

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	CCTV camera installation
Inquiry Sub-Category	Recording and storage options
Description	Customers inquire about the different recording and storage options available for CCTV cameras, including cloud-based storage, local storage, and backup solutions.
Data Size	5,140 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

What is ____ difference ____ for ____ security ____ between ____ Cloud and ____ storage?

The ____ it takes ____ security ____ from the ____ to ____ a question.

____ is ____ retrieving ____ camera ____ Cloud or local ____?

____ long does it take ____ retrieve ____ videos ____ security cameras that ____ stored ____ cloud ____ locally ____?

What ____ when ____ to ____ camera records from ____ cloud or ____ storage?

____ times for ____ archive ____ in the Cloud and locally?

____ time ____ security camera recordings ____ between ____ and storing them ____.

The time ____ camera footage ____ different ____ Cloud ____ locally ____ recordings.

____ the times of the ____ of ____ cloud and locally?

How ____ can it ____ to get ____ security ____ kept ____ and ____?

When ____ access old security camera ____ from ____ local storage, what ____ differences ____?

____ between ____ security camera ____ on the Cloud ____ storage.

____ long ____ to ____ camera ____ from ____ cloud or from local storage?

You ____ compare ____ it ____ archive security ____ in the Cloud ____ locally.

____ compare ____ it ____ retrieve security footage ____ in ____ Clouds and Locally.

____ have to compare ____ time it takes ____ security ____ that's ____ the ____.

____ time ____ when ____ to ____ old ____ camera ____ from ____ cloud over local storage?

____ have ____ how long it takes ____ get security footage ____ locally.

____ for ____ footage can be ____ between cloud ____ local ____.

____ long ____ it take to ____ security ____ records ____ cloud ____ storage?

There ____ different ____ to access old ____ from ____ and ____ storage

The time it ____ security ____ Cloud and ____ storage has ____ brought up.

There ____ a difference ____ it takes ____ security ____ from the Cloud to ____ storage.

The ____ taken to ____ security camera ____ the ____ and local ____ not known.

____ difference ____ time ____ to get security ____ footage from the ____ local ____ a topic ____ discussion.

____ differences are ____ to access old security camera ____ from ____ or on the ____ storage ____?

____ have ____ compare the time ____ to ____ archival security footage ____ in ____ Clouds ____.

You ____ to compare ____ takes ____ in the Cloud and Locally.

You _____ it _____ retrieve security footage in the Cloud _____.
 _____ to access old _____ camera records _____ cloud or through _____ storage?
 You have to _____ the time _____ security footage _____ the cloud _____.
 _____ trying to _____ security camera _____ cloud _____ through _____ how long does it take?
 There is a _____ long _____ will take _____ camera footage _____ the _____ and _____ storage.
 What _____ are encountered _____ attempting _____ access old security camera _____ from the _____ from _____
 Time differences _____ encountered when trying _____ camera records _____ the cloud _____ on _____ storage _____

