

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Problems with the air conditioning system
Inquiry Sub-Category	Air conditioning not cooling
Description	Customers may inquire about their air conditioning system not providing cool air, which could be due to a refrigerant leak, faulty compressor, or clogged air filter.
Data Size	5,011 paraphrases

_____ not cooling due to a refrigerant _____?
 _____ it _____ that _____ AC can't cool _____ of _____?
 Does a leak _____ coolant cause _____?
 The _____ isn't _____ it's _____ leaking.
 _____ might be caused by _____ leak _____ refrigerant.
 Is this _____ air _____ from the air _____ because _____?
 _____ the warm air coming from _____ conditioning _____ the _____ leaking?
 There is _____ leak _____ refrigerants _____ the _____ not cool.
 _____ the AC leaking _____ and _____ not _____ it should?
 There is _____ refrigerant _____ the _____ is _____ cold.
 _____ wants to know _____ the _____ with _____ does the refrigerant _____ in _____?
 _____ the _____ of the AC _____ the _____ a refrigerant?
 _____ cool because of a _____ of _____ refrigerant
 The _____ conditioning _____ may _____ be _____ has a leak.
 Someone _____ to _____ what the _____ their _____ is the _____ the heat?
 Is _____ leakingrigerant, _____ is preventing _____ from _____?
 Someone wants to _____ is leaking heat or if _____ is _____ refrigerant.
 Is the _____ issue _____ AC Refrigerant _____?
 Is _____ due _____ a _____ Refrigerant?
 _____ AC system inefficiency is related _____.
 It's possible that _____ a refrigerant _____ causing _____ poor _____.
 _____ wants _____ know if _____ a problem with _____ refrigerant leaking.
 The _____ is _____ cool _____ be _____ of a leak.
 _____ functioning _____ not _____ of leaking _____.
 Someone _____ know _____ my _____ unit is leaking _____ which _____
 The airconditioning units _____ a _____.
 _____ wonders if _____ airconditioning unit is _____ heat.
 Someone _____ to _____ is with _____ AC, _____ therigerant leaking causing _____.

There is ____ leak ____ refrigerants ____ airconditioning.

Someone wants ____ know what ____ with ____ is the Refrigerant ____ cause heat?

____ air ____ system ____ not be ____ due to ____ leak ____ HCFC.

The AC ____ not be ____ to ____ refrigerant ____.

____ problem with ____ preventing ____ AC from cooling.

The AC ____ cool ____ there's ____.

Is the ____ leaking ____ and ____ preventing it ____?

____ AC ____ not cold because ____ refrigerant ____.

Can't the AC ____ down because ____ in the ____?

The AC ____ preventing it ____ cooling.

The AC ____ not ____ due to ____ the ____.

____ AC doesn't cooling because ____.

____ AC ____ cooling off ____ to ____ leaking.

Does ____ leak cause air ____?

The AC ____ cooling ____ Refrigerant.

Someone ____ to ____ is leaking Refrigerant.

____ wants ____ if the ____ is ____ or if ____ a problem ____ the ____.

____ a possibility ____ a ____ might be causing poor ____.

The AC ____ be malfunctioning due ____.

I ____ A/C ____ failing due to ____ refrigerant.

____ AC is ____ warm air ____ of a ____?

Is the ____ cooling down due to ____?

____ the AC ____ and ____ not ____ it should?

____ air conditioning failed ____ refrigerant?

Is the ____ system ____ refrigerants?

Is the ____ cooling ____ due to ____ leak ____?

Is ____ AC leaking ____ and ____ cooling ____ should?

Is the AC not ____ leak?

Someone ____ if my airconditioning unit is ____ causes ____.

____ functioning can be ____ leaking ____.

____ it because ____ the leaking Refrigerant ____ warm ____ from the ____ conditioning ____?

Someone ____ know ____ the ____ malfunctioning or if the ____ leak ____ heat.

____ cooling ____ because of refrigerant leaking?

____ the ____ cooling ____ a leaking Refrigerant?

____ AC ____ cooling down because ____.

____ because of ____ leaking coolant.

____ possibly be leaking ____ refrigerant.

Is air ____ a leaking ____?

Is ____ malfunctioning ____ of ____ coolant?

Is ____ with the ____ AC?

Has the ____ conditioning ____ of the ____?

____ air ____ not cool off if ____ is ____ refrigerant.

____ is not ____ because ____ is a ____ of ____ refrigerants.

A/C ____ be bad ____ coolant.

____ leak in the coolant that ____ poor ____?

The ____ might ____ malfunctioning ____ out Coolant.

Is ____ arigerant, ____ it's blocking the ____?

