

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	Deck construction or restoration
Inquiry Sub-Category	Pricing and Quotes
Description	Customers inquire about the cost and estimates for deck construction or restoration services, including materials, labor, and any additional fees.
Data Size	5,033 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

Will adjustments ____ budget constraints halfway ____ project ____ extra ____ ____ quoted amount?

Is there a ____ mid-project spending ____.

____ project budget be ____ halfway point without ____ additional ____?

____ budget constraints don't ____ through ____ adjustments within budget constraints ____ beyond ____ original quoted amount?

____ constraints are ____ halfway ____ adjustments within budget constraints will ____ past their ____ quoted amount.

____ the budget ____ affecting ____ point in ____ project cost more ____ amount?

____ adjustments within ____ are halfway ____ the ____ they ____ charged more than the ____.

If ____ changes ____ the budget before completing half ____ project, would ____ charges not included ____ your ____?

Will modifications to funding ____ the ____ stated ____ amount?

The project budget ____ changed ____ halfway point, ____ it ____ more charges.

The project ____ be ____ the halfway point, but can ____ changes ____?

Budget ____ midway through ____ may ____ charges.

If ____ become ____ during ____ completion around halfway ____ would extra expenses ____ beyond ____ previously ____?

____ when the project is done because of ____ budgets?

____ the adjustments ____ through the ____ will ____ be charged ____ the ____ amount?

Can ____ to ____ budget result in ____ initial quote?

____ adjustments in ____ halfway through ____ will they be ____ more?

____ you made changes to the budget ____ half of ____ project, would ____ be any ____ original ____?

The project budget can be ____ the halfway ____ can ____ to ____?

Will making changes ____ through the ____ more?

Will ____ be additional charges ____ to ____ halfway ____ completion?

____ the ____ budget ____ in increased ____ over the ____ quote?

____ project ____ result in ____ fees over ____ initial quote?

____ constraints ____ halfway point in ____ could result in additional ____.

____ budget constraints are ____ halfway through the project, adjustments within ____ budget ____ charged ____ originally ____.

The project ____ the halfway point, but ____ those ____ to ____ beyond the initial.

____ more ____ than the initial quote ____ the budget ____ at ____?

_____ be changed at _____ halfway point, can _____ extra fees?

The _____ can _____ changed at _____ halfway point _____ can _____ additional _____ beyond initial.

Will adjustments within _____ the _____ cost more than the _____?

_____ budget can be _____ at the halfway _____ can it lead to more _____ the _____?

_____ budget constraints during the _____ of the _____ be _____ expensive than _____ were previously _____?

The project budget can be _____ at the _____ point, _____ those _____ beyond _____ initial.

_____ there _____ more _____ the _____ quote _____ the project budget is _____ the halfway _____?

The project budget _____ the halfway _____ it _____ lead _____ additional costs.

The _____ budget can _____ changed _____ the halfway _____ can _____ lead to _____ costly _____.

_____ adjustments become _____ around _____ through, would _____ extra _____ what was _____?

I would like _____ there _____ fees due to revised budgets _____ completion.

_____ adjustments _____ made halfway, can _____ extra costs _____ the budget?

The budget _____ be _____ at _____ halfway point, _____ those _____ lead _____ additional fees _____ initial.

_____ the project _____ changed _____ halfway point with _____ fees?

Is _____ extra _____ for budget _____ through?

_____ budget constraints _____ not balanced halfway through _____ project, _____ will _____ charged _____ quoted _____.

The _____ budget can be _____ at the _____ point _____ it _____ more charges _____ quote?

There _____ possibility _____ having excess charges _____ spending _____.

_____ cost more to make _____ through the project _____ estimate?

_____ we need _____ change things _____ and stay _____ budget, will _____ be _____?

Will the _____ constraints _____ the _____ in _____ cost more _____ quoted amount?

_____ adjustments don't match initial _____ they incur _____ halfway _____ the _____?

Are there _____ budget changes _____ a _____?

_____ changes cause more fees halfway _____.

Is _____ chance _____ overcharging _____ spending changes?

_____ cause additional expenses halfway through _____?

If the _____ completed around _____ the _____ impose extra expenses _____ was _____?

If it's _____ through _____ will _____ within budget _____ be charged _____ original amount?

If _____ adjustments are halfway through the _____ be _____ more than _____?

_____ the budget constraints _____ not balanced halfway _____ will be _____ originally quoted.

Would changing _____ halfway _____ the _____ estimate?

Is extra _____ for _____ halfway through _____?

Will _____ within _____ constraints _____ charged _____ than originally _____ if _____ is halfway _____?

Can there _____ more fees _____ if the project _____ is changed _____?

If _____ the project, will _____ budget constraints be charged _____ the _____?

_____ the budget _____ through _____ lead to _____ beyond _____ quoted amount?

_____ necessary _____ through, _____ arrangements impose more expenses _____ they were quoted?

Will _____ project _____ up costing _____ if _____ halfway through?

_____ project budget _____ the halfway _____ but _____ revisions _____ lead to _____ fees.

_____ there _____ extra expenses _____ the project requires some _____?

Any _____ may _____ we _____ our budget _____ into the project.

_____ project budget can _____ at _____ halfway _____ but it can _____ extra _____.

Modifications _____ halfway _____ increase _____ was initially quoted?

_____ project budget can be _____ at _____ and _____ could lead _____ charges.

_____ we _____ things _____ through _____ stay _____ the _____ will there _____ additional charges?

Do you know if _____ extra _____ adjusting finances _____?

_____ adjustments within _____ constraints _____ budget constraints halfway _____ project, _____ will _____ than the originally quoted amount.

If _____ not _____ through the project, _____ budget constraints will be charged _____ the originally _____ amount.

Will _____ constraints _____ the _____ point in project completion _____?

Will the budget ____ affecting the ____ point ____ them ____ additional charges?

Will ____ within ____ constraints during ____ half of the project cost ____ than ____?

____ budget can be changed ____ point so are ____ more ____?

At ____ halfway ____ the project ____ changed, but ____ it ____ additional costs?

____ any ____ if we ____ halfway through the project?

Will ____ halfway through my ____ than ____ quote?

A project budget ____ changed ____ point, can ____ to ____ charges?

