

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Car engine not starting
Inquiry Sub-Category	Dead Battery
Description	Inquiries related to the car's engine not starting due to a dead battery, which may be caused by leaving lights on or a malfunctioning alternator.
Data Size	7,764 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

____ flat/dead batterie help ____ vehicles ____ again instead ____ entirely right ____?

____ worth ____ weak ____ to restart ____ to replacements?

Is ____ dead ____ viable ____ reviving ____?

Wouldn't charging ____ help getting ____?

____ it possible to charge ____ in ____ to get ____ replace them?

Why ____ dead ____ to get ____ again?

____ would help ____ vehicles running ____ but wouldn't it ____ replace ____ right away?

____ helpful to charge ____ to get a running vehicle back ____?

Is it ____ revive ____ flat ____ dead batteries ____ of ____ them?

It might ____ possible ____ flat ____ instead ____ replacing them.

Is ____ possible ____ revive dead ____ instead ____ an ____ replacement?

____ drained car ____ is a ____ alternative ____ replacement.

____ batteries ____ bring vehicle function ____?

Could ____ possible to charge ____ vehicles running?

____ batteries is ____ viable alternative ____ replacement.

Can charging dead and ____ batteries ____ to ____?

Would it ____ try to charge ____ immediately replacing them?

____ charging fully ____ an alternative solution ____ vehicles?

____ possible ____ revive ____ batteries ____ than replace them?

Is ____ to ____ charging, instead ____ replacing dead batteries?

____ it ____ to restart cars ____ instead ____ replacing ____ immediately?

____ try and ____ dead/flat batteries ____ bring ____ back ____ track?

Is ____ restart the vehicle ____ battery ____ of an ____ replacement?

Is it ____ considering charging ____ weak ____ vehicles?

Charging ____ would ____ the ____ functions.

Does ____ sense ____ low-powered or expired batteries before opting ____ complete ____?

____ to attempt charging failed ____ batteries instead of ____?

Is ____ possible to ____ replenish ____ car ____ before ____ a complete replacement?

Is it possible ____ depletion ____ can ____ running ____ of ____?

____ it possible ____ charge worn- ____ instead ____ immediate ____ replacement?
 ____ flat batteries help restore function ____ vehicles ____ of replacing ____?
 It ____ be better to ____ dead/flat ____ instead _____.
 Is it possible to ____ battery ____ methods ____ nonfunctional ____ and delay ____ need ____?
 ____ charge worn ____ cars run, ____ reflexive replacements?
 Wouldn't charging ____ help ____ vehicles ____ again ____ them right away?
 ____ dead ____ method to revive a vehicle?
 ____ it possible ____ batteries ____ get ____ running instead of ____ right ____?
 ____ drained car batteries could be ____ to _____.
 Wouldn't ____ be possible ____ a ____ get ____ instead of replacing it?
 Is ____ a way ____ revive ____ instead of ____ replacing ____?
 ____ it ____ sense ____ batteries rather than ____ them?
 ____ dead batteries be ____ to ____ the ____ instead ____ throwing them away?
 Is it worth ____ weak ____ to restart ____ replacements?
 ____ makes ____ to try ____ failed ____ instead ____ replacing them.
 ____ it possible to start ____ with ____ depleted ____ instead ____ immediately ____?
 ____ charging fully discharged ____ help restart ____ immediate ____?
 Is it ____ to ____ dead ____ rather ____ them?
 ____ batteries would make ____ easier to _____.
 Recharging drained batteries is ____ alternative _____.
 Is ____ possible to restart ____ vehicle by ____ considering ____ complete replacement?
 ____ I ____ my ____ to get ____ car back on ____ road?
 ____ charging dead ____ batteries ____ way ____ revive vehicles?
 ____ can ____ back vehicle functioning.
 Is it possible to ____ nonfunctional vehicles, thus ____ need for ____?
 ____ batteries help ____ back ____ function?
 ____ about trying ____ replenish low-powered ____ before ____ for a ____?
 Can charging dead/flat batteries ____ an ____ vehicles?
 Attempting ____ replenish ____ batteries before ____ for ____ replacement is a ____ idea.
 ____ it be ____ a flat/dead batterie to ____ vehicles ____ and ____ replace ____ immediately?
 ____ charging ____ and flat ____ restart cars?
 ____ possible ____ refilling deplete ____ can help restart ____?
 Is it possible ____ dead ____ instead ____ it?
 Would ____ to charge ____ batteries instead of ____ them?
 Would ____ sense ____ charge failed car ____ of ____ entirely?
 ____ it be ____ if we ____ the vehicle started with ____ older ____?
 It's ____ batteries instead of immediate _____.
 Is ____ possible ____ vehicle to start up ____ charging a dead ____ before ____ replacement?
 How ____ getting ____ and running with a ____?
 Is ____ possible ____ dead batteries to revive ____ instead ____?
 ____ could be helpful ____ charge ____ batteries ____ running.
 Shouldn't it ____ better ____ juice up ____ car ____ out dough ____ replacements?
 ____ charging dead batteries a better solution ____ revive ____?
 ____ possible to revive cars ____ simply ____ tteries?
 Is ____ restore function ____ charging ____ replacing dead batteries?
 ____ dead/flat batteries ____ vehicleFunctionality?
 Is it helpful to ____ batteries ____ getting vehicles back ____?
 Does ____ to ____ batteries rather than ____ them?
 Wouldn't ____ batteries ____ vehicle functional again?
 It ____ make ____ to try and ____ rather than replace _____.

