

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	Deck construction or restoration
Inquiry Sub-Category	Design and Material Options
Description	Customers seek advice on selecting the right design and materials for their deck, considering factors like style, durability, and budget.
Data Size	5,072 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

Which ____ option ____ better resistance ____ due to sunlight ____ over ____?
____ type of ____ product ____ good resistance ____ fading due ____?
____ one ____ deck type fare ____ in ____?

What ____ synthetic decking ____ have good resistance ____ of exposure to ____?
____ decks ____ to ____ due to sunlight ____ long period of time.
____ synthetic decking choice ____ resistance ____ due to ____ exposure ____ period ____ time?
____ a synthetic ____ high ____ of resistance ____ fading ____ long-term exposure ____ be ____?

Which ____ has the best protection against ____?
____ synthetic deck ____ with fading from ____ sun?

Is ____ deck made ____ levels ____ resistance ____ and long ____ exposure to ____ a good ____?

What ____ of ____ product have good ____ sunlight?

Can ____ tell me ____ a ____ material with a better ____ sun's ____?
____ go with ____ fade-resistant ____ deck ____ can stand up ____ years ____ direct ____?
____ deck ____ sun resistant, preventing it from fading ____ time?
____ synthetic ____ choice ____ fading when exposed to sunlight for ____ long ____?
____ type ____ synthetic deck product has good ____ fading ____ to ____ effects?
____ synthetic ____ won't fade in ____?
____ synthetic ____ is ____ to fading ____ sunlight?

Which synthetic ____ is ____ to sun exposure?
____ type ____ has ____ resistance to ____ due to ____?

The synthetic ____ better ____ fading due to ____ exposure.

What ____ product ____ best for resisting the ____ long ____ sunlight?

Which ____ decking has better ____ to ____ exposure?

Do synthetic deck ____ have protection against ____?

Which ____ gives better ____ to fading due ____ sunlight exposure ____ years?
____ you ____ a Synthetic ____ with ____ levels of resistance ____ and ____ sunlight?
____ resistance to fading, ____ to sunlight exposure, ____ a ____ time.
____ type ____ synthetic deck has superior ____ preventing it ____?

Which ____ choice ____ better resistance to ____ depending on ____ exposure ____ of ____ years?

____ a ____ from the sun?
 ____ synthetic deck ____ longer in ____?
 Which ____ decking choice ____ better ____ on ____ exposure, for a ____ time?
 Is ____ synthetic ____ more ____ to fading ____ sun.
 ____ type of synthetic deck ____ the best for ____ to ____ due ____ rays?
 ____ synthetic ____ resistance ____ fading depending on ____ over ____ of years?
 Synthetic ____ provides ____ better resistance to fading ____ sunlight exposure ____.
 Do you ____ a ____ with ____ resistance ____ fading caused by ____ sunlight?
 Synthetic ____ better resistance ____ fading ____ to ____ exposure ____ years.
 ____ synthetic ____ choice ____ resistance to ____ on ____ exposure ____ thousands of years?
 Synthetic ____ has better resistance ____ fading ____ sunlight ____ a ____ period.
 Which ____ decking choice ____ better resistance ____ fading with ____ thousands ____?
 Which ____ gives ____ resistance to ____ sunlight ____ a period ____ years?
 What type ____ synthetic deck ____ would ____ best ____ resisting fading caused ____ exposure ____?
 ____ choice has ____ best ____ to fading in ____ for ____ years?
 ____ you ____ a ____ deck ____ high levels of resistance to fading ____ long ____ the ____?
 ____ synthetic decking ____ has better ____ to ____ due ____ sunlight ____ many ____.
 ____ synthetic ____ gives ____ resistance to ____ a long period of time?
 What ____ of synthetic deck product ____ recommend that can ____ long ____ sunlight?
 ____ will resist fading when exposed to sunlight?
 Which synthetic ____ has ____ to fading ____ exposure for a ____ of ____?
 ____ to sunlight for ____ time, is ____ deck ____ that won't ____?
 Which ____ provides better ____ to fading, ____ sunlight exposure?
 Which ____ fading in ____ sun?
 ____ synthetic ____ shows better ____ resilience ____ exposed to ____?
 Will your ____ deckings ____ sun ____ their color?
 Which synthetic ____ better ____ to ____ because of the ____?
 ____ there ____ artificial deck material ____ the sun?
 ____ fade-resistant synthetic deck that can ____ up against years ____ direct sunlight ____ else?
 Synthetic ____ has ____ resistance to fading ____ sunlight ____.
 ____ type ____ would you ____ that has ____ resistance to fading ____ the ____?
 What type ____ synthetic deck product ____ best ____ resistance to ____ of ____ harmful ____?
 ____ synthetic ____ has better ____ fading from sunlight?
 ____ go ____ a fade-resistant ____ stand up against ____ of sunlight?
 Looking ____ resistant ____ decks.
 ____ product has good ____ fading and exposure ____ sunlight?
 ____ synthetic decking ____ better ____ fading compared ____ sunlight exposure ____ thousands ____ years?
 I'm ____ for a fade-resistant synthetic ____ up ____ of sunlight.
 ____ synthetic decking choice ____ better ____ to ____ over a period of ____?
 ____ recommend a synthetic decking ____ in the sun?
 There are ____ options ____ do not ____ when exposed ____.
 ____ synthetic ____ has ____ resistance ____ of ____ exposure over a ____ of time?
 ____ sunlight for ____ periods, is ____ any ____ decking ____ can resist ____?
 Which type ____ synthetic deck ____ resistant to ____?
 ____ synthetic Decking choice ____ better resistance ____ due ____ sunlight exposure ____ a ____?
 ____ a ____ more durable in the ____?
 Which ____ decking choice provides ____ to ____ sunlight exposure.
 Can you suggest ____ deck ____ fading and long term exposure ____?
 ____ synthetic decking ____ provides better resistance ____ on sunlight ____ for ____ of ____?
 When ____ to sunlight ____ extended ____ any synthetic ____ options that ____?

_____ decking gives _____ resistance to _____ to sunlight _____ over a _____.

Which _____ decking choice provides _____ to _____ to _____ exposure _____ of years?

_____ type of _____ product do _____ think _____ strongest _____ to _____ the sun?

What _____ is best _____ fading _____ by long exposure _____ sunlight?

_____ offers _____ fading due to sun _____ number of years.

Do _____ deck _____ have _____ protection against fading from _____?

