

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Technical support for mobile applications
Inquiry Sub-Category	Performance optimization
Description	Users may seek guidance on how to enhance the performance of mobile applications, such as reducing app crashes, minimizing lag or latency, or optimizing battery usage.
Data Size	11,621 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

___ it possible ___ amount of ___ by this app ___ affecting ___ functionality?
Would it be possible ___ decrease ___ in ___?
It's ___ that you ___ in this app.
Does it make ___ minimize memory ___ while ___ app's ___?
Is there ___ way to ___ the ___ minimize the ___?
Is ___ for the ___ to be reduced?
Reducing the ___ of ___ this ___ is _____.
___ it possible to lower ___ app's ___?
Is it possible ___ decreasing app ___?
___ it ___ to ___ consumption in this app?
___ possible to decrease ___ memory ___ by the app?
Is it ___ intact ___ reduce RAM usage?
___ it be possible ___ the ram ___ this app?
Can you ___ app ___ anything?
Is ___ possible ___ cut ___ the memory ___ the app without ___ functions?
___ possible to decrease memory ___ in our app ___?
___ we have a ___ to ___ the ___ of the ___?
___ it ___ possible to reduce ___ amount ___ in this ___?
Is it ___ memory ___ while maintaining ___ app's ___?
Can ___ reduce memory ___ function?
___ be possible to ___ of memory used by ___ app ___ keeping ___ functions intact?
___ you cut ___ on ___ memory ___ this app?
Is ___ possible to ___ back on ___ this ___?
___ would ___ possible ___ memory usage while ___ app's functions.
Is there a ___ to ___ reducing the ___ use?
Is ___ possible ___ cut the ___ memory without affecting ___ function?
Is it ___ to ___ usage ___ the features?
___ you ___ memory ___ breaking?

_____ there a _____ to _____ that bloated memory _____ my app _____?
 Could we decrease the _____ of memory _____?
 _____ possible _____ keep all _____ intact _____ the _____ of memory consumed by _____?
 Would it _____ possible for _____ to decrease _____ app?
 _____ it be _____ to cut down _____ use without _____ operations?
 Is _____ to _____ the memory _____ in _____ app without _____ operation?
 _____ it _____ usage without interfering with the _____ the app?
 Could it be possible _____ keep _____ the amount _____ usage?
 _____ wondering _____ there's a way to _____ app's memory _____ issues.
 _____ possible to maintain _____ and shrink _____?
 Do you think _____ possible _____ in our _____?
 _____ it _____ of memory in this app?
 Is _____ a _____ memory use in this _____?
 Is there _____ way _____ trim the memory _____?
 Is it possible _____ this _____ use less memory, _____?
 _____ possible to _____ the _____ memory for this _____ without _____ it?
 _____ it _____ the amount of _____ used _____ this application _____ keeping _____ intact?
 Can the _____ of memory _____ without _____ works?
 _____ it possible to decrease the _____ without _____ the _____ works?
 _____ possible _____ could decrease _____ use _____ memory in this _____?
 Can _____ change the _____ of _____ reducing _____ of RAM?
 Is there _____ cut _____ use _____ app without drawbacks?
 Can we cut _____ on _____?
 _____ to cut down on the _____ use?
 _____ could _____ the app's _____ needs.
 _____ it _____ reduce memory _____ our _____ affecting its operations?
 Is it _____ to _____ memory _____ without _____ software?
 _____ to _____ the _____ memory use?
 Is _____ memory minimized to not _____ function?
 _____ possible to _____ memory _____ without impacting _____ features?
 Can we decrease _____ of _____ in _____?
 _____ don't _____ you _____ shrink _____ memory in this _____.
 Could the _____ reduced to _____ affect the _____?
 _____ possible _____ the amount _____ in the app.
 Is it possible _____ memory _____ compromising _____ functions?
 _____ might be able _____ lower the _____ of _____ this _____.
 _____ cutting down _____ the _____ usage _____?
 _____ the amount of memory _____ without having _____ how it _____?
 _____ there a _____ we _____ shrink the memory _____ this _____ still _____ it?
 _____ the _____ in the app?
 _____ we _____ app to use less _____ but _____?
 _____ we be able to make _____ memory?
 Is _____ reduce the _____ footprint without _____ its _____?
 While _____ everything _____ a _____ to cut _____ amount of memory used?
 Is it possible _____ consumption of this _____ its current _____?
 _____ could _____ the _____ of memory used by _____.
 Is it possible _____ memory _____ in _____ without _____ impacting its _____?
 _____ any way _____ decrease _____ app's _____ memory _____ no repercussions?
 _____ its _____ is there _____ way _____ memory consumption?
 Can _____ lower _____ use?

