

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Energy consumption analysis and advice
Inquiry Sub-Category	Energy consumption analysis
Description	Customers inquire about their energy usage patterns, seeking insights on peak hours, usage spikes, and efficiency. They may request advice on reducing consumption and improving sustainability.
Data Size	5,113 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Are ____ peaks ____ regarding electrical ____ what ____ should one ____ accordingly?

What ____ be taken ____ are peaks ____ demands every ____?

What ____ one take ____ there are ____ in ____ demand?

Is there common ____ for ____ loads ____ months?

Do specific months ____ spikes ____ consumption, ____ action ____?

____ you ____ the ____ peak electricity demands each ____?

Monthly electrical demand, ____ noticeable ____ with ____?

____ you ____ if there ____ in ____ demand ____ month?

____ to ____ when electric ____ peak?

____ do we ____ for the ____ demand during different ____?

____ actions ____ I ____ the month ____ there ____ peaks for ____ demands?

____ to ____ when ____ show ____ usage?

____ we plan ____ handle rises in ____ demands during ____?

How to ____ to months ____ peaks?

What ____ with ____ electric ____?

Is ____ any ____ electrical ____ the month?

____ anyone ____ peak ____ for electric ____ a month?

____ respond to peaks in monthly ____?

____ there a way ____ anticipate ____ in ____ every ____?

____ any peak ____ for ____ demands during each ____?

____ it ____ electric ____ peak every ____?

Do ____ know if we are looking at ____ energy ____ month ____ the story is ____?

Do ____ think ____ of power needs?

Any ____ highs in ____?

Recommended ____ for ____ spikes ____ needs?

____ measures if there ____ monthly high ____ demand.

Take ____ there ____ recurring ____ high ____ electricity demand.

Do ____ know if ____ are peaks every month ____ my ____?

Will monthly electrical _____?

If you _____ usage spikes _____ accordingly.

Do you _____ if we are _____ needs _____ month or what _____ is on that _____?

What _____ to be _____ demand peaks?

Prepare _____ spikes in a _____.

_____ should I _____ at _____ certain time _____ there _____ peaks for electrical _____?

Do electric _____ peak _____ times _____?

_____ monthly peaks in _____?

_____ should a person _____ if _____ the demand for electricity?

When there _____ peaks _____ electrical _____ what should _____ the _____ month?

What _____ should be taken _____ demands peak _____?

_____ are peaks in _____ what _____ a person _____?

_____ there _____ monthly high points in _____ demand.

_____ should we _____ if _____ see _____ peaks _____ monthly _____ demands?

_____ should be taken when _____ needs _____?

_____ actions _____ if monthly _____ peaks?

_____ are some of _____ months _____ consumption?

Is _____ any _____ electrical demands?

Do _____ month in electricity _____?

What _____ should be _____ when _____ peaks?

_____ be aware of _____ usage spikes _____.

_____ identify electric _____ plan accordingly.

Is _____ any way _____ identify _____ electricity _____ month?

Do peaks occur on _____ monthly _____?

What _____ must _____ taken when monthly _____?

_____ you know _____ regular monthly high _____ in electricity _____?

_____ know about _____ spikes per _____?

_____ there _____ for _____ requirements every _____?

I _____ there _____ any peaks for electrical _____ each _____.

Is _____ any _____ for electrical _____ during _____?

What _____ of _____ can _____ when we _____ heightened electricity consumption _____?

_____ are _____ electrical demands _____ the _____ should I do?

What _____ a person _____ there are _____ electrical _____ a _____ period _____ time?

How _____ monthly electrical _____ if they _____ peaks?

What _____ a person _____ are _____ in _____ demands over _____ certain _____?

Is there a _____ of _____ month _____ power _____?

_____ there any noticeable highs in _____?

Should required action be _____ periods _____ electricity _____?

_____ should one _____ there _____ a monthly surge _____ electrical _____?

_____ months for power consumption, and what _____ be taken?

Could you tell _____ in electricity use _____ month?

_____ steps should one _____ when the _____?

Should _____ if specific _____ display _____ electricity needs _____ month?

_____ demand: any _____ highs to address _____?

What measures _____ be _____ with monthly peaks _____ power _____?

_____ we _____ there are any consistent _____ in electrical _____?

_____ would _____ to know _____ during each _____ for _____ demands.

_____ peaks relating to _____ loads across different _____?

_____ in _____ each month _____ are precautions necessary?

What are the _____ for power _____ and _____ must _____?

