

I ____ like to ____ why ____ car is indicating ____ bag circuit.

____ the high resistance ____ my vehicle's ____ related to ____?

____ there a reason ____ in ____ driver's ____ air bag?

I'm getting a ____ air bag ____ resistance error message ____.

Can ____ explain ____ me ____ means when my ____ has ____ resistance in the ____ air ____?

____ continually ____ raised electrical impedance ____ the driver side air ____?

____ is ____ vehicle ____ driver ____ air bag circuit?

Why does ____ driver side circuit ____ high-resistance ____?

____ could be ____ resistance ____ my ____ side air bag circuit?

____ is ____ showing resistance ____ the ____ air bag?

____ you ____ me ____ is a high resistance ____ my air ____?

____ side air bag circuit high ____ is ____ car.

Is there a ____ why ____ is high ____ car's ____ bag ____?

____ cause ____ excessive resistance in the driver-side ____ bag ____?

____ why ____ side ____ circuit displays high resistance.

____ there any reason why I ____ Driver Side Air ____ Circuit ____?

____ why ____ car is indicating a ____ bag circuit high ____?

What ____ be ____ the ____ side ____ to always ____ high resistance?

____ is a ____ resistance ____ my car's driver-side ____ systems.

What does _____ when _____ ride keeps playing _____ side _____ resistance nonstop?
 What _____ the cause _____ my vehicle's driver-side _____ resistance?
 My vehicle _____ a constant driver side air _____.
 _____ be _____ of the high resistance _____ my vehicle's _____ circuit?
 _____ is _____ car to display a _____ issue _____ the _____ bag _____?
 _____ question about _____ it means _____ shows high resistance in the _____ air _____ circuit.
 _____ you tell _____ why my _____ air bag wiring _____?
 My stupid _____ hitting _____ this _____ side air _____ circuit _____ resistance, _____ is _____?
 _____ do _____ involve elevated resistance _____ the _____ safety device?
 The driver _____ bag _____ always showing _____ resistance.
 Why am _____ high-resistance issues with _____ car's driver _____?
 Why _____ I _____ seeing _____ air _____ circuitry?
 _____ is _____ keepin' in that _____ Side _____ Bag Circuit?
 Why _____ my auto _____ electrical impedance on its _____ wiring?
 _____ reason I _____ a driver _____ bag _____ high _____ message in my car?
 _____ with my _____ of a _____ Side _____ Bag _____ High Resistance?
 _____ always _____ in my driver _____ air bag _____.
 _____ vehicle _____ shows high _____ the driver side air _____ circuit?
 _____ causes _____ car's _____ side _____ bag circuit to _____?
 _____ showing _____ resistance _____ the driver side _____ bag.
 _____ does my _____ the driver's air bag connection?
 Can you _____ me _____ means _____ car shows high _____ to the _____?
 What _____ the cause _____ the _____ my car's _____ circuit?
 Can you _____ me _____ air bag circuit with high resistance?
 _____ my car's _____ air bag _____ always indicate _____ resistance?
 _____ is an ongoing _____ bag circuit that _____ high _____.
 _____ did _____ vehicle show _____ resistance in the _____ bags?
 My _____ driver _____ high resistance.
 Can _____ tell _____ why my vehicle _____ side air _____?
 Why does _____ have _____ the driver's side _____?
 Why is _____ elevated _____ the _____ side airbag circuit?
 _____ a high _____ in _____ driver side _____ bag.
 _____ is _____ cause _____ my _____ constantly showing _____ in the _____ airbag _____?
 _____ is my vehicle's driver _____ circuit always _____ high _____?
 _____ high-resistance _____ car's _____ side air bag.
 Why _____ the car's driver-side air _____ resistance?
 Why does my vehicle _____ resistance _____ Side Air _____?
 Can you tell _____ when _____ vehicle shows _____ in the driver _____ air bag _____?
 I'm _____ issues with my _____ side _____.
 _____ my car _____ resistance in _____ side circuit?
 _____ is the _____ the _____ in my driver _____ circuit?
 My vehicle _____ air bag circuitry _____ resistance.
 My car _____ showing a _____ side air bag _____
 Why _____ my _____ have _____ high-resistance _____ air _____?
 _____ my _____ resistance in the driver _____ bag?
 _____ makes my car's _____ airbag _____ show _____ resistance?
 What causes _____ in _____ bag _____ my car?
 _____ my _____ driver _____ airbag circuit _____ show high _____?
 _____ wonder _____ for _____ high resistance in my driver _____ circuit.
 _____ there _____ persistent high resistance _____ air bag circuit?

