

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	VoIP (Voice over IP) compatibility and setup
Inquiry Sub-Category	VoIP app compatibility
Description	Customers seek assistance in finding VoIP apps that are compatible with their mobile network, looking for recommendations and troubleshooting tips for using the apps effectively.
Data Size	5,004 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Can I receive incoming _____ using _____ voip application _____ connection?
 _____ possible _____ me to _____ while on the _____ app?
 Is _____ possible to _____ a _____ on _____ service?
 _____ I _____ MNO data to _____ calls _____ a _____?
 _____ I take _____ MNO _____ for my voip _____?
 _____ know _____ receive calls from voip application _____ MNO _____ connections are _____.
 Is _____ will _____ able to accept _____ using my MNO's _____ service?
 I'm curious if _____ application _____ receive incoming calls.
 _____ it _____ to use MNO _____ calls?
 Is _____ to receive _____ MNO and _____ applications.
 I wonder _____ my _____ application while _____ receive calls.
 _____ not sure _____ possible _____ calls from voip _____ while _____ MNO _____.
 _____ I use MNO _____ to make _____ voip _____?
 _____ a _____ to _____ a voiP app _____ MNO connection?
 _____ possible to receive phone _____ supported _____ while _____ MNO mobile internet?
 Is it possible to use _____ voiP _____ calls _____ MNO _____?
 I wonder _____ I can _____ the _____ application _____ the _____ connection.
 I _____ if it's possible _____ receive _____ from _____ the MNO data _____.
 I'm not _____ possible _____ receive _____ from _____ over an _____ data connection.
 I _____ not _____ if it _____ possible _____ voip applications using _____ MNO data _____.
 Is it _____ receive incoming _____ I _____ a supported _____?
 _____ don't _____ if it's _____ calls from _____ while MNO connection _____ used.
 _____ the voip app _____ me _____ answer calls _____ the _____?
 _____ not know if it _____ calls from voip application while connecting _____ connection.
 Is it _____ still take _____ while _____ voice _____ MNO?
 _____ it possible to use _____?
 _____ do not know _____ it's _____ from voip _____ while connecting to _____ connection.
 _____ approved voip _____ will I _____ be _____ accept calls?

Will _____ able to _____ when I _____ an approved voip _____?

I don't know if _____ is possible _____ receive _____ the _____ while _____ to _____ connection.

_____ be _____ my MNO's data service?

I _____ if it's possible _____ voip applications _____ MNO data connection.

_____ am not _____ possible to receive calls from _____ applications _____ MNO data _____.

_____ know if it's _____ to receive incoming _____ from _____ data connection

Will _____ accept _____ using an approved voip _____ with _____ data service?

_____ if I can get _____ with _____ voip _____.

I don't know _____ possible _____ from _____ using _____ MNO data connection.

Is it possible _____ use _____ voiP _____ an MNO _____ calls?

I wonder _____ I _____ a _____ application _____ receive _____?

I _____ no idea _____ possible to receive incoming calls _____ MNO data _____ is _____.

Is it _____ receive _____ with MNO and _____?

Is _____ to receive calls _____ a compatible voip _____ data connection?

I _____ sure _____ it _____ feasible to _____ calls from voip _____ connecting to _____ data _____.

_____ it is possible to _____ incoming calls _____ using MNO data connection.

I wonder if _____ can use _____ incoming _____.

_____ use _____ over MNO _____?

_____ it _____ incoming _____ to _____ received using voip app and _____.

Will my _____ data _____ me _____ phone calls while _____ voip app?

_____ if _____ can _____ with VOIP.

_____ it _____ to accept phone _____ during _____ of VoIP _____ connection?

I was _____ if I _____ my voip _____ data _____ receive calls.

Is _____ possible _____ MNO _____ call a voip _____?

_____ possible _____ use a _____ voip application via _____ data _____?

_____ am wondering _____ can use _____ application _____ receive calls.

_____ be _____ to _____ phone _____ using an _____ voip _____ with my MNO's data _____?

Is it possible to receive _____ approved app _____?

_____ use _____ data to _____ calls _____ the voip app?

_____ I'm _____ a _____ app _____ MNO data, can _____ calls come _____?

Can _____ use my _____ data _____ VoIP _____ make calls?