Which _____ better _____ fading, due to _____ exposure _____ number of years?

_____ type _____ has good _____ to fading due to exposure _____.

When _____ to sunlight, _____ any _____ options _____ resist fading?

_____ any _____ synthetic deck _____ you against _____ from the _____?

Which synthetic _____ has better resistance _____ due _____ exposure over _____ of _____?

Do you _____ which type _____ decking _____ superior _____?

I'm looking for advice _____ best synthetic _____ against _____ of sunlight.

I'm looking for a _____ stand up _____ years _____ direct sunlight, _____ I'm _____ which _____ offer _____ against _____ from sun exposure?

What type _____ synthetic deck _____ you recommend that have _____ fading in _____?

What _____ synthetic deck product is best _____ sun?

Which synthetic deck _____ has _____ to sun exposure over _____ time?

_____ synthetic decking _____ better resistance _____ exposed to _____ over _____ years?

_____ synthetic _____ choice _____ better resistance to fading _____ sunlight _____ thousands _____?

_____ decking _____ gives better resistance _____ fading _____ sun exposure?

Synthetic _____ has _____ to fading due to _____ exposure _____ a _____ of _____.

Are _____ synthetic _____ to survive the _____ without _____?

Does _____ deck _____ provide _____ against _____ from the sun?

_____ synthetic deck _____ provides better resistance _____ to sunlight for _____ period _____ several _____?

Which _____ choice _____ better _____ to _____ when exposed _____ sunlight _____ of years?

_____ for sun-resistant _____

_____ of _____ deck _____ superior sun _____ and is less _____ to _____?

_____ decking _____ better _____ fading because _____ sunlight exposure.

What _____ synthetic deck _____ recommend _____ has _____ resistance to fading caused _____ exposure to sunlight?

Can _____ recommend a synthetic _____ made with _____ levels of _____ long term _____ sun?

_____ choice _____ resistance to _____ because _____ the sun exposure?

_____ decking has _____ fading, _____ of _____ exposure, over _____ long time.

What type of synthetic deck _____ have good _____ by _____ exposure _____?

Which synthetic _____ choice has _____ due to _____ exposure _____ a _____ of _____?

Which _____ decking _____ resistance _____ to sunlight _____ over _____ period of time?

_____ synthetic decking _____ better resistance to _____ to sun _____?

Do _____ synthetic _____ materials _____ protection _____ the sun?

_____ synthetic deck product _____ resist fading _____ the sun?

Does _____ longer under _____ sun?

_____ decking _____ against _____ from the _____?

_____ long-term sun exposure, _____ deck _____?

Which synthetic _____ resistance to _____ to sunlight _____ many years?

_____ synthetic _____ choice _____ resistance _____ fading, _____ on _____ sunlight exposure, for a period _____?

Which _____ decking _____ gives _____ resistance to _____ over the long _____?

Does _____ up in _____ sun?

Is _____ artificial _____ material that _____ not fade when _____?

_____ provides better resistance to fading depending _____ sunlight _____ of _____?

Looking _____ resistant synthetic _____.

Which _____ decking choice _____ to _____ after many _____ exposure to _____?

_____ of synthetic deck product would _____ with _____ resistance _____ sun?
 _____ recommend _____ synthetic _____ that _____ resistance _____ fading and long-term _____ sunlight?
 Which synthetic _____ resistance to _____ the sun _____ a _____ period _____ time?
 _____ has better _____ resilience when _____ to sunlight over _____?
 What _____ synthetic deck product would you _____ that _____ the sun?
 Which _____ decking _____ better _____ depending on _____ sunlight exposure?
 Which _____ option can _____ the sun?
 Is _____ under long-term sun _____?
 _____ any _____ the synthetic _____ materials offer protection _____ from _____?
 Is synthetic _____ better _____ in the _____?
 Which _____ prevents fading _____ sun?
 Which synthetic decking _____ resistance _____ to sunlight exposure _____ the _____ term?
 _____ synthetic decking choice _____ better _____ depending on sunlight exposure _____ a period _____?
 Should synthetic decks have strong resistance _____ to the _____?
 _____ deck provides _____ fading, depending _____ exposure over thousands _____ years?
 What type of synthetic decking _____ resistance to _____ after _____?
 Can _____ recommend a _____ deck with _____ to _____ long-term _____ to sunshine?
 _____ decks have better _____ fading _____ sunlight exposure, _____ a long _____.
 Is a synthetic _____ type _____ fading _____ the _____?
 Can you _____ a _____ product with good resistance _____ sunlight?
 When _____ sunlight for _____ is there an _____ deck _____ does not _____?
 _____ product _____ you _____ with _____ resistance to _____ caused _____ exposure to sunlight?
 _____ products that _____ exposed _____ have _____ to fading.
 Which type _____ has _____ to fading _____ to _____?
 What type of _____ product _____ you _____ to _____ from the sun?
 _____ type _____ synthetic decking _____ good _____ to _____ when exposed to _____?
 _____ decking _____ up _____ from the sun?
 _____ deck _____ with improved _____ to UV _____ after long exposure _____ the sun?
 The type of _____ product _____ good _____ because of _____.
 _____ I look _____ a _____ synthetic _____ that can stand _____ against _____ direct _____?
 _____ deck _____ not _____ in the _____?
 _____ synthetic decking _____ resistance _____ fading, due _____ sun exposure?
 What _____ of synthetic deck _____ that doesn't _____ the sun's harmful rays?
 What type _____ synthetic decking product is more _____ due _____?
 What _____ product _____ it _____ has the _____ to _____ in the sun?
 _____ any of _____ synthetic deck _____ offer protection _____ exposure?
 _____ synthetic deck gives _____ to fading _____ of _____ exposure _____ long _____ time?
 _____ decking _____ resistance to _____ depending _____ sunlight exposure _____ many years?
 Which _____ is _____ resistant to _____ the sun?
 Which _____ decking _____ better _____ fading, _____ on _____ sunlight exposure?
 _____ a fade-resistant synthetic deck _____ can stand _____ years of _____?
 Which synthetic _____ protects _____ sun?
 Which synthetic _____ choice provides better _____ due to _____ of several years?
 _____ decking offers _____ resistance _____ to sunlight exposure.
 Which synthetic _____ choice _____ better _____ to _____ to sun _____ time?
 Synthetic _____ choice provides better resistance _____ due to _____ long _____.
 Is _____ synthetic _____ going to survive the _____ without _____?
 _____ on _____ exposure over thousands of _____ synthetic _____ choice _____ to fading?
 Which _____ material _____ better _____ resilience _____ to a lot _____ sunlight?
 The _____ decking _____ resistance to fading because _____ sunlight _____.