____ possible ____ charge ____ dead batteries instead of replacing ____?
 ____ be to charge worn out/discharged ____ not ____?
 ____ it be ____ to ____ instead of replacing ____?
 ____ about revivifying dead rides ____?
 ____ the ____ be to ____ worn out/discharged ____ the cars ____?
 Can dead or ____ be ____ resuscitate ____?
 ____ it possible to ____ without ____ them?
 Is it possible ____ restore function to ____ batteries?
 Isn't it possible ____ replenish dying ____ operation?
 It ____ make ____ to ____ batteries instead ____ replacing them immediately.
 Isn't ____ dead/flat batteries ____ to bring ____ vehicle ____?
 ____ it ____ batteries ____ assist in restarting vehicles?
 Recharging ____ batteries ____ help restart ____.
 ____ it be possible to ____ vehicle with ____ dead ____ of an ____?
 ____ it make ____ attempt charging ____ batteries instead ____ immediately ____ them?
 ____ to replenish ____ car batteries instead of ____ them ____?
 ____ solution could be ____ charge dead ____ to get ____.
 Do ____ think it ____ failed ____ batteries ____ of replacing them?
 Would ____ dead batteries ____ enough ____ running again?
 Is ____ dead batteries instead ____ replacing vehicles?
 ____ it ____ a vehicle ____ a ____ battery ____ of getting an instant ____?
 ____ it ____ better if we tried to jump ____ the ____ batteries ____?
 ____ possible to ____ by charging rather ____ replacing ____ batteries?
 Does ____ batteries help ____ vehicles ____ them?
 ____ drained car batteries ____ replacement immediately.
 Is ____ possible ____ charge ____ vehicle rather ____ batteries?
 ____ charging ____ help bring ____ the functions ____ vehicle?
 Is ____ to get batteries ____ run ____ of ____ away?
 ____ the aim ____ to charge worn out/discharged ____ run?
 ____ the solution ____ charging ____ batteries ____ of ____ them?
 Would ____ make sense ____ battery charge aid ____ get vehicles ____?
 ____ charging dead and flat ____ an ____ way ____?
 Is ____ feasible to revive dead ____ immediate ____?
 It ____ sense to ____ charging ____ car ____ replacing them.
 Is it ____ to charge ____ and ____ restore ____ vehicles?
 Is ____ possible ____ by charging, rather ____ dead batteries?
 ____ charge aid be performed to get vehicles ____?
 ____ it ____ for ____ to start up ____ charging a dead battery ____ a ____ replacement?
 ____ it ____ juice ____ dead car ____ of shelling out dough ____?
 Isn't it ____ to replenish ____ restore vehicle ____?
 ____ we ____ unresponsive/woe-begotten ____ bateries ____ before ____ for replacements?
 Is it ____ to replenish completely ____ full vehicle renewal process?
 ____ it worth it to ____ car batteries instead ____ them?
 ____ possible to charge ____ of replacing ____ batteries?
 Fix ____ rather ____ because of dead ____?
 After considering ____ only solution, could my ____ again ____ charging a ____ battery?
 Is it ____ to charge ____ instead ____ them?
 How about trying ____ replenish ____ expired ____ batteries ____ going for ____?
 Would ____ be effective to ____ batteries ____ of ____ them ____?
 Is it possible ____ start ____ again ____ a flat/dead ____ considering complete replacement?

Is _____ resuscitate my vehicle _____ charging a _____ instead _____ it?
 _____ it _____ to revive _____ some juice into the dead _____?

Does cranking up the _____ of replacing _____?

Is charging _____ flat batteries _____ to _____ vehicles?

_____ it possible to _____ worn-out _____ as an _____ immediate vehicle _____?

_____ it _____ to resurrect _____ by _____ a dead _____ of _____ it?

I wondered _____ charging drained _____ could _____ vehicles _____.

_____ possible to _____ dead batteries _____ replace _____?

Is it _____ to replenish _____ batteries in order _____ get the _____ again, _____ replace _____?

_____ we charge _____ battery packs _____ alternative _____ vehicle replacement?

_____ it _____ fix vehicles _____ just charging _____ battery?

_____ batteries _____ good option for restarting vehicles?

_____ sense to charge failed car batteries _____ than _____?

_____ it _____ to attempt to replenish low-powered _____ expired batteries _____ complete _____?

_____ possible to replenish _____ and _____ vehicle operation?

_____ drained batteries _____ alternative to _____ replacements.

How _____ to _____ vehicles running?

