

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Brake pedal feels soft or spongy
Inquiry Sub-Category	Air in the brake system
Description	Inquiries related to air in the brake system involve customers experiencing a spongy brake pedal due to air bubbles. These inquiries typically require a brake system bleeding procedure to remove the air and restore the proper brake pedal feel.
Data Size	6,723 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

____ I ____ stopping power and softer-than-usual pedaling ____?
 ____ there a ____ for ____ deceleration ____ or ____ paddle ____?
 ____ a ____ mellow-like pedaling and lesser stopping ____?
 What ____ the ____ of ____ bad pedals?
 Reduced ____ response causes what?
 What ____ on with ____ and ____?
 I ____ like ____ why my ____ feels soft.
 Why ____ the pedal ____?
 I feel weak ____ pedal ____ any ____?
 ____ I know why there ____.
 ____ causing ____ pedaling?
 Why is my pedaling ____ more relaxed ____ less ____?
 ____ pedal ____ soft and why ____ brake power weak?
 What ____ cause of ____ brake effectiveness ____ with ____ pedals?
 What's causing ____ brakes ____ agier ____?
 I'm ____ stopping effectiveness and softer pedaling ____.
 There might ____ a ____ my diminished ____.
 Is ____ a ____ pedals and brake ____?
 ____ do I ____ weak ____ and ____ poor ____?
 ____ have compromised ____ ability due ____ pedal ____.
 What ____ less ____ pedaling ____ lower ____?
 ____ my brakes are ____ and ____ pedals feel ____?
 Could it ____ I ____ my ____ squishy pedal feedback?
 ____ smaller pedal response?
 ____ are my ____ the pedals ____?
 I ____ why ____ am noticing diminished ____.
 ____ do I ____ with ____ pedal?
 ____ like ____ are weaker and ____ pedals ____ squishy.

_____ wonder _____ I am seeing _____ brake effectiveness _____ more _____ .

Why _____ and pedals _____ ?

_____ did _____ power and pedaling action happen?

Is _____ because of _____ diminished stopping _____ my easier _____ ?

Is this _____ reduced _____ effectiveness or _____ pedaling _____ ?

What's the _____ my pedaling _____ ?

_____ experiencing a reduced _____ force _____ relaxed _____ sensation.

_____ any _____ for _____ pedaling sensation?

Why _____ the _____ power and pedaling _____ go _____ ?

_____ experiencing a decrease _____ effectiveness, _____ you explain _____ ?

_____ on with _____ lower _____ effectiveness and more _____ pedals?

_____ braking force _____ pedal feel.

_____ the _____ for decreased _____ strength?

_____ am _____ diminished _____ well as a gentle _____ action?

What _____ cause of _____ responsive _____ .

_____ my _____ pedals feel squishy.

_____ my _____ effectiveness decreasing and _____ response increasing?

pedaling _____ stiff, _____ my stopping _____ ?

_____ power and _____ feel?

Why _____ pedal _____ ?

What is _____ of _____ feel?

_____ had reduced _____ or _____ motion.

_____ brakes weak _____ pedals weak?

_____ weak in _____ action.

_____ because _____ am noticing _____ abilities?

_____ is _____ pedal feel?

How did _____ brakes _____ with _____ action?

_____ can't _____ good anymore.

Reduced stopping _____ softer _____ ?

I'm seeing _____ decrease _____ braking _____ and _____ pedal _____ .

_____ did stopping _____ pedal _____ diminish?

_____ ability and _____ pedal response?

What _____ cause low _____ gentle _____ sensation?

_____ pedaling is _____ stiff _____ stopping power _____ reduced.

_____ understand why _____ have diminished stopping _____ well as _____ gentle _____ .

_____ happened _____ lousy _____ squishy _____ action?

Why _____ my _____ power _____ ?

Is _____ a cause _____ stopping _____ and _____ situation?

_____ is the cause of _____ force _____ pedal _____ ?

Why is _____ responsive _____ decreasing?

_____ it _____ I now _____ stops _____ weak pedals?

_____ pedal less firm?

_____ causes _____ fast _____ response?

_____ makes _____ brakes _____ pedals _____ ?

Did you know _____ my _____ stopping _____ and _____ action?

_____ am _____ a _____ in braking effectiveness _____ pedal _____ .

Could it _____ that my _____ due to _____ ?

What's causing the _____ braking?

Is _____ my stopping _____ and pedals _____ ?

Are you able _____ explain _____ am _____ diminished _____ and a _____ pedaling _____ ?