____ synthetic deck choice has better resistance ____ result ____ sunlight ____?
 ____ synthetic decking ____ better resistance ____ to sunlight?
 Synthetic ____ better ____ to ____ sunlight ____ over a long time.
 ____ synthetic decking ____ has better resistance ____ fading ____ sunlight ____ of ____?
 ____ decking choice provides ____ resistance to fading ____ on ____ exposure ____ a ____?
 How ____ a synthetic ____ high ____ resistance to fading and ____ exposure ____?
 Which ____ deck offer ____ to fading ____ sunlight ____?
 ____ synthetic decking has ____ sun resistance, preventing fading ____ a ____?
 ____ deck choice has better ____ to fading, depending ____ exposure, ____?
 Can you ____ a synthetic ____ with ____ to ____ and long-term ____ to sunlight?
 Which ____ provides ____ resistance to fading, ____ exposed to ____?
 Is a synthetic ____ high levels ____ fading and ____ exposure ____ sunlight?
 When ____ to ____ are there any synthetic ____ choices that ____?
 ____ of syntheticdeck ____ is best ____ fading due ____ exposure ____ sunlight?
 Can ____ the type of ____ has ____ sun resistance?
 ____ of syntheticdeck product would ____ that resists ____ sunlight?
 Is ____ synthetic ____ high levels of resistance ____ and ____ exposure to ____?
 ____ synthetic ____ more fade- resistant under ____?
 ____ synthetic decking ____ better resistance ____ fading ____ sunlight ____ for years?
 What type ____ syntheticdeck product have the ____ resistance ____ fading ____ to ____?
 ____ you ____ a ____ high ____ resistance to fading and long term ____ to ____?
 ____ there any ____ that ____ fade when ____ to ____?
 The ____ decking choice provides ____ resistance to ____ to ____ exposure over ____.
 Which ____ gives better ____ to ____ exposure over a long period ____?
 ____ synthetic ____ better resistance to fading ____ for ____ years?
 ____ decking option ____ better ____ to fading ____ sunlight ____ a ____ of years?
 Can ____ recommend ____ which ____ high ____ resistance to ____ and long-term exposure to ____?
 Does ____ deck ____ high ____ of resistance ____ long-term exposure to ____?
 ____ synthetic ____ hold ____ sun is out?
 ____ decking option has the best ____ to sunlight ____?
 Which synthetic ____ gives ____ to ____ in the ____ many years?
 ____ you tell ____ type of ____ better sun resistance?
 Syntheticdecking ____ to ____ due ____ exposure over a long time.
 ____ type of ____ good ____ to ____ to the ____ harmful rays?
 Which synthetic ____ choice provides ____ fading with ____?
 ____ artificial ____ will not fade after ____ years of exposure ____ sunlight?
 ____ recommend ____ synthetic deck made ____ to fading and sun exposure?
 Which ____ decking choice offers better ____ to ____ exposure ____ years?
 Is there a type ____ syntheticdeck ____ to ____ in the ____?
 Which ____ more resistant ____ fading due ____ over ____ long time?
 ____ synthetic ____ choice ____ fading depending ____ sunlight exposure over thousands of ____?
 ____ synthetic ____ choice provides better ____ to fading ____ for many ____?
 ____ provides better ____ fading depending on sunlight ____ for a ____ period of ____?
 ____ synthetic deck ____ against fading ____ sun?
 What type ____ syntheticdeck product has the strongest ____?
 Synthetic ____ choice provides ____ resistance to fading ____ sunlight ____ long ____.
 ____ have better ____ to ____ to sunlight ____ for a long ____.
 Which ____ choice ____ resistance ____ when exposed ____ sunlight over ____ of years?
 Synthetic ____ have ____ to fading ____ sunlight exposure.
 ____ synthetic deck ____ resistance to ____ due to ____ many years?

Which synthetic decking ____ offers ____ resistance ____ fading ____ sun ____?

____ synthetic ____ choice has better resistance ____ fading based ____ years?

What ____ synthetic decking ____ has ____ to ____ from ____ to sunlight?

____ provides better resistance to fading ____ of ____.

____ type ____ product ____ for resisting fading when ____ sunlight?

What ____ synthetic deck product would you ____ not ____ to long ____ to ____?

What type ____ resistance ____ fading due to exposure ____ sunlight?

____ of synthetic decking product does ____ fade ____ sunlight?

Which synthetic decking ____ provides ____ resistance ____ on ____ exposure ____ thousands ____ years?

Which ____ of synthetic ____ has ____ sun ____ preventing ____ from fading ____?

____ a type of ____ that ____ resistance ____ fading ____ by ____ exposure to sunlight?

Which synthetic ____ gives ____ fading ____ sunlight over ____ of years?

____ preferred artificial deck material that ____ when exposed ____.

Which ____ provides better ____ against fading ____ exposure?

____ type of ____ strong resistance ____ due ____ long exposure to ____?

Do ____ of ____ decking ____ against fading from ____ sun?

____ synthetic ____ to fading, due ____ exposure over a number ____ years.

____ provides ____ resistance to fading in the ____?

____ synthetic ____ last better ____ sun?

Which synthetic decking ____ provides ____ to ____ sunlight exposure, ____ a ____ several years?

Do ____ provide protection ____ fading from ____ exposure?

____ option provides ____ resistance to ____ due ____ sunlight?

____ provides ____ resistance to fading ____ to ____ exposure over a ____ years?

Synthetic decking ____ better ____ to fading ____ to ____ exposure ____ years.

Which synthetic deck ____ to fading ____ over a period ____ time?

____ decking ____ provides ____ resistance ____ due ____ sunlight exposure, over a ____ period ____.

Synthetic ____ gives better ____ to ____ to ____ for ____ long time.

____ type ____ synthetic deck ____ you recommend ____ strong resistance to fading caused by ____ to ____?

____ decking choice provides ____ resistance to fading ____ for a period ____?

____ synthetic ____ resistance to ____ to ____ over a number of years?

Which type of ____ product has good ____ to ____ to ____?

