

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Requests for energy-saving tips or recommendations
Inquiry Sub-Category	Energy-saving strategies
Description	Customers inquire about practical methods to reduce energy consumption in their homes or businesses.
Data Size	11,602 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ fans _____ make _____ difference in _____ of keeping rooms _____ allowing us _____ rely _____ AC _____?

Could having _____ in _____ reduce _____ AC equipment?

_____ a ceiling _____ result _____ use?

Do _____ fans _____ air _____ and _____ spaces cooler?

Can _____ be a ceiling _____ can _____ cool _____?

Do _____ can help reduce air _____?

_____ to _____ reduced reliance on air conditioning?

_____ ceiling _____ make a _____ temperatures?

Do _____ cut AC _____?

Ceiling fans can _____ cool _____.

_____ fans _____ able to _____ the _____.

_____ ceiling fans _____ reliance _____ AC?

Will _____ reliance on _____ machines?

Can ceiling fans _____ difference _____ keeping rooms cooler and reducing _____?

_____ it true that a ceiling fan _____ cool _____ areas _____ AC?

Does _____ ceiling _____ have _____ on room _____?

_____ ceiling _____ making them reliant on _____ units?

Ceiling _____ might make us _____ AC _____.

_____ fan be used to _____ usage?

Do _____ think ceiling fans are _____ cooling _____ that _____ don't need _____ our _____ the _____?

_____ ceiling fans _____ us _____ the _____ often?

Are _____ fans _____ cooling down areas _____ dependence _____ AC?

Does _____ ceiling _____ the _____?

Ceiling _____ might _____ not need the _____ frequently.

_____ a _____ makes _____ space cooler?

_____ room _____ cut down _____ reliance on _____ systems?

Do _____ to _____ the rooms?

_____ fans reduce _____ AC _____?

_____ reckon _____ helps us to _____ our air _____ use?

_____ fans might _____ rooms _____.

Ceiling fans in _____ may _____ to lower _____.

_____ fans able _____ keep rooms _____?

_____ can _____ cut down on _____ amount _____ AC _____.

_____ are _____ to have _____ impact on _____ temperature.

_____ ceiling _____ help _____ on air _____ units?

_____ fans can be used _____ cool _____ room _____ don't _____ conditioners.

Are _____ good at reducing _____ for _____?

Do you _____ owners rely _____ their ACs _____ to _____?

_____ fan effective in _____ cooling?

_____ it true _____ use their _____ units _____ if they _____ a _____ fa _____?

Is _____ fans able _____ decrease _____ need _____ run AC _____?

Is it possible to _____ through _____ fan _____ than using _____?

Is it _____ to _____ fan to _____ reliance _____ AC?

Can a _____ fan _____ reliance _____?

_____ ceiling _____ difference _____ keeping rooms cooler and less need _____?

_____ a _____ fan allow less _____ an ac _____?

_____ use less AC with _____?

_____ ceiling _____ to _____ rooms cooler _____ reducing the need _____ units?

_____ are thought to keep _____.

_____ fans good for _____ AC _____?

_____ the _____ of ceiling fans affect _____ temperature _____ our need _____?

_____ effective at cooling rooms?

_____ on _____ effective?

Do fans _____ cooling rooms to _____ units?

_____ the use of _____ effect on _____ temperature?

Ceiling fans _____ AC _____ in _____.

Will _____ a ceiling _____ allow _____ of an _____?

Have _____ able _____ reduce room _____?

Is it _____ for a _____ to cool _____?

_____ fans decrease _____ AC units?

Does _____ lower room temperatures?

_____ fans _____ on _____?

Is _____ fans _____ lowering room _____?

Is _____ fans _____ dependence on air _____?

Ceiling _____ have been used _____ reliance _____ units.

Is _____ possible that fans _____ reliance _____ air con _____?

_____ it _____ for _____ keeping rooms cool while _____ AC usage?

Does _____ fan help _____ on _____ conditioning?

Do _____ really _____ a _____ a room cool?

Is _____ possible for a room _____ be _____ relying _____ air _____ unit?

Can _____ by cooling down our rooms?

Is a _____ kept _____ having _____ operational fan _____ from _____ relying on the _____ conditioners?

_____ can _____ cut down on _____ use.

Can _____ fans make a difference _____ room _____ we don't _____ air _____?

_____ achieve comfort through ceiling fan utilization rather _____?

Does _____ a _____ fan make _____ difference when it _____ maintaining _____ temperature _____?

Is the _____ of _____ fan will _____ usage?

_____ the need for AC?

ceiling fans help _____ on _____

_____ rooms could lead _____ lower _____ on _____ equipment.

_____ fans _____ keep rooms _____ do they _____ make _____ difference?

_____ ceiling _____ a _____ when it comes _____ maintaining room _____?

_____ ceiling _____ cooler _____ than _____?

Can ceiling fans _____ enough _____ cooling our _____ we don't _____?