_____ don't know _____ I _____ weaker _____ agier pedal.

Why _____ and _____ so weak?

Can't _____ good _____ pedal _____?

_____ why _____ pedals feel squishy?

Is _____ for weak _____ pedal _____ known?

_____ come my _____ and _____ are _____?

_____ give _____ an _____ for my brakes _____ powerful?

_____ a _____ for my reduced _____?

_____ caused my brakes _____ to _____?

What _____ reason why _____ pedaling is _____?

Is _____ a reason for _____ decrease in _____ action _____?

My pedal _____?

Is there a _____ of mellow _____ and _____?

_____ wonder _____ stopping power is _____ softer pedaling.

_____ have softer pedaling _____ reduced _____.

_____ sure why _____ am seeing diminished _____ Torque.

Is _____ for _____ pedals _____ soft?

I _____ compromised stopping _____ looser _____ action.

_____ do my _____ work as _____ a less _____ pedal _____?

I don't understand _____ see diminished _____ Torque _____ as _____ gentle _____.

What's _____ the _____ and pedals?

A reason _____ behind _____ decreased _____.

What _____ it _____ brakes and _____ are _____?

What's _____ cause of _____?

_____ causes _____ strength and _____ pedaling?

_____ for squishy pedaling _____?

_____ is causing the _____ pedals?

_____ is _____ diminished _____ Torque as well as a _____?

Why does _____ ease of pedaling _____ strength _____?

_____ am _____ reduced _____ and softer pedaling _____.

_____ wondering _____ there is _____ reason _____ my _____ force.

_____ causing _____ weak _____?

_____ am I feeling _____ on _____?

_____ decrease in braking _____ and pedaling _____?

I _____ in my braking with _____ action.

_____ of _____ power _____ pedaling _____ decreased.

_____ don't _____ why I encounter _____ stopping _____ gentle _____ action.

_____ are _____ reasons for _____ stopping _____ and _____ responsive _____?

_____ pedal _____ that makes my braking feel weak.

_____ weak _____ and bumpy pedals?

What is the _____ brakes and _____ weaker?

Why are _____ pedals _____?

There is _____ pedal _____ and _____.

_____ am experiencing _____ pedaling _____ stopping power.

_____ reason _____ diminished stopping Torque _____ a gentle foot _____?

_____ am _____ as _____ why _____ am seeing _____ Torque.

The _____ pedals are caused by _____.

_____ the pedal _____ weak _____ my braking.

_____ causes _____ responsive _____

_____ pedal feel _____ weak?

_____ why I am seeing _____ stopping _____.
 _____ causes _____ responsive _____ diminished stopping _____?
 _____ I reduce _____ effectiveness or _____?
 _____ am _____ why my _____ is _____.
 Why do I _____ power _____ pedaling?
 Is _____ reason _____ the _____ feel softer _____ usual?
 _____ is my _____ decreased?
 _____ causes _____ pedal _____?
 _____ brake strength, why? _____ pedal _____.
 Why _____ losing _____ power with softer _____?
 I _____ not sure _____ I am _____ Torque as well as _____.
 _____ a lack of sufficient _____ linked _____ pedals.
 _____ and pedal have weaknesses?
 _____ there a _____ of _____ ability _____ soft _____?
 _____ the pedaling _____ be related _____ lower stopping _____?
 _____ am curious about _____ I am _____ brake _____.
 _____ am seeing _____ Torque as well _____ gentle foot _____.
 _____ have compromised _____ abilities and _____.
 Why am I _____ stopping _____ well _____ a _____ foot _____?
 _____ is less stiff _____ is reduced.
 _____ a _____ that my _____ softer?
 _____ ease of _____ and _____ seem to _____ off.
 _____ is causing _____ to have _____?
 _____ my _____ my braking _____ weaker?
 Is there _____ my _____ feedback _____ braking force?
 _____ pedal feels soft.
 I have _____ stopping ability _____ result of _____ action.
 Is there _____ for a _____ of _____ by a _____ feel?
 Why _____ reduced and _____ pedaling action soft?
 _____ do _____ see _____ effectiveness _____ more spongy pedals?
 _____ a cause _____ decreased _____ ability _____ pedal response?
 _____ lower stopping power be _____ with _____ sensation?
 Is _____ a reason _____ sensation _____ diminished?
 Why is there _____ in _____?
 _____ would like _____ know if _____ causing me _____ less pedal _____.
 What _____ the _____ less stopping _____ less pedal _____?
 _____ is my _____ weak _____ pedal not strong?
 I _____ wondering why I _____ experiencing _____ decrease _____.
 _____ are my _____ less powerful _____ firm pedal _____.
 _____ there a reason _____ my lower _____ easier pedaling _____?
 _____ is causing weak _____ braking?
 Is there a _____ of _____ force and _____?
 Can _____ find _____ the _____ mellow pedaling situation?
 Can't _____ good now; _____ mean?
 _____ is _____ cause of _____ brakes _____ squishy _____ action?
 I feel _____ brakes _____ and _____ pedals _____ squishy.
 _____ there a _____ don't _____ normal?
 _____ to pedal _____ stopping power?
 _____ me why I _____ a _____ in my braking _____?
 Is _____ a reason _____ a _____ braking efficiency _____ soft _____?

