

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Feedback and complaints resolution
Inquiry Sub-Category	Coverage area inquiries
Description	Customers seeking information about network coverage, range, or signal strength in specific areas, or reporting areas with weak or no coverage.
Data Size	9,665 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

Are certain ____ affecting the ____ of ____?

Do ____ outdoor signals?

____ strength is ____ by the ____.

____ signals be ____ outside?

____ we ____ which ____ conditions ____ reception ____?

____ are ____ conditions that affect ____ performance.

____ affect the signals ____?

____ it ____ is messing with signal ____ outside?

____ specific ____ affect signal ____?

Will ____ weather ____ coverage ____ outdoors?

____ weather situations ____ strength of ____.

____ weather ____ have an ____ on the ____ of ____?

Was the ____ signal ____?

Weather may ____ the ____.

How do ____ weather ____?

____ conditions can ____.

weather ____ signals outside

____ outdoor signal strength ____ be ____ conditions.

____ ruining ____ outside?

____ having an ____ on ____ power?

____ possible the signal ____ is ____ by ____ weather?

____ outdoor ____ could be affected ____ the ____ conditions.

____ weather ____ robustness?

Is it ____ for ____ weather ____ the ____ strength?

____ the weather ____ signal?

____ outdoor signal strength impacted ____?

Can ____ of open-air reception ____ affected ____ change?

____ there a ____ between ____ parameters ____ outdoor reception?

Weather might ____.

_____ weather circumstances _____ signal reliability?

During bad _____ you _____ in outdoor _____?

Is _____ possible that some atmospheric _____ outside?

What _____ are _____ on _____ connections?

_____ weather circumstances _____ strength _____ signals?

_____ its _____ strength influenced _____?

Changing _____ reception outdoors.

Is _____ bad weather _____ signal _____?

_____ signal strengths _____ affected _____ the _____.

signal _____ can _____ weather.

Will signals be _____ the _____?

_____ power _____ outdoor signals _____ be affected _____ factors.

_____ weather _____ the _____ signal?

Any _____ weather will _____ reception?

_____ signals be _____ by _____ outside?

Is it _____ that _____ elements are changing _____?

_____ the weather _____ signal strength?

_____ signals _____ impacted _____ weather conditions _____?

Is this _____ the _____?

_____ weather effects _____.

_____ is _____ weather _____ signals?

_____ the weather going _____ the _____?

_____ specific environmental _____ outdoor connections?

Is _____ with signals _____.

Does _____ weather _____ the integrity _____ signal?

_____ affecting the _____ signal?

_____ the _____ affect connectivity _____?

_____ be influenced by weather?

_____ conditions can _____ transmissions.

Is _____ signals _____?

_____ types of _____ outside.

Is _____ bad weather messing _____?

Is _____ possible _____ conditions affect reception quality.

Is weather affecting _____?

_____ intermittent _____ signal strength?

_____ the weather _____ outdoor signal _____?

Different natural _____ can affect _____ effectiveness _____.

Could signal _____ weather?

Is _____ strength _____ specific _____?

Is it _____ weather _____ can affect signal _____?

_____ is outdoor _____ affected by _____?

Is it possible _____ conditions _____ outdoors?

How do the _____ signal _____?

_____ atmospheric conditions which could affect _____ outdoor _____.

_____ power of _____ be _____ weather.

Will _____ weather _____ the _____?

Does _____ weather _____ outdoor _____?

Do _____ make _____ connections _____?

Is the _____ signals influenced _____?

Is _____ affecting _____ strength _____ signals _____?

_____ outside _____ affecting transmissions?

Is _____ in signal _____?

_____ see _____ impact _____ signal quality from _____ weather?

Is it possible that the _____ the weather?

_____ impact _____ outside?

How _____ interfering with _____ signal _____?

_____ the _____ impacting _____ signal _____?

The _____ affect signals _____.

_____ weather _____ the strength of _____ outside.

_____ are affected by weather conditions?

_____ weather _____ affect signals?

_____ weather affect the _____ outer _____ integrity?

Is environmental _____ changing _____?

Is _____ possible _____ determine if _____ outdoor reception?

_____ specific _____ for outdoor _____?

Is there _____ climatic _____ and weakened outdoor _____?

_____ affect outdoor _____?

How _____ the _____ signal quality?

_____ of _____ outdoors _____ influenced by weather.

Does certain weather conditions _____?

Is the lousy _____ strength?

_____ outdoor signal strength _____ the _____?

Can we see _____ atmospheric _____ affect _____?

Is the strength _____ affected _____ weather?

The _____ signals _____ be affected _____ weather.

