

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Compatibility with other devices inquiries
Inquiry Sub-Category	NFC Compatibility
Description	Customers inquire about whether their smartphone has Near Field Communication (NFC) capabilities, which allow for contactless communication with other NFC-enabled devices or services.
Data Size	5,101 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

Does _____ support _____ for easy _____ with _____ devices?

Do _____ Field Communications _____ me to _____ my phone _____ a _____ device?

_____ is a _____ whether _____ Near-field _____ (NFC) technology on _____ will facilitate _____.

Can _____ phone _____ touch-free _____?

Is _____ possible _____ use a _____ phone _____ a _____ communications _____ in _____ way?

Could _____ Field Communication _____ useful _____ phone?

_____ my phone be _____ communication?

_____ to _____ or _____ my phone _____ access _____ for easy communication.

I'm _____ touch-free _____ via _____ function on our phones.

Does _____ (NFC) on my _____ it on my _____ device?

_____ it possible to _____ via _____?

I _____ I _____ to _____ devices with my phone's _____ capabilities.

Can my _____ make _____ with _____ one device?

Is touch-free _____ supported _____ function _____ phones?

_____ your _____ with aNFC _____ to use _____ your other _____?

_____ mobile phone qualify _____ quick _____ using Near Field _____?

_____ compatible _____ aNFC technology that makes _____ interaction pleasurable _____?

_____ my _____ phone _____ for _____ touch-free _____ using Near Field _____?

Does _____ the capacity _____ get quick touch-free _____?

_____ if _____ use my _____ communication (NFC) _____ connect _____ other compatible devices.

_____ mobile phone offer _____ of _____ quick _____ connections?

I _____ mobile _____ eligible _____ quick touch-free connections.

_____ it _____ up _____ free _____ this phone and _____ ones, thanks to its _____ characteristics?

Is _____ Field _____ capabilities able _____ facilitate Contactless communication?

Is _____ phone _____ the fancy _____ other gadgets or not?

Does _____ mobile _____ for _____ touch-free communication _____ Field _____ (NFC) _____?

_____ phone have the capacity _____ with _____ a touch-free network?

_____ mobile be used _____ touch-free _____?

Is it ____ for ____ to ____ Near-field ____ my mobile ____?

____ to use ____ mobile phone ____ Near Field ____ device interaction, ____ hassle free fashion?

It is ____ smartphone for hassle-free ____

Is ____ phone able ____ do the ____ no-contact ____ with ____ other gadgets, ____?

____ possible to establish a ____ connection ____ this ____ and similar ____ by using ____ Field ____ characteristics?

____ it possible to ____ up a touch ____ and ____ ones ____ embeddedNFC features?

Is ____ possible to set a touch free ____ between this ____ using ____?

Does the phone ____ Near ____ a ____ to have no-fuss ____?

____ it ____ to setup a ____ connection ____ this phone and ____ features?

Can ____ Field ____ be used with ____?

Is my ____ compatible ____ Field ____ easy communication?

I would like ____ feature ____ phone to speak ____ other ____

____ I ____ other compatible devices with ____ phone's NFC ____.

____ phone haveNFC ____ allow hassle- free communication ____?

Near ____ (NFC) on my ____ be ____ to securely connect ____ other ____.

Do ____ phone's ____ Communications ____ allow me ____ use ____ phone ____ a mobile ____ to communicate?

____ it possible ____ setup ____ touch free connection ____ phone ____ ones ____ its embeddedNFC ____.

Does Near-field Communication ____ support ____ my phone ____ can do ____ my ____?

____ my phone has a ____ allows ____ communicate ____ devices ____ no wires?

Is ____ mobile ____ for ____ communication using ____ Communication (NFC) technology?

____ be possible ____ me ____ Field ____ on my ____ without being in physical ____?

____ possible ____ my ____ phone for touch-free connected ____

Can ____ communicate with other gadgets ____ Communication ____?

Is ____ phone able to ____?

Is ____ mobile allowed ____ touch-free ____?

____ I use ____ Field ____ (NFC) ____ my ____ to ____ compatible devices?

Does my ____ phone ____ the ____ touch-free access?

____ to know if ____ device ____ capable of ____ touch-free connection.

Is ____ phone capable of doing ____ fancy ____ talkin' ____ the ____ not?

Do ____ allow me to ____ phone ____ a ____ device?

Is ____ phoneequipped ____ a ____ that ____ seamless interaction ____?

____ my phone ____ with ____ which ____ easy ____ interactions?

Does ____ allow ____ to use ____ viaNFC.

Does ____ have ____ for quick ____ communication?

Is ____ phone able ____ with other gadgets?

Can you ____ if ____ is ____ with aNFC ____?

Can ____ be used for ____?

Will ____ eligible for quick ____?

Does my mobile phone ____ the ____ touch-free ____?

There is ____ about ____ Communication (NFC) technology on my ____ facilitate ____.

____ my ____ the ability ____ quickly ____ touch-free devices?

Is your ____ compatible with ____ technology ____ using ____ your ____ device?

____ phone's ____ with NFC ____ a smooth, ____ connection.

Is ____ phoneequipped ____ a ____ that enables ____ wireless ____ device?

____ my phone ____ to make ____ with ____ gadgets?

____ have ____ Near-field Communication ____ technology on my phone will ____ easy.

____ accept ____ new ____ NFC, for connecting ____ other people's devices?

____ possible ____ Near ____ (NFC) can ____ used on ____ phone to ____ compatible ____.

Can Near Field Communication ____ be used ____ my mobile ____ to securely ____?

Is my phoneequipped ____ that allows ____ wireless ____ my device ____ other?

For hassle-free _____ is _____ to _____ smartphones.

_____ to establish a _____ connection between this _____ resources by using its embedded _____ Field _____?

Does _____ phone have a _____ that allows me to _____?

Does my mobile _____ requirements _____ touch-free communication using the _____ Field _____?

Is your _____ with aNFC _____ with other _____?

Can _____ make it easy to _____ this _____ and similar _____ by _____ its _____ NFC characteristics?

Does _____ have _____ to _____ quickly _____ a touch-free device?

_____ phones _____ with _____ free _____ throughNFC?

Does _____ phone have the _____ to _____?

_____ my _____ be capable of allowing _____ wireless _____ different _____?

Is _____ to _____ a touch free connection _____ and a similar _____ features?

_____ the _____ be _____ touch-free phone _____?

Can _____ phone _____ Near Field _____ for _____ fast, _____ communication _____ devices?

Near _____ could _____ used on my phone _____ compatible _____.

_____ my mobile device _____ communication _____ Near _____ Communication technology?

_____ qualify _____ using Near Field Communications (NFC)?

_____ it _____ to establish _____ touch-free connection _____ this _____ and _____ by utilizing _____ characteristics?

Is my mobile capable _____ option?

Does _____ mobile allow _____ Field Communications (NFC) technology?

Is there _____ way _____ use _____ phone to _____ touch-free _____?

Can _____ Communication _____ my _____ allow you _____ use it _____ device?

Does _____ mobile _____ for _____ communication _____ the Near _____ Communications _____ system?

_____ my mobile phone's _____ allow convenient Contactless _____.

I would _____ in my phone _____ to _____ other devices.

_____ establish _____ connection between thisSmartphone _____ similar resources by exploiting _____ characteristics?

Near _____ (NFC) could be _____ connect to _____ devices on _____.

Is your phone compatible with aNFC _____ with _____

Does my _____ have the ability to _____ through _____?

_____ my _____ able _____ use nFC _____?

_____ to useNFC on my phone for _____?

_____ able _____ connect _____ with a touch free _____?

Is _____ possible for me to _____ the Near Field _____ physical _____?

_____ qualifies for _____ touch-free _____ the _____ Field Communication (NFC) protocol?

_____ my phoneequipped with a _____ that _____ interaction _____ my device _____?

_____ phone's Near Field Communication _____ permit me _____ a contactless device?

_____ phone is _____ to supportNFC, _____ makes it _____ for _____ to use _____ on other _____.

Could _____ phone have _____ allows _____ wireless interaction between _____?

_____ to _____ touch free _____ between _____ phone and _____ ones by _____ of _____ embeddedNFC characteristics?

Is your phone compatible _____ interaction?

_____ phone _____ the ability _____ quickly _____ a touch-free option?

Is it _____ to establish _____ touch-free connection _____ smartphones _____ similar _____ its embedded _____ characteristics?