____ the airconditioning ____ because of a ____?

____ possible that ____ conditioning ____ of leaking Refrigerant?

The AC ____ from a ____ in ____.

The ____ conditioning ____ might ____ malfunctioning ____ with the refrigerant.
____ malfunctioning due ____ refrigerant leaking?
____ AC ____ because ____ refrigerant leak?
____ can be ____ to leaking ____.

There is a leak ____ refrigerants ____ conditioning.
____ not ____ of a leak ____ the refrigerants.
____ the cooling ____ issue been ____ leaking of ____?
____ leakingrigerant and not ____?

Can't ____ cool down ____ leaking ____ in the ____?
____ the AC ____ a leaked ____ coolant?

Is there ____ leak of the ____ or ____ air ____?
____ might be ____ inadequate ____ the leaked coolant.
____ is a ____ a refrigerant in an ____.
____ the cooling ____ problem ____ the ____ of the ____?

____ what's ____ on ____ AC, is the refrigerant ____ in ____ cause heat?
____ cause a problem ____ air conditioning?

Is it ____ we ____ experiencing inadequate cooling ____ to ____?

Is air ____ because ____ leaked ____?

____ to ____ what the problem ____ their ____ the refrigerant leaking causing ____?
____ it ____ the ____ can't cool ____ to leaking ____ gas?
____ of the ____ caused ____ AC ____ be ____ cool.

____ this ____ air ____ from the ____ unit ____ of the leaking ____?

AC ____ leaking ____ something ____ is messing with ____?

____ air compressor ____ cold ____ to ____ leak ____ the refrigerant.

The ____ might not be ____ due ____ leak.

Someone wants ____ know ____ airconditioning unit has ____.

____ system is not cold because ____ the ____.

____ coolant ____ affect air ____?

____ of ____ refrigerant causes the ____ be cool.

Is ____ AC leaking ____ it ____ it from ____?

____ AC ____ to ____ leaking gas ____ the fridge.

____ wants ____ know what the ____ with ____ AC ____ refrigerant ____ leaking.

The AC ____ cool because ____ a ____.

The ____ may not ____ of a leak.

____ wants ____ know ____ the problem is ____ AC, is ____ in to ____ heat, or is ____?

The ____ isn't ____ refrigerant leak.

Someone ____ to know what ____ with the AC, is ____ refrigerant ____ heat?

____ AC ____ because of ____ leakingrigerant?

____ a ____ of ____ coolant ____ air ____?

Is the air ____ malfunctioning, or ____ the coolant?

The AC is ____ cooling off ____.

Is the AC leaking arigerant ____ as ____?

Is the ____ cooling because ____ Refrigerant?

____ AC ____ cool ____ of a ____ Refrigerant?

Is ____ and it is ____ it ____ cooling?

The AC ____ not ____ because ____ a ____.

Is there a ____ of ____ or ____ isn't ____ down?

____ possible that ____ not ____ because of a leaking ____?

____ is ____ due to a problem with ____ refrigerant.

Is the AC ____ arigerant ____ cooling ____?

____ the AC cooling down ____ a ____ a ____?
 ____ air conditioning ____ may not ____ of ____ leaking ____
 Is the AC ____ not cooling ____ should.
 ____ cooling ____ a result of ____ refrigerant leak?
 ____ the ____ problem due ____ the leaking ____?
 ____ the cooling issue ____ of ____?
 The ____ cooling due ____ a ____ with its ____
 ____ AC is ____ cold ____ refrigerant ____ leaking.
 ____ cooling ____ due to ____ of a refrigerant?
 ____ air conditioning ____ a leak ____ a refrigerant.
 ____ a leak of ____ the ____ conditioning ____ not cooling.
 ____ leakingrigerant ____ not cooling like it should?
 Is my ____ malfunctioning because ____?
 Someone wants ____ know ____ the ____ is ____ their ____ the ____ in, or something ____.
 ____ AC cool ____ of ____ leak?
 Is ____ AC ____ cool because ____ leaking ____?
 ____ AC isn't ____ of a leak ____ the ____.
 ____ conditioning not cooling ____ a leaking Refrigerant.
 ____ the warm ____ the air ____ because ____ is ____ the refrigerant?
 ____ AC can't cool ____ the ____ leaking ____.
 ____ the ____ and ____ preventing itfrom ____?
 ____ because of the leaking ____ in the ____.
 The cooling ____ may ____ to the leaking ____.
 ____ a ____ leak hurt ____?
 Is ____ because of ____ are not ____ adequate cooling?
 ____ system ____ be malfunctioning due ____ the ____.
 ____ air conditioning system ____ not cold ____ the ____.
 ____ unit ____ be leaking ____ refrigerant
 ____ the air conditioning ____ because ____ the refrigerant ____?
 Someone wants ____ know ____ the refrigerant ____ the ____ if there ____ a problem with ____.
 Someone wants ____ know ____ the ____ is ____ the AC and ____ leak is ____ heat.
 Is the ____ arigerants ____ preventing ____ cooling?
 ____ air conditioning ____ may not ____ a leaking refrigerant.
 Is ____ AC ____ and it's preventing ____?
 Is the ____ conditioning ____ not ____ a ____ with ____ refrigerant?
 ____ conditioning ____ because ____ leaked refrigerant.
 A leak of ____ refrigerants ____ not be cool.
 I ____ is ____ due to a wrong ____.
 Is ____ conditioning malfunctioning ____ refrigerant?
 Are ____ air conditioning system ____ problem with the ____?
 ____ equipment isn't ____ and ____ refrigerant ____ leaking.
 ____ experience inadequate cooling because ____ the ____?
 ____ of the leak of the refrigerant.
 ____ conditioning system not ____ to some ____ with ____ refrigerant?
 Are the AC ____ it from ____?
 ____ the air conditioning ____ because of ____ Refrigerant?
 Did ____ refrigerant ____ the cooling system issue?
 ____ airconditioning ____ cold ____ it leaking?
 The air conditioning ____ due ____ problem with therigerant.
 ____ wants ____ know ____ issue ____ their AC, is ____ refrigerant ____ causing heat?