Is ____ a ____ my stopping power ____ are ____?

The ____ and ____ feel ____ is ____?

____ the reason for ____ Torque and gentle ____?

____ is ____ stopping power ____ softer ____ action, ____?

____ there any reasons ____ a ____ braking efficiency ____ feel?

Why ____ it that ____ pedaling ____ is softer ____?

____ the amount of braking ____ action decrease?

What ____ lack ____ strength?

Are sluggish ____ pedaling connected ____ way?

____ am ____ diminished ____ Torque ____ as a gentle Foot ____.

____ could cause ____ stopping ____ pedaling sensation?

Why is my ____?

Why ____ brakes ____ well with a ____ firm ____ reaction?

____ is ____ stopping ____ a lighter pedal ____.

Why ____ that ____ pedaling ____ as stiff?

What ____ stopping effectiveness ____ softer pedaling ____?

The ____ braking power and ____ action ____.

____ is ____ the pedal ____ my ____ feels weak.

Understand ____ my compromised stopping ____ and ____ pedal ____.

____ it ____ my stopping power has ____?

Why do ____ stopping ____ as ____ gentle foot action?

____ the ____ and ____ pedals squishy?

____ why I ____ experiencing a ____ pedal response?

____ am wondering ____ noticing ____ stopping ability.

____ there a ____ why ____ am seeing a ____ in ____?

Why does everything feel ____ when ____ comes ____?

There ____ a ____ in ____ softer pedal feel.

I don't know ____ stopping abilities.

Is there ____ why I have ____ loose pedal ____?

Why ____ stopping ____ diminished?

____ stopping ____ and ____ not strong.

____ is diminished as well ____ action is gentle.

I don't ____ why my ____.

Is ____ a reason ____ or softer paddle ____?

____ you ____ why ____ brakes ____ as ____?

How about ____ & ____ pedaling ____?

____ making ____ and ____ Weak?

____ happening ____ the brakes and pedals ____ less ____?

What is ____ reason why my ____ pedal ____?

My ____ are ____ less firm pedal reaction.

I'm ____ and softer pedaling.

Is ____ a reason ____ pedaling sensation ____ good?

____ why my brakes ____ less powerful?

____ pedal ____ braking power weaker.

____ don't know ____ braking.

Is ____ that ____ have less pedal action?

____ brakes, ____ easily ____ an idea ____?

Something could explain ____ power and ____ pedaling ____.

____ there is ____ mellow pedaling situation.

Something is ____ and ____.

_____ don't _____ why I've reduced _____ or _____ motion.

I _____ reduced _____ and softer _____.

What _____ the reason _____ stopping _____?

_____ brakes as _____ when _____ a less firm pedal _____?

It's _____ that there is a reason _____.

What is the _____ braking _____ weak pedal in' _____?

_____ pedal feels _____ and _____ braking _____ less powerful.

_____ do _____ know why my _____ and pedal _____.

Why _____ notice that _____ abilities are _____?

_____ causes the _____ respond _____ differently?

What _____ braking?

Is there a _____ why my _____?

Why do _____ and pedals?

_____ you give _____ an explanation _____ my brakes _____ powerful?

Is _____ a lack _____ stopping ability tied _____?

_____ don't _____ my _____ feel softer _____ usual.

I _____ softer-than- usual _____ action and reduced _____.

What _____ reason _____ the softer _____ weaker _____ power?

I want to _____ why _____ seeing _____ stopping _____.

What _____ pedal feel?

Can I figure _____ is less _____ and _____ pedaling?

Can _____ explain how _____ brakes _____ not _____?

_____ force explains the _____ sensation?

_____ why _____ have _____ stopping _____ looser pedal action.

_____ feeling _____ effective _____ and pedals?

What _____ reason for _____ feeling _____?

_____ there any reason for _____ braking efficiency _____ a soft _____?

Why do _____ weak pedal?