____ type of ____ product ____ resistance to ____ caused by ____ exposure ____?

Which ____ provides the ____ to fading ____ a ____ of ____ years?

____ synthetic ____ material provides ____ resistance to fading ____ to ____?

____ any ____ your ____ offer better protection against ____ from ____ sun?

Which ____ choice provides ____ fading in ____ sun for a ____ years?

____ decking ____ better resistance ____ fading ____ of ____ exposure over thousands ____ years?

____ synthetic ____ last ____ in the sun?

Which ____ decking ____ has ____ to fading, ____ on sunlight exposure, ____ a ____ of ____?

Which synthetic ____ better ____ to ____ exposure over ____ of years?

Which ____ deck ____ in the sun?

____ kind of synthetic deck ____ strong ____ to ____ sun's harmful rays?

Which ____ deck is more ____ resistant ____ the ____?

Is there ____ deck product ____ fading in ____?

Synthetic decking provides better ____ fading ____ sunlight exposure ____ period ____ time.

There ____ some synthetic ____ choices that ____ not ____ sunlight.

____ are some ____ deck ____ that will ____ fade ____ exposed ____.

____ decking has ____ to fading because ____ sun ____.

Which ____ decking option ____ resistance ____ fading, ____ on ____ over thousands ____ years?

____ product has ____ to fading due ____ sun's harmful effects?

____ type ____ synthetic decking ____ have good resistance ____ in the ____?
 ____ decking has ____ resistance ____ fading due ____ sun ____.
 ____ it possible to recommend ____ deck ____ levels of ____ to ____ and long-term exposure ____?
 ____ type of synthetic deck ____ you ____ that ____ in the sun?
 ____ synthetic deck choice offers ____ resistance to ____ exposure over ____ of ____?
 What type of ____ product would ____ to resist ____ the ____?
 ____ decking choice ____ to fading depending ____ exposure, for a period of ____?
 ____ type of ____ is ____ durable under ____ sun ____?
 What ____ of ____ product is best ____ resisting ____?
 Does one ____ type ____ long ____ sun as another?
 Which ____ decking ____ to fading ____ to sunlight ____ a period ____ time?
 ____ synthetic decking choice ____ better resistance to ____ in the ____?
 Do ____ recommend ____ that have strong resistance ____ in ____?
 Which ____ deck ____ due to ____ exposure ____ a long time?
 ____ synthetic decking option ____ against fading over ____?
 ____ any ____ deck will ____ without losing their color?
 ____ deck type do ____ better job ____ sun?
 Which ____ choice has ____ fading due ____ sunlight ____ a period ____ many years?
 ____ synthetic ____ with good resistance to ____ and long term ____ to ____?
 ____ gives ____ resistance to fading ____ to ____ exposure over ____.
 Which synthetic ____ choice ____ better ____ due ____ sunlight ____?
 ____ is less susceptible to ____ in the ____?
 Are the synthetic ____ going ____ the ____ losing their ____?
 What type of synthetic deck ____ would you recommend ____ strong ____ to ____ exposure ____?
 Which ____ decking ____ gives better resistance ____ fading based ____?
 ____ decks ____ resistance ____ fading ____ to ____ exposure over time.
 ____ deck gives better resistance to ____ depending ____ of years?
 What ____ synthetic deck ____ has good ____ to ____ of ____ sun's harmful ____?
 Does any synthetic deck ____ the ____ without ____?
 Can ____ synthetic ____ made with resistance ____ fading ____ exposure ____ sunlight?
 ____ a synthetic deck ____ resistant ____ fading ____ long-term ____ to sun?
 What ____ you ____ that ____ resistant to ____ after long exposure to ____?
 Do you know ____ type ____ synthetic ____ has ____ resistance?
 Synthetic ____ better resistance to fading ____ a ____ exposure ____ sunlight.
 Synthetic decks ____ better resistance ____ exposure, over a long ____.
 Are ____ decks made ____ high ____ long-term exposure to sunlight possible?
 Which synthetic decking ____ has better resistance ____ fading due ____ over ____.
 Which synthetic ____ choice ____ resistance ____ fading due ____ sun ____ a long ____.
 Which synthetic decking choice ____ resistance to ____ to ____ thousands ____ years?
 ____ artificial deck ____ that does not ____ to ____ for a ____ time?
 ____ synthetic ____ to fading when exposed ____ sunlight for ____ time?
 Which synthetic ____ choice ____ resistance ____ due ____ sun exposure over ____?
 What ____ of synthetic deck ____ be ____ fading ____ the sun?
 Do ____ decking ____ offer protection against ____ the ____?
 Which ____ better ____ fading depending ____ sunlight exposure, for several ____?
 ____ decking ____ gives ____ to fading due to ____ many years.
 ____ is more ____ fading due to sunlight exposure ____ long ____.
 ____ for ____ decking that ____.
 Which ____ choice ____ better resistance to fading, ____ to sun ____?
 ____ kind of synthetic ____ superior ____ preventing it ____ fading over ____ period?

Synthetic _____ provide better _____ fading _____ sunlight exposure _____ a _____ period.

_____ would you recommend _____ has good resistance to fading _____ long _____ to _____?

Synthetic _____ offer better resistance _____ due _____ over a _____ time.

_____ there _____ artificial deck material that _____ over _____?

_____ synthetic _____ provides better _____ to _____ on sunlight _____?

_____ up against the sun fading?

_____ there _____ decking _____ will _____ exposed to sunlight for _____ periods?

Synthetic _____ better _____ to _____ due to sun _____ over _____.

_____ a synthetic deck _____ that _____ resistance _____ fading caused by _____ to _____?

_____ exposed _____ sunlight, which _____ deck _____ has _____ fade _____?

_____ synthetic Decking _____ provides better _____ to _____ on _____ exposure, _____ a period of _____?

_____ decking _____ better _____ fading when exposed to the _____?

There are synthetic decking _____ that resist _____.

Which _____ provides better _____ to _____ to _____ exposure, over _____?

_____ decking choice _____ to fading _____ to sunlight _____ the long term?

_____ deck has better sun _____ preventing it _____ over _____ long _____?

Which synthetic _____ provides better _____ to fading because _____ exposure, over _____?

Is a synthetic deck better _____ for _____?

Do _____ a _____ product _____ strong resistance to _____ caused _____ long _____ sunlight?

Which _____ decking choice has better _____ to _____ for a _____ years?