_____ phone _____ quick touch-free communication using the _____ Field Communications _____?

_____ my _____ Near Field _____ capabilities _____ me to use it _____ to communicate?

_____ my _____ new mobile _____ standard, NFC, _____ connect _____ to other _____

_____ it possible to use a mobile phone with _____ field _____ device _____ hassle free _____?

I would like _____ my _____ phone _____ talk to my other _____

_____ mobile be used _____ calls?

_____ possible _____ use _____ mobile phone _____ a Near _____ Communications technology _____ a _____ free _____?

_____ my _____ have _____ capability _____ quick _____ connections?

I am curious if _____ networking on _____ supported _____ function.
 Does _____ mobile _____ to connect _____ without _____ touch?
 Can the NFC _____ my phone allow _____ ?
 _____ have _____ ability to give me _____ connections?
 Does _____ phones allow _____ connect _____ touch-free _____ via NFC?
 _____ your _____ be _____ a NFC _____ for _____ device _____ in an _____ easy way?
 _____ it _____ a _____ connection between this smartphone _____ similar resources by using _____ ?
 _____ it possible to use _____ device interaction?
 Is _____ possible _____ establish a _____ connection _____ smartphone _____ resources _____ using _____ embedded NFC characteristics?
 I want to _____ my mobiles are able _____ .
 _____ phone capable of _____ Field Communication (NFC) for _____ ?
 _____ question _____ to _____ Communication (NFC) _____ on my phone _____ work.
 Can my phone _____ the _____ standard, NFC, _____ connect?
 _____ (NFC) be used on my phone to _____ compatible _____ can _____ same?
 Do my phone's near _____ capabilities _____ to _____ it _____ contactless _____ ?
 _____ want to know _____ can provide _____ connections.
 Does _____ have _____ feature _____ to converse _____ other devices _____ wires?
 I _____ like _____ know _____ mobile _____ capable of _____ a touch-free _____ .
 _____ it _____ to _____ smartphones _____ hassle-free _____ interaction?
 Is the NFC _____ on my _____ to other _____ ?
 _____ your phone compatible with _____ technology _____ easy _____ ?
 _____ is _____ that Near Field _____ (NFC) could be used _____ to _____ compatible devices.
 _____ mobile _____ the _____ quickly with a touch-free option?
 Is my phone equipped with _____ interaction between _____ device _____ something else?
 _____ my _____ phone's Near _____ Communication _____ enable _____ Contactless _____ ?
 Is _____ phone equipped _____ a technology _____ allows _____ between _____ device _____ one other?
 _____ our _____ have _____ to communicate _____ one _____ on a _____ network?
 I'm _____ my _____ to NFC for simple, near-simultaneous _____
 _____ my mobile _____ Field Communication _____ Contactless communication?
 Can _____ be _____ for _____ touch-free communication using _____ Field _____ (NFC) _____ ?
 Can my phone _____ no-contact _____ ?
 I would _____ if my _____ are _____ providing touch-free connection.
 I want _____ know if my phone has _____ Communication _____ .
 _____ my mobile phone's Near- _____ abilities let _____ quickly _____ ?
 I _____ my phone has access _____ easy communication.
 _____ my phone use Near Field Communication _____ for _____ other _____ ?
 _____ convenient for _____ use NFC on other _____ and _____ phone _____ it.
 _____ possible _____ use _____ mobile phone _____ communication in _____ hassle free manner?
 _____ mobile _____ for quick touch-free communication using _____ field _____ protocol?
 _____ it possible _____ use _____ mobile _____ with Near _____ Communication in _____ hassle- _____ ?
 _____ phone capable _____ having no-contact _____ other gadgets?
 _____ it _____ use NFC on my _____ to _____ ?
 Is it _____ to _____ mobile _____ with a _____ Communication _____ for _____ interaction in _____ hassle-free _____ ?
 I'm curious _____ whether _____ phone _____ access _____ for communication.
 Is _____ possible on my _____ phone?
 Is _____ phone _____ with NFC _____ with your other _____ ?
 I _____ to know if _____ are _____ providing _____ free connection.
 Does _____ fit _____ bill for _____ connections?
 _____ to know if my phone is _____ connection.
 I _____ to _____ my phone has _____ access _____ .

Is it _____ set _____ touch _____ connection _____ this phone and similar ones _____ embedded NFC _____?

_____ it _____ set up a _____ free connection between _____ similar _____ by _____ the embedded NFC characteristics?

_____ I use Near _____ Communication (NFC) _____ connect with _____ devices?

Can my _____ use Near _____ Communication _____ communication with _____?

Do my _____ phone's Near- _____ Communication _____ allow _____?

_____ Near _____ (NFC) be _____ on my _____?

Does our phones _____ Touch-Free _____?

Is _____ phone capable of _____ gadgets with a minimal _____ using _____?

_____ a _____ be _____ for quick _____ connections?

_____ mobile pass the _____ Communication _____ for _____ touch-free communication?

Do my mobile _____ connect _____ with a _____ system?

_____ use Near Field _____ or NFC, _____ order to _____ no-fuss connection _____?

Is your phone compatible _____ to use _____?

_____ with _____ technology that will make device interaction _____ and _____?

_____ curious _____ we _____ use _____ touch-free _____ function on _____ phones.

Is it _____ connect quickly _____ support?

_____ a feature that enables me to _____ other devices without _____?

Does _____ mobile _____ quickly with a touch-free option?

Can I _____ phone?

_____ possible to _____ smartphones for hassle _____ interaction.

Is my phone capable _____ (NFC) _____ contact?

Does the phone _____ Near _____ Communication, or NFC, _____ way _____ communication?

_____ my _____ meet _____ criteria _____ communication using Near Field Communication _____?

Is my _____ technology _____ allows seamless wireless _____ devices?

_____ your _____ used _____ a NFC _____ for easy _____ interaction?

Can my phone _____ quick _____?

Does _____ phone have the _____ receive _____?

Is it possible _____ setup a touch _____ connection _____ similar _____ by _____?

Is _____ phone _____ with _____ for _____ with another device?

_____ touch-free networking via NFC?

Near Field _____ could _____ on _____ phone _____ connect _____ devices

Does my phone _____ facilitate _____ hassle-free _____ between _____?

Does my _____ phone _____ the _____ of _____ touch-free _____?

_____ be _____ use Near Field Communication _____ my phone without _____ contact?

_____ my mobile _____ for _____ Near Field Communication (NFC)?

Are my phone equipped with a _____ that will _____ and another?

I am _____ as to whether _____ has NFC _____.

Is _____ touch-free _____ between this phone and similar ones by _____ embedded NFC _____?

Can _____ phone use Near _____ (NFC) _____ fast, reliable _____ devices?

_____ phone accept _____ standard, NFC, to connect _____ electronic devices?

_____ my mobile _____ Near _____ let _____ use Contactless communication?

Are _____ eligible for quick _____?

_____ my _____ accept the new _____ standard, _____ connect _____ someone else?

I'd _____ know _____ mobiles _____ mine can _____ touch-free _____.

Is it _____ use _____ enabled _____ for _____ interaction _____ hassle-free manner?

Does my _____ allow hassle free communication _____ my devices?

_____ is _____ about _____ Communication _____ technology on my phone _____ easy.

_____ possible to _____ phone with _____ Field Communication _____ a hassle-FREE _____?

_____ your _____ with _____ NFC technology _____ interacting _____ your other _____ device?

_____ my mobile _____ near field communication capabilities _____?

Does my _____ have _____ feature that _____ talk _____ other _____ without _____?
 _____ think _____ will _____ able to _____ on _____ phone?

Do I _____ a way _____ use _____ phone _____ things?
 _____ I use my _____ phone _____?

_____ offer _____ to facilitate easy, _____ communication _____ gadgets?

Does my _____ the _____ doNFC?
 _____ connect _____ other _____ using the new mobile device _____?

Does _____ phones have _____ NFC?
 _____ capable _____ the fancy _____ talkin' _____ the other gadgets?

Does my phone _____ a _____ lets _____ communicate _____ other _____ wires?
 _____ for _____ communicate _____ other phones _____ other devices if my phone _____ supportNFC.

Can theNFC _____ on my _____ give _____ to _____?

I'm _____ know _____ my phone _____ easy access _____.

It is _____ an NFC-enabled smartphone _____ hassle-free _____.

_____ want _____ know _____ mobiles like _____ touch-free connections.
 _____ would _____ to know _____ mobiles are _____ providing touch _____ connection.

Does _____ phone _____ hassle-free _____?

I wonder _____ Communication _____ can _____ on _____ phone _____ connect to _____ devices.

Is your phone _____ aNFC _____ so _____ it _____ ease?

"Do _____ mobile _____ Field _____ capabilities _____ convenient Contactless _____ "

Does my _____ that allows _____ to _____ with other devices with _____?

