

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Product performance and efficiency questions
Inquiry Sub-Category	Air Quality
Description	Customers seek information on the air filtration capabilities of our appliances, especially for air purifiers and ventilation systems.
Data Size	6,492 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

____ I expect a noticeable ____ in ____ particles with ____ usage of ____ ____ high-efficiency ____ ?
Can ____ expect a lower ____ ____ when ____ ____ appliance regularly?
____ your ____ cut ____ amount of ____ in my ____ ?
Is it possible ____ dust ____ one ____ your filters?
Is ____ any ____ of visible ____ reduction if ____ ____ your effective ____ filters?
Is ____ possible to count on ____ ____ device?
____ there any ____ reductions in the ____ dust ____ regular ____ filters?
Do high-efficiency ____ amount ____ dust particles ____ time?
Is it ____ can ____ less ____ with ____ use of ____ ?
Can ____ tell me if ____ can ____ a ____ ____ by using ____ of your ____ regularly?
____ it possible ____ anticipate ____ reduction ____ dust by using one ____ filters?
____ I expect to see ____ reduction in ____ I use ____ ____ ?
____ a noticeable reduction ____ dust particles ____ one of ____ appliances?
Will your ____ filter that reduces ____ particles?
Is it ____ to see less ____ spaces ____ one ____ every day?
Can you ____ if I ____ anticipate ____ dust reduction ____ your ____ filters?
Do your ____ appliances ____ visible ____ of dust?
____ possible to ____ in dust from ____ of your ____ filters?
____ you ____ me if ____ see ____ reduction in dust ____ with ____ ____ one ____ your high-efficiency HEPA-filtered ____ ?
Can ____ a lower ____ when using appliances?
You have HEPA-filter ____ dust?
____ would ____ to ____ I can ____ noticeable ____ in dust ____ regular ____ of one of ____ high-efficiency HEPA-filtered
It's ____ to reduce ____ with ____ powerful HEPA ____ .
____ I expect ____ decrease in ____ dust ____ to ____ premium ____ highly efficient ____ unit?
____ that one of your appliances ____ reduce ____ ?
Can ____ reduction ____ be ____ by regular ____ of high-efficiency ____ ?
Is it ____ for ____ anticipate visible dust ____ utilizing your ____ HEPA ____ ?
Is ____ a drop ____ the amount of ____ units ____ used ____ ?
____ it ____ can count ____ reduced ____ your device?

Can I _____ a reduction _____ using your _____?

_____ you tell me _____ see _____ in _____ particles _____ I use _____ appliance _____?

_____ in _____ can be observed through regular _____ of _____ appliances.

Will the _____ appliance _____ to a reduction in _____?

Does _____ appliance reduce _____ amount of _____ particles _____ time?

_____ consistency _____ usage of _____ appliance result _____ less _____?

Is it _____ that _____ your _____ will lead to _____ dusty environments?

Does your _____ appliance _____ rid _____?

Does your high-efficiency appliance _____ of _____ time?

_____ consistent _____ result _____ a reduced amount of dust?

_____ it _____ to see _____ improvement in _____ by using one _____ appliances?

Will _____ regular _____ of _____ functioning HEPA-filtered item _____ see a _____ particulates?

_____ for me _____ see _____ by using one of your filters?

Does consistent use _____ your _____ in _____ Dust?

_____ it _____ sense to assume that _____ of the superior-he pa _____ less _____?

_____ I use this _____ it _____ dust particles?

Does _____ high-efficiency _____ reduce _____?

_____ to see _____ dust _____ using _____ of the High-Efficient _____?

_____ expect to _____ a _____ in dust particles _____ one _____ effective _____ appliances?

_____ you _____ HEPA-powered _____ will _____ dust?

I want to _____ is possible _____ airborne dust with _____ your _____.

Does _____ help _____ dust when _____?

_____ drop _____ dust _____ with regular _____ of your HEPA _____?

Is _____ chance that one _____ purifiers _____ make _____ goodbye to dusty _____?

_____ appliance make _____ clear reduction _____?

The presence of _____ be mitigated _____ of your high- performance _____.

_____ expect _____ dust with regular _____ of _____ appliance?

_____ efficiency appliance reduce _____ amount _____ dust?

_____ there a noticeable _____ in dust _____ with regular use _____?

_____ regular _____ appliance _____ reduced levels of dust?

Does regular _____ of _____ HEPA _____ in _____ reductions in _____?

_____ high-efficiency appliance cut down _____?

_____ expected reduction _____ particles _____ observed _____ regular _____ of _____ high-efficiency appliances?

_____ expect _____ reduction of dust _____ visible when _____ use one _____ your effective high-efficiency _____?

_____ having a consistent _____ of _____ appliance _____ dust?

_____ your _____ be _____ to remove _____ dust _____ my _____?

Can _____ reduction of dust _____ through regular _____ of _____ appliance?

Do _____ it's _____ to _____ use _____ your superior-he _____ device will _____ less dusty environments?

Will _____ help _____ reduce the _____ of _____ particles?

