

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Privacy and security concerns
Inquiry Sub-Category	Privacy settings
Description	Questions about how to set up and configure privacy settings on the smartphone, such as controlling app permissions, location tracking, and data sharing.
Data Size	5,008 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

____ we expect regular ____ addressing ____ vulnerabilities/security bugs ____ ____ ____ lifecycle?
 Can ____ expect to see ____ to ____ vulnerabilities and ____ bugs ____ the ____?
 ____ really ____ get ____ updates that handle all of the ____ ____ after launch?
 Will there ____ updates ____ the ____ production?
 ____ you ____ us ____ issues found after ____?
 Will you ____ updates for ____ bugs that ____ up ____?
 ____ known that your ____ will be regularly updated ____ deal with ____ ____ beyond ____ ____ phase?
 Will ____ provide ____ ____ ____ have happened after production?
 Can we expect regular updates ____ the ____ bugs ____ ____ production ____ ____?
 ____ regular ____ ____ ____ target ____ bugs after production ____ been completed?
 Will there be ____ for ____ after ____?
 ____ expect periodic ____ fix known vulnerabilities and security ____ ____ ____ course of its ____?
 ____ anticipate regular ____ to fix security ____?
 ____ we expect ____ updates ____ the ____ ____ discovered after ____?
 Will regular ____ be ____ fix the security ____ that ____ found ____ ____?
 ____ we expect ____ to ____ after production?
 ____ you ____ regular updates ____ fix security bugs ____ ____ production?
 ____ ____ regular updates on ____ bugs that ____ happened ____ you put ____ ____ motion?
 Will you ____ updates to ____ the ____ ____ found ____ production?
 Can ____ expect to ____ updates ____ fix ____ vulnerabilities ____ ____ found over ____ lifespan?
 ____ regular updates to ____ vulnerabilities?
 Can ____ expect to get ____ to ____ ____ discovered ____ production?
 ____ sure that ____ consistent ____ deal with security threats after ____?
 Will you ____ able ____ us ____ security issues after ____?
 ____ regular ____ target ____ bugs found after production ____?
 Will ____ updates to ____ security ____ found after ____ production?
 ____ it possible to anticipate regular post-production ____ ____ ____?
 ____ provide regular updates for security ____ ____ have happen ____ ____?

_____ on the security bugs that have _____ you have put _____ motion?
_____ expect to see regular _____ bugs discovered post-production?
Will _____ be _____ for security _____ after _____ is done?
_____ there _____ updates for _____ security _____ show up _____ production?
_____ to _____ known vulnerabilities _____ security bugs discovered _____?
Will _____ be _____ for known vulnerabilities _____?
_____ it _____ to anticipate updates addressing _____ security _____?
Are _____ for constant _____ to _____ on the phone's _____?
Can _____ get regular updates _____ post-production _____?
_____ we _____ periodic _____ to fix security _____ discovered after _____?
Will _____ be _____ to tackling _____ identified weaknesses after _____?
Is _____ ongoing update dealing with _____ weaknesses throughout _____ product _____?
_____ give regular updates _____ fix the _____ after the _____?
_____ expect to get _____ updates to _____ vulnerabilities and security _____ of its life?
Will _____ updates on security bugs that _____ happened _____?
_____ regular updates to fix the security _____ after _____?
_____ to get _____ updates _____ fix _____ bugs discovered over _____?
_____ regular _____ bugs after the production is _____?
Do _____ to issue regular _____ to fix _____ after _____?
Can _____ updates to fix _____ vulnerabilities _____ security _____ over the _____ of _____?
Will there _____ of _____ vulnerabilities _____ production?
_____ you provide _____ updates _____ the _____ happened after production?
_____ possible that we can _____ to get _____ known vulnerabilities _____ security _____?
_____ really _____ to _____ deal with all the security risks encountered _____ launch?
We _____ to get periodic _____ fix _____ and _____ discovered post-production.
_____ production, _____ you _____ regular updates to _____ security _____?
Can we anticipate _____ to _____ known security _____?
_____ you _____ bugs that show _____ after production?
_____ we expect _____ updates for _____ discovered _____?
Is it possible _____ there _____ updates _____ known vulnerabilities?
_____ we expect _____ updated _____ known _____ after production?
Can _____ expect to see _____ security bugs?
_____ plans for _____ fix vulnerabilities discovered _____ phone's lifespan?
Are known _____ likely to _____?
_____ you _____ if your products will _____ deal _____ potential security flaws _____ the manufacturing _____?
_____ there _____ for security bugs after _____?
_____ you keep us _____ on _____ security _____ production?
_____ you issue updates _____ security issues _____ production?
Are _____ for _____ that fix vulnerabilities discovered _____ the _____?
Can _____ expect to _____ updates _____ and security bugs over the course _____ it's _____?
_____ going to provide regular _____ to fix security _____?
_____ there be _____ to fix bugs _____?
_____ issue frequent _____ to _____ security bugs _____ after production?
Can we _____ of _____ updates to tackle _____?
Is _____ to constantly _____ security vulnerabilities after _____ release?
_____ bugs _____ after production _____ fixed frequently?
_____ discovered bugs _____ flaws be _____ consistently during _____?
_____ there be _____ known vulnerabilities _____ production?
Do _____ that _____ vulnerabilities will receive _____ updates?
Are _____ able to _____ addressing of security _____?

