

[Demo] NLP Dataset for Customer Service Automation

Company Type	Credit Card Companies
Inquiry Category	EMV chip card and contactless payments
Inquiry Sub-Category	Transaction security concerns
Description	Customer concerns regarding the security features and benefits offered by EMV chip cards and contactless payment methods compared to traditional magnetic stripe cards.
Data Size	5,062 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Credit Card Company" customer inquiry. (Purchased data will not be masked.)

How do EMV _____ and _____ payments _____ compared to _____ cards?
 _____ improve transaction security _____ traditional Magnetic stripe cards?
 _____ a _____ secure payment method than magnetic stripe _____?
 _____ of _____ cards and _____ payment systems _____ transactions more secure _____ cards.
 _____ chip _____ can _____ transaction security compared _____ magnetic _____?
 Is _____ cards _____ other electronic _____ better _____ transaction _____ magnetic stripe cards?
 _____ with a chip card and contactless payments _____ more _____ cards _____.
 _____ to _____ how do _____ and payment methods _____ security?
 As compared _____ magnetic stripe cards, could _____ tell me _____ benefits of _____ chip _____?
 What are the _____ payments made _____ chips from _____ group _____ more _____ payments made _____ magnetic _____?
 Payments _____ a _____ card _____ Payments can _____ Magnetic Strip cards
 Is using _____ chip rather _____ stripe card _____ secure _____ payments?
 How can chip cards _____ make security beefier _____ compared _____?
 How does _____ of a chip or card _____ than _____?
 _____ it _____ that _____ and payments _____ safer than magnetic _____ cards?
 How _____ chip _____ affect the security _____ compared _____ traditional _____ stripe _____?
 _____ chip cards _____ electronic payment _____ increase _____ security when compared _____?
 Do _____ and _____ to payment methods give you _____ secure _____ stripe method?
 _____ using a chip card like emv _____ magnetic _____?
 _____ chip-enabled _____ and tap to payment methods more _____ currently used?
 Do chip-enabled _____ give _____ security _____ old _____ methods?
 How _____ chip cards change _____ make _____ secure _____ MagneticStrip _____?
 _____ it possible _____ transactions _____ are safer than transactions _____ cards?
 Do _____ cards and tap to _____ more secure _____ than _____ used?
 The usefulness of _____ EMV _____ and _____ associated _____ methods for _____ magnetic _____ is _____.
 Do _____ transactions _____ more _____ than _____ magstripe transactions?
 _____ chip cards and other _____ with _____ like traditional _____ stripe _____ do?
 Are _____ and other _____ of _____ payment _____ than _____ cards?
 Do chip-enabled cards give _____ payment option _____ magstripe _____?

_____ provide _____ with _____ chip cards and other forms _____ electronic _____ transactions _____ secure than magnetic cards?

Do _____ cards _____ to _____ methods _____ a more secure payment method _____ ?

_____ chip cards _____ make purchases more _____ magnetic stripe _____ ?

_____ you think _____ and payment methods are _____ than magnetic stripe _____ ?

Is it _____ make transactions _____ vulnerable _____ magnetic stripe _____ ?

Is a _____ payment option _____ secure in securing _____ card?

_____ using _____ card or payments _____ secure _____ stripe cards?

Do chip-enabled _____ than traditional magstripe transactions?

_____ chip-enabled _____ transactions have _____ security than _____ ?

Do you _____ how _____ and payments _____ transaction _____ over magnetic _____ ?

Do _____ cards and _____ payment _____ to improve transaction _____ stripe cards?

Paying with _____ Contactless Payments is _____ paying with magnetic Stripe _____ .

_____ chip-enabled _____ and _____ to payment _____ a _____ secure method than _____ ?

_____ chip _____ and _____ electronic payment more _____ magnetic stripe cards?

How _____ cards, _____ other forms of _____ payment, _____ transactions _____ secure _____ stripe _____ ?

_____ cards and _____ payment _____ improve _____ security _____ Magnetic stripe cards?

What do _____ of _____ chip cards for _____ instead of magnetic _____ ?

_____ cards be _____ transactions _____ than magnetic stripe cards?

When _____ to magnetic stripe card _____ do _____ cards _____ electronic payment _____ ?

Payments with a _____ card and _____ Payments are more _____ cards.

Is _____ and contactless _____ than magnetic _____ cards?

Payments _____ card and Contactless Payments _____ more _____ that only have Magnetic Stripe _____

Is _____ chip-based _____ option _____ a traditional _____ stripe _____ for transactions?

Do chip cards _____ security _____ traditional _____ stripe _____ ?

When compared _____ traditional _____ card technology, how _____ contribute to improved _____ ?

_____ are payments _____ chips from _____ EMV group _____ than those made _____ ?

Does _____ cards _____ electronic payment _____ help improve transaction _____ stripe cards?

Is _____ these EMV _____ touch-and-pay _____ actually prevent _____ better than magnetic _____ nonsense?

Payments with _____ chip card _____ contactless _____ than _____ with _____ Stripe cards.

_____ cards _____ other _____ methods improve transaction _____ over traditional magnetic stripe _____ ?

Do _____ and _____ payment methods _____ more _____ than magnetic _____ cards by themselves?

_____ chip-enabled cards and _____ payment more _____ magstripe?

Is using _____ magnetic stripe card more _____ in _____ transactions than traditional _____ stripe _____ ?

Do _____ and _____ to payment methods _____ a _____ option _____ magstripe?

_____ how chip _____ and _____ forms _____ electronic _____ transactions more _____ than magnetic stripe cards?

_____ it safer than _____ to use _____ ?

Did _____ cards _____ payments _____ than magnetic _____ cards?

_____ chip-enabled _____ give _____ than magstripe methods?

_____ and _____ to payment methods _____ a more _____ to magstripe method?

_____ it possible that _____ cards _____ more secure _____ magnetic _____ cards?

_____ transactions have better security _____ transactions?

_____ chip _____ can _____ secure than magnetic stripe cards.

Do _____ to payment methods _____ a more secure _____ that _____ ?

_____ chip-enabled cards and _____ to payment _____ more _____ magnetic stripe _____ ?

Do chip-enabled _____ give _____ for _____ than magstripe method?

Is _____ cards _____ electronic payment methods _____ more _____ than _____ technology?

_____ is possible that _____ cards _____ payments _____ secure than magnetic _____ .

_____ using a _____ instead _____ magnetic stripe card _____ secure _____ transactions?

_____ other electronic _____ methods increase _____ security compared to magnetic _____ technology?

Do _____ cards and other _____ help _____ when compared _____ card technology?

Do chip-enabled _____ payment methods give more _____ stripe does _____ now?

_____ chip-enabled cards _____ tap to _____ methods _____ secure payment option _____ magstripe _____?

_____ does chip _____ and payment _____ make transactions safer _____?

Is _____ possible _____ of how _____ other _____ of electronic _____ make transactions _____ secure than magnetic stripe _____?

What is _____ reason that _____ from _____ EMV _____ are more secure _____?

_____ cards and cards _____ more _____ than _____ stripe cards?

How _____ and _____ make transactions more _____ magnetic strip _____?

_____ using _____ card _____ than using _____ magnetic stripe _____ for transactions?

_____ you _____ how _____ cards, and other _____ make transactions _____ secure than magnetic _____?

Is _____ use _____ a chip _____ of a magnetic stripe _____ in _____?

_____ and _____ of _____ payment can make transactions more _____ than _____ stripe _____?

When _____ to traditional magnetic _____ how _____ contribute to improved _____?

Why _____ with _____ the EMV group _____ security than magnetic _____?

Do chip _____ help _____ transaction _____ magnetic stripe _____?

_____ think EMV chip cards _____ safe _____ magnetic _____ cards?

Is it true _____ chip _____ improve _____ over _____ stripe _____?

_____ improve transaction security compared to _____ stripecard _____?

The use of chips _____ payments _____ strip cards.

_____ using a _____ card and Contactless Payments _____ secure _____ Strip _____.

A _____ and contactless payment can _____ more _____ cards.

Do _____ a _____ make transactions safer than _____ magnetic _____?

_____ using _____ cards _____ is there _____ to safeguard _____ to magnetic stripe cards?

Payments _____ chip _____ and Contactless Payments _____ than cards _____ only _____ Strip _____.

Do you have an _____ on _____ chip cards _____ forms of electronic _____ magnetic cards?

Is using _____ instead of _____ stripe more _____ payments?

There is debate about the _____ the chip _____ associated _____ methods _____ protection _____ stripe _____.

Do _____ cards _____ effect on transaction _____ than _____ magnetic stripe _____?

Do chip _____ other _____ payment _____ help _____ transaction security like _____ cards?

_____ chip-enabled cards _____ payment methods _____ secure _____ method?

chip _____ can increase transaction security over _____ cards.

Is using a _____ card like emv _____ card _____ transactions?

_____ and tap _____ payment _____ more secure than magstripe _____?

What do you _____ benefits _____ using _____ instead of magnetic _____ cards?

_____ do _____ about the added transaction _____ benefits _____ chip _____ over _____ stripe _____?

Do _____ cards _____ tap to payment methods give _____ more _____ method?

How do chip cards make _____ than _____ strip _____?

_____ to me _____ chip _____ and other _____ of _____ transactions more secure than _____ cards?

_____ chip-enabled _____ give _____ more _____ method _____ payment _____ the magnetic _____ one?

Are _____ cards _____ tap _____ payment methods more secure than _____ use?

It's _____ that chip _____ payments _____ than magnetic _____ cards.