_____ certain _____ conditions affect _____ strength _____ outdoors?

_____ messing up signal _____.

_____ weather _____ it hard _____ them to get _____ signal _____?

_____ like the _____ messing with _____ signal strengths.

Is _____ weather _____ unreliable?

_____ events affect _____ signals?

_____ the weather messing _____ strengths?

I'm _____ weather is messing _____ signals outside.

_____ signals be _____ weather conditions _____?

Is the _____ performance _____ by the _____ conditions?

Bad _____ impacts _____.

Is _____ chance _____ weather _____ ruin the outdoor _____?

Will _____ conditions _____ outdoor _____?

Is it _____ that the _____ strength _____ by _____?

The _____ ruined by _____ weather conditions.

_____ the weather affect _____?

_____ any _____ weakened outdoor reception and _____ parameters?

How _____ affect _____ signal strength?

_____ factors _____ power of outdoor _____

_____ in the _____ open-air reception.

Does weather _____ an _____?

The _____ be _____ by climate _____.

_____ affected by weather conditions?

Can _____ atmospheric _____ the outdoor _____?

Does _____ weather _____ outdoor _____?

____ the weather ____ power?
 ____ climates ____ affect signal ____.
 ____ the conditions ____ signals ____?
 ____ conditions ____ outdoor ____.
 ____ weather can influence ____ outside.
 Is it ____ for ____ conditions ____ affect ____ outside?
 Is the ____ signals ____ weather?
 A question ____ whether ____ affect ____.
 Does ____ affect signal ____?
 ____ could be messing ____ the ____.
 Weather affect ____.
 ____ influence ____ occurrences on ____ signals important?
 ____ affect ____ signal strength?
 ____ the ____ strength ____ by weather?
 Is ____ possible for ____ to compromise ____?
 ____ weather ____ reception outdoors?
 Is it ____ that messes ____ signals ____?
 Is ____ a difference ____ signal ____ to ____ weather?
 ____ it ____ climatic ____ compromise transmissions?
 ____ be ____ situations that affect ____ reliability?
 ____ weather an ____ outer signal ____?
 Do ____ signals outside?
 ____ harming outdoor ____?
 Does ____ of weather ____ outdoor ____?
 ____ weather affect ____ connection?
 Can we ____ atmospheric ____ affect ____ reception ____?
 ____ climate change ____ in the ____?
 ____ different ____ compromise external ____?
 ____ atmospheric conditions affect ____.
 Changing conditions ____ reception ____.
 ____ bad ____ affects signal power.
 ____ for ____ weather ____ have an ____ on ____ signal strength?
 ____ weather affect outer ____ integrity?
 Will ____ situations effect ____ signal ____?
 Is ____ possible that outdoor signal ____ weather?
 How is the weather ____.
 ____ unpredictable weather affect ____?
 Does ____ signal strength ____ the ____?
 Does climate ____ an ____ on external ____?
 ____ the selected ____ affect signals ____?
 Will bad ____ coverage?
 The weather ____ strength.
 There ____ that ____ affect outbound ____.
 ____ could ____ the ____ outside.
 The ____ outside.
 ____ can have an affect ____.
 ____ influences ____ outside.
 Open-air ____ can be ____.
 Signal ____ may ____ by bad ____.
 ____ of weather affects ____.

Can we see ____ impact on ____ quality ____ ____ ____ ?

Is the ____ ____ with outdoor ____ ?

____ ____ weather making their ____ signal ____ ?

____ conditions can ____ outdoor ____ .

____ are ____ conditions that ____ the ____ of ____ outdoors.

Can ____ variables ____ ?

____ the ____ of ____ the weather?

Are ____ circumstances ____ outdoor ____ ?

Should ____ affect signal ____ ?

____ weather messing ____ signal ____ outside?

There ____ strength affected ____ climates.

Is ____ outdoor signal ____ weather?

____ modifies ____ outside, ____ ?

____ environmental circumstances that ____ connections.

Is ____ possible that signal ____ can ____ affected by ____ ?

____ the ____ an ____ for signal ____ ?

____ weather ____ outdoor ____ ?

Are specific ____ bad ____ ?

____ impact ____ signal?

Can ____ compromise ____ ?

Are ____ signal strength?

____ a weak reception?

____ to affect ____ signals.

Does ____ the reception?

____ signal ____ affected ____ weather?

____ change ____ weather?

____ possible that ____ weather ____ signal robustness?

Isn't ____ weather ____ the ____ strengths?

Does climate have ____ impact ____ ?

____ weather ____ be ____ outdoor ____ .

Isn't the ____ messing ____ their ____ ?

____ weather will ____ outside.

____ weather messin' with ____ ?

Does ____ an effect ____ the ____ ?

