

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Meter reading and usage questions
Inquiry Sub-Category	Low water usage
Description	Inquiries concerning unusually low water usage, such as when tenants are away, but the meter seems to indicate regular usage, or if there are inconsistencies in the meter readings.
Data Size	5,047 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

Are there ____ issues ____ meters ____ while properties are ____ for long durations, ____ to ____ ?
____ it ____ premises ____ cause meters ____ inaccurately record?
____ meters ____ of giving misleading ____ if properties ____ left ____ ?
When ____ unoccupied, ____ meters record ____ ?
It is ____ inaccurate readings if the ____ empty for a ____ .
____ it possible for ____ inaccurate data when ____ being occupied?
____ is a ____ time of ____ use ____ can there be ____ readings from the ____ ?
Can ____ to produce inaccurate ____ when ____ are ____ a long ____ ?
____ a ____ is ____ a ____ time, is ____ possible for ____ give incorrect ____ ?
Is ____ accurate in ____ when ____ are empty ____ a long ____ of ____ ?
____ to record usage ____ when properties ____ not used?
When ____ are ____ long time, is ____ accurate in ____ usage?
____ consumption data ____ the ____ meters ____ houses aren't ____ for an extended ____ ?
____ it ____ meters to give ____ readings ____ the ____ empty for a lot ____ .
____ there's a long ____ not using ____ property, ____ be any ____ readings ____ the ____ ?
Does meters recording ____ have issues ____ aren't ____ an extended ____ ?
Is it possible ____ inaccurate data when ____ stay empty ____ long ____ of ____ ?
____ properties are ____ extended ____ do meters ____ usage have ____ issues?
Is it ____ for meters to give ____ empty?
____ it ____ for ____ readings if the ____ is empty ____ too long?
____ the ____ meters ____ inaccurate consumption ____ when ____ inhabited?
Is ____ that incorrect meter ____ result ____ vacancies?
____ meters inaccurate ____ recording the ____ vacant ____ ?
____ it ____ have inaccurate ____ if the meters are ____ continuous ____ while ____ not ____ ?
Is ____ possible for meters to cause ____ extended ____ ?
If there's a ____ time ____ the property, ____ be any ____ readings ____ the ____ ?
Is it possible ____ usage have issues ____ are ____ for ____ time?
____ true ____ long periods ____ property vacancies result in ____ inaccurate?

Is ____ possible ____ to give ____ readings ____ stays empty.
 ____ give incorrect ____ if the property ____ empty ____?
 ____ meters ____ usage have issues, ____ are not ____ long, causing inaccurate ____.
 it ____ have ____ if ____ meters are ____ use ____ not being used?
 the ____ make inaccurate consumption ____ not occupied for ____ extended period?
 long ____ of absence ____ cause discrepancies in ____ meter?
 errors ____ be ____ by ____ recording continuous usage ____ property ____.

If the ____ empty for ____ long ____ can ____ readings.
 it possible for ____ wrong ____ if ____ property ____ empty ____ a long period of ____?

When houses ____ for an extended duration, does ____ inaccurate ____?
 ____ meters produce misleading readings if ____ unattended?
 ____ being ____ due ____ long periods ____ property vacancies?

When ____ aren't ____ for ____ extended period, ____ cause ____ recording usage ____.
 ____ occupied for ____ long time, ____ the faulty meters ____ inaccurate ____?
 ____ for meters ____ give incorrect readings if ____ empty for a period ____.

Do the faulty ____ data ____ houses ____ in ____ for long?

Is there a ____ meters ____ measurements ____ to ____ absence?

Is ____ possible ____ meters to give ____ property ____ empty ____ many years?
 ____ meters ____ to give ____ readings ____ the ____ empty for ____ time?

Does meters ____ issues ____ is ____ for an extended period?
 ____ there a concern ____ usage measurement ____ properties are empty ____?
 ____ in recording ____ properties' usage?

When ____ empty for a ____ are meters ____ measuring ____?
 ____ possible for meters to ____ inaccurately when ____ are ____?

Is ____ possible ____ meters ____ inaccurate ____ property stays empty?
 ____ possible ____ premises could ____ meters to ____ incorrectly.

Does ____ have ____ when ____ are not ____ an extended period?

Is ____ from ____ meters if ____ a long time ____ not use on ____?

There ____ meter recordings when ____ unoccupied for a long ____.

Any ____ with inaccurate meter ____ to ____ duration?

Is it ____ inaccurate ____ the properties remain empty?
 ____ are ____ occupied ____ extended time ____ the meters ____ have issues.
 ____ it possible for meters to give ____ extended ____?

If ____ empty ____ long periods, could there ____ recordings?
 ____ have issues, it could be when properties ____ occupied ____ time.

Is ____ to make ____ meters when premises ____ empty?
 ____ there be ____ readings from ____ meters, if there ____ a ____ time ____ property?
 ____ the faulty ____ cause ____ data when houses aren't ____ an ____?
 ____ it possible ____ inaccurate ____ if properties are ____ for a long ____?
 ____ possible that meters ____ misleading measurements ____ absence?
 ____ it ____ do ____ record accurate utilization when homes ____?

If ____ empty ____ a ____ of time, can ____ give ____ readings?

Can there ____ bad readings from the ____ if ____ is ____ time ____ on ____?
 ____ possible ____ to ____ incorrect readings ____ property ____ for a while.

There ____ a long time ____ on the ____ and can there be ____ bad ____?
 ____ for ____ incorrect readings if ____ place stays empty ____ a long period of ____?
 ____ it ____ that ____ premises ____ cause meters to ____ information?

If the ____ sits ____ for a ____ meters give ____ readings?
 ____ premises ____ left empty, ____ inaccurate readings?
 ____ it ____ record usage inaccurately ____ properties remain empty?

Is _____ for meters to give _____ when a _____ occupied?

Is it _____ for _____ readings _____ premises _____ left empty.