Does chip cards and _____ payment methods _____ improve transaction _____ like _____?

Do _____ and _____ electronic _____ security when _____ to magnetic stripe _____?

What _____ the security level achieved _____ newer _____ than _____ one that is still offered _____ stripe payment

_____ card make payments more secure _____ magnetic _____?

_____ chip-enabled card transactions _____ security than those _____?

_____ of chip cards _____ cards with _____ on _____ of transactions _____ to _____ stripe cards?

When _____ chip cards _____ is there _____ better way _____ to magnetic stripe _____?

Do _____ cards _____ payment _____ you _____ secure payment option _____ magstripe?

The usefulness of _____ associated payment methods _____ protection against _____ cards _____ a subject of

_____.

_____ cards _____ payment _____ security over traditional magnetic stripe cards?

Is _____ chip card _____ payments _____ better _____ cards _____ securing transactions?

Does _____ cards and _____ payment _____ make transaction security _____ magnetic _____?

_____ the _____ security benefits _____ using chip cards _____ Magneticstripe _____?

_____ it _____ and _____ payments than magnetic stripe cards?

Is it _____ that _____ cards, _____ other _____ of _____ make _____ more secure than _____ stripe _____?

Contactless _____ with _____ chip card can be _____ than _____.

Is _____ chip _____ emv more secure _____ a Magnetic _____ card?

_____ cards improve transaction security _____ magnetic stripe _____?

_____ chip-enabled _____ you a _____ option to pay _____ magstripe _____?

_____ and _____ electronic _____ transaction security over magnetic stripe technology?

Do chip cards and _____ make _____ secure than _____?

Do chip-enabled _____ give _____ more secure method _____ the _____ method?

_____ chip-enabled _____ allow _____ more security than _____?

_____ chip-enabled cards and _____ to _____ methods _____ secure than the magstripe method _____?

Contactless _____ and chip _____ be more _____ Strip _____.

Do chip _____ and _____ offer better transaction _____ magnetic _____ cards?

_____ impact of chip cards and cards _____ of transactions compared _____ magnetic stripe card _____?

_____ payments make transactions more secure _____ stripe _____?

_____ cards and other electronic _____ more secure than _____?

Do _____ and _____ to improve transaction _____ more _____ the traditional magnetic stripe cards?

_____ other electronic _____ methods _____ improve _____ security like magnetic _____ cards do?

_____ make transactions _____ magnetic strip cards?

Is _____ or _____ device _____ better _____ to _____ transactions compared to _____ stripe _____?

Do _____ cards and _____ payment methods _____ a _____ than _____ stripe methods?

_____ cards give a _____ method than the _____ stripe _____?

Is _____ possible _____ chip cards _____ transactions _____ than _____ strip ones.

_____ chip _____ and payment methods _____ transaction security over _____.

Is _____ possible _____ cards _____ payments is _____ than _____ strip cards?

Do chip-enabled _____ transactions _____ traditional magstripe ones?

Do _____ know _____ cards and other _____ of _____ can make _____ more _____ than magnetic _____?

Did _____ cards and _____ payment methods _____ transaction security like _____ cards _____?

_____ you _____ and payment methods _____ secure than magnetic _____ cards?

_____ chip-enabled _____ have more _____ compared to _____ transactions?

Do _____ cards and tap to _____ provide _____ more _____ method _____ than _____?

_____ and card payments make transactions _____ stripes?

_____ chip-enabled card transactions _____ security _____ magstripe _____?

Contactless payments with a _____ more secure than Magnetic _____.

Did _____ other _____ payment methods _____ security like magnetic _____ cards?

_____ if chip _____ and _____ make transactions _____ secure _____ ones?

_____ chip _____ and other electronic payment _____ when compared to magnetic stripe _____?

_____ using a chip instead _____ a _____ more _____ in _____?

_____ do _____ cards with payments have on the _____ to traditional _____ stripe cards?

Do _____ and other _____ transaction _____ more _____ traditional magnetic _____ cards?

Do _____ give _____ more secure _____ method _____ the magnetic stripe _____ right _____?

_____ improve transaction security _____ compared _____ stripe cards?

What can _____ cards _____ to _____ security, _____ to _____ stripes?

_____ you _____ chip cards and payment _____ secure than magnetic _____?

_____ it possible that _____ cards for _____ than _____ strip cards?

Do _____ tap to _____ have a _____ method _____ the magstripe method currently in widespread _____?

Why _____ with _____ EMV _____ more _____ than _____ made out of _____ stripes?

_____ the added _____ security _____ EMV chip cards and magnetic _____ cards?

Do _____ cards and other electronic _____ security when _____ to _____ stripe _____?

Do _____ cards and _____ methods improve transaction _____ same way traditional _____ do?

_____ do chip _____ cards with _____ have on _____ transactions _____ to magnetic _____ cards?

Is _____ and _____ electronic _____ methods _____ than _____ cards in _____ transaction security?

_____ cards give _____ a _____ secure method _____ payment _____ magstripe?

_____ cards and _____ than magnetic strip ones?

How can _____ make _____ secure _____ magnetic _____ cards?

_____ payment options be more _____ than _____ stripe cards?

Why _____ made _____ chips _____ group _____ secure than using _____ stripes?

_____ card _____ more security _____ magstripe?

Do you have _____ explanation _____ chip _____ of payment _____ transactions more secure than magnetic _____?

Do _____ and _____ to _____ methods give you _____ more secure payment _____?

_____ tell _____ how chip cards _____ other _____ make _____ more secure _____ magnetic stripe cards?

What _____ payment _____ to _____ them more secure _____ magnetic stripes?

_____ possible that _____ cards and _____ make transactions _____ secure _____ to _____ stripe _____?

Can _____ me an explanation _____ chip cards and _____ forms of _____ payment make _____ than _____ cards?

_____ chip cards _____ payment methods _____ increase _____ compared _____ magnetic stripe technology?

_____ chip-enabled cards _____ a more _____ payment method _____ stripe one _____?

Does chip-enabled _____ give a _____ option than _____?

_____ stripes what can chip cards _____ payment methods _____?

_____ and tap _____ payment methods _____ more _____ payment method _____ the magnetic _____ currently used?

Is _____ possible that _____ cards _____ transactions less risky _____ cards?

_____ cards _____ payments give a _____ method _____ magnetic stripe cards?

_____ electronic _____ improve transaction security compared to magnetic stripe technology?

Do _____ and tap _____ methods _____ you _____ secure _____ than magstripe?

Are _____ cards and _____ options more _____ traditional _____ stripe _____?

How do chip cards _____ better _____ security than _____ stripe _____?

Can _____ tell _____ chip cards _____ other forms of electronic payment _____ more secure _____?

_____ it possible _____ card _____ more secure than magnetic _____?

What do _____ know about _____ benefits _____ chip _____ stripe cards?

_____ you _____ me an explanation of how chip _____ other forms _____ electronic _____ are _____ secure _____?

_____ using _____ chip instead of a _____ more secure in _____?

_____ cards _____ transaction security _____ traditional _____ stripe cards?

Is using _____ or _____ more secure than _____ cards?

_____ chip cards _____ payment methods help improve _____ security compared _____ stripecard _____?

Payments with a _____ than payments _____ magnetic Strip cards.

_____ can chip _____ and _____ do to _____ security _____ to _____?

_____ chip cards _____ payment _____ help to _____ transaction _____ compared to magnetic _____?

How chip cards _____ forms _____ electronic _____ make transactions _____ cards?

How _____ using a _____ or _____ make _____ safer _____ using _____ stripe?

_____ compared to _____ technology, _____ electronic _____ help _____ improving transaction security?

_____ chip _____ and _____ electronic _____ help increase transaction _____ magnetic stripecard technology?

_____ chip _____ aid in improving transaction security more than traditional _____ stripe _____?

Do chip-enabled _____ and _____ to _____ methods _____ higher level of security _____?

_____ and other electronic _____ improve _____ security compared to magnetic _____ technology?

_____ chip-enabled cards and tap to payment _____ than _____?

With a _____ and Contactless Payments, payments _____ be _____ than _____.

Are _____ other electronic payment _____ secure than _____ technology?

Do chip _____ electronic _____ methods enhance transaction security _____ cards?

_____ chip _____ other methods improve _____ security compared _____ technology?

_____ could make _____ more secure than _____ strip cards?

_____ chip _____ other _____ methods help improve _____ toMagnetic stripe technology?

_____ cards help to _____ transaction security _____ to _____ stripe _____?

_____ chip cards _____ other forms _____ make _____ secure than magnetic stripe cards.

_____ transactions _____ secure than magstripe _____?

Do you _____ the new transaction security benefits _____ chip cards _____?

_____ are the _____ in which _____ and payments give _____ transactions compared _____ magnetic stripe _____?

Is _____ possible _____ using chip _____ secure _____ those using _____ strip cards?

_____ it _____ chip cards and payments _____ be safer _____ magnetic _____?

_____ chip-enabled cards and _____ to payment _____ a more _____ method _____ the _____ method?

Does anyone _____ how the _____ cards _____ stripe cards?

_____ cards _____ electronic payment methods _____ better transaction security than magnetic _____?

Do _____ an explanation of _____ chip _____ and other _____ payment _____ more secure _____ cards?

_____ reasons _____ payments _____ chips from _____ EMV group _____ more secure than payments made _____ to _____.

_____ chip cards and _____ payment _____ help _____ transaction _____ compared tomagnetic _____ technology?

_____ chip-enabled cards _____ to payment methods offer _____ than _____?

_____ and other electronic payment _____ transaction _____ compared to _____ technology?

The _____ chip cards _____ cashless _____ systems make transactions _____ strip cards.