_____ keeps hitting _____ with _____ 'Driver _____ Circuit High _____ what is _____ on?
 _____ my vehicle show a _____ side _____ circuit?
 Why does _____ resistance in _____ air bag circuit?
 Can _____ tell _____ why my car's driver _____ malfunctioning?
 _____ does my _____ keep _____ with the _____ side air bag _____?
 _____ to know _____ auto displays _____ impedance on the _____ side air _____.
 Why _____ the driver-side air _____ wiring _____ my _____ high _____?
 _____ displaying a high-resistance air _____ circuit?
 _____ could _____ causing the high _____ issue _____ of the driver?
 _____ I consistently getting _____ side _____ circuit high resistance _____ message?
 The driver _____ air-bag is _____ resistance in _____.
 What could be _____ of my vehicle's _____ airbag _____?
 My _____ a Driver Side Air _____ High Resistance display _____.
 Can _____ why _____ high resistance in the air bag _____ my _____?
 _____ keeps _____ a problem with the driver side air _____ circuit.
 What could be causing _____ resistance _____ with _____?
 _____ do _____ vehicle _____ resistance in _____ bags?
 Why _____ my _____ show _____ side _____ circuitry with _____ resistance?
 I can't seem _____ out what's _____ with _____ car always _____ message about _____ air _____ resistance.
 What _____ air bag circuit _____ my car _____ electrical resistance?
 How come _____ involve _____ in _____ driver's Airbag connection?
 _____ want to know _____ I get a _____ Side _____ Bag _____ error message in _____.
 Why _____ my _____ have _____ the _____ air-bag?
 My stupid car _____ with _____ driver side air bag _____ resistance, _____ up _____?
 _____ reason _____ I get a Driver _____ High Resistance error message?
 I _____ a question about why _____ vehicle keeps _____ driver _____ air bag _____.
 It _____ the _____ side air _____?
 _____ why _____ air _____ exhibits _____ resistance?
 _____ not _____ going _____ with _____ car _____ a _____ about the driver side _____.
 _____ causes _____ high resistance _____ bag circuit?
 My _____ circuit has a _____ high resistance.
 _____ don't understand why my vehicle _____ air _____ circuit.
 _____ a _____ resistance in _____ driver's side air _____ circuit _____.
 My _____ in the driver _____ bag.
 What could _____ high-resistance problem _____ driver's air _____?
 _____ there _____ reason for excessive _____ in my _____ circuitry?
 _____ wondering _____ vehicle _____ showing a _____ the driver's _____ bag circuit.
 _____ would like _____ why my _____ displays _____ driver _____ air bag _____.
 _____ driver side _____ bag circuit _____ resistance.
 _____ causes high _____ in _____ air _____ circuit _____ a _____?
 _____ my _____ problems involve resistance in the _____ connection?
 _____ my _____ signaling a persistent high _____ in the _____ side _____?
 _____ my car _____ air-bag?
 There has been a recurring occurrence _____ my car's _____.
 _____ my car have _____ driver _____ air bags?
 What _____ causing the high _____ of _____ driver-side _____ circuit?
 _____ not sure what's _____ on _____ my car _____ warning _____ about the _____ side _____.
 My car always displays _____ Side _____ Bag _____ warning?
 What _____ the cause _____ driver-side air _____ circuit _____ high _____?
 _____ is _____ always displaying 'Driver _____ Circuit High _____ warning?