_____ it _____ to _____ due _____ continuous recording when the _____ are not occupied?

If properties _____ unattended for a _____ period _____ can the _____?

When properties _____ for _____ long period, _____ there concerns _____ incorrect _____?

When _____ occupied for _____ of time, it could cause _____ recording _____ have issues.

Should meters give _____ readings _____ stays _____ for _____ time?

_____ it possible _____ meters _____ give _____ due to property _____?

Is _____ for the _____ to _____ readings if the property _____?

If properties remain _____ for _____ time, _____ lead _____ in _____ recordings?

If the _____ for _____ long _____ meters give _____ readings?

_____ to have inaccurate _____ meters _____ continuous utilization _____ properties _____ not being used?

_____ it possible for _____ to _____ inaccurate _____ there are _____ people in _____?

_____ are empty _____ affecting accurate _____ readings?

It _____ for _____ give _____ readings _____ property _____ empty _____ a long time.

Is _____ property vacancies lead _____ meter recordings.

_____ empty _____ long time, can _____ meters _____ the wrong readings?

_____ possible for _____ to _____ readings when the _____ empty?

When _____ for an _____ period can _____ be _____ inaccurate readings?

_____ possible that properties _____ have discrepancies in _____ when they _____?

Is it _____ meters _____ readings when _____ are _____ for an _____ period?

If properties remain unoccupied for _____ discrepancies _____ meter recordings?

_____ a _____ to give incorrect readings _____ the property is _____ for _____ long _____.

Is _____ possible to _____ inaccurate readings _____ are _____ continuous utilization _____ properties?

_____ the case _____ inaccurate usage records on meters?

_____ periods _____ vacancies leading _____ inaccurate meter readings?

If _____ are _____ a _____ can the meters _____ readings?

Is _____ meter _____ extended _____ vacancies?

_____ sits empty _____ time, is _____ possible for meters to _____ incorrect _____?

_____ meter _____ due to long _____ of property _____?

Is _____ possible to have inaccurate readings _____ are _____ continuous _____ but _____?

Can there be _____ readings from _____ not using the property?

_____ record usage inaccurately _____ are _____?

Is _____ vacancies leading to _____ meter recordings _____?

Is _____ possible that meters _____ provide misleading _____ extended _____?

_____ it possible to have _____ if _____ continuous _____ properties _____ not occupied

_____ be bad readings _____ the _____ if there's _____ on _____ property for _____?

Can meters _____ a property _____ empty?

_____ long _____ of absence from _____ property _____ to _____ the _____ recordings?

Is _____ possible that meter _____ long-term _____ at certain _____ sites?

Does _____ have issues when properties aren't occupied for _____?

Can _____ readings from _____ there's _____ long time without use on _____?

Is _____ possible to have _____ readings _____ are _____ utilization _____ the _____ are _____ occupied?

Is it _____ that _____ periods _____ property vacancies result _____?

Is _____ can _____ record usage _____ long vacancies?

If _____ stay _____ for _____ periods, _____ discrepancies in _____ recordings?

_____ there _____ a _____ time without use _____ can there be bad _____ the _____?

_____ to have _____ readings if meters are _____ utilization while _____ not _____?

If the property stays empty for _____ while, _____?

_____ it possible _____ inaccurate readings when meters _____ recording continuous _____ are _____?

Does _____ property vacancies _____ meter _____?

If properties are _____ unattended _____ significant amount _____ time, can _____ meters _____?

_____ it _____ meters _____ inaccurate _____ when premises are empty?

Will _____ result _____ inaccurate _____ readings?

Is it possible _____ there will be discrepancies _____ recordings _____?

Is _____ possible _____ to _____ readings _____ the property is _____ occupied?

_____ possible _____ meters _____ give _____ readings when _____ place is empty _____?

If properties _____ left _____ time, can the _____ a _____ reading?

Can _____ be bad _____ the _____ if there is _____ long time of _____ property?

_____ properties are not _____ for _____ extended _____ could cause _____ recording usage _____.

_____ can be caused by _____ recording _____ use _____ absence.

Is it possible _____ meters to give _____ when _____ empty for _____ long _____?

_____ occupied _____ an extended period, do _____ meters give inaccurate _____ data?

Is _____ possible for _____ to _____ inaccurate readings _____ stays empty _____?

_____ may _____ by _____ recording continuous use during _____ absence.

When premises _____ for a _____ time, can _____ to produce _____ readings?

Is _____ meters _____ give inaccurate readings even if _____ is _____ for _____ time?

Measurement _____ caused _____ recording continuous usage during long _____.

Can _____ meters make misleading readings _____ properties _____?

_____ recording usage have _____ when properties are _____ a _____ time?

_____ be used to give _____ if the place _____ empty _____ long _____ time?

When _____ not occupied for an _____ for meters _____ some issues.

When houses _____ inhabited for _____ time, do _____ give inaccurate _____?

Does _____ usage have _____ when _____ are not _____ an extended _____.

If meters _____ continuous _____ the _____ not occupied, _____ possible to have inaccurate _____?

When premises _____ left _____ for _____ extended _____ readings be produced _____?

If _____ a long _____ using the property, _____ there be _____ the meters?

Do the _____ cause inaccurate consumption _____ houses aren't occupied _____?

If _____ long _____ use _____ property _____ be bad readings from _____ meters?

Is meters _____ usage when _____ are empty for _____ long _____?

_____ a long _____ of _____ in inaccurate meter _____?

_____ it true that _____ absences _____ affect meter _____?

Is it _____ problem that extended _____ incorrect _____ recordings?

_____ it a _____ properties _____ empty for an _____ period _____ to _____ usage _____?

Is _____ about incorrect _____ measurements when properties are empty _____?

Will _____ vacancy period _____ inaccurate _____?

There could be discrepancies _____ meter recordings when _____ vacant _____ long _____.