There is debate _____ the _____ the chips _____ for protection _____ magnetic stripe cards.

_____ chip-enabled _____ and tap to _____ more secure than the _____?

_____ chip-enabled _____ and _____ payment methods give a _____ secure _____ method _____ magstripe method?

_____ with _____ card and _____ be more _____ than _____ only have Magnetic Strip _____ in their _____.

_____ is _____ debate about the _____ of the _____ payment methods _____ magnetic stripe _____.

Do chip-enabled _____ more _____ method _____ magnetic _____ cards today?

Do chip-enabled _____ give a _____ option than _____?

Is chip enabled _____ payment methods more _____?

Contactless payments and chip _____ can _____ secure _____ Strip _____.

Is it _____ chip cards _____ transactions _____ secure _____ strip _____?

There is _____ the _____ of the chips _____ payment methods for _____.

How do _____ chip _____ transaction security _____ stripe cards?

_____ chip-enabled _____ a _____ secure _____ method than _____ magnetic stripe _____?

Payments _____ a _____ card and contactless _____ can _____ than magnetic _____

Can anyone tell _____ how _____ security _____ to magnetic stripe _____?

What are the _____ chip _____ instead of _____ stripe _____ for payments?

Is _____ transactions _____ chip cards are _____ than magnetic _____ payments?

_____ do you know _____ the transaction security _____ of _____ Magneticstripe _____?

I _____ to _____ what _____ the EMV _____ cards make _____ magnetic _____ cards.

_____ chip-enabled card _____ more secure than traditional _____?

How do chip _____ make _____ safer _____ cards?

Do _____ cards _____ transaction _____ compared _____ magnetic stripe _____?

_____ to _____ technology, _____ do chip _____ and _____ contribute to improved security?

Payments _____ a chip card and contactless _____ can _____ more _____.

_____ that _____ made with chip cards are _____ safe _____ made _____ magnetic strip _____?

Do chip _____ and other electronic _____ improving _____ security _____ the traditional magnetic _____ cards?

Is _____ chips _____ payments _____ secure _____ magnetic _____?

_____ cards _____ of electronic _____ make transactions more secure _____ cards?

chip _____ and _____ improve transaction _____ over magnetic _____ cards.

Can you ____ me ____ chip ____ and ____ electronic ____ transactions more secure than magnetic ____ ?

____ chip cards ____ other electronic ____ methods any better ____ technology?

Are ____ and ____ methods ____ secure ____ magstripe?

____ and ____ methods help improve transaction security ____ to magnetic ____ card ____?

____ you tell me how ____ forms ____ payment make transactions more ____ than ____ stripe ____?

Do chip cards and ____ electronic ____ increase transaction security ____ magnetic ____ ?

Do chip-enabled cards and ____ to ____ methods give ____ better ____ ?

Do ____ give ____ payment method ____ magstripe method currently used?

____ do chip ____ on the ____ transactions compared ____ magnetic ____ cards?

____ chip cards help in improving ____ security, ____ stripecard ____?

How can ____ cards ____ methods ____ security ____ compared ____ stripes?

____ chip cards and payments ____ more secure ____ strip ____?

____ of how ____ cards ____ other forms of ____ make transactions ____ secure than magnetic cards?

What ____ reasons that payments with chips ____ more ____ those made ____ to Magnetic stripes?

____ payment option that uses a ____ a ____ magnetic stripe card ____ transactions?

____ chip cards ____ other electronic payment ____ transaction ____ traditional magnetic stripe ____?

Do EMV ____ transactions ____?

____ stripes, how ____ chip cards and ____ payments increase ____?

____ it ____ to transaction ____ do ____ cards ____ other electronic ____ help more ____ traditional ____ cards?

____ chip card ____ better way to make ____ than a ____ stripe ____?

Is ____ determine how ____ and payments ____ compared ____ magnetic stripe cards?

How ____ and payments make ____ more ____ than ____ cards?

Do ____ cards and ____ methods provide a ____ secure method ____ payment ____ the ____ currently ____ use?

What can chip cards and payment ____ do ____ up ____?

How do ____ cards affect ____ secure than ____ strip ____?

Is ____ card ____ device a better ____ secure ____ than a ____ card?

____ wonder ____ chip cards and other ____ of electronic ____ make ____ more ____ than ____.

How can chip ____ transactions ____ MagneticStrip ____?

____ can chip ____ change ____ be more ____ magnetic ____ cards?

Payments with ____ chip ____ can be ____ secure ____ cards ____ Magnetic Strip ____.

Do you ____ are more safe than ____ magnetic ____?

____ chip-enabled cards ____ secure payment method ____ the ____ does today?

____ you ____ how chip ____ transactions more ____ than ____ cards?

____ are ____ payment offer in securing transactions ____ magnetic stripe cards.

The usefulness ____ EMV ____ their associated ____ methods ____ protection against magnetic ____ cards ____.

____ do chip cards and ____ forms of ____ payments make transactions ____?

The usefulness ____ chips and their associated payment ____ magnetic stripe ____ has ____.

How do chips ____ to make them ____ than ____?

Do you ____ using a chip or a ____ magnetic stripe ____?

____ there any improvements ____ make ____ security ____ magnetic stripe cards?

Could chip ____ and payments ____ more ____ strip ____?

Is ____ card ____ more secure than a ____ one?

____ make their ____ more ____ than MagneticStrip cards?

____ that ____ EMV chip thingamajigs and ____ fraud better than ____ magnetic strip nonsense

Does chip cards ____ methods help ____ transaction security ____ to ____ stripe ____?

____ payments and ____ cards ____ be more ____ strip ____

Is ____ and other electronic ____ magnetic stripe cards for ____?

Is the ____ of a ____ of ____ stripe card ____ secure ____ transactions?

____ cards give ____ more secure payment ____ than ____?

What ____ the ____ why ____ with chips from the ____ group are more ____ with ____?

Do _____ and tap _____ methods _____ a payment _____ magstripe method?
 _____ a chip _____ contactless payments _____ than _____ withMagnetic Strip cards.
 A _____ card and contactless payments _____ be _____ secure _____.
 _____ the EMV chips and their associated _____ methods _____ against magnetic _____ is being _____.
 _____ do chip _____ and payment _____ make _____ secure _____ magnetic _____ cards?
 _____ chip _____ payment methods _____ in improving transaction _____ stripe technology?
 Is it _____ that _____ with _____ more safe _____ strip cards?
 The _____ chips and their associated _____ for protection against _____ cards has _____.
 _____ using _____ for _____ more secure than using a _____ stripe _____?
 Do _____ cards make _____ Magnetic _____ cards?
 Is using a _____ than a traditional _____ more _____ for _____?
 _____ do you _____ about _____ benefits of using _____ chip cards _____ to _____?
 _____ chip-enabled _____ transactions have _____ magnetic stripe transactions?
 _____ do chip _____ transactions _____ compared to _____ cards?
 _____ are the _____ of using _____ chips _____ secure _____ over _____ magnetic _____?
 _____ cards and _____ systems may _____ transaction security _____ tomagnetic _____.
 _____ chip cards _____ electronic payment _____ improve _____ similar _____ magnetic stripe cards?
 Security over _____ improved by using chip _____ and _____.
 _____ can _____ using chip _____ instead of Magnetic _____?
 Do _____ think _____ chip cards and payment options _____ stripe _____?
 Do _____ give you more security _____?
 _____ you _____ me a detailed _____ of _____ chip cards and _____ of electronic _____ make _____ than _____ stripe _____?
 _____ about _____ transaction security benefits _____ chip cards _____ magnetic stripe cards?
 _____ cards give _____ method of _____ a magnetic stripe method?
 _____ it _____ transactions using chip _____ are _____ safe _____ magnetic strip _____?
 _____ chip-enabled _____ and tap to payment _____ offer _____ method _____ the _____ method currently in widespread _____?
 Do _____ how chip _____ and payments _____ magnetic _____ cards?
 _____ cards _____ a more _____ method of payment than _____?
 _____ cards _____ a _____ secure _____ of payment _____ magstripe does?
 _____ chip-enabled _____ give _____ secure _____ method than the _____ stripe _____?
 Do _____ cards _____ more secure method of _____ than _____?
 _____ chip cards and other electronic _____ methods _____ transaction _____ compared _____?
 Do _____ cards _____ help _____ transaction security _____ traditional magnetic _____ cards?
 _____ use _____ chips make card _____ more secure?
 Is _____ card _____ compared to magstripe _____?
 _____ and _____ payment methods provide a _____ method _____ magnetic stripe?
 Do _____ give you more security _____ method?
 Is it possible _____ made with _____ are _____ than _____ made _____ cards?
 Does anyone _____ how _____ and payments _____ compared _____ magnetic stripe _____?
 _____ chip cards and other _____ payment methods _____ improve _____ compared _____ traditional _____?
 _____ chip _____ electronic payment _____ transaction _____ compared to _____ magnetic stripe cards?
 _____ magnetic stripecard _____ do chip cards and _____ payment methods improve _____?
 Do _____ cards _____ tap _____ payment _____ a _____ secure payment method than _____?
 _____ it _____ EMV _____ cards _____ transactions more secure _____ stripe cards?
 Do chip-enabled _____ to payment methods _____ a _____ the magstripe method?
 _____ chip-enabled _____ and _____ methods give a more _____ method _____ the _____ stripe method?
 Is _____ cards _____ electronic payment methods _____ thanmagnetic stripe _____?
 _____ can _____ payment _____ do to heighten _____ compared tomagnetic _____?
 Do chip _____ transaction _____ compared to _____ stripe _____?
 Do chip _____ payment methods _____ to _____ security _____ to magnetic _____ cards?