_____ behind my car that _____ constantly _____ in _____ bag circuit?
 _____ am _____ having _____ with _____ car's driver _____ bags?
 What's _____ the _____ bag _____ to _____ resistance in _____ car?
 _____ the _____ side air bag _____ constant?
 _____ my _____ resist in _____ side _____?
 Is it because _____ consistently shows _____ in _____ bag _____?
 Why does _____ show the _____ Resistance code _____ the _____ side _____ circuit?
 Is there a _____ resistance in _____ driver's side _____?
 I _____ to know _____ my vehicle keeps _____ problem with _____ driver _____.
 Why _____ my _____ constantly _____ resistance _____ the _____ bag circuit?
 Why is my car _____ a high _____ in _____ circuit?
 _____ is _____ driver-side _____ bag circuit consistently _____ resistivity?
 _____ does the _____ air _____ circuit?
 _____ causing the high _____ of _____ driver-side circuit?
 What causes my _____ circuit to _____ high-resistance _____?
 When my _____ shows _____ resistance _____ the _____ side _____ bag circuit, _____ you tell me _____?
 What _____ be causing _____ bag _____ always signal _____ resistance?
 Can _____ when my _____ resistance in the air bag circuit?
 There _____ a _____ occurrence _____ excessive resistance _____ the _____ side _____.
 _____ resistance in the _____ circuit of _____ car?
 _____ air _____ is _____ and causing my car to display _____ issue.
 Any _____ the constant issue _____ side air _____?
 _____ do my auto constantly _____ impedance _____ the _____ side _____ bag _____?
 There is a _____ resistance in my _____ bag.
 _____ my vehicle consistently _____ high _____ in the _____ bag _____?
 Why _____ my vehicle continually _____ driver _____ air _____?
 _____ car always have _____ high resistance in the _____?
 _____ the driver _____ air bag _____ have _____ resistance?
 _____ know _____ is showing _____ in the driver side circuit.
 _____ not sure _____ on _____ car, it's _____ that _____ about the driver side _____ resistance.
 _____ is _____ in _____ driver _____ air-bag _____ my car.
 My _____ high resistance _____ the _____ side air _____.
 _____ my car display raised _____ impedance on _____ air bag _____?
 I can't _____ wonder what's _____ always telling me _____ the _____ air bag resistance.
 _____ there a _____ a driver _____ air _____ circuit _____ error message?
 I would like _____ why my _____ high resistance _____ bag circuit.
 My _____ car keeps hitting _____ this _____ Side Air Bag _____ what _____ up _____ that?
 Why _____ circuit always indicating high _____?
 Is _____ a _____ occurrence _____ excessive resistance _____ the driver's _____ of _____ car?
 _____ on _____ the driver _____ air bag _____ resistance on my _____?
 Why am _____ with _____ car's driver side airbags?
 _____ car's driver-side air bag _____ seem to show _____?
 _____ issues with my car's driver side _____.
 _____ does my car's driver's side airbag _____?
 _____ is _____ side air _____ that has high resistivity.
 _____ driver side air _____ always shows _____ resistance.
 _____ keeps _____ in the driver side air _____.
 _____ to _____ my vehicle _____ there's a problem _____ the _____ side air _____ circuit.
 _____ causing _____ air _____ on my car to show _____?
 How come my car is showing _____ high _____?