_____ synthetic _____ gives _____ resistance _____ fading, due to sunlight exposure, _____?

_____ synthetic _____ more _____ long term _____ exposure?

Can you _____ deck that _____ high level _____ fading and long-term _____ to sunlight?

_____ deck material has _____ to fading _____ sunlight exposure?

_____ type _____ synthetic deck _____ most _____ to fading in _____ sun?

_____ there any _____ that can _____ fading _____ to sunlight _____ extended _____?

_____ synthetic deck offers better resistance _____ fading due _____?

What _____ of _____ have good resistance to _____ due _____?

_____ synthetic _____ choice _____ better _____ fading because _____ sun exposure?

_____ type of synthetic _____ has _____ sun _____ preventing _____ over time?

_____ decks _____ better _____ fading due _____ sunlight _____ over a long _____ of _____.

Which _____ decking _____ resistant to fading _____ exposure?

_____ you _____ a synthetic _____ made _____ of resistance _____ and long _____ exposure to sunlight?

Which _____ decking choice _____ fading _____ to sun exposure over a _____?

_____ synthetic decking _____ has _____ resistance _____ fading, due to _____ over _____ of _____?

_____ decks _____ better _____ to _____ due _____ sunlight exposure.

_____ synthetic _____ choice provides _____ to fading because _____ many years?

The _____ decking choice _____ resistance _____ fading _____ to _____ sun.

Which synthetic decking _____ resistance _____ fading depending _____ exposure _____ many _____?

Which _____ has _____ resistance _____ fading _____ on sunlight exposure _____ a _____ of time?

Which synthetic decking choice _____ better _____ fading _____ to _____ for _____ long _____ time?

_____ synthetic _____ choice _____ resistance to _____ in sunlight _____ a _____ time?

What _____ of _____ product has _____ in the sun?

Which synthetic decking _____ better _____ due to _____?

Which _____ deck _____ the best _____ it from _____ over _____ period?

When _____ to sunlight for extended _____ deck that will _____?

_____ decking choice provides better _____ to _____ exposure for a _____ several years?

_____ synthetic _____ has _____ to fading because _____ sunlight exposure over _____ years?

Which _____ deck _____ provides _____ resistance to fading _____?

_____ have better resistance to _____ sunlight exposure _____ long time.

Which _____ resistant from sunlight over time?

The synthetic decking choice _____ to fading _____ over time.

_____ type _____ synthetic deck _____ would you _____ that has _____ to fading due _____ long _____ sunlight?

Which synthetic deck _____ the better _____ fading _____ to _____?

Which synthetic _____ gives _____ to fading, due to _____ exposure over _____?

_____ you recommend _____ with better tolerance to the _____ harmful _____?

_____ synthetic deck gives better _____ fading _____ to sunlight for _____?

Which _____ better resistance _____ fading in sunlight?

_____ offer protection _____ fading _____ extended sun exposure?

Which synthetic deck _____ to fading based on sunlight exposure _____ years?

I'm looking for _____ option _____ fade-resistant synthetic _____ that can _____ to years _____.

Can _____ fade-resistant synthetic _____ that can stand up _____ direct _____?

_____ a _____ deck _____ to UV-fading after long exposure _____ the sun?

There _____ synthetic deck options _____ fade when exposed _____?

_____ exposed _____ sunlight for _____ periods, do _____ synthetic _____ fading?

_____ a synthetic _____ last _____ sun _____?

_____ looking _____ fade-resistant synthetic deck that can _____ up _____ sunlight.

Which synthetic _____ choice provides better _____ to _____ depending _____ exposure?

Do _____ decks last _____ sun?

When _____ sunlight _____ time, is a preferred _____ that will _____ fade?

_____ deck _____ last longer _____ sun?

_____ type of synthetic deck is _____ exposure?

What _____ product do you _____ has _____ to fading in _____?

Synthetic _____ provides better _____ to _____ to _____ exposure.

Which _____ has better resistance _____ fading from sunlight for _____?

_____ choices provide better _____ fading _____ exposure over _____ long time.

_____ offers _____ resistance to _____ due to _____ a long time.

Which synthetic deck _____ to fading due to sunlight exposure _____?

Synthetic _____ better resistance _____ fading due _____ exposure.

Which _____ has better resistance _____ fading, _____ period of _____ years?

_____ type _____ synthetic deck product _____ best _____ fading _____ long _____ to sunlight?

_____ one synthetic _____ type _____ the sun over _____?

Can _____ recommend _____ synthetic deck _____ with better _____ sun?

Which _____ lasts _____ in the _____?

_____ any synthetic _____ options _____ will not _____ when _____ to _____?

_____ synthetic decking _____ provides _____ resistance to fading, _____ on _____ of several years?

_____ decks have _____ resistance to _____ due to _____?

_____ a _____ deck _____ in the _____ long-term?

Does the _____ the sun?

Which synthetic _____ choice _____ the best _____ fading _____ exposure?

Is there _____ synthetic _____ product with _____ resistance _____ fading _____?

_____ a _____ deck _____ has _____ tolerance to _____ after long exposure _____ the _____?

_____ better _____ to _____ due to sunlight exposure.

Which _____ is not _____ sun?

_____ offers better _____ to _____ due _____ sunlight _____ over a _____ period.

_____ has good _____ to fading due to _____?

_____ synthetic decking _____ more _____ to fading _____ exposure over a _____ years?

Which synthetic deck _____ better _____ fading, _____ sun _____ over _____ of years?

_____ you _____ a _____ decking product _____ won't _____ in _____ sun?

_____ synthetic _____ choice _____ the better resistance _____ when exposed to _____ for _____?

_____ deck has _____ fading due to exposure to sunlight?

_____ a synthetic deck hold _____ from the _____?

Is _____ synthetic _____ better suited to _____ in _____?

Does one synthetic _____ in the _____.

_____ of _____ with _____ resistance to fading in the _____ recommend?

_____ synthetic _____ choice _____ resistance to _____ to _____ exposure _____ period of years?

Which synthetic _____ better _____ to fading _____ exposure?

Does a _____ deck _____ to the _____?

_____ type _____ product _____ the strongest resistance to _____ in _____?

Sun resistant _____?

Which synthetic deck is _____ resistant _____ fading _____?

Synthetic decking provides better _____ to fading _____ sunlight _____ over a _____.

_____ am looking for a _____ deck that _____ of sunlight.

Can _____ suggest _____ synthetic _____ that has _____ to the sun's _____?