Does ____ weather ____ power?

____ the weather messing with ____ strength?

____ weather a ____ outdoor ____ robustness?

Is ____ that ruins the ____ ?

____ there any changes ____ strength ____ weather?

____ occurrences ____ outbound ____ noticeably.

Is this ____ with ____ ?

____ it the weather ____ ruins ____ ?

signal ____ bad weather?

Is ____ signal ____ changed ____ elements?

Do ____ affect ____ integrity?

I wonder if different ____ outdoor ____ performance.

____ bad ____ interfere ____ signals?

Is ____ weather ____ with ____ signals?

Strong ____ change with ____ ?

____ it ____ that ____ damaging ____ signals?

_____ the _____ atmosphere a _____ outdoors _____?

Do _____ factors affect _____?

_____ different _____ circumstances _____ transmissions?

Signals _____ might be _____ the _____.

_____ the _____ impacted _____ weather _____ outside?

_____ that _____ affect outdoor signal strength?

Weather impacting _____?

_____ weather alter _____?

_____ weather _____ outdoor _____ safety?

_____ outdoor _____ strength _____ by the _____?

_____ weather bad _____ outdoor _____?

How _____ weather impacts _____?

_____ some climatic _____ transmissions?

Is _____ that _____ affect outdoor signal _____?

Is _____ possible _____ atmospheric _____ affect reception _____?

_____ weather conditions may _____ of signals _____.

Can _____ impact _____ signals?

With _____ signal _____?

I _____ bad weather affects _____.

The _____ signals outdoors _____ be _____ by _____ weather.

_____ conditions _____ signals.

_____ the weather _____.

_____ bad weather affect _____?

Is there a _____ bad weather?

Is weather _____?

_____ weather conditions _____ impacting outdoor _____.

_____ signal _____ change?

_____ the _____ performance _____ by variations _____ atmospheric conditions?

_____ weather _____ signal outdoors?

_____ the _____ effect _____ outdoor signal strength?

_____ could be to blame for _____.

_____ weather _____ might _____ strength _____ signals outdoors.

_____ is affecting outdoor _____.

Is _____ weather messing _____?

_____ it _____ if the atmospheric conditions _____ quality outside?

_____ weather _____ them _____ darn outdoor signals?

Is _____ adverse _____ affects _____ integrity?

Changing _____ potency of _____ reception.

_____ different climates _____ external _____?

Is _____ atmosphere affecting _____?

Is _____ outdoor _____ linked to _____?

_____ bad weather _____ signals?

_____ the weather messing _____ signal _____?

Are _____ atmospheric _____ outdoor reception quality?

_____ any decay _____ during bad weather?

_____ weather responsible _____ quality?

_____ the weather affect _____?

Does _____ weather _____ strength?

Is _____ signal _____ influenced _____?

_____ signals outside.

____ signal strength with ____
 ____ possible for ____ climate to impact ____ strength?
 Can ____ see ____ is affected by changing ____ outdoors?
 ____ that ____ weather ____ the outdoor reception?
 ____ bad ____ impacting signal power?
 ____ weather ____ power of outdoor ____?
 The outdoor ____ affected ____ atmospheric conditions.
 Can changes in ____?
 ____ signal ____ impacted by changing ____?
 Is ____ conditions ____ the ____ signals outdoors.
 ____ bad ____ affect ____?
 ____ with specific weather?
 Did the ____ affect ____?
 ____ messing ____ with outdoor signals?
 Is ____ possible that ____ receptivity?
 ____ does weather ____ quality
 ____ if signal quality ____ by changing weather?
 ____ weather ____ signals outside.
 ____ bad ____ signal integrity?
 ____ atmospheric ____ affect ____ quality?
 Does ____ signal strength?
 ____ bad ____ signal power?
 Do ____ affect ____ quality.
 Is ____ possible ____ could impact ____ signal strength?
 ____ different weather ____ outdoor ____?
 The ____ is ____ up ____ outside.
 It ____ possible for ____ to impact outdoor ____.
 Is ____ strength of ____ signal impacted by ____?
 During ____ what happens ____ outdoor ____?
 ____ weather ____ affect the ____ outside.
 ____ the weather messing ____ outdoor ____?
 ____ out if ____ by ____ elements.
 Signals may ____ conditions outdoors.
 Is ____ possible for different ____ situations ____ compromise ____?
 The strength of signals ____ be ____ the ____.
 ____ atmosphere's ____ on transmissions ____?
 ____ it ____ that weather ____ affect signals ____?
 ____ weather messin' ____ the ____?
 ____ does bad weather ____ quality?
 Does ____ climate ____ external ____?
 Isn't it ____ their signal ____?
 ____ affect the reliability ____ signal?
 Is these crummy ____ signal ____ outdoors?
 Are various ____ occurrences ____ outbound ____?
 ____ these conditions ____ outdoors?
 ____ with the signal strengths ____?
 ____ weather change outdoor ____?
 ____ the ____ of ____ outdoor signal ____ by weather ____?
 Is signal ____ by ____?
 ____ affects outdoor ____?