_____ necessary to _____ against identifiable _____ in _____ Use _____ month?

Do you _____ peaks for electrical _____ a _____?

Do certain _____ have _____ in _____?

What measures _____ be taken _____ peaks in _____?

_____ be _____ meet electric _____ on _____ monthly basis?

Monthly electrical _____ highs _____ address?

_____ one take _____ are peaks in _____ demands?

What _____ be taken _____ demands peak _____ month?

What steps _____ there are _____ for electrical _____?

_____ high points _____ electricity demand _____?

How _____ you prepare _____ demand during _____ month?

_____ should _____ when we _____ increased electricity consumption each month?

Is it possible to _____ demand _____ month and what _____?

_____ identifiable peaks common _____ months for _____ demand _____?

Is it possible _____ anticipate peaks _____ usage _____?

_____ there a _____ peak electricity _____?

How to prepare _____ potential _____ points _____?

_____ in electrical _____ are there _____?

What steps _____ during _____ electrical _____ each month?

_____ measures should _____ undertaken _____ in power needs?

_____ are _____ peak _____ power consumption, _____ what do we _____ about _____?

How _____ handle _____ in _____ monthly _____ demands?

_____ certain _____ have spikes in _____ action plans?

What actions should be _____ electrical _____ occur?

How _____ I _____ in monthly electrical _____?

_____ energy _____ month is identifiable, are _____ necessary?

What action _____ taken _____ demand peaks?

_____ steps _____ see monthly high points _____ electricity _____.

_____ there _____ pattern _____ electricity demands?

Does _____ requirements include _____ periods _____?

_____ to _____ high electricity usage _____?

_____ there _____ during each month _____ electrical _____?

How _____ high electrical demand _____ given month?

_____ in _____ use per _____ identifiable?

What are the peak months _____ consumption _____ be _____ it.

Do you _____ looking at notable _____ needs _____ month _____ what _____ story is _____ that front?

_____ power requirements _____ peaks _____?

Spot _____ power _____ and _____ accordingly.

_____ for _____ demands _____ a given _____?

_____ any peaks occur _____ each _____ demands?

_____ any _____ in electrical _____ throughout _____ month?

_____ steps if there is a _____ in _____.

_____ steps should be _____ during the _____ of _____?

_____ respond _____ high _____ during months?

_____ do _____ month when _____ are _____ in electrical demands?

_____ are peaks _____ electrical _____ what steps should I _____ a _____ the month?

_____ actions should be _____ the _____ electrical demand _____?

_____ action should _____ when _____ peaks?

_____ possible _____ identify _____ in _____ demand per month?

_____ are the _____ months for _____ use, _____ what can _____ done _____?

_____ the peak months _____ power _____ what can _____ done _____ save _____?

I want to know _____ we're looking at notable spikes _____ what's the _____ front.

_____ peaks in electrical _____ how _____ a person handle _____?

_____ there _____ peaks _____ the _____ demand, _____ should a person _____?

_____ highs _____ address in _____ monthly _____ demand?

What are _____ for power _____ and _____ should be _____ it?

There _____ peaks _____ in _____ month _____ what should I _____?

_____ be done to _____ monthly _____ electrical demands?

Can _____ tell me _____ in electricity demand each _____?

_____ to the monthly _____ demands _____ show any peaks?

_____ there _____ actions _____ in regards _____ needs each month?

_____ identifiable peaks _____ occur across _____ months _____ electric demand _____?

_____ usage per month, _____ needed?

How _____ points in electrical _____?

_____ it _____ to _____ electrical needs?

_____ sought for consistently _____ highs _____ electrical _____

Take _____ there _____ points in electricity _____.

_____ peak electricity _____ month?

_____ should I _____ certain times _____ the month when electrical _____?

guidance _____ for _____ highs anticipated _____ electrical _____.

What steps _____ be taken at a given _____ there are _____ demands?

_____ necessary actions if _____ are _____ in electricity demand.

Is _____ a peak for _____?

What _____ be _____ when there is _____ peak _____ power _____?

_____ it _____ to _____ certain spikes in electricity _____?

Are precautions _____ identifiable Surge in _____ use _____?

_____ take if electric demands peak _____?

_____ high electrical demand in a _____?

_____ steps if _____ recurring monthly _____ point _____ electricity demand.

_____ be _____ correspond _____ the monthly electric demands?

How _____ deal _____ monthly _____ demands?

What measures _____ taken when _____ are _____ demands?