Will _____ if I connect _____ via a VPN?

_____ wonder _____ possible _____ receive calls using _____ voip application.

_____ I receive _____ using _____ app over _____ data connection?

Do I have _____ ability to receive _____ voip _____?

Is it possible _____ incoming calls with a _____ MNO _____?

_____ it possible for _____ to receive _____ using _____?

Will I _____ able to _____ calls while _____ voip _____?

_____ I _____ calls if _____ use _____ app _____ my MNO data _____?

_____ it possible _____ I will _____ be _____ apps _____ use MNO internet?

Is it possible _____ I _____ calls _____ an _____ data _____ and used a compatible voip _____?

Is it _____ to _____ from _____ supported _____ service _____ on _____ mobile internet?

Can calls _____ using a voip app?

_____ it _____ to _____ while using _____ voip application through _____ data connection?

_____ if _____ can _____ using a supported voip application.

I'm wondering if _____ can use _____ voip _____ MNO _____.

Is _____ possible _____ app voice _____ MNO?

Does _____ data from _____ calls _____ applications?

I _____ if it's _____ receive _____ from _____ over _____ MNO data connection.

If I _____ a voip _____ that _____ data, _____ calls come _____?

Does MNO _____ calls _____ applications?

If I'm _____ a compatible _____ and _____ to _____ MNO _____ I still get _____?

_____ I _____ to accept phone calls _____ approved _____ app?

I _____ know _____ possible _____ voip _____ while MNO data is used.

It is _____ is possible _____ receive incoming calls _____ application while MNO _____ used.

_____ it possible for _____ calls _____ my _____ data services?

_____ the _____ to receive calls _____ a _____ Voip application?

I don't _____ it _____ to _____ calls from _____ using _____ M _____ data connection.

Is it _____ incoming calls _____ if I _____ using a _____?

Is it _____ receive calls simultaneously _____ an _____?

_____ it _____ to _____ calls _____ using my _____ app?

Does MNO data _____ calls _____?

_____ possible to get incoming _____ a _____ application?

_____ am wondering _____ I _____ calls with _____ voip app.

_____ use a _____ VoIP app _____ MNO data?

_____ using _____ app on _____ MNO's network, _____ answer calls?

Could I _____ calls _____ I use a _____ voip _____ MNO data network?

_____ wonder if _____ could _____ my voip _____ calls.

_____ use the voip app on _____?

_____ it possible _____ Receive _____ with MNO _____ apps?

_____ not sure if _____ possible _____ receive _____ from voip _____ through the _____.

I'm not sure if _____ to _____ calls from _____ while MNO _____.

_____ usage of _____ incoming calls?

_____ possible that _____ can _____ phone _____ using an approved _____ app?

_____ inbound calls work if _____ an MNO _____ VPN?

_____ if _____ possible _____ receive _____ calls using the MNO data _____.

_____ if _____ to _____ calls _____ application while using MNO data connection.

I'm _____ if it's possible to receive _____ the _____ application while connecting to _____.

Does _____ app permit me to _____ MNO network?

I'm _____ incoming _____ will _____ if _____ a voip app.

_____ with MNO, _____ using VoIP?

_____ use _____ voip _____ over MNO data, _____ incoming calls _____ through?

_____ if it is possible _____ receive calls _____ voip applications _____ data _____.

_____ not _____ if it _____ to receive calls _____ over _____ data connections.

_____ know if it is possible _____ from voip application _____ connecting _____ data _____

_____ am _____ if it is possible _____ receive incoming calls _____ connecting to _____ connection.

_____ call reception compatible _____ support _____ VoIP _____ data?

_____ it _____ phone calls during _____ of VoIP?

_____ am _____ sure if _____ is _____ to receive calls from _____ voip application _____ connecting _____ data _____.

I'm _____ if it's possible _____ receive _____ calls from _____ data _____.

_____ it _____ to _____ inbound _____ a supported VoIP app?

_____ incoming calls _____ with _____ VoIP?

Doesn't the _____ app allow _____ to answer _____ on _____?

_____ it possible to _____ when _____ an approved _____?

Can I use _____ MNO's data _____ voip app?

