

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive Parts Retailers
Inquiry Category	Clarification on product specifications
Inquiry Sub-Category	Certification and standards
Description	Customers seek clarification on whether a part meets specific certifications or industry standards, such as ISO, DOT, or SAE. They want assurance of quality and compliance with regulations.
Data Size	7,664 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive Parts Retailer" customer inquiry. (Purchased data will not be masked.)

Can ____ be assured ____ these ____ have undergone ____ testing according ____ ____ certification ____ ____?
 ____ proper testing done ____ parts based ____ protocols?
 Is there a ____ as ____ the requirements?
 Is ____ testing performed ____ parts ____?
 Is ____ part thoroughly tested ____ essential ____ protocols?
 Are ____ these parts will ____ right testing, ____ those silly ____ stuff?
 Can ____ be ____ that the parts have ____ according ____ protocols?
 Have ____ tested adequately for ____?
 ____ parts ____ under ____ protocols of ISO/DOT/SAE?
 ____ to say that ____ have passed proper ____?
 ____ these parts guaranteed ____ meet ____?
 Is ____ certification test requirements?
 ____ possible that these ____ undergone proper testing as ____ required ____?
 Did ____ parts ____ through ____ testing for ____?
 ____ these ____ the necessary certification ____?
 ____ be ____ parts were ____ properly?
 Are they ____ tested ____ protocols?
 ____ the part certified ____ requirements of ISO, DOT, ____?
 Is ____ parts ____ tested ____ certifications?
 ____ the parts ____ tested as ____ by ____?
 ____ assurance that the testing was ____ in ____ requirements?
 ____ proper testing ____ done ____ parts for certifications?
 ____ tested to meet the ____ protocols?
 ____ the ____ have proper ____ the certifications?
 Does compliance ____ certifications have been ____?
 Can ____ proof that ____ standard testing ____?
 ____ there ____ assurance that those parts ____ protocols?
 ____ bet ____ parts are ____ and ____?

____ the ____ been ____ to make sure ____ are ____?
 ____ parts ____ according ____ ISO/DOT/SAE?
 Are ____ required ____ for ____ parts?
 ____ components passed ____ certs?
 Is ____ possible that these ____ all the ____?
 ____ the ____ tested right ____ ISO/DOT/SAE ____?
 Did the ____ tests for ____ SAE ____ done?
 Is it ____ for parts ____ checks up ____ iso/dot/sae ____?
 I ____ to ____ if ____ a guarantee ____ went through official ____ protocols.
 ____ I be certain ____ these ____ and certified?
 ____ so, ____ components passed ____ exams?
 Are the ____ the required ____?
 ____ there a ____ parts ____ the necessary tests?
 Can you ____ me ____ have passed ____ testing?
 Is there any ____ the ____ all required ____?
 ____ that these parts ____ undergone proper testing ____ to ____?
 Did the necessary ____ protocols ____ out ____ parts?
 ____ it ____ that ____ will meet the test ____?
 ____ you know if ____ required ____ testing has ____?
 Can ____ if the ____ for these parts ____ been ____?
 ____ the ____ been ____ and certified?
 ____ it possible to ____ on ____ fact ____ testing has ____ compliance ____ protocols?
 ____ parts certified as per ____ ISO/DOT/SAE?
 ____ the ____ correctly for ISO certification?
 ____ parts meet ____ necessary certification ____?
 ____ sure these parts were subjected to ____?
 ____ possible that these ____ passed ____ the required ____?
 ____ there any assurance ____ these parts passed ____?
 Have these parts ____ standard?
 Are the ____ and certified ____ standards?
 ____ suitable testing, do ____ parts ____ the required ____?
 ____ the ____ to ____ certs?
 Can ____ with the relevant certifications?
 Have ____ components gone ____ mandatory ____?
 Is ____ assurance that ____ the ____ tests?
 Have ____ undergone ____ and met ____ requirements?
 Do ____ if ____ parts ____ undergone ____ according ____ required certifications?
 ____ me if the required ____ is done for ____?
 ____ certification ____ done ____ these parts?
 Do ____ that the required ____ done on the ____?
 ____ the ____ certification ____ steps ____ followed ____ the testing ____ the ____?
 Is there ____ testing was done ____ requirements?
 Do ____ get assurances ____ the necessary ____ were ____ on ____?
 ____ there any ____ that necessary ____ done ____ parts?
 Can I be sure that ____ parts ____ according to ____?
 Is it possible that ____ tests ____ the ____?
 ____ the parts ____ certified as ____ ISO standards?
 ____ have to go through ____ required ____?
 Are the ____ according to ____?
 ____ that these ____ will get the right ____ based ____ those ____ fancy ____?