_____ if _____ is a recurring monthly high _____ demand.

_____ actions _____ be _____ if _____ needs vary _____ after _____?

What _____ be done _____ demands?

_____ be done _____ there are peaks in _____?

_____ be _____ energy needs vary month _____ month?

_____ there any significant _____ requirements _____ month?

What _____ should be _____ response to _____ demand _____ every _____?

Do monthly _____ demand _____?

How _____ respond _____ demands?

If monthly _____ any consistent peaks, _____ respond?

_____ should _____ do _____ peak electrical demands in the _____?

Is _____ a clear monthly _____?

_____ peaks _____ monthly _____ demand _____ handle?

_____ deal with electrical _____ that _____ up monthly?

What _____ one take _____ certain times _____ the _____ electrical _____?

_____ necessary _____ if _____ recurring _____ points _____ electricity demand.

_____ want _____ know if _____ are any peaks during the _____.

_____ spikes _____ electricity usage?

Do _____ high electricity usage _____?

Do _____ peaks _____ every _____ for _____?

How _____ in monthly _____ demand.

_____ have _____ in power consumption?

What steps _____ taken when there _____ identified peaks _____?

_____ actions should _____ if electric demands _____ every _____?

_____ do when there _____ peaks in electrical _____ the _____?

_____ should I _____ high electricity _____?

Do _____ show up in _____?

How _____ plan _____ rises in power _____ during _____?

_____ months with spikes in _____ consumption _____?

Is there _____ for electric _____ loads _____ the _____?

_____ it _____ to _____ electrical demand _____?

What _____ should _____ in _____ of _____ in _____ demands each _____?

Tips for _____ monthly electricity _____?

_____ electrical need: _____ highs _____ address?

Are _____ recurring monthly _____ needs?

_____ steps should be _____ there _____ electrical demands?

Any _____ managing _____ in _____ electricity _____?

I would like _____ know _____ looking _____ notable _____ in energy _____ each _____ or what's the _____ that _____.

What _____ when energy needs vary month _____?

_____ for a _____ spike _____ electric needs?

Monthly _____ noticeable highs _____ address with _____.

_____ there _____ heightenings of _____ needs?

What are _____ for power consumption, _____ how should _____?

Is _____ pattern _____ peak electricity _____ every _____?

What _____ should _____ take _____ regards to peak _____?

Any _____ to _____ with _____ are _____ electrical demands.

What _____ be done in _____ to the _____?

_____ should _____ respond _____ monthly _____ demands that exhibit _____?

If _____ electrical demands _____ peaks, how _____ we _____?

Do specific _____ electricity _____ spikes?

_____ there _____ peaks in electricity _____?

What appropriate _____ of _____ can we take _____ discover _____ each _____?

What should be _____ keep _____ electric _____?

_____ one do when there _____ electrical _____ each month?

_____ steps should one _____ when _____ peaks _____ electrical _____?

Any noticeable highs to _____ actions _____ the _____.

_____ anyone know if there _____ peak _____ for electric _____?

Is there a _____ high observed _____ month?

_____ should electricity _____ handled when spikes _____ every _____?

_____ there spikes _____ electricity demand _____ that _____ identify?

_____ handle spikes in _____ demands.

What actions _____ taken _____ demand _____?

How _____ months with _____ usage peaks?

How _____ for the rises in _____ the different _____?

Any _____ during the _____ demands?

Take required steps _____ are recurring _____ points _____ electricity _____.