_____ high resistance; any reasons?
_____ confused _____ my _____ displays a driver _____ bag circuit with _____ resistance.
_____ is _____ high resistance _____ the air bag circuit _____?
_____ there a reason why I _____ getting a _____ bag _____ resistance _____?
_____ why _____ am _____ a _____ Side _____ Bag Circuit High Resistance error _____ my car.
Is there _____ reason my _____ resistance _____ driver-side _____ system?
What is the _____ the _____ my car's _____ circuit?
My _____ is _____ constant driver side air _____ high _____
_____ vehicle show continuous _____ resistance _____ driver side air _____ circuit?
How _____ an ongoing driver-side _____ high resistivity?
_____ to know _____ auto shows _____ electrical impedance on its _____ bag wiring.
A driver _____ bag circuit _____ by my car.
_____ driver-side air bag circuit _____ high resistance, _____ is displaying a _____.
_____ does _____ vehicle _____ a constant _____ air _____ high resistance?
Why _____ junker refuse to _____ the _____ Resistance _____ for the Driver _____ Circuit?
_____ tell me _____ I am getting _____ Driver Side _____ Circuit High _____?
I am having _____ with _____ side airbags.
Can _____ tell me _____ the _____ side air _____ wiring _____?
_____ me why _____ vehicle _____ has _____ bag circuit with high resistance?
_____ car always _____ Side _____ Bag _____ Res' warnings.
_____ does my vehicle have _____ signal _____ the _____ circuit?
What _____ resistance _____ the air bag circuit of _____?
_____ know _____ keeps _____ a _____ with the driver _____ air bag circuit.
My car _____ Bag Circuit _____ Resistance display.
Why _____ my _____ show _____ air bag _____ high _____?
Can _____ tell me _____ means _____ vehicle is showing high _____ in _____ bag circuit?
_____ come my stupid vehicle _____ pissing me _____ with _____ air _____ circuit _____ nonsense?
Why _____ there _____ air _____ on my vehicle?
What is the cause of my _____ circuit always _____?
_____ vehicle's problem involves _____ resistance _____ driver's air bag?
All the _____ car has a Driver _____ Air _____ Circuit _____.
_____ want _____ know _____ am _____ a driver side air _____ circuit high _____.
_____ it _____ raised _____ on its driver _____ air bag wiring?
I want _____ know why _____ car _____ signaling _____ persistent _____ the _____ circuit.
_____ don't _____ going on _____ my car, _____ flashing the message about the _____ side _____.
The _____ bag circuit shows _____ as my _____ displays _____ continuous _____.
_____ my car _____ the _____ bag?
Why do my _____ driver side air _____ circuitry _____?
_____ does the driver _____ air _____ up?
_____ my stupid _____ pissing me _____ Driver Side Air _____ Circuit High _____ nonsense?
_____ is _____ with elevated _____ in the _____ airbag circuit?
_____ know what's _____ car _____ telling _____ about the _____ side air bag resistance.
Can _____ tell me why _____ is signalling _____ in _____ circuit?
_____ do my car display raised _____ the driver _____ air _____?
Where _____ cause of my vehicle's driver side air _____?
_____ causing _____ high resistance of _____ vehicle's _____ Airbag _____?
When m'am ride keeps _____ driver _____ bag circuit _____ resistance _____ does _____?
_____ is _____ high _____ the driver's airbag _____?
_____ the vehicle _____ continuous elevated resistance _____ the driver _____?
My _____ displaying a _____ Side _____ Bag Circuit _____ Resistance all _____.

_____ causing _____ high-resistance _____ the driver's air _____?
 What makes _____ problem _____ resistance _____ driver's _____ bag connection?
 What could _____ vehicle's air _____ to always _____ high _____?
 Is there _____ why my _____ a _____ side _____ bag circuit with _____?
 _____ the _____ side air _____ warning on _____ car?
 There _____ resistance in _____ circuit on _____ car.
 _____ driver _____ air bag circuit _____ high resistance?
 _____ going _____ with my ride keep _____ driver _____ air _____ circuit?
 Why do I _____ high-resistance _____ my _____ driver _____ bag?
 _____ want _____ my _____ a driver _____ air bag circuit high _____.
 I'm having _____ issues _____ driver _____ bag.
 Any _____ as to _____ driver side air _____ high _____?
 Driver _____ bag exhibits _____ reason?
 Can you clarify the reason behind the _____ on _____?
 Is _____ reason I _____ a Driver Side _____ Circuit High _____ error _____ automobile?
 _____ does the air bag _____ on _____ car?
 I _____ a _____ Side Air Bag _____ High Resistance _____ my car, any ideas _____?
 What _____ causing _____ high resistance issue _____ the _____?
 _____ am _____ getting _____ air bag _____ high resistance _____ message _____ my car?
 What could _____ causing _____ resistance issue _____ air _____?
 I _____ my _____ is indicating _____ high resistance in _____ bag circuit.
 _____ driver _____ air _____ exhibits _____ resistance; _____?
 My _____ has _____ darn Driver _____ Resistance on display.
 Any explanation for _____ high _____ driver _____ bag?
 Is it possible that _____ a driver _____ air _____ circuit _____?
 I _____ know what's going on _____ flashing _____ message about _____ air _____ resistance, huh?
 I don't _____ my _____ displays _____.
 _____ my vehicle have _____ resistance _____ side _____ bags?
 Why is my _____ the _____ side air _____?
 How _____ my _____ problem involves _____ the driver's _____ bag?
 What's happening with _____ driver _____ air _____ circuit _____ resistance _____?
 Why do my vehicles _____ have _____ signal _____ the _____?
 _____ why my vehicle _____ the driver's side air bag circuit.
 _____ the _____ air bag circuit _____ high resistance _____ car _____ a _____ issue?
 _____ come my _____ problem _____ involves resistance in _____ driver's _____?
 _____ you tell _____ driver's _____ air bag _____ has _____ resistance?
 _____ the _____ my _____ keeps indicating _____ problem _____ the _____ side air bag circuit?
 _____ ongoing high-resistance issues _____ car's _____ side airbag.
 My car always displays _____ "Driver _____ Circuit _____ warning.
 I _____ getting _____ driver side air _____ circuit _____ error _____ car.
 _____ give _____ a _____ why my vehicle constantly _____ a driver _____ circuit?
 My _____ air bag _____ always indicating high _____.
 Why does my _____ excessive _____ the driver-side _____ bag _____?
 _____ car displays _____ side air _____ circuit.
 _____ be _____ the high resistance _____ side air bag?
 What is _____ of _____ resistance _____ air bag?
 Which causes a _____ high-resistance _____ in _____ side _____?
 _____ high resistance _____ side air _____ is a mystery.
 _____ car's air bag circuit _____?
 There is an _____ bag _____ has consistently _____ resistivity.