Is _____ done based _____ ISO/DOT/SAE _____?

Can _____ in _____ passing all _____ required tests?

_____ possible _____ rely on _____ fact _____ has _____ with certification protocols?

Is _____ the ISO/DOT/SAE standards?

Is _____ part _____ to _____ test _____?

Is _____ testing on _____ required certifications?

I _____ like _____ know _____ the _____ passed _____ necessary tests.

Did these parts _____ testing _____?

_____ there _____ guarantee _____ the _____ passed _____ necessary tests?

_____ parts undergone a rigorous evaluation _____ order to _____?

_____ certain _____ those _____ through the official certification _____?

Can _____ verified if _____ Testing happened?

_____ the _____ been _____ and certified according to _____?

Were these parts _____ according _____?

Is it _____ that these parts _____ required testing?

Do _____ guarantee _____ parts _____ requirements?

_____ pass testing _____ to the _____?

_____ part tested _____ to _____ certifications?

Are these _____ by _____?

Is it _____ these _____ have _____ fully tested _____?

_____ we be sure that _____ proper testing?

_____ need to _____ if there's _____ guarantee _____ those _____ official certification _____.

_____ it _____ that _____ are conducted _____ per _____ ISO?

Have _____ parts _____ a _____ met _____ certification requirements?

Are the _____ ISO, _____ SAE _____ protocol tests _____?

After _____ appropriate _____ do _____ the necessary standards?

Does the parts _____ the required _____?

_____ it possible _____ these _____ are _____?

Are _____ the _____ tests _____ the _____ certification?

_____ these _____ meet _____ protocols' requirements?

Is _____ possible _____ confirmation that essential _____ per standards?

Are _____ the _____ get _____ right _____ based _____ silly _____ DOT/SAE fancy stuff?

_____ the _____ been _____ appropriate?

_____ parts _____ tests according to _____ standards?

_____ passed _____ necessary tests for _____?

Is _____ thoroughly tested _____ protocols?

_____ I get _____ that the _____ were done _____ parts?

Do you _____ the _____ testing _____ these parts _____ place?

Is _____ and certified according _____ the _____ ISO?

_____ assurance that these _____ all the tests?

_____ wonder _____ the parts were _____ according _____ certifications?

_____ these parts undergone _____ certified?

Can _____ parts were _____ the right way?

Is _____ these parts will _____ requirements?

Can _____ get proof _____ tests were _____ to _____?

Have these _____ been _____ to _____?

Have _____ tested and certified _____ ISO/DOT/SAE?

Are you _____ that the parts _____ to _____?

Is _____ part tested _____ certifications?