Do chip _____ other _____ transaction security when compared to _____ technology?

Payments with _____ can _____ more secure than _____ only have Magnetic _____.

Do _____ think _____ cards _____ payment _____ more secure than _____?

What _____ that payments _____ chips from _____ EMV _____ more secure _____ Magnetic stripe _____?

_____ use of _____ cards and _____ safer than magnetic _____?

The _____ of the _____ chips _____ their associated _____ against _____ stripe _____ is _____ topic of debate.

_____ compared to traditional magnetic stripe _____ technology, how _____ contribute to _____?

_____ chip _____ and other electronic payment _____ more _____ technology?

Are _____ cards _____ to payment methods _____ than magnetic _____?

_____ cards make transactions _____ than _____ cards?

_____ cards _____ other _____ payment _____ more _____ compared to magnetic stripe _____?

It _____ possible that chip cards and payments _____ more _____.

_____ cards and _____ payment methods _____ for _____ than _____ stripe technology?

_____ with _____ chip _____ and Contactless Payments can _____ more _____ than _____ Strip _____.

_____ chip _____ like _____ for transactions than a _____ card?

Can _____ safer _____ magnetic stripe cards?

Is using _____ payments _____ secure _____ magnetic stripe card?

Do chip-enabled _____ more secure _____ option _____ magstripes?

_____ chip-enabled _____ and _____ to _____ methods give _____ secure method of _____ than _____ magnetic _____ does?

Is _____ cards _____ more _____ than _____ strip cards?

Do _____ cards _____ tap to _____ a more _____ than _____ stripe one does right now?

What do you know about the transaction _____ of _____ stripe _____?

_____ to _____ how chip cards _____ other _____ of electronic payment _____ transactions more _____ cards.

There _____ debate on the usefulness _____ payment methods for _____ magnetic _____.

_____ cards and _____ to payment _____ a more secure _____ method _____ the _____ method _____ now?

How can chip _____ enhance _____ to magnetic stripes?

_____ chip-enabled _____ offer more transaction _____ the _____ way?

_____ cards _____ other payment methods _____ improve transaction _____ cards do?

When _____ magnetic stripe card technology, _____ do _____ contribute _____ transaction security?

_____ chip _____ and contactless payments can _____ more secure than cards _____ cards.

_____ tell me how _____ cards and _____ forms of _____ payments _____ secure _____ magnetic cards?

Do chip-enabled _____ and _____ provide a _____ secure option _____ method?

_____ chip-enabled _____ a more _____ option _____ magstripe card?

_____ chip _____ and touch-and-Pay _____ have _____ record of _____ fraud than magnetic _____ stuff?

When compared to _____ can chip _____ payments increase _____?

_____ does chip cards _____ make transactions more secure than magnetic _____?

Do _____ other _____ with transaction _____ like traditional magnetic stripe _____ do?

Do _____ and _____ payment methods _____ a _____ secure method of payment than _____ one _____ now?

_____ are the _____ of chip _____ cards _____ payments on _____ security of _____ compared to _____ stripe _____?

Do chip-enabled cards _____ to payment _____ a more secure _____ of _____ than _____ stripe _____?

Do _____ cards _____ secure method _____ than the magstripe _____?

_____ debate _____ usefulness of _____ EMV chips and _____ associated _____ for protection _____ stripe cards.

_____ improve _____ security over magnetic stripe cards.

What are _____ reasons _____ payments _____ with chips _____ group are _____ than _____ using Magnetic stripes?

Do chip _____ with transaction security _____ magnetic _____ technology?

Do chip-enabled cards _____ to _____ methods give _____ security _____ the _____?

_____ compared to traditional _____ technology _____ the effects _____ cards _____ payments on the security of transactions?

_____ chip-enabled _____ you _____ than magstripe methods?

Does _____ payment methods _____ improve transaction security more _____ magnetic stripe _____?

_____ chip _____ improve transaction security more than _____ stripe cards themselves?

Do chip-enabled cards _____ methods _____ payment methods _____ magstripe method currently in _____ use?

_____ chip-enabled cards _____ tap _____ payment _____ give you _____ the _____ method?

_____ cards and other _____ methods make _____ security better than _____ cards?

Payments _____ chip card and Contactless _____ be more secure _____.

_____ you _____ the ways _____ chip cards _____ payments give _____ security _____ transactions _____ stripe cards?

_____ a more _____ method than the magstripe method?

_____ cards _____ more _____ than _____ methods?

What _____ effects of _____ and cards _____ the _____ of transactions _____ to magnetic stripe _____?

Do _____ cards _____ electronic _____ methods _____ improve _____ over traditional _____ stripe cards?

_____ cards and other _____ methods _____ transaction security _____ stripe card technology?

When compared to _____ cards and other electronic _____ help _____ security?

Do _____ and tap _____ payment methods _____ a more _____ payment method _____?

Do _____ cards _____ security over _____ stripe cards?

Is it possible to clarify _____ cards _____ regular magnetic stripe _____?

_____ chip _____ and other electronic _____ increase _____ security compared _____ stripe _____?

_____ and tap to payment methods _____ more _____ than _____ stripe cards _____?

_____ payments _____ chips from the EMV group _____ secure than _____ made _____ Magnetic stripes?

_____ it _____ that _____ EMV _____ for _____ security over magnetic stripe _____?

_____ you _____ chip _____ and _____ payment options _____ safe _____ stripe cards?

Does _____ if chip cards _____ security _____ cards?

chip _____ help improve _____ security _____ magnetic stripe cards.

Do chip _____ electronic payment methods help _____ security _____ than traditional _____ stripe _____?

Do chip-enabled _____ and tap _____ payment _____ a _____ method than the _____ method currently _____?

Is a _____ card a _____ to secure _____ compared _____ cards?

_____ chip _____ and _____ payment methods help _____ security compared to _____ technology?

What _____ cards _____ payment _____ do to _____ up security _____ magnetic _____?

Do _____ other electronic payment _____ help _____ security when compared to magnetic _____?

Is _____ possible that _____ can be used to _____ transactions _____ secure _____?

Is _____ cards can _____ more secure _____ strip ones?

The _____ of the chips and _____ against magnetic stripe _____ been debated.

_____ you explain _____ chip cards and _____ forms _____ electronic _____ transactions more _____ magnetic stripe cards?

How _____ cards and payments _____ magnetic stripe cards?

_____ chip _____ other electronic payment methods better for _____ technology?

Is chip cards and electronic _____ to magnetic stripe card _____?

Do _____ the _____ benefits of using _____ cards _____ of _____ stripe cards?

_____ it possible that chip cards _____ safe _____ strip _____ for _____?

Is _____ cards and _____ electronic payment _____ than traditional magnetic _____?

Do chips _____ than _____ strips?

Do _____ improve _____ security compared to traditional _____ card _____?

_____ chip _____ and _____ methods help _____ transaction security compared _____ technology?

Do _____ cards and tap to _____ than magnetic _____ methods?

Is chip cards _____ other _____ methods _____ transaction security than magnetic _____?

_____ chip cards _____ electronic _____ help with transaction _____ compared to _____ cards?

_____ it _____ that _____ cards and payment _____ compared _____ stripe cards?

When _____ to _____ stripes _____ can chip cards _____ security?

_____ magnetic _____ do chip cards and _____ payment _____ help improve transaction _____?

_____ possible that _____ cards _____ more _____ than magnetic strip _____ for _____?

Does chip cards _____ other _____ payment methods make transaction _____ than _____?

Does _____ or card make transactions _____ magnetic _____ technology?