Someone ____ if ____ airconditioning unit ____ leaking ____ causes ____.

Is it because ____ AC ____?

____ the AC ____ out coolant?

____ air conditioning may ____ because of ____ refrigerant.

____ the AC ____ because of a ____?

A ____ the air conditioning ____ to ____ cool off.

Someone wants ____ airconditioning unit is ____ not.

It is possible ____ is ____ a refrigerant

____ the ____ conditioning unit ____ because ____ leak?

Is ____ air conditioning system ____ it ____ problem with ____?

Is ____ due to refrigerant ____?

____ air ____ isn't ____ because of the ____.

____ AC not cool ____ gas in the refrigerator?

____ is an ____ a refrigerant.

____ the ____ issue ____ to ____ leak ____ a refrigerant?

____ conditioning failing because ____ leaking ____?

____ a ____ air conditioning?

____ the A/C ____ to ____ with a refrigerant?

____ a ____ a refrigerant is causing poor cooldown?

Someone wants to know what ____ with ____ AC, ____ in to ____ heat or

Is ____ leaking ____ causing ____ cooling.

Is the ____ it ____ cooling like ____ should?

____ leaking ____ so it can't ____?

The AC isn't ____ due ____ of the ____.

Someone wants to know ____ the problem ____ AC, is ____ heat?

There's ____ leaking ____ the AC ____.

____ wants ____ the problem is with ____ and if ____ refrigerant ____ causes the ____.

____ not effective airconditioning?

____ know if my ____ leakingrigerant.

____ conditioning ____ be ____ or there ____ leak of the coolant.

____ is ____ of an ____ with its refrigerants.

____ may ____ malfunctioning due ____ a ____ refrigerant.

Is it because ____ the leaking ____ this ____ the air ____ unit?

Someone wants ____ know what ____ problem ____ their ____ leaking in to cause ____?

A/C doesn't ____ leaking coolant.

____ it ____ that ____ can't cool because ____ leaking ____ gas?

The ____ off ____ to the ____.

The AC isn't ____ has ____ leaking.

Someone wants to ____ the ____ is with their ____ the ____ leaking ____ to ____ the ____?

Is the cooling ____ by the ____ of ____?

The ____ cooling ____ of ____ problem ____ the refrigerants.

Can't the ____ of ____ refrigerator gas?

Air conditioning ____ not ____ as ____ refrigerant ____ leaking.

____ air ____ failing ____ the leakedrigerant?

____ AC doesn't ____ of ____ Refrigerant.

____ conditioning equipment is ____ cold and ____ is ____.

Someone ____ to ____ if my ____ unit ____ leaking ____.

____ leak of ____ refrigerants is ____ the AC ____.

Is ____ warm air coming ____ conditioning ____ due ____ leakingrigerant?

Someone ____ to know ____ issue ____ with their ____ is the refrigerant ____?

Someone wants ____ know ____ my ____ is ____ heat.

The air conditioning system ____ because ____ Refrigerant ____ this warm air coming from the air ____ because ____?

A ____ refrigerants ____ AC to ____ be cool.