_____ tested _____ ISO/DOT/SAE?

Do you think these _____ the _____ requirements?
Are _____ absolutely certain these _____?
Is _____ the parts based _____ the ISO/DOT/SAE _____?
_____ assurance that _____ necessary tests _____ done _____ parts?
Can _____ confirmation _____ the tests were completed _____ the _____?
_____ these _____ tested _____ certification?
_____ the _____ passed their _____ cert _____?
_____ parts go through _____ tests _____?
Is it possible _____ parts were _____ certifications?
_____ parts _____ the necessary _____?
_____ parts undergone a _____ evaluation and _____ the _____?
Is the _____ tested and certified _____?
I _____ know _____ these parts _____ right testing.
Did _____ through _____ iso/dot/sae standards?
Do _____ guarantee that _____ are done right _____ the _____?
_____ the compliance with _____ confirmed?
Can _____ proof _____ comply with standard _____?
_____ the parts tested _____ make sure _____ the _____?
_____ parts _____ a rigorous evaluation and met all _____?
If _____ any _____ that _____ through official certification protocols.
_____ proper _____ been conducted _____ parts?
Does the _____ comply _____ after undergoing testing?
_____ I _____ that _____ parts are tested _____?
Are the _____ ISO/DOT/SAE _____?
Will _____ parts meet _____?
Do _____ that _____ needed tests _____ done?
Is it possible _____ parts' _____ with _____ certifications?
Have _____ protocols been followed _____?
Do _____ been _____ tested and _____?
For _____ ISO/DOT/SAE certifications _____ tested?
Have _____ and been _____?
Can you tell me _____ parts _____ undergone _____?
Do _____ parts have _____ be tested _____ to _____?
Can _____ parts _____ tested _____ according to _____?
_____ the parts _____ based on _____ certification protocols?
_____ sure that the _____ were tested _____?
_____ confident these parts _____ tested _____?
_____ tested _____ with ISO/DOT/SAE?
Is _____ done based on _____ ISO/ _____?
Can you _____ if the _____ testing _____ for _____ parts?
Are _____ to _____ test requirements?
_____ these _____ meet the _____ testing _____?
Can _____ trust _____ to _____ all the needed _____?
_____ certification protocols been followed _____ these parts?
_____ these _____ tested _____ certified?
Did the _____ tests for _____?
_____ parts tested _____ to _____?
Are _____ that _____ parts will _____ testing based on _____ stupid _____ fancy _____?
Are _____ sure the _____ were tested _____ the _____?
As _____ by _____ regulation, have _____ parts _____ testing?

____ part's ____ trusted with ____ certifications?
 ____ go ____ appropriate testing?
 ____ there ____ guarantees ____ proper testing ____ the requirements?
 Are ____ sure these parts were ____ certifications?
 Have these parts ____ met ____ certification requirements?
 Part goes through ____ ?
 ____ I bet ____ the parts are ____ ?
 ____ sure these parts ____ the proper testing?
 ____ assurance ____ necessary ____ performed on these parts?
 Are these parts ____ meet ____ ?
 ____ these ____ done according to ____ standards?
 Are the parts tested ____ ?
 ____ that the ____ get the right testing ____ the ____ fancy stuff?
 Can you ____ if they ____ proper ____ ?
 ____ be sure that ____ pieces ____ passed all ____ tests?
 Do ____ parts ____ been tested ____ ?
 Can ____ tell ____ the parts have ____ appropriate ____ ?
 Did the ____ to the ____ ?
 ____ the ____ certification standards after undergoing testing?
 Can ____ be confident ____ parts are tested ____ ?
 ____ tested according ____ certification protocols?
 ____ the parts meet ____ ?
 ____ guarantee ____ these parts ____ requirements?
 Can ____ parts ____ under ____ protocols?
 ____ the ____ been ____ for ____ with ____ standards?
 ____ you absolutely ____ that these ____ correctly?
 ____ it possible ____ these parts have ____ proper ____ ?
 ____ protocols been followed ____ these ____ ?
 ____ mandatory Cert exams?
 Is ____ assurance that the ____ all ____ ?
 ____ the ____ undergone rigorous evaluation and passed ____ ?
 ____ the parts ____ all ____ certification ____ ?
 ____ the testing ____ on ____ the required certifications?
 ____ the parts ____ certified according to ____ applicable ____ ?
 Is ____ parts actually tested ____ they're ____ ?
 Do ____ parts comply ____ the ____ after ____ testing?
 ____ the part ____ to requirements?
 ____ and tested with ____ ?
 ____ be properly ____ the certification protocols?
 ____ these ____ go through the necessary tests ____ ?
 ____ testing ____ these ____ for certification?
 Have these ____ gone ____ a rigorous ____ passed all ____ ?
 ____ you tell ____ have ____ the required testing?
 ____ that the needed tests were ____ these parts?
 After undergoing ____ do ____ parts ____ the required ____ ?
 ____ parts meet ____ protocols' ____ ?
 Have ____ parts undergone ____ ?
 Does the ____ certification protocols ____ have ____ ?
 Can you ____ that ____ have gone through ____ ?
 Have the ____ been tested ____ the rules?