_____ it _____ meters to _____ inaccurate _____ stay vacant for a _____ time?

_____ it _____ for meters _____ data when properties _____ occupied for _____?

If no one's living _____ the unit _____ long _____ time, _____ up meter _____?

Do _____ cause _____ meter recordings?

When _____ are empty _____ a _____ time, _____ discrepancies in _____ recordings?

Do meters _____ are empty?

Do you think _____ can't _____ utilization _____ empty for a long _____?

_____ meters _____ have issues _____ a _____ is _____ occupied _____ extended period?

_____ possible _____ have inaccurate readings _____ meters _____ usage while the _____ occupied?

_____ possible _____ to _____ readings when the _____ remains empty?

Is _____ possible that meters _____ measurements due to _____?

Is _____ possible for meters _____ inaccurate data when _____ a _____ time?

_____ it _____ to have _____ readings _____ are recording usage while _____ are _____ being _____?

____ it possible for ____ to record usage ____ remain ____.
 If meters ____ while properties are not ____ used, is it ____ have ____?
 Is it possible ____ premises ____ cause ____ inaccurately record ____?
 Is there a ____ meters recording ____ utilization when properties ____ long ____?
 ____ possible ____ to ____ inaccurate ____ if the place ____ empty for a ____?
 Is it ____ long periods of ____ vacancies cause ____?
 ____ that ____ give wrong readings when the ____ is ____?
 ____ it ____ extended property ____ leads to incorrect ____?
 When ____ an extended period ____ does ____ recording ____ have issues?
 Is ____ for meters to record ____ properties are ____?
 Is it a ____ are ____ for an extended ____ incorrect usage ____?
 Is it possible ____ meters to record ____ data?
 ____ be ____ for ____ to ____ incorrect readings ____ the property is ____ for ____ long ____.
 ____ it ____ to have ____ readings ____ meters are ____ continuous use ____ used?
 When ____ are not ____ extended ____ do meters ____ have issues.
 ____ it ____ for ____ to be produced ____ meters ____ premises ____ empty?
 Is it ____ that meters ____ vacant ____?
 Is ____ that the ____ meters ____ inaccurate consumption data when houses are ____ occupied ____?
 If ____ place ____ empty ____ a ____ can meters give ____?
 ____ there ____ chance ____ giving misleading measurements due ____ absence?
 Is it ____ for ____ give ____ the property ____ empty ____ long periods?
 Is ____ possible ____ meters ____ provide misleading ____ to property ____?
 Do ____ give inaccurate consumption ____ houses aren't ____ use ____ extended period?
 Is it possible long ____ of ____ result in ____?
 ____ it ____ concern ____ properties are empty ____ period, leading ____ incorrect usage ____?
 ____ stays empty ____ can meters give wrong ____?
 There ____ discrepancies ____ the ____ recordings ____ properties ____ empty.
 Measurement errors ____ be caused ____ recording continuous usage ____.
 Is it ____ meters to ____ inaccurately when ____ are ____ commission?
 ____ are ____ occupied for an ____ time, ____ can ____ meters ____ issues.
 When properties aren't ____ extended ____ recording ____ have issues.
 ____ meters ____ have issues ____ are not occupied long.
 Is ____ possible for ____ give inaccurate ____ are empty?
 Is there a ____ when ____ are empty ____ a ____ period ____ time?
 It is possible ____ premises ____ to ____ incorrect information.
 Is the consumption ____ provided by ____ faulty ____ houses aren't ____ extended ____?
 If ____ a ____ the ____ there be had ____ from the meters?
 ____ the property has ____ for ____ is it possible for ____ to ____ incorrect ____?
 Is it ____ to have ____ if meters show ____ even though ____ occupied?
 If the ____ for ____ time, ____ for meters to give ____ readings.
 Long ____ property vacancies ____ lead ____ meter ____ utilization patterns.
 ____ possible ____ to give incorrect ____ while ____ is empty?
 Is ____ possible ____ meters to ____ incorrect readings if ____ sits ____ a ____ period of ____?
 Can meters ____ inaccurate ____ recording ____ extended ____.
 Is it ____ incorrect readings ____ the property is ____ for a ____?
 Is it true ____ result in ____ readings?
 Will ____ inaccurate ____ readings if ____ long vacancies?
 ____ is ____ for ____ long time, ____ meters give ____ readings?
 ____ vacant ____ continuous usage inaccurately?
 Do ____ meters give inaccurate ____ when ____ aren't inhabited for ____?

_____ for meters _____ give _____ if the _____ is empty _____ a while?

Is _____ to _____ inaccurate _____ if meters show _____ while _____ are _____ occupied?

_____ possible _____ inaccurate meter reads _____ to extended vacant _____?

If _____ place is empty _____ long period _____ time, _____ it _____ meters to give _____?

_____ extended _____ vacancies _____ to _____ meter _____?

When premises _____ an extended period can meters be _____ produce _____?

Do you _____ up _____ one is living in the unit _____ long _____?

If properties _____ unattended _____ time, can the _____ give _____ readings?

When properties are _____ for _____ periods, _____ recording _____ have _____?

_____ possible _____ inaccurate readings _____ meters _____ recording continuous _____ while the properties _____ not being _____

_____ you _____ meter _____ one is _____ in the _____ extended periods of time?

_____ possible _____ produce inaccurate _____ when _____ are _____ for a while?

_____ could lead to _____ in meter _____ when _____ empty for _____.

_____ the place _____ empty for _____ time, is _____ possible _____ to _____ inaccurate _____.

_____ is living in _____ unit for long _____ do you _____ up meter _____?

Is it _____ for meters to _____ are unoccupied for _____?

Is meters recording usage _____ not _____ for _____ time?

_____ it possible _____ have inaccurate _____ meters are recording continuous _____ even _____ the _____ being _____?

Is it possible _____ give _____ readings _____ property _____ empty for a _____ of _____?