____ happens ____ uses less memory ____ works ____ same?
 ____ might be ____ to reduce ____ this ____ without ____ compatibility.
 Is ____ to reduce ____ usage
 ____ it possible to ____ the ____ of ____ the ____ uses, while ____ intact?
 ____ possible that a ____ in ____ concentration could be ____ this ____.
 Is it ____ to reduce ____ memory usage ____?
 I ____ like ____ a ____ to reduce the ____ without causing any functional issues.
 ____ it ____ possible ____ this app's ____ intact while decreasing ____ of memory used?
 Is ____ possible ____ cut ____ much memory ____ used, ____ maintaining full function?
 Can ____ lower ____ app's memory consumption?
 ____ it possible to shrink this ____ without ____ way ____ works?
 ____ reduce ____ size ____ memory footprint of this ____?
 ____ it possible ____ the use ____ in ____ app without ____ operation?
 Can ____ reduce ____ requirement ____ this ____?
 Can we ____ the ram used ____ this ____?
 ____ it possible ____ memory ____ the app's operations?
 Is ____ possible ____ in this app ____ reduced?
 Is ____ cut ____ the ____ of the app ____ affecting usage?
 The amount of ____ used by ____ reduced ____ affecting the ____ works.
 Is ____ a ____ to ____ memory ____ required while keeping features ____?
 Is it possible to ____ this app.
 ____ may be able ____ the ____ memory used ____ app.
 ____ possible ____ reduce the amount of ____ used ____ this ____?
 Is it possible ____ make this app ____.
 Can the ____ of ____ be reduced ____ changing how ____?
 ____ possible ____ the app's memory ____ causing problems.
 ____ doable ____ reduce the amount ____ memory used ____ the ____?
 We ____ amount ____ in this app.
 Is ____ possible ____ of memory ____ by ____ application ____ order to keep features ____?
 ____ there a way ____ cut the ____ use ____ the ____?
 ____ a way to cut ____ memory needs of ____ app ____?
 Would it ____ used while keeping the functions the same?
 Could ____ be a ____ the ____ memory consumption without causing ____?
 Is ____ possible to trim ____ without ____ app ____?
 Couldn't a reduction ____ memory ____ be ____ APP?
 Do you think ____ can ____ in this app, ____ keeping ____?
 Is ____ to cut that bloated ____ usage on ____ app ____?
 Could a reduction in ____ be ____ this ____?
 Couldn't ____ reduce the amount of ____ by ____ app without ____?
 Is ____ to shrink the app's ____ without ____ works.
 ____ like to know if ____ way ____ app's memory ____ without causing ____ issues.
 Is ____ way to ____ consumption in this ____?
 May ____ a way ____ reduce ____ amount of ____ within ____?
 ____ we ____ memory ____ app features?
 ____ it make ____ the app's ____ usage?
 Is it ____ the ____ memory ____ by ____ while keeping features intact?
 You might ____ to ____ memory in ____ app, ____ keep it ____?
 ____ possible to reduce the amount of ____ by ____?
 Is ____ way ____ cut back on ____ bloated ____ on my ____?
 Is there ____ way to ____ down ____ memory ____ without affecting ____ the ____?

_____ are _____ to _____ the _____ drain _____ this app, _____ make _____ it does its _____?
 Is _____ to _____ all features intact _____ reducing _____ memory used by _____?
 _____ the _____ memory reduced without affecting _____ way _____ works?
 Is it _____ to _____ down _____ memory usage of _____ app without _____?
 _____ there a _____ to _____ the _____ while _____ memory consumption?
 _____ be possible to _____ amount of _____ this app while keeping its _____?
 Is it _____ to reduce _____ affecting functionality.
 _____ be _____ to keep _____ app's _____ while using less _____?
 _____ to know _____ app memory without breaking things.
 Could _____ memory used _____ minimized _____ affecting _____ function?
 _____ it _____ to minimize _____ use.
 Is _____ could _____ memory use _____ this app?
 _____ it possible to reduce _____ of _____ in _____ app _____ affecting _____ function?
 _____ do _____ shrink _____ app's memory _____ without _____ it?
 _____ be _____ to _____ consumption _____ this app to keep _____ function.
 Is it possible to cut _____ affecting its operations?
 With less _____ app work _____?
 Is _____ minimize _____ memory usage.
 We _____ able _____ shrink the _____ consumption _____ this _____ to keep the _____.
 Is _____ lower _____ footprint of this _____ making _____ less useful?
 _____ reduce _____ usage without _____ the app's _____?
 Can we _____ this _____ changing it?
 _____ a _____ reduce the memory _____ within this app?
 _____ possible to _____ used by this app without causing any _____?
 Can we possibly _____ the grim _____ app _____ affecting what _____?
 Is _____ possible _____ cut the memory usage _____?
 Could _____ in _____ computation _____ achieved _____ this app?
 Is it possible _____ the _____
 _____ it be _____ to cut _____ the app's _____?
 While retaining _____ the _____ of _____ application be minimized?
 _____ reduce the _____ the app.
 Is it possible _____ the app's _____ without _____ it _____?
 _____ could shrink the memory in _____ app.
 _____ to _____ the memory drain _____ make sure _____ does its _____?
 Is _____ cut _____ MEMORY USAGE _____ APP while RETAINING _____ functionatumbnetction effectiveness _____?
 Is _____ possible to _____ the _____ memory without _____ everything _____?
 Is it possible _____ lower _____ memory _____ on _____?
 _____ it be possible to _____ the _____ without _____ operations?
 _____ possible to reduce _____ memory _____ diminishing _____ usefulness?
 _____ it possible to _____ of memory _____ keep _____ intact?
 _____ there a _____ cut _____ bloated memory _____ on my application?
 Would it _____ feasible for us _____ cut _____ how _____ used _____?
 _____ way to lower _____ memory consumption.
 Would _____ possible _____ reduce the _____ of memory _____ all the functions _____?
 _____ we _____ the _____ of _____ used _____ this software?
 _____ the _____ of _____ by _____ app could _____ minimized.
 I'm not sure _____ you _____ the _____ in this _____.
 _____ it possible to eliminate _____ usage without _____?
 _____ we _____ to shrink _____ memory consumption _____ this app?
 _____ would like to know if _____ is _____ to _____ the _____ memory _____ causing _____.

Is _____ to scale back _____ the _____ used _____ app?

Is it _____ scale _____ the _____ used _____ this app.

_____ to _____ the memory _____ for this software?

_____ we cut _____ memory in _____?

Is it possible to _____ used without affecting _____ the app _____?

_____ it possible _____ allocated _____ for this _____ interfering with its _____?

Would _____ to _____ the app's function _____ reducing _____ memory _____?

_____ reduce _____ memory usage of this app _____ it?

_____ we shrink _____ app's memory _____ without _____ it?

_____ it possible to cut _____ the memory _____ use _____ app?

Is _____ possible to _____ the _____ intact while _____ use?

With _____ impact _____ use, could _____ the _____ needs _____ app?

_____ doable to _____ amount of memory in _____?

Should I _____ if _____ a way _____ the _____ without causing functional _____?

Can we downsize _____ app's _____ changing how _____?

_____ possible _____ features intact while reducing the _____ usage in _____?

_____ we reduce the _____ software?

Is _____ possible that the _____ memory, but _____ work?

Is there a _____ of memory in _____ app?

_____ it _____ to _____ memory _____ retain performance?

_____ use less memory, but _____ work the _____?

The _____ can _____ the memory _____ but still _____ it _____ job.

Can _____ decrease _____ of _____ used _____ this app without affecting _____?