Can my _____ connect _____ to _____ with _____ mobile device _____?
 _____ phone capable of _____ communication _____ more _____ one _____?
 _____ with more than one device?

Can my _____ phone give _____ quick _____ through _____ Communication?

It's convenient _____ me to use _____ phone _____ phones and _____ if _____.

I _____ like to know _____ my _____ are able to _____.

I don't _____ if my _____ communication through _____.

Does _____ phone _____ the _____ connect _____ with a touch-free _____?

I am _____ if _____ mobile _____ eligible _____ touch-free _____.

Does _____ mobile _____ quick _____ communication _____ the _____ field Communication _____?

Is your phone compatible _____ technology for _____?

Is it _____ set _____ a _____ free connection _____ smartphone _____ ones _____ embeddedNFC features?
 _____ phoneequipped with _____ technology _____ allows seamless _____ between different _____?

Do _____ Field Communication abilities on _____ allow _____ convenient _____?

I _____ whether my _____ has access toNFC _____ communication.

Can my _____ allow _____ with more _____ device?
 _____ your _____ with _____ to _____ a smooth connection.

Do our _____ support basic _____?

Is it possible _____ free connection between _____ ones by using its embeddedNFC _____?
 _____ mobile _____ Near Field _____ capabilities allow _____ convenient contactless _____?

Are _____ phone _____ aNFC _____ interacting _____ your other _____ device?

I _____ know _____ is capable _____ providing a touch-free _____.

Is _____ phoneenabled with _____ that allows seamless wireless _____?
 _____ support basic touch-free networking _____?

Is it possible _____ me _____ touch-free connection between _____ phone and _____ by _____ its _____ NFC _____?

Is _____ with _____ seamless _____ interaction between _____ device and another?
 _____ to _____ a mobile _____ with _____ Near _____ Communication feature _____ hassle-free manner?
 _____ compatible _____ technology for interacting with your _____ gadgets?
 _____ your _____ compatible with _____ interacting with other phone's _____?

There is a question _____ whether it _____ possible to _____ a _____ this _____ ones.
 _____ it _____ to _____ the _____ Field _____ phone without having _____ physical contact?
 _____ compatible with _____ which _____ easy to _____ with my device?
 _____ my _____ NFC, which allows _____ device interactions?
 Does _____ phone _____ NFC to _____ communication?
 _____ Near Field Communication _____ on _____ phone _____?
 _____ I use Near _____ (NFC) _____ my _____?
 _____ my _____ able _____ do _____ fancy _____ talkin' _____ the other _____?
 Does _____ mobile _____ quick touch-free _____?
 _____ use Near _____ (NFC) _____ my phone?
 _____ do basic touch _____ networking _____?
 Can _____ phone accept the new _____ device _____ to _____ other _____?
 _____ use Near Field _____ (NFC) _____ my mobile _____ connect with _____ compatible _____?
 Does my _____ allow NFC _____ facilitate _____ hassle-free phone talks _____?
 I don't know _____ my _____ for simple, _____ communication.
 _____ my phone enabled with _____ technology that _____ seamless _____ interaction _____?
 Does _____ mobile have a _____ connecting _____ with _____ option?
 Is _____ phone _____ with _____ technology that _____ facilitate _____ interaction?
 Does my _____ have _____ to _____ touch-free _____?
 _____ use Near Field Communication _____ to communicate _____?
 Does _____ for _____ Communication _____ on my phone _____ you _____ on my _____?
 Does _____ mobile _____ the capacity _____ touch-free _____?
 Is _____ possible to _____ the Near _____ Communication on my _____ contact?
 _____ would _____ to know _____ mobile phone _____ touch-free connections.
 Does my phone qualify _____ using _____ Field _____ technology?
 Is it possible _____ set a touch _____ connection _____ phone and _____ ones _____ embedded NFC _____?
 _____ is supposed to support NFC, _____ for me _____ use it _____ other phones _____ other _____.
 _____ Near Field _____ (NFC) be _____ my _____ to _____ to compatible _____ and _____?
 Can _____ for quick touch-free _____?
 Is it _____ to use _____ Field Communication _____ without _____ physical contact?
 Is _____ with a _____ allows _____ wireless _____ the different devices?
 _____ my _____ do the fancy _____ talkin' _____ gadgets?
 _____ Field Communication on _____ phone be _____ requiring _____ contact?
 _____ my phone's Near _____ Communication capabilities _____ me _____ phone as a _____?
 _____ my _____ has NFC _____ simple, near-simultaneous communication
 _____ my _____ phone _____ quick _____ access _____ the _____ Communication?
 _____ Near Field _____ on my _____ without _____ physical contact?
 _____ Near _____ Communication (NFC) _____ my _____ phone to securely _____ others?
 _____ communication (NFC) be used on my phone to _____?
 _____ phones have the ability to _____ with each _____?
 Is my _____ quick _____ the Near Field Communications _____ technology?
 I wondered _____ I _____ compatible devices _____ Nearfield _____ (NFC) capabilities.
 _____ if I could _____ NFC capabilities to connect _____ devices.
 I _____ to know _____ phone is _____ quick touch-free _____.
 _____ Near Field _____ (NFC) _____ to connect to compatible devices.
 Do _____ phone's near field _____ (NFC) _____ me _____ a mobile _____ to communicate?
 Can _____ use _____ for _____ touch-free communication?
 _____ phone _____ with _____ technology for _____ interaction?
 _____ phones come with _____ via NFC?
 Is it _____ to setup a _____ free connection _____ this _____ other similar _____ features?

_____ Near _____ Communication (NFC) for fast, reliable _____ with _____ gadgets?

Can my _____ connect with another _____ device _____ NFC?

Does my phone have _____ do _____ fancyNFC _____?

_____ work with _____ touch _____ networking viaNFC?

Can my _____ with other _____ the new mobile _____?

_____ allow touch- _____ networking usingNFC?

Is it _____ to _____ with a Near _____ Communication _____ in _____ manner?

Can _____ Field Communication _____ form _____ a fast _____ way to communicate?

Is _____ mobile qualified _____ quick _____ communication using _____ Communications _____?

_____ me to use my _____ with other _____ if it _____.

Is _____ compatible with _____ viaNFC?

I _____ a _____ about _____ technology will facilitate _____ my phone.

_____ to _____ a touch-free connection between thisSmartphone _____ similar resources _____ Field Communication characteristics?

Does _____ phone _____ function _____ with gadgets via _____ Communication (NFC)?

Is _____ able to _____ for touch-free _____?

Does _____ mobile give me quick _____ communication _____ Field Communication _____?

_____ chance of _____ touch-free connections on my _____ phone?

_____ like _____ know if _____ phone _____ give a _____ connection.

_____ capable _____ connecting _____ with a _____ free option?

Do _____ phone's _____ Field Communication _____ me _____ use my _____ as _____ device?

_____ phone _____ to communicate _____ nFC?

_____ mobile device qualified _____ quick _____ using Near Field _____?

Can my mobile _____ with Near-field _____ seamless wireless contact _____ various _____?

Does _____ allow you to _____ NFC to _____ other _____?

_____ mobile _____ able _____ quick touch-free _____ through the Near-field _____?

_____ my mobile device _____ quick touch-free communication _____ Communications _____?

_____ I _____ ability _____ connect quickly with a touch-free option _____?

_____ wonder if I could _____ my phone's _____ connect _____ compatible devices.

Does support for _____ Communication (NFC) _____ my _____ it possible to _____ mobile _____?

_____ our phones _____ of touch _____?

Is it _____ a _____ connection between thissmartphone and _____ by virtue of _____ embeddedNFC _____?

Does my _____ feature enable _____ communicate _____ without wires?

Is _____ possible to _____ aNFC _____ for _____ device interaction?

Is it _____ to accept _____ new mobile device _____ connect with other _____?

Is my phone _____ which _____ hassle _____ communication _____ my _____?

Is _____ to _____ a _____ free connection _____ similar _____ based on its embeddedNFC characteristics?

Is _____ to use _____ on _____ to communicate _____ a _____ on _____?

Does _____ phones support _____ networking _____?

Does _____ the criteria for quick touch-free _____?

Does _____ phone _____ the _____ to use _____ feature?

_____ my _____ phone _____ of receiving _____ access _____ Communication?

_____ a question _____ technology _____ my phone will facilitate easy.

_____ your _____ compatible _____ technology _____ using _____ with your _____ devices?

Is _____ possible _____ set _____ touch free _____ between this phone and _____ using _____?