_____ fans _____ reliance _____ air conditioning?

Will using _____ make _____ difference in _____ temperature _____ the _____?

_____ the use _____ a _____ it cooler?

Can the use _____ fans _____ our _____ on _____?

Is having _____ fans _____ temperatures?

Are _____ fans effective _____ reducing _____?

Would having _____ fan reduce _____ A/C _____?

_____ fans _____ on _____ A/C systems?

Ceiling _____ can potentially _____ units.

_____ fan _____ a room cool?

_____ using _____ enough to reduce _____ usage?

_____ it possible _____ cooling off the _____ and letting us _____ on _____?

_____ fans _____ the _____ cooler.

Do _____ decrease the _____ air conditioning?

Are ceiling _____ cool _____ to _____ on _____ units?

_____ it _____ to _____ comfort _____ ceiling _____ of _____ on air conditioners?

_____ fans can _____ used _____ rooms cool _____ reducing AC _____.

_____ ceiling _____ decrease _____ need for _____?

_____ a _____ fan installation _____ in _____ use _____ the air _____?

_____ the _____ fan cool _____ room _____?

_____ using ceiling fans _____ for _____ temperatures _____?

Do ceiling _____ keep rooms _____?

_____ fans might _____ room temperatures.

_____ help in _____ rooms cool while _____ usage.

_____ actually _____ down on _____ need _____ A/C?

Could _____ ceiling fan _____ cool _____?

_____ fans reduce _____ for an _____?

_____ fans _____ rooms _____ without the _____.

_____ it _____ achieve comfort through _____ fan use _____ of relying _____?

If _____ ceiling fa _____ do _____ use their _____ less?

_____ you think _____ fans are effective at cooling rooms _____ don't have _____ time?

The _____ a ceiling _____ could _____ in _____ usage.

Is _____ ceiling fan _____ to reduce _____ on air _____?

Does installing _____ fan _____ reliance _____?

_____ fans helpful _____ room temperatures?

Can a _____ fan _____?

Does using _____ a _____ a room so we don't _____ air _____?

Does ceiling fans _____ with _____ units?

ceiling _____ might be _____ conditioners.

_____ keep rooms _____ the need for AC _____?

Ceiling _____ be able to _____ cool _____ using _____ AC.

_____ ceiling fans make us need _____?

_____ it possible to reduce _____ to _____ AC _____ fans?

Can _____ fans _____ on _____ units?

Is _____ that _____ fan will help cool _____ dependency on AC?

_____ are _____ to keep rooms _____.

_____ fans _____ keep the rooms _____.

_____ we _____ comfort _____ ceiling _____ instead of using air conditioners?

Ceiling ____ can cool ____ reduce dependence on ____ .
 ____ fans ____ effective ____ at cooling rooms ____ we don't need ____ run ____ ACs?
 ____ room fans cut ____ on ____ A/C ____ ?
 ____ ceiling ____ us use ____ less often.
 ____ fan lower room ____ allow less use ____ AC unit?
 ____ aid in keeping ____ reducing AC usage.
 ____ fans could ____ used to keep ____ while reducing ____ .
 Does installing a ____ on ____ conditioning?
 ____ ceiling ____ used ____ cut ____ on AC ____ ?
 ____ reliance on air conditioning.
 Were ____ the ____ effective?
 Can ____ fans ____ on AC ____ .
 People who ____ fa ____ might ____ their AC units ____ .
 Does ceiling ____ comfortable temperatures ____ and reduce ____ conditioner units?
 ____ in reducing ____ on AC units?
 Is ____ to ____ reliance on ____ A/C systems?
 ____ possible that ____ fans can make a ____ ?
 ____ fans may ____ cool rooms without using ____ .
 ____ fans help ____ reliance ____ units?
 ____ can reduce ____ air conditioning.
 Does ____ a ____ fan ____ and ____ reliant on air ____ ?
 Is ____ use ____ ceiling ____ going to ____ a ____ difference to ____ ?
 I ____ if it ____ true that ____ a ____ down areas.
 Can ____ use ____ a ceiling ____ reliance on ____ units?
 Is it ____ a ceiling ____ makes ____ difference in ____ ?
 ____ it possible to ____ fans ____ the need ____ units?
 ____ use ____ instead ____ air conditioning?
 ____ can rooms stay ____ .
 ____ you believe ceiling fans are ____ ?
 Is ____ true that ____ AC units ____ if ____ have ____ ns?
 ____ of ceiling ____ change ____ temperature?
 Are rooms ____ with ____ ceiling fans?
 Would ____ ceiling ____ reduce ____ usage of ____ ?
 Is it ____ people ____ units ____ if ____ install a ____ fa ns?
 Is ceiling fans useful ____ rooms ____ on ____ usage?
 Can ____ make ____ difference in reducing ____ for ____ ?
 ____ it ____ to ____ use by relying on ____ ceiling ____ ?
 Are ____ less ____ to ____ their ____ units ____ their ceiling ____ ns ____ ?
 ____ ceiling ____ to reduce AC ____ ?
 Ceiling ____ might ____ keep the ____ .
 ____ use their AC ____ they ____ ceiling ____ ns
 Can installing ____ a difference in ____ rooms ____ and ____ AC?
 ____ are effective?
 Can ceiling ____ cut ____ AC ____ ?
 ____ Fans can ____ keep ____ .
 Can ____ use ceiling fans ____ instead ____ air ____ ?
 ____ rooms cooler ____ of ceiling ____ ?
 Ceiling ____ may be ____ rooms.
 Is ____ to use a ____ less ____ conditioning?
 Is it ____ no need ____ ceiling fans?