_____ my car, _____ is _____ Driver _____ Circuit High Resistance.

Why _____ car have high resistance _____ circuit?

The _____ air _____ high resistance _____ my _____ to _____ a continuous issue.

I'm not _____ what's going _____ car, _____ always _____ message _____ the driver side _____ resistance.

_____ do my _____ problems involve elevated resistance _____ airbags _____?

What _____ the _____ circuit to have _____?

The _____ air bag circuit _____ high _____ is _____ to display _____.

Can anyone explain _____ side _____ exhibits _____ resistance?

_____ is my _____ consistently _____ a driver side _____ bag _____ resistance?

What makes _____ show excessive _____ in _____ system?

_____ air bag circuit _____ car has _____ resistance.

I'm not sure what's _____ on _____ always flashing a message _____ the _____ resistance.

Why _____ car _____ showing resistance _____ the driver _____ bag _____?

Is there _____ reason for _____ resistance in _____ driver-side _____?

_____ does my _____ have _____ air bags?

_____ does my car have _____ air _____ circuit?

_____ side air _____ circuit _____ always indicating _____ resistance.

Why _____ it that the _____ air _____ high?

Is there a _____ why _____ auto shows _____ its _____ air bag _____?

I am _____ driver side _____ bag circuit high _____ message _____ car.

How come _____ driver's air bag?

_____ to _____ why _____ car is _____ in the air _____ circuit.

_____ causes _____ ongoing driver-side air bag circuit _____?

Can _____ why the driver side air _____ circuit _____ up _____?

Why _____ car _____ a high resistance _____ driver _____ circuit?

_____ you explain why _____ resistance _____ my _____ driver-side air bag _____?

_____ high-resistance _____ in _____ driver side _____ is _____.

_____ is causing _____ a _____ Air Bag _____ High Resistance error message _____ my _____.

My car has _____ the _____ bag.

My vehicle's problem _____ elevated resistance _____ the _____.

_____ is the vehicle showing _____ resistance _____ the _____ side _____?

I'm _____ hell's going on _____ my car _____ about the driver side _____ bag _____.

_____ the driver _____ air bag _____ indicating _____ resistance?

I'm getting _____ driver side _____ resistance _____ frequently _____ my car.

_____ going on with my _____ keepin' in _____ bag _____?

_____ high _____ issues with my car's driver side _____.

What's the _____ of high _____ in _____ bag _____?

_____ is _____ consistent _____ resistance in _____ car's driver's _____ wiring.

_____ driver _____ air bag circuit high _____ is always _____ in _____.

_____ don't _____ what's going _____ with _____ car always _____ the message about the driver _____.

My car's driver _____ airbag _____ high _____.

Why _____ have resistance to _____ air _____?

My vehicle shows _____ driver side _____ circuit _____.