____ air compressor is ____ and the ____ is ____.

____ is ____ in the AC system ____ to ____.

____ wants to ____ a ____ leak is ____ heat in the ____.

____ the ____ malfunctioning ____ of ____ refrigerant?

____ air coming from ____ air ____ because of ____ leaking Refrigerant?

Did leaking ____ refrigerant ____ the ____ issue?

Someone would like to ____ my airconditioning ____ leaking Refrigerant ____.

Someone ____ to ____ problem ____ AC ____ is ____ leaking in ____ cause heat, ____ something else.

____ is a ____ of ____ that makes ____ AC ____ cool.

Is there a ____ messing ____ the ____ of ____?

____ system is not cold and ____ is ____.

Someone ____ know ____ problem is with ____ AC, ____ leaking?

Someone wants ____ know if ____ refrigerant leaking ____ the heat ____.

____ the cooling ____ because of ____ leak?

____ air ____ equipment is not ____ the leak.

Did the ____ result ____ refrigerant ____?

Was it ____ refrigerant leak?

Are ____ air ____ leaking ____?

Someone ____ to know ____ is ____ to the ____ of ____ refrigerant.

____ the ____ Refrigerant causing ____?

____ system inefficiency ____ leakingrigerants?

____ wants ____ is a ____ with their ____ is the refrigerant ____ in?

____ question about the ____ conditioning ____ due to ____ with ____ refrigerant.

____ AC ____ not cooling off ____.

Is ____ air conditioning not ____ down ____ leak?

____ if the Refrigerant leaking ____ to ____ the ____ with their AC.

____ wants to ____ is malfunctioning because of ____ refrigerant ____.

____ A/C functioning is ____ a leaking ____.

Are we ____ insufficient cooling ____ leaked ____?

Has the ____ leaking refrigerant?

Someone ____ know if the ____ malfunctioning ____ the refrigerant ____ in.

____ or not an effective ____?

Does the air ____ leaking Refrigerant?

____ works ____ should because of leaking ____.

The ____ is not ____ leak?

____ cooling of the ____ by the ____ of ____ refrigerant?

____ this ____ air ____ from the ____ unit ____ of the leak ____ refrigerant?

Is the ____ cooling like it should?

____ we experiencing ____ because of ____ coolant?

____ be malfunctioning ____ the ____ coolant.

Is ____ air ____ system not cooling ____ the refrigerant?

____ this ____ coming ____ air conditioning unit ____ of ____ of the ____?

Is it ____ leak ____ AC coolness?

The ____ not ____ because of a ____ of ____.

____ cooling problem with the ____ is it a ____?

____ the ____ not ____ to ____ problem with ____ refrigerant?

_____ affects _____ conditioning.

_____ to _____ what _____ their AC is, is the _____ leaking _____?

Insufficient _____ is _____ by _____ coolant

_____ conditioning _____ to leaking refrigerant?

_____ the _____ system _____ effective because _____ refrigerant _____?

Is the _____ _____ _____ leaking out coolant?

_____ isn't cold due to _____ the refrigerant.

_____ AC _____ arigerant, and it's _____ down?

Is the _____ _____ _____ to a leaking _____.

Is it _____ we _____ _____ cooling due to the _____ coolant?

_____ would _____ if my _____ is leaking Refrigerant

Is the _____ due to _____ leak?

_____ cooling system problem _____ _____ leaking?

The AC doesn't _____ because _____ a _____.

_____ wants to know _____ my _____ unit is _____.

Does the air _____ due _____ a leaking _____?

Someone wants to _____ what the _____ is _____ their AC, _____ _____ _____?

_____ problem _____ refrigerants _____ the _____ the AC _____ not cooling.

_____ possible _____ we are _____ insufficient _____ _____ the leaked coolant?

_____ the _____ arigerant, and _____ not cooling _____?

Someone _____ know if the AC _____ malfunctioning _____ of _____ _____ leaking _____.

_____ AC is not _____ because _____ a leak _____.

Is the cooling _____ the AC _____ _____ a refrigerant?

Does _____ air _____ not _____ because of a _____?

_____ AC _____ as cool because of _____.

_____ _____ _____ to an incorrect refrigerant?

Is _____ leak _____ AC _____?

Is _____ AC not _____ the _____ is _____?

_____ leak of _____ is _____ blame for _____ AC not _____.

Is the _____ malfunctioning _____ _____?

_____ system issue _____ have _____ caused _____ refrigerant leakage.

Is my _____ leaking _____?

The air _____ is _____ cold _____ the leaking _____.

_____ is possible that _____ leak is _____ poor _____.

Someone _____ to _____ is the _____ with their _____ the _____ in to _____ heat?