Why is _____ pedal _____ softer and _____?

_____ wondering why _____ brakes _____ weak with _____ action.

Is it because _____ reduced stopping _____ softer _____?

_____ I _____ cause of _____ and mellow pedaling?

Why _____ my pedal feeling _____ and _____ brake _____.

What _____ in stopping _____?

What _____ less responsive pedaling?

There may be _____ for my _____ braking force _____.

Is the _____ pedals known?

_____ brake _____ combined _____ soft _____ be the reason.

_____ there _____ reason _____ power _____ gone down?

Can _____ of less _____ and mellow pedaling?

What _____ the _____ of less _____?

Why do _____ diminished _____ Torque and _____ action?

My _____ action _____ softer _____ usual because _____ stopping _____.

Why _____ stopping abilities?

Why _____ I _____ a diminished stopping _____ a gentle _____?

I _____ a _____ ability _____ pedal _____.

Lower _____ along with a _____?

_____ my pedaling action _____?

Why _____ the _____ good now?

Why _____ weak and pedal _____?

I'm ____ sure ____ I ____ stopping ____ or ____ motion.
 ____ lighter pedal ____ when ____?
 Something ____ causing ____ to not have as _____.
 Do ____ have an explanation ____ brakes ____ not as ____?
 ____ come I'm ____ lower brake ____ and more ____?
 ____ there ____ my ____ stopping power ____ softer pedals?
 Why am I ____ pedal?
 ____ are possible ____ a ____ of braking ____ and ____ pedaling.
 ____ is ____ brakes and weak pedals?
 ____ I seeing ____ stopping abilities ____ pedal firmness?
 ____ cause of reduced brake ____ soft pedals ____ a ____.
 ____ and pedals ____ is it?
 Why ____ I have ____ pedal?
 I'm ____ I'm ____ reduced stopping abilities and _____.
 Why ____ and ____ so weak?
 ____ have anything ____ with ____ stopping power and easier ____ sensation?
 ____ causing ____ to have ____ pedal ____?
 ____ you explain why ____ seeing ____ decrease in ____?
 Why do I ____ and pedal ____?
 Is there a ____ lower ____?
 ____ the pedal feel ____?
 Is ____ why ____ pedals are ____?
 Why ____ my ____ weaker?
 ____ there ____ behind the softer pedals ____ power?
 Hey, ____ my ____ power ____ pedal ____ soft?
 What ____ cause of ____ responsive ____
 ____ there a ____ my failing ____?
 ____ causing ____ feel and braking?
 ____ brakes have a less powerful ____?
 Why ____ I ____ less pedal ____ braking ____?
 I don't know ____ and a gentle ____ action.
 There is ____ and ____ pedaling action.
 What ____ the ____ of ____ brakes & ____ pedaling ____?
 Why ____ I ____ softly ____ usual?
 ____ stopping power less ____?
 ____ come my ____ ability and pedal ____?
 ____ experiencing diminished ____ force and a ____ relaxed ____ sensation, ____?
 ____ in ____ effectiveness and ____ decrease in pedal response.
 Why ____ I ____ as ____ as ____ gentle foot action?
 ____ softer ____ and ____ braking?
 I am ____ sure ____ my ____ weak.
 Why is ____ brakes ____ with ____ firm ____ reaction?
 ____ brakes seem to be weaker ____ squishy.
 What's going ____ lousy ____ squishy ____?
 Is ____ that there ____ a ____ my decreased braking ____?
 ____ anymore; weird ____ mean? "
 What could cause less ____ and ____?
 ____ it possible that ____ am ____ and pedals?
 ____ know ____ the brakes ____ pedal ____ weak.
 The pedal ____ it?

_____ there a reason _____ loose pedal action and _____ ?
_____ reason _____ diminished _____ force and a more _____ sensation?
_____ amExperiencing _____ brakes and pedals.

It's _____ there _____ behind my decreased braking _____.

_____ a _____ adequate stopping _____ with soft pedals?

_____ know _____ my _____ and pedal _____ weakest.

My pedaling _____ my stopping power _____ less.

Is there a cause for _____ and _____ ?

What _____ the _____ pedal _____ ?

_____ a reason for weakened _____.

_____ have _____ stopping _____ and _____ pedaling _____.

_____ there a _____ stopping ability _____ of _____ pedals?

_____ there _____ reason behind _____ and _____ pedals?

Is _____ weakened deceleration capabilities _____ softened _____ resistance.

There is _____ pedaling _____ lesser stopping _____.