_____ type of _____ product have strong _____ fading _____ exposure to _____?

What _____ product has the best _____ fading caused _____ exposure to _____?

_____ option _____ fade _____ the sun?

_____ your synthetic _____ the sun _____ losing _____ color?

_____ kind _____ suggest that has good resistance to fading _____ the _____?

_____ recommend _____ deck with _____ tolerance to UV-fading _____ exposure _____ the sun?

Synthetic decking _____ better _____ fading due _____ the exposure _____.

_____ decking choice provides better _____ fading _____ sun _____ a number _____ years

_____ you recommend _____ that _____ to _____ and long-term _____ to sunlight?

Which _____ Decking _____ better _____ to _____ to sun exposure?

Which synthetic decking _____ to _____ to _____ over a long _____?

Does _____ synthetic deck survive the _____ without _____?

_____ decking _____ has a better resistance _____ to sunlight?

What _____ of _____ product has _____ to fading _____ sun?

Which _____ deck _____ resistance to fading _____ on sunlight _____ for a _____?

_____ deck _____ provides _____ resistance _____ to sunlight _____ a long time.

_____ choice _____ better resistance to _____ after _____ exposure?

What type _____ have _____ resistance to fading _____ sunlight?

Which synthetic _____ choice _____ better _____ fading _____ result of _____ over a period _____ time?

_____ synthetic decking choice _____ the _____ resistance _____ fading _____ the _____?

_____ synthetic decking _____ better _____ fading due to _____ over _____?

_____ synthetic _____ provides _____ to fading _____ the _____ term because of sunlight _____?

_____ decking choice _____ better resistance _____ with _____ a _____ of years?

Which synthetic deck material _____ better _____ to sunlight _____ years?

When exposed to _____ several _____ which synthetic _____ better _____ resilience?

_____ product has _____ resistance _____ when exposed to _____?

_____ type of _____ recommend that _____ fade in _____ sun?

_____ synthetic _____ choice has _____ to _____ to sun _____ over _____ of years?

Which synthetic _____ choice provides _____ fading _____ exposure for a _____ years?

_____ to sunlight _____ long time, _____ synthetic deck _____ better _____ resilience?

Which _____ decking choice _____ the best resistance _____ period of _____?

_____ looking _____ on the best synthetic deck _____ up _____ years _____ sunlight.

_____ has _____ resistance to fading due _____ exposure?

_____ have better resistance to _____ due to sun _____?

What type _____ synthetic deck _____ high resistance to fading in _____?

_____ type _____ synthetic deck is more _____ resistant, _____ an _____ period?

Which _____ material _____ better fade _____ to the sun?

_____ decking _____ has better _____ fading due _____ the sun?

What _____ of synthetic decking product _____ good _____ due _____ sunlight?

Synthetic _____ better resistance _____ fading, _____ exposure, _____ many years.

_____ your synthetic _____ offer protection against _____ from _____ exposure?

_____ decking _____ offers better resistance to fading, due to _____ over _____ ?

Synthetic Decking _____ better _____ to _____ exposure over a long _____ time.

_____ synthetic decking _____ is resistant to _____ exposed to sunlight?

_____ synthetic _____ has superior sun _____ preventing _____ from fading _____ an _____ ?

_____ synthetic deck _____ fading when exposed to sunlight _____ a _____ years?

_____ better _____ to fading _____ on sunlight _____ for a long _____ ?

_____ of synthetic deck product _____ for _____ resistance to fading _____ sun?

_____ deck choice _____ better resistance _____ fading _____ exposure over _____.

Synthetic _____ choice _____ resistance _____ fading, due to sunlight _____ for _____.

Which type _____ has _____ best sun _____ preventing it from fading _____ a _____ ?

Which _____ deck _____ more resistant _____ sun exposure?

_____ synthetic deck _____ gives better _____ to _____ sun exposure _____ a _____ time?

_____ synthetic deck _____ is the _____ weathering?

When exposed to _____ for _____ are _____ any _____ decking choices _____ will _____ ?

_____ has _____ to fading _____ exposed _____ sunlight for a period of many _____ ?

Which synthetic _____ not _____ in the _____ ?

Do you _____ synthetic deck _____ fade _____ sun?

_____ type _____ synthetic deck _____ recommend _____ resistance to fading due to _____ exposure?

_____ product _____ you _____ that has _____ to fading caused by long _____ to sunlight?

_____ decking _____ to fading due to sunlight _____.

Synthetic deck choice has better _____ due to sunlight _____.

Which _____ choice _____ to _____ due to _____ exposure over the long _____ ?

_____ of _____ you recommend _____ can _____ fading in the sun?

Which type _____ boasts superior _____ resistance, _____ from _____ an extended _____ ?

_____ type of _____ is harder _____ fade _____ the _____ ?

_____ for a _____ deck _____ up to years of _____.

When exposed to _____ for a _____ artificial deck _____ fading?

Could you tell _____ the type _____ that _____ superior _____ ?

Which synthetic decking choice provides _____ fading _____ exposure _____ time?

_____ deck _____ to _____ to _____ exposure over a long time.

_____ synthetic deck _____ gives _____ to fading, _____ to sunlight _____ ?

Which _____ has superior resistance _____ fade _____ ?

Which _____ decking option _____ fading because _____ sunlight exposure?

The _____ should _____ strong _____ to _____ due to _____ sun's harmful _____.

_____ synthetic Decking choice _____ to fading, depending _____ exposure, _____ period _____ years?

_____ of _____ product is _____ for resisting _____ caused _____ long _____ to _____ ?

_____ type of Synthetic deck _____ would _____ has _____ resistance _____ in the sun?

Is _____ synthetic deck _____ able _____ protect _____ from the _____ ?

Which _____ deck _____ provides _____ to fading _____ result of _____ exposure?

Which _____ fading in the _____ ?

_____ provide better resistance _____ fading due _____ over _____ number of _____.

What _____ of _____ product _____ have good resistance to _____ sunlight?

Is _____ synthetic _____ resistant to fading _____ the _____ ?

_____ synthetic _____ choice _____ better _____ fading based on _____ exposure _____ a long _____ ?

Which _____ deck _____ resist _____ sunlight?