If we ____ our budget limits midway ____ the ____ additional ____?

If budget ____ halfway through the project, adjustments within ____ will ____.

____ it ____ budget changes ____ cause ____ fees ____ through ____ project?

Will making ____ through the ____ than the initial price?

____ to pay more ____ halfway through the ____?

____ cause new ____ halfway ____ the project?

Can ____ changes cause more ____ halfway ____?

____ adjustments ____ halfway ____ the project, will ____ be charged ____ than ____?

Is there ____ costs ____ the ____ adjusted ____ through the ____?

Is ____ more costs ____ budgets ____ adjusted halfway through ____?

Will I ____ than the initial ____ if I change ____ project ____?

Will ____ halfway ____ project end ____ costing ____ than the ____ quote?

Will making changes halfway ____ cost more ____ quote?

Changing ____ might ____ costs ____ the original ____.

____ charged beyond ____ quoted ____ if the project is ____ through?

____ making ____ to my project ____ through ____ than ____ estimate?

____ the adjustments ____ halfway through ____ final ____ of the project, they ____ be ____ more ____ amount.

Add any new expenses ____ we ____ budget ____ project?

It's ____ project budget at ____ halfway ____ can ____ lead to more ____?

Can budget changes ____ fees halfway ____?

____ can be ____ at the halfway ____ but can ____ revisions ____ more expensive ____?

Can the ____ budget ____ changed ____ halfway ____ can ____ lead ____ more charges?

Is there any additional ____ budgets ____ adjusted ____ project?

____ project budget result ____ over initial quote?

If ____ constraints don't ____ out ____ the project, adjustments ____ budget constraints ____ their originally quoted ____.

____ I expect to pay ____ the end ____ project ____ budgets?

Is there any ____ costs ____ finances ____?

____ budget ____ changed at the halfway ____ and lead ____ more ____?

If the ____ are halfway through the ____ they ____ the original ____.

If ____ to ____ made during work ____ around ____ through, would ____ extra ____?

____ you clarify ____ be ____ for adjusting finances mid-project?

Is ____ extra charges ____ changes halfway ____ a ____?

What ____ expenses will ____ involved ____ we alter ____ midway?

If the ____ through the ____ be ____ more than the ____ amount?

____ there be extra charges ____ budget constraints ____ project?

Is any additional expenses involved ____ we alter our ____?

____ budget ____ changed ____ the halfway point ____ those ____ lead to additional ____?

____ budget adjustments within the ____ do not match ____ additional ____ be ____ through ____?

____ adjustments ____ incur extra charges halfway through ____ project?

____ adjustments are halfway ____ project, they'll be ____ than the ____ quoted ____.

The ____ affecting the halfway ____ in ____ project ____ additional ____ quoted amount.

If ____ out halfway ____ the ____ adjustments within budget constraints will ____ more ____ originally quoted.

Will budget constraints halfway _____ completion lead _____ beyond the _____?

The project _____ can _____ altered at _____ halfway point, _____ it _____ to more charges _____?

_____ budget can _____ at _____ it lead to more charges?

If _____ constraints don't balance _____ the _____ will _____ charged _____ original _____ amount.

_____ can _____ at _____ halfway point, but can those _____ lead _____ more _____ things

Will _____ budget constraints _____ second half of project _____ cost _____ they _____ previously _____?

_____ budget _____ halfway through project completion _____ additional charges _____ quoted _____?

_____ there will be additional _____ revised _____ within _____ project completion.

Will _____ additional _____ to _____ budgets within _____ halfway point?

_____ the _____ constraints are not balanced _____ through the _____ will be charged _____ than originally _____.

Will budget constraints _____ through _____ beyond the initial quoted _____?

If budget constraints _____ not _____ through the _____ adjustments will _____ charged beyond _____ amount.

_____ adjustments are _____ through the _____ the project, _____ beyond the originally quoted amount.

The _____ budget can be _____ point, _____ it lead _____ fees.

_____ project _____ can be changed at the _____ point and there _____ be more _____.

If the adjustments _____ the _____ be _____ more _____ the originally quoted amount.

Will _____ along _____ way _____ in _____ expenses _____ was _____ quoted?

_____ have any _____ if _____ halfway through the project?

If _____ within the project do not _____ will they _____ more _____ through the _____?

Is there any _____ incurred _____ the project for _____?

_____ we _____ to _____ and stay within the _____ will _____ be additional _____?

_____ amendments _____ to _____ during the _____ development phases lead to _____?

_____ there more _____ budget _____ through the project?

_____ changing _____ budget at the _____ point lead to more _____ than _____?

_____ not included _____ original _____ would be _____ if you made changes to the _____ the project.

Can you _____ me _____ be _____ extra costs when _____ finances _____?

Will there _____ extra charges _____ to _____ project completion.

Can the _____ be _____ the halfway _____ and lead _____ charges beyond _____ the _____ quote _____?

If budget constraints are _____ balanced halfway through _____ adjustments _____ constraints _____ be charged _____.

The project _____ can be _____ at _____ halfway point, _____ can _____ to more fees _____.

The _____ can _____ the halfway point _____ the project, _____ lead to more _____.

Can the project _____ at the _____ lead to _____?

_____ budget _____ changed at the halfway _____ it _____ also lead _____ fees beyond the _____.

If budget adjustments _____ quotes, will _____ be _____ charges _____ the _____?

_____ project's _____ can _____ changed at the _____ but can _____ changes _____ additional _____.

If it's halfway _____ final _____ within _____ be charged more?

_____ it _____ charges due to mid-project spending _____?

Do you _____ there _____ be _____ costs _____ adjusting finances _____?

_____ charged _____ charges _____ we _____ to change _____ halfway _____ the budget?

_____ have _____ change _____ midway through _____ stay _____ additional charges apply?

If budget _____ not match initial _____ will there _____ halfway through _____?

If _____ the budget before completing half of the project, _____ there _____ charges?

_____ budget can be changed at _____ point _____ can also _____ fees.

_____ adjustments become _____ during _____ of the work, would _____ impose additional _____?

Is _____ extra _____ for _____ midway _____ the project?

_____ plans halfway could _____ additional _____ beyond the _____.

_____ project budget _____ the halfway _____ so _____ there be _____ fees than initial _____?

Is it possible _____ additional _____ revised _____ within halfway project _____?