Is _____ dead or _____ batteries _____ cars?

_____ charging dead _____ batteries _____ an effective _____ to _____ vehicles?

Wouldn't _____ a battery charge aid in _____ vehicles running?

Is it _____ to charge _____ vehicle batteries, without _____?

Is it _____ recharged _____ can _____ vehicles instead _____ replacements?

I wonder _____ function _____ charging _____ than replacing dead batteries.

Is _____ possible that _____ battery _____ be _____ order to get the _____ up _____ running without _____?

I wonder _____ would bring _____ vehicle functions?

_____ it possible to _____ flat batteries, rather _____ replace _____?

_____ possible _____ replenish _____ batteries rather than replace them _____.

Can charging _____ dead _____ the _____ instead of _____?

_____ make _____ to charge _____ batteries _____ replace them immediately.

_____ it _____ to _____ vehicles with dead _____ of _____ them?

_____ possible _____ by simply charging their battery?

_____ about trying to refill _____ batteries before opting _____ a _____?

_____ depleted _____ used to restart _____ instead of _____?

Is it _____ to _____ batteries in _____ get the cars running _____ instead _____ immediately?

Can charging dead _____ flat batteries _____ an _____ revive _____?

Is it viable _____ drained _____ instead of _____?

Can _____ to restart _____ prior to full-on _____?

_____ it _____ to replenish flat/dead _____ rather than _____?

Can _____ dead/flat _____ vehicles?

Is _____ to _____ get my ride moving instead of _____ it?

_____ you think _____ would be _____ to replenish _____ batteries _____ them?

Is it possible _____ battery _____ instead of _____?

_____ feasible to _____ drained _____ of replacing _____ immediately?

_____ it possible to charge car _____ order _____ the vehicles running _____ than _____?

_____ or _____ be charged _____ revive a car?

Is _____ refill dead batteries rather _____ them?

Shouldn't charging _____ vehicle function?

Is _____ possible _____ dying batteries _____ of _____ them?

Wouldn't charging _____ back car _____?

_____ flat _____ help restart vehicles _____ than _____?

_____ be possible to _____ get the vehicle running _____?
 _____ refilling batteries help _____ vehicles again, _____ them?
 Is it possible to _____ powerless _____ an _____ costly replacements?
 Is _____ instead of immediate vehicle replacement?
 Isn't it _____ charge dead _____ immediate replacement?
 _____ could charge worn-out battery _____ an _____ immediate vehicle _____.
 Is it _____ vehicle _____ running again, without a _____ replacement?
 Isn't _____ batteries helpful in _____ running vehicles _____?
 _____ batteries will revive vehicles?
 _____ not _____ flat or _____ batteries _____ of _____ them?
 _____ make _____ to attempt _____ charge failed _____ of replacing _____?
 _____ out/discharged batteries helping cars _____ the goal?
 It would be better _____ juice _____ rather than _____ out _____ replacements.
 Is _____ charge worn- out _____ packs _____ an _____ immediate vehicle _____?
 Isn't _____ possible _____ instead of immediately _____ them?
 _____ it _____ to start _____ vehicle again _____ charging _____ dead _____ before deciding _____?
 Is it _____ revive a dead battery and _____ of _____ right away?
 Will jumping-starting and re-charging _____ save us _____ having to _____?
 _____ would assist _____ getting _____ started.
 _____ dead _____ used to get _____ back on track?
 In _____ get _____ could _____ drained batteries _____ helpful?
 _____ think it _____ effective to replenish dead _____ batteries _____ replacing _____?
 _____ replacements, is it worth _____ weak batteries _____ restart _____?
 _____ use _____ dead batteries _____ cars instead of throwing _____ away?
 _____ possible to _____ vehicle _____ rather than replacing _____?
 Is it possible _____ the dead _____ and get the _____ again _____ one?
 Is charging _____ batteries a _____ to _____?
 Is _____ for _____ vehicle _____ restart _____ charging a dead battery, _____ considering _____?
 _____ viable alternative _____ immediate replacement is _____.
 _____ it possible _____ function _____ charging instead _____ replacing _____?
 I _____ if _____ would help restore function to _____.
 Does the use _____ and _____ to get _____ up _____ running?
 _____ possible to _____ dead or _____ batteries _____ of _____ vehicle?
 Is _____ possible _____ charge dead batteries _____ get vehicles running _____ them _____?
 Does _____ give an _____ way to _____?
 Is it possible to start _____ a dead battery _____?
 Should we try _____ batteries _____ for replacements?
 _____ dead _____ flat batteries _____ to get _____ vehicle _____ on track?
 Wouldn't it be better to charge _____ and _____ vehicles _____?
 Wouldn't _____ be _____ batteries instead of replacing _____?
 Wouldn't _____ flat/dead batterie make _____ get vehicles _____?
 _____ better to refill drained _____ instead _____ into _____ full _____ renewal?
 _____ the dead _____ be put _____ the vehicles _____ instead _____ throwing them _____?
 Shall we try Charging _____ car _____ longer _____ opting _____?
 How about trying to replenish _____ or _____ full replacement?
 _____ charging _____ batteries able _____ vehicles?
 _____ it possible that _____ get vehicles _____.
 _____ revive a vehicle _____ batteries _____ of new ones?
 Can't _____ put some juice in _____ dead _____ the _____?
 As an alternative _____ recharging inactive/dead battery _____ working _____?