_____ the _____ for _____ parts _____ necessary standards?
 Are you _____ parts _____ all _____ certification _____?
 Is _____ possible _____ parts _____ met all certification _____?
 Can you _____ us if the _____ proper _____?
 Is there _____ that _____ proper testing _____?
 _____ these parts be properly _____?
 _____ parts _____ mandatory _____ exams?
 Did _____ parts _____ all _____ necessary tests _____?
 _____ parts _____ based _____ essential _____ protocols?
 Do _____ required _____ for _____ parts has been performed?
 Are _____ tested _____ essential certification protocols?
 _____ ISO/ DOT/SAE _____ parts?
 _____ there assurance that _____ testing _____ done on _____?
 _____ the _____ been _____ be safe?
 _____ assurance _____ the parts _____ the necessary tests?
 After undergoing _____ testing, _____ these parts _____ to _____?
 Is there assurance _____ parts _____ all _____ testing?
 Can _____ that the _____ have _____ testing?
 Is it possible _____ proper _____ the requirements?
 _____ the parts _____ been tested _____?
 _____ these _____ been thoroughly evaluated _____ all certification _____?

Will the _____ to _____ necessary standards after _____?

_____ safe to _____ that _____ are _____ and certified?

Do _____ if these _____ meet _____ the necessary _____?

_____ the mandatory certifications _____ with in _____ of _____?

_____ the parts _____ certification _____ checked?

Can _____ that mandatory _____ Testing _____?

_____ the _____ certification protocols _____ for _____ testing?

Have _____ checked for _____?

_____ they _____ the _____ testing _____ certification?

_____ there _____ assurance that testing _____ done _____ requirements?

_____ if these parts underwent _____ testing?

Is the part _____ tested _____?

Are _____ parts _____ way they _____ to be?

Are these parts _____ standards?

_____ that mandatory _____ Testing took place?

Are _____ parts tested _____ certified _____ line _____ requirements?

Is _____ part certified _____?

Can I _____ these _____ have _____ through _____ testing?

_____ me _____ if the parts have _____ testing?

Will _____ certification protocol steps be followed _____ of _____?

Do _____ that tests _____ the ISO/DOT certification?

_____ the parts _____ tested according to _____ protocols?

Has the _____ certification?

Is _____ parts _____ the _____ were _____ to be?

Did _____ parts _____ checked _____ required _____?

_____ part certified under _____ ISO/ _____ protocols?

_____ the necessary certification protocol _____ be _____ testing _____ for _____ components?

_____ the _____ be _____ and certified?

_____ testing take place _____ these parts _____?

Should I _____ parts' _____ with _____?

_____ the necessary _____ the components _____ followed during _____ phase?

_____ the necessary certification _____ during _____ testing phase of _____?

_____ it possible for _____ up to _____ standards?

Have proper testing _____ on _____ parts _____ certifications?

_____ passed mandatory testing?

Did _____ pass _____ tests?

_____ these _____ meet the _____ protocols?

_____ parts _____ and have _____ certified?

_____ you _____ the parts meet _____ required _____?

Is _____ possible that _____ meet all _____?

_____ tested to meet _____ certifications.

_____ the _____ been followed _____ parts?

Does _____ part have _____ tested and _____ the _____?

_____ I _____ that _____ are _____ correctly?

Does _____ that the _____ has been done?

Will it be confirmed _____ Protocol _____?

Can _____ these parts have _____ proper _____?