_____ chip card _____ payments _____ a better way _____ secure _____ magnetic _____ cards?
 _____ cards _____ other electronic _____ methods _____ than traditional magnetic _____ cards _____ security?
 Do _____ tap _____ payment methods _____ more security than the _____?
 _____ a chip _____ like emv a _____ than _____ stripe cards?
 How _____ and touch-and-Pay methods, _____ fraud more _____ magnetic _____ nonsense?
 When _____ stripe _____ do _____ and other electronic payment methods _____ to improve _____ security?
 _____ chip-enabled cards _____ tap to payment methods give _____ more secure _____ than _____ currently _____?
 Is chip _____ more _____ than Magnetic stripecard technology?
 _____ stripecard technology, do chip cards and _____ methods help _____ security?
 _____ cards and _____ payment _____ help _____ security like _____ stripe cards _____?
 Is _____ a _____ like emv _____ secure _____ to _____ cards?
 Do chip-enabled _____ and tap _____ payment _____ more secure _____ than the _____?
 Payments with a _____ card and _____ are _____ secure _____ cards _____ magnetic _____.
 _____ chip-enabled cards and tap to _____ methods _____ secure method _____ the _____ stripe _____ currently?
 _____ a chip _____ and Contactless _____ be more _____ with Magnetic Strip _____.
 Is chip-enabled cards _____ to _____ methods more _____ magnetic _____?
 _____ tell me how chip cards _____ more _____ stripe cards?
 Do _____ and _____ payment methods _____ you a _____ method _____ payment than _____?
 Does chip-enabled _____ have _____ than _____ transactions?
 The use of _____ and _____ makes _____ safe than magnetic _____ cards.
 Are chip cards _____ other _____ methods _____ in improving transaction _____ cards?
 _____ do you _____ transaction _____ of _____ chip cards instead _____ magneticstripe _____?
 Can _____ me _____ cards _____ security over magnetic stripe cards?
 Do you _____ the chip cards _____ security over _____?
 _____ the _____ cards and payment _____ more safe than _____?
 Are chip-enabled _____ and payment methods _____ secure _____?
 Do chip cards _____ payment _____ transactions safer than _____ cards?
 When compared to magnetic stripes, how _____ cards _____?
 Do _____ how _____ other forms of _____ payment _____ transactions _____ secure than _____ cards?
 _____ tell _____ the _____ benefits of _____ chip _____ compared to magnetic _____?
 Do chip-enabled cards and tap to payment _____ more _____ payment _____ than _____?
 _____ do chip cards and _____ methods _____ when _____ magnetic stripes?
 Do _____ cards _____ other electronic payment methods _____ magnetic stripe cards _____?
 _____ chip cards _____ payments _____ than _____ strips?
 _____ chip-enabled _____ tap to payment methods make _____ more _____ stripe _____?
 What _____ and _____ do _____ make _____ secure than _____ strip cards?
 _____ cards _____ more secure than magnetic strip cards?
 _____ chip-enabled card transactions more _____ magstripe _____?
 _____ and payment options are safer _____ stripe cards?
 Do chip-enabled cards _____ methods give _____ secure _____ of payment _____ magstripe method currently _____?
 When compared to _____ can _____ and payment methods _____ increase _____?
 Do _____ cards and tap to payment methods _____ method _____ the magstripe _____ widespread use?
 _____ payments _____ with chips _____ the EMV _____ secure than _____ made _____ of magnetic _____?
 Do chip-enabled cards _____ a _____ method of _____ than _____ magnetic _____?
 Do _____ cards _____ electronic payment methods help to improve _____ compared _____?
 _____ and chip _____ improve transaction _____ over _____ cards
 _____ chip card _____ payments system, is it better to _____ magnetic stripe cards?
 Do chip cards _____ electronic payment _____ help _____ transaction _____ traditional _____ do?
 _____ reasons that payments _____ from the EMV _____ are more _____ than magnetic _____?
 _____ you have _____ explanation _____ cards make transactions _____ secure _____ stripe cards?

Do _____ and _____ to payment methods _____ secure option than _____?

_____ cards _____ payment _____ heighten _____ when compared to _____ stripes.

_____ and _____ payment _____ give _____ more secure _____ payment than magnetic stripe?

Do _____ cards and _____ electronic _____ methods _____ security _____ Magnetic stripe cards?

_____ cards make it safer to _____ magnetic _____?

_____ and _____ methods can _____ the _____ security _____ stripe cards.

Does _____ know how chip cards _____ magnetic stripe _____?

_____ transactions _____ with _____ cards are safer _____ magnetic strip transactions?

Can _____ tell me _____ cards _____ payments _____ to magnetic stripe cards?

Do _____ and _____ electronic payment _____ enhance _____ security _____ magnetic stripe _____?

Is it _____ that _____ transactions _____ secure than magnetic _____ cards?

_____ do _____ cards _____ do to improve security _____ to magnetic _____?

Is _____ possible _____ chip _____ improve security _____ stripe cards?

_____ cards _____ methods _____ secure than traditional _____ stripe cards?

Does chip-enabled _____ and tap _____ payment _____ give _____ secure payment _____?

Can chip _____ and _____ electronic _____ methods _____ security compared _____ stripecard _____?

Can chip _____ make transactions more _____ cards?

Do _____ cards and other _____ payment methods help _____ transactions more _____?

Transactions _____ chips _____ payments make them more _____ strip _____.

_____ a chip _____ it _____ better way _____ transactions _____ to magnetic stripe cards?

Is _____ other electronic payments _____ traditional magnetic stripe _____?

_____ chip card _____ can be _____ secure than cards _____ magnetic Strip cards _____ their _____.

_____ payments _____ chip _____ can _____ more secure than _____ payments.

Could you tell _____ the _____ security _____ of _____ cards as compared _____ stripe _____?

_____ to _____ stripes, _____ can _____ and _____ methods improve security?

How do _____ cards _____ to make them more _____?

Do _____ cards give _____ more secure method _____ than the _____?

_____ cards and tap to _____ methods _____ the magstripe method _____ in _____?

_____ using a _____ or _____ transactions safer than _____ magnetic _____?

Can _____ have more _____ than old _____?

_____ Payments and a chip _____ more secure _____ Strip _____.

_____ cards give a _____ method of _____ magstripe method currently _____ use?

_____ do chip _____ and payments make _____ compared _____ stripe cards?

Do chip _____ and _____ electronic _____ with transaction security compared _____ magnetic _____?

_____ cards and _____ transaction security when compared _____ magnetic stripe cards?

_____ contactless _____ more _____ than magnetic strip ones?

_____ explain how _____ other _____ electronic payment, make transactions more _____ than magnetic _____?

_____ option _____ uses _____ rather _____ a _____ stripe card is more _____?

_____ impact does _____ cards have on _____ security _____ transactions _____ magnetic _____?

_____ are _____ and payments improve _____ security over magnetic _____.

Do _____ cards _____ more _____ than magnetic Strip _____?

Is _____ and other _____ of payment _____ stripe cards?

chip _____ and payment methods _____ more _____ than magnetic _____.

_____ a chip card _____ payments _____ more secure _____ stripe payments.

_____ and electronic _____ methods _____ improve _____ security _____ compared to magnetic stripecard _____?

Is _____ possible _____ payments will ensure _____ secure transactions _____ magnetic _____?

Do _____ cards _____ secure method _____ payments _____ magstripe method _____ used?

_____ you have an explanation _____ cards and _____ payment _____ make transactions more _____ magnetic cards?

_____ magnetic stripe card _____ cards _____ payments do to the security of transactions?

____ it ____ security ____ magnetic ____ by using chip cards?
 ____ increase ____ EMV chip cards?
 ____ chip cards make payments more ____ strip ____?
 What ____ chip ____ do ____ make transactions ____ magnetic ____ cards?
 ____ you have an explanation ____ chip ____ and ____ of electronic ____ make transactions ____ stripe cards?
 ____ payments with ____ from ____ EMV ____ are more ____ than ____ made out to Magnetic stripes?
 Is it ____ that the ____ and ____ methods ____ prevent fraud better ____ the ____?
 Does chip-enabled ____ a more ____ method ____ payment ____ method?
 Do ____ tap to payment ____ security than magstripes?
 ____ it ____ contactless payments could ____ transactions ____ than magnetic ____?
 ____ the security ____ payments better ____ cards ____ Magnetic stripes?
 ____ do ____ forms of electronic payment make ____ safer ____ cards?
 ____ the security ____ by newer ____ of cards, like chip cards, ____ the one ____ by Magnetic ____ payment
 ____ chip-enabled ____ payment methods have better ____ than ____ methods?
 ____ chip ____ can be more secure ____ magnetic Strip ____.
 Do ____ cards ____ improve ____ when ____ to magnetic ____ technology?
 Do chip-enabled ____ and ____ to payment ____ have ____ more ____ option than ____?
 Chip cards ____ methods make ____ more secure ____ strip ____.
 Do chip ____ help improve ____ security ____ Magnetic ____?
 ____ chip-enabled cards ____ a more ____ compared to magstripe ____?
 What are ____ why payments ____ EMV group are more ____ than ____ made out ____ stripes?
 ____ it possible ____ chip ____ are more secure ____ made using ____ strip cards?
 Do ____ help ____ transaction ____ than ____ magnetic stripe cards?
 Does chip cards change transactions to ____ more ____?
 ____ chip-enabled cards ____ tap to payment ____ security option than the ____ currently ____?
 ____ effect ____ chip cards ____ payments have ____ security ____ compared ____ magnetic stripe ____?
 ____ chip cards and ____ electronic ____ methods ____ transaction ____ more ____ magnetic ____?
 ____ it ____ chip ____ make ____ better security than the ____ cards?
 Can ____ tell ____ chip cards ____ forms ____ electronic payment can ____ more secure than ____ stripe ____?
 Can you tell ____ why ____ forms ____ payment are more ____ than magnetic ____ cards?
 Can ____ and payment ____ give a more ____ magstripe?
 How ____ and ____ make transactions more secure compared to ____?
 ____ and electronic payment methods help ____ compared to ____ cards?
 ____ of chip ____ and pay by ____ compare to Magnetic stripe ____?
 ____ chip-enabled cards and ____ to payment methods ____ you ____ method than the magnetic ____?
 What ____ you know about ____ security benefits of ____ instead ____ stripe for ____?
 Do chip-enabled cards ____ a more secure payment method ____ stripe ____ right now?
 Do chip-enabled cards ____ to old ____ methods?
 When compared ____ stripe ____ technology, how do chip ____ and ____ payments ____ security ____ transactions?
 How do chip cards ____ help improve ____ security ____ stripe ____?
 Does ____ improve transaction ____ when compared ____ stripe ____?
 Do chip ____ cards give a more ____ option ____?
 Do chip ____ payment ____ help ____ security ____ to magnetic stripecard ____?
 Do chip-enabled ____ tap ____ methods give ____ secure payment method ____ magnetic ____?
 When compared to ____ technology, ____ chip cards ____ transaction ____?
 How do ____ transaction ____ using chip cards to Magnetic stripe ____?
 Is chip cards and ____ effective ____ security than traditional magnetic stripe ____?
 ____ you have an ____ of ____ chip ____ and ____ forms ____ payment ____ more secure than ____ cards?
 ____ to ____ how chip ____ forms of electronic payment make transactions ____ secure ____ magnetic ____

How do chip _____ methods make _____ safer than magnetic _____?

