

[Demo] NLP Dataset for Customer Service Automation

Company Type	Investment Firms
Inquiry Category	College savings and education planning
Inquiry Sub-Category	Tuition cost estimation
Description	Customers request guidance on estimating future college tuition costs, including factors to consider, inflation rates, and tools to project expenses.
Data Size	5,047 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Investment Firm" customer inquiry. (Purchased data will not be masked.)

_____ be used _____ determine _____ of university _____ accounting for _____ changes?

How do you _____ costs are _____ go _____?

_____ it possible _____ gauge _____ growth with _____ changing?

_____ there _____ that _____ used _____ gauge _____ increase in college _____?

_____ approaches give an _____ of _____ tuition _____?

_____ tuition hikes _____ in economy?

_____ finances get _____ how _____ we _____ if _____ increases?

_____ there a _____ expected university fee ascent _____ on _____?

What techniques can _____ university fees?

_____ to assess _____ college _____ as the _____?

_____ can be _____ in predicting _____ growth.

_____ used to _____ the future increase of university tuitions.

_____ it _____ estimate _____ increase of university _____ economic change?

How _____ measure _____ growth _____ economy changes?

_____ there a way _____ college _____ growth _____ an _____ economy?

Which techniques can _____ the _____ of _____?

How do we _____ the _____ fees?

_____ strategies should _____ use _____ evaluate college _____ in light _____ the _____?

How _____ forecast _____ college _____ growth?

Predicting _____ change _____ economy?

Do _____ to use to _____ increase in _____ fees?

_____ university _____ in _____ uncertain economy?

_____ to ask _____ college costs amidst _____ economies?

_____ economic fluctuations _____ used _____ tuition growth?

Predicting _____ economy changes?

_____ about approaches to _____ cost hikes at universities?

_____ a _____ to gauge uni _____ growth?

_____ tools measure _____ growth _____ uni _____?

Which _____ the tools _____ to _____ expected uni _____?

Predicting _____ fees _____ to the _____.

Due to ____ fluctuations, ____ tools ____ increment in ____?

Are ____ ways ____ predict university ____?

____ you assess ____ projected increase in ____?

Is it possible ____ determine ____ in university ____ considering ____?

____ suggest ____ to assess ____ rise ____ college fees?

____ a way ____ projected rise in ____ fees?

____ to ____ anticipated growth of university tuitions ____ economic ____?

Consider economic ____ when ____ expected ____.

Do ____ have any ____ on ____ to ____ the potential ____ in ____?

Is ____ a method ____ anticipating ____ increase ____ university ____?

____ there be ways ____ cost ____?

How to figure ____ uni ____ economic changes.

____ to ____ uni ____ with ____ economy?

What ____ best ____ to ____ fees growth amid unpredictable ____ shifts?

____ use to evaluate ____ potential for increased ____ costs?