_____ my pedal action feels _____.

I _____ wondering _____ my braking _____ the pedal _____.

My stopping _____ is reduced _____ my _____ than usual.

I _____ why _____ less _____ force.

_____ why _____ pedaling action is _____.

_____ causes a _____ and decreased stopping _____ ?

Why _____ the _____ softer?

_____ the decrease _____ power and pedaling _____ occur?

Is there a lack _____ soft _____ ?

Are IExperiencing less _____ ?

There is _____ and loss _____ pedal _____.

_____ there _____ connection _____ the _____ stops and _____ pedaling?

Is _____ a _____ sufficient stopping ability _____ pedals?

_____ on my brakes and _____.

Is there an _____ for _____ brake _____ pedals?

There is _____ about _____ pedaling _____ is softer.

Why _____ have _____ pedal _____.

Why _____ have less _____ ?

_____ wondering if I _____ brakes and _____.

I do _____ know why I have reduced _____.

What _____ cause _____ my compromised _____ ?

Why do my _____ and _____ ?

I don't _____ I have _____ pedal.

_____ the pedal feel _____ ?

_____ wonder _____ brakes _____ pedal _____ weaker.

_____ reduced _____ effectiveness _____ pedaling motion.

Why _____ fall?

_____ don't understand why _____ feel.

Is _____ because of my decreased _____ the pedals _____ usual?

Why _____ pedal feels _____ ?

Why _____ my _____ feel _____ ?

_____ is _____ pedal not strong _____ my _____ power _____ ?

It seems like _____ feels off _____ comes to _____.

My _____ weak with softer _____

_____ brakes weak _____ pedals weak?

_____ it comes to braking _____ ease of _____ why _____ feel _____?

There's _____ loss of _____ efficiency _____ soft _____.

_____ responsive _____ and decreasing stopping _____?

I'm _____ a _____ stopping force _____ lax pedaling _____.

_____ lower stopping _____ and _____ sensation?

When it _____ ease of _____ braking _____ feels off.

_____ my _____ action become _____?

_____ was a decrease in _____ braking power _____.

_____ stopping force _____ a more _____ pedaling _____.

What _____ a _____ pedal _____?

Reduced _____ power _____ softer _____ action _____ what I _____.

There was _____ reduction in _____ feel.

_____ weak _____ power and _____ pedal?

_____ not _____ like normal.

Why is _____ power is _____?

_____ there _____ pedal feedback is squishy?

_____ causes weak _____ pedal _____?

_____ pedaling less _____ why?

Why _____ stopping power _____?

_____ there _____ reason why my stopping _____?

_____ stopping power is _____ pedaling _____.

Why _____ the pedal soft _____ brake _____?

_____ is _____ have less pedal _____?

_____ experiencing less _____ and softer _____.

What _____ decrease in pedaling action?

_____ were _____ stopping power _____ feel.

Why _____ I _____ a _____ braking effectiveness?

_____ for _____ force and mellow pedaling situation?

_____ cause _____ pedal feel?

Why _____ things _____ when _____ comes _____ pedaling?

What is the cause of diminished _____?

What's _____ with lower _____ effectiveness _____ more spongy _____?

The _____ strength _____ of pedaling _____.

Is _____ a _____ and pedals _____ less powerful?

Why _____ my pedaling _____?

_____ the cause _____ less responsive _____ less stopping _____?

I _____ understand why _____ seeing _____ brake _____ and _____ spongy _____.

What causes the _____?

_____ stopping power _____ feel go _____?

_____ do I _____ power and softer _____ action?

Why _____ my _____ low?

_____ making _____ and pedals _____?

_____ am I _____ well as a gentle _____ action.

Why do _____ feel _____ stopping power _____?

I'm _____ why my _____ power _____.

_____ wondering why I _____ reduced _____ effectiveness or _____.

Reducing brake effectiveness _____ soft _____ could be _____.

_____ a _____ weak deceleration _____ or softened _____ resistance?

_____ force and squishy _____ could be related.

_____ what's the reason for _____ pedalin' game?

____ stopping power ____ with softer ____.

____ do ____ why my brakes ____ pedal are ____.

____ stopping ____ and less pedal ____.

What ____ reason ____ lower brake ____ and more spongy ____?

____ the reason ____ pedal performance ____?

____ there a lack of stopping ability ____ ____?

____ me why I'm ____ force ____ a more relaxed ____ sensation?

I want to know ____ feels ____ and my ____ power ____.

Why ____ my pedal ____?

Can ____ tell ____ what's ____ decrease ____ braking effectiveness?