Can I use _____ to _____?

_____ wonder if _____ use _____ voip application _____ data connection.

_____ I still get _____ if _____ a _____ voip _____ and connect _____ MNO _____ network?

Will I still be able to _____ an approved _____ app with _____?

_____ wondering _____ supported _____ application can be _____ while on the _____ connection.

_____ I can _____ the _____ voip application to receive _____.

_____ I use a supported _____ app over _____ data, can _____?

Is _____ possible _____ calls _____ using the VoiP _____?

_____ voip app _____ MNO data?

While MNO _____ connection _____ I _____ know _____ it _____ possible _____ receive incoming _____ from voip _____.

_____ not sure _____ possible to receive _____ from _____ application _____ MNO.

Will _____ be _____ to _____ MNO _____ for voice _____?

Incoming calls can _____ when _____ voip app _____ data.

_____ it _____ for me to _____ using _____ data?

I _____ wondering _____ receive incoming calls with _____ and _____.

_____ MNO _____ allow for _____ in _____?

Is _____ reception _____ MNO data?

Are _____ to take calls from MNO _____ for _____?

I wonder if I can _____ my _____.

_____ service allow _____ to accept _____ calls while _____ approved _____ app?

I am unsure if _____ is possible _____ voip application _____ to the MNO _____.

When operating supported _____?

_____ I _____ an _____ network and use a _____ I _____ get calls?

Is it possible _____ data when _____?

I don't _____ if _____ is _____ voip applications using _____ MNO data _____.

_____ it _____ to use _____ data _____ voip calls?

_____ possible to _____ using an _____ application over _____ data connection?

_____ MNO _____ incoming _____ voip applications?

Does _____ receiving calls _____ app on the MNO _____?

_____ be _____ to use my _____ service while using a _____?

Is it possible _____ using a _____ voip app _____ my _____?

_____ using _____ approved voip application _____ the _____ data _____ to accept incoming _____?

_____ if I _____ use _____ application for _____ connection while receiving _____.

I don't know if it _____ possible _____ voip while _____ MNO _____.

Will _____ using _____ work _____?

_____ I have _____ compatible _____ and am connected to _____ data _____ I still _____ calls?

_____ it's doable _____ receive _____ from voip _____ while connecting to _____ connection.

I'm _____ calls from voip _____ while MNO is used.

_____ don't _____ if it's _____ to _____ voip applications using _____ MNO data _____.

_____ calls can _____ supported voip app and _____.

Is _____ possible _____ will get _____ call _____ VoIP _____ MNO connection.

Is it okay _____ receive _____ using _____ voip _____?

Will I _____ calls while _____ voip _____ my _____ data _____?

Is _____ possible _____ calls _____ using a _____ app _____ my _____ connection?

_____ it _____ to use a VoIP _____ data?

_____ the voip _____ on the _____ network?

Can _____ use _____ voip app _____ my MNO's data _____?

Can _____ my MNO's _____ service _____ using an approved _____?

_____ calls _____ my MNO data _____ voip app?

_____ it is _____ to _____ calls from voip _____ with the _____ data _____.

_____ incoming calls _____ received with _____ app?

Is _____ to have calls with _____?

_____ it possible _____ during usage of _____ by the _____ network connection?

Will I _____ be able to accept _____ even if I _____ voip _____ with _____?

Is it possible _____ on the _____ app _____ MNO _____?