_____ meet the _____ standards after being tested?
_____ testing _____ conducted _____ the parts?
_____ be proper _____ with ISO/DOT/SAE.
_____ to trust these parts' _____ with _____ certificates?
_____ to _____ ISO/DOT/SAE certs?
_____ the _____ done for _____ and SAE?
_____ it possible _____ trust these parts' _____?
Tell _____ there is any _____ that _____ went through _____ certification _____.
Can _____ faith that _____ have _____ all _____ tests?
Is _____ parts _____ how they're _____?
_____ about the _____ ISO/DOT/SAE _____ for _____?
Is _____ guarantee _____ parts _____ passed proper testing?
_____ parts _____ the way they're supposed _____?
Can I _____ the _____ testing _____.
Is _____ testing done based _____?
_____ any _____ those _____ went through official certification _____?
Is _____ possible _____ are tested _____ certified _____ the requirements?
I want _____ be sure _____ underwent _____ testing.
Were the _____ certification _____ on _____?
Is the parts _____ up _____?
_____ if the parts _____ all the necessary _____?
_____ the _____ fully tested _____ according _____ standards?
_____ proper testing _____ these parts _____?
Is _____ that these _____ the correct testing?
_____ been properly tested _____ certified?
Is _____ that _____ parts _____ their required _____?
Does the parts _____ to _____ required _____ testing?
The parts _____ have _____.
_____ the parts tested _____?
Do you _____ meet _____ requirements?
Can _____ that _____ and certified?
After undergoing _____ testing, _____ the _____ to the _____ standards?
Has _____ testing taken place _____?
_____ there required _____ for these _____?
_____ you _____ to _____ me _____ the _____ testing _____ been done?

Is _____ required ISO, _____ done?
_____ part thoroughly _____ based on _____ protocols?
_____ it be confirmed _____ testing _____ place?
_____ these _____ fully _____ and certified?
_____ ISO/DOT/SAE, _____ these parts _____ tested?
_____ parts _____ properly tested?

_____ tested _____ be ISO/DOT/SAE certs?

_____ those _____ been _____ certified?

Is _____ certain that _____ parts passed _____ the _____?

_____ be sure _____ undergone _____ testing according to _____ certification protocols?

_____ parts _____ proper _____ according to the _____?

Are _____ parts _____ using the _____ protocols?

_____ I _____ that the _____ undergone proper certification?

Were _____ necessary _____ done on this _____?

_____ I trust these _____ pass all _____ necessary _____?

Is it possible to _____ relevant certifications?

_____ the required _____ has been done?

_____ there any assurance that _____ necessary _____?

Are you _____ were tested according to _____?

Have these parts undergone testing to _____?

_____ the _____ for certification _____ done _____ these parts?

Can you tell _____ have _____ proper testing?

Can _____ be verified _____ occurred?

_____ guarantee that _____ parts _____ certifications?

Has the necessary certification _____ been _____ on _____?

_____ if _____ parts meet _____ certification requirements?

Can _____ proof that they _____ with _____ like _____?

Was this _____ tested according _____?

Do you _____ meet _____ the certification _____?

_____ this _____ tested _____ by ISO/DOT/SAE?

_____ parts been _____ to _____ sure they _____ certifications?

_____ the _____ followed to test _____ parts?

_____ trust these _____ with relevant _____?

_____ I be certain _____ through the _____ testing?

Is _____ properly for _____ certification?

_____ parts _____ to certify?

_____ parts have been _____ and _____ according _____ ISO/ _____?

_____ the _____ way they are supposed _____?

_____ it possible _____ testing _____ verified _____ with _____ certification protocols?

Does the _____ for testing _____ parts _____ followed?

I _____ like _____ if _____ parts have _____ testing.

_____ the components _____ through _____ cert _____?

Did the _____ proper _____ to the _____?

_____ the _____ pass _____ required _____ for _____?

Do _____ meet the _____ ISO, _____ SAE _____ standards?

Are _____ tested to meet _____?

Is _____ possible _____ parts _____ undergone rigorous evaluation _____ certifications?

Can I trust the _____ these _____ with _____?

I want _____ that these _____ the right _____.

Does _____ mean _____ been _____ with in terms of _____ testing?

Is _____ possible _____ the _____ were _____ per certification _____?

Did the _____ ISO, _____ SAE _____ protocol tests _____?

Do _____ that _____ parts _____ tested _____ certified?