Will meters _____ record _____?

Do _____ malfunctioning _____ give inaccurate consumption _____ houses _____ occupied _____ an _____ period?

_____ is empty for a long period _____ is _____ for _____ give inaccurate readings?

_____ properties are empty for a _____ period _____ time, are _____ usage _____?

_____ it _____ meter readings are messed _____ is _____ in the unit _____ extended periods of _____?

Does longer property vacancies cause _____ meter _____?

Is it _____ to _____ misleading _____ due to property _____?

When properties are not occupied for an _____ cause _____ recording usage.

When properties are _____ usage inaccurately.

_____ one _____ for _____ long period of _____ you messed up the meter readings?

_____ are not occupied _____ an _____ period, can meters _____ usage _____.

Is it _____ for _____ meter _____ have _____ readings _____ the _____ occupied?

_____ it _____ to _____ inaccurate _____ data _____ houses are _____ occupied for an extended period?

_____ the meter _____ to _____ messed _____ if no one is living in the unit _____?

Is _____ that the _____ a property's vacancy _____ the _____ meter _____?

_____ possible for _____ to _____ readings when property is _____?

Is it _____ have inaccurate _____ meters recording continuous utilization _____ the _____ are _____?

_____ it possible _____ meters to _____ inaccurate _____ properties _____ significant period of time?

_____ place stays _____ for a long _____ time, can _____ inaccurate _____?

Is the _____ empty _____ usage?

Can meters _____ record usage _____ are _____?

_____ there is a long _____ of _____ the _____ from the _____ be bad?

Is _____ to give inaccurate readings _____ property is _____ occupied for _____ time?

Can _____ be _____ meters if there _____ long time not use on the _____?

Is it possible for meters to give _____ the _____ isn't _____?

_____ no _____ living in the unit for an extended _____ time _____ up _____ readings?

_____ be _____ recorded _____ extended vacancies?

_____ meters _____ inaccurate _____ properties' usage?

_____ long _____ of absence from _____ discrepancies in _____ recordings, _____ to _____ calculations?

_____ it possible for _____ to provide inaccurate _____ empty _____ period of _____?

_____ it _____ for _____ to _____ inaccurate _____ if _____ place stays empty _____ while?

_____ possible to _____ inaccurate readings if meters are recording _____ while _____?

Is _____ possible for meters _____ inaccurate readings _____ empty _____ long?

Is it _____ give _____ if the property _____ empty _____ a _____ of time?

_____ recording _____ have _____ for _____ properties are _____ occupied for a _____ of time.

_____ no _____ is living _____ unit for _____ periods _____ time, _____ you _____ meter readings?

_____ meters are _____ continuous utilization while the _____ are not, _____ inaccurate _____?

_____ there _____ incorrect _____ properties are empty for an extended _____?

_____ meters be inaccurate _____ reporting _____ extended _____?

_____ place is _____ it _____ for meters to give _____ readings?

Do _____ because of long periods _____ vacancies?

_____ be _____ meter recordings when properties _____ empty.

_____ could _____ meter recordings _____ stay vacant for _____ long time.

Is _____ possible to have _____ readings _____ meters _____ utilization _____ properties _____ not being _____?

_____ meters _____ used _____ are vacant?

_____ meters _____ when properties _____ empty?

Is _____ meters to _____ incorrect readings _____ the property _____?

Do _____ faulty meters _____ inaccurate consumption _____ houses _____ not occupied _____ than a _____?

Will the long _____ absence from properties _____ to _____ in _____ of _____?

_____ linked _____ incorrect meter recordings?

Is it _____ that _____ when houses _____ occupied for an _____?

Is _____ possible that unused _____ could _____ record incorrectly _____?

_____ it be possible for _____ incorrect readings if _____ is _____ for _____ long _____?

Is _____ possible _____ inaccurate readings if _____ recording _____ utilization and _____ properties are _____ used?

_____ meters give misleading readings _____ left _____ for a long _____?

Will meters _____ record _____ during _____?

It _____ lead _____ discrepancies in meter _____ when _____ remain _____ long _____ of _____.

Is _____ for meters _____ give _____ readings _____ the _____ isn't _____ occupied?

Is it _____ for _____ to be _____ by _____ a _____ empty?

Is _____ a problem if _____ an extended _____ to _____ usage measurements?

It could cause _____ have _____ properties are not occupied _____ periods.

If the place _____ for a _____ time _____ the _____ readings?

Is the _____ meter _____ to _____ property vacancies?

Is _____ possible to have _____ if _____ meters _____ recording _____ while _____ not occupied?

If properties _____ unattended for _____ long _____ the _____ show misleading _____?

_____ property _____ used _____ a long time can there _____ bad _____ meters?

When properties are _____ occupied for an _____ time, _____ usage _____ issues?

_____ aren't occupied for _____ extended _____ meters _____ usage _____ have _____.

_____ it possible _____ meters _____ misleading _____ because of _____ absence?

Is _____ a chance _____ misleading _____ because of property _____?

Is _____ inaccurate due _____ the long periods _____ property _____?

_____ it _____ inaccurate data _____ of continuous recording while _____ are _____ occupied?

_____ it _____ for _____ to provide inaccurate _____ stay empty _____ a long _____ of _____?

If _____ property stays _____ long _____ can _____ give _____ readings?

_____ there be _____ meter _____ due _____ vacancies?

_____ it _____ to have inaccurate readings _____ meters are _____ continuous utilization _____ though _____ are _____?

_____ errors can _____ caused by _____ recording _____ usage _____ absence.

Do _____ faulty _____ data when _____ are not occupied _____ while?

_____ for _____ meter readings _____ be _____ if _____ is _____ in the unit for long?

_____ possible _____ meters to provide _____ if _____ properties _____ empty for a _____?

_____ usage inaccurately, _____ properties are not _____?

_____ for meters to record usage _____ when _____ empty?

Is it possible _____ give _____ when properties remain _____ for _____ time?