Can _____ why my _____ indicates _____ problem _____ the air bag _____?

What _____ driver's _____ air bag circuit to always _____?

What _____ causing _____ high _____ of my vehicle's _____ air _____?

_____ there _____ reason for _____ resistance _____ the driver _____ circuit?

_____ you explain why _____ car _____ circuit high resistance?

I _____ why _____ indicating a problem with _____ driver _____ air bag _____.

_____ always _____ Driver Side Air _____ high resistance error _____ in _____ car.

Can ____ explain why my car ____ circuit ____ resistance?
 ____ it ____ that ____ auto ____ raised electrical impedance ____ driver side ____ wiring?
 ____ my car ____ resistance ____ the driver's side ____ bag ____?
 ____ stupid ____ keeps ____ me ____ this "Driver ____ Air Bag ____ High ____ What's ____ with ____?
 Can ____ me ____ my ____ to indicate a ____ air bag circuit?
 ____ is ____ car saying a ____ high resistance ____ the ____ circuit?
 ____ causing my ____ side ____ to always ____ high resistance?
 ____ want to ____ my vehicle ____ consistently ____ a driver ____ circuit.
 ____ car always displays "Driver ____ Bag ____ High ____".
 ____ is ____ vehicle ____ problem ____ the ____ side ____ bag circuit?
 My ____ showing ____ air bag circuit.
 ____ you ____ my car is signaling high ____ the air ____?
 There has ____ a ____ occurrence ____ resistance in ____ car's ____.
 When ____ ride keeps ____ air bag ____ resistance ____ does it mean?
 Is ____ high ____ my vehicle's driver-side air ____ due ____?
 ____ the cause ____ excessive ____ the driver-side safety system?
 ____ does ____ have ____ driver side ____ bag circuit?
 Can ____ explain ____ my car ____ a Driver ____ Air ____?
 ____ don't ____ what's ____ on ____ always ____ the message about the driver ____ air ____ huh?
 ____ there ____ reason why ____ keeps indicating ____ problem ____ the ____ side ____ circuit?
 ____ stupid car ____ hitting me with ____ side air bag circuit ____ with ____?
 What makes ____ side ____ resist?
 ____ could ____ causing the high resistance ____ my ____ airbag ____?
 Is ____ reason ____ the high ____ the driver side ____?
 ____ car is ____ a continuous issue ____ driver-side ____ circuit showing ____.
 ____ do ____ driver side air bag ____ on ____ car?
 ____ is the ____ of ____ car's ____ side ____ bag ____ displaying ____ resistance?
 ____ stupid ____ hitting me ____ Side Air ____ Circuit High Resistance", ____ is ____ on?
 Do ____ explanation for the ____ air bag circuit ____ my car?
 What ____ causing the ____ side air bag ____ to ____ resistance?
 ____ do ____ have high resistance in ____ side air ____?
 ____ is causing the high ____ car's ____ circuit?
 ____ a recurring occurrence ____ my ____ driver-side inflator.
 I ____ a ____ Air ____ High Resistance error ____ in my automobile.
 ____ could be causing ____ air ____ always indicate resistance?
 In ____ driver ____ circuit, there ____ a persistent ____.
 ____ my ____ air ____ wiring appear ____ high resistance?
 ____ driver-side air ____ circuit ____ high ____ my car displays ____ continuous ____.
 ____ m'am ____ keeps flashin' ____ Air ____ high resistance nonstop, what does ____?
 ____ why ____ is ____ a ____ high resistance in ____ air ____ circuit.
 I ____ auto ____ raised electrical ____ the driver side air ____ wiring.
 ____ my car is ____ a driver air ____ circuit?
 ____ be causing ____ high-resistance issue with ____ air ____?
 ____ my car signalling ____ high resistance in the driver ____?
 Is it ____ driver side ____ circuit that ____ high ____?
 I'd like ____ why my vehicle displays ____ side ____ circuit with ____.
 ____ was wondering ____ my car ____ a ____ resistance ____ the air ____.
 How come ____ vehicle's problems ____ the driver's ____ bag ____?
 ____ explanation as ____ why the driver side air ____?
 ____ am ____ my car ____ persistent high resistance ____ the driver ____ air bag ____.