_____ to _____ for _____ electrical demand _____.

_____ to _____ high points _____ demand?

What ____ should ____ take when ____ peaks ____ demand?
 What ____ one take on ____?
 ____ know if ____ be ____ every month ____ affect my electric ____?
 Are precautions ____ Surge ____ Energy ____ each ____?
 What ____ be ____ clear the monthly ____ peaks?
 What ____ can ____ when we see ____ electricity consumption each ____?
 Should action ____ if ____ show ____ needs ____ month?
 Do ____ months ____ surge in ____ that ____ action ____?
 ____ month do ____ in electricity ____?
 ____ should we ____ to any ____ electrical ____ peak?
 How ____ identifying and advising on ____ per ____?
 ____ actions ____ taken if ____ spikes every month?
 ____ precautions if ____ monthly high points in ____.
 ____ there any ____ points ____ to ____ needs each ____?
 What measures ____ taken ____ tackle peaks in ____?
 ____ to prep ____ high ____ during a ____?
 You should identify ____ usage ____.
 What ____ be taken ____ are ____ demand peaks?
 ____ highs to address with actions ____ the ____?
 Do ____ have ____?
 ____ to ____ for electrical ____ high ____?
 ____ you ____ are recurring monthly high points ____ electricity ____?
 ____ there ____ electricity demand a ____?
 What ____ peak ____ for power ____ what can be ____ about ____?
 Is ____ peak ____ month?
 ____ to ____ actions for monthly electrical demand?
 Is it ____ demands have ____?
 When there are ____ electrical ____ steps ____ I take at ____ time ____ month?
 Are there ____ for electric ____ loads ____ different ____?
 ____ you know ____ there ____ recurring ____ electricity demand?
 How should a ____ if ____ are ____ in ____ demands ____?
 ____ should ____ taken when ____ are peaks ____ power ____?
 How ____ peaks ____ needs?
 Should ____ be ready ____ electricity ____ every month?
 Are ____ peaks ____ electrical ____?
 What measures to ____ there are ____ in ____?
 ____ if there ____ high points in electricity ____.
 What ____ to ____ should ____ peak?
 Might ____ electrical ____ have ____?
 ____ monthly ____ of power ____ a ____ of ____?
 ____ specific ____ have noticeable ____ usage?
 If there are peaks ____ electrical ____ should ____ take ____?
 ____ about higher ____ consumption in a month?
 ____ specific ____ spikes in electricity ____?
 Will there ____ in ____ consumption ____?
 ____ be done ____ correspond with ____ demands?
 What steps should ____ take ____ light ____ electrical ____?
 What ____ I ____ when there ____ my electricity ____?
 Should ____ be ____ if there are peaks ____?
 ____ there ____ in ____ demands in ____ what should I ____?

Should we know _____ every _____?

_____ there are peaks _____ electrical _____ should a person _____?

With _____ electrical demand, any _____ highs to _____?

_____ we do _____ electricity consumption _____ month?

If _____ are peaks _____ month _____ mess with _____ what should _____?

_____ have any peaks _____ each _____ for _____ demands?

_____ steps _____ I take when there are _____?

_____ actions should _____ when _____ energy needs vary _____?

_____ measures _____ be taken _____ with peaks _____ power _____?

peaks _____ electrical demands?

Should _____ if _____ demand peaks?

Is there _____ monthly _____ demands, and _____ be taken?

_____ happens _____ in _____ needs _____ month?

_____ demands different; what _____ be _____?

_____ should _____ do about spiking _____ each _____?

How to prepare _____ points _____ electrical demand _____?

What _____ the peak _____ what must be _____ about it?

What _____ should be taken _____ every month?

_____ simple _____ we looking _____ notable _____ in energy needs each _____ or _____ the _____ on _____ "

What steps should one take _____ electrical _____?

Is there _____ electrical _____ in _____ month?

_____ higher monthly highs _____ consuming _____?

Take the _____ steps if _____ monthly _____ points in _____.

_____ to any monthly peaks in electrical _____?

_____ peaks happen every _____ electricity _____?

_____ demands _____ to peak?

_____ there are _____ for _____ demands, _____ steps _____ I take _____ given _____?

How _____ to peaks _____ are monthly?

peak _____ for _____ & _____ I should _____?

_____ measures, any _____ spikes _____ electric _____?

What _____ when _____ discover instances _____ electricity consumption each _____?

Is there any peak _____ month?

What _____ high _____ in electricity _____?

_____ it possible _____ identify _____ electricity _____ per month?

What _____ when _____ encounter _____ monthly electrical needs?

_____ peaks _____ for electrical demands should I _____?

Do _____ need to be _____ when there _____ Surge _____ Energy _____?

_____ course of action following _____ of power _____?

_____ should we respond _____ monthly _____ demands _____ any consistent _____?

What steps _____ one take _____ peak _____ for _____?

What _____ the _____ for _____ consumption, _____ must be taken as _____ result.

What _____ there in _____ electrical _____?

_____ be done _____ the monthly _____?

_____ there any _____ points _____ terms of _____ needs _____ month?

Is there a _____ the monthly heightening _____ power _____?

How _____ respond to _____ electricity _____ in _____?

What peak _____ used for power consumption, and _____ be _____?

_____ it _____ that _____ are spikes _____ needs every _____?

_____ there _____ identifiable _____ electric _____ loads _____ different months?

_____ there monthly _____ in _____?

How _____ be _____ to if _____ have any consistent _____?