____ stopping power and pedaling ____?

____ is less stopping ____ is ____?

____ causes ____ pedal ____ be less ____?

____ is a ____ behind my ____ brake force.

There might ____ a ____ why my ____ force ____ decreased.

____ a ____ why my pedal ____ is ____?

____ is my ____ waning?

____ happening ____ pedaling ____ and stopping power?

____ I ____ a ____ pedal feel?

The brake ____ is ____ my ____ feels ____.

What ____ my ____ powerful ____ a less ____ reaction?

What causes ____ ability and ____ lighter ____?

There was ____ in braking ____ and ____.

____ going on with lousy ____ squishy pedaling ____?

What ____ reason ____ braking ____ wimpy pedal in' ____ this time?

Is ____ a ____ reason for weakened ____ or ____ resistance?

____ pedal feel ____ and the braking ____?

____ weakness in pedal ____?

The pedals ____ squishy ____ my ____ seem ____ less ____.

____ strength and pedaling?

I ____ confronted with diminished ____ Torque as ____ as ____ action.

This ____ blame ____ brakes or weak pedal in' ____?

____ what is ____ me to have ____ pedal action.

____ is ____ pedaling ____ softer than ____?

What ____ weakened ____?

____ questions regarding ____ loss ____ efficiency and soft pedaling ____.

I have ____ to ____ my stops are ____.

What's ____ feel and ____ braking?

This time, what's ____ blame ____ lackluster ____ pedal in' ____?

I ____ not ____ why I have ____.

____ I ____ noticing less ____ abilities.

When it comes ____ of pedaling ____ braking strength, ____ does ____?

____ my pedal ____ weak?

____ not ____ brakes and ____ are squishy.

What is ____ on ____ action and lousy ____?

____ am wondering why I ____ effectiveness and more ____.

____ is ____ my ____ to be softer than ____?

____ is ____ cause ____ stopping force ____ mellow pedaling?

What ____ and weak pedals?

____ happening ____ brakes and squishy ____?

Why is my pedal feeling _____ why _____ weak?
 What factors _____ leading _____ weakened _____?
 _____ time, _____ blame for _____ or _____ pedalin' game?
 _____ it that I am _____ decrease in _____?
 _____ is the cause of _____ stopping _____ firmness?
 _____ is _____ action _____ lousy brakes?
 Is there _____ behind _____ softer _____?
 Why _____ my _____ action softer than _____?
 _____ because of _____ force and a more _____ sensation?
 _____ have less _____ less pedal _____.
 Why _____ bad _____ and crummy _____?
 _____ I understand the _____ pedaling _____?
 _____ do _____ feel _____ usual.
 Can _____ tell _____ seeing a decline _____ effectiveness?
 What _____ feel and _____ brakes?
 _____ do I notice diminished _____ pedal firmness?
 What causes the _____?
 _____ need to _____ why _____ feels soft and my _____ power _____.
 Is there a _____ softer than _____?
 My _____ action _____ softer than _____ and I'm _____ power.
 _____ do _____ see fewer brake effectiveness _____ spongy _____?
 _____ there any reason for _____ of _____ efficiency accompanied _____ pedaling _____?
 I _____ understand _____ I _____ stopping abilities.
 _____ I pedaling _____ softer _____?
 I'm wondering if there's _____ decreased _____ force.
 _____ am wondering why _____ lower brakes _____.
 Is there _____ factor that leads _____ capabilities _____ paddle _____?
 I am _____ pedaling action.
 _____ to reduced braking _____ and weak pedal _____?
 Is _____ a _____ my _____ power?
 Why _____ less _____ power?
 What is _____ feel _____ weaker _____?
 _____ am curious _____ my stops are _____.
 I would _____ of a mellow _____ situation.
 _____ pedaling _____ responsive and stopping _____ effective?
 _____ is my _____ softer?
 _____ for weak brakes _____ pedals?
 The reason _____ and _____ pedals is not _____.
 _____ you _____ why my brakes _____ strong?
 _____ my _____ power _____ with _____ pedaling?
 _____ compromised stopping _____ of looser _____ action.
 I'm experiencing _____ decrease _____ braking _____ decrease in _____ response.
 _____ am my pedaling _____ than _____?
 Is _____ reason _____ I am experiencing _____ in braking _____?
 _____ you have _____ my brakes not being _____?
 _____ the cause _____ a _____ response.
 _____ of soft pedals and reduced _____?
 Is _____ deceleration capabilities or softened paddles?
 _____ causes diminished _____ ability _____ lighter pedal _____?
 _____ having a _____ stopping _____ and _____ more _____ pedaling _____.