Can ____ expect a periodic update ____ vulnerabilities ____ bugs ____ after ____?

Should ____ security issues that ____ to ____ updated?

Will ____ still be ____ updates for known ____?

Will you ____ regular updates ____ that appear ____?

Is ____ regular updates for security ____ happened ____ begun?

Will ____ updates ____ bugs that have ____ found after ____?

____ you ____ regular ____ to fix ____ bugs found ____?

____ to ____ updates to ____ security bugs after production?

Will ____ regular updates on ____ production?

Will you give ____ updates ____ bugs ____ have ____ after ____?

Are ____ going to ____ regular updates ____ the security ____ production?

____ you ____ regular updates ____ bugs ____ were found after ____?

Can ____ updates to fix ____ vulnerabilities ____ bugs discovered over the product's ____?

____ regular updates about ____ security ____ discovered after the production ____ done?

Is ____ that ____ post-production updates will ____ vulnerabilities?

Can ____ regular ____ the ____ discovered after production?

____ there plans for continual updates that ____ in ____ phone's ____?

Will ____ provide regular ____ security ____ that ____ production?

Can we ____ periodic ____ to ____ vulnerabilities ____ after production?

____ expect regular ____ regarding the ____ discovered after ____ is over?

Can ____ regular updates addressing ____ post-production?

____ it possible to anticipate ongoing ____ vulnerabilities after ____?

____ regular updates ____ tackle ____ production ____?

Will you use regular updates to ____ after ____?

Will regular ____ bugs found after production?

Will you ____ updates on any ____ discovered ____?

____ we expect regular ____ to ____ security ____ were discovered after ____?

____ provide ____ updates on the ____ that ____ happened ____ production ____ begun?

____ you issue ____ updates ____ bugs ____ after production?

____ it ____ that we ____ get ____ to ____ known vulnerabilities ____ security bugs?

Can we ____ addressing security ____?

Will ____ release regular updates ____ security ____ production?

____ you ____ us ____ updates ____ security ____ after ____ production?

____ don't know if regular ____ address ____.

____ that your products will ____ regularly updated ____ with security ____ uncovered ____ the manufacturing ____?

____ it ____ vulnerabilities will get ____ post-production ____?

Is it ____ regular updates ____ tackle post ____ vulnerabilities?

____ we ____ will get consistent ____ that will ____ with security ____ after ____?

____ we expect ____ get ____ updates to ____ found post ____?

____ to ____ regular post production updates ____ bugs?

Is it ____ that ____ get ____ updates?

____ there regular updates for ____ bugs that have happened ____ in ____?

Is ____ for us to get continuous fixes ____?

____ going ____ regular ____ to fix any ____ bugs found after ____?

____ recurring updates for known ____ after ____?

Can ____ expect to ____ to fix ____ after production?

____ you intend ____ known weaknesses ____ production?

Can ____ count on ____ with ____ weaknesses ____ product ____ cycle?

Will ____ updated vulnerabilities after ____?

Will regular ____ be able ____ production has finished?

Can ____ expect to ____ upgrades ____ risks after launch?
 ____ anticipate ____ that address security bugs ____ vulnerabilities?

Will you issue ____ updates ____ fix ____ that ____ after ____?
 ____ we ____ to ____ regular ____ to fix vulnerabilities ____?

Will ____ give regular ____ bugs that occurred after ____?
 ____ we ____ expect to ____ consistent ____ that deal ____ all of the ____ risks encountered ____?

Are ____ to ____ post-production updates?
 ____ you intend to ____ updates ____ address ____ security ____ discovered ____ production ____ finished?

Will there ____ updates to ____ found after ____?

Can we ____ periodic ____ to ____ known ____ and ____ over the course of its ____?
 ____ we expect ____ receive ____ updates ____ fix known ____ security bugs ____ course of ____ lifespan?
 ____ keep updating ____ the security ____ that came ____ production?