_____ it possible to _____ the _____ usage _____ how the app _____?

_____ to minimize the app's memory _____?

_____ to minimize memory usage while maintaining the _____ of _____?

Can _____ the memory _____ messing with _____ works?

Can we decrease the _____ in the _____?

_____ think that it _____ to decrease memory usage _____?

Is there a way _____ the _____ usage _____ messing _____ works?

Couldn't _____ decrease the _____ memory _____ by the app _____ it _____?

It _____ possible to _____ Memory utilization in this interface _____.

Is _____ use less _____ and _____ work properly?

Can _____ the _____ of memory within this app?

Is _____ possible to _____ the _____ of _____?

_____ memory footprint _____ this app?

_____ it possible _____ the _____ usage without _____ the _____ functions?

Do you _____ we _____ usage in _____ app?

Do you think we could easily _____?

_____ possible to cut _____ app's _____ consumption without _____ operations.

_____ it possible that we _____ memory _____ app?

Is it possible _____ of _____ in our _____.

_____ we _____ app to use _____?

_____ it _____ cut down memory use and _____ the _____?

Is _____ a _____ memory that is hogging this app?

_____ it _____ the _____ use less _____.

Is _____ possible to _____ the _____ the app _____ affecting its _____?

You _____ to lower _____ drain _____ this _____ but _____ it does _____ job?

Can _____ find a way _____ decrease the _____ consumption _____?

Is _____ lower the allocated _____ of _____ app without _____ its _____?

_____ of _____ used _____ reduced without _____ an affect on how _____?

Am I able _____ memory _____ app?

_____ to shrink _____ while _____ performance?

Can _____ decrease the amount _____ this application?

Is _____ to _____ less memory in _____?

Can it _____ done to _____ app's _____?

_____ it possible _____ make the app _____ less _____?

Can _____ amount of memory _____ be reduced without _____ an _____ app _____?

_____ the _____ memory usage _____ without _____ its functions?

Is there _____ way to slim _____ the grim mem _____?

_____ memory _____ by the app _____ be reduced without _____ it _____.

Is it possible to _____ without _____ with _____ app?

Is it _____ to _____ the memory _____ this _____?

Is there _____ we can _____ the _____ consumption of _____ and _____ function?

Would it _____ possible to shrink _____ memory _____ and keep it's _____?

Can we reduce _____?

Is there _____ memory in _____ app.

Can you _____ breaking it?

_____ lowering _____ app's memory _____?

Is there a way to _____.

You can lower the memory _____ in _____ make sure _____ job?

Is it _____ lower the _____ memory _____ this app, _____ keeping all _____ intact?

_____ app _____ be possible.

_____ a way to cut the _____ use _____ app without _____?

_____ possible _____ cut _____ on _____ amount _____ used for this app?

Would it _____ to cut the _____ without affecting _____?

Is a _____ memory consumption _____?

_____ be _____ scale _____ on _____ of RAM used _____ this app?

_____ it possible _____ could reduce the memory _____ in _____?

Would _____ be possible to _____ the amount _____ by _____?

_____ needs _____ reduce _____ still function?

Would _____ to minimize _____ usage?

_____ reduce the _____ memory _____ this app uses, _____ maintaining its functions?

_____ it _____ to reduce _____ memory _____ in _____ while maintaining features?

_____ have any _____ the app's _____ memory utilization?

Is it possible to _____ of memory _____ by this app _____?

Cut _____ on _____ storage space _____ app requires _____ affecting _____ it can _____.

_____ a chance _____ you _____ shrink the memory _____ the _____?

_____ possible _____ minimize _____ memory used but not _____ the function?

Can you _____ app _____ what's normal?

_____ the _____ used by this _____ be reduced without _____ its _____?

Can _____ decrease the _____ memory _____ the app?

Do you _____ we are able _____ memory _____ app?

_____ lower the _____ usage?

Is it possible to cut _____ this _____ any impact _____?

_____ there _____ way to cut down on _____ of memory _____?

Is _____ to reduce _____ usage _____ app without impacting _____?

Is _____ possible to lower the _____ of _____ app without _____?

Shrinking _____ doable while maintaining _____.

_____ it _____ reduce the _____ of memory used _____ affect _____ function?

_____ this app's _____ of _____ be reduced without affecting _____?

Is it _____ the _____ memory use without disrupting _____?

Is _____ app able _____ use _____

It's _____ can _____ memory in this _____.

How can _____ the _____ intact _____ amount of memory _____?

_____ there a way _____ cut down _____ the _____ this _____ takes?

Is it possible to _____ app _____ breaking _____?

Can _____ reduce the _____ of _____ in _____?

_____ I ask _____ there _____ a way to reduce _____ app's _____ without _____?

_____ lower _____ memory footprint _____ app?

Is _____ memory _____ of this _____?

_____ it possible to shrink _____ usage _____ the _____?

_____ it _____ to _____ the amount of _____ used in the _____?

_____ have any solutions for decreasing the _____?

Wondering _____ can scale _____ used by this app.

Is _____ cut the _____ use _____ app without _____ any drawbacks?

_____ possible to _____ back the amount _____ by this _____.

Do you _____ solutions for decreasing _____ usage?

_____ app able to work _____ despite _____ memory?

Let's _____ we can _____ memory _____ of this app and _____.

Is it _____ decrease the _____ RAM used by _____?

Can _____ of the app?

Is _____ to lower the amount of _____ that this _____ to keep _____ functions _____?

I'm not sure _____ you can shrink _____ memory _____ this _____.

_____ of memory _____ be minimized _____ not _____ its function?

Is _____ reduce _____ usage without affecting the operations _____?

_____ usage _____ application be reduced?

Is _____ possible to cut down _____ this _____ without affecting _____?

Do _____ have solutions _____ memory _____ with no repercussions?

Do _____ any ideas _____ decreasing the _____ overall _____ with no _____?

Is it _____ the app _____ maintaining performance.

_____ it _____ to reduce _____ in our _____ impacting on its _____?

Can _____ make this _____ use less _____?

_____ decrease the memory _____ the _____?

_____ have any _____ decreasing the app's overall memory _____ with _____?

The _____ be minimized in memory consumption.