Can _____ ceiling fan _____ usage?

_____ help _____ need for AC.

Do _____ fans helps _____ to save _____ conditioning use?

_____ fans _____ have _____ on indoor temperature control _____ need for AC _____.

_____ using _____ ceiling fan _____ usage?

Do ceiling _____ help _____ down _____?

What can ceiling _____ decrease _____ need for _____?

Does using _____ fans _____ us _____ the AC _____?

Will using _____ fan help lower _____?

_____ fans may require _____ AC _____ but _____ rooms _____ with _____?

_____ using a fan, can we _____ on _____?

Can ceiling _____ be _____ to _____ the _____ AC?

Can rooms stay cooler _____ reduce _____ air _____?

Are _____ fans able _____ temperatures?

Does using _____ decrease reliance on _____ AC _____?

Does installing _____ ceiling _____ an effect _____ air _____?

Do you _____ the ceiling fan _____?

Ceiling _____ may help to _____ units.

Can _____ cool _____ while reducing _____ on _____?

_____ need for _____ reduced by _____ fans.

_____ fans could help _____ units.

_____ a _____ cooler _____ less reliant on airconditioning?

_____ are able to _____ the _____ for _____.

_____ a ceiling _____ to _____ on air conditioning?

Can _____ fan _____ on AC?

Do ceiling _____ use _____ ac?

_____ ceiling fans _____ on _____ units?

Can room _____ cut _____ A/C _____?

_____ ceiling fans help keep _____ the use _____ units?

_____ the _____ ceiling _____ require less AC _____?

Ceiling _____ use less energy than _____ air _____ units.

Do _____ use _____ AC _____ less _____ they have _____ fa _____?

Is there a _____ the _____ for _____ with ceiling _____?

_____ fan keep the room _____?

_____ use _____ fan above _____?

Do fans _____ out _____ A/C?

Can _____ fans help _____ a _____?

Ceiling _____ reduce room temperatures, _____?

Can the _____ reduce _____ AC _____?

_____ diminish reliance on _____ air _____?

Is _____ possible _____ a _____ to _____ kept _____ an operational _____ hanging from the roof instead _____ on _____ conditioning _____

_____ use _____ a ceiling fan _____ AC _____?

_____ a _____ good for cooling the _____ decreasing reliance _____ units.

_____ overhead fans _____ in _____ us _____ our air _____ use?

Do _____ help _____ conditioning use?

_____ that _____ fans could help keep rooms _____ and _____ usage?

Would _____ on _____ ceiling fan _____?

_____ ceiling owners _____ less on _____ due to _____?

_____ using _____ ceiling _____ usage?

Is _____ efficient _____ the need for _____?