Can ____ revive ____ dang vehicles ____ put some ____ into ____ dead ____?

Recharging drained ____ alternative replacement.

Charging ____ could ____ cars started.

It's ____ charge rather than ____ vehicle ____.

Can ____ dead batteries ____?

____ charging drained batteries ____ to ____?

Is ____ possible to ____ working ____ battery instead ____ an instant ____?

Shouldn't ____ be ____ to charge worn ____ batteries ____ run?

____ to replenish dead ____ and get your ____ again?

____ charging ____ batteries give ____ for restarting vehicles?

____ fully discharged batteries an ____ vehicles?

Does ____ dead/flat batteries ____?

Is it possible ____ car ____ to ____ running again, instead ____ waiting ____ a replacement?

____ to replenish dead batteries ____ than ____ immediately?

Is it ____ a ____ and revive a ____ of replacing ____?

Could ____ charge worn-out batteries ____ vehicle replacement?

____ a flat ____ make the ____ run ____?

____ car batteries ____ be able ____ assist ____ the ____ running.

Do dead ____ flat ____ in ____ up ____ running?

____ charging ____ batteries give ____ option ____ restart vehicles?

The ____ to charge ____ batteries instead of ____ immediately.

____ to use dead ____ to revive ____ vehicles ____ delay the ____ for ____?

Charging ____ flat batteries ____ help restore ____ vehicles ____ replacing them.

Is ____ start vehicles with fully ____ batteries ____ them?

____ the use of dead ____ helpful ____?

Recharging ____ could get ____.

Is it possible to restart a vehicle ____ as ____ instant ____?

Shouldn't the goal ____ worn out batteries ____?

Wouldn't ____ be ____ to ____ the ____ started with the ____ batteries ____?

Is it possible to ____ flat ____ batteries instead ____?

Do ____ doable to ____ by simply charging their ____?

Shouldn't the aim ____ be ____ help cars run?

Could ____ be ____ charge dead ____ to get vehicles running ____?

Isn't ____ possible to ____ batteries ____ restore ____ operation?

Charging ____ as an ____ immediate ____?

Does ____ fully ____ batteries help ____?

____ it possible to ____ drained ____ instead ____ replacement?

____ dead/flat batteries ____ vehicle back to ____?

____ sense ____ charge ____ car batteries rather than replace them ____ at ____.

____ use ____ flat/dead batteries help ____?

____ dead ____ flat batteries ____ function of vehicles?

Wouldn't ____ if ____ flat/dead ____ get the vehicles running ____?

____ flat or dead ____ charged ____ cars?

Isn't ____ flat ____ dead ____ helpful for getting ____ back ____?

____ we charge battery ____ instead ____ replacing ____?

____ a battery ____ aid help ____ vehicles ____ and ____?

Isn't it ____ to charge dead ____ batteries ____ a vehicle ____?

Does ____ fully ____ you ____ to restart vehicles?

Is ____ charging drained ____ might help ____ cars ____?

Can't ____ some juice in ____ batteries ____ the vehicles?

Does _____ batteries _____ vehicles?

Is it _____ to use _____ dead _____ to revive _____ of _____ away?

_____ my vehicle _____ I charged a dead battery _____?

_____ it _____ start cars _____ drained _____ instead of purchasing _____?

Is _____ a dead _____ revive my _____ of _____ a new _____?

Wouldn't it be better _____ to _____ vehicle with _____ old _____ first before _____?

Is charging dead _____ flat _____ vehicles?

Is _____ possible to keep function by _____?

Is _____ or _____ batteries _____ reviving vehicles?

Is it feasible _____ charge _____ replacing them?

_____ of dead and flat _____ revive _____?

_____ to charge dead or _____ batteries to _____ track?

Is it _____ charge _____ than _____ dead _____ away?

Is _____ to restore function _____ instead _____ replacing dead _____?

_____ we _____ or _____ batteries _____ restart _____ before full-on replacements?

Should flat or _____ charged to revive _____ instead _____ immediately _____?

Can _____ dead _____ vehicles instead _____ immediate _____?

Is _____ to start _____ vehicle by charging a _____ battery, before _____?

_____ batteries would bring _____ vehicle _____?

Is it possible _____ the car batteries _____ cars running again, _____ than replacing _____?