If _____ is _____ through, will adjustments within _____ more?

If adjustments _____ halfway, _____ extra costs _____ the _____?

_____ can _____ changed _____ the halfway _____ and so _____ there _____ fees than the _____ quote?

Will _____ constraints affecting _____ point in _____ project _____ additional charges beyond _____ ?

Will making _____ to _____ cost _____ more _____ the initial quote?

Will _____ project halfway through cost _____ the _____ ?

If _____ adjustments don't _____ initial quotes, _____ incur additional _____ the _____ ?

_____ you _____ me whether _____ are _____ charges for _____ through the _____ ?

Will adjustments _____ constraints _____ the quoted amount if _____ project is _____ ?

If adjustments become _____ around _____ through, would _____ arrangements impose _____ stated?

If budget constraints don't _____ halfway through _____ adjustments _____ constraints will _____ charged _____ the quoted _____ .

_____ the _____ constraints affect _____ more than what was _____ ?

Will the budget _____ point _____ the project results _____ charges?

_____ budget constraints _____ not balance out halfway through _____ be _____ more than originally _____ .

If _____ the _____ will _____ within budget constraints _____ charged _____ the _____ amount?

_____ halfway point, _____ budget _____ changed, can _____ lead _____ charges than the initial quote?

_____ be charges for budget changes midway _____ .

If adjustments _____ during _____ completion _____ through, _____ they impose _____ expenses beyond _____ was _____ earlier?

_____ budget constraints _____ halfway point _____ project _____ lead _____ extra charges?

_____ project _____ changed at the halfway point _____ the project, _____ can it _____ charges?

If you _____ changes to the _____ of the project, _____ be _____ in your original estimate?

The project budget can _____ can it lead _____ charges?

_____ there _____ additional _____ for _____ halfway _____ the project?

Can _____ project budget at _____ lead to additional _____ ?

Can there be more fees _____ at the _____ ?

_____ we _____ charged more _____ have _____ change _____ halfway _____ and _____ within budget?

_____ adjustments become necessary during _____ completion around halfway _____ imposed?

Will _____ charges _____ the originally quoted _____ for _____ halfway through _____ ?

If adjustments become _____ during the _____ of _____ would _____ impose _____ ?

If _____ need _____ be made _____ do you _____ any extra _____ ?

The project budget _____ be _____ can it lead _____ more costs?

If _____ necessary _____ would these _____ impose more _____ than what _____ quoted?

_____ budget _____ halfway _____ project _____ lead to _____ charges?

If the _____ adjustments _____ initial _____ will there be additional charges _____ ?

Does it _____ to make budget _____ midway _____ ?

If _____ make _____ to _____ before _____ of _____ be any additional _____ not _____ in your original estimate?

_____ be changed _____ the _____ point, but _____ it lead to further _____ ?

Excess _____ happen _____ spending changes.

_____ can _____ at _____ halfway _____ but do _____ changes lead _____ additional costs?

If _____ the project _____ not _____ will there _____ additional _____ through the project?

Will the _____ constraints _____ through _____ project _____ to _____ charges?

_____ halfway _____ when the _____ budget can _____ changed so can there _____ more _____ than _____ ?

_____ budget changes _____ more _____ halfway through _____ ?

_____ project _____ can be _____ at the _____ can _____ revisions lead _____ even _____ costs?

_____ can potentially _____ incurred _____ mid-project spending _____ .

The project _____ be changed at _____ but _____ the _____ lead to _____ .

_____ constraints be charged _____ than their _____ amount if _____ is halfway _____ ?

_____ the _____ are halfway _____ the _____ beyond the originally quoted amount?

Excess _____ can possibly be _____ changes.

_____ project _____ changed _____ the halfway point _____ can those _____ lead to _____ .

Will _____ within budget constraints during the _____ of _____ completion _____ than _____ been quoted _____ ?

_____ revised _____ to increased fees _____ the _____ quote?

____ the adjustments needed ____ any ____ costs ____ the budget?
 ____ modifications to ____ to exceed the original ____ amount?
 ____ aren't in ____ with ____ there ____ charges halfway through the project?
 Will ____ constraints ____ the ____ in project completion ____ in ____ charges ____ quoted ____?
 Is there a ____ of ____ revised budgets at ____ completion?
 Will ____ I make ____ through ____ project ____ more ____ the ____ price?
 Will adjustments ____ budget constraints ____ the second ____ project ____ they are ____ quoted?
 The budget ____ the ____ can result in additional charges.
 The ____ be ____ at ____ halfway point, but ____ lead to an ____ fee.
 Will ____ in the ____ half of ____ be more ____ they ____ quoted?
 ____ the ____ constraints ____ halfway ____ in ____ completion going ____ incur extra ____?
 If adjustments within budget ____ project, ____ charged more.
 ____ I make halfway through ____ project ____ more ____ the ____ estimate?
 Is ____ constraints ____ project completion ____ originally stated?
 ____ can be ____ at ____ and can lead to ____ charges than ____ initial quote.
 ____ be applied if we have ____ change things ____ through ____?
 ____ halfway through may have added ____ was initially ____.
 The ____ be changed at the ____ but can ____ lead ____ costs?
 If the adjustments ____ through ____ will be charged ____ the original quoted ____.
 ____ additional ____ if we ____ change ____ through and stay within the ____?
 Will the ____ constraints affecting the ____ of the ____ charges ____ quoted ____?
 ____ we have ____ things midway through ____ budget, ____ be any ____ charges?
 ____ budget ____ through the project, ____ will be charged ____ they were originally quoted.
 ____ will ____ charges ____ we have ____ halfway through and ____ within the ____.
 Excess charges ____ during ____ change.
 ____ adjustments ____ constraints ____ beyond their ____ quoted amount ____ is halfway done?
 ____ altering plans ____ increase ____ beyond ____ estimate?
 Will ____ halfway ____ project completion result in ____?
 ____ the project ____ can ____ changed ____ the ____ those ____ lead to additional ____ the initial?
 The ____ budget ____ be changed at ____ halfway point, ____ there ____ costs than ____ initial ____?
 Is ____ when project adjusts ____ budget limits?
 The ____ budget can be ____ point, but can that ____ increased ____?
 ____ to the ____ budget result ____ fees than ____ quote?
 ____ revised ____ in increased ____ over the initial ____?
 ____ mid-project ____ changes, ____ there be ____?
 ____ we ____ budgets ____ the ____ additional ____ would we have?
 ____ adjustments ____ halfway ____ the project, will they ____ quoted amount?
 Is ____ that adapting ____ exceeds the initial quote ____?
 ____ the budget constraints affecting the ____ in ____ cause ____ charges ____ quoted ____?
 Will ____ applied if ____ have to change ____ through and ____ budget?
 Will additional charges ____ we ____ things halfway ____ to stay ____ budget?
 The ____ budget can ____ changed ____ can ____ lead to ____?
 If ____ balance ____ the project, adjustments within budget constraints ____ charged ____ original quoted amount.
 The ____ can be altered ____ point, but can ____ to ____ costs.
 ____ budget ____ project completion ____ more ____ originally estimated?
 The ____ can ____ changed ____ the halfway ____ there be ____ fees than ____?
 The ____ budget ____ changed ____ halfway ____ but can ____ to more cost?
 Can revised ____ budget results ____ over ____ quote?
 ____ project budget can ____ changed ____ halfway point, but ____ lead to additional fees _____.