_____ down _____ rooms make a difference?
 _____ a ceiling fan reduce reliance _____ airconditioning?
 _____ ceiling _____ make _____ cooler?
 Is _____ cooling down spaces?
 Can _____ cool _____ in _____ isn't dependent on AC _____?
 Is _____ help _____ the room?
 _____ may not _____ reduce _____ on AC units.
 _____ our _____ conditioning _____ used less when _____ fan?
 _____ ceiling _____ allow for less usage _____ an _____?
 _____ it _____ having ceiling _____ lowers _____ temperatures?
 _____ fans cut _____ on the _____
 _____ a _____ fan _____ reduce _____ on AC units?
 _____ fans can help _____ rooms _____ reduce the _____ AC.
 _____ a _____ fan lower _____?
 Ceiling fans might be _____ to _____ in keeping rooms _____.
 _____ it possible _____ use _____ ceiling fan _____ dependency _____ AC _____?
 ceiling _____ are said to _____.
 Do _____ the _____ down?
 Can a _____ fan help _____ room _____ AC units?
 _____ be accomplished by _____ fans.
 _____ keep rooms _____ and _____ the _____ for air conditioning?
 The ceiling fans _____ to _____.
 _____ ceiling fans _____ feel _____?
 _____ a room to _____ kept _____ by _____ an operational _____ from the roof instead _____ relying _____ on _____ air
 Are fans good _____ rooms and _____ units?
 A _____ fans can replace air _____.
 _____ a _____ fan make the _____ cooler and _____ dependent on _____?
 _____ it _____ a ceiling fan helps _____ the _____?
 _____ fans help _____ the rooms?
 Is a ceiling _____ to reduce _____ ac _____?
 ceiling fans _____ us _____ the _____ less _____.
 _____ we rely _____ the _____ conditioning _____ using a _____?
 Can the ceiling _____ make _____ difference _____ cooling _____?
 _____ fans _____ on air _____?
 _____ use _____ a ceiling _____ the AC usage?
 _____ can reduce AC _____.
 Do _____ using overhead _____ to reduce our air _____?
 _____ ceiling fans _____ for _____ of an AC _____?
 _____ help _____ rooms _____ they require less _____ use?
 _____ a ceiling _____ enough to _____ use _____ an _____ unit?
 _____ you think using _____ fans helps us _____ air _____?
 _____ it _____ to _____ ceiling _____ instead of _____?
 Is _____ back on using air conditioners when _____ ceiling _____?
 Does installing _____ fan help _____ reliance on _____?
 Ceiling fans _____ to allow _____ to _____ less _____.
 Can _____ cooling rooms _____ the need _____?
 Ceiling _____ reduce _____.
 _____ it possible _____ a ceiling _____ to _____ AC units?
 ceiling _____ effective _____ cooling down _____
 Is it possible that ceiling _____ could _____ keeping _____ cool _____?

_____ using _____ ceiling _____ possible to _____ usage?
 _____ a ceiling fan _____ on _____ conditioning
 _____ ceiling fans could _____ keep _____ cool _____ the _____ of AC.
 _____ we rely on _____ AC?
 _____ fans _____ cooling rooms _____ much AC?
 Ceiling _____ could _____ to less _____ on the air _____.
 Is it possible _____ having _____ fans _____ lower _____?
 Would _____ make the _____ dependent?
 _____ a ceiling _____ help _____ reliance _____ air conditioning?
 Can _____ longer rely on _____ conditioning _____ using _____ fan?
 _____ cut air use?
 Will _____ fan _____ the room temperature and allow _____ an _____ unit?
 _____ a ceiling fan _____ the _____?
 _____ using _____ improve cooling?
 Can _____ fans _____ A/C systems?
 _____ the use of _____ fans _____ indoor _____ and _____ the need _____ AC _____?
 Do _____ fans cause rooms _____?
 How _____ a ceiling _____ be used to _____ AC _____?
 Do you _____ overhead _____ to reduce our _____ conditioning _____?
 _____ believe _____ can help _____ reduce _____ air conditioning use?
 _____ the use _____ a ceiling _____ on AC _____?
 Is _____ that running a _____ can help _____ down _____?
 _____ true that _____ ceiling fan can _____ down _____ while _____ dependence _____ AC.
 Does having _____ lower _____ temperature in _____ room?
 _____ fans _____ difference _____ cooler rooms?
 _____ ceiling fans _____ to _____ down _____?
 _____ make _____ cooler?
 Would the _____ fan _____ the _____ of the _____?
 Can _____ ceiling fan _____ on _____?
 Do _____ reduce the _____ for _____?
 Is it possible _____ use ceiling _____ for AC?
 Is _____ of fans _____ reduce our need for _____?
 Does _____ a ceiling _____ have an _____ air _____?
 _____ good at reducing _____ usage?
 Can _____ cooler than _____ AC?
 _____ the use _____ ceiling fans _____ make a _____ temperature _____?
 Ceiling fans in _____ lead _____ less dependence _____ equipment.
 _____ fans can _____ cool, _____ they not?
 _____ fans _____ used _____ keep rooms cool, but do they _____?
 _____ be used to cool _____ without _____.
 _____ keep room cool?
 Do _____ fans _____ to _____ temperatures.
 _____ fans may _____ keep _____.
 ceiling _____ make us need the _____.
 Can fans make _____ in _____ need _____ run _____?
 Can _____ reliance _____ AC _____ ceiling fans?
 _____ believe using overhead fans can allow us _____ conditioning _____?
 _____ the _____ of _____ ceiling fan _____ less _____ AC unit?
 The _____ of _____ fans _____ in keeping rooms _____.
 _____ ceiling _____ cool _____ rooms?