_____ for _____ record incorrect usage _____ are not occupied?

_____ lengthy periods of _____ from _____ discrepancies _____ meter recordings?

Are the _____ producing _____ if properties are left _____?

_____ possible _____ to _____ incorrect _____ the house is empty _____ long?

Measurement _____ be caused _____ recording continuous usage when _____ property _____.

Is _____ for _____ to _____ data due _____ recording while _____ are empty?

_____ the _____ stays _____ for a while, _____ meters _____ readings.

There is a _____ time of not _____ on _____ property, _____ can _____ be bad _____?

Is _____ for _____ give _____ readings if _____ is _____ a long time?

_____ left unattended _____ long, can the _____ produce misleading _____?

_____ meters recording _____ have issues when _____ not occupied _____ long _____?

Is _____ for _____ inaccurate readings, if the place _____ for a long _____ time?

Is it _____ meters _____ incorrect readings if the _____ empty _____ a _____.

_____ the _____ stays _____ for _____ long time, can _____ be _____ to give _____?

_____ stays empty _____ long time, can _____ give _____ readings?

_____ it _____ that _____ recording _____ have _____ when properties _____ for longer?

Is a chance _____ misleading _____ property absence?

Is it _____ for _____ inaccurate _____ properties _____ a long period of time?

Is _____ possible _____ long-term property _____ affect _____?

Is _____ possible _____ to record _____ during _____ vacancies?

Does _____ meters recording _____ have _____ if the property _____ extended period?

_____ possible to have inaccurate readings _____ meters _____ recording _____ the _____ not _____.

Can _____ recording _____ have _____ not occupied for _____ extended time.

_____ it _____ meters to make inaccurate _____ premises _____ empty?

_____ long _____ property vacancies _____ to incorrect _____ readings?

When properties _____ not _____ extended period of time, _____ issues _____ usage.

Is _____ reading _____ because _____ long _____ of _____ vacancies?

_____ sits empty for _____ while, is _____ for _____ to give _____ readings?

_____ there _____ long period of _____ on the property _____ there _____ readings from _____ meters?

Do the malfunctioning _____ give _____ consumption _____ are _____ occupied _____ long?

If _____ for a _____ the meters give _____ readings?

_____ errors can occur _____ of _____ continuous _____ property absence.

_____ it possible for _____ give _____ readings if the _____ is empty _____ a _____.

Is the _____ the _____ houses aren't occupied _____ an extended period?

When _____ aren't occupied _____ extended _____ do _____ give _____ consumption data.

Is _____ possible _____ unused _____ meters to record _____ information _____?

_____ for meters _____ produce inconsistent results _____ at premises?

Is _____ meters to give incorrect _____ the property _____ vacant _____ time?

Is _____ possible that _____ could produce _____ results despite _____?

_____ is possible _____ premises _____ meters _____ record incorrect numbers.

_____ it possible _____ to give _____ readings _____ property _____ empty.

When properties _____ not occupied for _____ period _____ can meters _____ usage _____?

_____ it _____ to _____ inaccurate readings _____ recording _____ utilization _____ the _____ are not used?

_____ meters give _____ readings if _____ is _____ for a _____ time?

Is it possible _____ cause _____ inaccurately _____ time?

Is it _____ to _____ readings when _____ place _____ for long?

Is _____ possible _____ the meter _____ the property is _____ for a long _____?

Is it possible to screw up _____ readings if _____ unit _____ long periods _____?

____ long ____ of property vacancies ____ in ____ readings?
 If ____ long time on the ____ can ____ bad ____ the meters?
 ____ left unattended ____ a long period ____ time ____ the ____ provide misleading ____?
 ____ is ____ recording usage have ____ when properties ____ for ____ extended time.
 ____ the meters ____ inaccurate ____ recording usage during ____?
 If there's ____ living in ____ unit for extended ____ mess ____ meter readings?
 ____ the property ____ for a while, ____ meters give ____?
 ____ long ____ in ____ meter reading?
 Is ____ inaccurately recording ____?
 ____ left unattended for an ____ of ____ can the ____ misleading readings?
 Will ____ mean ____ meter ____?
 ____ it true ____ your ____ track ____ when ____ are empty ____ long time?
 Is ____ that ____ of property ____ affect ____ readings?
 If meters are ____ utilization while the ____ occupied, ____ it possible ____ inaccurate ____.
 Is ____ by the faulty ____ incorrect ____ aren't inhabited for ____?
 Is it ____ meters ____ give ____ if the ____ for a ____ period of time
 Is ____ chance of ____ measurements due to ____?
 Do ____ inaccurate consumption ____ when houses aren't ____ for ____ extended ____?
 ____ a chance of ____ due to extended property ____?
 ____ properties ____ left ____ for a long time, ____ the ____ cause ____?
 Is ____ readings ____ of ____ periods ____ property vacancies?
 Can ____ inaccurately when properties ____?
 Isn't it ____ meters ____ give inaccurate ____ if the place ____ empty ____?
 If ____ remain unoccupied for ____ can meters ____?
 There ____ be ____ in ____ when properties ____ for long ____.
 Is ____ meters recording ____ while ____ are ____ used leads to ____ readings?
 ____ the ____ affect the precision ____ meter readings, causing misleading utilization ____?
 ____ properties ____ amount of time, can meters recording ____ have problems.
 Is it possible for meters ____ give ____ stays ____?
 Is it possible ____ the ____ readings ____ messed up if no ____ is ____ unit ____ time?
 When ____ are not ____ extended period, ____ recording ____ have problems.
 ____ could ____ discrepancies ____ when ____ empty for long periods.
 ____ meters ____ in ____ usage when there ____ vacancies?
 Is ____ possible ____ meters to give ____ place stay empty ____ long ____?
 ____ it possible for meters ____ when ____ property is ____?
 If ____ empty for a long period of ____ the ____ give ____?
 Is meters ____ measuring continuous usage ____ are ____ for ____?
 ____ possible ____ meters to ____ readings ____ the ____ remains empty?
 ____ it possible ____ long ____ vacancies ____ in inaccurate meter ____?
 If the ____ empty for long, ____ it possible ____ give ____?
 ____ meter recording can ____ incorrect usage ____ when properties ____ for ____.
 Is meter readings being ____ long periods ____ vacant?
 ____ period ____ from a ____ lead to discrepancies ____ meter recordings?
 Is ____ a concern ____ usage ____ empty for an extended ____?
 ____ can be ____ by meters recording continuous ____ during ____.
 Is it ____ unused ____ to be inaccurate over ____?
 ____ meter readings inaccurate ____ there ____ of property ____?
 Can ____ be ____ readings ____ the meters if ____ long ____ not ____ on the ____?
 ____ the property ____ empty ____ some ____ is ____ for meters to ____ readings?
 Is ____ to have ____ readings ____ recording ____ utilization but the properties ____ not ____ used?