I _____ why _____ is high _____ in _____ car's air bag _____.
 _____ come my vehicle's _____ resistance in _____ side air _____?
 There is a Driver Side Air Bag _____ High _____.
 The high _____ vehicle's driver-side airbag _____ be _____ problem.
 What is _____ on _____ keep _____ Driver Side Air _____ Circuit?
 _____ has _____ darn Driver Side _____ Bag _____ Resistance.
 _____ vehicle's _____ elevated resistance in the driver's air _____.
 _____ the high _____ on the driver's side _____?
 _____ high-resistance _____ in _____ driver side circuit.
 I'm _____ ongoing high-resistance _____ with _____ car's _____ bag.
 I _____ to _____ my _____ is _____ persistent _____ resistance in the driver _____ air _____ circuit.
 _____ there _____ reason _____ car's driver side _____ resistance?
 What _____ air bag _____ consistently high resistivity?
 _____ car _____ a _____ the _____ side air bag circuit.
 All _____ time _____ Driver _____ Air Bag _____ High Resistance.
 _____ high _____ the _____ is causing my car to display _____ issue.
 _____ car's driver _____ air bag circuit show _____?
 The driver's side _____ resistance _____ my _____.
 Can _____ tell _____ why my _____ side air bag _____ high _____?
 I _____ confused as to why _____ car _____ a _____ air _____ circuit.
 _____ causing my car to _____ with _____ air bag circuit?
 I'm wondering _____ my _____ is _____ resistance _____ the _____ bag _____.
 I _____ know _____ on _____ my _____ tells me about the driver's _____ bag resistance.
 Is _____ a _____ my car's _____ airbag circuit _____ resistance?
 Why _____ problems involve elevated _____ in _____ bag?
 Why _____ air bag always _____?
 _____ why _____ auto _____ electrical impedance on its driver _____ wiring.
 Why _____ the _____ bag _____ show high resistance?
 Why _____ the _____ showing elevated _____ in _____ side Airbag _____?
 I'm consistently _____ a _____ Air _____ Circuit _____ Resistance _____ in _____ car.
 What _____ high resistance of _____ circuit?
 I have a _____ displays a driver _____ bag _____ high _____.
 _____ continually display raised _____ on _____ driver side air _____ wiring?
 _____ you tell _____ my _____ driver-side air bag _____ high _____?
 _____ could be _____ car's _____ side _____ circuit to always _____ high _____?
 _____ my vehicle's problems _____ involve elevated _____ driver's airbag _____?
 _____ high _____ in _____ air bag _____ in _____ vehicle?
 _____ is my _____ driver's side air _____ showing _____?
 _____ come _____ raised electrical impedance on _____ air bag _____?
 I have _____ question _____ my _____ indicating a _____ with the _____ bag _____.
 _____ driver-side _____ bag wiring, there _____ consistent high resistance.
 My _____ with _____ 'Driver Side Air _____ Circuit _____ up with that?
 What is the cause _____ vehicle _____ excessive _____ driver's _____ air _____?
 Why _____ my _____ indicate a high _____ the driver _____ circuit?
 Is _____ for the _____ resistance in my _____?
 My _____ hitting me with this _____ Bag Circuit _____ Resistance', _____ is up with _____?
 _____ car's driver- _____ air _____ show high resistance?
 _____ my car _____ a Driver Side _____ High Resistance all the time?
 _____ it because my car has high resistance _____?
 My _____ always _____ the _____ air _____ circuit _____ restraint' warning.

There _____ ongoing _____ bag circuit that _____ consistently _____ resistivity.

There _____ a recurring _____ of _____ resistance _____ my _____ Airbag circuitry.

I'm having _____ issues _____ car's _____ bags.

_____ car been _____ in the _____ side air-bag?

_____ causes _____ driver's _____ circuit _____ display resistance?

Is _____ a reason for _____ high _____ in my _____ ?

Why _____ car display resistance _____ the _____ ?

I would like _____ know why _____ is _____ resistance _____ air bag _____.

The _____ thing _____ high resistance in _____.

_____ going _____ with _____ car's _____ of _____ Driver Side _____ Circuit High _____ ?

Can _____ me an explanation for _____ there is _____ in _____ wiring?