_____ is my _____ feeling _____ and _____ power weak?
 I _____ figure out _____ my _____ and pedals _____.
 _____ know why I'm _____ diminished stopping _____ and _____ more _____ sensation?
 _____ there's _____ & squishy pedaling _____?
 Reduced stopping _____ loss _____ are what I am _____.
 _____ there something _____ have less pedal action?
 Why aren't _____ brakes _____?
 Is _____ something _____ weakened deceleration _____ or softened _____?
 Is _____ lack of _____ ability _____ are soft?
 _____ is it about _____ brakes _____ action?
 _____ for a loss _____ braking _____ a _____ pedaling feel.
 I _____ stopping _____ an _____ pedaling sensation.
 _____ why I've reduced stopping effectiveness _____ pedaling _____.
 Why _____ my _____ been _____?
 Why _____ the _____ diminish?
 What causes _____ pedal _____?
 _____ to explain why _____ a more relaxed _____ sensation?
 What is _____ softer _____?
 _____ am _____ a reduction _____ and pedaling action.
 _____ is _____ for my less stopping _____ and easier _____?
 _____ wondering if there was _____ reason _____ my _____ weak.
 _____ is making _____ pedals not _____?
 What is _____ pedals?
 Why do I _____ brake?
 Is _____ happening _____ my brakes _____ are less _____?
 Which causes weaker _____ pedal _____?
 _____ are _____ a _____ of _____ and soft pedaling.
 Is _____ pedals feeling _____ because of my _____?
 I _____ stopping _____ and _____ pedaling action.
 _____ action softer?
 _____ are the brakes _____ pedals so soft?
 _____ don't know why _____ have _____ stopping effectiveness _____ motion.
 What _____ weak pedal _____ braking force?
 _____ my _____ weak and my _____ soft?
 I _____ understand why _____ are _____.
 _____ power is weakened with _____.
 _____ am not _____ why _____ braking force.
 I'm _____ diminished _____ and a more loosened _____.
 _____ there _____ leads _____ capabilities or softened paddle resistance?
 _____ was _____ cause _____ the decrease _____ power?
 _____ feels _____ it comes _____ braking _____ ease of pedaling.
 Why _____ my _____?
 _____ my stop _____?
 _____ a reason for _____ pedals _____?
 What causes the _____?
 Understand _____ my _____ stopping ability and _____ pedal _____?
 I _____ questioning if _____ is causing _____ to _____ loose _____.
 _____ brakes lose _____ I _____ what is the _____?
 _____ don't _____ braking _____ with the pedal action.
 Were you able to explain _____ having _____?

I don't understand ____ my ____ power is ____ ____ ____ is ____.
 What was the cause ____ ____ ____ pedaling sensation?
 ____ understand the cause of ____ ____ and ____ pedal action?
 ____ ____ why I am ____ a decrease in ____ ____?
 Am I experiencing ____ brakes ____ ____?
 Do ____ ____ and ____ feel ____ now?
 What ____ ____ reasons ____ ____ decrease in ____ action?
 What is the reason ____ ____ not ____ ____ well ____ the extra ____ ____?
 ____ I experiencing ____ brakes ____ pedals?
 ____ do ____ ____ feel weak and ____ pedal feel ____?
 Do ____ know ____ I'm seeing ____ decrease ____ ____ effectiveness?
 Why ____ ____ pedaling actions ____ than ____?
 ____ power ____ softer pedaling action are ____ ____ am ____.
 ____ ____ my pedals ____ ____ stops?
 ____ why do my brakes ____ ____ ____?
 I ____ ____ why ____ ____ weaker brakes and a ____ ____.
 ____ is there ____ ____ pedal ____?
 ____ ____ of braking efficiency with ____ pedaling ____.
 ____ the ____ ____ pedals weak ____?
 ____ ____ ____ for ____ softer pedaling motion or reduced stopping ____?
 Why ____ ____ pedal feeling ____ and my ____ ____ weak?
 ____ is a ____ for ____ decreased braking force ____ ____ feedback.
 Why ____ ____ seeing a decline in ____ ____ ____ braking?
 Brakes and ____ ____ feel ____ ____?
 What is ____ cause ____ ____ ability and ____ ____ response?
 ____ stop good ____ ____ feeling?
 ____ ____ a reason ____ mellow-like pedaling situation and ____ ____ ____?
 ____ ____ is weak and ____ pedal feels ____.
 I'm not ____ ____ me to ____ ____ pedal action.
 ____ I find out why ____ is less ____ ____ and ____ ____ ____?
 How ____ there ____ decreased ____ ability and ____ pedal ____?
 ____ can ____ ____ stopping ____ and gentle ____ sensation?
 ____ wondered if ____ ____ a ____ for my ____ ____ force.
 ____ are my ____ action softer ____ ____?
 ____ it related ____ reduced stopping abilities ____ ____ ____ firmness?
 Is ____ a ____ why my ____ and ____ ____ so ____?
 ____ ____ the cause of the ____ stopping ____?
 ____ causes weaker ____ ____?
 ____ is ____ ____ for ____ brake effectiveness with soft ____ ____?
 ____ less ____ and a ____ ____ feel?
 ____ seem to ____ weaker ____ and ____ ____ feel squishy.
 Maybe ____ ____ ____ for my ____ braking ____ and squishy pedal ____.
 There ____ in braking power ____ ____ ____.
 Why ____ it feel ____ when ____ ____ ____ ease of ____ and ____ strength?
 Why ____ ____ ____ weak?
 ____ want ____ know why ____ have crummy ____ ____ ____ pedals.
 ____ ____ I ____ ____ stopping abilities?
 ____ ____ I pedaling ____ less ____ power ____ normal?
 ____ there a reason ____ ____ have ____ stopping ____?
 Is it ____ of reduced ____ abilities or ____ ____ ____ ____?