_____ meters give wrong _____ if _____ is empty _____ a _____ ?
 _____ be used _____ if the property is empty _____ a _____ time?
 _____ it _____ meters recording _____ have _____ properties are _____ occupied _____ long?
 _____ it _____ give inaccurate readings if _____ property sits empty for _____ ?
 Is it _____ for meters _____ give _____ readings if the property _____ for _____ period _____ ?
 It leads _____ issues _____ recording _____ have _____ are not occupied _____ extended time.
 Are _____ readings _____ because _____ long _____ of _____ vacancies?
 Will long periods _____ absence from a _____ the _____ of _____ ?
 Is an _____ meter recording caused _____ ?
 _____ bad readings _____ the meters if there is a _____ not use _____ property?
 Is _____ meters inaccurately _____ vacant properties' _____ ?
 _____ it true that long periods _____ vacancies _____ in _____ ?
 Will _____ vacancies _____ in _____ incorrect?
 Will _____ vacancy period _____ in _____ meter _____ ?
 Is _____ possible _____ record _____ during extended vacancies.
 Is it possible for _____ to _____ inaccurate _____ of continuous _____ properties _____ ?
 _____ are left unattended for a _____ can the _____ misleading _____ ?
 _____ chance of _____ false measurements due _____ property absence?
 Do _____ give inaccurate _____ data when _____ lived _____ for an _____ period?
 _____ be inaccurate _____ recording _____ extended vacancies?
 _____ aren't occupied for _____ extended _____ the _____ give inaccurate _____ data?
 Is _____ to _____ incorrect _____ a property _____ empty for long?
 Is it _____ the _____ to _____ incorrect readings if _____ occupied?
 If _____ is _____ long _____ the _____ can _____ be _____ readings from the meters?
 Is it possible _____ inaccurate _____ when _____ are _____ empty?
 Is it possible to _____ readings _____ are recording continuous _____ the _____ not being _____ ?
 _____ meters can accurately measure _____ when properties _____ for a long _____.
 _____ property _____ long _____ is it _____ for meters _____ give incorrect readings?
 Is the consumption _____ the faulty meters _____ houses _____ not occupied _____ a _____ ?
 _____ long vacancies _____ bad _____ readings?
 Measure errors _____ caused by meters _____ absence.
 Is it possible _____ usage _____ properties remain unoccupied?
 If properties are unattended for _____ the meters _____ readings?
 _____ possible for meters to _____ properties _____ vacant for _____ long _____ of time?
 _____ periods of property vacancies result _____ inaccurate _____ ?
 _____ meter readings _____ long periods _____ property vacant?
 _____ it _____ that long _____ property vacancies lead to _____ readings _____ ?
 "Is _____ have _____ if meters _____ recording _____ utilization while properties _____ being used? "
 Is _____ the case that extended _____ meter recordings?
 _____ inaccurate meter readings be _____ ?
 _____ there be _____ from _____ if there's _____ not use on _____ property.
 Is _____ concern _____ being empty for an _____ to _____ usage measurement?
 _____ errors _____ recording continuous _____ during the property absence.
 If properties _____ a long time, _____ the meters _____.
 Should the _____ readings _____ messed _____ if no _____ is _____ the unit _____ long _____ ?
 Is _____ possible to have _____ record continuous utilization _____ properties _____ being _____ ?
 If _____ property _____ empty _____ a _____ it possible for meters _____ give _____ ?
 Can _____ readings if the property _____ for a _____ ?
 _____ to give _____ readings if the place remains empty _____ ?
 _____ the use of vacant _____ ?

Is it _____ inaccurately recorded during extended _____?
 _____ cause meters _____ incorrect data?

Measurement _____ may _____ caused _____ meters _____ continuous usage during _____.
 _____ it possible to have _____ meters _____ premises are _____?

There _____ discrepancies _____ meter recordings when properties _____ for _____.
 _____ meters _____ unreliable _____ recording usage _____ long _____?
 _____ the usage _____ vacant properties inaccurately?
 _____ it possible for meters _____ give _____ if the place _____ long _____?

Is _____ possible that _____ period of _____ vacancies _____ inaccurate _____ readings?
 _____ a _____ not _____ on the property, can there _____ from the _____?

Is it possible _____ vacancy _____ will _____ in _____ meter _____?
 _____ for meters to give incorrect readings _____ property is _____?
 _____ capable of producing _____ properties are _____ for a _____ time?
 _____ for meters to _____ inaccurate readings _____ premises are not _____?
 _____ it possible _____ give misleading _____ due _____ extended property _____?

Are _____ homes _____ for extended periods?

Is _____ bad _____ the meters _____ there's _____ time of not _____ the _____?
 _____ errors caused _____ continuous usage during _____ absence?

Is it _____ for meters _____ give incorrect readings if _____ sits for _____?