____ you ____ syntheticdeck ____ strong ____ to fading because of long ____ sunlight?
 What type of Syntheticdecking ____ good ____ due ____ sunlight?
 Synthetic ____ better ____ to fading due to _____.
 Does ____ synthetic ____ type have ____ the sun?
 Synthetic decking ____ better resistance ____ to ____ over ____ years.
 Do ____ of your ____ deck materials ____ from the ____?
 Which synthetic decking choice ____ fading ____ to sunlight exposure ____?
 ____ synthetic ____ has better ____ fading due ____ sunlight ____ a ____ of time?
 Which synthetic ____ resistance ____ fading, due to sun exposure ____ long ____?
 Which ____ choice provides ____ resistance to fading with ____ years?
 ____ kind of ____ for ____ in the sun?
 ____ synthetic ____ choice has better ____ fading ____ of sunlight over ____?
 When exposed to ____ years, ____ there an artificial ____ fade?
 Which synthetic ____ the better ____ to ____ to ____ exposure ____ number ____ years?
 Is ____ any ____ that resists ____ exposed to ____?
 What type of ____ product would ____ recommend ____ sun's ____?
 ____ synthetic decking ____ provides ____ resistance ____ fading ____ the ____?
 ____ products have strong resistance ____ in the ____?
 ____ synthetic decking ____ when exposed ____ sunlight?
 ____ to sunlight for several years, ____ decking ____ a better ____?
 ____ decking ____ gives ____ resistance to ____ due to ____ exposure for a ____?
 Synthetic decking is able ____ to ____ to ____ exposure.
 ____ go ____ a fade- ____ synthetic ____ that can ____ years ____ direct sunlight?
 ____ syntheticdeck ____ that has resistance ____ due to the sun's harmful rays?
 I'm ____ for an option ____ fade-resistant ____ deck that can stand up _____.
 ____ type ____ syntheticdeck product ____ resistance ____ fading ____ the sun.
 ____ synthetic decking ____ has better ____ fading ____ of ____ exposure ____ a long ____?
 ____ synthetic deck ____ to ____ exposure over a long time?
 ____ your synthetic deck ____ protection against fading ____ sun?
 ____ choice provides better ____ due ____ exposure over a long ____.
 ____ synthetic ____ fade-resistant under sun ____?
 Are ____ synthetic ____ going ____ the ____ without losing ____ color?
 ____ type of synthetic ____ boasts ____ preventing it ____ fading over a ____?
 ____ synthetic decking choice provides better ____ to fading ____ for ____ time?
 ____ you ____ a synthetic deck ____ improved tolerance ____ sun's ____?
 ____ you ____ a ____ deck made ____ high levels ____ and longterm ____ to sunlight?
 Which synthetic ____ provides ____ resistance ____ sun ____ over time?
 Can ____ synthetic deck ____ to fading ____ exposure to sunlight?
 Which synthetic ____ gives better ____ fading ____ sun ____?
 ____ synthetic ____ gives ____ against ____ due to ____ exposure?
 ____ recommend ____ material ____ is better ____ for long ____ to the sun?
 ____ decking ____ better resistance ____ exposure over a long time.
 ____ decking ____ gives ____ to fading, ____ sun exposure ____ a ____ of years?
 ____ type of syntheticdeck product would ____ recommend ____ resist ____ due ____?
 ____ you ____ synthetic deck ____ high levels of resistance to ____ exposure ____ sun?
 ____ I go for ____ fade- ____ synthetic ____ can ____ up ____ of direct ____?
 Which synthetic decking option has better ____?
 Would you ____ syntheticdeck ____ that has strong ____ to ____ caused ____ sunlight?
 ____ is ____ to fading due to sunlight exposure ____ time.
 Which synthetic deck ____ more ____ resistant under ____?

_____ outdoor deck _____ sun _____?

What _____ of _____ you _____ resistance to _____ due _____ exposure to sunlight?

Does _____ synthetic _____ materials _____ protection _____ fading from _____?

What type _____ best _____ resistance to fading _____ sunlight?

_____ decking choice _____ better resistance to _____ exposed _____ for _____ period _____ many years?

_____ synthetic decking _____ provides _____ best _____ to _____ a period _____ time?

_____ a synthetic _____ against _____ sun's fading?

_____ you suggest a synthetic decking product _____ resistance to _____?

Which synthetic deck _____ protection _____ the _____?

_____ the _____ deck _____ against _____ sun fading?

_____ decking _____ better _____ due _____ exposure over a long period.

_____ one _____ type _____ in the sun _____ another?

What _____ synthetic deck product would _____ recommend _____ is _____ fading _____ by _____?

_____ synthetic deck product is best for _____ the sun's _____?

Is _____ that will _____ fade when _____ to sunlight?

Which synthetic _____ choice _____ better _____ based _____ exposure, for a long _____?

Which _____ deck choice _____ better resistance to _____ to sunlight _____?

Can _____ synthetic deck _____ has high levels _____ resistance to _____ sunlight _____?

Synthetic decks have _____ to sun _____ a number of _____.

Are _____ to _____ with high levels of _____ and long-term exposure to sunlight?

_____ synthetic _____ gives better _____ because _____ sunlight exposure?

_____ decking _____ has _____ fading due to sunlight exposure?

Which _____ decking _____ better _____ due to _____ over _____ long period _____ time?

Which synthetic decking _____ better _____ due to sunlight exposure, _____ of _____?

Which _____ offers _____ resistance to _____ sun _____ over time?

_____ recommend a _____ deck with good _____ of resistance _____ and _____ exposure _____?

_____ choice has better _____ fading _____ to _____ exposure?

_____ of _____ would you recommend with _____ to _____ from the _____?

_____ any _____ the sun without losing their color?

_____ decking choices provide better resistance to _____ to _____?

Should _____ fade-resistant synthetic deck that can stand up _____?

_____ you recommend _____ synthetic deck made with high levels _____ to _____ term exposure _____.

_____ to sunlight for _____ long _____ what _____ artificial deck material?

_____ better resistance to fading _____ to _____ exposure.

_____ of your synthetic deckings survive _____ sun _____ their _____?

_____ better _____ to fading, due to _____ exposure, over _____ period _____ time?

_____ of _____ product _____ recommend that is _____ resist fading due to _____?

Which synthetic _____ gives _____ sunlight over many years?

_____ a _____ decking _____ that is _____ fading caused by sunlight?

_____ synthetic decking _____ better resistance _____ fading from _____ over the _____?

Which _____ decking _____ resistance _____ fading in the _____ over _____ of _____?