_____ am _____ if the voip application _____ the _____ data connection.
 Does _____ calls work _____ active voip app _____ MNO _____?
 I _____ it is _____ to use _____ application for _____ data _____ while _____ calls.
 Is _____ calls using an _____ MNO data?
 Is there a way _____ using _____ voip _____?
 _____ I _____ a _____ to _____ calls _____ compatible voip application?
 _____ wonder if it's possible for me _____ my _____ calls.
 Is _____ for me _____ still get _____ if I _____ compatible _____ and am connected _____ MNO _____ network
 _____ be _____ to use _____ voip _____ on the _____ connection.
 _____ if my voip _____ can be used on _____.
 Is _____ for _____ calls _____ received with a _____ voip _____?
 _____ MNO's _____ me to accept _____ while using _____ voip app?
 _____ wonder _____ I can _____ my _____ application on _____ data _____
 _____ it _____ to accept inbound calls when you _____?
 _____ use _____ to take _____ on _____ supported voip app?
 I _____ can _____ my voip _____ MNO data _____ to receive calls.
 I _____ curious if _____ can _____ my voip _____ calls.
 _____ use _____ data _____ take _____ on the voip app?
 _____ know if it is possible to _____ incoming _____ from _____ application _____ data connection.
 _____ don't know if _____ to _____ from voip application _____ MNO data _____
 _____ possible _____ receive calls _____ compatible voip application _____ the _____ data _____?
 I'm _____ if it's possible _____ incoming _____ voip _____ while MNO is _____.
 _____ use _____ supported _____ over _____ data, can incoming _____ come _____?
 _____ sure _____ to get calls _____ voip application while connecting _____ connection.
 I would like _____ calls while _____ a _____.
 _____ the _____ app _____ me to answer _____ from _____ network?
 I'm _____ sure _____ it _____ possible to _____ from voip application _____ connecting _____ MNO _____ connection.
 _____ possible _____ receive incoming _____ with _____ or VoIP _____?
 Is _____ to receive _____ calls with _____ and _____?
 Can _____ calls with _____ compatible _____ on my _____ network?
 _____ the _____ able _____ answer MNO _____?
 I _____ sure _____ it's _____ to _____ from voip _____ the MNO data _____.
 Is _____ possible _____ Incoming calls with _____ app?
 _____ I _____ calls _____ voip app _____ my MNO data _____?
 Is incoming calls _____ if _____ am _____ a _____?
 If I _____ an _____ network _____ use a compatible voip _____ I _____ calls?
 _____ not sure if it _____ possible to _____ calls _____ voip _____ while _____ MNO _____ connection.
 Is _____ possible to receive _____ calls _____ voip _____ MNO _____?
 I am wondering _____ calls while _____ voip application.
 Can _____ using voip _____ and _____ data?
 _____ VoIP calls _____ with _____?
 _____ possible to _____ calls using a _____ MNO's network?
 _____ wonder _____ it _____ possible to _____ my supported voip application for _____ to _____.
 _____ it _____ that I _____ take calls while _____ voice _____?
 Is it _____ to _____ with _____ voip _____ via the _____ connection?
 _____ calls _____ an _____ app on an MNO _____?
 Does MNO _____ to _____ calls _____ a _____ voip app?
 _____ possible to receive calls _____ using _____ voip _____?
 _____ possible to _____ receive _____ I have _____ MNO _____ network and _____ compatible _____ app?
 _____ question _____ I _____ use _____ the MNO data connection.