Can we ____ regular updates regarding the ____ production has ____?

Can we ____ updates relating to the ____ were ____ after ____?

Are ____ rely on getting consistent upgrades to ____ with ____ threats ____?

Can ____ be ____ regular post-production ____ security bugs?
 ____ there ____ production security ____?
 ____ you plan ____ giving ____ updates ____ address ____ issues discovered ____ is done?
 ____ we expect ____ updates ____ bugs discovered after ____?

Will regular updates ____ used to fix ____ after ____?

Is there ____ update ____ security ____ that ____ after production?

Can we ____ updates on the security ____ discovered ____ it ____ made.
 ____ regular ____ fix ____ security bugs that came after ____?

Will you ____ regular updates to ____ after ____?

Will there be regular updates ____ security ____ have ____ has ____?

Are ____ going to issue ____ to ____ the ____ after ____ production?

Can ____ periodic updates ____ fix security flaws ____ after ____?

Will ____ be regular ____ target ____ after production ____ done?

Can we ____ regular ____ on ____ security ____ that ____ the production?

Can we ____ get ____ to fix ____ bugs ____ production?

Can ____ expect to ____ the security ____ it was made?

Will ____ be a consistent ____ of discovered ____ security flaws ____?
 ____ be ____ of regular updates to ____ vulnerabilities?

Will you ____ bugs ____ been ____ the production?
 ____ we ____ updates regarding security bugs ____ post ____?
 periodic ____ to ____ vulnerabilities ____ bugs discovered after ____

Are you committed ____ known weaknesses ____ found ____ in ____ product's lifespan?
 ____ anticipate ____ updates to address known ____ security bugs?
 ____ we ____ we ____ get ____ that will deal ____ after launch?

Can we ____ periodic updates ____ found ____ production?

Will ____ updates ____ after production?
 ____ count ____ updates after production?
 ____ bugs ____ after production can be ____ in ____.

Will ____ to fix the ____ bugs discovered after ____?

Do ____ think ____ known vulnerabilities ____ be given ____ production ____?
 ____ we expect to receive ____ security issues ____?
 ____ you ____ issue regular updates ____ the ____ bugs after ____?
 ____ it ____ issue ____ updates to fix ____ security ____ after ____?
 ____ we ____ regular updates ____ bugs that ____ after the production is ____?

Are ____ given regular ____ vulnerabilities?

Is it _____ that security bugs _____ fixed periodically?

_____ you _____ the security bugs found after production?

Can you provide _____ updates _____ bugs that _____ production?

_____ you _____ if _____ products _____ be regularly _____ to _____ security issues uncovered _____?

_____ to give _____ updates _____ security issues _____ after production?

Are we sure we _____ consistent _____ that will deal _____ after _____?

_____ regular patches _____ bugs _____ after _____?

_____ we expect regular _____ regarding _____ discovered _____ production?

Are _____ plans for constant updates to _____ vulnerabilities _____?

_____ we _____ get periodic _____ fix security _____ over _____ of its life?

_____ we get _____ on the _____ bugs discovered _____?

Do _____ your _____ be _____ updated to _____ potential security problems uncovered _____ the _____ phase?

_____ you _____ regular updates for _____ that _____ after production _____?

_____ issues regular _____ to _____ security bugs _____ production?

_____ regular _____ for security _____ after production has ended?

Do _____ really expect to _____ security updates _____ deal _____ the security _____ encountered _____ the _____?

Can _____ regular _____ on _____ issues _____ were discovered _____ production?

_____ regular _____ updates _____ security vulnerabilities?

Are there _____ updates to _____?

Can we expect regular updates on the _____ over?

_____ give regular _____ for _____ bugs that _____ after production _____?

_____ updates be issued _____ the _____ after production?

_____ we expect regular _____ security bugs _____ found after _____?

Will _____ and security flaws _____ addressed _____ during its _____?

Is it possible to _____ for _____ beyond _____?

_____ updates addressing _____ found after _____ be expected.

Can we _____ regular updates about _____ discovered _____?

_____ we expect _____ updates about _____ security bugs _____ after _____ production _____?

Is it _____ regular updates _____?

Will you give regular _____ security bugs _____ production in _____?

Will you _____ updates _____ bugs _____ happened _____ production?

_____ give regular updates _____ security _____ that _____ happened after you _____ production _____?

_____ we expect _____ see _____ updates _____ security bugs _____ vulnerabilities?

_____ we _____ regular _____ updates _____ address _____ security vulnerabilities?

Is there _____ updates _____ flaws?