The weather _____ outdoors.

Do _____ conditions _____ the strength _____ signals _____?

_____ of signals _____ is influenced by _____.

Will _____ signals _____?

_____ affect _____ outdoors?

_____ different _____ signal strength?

_____ signal quality outside _____ atmospheric conditions.

Specific weather _____.

There _____ chance these _____ wreck the _____ reception.

Different _____ impact _____ signals outdoors.

Can _____ a _____ signal quality due to _____?

How can different natural _____ affect _____ transmitted _____?

_____ climate _____ affecting _____ reception?

_____ affects outside _____?

Will _____ affect _____ on _____ outside?

_____ the weather impacting _____?

Will _____ signal reliability?

_____ effect _____ the outside _____ transmissions _____?

_____ affect outdoor signal reliability?

Is weather _____ outdoor _____?

It is _____ signal strength is _____ by _____.

Do weather _____ affect _____?

Can the climate _____?

Is _____ for weather factors _____ signals?

_____ weather is _____ with _____ signals _____.

Is _____ strength _____ weather

_____ is _____ weather _____ to _____ outdoor signal _____?

Is the _____ outdoor _____ by different _____ conditions?

_____ differences affect _____ signals outside?

Can _____ disrupt _____?

How _____ natural _____ affect _____ outdoors?

_____ could wreck _____ outdoor reception.

_____ weather messin' with _____?

_____ affecting signal strength.

_____ the _____ signals during bad _____?

_____ weather _____ affect outdoor _____?

_____ strength related to the _____?

Does _____ weather _____ of _____ outside?

_____ the _____ weather messing _____ outdoors?

Is _____ possible _____ affects outdoor _____?

Is _____ strength influenced _____?

Will _____ situations compromise _____?

Is this bad weather _____?

_____ climate affecting external _____?

Are _____ atmospheric _____ outbound _____ that _____ important?

_____ atmospheric _____ reception quality?

_____ weather _____ signal?

_____ signal performance could be _____ by _____ atmospheric _____.

Any changes _____ strength _____ weather?

_____ signal performance could be _____ by _____ conditions.

Will _____ signals outdoors?

_____ it _____ impact signal quality outside?

Does climate _____ outdoor _____?

Is it _____ for various climates _____ strength?

Is bad weather _____?

Is _____ weather _____ affects signals _____?

Does _____ outdoor signal?

Are _____ conditions _____ signals?

_____ it possible for different _____ to _____ strength _____?

_____ bad weather _____ signals?

The _____ changes _____.

Is _____ possible that elements _____ signal strength _____?

_____ bad _____ effect signal _____?

_____ signal strength _____ with _____?

The weather _____ with _____ signal _____.

Weather _____ impacting signal _____.

_____ meteorological conditions _____ outdoor signal _____?

The differing _____ might _____ connection _____.

_____ quality _____ is affected by _____?

_____ meteorological _____ affect _____ outside?

Weather _____.

_____ can change signal _____.

Can _____ effects _____?

_____ between atmospheric conditions and _____ quality outdoors?

_____ the weather _____ with _____?

Ain't the _____ messin' _____ those _____?

Bad _____ affect signal _____?

_____ particular atmospheric _____ quality?

Is _____ making the signals _____?

_____ disrupt signals _____.

Is _____ terrible _____ damaging _____?

How _____ natural factors affect _____ signals _____?

Is _____ possible _____ weather scenarios to _____ external _____?

_____ weather can affect _____.

Is the weather _____ outer _____?

_____ alters signals _____?

_____ weather _____ signal robustness?

_____ it possible for _____ conditions _____ affect _____ signal _____?

Is the weather _____ here?

_____ we determine if _____ conditions _____ reception _____?

_____ outdoor _____ may _____ affected by the lousy _____.

_____ wireless reception outside?

Is _____ problem _____ the atmospheric conditions hamper _____?

_____ outer signal integrity?

Does the _____ the robustness _____ outdoor _____?

_____ weather conditions _____ strength?

Signal strength _____ be _____.

Weather affects _____.

Does the _____ receptivity.

Any _____ signal strength for _____?

_____ is influenced _____ the _____

Is _____ change _____ signal strength _____ weather?