Is _____ possible _____ meters to _____ inaccurate readings _____ the _____ empty?
 _____ the consumption _____ provided _____ the _____ meters _____ when _____ are _____ for an extended _____?

Do meters give incorrect readings if the _____?

Is _____ possible _____ meters to record usage _____?
 _____ properties _____ not occupied for _____ extended period, _____ cause issues _____ usage.
 _____ unused premises _____ meters to _____ record time?
 _____ long _____ readings _____ be inaccurate?

Measurement errors _____ be _____ recording continuously usage _____ property _____.
 _____ to have inaccurate _____ are _____ usage while _____ are not being used?
 _____ the faulty meters _____ data _____ houses are _____ for long?
 _____ properties remain empty for a _____ could there _____ discrepancies _____?
 _____ it possible that unused _____ to _____ data?
 _____ no _____ living _____ the _____ for _____ period of time, do you mess up _____?
 _____ properties _____ left unattended for _____ periods _____ time, _____ meters _____ misleading _____?
 _____ meters _____ the _____ of vacant _____?

Does _____ vacancies lead _____ meter _____?
 _____ one's living _____ the _____ for long periods _____ time, _____ up meter _____?
 _____ chance of _____ giving _____ measurements due to property _____?

Is it possible _____ long _____ vacancies _____ incorrect meter _____?
 _____ it accurate for meters to _____ continuous _____ are empty _____?

Is _____ in recording the _____ of _____?
 _____ the _____ recording _____ continuous usage of vacant _____?

Is _____ inaccurate _____ continuous utilization, but the properties are _____ occupied?

Is it _____ for meters _____ inaccurate _____ a premises _____?

When premises _____ left _____ for a _____ can meters _____ to _____ inaccurate _____?
 _____ possible for _____ to _____ incorrect readings _____ a _____ is empty _____ some _____?

It _____ in meter recordings _____ properties remain vacant _____ periods.

Is it _____ have inaccurate _____ if meters are recording _____ are _____?
 _____ possible to _____ inaccurate _____ if meters _____ continuous usage _____ properties _____ not _____?

If _____ are _____ a _____ of time, can the _____ readings?

Is _____ to _____ readings when meters _____ recording _____ utilization _____ properties _____ being used?

When properties ____ not ____ an extended period, can the ____?

____ usage have ____ properties aren't occupied for ____

If there is a long ____ not ____ property can ____ bad readings ____ the ____?

____ empty for ____ long period ____ could ____ meters give inaccurate readings?

Does ____ usage have issues ____ not ____ an extended time?

Is ____ possible ____ readings are caused by ____ utilization while ____ are not ____?

Is it possible ____ give ____ readings if ____ for a while?

Is there ____ chance that long ____ result ____ readings?

There are ____ about ____ usage measurement ____ are empty ____ an ____.

Is it ____ be inaccurately ____ during long vacancies?

____ it ____ for meters to ____ the building is empty ____ long ____ of time?

It could lead ____ if properties remain ____ for ____ of time.

____ property ____ for a long period, ____ it ____ for ____ incorrect readings?

If meters ____ continuous utilization ____ properties are not being ____ is ____ to have ____?

____ it possible ____ readings if meters are ____ while ____ properties ____ not being used?

____ it possible for ____ to ____ due to ____ recording while properties ____?

It ____ to ____ readings ____ the ____ are recording continuous utilization while ____ properties ____ occupied.

Is ____ for meters ____ inaccurate readings ____ property sits empty ____ a ____ of time?

____ it possible that ____ meters ____ accurately ____ when ____ are ____?

Will long periods ____ a ____ discrepancies ____ meter recordings?

Is ____ possible for meters ____ give incorrect ____ empty ____ a bit?

Will the meters ____ misleading readings ____ properties ____?

It's ____ for ____ to ____ inaccurate ____ if ____ place stays ____ a ____.

____ you ____ meter readings if ____ living in the unit ____ long period ____ time?

____ possible for ____ provide inaccurate data ____ properties ____ vacant?

____ it ____ inaccurate ____ meters are recording ____ utilization when ____ not occupied?

Is ____ meters ____ inaccurate data while properties are ____?

____ a ____ vacancies result in ____?

____ it ____ that meters ____ usage ____ when properties are ____?

Is vacant property leading ____?

____ used inaccurately ____ extended vacancies?

Is ____ for meters to provide false measurements ____?

If the ____ a ____ period ____ meters give inaccurate readings.

____ be discrepancies ____ meter recordings if ____ stay empty ____ long ____.

Measurement ____ be caused ____ meters ____ Continuous usage during ____.

Can ____ show ____ readings ____ properties ____ unattended for ____ long ____ of time?

When ____ are not occupied ____ does ____ meters ____ usage ____ issues?

If meters are ____ utilization while properties ____ it's possible ____ readings.

Is ____ for meters ____ give inaccurate ____ if ____ filled ____ long?

Will there be inaccurate ____ as ____ result ____ vacancies?

When properties are ____ an ____ does meters recording ____ issues?

When properties ____ amount ____ time, does the ____ recording ____ have issues?

Is the ____ vacant ____ usage?

Is ____ possible for ____ incorrect ____ property is ____ a long time?

Is it ____ provide inaccurate ____ are unoccupied properties?

Are ____ homes affecting ____ readings over ____?

If properties ____ unattended for a while, ____ meters ____.

Measurement errors ____ be ____ by ____ usage during ____ property ____.

Do you ____ that ____ can't ____ when homes ____ empty for a ____ period of ____?

Is it ____ meters ____ give ____ if properties are empty ____ long ____?

Is it _____ meters to _____ if _____ property is _____ for a _____

Can meters give _____ if _____ is empty _____ long _____.

_____ a long time, are there _____ about incorrect _____ measurements?

Is _____ possible _____ premises cause meters _____ be _____ time?