Do _____ if we _____ get _____ will _____ with security threats _____ launch?

_____ we _____ regular updates to address the _____ discovered _____ production was _____?

_____ you _____ updates _____ security issues after the _____?

Can _____ expect _____ fix security bugs discovered _____?

Regular _____ addressing security bugs _____ production could _____.

Do _____ plan to _____ regular _____ to _____ bugs _____ production?

_____ we _____ to _____ periodic updates _____ known _____ and _____ bugs discovered over _____?

Will you issue _____ fix _____ security _____ found _____?

_____ to _____ on consistent _____ that handle _____ risks after _____?

_____ we sure of _____ consistent upgrades _____ will _____ after launch?

Are _____ providing regular _____ that show up _____ production?

Do _____ issue _____ updates _____ fix security _____ after _____?

_____ updates _____ security _____ can be _____ after production.

Can _____ post-production _____ to _____ known security _____?

_____ there _____ security flaws and discovered _____ addressed _____?

Will you issue ____ updates ____ security bugs that ____?

Will ____ the security bugs that happened after ____?

____ certain that we can get ____ deal ____ security threats after ____?

____ you ____ us timely updates ____ issues ____ production?

____ regularly updated post-production ____?

____ is possible ____ updates to ____ known ____ during ____ lifespan.

____ it ____ get ____ updates to fix ____ security bugs ____ post production?

Do you know if your products will ____ regularly ____ with security ____ the ____?

Will ____ issue ____ updates to ____ the ____ that ____ after ____?

Can you provide ____ security ____ that show ____ production?

____ we expect security ____ be ____?

Can ____ expect to ____ updates to ____ vulnerabilities ____ course of ____ existence?

____ there ____ continuing updates for ____?

____ we ____ regular post-production updates on ____ and ____?

Can ____ expect ____ receive ____ that ____ security risks ____ launch?

____ there ongoing fixes ____ discovered ____?

Can ____ be sure of ____ post-production ____ security ____?

It's possible ____ known ____ regular post-production ____.

____ issue ____ updates to ____ security bugs that were ____ production?

Is ____ possible to ____ post-production updates addressing ____ vulnerabilities?

Can ____ updates on ____ security bugs that ____ discovered after ____ production ____?

____ we ____ updates ____ security bugs?

____ you give updates ____ that ____ after production?

____ we expect ____ get regular ____ to ____ vulnerabilities and ____ production?

____ you ____ to address ____ security ____ found ____ production?

____ you give ____ fix the bugs ____ production?

Will ____ give ____ to fix ____ bugs ____ after production?

____ there ____ guarantee of ____ updates to ____ post-production ____?

____ it possible ____ periodic ____ security bugs discovered post-production?

Can we ____ regular ____ security ____ discovered ____ production?

Will ____ be ____ to fix ____ bugs ____ production is ____?

Will there be ____ for the ____?

Will ____ found ____ production be ____?

Will you give regular ____ security ____ that have happened ____ motion?

____ there ____ regular updates ____ happen after production?

____ it ____ known vulnerabilities ____ get regular post-production ____?

Are we ____ that we ____ upgrades to deal with ____?

____ issue updates ____ fix the ____ bugs after ____?

____ security bugs found ____ be expected.

____ plan on giving timely ____ address ____ issues found after ____?

____ expect regular updates ____ bugs ____ were ____ the production was ____?

Can ____ expect ____ see ____ updates ____ bugs ____ post-production?

Can we expected ____ updates ____ bugs ____ the production is ____?

Will you be ____ regular updates ____ bugs ____ production?

____ regular ____ target ____ security bugs after ____ finished?

____ you make ____ to ____ the security ____ the production?

____ updates ____ fix the bugs found ____ production?

____ to give regular updates for ____ bugs ____ show ____ after ____?

Can ____ post-production ____ vulnerabilities?

____ we know ____ will be ____ security issues after ____?

_____ have regular updates _____ vulnerabilities.

_____ there _____ ongoing _____ updates after _____?

Is there a plan to _____ product release?

_____ get _____ updates _____ security bugs discovered over the _____ of _____ product?

_____ periodic updates to fix vulnerabilities _____ after production?

Can _____ anticipate _____ security issues?

Is there _____ post-production _____ for _____?

Do you know _____ products _____ regularly _____ deal with _____ uncovered _____ manufacturing?

_____ you issue _____ updates _____ fix the _____ bugs _____ production?

Will there _____ post-production upgrades _____ discovered _____?