_____ downsize the _____ requirement _____ software?

_____ current function, could _____ memory _____ this application be _____?

Can it be possible _____ lower memory _____ its capabilities?

_____ app memory _____?

_____ be a decrease _____ memory _____ for this _____.

_____ possible _____ minimize memory _____ in this _____?

_____ less memory and _____ the same things?

_____ it _____ memory usage without affecting services?

I'm _____ way _____ reduce the _____ memory consumption without _____ functional issues.

We _____ to decrease memory _____ in _____ app.

_____ to lower the memory _____ by _____ app?

_____ the _____ memory but work the same?

_____ it be possible _____ cut _____ needs of _____ without _____ use?

_____ the _____ in this app but _____ sure _____ does what it's _____ do?

Is ____ possible to ____ memory ____
 ____ think ____ is ____ cut down on the ____ usage ____ this ____?
 ____ it ____ to cut ____ the memory ____ of ____ without affecting its ____?
 Is ____ a way ____ usage ____ this app?
 Is ____ to ____ down ____ of this app while keeping everything ____?
 ____ it ____ usage ____ this app can ____ decreased?
 ____ possibly cut down ____ the ____ of ____ app.
 Is there ____ keep ____ cutting down ____ the app's memory?
 Is ____ possible to reduce ____ compromising ____ app's features?
 Is ____ amount of RAM used in the ____?
 Is ____ reduce ____ memory ____ maintaining performance?
 Will it ____ possible to ____ memory ____ without impacting ____ operation?
 Is there ____ way to ____ use as ____ memory ____ in ____?
 Would it ____ possible ____ reduce the ____ software?
 Are ____ ways ____ decrease the app's ____ usage ____ consequences?
 Is it possible ____ the app's memory ____?
 ____ is a ____ shrink the memory ____ in ____ app.
 Is it possible to ____ down ____ the ____ of ____.
 ____ there ____ keep everything ____ while ____ down on the ____ usage?
 Is ____ possible to cut ____ the ____ usage ____ the ____ functioning?
 ____ there ____ chance that ____ shrink the ____ in the ____?
 Are ____ able ____ lower ____ memory drain ____ it works?
 Is it possible to ____ app ____ changing ____ operation?
 ____ its current ____ be reduced in memory usage?
 ____ keeping all ____ functions intact, would it ____ possible ____ reduce the ____ of ____ uses?
 ____ it ____ to cut ____ and keep ____ intact?
 May we reduce ____ space ____ requires without ____ what it can ____?
 ____ be possible to ____ down on ____ app's ____?
 Can ____ the use of memory ____ app?
 How ____ we ____ how ____ memory ____ needs?
 Is it ____ to reduce the amount ____ memory ____ app ____ affecting ____?
 Is there ____ shrink the ____ consumption ____ the app ____ keep ____ function the ____?
 Can we ____ memory usage on the ____ with ____ works?
 ____ slim down ____ consumption ____ the app ____ affecting ____ it do?
 Is ____ possible ____ amount ____ that the app uses ____ its functions ____?
 Is ____ to ____ memory usage ____ the app?
 Is it ____ reduce the ____ memory consumption without ____?
 ____ possible ____ memory USAGE for this ____ RETAINING full ____ effectiveness supportality?
 ____ we slash ____ without ____ up?
 ____ the memory use ____ this ____?
 ____ should reduce ____ still ____?
 Can we possibly reduce the ____ mem ____ of ____ app ____?
 Is ____ possible to ____ memory usage without ____?
 Is ____ possible to cut ____ on ____ for this ____?
 Can ____ reduce ____ memory footprint ____?
 ____ limit ____ memory without ____ it?
 Is ____ to reduce ____ without any ____ the app?
 ____ think we ____ the ____ of ____ in our app?
 There is ____ chance ____ we ____ reduce ____ memory consumption ____.
 ____ it ____ app ____ usage without changing its ____?

_____ you _____ shrink _____ memory in this app while keeping _____ intact.
 _____ it _____ the amount _____ by _____ while keeping all features intact?
 _____ a _____ down on the amount of _____ on _____ app?
 Is _____ possible to minimize _____ memory _____ this _____?
 Is it _____ to _____ memory _____ affecting _____ app's _____?
 App needs _____ still _____?
 _____ be _____ cut _____ on how _____ memory is _____ consumed?
 _____ it be possible _____ usage while _____ the _____ functional?
 _____ the app's memory _____ without changing _____ it _____?
 _____ it be _____ to lower _____ memory _____ without affecting _____?
 Is _____ possible _____ reduce the app's _____ usage _____ it _____?
 Should _____ be _____ way _____ app's memory _____ causing functional issues?
 _____ it _____ the amount _____ memory _____ by this _____ without having any _____?
 Is there _____ way _____ reduce _____ of app _____?
 Is _____ possible _____ minimize the memory _____ app?
 _____ way _____ app memory use without making a _____?
 _____ be _____ to scale _____ on _____ ram used by _____?
 Can we _____ the _____ memory _____ causing _____?
 Can _____ the memory footprint _____?
 _____ be _____ consumption of this app _____ keep its _____ as it is?
 _____ be possible _____ reduce _____ used and _____ all of the functions _____?
 Is it _____ cut _____ on _____ app's _____ usage _____ impacting _____?
 _____ be _____ to _____ amount _____ used in this app.
 Is _____ amount _____ order to not affect the _____?
 Is _____ reduced without impacting how it _____?
 Would _____ possible to _____ the app's _____.
 _____ it doable to decrease _____?
 _____ it possible to _____ using this app?
 Is it possible _____ lower _____ memory _____ of _____
 Is _____ a way _____ the app _____ cutting down on _____?
 _____ a _____ reduce _____ app's memory _____ without _____ any problems?
 _____ possible the _____ can use _____ memory but still _____?
 It _____ be possible _____ reduce _____ RAM _____ in this _____.
 Is _____ the app _____ memory _____ work the same way?
 _____ it possible to reduce memory _____ app without _____?
 _____ possible _____ memory bloat without ruining the _____?
 Is _____ to _____ on the _____ memory needs _____ disrupting _____?
 Is it _____ memory _____ still maintain performance?
 _____ possible to _____ memory _____ without impacting its operation.
 _____ know _____ we can _____ the _____ of this _____ keep its function.
 It might be _____ to _____ usage while _____ functions.
 There _____ that _____ in memory computation could be achieved _____.
 _____ memory _____ be _____ without effecting _____ the app works?
 Is _____ to trim _____ affecting _____ app's features?
 Is there a _____ to _____ use while _____ the _____ of _____?
 Can we find a _____ consumption without affecting the _____?
 _____ be _____ to cut _____ app's memory _____ its operations?
 _____ there a chance we can _____ the _____ of _____?
 Is it possible _____ make _____ use less _____.
 _____ the memory drain in this _____ but _____ job?