_____ _____ _____ due to leaking Coolant.

_____ airconditioning system _____ to a problem with _____?

The AC _____ not cool due _____ leak _____.

The AC _____ not _____ _____ a leakingrigerant.

_____ AC not cooling _____ of _____ leaking _____.

_____ the A/C malfunctioning _____ _____ refrigerant?

The _____ _____ of a _____ leak.

_____ is _____ cold, _____ it leaking?

Is _____ conditioning system malfunctioning _____ to a _____ with _____?

Did the cooling system _____ _____ leaking of _____?

_____ ac _____ work _____ a leaking Refrigerant?

_____ if _____ unit is leaking Refrigerant.

There is _____ refrigerant in _____ air conditioning _____.

_____ not _____ to the leakingrigerant.

_____ wants to _____ AC is malfunctioning _____ to a _____ _____ refrigerant.

Did the ____ system issue _____ of ____ refrigerants?

____ the ____ have a _____?

Somebody ____ to _____ airconditioning ____ is leaking Refrigerant.

____ is insufficient ____ functioning because _____.

____ AC is not _____ leaking refrigerant.

____ fail because of ____ refrigerant?

____ is no longer cool _____ leak.

The _____ isn't ____ and ____ Refrigerant is ____.

____ conditioning malfunctioning _____ the leaking refrigerant?

____ AC doesn't _____ the leak.

Is ____ AC leakingrigrerant, or _____ from cooling?

AC malfunctioning ____ a _____?

Someone wants to know what the _____ with ____ AC, ____ the ____ leaking ____ to cause _____.

Is ____ air ____ system ____ due to the _____ the ____?

____ the AC leaking arigerant ____ it's preventing _____?

____ leak ____ with AC ____?

Is _____ conditioning failing _____ leaked ____?

____ warm ____ coming ____ the ____ unit because _____ leaking Refrigerant?

Is the cooling _____ the AC _____ leak?

____ is a _____ the AC, ____ it a ____?

____ cooling because ____ a leaking refrigerant?

____ functioning can ____ blamed on _____.

Is ____ AC leakingrigrerant, _____ from cooling?

Is ____ leak ____ with _____?

Are _____ not cooling _____ a problem with ____ refrigerant?

____ with AC coolness?

____ know if the ____ is ____ heat or ____ problem ____ with the ____.

____ is a ____ Refrigerant _____ is not cold.

____ from ____ leak in ____ coolant.

____ wants to know ____ the _____ is ____ Refrigerant.

____ the ____ cold _____ Refrigerant ____ leaking?

The ____ conditioning system is not _____ the _____.

The _____ system might _____ because ____ a ____ refrigerant

Is the ____ conditioning system malfunctioning _____ malfunctioning ____?

The air ____ system isn't _____ problem with therigerant.

Someone ____ to _____ refrigerant ____ their AC is leaking ____ causing _____.

____ the ____ of therigerant ____ in my ____?

The air _____ not cold _____ is leaking ____.

____ the warm air coming _____ unit ____ of the ____?

The ____ is _____ because _____ leak.

____ cold because ____ refrigerant is ____?

____ wondering if their airconditioning unit _____.

The ____ isn't _____ of ____ leak of ____ refrigerant.

The air conditioning _____ due ____ a leaking _____.

The air _____ not cool ____ if _____ a leaking _____.

Is the airconditioning system _____ because ____ a ____ with _____?

Is _____ air coming from _____ unit because of the _____ Refrigerant?

____ as a result ____ leaking ____.

Someone _____ know the ____ with their _____ the ____ leaking ____ to cause _____?

Has ____ conditioning _____ leaked refrigerant?

_____ to _____ out coolant.

_____ conditioning system is _____ due _____ leaking Refrigerant.

_____ the air _____ cooling, _____ is there a _____ the _____?

_____ the _____ conditioning failing _____ of _____?

_____ the ac _____ leaked _____ coolant?

_____ it _____ AC isn't cooling _____ of a _____?

_____ shot, _____ or something similar is _____ it _____?

_____ air _____ not cold and it is leaking _____.

_____ know _____ airconditioning unit is leakingrigerant _____ causes heat.

_____ AC be _____ from _____ leaked out _____?

Is _____ because of leaked _____ we _____ cooling?

The _____ system _____ may _____ been caused by _____ leaking _____.

_____ is not cold, _____ refrigerant _____.

Is it possible that _____ experiencing inadequate cooling _____?

_____ air conditioning equipment _____ refrigerant is leaking

_____ inefficiency is due _____.

Someone wants _____ know _____ the problem _____ the Refrigerant _____ to cause heat?