Does charging flat _____ restore function to _____?

_____ it possible for charging dead _____ to _____?

Is _____ to get _____ if you charge _____ batterie _____ of _____ them?

_____ it _____ vehicles with _____ dead _____ instead _____ for immediate replacements?

_____ to restore function through _____ rather than _____ batteries?

Wouldn't _____ batteries _____ the vehicle _____ function?

_____ the _____ batteries _____ to _____ them running again, rather than replacing them immediately?

Does _____ fully discharged _____ provide _____ alternative _____ when _____?

Isn't it _____ to replenish _____ batteries _____ of _____?

_____ vehicles be revived _____ dead batteries instead of _____?

_____ be to charge worn out/discharged _____ instead _____ replacements?

_____ we try charging dead/flat _____ instead _____?

Is it _____ batteries instead _____ them immediately?

Is _____ possible to _____ flat _____ vehicle _____?

Is _____ possible _____ get _____ instead of being replaced _____?

_____ batteries _____ used _____ get vehicles running instead of _____?

_____ it _____ better _____ charge _____ or _____ batterie to get vehicles running _____ then _____ right _____?

_____ makes _____ to attempt _____ failed car _____ of replacing _____.

_____ there _____ restore _____ by charging instead _____ dead batteries?

_____ if we tried to _____ start the vehicle _____ before buying new ones?

_____ worn out _____ packs _____ charged as _____ to _____ replacement?

_____ charge worn-out _____ as an alternative _____ vehicle replacements?

Is _____ possible _____ with _____ batteries _____ than an _____ replacement?

_____ dead _____ restart vehicles instead of _____ them?

_____ possible _____ dead batteries _____ revive _____ of replacing them?

_____ charging _____ batteries be _____ to _____ the _____ running _____?

Is _____ possible to _____ flat/dead _____ in order _____ the _____ running?

Do charging _____ revive _____?

Isn't it possible to _____ with _____ dead _____ inactive _____?

_____ would _____ sense _____ try _____ failed car _____ instead of completely _____.

Isn't _____ revive a dead _____ get my ride _____ of replacing _____?
 Is it _____ to _____ car batteries _____ order to get _____ cars _____ them?
 _____ restore function by charging rather than _____ batteries?
 Is there a way to _____ methods _____ revive _____ and delay _____ replacements?
 _____ or _____ used _____ get running vehicles _____ on track without an _____?
 _____ to get _____ up _____ with _____ dead battery without the need _____ immediate replacement?
 Is _____ a viable solution _____ revive _____?
 Could charging _____ an _____ solution to _____ vehicles?
 _____ try _____ dead/flat batteries to get _____ vehicles _____ on _____?
 _____ it _____ try charging _____ instead of replacing them?
 Is _____ batteries _____ way to _____ vehicles?
 _____ it _____ to _____ vehicles _____ charging _____ dead batteries instead _____ replacing _____?
 _____ not _____ drained batteries _____ replacement?
 I _____ if _____ batteries could _____ cars started?
 _____ dead _____ flat _____ help _____ instead _____ replacing them?
 Isn't _____ possible to _____ dead _____ batteries _____ of replacing _____?
 Can _____ restart cars?
 _____ a _____ my vehicle move again, _____ I replace them?
 _____ dead _____ help revive _____?
 In order to _____ vehicles running, _____ help?
 _____ it be _____ if we _____ to _____ vehicle _____ old _____ first?
 _____ use of _____ or flat batteries assist _____?
 Isn't it _____ to _____ or flat batteries _____ them?
 Is it possible that _____ get vehicles _____ of being _____?
 Are _____ vehicles by _____ their _____?
 Isn't the aim to _____ cars run _____ of reflexive _____?
 _____ the solution _____ charging dead _____ vehicles running again?
 _____ dead/ _____ batteries be an _____ to revive _____?
 _____ possible to restore _____ with dead batteries _____ immediately _____ them?
 _____ cranking up _____ help _____ vehicles rather than _____?
 Is _____ idea to _____ or flat batteries _____ vehicles back _____ track?
 Isn't _____ or _____ batteries _____ for _____ a running _____ on track?
 Is _____ possible to _____ a dead battery _____ get _____ replace it?
 Is _____ to revive cars by _____ charging _____ tteries?
 Could _____ batteries _____ to vehicles?
 _____ make sense to _____ failed _____ batteries, rather _____ them?
 _____ opting for complete _____ without _____ about _____ low-powered or _____ batteries?
 _____ be _____ to _____ failed car batteries instead of _____ them.
 _____ it _____ to get the _____ by charging dead _____ flat _____?
 _____ vehicles batteries be enough _____ get _____ again?
 _____ better to juice up lifeless _____?
 Do flat/ _____ help _____ vehicles?
 _____ charging _____ a better way to get _____?
 Charging dead/flat _____ would _____ function, instead of _____.
 _____ there a _____ of using dead _____ to _____ vehicles and _____ replace them?
 _____ my _____ to start _____ by charging _____ dead battery, before _____ replacement?
 _____ possible _____ order to get the _____ running again, rather than replace them?
 _____ viable alternative _____ charging drained batteries.
 Wouldn't it _____ if _____ tried to _____ the _____ running with the _____?
 _____ dead _____ flat batteries _____ help _____ to vehicles.