Is it possible _____ atmospheric conditions _____?

Is the _____ outdoor _____?

Is _____ signal performance _____ atmospheric conditions?

Does _____ affect _____?

_____ weather _____ signal _____?

_____ the _____ effect _____ outdoors?

Is it _____ weather to impact the _____?

_____ weather _____ signal resilience?

Is weather _____ factor _____ affects _____ power _____ signals?

Does _____ the _____ outdoors?

The _____ is _____ by _____.

_____ conditions affect _____ quality?

The _____ outside might _____ affected _____ weather.

_____ can affect _____ strength

Signal _____ be _____ by _____ climates.

Some meteorological _____ affect _____ signal _____.

_____ know if the weather _____ signals _____.

_____ it possible _____ conditions _____ signals _____?

The _____ signals?

_____ weather messed _____ with _____ signals?

What _____ affect _____ quality?

Can different _____ transmissions?

_____ strength of signals outdoors might _____ influenced _____.

Is it _____ can affect outdoor _____ strength.

Weather _____ affect _____.

Is the _____ the _____ signal affected _____ atmospheric _____?

_____ determine _____ particular atmospheric _____ reception?

_____ relationship between _____ and outdoor _____?

_____ weather impacting _____ power?

Is signal _____ by _____ atmospheric _____?

_____ signal performance could _____ affected _____ various atmospheric _____.

_____ strength of signals _____ by _____.

_____ it _____ factors affect the power _____ signals?

Is the signal _____ by _____?

_____ bad _____ that _____ signals outdoors?

_____ the weather _____ the _____ signals outdoors?

Is bad _____ signal _____?

The _____ outdoor signals _____ by weather factors.

_____ conditions _____ reception.

Is _____ different atmospheric conditions hamper _____?

_____ bad _____ impact signal _____?

Is the _____ signal _____ weather?

Bad _____ be _____ power.

_____ weather _____ signals outside?

The _____ affected _____ bad weather.

The strength of _____ outdoors _____ be _____ by _____.

_____ detrimental to _____ to specific weather?

Which _____ conditions affect _____ strength _____?

_____ are certain _____ the outdoor _____.
 How _____ weather effects _____ outdoor _____?
 Is these bad _____ conditions _____ strength _____?
 _____ is _____ to _____ if atmospheric _____ outdoor reception _____.
 The _____ of _____ outside _____ influenced by _____.
 _____ changes _____ weather affect _____?
 Is it _____ that _____ can _____ signal strength?
 _____ affect _____ strength of signals?
 _____ weather impacting outer _____?
 The _____ signals outdoors _____ affected _____ weather _____.
 Will adverse _____ interfere _____?
 _____ of _____ may _____ by weather.
 Is _____ outside signal _____?
 The weather _____ messing with _____.
 _____ weather disrupt _____
 _____ signal _____ change _____ weather?
 _____ outdoor signal performance _____ variations _____ atmospheric conditions.
 _____ weather have _____ impact _____ signal _____?
 _____ strength of _____ outside can _____ weather conditions.
 _____ can affect _____
 _____ may _____ the signals.
 Changing conditions _____ outdoor _____.
 Is _____ strength of _____ affected _____ weather conditions?
 _____ wonder if some _____ affect _____.
 _____ reception _____ affected by the _____?
 Can varying _____ conditions affect _____?
 _____ the weather messing _____?
 Is _____ causing _____ weakness?
 Does _____ power _____ outdoor _____ depend _____?
 _____ possible that _____ situations _____ external transmissions successfully?
 Any _____ signal _____ depending on _____?
 _____ the _____ occurrences affect the _____?
 _____ bad weather _____ signals?
 _____ a problem _____ specific weathers _____ outdoor _____?
 signal _____ impacted _____ weather
 Weather situations _____ outdoor _____.
 Can _____ the power _____?
 _____ weather affect _____?
 Is _____ signal _____ change _____ the _____?
 Is the _____ to the _____?
 _____ changing _____ signals?
 The _____ outside may _____ by weather conditions.
 _____ weather have an _____ on outer _____?
 Is _____ possible _____ different _____ conditions _____ a connection _____?
 _____ is _____ impacting signal?
 Does _____ weather _____?
 _____ an affect on external _____?
 _____ there _____ this _____ will _____ the outdoor reception?
 _____ certain weather conditions _____ outdoor _____?
 _____ disrupting signal power?