_____ we _____ footprint of the _____?
 Is it _____ to reduce memory usage _____ of _____?
 _____ is a chance _____ can shrink _____ memory _____ app.
 Is it _____ allocated memory _____ the _____ without disrupting _____ operations?
 Can you tell me how _____ on the _____ this _____?
 Is _____ decrease memory usage _____ app?
 We might be able _____ of _____ this app.
 _____ there _____ way _____ the _____ footprint of _____ app.
 _____ we cut down _____ memory _____ without _____ app?
 _____ there a _____ to reduce _____ amount _____ memory _____ all _____ intact?
 _____ way _____ down on the amount _____ memory that _____ hogging this _____?
 Is there _____ way _____ reduce _____ use in _____.
 _____ have any ideas _____ memory _____ with no repercussions?
 _____ it possible to reduce _____ of _____ app without affecting _____ capabilities?
 Do you _____ any _____ decreasing the app's memory _____?
 _____ be _____ cut down _____ how _____ memory is being _____?
 _____ it _____ to reduce memory usage _____ app without _____ operation?
 _____ there _____ keep the _____ memory consumption low?
 _____ the _____ used _____ this app be reduced without affecting _____?
 _____ it possible _____ the _____ of memory utilized _____ this _____?
 Isn't _____ possible to _____ memory _____ everything?
 Is _____ possible _____ reduce _____ amount of memory _____ in _____ while _____ features?
 _____ to _____ the memory usage of _____ without compromising _____?
 _____ amount _____ memory used _____ app be minimized?
 Would _____ be possible _____ the _____ memory _____ affecting operations?
 _____ it possible _____ reduce the memory _____ without _____ its functioning?
 Is it possible to reduce _____ this _____ without _____?
 Is it _____ memory use _____ of the app?
 We may be able to _____ the _____ app.
 _____ it _____ the _____ use less memory but still _____?
 Is _____ to lower _____ requirement for this _____ without disrupting _____?
 _____ to reduce _____ consumption exist?
 _____ we shrink _____ memory consumption _____?
 Is _____ way to cut _____ usage without causing _____?
 Is _____ to _____ of memory used by _____ app _____ no negative _____?
 Will _____ possible to lower _____ utilization _____ this interface _____ capabilities?
 _____ it _____ to _____ the _____ footprint of _____ app?
 Is it possible _____ the memory _____ the _____.
 Do you _____ options _____ decreasing the _____ memory _____ repercussions?
 Is _____ the _____ for this _____ without affecting _____ operations?
 Do you _____ would be possible to _____ amount _____ memory _____ the _____?
 I _____ it is possible to lower _____ memory consumption.
 _____ possible _____ memory _____ affecting the app functions?
 _____ there _____ a _____ memory _____ for this app?
 _____ we be _____ amount of _____ within _____ app _____ affecting compatibility?
 Is it _____ the _____ usage _____ the _____ without compromising _____ function?
 Is _____ possible _____ minimize app _____ without affecting _____?
 _____ be possible to lower _____ memory usage _____ operations?
 _____ possible _____ reduce _____ amount of _____ in this _____ without affecting _____ works?
 Is it _____ to _____ usage _____ its usefulness?

____ it ____ possible to shrink ____ memory ____ the app ____ it's ____?
 Can you ____ memory ____ normal?
 Is it possible ____ the amount of ____ all features intact?
 Is ____ possible to decrease ____ used by ____ app with ____?
 ____ it ____ the amount ____ that this app ____ while keeping its ____ intact?
 ____ there ____ way ____ cut that ____ use on the ____ drawbacks?
 ____ way to reduce ____ memory this ____ takes?
 ____ we ____ rid of ____ in ____ app?
 ____ the memory consumption ____ this ____ we can ____ the ____ the same.
 ____ it possible to ____ the ____ memory used ____ without effects?
 Is it ____ reduce app ____ hurting ____ experience?
 ____ possible to ____ the amount ____ used ____ maintaining the ____ the app?
 Is there ____ keep the ____ while decreasing ____ of ____ used?
 Is it ____ on the app's ____ usage ____ impacting its ____?
 ____ know a ____ to ____ bloated ____ on my app without any ____?
 Is ____ the amount ____ without ____ how the app ____?
 Would ____ possible to keep the ____ the amount of ____ used?
 Is there ____ maintain ____ function ____ on memory consumption?
 Is there a way to ____ the ____ while ____?
 ____ of the application without decreasing the ____ of RAM ____?
 Is ____ possible ____ down the ____ mem consumption ____ this app ____ do?
 ____ we ____ the ____ of memory ____ in the ____?
 Is there a way ____ limit the ____ app.
 Can we lower ____ amount ____ RAM ____ application?
 Do we have ____ to ____ the ____ of ____ and keep its ____ the ____?
 You can ____ the ____ drain in ____ app, ____ sure ____ job?
 Is ____ to ____ the ____ memory ____ app ____ hurting it?
 ____ there a way ____ reduce ____ memory ____ without ____?
 ____ a ____ to reduce app ____ without causing ____ impacts?
 ____ it ____ to ____ the app's functions ____ decreasing ____?
 ____ possible ____ reduce memory ____ while ____ the app's ____?
 Would it ____ the app's memory ____ affecting ____ operations?
 ____ it ____ reduce memory usage in ____.
 Is it ____ to minimize ____ usage ____ the ____?
 Can ____ shrink the ____ app?
 Is ____ to shrink ____ memory ____ maintain ____?
 Could the ____ used by ____ app ____ reduced.
 Is it possible that we could ____ the ____ this ____?
 Reducing the ____ of ____ keep ____ functioning alright?
 Can ____ cut ____ app ____ usage?
 ____ it possible to shrink ____ breaking ____ is ____?
 The ____ of ____ by this app ____ be ____.
 Is ____ reduce the memory use in ____?
 Do you ____ the ____ application ____ be reduced?
 ____ it ____ to shrink ____ app's memory ____ without ____ works?
 Can ____ the memory ____ the ____?
 ____ of ____ by ____ app be reduced ____ changing how the app ____?
 Is there ____ chance ____ the ____ in ____ app ____ preserving it?
 Will ____ work ____ if it uses less ____?
 ____ for this APP ____ cut ____ memory ____ while ____ full function?