 _____ to compare the _____ of time it takes _____ retrieve _____ in the _____.
 _____ time differences _____ attempting to _____ old security _____ through _____ or _____ storage?
 _____ you know _____ it takes to _____ videos from _____ that are either _____ on _____ locally saved?
 How _____ to _____ videos from security cameras _____ are stored _____ a cloud _____ or _____ saved?
 _____ time of _____ security _____ from _____ different _____ that _____ local storages.
 It is _____ compare the _____ it takes to retrieve _____ and Locally.
 _____ takes to access old security _____ or local storage vary.
 The _____ in time _____ retrieve _____ between the cloud _____ local _____ unknown
 _____ have _____ compare _____ long it _____ to _____ footage in _____ Cloud and _____.
 There _____ a question _____ how _____ to _____ camera footage from the _____ and _____ storage.
 _____ differences _____ trying to _____ security _____ records in the _____ or on _____ local _____ area.
 How long can _____ take _____ archive _____ footage _____ is _____ and locally?
 How long _____ to access _____ camera _____ from _____ cloud or _____ storage?
 _____ long does it take to _____ from _____ stored _____ cloud or locally _____?
 _____ accessing security camera footage from _____ local _____ does it _____?
 How long _____ to access _____ security camera records from the _____?
 _____ difference _____ to recover _____ footage from the cloud _____ local storage _____ mystery.
 _____ local _____ the Cloud take longer _____ retrieve _____?
 _____ attempting to access old security _____ records _____ Cloud _____ local storage _____ time _____ encountered?
 _____ topic of _____ retrieve security camera _____ between _____ cloud _____ local _____ was _____.
 You need _____ compare the _____ get security footage _____ the Cloud and _____.
 You need _____ takes to get _____ footage _____ cloud and locally.
 _____ takes _____ access _____ security camera tapes from _____ cloud _____ local _____ varies.
 Time _____ are encountered _____ trying _____ security _____ records _____ the cloud _____ storage.
 _____ will _____ to compare the time it takes to _____ stored in _____ and _____.
 You _____ compare _____ takes _____ the _____ footage in the Cloud _____ Locally.
 The _____ takes to get _____ from the cloud _____ storage was _____ topic of discussion.
 _____ to _____ camera footage on cloud and locally?
 The difference _____ how _____ it _____ get security camera footage _____ local storage _____ mystery.
 What _____ the _____ between local _____ cloud _____ comes to _____ taken to _____ security footage?
 _____ of _____ it takes to get _____ from the Cloud _____ local storage has _____.
 _____ time _____ takes _____ retrieve _____ stored in the cloud and _____ is _____.
 Is _____ to _____ the times _____ archive of _____ in the _____ locally?
 The time it _____ camera footage between the _____ local storage _____ up.
 The _____ to get security _____ Cloud and local storage _____ unknown.
 What _____ the _____ Cloud storage _____ local _____ for _____ security _____?
 _____ are _____ attempting to access _____ security _____ in the cloud _____ locally?
 _____ speed _____ the cloud or _____ storage is compared.
 _____ have _____ compare _____ it _____ to retrieve security _____ is in _____ cloud and _____.
 You have to compare the _____ it takes _____ retrieve _____ security _____ that is _____.
 How _____ does _____ to _____ security _____ records _____ versus the local storage?

There ____ differences ____ amount of ____ takes to access ____ camera ____ from ____ cloud or the ____ storage ____.

Time differences ____ be encountered ____ to access old security ____ records ____ cloud ____.

____ how ____ to retrieve security ____ recordings between cloud and local ____?

Is ____ discrepancy ____ retrieving security camera footage ____ cloud ____ storage?

____ are encountered ____ access ____ camera ____ from ____ cloud instead of local storage?

____ to compare ____ it takes ____ security ____ both the ____ and locally.

____ times ____ security ____ stored in the ____ and ____ different.

Does ____ longer ____ or ____ storage to retrieve ____ footage?

____ difference in ____ taken ____ camera footage between ____ and ____ a topic of discussion.

The ____ time taken to ____ security camera footage between ____ Cloud ____ local ____ has ____.

____ differences are ____ trying ____ old ____ camera records through local storage ____.

____ are ____ in ____ time it ____ old security camera ____ from ____ the local storage area.

____ time taken to ____ security ____ footage from the ____ and ____ storage is ____ known.

For accessing old security ____ videos, the Cloud ____?

How long ____ it ____ retrieve ____ camera ____ the ____ local storage?

____ difference in ____ to ____ camera footage between the cloud and ____ question.

____ time ____ to ____ security footage ____ Cloud ____ different to local ____.

What time ____ are faced ____ access ____ camera records ____ the ____ local storage?

The time difference ____ between ____ camera ____ on ____ and local ____.

There ____ in how ____ it takes to view ____ tapes from the ____ or ____.

What time ____ when ____ to access old ____ records ____ the cloud ____ local ____

Is there a ____ in how ____ takes ____ access security ____ recordings ____ stored ____ the Cloud?

You can ____ the time ____ to ____ security ____ the cloud ____ locally.

____ long ____ take to retrieve ____ camera footage ____ cloud or ____?

____ takes to retrieve ____ camera ____ from the ____ local storage ____ been ____ up.

____ is a question of ____ retrieve ____ footage ____ cloud and local ____.

When ____ old security ____ from the ____ or locally, ____ differences are ____.

____ long ____ it take to ____ security ____ footage ____ and ____ storage?

You need to compare the ____ to ____ security ____ the ____ locally.

____ you ____ us how long it takes ____ recorded ____ cameras that are ____ cloud server ____ locally ____?

____ have to ____ how ____ it takes to ____ security ____ Cloud and Locally.

____ access ____ security ____ records ____ cloud and local storage.

____ is ____ accessing old ____ videos in ____ Cloud or ____?

____ differences when trying ____ access ____ from the cloud ____ the local storage area.

____ vs ____ compared for ____ security ____ footage.

____ of time ____ to ____ security camera ____ on the ____ is ____ from local ____.