Does your _____ reduce the _____ in _____ home?

Does _____ make _____ that _____ use of _____ device _____ lead to _____ dust?

Can you tell me _____ I _____ a _____ in _____ with regular _____ of _____ HEPA-filtered _____?

Do _____ think _____ appliance _____ the _____ dust in _____ house?

_____ expect _____ see fewer particles at _____ of your top-of-the-line filters for _____?

_____ possible _____ expect _____ reduction in _____ by using _____ filters _____?

Can _____ see _____ reduction _____ dust _____ use _____ of your high-efficiency appliances?

Are your _____ effective _____ the _____ of dust?

Do _____ gadgets work _____ reduce _____?

Does _____ use _____ your _____ dust?

_____ reduction _____ if you use _____ advanced filters regularly?

I want to know if _____ reduce airborne _____ one _____.
 _____ of _____ appliances _____ the dust?
 _____ I expect to _____ using _____ high-efficiency appliance?
 Can _____ expect to _____ a _____ in dust particles _____ I _____?
 _____ a _____ dust particles _____ regular use of your _____ appliance?
 _____ it possible _____ I can count _____ your device?
 Is _____ a reduction in the amount _____ dust through _____?
 Does your appliance reduce _____ of _____ my home _____ regular _____?
 _____ you use _____ HEPA-FILTER _____ reduce _____ dust?
 Is _____ possible _____ the reduction _____ particles through regular _____ of one _____ appliances?
 _____ noticeable decrease _____ with the _____ your HEPA product units?
 _____ I expect _____ see _____ in _____ when _____ use one of your _____?
 Is it _____ the _____ of _____ through _____ of your high-efficiency appliances?
 _____ be _____ reductions _____ dust through _____ use of _____ filters.
 Can _____ a high-efficiency appliance _____ reduce _____?
 _____ the fancy _____ device work to cut _____ dust _____?
 _____ fancy HEPA appliance work _____ on the nasty _____ dust _____ house?
 Is _____ for me _____ see a reduction in dust _____ of _____ high-efficiency HEPA-filtered appliances?
 Does _____ one _____ high-efficiency _____ decrease the amount _____?
 _____ this _____ reduce dust _____ regular _____?
 _____ for me _____ visible dust reduction _____ regularly utilizing _____ your filters?
 _____ appliance reduce the amount _____ in the _____?
 Does the _____ of _____ result in _____?
 Do _____ notice a reduction _____ regular use _____ filters?
 _____ it possible to see _____ dusty _____ your _____ appliances?
 Is it _____ to _____ dust reduction _____ utilizing _____ filters?
 _____ want _____ if _____ can _____ reductions _____ airborne dust _____ one _____ your filters.
 Will _____ appliance _____ dust particles _____?
 Does regular use of your _____ dust?
 _____ usage of _____ high-functioning _____ help _____ see a _____ particulates?
 _____ my regular _____ high-functioning _____ help _____ to see _____ in troublesome particulates?
 Is _____ reasonable to expect _____ in _____ when _____ your _____ HEPA device?
 Is _____ for _____ reduction _____ particles with regular _____ of _____ of your _____ HEPA-filtered appliances?
 _____ regular _____ reduce visible dust?
 _____ this appliance help _____ reduce the _____ dust?
 Is there a _____ in _____ regular _____ HEPA _____?
 Is there a _____ amount of _____ you use _____ product _____ regularly?
 _____ true that your _____ reduce dust _____?
 _____ it possible to see _____ dust _____ regular _____ HEPA filters.
 _____ the appliance _____ significantly?
 _____ be _____ significant _____ in _____ particles with your _____?
 _____ I see a reduction in _____ I _____ advanced _____?
 Is it _____ to _____ a reduction in _____ using _____ your appliances?
 Did _____ that _____ reduce _____ with your powerful HEPA-filter _____?
 Is it _____ that _____ of _____ could control _____?
 By using your advanced _____ frequently, _____ a reduction _____?
 Can I _____ a _____ household dust _____ thanks _____ your premium-grade, _____ efficient _____?
 Does _____ a _____ appliance _____ the _____?
 Can _____ in _____ particles _____ observed _____ regular use _____ high-efficiency appliances?
 _____ one _____ High-Efficient _____ enough _____ see less dust?

Is _____ reasonable to assume _____ using _____ device will _____ to _____?

Can _____ reduction in dust particles be _____ regular _____ your _____ appliances?

Did you _____ HEPA-FILTER gadgets _____ reduce visible _____?

_____ your _____ be _____ to reduce _____ regularly?

_____ you _____ in _____ with regular use of _____ filters?

Do _____ gadgets that reduce _____?

Do you _____ of the _____ will _____?

_____ you promise _____ with _____ use _____ your appliance?

_____ noticeable drop _____ particles when _____ use _____ product units frequently?

I would _____ to know if _____ a reduction in dust _____ regular use of _____

Is _____ reasonable _____ think _____ superior-he pa device _____ lead _____ less dusty environments?

Can anticipated _____ in dust _____ of high-efficiency appliances?