_____ to know if _____ refrigerant _____ the AC _____ will _____ heat.

Someone _____ my airconditioning _____ leaking _____.

_____ wants to _____ if _____ leaking in to _____ heat _____ the _____ ac.

_____ AC _____ cool because _____ a leak of _____.

Are the _____ from _____ coolant?

The _____ unit _____ potentially _____ leaking _____.

The _____ is leaking _____ refrigerant.

_____ a chance _____ leaking a refrigerant.

Are _____ AC's _____ cool because of _____ fridge _____?

Is a _____ cooldown?

_____ may be _____ inadequate _____ to the _____ coolant.

The _____ malfunctioning _____ leaked _____ coolant.

AC _____ Refrigerant _____?

_____ cooling system issue _____ because of _____?

_____ air _____ is _____ due to a problem with _____.

_____ the under performance of _____ A/C linked _____ gas _____ fridge?

_____ conditioning system may not be cooling down _____ problem _____.

The _____ might _____ be effective due _____ leakage.

Is _____ air _____ the _____ unit _____ of _____ leaking of the _____?

Is this _____ air coming _____ the air _____ leaking Refrigerant?

Someone _____ to _____ with their _____ whether _____ refrigerant _____ leaking in or not.

_____ not _____ because of a leak of _____

The AC doesn't _____ of _____ of _____ refrigerant.

Someone wants _____ know _____ with _____ AC, _____ therigerant leaking _____ to cause heat, _____ else.

air _____ equipment is _____ and the _____ is _____.

AC _____ inefficiency _____ due _____ of the refrigerant.

Is _____ warm air _____ conditioning unit _____ of _____ Refrigerant leaking?

_____ wants to know if my _____ unit _____ which causes _____?

_____ the _____ system _____ by the leaking of _____?

The _____ is _____ of a _____ a refrigerant.

A/C _____ can _____ inadequate _____ coolant.

_____ air _____ cold and _____ refrigerant is leaking.

_____ problem with its _____ the _____ the _____ cooling.

_____ in the AC _____ it not cool.
 _____ messing with _____ coolness of the _____?
 The _____ might _____ been caused by _____ leak.
 Is _____ AC _____ it isn't _____?
 _____ the _____ leakingrigerant and it's _____ it _____ cooling _____?
 _____ warm _____ from the _____ conditioning unit _____ the leaking Refrigerant?
 _____ possible that _____ can't _____ down because of _____ leaking _____?
 The _____ is not _____ due _____ leak _____ a _____.
 _____ air compressor is not _____ and _____ refrigerant _____.
 _____ know _____ my airconditioning _____ is leaking Refrigerant.
 The AC _____ of _____ refrigerant.
 _____ AC _____ not cold, _____ leaking?
 Someone wants _____ if the _____ their _____ is leaking _____ air _____ heat.
 _____ cooling _____ because of a _____?
 Is _____ not _____ because of _____
 _____ it because of _____ having insufficient cooling?
 _____ the _____ and it _____ cooling correctly?
 Is the _____ of _____ lost _____?
 _____ the AC _____ because _____ a leaking _____?
 _____ wants _____ know _____ the _____ with their _____ is the refrigerant _____ causing _____
 _____ cooling _____ be _____ by the leaking of _____ refrigerant?
 _____ is a _____ the _____ compressor is not _____.
 _____ conditioning _____ is leaking _____.
 _____ possible _____ AC is malfunctioning because of _____?
 Is a leak _____ coolant the _____?
 _____ wants to know whether _____ airconditioning _____ is _____ not.
 Has air _____ stopped _____ because _____?
 Can't the _____ because _____ leaking fridge _____?
 Someone wants to know _____ is leakingrigerant _____ causes _____
 _____ AC _____ not _____ there _____ a _____ in it.
 Is _____ cooling _____ by _____ refrigerant?
 _____ like to _____ my airconditioning unit is _____.
 _____ functioning can _____ because _____ leaking _____.
 _____ is leaking _____ gas that _____ AC.
 Is _____ air conditioning leakingrigerant, and it's _____?
 The AC _____ cooling because _____ malfunctioning.
 Is the _____ not _____ the _____?
 _____ air coming from the air _____ unit due _____ leaking _____?
 _____ air _____ is not cold because _____ Refrigerant.
 _____ air _____ is not cooling _____ of a _____.
 _____ air conditioning _____ due to _____ leak?
 _____ the leak _____ with the _____?
 _____ a _____ a coolant _____ air conditioning _____?
 AC is _____ a _____ with its refrigerants
 _____ a _____ of _____ coolant _____ conditioning problems?
 Someone _____ to know _____ the problem _____ with _____ or if _____ is _____ and _____ heat.
 Is the _____ and is _____ from cooling?
 _____ to _____ if _____ unit is leaking Refrigerant, _____ causes _____
 The _____ isn't _____ off _____ leaking thing.
 _____ ac _____ not _____ because _____ a _____ of _____ refrigerant

_____ the air _____ cooling _____ a leaking Refrigerant?

Is _____ cooling _____ the leaking of the _____?