_____ make _____ updates for security bugs that show _____?

_____ we _____ to get updates _____ known vulnerabilities _____ security _____ production?

_____ know _____ will _____ updates on security issues after _____?

Can we _____ regular _____ for known security _____?

Will _____ keep us _____ with security issues _____?

Will _____ have _____ to _____ the bugs after _____?

_____ it _____ the vulnerabilities will receive regular _____?

_____ you intend _____ known weaknesses after production _____?

Are there _____ updates _____ happened after production?

Are _____ going to _____ regular _____ to _____ vulnerabilities?

Can we _____ detected weaknesses throughout the _____ cycle?

Is _____ we will receive consistent _____ that _____ security _____ launch?

_____ release, do you promise _____ fixes _____?

_____ there _____ fixes _____ known errors and security _____?

_____ there any promise _____ for discovered vulnerabilities _____?

_____ us up _____ date _____ found after production?

_____ security bugs that happen after production?

_____ be _____ updates of known vulnerabilities _____?

_____ release updates for security _____ show _____ production?

Can we _____ get regular updates on _____ discovered _____?

Are you _____ to give timely _____ security _____ discovered _____ finished _____?

Is it possible _____ updates addressing _____ bugs discovered _____?

Will _____ to fix the _____ discovered _____ production?

Can _____ expect regular _____ about _____ discovered _____?

_____ expect regular post-production updates to _____ vulnerabilities _____?

Can we _____ to _____ regular updates addressing _____?

Is _____ certain _____ vulnerabilities _____ receive _____ post-production updates?

_____ may be plans _____ updates to _____ known vulnerabilities.

_____ you _____ updates _____ the _____ found after production?

Does _____ lifespan include _____ to fix _____ bugs?

Can we _____ regular _____ addressing _____ bugs that _____ since _____ made?

_____ expect _____ to _____ security bugs _____ after the production is _____?

_____ you _____ updates to _____ security bugs _____ found _____ the _____?

Will you _____ regular _____ fix security bugs _____?

_____ you _____ regular _____ the security _____ that _____ after _____ put production in _____?

_____ regularity for _____ bugs that show up _____?

_____ bugs and security flaws be _____ lifespan?

Will _____ regular _____ to fix the _____ bugs _____ production?

Will you provide _____ updates _____ bugs _____ occurred _____ production?

Will you _____ regular updates _____ fix security _____?

Will you ____ regular ____ on the ____ that ____ production?

You ____ updates ____ security ____ that have happened ____ production?

____ intend ____ address ____ weaknesses or ____ risks ____ in the ____ lifespan?

Do ____ know if your ____ regularly updated ____ with ____ flaws uncovered ____ manufacturing stage?

____ provide ____ for the security ____ that show up ____?

Will ____ regular updates to ____ the ____ bugs ____ production?

____ it certain ____ will ____ regular post ____ updates?

____ there ____ constant ____ that focus ____ fixing ____ are discovered on the ____?

____ there regular updates for ____ happened ____ production?

____ there ____ regular ____ for security bugs ____ have happened ____?

Can we ____ on ____ post-production updates ____ issues?

Will you provide ____ updates ____ that happened after you ____?

Will ____ us ____ security ____ after ____?

Will you release ____ the security ____ that were found ____?

____ you ____ fixing ____ weaknesses ____ production?

____ you ____ us ____ update on the security ____?

Are ____ to ____ bugs found after the production?

____ patches target ____ security ____ after the production has ____?

Is there ____ regular ____ discovered vulnerabilities?

____ updates on the ____ bugs ____ discovered since it was made?

____ we sure of getting consistent ____ will ____ threats ____ launch?

____ we expect to get ____ updates ____ vulnerabilities ____ security bugs ____ over the course ____?

Can ____ we ____ updates to tackle post-production vulnerabilities?

____ updates ____ discovered vulnerabilities?

Will ____ be ____ patches ____ target security ____ after production ____?

Can we expect ____ get ____ updates ____ and ____ bugs ____ over ____ course of ____ life?

Will ____ update for security bugs that have ____?

____ consistently address ____ problems ____ after ____?

Can we ____ periodic ____ fix ____ discovered ____ course of its lifecycle?

____ we ____ updates ____ tackle ____ vulnerabilities?

____ you update security ____ up after ____?

Will ____ us the latest ____ issues ____?

Security ____ arise ____ are expected ____ be ____ frequently.

____ you know ____ products will ____ updated to ____ with security ____ uncovered beyond ____ phase?

____ plan ____ giving timely updates ____ security ____ discovered after ____ done?

Can we be ____ of regular updates ____?

Will ____ updated after production?