____ it ____ to ____ calls through ____ while ____ MNO data?
 ____ it ____ to receive ____ calls using ____ app ____ MNO ____?
 I ____ know if ____ possible to ____ calls from voip ____ while _____.
 ____ are connected to _____ and ____ a _____ app, could I still get calls?
 ____ use my ____ application ____ get ____?
 If ____ a voip ____ on MNO ____ can ____ come ____?
 ____ MNO ____ support incoming calls ____?
 I wonder if I can ____ my _____.
 ____ possible _____ MNO data connection and VoIP ____?
 ____ not ____ it is ____ get incoming calls from _____ connecting to MNO ____ connection.
 _____ data to make calls on ____ supported ____ app?
 I don't ____ it's ____ to receive ____ from voip ____ while using _____.
 I ____ know if I ____ use my _____ receive _____.
 I'm not sure if it's _____ incoming _____ application _____ to MNO ____ connection.
 I ____ to know if I ____ receive ____ using a _____.
 _____ if ____ possible to receive calls from _____ if MNO ____ connection _____.
 Is ____ for me _____ calls _____ over MNO data?
 Would it ____ to receive calls from _____ MNO data ____?
 Is ____ possible _____ voip app and MNO data?
 If ____ use ____ compatible _____ get calls ____ I am connected ____ an ____ data network?
 I'm _____ it's possible to ____ calls ____ voip applications using _____.
 I ____ if my ____ application _____ while ____ the ____ data connection.
 _____ approved _____ is it ____ to receive calls?
 Can _____ MNO data to ____ my voip ____?
 ____ I answer calls using ____ compatible voip ____ on _____?
 Is _____ incoming calls ____ using a ____ application?
 Is _____ call on ____ voip ____ using ____ data?
 Is it possible ____ accept inbound _____ using my _____?
 Is ____ possible _____ incoming ____ while using a voip _____ MNO ____?
 ____ not sure if ____ feasible to ____ calls ____ voip ____ with the _____.
 Is there a ____ to _____ take calls on ____ voip ____?
 ____ support for ____ over MNO data _____ call ____?
 Can voip be used _____ calls _____?
 ____ it possible _____ calls ____ the ____ VOIP app?
 ____ I ____ a voip _____ incoming ____?
 ____ voip applications _____ data ____ incoming ____?
 I _____ it's possible _____ calls ____ voip ____ I use ____ the MNO ____ connection.
 Is it _____ incoming _____ be ____ using supported _____ and ____ data?
 ____ I use _____ voip application _____ calls?
 _____ receive calls while using _____ on my ____ data ____?
 I ____ not know ____ it's possible ____ receive ____ calls from _____ using _____ data _____.
 _____ still _____ while ____ supported ____ voice via MNO?
 Is _____ receive ____ using a voip app ____ my _____ connection?
 I ____ if the voip ____ lets _____ calls _____ MNO _____.
 I am ____ sure _____ possible to ____ incoming _____ application _____ connecting _____ MNO data connection.
 _____ calls _____ connection with a voip app?
 I'm _____ it is possible to ____ incoming calls ____ voip _____ data _____.
 Is _____ I will still be able to _____ voip app?
 Is it ____ to ____ a compatible _____ my ____ network?
 ____ wonder if I could ____ calls with _____.

I'm not ____ if ____ is possible ____ voip ____ the ____ data connection.
 I don't know if ____ applications that use MNO.
 ____ sure if ____ is ____ to receive calls from ____ application ____ connecting ____ MNO ____ connection.
 I ____ application ____ be used when on the MNO ____.
 ____ voip let ____ the MNO network?
 I am not sure ____ receive ____ voip applications over the ____ connection.
 Is ____ use a supported ____ app ____ data?
 ____ data ____ be used to take calls on ____.
 ____ be received with a ____ voip ____?
 ____ possible ____ receive calls ____ voip?
 ____ don't ____ if ____ feasible ____ receive incoming calls ____ voip application while ____ used.
 When ____ Voip app on my MNO's ____ answer ____?
 I wonder if ____ is ____ use my ____ application on ____ data ____.
 Is ____ possible ____ incoming ____ aVoIP use?
 I ____ if ____ can use ____ to receive ____.
 ____ know ____ it ____ possible ____ get incoming ____ from ____ using ____ MNO data connection.
 Can I ____ a ____ VoIP ____ on ____?
 ____ it possible ____ me ____ calls ____ a supported voip ____?
 I don't know ____ to receive calls from voip ____ to ____
 ____ possible ____ receive incoming ____ if I ____ supported ____ application?
 ____ that ____ supported app voice via MNO?
 Is ____ to ____ via voip using MNO ____?
 I ____ if it is ____ calls from voip application ____ connection.
 ____ wondering if ____ could receive ____ using ____ voip application.
 I ____ not sure if ____ possible ____ voip applications ____ MNO data.
 I have ____ it's possible ____ incoming calls ____ voip applications ____ the MNO ____.
 Can I ____ my supported voip ____ connection to ____?
 I am unsure ____ I ____ voip application ____ calls.
 ____ possible to ____ an approved voip application ____ the ____?
 I ____ not sure if it ____ from voip ____ using the MNO ____.
 Will ____ be able to accept ____ I use ____ voip ____ my data service?
 ____ wondering if ____ voip ____ will ____ on the MNO ____.
 I'm ____ if it's possible to ____ voip while connecting ____ connection.
 ____ call ____ support ____ VoIP over MNO data?
 Is it possible to take ____ a voip ____?
 ____ answer ____ on my MNO's ____ if I have ____ voip ____?
 ____ I receive ____ while ____ over my ____ data connection?
 ____ wondering ____ I can get ____ while using a ____.
 While using ____ approved ____ application ____ received?
 ____ don't ____ I can ____ from ____ applications ____ use ____ data connection.
 I don't know ____ it ____ receive ____ voip ____ the MNO data ____.
 ____ don't know if ____ possible ____ voip ____ using a MNO data connection.
 Do ____ think ____ is ____ incoming ____ during VoIP use?
 Is ____ possible ____ calls ____ using ____ voice via MNO?
 ____ it possible that ____ still take calls ____ supported ____ MNO?
 I am not ____ it ____ to receive incoming ____ from ____ application ____ using ____ data ____
 ____ receiving ____ with ____ voip ____ on MNO connection?
 ____ if ____ possible ____ receive ____ voip application ____ on the MNO ____ connection.
 ____ on a supported voip ____ using MNO data.
 ____ it ____ receive calls if I ____ supported ____ app?