_____ we plan for rising power _____ months?

_____ actions _____ be _____ to clear _____ demand peaks?

Monthly _____ noticeable highs to _____?

_____ steps _____ taken _____ there are peaks in _____?

How _____ high electricity _____ peaks _____ a month?

_____ we _____ to _____ electrical demands?

Do _____ demand monthly?

How _____ we respond _____ electrical demands if _____ consistent _____?

_____ any identifiable _____ in electrical _____ the month?

During _____ month _____ take _____ to meet electrical _____?

Do monthly _____ have _____?

_____ was _____ in regards _____ monthly electrical _____.

What _____ done with electric _____ on a _____?

Is _____ monthly peak _____ the _____?

Does _____ demand _____?

Do _____ happen each month _____?

A person should _____ if _____ electrical demands.

_____ I _____ the _____ when there _____ for electrical demands?

_____ are _____ for _____ a given _____ what _____ should I take?

Do _____ think _____ every month?

_____ peaks _____ electricity usage _____ month?

Any peaks for _____ month?

How to respond _____ the _____ with _____ peaks?

Guidance _____ sought _____ the _____ highs in electrical _____.

_____ for _____ demands during the month?

_____ there _____ peaks in the electrical _____ time _____ should a person do?

What measures should be _____ the _____ in _____ occur?

Are there spikes _____ demand _____ month that _____ advise _____?

_____ requirements, do _____ happen each _____?

_____ should we _____ for rising _____ demands _____ different _____?

Is _____ for electric _____ loads every month?

_____ there noticeable _____ demand _____ month?

_____ should _____ if there are peaks in _____ demands _____ month?

_____ steps _____ I take _____ there _____ in electrical _____ in a _____?

_____ I _____ steps _____ there are peaks in _____?

_____ actions be taken _____ have peaks?

How _____ peaks in _____ on a monthly _____?

_____ if _____ is _____ monthly high _____ electricity demand.

_____ should _____ taken _____ power needs?

How _____ a _____ go about _____ steps _____ in electrical demands?

_____ demands _____ any peaks, _____ should we respond?

_____ should one take _____ deal _____ in _____ each month?

When there _____ demands, _____ actions _____ in a given month?

_____ the peak _____ for _____ consumption _____ what actions need _____ as _____ result?

Is there _____ in electrical _____?

How _____ take steps _____ there are peaks in _____?

Do you _____ there is _____ heightening _____ needs?

_____ the peak months _____ power consumption _____ what _____ to be _____?

_____ handle _____ usage peaks _____ months?

I _____ we're _____ spikes in _____ needs each month or _____ story on that front.

_____ steps should one take when _____ of electrical _____?

What _____ are _____ for _____ demand _____ in different _____?

How should _____ with _____ surge monthly?

What _____ ought _____ taken when _____ peaks in electrical _____?

_____ noticeable _____ to _____ the monthly electrical _____?

What should be _____ respond to _____ month?

What should be _____ with monthly _____?

How should _____ monthly _____ while _____?

_____ take if there _____ peaks _____ electrical _____ a given month?

_____ there _____ common _____ for electric _____ loads across _____?

_____ should _____ do about _____ electricity _____ each _____?

_____ I prepare for electric _____ month?

_____ are peaks _____ the _____ demands _____ period _____ what _____ a person do?

_____ a way to identify spikes _____ month?

_____ a course _____ after monthly _____ in power _____?

How do _____ electricity _____ in _____?

_____ there any peaks _____ electrical demands?

_____ should be _____ at the monthly peaks _____?

_____ respond _____ electricity usage during the _____?

Spot _____ in power _____ accordingly.

Are specific _____ higher electricity needs that _____?

_____ are _____ demands what _____ should I take?

_____ be taken _____ monthly electrical _____ have _____?

_____ should one _____ there are peaks _____ demands?

_____ high points in _____ use?

What are _____ months for _____ consumption and what _____?

Is it possible to _____ spikes _____ per _____?

What steps should _____ when there are _____ in _____?

_____ there _____ peak in _____ every month?

How should it be _____ are monthly _____?

_____ should _____ person _____ action _____ are peaks _____ the _____ demands?

Are there _____ heightenings of _____?

_____ measures _____ deal _____ peaks in power needs?

How do we _____ rises _____ power _____ different months?

Can we _____ usage _____ month?

Do you _____ there are _____ electricity demand _____?

Take steps if _____ are _____ points _____ demand.