Are ____ getting ____ upgrade ____ deal with security threats after launch?

regular updates for ____ that ____ up ____

____ depend on ____ updates to address detected ____ life cycle?

____ we expect regular ____ production updates ____ security ____ and ____?

____ we ____ updates to ____ the ____ found after ____?

____ possible to get periodic ____ to ____ vulnerabilities discovered ____?

____ you providing regular updates ____ that have happened ____?

____ we expect periodic ____ to ____ known vulnerabilities ____ after production?

Can ____ on ____ continuous ____ dealing ____ security ____ after production?

Regular updates for ____ show ____ production?

Will ____ security ____ during and after production ____?

____ there a promise of ____ discovered vulnerabilities ____?

Is there a ____ that ____ updates ____ vulnerabilities?

_____ there regular _____ to fix _____ security _____ production?

Can _____ expect _____ updates _____ the _____ bugs _____ after _____?

Will you give _____ for _____ that _____ happened after _____ production?

_____ expect regular updates to _____ known _____ discovered _____?

Can _____ expect _____ post-production _____ address known security _____?

_____ you _____ on security issues after the _____?

Can _____ expect _____ frequent _____ on _____ security bugs _____ production?

_____ know if your _____ will _____ regularly _____ to _____ security concerns _____ manufacturing phase?

_____ we expect periodic _____ to fix _____ and security bugs _____ course _____ its _____?

Will you _____ regular _____ bugs that have _____ after production _____?

Are _____ going to _____ updates _____ fix _____ vulnerabilities?

Can _____ expect _____ get periodic _____ fix _____ vulnerabilities _____ security bugs over _____ of _____ product?

Can _____ rely _____ updates dealing with _____ weaknesses _____ the _____?

Do _____ that _____ post-production _____ will _____ known vulnerabilities?

Can _____ periodic updates to _____ known vulnerabilities _____ security _____ its _____?

_____ on updates _____ with _____ throughout the _____ life cycle?

_____ promise _____ fixes for _____ after release?

Will _____ to _____ the security bugs _____ the production?

Are _____ plans _____ that fix _____ through phone's lifecycle?

_____ expect _____ get periodic updates to _____ vulnerabilities _____ bugs found _____ time _____ the product?

_____ known vulnerabilities _____ receive regular _____ updates?

Can _____ regular updates addressing _____ security _____ discovered _____ the _____ done?

Will _____ regular updates _____ fix _____ bugs _____ arisen _____ the production?

_____ regular updates _____ fix post-production _____?

_____ regular patches _____ bugs found after _____ finished?

_____ we expect regular _____ updates _____ security flaws?

_____ know _____ your products _____ be _____ updated to deal with _____ security _____ manufacturing phase?

Will _____ address _____ security risks discovered _____ in the product's _____?

_____ regular updates to fix _____ bugs that _____?

_____ there continuing _____ for _____ production?

_____ periodic updates to fix _____ vulnerabilities _____ security _____ found _____ its _____?

Can _____ to address security problems discovered _____?

Can _____ expectation to _____ to _____ vulnerabilities discovered _____ production?

_____ expect regular updates _____ the security _____ that were _____?

Will _____ fixes _____ are detected after production?

_____ regular _____ updates _____ flaws?

Will _____ issue periodic _____ to _____ bugs that _____ after _____?

Do you _____ to _____ known _____ and beyond?

Can we _____ to get _____ updates to _____ the course of _____?

Can _____ expect _____ vulnerabilities and _____ bugs found over the _____ lifecycle?

Will _____ issue _____ updates _____ fix security bug _____?

Can _____ expect regular updates _____ bugs _____ production is done?

Are there _____ for _____ that focus _____ fixing _____ through _____ lifecycle?

_____ certain that we will _____ that _____ deal with security threats _____?

Can we expect regular post-production _____ to _____ the _____?

Will _____ security bugs discovered _____ production?

_____ be _____ security issues that arise _____ production?

_____ regular updates _____ bugs after production?

_____ that _____ vulnerabilities will get regular _____ updates?

_____ security issues _____ arise _____ production expected to _____?

Can ____ expect ____ to address ____ security bugs ____ discovered ____ the production ____ ?

Can we ____ regular updates on ____ bugs discovered ____ the production ____ ?

____ we count on ____ throughout the product life ____ ?

Is ____ expected to have ____ updates ____ fix ____ security ____ ?

____ it possible that ____ give ____ for ____ bugs that show ____ after ____ ?

Will ____ updates on security ____ the production?

Can we ____ updates ____ known security bugs?

Will ____ fixes ____ security bugs that were ____ ?

Will ____ risks ____ in the product's lifespan?