If _____ budgets _____ adjusted halfway through _____ there _____ costs?
 Will _____ my project _____ more than _____ initial _____?
 If we _____ to alter _____ and stay within _____ budget, _____ apply?
 The project _____ at the halfway _____ changes lead to additional _____.
 Will there _____ charges _____ we have _____ halfway through _____ budget?
 Will adjustments _____ constraints _____ second half _____ project completion _____ more _____ they _____ been _____?
 _____ halfway cost _____ the original _____?
 _____ there charges for _____ through a _____?
 _____ within _____ constraints do not balance out _____ through _____ project, they _____ charged _____ quoted amount.
 _____ the halfway _____ be changed, _____ can _____ revisions _____ to additional fees.
 _____ be _____ during _____ spending alterations.
 _____ become _____ halfway through, would these arrangements impose _____ beyond _____ quoted?
 Is there _____ of _____ project spending changes?
 _____ there extra _____ for budget _____ through _____?
 _____ adjustments within _____ constraints _____ charged _____ if _____ is halfway through?
 Will making _____ halfway _____ the _____ than the initial _____?
 If budget _____ don't match _____ they incur _____ charges _____ through _____ project?
 If _____ halfway through _____ will adjustments within budget _____ than _____ quoted _____?
 The project _____ can _____ at _____ can it _____ to increased costs?
 During _____ spending changes _____ is _____ chance of _____.
 Will _____ budget _____ the quoted _____ if the _____ is halfway done?
 _____ revisions to the _____ budget _____ costs?
 Are _____ when _____ finances mid-project?
 If _____ is _____ through the project's final phase, _____ within budget _____ more _____ originally _____?
 The project _____ can be changed _____ the halfway _____ can _____ fees _____ the initial.
 The _____ can _____ the halfway _____ but _____ additional fees _____ beyond the initial.
 If the adjustments are halfway through _____ final _____ charged more _____.
 Will _____ within budget _____ in the second half _____ cost be _____?
 Can I _____ pay more at _____ of _____ revised budgets?
 The _____ can be _____ the halfway _____ but can _____ lead to _____ initial.
 Is it possible to anticipate _____ fees _____ completion?
 _____ changing the _____ exceed _____ initial quote _____?
 _____ there will _____ any _____ to adjust _____ mid-project?
 The project budget _____ at _____ point, _____ can it lead _____?
 _____ constraints are not _____ through the project, adjustments _____ be charged _____ original quoted amount.
 The budget can change _____ the _____ point so can _____ fees _____?
 _____ project budget _____ changed at _____ point, _____ there can be _____ beyond the _____.
 _____ be any additional charges if we _____ through and _____ within the _____?
 Is the budget _____ halfway _____ in project completion going _____?
 Can _____ changes _____ expenses _____ through a _____?
 _____ budget _____ altered _____ the halfway _____ but _____ those revisions _____ to _____ fees.
 If you _____ the _____ half of _____ project, _____ there _____ charges _____ included _____ the original estimate?
 Will adjustments to _____ during _____ half _____ the _____ more _____ they _____ previously quoted?
 _____ there _____ charges incurred _____ changes midway _____ project?
 _____ changing _____ project _____ cost more than _____ initial _____?
 _____ there be _____ charges _____ the _____ budget _____ changed at _____ point?
 Is _____ budget _____ through the project?
 _____ the budget constraints _____ the _____ point in _____ and _____ additional _____?
 _____ charged if _____ make modifications _____ funding halfway?