Can _____ memory and still _____?

_____ possible to _____ on _____ app's _____ of memory.

_____ possible to get rid _____ memory _____ its function?

_____ it possible _____ reduce app _____ usage without _____?

_____ it possible _____ without breaking.

_____ of memory in the _____ so _____ it still works?

_____ app _____ feasible?

I _____ if _____ the app's memory consumption without causing functional _____.

Is _____ possible _____ trim _____ memory _____ of _____ app.

_____ possible to _____ down on _____ memory hogging _____ this _____ everything working?

_____ it _____ to reduce memory _____ in _____ app?

Would _____ possible _____ scale _____ on the RAM _____ for _____?

Can anyone _____ way _____ shrink the _____ in _____ app while _____?

Is there _____ the amount of memory _____ app without _____?

Is there _____ we _____ shrink _____ memory usage _____ app?

_____ wondering if _____ can reduce _____ RAM _____ this app.

_____ app work the _____ with _____?

I want to _____ is a _____ decrease the _____ memory _____ functional issues.

Is there a _____ cut _____ the _____ use _____ the _____?

We _____ reduce _____ amount _____ memory used _____ app.

_____ amount of _____ used _____ minimized, but _____ affect the _____ of _____?

_____ it _____ we could reduce the _____ memory _____ the _____?

We _____ down on the memory _____ app.

_____ possible that _____ could _____ amount _____ used in this app?

Is _____ a _____ keep the app _____ while _____ on _____ memory?

_____ it possible to _____ memory _____ without impacting _____.

_____ it possible to _____ of the app but _____ memory?

Is _____ to _____ the _____ usage without compromising _____ function?

_____ we _____ the memory _____ app?

Would _____ possible to maintain the _____ while _____ memory _____?

Can _____ app's memory _____?

_____ the app _____ the same _____ memory?

_____ it be _____ to minimize _____ usage?

_____ lower the memory _____ of _____?

_____ keeping _____ its functions intact _____ to lower the _____ of _____ used?

_____ you think _____ feasible _____ down on how _____ memory is _____ here?

Can we _____ app's _____?

Can we reduce _____ amount of _____ application?

_____ it _____ reduce the amount _____ by _____ without disrupting how it _____?

_____ a way to reduce bloated memory _____ on _____?

May we _____ a way _____ the _____ the app.

_____ can I _____ the app _____ cutting down on _____?

_____ to cut _____ the memory _____ this app?

_____ it be _____ reduce _____ of memory used, while _____ the _____ same?

Can _____ reduce _____ memory _____ without changing _____?

Is cutting _____ possible for _____ APP _____ RETAINING _____ functionatumbro netction effectiveness _____?

_____ it _____ to _____ the _____ memory used by the _____?

_____ be any _____ for _____ the _____ memory utilization?

Is it possible _____ the _____ footprint _____ the _____ functions?

Can _____ decrease the _____ memory _____ by this _____?

Is it _____ we could decrease memory _____?

Is it _____ to lower _____ used by this application and _____?

_____ you _____ may be able to _____ memory _____ app?

Does _____ to _____ the amount of _____ by _____ app without _____ functions?

Is it possible _____ reduce _____ consumption without _____ issues?

Can _____ the _____ without _____ it?

_____ decrease _____ memory requirement?

_____ the _____ able to _____ memory but still _____?

_____ eliminate the _____ without messing it _____?

_____ the _____ consumption be _____?

Is there _____ chance you _____ can _____ the _____ app?

Is _____ possible _____ the _____ usage _____ this _____ without _____ its usefulness?

_____ shrink _____ app's memory _____ without changing _____ it _____?

Is _____ the _____ consumption _____?

Is it _____ shrink app _____ while still _____.

Is there a _____ decreasing memory _____ app?

Is _____ decrease the amount of RAM _____ the _____.

Is _____ possible to trim the _____ usage _____ this _____ without _____ the _____?

Is _____ down on _____ app's memory usage?

Can _____ the app's _____ usage?

Is it possible to _____ down on _____ memory usage _____?

_____ we make this _____ use _____ much _____?

Is _____ amount of memory used with _____ effect _____ the _____?

_____ there be a _____ to _____ app _____?

Do _____ think it _____ for _____ decrease _____ usage _____ the app?

Is _____ to reduce the _____ memory _____ this app.

I'm curious _____ a _____ reduce _____ app's _____ usage _____ causing functional _____.

Is there _____ to _____ amount _____ memory used by this _____ without _____ how _____?

Could _____ the _____ for _____ the software?

_____ possible to reduce memory usage in _____ without _____ its _____?

Is there _____ way _____ the _____ overall _____ utilization with _____?

_____ it _____ to _____ features intact _____ the _____ of memory consumed by _____?

Is it possible _____ the _____ memory usage _____ messing _____ the _____?

_____ you _____ for decreasing _____ app's memory usage with _____?

We might _____ able _____ shrink _____ consumption of _____ and still keep _____.

_____ possible to minimize _____ app's use _____ memory?

_____ we reduce _____ app's memory usage _____ its _____?

Is _____ possible to reduce _____ memory _____ by _____?

_____ usage be reduced without losing _____?

I asked _____ there was a way _____ app's _____ functional issues.

_____ is a _____ can shrink the memory _____ this _____.

_____ can shrink the memory _____ this _____ keep its _____ the same.

Is _____ possible to reduce the _____ memory _____ operations?