_____ card and contactless _____ are _____ secure than magnetic _____ cards.

_____ know what _____ the chip _____ security over magnetic stripe _____?

_____ how chip cards _____ other forms _____ electronic _____ transactions more secure _____ magnetic _____?

Is _____ transactions _____ using chip _____ safer than _____ using _____ stripe cards?

Is using a _____ emv more secure _____ using _____ stripe _____?

Do _____ electronic payment methods help _____ security _____ traditional _____ stripe cards?

_____ chip cards and _____ payment methods _____ improve _____ compared to magnetic _____?

_____ chip-enabled cards and tap-to-pay _____ more _____ than _____ old _____ method?

Do chip-enabled cards _____ payment methods have _____ magstripe?

Do chip and _____ transactions _____ than _____?

How does the use _____ chip _____ make _____ more _____ stripe _____?

_____ does _____ cards do to make _____ secure _____ stripe _____?

Do _____ other _____ methods help _____ security as compared to magnetic stripe _____?

Is _____ cards _____ payments _____ at _____ security _____ stripe cards?

Do chip cards _____ payment methods help _____ transaction security _____ stripe _____?

_____ the EMV _____ transactions more _____?

_____ cards and other _____ methods improve transaction _____ when compared _____ magnetic _____?

_____ cards _____ tap _____ methods give _____ a more secure method of payment _____ cards?

Do chip cards and _____ payment methods help _____ improve _____ technology?

Does anyone _____ chip _____ improve security over _____ stripe _____?

Do chip cards and _____ electronic _____ help _____ improve _____ security _____ compared _____?

_____ to magnetic stripes, _____ can _____ cards and _____ methods do _____?

Are _____ and payments _____ secure than Magnetic _____?

Do chip-enabled cards _____ tap _____ payment _____ more secure method than _____?

_____ it true that _____ cards _____ more _____ than magstripe?

_____ chip-enabled _____ and payment _____ a _____ secure option _____ mag _____?

Do chip-enabled _____ tap _____ methods _____ a _____ secure _____ payment than the magnetic _____ now?

Contactless _____ a chip _____ be _____ secure than _____ cards.

Contactless payments _____ cards _____ be more _____ cards.

What can chip cards and _____ to _____ security _____ to _____?

_____ chip-enabled cards and _____ methods _____ a more _____ method _____ magnetic stripe?

_____ chip-enabled _____ and _____ to _____ methods more secure _____ magnetic _____ right _____?

_____ magnetic stripes, _____ can chip cards and _____ do to _____?

Do you think that _____ are _____ than magnetic _____ cards?

Do chip-enabled _____ tap to payment _____ more security _____ method?

_____ using _____ chip _____ than a magnetic stripe _____ in _____?

_____ causes EMV chips and payments _____ more secure _____?

_____ cards and other _____ methods better for transaction _____ than _____ card _____?

_____ card and _____ payments are more _____ than Magnetic Strip _____

_____ are _____ on _____ usefulness _____ the _____ and _____ associated payment methods _____ magnetic stripe cards.

Is _____ other electronic _____ methods more _____ compared _____ magnetic stripe _____?

_____ cards _____ methods any better for _____ security _____ stripe technology?

What _____ the security _____ of using _____ instead of _____ cards for _____?

Do chip _____ increase _____ more than magnetic stripe cards?

Do _____ cards and _____ methods _____ transaction security like magnetic _____ cards _____?

Is _____ that _____ a _____ secure than a magnetic-striped _____?

There is _____ about _____ of the _____ and their _____ payment _____ for _____ against _____ stripe _____.

_____ chip cards and other _____ improve _____ security _____ traditional _____ stripe cards?

Do _____ cards have a more _____ method _____?

_____ cards _____ payment methods make _____ safer than _____ cards?

_____ payments and _____ chip _____ be more secure _____ strip _____

_____ more secure than magstripe _____?

How do _____ secure compared to magnetic stripe _____?

Can you _____ me how _____ cards _____ other forms _____ payment _____ more secure _____ cards?

_____ chip-enabled _____ give _____ method of _____ compared to _____ magnetic _____ method?

Contactless _____ chip _____ payments can _____ more _____ than magnetic strip _____.

_____ chip-enabled _____ transactions have _____ magstripe cards?

_____ and other _____ methods _____ secure than magnetic stripe card _____?

_____ to magnetic stripe _____ how _____ cards contribute _____ transaction _____?

_____ anyone know how _____ improve security compared _____ magnetic _____?

Payments _____ chip _____ and Contactless _____ are more secure than _____ have _____ cards.

_____ people are _____ the _____ chip _____ cards compared to _____ cards.

_____ to _____ magstripe methods, do _____ card transactions _____?

_____ cards and other electronic payment methods more _____ transaction security _____?

_____ that _____ cards _____ payment options are safer than _____ cards?

When compared _____ stripe card _____ do chip cards _____ electronic _____ help?

Is it _____ chip _____ can _____ used _____ a _____ way than _____ cards?

_____ a chip card _____ be _____ than magnetic _____ payments.

_____ you _____ cards _____ payment _____ are safer _____ Magnetic stripe _____?

What are the reasons that _____ EMV group are _____ than those _____ stripes?

_____ chip _____ and electronic _____ help in improving transaction _____ like magnetic _____?

Does chip _____ other _____ methods _____ transaction _____ like magnetic _____ cards?

Contactless _____ and a _____ can _____ than magnetic Strip _____.

_____ a _____ payment _____ a traditional _____ stripe card in _____ transactions?

_____ impact of _____ the _____ of transactions compared to _____ stripe cards?

_____ chip cards _____ payment methods _____ secure _____ compared to magnetic _____ card _____?

When _____ to magnetic stripes, _____ and payments _____ security?

_____ the transaction security benefits _____ chip cards _____ Magnetic stripe cards?

_____ chip-enabled cards give a _____ payment _____ cards?

_____ a chip payment _____ a traditional _____ stripe card in _____?

_____ help with transaction security _____ than _____ cards?

Do _____ other _____ payment methods help _____ transaction _____ more than _____ stripe _____?

Compared _____ stripe _____ payment systems and chip _____ improve _____.

Is chip-enabled card transactions _____ safe _____?

_____ cards and tap _____ payment methods _____ more _____ the magnetic _____?

How _____ contribute _____ security when compared to magnetic stripe _____?

Do chip-enabled _____ tap to _____ methods give _____ more secure _____ than _____?

Does chip _____ and payments _____ more _____ than _____ strip _____?

_____ chip _____ improve transaction _____ compared to magnetic stripe cards?

Do chip _____ other _____ payment _____ transaction security compared to _____ cards?

Do chip-enabled cards _____ to _____ methods give _____ method than _____ currently _____?

When _____ to _____ can chip cards _____ do to beef up _____?

_____ cards _____ give more secure options than _____?

How do chip cards make transactions _____?

_____ it _____ chip _____ transactions _____ than Magnetic strip cards?

_____ cards _____ tap _____ payment methods give you _____ security _____ method?

Are _____ to payment _____ more _____ than magstripe method?

Is _____ to use EMV _____ contactless _____ cards.

Do chip cards _____ payment _____ help _____ to magnetic stripe technology?

_____ compared to _____ card _____ how do chip cards help _____?

Does _____ help with transaction _____ more than traditional _____?

_____ cards _____ to _____ methods _____ a safer payment method than magnetic _____?

Do chip cards _____ help improve _____ overmagnetic stripe technology?

_____ explain _____ me _____ cards, and other forms _____ electronic _____ more secure than magnetic _____?

Can you provide _____ an _____ of _____ and other _____ of electronic payment _____ transactions _____ than _____?

Payments with _____ chip _____ Contactless Payments can be more _____ than _____.

Do chip-enabled _____ and tap to payment methods _____ a _____ secure _____ than _____ magnetic _____?

_____ chip-enabled cards and _____ to payment _____ give _____ more _____ than _____ does currently?

_____ cards be _____ to make transactions _____ than _____ strip _____?

_____ can you tell _____ the added transaction security _____ of _____ cards _____ stripe cards?

_____ EMV chips _____ payments _____ safe _____ cards?

_____ there _____ in which chip _____ and _____ provide greater security _____ stripe _____?

_____ chip _____ and payment methods make security _____ to magnetic _____?

Is chip _____ payment methods able _____ transaction _____ like magnetic stripe _____?

Will chip _____ make transactions _____ than magnetic stripe _____?

_____ chip _____ and other _____ methods _____ improve transaction _____ more than _____ Magnetic _____?

_____ that chip cards _____ transactions _____ secure _____ magnetic strip _____?

Do _____ tap _____ payment methods give a better _____ than _____?

When compared to _____ magnetic _____ how _____ chip _____ help _____ security?

_____ payments made with _____ from _____ EMV group more _____ than _____ out to _____ stripes?

Are chip cards _____ other electronic _____ stripe _____ transaction security?

_____ cards _____ payment _____ do to beef _____ over magnetic stripes?

_____ you a more secure _____ to pay than _____?

_____ a _____ card, is there a _____ transactions _____ to magnetic stripe cards?

_____ like to _____ if _____ cards and payments _____ transactions more secure _____.

_____ chip cards _____ other _____ payment _____ to _____ transaction _____ over _____ magnetic _____ cards?

Do chip-enabled cards _____ tap _____ payment _____ a more _____ than _____ mag _____ method _____ used?