_____ curious if _____ theNFC function on our phones.

_____ it _____ to _____ a _____ enabled mobile _____ in _____ hassle-FREE _____?

Is my _____ that allows seamless wireless _____ between _____?

_____ my _____ to _____ ConvenientNFC communication with _____ than one _____?

_____ phoneequipped _____ a _____ that _____ seamless interactions between _____?

Does _____ qualify _____ using _____ Near Field _____ (NFC) standard?

Can _____ Near Field _____ phone to securely connect with _____ compatible _____?

Is _____ compatible with _____ interaction in an easy way?

_____ possible to make _____ touch _____ connection _____ this _____ similar ones _____ embeddedNFC features?

Can Near Field _____ (NFC) be used _____ my _____ to _____ compatible _____ make _____?

The new _____ quick _____ simple connections with other devices, _____ my phone _____ it?

_____ it _____ use _____ feature on _____ phone for wireless _____?

_____ my mobile phone _____ of receiving _____?

_____ to know _____ my mobile _____ capable _____ giving _____ connection.

Does _____ mobile _____ quick touch-free _____ the Near Field _____ (NFC) system?

_____ near _____ (NFC) be used _____ phone _____ to other compatible _____?

I _____ Near-field _____ technology on my phone will _____.

_____ have _____ which _____ allow hassle free communication between _____?

Does my mobile have _____ ability _____ connect _____ with _____

Is my mobile compatible _____?

Is it _____ phone _____ facilitate NFC _____?

_____ my phone _____ to _____ no-contact conversations with _____?

_____ use _____ technology _____ no-fuss connections?

Is my phone _____ the _____ no-contact _____ the gadgets or _____?

Does my mobile _____ me the chance _____ quick _____?

Can _____ mobile be used _____ quick touch-free _____ (NFC)?

Is it possible _____ connect _____ my _____ Near Field _____?

Is it possible _____ establish _____ connection _____ this _____ and similar _____ of its _____ NFC characteristics?

_____ my _____ NFC capabilities enable _____ it _____ a _____ device?

Is it _____ my _____ accept the new _____ device _____ which allows for _____ and _____ with _____?

Does it work _____ phone to _____?

_____ my _____ criteria for quick touch-free communication _____ Field Communication _____ protocol?

_____ my _____ qualify for quick _____?

_____ my _____ capability _____ quick touch-free connection?

Do _____ support _____ throughNFC?

_____ this phone _____ ability to _____ other _____ via NFC?

Is _____ possible _____ establish _____ touch free _____ phone and _____ by _____ of its embeddedNFC _____?

Is _____ to setup _____ touch _____ connection between this _____ similar _____ features?

_____ you _____ if your phone _____ technology for interacting _____ your other _____?

_____ to _____ a _____ phone with _____ near field communication _____ in a _____ free _____?

_____ have _____ pertaining _____ whether _____ Communication (NFC) technology on my _____ facilitate _____.

_____ it possible to _____ up _____ touch free connection between _____ and similar _____ embeddedNFC _____?

Can my _____ provide ConvenientNFC _____ with _____ one _____?

_____ I _____ Near Field _____ (NFC) _____ connect with _____ phones and tablets?

Is _____ to _____ connection between _____ phone _____ resources by using its _____ Near Field _____ characteristics

_____ phone allowed _____ do _____ no-contact talkin' with _____ gadgets?

Does _____ have _____ way to connect quickly _____ option?

_____ to know _____ phones support touch-free _____ viaNFC.

_____ my _____ a _____ seamless wireless interaction _____ my device _____ another?

Does my mobile allow _____ Communication (NFC) technology?

_____ no-contact _____ with the other gadgets work on _____?

I want to know if _____ mobile _____ touch-free _____.

I _____ question _____ whether _____ (NFC) technology _____ possible _____ my phone.

Does _____ support _____ networking _____?

_____ to use theNFC _____ on _____ phone?

Is _____ phone compatible _____ NFC, which _____ easy?

Does ____ mobile ____ a way ____ connect ____ touch?

Does my ____ ability to link ____ touch-free system?

____ I ____ theNFC feature ____ my ____ to ____ other devices?

Do ____ phones ____ free networking ____?

Is it possible to establish a ____ between ____ similar ____ its embedded ____ characteristics?

____ possible to ____ a touch free ____ between ____ and similar ones by ____ characteristics.

Does ____ mobile ____ to connect quickly with a ____?

Do ____ phone's Near-field Communications ____ allow ____ to ____ Contactless device?

Does ____ have ____ ability ____ connect quickly with ____ touch-free ____?

____ my mobile ____ ability ____ connect quickly with ____ touch-free ____?

____ my ____ qualify ____ touch-free communication ____ Field Communications ____ system?

Is it ____ to ____ mobile phone in ____ hassle-free ____?

____ my phoneequipped ____ a ____ wireless interaction ____ devices?

____ would ____ use myNFC feature ____ mobile ____ to talk ____ my other ____.

I ____ if ____ phone ____ Near ____ Communication ____ for simple ____.

Is it possible ____ establish a ____ between this smartphone ____ resources ____ its ____ NFC ____?

____ my phone able ____ to ____ gadgets ____ Near Field ____?

Can ____ use Near Field ____ phone to connect to ____?

Can my phone use ____ for ____ communication with other ____?

Is it ____ to ____ a touch free ____ and ____ ones, ____ embeddedNFC ____?

Does ____ phone allow ____ interaction with ____ NFC ____?

____ it ____ establish ____ touch-free ____ between thisSmartphone and ____ resources ____ using its ____.

Does my phone ____ a ____ me communicate with ____ wires?

____ my ____ use ____ new ____ standard which ____ and simple ____ with other devices?

Does my ____ ability to ____ touch-free connections?

Does ____ phone ____ the ____ to ____ one another on ____ touch ____?

____ it possible to ____ touch ____ this ____ and ____ ones by virtue ____ their ____ characteristics?

Is ____ phone able ____ do the ____ chat ____ other ____?

Is ____ possible to establish ____ connection ____ and other ____ by using ____ embedded ____ Communication characteristics?

I'm curious if ____ phone ____ near-simultaneous communication.

____ our phones ____ touch- ____ networking ____?

____ use Near Field ____ (NFC) ____ for fast ____ reliable ____ with ____ gadgets?

CanNFC ____ phone for ____ interaction?

____ my ____ the new mobile ____ standard ____ allows for ____ connections with ____ devices?

____ phoneequipped with a ____ wireless interaction with different ____?

____ my ____ device be equipped ____ allow seamless wireless contact ____ devices?

____ aNFC technology for interaction ____ your other phone's ____?

Is it possible to ____ touch ____ between ____ and similar ones, ____ its ____?

It's convenient ____ communicate with other ____ with wireless ____ phone ____ to ____.

I am wondering if ____ mine can ____.

____ it ____ to setup ____ touch ____ connection between ____ and ____ its ____ features?

Does my mobile ____ using the Near-field Communication ____?

____ my mobile ____ Field Communication capabilities ____ contactless ____?

Is it ____ set ____ touch free connection ____ similar ones ____ the embeddedNFC characteristics?

____ possible to use a ____ with ____ Field Communication chip ____ a ____ free ____?

____ is convenient for ____ useNFC ____ other phones ____ my phone is supposed to ____.

Do my mobiles ____ ability ____ connect ____ with ____ touch-free ____?

Is ____ possible ____ a ____ Field ____ enabled ____ device interaction in a hassle ____ fashion?

My phone ____ eligible ____ touch-free ____?

_____ our phone allow you _____ touch-free _____?

Does my phone have _____ helps _____ communicate _____ other _____ wires?

Do _____ Communication capabilities allow _____ to use _____ phone as _____ device?

Do my phone's Near _____ allow _____ use my phone _____ Contactless _____

Is _____ with a technology _____ seamless _____ interactions between _____?

Can _____ phone accept _____ mobile device _____ NFC, _____ connect _____ devices?

Is it possible to _____ mobile _____ Communication (NFC)?

I would like to _____ on my _____ to _____ devices.

Is _____ capable of calling _____ devices using Near _____?

Is my _____ which will _____ hassle _____ between _____ devices?

_____ our _____ have _____ ability to _____ on _____ one another?

_____ it possible _____ a _____ between _____ smartphones _____ resources by using its _____ NFC characteristics?

_____ mobile phone's Near Field _____ capabilities _____ for _____ contactless _____?

Does my _____ a _____ that allows _____ to _____ other _____ without _____?

_____ phones _____ the _____ to use _____ communicate with one another?

It's _____ communicate with other devices with wireless fidelity, if _____.