Can _____ make the app _____ without _____ with _____ usage?

_____ possible _____ cut the memory needs of _____ use?

Could _____ in _____ Concentration be achieved for _____?

_____ there _____ to _____ app running _____ down _____ the memory hogging?

Is there a way _____ this _____ usage without _____?

We _____ know if _____ can _____ consumption of _____ app _____ keep its _____.

_____ shrink _____ app's memory usage _____ affecting how it _____?

Can we make this _____ it works?

We _____ be _____ shrink _____ memory _____ of _____ to _____ its function _____ is.

We _____ be able to slim _____ consumption _____ app.

Is _____ to _____ consumption of an app?

Are _____ available for _____ app's _____ memory utilization with _____ repercussions?

_____ the _____ of _____ minimized, _____ not the function?

Is it _____ cut _____ on _____ memory _____ affecting usage?

Is it possible _____ the _____ of _____ app?

Can _____ memory _____ by this _____ cut _____ how it works?

_____ the amount of _____ used _____ be _____ without affecting its _____?

_____ reduce _____ of this app's _____?

_____ ask _____ way to reduce the _____ consumption _____ causing _____ issues.

Is it possible _____ trim the _____ this _____ without _____ way _____ works?

_____ are _____ if we can _____ on _____ used _____ this app.

_____ it _____ to _____ usage of this _____ without _____ the functionality?

_____ possible to lower _____ in this _____ but make sure _____.

Maybe it's possible _____ app's _____.

_____ a _____ to cut down on _____ memory _____.

_____ the _____ memory _____ without _____ the way this app works?

_____ there any way _____ reduce _____ overall _____ utilization _____ no _____?

_____ believe that it's possible to decrease _____ usage _____?

Can _____ of memory on this _____?

_____ way to _____ on memory _____ while _____ everything working?

_____ it possible _____ the app _____ by cutting _____ on _____.

_____ there a _____ cut _____ bloated memory _____ my app?

_____ might _____ able to find _____ way _____ decrease _____ this app.

Can _____ the app's memory _____ compromising its _____?

Is _____ to reduce memory _____ without _____ the app?

_____ it possible _____ reduce the memory usage of _____?

Is there a _____ you could _____ memory hogging _____?

_____ possible _____ we _____ slim down the grim mem consumption _____?

It's possible _____ reduce the _____ of _____ used _____.

Is it _____ lower the allocated memory _____ disrupting it's _____?

Is _____ a _____ the function _____ decreasing the memory _____?

_____ lower the _____ memory use?

_____ to _____ of memory consumed _____ this app without _____ it?

_____ to reduce _____ memory _____ by the app without _____ it?

_____ you _____ if it _____ possible to _____ amount of _____ consumed by _____?

_____ way _____ keep the _____ keep _____ memory consumption low?

Is _____ to lower the amount _____ while _____ features?

_____ a way to _____ function while _____ memory usage?

Is _____ for the app _____ memory?

_____ use less _____ but work?

_____ we reduce _____ use _____ app?

_____ shrink the app's _____ changing _____ it works?

_____ it _____ the _____ consumed by this app _____ its functions?

While keeping _____ would it _____ possible _____ lower the _____ of memory _____?

_____ you think _____ decrease _____ of _____ in our app?

_____ it doable to _____ app _____ performance?

Is _____ possible to keep features _____ amount _____ RAM?

Is _____ to _____ the amount _____ memory _____ by _____ while _____ features intact?

Do you think it's _____ memory _____ the _____?

Is _____ to make this _____ less _____ but _____ great?

_____ wonder _____ we could _____ memory requirement _____ this _____.

Are _____ to lower _____ memory _____ in this _____ but still _____ sure it _____ _____?

_____ cut down on app's _____ but _____ working?

Can _____ amount _____ this _____ be reduced without _____ how _____ app works?

_____ to _____ app's memory utilization?

_____ be _____ trim memory _____ impacting the app?

_____ it doable _____ downsize _____ memory _____ maintaining _____?

We could _____ the amount _____ used without _____ how _____ _____.

Is _____ a _____ you _____ the _____ memory _____ keeping _____ intact?

Is there a _____ down _____ the amount _____ this app _____?

_____ may be _____ to reduce _____ memory _____ of _____.

_____ can _____ memory needed while keeping all features _____?

_____ to _____ app memory _____ affecting its function?

I want to know _____ is a _____ to _____ usage.

_____ it _____ this app's memory _____.

_____ that you can lower the memory _____ this _____ but _____ sure it does _____?

_____ know if _____ the _____ consumption of this _____ and keep its _____.

_____ you _____ be able _____ decrease memory usage in _____?

Can memory _____ LosingFunctionality

_____ it _____ to reduce the _____ the operation of the _____?

_____ footprint of this _____ be _____?

Do _____ could _____ memory use in the _____?

_____ if there was _____ way _____ app's _____ consumption without _____ functional issues.

Is _____ shrink the memory _____ this app.

_____ it possible to _____ without _____ performance?

Keeping _____ intact would _____ feasible, _____ would _____ use _____ memory?

Will _____ a way to _____ within this _____?

Is it _____ to lower _____ memory _____ app _____ interference?

Is it possible _____ cut _____ app's _____ impacting its _____?

_____ to decrease _____ allocated memory _____ disrupting _____ of the app?

_____ may _____ able to shrink _____ consumption _____ app and _____ its _____ the _____.

_____ it possible to slim _____ the _____ mem _____ without impacting _____ it _____.

_____ there _____ to minimize _____ consumption _____ the function?

_____ we _____ on _____ memory _____ ruining the app?

_____ it possible _____ reduce _____ mem consumption of _____ minus impacting what _____?

_____ it _____ to _____ memory _____ this app without _____ it?

_____ make sense to trim down _____ usage on _____?

There is a chance that _____ memory _____ the _____.

_____ it _____ to _____ amount _____ memory _____ by _____ app without consequences?

_____ we _____ the memory used by _____?

Could _____ of _____ be reduced _____ not the _____?

Do we have the ability _____ amount _____ used _____ this _____?

Would it _____ possible _____ scale back _____ of ram used _____?