_____ do _____ the month _____ there are peaks _____ electrical _____?

Monthly electrical demands, _____ highs _____ with _____?

_____ noticeable _____ address with actions _____ the monthly _____?

How to _____ spikes in _____.

What _____ can we _____ we _____ electricity consumption each month?

How should we _____ to _____ demands if _____ exhibit _____?

What steps should _____ take if _____ are _____ electrical _____ in _____?

_____ should _____ during _____ peak electrical demands?

_____ should be done _____ monthly _____ power _____?

_____ there be _____ in electrical demands during _____?

_____ do I _____ these _____ monthly _____ demands?

Should _____ be taken when specific _____ needs _____ month?

What _____ peak months _____ power consumption, _____ be done about _____?

_____ person handle peaks in the electrical _____ over _____ time?

How _____ if we see rises _____ power _____ during _____?

What are the _____ for power _____ and _____ should _____ about _____.

Is _____ possible to _____ and _____ spikes _____ use?

_____ do when _____ peaks in _____ demands during _____ given month?

Is it _____ monthly electrical _____?

_____ know: are _____ looking at _____ in _____ needs each month _____ what's the _____ that front?

_____ should be _____ if electric demands peak _____?

_____ course _____ action can _____ take _____ of heightened _____ every month?

_____ I do in _____ when there are peaks _____ demand?

_____ in _____ needs _____ monthly?

Monthly _____ highs to address with _____?

_____ there are _____ in the _____ demands, how _____ a _____?

Should action _____ taken _____ specific periods _____ needs _____ month?

What _____ done _____ peaks in _____?

_____ you know _____ electric _____ month?

_____ monthly heightened _____ needs?

_____ a _____ significant peaks _____ for power requirements?

_____ should we respond if _____ in electrical _____?

What _____ we do _____ we see _____ each _____?

_____ with _____ usage peaks in _____ months?

_____ there significant _____ month _____ power _____?

Is _____ monthly _____ of peaks _____ usage?

How _____ when there are _____ the _____ demands over time?

How do _____ deal with _____ monthly?

Are there _____ needs every _____?

How _____ handle _____ monthly _____ demands?

_____ there be any _____ each _____ electrical demands?

Which _____ after electric demands _____ month?

_____ possible _____ identify spikes _____ electricity demand for _____?

_____ monthly high _____ electricity use?

_____ peaks across different _____ electric demand loads?

How _____ respond _____ of _____ electricity _____?

_____ actions be _____ if _____ periods show _____ electricity _____ each _____?

_____ months for power _____ which _____ must be taken as _____ result?

_____ it _____ to observe _____ highs _____ requirements _____ month?

_____ to respond _____ high _____ months?

What are the _____ points _____ the month?

Is _____ an identifiable _____ electrical demands _____?

How should monthly _____ if _____ are peaks?

What _____ there _____ peaks for electrical demand?

_____ person do _____ are _____ in electrical demands over _____?

_____ like _____ if we are looking _____ in energy _____ each _____ or the _____ on that _____.

Does every month have a _____ be taken?

What actions _____ taken if _____ month?

What _____ should one _____ there are _____ electrical _____?

_____ a _____ steps _____ there are _____ in _____ electrical demands?

If there are _____ the _____ a _____ of time, _____ should a _____?

Do _____ monthly basis in electricity _____?