____ weather affect the ____ ?
 ____ is ____ weather ____ signal ____ ?
 Did ____ change ____ connections?
 Is ____ lousy weather ____ toll ____ signal strength?
 ____ be messing with ____ signals?
 Is ____ bad ____ conditions messing ____ outside?
 ____ are a ____ atmospheric occurrences ____ signals.
 ____ strength can ____ affected by ____ .
 Is ____ affected by the differing atmospheric ____ ?
 ____ circumstances affect the ____ outdoors?
 ____ strength ____ influenced ____ weather.
 ____ bad ____ our signal ____ ?
 ____ the weather ____ messing ____ their ____ strengths ____ .
 ____ may be ____ blame for ____ outside.
 ____ will ____ coverage outdoors.
 ____ is a ____ of signal ____ weather.
 Are ____ causing outdoor ____ problems?
 ____ possible that different ____ conditions ____ the ____ outside?
 ____ to ____ strength ____ to weather?
 How ____ affects ____ outside.
 ____ the ____ signal strength?
 Are the weather ____ signal ____ ?
 Can ____ in signal strength ____ specific weather?
 Is ____ damaging ____ signals?
 ____ have outdoor ____ are ____ by the weather.
 ____ weather affect ____ signal ____ ?
 ____ conditions affecting signal strength ____ ?
 ____ affected by ____ weather.
 ____ the bad ____ the signals ____ ?
 ____ is ____ that ____ is affected ____ weather conditions.
 Do ____ conditions ____ outdoor ____ ?
 Are ____ weather?
 Is ____ messing up ____ ?
 Is ____ an effect ____ signal ____ ?
 How ____ the weather ____ outside?
 Is signal ____ weather?
 Does ____ connections significantly?
 ____ outside ____ affected by weather ____ ?
 ____ this ____ messing up ____ ?
 ____ weather ____ signals.
 ____ different weather ____ affect the strength ____ ?
 ____ weather affect ____ quality?
 ____ possible ____ determine ____ specific atmospheric conditions ____ reception?
 ____ different ____ outdoor ____ quality?
 Is it possible for ____ climate ____ affect ____ ?
 Specific environmental circumstances ____ .
 ____ bad ____ the signal quality?
 Is ____ an ____ on outer ____ from ____ ?
 How ____ climates ____ signal ____ ?
 ____ the atmospheric occurrences ____ consequential?

_____ affect the _____?

Does _____ external _____ reliability?

_____ weather conditions _____ strength?

_____ is the _____ signal _____?

Which _____ conditions _____ the _____ of _____?

Do _____ weather _____ affect signal _____?

_____ certain environmental circumstances _____ the _____?

_____ climate _____ external signal _____?

Is _____ between atmospheric _____ and outdoor _____ performance?

_____ may be affected _____ occurrences.

_____ the conditions _____ signal _____?

Is there _____ between _____ conditions _____ signal strength?

_____ in climate _____ affect _____.

Is it the _____ weather _____ screws _____?

_____ to outdoor signals _____ bad _____?

_____ if the atmospheric conditions affect _____?

_____ affect _____ signal quality?

Is _____ possible that _____ conditions _____ outdoor _____ performance?

_____ weather _____ affect the strength _____ signals _____?

_____ influencing _____ outside?

_____ conditions changing _____ strength?

_____ effects signals _____.

_____ it possible that adverse weather _____ on outer _____?

_____ it possible _____ there are _____ outdoor signal strength?

_____ affect outdoor signal _____?

Could _____ affect outdoor signal _____?

_____ messing with signal _____ outside?

_____ the _____ outdoor signals.

Weather _____ signals in _____.

Changing _____ impact _____.

Can there _____ outdoor reception _____ certain climatic parameters?

_____ signal strength _____ impacted _____ weather _____.

_____ elements affect wireless _____?

_____ changes in signal _____ with _____ weather.

_____ bad atmospheric conditions _____ with _____ outdoors?

Will certain _____ signals _____?

_____ do the _____ effect _____?

Different weather situations _____ strength _____.

_____ outdoor _____ reliability _____ by _____ situations?

_____ bad climate affect _____?

Is weather _____ outside?

_____ there _____ chance of lousy _____ outdoor reception?

_____ possible _____ certain atmospheric conditions _____ outdoor reception _____?

_____ an influence _____ signals outside?

_____ the weather messing _____ signal _____?

_____ does _____ signal?

_____ it possible that _____ may _____ the outdoor signal _____?

_____ the outdoor _____ performance _____ atmospheric _____?

Is the crappy _____ conditions _____ outside?

Does _____ weather conditions _____?

Is it possible to _____ if _____ affect _____?

_____ the signals affected _____ the weather?

_____ of _____ outside is affected by _____.

_____ harm outdoor signals?

_____ it a _____ that specific _____ connections?

Weather can _____ of _____ outdoors.

Does weather _____ an _____ on _____?

_____ signals _____ weather?

Is this _____ the _____ outdoors?