_____ the AC _____ leaks?

Someone is _____ if my airconditioning _____.

_____ to _____ the problem _____ AC _____ is _____ refrigerant leaking in to _____ the heat, _____ not cool because _____ a _____ in _____ refrigerants.

The AC _____ cooling _____ because of _____ Refrigerant.

Is there a leak _____ air conditioning isn't _____?

Does _____ AC _____ down _____ leaking Refrigerant?

The air _____ might _____ of a leaking _____.

_____ the AC not _____ off _____ leak?

Did the _____ system _____ come from _____ leaking _____?

Someone _____ know _____ the _____ heat or if it's _____ the refrigerant.

_____ is not _____ because _____ a problem with _____

Is _____ air _____ the _____ conditioning _____ to the _____ of the _____?

_____ malfunctioning as _____ of leaked _____?

Someone _____ know _____ the _____ with their AC, the refrigerant _____.

_____ cooldown _____ be the result _____ leak.

The air _____ might _____ cool down _____ a _____ refrigerant.

_____ the _____ because _____ a malfunctioning _____?

Is _____ leakingrigerant, _____ it's keeping _____ cooling?

Is _____ AC _____?

_____ leaking _____ that _____ cool the AC.

_____ leak in _____ air _____ system.

The _____ is _____ cooling _____ coolant is _____.

Is _____ air _____ system not _____ down _____ a _____ with _____ refrigerant?

Is _____ system _____ due _____ refrigerants?

_____ system is not cold because of _____.

The AC is _____ because of the _____.

The _____ conditioning _____ isn't cold due to _____.

_____ leaking arigerant and preventing it _____?

_____ AC _____ cooling _____ to the fact _____ it has _____ leaking.

Is _____ system problem due to _____ refrigerant?

The air compressor _____ cold _____ of _____ refrigerant.

Is _____ system not cooling because _____ has a _____ with _____?

_____ system might _____ due _____ a refrigerant leak.

There _____ an inadequate _____ functioning _____ coolant.

The _____ can't _____ because of _____ fridge _____.

AC _____ to the _____ ofrigerant?

Is _____ leakingrigerant _____ it's _____ the _____?

_____ leaking Coolant?

_____ shot, _____ or something else _____ causing it _____ go _____?

_____ the AC _____ a _____ refrigerant?

_____ the AC _____ because of the leaked _____?

The AC _____ be _____ due _____ the _____ of _____ refrigerant.

_____ the _____ of the leakingrigerant?

Someone _____ if _____ unit is leaking Refrigerant.

Does _____ cooling _____ a leakingrigerant?

_____ not _____ and there _____ a leak of the _____.

Can the _____ down _____ gas in the refrigerator?

