

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Meter reading discrepancies and concerns
Inquiry Sub-Category	Meter reading dispute
Description	Customers question the accuracy of their meter readings, leading to disputes over the gas usage and charges.
Data Size	5,000 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

How ____ are ____ tested ____ and how ____ ____ they're functioning correctly?
____ often are meters ____ how do ____ make sure they ____?
____ able ____ ensure ____ and functional capabilities of the ____?
How ____ meters ____ sure ____ are working right?
Do ____ regularly ____ test to ____ meters work?
Do you ____ regularly to ____ theMeters ____ functioning?
____ we do to make ____ the ____ work perfectly?
How ____ are ____ what ____ we ____ to ____ sure ____ are functioning in a proper manner?
____ the meter ____ make ____ it's working correctly?
____ often are meters tested to ____ sure ____?
Are ____ the meters frequently ____ their ____?
Is the ____ regularly ____ make sure ____ are ____?
____ often are meters ____ see if ____?
How ____ are ____ to make ____ function?
Do you perform ____ test ____ make sure ____ are functional ____?
How often ____ have to be ____ to be ____?
How ____ are ____ for ____ to make sure ____ function ____?
How much ____ we ____ to make ____ function?
To ____ they function ____ how ____ are ____ tested?
____ meters checked ____ accuracy ____?
What is the number of ____ in ____?
____ want ____ know if ____ meters are ____ to ____ sure ____ work ____.
____ meters ____ verify ____ if they are functioning ____ they should?
____ meters checked for accuracy ____ for functioning ____?
Do you take a ____ theMeters ____ working?
How ____ meters be checked for accuracy ____ make ____ work ____?
How ____ are the meters ____ make ____ they ____?
____ we ____ function if it is tested for ____?
How ____ checked ____ accuracy, ____ can be ____ to ____ sure they work?
____ often are ____ to ____ they're ____ as they should?
____ often do ____ need ____ tested to make sure ____?
____ much is accurate ____?

_____ meters _____ for accuracy _____ if they are working _____?

_____ take regularly scheduled tests to _____ work?

How meters are _____?

_____ are _____ tested _____ verify accuracy _____ do we _____ if they are _____ as _____ should?

_____ regularity _____ meter calibration checks _____ reassurance about their functioning?

_____ frequently for correctness, _____ we rely on _____?

Do you _____ the meters frequently _____?

_____ do _____ get tested for _____?

Are _____ tested to make _____?

_____ we _____ on _____ function if _____ regularly for _____?

How often _____ meters _____ make sure they're _____?

_____ often _____ meters _____ for _____ and what can _____ do _____ make _____ work?

_____ frequently are meters _____ make sure _____ and functioning?

_____ be _____ that _____ are _____ how frequently are meters _____?

Do _____ receive regular _____?

How frequently _____ to verify _____ they are functioning _____?

Do meters need _____ tested _____ to _____ functioning?

_____ are meters checked to be _____ that _____?

_____ often _____ checked to _____ accurate they are?

_____ meters _____ to be checked _____ and if they _____ on time?

How _____ meters _____ be tested to _____ they work _____ should?

_____ meters _____ regularly _____ make sure _____ working properly?

Is _____ function reliable if _____?

_____ the amount of meter _____ done to _____ are _____?

_____ often _____ tested _____ accuracy _____ how do we know _____ are _____ correctly?

_____ tests to _____ sure theMeters are _____ correctly?

If _____ are _____ for _____ can we rely _____?

_____ frequently should meters _____ tested _____ they work?

_____ often _____ accuracy, and what can we _____ to _____ sure _____ are _____ normally?

How _____ we _____ accuracy _____ the meter?

How frequently _____ tested to verify accuracy _____ are _____ to _____?

_____ often _____ meters _____ for accuracy and _____?

_____ meters _____ tested _____ to ensure _____?

How _____ reliability and precision be _____?

How much _____ we _____ make sure the meters _____?

How frequently _____ checked _____ sure they're functioning _____?

We _____ functioning as _____ should or _____ they are tested.

How frequently do you check _____ to make _____ up _____?

Do you regularly _____ a _____ to _____ working?

_____ are _____ checked to see _____ they _____ functioning as _____?

_____ often _____ tested to verify _____ how do _____ if they _____ working _____?

_____ is _____ number of _____ tests _____ on _____?

Do _____ perform a test regularly _____ make _____ the _____?

How _____ do _____ the meters are working _____?

_____ meters _____ to _____ sure they functioning correctly?

_____ frequently are meters checked _____ accuracy _____ are functioning _____ they _____?

Do you _____ meters regularly _____ sure _____ work?

_____ you _____ a test to _____ sure _____ meters _____ functional _____ accurate?

_____ to be _____ to make sure they are _____?

_____ often _____ meters be checked _____ accuracy and _____ work _____?

_____ can _____ tell _____ the _____ working right?

How _____ are _____ to verify _____ and how _____ know _____ they're _____ correctly?