_____ use my MNO data _____ the voip app?

Is _____ for _____ calls _____ if I use _____ supported voip app?

Is _____ while using voip _____ over _____ data connection?

Is _____ to _____ calls with _____ MNO and _____ apps?

I _____ use my voip _____ I'm receiving calls.

Is it _____ get _____ while using _____ over _____ MNO connection?

I'm not _____ if it's _____ to _____ voip _____ while _____ data connection is _____

_____ sure if it's _____ receive _____ from _____ applications _____ use _____ data connection.

Can _____ MNO data _____ on a _____ app?

I'm not _____ possible _____ receive calls _____ voip _____ the MNO _____ connection.

_____ the _____ calls whilst using a _____ voip application?

_____ don't _____ if it _____ feasible _____ calls _____ voip _____ while _____ MNO data _____.

_____ to receive _____ from voip applications _____ the MNO _____.

_____ wonder _____ I _____ voip on the _____ connection.

_____ VOIP, _____ it possible _____ calls?

_____ possible to receive calls _____ using _____ and MNO _____.

I'm unsure if it's _____ incoming calls from _____ using _____ data _____.

Is it possible for _____ to get _____ voip _____?

I _____ it is possible to _____ from voip _____ MNO data _____.

I wonder if _____ voip application _____ MNO _____ I _____ calls.

_____ voip _____ let _____ answer _____ on _____ MNO network?

_____ it's possible _____ voip application _____ connection while receiving calls.

Can _____ be accepted _____ my _____ service?

_____ am _____ if I _____ receive _____ with _____ and VoIP _____.

_____ I _____ to accept calls _____ using _____ data service?

I'm wondering _____ can use _____ voip _____ to _____ calls.

_____ I _____ voip app _____ MNO data, _____ calls come _____?

_____ it possible for _____ be _____ a voip _____?

Are I able to receive _____ application?

_____ I be _____ to _____ I use an approved _____ app _____ MNO's _____ service?

Is it _____ accept _____ calls with _____ app?

I don't _____ if _____ to _____ calls from voip _____ over MNO _____.

_____ it possible _____ using an approved VOIP app with _____.

_____ I _____ my voip application _____ MNO data _____ while getting _____.

_____ possible for _____ to _____ incoming _____ MNO and VoIP _____?

I _____ if _____ possible to _____ calls _____ application _____ connecting to _____.

Is it _____ to receive incoming _____ on _____?

I _____ if I can use _____ the _____ connection.

_____ I _____ calls with _____ app?

_____ the voip _____ allow me _____ the MNO Network?

Is it _____ to take calls _____ a _____ app?

Can _____ answer calls _____ my _____ network's _____ app?

_____ not know _____ is possible _____ receive _____ from _____ application _____ connecting with MNO data _____.

I wonder _____ my _____ be _____ while _____ the _____ data connection

Is it _____ accept _____ calls _____ VoIP usage?

Incoming calls can _____ received with _____ data

I _____ I _____ voip application _____ get calls.

_____ I _____ use the voip _____ while on _____ data connection.

Will _____ to _____ calls when I _____ an approved _____ app?

_____ my supported voip _____ work _____ the MNO _____?

Will my _____ work _____ I _____ connected _____ an _____ a _____?

I'm _____ to receive _____ calls from voip _____ while MNO _____ connection _____ used.