_____ fans be used _____ cool _____?
 _____ ceiling _____ helped to maintain _____ temperatures _____?
 _____ using _____ reduce the _____ for _____?
 Is it possible to _____ with _____ use _____ ceiling _____?
 _____ installing _____ ceiling fan _____ less use of the _____?
 Is _____ fans _____?
 _____ fans _____ rooms cooler?
 Will _____ reduce _____ on _____ machines?
 Can _____ keep a _____ cooler?
 _____ make us use the AC _____?
 _____ ceiling fans _____ on _____?
 _____ you _____ using overhead _____ help us to _____ air conditioning _____?
 _____ think _____ cool rooms that we don't _____ to _____ our ACs?
 _____ true _____ ceiling _____ help _____ room temperatures?
 Have _____ made _____ cooler?
 _____ fans make _____ the AC _____ frequently?
 Is _____ fans a _____ keep _____ cooler?
 Ceiling _____ cooling rooms.
 Can a _____ fan _____ decrease the reliance _____ AC _____?
 Having _____ could lead to less _____ on _____ equipment.
 _____ ceiling fans _____ the _____ conditioning?
 Will using _____ ceiling _____ for _____ of an _____ unit.
 Did ceiling _____ really _____ a _____ in _____ cool?
 Do ceiling _____ have the _____ reduce _____?
 _____ that running a ceiling fan _____ cooler?
 _____ it _____ that _____ a ceiling _____ help cool _____ areas?
 _____ ceiling fan decrease _____ on _____ units?
 _____ fans help reduce _____ AC _____?
 Ceiling _____ might _____ able _____ keep rooms _____ while _____ AC _____.
 Are people less _____ to use their _____ if _____ Ceiling _____?
 _____ use of _____ fans required _____ in the rooms?
 Ceiling fans could help keep _____ cool _____.
 _____ ceiling fan utilization _____ used for _____ instead _____ conditioners?
 Would a _____ fan _____ use?
 _____ effective at decreasing the _____ for _____?
 _____ you _____ ceiling fans _____ air conditioning?
 _____ ceiling fans _____ reduce _____ temperature?
 _____ the _____ of _____ change the room _____?
 _____ in _____ lead to a decrease _____ on AC _____.
 Does _____ make _____ to _____ ceiling _____ than AC?
 _____ effective in _____ rooms?
 _____ fans _____ without ACs?
 _____ possible _____ use _____ ceiling fan to _____ temperature?
 Can _____ fans cut _____ systems?
 _____ it _____ for _____ fans _____ make _____ a difference _____ our rooms?
 Can ceiling _____ be _____ to _____ comfortable _____ indoors _____ on air _____ units?
 Can ceiling _____ be used to _____ units?
 Can we _____ our use _____ fans?
 _____ fans _____ help cool _____.
 _____ can _____ on AC units.

Is ____ Fans ____ to ____ on AC ____?

____ ceiling ____ their ACs because of fans?

____ a ____ fan can ____ the ____?

____ fans can ____ cool, but do ____ a ____?

Is using ____ ceiling ____ actually ____ air ____?

Fans can ____ the ____ conditioning.

____ cut ____ for air conditioning?

Is ____ true ____ running ____ can ____ cool areas?

Can ____ reduce the ____?

Can ____ fans ____ decreasing reliance on AC ____?

____ ceiling ____ are rooms cooler?

ceiling ____ could replace ____

Can ____ fan ____ diminish ____ on ____ units?

Do ____ in ____ without using much AC?

____ true ____ fan can help decrease dependence ____ AC?

____ you ____ ceiling ____ good ____ cooling ____ that ____ need ACs all the ____?

Can ____ fans help ____ with ____ AC?

____ to reduce our need to ____ units?

Does installing ____ ceiling ____ difference in ____ temperatures?

____ fans are ____ reduce ____ temperatures.

Do ____ fans ____ of ____ rooms?

Ceiling fans may ____ the ____ less ____.

Do ____ air conditioning use?

____ believe ____ fans ____ help?

Does ceiling fans work ____?

____ using ____ fans ____ on room temperature?

Can we ____ than ____ AC?

Is ____ for fans ____ cool ____ rooms and make ____ unnecessary?

Does ____ ceiling ____ use the air conditioning ____?

Can ____ of ceiling fans ____ control, thereby decreasing ____ AC systems?

____ a ceiling fan ____ able to cool ____?

Is ____ true ____ fan will cool ____ areas while ____ AC?

____ diminish the ____ air ____

____ having ____ fans ____ to ____ less dependent on air ____?

____ may help ____ rooms.

Would ____ of a ____ reliance ____ the ____ unit?

Can a ceiling ____ cool ____ room ____ reliance ____ air ____?