_____ meters able to give _____ if properties are _____ unattended _____ a _____?

Is it possible for _____ inaccurate _____ when _____ left _____?

It could cause issues if _____ issues _____ are not _____.

_____ possible for _____ to _____ inaccurate _____ the place is empty for _____ long _____.

_____ are unattended for _____ long period _____ time, _____ misleading readings.

If _____ property is _____ for a while, can _____?

_____ long vacancies result _____ readings?

_____ possible _____ inactive _____ in _____ cause inaccuracies in _____ consumption rates _____ the monitoring devices?

_____ recording usage have issues _____ the properties are _____ occupied _____ an _____?

Is it _____ meters _____ incorrect _____ with the _____ empty?

Is _____ messed _____ no one is _____ the _____ a long time?

_____ a _____ stays empty for a while, _____ give _____?

If _____ remain _____ for _____ long period _____ could there be _____ meter _____?

Is it _____ that meters _____ usage _____ issues _____ are _____ for an _____?

Is it _____ that unused _____ the _____ to _____ times?

It's _____ give inaccurate _____ if _____ is empty for a long _____.

Is _____ possible _____ give misleading _____ due to _____ absence?

Is _____ possible _____ meters to _____ readings when the property _____ empty _____ a _____ of _____?

_____ to _____ if meters _____ usage _____ when _____ are not occupied for _____.

_____ there _____ issue _____ meter reads due _____ vacant duration?

will _____ in inaccurate _____ readings?

Is _____ inaccurate readings when premises _____ left empty?

_____ it possible _____ meters _____ give inaccurate _____ the _____ empty?

_____ property is empty for _____ time can _____ give inaccurate _____?

_____ meters not _____ usage _____ during _____?

Is it possible to _____ inaccurate readings if _____ while _____ are not _____ used?

Is _____ meters _____ give _____ if the property sits empty _____ a _____?

Does the duration _____ spot _____ the _____ of _____ readings?

_____ it possible for _____ meter _____ incorrect _____ if _____ is empty?

_____ possible that _____ premises could cause meters _____ over _____?

Is it _____ for _____ give _____ the property is empty _____?

If _____ properties are unattended _____ long _____ can _____ meters _____ misleading _____?

_____ meters _____ record _____ usage?

_____ recording continuous _____ properties _____ not used, is it _____ have _____ readings?

When houses aren't _____ for _____ extended _____ do _____ faulty _____ data?

_____ in recording usage during _____ vacancies.

_____ meters give misleading _____ if properties _____ not _____ for _____ time?

Is it _____ give inaccurate readings _____ is empty?

_____ it that _____ meters _____ track _____ when homes are _____ occupied _____?

_____ meter _____ lead to incorrect _____ empty for an extended period.

Measurement _____ can _____ when meters _____ during property _____.

_____ it possible _____ meters to provide inaccurate _____ a long time?

_____ possible _____ unused _____ can cause _____ to _____ record time?

_____ empty _____ an extended period _____ inaccurate readings be _____ by _____?

_____ have _____ when properties aren't _____ for _____ long period _____ time?

_____ errors can be _____ by _____ continuous usage _____.

Is _____ possible that _____ track _____ utilization when homes _____ occupied _____ a long _____?

If the property is _____ a _____ of _____ incorrect readings?

Is the meters accurate _____ continuous usage when _____ empty _____?

_____ it _____ to have inaccurate _____ continuous utilization _____ properties are not _____?

Is it _____ meters _____ inaccurate _____ if the property _____ a _____?

There could be discrepancies _____ recordings when _____ are vacant _____ period _____.

_____ the _____ stays empty _____ a _____ period of _____ is it possible _____ to give _____.

Is _____ a problem _____ are empty for _____ long _____ to _____ usage _____?

Is _____ possible for meters _____ inaccurate readings _____ are _____?

_____ meters _____ in _____ usage _____ vacancies?

Is it _____ extended _____ vacancies lead to incorrect _____ utilization _____?

It _____ possible _____ incorrect readings if _____ property remains _____.

_____ properties are _____ a long _____ it _____ to _____ in meter _____?

_____ the _____ to give incorrect readings when _____ property _____ empty?

Can there be _____ the _____ if there is a _____ not used on _____?

It leads to issues if _____ recording _____ properties _____ not _____ extended period.

_____ it _____ meters _____ give _____ the _____ sits empty for long periods of _____?

When _____ are _____ occupied for _____ meters can have _____ usage.

_____ are left unattended for a long _____ the _____ give _____?

Will _____ result in _____ meter _____?

Is it _____ meters _____ give _____ readings _____ the place _____ empty _____ long?

_____ it _____ that meters _____ record _____ properties' _____?

_____ properties are _____ for long _____ of _____ can the _____ readings?

_____ it possible _____ unused premises _____ record incorrect _____ over time?

_____ possible _____ unused _____ can cause _____ to record _____?

Can meters _____ are not occupied?

If _____ left unattended _____ long _____ the meters make misleading _____.

_____ of properties are left unattended, _____ misleading readings?

It's _____ that meters recording _____ issues when _____ long.

Is it _____ inaccurate _____ by using _____ when _____ are _____?

Is it possible for meters to _____ if _____ place _____ empty _____ of _____?

_____ long vacancies _____ in _____ meter _____?

_____ wonder if _____ periods of _____ to _____ meter readings.

If _____ place stays _____ a _____ time, _____ possible _____ meters to _____ readings?

_____ reading messed up if _____ is _____ in the unit for _____ periods _____?

_____ is a question _____ to _____ long _____ property vacancies result in _____.

Is _____ possible for meters _____ inaccurate readings, if the _____ for _____?

_____ it possible that _____ readings if _____ property is empty _____ long _____?

_____ meters _____ in _____ vacant _____ usage?

_____ houses _____ inhabited _____ an _____ duration, do the meters _____ and _____ inaccurate _____?

Will excessive _____ lead _____ inaccurate _____?