Is ____ cooling system ____ caused by the ____ ____ ____ ?
 ____ is leaking and the ____ conditioning equipment ____ ____ .
 Does a leak of a ____ ____ ____ air ____ ?
 Air ____ equipment ____ ____ the refrigerant is leaking.
 ____ AC ____ malfunctioning because ____ ____ problem with ____ refrigerants.
 ____ wants to know ____ ____ malfunctioning due to ____ ____ the refrigerant.
 The ____ system may be malfunctioning ____ to ____ the ____ .
 Is the ____ due ____ AC ____ leak?
 ____ the ____ malfunctioning ____ a refrigerant ____ ?
 ____ is a chance that a ____ ____ causing ____ cooldown.
 Is the ____ malfunctioning ____ of ____ refrigerant?
 Is ____ AC system ____ ?
 ____ ac ____ not cool due to ____ of ____ .
 ____ conditioning ____ ____ cold ____ to the leaking refrigerant.
 Refrigerant ____ leaking ____ compressor isn't ____ .
 ____ wants to ____ what ____ their ____ the refrigerant leaking in?
 ____ AC ____ not be ____ of a refrigerant ____ .
 Is ____ that we're ____ cooling ____ to leaked ____ ?
 A/C functioning ____ ____ of leaking ____ .
 ____ AC ____ bad because ____ leak?
 Does ____ leak arigerant ____ it from cooling?
 The ac ____ not cooling because ____ its ____
 The AC ____ be ____ the leaked ____ coolant.
 The ____ compressor ____ not cold, because ____ leaking.
 Is ____ AC ____ arigerant, ____ cooling ____ expected?
 ____ possible ____ AC isn't ____ due to a ____ ?
 Is the ____ a wrongrigerant?
 ____ air ____ system is ____ due to ____ problem with ____ .
 ____ conditioning system isn't cold ____ Refrigerant is ____ .
 ____ the ____ system issue originate from ____ refrigerants?
 ____ leakingrigerant and it's ____ the cooling of ____ ?
 The AC ____ cold, Is ____ ?
 ____ is not ____ because of a ____ refrigerants.
 Is there a ____ problem ____ the ____ or ____ coolant ____ ?
 The ____ system ____ not ____ the ____ is leaking.
 ____ cool because of the leaking gas ____ .
 ____ a leaking ____ and the AC ____ cold.
 ____ wants to ____ what the problem ____ conditioning is, ____ refrigerant ____ ?
 Are the warm ____ coming ____ air conditioning ____ because ____ ?
 ____ AC ____ cool ____ because ____ fridge is leaking ____ .
 ____ conditioning ____ may not be cooling ____ a ____ with ____ .
 The AC is ____ of a ____ .
 ____ air ____ is not cold, ____ refrigerant is ____ .
 The ____ system could ____ of ____ leaking refrigerant.
 Is the ____ the AC ____ to ____ in ____ ?
 Someone is ____ airconditioning ____ leaking Refrigerant which ____ heat?
 ____ know if I have ____ airconditioning unit ____ .
 ____ it because ____ experiencing ____ cooling ____ to leaked ____ ?
 The ac ____ cooling ____ a ____ .
 Is ____ due ____ refrigerant leak?

_____ leaking arigerant and it _____ not cooling _____?
 _____ to _____ what the problem _____ their AC, _____ leaking _____ to cause _____
 _____ because of a leak.
 _____ wants _____ whether my airconditioning _____ leaking Refrigerant _____ not.
 Someone wants to _____ if my airconditioning unit _____?
 There is _____ leak _____ coolant, Is the air _____?
 Is _____ air _____ system _____ due _____ a _____ with _____ refrigerant?
 Improper _____ is caused by _____.
 The air conditioning is _____ of _____ leak _____ the _____.
 _____ leak causing _____ what _____ the problem with _____?
 leaking _____ can _____ A/C.
 The _____ conditioning system isn't _____ the refrigerant _____.
 _____ cooling off _____ fact that it is leaking
 _____ cool _____ of the leaking _____ gas?
 Is _____ leaking arigerant _____ preventing the _____?
 _____ the AC?
 Is _____ under performance of my _____ related _____ gas?
 The AC _____ cool _____ it has a _____.
 _____ the AC _____ to the leak _____ the _____?
 Is _____ possible _____ we _____ cooling because of _____ coolant?
 _____ leak in _____ coolant causing _____?
 _____ wants to _____ if there _____ a problem with the _____ refrigerant _____?
 _____ wants _____ unit is leaking Refrigerant, which causes heat.
 _____ malfunctioning from _____ leak?
 _____ wants to know _____ the _____ is _____ cause _____ problem _____ air conditioning.
 _____ wants _____ know _____ is a _____ is the refrigerant leaking?
 _____ wants to know _____ ac, _____ the refrigerant leaking in?
 _____ airconditioner leaking a _____?
 Is _____ AC malfunctioning because _____ the _____?
 The AC is _____ due _____ problem _____ its _____.
 _____ issue might _____ due to _____ AC _____ leak.
 _____ conditioning _____ not cold, _____ the refrigerant _____ leaking.
 Someone wants to _____ what _____ problem with _____ AC _____ leak causing _____?
 _____ the AC not _____ leaking _____?
 The cooling _____ may _____ due _____ the AC _____.
 _____ cooling system problem _____ leaking of _____ refrigerant?
 The _____ conditioning might not _____ cooling _____ be _____ leak of _____.
 Is _____ warm _____ the _____ conditioning units because of _____ leaking _____?
 _____ that a _____ of a _____ is _____ poor _____.
 _____ is _____ possibility _____ a refrigerant _____ causing poor cooling.
 _____ would like to _____ is leaking Refrigerant, which _____ heat.
 Is _____ air conditioning failing _____ leaking _____?
 The AC is _____ cooling _____.
 The _____ cold _____ the Refrigerant _____.
 Is _____ cooling issue _____ to _____ leak?
 _____ AC malfunctioning from _____ leaked _____?
 _____ the refrigerant leak in the AC is _____ heat.
 The airconditioning _____ a _____.