The ____ budget can be changed ____ the halfway ____ revisions lead ____ ?
 ____ charges for changing things halfway ____ and ____ the ____ ?
 Is there ____ excess charges ____ changes?
 Will ____ additional ____ if ____ need ____ change ____ halfway through ____ budget?
 ____ budget constraints halfway through the ____ to ____ ?
 If ____ to ____ halfway through ____ stay within the budget, will ____ ?
 Can ____ fees ____ the initial quote, if the ____ budget ____ the ____ point?
 ____ adjustments within ____ during ____ second half of ____ project cost ____ they ____ been ____ before?
 ____ budget ____ cause ____ to ____ up halfway ____ a ____ ?
 If adjustments ____ during work ____ halfway through, would the arrangements ____ beyond ____ previously ____ ?
 ____ project is halfway through, ____ adjustments ____ constraints ____ than the ____ quoted amount?
 Can budget ____ halfway through the project?
 Is the ____ halfway point going ____ cause additional ____ quoted amount?
 Will the budget constraints ____ cost ____ original price?
 ____ constraints ____ halfway point in project completion and ____ charges?
 Is ____ added ____ budget changes halfway ____ the ____ ?
 ____ budget ____ affect ____ completion cost ____ the original ____ ?
 The ____ budget ____ changed at ____ halfway point, ____ can ____ more ____ revisions?
 Budget ____ project may ____ extra charges.
 ____ possible for excess charges to ____ during mid-project ____ .
 If you change the budget before completing ____ extra ____ not included ____ the ____ estimate?
 ____ adjustments within budget ____ second ____ of the ____ were previously quoted?
 If ____ necessary ____ would these ____ more expenses than was ____ quoted?
 Can ____ result ____ increased ____ over the ____ quote?
 Is it ____ the ____ charge amount if ____ make modifications ____ funding halfway?
 Is it ____ to ____ excess charges ____ changes?
 Will there ____ when ____ within ____ constraints ____ made halfway ____ the ____ ?
 If adjustments ____ halfway, ____ there ____ additional costs within ____ ?
 Changing plans ____ additional costs ____ the original ____ .
 ____ project ____ can be ____ at ____ halfway ____ but can those ____ costs.
 ____ the ____ are ____ the project, will they be charged ____ ?
 ____ project ____ can be changed ____ halfway ____ but ____ those ____ more ____ than they're worth.
 If budget ____ balanced halfway ____ project, ____ will ____ charged ____ quoted amount.
 ____ constraints don't ____ out halfway ____ the ____ adjustments will ____ beyond ____ quoted amount.
 ____ project ____ be changed ____ halfway ____ but ____ lead to extra fees?
 ____ anything extra ____ budget changes halfway through ____ ?
 Is there an ____ charge ____ have to change things ____ ?
 There's a ____ during ____ spending changes.
 ____ project ____ can be changed at the halfway ____ but ____ fees beyond ____ initial.
 Is additional ____ if we have to change ____ ?
 ____ budget adjustments ____ not ____ quotes, will ____ be additional ____ halfway ____ ?
 ____ they don't ____ out ____ halfway ____ the project, adjustments ____ will be ____ the originally ____ amount.
 ____ adjustments become ____ around halfway ____ arrangements impose an ____ what was ____ ?
 ____ budget can be changed ____ point, ____ can it ____ to more ____ ?
 ____ adjustments within budget constraints ____ halfway ____ project's ____ phase, they ____ be ____ than ____ .
 ____ can be revised ____ halfway point ____ it lead ____ more costs?
 ____ additional ____ if we ____ alter things ____ and stay within the ____ ?
 The project ____ be changed ____ the ____ point, ____ there be ____ than the ____ quote?
 ____ budget ____ in ____ project do ____ match ____ quotes, will there ____ halfway ____ the project?
 ____ changing ____ cost more ____ the original estimate?

_____ within budget constraints be _____ past _____ originally _____ amount _____ the _____ halfway _____?
 _____ there be extra _____ budget changes _____ through _____?
 Can _____ changes _____ halfway through the project?
 During work completion around halfway _____ these _____ impose _____ was _____ quoted?
 Can _____ budget change _____ halfway point _____ more _____?
 If adjustments _____ through, would these arrangements _____ an _____?
 It's _____ the project budget at the _____ to more costs?
 _____ we have _____ things halfway through and _____ the _____ will _____ any additional _____?
 Will the _____ constraints affecting the _____ point _____ charges?
 The project budget can _____ at the _____ point _____ can _____ fees _____ to _____ initial _____?
 _____ be _____ when project _____ to budget limits
 If _____ balance out halfway _____ adjustments within budget constraints _____ charged _____ was
 originally quoted.
 Are _____ going to go _____ price?
 _____ project budget can be _____ at _____ halfway _____ additional fees be _____ initial.
 Can _____ tell me _____ there will _____ costs _____ finances _____?
 The _____ be changed _____ the halfway _____ may be more _____ than the initial _____.
 _____ constraints _____ the _____ the project cause additional charges _____ their _____ amount?
 _____ have to _____ and stay within budget, will there be _____?
 Modifications made _____ through might _____ past _____ was _____.
 If budget _____ not _____ halfway _____ adjustments _____ be charged more than _____.
 If adjustments _____ budget constraints are _____ the _____ be _____ more than _____ quoted amount?
 Will _____ constraints _____ project cause extra charges _____ originally _____ amount?
 _____ the _____ can be changed _____ the halfway point, can _____ be _____ than the _____?
 Is there any _____ charges _____ through project?
 _____ any added expenses _____ if we _____ our budget _____?
 If _____ become necessary around halfway _____ arrangements _____ expenses?
 The _____ budget can _____ at _____ halfway _____ but _____ it _____ higher costs?
 If _____ need _____ be made _____ there _____ extra costs _____?
 If _____ alter _____ budget _____ midway _____ the project, what _____ involved?
 Will additional _____ if _____ to _____ halfway _____ and stay _____ the _____?
 Will _____ within _____ be charged _____ quoted amount if it is _____ project?
 It is possible _____ budget at the _____ point, _____ it lead _____?
 If the _____ is _____ around _____ through, would _____ arrangements impose _____ expenses _____ what _____?
 _____ budget _____ don't balance out _____ adjustments within _____ constraints will _____ charged _____ than originally
 _____.
 If the adjustments are halfway _____ the project's _____ they _____ more _____ original _____.
 _____ revised _____ budget result in increased costs _____ quote?
 _____ project budget can be _____ at the _____ it _____ to more _____ than is _____?
 Will the budget _____ halfway through _____ project _____ beyond _____ quoted _____?
 Can the project budget _____ changed at _____ and _____ to _____?
 If _____ needed _____ made _____ is _____ any _____ costs within _____?
 _____ a _____ change cause _____ through a project?
 _____ making _____ to _____ more than the initial quote?
 Is there _____ extra _____ midway _____ a project?
 Will _____ changes _____ halfway through _____ project?
 _____ you know _____ there _____ an additional _____ for _____ through _____ project?
 _____ the _____ constraints halfway through _____ project _____ additional charges _____ quoted _____?
 _____ halfway through _____ project, what additional costs _____ there?
 _____ within _____ constraints _____ halfway through _____ be charged _____ than originally quoted.
 Will the _____ constraints affecting _____ halfway _____ in project _____ additional _____ beyond _____?

Is there ____ increase ____ charges ____ budget changes midway ____ ____ ?

____ the ____ the halfway ____ in ____ completion cause additional ____ ?

____ you ____ to ____ to the budget before ____ the ____ would there be any ____ charges ____ included in ____ ____

The ____ budget can ____ changed ____ the ____ point, but ____ revisions lead ____ more fees ____ .

The project ____ the halfway point, ____ can those changes ____ costs.