I _____ to _____ Near-field Communication _____ technology _____ my _____ will facilitate easy.

_____ theNFC function on _____ good _____ other devices?

_____ I use the near field _____ feature _____?

Is it _____ to setup _____ free _____ between this _____ ones _____ virtue of its _____?

_____ use _____ phone to _____ things _____ are touch-free?

Is it _____ use _____ technology on _____ an enjoyable and _____?

_____ my phone use Near _____ (NFC) to _____ with _____?

_____ if the touch-free _____ phones is supported _____ NFC function.

Can _____ for me to use the _____ Communication on _____ phone, _____?

_____ am _____ like _____ capable of providing a touch-free _____.

_____ like to know _____ my _____ phone is _____ touch-free connection.

_____ is convenient _____ me to use it _____ other _____ and _____ supportsNFC.

I _____ Near _____ Communication (NFC) can _____ used on _____ phone _____ to other compatible _____.

_____ possible _____ anNFC-enabled _____ hassle-free interaction.

NFC _____ be used on _____ convenient _____ interaction.

_____ it possible _____ use _____ mobile phone _____ a _____ Field _____ chip for device _____ a hassle _____?

_____ phone _____ capability to _____ quickly with a touch-free _____?

_____ on my _____ phone _____ allow _____ to _____ to my other _____.

_____ have a chance _____ giving me _____ access?

I don't _____ my phone _____ for _____ connections.

_____ phone _____ a feature that allows _____ to _____ with _____ wires?

Can it _____ use the _____ Communication on my _____ without _____ physical _____?

Does my _____ have _____ for quick _____?

Is _____ possible _____ my phone _____ accept _____ standard, NFC?

_____ my mobile phone's Near- _____ Communication _____ allow for _____?

_____ like _____ theNFC function on _____ phone to connect to _____.

I'm curious if _____ could connect _____ devices _____ my phone's _____.

Is it possible _____ establish a _____ between _____ similar resources _____ using _____ embedded NFC _____.

_____ mobile _____ have _____ to _____ quickly with a _____ system?

Can Near-field _____ used on _____ to allow _____ contact _____ different devices?

Is _____ mobile good _____ touch-free communication using _____ Near _____ standard?

_____ provide _____ communication using _____ Near Field Communication _____ protocol?

Is your _____ compatible withNFC _____ interacting _____ your _____?

_____ my mobile _____ ability to use _____ (NFC) technology?

Is my phone compatible _____ aNFC _____ device _____ in _____ enjoyable _____ way?
 _____ to use the Near Field _____ on my _____ needing _____ contact?
 _____ Near _____ (NFC) useful on _____ phone _____ connect _____ compatible _____?
 _____ my _____ have _____ ability _____ without a touch?

Is _____ possible to use a NFC _____ way?
 Is _____ use it _____ my phone _____ communicate _____ touch?
 Does the _____ Near _____ orNFC, for _____ no-fuss _____?
 NFC _____ be used on _____ phone _____ compatible devices that _____ same
 _____ to _____ if the touch-free _____ on _____ phones _____ supported via _____.

Does my mobile _____ requirements _____ using Near _____ Communication technology?
 _____ my mobile good for quick _____ Near _____ Communication _____?
 Can _____ use Near Field Communication _____ fast _____ communication path with _____?
 _____ Field Communication (NFC) be _____ to _____ compatible devices _____ my _____?
 _____ the _____ networking capability _____ supported _____ our phones.

Is it _____ use aNFC _____ a hassle _____ manner?
 _____ to _____ anNFC-enabledSmartphone _____ hassle-free interaction
 Is your phone compatible with _____ technology _____ use _____?
 Is my phone _____ talkin' with _____?
 _____ my phone feature _____ me to _____ other devices _____ wires?

Does my phone _____ quick _____ communication using _____ Near _____ protocol?
 Is _____ capable _____ Contactless communication?
 It _____ possible _____ Near Field Communication _____ be used on my phone to _____.
 _____ would _____ use myNFC _____ my phone in order to _____ my _____.

Can _____ accept the new mobile device _____ to _____ other _____
 It's _____ to _____ with _____ phones _____ devices if my phone _____ supportNFC.
 _____ is _____ with wireless fidelity, as _____ phone is _____ to supportNFC.
 _____ used _____ quick touch-free services?
 _____ possible to setup a touch free connection between _____ ones thanks _____ embeddedNFC _____?
 _____ know _____ my mobile _____ capable of providing _____ free connection.
 _____ my _____ to _____ new mobile device standard,NFC, to connect with _____?

Does _____ phone have _____ connect _____ with a touch _____?
 _____ phone accept _____ new _____ standard which _____ allow _____ quick and simple _____ other devices?
 _____ phone _____ free networking usingNFC?
 _____ phone support _____ networking _____?
 _____ my phone _____ of Near-Field _____ (NFC) _____ mobile _____?

Near field communication _____ could _____ used _____ phone _____ connect to compatible devices _____ can _____.
 _____ curious to _____ my phone _____ access _____ for _____ communication.

Do _____ ability to _____ the fancyNFC thing?
 _____ my phone _____ NFC _____ communication?
 Is _____ to _____ touch-free _____ between this phone and other resources _____ embeddedNFC _____?
 Is it _____ use a mobile _____ with _____ near _____ chip _____ device _____ a hassle free _____?
 _____ phone eligible for _____ touch-free _____?
 _____ like to know _____ is eligible for _____ touch-free _____.

Can my _____ no-contact talkin' _____ other devices?
 Do _____ phone's Near field _____ capabilities allow me _____ as _____ Contactless _____?
 Can _____ be _____ for interacting with other devices?
 Is it _____ use _____ mobile _____ for _____ in _____ hassle-FREE manner?
 _____ phones possess _____ to _____ one another _____ touch-free networks?

Does my _____ have _____ allows me to _____ with _____ phones _____ wires?
 Does my _____ for _____ touch-free communication?

I want to use _____ on _____ phone to _____ devices
 _____ mobile phone's Near- field _____ for _____ convenient communication?
 Is it possible to _____ phone with near _____ a _____?
 Can Near _____ Communication _____ mobile _____ connect with _____ compatible devices?
 I'm wondering if touch-free _____ our phones _____ function.
 _____ of using Near Field _____ (NFC) to _____ other _____?
 Is your _____ aNFC _____ that _____ interactions _____ and enjoyable?
 _____ my phone _____ the ability _____ have _____ touch-free _____?
 _____ phone _____ with aNFC technology for _____ device interactions _____ enjoyable and _____?
 Can _____ be _____ for _____ to _____ my _____ without having physical contact?
 _____ am _____ if the touch-free _____ is _____ via theNFC function.
 _____ smartphones _____ touch-free _____ viaNFC?
 I _____ if my phone has access _____.
 Near _____ (NFC) can _____ phone to _____ to compatible devices
 _____ a mobile phone _____ a Near _____ Communication _____ a hassle-Free way?
 _____ mobile phone be used for _____?
 _____ my _____ eligible for quick touch-free _____ using the _____ protocol?
 Do _____ phone's Near Field Communication _____ enable _____ as a _____ device?
 _____ basic touch-free networking viaNFC?
 _____ the Near _____ (NFC) _____ work on my _____?
 Does _____ a _____ me to _____ with _____ devices, without wires?
 _____ my _____ compatible with _____ easy _____ device communication?
 Does _____ work _____ my phone _____ communicate without _____ hands _____?
 Is _____ good enough _____ Near Field Communication (NFC) protocol?
 Is my _____ capable _____ convenient _____?
 _____ my phoneequipped with a _____ that _____ among _____ devices?
 _____ NFC be used _____ my _____ convenient _____?
 Does _____ for quick _____ communication using Near _____ Communications _____?
 Is it possible _____ can use Near-field _____ my _____?
 _____ my phone _____ communication _____ than one device?
 _____ Field Communication (NFC) be _____ to reach compatible _____?
 Can my phone use Near _____ (NFC) _____ with _____?
 Can _____ phone use _____ Communication _____ for fast _____?
 _____ your phone compatible with _____ for interacting _____ other _____?
 I'm curious _____ ability to useNFC for easy communication.
 Does my _____ a feature _____ lets me communicate _____ without _____?
 _____ possible to establish a touch-free connection between _____ and other _____ using _____ embedded _____.
 Is _____ phone _____ with aNFC _____ interacting with _____?
 _____ it possible to _____ a _____ connection _____ thissmartphone and similar _____ embeddedNFC _____?
 Is _____ phone _____ no-contact _____ with other gadgets?
 Can my phone accept the new _____ which _____ simple _____ devices?
 Has my _____ technology that _____ between my _____ and another?
 A quick _____ connection with my _____ Field _____ support?
 Can my _____ Field Communication (NFC) _____ and _____ communication method?
 Do my phone's Near Field Communication _____ use _____ phone _____ electronic _____?
 Is _____ possible _____ establish _____ touch-free connection _____ similar _____ by using its _____ Near _____ Communication _____?
 _____ phoneequipped with _____ technology that _____ wireless _____ between my _____ another?
 _____ mobile be eligible _____ quick _____?
 Does my _____ the _____ quick touch-free _____?
 Is _____ possible to _____ a touch _____ connection _____ smartphone _____ similar ones, _____ embeddedNFC

characteristics?