_____ external atmosphere's _____ on _____ transmissions?

_____ the strength _____ signals outdoors?

_____ meteorological _____ signals outside?

Are weather _____ outdoor _____?

_____ conditions affect _____ outdoors?

The external _____ effect _____?

_____ it possible that adverse _____ an _____ on _____ signal _____?

Does the weather _____ outside?

signal quality _____ conditions _____?

_____ the weather _____?

Does _____ affect _____?

_____ affects outdoor _____ strength?

_____ strength influenced by _____.

_____ we _____ how signal quality is _____ changing _____?

Is _____ outdoor _____?

_____ strength can change _____.

_____ the _____ of signals _____ by weather _____?

_____ weather _____ signals outside?

Can we _____ atmospheric conditions affect _____?

_____ bad _____ affecting signal _____?

How do _____ natural factors affect _____ of _____?

Weather can _____.

_____ bad _____ affecting _____ power.

_____ it _____ that _____ conditions _____ effects on outdoor _____?

_____ a chance these _____ weather _____ ruin _____ outdoor _____.

How _____ weather affect _____

_____ weather _____ reception outdoors?

Will _____ able _____ impact _____ outdoors?

_____ factors outside _____ cause _____

_____ it possible _____ climate _____ to have an _____ on _____ signal _____?

Is _____ varying atmospheric _____ affect outdoor _____ performance?

_____ weather affect _____ signal _____?

Does environmental _____ connections?

Are _____ conditions _____ with _____?

Can _____ affect _____?

_____ weather _____ might wreck the _____.

_____ power of the signals _____?

_____ holding _____ signals back?

Is _____ the _____ up signals?

Can _____ environmental _____ connections?

_____ can _____ outdoors reception.

_____ climates compromise outside _____?

What _____ conditions _____ signal _____?

_____ meteorological _____ affect signals?

_____ this bad _____ messing with _____?

_____ strength of signals _____ by _____ weather.

Outside _____ on _____?

_____ weather affect the _____?

_____ this bad weather _____?

_____ amount _____ atmospheric occurrences _____ signals significant?

There _____ weather _____ affect _____ of signals.

_____ there specific weathers _____ outdoor _____?

_____ environmental _____ change _____ connections?

_____ there a _____ of _____ occurrences affecting _____?

_____ may _____ outdoor signal _____.

_____ outdoor signal?

Should _____ signal strength _____ influenced _____?

_____ certain weather _____ affect _____ signal _____

There _____ changes _____ signal _____ weather?

_____ influence on signal _____?

How do _____ signals?

Does climate _____ influence _____ external _____?

_____ outdoor signals _____ weather?

_____ the _____ affecting _____ connections?

_____ weather anomalies affect _____ reliability?

Did environmental _____ change _____?

_____ the elements _____ wireless _____?

_____ it possible that _____ outdoor signal strength?

_____ a chance that outdoor _____ is _____ weather?

_____ reliability _____ external _____ may be _____ by _____.

_____ the weather _____ with _____ outdoor _____?

There may _____ between _____ climatic parameters _____ weakened _____.

Does _____ atmospheric _____ the _____ signals?

_____ the signals messed up _____?

Do _____ environmental _____ an effect on _____?

_____ the weather messing with _____?

The _____ outside.

How are _____ affecting _____ signal _____?

_____ weather _____ with the outdoor _____?

_____ reception _____ by _____ changes?

_____ in conditions _____ hurt _____.

_____ weather _____ affecting the _____ of _____ outdoors?

Is it _____ conditions affect _____ outside?

_____ it _____ the _____ conditions _____ effect on _____ outdoor signal performance?

_____ signals outside?

_____ affected by the _____.

_____ affect _____ signal.

There may _____ signal _____ weather _____ outside.

weather _____ impacting _____ signal _____

_____ certain _____ going _____ affect signal _____?

_____ the _____ strength _____ be affected by weather?

_____ the _____ outdoor _____ messing _____ them?

Are _____ harmful _____ outdoors?

_____ be _____ signal strength with _____ weather?

can _____ signals

There are possible _____ between weakened _____ parameters.

_____ weather conditions affect _____ of _____.

Has _____ been influenced _____?

_____ in _____ signals outside.

_____ the atmospheric conditions _____ the _____?

Weather _____ might affect _____.

_____ be _____ outdoor signals.

_____ the weather _____ to _____?

_____ the _____ messes with _____ outdoor signals?

Do you _____ the _____ weather _____ outdoor reception?

_____ can compromise transmissions.

Is _____ that certain _____ conditions _____ affect _____ strength?

Will the _____ signal _____?

Is _____ different types of weather _____ outside?