_____ it possible _____ these _____ the necessary tests?

_____ the parts tested _____ required _____?

Is _____ parts _____ and _____ as _____ of ISO/DOT/SAE?

_____ these parts _____ the _____ tests?

Yes, _____ certified, _____ parts?

_____ certified _____ testing _____ of ISO/DOT/SAE?

_____ the parts have _____ certified?

Are you certain _____ were _____ as _____ requirements?

I am _____ trust _____ parts' testing with relevant _____.

_____ parts tested _____ meet _____ standards?

Is _____ and _____ to the requirements of ISO, _____ and _____?

The _____ be _____ as _____ the _____ protocols.

Is _____ fulfill test requirements?

Did _____ necessary tests _____ DOT, _____ SAE _____ done?

Can _____ believe that these pieces passed _____?

Do you _____ if the _____ testing _____ these _____ done?

Do the _____ tested correctly _____ certification?

Can _____ guarantee _____ the parts have gone _____?

_____ the _____ been _____ meet the certification _____?

Can _____ tell me whether the _____ proper _____?

Parts _____ to _____ tested _____ ISO/DOT/SAE _____.

After undergoing _____ testing _____ these parts adhere _____?

_____ parts _____ properly and certified?

_____ I be _____ that these _____ have _____ the _____?

_____ the components passing _____?

_____ the parts have _____?

Do they _____ with _____?

Do _____ get _____ the needed _____ on these parts?

_____ parts _____ certified _____ per the ISO/DOT/SAE standards?

Did _____ parts _____ the _____ testing?

Has these _____ tested _____ requirements?

Did the required DOT, _____ SAE _____?

_____ testing for _____ parts comply with the _____?

_____ these parts _____ evaluation _____ meet all certification _____?

_____ confirm if the _____ testing has been done _____?

Do _____ parts meet _____ necessary _____ DOT, _____ SAE _____?

Is there _____ chance _____ pieces actually passed all _____?

_____ it _____ get confirmation that essential tests _____ standards?

_____ components _____ mandatory cert _____?

I would _____ to know _____ these _____ the _____ tests.

I _____ know if _____ certifications have been _____ of part testing.

After _____ suitable testing, _____ these _____ to the _____ certification _____?

Is _____ certifications confirmed?

_____ it sure that _____ parts _____ undergone _____?

Is _____ assurance _____ the necessary tests were _____ the _____?

_____ these _____ met all _____ certification _____?

Is the part _____ ISO/DOT/SAE _____?

Is the _____ and certified according _____ and DOT?

_____ parts tested _____ the ISO/DOT/SAE _____?

Do you _____ if the required _____ these parts?

_____ the _____ like they're _____ to _____?

_____ the necessary _____ protocols _____ parts?

The _____ to be _____ per ISO/ DOT/SAE _____.

Have ____ parts ____ tested ____ proper ____?

Are the ____ meet ____?

____ parts ____ based ____ essential ____ protocols?

____ tested ____ they ____ supposed to be?

____ the ____ tested and certified?

____ used to certify parts.

____ the parts ____ to ____?

Is ____ tested and ____ according ____ the requirements?

Did ____ required tests?

____ be certain that these pieces ____ necessary ____?

Did these parts ____ required ____?

The ____ tested and certified ____ to the requirements ____ ISO, ____ SAE.

____ the ____ and ____ according to ____?

Is ____ that ____ testing ____ per requirements?

Is ____ with the ISO/DOT/SAE?

____ these ____ to certifications?

Does the ____ to ____ the ISO/DOT/SAE protocols?

____ these parts ____ tests ____ certify?

Has ____ parts for required certifications?

____ these ____ tested ____ of ISO/DOT/SAE?

Have ____ tested as required by ____?

____ part have ____ testing ____ based on ____ protocols?

____ tested to meet ISO ____?

Is these ____ and ____ according ____ the ____?

Have ____ parts ____ tested correctly ____?

____ there any ____ that ____ required tests were ____ on ____?

Should it ____ that ____ Testing occurred?

____ the parts ____ proper ____ according to ____ standards?

Is ____ for me to ____ these parts' ____ relevant ____?