____ be changed at the halfway point but can ____ lead ____ beyond the ____ .

____ is halfway through the final ____ adjustments ____ constraints will be ____ beyond ____ quoted ____ .

____ have ____ things midway ____ stay within the ____ will additional ____ applied?

____ adjustments ____ budget constraints ____ over the ____ quoted amount ____ the ____ halfway ____ ?

____ budgets are ____ through ____ project, ____ additional costs ____ there?

The ____ can ____ at the halfway ____ more fees beyond the initial.

Will ____ to the ____ halfway through the project ____ quoted ____ ?

____ adjustments ____ during ____ second half ____ the project cost more ____ estimated?

____ project budget can ____ at ____ can ____ be more fees ____ initial quote?

____ adjustments within budget constraints are ____ through ____ project, they ____ quoted ____ .

Can ____ to additional fees ____ budget ____ at halfway?

____ can be ____ at the halfway point, but ____ that ____ to ____ ?

Will ____ the project will ____ more ____ the ____ quote?

The project ____ can be changed at the ____ but ____ lead ____ more ____ ?

If ____ don't ____ out ____ through the project, ____ constraints will ____ charged beyond the ____ amount.

____ you ____ if ____ are ____ the alterations ____ through the project?

____ the ____ costing ____ than ____ quote ____ I make changes halfway through?

____ is ____ through, will ____ within budget ____ charged ____ than originally quoted?

If adjustments within ____ constraints are ____ more than originally quoted?

If budget ____ don't ____ halfway through ____ project, ____ within budget ____ will ____ beyond original ____ .

If budget adjustments ____ not ____ they incur more ____ through the ____ ?

Will the changes ____ through cost more ____ ?

Will ____ constraints halfway through project completion ____ ?

____ there ____ additional ____ if we change ____ halfway through ____ within ____ ?

____ project ____ at ____ halfway ____ but can ____ revisions lead to additional ____ ?

____ changes ____ cause ____ fees halfway through ____ project?

Does additional charges ____ to ____ halfway ____ and ____ within the budget?

The ____ can ____ at the halfway ____ can those revisions lead ____ ?

____ are ____ balanced halfway through ____ project, ____ within the budget ____ be ____ beyond ____ originally quoted ____ .

____ adjustments within ____ budget ____ halfway through ____ project, will ____ charged ____ ?

Will adjustments ____ budget constraints during the ____ half ____ project ____ more ____ they ____ been ____ ?

____ project ____ change at ____ halfway point, ____ lead to ____ beyond the initial.

____ budget constraints don't ____ out halfway through the ____ adjustments within ____ constraints ____ charged ____ than ____ .

The budget ____ halfway ____ in project ____ will ____ beyond their ____ amount.

____ there a chance ____ charges during ____ spending ____ ?

____ will ____ additional charges ____ the project if ____ do not ____ initial ____ .

The project budget ____ be altered ____ point, ____ can there ____ fees ____ the ____ quote?

____ through the ____ bring in extra charges?

If ____ through ____ project's final ____ within budget ____ will be ____ before.

At ____ point, the ____ budget ____ be ____ can there be ____ fees than the ____ ?

____ constraints ____ not balance out ____ through ____ then ____ within ____ be ____ more than originally quoted.

If ____ have to ____ things halfway ____ our budget, ____ there ____ additional ____ ?

____ revised ____ result ____ increased ____ over the quote?

The project budget can be ____ at ____ halfway ____ to more ____ was originally ____?
 Will ____ end up ____ more for changes ____?
 The project budget can ____ changed at the ____ lead ____ an ____ cost.
 Is it ____ that budget ____ project ____ will ____ extra ____?
 ____ budget can ____ changed at ____ halfway point, but ____ changes lead ____.
 ____ the budget adjustments ____ match ____ quotes, will ____ be ____ halfway through ____?
 The project budget can ____ at the halfway ____ in ____ can it lead ____?
 ____ adjustments within budget constraints ____ second half ____ project cost ____ than ____ quoted?
 ____ project ____ changed at the halfway point ____ can ____ lead ____ additional ____?
 Can a revised ____ budget ____ in an ____ the ____?
 Will ____ budget constraints during the ____ of the project ____ they have ____?
 ____ charges ____ we have ____ change something ____ through ____ budget?
 ____ it ____ me more ____ halfway ____ the project ____ the ____ quote?
 ____ adjustments within the project do not match initial quotes, ____ through ____ project.
 ____ more fees than the ____ if ____ budget can ____ changed ____ the ____ point?
 ____ budget ____ halfway through ____ project cause ____?
 ____ adjustments ____ through ____ they'll be ____ more than ____ original quoted amount.
 Is ____ any ____ our budget limits midway?
 The project budget ____ the ____ point ____ it may ____ to ____ charges.
 Budget changes ____ through ____ incur additional ____.
 The ____ budget can ____ at the halfway point, ____ fees ____ quote?
 ____ there ____ costs ____ the ____ altered halfway through the ____?
 The project budget ____ the halfway ____ the revisions ____ to additional ____.
 ____ making ____ halfway through my project ____ quote?
 Is there ____ the budget is ____ halfway?
 If ____ aren't balanced halfway ____ adjustments ____ constraints will ____ charged ____ their ____ quoted amount.
 ____ project budget can ____ changed ____ halfway ____ can include ____ fees ____ the ____.
 ____ budget ____ be changed at the ____ point but ____ lead ____ additional ____ the initial?
 ____ adjustments ____ the budget ____ halfway ____ the project, ____ be ____ than the ____ amount.
 The project budget can ____ changed at ____ to additional costs.
 ____ be extra charges due to ____ constraints ____ completion?
 Will ____ budget constraints affecting the ____ point in ____ project incur ____?
 ____ have to alter ____ stay within our ____ additional charges apply?
 ____ be ____ the ____ but can ____ lead ____ charges than what the initial quote says?
 ____ adjustments within ____ constraints ____ the ____ phase, they ____ be charged beyond the ____ amount.
 ____ the ____ constraints ____ halfway point ____ cause additional charges ____ quoted amount?
 The project ____ be changed ____ halfway ____ but ____ revisions ____ to more ____.
 Will the budget constraints ____ project ____ extra charges ____ amount?
 Does adjusting ____ project ____ exceed ____ cost?
 ____ budget ____ altered at ____ halfway ____ but can ____ to additional costs?
 ____ made ____ through ____ add ____ what ____ initially quoted.
 The project budget can ____ at ____ point so will ____ be ____ than ____ quote?
 The ____ budget can be ____ at ____ halfway ____ so ____ there be ____ the ____ quote?
 ____ be ____ at ____ halfway ____ but can those changes ____ to ____ costs than ____ are worth.
 Will extra ____ be ____ to change things halfway ____ within ____ budget?
 If ____ have ____ change ____ halfway ____ the ____ will there ____ charges?
 ____ be ____ charges ____ initial ____ if there are ____ within ____ constraints halfway through ____ project?
 The project ____ be changed ____ point, ____ lead to more charges?
 ____ for adjustments ____ budget constraints halfway ____ project ____ incur extra ____?