____ are the peak months for power ____ and ____ ____ ____ ?
 ____ ____ ____ are ____ in different months for electric demand ____ ?
 What ____ be ____ ____ monthly ____ demands?
 What actions ____ ____ ____ there are peak electrical ____ ?
 How do ____ handle peaks ____ monthly ____ ?
 Would you ____ able to identify ____ ____ in ____ ____ month?
 Any noticeable highs ____ ____ ____ for the monthly ____ ____ ?
 ____ peaks ____ power requirements ____ ____ month?
 What should ____ ____ measures for ____ in ____ needs?
 Should actions ____ ____ ____ electrical demands ____ have ____ ?
 Is there ____ ____ ____ that will affect ____ electric ____ ?
 ____ there ____ peaks in the ____ ____ over ____ certain ____ what should ____ ____ do?
 If there ____ ____ in ____ ____ a ____ period ____ ____ what should ____ person do?
 What ____ of action ____ we take ____ ____ of ____ electricity ____ each ____ ?
 Is ____ ____ highs for power ____ ____ month?
 ____ ____ electrical demands during ____ ____ ?
 How do ____ handle ____ ____ ____ needs?
 When ____ are ____ for electrical demands ____ ____ month, ____ steps should ____ ____ ?
 What ____ be ____ ____ electric demands?
 I ____ ____ know if ____ ____ looking at ____ ____ ____ each month, ____ what the ____ ____ on that front.
 How should ____ ____ for ____ rises ____ ____ demands during different ____ ?
 Is there identifiable ____ occurring ____ ____ for ____ demand ____ ?
 ____ there are ____ for electrical demands ____ ____ what ____ I ____ ?
 ____ ____ person ____ steps ____ there ____ peaks in ____ electrical demands over ____ period of ____ ?
 What course ____ action can we take if ____ ____ ____ ____ ____ each month?
 ____ ____ a peak in ____ demand ____ ____ ?
 ____ ____ every month that will ____ ____ ____ needs, what should ____ do?
 There could ____ monthly ____ of ____ ____ .
 ____ there are ____ ____ ____ what steps ____ I ____ at certain times?
 What should we ____ ____ ____ consumption ____ month?
 Do peaks occur ____ ____ power ____ ?
 Any ____ in ____ ____ demands?
 Any spikes ____ ____ needs ____ ?
 ____ ____ possible ____ ____ of electricity demands ____ month, ____ ____ precautions should be taken?
 ____ actions should ____ ____ during ____ ____ demands?
 What ____ ____ ____ for ____ ____ and ____ actions have to be taken?
 ____ during ____ given ____ for electrical ____ ?
 ____ peaks ____ ____ month ____ electricity?
 There ____ ____ in electrical demands ____ a ____ ____ what ____ I ____ ?
 Do peaks ____ ____ month ____ ____ use?
 What ____ be done to ____ with ____ in ____ ____ ?
 Do ____ electricity demands ____ ____ ?
 What ____ should one ____ ____ there are certain peaks ____ ____ ?
 In the month ____ ____ ____ peaks ____ ____ demands, what steps ____ ____ take?
 Are ____ certain monthly ____ ____ in ____ ____ ?
 What are ____ ____ power consumption ____ what should be ____ ____ ____ ?
 ____ ____ consistent peaks ____ monthly electrical ____ ?
 ____ ____ a set of ____ ____ for ____ requirements?
 What ____ ____ ____ taken if ____ ____ peaks every month?
 ____ ____ electrical ____ have peaks?

What _____ taken if the _____ demand _____?
 _____ if the months _____ high electricity usage _____?
 With _____ electrical demand, _____ to _____?
 _____ a _____ for power requirements every _____?
 Are there _____ peaks _____ month for _____?
 _____ there a _____ to _____ electricity usage _____ month?
 How _____ you plan for _____ power _____ different months?
 _____ should _____ respond _____ there are _____ peaks in _____ demands?
 _____ it necessary _____ take precautions when there is identifiable _____ energy _____?
 _____ it possible _____ electricity demand each month?
 _____ any recurring _____ periods that need attention?
 How _____ address _____ electrical demands _____.
 What _____ there are peaks in _____ needs?
 _____ monthly electrical demands _____ how should we _____?
 How _____ respond when _____ demands _____ peaks?
 What _____ one _____ when _____ are peaks for _____?
 Recommended measures _____ in _____ needs?
 _____ identifiable _____ commonplace _____ months for _____ demand loads?
 _____ it _____ observe _____ highs for power _____ month?
 What _____ taken when _____ peaks monthly?
 _____ there an _____ peak _____ month _____ demand?
 _____ should _____ when monthly electrical _____ peaks?
 Peak _____ & _____ I should take?
 How _____ we respond to _____ in _____?
 What _____ we _____ about _____ energy _____ each month?
 _____ actions _____ take _____ demands peak?
 _____ steps if _____ think there are monthly _____ electricity _____.
 Guidance is _____ for _____ highs anticipated _____.
 _____ prepare for _____ during a month?
 If there are _____ electrical _____ should be _____?
 _____ should _____ deal _____ recurring _____ electrical _____?
 _____ demands peak in a _____?
 _____ a monthly peak _____ power _____?
 _____ steps _____ one _____ deal with _____ in _____ demand?
 Is it possible _____ usage every _____?
 _____ there _____ pattern _____ peaks in _____ usage every _____?
 If _____ are _____ in _____ demands a person _____ take _____.
 Surge _____ energy use _____ are _____?
 Do _____ know _____ there are monthly _____ electrical _____?
 _____ are the _____ for power consumption, and _____ they _____?
 _____ we _____ peak monthly _____ demands?
 _____ a high _____ in _____ demand per _____?
 _____ do I _____ peak _____ in a _____?
 Do you know the _____ for _____ each _____?
 Do _____ months _____ spikes in _____ require _____ plans?
 Each month, _____ specific periods _____?
 _____ should _____ plan _____ in power _____ during different _____?
 When there _____ for _____ demands, what steps _____?
 _____ if there are recurring _____ high _____ electricity demand.
 When _____ are peak _____ demands, _____ I take?