____ the ____ as ____ the certifications?

____ the parts go ____ to get certified?

____ there any ____ that ____ necessary testing was done ____?

____ you sure ____ these ____ the required certifications?

____ it ____ guarantee tests done right ____ ISO/ ____ certification?

____ tell ____ if these ____ passed proper testing?

____ these ____ have ____ to meet the ____ protocols?

Is it possible that ____ parts ____ proper testing ____?

____ have parts ____ and ____?

____ these parts ____ make ____ they meet the ____ standards?

____ know ____ the parts underwent the ____ testing.

Have ____ undergone a thorough ____ and passed ____?

____ these parts get ____ supposed ____?

____ meet ____ ISO/ DOT/SAE standards?

Is ____ an assurance ____ testing done according ____?

____ there a guarantee ____ the ____ passed ____ tests?

Can ____ be ____ tests ____ done on these parts?

____ these ____ pass the ____ tests to ____?

____ stuff ____ so it ____ protocols?

Please tell ____ the parts went ____ official certification protocols.

____ be sure that the ____ certified ____ tested?

Is _____ that _____ parts _____ all _____ required testing?

Are these _____ certified?

_____ ISO/ DOT/SAE, _____ these parts _____?

Are there _____ passed _____ necessary tests?

_____ you certain _____ parts _____ correctly?

Can I _____ reassured _____ these _____ have _____ testing?

_____ be _____ during the testing phase of the _____?

Have _____ parts _____ tested _____ ISO/DOT/SAE regulations?

Can _____ with necessary _____ confirmed?

Has _____ tested _____ certified according _____ the requirements?

_____ they _____ under the ISO/DOT/SAE _____?

Do _____ get _____ the necessary testing was _____ parts?

_____ the _____ follow the _____ standards _____ undergoing _____?

_____ part _____ under ISO/DOT/SAE?

After undergoing suitable _____ the _____ adhere _____ required _____?

_____ parts have _____ tested _____ meet _____ requirements?

_____ to _____ were _____ parts _____ tested?

_____ I be sure _____ passed proper _____?

Can you provide _____ the regulations _____ testing these _____?

_____ these parts _____ the _____?

Have _____ been tested _____ they're safe?

Is _____ tested as _____?

Are you _____ parts were _____?

_____ testing for ISO, _____ SAE be done?

_____ the _____ certified _____ properly?

_____ the required certification _____ been _____ testing of these _____?

_____ pass all the necessary _____?

_____ I be _____ actually passed all _____ needed tests?

_____ you _____ the parts have _____ testing?

Are _____ part _____ to _____ test _____?

Do these _____ necessary standards after _____ to _____?

_____ these parts _____ certs?

Please tell _____ went through _____ certification protocols.

Can _____ be certain these _____ underwent _____?

_____ there _____ that these _____ passed their _____?

_____ these parts _____ to pass _____?

Do _____ the parts _____ undergone required _____?

Is it true that these _____ tests _____?

Is it possible _____ actually passed _____ tests and _____?

_____ parts thoroughly tested _____ certification _____?

Does the _____ the _____?

Was _____ tested _____ to their _____?

_____ the parts adhere to _____ required _____ testing?

Is _____ have _____ tested _____?

_____ necessary certification _____ will be followed _____ testing phase _____ components?

_____ the _____ tested and _____ according _____ the _____?

Did the _____ certification?

_____ the necessary _____ tests _____ on _____ parts?

_____ it _____ proper testing _____ as per _____ requirements?

_____ these parts go _____ the necessary _____ be _____?

_____ I trust _____ parts' _____ with _____ ?

Can _____ those parts _____ and _____ ?

_____ rigorously _____ and certified?

_____ know if the parts _____ the _____ testing?

_____ part certified _____ to ISO/ _____ ?

_____ take _____ necessary _____ for certification?

Does the _____ have taken _____ ?

_____ these parts meet _____ ?

Will the necessary _____ steps _____ followed _____ the _____ the components?

Is _____ possible to _____ whether mandatory _____ Testing _____ ?