Is _____ reduce _____ memory for this _____ without any _____?

How do _____ trim _____ memory usage on _____?

Do you want to _____ breaking _____?

_____ there _____ maintain _____ function while cutting _____ on _____ use?

Is _____ decrease the amount _____ memory consumed by _____.

_____ it possible to _____ down _____ memory _____ keeping _____ working?

Is there _____ keep features intact while decreasing _____?

_____ app _____ less memory _____ work _____ same?

Is there a _____ to not _____ up _____ much _____?

_____ for _____ memory _____ of this application to be _____.

Can the _____ by _____ be reduced _____ on how it works?

_____ to reduce the memory consumption _____ this application _____ keeping _____?

_____ possible _____ minimize the _____ memory usage.

_____ possible _____ the memory bloat on _____ app?

_____ it _____ possible to _____ the app's _____ using _____ memory?

It is _____ reduction _____ memory _____ be achieved _____ this _____.

_____ it possible to reduce _____ usage _____ the _____?

_____ there _____ to reduce _____ keeping _____ function of this app?

Is it possible _____ of the _____ without affecting _____ use?

Is it _____ the _____ memory _____?

Would _____ to reduce _____ of memory _____ the app, while _____ its functions _____?

Can _____ reduce _____ app's _____?

_____ this app's memory _____ without affecting how _____?

_____ there _____ way _____ reduce the _____ mem demands of _____?

Is it possible to _____ memory consumption _____?

Can _____ reduce _____ amount _____ memory used in _____?

Can _____ memory used _____ the app be reduced _____ how it _____?

We _____ usage _____ affecting the _____.

_____ to _____ the _____ memory consumption?

_____ is possible that a _____ memory can _____ for _____.

You can _____ still make _____ does its job?

We _____ know _____ we can _____ memory _____ of the _____ to _____ function.

_____ be _____ to _____ down on the app's _____.

_____ be done _____ reduce memory use _____ this _____?

Can memory usage _____ lessened _____?

_____ possible _____ reduce memory _____ while _____ app's functions?

Is it feasible _____ trim _____ usage _____ this _____?

_____ it _____ that an _____ can use less _____ still work _____?

Is it _____ to _____ memory _____ by the _____ without _____ its _____?

Is _____ possible _____ less _____ maintaining the app's _____?

_____ the memory footprint of _____ app _____ sacrificing its _____?

Can we shrink _____ memory _____ this _____ keep the function _____?

It is _____ reduce _____ of _____ usage in the _____.

_____ possible to cut down on _____ memory usage of this _____?

_____ we _____ the _____ of memory _____ in _____ app?

_____ it _____ to cut _____ memory used by _____?

Can _____ amount _____ memory _____ minimized, _____ affect its function?

Will _____ be possible _____ app _____ while _____ performance?

_____ possible _____ reduce _____ of memory in our app _____ affecting _____?

Do you _____ would be _____ cut down on _____ is _____ used?

Is there a _____ to _____ on the memory _____ causes?

_____ there a way _____ maintain function _____ usage?

How do _____ down _____ memory _____ on this _____?

_____ possible to shrink the _____ this app _____ it _____.

___ it ___ cut ___ the ___ usage of ___ without affecting the functions?

___ lowering the allocated memory ___ this ___ without ___ its ___?

___ we ___ to ___ back on the ___ used ___ app?

___ we ___ the ___ memory ___ low?

Can ___ reduce the memory ___?

Is ___ way ___ the app intact ___ cutting memory ___?

Can ___ the app's ___ usage without ___?

___ reduce ___ amount of memory ___ app without changing ___ works?

Could ___ be ___ lower ___ utilization in this ___ without ___ its ___?

___ we reduce ___ app's ___ use without ___ up?

Can it ___ the app's ___ consumption?

We ___ trim ___ memory ___ the ___.

Can ___ of memory ___ be ___ without ___ the app works?

Is ___ possible ___ memory usage?

___ the ___ of ___ affecting how the application works?

___ it ___ to ___ the ___ less ___ but still work ___?

Is it ___ the app's ___?

___ storage ___ app ___ be cut back without impacting ___ it ___ do.

___ possible ___ reduce ___ app ___ usage.

Can the ___ of memory in ___ be reduced ___ affecting ___?

Can ___ the ___ use ___ memory, ___ still work?

Do ___ have any ways to decrease ___?

Is it ___ to ___ the app's ___ decreasing memory ___?

___ it possible to ___ the ___ intact ___ use?

Can ___ back the memory usage ___?

Do you think ___ can ___ memory drain ___ this ___ sure ___ works?

Is ___ possible ___ lower ___ for this ___ without ___ operations?

___ was ___ if there's a ___ reduce the ___ memory ___ causing functional ___.

___ possible to reduce ___ usage of ___ app without impacting ___?

___ performance ___ possible to shrink ___ memory?

Can you shrink ___ normal?

___ you ___ ideas for ___ the ___ memory usage ___ no ___?

Can ___ reduce ___ app's ___ usage without messing ___ it ___?

Is there ___ memory usage?

___ possible to ___ memory ___ without losing ___?

Do ___ a way ___ cut that ___ memory ___ my app ___ any ___?

Do ___ a ___ to cut that bloated memory use ___?

___ we ___ down on ___ of memory ___ this ___?

Would it be possible ___ of memory ___ app.

___ you think we ___ reduce ___ memory ___ in ___?

Has it been ___ reduce ___ consumption in ___?

While keeping ___ is it possible ___ lower the amount ___ consumed ___?

___ it ___ trim ___ the ___ usage on this app ___ it?

Can ___ of the memory bloat ___ the ___?

___ we not ___ issues ___ cutting ___ by ___ app?

Is ___ make this app ___ memory ___ work correctly?

Is ___ possible ___ reduce the use of ___ this ___?

Is it ___ to keep ___ features ___ but ___ memory?

___ we reduce ___ memory ___ without ___ function?

___ it ___ reduce ___ memory usage without affecting ___?

_____ we _____ less _____ for this _____?

Is _____ the memory of this app _____ keeping it working?

Is _____ possible _____ reduce the _____ requirement for this software _____?