_____ a _____ card _____ a _____ way _____ securing transactions than _____ stripe _____?

_____ it _____ that _____ and touch-and-pay _____ actually prevent fraud better _____ strip nonsense?

Contactless _____ and a chip _____ more _____ Magnetic Strip _____

Do _____ that chip cards and _____ are _____ than magnetic _____?

_____ how _____ cards and payments improve _____ compared to _____ stripe _____?

When _____ magnetic _____ how can _____ chip _____ be more _____?

Can chip cards _____ other _____ improve _____ security compared _____ stripe _____ technology?

Do _____ cards _____ payments _____ than Magnetic _____ cards?

_____ and _____ cards can be _____ than _____ cards.

Do _____ think that _____ chip _____ safe _____ stripe cards?

_____ chip-enabled _____ tap _____ payment methods provide _____ security _____ magnetic stripe _____?

_____ made using _____ chip _____ and payments _____ more secure _____ strip _____.

_____ cards and electronic payment methods _____ over traditional _____ stripe _____?

_____ chip cards _____ in improving _____ compared _____ stripecard technology?

Do _____ and _____ methods give a _____ method of payment _____ the _____ stripe method?

Do _____ and electronic _____ help to improve _____ traditional magnetic _____ cards?

_____ anyone know how _____ cards improve _____ to magnetic _____?

_____ me an _____ how _____ cards _____ other forms _____ electronic payment make _____ more _____ than _____ cards?

_____ and payment _____ to make security more _____ compared _____ magnetic stripes?

_____ using a _____ a magnetic _____ card _____ secure when it _____ securing _____?

Do _____ card transactions have better _____ transactions?

There _____ debate about _____ the chip _____ for _____ against magnetic stripe cards.

Do chip _____ and other electronic payment methods _____ security _____ than _____ magnetic _____ alone?

What do _____ know about _____ transaction security _____ of _____ chip cards _____?

What do you _____ security _____ chip _____ instead of magnetic stripe _____ for payments?

_____ chip-enabled cards have _____ secure _____ than magstripe _____?

Is using _____ like emv _____ better way to _____ using _____ magnetic _____ card?

_____ chip cards _____ transaction _____ more than _____ cards?

Is chip-enabled _____ for _____ compared to _____?

Can you describe how chip _____ other _____ electronic _____ more secure _____ cards?

Do chip-enabled _____ and _____ methods have _____ secure payment _____ magstripe?

How _____ be more secure _____ Strip cards?

_____ cards _____ to payment _____ a more _____ method than magnetic _____ cards?

Is _____ cards and _____ more _____ magnetic _____ transactions?

_____ chip _____ and _____ be _____ than magnetic strip _____?

Can _____ give me _____ explanation _____ cards _____ other forms of _____ payments _____ more _____ magnetic stripe cards?

When _____ to _____ cards, what _____ cards with _____ have on security?

_____ chip-enabled cards give a more _____ method _____ the _____ uses?

_____ chip cards _____ electronic payment methods _____ secure _____ to magnetic _____?

Do chip cards _____ to improve _____ than _____ stripe _____?

_____ chip-enabled cards _____ pay _____ give a more secure _____?

_____ the reasons _____ payments _____ with chips _____ group _____ more secure _____ magnetic stripes?

Do _____ to payment methods give _____ the magstripe method currently _____?

_____ chip-enabled cards and tap _____ payment _____ give a more _____ than _____ cards right _____?

Do _____ and other _____ transaction security compared to _____ card technology?

_____ you explain to me _____ chip _____ of electronic _____ more secure _____ stripe cards?

Is _____ a chip rather than _____ stripe card _____ secure _____ payments?

Magnetic stripe card techniques are _____ as secure _____ newer _____ methods, _____ second _____ new _____ like EMV _____.

_____ are the _____ that payments _____ from the _____ group _____ than payments made _____ stripes?

_____ you _____ chip cards and _____ are more _____ stripe cards?

_____ chip-enabled cards and _____ to _____ give a _____ method of payment _____?

When _____ to _____ stripes, what can _____ payment methods _____ security?

_____ chip cards and payment _____ heighten security _____?

Do _____ cards _____ payment _____ a more _____ method _____ magnetic stripe cards?

chip _____ and payment methods may improve transaction _____.

_____ compared _____ magnetic stripes, what _____ chip cards _____ do to beef _____?

What _____ cards _____ beef up _____ when compared _____ magnetic _____?

Is _____ and other electronic payment _____ in _____ like magnetic stripe _____?

When _____ stripes, can chip cards _____?

What _____ chip _____ and payment methods _____ to enhance _____ magnetic _____?

_____ chip-enabled _____ and _____ to payment methods make _____ more _____ than the _____?

Do _____ cards _____ over traditional magnetic stripe cards?

_____ Payments and a chip _____ than _____ stripe cards.

_____ chip-enabled cards offer a _____ option _____ method?

_____ chip cards and _____ methods make _____ more secure than _____?

_____ and 'tap _____ pay' options _____ more than _____?

_____ card and _____ payments can be _____ secure _____ cards.

Is it possible that transactions _____ with _____ are _____ than _____?

_____ can chip cards _____ payments improve security _____ stripes?

_____ chip _____ and payment methods do to raise _____ to _____?

_____ chip cards _____ other electronic payment _____ security as _____ card _____?

chip-enabled cards _____ to _____ give _____ more secure _____ than the _____ method?
 Is it possible _____ made _____ cards _____ safer _____ made _____ magnetic strip _____?
 Payments _____ and _____ Payments can be safer than _____ Strip _____.
 _____ debate _____ the _____ the _____ and _____ methods for protecting against magnetic _____ cards.
 _____ are the _____ why payments with _____ from the EMV group _____ with Magnetic _____?
 _____ possible to explain how chip cards _____ other _____ payment _____ transactions _____ than _____ stripe _____?
 _____ does chip _____ payments boost _____ compared to _____ stripe _____?
 Do chip _____ help _____ transaction _____ when _____ to magnetic _____?
 _____ am wondering how chip cards and _____ forms of _____ payment _____ more secure _____.
 _____ cards and _____ improve _____ magnetic stripe cards.
 _____ systems and chip _____ can improve _____ tomagnetic stripe cards.
 Is using _____ chip _____ emv _____ transactions than _____ stripe cards?
 Do chip cards and payments _____ more _____ than _____?
 Can you explain how chip cards _____ other _____ of _____ payment _____ make _____ magnetic _____?
 chip cards _____ boost _____ magnetic stripe cards
 Do _____ cards and tap _____ payment methods give _____ method _____ the _____?
 _____ chip cards _____ other _____ payment methods able _____ transaction _____ like _____ cards?
 _____ give me _____ of how chip _____ other forms of electronic _____ secure than _____ stripe cards?
 Do chip-enabled cards _____ a _____ for payment _____?
 Payments _____ chip _____ more secure thanmagnetic strip _____
 _____ wondering _____ and _____ forms of _____ payment _____ transactions more _____ magnetic stripe cards.
 Do chip-enabled _____ tap to payment _____ give you _____ stripe _____?
 _____ cards and _____ payment methods give a _____ method _____ to the _____ currently used?
 _____ and other _____ payment methods _____ security than magnetic stripecard _____?
 _____ chip _____ other _____ payment _____ improve transaction security _____ traditional magnetic _____ cards?
 Do chip-enabled cards allow _____ payment option _____?
 Can you tell me _____ how _____ and other _____ payment _____ transactions _____ than _____ cards?
 Do _____ help _____ improving security when compared to _____?
 _____ chip cards and _____ payment _____ help improve _____ security _____ traditional _____?
 How can _____ a _____ or a card _____ transactions _____ than magnetic _____?
 Can you _____ to _____ why chip cards _____ payment _____ transactions more _____ than _____ cards?
 Payments _____ can be more secure than _____ cards.
 Is _____ like emv _____ of _____ transactions than magnetic stripe _____?
 how do _____ make _____ more _____ Strip cards
 _____ a chip card and _____ Payments _____ be _____ those _____ Magnetic Strip _____.
 Do _____ cards and other electronic _____ security _____ stripe card technology?
 Are _____ and _____ payment _____ more effective at improving _____ traditional _____ stripe cards?
 There _____ debate on the usefulness of the chips _____ protecting against _____ stripe _____.
 _____ chip cards help _____ improving transaction security _____ to _____?
 Do chip-enabled cards give _____ stripe method?
 Do you _____ any information on _____ chip cards and _____ forms _____ transactions _____ than magnetic _____?
 _____ chip _____ electronic payment methods _____ more secure than magnetic _____?
 _____ chip cards _____ other forms of _____ payment _____ make _____ more secure _____ stripe cards?
 _____ and chip cards may _____ able _____ transaction security _____ tomagnetic stripe _____.
 _____ you think chip _____ and payment options are _____ stripe _____?
 Is chip-enabled _____ to payment _____ more secure _____ magstripe?
 _____ chip cards and _____ payment methods _____ transaction _____ than magnetic stripe _____?
 _____ chip-enabled cards _____ to _____ methods _____ than the magnetic stripe?
 _____ with a chip card _____ Contactless Payments _____ secure _____ payments with _____.
 Do chip-enabled _____ give a _____ secure _____ than the _____?

Is it possible ____ chip ____ and ____ secure than ____ cards?

Do ____ cards ____ to ____ transaction ____ when ____ magnetic stripe ____ technology?

Does ____ cards ____ transaction ____ when compared ____ magnetic ____ technology?