Do my phone's near _____ communication _____ me to _____ contactless device?

Can my _____ use _____ Field Communication _____ communication _____ gadgets?

_____ touch-free networking _____ be supported via _____ function _____ phones.

Is my _____ technology that _____ interaction _____ different devices?

_____ Field _____ (NFC) be used to _____ my _____ to _____?

_____ (NFC) be used on my _____ to _____ compatible devices that can _____?

_____ Near Field Communication _____ compatible _____ phone?

Does my _____ feature that _____ communicate with _____ devices _____ wires?

_____ possible _____ establish _____ touch-free connection _____ similar resources by _____ its embedded NFC _____.

Is _____ phone _____ a NFC technology for _____ device?

Do my _____ communication capabilities allow convenient _____?

Is _____ phone compatible _____ a NFC _____ device interaction in _____ enjoyable _____ way?

Can _____ phones _____ touch-free _____ via NFC?

Can my phone be _____ with _____ technology _____ interaction between _____ device _____?

_____ mobile _____ for _____ touch-free connection?

Is my _____ receiving quick touch-free access _____ Near-field _____?

_____ touch-free networking on our phones is supported _____.

Is your phone _____ with a NFC technology _____ simple _____ interaction _____ enjoyable _____?

Does my mobile phone _____ touch-free communication _____ Field _____ (NFC) _____?

_____ my phone's _____ me to use _____ as _____ Contactless _____?

_____ your phone _____ with a NFC technology _____ using _____ on _____?

Is my mobile _____ touch-free _____?

Does my _____ the _____ connect quickly with a _____?

I'm not _____ if _____ access to NFC for simple, _____.

Can my mobile phone's _____ Field _____ make _____ to _____?

Can _____ mobile _____ be _____ touch-free _____ calls?

Is _____ possible to use _____ on my _____ connect _____ devices?

_____ our phones compatible _____ via NFC?

_____ am _____ if mobiles like mine are _____ providing _____.

Does _____ phones allow _____ to _____ touch-free _____?

Can it be possible to _____ the _____ phone _____ being _____ contact?

I would _____ to _____ my _____ are _____ providing touch-free _____.

_____ phone qualify for quick _____.

_____ my _____ Near Frequency _____ to _____ my phone as a _____?

_____ my mobile be _____ quick _____?

Can my phone _____ new _____ device _____ connect _____ gadgets?

_____ my _____ near field communication (NFC) capabilities allow me _____ as a mobile _____?

_____ my phone _____ of using _____ features _____ communicate?

Does _____ phone have _____ feature _____ will _____ me to _____ with _____ without _____?

_____ a _____ is _____ to setup a touch free connection between this phone _____ ones.

_____ I _____ Near Field Communication characteristics of this phone _____ touch-free _____ with _____ things?

_____ if _____ networking feature _____ supported on our phones.

I _____ if _____ use my _____ to other compatible devices?

Is _____ phone capable of _____ no-contact chatting _____?

_____ the touch-free networking _____ phones is _____ via _____ function.

_____ my phone _____ ability _____ do no-contact _____ with _____ gadgets?

Can my _____ no-contact _____ other _____?

_____ my phone able to do _____ talkin' _____ other _____ or _____?

_____ possible _____ use _____ features to setup a _____ free _____ between this _____ and _____?

Is _____ phone equipped with _____ that _____ seamless _____ interaction _____ devices?

Is your phone _____ a NFC technology _____ easy _____ enjoyable?

Is _____ phone compatible with _____ with _____ phones?

I would _____ know _____ my mobile _____ provide _____.

Can you tell me if _____ for quick _____?

It's _____ to _____ an NFC-enabled Smartphone for _____

Is my phone _____ doing _____ with gadgets?

Is _____ to setup a _____ free _____ between _____ and a _____ using its _____ features?

Is it possible _____ a _____ between this phone _____ ones using _____ characteristics?

_____ your phone _____ with _____ for ease of _____?

Does my mobile _____ quick touch-free _____ the Near _____ Communication _____?

_____ mobile _____ the capability of _____ communication?

I _____ question about _____ the Near-field _____ (NFC) technology _____ would _____.

_____ my _____ new mobile _____ standard, NFC, to connect _____ gadgets?

_____ curious to know _____ my _____ the ability _____ use NFC _____ communication.

_____ my mobile phone's Near _____ communication capabilities _____?

Does my _____ have the _____ with _____ touch-free option?

_____ my _____ the _____ to connect rapidly _____ a _____ system?

_____ mobile _____ Near-field Communication that would allow seamless _____ between _____ devices?

_____ my phone have a _____ me _____ contact _____ devices without _____?

_____ interested _____ my phone has access _____ for _____ communication.

_____ am wondering if my phone _____ access _____.

Is _____ possible _____ have quick touch-free connection?

Does _____ phone have _____ to _____ fancy NFC thing?

_____ phone _____ with a NFC technology to _____ device interaction in _____ enjoyable _____?

_____ know if _____ mobiles can provide _____ connection.

_____ mobile _____ eligible _____ quick _____ connections?

Did _____ phones _____ using touch-Free networking via NFC?

I _____ my _____ me to talk _____ devices with my NFC feature.

Can _____ the _____ mobile _____ NFC, to connect with _____ people's electronic _____?

_____ your _____ compatible _____ technology that makes _____ easy?

_____ it possible _____ a _____ connection between this _____ similar _____ its embedded NFC features?

Can my _____ Near _____ allow _____ as a Contactless device?

_____ it possible _____ setup _____ touch free connection _____ and similar _____ its embedded NFC _____?

Does _____ have _____ to _____ that fancy NFC thing?

Does _____ phone _____ a _____ that _____ with other devices with _____?

_____ curious if _____ phone _____ for _____ communication.

Can _____ phone _____ a Near _____ (NFC) chip that _____ able to _____ without _____?

_____ phone _____ for _____ communication using _____ Near _____ Communications (NFC) technology?

_____ phone _____ for quick touch-free communication using the _____ (NFC) _____?

Is your phone _____ a NFC _____ for _____ of interacting with _____ device?

Does _____ a function for connecting with _____?

Does _____ cellphones have _____ with _____ another using touch-free _____?

_____ be _____ for me to _____ the Near _____ phone without _____ have physical contact?

_____ to _____ embedded NFC _____ setup _____ touch _____ connection _____ this phone and other ones?

Do you know _____ your _____ is compatible with _____ with _____ phone?

_____ my _____ that allows seamless wireless interaction between _____?

I want to use my mobile _____ Communication (NFC) _____ to _____.

I'm _____ if my _____ has NFC for _____.

Does _____ phones _____ networking through _____?

Does my _____ with _____ feature that allows _____ communicate with _____ wires?

Do my _____ phone's Near- _____ abilities _____ fast and _____?

Does my _____ offer _____?

Does my _____ for _____ touch-free communication _____ Near _____ standards?

_____ my phone _____ the fancy _____ with _____ gadgets, or _____ it not?

_____ phone NFC which _____ facilitate hassle _____ between _____?

I _____ like _____ speak _____ my _____ devices with the _____ of _____ feature _____ my _____.

Can _____ touch-free _____ using _____ Field Communication (NFC) technology?

Do _____ a chance _____ connections on my phone?

_____ it _____ to _____ via _____ support?

Does _____ mobile have the _____ quickly connect _____ a _____?

Is _____ possible to use Near _____ (NFC) _____ phone to _____ compatible _____?

_____ my _____ to _____ no-contact talking _____ the other gadgets or _____?

_____ touch free networking via NFC?

Does my mobile _____ capacity to connect _____ with _____

Is _____ phone compatible _____ technology _____ with your _____ devices?

Do my _____ Near- _____ Communication _____ for _____ and _____ communication?

_____ to know if _____ can provide _____ with _____ than _____ device.

_____ it possible to use _____ with compatible devices?

_____ phone do _____ fancy _____ talkin' with _____?

Can my _____ new _____ device _____ connect to other _____?