Can I expect to see _____ improvement in _____ dust _____ when I _____ one _____ effective _____?

Will _____ appliance _____ a difference _____ amount _____ in _____ house?

_____ it possible _____ see a decrease _____ dust particles if _____ use one _____?

_____ appliance be _____ dust with regular use?

Can _____ appliance use lead _____ lower _____?

Do _____ appliances help _____?

Do _____ of _____ advanced _____ result in less dust?

_____ to know _____ your appliance _____ amount _____ dust in my _____.

Can _____ to _____ an improvement in _____ dust particles if _____ use one _____?

Is _____ to reduce _____ particles _____ use _____ high-efficiency appliances?

_____ regular use _____ appliance _____ dust?

Will using _____ appliance _____ reduced _____ levels?

Is _____ assume _____ regular use of _____ superior-hepa _____ will _____ to less _____?

_____ your _____ greatly reduce the amount _____ in _____?

Is _____ able to _____ dust _____?

_____ expect a reduction _____ dust _____ using your _____ often?

_____ want to _____ if I can expect _____ one of your effective HEPA _____.

Is _____ possible _____ appliance to _____ reduce _____ particles?

_____ use of your appliance _____ dust?

_____ reduction in dust particles be _____ through _____ of a _____?

Can you _____ me _____ I _____ achieve noticeable reductions _____ appliance?

Does _____ the amount of dust _____ it's _____?

Do _____ see _____ the _____ of dust _____ regular use of _____?

Do high-efficiency _____ reduce _____?

_____ of _____ high-functioning _____ item _____ me to see a _____ in _____?

_____ it possible to see _____ through _____ of _____ Filter?

By using _____ filters _____ a reduction _____ dust?

Can _____ reduction _____ be _____ by regular _____ of _____ high-efficiency appliance?

_____ possible to _____ noticeable _____ airborne dust with _____ of _____ efficient filters?

Will your _____ filters _____?

Can a _____ particles?

Can _____ count on _____ thanks _____ device?

Can _____ see _____ dust particles through _____ of _____ of _____ high _____ appliances?

_____ your appliance significantly _____ amount _____ dust _____ my _____?

Does _____ make _____ in _____ dust when _____ use a top-tier HEPA _____?

_____ it possible _____ your _____ reduce the _____ of _____?

Can I _____ less dust when _____ High-Efficient _____ every _____?

_____ to _____ less dusty _____ used your High-Efficient appliances _____ day?

Is _____ see _____ in _____ particles _____ you use one _____ your high-efficiency _____?

Is it _____ to _____ less _____ space by using _____ High-Efficient _____?

Is there _____ way _____ dust with _____ HEPA _____?

Is _____ a noticeable _____ in the _____ when _____ use your _____?

_____ want _____ know _____ anticipate _____ in dust by _____ your filters.

I _____ like to know _____ can _____ to _____ a reduction in dust particles _____ usage of _____ high-efficiency _____

Can the _____ dust _____ be _____ using one _____ high-efficiency appliances?

Can I expect _____ in _____ levels _____ to _____ highly efficient _____?

_____ marked decrease _____ household dust _____ with _____ use _____ your premium-grade, highly efficient filtering _____?

Is it reasonable to assume _____ use of _____ superior-hepa _____ lead _____?

_____ possible _____ reduce _____ with your _____ gadgets.

Is _____ to _____ less dust _____ your _____ appliances?

Does high-efficiency appliances _____?

_____ expect a marked decrease _____ dust levels _____ a _____ efficient filters?

_____ your _____ appliances able _____ visible _____ of dust?

_____ like to _____ I can expect _____ dust reduction by _____ using _____.

_____ logical _____ assume _____ of your superior-hepa device will result _____ environments?

Can _____ me if I can expect _____ dust particles _____ the use _____ one of _____?

Does _____ high efficiency _____ a difference in _____ dust?

_____ your appliances have _____ efficiency _____ of airborne dust?

Is it possible _____ reduce _____ dust _____ your _____?

_____ you tell me if _____ in dust particles with _____ usage _____ one of your _____ appliances?

Will the use _____ appliance _____ dust levels?

_____ possible to improve the _____ of dust particles by _____ appliances?

_____ I expect _____ reduction in _____ particles _____ I use _____ of _____ effective _____?

_____ your _____ reduce _____ with _____?

Will _____ your devices _____ appearance of dust _____ my _____?

Will _____ to reduce _____ substantially?

_____ the _____ decrease with the use of a _____ product?

Does using a _____ efficiency _____ help _____ decrease _____ time?

Will the _____ of _____ filters _____ air decrease _____ levels?

_____ your appliance _____ reduce _____ amount _____ particles in my _____?

Will _____ of a _____ product noticeably _____ dust levels?

_____ this _____ a _____ reduction _____ dust?

_____ reasonable to assume that using _____ superior-he _____ device _____ to _____ environments?

_____ reduce _____ of dust with _____ appliance?

Will the dirt _____ I use _____ frequently?

Will _____ dust?

Will your _____ my _____ of _____?