_____ try charging the unresponsive _____ batteries longer _____ for _____?
 _____ to revive the vehicles if _____ put some _____ batteries?
 _____ be the solution.
 _____ charging a _____ revive a vehicle?
 Is it possible _____ charge _____ batteries to _____?
 Is _____ possible _____ get _____ vehicle running again with dead _____ without _____ buy _____?
 _____ sense _____ try and charge failed car batteries _____ entirely?
 _____ charge worn _____ battery packs as _____ to replacing _____?
 Is _____ an _____ method for _____?
 _____ it _____ to revive _____ dead battery and get _____ car moving, _____ away?
 Isn't _____ to refill _____ and _____?
 Is it possible to _____ batteries _____ the cars _____?
 Could charging _____ dead _____ to restore _____ to vehicles?
 _____ I _____ charge my flat _____ and _____ car _____ again?
 _____ the dead _____ be _____ instead of _____ away?
 Isn't _____ possible to _____ restore operation, _____ than _____ them?
 It is possible to _____ function _____ than _____ immediately.
 Is _____ possible to use a dead battery method _____ vehicles, _____ delaying _____?
 Wouldn't _____ better _____ charge flat/dead batterie to get vehicles _____ replace _____?
 _____ the _____ to charge worn out batteries _____ cars _____?
 Is it possible _____ cars started _____ immediately buying replacements?
 _____ dead batteries _____ getting running vehicles _____ track?
 Is it possible that vehicles _____ run _____ recharged _____ instead _____?
 _____ dead/flat batteries _____ help _____ back _____.
 Is it possible _____ recharging _____ would get _____ of _____?
 Is _____ to _____ rather than replace _____ vehicles _____?
 _____ to revive vehicles with a _____ of _____ replacement?
 _____ dead _____ efficient way to revive vehicles?
 _____ charging fully discharged _____ an _____ to _____ cars?
 _____ it _____ to _____ dead _____ replace them immediately?
 Wouldn't charging _____ get vehicles running _____?
 Is _____ possible to charge dead _____ replace _____?
 _____ batteries help _____ back vehicle _____?
 _____ a _____ with a _____ battery an _____ an _____ replacement?
 _____ it _____ my _____ start up again by charging _____ dead _____ before _____ replacement?
 _____ there a _____ that using _____ battery methods to _____ will _____ for replacements?
 Charging dead/flat batteries would _____.
 _____ it _____ to get _____ and running _____ batteries?
 Is _____ possible to _____ dead _____ and _____ my _____ moving without _____ to _____?
 _____ possible to _____ dead _____ batteries instead _____ immediately replacing _____?
 _____ possible _____ in order to _____ the vehicles running again, instead of _____ immediately?
 _____ batteries be _____ to revive _____?
 _____ be possible to restore _____ by charging instead _____?
 _____ it _____ to _____ batteries _____ of immediate replacements?
 Is _____ possible to charge _____ packs _____ of _____ the _____?
 _____ about trying _____ low-powered or expired _____ deciding _____ a complete _____?
 Is _____ recharged batteries _____ vehicles instead _____ immediate replacement?
 _____ charging dead _____ vehicles instead _____ immediate _____?
 Why _____ charge dead _____ to _____ vehicles running _____ rather _____?
 Is _____ get a vehicle _____ and _____ dead battery, _____ having to _____ it?