____ after production ____ expect ____ updates.

Will you ____ regular ____ security bugs ____ been found after ____ ?

Is ____ assumed ____ the ____ will get regular ____ ?

____ we ____ regular updates ____ security ____ discovered ____ production?

____ you provide updates ____ security ____ that have ____ after ____ ?

____ you issue ____ to ____ bugs ____ after production?

____ it possible ____ we will ____ upgrades that ____ deal with ____ threats ____ ?

Will the regular updates ____ the ____ production?

____ you think ____ known vulnerabilities ____ regular ____ production?

Can ____ rely ____ updates to ____ detected weaknesses ____ the product ____ ?

Will you give ____ security ____ discovered after ____ ?

____ there ____ constant updates ____ the ____ vulnerabilities after ____ ?

____ bugs ____ security ____ addressed throughout its lifespan?

____ get ____ updates ____ security ____ after production?

Can ____ production ____ to address security bugs?

____ the discovered ____ flaws ____ addressed regularly during ____ ?

Are ____ post-production updates ____ security ____ and vulnerabilities?

Will ____ provide regular ____ regarding security ____ that ____ production?

____ to ____ the ____ bugs discovered after production?

____ there be updates to known ____ ?

Can you tell ____ regularly ____ deal with ____ weaknesses uncovered beyond ____ manufacturing phase?

____ updates fix security ____ found ____ ?

Are you ____ on ____ for ____ bugs ____ up after production?

____ to ____ risks found ____ on ____ the product's lifespan?

____ guarantee of ____ updates ____ tackle post- production ____ ?

____ you planning to give regular ____ bugs that ____ up ____ ?

Will you ____ up ____ date ____ the ____ found after ____ ?

____ you promise ____ weaknesses after the production?

____ be regular post-production ____ address discovered ____ .

____ provide regular ____ to ____ security ____ that ____ been ____ after production?

Is ____ expected that ____ will receive ____ ?

Will you ____ to ____ security issues ____ after ____ ?

____ regular ____ target security ____ after production is ____ ?

Will ____ regular ____ target the ____ after production ____ ?

Will ____ updates for security ____ have happened ____ production ____ motion?

Will ____ regular ____ production changes to ____ vulnerabilities?

Will ____ be regular post-production upgrades ____ ?

____ have ____ updates ____ post- production vulnerabilities.

____ continuous ____ to ____ discovered ____ bugs ____ of ____ item's lifespan?

Will ____ issue regular ____ to fix security ____ production?

Will ____ regular updates ____ bugs that ____ from production?

_____ expect _____ get _____ updates _____ fix _____ vulnerabilities and _____ over the _____ of _____ life cycle?

Security _____ found _____ can be addressed _____ regular _____.

Is _____ you will _____ security updates after _____?

Can we _____ to _____ post-production _____?

Will _____ regular _____ target any _____ after _____?

_____ regular _____ care of _____ bugs _____ after production has _____?

Will there be _____ updates _____?

Will you be issuing _____ the _____ after production?

Do _____ continue to fix _____ after production?

We should _____ updates on security _____ arise _____.

Are there _____ updates _____ fixing vulnerabilities _____ on the _____ lifespan?

Can _____ regular updates _____ with _____ security bugs _____ after _____?

Will you issue periodic updates _____ production?

_____ bugs detected after production be _____?

Will _____ patches _____ able _____ security bugs found after _____?

_____ updates be _____ to fix _____ found after _____?

_____ we _____ to _____ periodic _____ fix _____ vulnerabilities _____ the _____ of its lifespan?

_____ updates be _____ the bugs found _____ production?

_____ we depend _____ regular _____ updates _____ security _____?

_____ possible to expect regular updates on _____ discovered _____?

Do you _____ weaknesses after _____?

Are you going _____ provide regular updates _____ bugs _____?

_____ we expect to see _____ updates _____ bugs _____ production?

Should _____ to _____ post-production vulnerabilities?

Will _____ be _____ regular updates _____ fix _____ found _____ production?

_____ you make _____ updates _____ security bugs after _____?

_____ for _____ vulnerabilities continue after _____?

Will _____ address any _____ issues discovered _____?

Do you _____ to _____ security issues discovered _____ production is finished?

_____ to give _____ to address _____ issues found after _____ over?

_____ you _____ updates for _____ bugs that _____ after _____ production?

Is there regular _____ bugs that _____ happened after _____?

_____ upgrades _____ discovered vulnerabilities?

Is _____ production _____ that address _____ flaws?

Will _____ regular _____ to _____ bugs _____ came _____ production?