_____ made halfway through _____ expenses past _____ originally _____?

At the _____ the _____ budget can _____ lead to _____ charges.

Will adjustments _____ budget _____ during _____ half _____ cost _____ than they were originally _____?

_____ adjustments _____ budget _____ beyond the quoted amount if _____ project _____?

_____ within _____ constraints _____ halfway through _____ project's _____ phase, _____ will be charged beyond _____ quoted _____.

_____ the budget _____ midway _____ the project _____?

_____ possible that _____ changes will _____ fees _____ the project?

_____ we have to _____ things halfway _____ and _____ the _____ will _____ be _____?

_____ become necessary _____ halfway _____ work, _____ these arrangements _____ extra _____?

_____ my project halfway _____ more than the _____?

_____ don't balance out halfway _____ the _____ adjustments _____ budget _____ be charged beyond the _____ amount.

Excess charges _____ incurred _____ change.

_____ budget _____ do _____ through _____ adjustments within budget constraints will _____ charged beyond _____ quoted amounts.

If the _____ are _____ through the project's _____ phase, _____ be _____ stated.

Will I _____ up _____ more _____ my _____ when _____ make _____ halfway _____?

Modifications halfway _____ can _____ expenses _____ what _____ originally _____.

_____ adapting the _____ exceed the _____ quote _____?

_____ be changed _____ the halfway point, but _____ revisions _____ to _____ costs _____ is justified.

_____ an _____ for budget changes _____ through _____ project?

If adjustments _____ constraints _____ halfway _____ project, they _____ be _____ the original quoted _____.

_____ budget _____ cause fees _____ halfway _____ the project?

If _____ change _____ halfway _____ are the additional costs?

The project _____ be changed _____ the halfway point, _____ can those changes _____ should.

Is _____ any additional _____ incurred for budget _____ through _____?

_____ constraints affecting _____ halfway _____ a _____ going to _____ additional charges?

_____ point, the project budget can be _____ revisions _____ to _____ fees.

_____ the _____ constraints affect _____ project completion _____ the _____ amount?

The _____ budget can _____ changed _____ the halfway _____ can _____ to _____ costs?

Is there _____ involved _____ we alter our budget _____ into _____?

Is the _____ constraints affecting _____ completion _____ more than _____?

_____ made _____ through _____ add expenses _____ was initially _____.

If _____ constraints are _____ balanced _____ the project, then _____ budget _____ will _____ charged _____ than _____ quoted.

If _____ budget constraints _____ through the _____ final phase, _____ be charged more than _____.

If _____ have _____ things halfway _____ stay _____ the _____ will _____ an additional charge?

Excess charges are _____ during _____.

_____ within budget _____ during the second _____ of the _____ cost more than _____ had _____?

_____ budget can _____ at the halfway _____ can _____ be _____ costs than _____ quote?

_____ to _____ the _____ budget at the halfway point, can _____ to _____?

What additional expenses are involved _____ our budget _____ project?

_____ budget changes _____ to more costs halfway _____?

Will there be _____ we have _____ things _____ through _____ stay _____ budget?

If _____ out halfway _____ the _____ then adjustments within budget constraints will be _____ amount.

_____ project _____ be _____ point but can that _____ to increased costs?

Will _____ the budget _____ during the second _____ of the project _____ they _____ previously _____?

If it's halfway _____ adjustments within budget constraints _____ be charged _____ previously _____.

If the adjustments are _____ project, they _____ beyond _____ amount.

If the project _____ halfway _____ within budget _____ be charged beyond _____?

Can _____ additional fees due to revised _____ within _____?

Budget _____ cause additional _____ through a _____.

_____ changes halfway _____ the _____ cost more than _____ cost?

_____ there _____ incurred for _____ changes midway _____ a _____?

If it's halfway _____ final phase, _____ adjustments _____ constraints _____ more than _____ quoted?

Can _____ changes cause costs _____ through _____ project?

_____ in the _____ cause _____ halfway through _____ project?

_____ be changed at _____ halfway _____ changes lead to additional costs?

_____ possible _____ adjustments _____ budget constraints _____ through the project _____ extra _____?

Is _____ possible for _____ charges _____ during _____ project _____ changes?

_____ any _____ costs if _____ budgets are _____ halfway?

_____ adjustments _____ constraints are _____ project, will they _____ charged more?

_____ you _____ changes to _____ budget before completing _____ the project, would _____ extra _____ in _____ original estimate?

_____ through the project's final phase, _____ be _____ beyond the _____ amount.

_____ project budget _____ altered at _____ halfway _____ but can _____ lead _____ costs?

_____ the adjustments are halfway _____ the _____ will _____ beyond the _____ quoted _____.

_____ constraints don't _____ out halfway through _____ be charged _____ originally _____ amount.

_____ plans _____ to _____ costs beyond _____ original estimate.

Can _____ be more _____ than _____ initial _____ the _____ can _____ changed at _____ halfway point.

Any _____ we _____ our budget limits halfway through _____?

If _____ things _____ and stay within the budget _____ charges apply?

Will making changes to the project _____ cost _____?

Will I _____ the _____ if I make _____ to _____ halfway?

The project budget can _____ changed _____ halfway _____ those changes _____ to _____ costs.

During _____ completion around _____ through, _____ impose _____ expenses _____ what was _____ earlier?

Will I _____ paying more for _____ changes _____ the _____?

If the work is _____ around _____ expenses beyond what _____ quoted?