____ dead ____ be ____ get running vehicles ____ track?
 ____ restore function ____ charging ____ of replacing batteries?
 Is ____ simply charging up ____ batteries ____?
 Does having ____ batteries ____ in ____ vehicles?
 ____ about ____ replenish low-powered ____ batteries before ____ for ____ replacement without ____?
 ____ possible ____ restore function ____ charging ____ replacing ____ batteries immediately?
 ____ wonder if charging drained batteries might _____.
 ____ possible to refill dead ____ get ____ running again, ____ having to buy a ____?
 Wouldn't it be better to ____ flat ____ again and then replace ____ immediately?
 Wouldn't ____ dead/flat batteries ____?
 ____ it ____ to revive ____ dead ____ my ride move rather ____ it?
 ____ it ____ to ____ batteries ____ than replace them ____?
 Is ____ possible to ____ or ____ revive vehicles instead of ____?
 ____ be possible to ____ batteries instead of _____.
 Is it possible to revive ____ vehicle ____ dead ____ of ____ for ____?
 Is it possible to ____ flat ____ restore function ____ vehicles ____ of ____?
 ____ flat batteries ____ used ____ get ____ vehicles on track?
 Charge drained batteries to ____ instead ____ buying ____.
 Could ____ or deplete battery packs instead of ____?
 Is ____ batteries ____ in restarting cars?
 Is it ____ dead ____ batteries help ____ vehicles up ____?
 Is ____ charge drained batteries ____ of immediate ____?
 Is it ____ to ____ batteries ____ of replacing ____?
 ____ it ____ to revive a ____ battery and ____ my ____ replace it ____?
 ____ it ____ to ____ dead ____ instead of replacing ____ away?
 ____ to replenish dead ____ instead ____ replacing them?
 Is it possible to ____ or ____ instead ____ vehicles ____?
 Does ____ help get vehicles ____?
 ____ you think charging ____ would ____ to get them ____ again?
 Is it possible to ____ dead ____ batteries ____ work ____ to ____?
 ____ it make sense ____ charging ____ rather than ____ them?
 ____ it ____ to revive vehicles by ____?
 ____ possible ____ restore vehicle ____ with ____ flat batteries?
 ____ it be better ____ charge ____ to get ____ running again and ____ replace them ____?
 ____ be ____ replenish ____ batteries rather ____ replace them?
 ____ flat batteries ____ restart cars?
 Do ____ and ____ help ____ vehicles ____ than replace ____?
 Is ____ possible ____ a vehicle ____ of ____ dead batteries ____?
 ____ charging dead ____ be enough ____ vehicle running ____?
 Is ____ to ____ vehicles ____ putting ____ into their dead batteries?
 Is ____ possible ____ charge car ____ get ____ again, instead of replacing them?
 Wouldn't ____ be ____ to ____ a ____ charge ____ instead ____ premature ____?
 ____ fully ____ can ____ an alternative to restarting ____.
 ____ charging ____ be used to revive ____ immediate replacements?
 ____ the ____ to charge worn ____ instead ____ reflexive replacements?
 ____ charging dead and ____ help restart ____?
 ____ charging ____ replacing dead batteries?
 ____ the ____ of ____ and flat batteries help ____ running?
 Is it ____ dead batteries to ____ functional vehicles, thus ____ need ____?
 ____ it possible ____ by ____ cars instead ____ replacing dead ____?

Is it possible _____ instead of an _____ replacement?
 _____ fully _____ batteries provide _____ alternative _____ restarting?
 Wouldn't _____ drained _____ enough to _____ car?
 _____ dead or _____ batteries _____ revive _____?
 It _____ sense _____ failed _____ batteries as _____ to completely replacing _____.
 _____ charging _____ or _____ batteries _____ help _____ function to vehicles?
 _____ wonder if _____ dead batteries would _____ running again?
 Would _____ make sense _____ batteries _____ opposed _____ replacing them?
 _____ flat/ _____ revive vehicles?
 _____ it be better _____ jumpstart _____ vehicle with the _____ out _____ bucks for new _____?
 It _____ sense to _____ charging _____ car batteries _____ completely.
 _____ charging batteries _____ restart _____?
 _____ dead or flat batteries for _____ vehicles _____ on track?
 Can _____ and _____ be _____ restart vehicles?
 _____ flat/dead batterie help _____ running _____ of replacing _____ right away?
 _____ the _____ be _____ charge _____ out Batteries _____ cars run?
 Wouldn't _____ be better _____ a battery _____ aid _____ getting _____ and _____?
 Is _____ to _____ a dead battery _____ have my ride _____ immediately?
 _____ it possible _____ replenish _____ instead of _____ them _____ away?
 _____ inactive batteries worth it _____ to replacements?
 Is _____ recharged _____ can restart vehicles _____ than _____ replace _____?
 _____ help _____ the vehicle as an _____ to _____ instant replacement?
 _____ batteries help restart _____?
 _____ makes _____ to try _____ failed car batteries _____ to _____ them.
 _____ it possible to _____ in _____ get the _____ running again, instead of _____ for _____?
 _____ fixing _____ charging their battery _____?
 _____ make _____ attempt to charge _____ car batteries _____ of _____ them?
 _____ possible _____ dead batteries can _____ restart vehicles?
 _____ batteries _____ restart vehicles?
 Is _____ to replenish _____ batteries _____ replace them?
 _____ the batteries in order to get _____ running again, _____ than _____ them immediately?
 _____ charging _____ batteries _____ instead of immediate replacement?
 _____ it possible to _____ cars _____ running _____ charging _____ batteries?
 _____ it possible _____ charge battery packs _____ immediate _____ replacement?
 _____ aim _____ charge worn out batteries _____ help _____ run?
 Is _____ possible _____ batteries can help _____ of immediately _____ them?
 Charging drained _____ help _____ started.
 _____ batteries _____ bring back vehicle _____.
 Is it _____ to revive _____ to get my _____ of replacing _____?
 _____ charging _____ or _____ batteries _____ bring back vehicle _____?
 Isn't it _____ replenish batteries and _____ vehicle _____?
 Charge drained _____ get _____ instead of _____ immediate _____.
 Recharging drained batteries is _____ a _____ vehicle _____.
 _____ it _____ get the _____ up _____ with _____ old batteries _____ shelling out big bucks _____ new _____?
 _____ it _____ to _____ a vehicle _____ dead battery?
 Can vehicles be _____ dead _____ instead _____ immediate _____?
 Is _____ possible _____ charge _____ instead _____ replacing the _____ batteries?
 Is it _____ to charge _____ revive the _____ instead of _____?
 Wouldn't it be _____ tried _____ start the _____ old batteries first?
 Can _____ or dead _____ revive _____?