_____ you _____ the Driver Side Air Bag _____ my _____ ?

_____ a high _____ in _____ air bag circuit.

_____ do _____ vehicle shows elevated _____ the _____ side _____ circuit?

My car has a _____ driver _____ air _____ resistance _____.

_____ is _____ air _____ on _____ driver's side to show _____ resistance _____ car?

I am _____ a Driver _____ Bag _____ High _____ message _____ regular basis in my _____.

_____ be _____ my _____ driver side air _____ circuit to _____ high _____ ?

_____ you explain _____ reason _____ the _____ air _____ circuit _____ resistance?

_____ persistent _____ issue _____ driver _____ circuit.

There _____ a _____ side _____ circuit in _____ that _____ displaying _____ resistance.

_____ curious _____ why my _____ keeps showing a problem _____ air bag _____.

What _____ the _____ air _____ circuit to consistently _____ ?

I _____ issues _____ my car's _____ side air bag.

_____ causing my _____ air bag _____ to _____ indicate _____ resistance?

When m'am _____ keeps _____ Driver Side Air Bag Circuit _____ what _____ ?

_____ shows high _____ driver side air-bag.

I would _____ to _____ why _____ am _____ a _____ side air _____ circuit high _____.

_____ tell me _____ car indicates a _____ Bag Circuit high _____ ?

What _____ cause _____ my _____ high resistance _____ driver-side airbag _____ ?

Why _____ airbag circuit continually _____ ?

How _____ resistance _____ the driver's air bag?

_____ high- resistance issues with my _____ air _____.

_____ car _____ a darn driver _____ bag circuit _____ resistance _____ the _____.

_____ cause of _____ resistance in _____ driver-side air bags?

I don't understand why _____ car _____ indicating _____ resistance _____ air _____.

_____ causes a constant _____ issue _____ side circuit?

_____ Driver _____ Bag _____ High Resistance is displayed _____ my _____ time.

_____ there a _____ for the high _____ air bag circuit?

How _____ my _____ pissing me off _____ its stupid Driver Side _____ Circuit _____ Resistance _____ ?

Why does my _____ driver-side _____ show consistent _____ ?

_____ it possible for you to tell me _____ it _____ high _____ the air _____ circuit?

There _____ occurrence of _____ in _____ car's _____ airbags.

_____ do my _____ constantly _____ driver side air _____ ?

I'm _____ sure what's _____ with my _____ me about _____ side airbag _____.

My _____ car keeps hitting me with _____ air bag circuit _____ ?

Why _____ my _____ driver's _____ malfunctioning?

The vehicle shows _____ Side _____ Circuit _____ resistance.

_____ am often getting a _____ Circuit High Resistance _____ in my _____.

The _____ circuit is _____ high resistivity.

Why is _____ airbags always _____?

_____ does my vehicle _____ excessive _____ the driver-side _____?

_____ my car have _____ resistance _____ the _____ air bags?

My vehicle's driver _____ air _____ indicating _____ resistance

_____ am _____ keeps indicating _____ problem with the _____ bag circuit.

_____ is always _____ the air _____ circuit of _____ car.

Can you _____ why the driver _____ air bag circuit _____ is _____?

How _____ vehicle's problem _____ always _____ to _____ driver's _____ connection?

_____ there _____ the high resistance _____ driver- side circuit?

_____ you have an _____ the driver _____ air _____ circuit _____ resistance _____ car?

I _____ the reason behind _____ showing _____ driver _____ air _____ circuit.

Why does _____ resistance happen?

What is _____ the _____ bag circuit _____ show _____?

What _____ the _____ resistance?

_____ does _____ vehicle show _____ Air Bag _____?

_____ is showing _____ constant _____ bag circuit high _____.

_____ do my vehicle _____ driver _____ bags with _____?

_____ a _____ excessive _____ in my car's driver-side absorber.

There's a _____ Air Bag _____ in my car.

_____ air _____ circuit is _____ my vehicle shows _____ resistance.

_____ know _____ on with my _____ it always gives a message _____ air bag _____.

My car always _____ Side Air Bag _____ warning _____ it.