Is it possible that using overhead ____ enable ____ our ____?

____ possible ____ downsize the ____ of AC ____ ceiling ____?

____ cooling rooms?

Is it ____ a ____ dependence on AC.

Is ____ cut down on the ____ for ____ ceiling ____?

Is there a ____ down ____ for AC ____ ceiling fans?

____ keep rooms cool ____ us to ____ less AC?

Do ____ ceiling fans ____ cooling ____ that don't need ACs ____ the ____?

____ to use their AC units if ____ have ceiling ____?

____ effective ____ reducing ____ need for AC?

Can ____ make a difference ____ our rooms ____ use ____ AC?

____ fans ____ cooling rooms?

Do fans help in ____ rooms ____ AC ____?

Can _____ be less _____ on _____ with operational _____?

Would a _____ the A/C _____.

Ceiling _____ areas should _____ less reliant on air _____.

_____ achieve _____ the _____ of ceiling fans?

_____ ceiling fans _____ keep rooms _____ and _____ us to _____ less on _____?

_____ you _____ ceiling _____ are enough _____ cool the _____?

Ceiling fans _____ impact indoor _____ by decreasing our _____ for _____ systems.

Does the _____ the room _____?

Do _____ ceiling _____ help?

_____ fans make the AC _____?

_____ the _____ ceiling _____ impact _____ temperature _____ ultimately decreasing _____ need _____ AC systems?

Is _____ us _____ comfort through ceiling _____ usage?

_____ fans _____ in keeping _____ cool?

Do ceiling _____ and reliance _____ air conditioning?

Is _____ to _____ ceiling fan to _____ on _____ units?

_____ fans _____ used _____ rooms cool, but _____ they really _____ difference?

Can _____ fan _____ on AC _____?

Can the use _____ ceiling _____ for _____ conditioning?

_____ decrease our _____ AC systems.

Could _____ of ceiling _____ in keeping _____ cool?

ceiling _____ rooms cooler _____ units.

_____ fan may be _____ on AC units.

_____ you _____ ceiling fans can do enough _____ cool rooms that we _____ have _____ all _____?

Isn't _____ true _____ ceiling _____ help cool _____ while _____ dependence on AC?

Can a ceiling _____ temperature _____?

Are _____ the _____ effectual?

_____ fans keep _____ cooler and reduce need _____?

Ceiling _____ may actually _____ need _____ units.

_____ you think _____ overhead fans can help _____ conditioning _____?

_____ rooms cooler _____ ceiling fans?

Would using a _____ AC _____?

_____ the _____ be effective.

Will _____ a _____ lower the _____ temperature _____ use _____ an AC _____?

_____ it _____ that ceiling _____ rely less _____ to fans?

_____ work well _____ comfortable temperatures indoors?

_____ the _____ ceiling fans _____ to _____ room temperatures?

Ceiling owners _____ less _____ their _____ are used.

_____ you _____ we _____ our _____ conditioning use by _____ overhead _____?

Can ceiling _____ be used _____ cut _____ AC usage?

_____ it possible _____ their _____ they have ceiling fans.

_____ possible _____ use ceiling _____ for _____?

Can ceiling _____ cool a _____ without using _____?

_____ think _____ a ceiling fan _____ in _____ usage?

_____ ceiling fans good _____ cutting AC _____ cooling _____?

_____ ceiling fans really _____ and allow us _____ use less _____?

ceiling _____ to _____ down on AC usage.

_____ think ceiling fans can _____ on _____ conditioning?

When _____ fan, can _____ less on _____ air _____?

Will using _____ allow _____ use _____ an AC _____.

Can _____ ceiling _____ have a noticeable _____ keeping _____?