____ it ____ revive ____ vehicles with flat/dead ____ methods, ____ the need ____ replacements?
 ____ it be ____ refill dead batteries instead of ____ ?
 ____ it ____ batteries to ____ vehicles running again is ____ solution?
 ____ charging ____ provide an alternative ____ for ____ vehicles?
 ____ batteries revive vehicles?
 ____ make ____ failed ____ batteries instead ____ immediately replacing them?
 ____ possible to get ____ running again by ____ ?
 ____ fully discharged ____ give ____ an ____ method for restarting ____ ?
 Is ____ to charge ____ alternative ____ thinking about costly replacements?
 Charging ____ or ____ can bring ____ vehicle ____ .
 ____ possible ____ vehicles with flat/dead ____ instead ____ them immediately?
 ____ refilling ____ in restarting vehicles?
 ____ it possible ____ dead ____ batteries could restore ____ vehicles?
 How about ____ replenish ____ or ____ before ____ new one?
 ____ opting for a complete replacement without delay, how about ____ ?
 Is ____ possible ____ car batteries ____ get ____ vehicles running again, ____ of ____ replacing them?
 ____ charging dead batteries an ____ revive ____ ?
 Does charging ____ restore function ____ vehicles?
 ____ drained batteries ____ to get vehicles ____ instead of an ____ ?
 Is ____ revive vehicles while ____ dead ____ ?
 ____ it possible to ____ a ____ you ____ a dead ____ ?
 ____ a viable ____ to immediate replacements?
 Shouldn't ____ goal ____ batteries so cars run?
 Is ____ doable to ____ by ____ charging ____ batteries?
 ____ it ____ car instead of ____ dead batteries?
 Is it possible ____ charge vehicles ____ than ____ ?
 Is charging dead and flat ____ effective ____ vehicles?
 How ____ trying ____ refill low-powered or ____ a complete replacement?
 Is ____ solution to ____ charging dead batteries ____ running ____ ?
 ____ charging ____ discharged ____ an ____ for restarting ____ ?
 ____ better if ____ tried ____ jumpstart ____ vehicle with ____ batteries first?
 ____ it ____ charge ____ battery packs as ____ to immediate vehicle ____ ?
 Can ____ try ____ in ____ to bring the vehicles ____ track?
 ____ batteries restart ____ instead ____ immediate ____ ?
 Is ____ possible to ____ batteries ____ of ____ replacements?
 Is it ____ to get the ____ batteries, ____ than replacing them?
 Is it ____ possible to restart a ____ dead ____ an instant ____ ?
 Is it possible to ____ running again ____ you ____ ?
 Is it viable ____ drained car ____ them?
 ____ would ____ cost-effective ____ charge failed car batteries ____ of ____ .
 Shouldn't ____ out/discharged ____ help ____ run?
 ____ it ____ to ____ vehicles ____ dead ____ than replacing them ____ ?
 ____ it possible ____ instead ____ replacing dead batteries?
 ____ batteries to get ____ running ____ is the solution?
 Is it ____ rejuvenated batteries ____ restart vehicles ____ replacement?
 Could ____ solution ____ dead ____ get the vehicles ____ again?
 Does ____ dead ____ revive vehicles?
 Does it ____ to ____ charging failed ____ replacing them?
 ____ to ____ vehicles up and running by ____ dead ____ flat ____ ?
 ____ dead ____ cars ____ of replacing them?

____ it possible to revive ____ battery ____ ride moving instead ____ replacing ____?
 ____ possible ____ revive vehicles ____ charging ____ instead of ____ replacements?
 How ____ trying ____ replenish low-power or ____ opting for ____ complete ____?
 ____ help start vehicles ____ instead of replacing ____?
 Shouldn't ____ aim be to charge ____ cars run, ____ reflexive ____?
 Could charging ____ solution?
 Couldn't ____ batteries ____ back ____ function?
 Is charging dead ____ vehicles?
 Is ____ possible ____ resuscitate ____ and ____ moving instead of replacing it?
 ____ to charge car ____ in order ____ get ____ cars ____ again, rather ____ for ____ replacement?
 Wouldn't it ____ jump ____ old ____ of shelling out big bucks for ____ right away?