Does _____ outdoor _____ strength?

Do environmental _____ affect _____?

_____ a lot of _____ occurrences _____ outbound _____?

The _____ signs.

Is it possible _____?

_____ weather _____ messing with _____ outside.

Can _____ external transmissions?

Is _____ weather messed _____ the _____?

_____ for _____ to affect outdoor signal strength?

Is the _____ with the outdoor _____?

The weather can _____.

Are _____ conditions messing _____ strength _____?

There _____ in _____ strength with specific _____?

_____ this bad _____ messing _____ outside?

_____ possible _____ to weaken the wireless reception _____?

_____ bad _____ affect _____ reception?

Is there _____ effect on _____ outdoor _____ performance _____ conditions?

_____ weather _____ signals.

Is _____ impact signal _____?

_____ might _____ signals.

_____ adverse _____ outer _____ integrity?

_____ is affected _____ adverse weather.

_____ weather _____ connection outside?

How _____ signal strength.

_____ weather may _____ messing _____ their outdoor signal _____.

_____ weather _____ strength of _____ outdoors?

Is _____ a _____ between _____ and _____ quality outside?

Is the _____ messing _____ outdoors?

_____ affect communications?

_____ it _____ that _____ outdoor _____ strength is affected _____ conditions?

Do weather _____ strength?

Can we _____ quality when weather changes?

____ the weather effecting ____ ?
 ____ weather is ____ with outdoor ____ .
 Is ____ signal performance ____ different atmospheric conditions?
 ____ weather ____ the ____ of ____ outside?
 ____ outside ____ affected ____ the external ____ ?
 ____ is ____ outdoor signal?
 ____ specific environmental ____ connections?
 ____ in ____ conditions ____ affect ____ performance.
 How ____ differing ____ affect signals ____ ?
 Is it possible ____ outdoor ____ strength ____ be ____ weather?
 ____ there any effect on ____ outdoor ____ performance ____ varying ____ ?
 ____ is the ____ messing ____ signal ____ ?
 ____ weather conditions affect ____ ?
 Is ____ connections ____ by specific ____ ?
 Is it possible ____ atmospheric ____ could ____ outdoor ____ ?
 Any ____ to signal ____ weather?
 ____ some atmospheric ____ outbound signals ____ ?
 ____ it ____ determine ____ atmospheric conditions affect reception?
 Is ____ possible for bad weather ____ strength?
 ____ to ____ external ____ in different climatic conditions?
 ____ weather ____ affecting outdoor ____ ?
 Is ____ strength ____ signals outside ____ weather ____ ?
 Does ____ environmental circumstance ____ connections?
 ____ weather affect ____ quality?
 How ____ weather ____ wireless ____ ?
 ____ the ____ of signals being ____ by ____ ?
 ____ weather ____ outdoor ____
 ____ a change in ____ affect ____ ?
 ____ bad weather messing ____ strength?
 Is ____ weakened outdoor reception ____ specific ____ parameters?
 Is ____ a change ____ quality due ____ ?
 ____ external atmosphere on ____ outdoors?
 Will ____ weather ____ outdoors?
 ____ do ____ change ____ strength?
 Can ____ elements ____ the ____ ?
 ____ signal quality ____ changing ____ outdoors?
 ____ weather messing with ____ outdoor ____ ?
 The weather ____ messing with ____ .
 ____ weather influence ____ ?
 ____ occurrences ____ affecting ____ signals.
 Is the ____ quality ____ by ____ ?
 ____ be disrupted by ____
 Weather ____ outdoors.
 ____ weather ____ outdoor signal.
 ____ certain weather events ____ outdoor ____ .
 ____ adverse ____ impact ____ ?
 Is the ____ of ____ outside?
 Is ____ possible ____ the differing ____ hamper ____ connection ____ ?
 ____ signal ____ affected by ____ atmospheric ____ ?
 ____ does the external ____ have ____ ?

_____ affect the wireless _____?

The _____ strengths outside have been _____ the _____.

_____ conditions have _____ on signal quality _____?

Is the _____ with our _____?

_____ affect signals.

_____ weather limiting _____?

_____ conditions _____ outdoors?

_____ a _____ that _____ weather will ruin _____ reception.

How are _____ weather messing _____ the _____?

_____ different climates _____ transmissions?

_____ think the _____ is messing with _____ signals?

Is there _____ the weather _____ outdoor _____?

_____ strength change?

_____ the weather affect _____?

Does adverse weather _____?

_____ affects _____

_____ bad _____ signal power?

How do _____ affect _____ connections?

_____ have been _____ occurrences _____ affect _____.

Specific _____ can _____ signal _____.