_____ possible to _____ calls _____ an approved _____ uses MNO _____ services?

_____ possible _____ make calls _____ a _____ app with _____ data?

_____ it _____ to _____ calls _____ approved app with MNO _____?

_____ it _____ incoming calls using the supported _____ app _____ MNO _____?

_____ I _____ get calls _____ use a _____ voip app and am connected _____ an _____ _____?

_____ calls _____ an active voip app _____ an _____ connection

_____ if I _____ use my voip _____ the _____ data _____.

Is _____ to _____ phone _____ during use of _____ a mobile network _____?

_____ I can use the _____ MNO data connection _____ calls.

_____ possible _____ inbound _____ while using _____ voip application?

The _____ app _____ MNO _____ can _____ used to _____.

_____ sure if it _____ possible to receive incoming _____ from voip _____ the _____ data _____ used.

_____ have no idea _____ it is _____ receive _____ calls _____ to MNO data connection.

_____ wonder if it is _____ calls _____ application _____ MNO data _____ is _____.

_____ wonder _____ take _____ from MNO for my _____ app.

Is it possible to _____ calls _____ data _____ voip _____?

Is it _____ for _____ to be received _____ voip _____?

Is _____ possible to _____ incoming _____ using _____ application?

_____ do not know _____ is _____ to _____ over MNO data connection.

_____ possible to _____ incoming calls _____ through if _____ use _____ voip _____?

_____ possible that I may _____ while _____ voip app?

_____ possible _____ receive _____ a voip _____ over my MNO data _____?

Can _____ MNO _____ to make _____ with a _____ voip _____?

_____ I still be _____ while using the _____ voip _____?

_____ it _____ to receive _____ with an _____ voip app _____ a _____?

Is it possible _____ to receive _____ while _____ voip app _____ my MNO _____?

_____ reception _____ by VoIP _____ data.

I _____ not _____ if _____ feasible to receive calls _____ voip _____ MNO data _____ is _____.

_____ it possible to use _____ order _____ calls?

_____ incoming calls for _____ with _____?

I _____ sure _____ is possible to _____ calls _____ voip _____ use _____ data connection.

_____ possible to get _____ calls _____ MNO data _____ voip app?

_____ it possible _____ make calls _____ a supported _____ data _____ VoIP _____?

I wonder if _____ could _____ supported _____ application _____ receive _____.

I _____ able to use _____ application _____ receive calls.

I was wondering _____ I could use _____ calls.

I _____ not sure if _____ is _____ to _____ voip application _____ using MNO _____

Is it _____ calls using _____ voip _____?

_____ don't _____ if I can get _____ the MNO _____ connection.

I'm _____ sure _____ it's _____ to receive calls _____ voip _____ MNO data _____.

I'm _____ it's _____ receive _____ applications over MNO data connection.

_____ possible _____ receive _____ using compatible voip application via MNO _____?

Is _____ possible to _____ while using _____?

I wonder if the _____ application _____ be used _____ MNO _____.

_____ it possible _____ incoming _____ with a _____ app.

_____ I use _____ voip _____ am connected to an _____ data _____ I still _____ calls?

_____ I answer _____ a compatible voip app _____ my _____?

_____ it _____ to _____ with _____ or VoIP?

_____ it possible to _____ my _____ service _____ inbound calls?

Is the _____ allowed to answer _____ the _____?

Do I _____ ability to _____ a compatible _____ application?

Is _____ possible _____ accept incoming phone _____ during usage _____ mobile _____?

_____ am _____ sure _____ it _____ receive calls from voip applications over the _____ data _____.

Will _____ be _____ to accept calls despite using a _____ app _____?

_____ calls work when _____ application?

_____ I receive calls _____ I _____ application?

I wonder _____ am able _____ use _____ the MNO _____ connection.

_____ wonder if _____ can use _____ use the MNO _____ connection.

_____ wonder if I can _____ my _____ on the _____ connection.

Did call reception function _____ support _____ over _____?

Is _____ possible to _____ MNO data?

_____ the _____ app _____ to answer calls _____ network?

_____ to _____ calls using a _____ on my MNO's network.

_____ calls on an _____ connection simultaneous _____ voip app?

_____ know if _____ possible _____ calls _____ voip while connecting to _____.

_____ app _____ I be _____ to accept phone calls?

I don't _____ whether it's possible _____ receive _____ from voip _____ to _____.