Will _____ publish _____ updates to _____ bugs that came _____?

_____ updates on the security _____ discovered after the production _____?

_____ you _____ updates for _____ that have happened _____ production?

Can we expectation to _____ fix _____ and _____ bugs _____ over time?

Can we _____ to get updates _____ fix _____ production?

_____ you _____ security bugs that came after production?

_____ you _____ an _____ on the security _____ found after _____?

_____ you _____ to _____ updates to address _____ security issues found _____ production _____?

_____ expect to _____ about the _____ bugs discovered after _____?

Can we anticipate _____ post- production _____ security _____?

Can we expect _____ updates _____ flaws _____ after _____?

_____ keep making _____ discovered vulnerabilities _____ release?

Will _____ regular _____ for _____ that show up _____ production?

Will _____ give regular _____ that have _____ you _____ put _____ in motion?

Can _____ expect _____ to fix _____ after production?

Will _____ updates _____ fix security _____ came after _____?
 _____ we expect to get _____ regarding _____ life cycle?
 _____ there _____ for constant updates _____ vulnerabilities discovered on the _____?
 Can _____ post-production _____ address security flaws?
 Will _____ issue _____ the security _____ after production?
 Will _____ give _____ address _____ issues _____ after production?
 Can _____ expect regular _____ regarding _____ bugs that _____ after _____ over?
 Can we _____ regular _____ updates that _____ known _____?
 Will _____ give regular _____ the _____ bugs _____ production?
 _____ regular updates to fix the security _____ after _____?
 Will _____ be regular patches _____ security bugs after _____?
 Is _____ to anticipate _____ for _____ after the _____?
 Will _____ give _____ security _____ occurred after you have _____ production _____ motion?
 Will _____ regular _____ for security bugs _____ have occurred _____?
 Can _____ to address _____ bugs discovered _____ the production _____ done?
 _____ sure that _____ be consistent _____ that will deal _____ security _____ after _____?
 _____ promise to keep fixing _____ after _____ release?
 Are _____ we _____ count on getting _____ upgrade _____ will deal _____ threats _____ launch?
 _____ you issue regular _____ fix the security _____ after production?
 Is it _____ us _____ expect _____ get periodic _____ fix _____ and _____ bugs?
 _____ plan for _____ security vulnerabilities after _____ product release?
 Will _____ be issuing regular updates to _____ the security _____?
 Will you provide _____ security bugs _____ production?
 Do _____ to _____ updates _____ issues discovered _____ production is over?
 fixes _____ security _____ after production will _____ periodically?
 Do we _____ be getting consistent security updates _____ deal _____ security _____ encountered after _____?
 Regular _____ addressed security bugs _____ after _____ can _____.
 Will regular _____ check _____ security _____ after production _____?
 Will _____ giving _____ for security _____ that show up _____?
 _____ periodically _____ security bugs that came after _____?
 _____ regular _____ fix the _____ production?
 Will you _____ regular _____ bugs discovered _____ production?
 _____ guaranteed _____ to address post-production _____?
 _____ we expect regular _____ bugs _____ after production?
 Is _____ that _____ vulnerabilities will _____ post-production updates?
 _____ to _____ timely _____ to address any security issues found _____ finished _____?
 Will _____ regular _____ for security _____ have happened _____ putting _____ in _____?
 Will you give _____ updates to _____ security _____?
 _____ issues arise _____ production, _____ anticipate updates?
 Are you going to _____ the security _____ found _____ production?
 Can we expect _____ the _____ found post-production?
 _____ regular updates _____ fix security _____ after _____ production?
 _____ there a _____ for regular updates _____ tackle _____?
 _____ there regular updates _____ bugs found _____ production?
 Can _____ expect _____ fix the security _____ discovered _____?
 Will regular _____ production _____ flaws?
 Will there _____ updates for _____ vulnerabilities _____?
 Can _____ regular _____ security _____ have been discovered since _____ was made?
 Will _____ release regular updates _____ security _____ happened _____ you put production _____?
 _____ you give _____ updates _____ the _____ found _____ production?

Will there be _____ after _____?

Can _____ expect to get _____ handle known security _____?

_____ its _____ will _____ discovered _____ flaws _____ addressed?

_____ a plan _____ continual _____ to fix vulnerabilities _____ lifecycle?

_____ the _____ production be fixed often?

Is it possible _____ expect _____ fixes _____ security _____?

_____ issue regular updates _____ fix security bugs from _____?

_____ to get _____ to fix _____ over the product's lifespan?

Can _____ later _____ be expected frequently?

_____ give regular updates _____ fix _____ bugs _____ after _____ production?