Is _____ to use _____ features to _____ a touch _____ phone and other ones?

It's _____ use _____ for _____ interaction.

Does our _____ with _____ networking _____?

Can _____ use _____ Field Communication _____ my _____ without a physical contact?

I wonder _____ I could connect other _____ nearfield _____ capabilities.

I would like to know _____ mobiles _____ connections.

_____ like _____ use _____ mobile _____ Field Communications _____ talk to my _____ devices

I wonder if _____ (NFC) _____ my _____ will facilitate _____.

Does _____ the _____ to _____ without touch?

_____ want to know if _____ capable _____ giving _____ touch-free connection.

Does my _____ have the ability _____ connect quickly _____?

_____ your phone _____ with _____ technology _____ will facilitate _____ interaction _____ enjoyable _____ easy way?

_____ NFC capabilities allow me _____ use it _____ a _____ communicate with _____ devices?

_____ NFC technology for no-fuss _____?

Does my phone support _____?

Do _____ Near Field _____ skills _____ me to use my _____ a _____?

Is _____ possible to set _____ free connection between _____ similar ones _____ its _____ features?

Is _____ a _____ a _____ field communication device _____ a hassle free fashion?

Does _____ Communication _____ on _____ phone mean that _____ on my _____ device?

Can _____ phone accept the _____ device _____ which _____ for quick and simple _____?

_____ wonder if _____ could use my phone's near field communication _____ other _____.

Can my _____ be _____ for touch-free _____ the _____ (NFC) protocol?

_____ my mobile _____ connected things?

_____ phones support _____ touch-free _____ via NFC?

Could Near Field _____ (NFC) be _____ to _____ connect _____ phones and tablets?

_____ a _____ whether Near-field Communication (NFC) technology _____ my _____ will _____ easy _____.

Does my phone _____ the ability to _____ other _____ without _____ a _____?

Does _____ phone _____ ability to _____ quick touch-free _____?

_____ our phones _____ the _____ communicate with _____ another _____ a _____ network?

_____ the capacity _____ connect with a touch-free _____?

_____ have _____ question regarding whether the _____ Communication _____ technology _____ is _____.

_____ would like to use _____ phone's NFC _____ other devices.

_____ and _____ connection with my _____ Near Field _____ (NFC) _____?

Is _____ possible _____ make a _____ free _____ between this phone _____ ones, _____ embedded NFC _____?

Can _____ phone's NFC _____ allow _____ connect _____ devices?

Is it possible to set up _____ between _____ ones _____ using its embedded NFC _____?

Is my mobile able _____ be _____ touch-free _____?

Can _____ to _____ the Near Field Communication on _____ phone without _____ in _____ contact?

_____ my mobile _____ to _____ seamless _____ contact between _____ devices?

Is _____ possible _____ my _____ accept the new _____ device _____?

Can my phone _____ the _____ mobile _____ to connect _____ people's _____?

_____ (NFC) _____ used on my _____ connect to compatible devices that can _____ in?

_____ possible _____ my _____ to do fancy _____ with other _____?

_____ be used on my phone _____ interaction?

Does my _____ NFC, _____ free communication _____ multiple devices?

_____ your phone compatible with a NFC _____ using _____ with _____?

Are _____ mobile _____ touch-free connections?

Is _____ possible to _____ Communication (NFC) _____ mobile phone?

Does _____ the _____ to connect _____ with _____ touch _____ system?

Does my _____ ability to _____ no-contact conversations _____ other _____?

Can _____ phone _____ for touch-free _____?

_____ NFC _____ used _____ a _____ interaction _____ my phone?

Does my phone _____ facilitate _____ between _____ phones?

Is my _____ use no-contact _____ other gadgets?

I was _____ if _____ phone has _____ to NFC _____.

_____ it _____ use _____ Near Field _____ my phone, _____ requiring _____ contact?

_____ the NFC function _____ my phone allow me _____ with _____?

Is my _____ of _____ touch-free _____?

_____ have touch-free connections?

_____ my _____ have _____ ability _____ connect _____ a touch-free system?

Is my _____ to send _____ (NFC) for _____ contact?

_____ my _____ a _____ allow me to communicate with _____ devices _____ wires?

_____ smartphones _____ touch-free networking _____?

_____ is possible to _____ smartphone _____ interactions.

_____ wondered if I _____ connect to other compatible _____ NFC _____.

_____ my phone _____ for quick _____ communication _____ Field _____ (NFC)?

Do my _____ Near _____ capabilities _____ me to _____ as an electronic _____?

I would _____ my _____ is _____ to provide a _____ connection.

_____ use _____ Field Communication (NFC) _____ to communicate?

Does _____ phone _____ quick touch-free connections?

Is my _____ of _____ no-contact _____ with my other _____?

Does my _____ have the capability _____?

_____ mobile be used _____ data?

_____ phone's NFC capabilities allow me to _____ my _____ as _____?

I have _____ whether _____ Communication _____ technology is possible on _____.

_____ I should _____ to use _____ on my phone?

Do _____ communication capabilities allow for convenient _____ communication?

Is _____ for me _____ use the Near _____ Communication on my _____ without _____ physical _____?

Is _____ possible _____ setup _____ touch free _____ this smartphone _____ similar _____ by _____ its _____ features?

I'm _____ know if _____ phone _____ to NFC _____ simple communication.
 _____ would like to know if _____ like mine _____ touch-free _____.
 Is it possible _____ mobile _____ do _____ NFC thing?
 _____ my _____ use _____ Field _____ (NFC) for _____ efficient communication ____?
 _____ it work on my _____ communicate without _____?
 Can I _____ the _____ characteristics _____ a _____ connection between it and similar resources?
 Is _____ with a NFC _____ interaction?
 Are your _____ compatible with a NFC _____ phones?
 I'd like to _____ if _____ phone _____ capable _____ providing _____.
 _____ my phone's NFC _____ allow me to use _____ a _____?
 _____ for my phone to allow seamless _____ via _____?
 Does _____ qualifies _____ quick _____ communication using _____ Near Field _____ (NFC) ____?
 Does my _____ for _____ using Near field _____ technology?
 I _____ connect to compatible _____ using _____ phone's near _____ communication _____ capabilities.
 Can my _____ accept _____ new _____ standard, NFC, for connecting _____ other _____?
 I _____ a _____ the Near-field _____ (NFC) _____ on my phone _____.
 _____ phone's _____ capabilities _____ use it _____ an electronic Contactless device?
 _____ my phone able to _____ nFC _____ to _____?
 _____ want _____ know _____ mobiles _____ give a _____ connection.
 Does our smartphone _____ with one _____ on touch-free networks?
 _____ my mobile have _____ ability to connect _____ touch _____?
 _____ it _____ mobiles like _____ to have _____ connection?
 _____ know if mobiles like mine _____ provide _____ connection.
 _____ phone able to call other _____ with _____ Communications ____?
 Can I use _____ Near _____ characteristics _____ establish _____ between my phone and other ____?
 Can I easily _____ touch-free _____ between this _____ and similar _____ Near _____ Communications characteristics?
 _____ mobiles like _____ have _____ touch-free _____?
 Is _____ equipped to _____ fancy _____ the other gadgets?
 _____ I _____ getting quick touch-free connections _____ my _____ phone?
 _____ my phone _____ for easy _____.
 Do _____ phone's Near _____ capabilities enable me _____ phone _____ contactless device?
 Does _____ mobile _____ have the ability _____ connections?
 _____ my mobile phone _____ the _____ receive _____ calls?
 _____ your phone _____ technology for _____ interaction in _____ enjoyable and _____ way?
 _____ Near Field Communication (NFC) be _____ my mobile phone to _____?
 Can it _____ for _____ use my _____ Field Communication _____ having _____ contact?
 _____ my _____ have _____ that _____ me _____ talk with other _____ without _____?
 _____ my _____ ability _____ to a touch-free system quickly?
 Is our _____ touch-free networking _____?
 I would like _____ know _____ a mobile _____ capable _____ providing _____.
 _____ don't know if our _____ support _____.
 _____ my _____ qualify for _____ communication?
 _____ my _____ be used for _____?
 _____ it possible to quickly _____ phone's NFC ____?
 Is _____ phone equipped with _____ that _____ seamless _____ between gadgets?
 Do _____ support _____ networking _____?
 Does my _____ interaction _____ technology?
 Is _____ mobile phone capable _____?
 _____ phone _____ of _____ the fancy no-contact _____ the _____ gadgets?
 Can _____ phone _____ Communication (NFC) _____ communicate _____ others?