I _____ know if _____ possible to _____ application _____ MNO _____ connection.

I _____ unsure _____ possible to receive _____ from voip application _____ to MNO _____.

Is _____ get _____ with a supported _____ app?

I don't _____ if _____ is possible to _____ over _____ data connection

_____ it possible that _____ receive _____ compatible voip application?

I _____ not sure _____ to receive calls from _____ applications _____ using the _____ connection.

Do I have the _____ while utilizing _____ voip _____?

Can _____ calls _____ received _____ app and MNO data?

_____ possible _____ and _____ voip app _____ an MNO connection?

_____ the _____ app allow me _____ MNO _____ calls?

_____ possible to receive _____ voip app _____ MNO data.

I don't _____ to get incoming _____ from voip applications _____ MNO _____ connection.

I don't _____ to receive calls from voip _____ use _____ data _____.

I don't _____ if _____ possible to receive _____ from _____ applications using _____.

_____ possible _____ calls with _____ app and _____ data services?

Is it _____ receive _____ calls with _____ VoIP _____?

_____ wonder if _____ receive _____ calls _____ MNO _____ VoIP apps.

I am _____ sure if _____ possible _____ calls from voip applications _____.

_____ it _____ to _____ when _____ voip app _____ MNO data?

Do I _____ the _____ to _____ calls _____ using _____ voip _____?

_____ if I _____ use my _____ while I'm _____ calls.

_____ wonder if _____ use my _____ to receive _____

I don't _____ it is _____ to receive _____ from _____ MNO _____ connection

Is incoming calls possible _____ supported voip _____?

_____ I use a _____ voip app _____ MNO data, _____ come _____.

_____ I still _____ calls _____ on an MNO _____ and _____ voip app?

_____ it _____ to take _____ on _____ voip _____?

_____ the Voip _____ to _____ on _____ MNO network?

_____ use my voip application to receive calls.

_____ incoming _____ work with _____ if they are _____?

Is it possible _____ calls _____ I _____ connected to an MNO data _____ using _____ app?

_____ don't _____ I _____ phone _____ while _____ VoIP over MNO connection.
 Is _____ possible to _____ calls using _____ MNO _____ connection _____?
 _____ don't _____ it's _____ to get calls from voip _____ using _____ data _____.
 I'm _____ possible to _____ calls _____ application while using MNO _____ connection
 I _____ if I _____ my voip application to _____.
 Could _____ get calls _____ have _____ data _____ and a compatible _____ app?
 _____ a way _____ me to _____ calls _____ using a compatible _____?
 _____ can _____ used to take calls _____ the _____.
 I wonder _____ can use my _____ application for MNO _____.
 _____ the _____ data _____ is used, _____ know if it's _____ receive calls from _____.
 _____ you know if _____ possible _____ receive calls _____ MNO data?
 I don't know whether it _____ calls _____ using _____ data connection.
 Does call _____ with support of _____ data?
 _____ it _____ to _____ a voip _____ over _____ MNO _____ connection?
 _____ know if _____ possible _____ calls _____ voip application _____ to the MNO _____ connection.
 Is it _____ accept inbound calls _____ my _____?
 Does receiving calls _____ on _____ MNO connection?
 When _____ compatible _____ my MNO _____ can I _____ calls?
 Is MNO _____ with _____ VoIP?
 Is it possible to _____ a _____ app _____ services?
 Is _____ receive phone call notifications from _____ VOIP _____ MNO?
 _____ I _____ a _____ could _____ still get calls if _____ to an _____ data network?
 Is it possible _____ get _____ I connect _____ MNO _____ network using a compatible _____?
 If I'm _____ voip app _____ data, can incoming _____?
 _____ I am _____ use my voip application for MNO _____.
 _____ receiving _____ work together _____ an _____ an MNO connection?
 _____ incoming _____ compatible with _____ app and MNO _____?
 The voip _____ and MNO data _____ incoming _____.
 I don't _____ if _____ use my _____ application _____ MNO data _____.
 _____ calls may be received _____ supported _____ app _____ MNO _____.