How frequently _____ checked _____ be _____ functioning?

_____ do we _____ the _____ are always _____ to ensure _____?

How often are _____ checked _____ accuracy and _____ done to make _____?

Are _____ meters _____ they work and are _____?

Are _____ to make sure _____ working correctly?

_____ meters _____ for _____ we _____ to ensure they are functioning in _____ proper way?

_____ often should _____ be checked _____ to make sure _____ are _____?

_____ are _____ tested to _____ if _____ are functioning _____ should?

_____ are _____ make sure they work _____ they're supposed _____?

Do you _____ a _____ sure the _____ work?

_____ tested _____ verify accuracy and _____ do we _____ they work correctly?

How _____ are meters tested _____ they are _____?

_____ do to _____ that meters _____ working properly?

_____ frequently are meters _____ for accuracy, _____ if _____ work _____?

_____ regular accuracy checks?

Is the _____ tested _____ to make sure they _____ have _____?

How often _____ have _____ be _____ accuracy, and what _____ we do to _____ sure _____?

How do _____ the _____ working?

How _____ tested for _____ and _____ can we do to _____ are _____ working order?

To _____ sure the _____ correctly, how often _____?

_____ be certain _____ correctly, how frequently are _____?

Is it _____ to confirm _____ of _____ calibration checks and _____ their _____?

_____ frequently do meters be checked _____ correctly?

_____ check the _____ make sure they are up to _____?

_____ are _____ checked for accuracy _____ make _____ are functioning properly?

How often _____ checked _____ verify accuracy _____ we know _____ they _____ should?

_____ often are meters _____ to verify _____ much _____ we _____ the functioning _____ them?

_____ often are meters checked _____ sure _____ are _____ are _____ to?

_____ the _____ tested often to _____ they _____ working?

_____ scheduled tests _____ sure the Meters are functioning?

_____ frequently are _____ checked for accuracy and _____ do _____ know _____ working _____?

_____ are meters _____ verify accuracy _____ do _____ if they're functioning?

_____ do meters have _____ be tested for _____?

Are _____ tested _____ they work?

_____ you _____ conduct a _____ ensure _____ accuracy _____ the meters?

Do you periodically _____ accuracy and functioning _____?

_____ can _____ the _____ of meters?

_____ are meters tested _____ sure _____ work correctly, _____ we _____ to make sure?

_____ be sure _____ meters _____ properly, how _____ they _____?

_____ make sure _____ are _____ how _____ testing can we _____?

In order _____ make _____ are _____ right, how _____ can we _____?

_____ are _____ for accuracy and whether _____ work?

How frequently are the meters checked _____ sure _____?

_____ you _____ the _____ regularly _____ sure _____ work properly?

How _____ meters have _____ be _____ make _____ they work?

How frequently are meters _____ how _____ are _____ of _____?

_____ frequently do meters _____ to make _____ they _____?

Do _____ whether _____ correctly _____ they are tested frequently?

_____ often _____ you make _____ that the _____ working?
 How much testing _____ we do _____ meters to _____ ?
 _____ often are meters _____ to make _____ are _____ ?
 How _____ are _____ ensure accuracy and _____ do we know _____ ?
 How often _____ meters _____ confirm _____ ?
 Do _____ know whether the _____ correctly _____ they _____ frequently?
 Are the meters _____ they're _____ right?
 How _____ testing _____ we _____ if the meters are _____ correctly?
 Can the _____ sure they work _____ have proper functioning?
 How _____ do meters need _____ be _____ make _____ are _____ as _____ should?
 _____ meters have _____ be tested to _____ are functioning?
 How _____ are _____ checked to _____ if _____ correctly?
 _____ to make sure _____ work perfectly?
 How often do _____ have to _____ checked _____ accuracy _____ if _____ ?
 How _____ tested _____ and what _____ to make them work in a _____ way?
 _____ are _____ for _____ what can _____ to make sure _____ work the way _____ should?
 _____ frequently do meters _____ they're functioning correctly?
 How often are meters _____ function _____ ?
 How often are _____ they are functioning properly _____ ?
 _____ often should meters _____ for accuracy and what _____ to make _____ they _____ working _____ ?
 _____ meters checked _____ how _____ make sure _____ are functioning properly?
 _____ meters tested for _____ can we make _____ they work?
 _____ often do _____ accuracy of _____ ?
 How much are _____ to _____ they're _____ correctly?
 _____ often _____ you test the _____ capabilities of the _____ ?
 _____ frequently are _____ what can _____ do to _____ they are _____ in a proper _____ ?
 _____ do _____ check the meter accuracy _____ sure it's _____ ?
 _____ checked to make sure _____ work _____ ?
 How _____ are _____ checked for _____ and _____ know _____ they're working?
 _____ you routinely _____ a test _____ sure the _____ functional?
 _____ frequently are _____ if they're working correctly?
 _____ frequently are _____ for _____ and function _____ ?
 _____ we _____ meters to make sure _____ are working _____ ?
 How _____ meters _____ for _____ reliability?
 Are _____ frequently to _____ functioning?
 Do you _____ regularly scheduled _____ to make _____ are _____ and _____ ?
 Do _____ test the _____ accuracy _____ ?
 _____ the meters _____ make sure _____ have accurate functioning?
 How often _____ meters checked _____ accuracy _____ we _____ if _____ correctly?
 Can we tell _____ are _____ ?
 _____ often are meters tested _____ make _____ working as _____ supposed _____ ?
 How _____ do _____ these meters to _____ they _____ ?
 How often _____ checked _____ accuracy, _____ what _____ we _____ they work right?
 _____ undergo regular accuracy _____ ?
 How _____ checked for _____ functioning?
 Is the _____ tested _____ make _____ are _____ well?
 _____ often are meters _____ and _____ do _____ if they _____ working?
 Are the _____ checked _____ ?
 To be _____ are _____ correctly, how _____ do they _____ ?
 _____ often _____ you make sure _____ is _____ correctly?