_____ it _____ to _____ dependency on _____ units by using _____ ?
_____ a _____ save money compared to an _____ ?
Do _____ think _____ fans can help cut _____ air _____ ?
Is _____ dependence _____ AC _____ operational ceiling _____ ?
The _____ of _____ fan _____ on air conditioning.
Is using _____ able _____ change _____ ?
_____ a ceiling _____ make _____ feel cooler?
_____ effective _____ fans at _____ down _____ ?
_____ it possible to _____ dependency on _____ fan?
_____ ceiling _____ effective in _____ a comfortable _____ indoors?
Ceiling fans _____ possibly _____ .
Can a _____ help _____ to _____ cooler?
Do fans _____ cooling _____ and _____ on AC units?
_____ effective _____ a ceiling _____ in _____ a _____ ?
_____ fans _____ a difference _____ decreasing room _____ ?
Is ceiling fans _____ ?
Do ceiling fans _____ of _____ room _____ ?
Ceiling fans can help cool _____ without _____ .
_____ are able to reduce _____ AC _____ .
_____ fans _____ rooms could _____ less reliance _____ equipment
Is _____ ceiling fans _____ impact _____ ?
A _____ would reduce _____ .
_____ it _____ a _____ fan can _____ cooling down areas?
With the _____ of _____ rooms _____ kept cooler?
_____ ceiling _____ help _____ cool down?
_____ installing a _____ decrease _____ on _____ ?
_____ ceiling fans make _____ the _____ often?
Is ceiling fans _____ at _____ that _____ can _____ less on running _____ ACs all _____ ?
_____ ceiling _____ can _____ less on _____ ?
_____ using _____ reduce dependence on _____ ?
Do _____ difference _____ keeping rooms cool _____ allowing _____ to _____ AC units?
Should _____ be used to keep _____ using _____ units?
_____ fans _____ help _____ reducing _____ AC units.
Is _____ correct _____ running _____ ceiling _____ helps _____ areas?
_____ helping _____ keep rooms cooler?
Ceiling _____ may _____ impact indoor temperature control _____ the need for _____ .
_____ fans can help cooling rooms without _____ .
_____ ceiling fan _____ less _____ of _____ ac unit?
_____ it _____ having ceiling _____ leads to less _____ on AC _____ ?
Can the _____ be _____ for _____ of using air _____ ?
Does ceiling _____ lower room _____ less _____ on air _____ ?
_____ the use of _____ change indoor _____ control?
Are overhead _____ helpful _____ keeping _____ cooler and reducing _____ air _____ ?
_____ fans help reduce _____ need _____ ?
_____ the use _____ ceiling fans _____ a _____ temperature _____ ?
Do _____ are enough _____ rooms that _____ don't _____ to use our ACs _____ time?
Can _____ use of _____ a difference in _____ temperature _____ ?
ceiling fans _____ cooling _____
_____ a _____ helping _____ down areas while decreasing dependence _____ AC?
Does using overhead _____ our air conditioning _____ ?

Can using _____ reduce _____?

Can _____ fans _____ rooms cooler so _____ use _____?

Is _____ that _____ fans _____ rooms could _____ to _____ on AC _____?

_____ a ceiling fan result _____ less _____ the air _____?

Is there a _____ can _____ cool the _____?

Will _____ a _____ fan allow _____ ac unit?

Can ceiling _____ cooler?

_____ ceiling fans _____ us lower _____ room _____?

_____ a _____ make a _____ cooler?

Ceiling _____ can _____ rooms to _____.

Should _____ used in _____ rooms _____ AC usage?

Do ceiling fans _____ in _____?

_____ it _____ rely less on _____ operational ceiling fans?

_____ help _____ rooms _____ using much AC

Ceiling fans _____ to aid _____ cool while also _____ usage.

_____ fan enough to cool _____?

How _____ difference can ceiling fans _____ cooling _____ rooms?

_____ think ceiling _____ can _____ reduce the use _____ air _____?

Do _____ think ceiling fans _____ about air _____?

_____ there _____ down our _____ with ceiling fans?

ceiling fans in _____ to less _____ on _____ conditioning _____.

_____ fan effective room _____?

_____ a ceiling _____ reduce the _____ of _____?

_____ way _____ fans _____ off the joint and let us _____ down _____ AC?

_____ with cooling _____ and reduce _____ on _____ units?

Are _____ fans _____ for _____ and reducing the need _____ air _____?

_____ fans _____ good _____ reduce dependence _____ air conditioning?

_____ ways to minimize _____ need for _____ ceiling _____?

_____ ceiling fans help _____?

_____ using _____ we rely less _____ airconditioning?

_____ using ceiling _____ us _____ AC less often?

_____ fans _____ to decrease _____ for AC?

Do ceiling fans make _____ room _____?

_____ you think _____ are effective _____ rooms that we don't have to _____ all _____ time?

Ceiling _____ might make _____ less reliant _____.

_____ reduce reliance _____ AC units.

Is _____ fans a cut _____?

Do you think _____ a ceiling _____ will _____ reliance _____?

Is _____ room _____ an _____ from the _____ instead of relying on _____ air _____ unit?

Ceiling _____ might lead _____ less _____ on _____ equipment.

Can ceiling _____ cool rooms with _____ on _____?

_____ it possible to have _____ need for _____?

_____ reduce the need _____ units?

_____ ceiling _____ used to _____ the _____ of AC?

_____ installing _____ fan help reduce _____ use?

Do you _____ fans _____ to save _____ on air _____?

_____ we rely less _____ conditioning _____ a fan?

_____ a fan _____ the dependency on _____?

Will the use _____ a _____ reduce _____ on _____?

_____ room _____ on expensive _____ conditioning systems?

Is the _____ fans _____ us need the _____?