_____ are the _____ months _____ consumption, and _____ actions must _____?
 _____ periods that _____ higher _____ each month?
 _____ there are _____ for _____ what steps _____ taken _____ given time?
 _____ see peaks in _____ every _____?
 _____ monthly surge _____ power demand _____.
 _____ recurring _____ of power needs?
 What steps should _____ if _____ in electrical demands?
 Are there _____ peaks _____ electrical _____ in _____?
 _____ electrical demands show any _____ and _____ should _____?
 _____ handle peaks _____ electrical demands _____ month?
 _____ peak _____ for power consumption, _____ what actions must be _____ them?
 _____ specific _____ have significant electricity _____?
 _____ to prepare _____ electrical _____ month?
 Is _____ point in electricity demand _____?
 Guidance was sought concerning _____.
 _____ actions _____ be _____ in _____ monthly peaks in electrical _____?
 If _____ are _____ electrical _____ a period of _____ should a _____ take _____?
 What should be _____ when _____ are _____?
 _____ do _____ electrical _____ during the month?
 How _____ counteract _____ peaks _____ months?
 _____ to handle _____ power needs?
 _____ should one _____ response to peak electrical _____?
 _____ to take after _____ every month?
 _____ there _____ monthly _____ demand that has _____?
 Spot _____ spikes in _____ respond.
 _____ a person _____ things if _____ are _____ electrical demands?
 What _____ should _____ take _____ a given time _____ month _____ are _____ in electrical _____?
 _____ should I _____ there is _____ peak every _____?
 _____ want to know if _____ spikes _____ energy needs _____ or _____ story _____ on _____ front.
 How _____ handle monthly _____ electricity?
 _____ want _____ if there are _____ peaks in electrical _____ month.
 _____ should I take _____ there _____ peaks _____ electric _____?
 _____ do certain _____ display _____ electricity _____?
 I _____ to _____ any _____ occur during _____ month for _____.
 _____ peaks _____ electrical _____ during a _____?
 _____ should we respond _____ electrical _____ if _____ any _____ peaks?
 If _____ electrical demands _____ a period of _____ how should _____ steps?
 Are _____ common _____ different _____ for electric _____ loads?
 _____ there _____ heightenings of power _____?
 How should _____ deal with _____ electrical demands _____ peaks?
 What _____ should _____ demand peaks every month?
 Take the _____ steps if _____ is a recurring _____ in _____.
 What steps _____ I take in a _____ are _____?
 What should a _____ are peaks in _____ demands?
 _____ there _____ course of action to follow _____ heightenings _____?
 Is _____ common peaks _____ demand _____ across different _____?
 _____ peak months for power consumption, and _____ should _____ it.
 _____ for electric _____ per _____.
 _____ we _____ with monthly _____ demands _____ show any peaks?
 Should actions _____ taken _____ show higher _____ needs?

_____ should _____ person do if _____ peak electrical demands _____ a _____?

Is _____ any noticeable _____ in _____ monthly _____?

What _____ monthly _____ of electrical _____?

_____ should be _____ when there _____ for _____ demand?

Question mark, monthly _____ any _____ high periods _____?

Is _____ possible _____ can _____ peaks _____ electricity usage _____?

What _____ should _____ are peaks _____ electrical demands?

_____ was sought on the _____ monthly _____ consumption.

What actions _____ when there _____ monthly _____ electrical _____?

Will _____ monthly _____ in electrical _____?

_____ to track peak _____ for _____ demands _____ month, what _____ should _____ taken?

When _____ electrical _____ I do at a given time _____ month?

_____ be _____ to handle _____ power needs?

How should _____ recurring _____ needs?

_____ want to know if _____ are _____ spikes in energy _____ month or what's _____ story _____.

_____ me know _____ looking at notable spikes in energy needs _____ the _____ on _____ front.

Is it possible to anticipate _____ usage _____?

_____ for _____ highs anticipated _____ electrical consumption.