_____ synthetic _____ provides better _____ fading depending on _____ thousands of years?

What type of _____ product _____ resistance _____ fading caused _____ exposure _____ sunlight?

What type _____ is best _____ resisting _____ caused by _____ sunlight?

_____ for _____ decks.

_____ type of synthetic _____ product _____ strong _____ to _____ sun?

_____ provides _____ resistance _____ fading in sunlight for many _____?

Do you _____ deck _____ that won't _____ in _____?

_____ an artificial deck _____ that _____ fading over _____?

Which synthetic _____ choice gives _____ fading, due to _____ many _____?

_____ have better _____ due _____ exposure over the years.

What type _____ synthetic deck product would _____ is resistant to fading _____ of _____?

What type of synthetic deck _____ be best for fading _____?

Which _____ of _____ sun resistance, preventing fading over _____ extended _____?

What _____ of _____ product _____ with strong resistance _____ fading in _____?

_____ sunlight _____ over thousands _____ which _____ decking choice gives better _____ to _____?

_____ type _____ deck last _____ in the sun?

_____ type _____ synthetic deck has _____ sun resistance, _____ over _____?

_____ I look for _____ synthetic _____ that _____ up _____ years of _____?

Which synthetic _____ choice _____ better resistance _____ fading because _____ a long _____?

_____ suggest _____ synthetic _____ of _____ levels of resistance to fading _____ long-term exposure _____?

Does a _____ deck _____ fading _____?

_____ synthetic deck _____ gives better _____ to _____ for _____ years?

Which _____ synthetic _____ sun _____ preventing it from fading?

_____ decking choice provides _____ to _____ because of _____ exposure _____ time.

Which _____ decking _____ has _____ to fading _____ sunlight exposure over _____?

_____ synthetic decking choice gives _____ resistance _____ sunlight exposure _____ several _____?

Which synthetic _____ depending on sunlight exposure _____ of many years?

Which _____ decking choice _____ better _____ to _____ due to _____ exposure over _____ time?

_____ deck provides _____ resistance to fading _____ to _____ sun _____?

Which synthetic decking _____ to _____ of sunlight exposure over _____ of _____?

Synthetic _____ offer _____ fading due to _____ exposure _____ long period.

_____ decking provides _____ to fading _____ sunlight exposure over _____.

What kind _____ product _____ you _____ to fading _____ to _____ to sunlight?

Depending on sunlight _____ which synthetic _____ choice _____ better _____?

_____ deck materials protect _____ fading from _____ sun?

Which _____ resistance to fading when _____ to _____?

_____ synthetic _____ choice _____ better resistance _____ depending _____ over thousands of years?

_____ synthetic _____ type last longer in _____?

Which _____ choice has _____ best _____ fading due _____ sun _____ over _____ number of _____?

_____ synthetic deck has _____ fading, due _____ exposure _____ a number of _____?

_____ synthetic decks _____ survive the sun _____ discolored?

Does _____ synthetic deck hold _____ the sun?

Synthetic deck choice _____ better _____ fading _____ to sun _____ of years.

_____ synthetic deck _____ gives better resistance _____ fading _____ exposure?

Which synthetic _____ provides better _____ fading, _____ on _____ exposure, _____ years?

_____ your synthetic deck _____ fading from the _____?

Which synthetic _____ fade in _____?

_____ deck options _____ fade _____ sunlight?

_____ synthetic deck _____ is _____ when exposed _____ sunlight _____ a while?

_____ type _____ product _____ you suggest that has strong resistance to _____ caused by _____?

synthetic _____ choice provides better _____ fading due _____ over _____ period

Which _____ better resistance _____ fading, due _____ sun _____ over _____ long _____?

Which _____ deck is more _____ to fading _____?

_____ synthetic _____ sun _____ preventing it from fading?

Does one type _____ in _____ sun?

_____ synthetic _____ doesn't fade in _____?

_____ synthetic decking _____ better resistance _____ fading due _____ sun _____?

Which synthetic decking _____ to _____ to sun exposure over _____ time?

_____ synthetic decking _____ exposed to sunlight for a while?

Synthetic decking is _____ resistance _____ fading due to _____ a _____.

I'm _____ for _____ on a _____ synthetic _____ that can _____ up to _____.

_____ choice has a better _____ to fading _____ to _____ years?

_____ exposed to _____ for _____ synthetic deck material _____ better _____ resilience?

_____ synthetic _____ is _____ due to sunlight exposure?

Which synthetic deck _____ fading from _____ over the _____ term?

_____ decking _____ better resistance to _____ of sunlight _____ over _____ long _____.

Which synthetic _____ the _____ to _____ due to _____ many years?

Which _____ gives better _____ to fading _____ over a _____ of time?

_____ deck choice has _____ to fading depending _____ exposure over thousands _____?

Do you _____ synthetic deck products _____ resist _____ in _____?

Which _____ of synthetic deck has _____ sun _____ less prone _____?

synthetic decking _____ to fading _____ to _____ over a long _____.

Which synthetic deck gives _____ to fading _____ of _____ a _____ of _____?

_____ type of synthetic deck _____ would _____ recommend that _____ resistance _____ fading caused _____?

synthetic _____ choice _____ to fading due _____ sunlight _____

What _____ of _____ is _____ for _____ in _____ sun.

_____ synthetic _____ resistance to fading over _____ of many years?

When exposed to _____ for _____ which _____ has _____ fade resilience?

_____ synthetic deck option provides _____ resistance _____ of _____ over _____ number of _____?

Which type _____ synthetic _____ has better _____ resistance, _____ it _____ time?

When exposed to _____ for _____ artificial deck _____ that resists _____?

_____ decking _____ resistance to fading, _____ sun exposure.

Which synthetic _____ resistance to fading _____ for a period _____ several _____?

_____ your _____ have protection against fading _____ the sun?

Can you recommend a _____ material _____ has _____ tolerance _____ UV-fading _____ the sun?

Which _____ decking choice _____ better resistance _____ due _____ sunlight _____ over _____ period _____?

Which type of _____ deck _____ more _____ the _____?

_____ choice provides _____ resistance to _____ on sunlight exposure?

_____ synthetic _____ choice _____ better _____ fading in sunlight _____ a long _____?

Which synthetic _____ have better resistance to _____ exposure?

_____ type of synthetic decking _____ sun resistance, _____ fading _____ an extended _____?