_____ a ceiling _____ going to _____ in less _____?

Would using a _____ fan reduce the _____?

_____ fans _____ rooms cooler _____ an AC _____?

can a _____ fan help _____

_____ fans _____ to cut back on using _____?

Ceiling _____ spaces?

Do _____ help _____ rooms _____ and _____ us _____ use _____ AC units?

Is _____ fans effective _____ at _____ rooms _____ we can rely _____ ACs?

_____ fans _____ be _____ reduce reliance _____ AC units.

How can ceiling _____ need for _____?

Can the _____ fans make a difference _____ temperature?

ceiling _____ could reduce the _____.

_____ can _____ cool rooms.

Can _____ ceiling fan _____ for comfort instead _____ conditioners?

Does using a _____ fan _____?

Do _____ fans _____ temperature?

_____ a _____ fan _____ lower _____ use of an AC _____?

Would _____ ceiling _____ usage?

_____ might _____ reliance _____ AC units.

ceiling _____ without using much AC

_____ relying on a _____ reduce _____ conditioning _____?

Should ceiling _____ be _____ to _____ on _____?

Ceiling fans _____ conditioners?

_____ use _____ ceiling fans in _____ could _____ dependence on _____.

How about _____ the _____ stay _____?

_____ ceiling _____ be used _____ cool _____ room so _____ don't use _____?

_____ it _____ to _____ a _____ cool _____ an _____ hanging from _____ roof instead _____ the air conditioning unit?

Are the _____ cooler with _____ help _____ the _____?

_____ room _____ cut reliance _____ costly _____?

Does _____ fans _____ cooler?

Ceiling fans can _____ limit _____ centralized _____ conditioning _____.

Does _____ of _____ ceiling fan _____ the _____ for air _____?

_____ you _____ ceiling _____ enough _____ cooling rooms that _____ can't rely _____ all the time?

Is _____ ceiling _____ to _____ in less ACC _____?

_____ of _____ fans affect _____ temperature?

Do _____ fans _____ down areas _____ on AC?

Will _____ need for AC?

Is _____ possible _____ use less air conditioning _____?

Is _____ possible for _____ fans to slash _____ on _____?

Do _____ think _____ good _____ at cooling _____ that we _____ need to _____ ACs all _____ time?

A question about ceiling _____.

_____ a difference in cooling down _____ rooms?

_____ about _____ fans to keep _____?

Is it true _____ a _____ makes _____ cooler?

_____ possible to _____ on AC with operational _____?

How about _____ Will _____ cooler?

Do _____ think ceiling fans are effective _____ that _____ as much _____?

_____ ceiling _____ effective _____ coolers?

_____ fans can be used _____.

Do _____ less _____ use with _____ help _____ fans?
 _____ ceiling _____ cool, allowing _____ to _____ less AC units?
 Ceiling _____ impact _____ temperature control _____ decreasing the _____ for _____.
 Is it true that _____ ceiling fan _____ help _____ down _____ AC?
 Has ceiling _____ been proven effective _____ maintaining _____?
 _____ ceiling _____ be _____ to reduce _____ need for _____?
 Is _____ possible that _____ make _____ cooler?
 _____ ceiling fans _____ reduce the amount _____ AC _____?
 _____ ceiling _____ help _____ reliance on _____?
 It _____ inclusion of ceiling _____ could help _____ cool.
 Is _____ a _____ fan _____ cooling _____?
 _____ of ceiling fans _____ the need for AC _____ in _____?
 _____ helpful in reducing _____ on _____ units?
 _____ a ceiling _____ cooling down a _____?
 Is it possible _____ dependence _____ air conditioning _____?
 _____ ceiling _____ be used _____ lower _____ and allow _____ of an AC _____?
 _____ fans _____ rooms _____ allowing us _____ less on AC units?
 Do _____ think _____ work?
 _____ fans _____ on AC units
 _____ it _____ fans _____ rooms will _____ dependence on _____ equipment?
 _____ reduce the _____ for _____ usage?
 _____ fans can help _____ so _____ don't use _____.
 _____ the ceiling _____ a _____?
 Ceiling _____ can _____ indoor temperature _____ need _____ air conditioning systems.
 Is ceiling _____ of cooling _____?
 _____ ceiling fan _____ less dependent on AC _____?
 Ceiling fan utilization can _____ comfort instead _____ on air _____.
 _____ to reduce the use _____ AC with _____?
 _____ it possible _____ of _____ could aid _____ keeping rooms _____.
 _____ to _____ the need for _____ conditioning _____ ceiling fans?
 _____ a ceiling fan save you _____ conditioning?
 _____ fan reduce reliance _____ AC _____?
 _____ fan help decrease _____ the A/C unit?
 _____ room _____ cut use _____ A/C _____?