____ with ____ chip ____ payments can ____ more secure than ____ payments

____ chip-enabled cards provide ____ than magstripe?

Can chip ____ make ____ than ____ strip cards?

Do ____ cards ____ other ____ to improve transaction security ____ magnetic ____ do?

Does chip cards ____ transactions ____ than MagneticStrip ____?

____ chip cards and ____ electronic ____ methods ____ security ____ thanmagnetic ____ technology?

____ to ____ chip cards ____ other ____ payment ____ help to improve transaction security?

____ the reason that payments with ____ the ____ more secure ____ payments made out to ____?

Is chip-enabled cards ____ to ____ methods more ____ the magstripe ____ in ____?

Do ____ chip cards ____ payment options are ____ stripe ____?

____ can ____ cards and ____ methods do to increase ____ to ____?

____ chip ____ other electronic ____ methods help improve transaction ____ magnetic ____ cards ____?

____ chip ____ and ____ payment ____ transaction ____ Magnetic stripe cards do?

Do chips ____ secure than ____ cards?

____ chip cards ____ payments ____ transaction security than magnetic ____?

I am ____ if ____ EMV chip ____ than magnetic ____ cards.

Do ____ that ____ cards and other payment ____ secure ____ magnetic ____ cards?

Do ____ enhance ____ transaction ____?

Do you ____ chip ____ options ____ safer ____ stripe cards?

____ compared ____ magnetic ____ card technology how do ____ contribute ____ transaction ____?

____ tap to ____ methods ____ secure method than magnetic ____ one does today?

____ chip cards and other ____ payment methods ____ stripecard ____?

Is using ____ instead of ____ stripe ____ more secure ____ transactions?

____ chip-enabled cards and ____ payment ____ give ____ more ____ payment method ____ currently is?

____ with ____ card and Contactless Payments ____ more ____ than ____ Strip ____.

____ payments ____ cards ____ be more secure thanMagnetic ____.

Is ____ transactions ____ cards are safer ____ Magnetic Strip ____?

When ____ stripe card ____ chip cards and ____ payment ____ improve ____ security?

How ____ chip ____ more secure compared ____ magstripes?

Why are ____ the ____ group more ____ than magnetic ____ payments?

____ you think that ____ cards ____ than ____ stripe cards?

____ chip-enabled cards ____ to ____ methods ____ secure payment methods ____ magstripe ____ currently used?

____ can chip ____ payment ____ do to increase security ____ stripes?

____ and payment ____ make ____ secure than magnetic stripe ____.

____ cards ____ payment ____ help improve transaction ____ over magnetic ____ cards?

____ chip cards ____ transaction security ____ to ____ stripe cards?

____ you ____ chip cards make transactions more ____ than ____?

____ chip-enabled cards ____ to ____ a more secure method ____ than magstripe currently ____?

____ what ____ chip cards and payment methods do to ____?

____ is ____ that payments with ____ from the EMV ____ secure ____ magnetic ____?

____ using ____ chip instead ____ a ____ stripe ____ more ____ to pay?

____ to ____ how ____ cards and other forms of electronic ____ be ____ than magnetic stripe ____?

____ cards better for ____ security ____ payments than ____?

____ cards and tap ____ more secure ____ the magnetic stripe ____?

How can chip cards and ____ improve ____ compared ____?

____ you think that EMV ____ cards and payment ____ than ____ cards?

Do you ____ chip cards and ____ security ____ to magnetic ____?

Do chip-enabled _____ and tap _____ more secure _____ the magstripe method _____ in use?
 _____ cards have more security _____ magstripe _____?

Do _____ cards _____ transaction _____ when _____ magnetic _____ card technology?

When _____ magnetic stripes, what can chip _____ and _____ security?

_____ do _____ about the _____ benefits of using _____ cards instead _____ stripe cards _____?

_____ cards _____ other electronic payment _____ transaction security _____ to Magnetic _____ cards?

Do chip cards _____ methods _____ in _____ more than traditional _____ stripe _____?

When compared _____ magnetic _____ cards _____ electronic payments improve transaction _____?

_____ EMV chip cards increase security _____ stripes?

_____ chip-enabled _____ have better security than _____?

Is _____ cards and _____ methods more secure _____ the magnetic _____?

_____ chip _____ and payment methods _____ to _____ to magnetic stripes?

_____ compared _____ magnetic stripecard technology _____ electronic payment _____ help with transaction _____?

_____ and other electronic _____ better _____ transaction security than magnetic stripecard _____?

What _____ chip _____ payment _____ to improve security when _____ magnetic _____?

_____ cards _____ methods provide _____ more secure method of payment _____ method?

There is debate _____ usefulness _____ the _____ and _____ for protection against malicious activity _____ cards.

_____ the _____ of a chip card _____ than _____ stripe card _____ transactions?

Do _____ card _____ have more _____ the _____ method?

_____ cards _____ tap _____ payment methods _____ more secure payment _____ than magnetic _____ one _____ today?

_____ tap to _____ methods _____ better level _____ security than the magnetic _____?

_____ do chip _____ have _____ the _____ of transactions _____ compared _____ stripe cards?

A _____ card _____ payments _____ be more _____ than Magnetic Strip _____.

_____ chip-enabled card transactions _____ magstripe _____?

Will chip _____ secure _____ magnetic strip ones?

_____ chip-enabled _____ and tap to _____ methods _____ of security _____ the magstripe method _____ used?

_____ are _____ made _____ chips _____ the _____ more secure _____ magnetic stripe _____?

_____ cards and other electronic payment _____ more _____ magnetic _____?

_____ chip-enabled _____ give _____ secure _____ compared to the magstripe method?

Is _____ that chip _____ payments are more secure than _____?

chip cards _____ increase _____ when compared to _____ stripes.

_____ compared to _____ technology, do _____ help improve _____ security?

Do _____ help in _____ security more than _____ stripe _____?

Could you _____ us about the added _____ security _____ cards _____ stripe _____?

Payments _____ a _____ card _____ payments can _____ secure than Magnetic _____ payments.

_____ that _____ cards make transactions _____ secure compared to _____ cards?

Is chip-enabled _____ transactions _____ traditional _____ transactions?

Do _____ tap to _____ give a _____ secure _____ than magstripe _____ does?

_____ cards _____ methods heighten _____ when compared _____ magnetic stripes?

_____ compared _____ magnetic stripecard technology do _____ cards _____ security?

Do chip _____ and _____ transactions _____ than magnetic _____ cards?

_____ other electronic payment _____ help in _____ transaction security like _____ cards do?

Do _____ cards help _____ transaction security _____ magnetic _____?

Is _____ a chip _____ of a _____ stripe _____ payments?

Why do _____ and other forms _____ payment _____ transactions more _____ cards?

_____ a chip _____ like emv _____ to _____ transactions than _____ stripe cards?

_____ do _____ cards _____ their transactions _____ secure _____ magnetic _____ cards?

_____ chip cards _____ electronic payment methods _____ transaction _____ like _____ magnetic stripe cards _____?

Do chip cards _____ transaction security when compared _____ stripe technology?

What is _____ effect _____ chip _____ on the _____ when compared _____ cards?

____ chip-enabled cards ____ to payment methods ____ more security ____ the ____ ____?
 ____ it ____ that transactions made ____ cards and ____ are ____ those made ____ magnetic strip ____?
 Do chip ____ payment ____ transactions safer ____ stripe ____?
 Do ____ cards and tap to ____ methods give ____ secure ____ than ____ stripe one ____?
 Do chip-enabled ____ and tap to ____ methods ____ secure payment method ____ currently does?
 Is ____ possible ____ and touch-and-pay methods ____ fraud more than magnetic strip ____?
 Do ____ payment methods ____ improve transaction ____ compared ____ magnetic stripe cards?
 ____ chip-enabled cards and tap to payment ____ give ____ over ____ magnetic ____?
 ____ chip ____ electronic payment methods ____ security more ____ traditional magnetic ____ cards?
 ____ you ____ me an explanation of ____ chip cards ____ other ____ payment ____ transactions more ____ magnetic ____?
 Do chip cards ____ payment ____ improve ____ compared to ____ stripe technology?
 There ____ on the usefulness of the ____ for protection ____ stripe cards.
 Can you ____ a ____ how chip cards ____ other forms ____ electronic ____ make transactions ____ secure ____ stripe ____?
 ____ cards ____ other ____ in improving ____ security when compared to magnetic stripe ____?
 ____ you ____ of ____ chip cards and other forms ____ electronic payment ____ secure ____ magnetic stripe ____?
 Is chip ____ and ____ payment methods ____ than ____ stripe cards?
 When ____ card technology, do chip cards ____ improve ____?
 Does ____ and other ____ methods improve transaction security ____ technology?
 ____ chip-enabled ____ and payment methods give ____ option ____ magstripe?
 What are ____ reasons ____ with ____ the EMV group ____ more secure ____ those ____ by magnetic ____?
 ____ and electronic ____ methods ____ in ____ transaction security when compared to magnetic ____?
 How do you increase ____ when ____ chip ____ instead ____?
 Do chip ____ and ____ electronic payment ____ security, like traditional ____ stripe ____?
 Do ____ cards ____ other electronic payment ____ enhance ____ than traditional ____ stripe ____?
 ____ chip cards ____ transactions ____ secure ____ magnetic strip cards?
 Payments ____ card ____ Contactless ____ be ____ secure than Magnetic Strip cards.
 Is ____ possible ____ chip card transactions ____ secure ____ strip ____ transactions?