_____ parts _____ compliance _____ certification standards after undergoing testing?

Are _____ checked for _____ ?

Can I be _____ parts underwent _____ ?

_____ components _____ mandatory cert exams?

Can _____ the testing _____ these parts with _____ ?

_____ parts _____ to pass _____ necessary _____ tests?

Has proper _____ been _____ on the _____ ?

Will _____ protocols _____ followed in _____ phase _____ these components?

_____ be proven that mandatory Certified Protocol _____ ?

_____ possible to _____ that _____ was done _____ to _____ guidelines?

_____ parts certified _____ tested?

Is the _____ up _____ standards?

_____ want to _____ sure these parts _____ correct _____.

Will the _____ certification steps were _____ of _____ components?

_____ compliance _____ needed testing certifications _____ confirmed?

Is _____ testing occurred as required?

_____ the parts _____ needed for _____ ?

_____ tested _____ ISO and DOT protocols?

_____ the _____ protocols' test requirements?

_____ that they are _____ proper _____ parts?

_____ necessary certification steps _____ the components _____ followed _____ testing _____ ?

_____ I be certain _____ the _____ are _____ certified?

_____ part _____ through a check _____ to _____ ?

Have these parts _____ tested _____ certified _____ rules?

_____ fully tested _____ certified _____ per the ISO _____ ?

Is _____ to rely on _____ parts' _____ with _____ ?

_____ fact that the part testing _____ been _____ with?

_____ these parts _____ rigorous _____ and _____ in compliance with _____ ?

Was the _____ tested _____ ?

_____ I _____ that _____ parts underwent proper _____ ?

Is there _____ testing _____ on ISO/DOT/SAE _____ ?

Are _____ actually _____ like they _____ to be?

_____ you _____ that the _____ meet _____ requirements?

Did _____ parts pass the _____ ?

_____ with _____ testing _____ been confirmed?

_____ it _____ parts _____ checks _____ to iso/dot/sae standards?

_____ like _____ know _____ the _____ underwent _____ proper testing.

I would like _____ pieces actually passed _____ tests.

_____ have faith _____ pieces passed the _____ tests?

Do they _____ tested parts with _____ ?

Can _____ sure that the _____ according to standards?
 Is _____ thoroughly _____ based _____ essential _____ protocols?
 _____ I be _____ these _____ have _____ proper _____?
 _____ it possible to confirm _____ tests _____ completed _____ to _____?
 Did the _____ through _____ to _____?
 Is the part tested _____?
 _____ parts undergone a vigorous evaluation and _____ the _____?
 Do _____ receive _____ that _____ were done on these _____?
 Are _____ tested _____ the _____ protocols?
 _____ required testing done _____ SAE?
 Is it safe _____ me to trust _____ parts' _____?
 After undergoing _____ do these _____ the necessary _____?
 Is the _____ tested and _____ as _____ the _____?
 Is _____ parts _____ to the _____?
 _____ there proof _____ parts _____ the necessary tests?
 Did _____ the _____ tests according to the _____?
 _____ the _____ tested as required _____?
 _____ part certified by _____ protocols?
 _____ undergoing suitable _____ are these parts _____ with _____?
 Can it _____ shown _____ Certified _____ took place?
 Will _____ parts _____ by the certification protocols?
 Were _____ parts _____ according _____ requirements?
 _____ required tests for ISO, DOT, _____?
 Is it _____ that _____ are somehow _____ on these _____ right _____?
 Did the _____ for testing these _____?
 _____ these _____ in the _____ they're _____ to be?
 Can _____ be certain _____ the parts have _____?
 _____ these _____ gone _____ the _____ testing?
 _____ testing being done on these _____?
 Can _____ be _____ that _____ parts _____ undergone _____ tests?
 _____ parts _____ like needed for _____?
 Have the _____ been tested _____ certification _____?
 Will _____ certification protocols be followed during _____ phases _____?
 Is _____ any assurance _____ the parts _____ the _____?
 _____ the necessary certification tests _____ on _____?
 _____ parts _____ certification protocols' _____ requirements?
 _____ required testing done for _____?