_____ become necessary during work _____ around _____ through, _____ more expenses than _____ previously quoted?

What additional expenses _____ involved if _____ altered _____ midway _____ project?

There might _____ than _____ quote _____ the _____ budget _____ changed at the halfway _____.

If _____ budget _____ are not balanced _____ will _____ charged _____ the quoted amount.

_____ modifications _____ more expenses than _____ was originally _____?

_____ there be _____ charges _____ budget _____ through project completion?

Is making modifications _____ halfway _____ to cause _____ to _____?

Is there any additional _____ we _____ change things _____ budget?

Will _____ affect project completion cost more _____ were _____?

_____ there any additional costs _____ are changed halfway _____?

_____ adjustments _____ budget _____ do not _____ constraints _____ through the project, they _____ be _____ the _____ quoted amount.

_____ there _____ more _____ than _____ if the project budget is _____ the _____ stage?

If _____ change _____ halfway _____ and stay _____ the _____ will there _____ additional _____?

Will _____ constraints _____ the halfway _____ project _____ incur _____ charges?

_____ expenses _____ involved _____ we _____ our _____ midway through the project?

_____ budget _____ cause additional costs halfway _____ project?

_____ the adjustments are _____ through _____ final _____ they _____ beyond their _____ quoted amount.

The _____ can _____ changed _____ halfway point can it _____ to _____?

_____ adjustments need to _____ made _____ any extra _____ within the _____?

If _____ make _____ the _____ before completing half _____ any _____ charges not _____ in your original estimate?

_____ adjustments _____ constraints be _____ over _____ originally _____ if the _____ halfway done?

If _____ needed to be _____ halfway, any _____ the _____?

Can I _____ additional fees _____ to _____ at _____ point?

Will there _____ if _____ halfway through and stay within _____ budget?

The _____ can _____ at _____ halfway point, but it can _____ additional _____.
 Add _____ additional expenses _____ we _____ limits _____ through the _____?
 Is adapting _____ than the _____ quote cost?
 If _____ alter _____ midway through and _____ within _____ will there be _____?
 _____ project _____ be _____ halfway _____ but can these _____ lead _____ additional costs?
 _____ budget adjustments go _____ initial _____?
 _____ plans _____ could _____ costs _____ estimate.
 _____ budgets halfway through the _____ what _____ we incur?
 _____ possible _____ making modifications _____ funding _____ will cause me _____ charge?
 Will adjustments within budget constraints be _____ their _____ amount if _____?
 Can the revised _____ result in _____ the initial _____?
 _____ change halfway through my project _____ than _____ initial _____?
 _____ making _____ through my _____ cost more than _____ initial quote?
 _____ changes are halfway _____ project, will _____ charged _____ quoted amount?
 Will adjustments _____ the _____ be _____ beyond the _____ project _____ halfway through?
 _____ can be altered _____ halfway _____ but can _____ lead _____ additional fees beyond _____ initial.
 _____ can be _____ halfway _____ but can those _____ lead to _____ costs than _____ thought.
 At the halfway _____ the _____ can be _____ can _____ lead to _____?
 Is _____ expenses _____ beyond what was quoted _____ if _____ during work _____ around _____?
 There _____ fees _____ the initial quote _____ the project _____ at _____ halfway _____.
 _____ budget constraints _____ through _____ project cause _____ the _____ quoted amount?
 _____ budget _____ within the _____ do not _____ the initial quotes, _____ incurred halfway _____ the _____.
 Is _____ extra charged for _____ changes _____ the _____?
 If _____ constraints don't balance _____ halfway through _____ project, _____ will be _____ amount.
 Modifications _____ through can _____ expenses _____ was initially quoted.
 _____ constraints aren't balanced _____ the project, _____ budget _____ will be _____ originally quoted amount.
 Is it possible _____ charges _____ during _____ spending _____?
 If it is _____ through the _____ phase, adjustments _____ budget constraints _____ charged beyond _____.
 Can a revised project _____ result _____ initial _____?
 Budget changes _____ cause _____ halfway _____ project.
 _____ any _____ costs _____ budget is adjusted halfway?
 Will there _____ charges _____ the quoted amount _____ adjustments _____?
 Will _____ budget constraints _____ second half of _____ project _____ previous quotes?
 If _____ constraints _____ not balanced halfway through _____ project, _____ will be _____ more _____ originally _____ amount.
 _____ halfway _____ my _____ more than the quote?
 The project _____ can be _____ at _____ halfway _____ revisions _____ to additional costs _____ what _____ foreseen.
 _____ project budget can be changed at _____ halfway _____ but _____ revisions _____ than they _____.
 Will adjustments _____ constraints during _____ project cost _____ than _____ previously stated?
 _____ the _____ adjusted during _____ halfway, _____ costs are there?
 _____ to the _____ halfway _____ will _____ than the initial _____.
 Will _____ end _____ my project after making _____ through?
 Is _____ extra charges for _____?
 _____ budget can _____ at the halfway point _____ additional _____ beyond the initial.
 Will the changes _____ make halfway through _____ more _____?
 Will _____ halfway _____ my project _____ up costing _____ the _____ quote?
 Is _____ charge for budget changes midway _____?
 _____ project budget can be changed _____ the _____ however _____ lead _____ additional _____ beyond _____ initial.
 _____ there _____ if we _____ alter things midway _____ and _____ within _____?
 There may _____ charges _____ budget changes _____ project.
 Is _____ charges _____ for budget _____ the project?

_____ are _____ than _____ if the project budget _____ changed _____ the halfway point.
 I wonder _____ changing my _____ cost more than the _____.
 _____ adjustments don't match _____ will _____ charges halfway through _____ project?
 _____ can be _____ at the halfway _____ but can _____ to more fees _____ initial.
 The project _____ can be _____ at _____ halfway _____ so can _____ ?
 _____ constraints affecting the _____ in _____ project _____ charges beyond their _____ amount.
 Is _____ possible that _____ cause more _____ halfway _____ project?
 _____ the budget _____ affecting the _____ cause extra charges _____ their _____ ?
 Will _____ project completion _____ to incur extra charges?
 If the _____ to be _____ extra costs _____ the _____ ?
 _____ fees be charged _____ budget _____ changed at the halfway _____ ?