_____ used _____ communication _____ the Near Field Communication (NFC) standard?

It's _____ an NFC-enabled smartphone _____ hassle-free _____.

_____ be _____ for easy interaction _____?

Is _____ setup _____ touch _____ connection _____ phone and similar _____ by virtue of their _____?

Can _____ use Near _____ Communication (NFC) to _____ products?

_____ to know if my phone _____ providing _____ connections.

Do _____ phone's _____ Field Communication _____ let _____ use _____ as _____ device?

_____ your phone _____ easy device _____?

Is _____ on my _____ for convenient _____ interaction?

Is it _____ touch _____ this phone and _____ ones _____ virtue _____ their embeddedNFC characteristics.

Can _____ phone accept the _____ standard that _____ for _____ and simple _____ devices?

Is _____ with _____ technology so _____ can easily _____ with your _____?

Do my _____ Near Field Communication _____ me to use _____ device?

_____ is _____ to _____ aNFC-enabled _____ for hassle-free _____.

Does my _____ a _____ that lets me communicate _____ other _____?

Can _____ convenientNFC communication with more than _____?

_____ phones _____ of touch-free networking _____?

_____ phoneequipped with _____ technology _____ allows seamless _____ interaction _____ the _____?

_____ my _____ capable of doing the _____?

_____ way to _____ my mobile phone _____ touch-free _____ things?

I _____ if I could use _____ capabilities on compatible _____.

I would like _____ use _____ my _____ phone _____ speak to my _____.

Is your _____ to communicate _____ your other phone's _____?

Does _____ Near-field _____ (NFC) on my _____ do it on _____ mobile device?

Can _____ phone use Near _____ orNFC, as _____ have no-fuss _____?

I would _____ to _____ my mobile phone's _____ Field _____ my _____ devices

Is _____ phone compatible _____ theNFC _____ with your _____ device?

_____ mobile have the _____ connect quickly _____ touch-free option?

_____ a feature that lets me _____ with other _____ wires?

_____ my phone qualify for quick touch-free _____ the _____ (NFC) _____?

I'm _____ if _____ phone has _____ Field _____ orNFC, _____ communication.

Is _____ technology that allows seamless communication _____?

Can my _____ be _____ convenient _____ interaction with _____?

Does _____ use _____ Field _____ to have no-fuss _____?

Is _____ to _____ up _____ touch _____ between this _____ and _____ ones because _____ embeddedNFC characteristics?

Is _____ technology that _____ device _____ easy and enjoyable?

Can my phone use _____ (NFC) _____ to _____ other devices?

_____ question _____ the Near-field Communication (NFC) technology _____ my _____ work.

Can my phone _____ with _____?

I'd like _____ know _____ mobile is able _____ touch-free _____.

_____ it _____ a NFC _____ mobile phone in _____ hassle-free _____?

_____ it possible _____ use a mobile phone _____ a _____ communication _____ in _____?

I am _____ know _____ the touch-free _____ on our _____ supported by _____.

_____ theNFC _____ on my _____ me _____ other devices?

_____ phone compatible _____ technology to make device interaction _____ enjoyable _____ way?

I wonder _____ my phone has Near _____ communication.

Does _____ mobile _____ touch-free communication _____ Near _____ Communication (NFC) _____?

Is _____ Field _____ my _____ compatible _____ compatible devices?

Does _____ phone _____?

Does our _____ the _____ communicate _____ one _____ on touch-free _____?

____ my ____ compatible with NFC, ____ device interaction?
 ____ the ability to ____ with each other on ____ touch-free ____?
 ____ my phone equipped with ____ technology ____ allows seamless ____ my device ____?
 I ____ if my mobiles are ____ providing ____ connections.
 ____ field ____ allow me to use my ____ as a Contactless ____?
 I'm ____ to ____ if touch-free networking on our ____ the NFC ____.
 Is my ____ qualified ____ quick ____ communication using ____ Near ____ standard?
 I'm ____ to know ____ our ____ touch-free ____.
 ____ Near-field ____ on ____ phone ____ can do it ____ mobile device?
 ____ phone capable ____ more than one device?
 ____ know if ____ mobiles are able ____ provide touch-free ____.
 ____ phone offer ____ feature ____ allows ____ with other ____ without wires?
 It's ____ to ____ with ____ devices ____ wireless ____ if ____ phone is ____ support NFC.
 Does ____ use Near Field ____ or NFC, in ____ no-fuss ____?
 Can ____ phone accept ____ new mobile ____ to ____ with another ____.
 Is ____ possible ____ setup a touch free ____ between ____ smartphone ____ other ____?
 I ____ to know ____ is capable ____ providing touch-free ____.
 Is ____ mobile phone ____ NFC in ____ hassle-free manner?
 Can ____ phone ____ used ____ touch-free ____?
 ____ would like to ____ mobiles like ____ can give ____.
 ____ my ____ to connect quickly with a touchless ____?
 I'm ____ if ____ touch-free ____ our phones is ____ via ____.
 Is my ____ to do ____ fancy no-contact ____ with ____?
 Can Near Field ____ be ____ on my ____ securely ____ to other ____?
 Does ____ phone have ____ chance ____ receiving ____ touch free ____?
 Can my ____ the new ____ device ____ to connect ____.
 ____ Near ____ Communication (NFC) ____ used on ____ phone ____ connect to ____?
 ____ my mobile device's Near-field Communication allow seamless ____?
 ____ my phone able to allow ____ technology?
 Does ____ touch-free networking ____?
 ____ my mobile ____ for quick ____ using ____ Near field Communication ____?
 ____ my ____ phone allow ____ touch-free ____?
 Is ____ facilitate NFC for communication?
 Can ____ mobile ____ be ____ with Near-field ____ can ____ seamless ____ different devices?
 Does ____ phone ____ a capability ____ connect quickly with ____?
 ____ mobile ____ the ability ____ connect ____ a touch-free option?
 Is ____ compatible with a NFC technology ____ devices?
 Is ____ phone equipped with ____ will allow seamless ____?
 I ____ be able ____ devices using ____ feature on my phone.
 ____ it possible to ____ my phone's ____ connect?
 ____ my phone ____ for ____ using Near ____ Communication (NFC) ____?
 ____ my ____ able ____ receive ____ touch-free ____ via Near-field Communication?
 ____ with a technology that ____ interaction between different devices?
 ____ capable of ____ the ____ with other gadgets, or not?
 Are ____ able to ____ no-contact ____ with other gadgets?
 Is ____ capable ____ receiving quick touch-free ____ via ____ Communication (NFC)?
 ____ my ____ work for ____ touch-free ____?
 ____ phone capable of receiving ____ Communication ____ mobile ____ contact?
 ____ Communication (NFC) possible ____ my phone ____ to compatible ____?
 ____ it ____ to ____ a ____ free connection ____ similar ones ____ of the embedded NFC characteristics?

_____ phone _____ with aNFC technology _____ used for easy _____ interaction?
_____ wondering if my phone _____ the fancy no-contact _____ other _____.
_____ mobile _____ capable _____ doing that _____ thing, or _____?
Does _____ mobile _____ option to connect _____ without _____?
_____ me if your phone _____ with _____ technology _____ device interaction?
Does _____ touch _____ networking usingNFC?
Can theNFC _____ phone allow me _____ connect _____ other _____?
_____ your phone's compatibility _____ to get _____ connection.
Does my _____ fancy no-contact _____ the other gadgets, _____ it _____?
Does _____ phone _____ the _____ give me _____ access?
Is it possible _____ establish a touch-free _____ this _____ similar resources _____ NFC characteristics?
Is it possible to establish a _____ thisSmartphone _____ by _____ its embedded _____ characteristics?
_____ convenient for _____ to use my _____ on other _____ if _____ phone is _____ supportNFC.
_____ you know if _____ is _____ with _____ interacting with _____ phones?
_____ have _____ question about _____ Near-field Communication _____ on my _____ will _____.
I _____ a question about _____ Near-field Communication (NFC) _____ my _____ will _____.
Does _____ support _____ networking viaNFC?
I need to know _____ my _____ is _____ of _____.
Is my phone _____ of using no-contact _____?
_____ I use _____ characteristics _____ this phone to establish _____ touch-free _____ phone _____ other resources?
_____ Field _____ (NFC) can be used _____ securely connect _____ other compatible _____.
Does my _____ phone _____ to _____ touch-free connections?
_____ my phone _____ Near _____ Communication _____ for _____ with other devices?
_____ give me _____ feature _____ allows _____ to communicate with _____ devices _____ wires?
_____ my phone allow seamless _____ a _____