_____ is reduced _____ pedal response.

Can _____ me a reason _____ my _____ are _____ powerful?

What is _____ of lower _____ and _____ response?

_____ there an _____ causing me to _____ less _____?

_____ a loss of braking efficiency _____ well _____ soft _____.

_____ there _____ why the pedal _____ softer?

_____ poor pedal feel and _____.

Was there _____ I'm _____ diminished stopping _____?

_____ my _____ weak and _____ soft?

_____ the pedal feel _____ weaker?

I don't _____ why _____ stopping _____.

Can _____ give me _____ explanation as _____ my _____ are _____ as _____?

_____ car _____ stopping properly because the pedals _____?

Can _____ why my _____ is _____?

Can _____ tell me why _____ seeing _____ decline _____ braking _____?

_____ good; weird _____ feeling?

What causes _____ feel _____ weak?

_____ are I _____ diminished _____?

What causes _____?

Slower brakes, less _____ why?

Is _____ possible that I _____ softer pedaling motion?

What happened _____ stopping power, _____?

Is _____ softer now _____ braking is _____?

Why do I _____ abilities _____ loss _____ pedal _____?

_____ there any _____ for _____ loss of _____ pedaling feel?

My _____ weaker, why?

_____ is _____ pedaling action _____?

Is it because _____ braking force and _____?

Why _____ I _____ diminished _____?

_____ are _____ of _____ and pedals?

_____ reason I have _____ force?

_____ me to _____ pedal action?

How could _____ in _____ happen?

How come _____ feel _____?

Is there _____ reason why _____ stopping power _____?

I'm having _____ a less relaxed pedaling _____.

The _____ has been weakened _____.

_____ pedaling _____ be _____ and less _____?

_____ it possible that _____ weird _____ feeling?

Is the reason _____ with soft pedals?

My stopping _____ pedaling.

_____ of a mellow-like pedaling _____?

_____ am having a decrease _____ can _____ me why?

_____ a decrease _____ braking effectiveness _____ pedal _____.

_____ things _____ off when it _____ to pedaling _____ braking _____?

I don't _____ why I _____ softer _____.

_____ am experiencing reduced _____ softer _____ actions.

_____ wondering why _____ am seeing a _____ in _____.

I'm _____ in my pedal _____ and _____ effectiveness.

Why am _____ diminished stopping _____ as well _____ Foot _____?

_____ am my stopping _____ reduced and _____ pedaling action _____ _____ ?

_____ is _____ cause of _____ stopping strength _____ less _____ ?

I _____ understand _____ my stopping _____ _____ .

_____ why I _____ a weak _____ .

_____ problem with _____ brakes and squishy _____ ?

Why am I _____ stopping power _____ well _____ foot action?

How come I _____ and looser _____ action?

I am _____ reduced _____ power _____ actions.

I _____ diminished _____ and a _____ pedaling sensation.

I'm experiencing _____ stopping force _____ a _____ pedaling _____ .

Why _____ I _____ my _____ with softer _____ ?

What is _____ reduced braking _____ ?

_____ happened to _____ ability _____ pedal _____ ?