_____ often do _____ need to _____ done _____ make sure _____ ?
 Do you do _____ sure the Meters work?
 _____ meters checked _____ make sure they are functioning _____ ?
 _____ meters are functioning correctly when _____ are _____ tested?
 _____ much _____ done on meters _____ sure _____ functioning correctly?
 How frequently should _____ checked to make _____ working _____ ?
 How often do meters _____ to _____ tested _____ if _____ as they _____ ?
 Is _____ to make _____ functioning and accurate?
 Are the _____ tested to make sure they _____ Accuracy?
 Are _____ meters tested _____ sure _____ correctly and _____ function?
 _____ meters tested for accuracy, _____ can _____ do _____ make _____ they work _____ expected?
 _____ we _____ that _____ meters _____ working _____ ?
 Do you _____ meters often _____ they are _____ ?
 _____ often _____ checked to see _____ they work _____ ?
 _____ often _____ have to be tested to _____ functioning _____ ?
 _____ you _____ regular tests to make _____ the Meters _____ ?
 Do _____ routinely test the _____ functioning _____ the _____ ?
 How _____ do _____ make sure they are _____ ?
 _____ tests _____ to _____ sure the Meters are functioning?
 How frequently _____ for accuracy and _____ to _____ they _____ ?
 _____ the meter _____ accuracy?
 How _____ are _____ tested for _____ and _____ ?
 _____ are _____ checked _____ be _____ they are functioning?
 _____ often _____ meters _____ for accuracy _____ how can _____ be _____ ?
 _____ the _____ tested regularly for _____ ?
 Are _____ to _____ accuracy?
 _____ are meters _____ for _____ how do we _____ functioning correctly?
 _____ for accuracy and functioning?
 How _____ to verify accuracy _____ how do we _____ work well?
 _____ meters checked _____ accuracy and _____ are they _____ correctly?
 How much _____ we _____ to do to make _____ ?
 Do you _____ to make _____ are functioning _____ ?
 _____ testing should _____ to _____ sure the meters are _____ ?
 Do the meters need to _____ sure _____ working correctly?
 How _____ are _____ make sure _____ are accurate?
 _____ frequently do _____ have _____ tested for accuracy _____ correctly?
 How often _____ checked _____ accuracy _____ how _____ make sure _____ are _____ in a proper _____ ?
 How often _____ checked _____ how _____ make _____ they are functioning _____ ?
 _____ meters _____ tested to make _____ are functioning as _____ should?
 How _____ you _____ sure the _____ working right?
 Do _____ test the _____ and _____ of the _____ ?
 How _____ can _____ to make sure they _____ ?
 _____ often _____ meters checked to _____ functioning normally?
 _____ often _____ meters _____ to _____ tested to _____ functioning properly?
 How much _____ make sure _____ meters are working _____ ?
 _____ meters tested often _____ sure _____ work and work _____ ?
 How can _____ are accurate?
 _____ meters _____ their _____ and _____ regularly?
 Do _____ test _____ the Meters are functioning?
 Do the meters _____ often _____ make sure they _____ ?

_____ consistently checked for _____?

How _____ are meters _____ to _____ are functioning _____ expected?

To be _____ they _____ correctly, _____ do meters _____?

To ensure _____ do _____ meters _____?

Will _____ be tested _____ accuracy?

Do _____ to make sure _____?

How often do meters need _____ checked _____ sure _____?

_____ often _____ checked for accuracy and how _____ make sure _____?

_____ you _____ test to ensure _____ accuracy of the Meters?

_____ frequently are meters _____ for _____ and _____ can we _____ to _____ functioning correctly?

_____ meters _____ to _____ tested _____ to _____ accurate functioning?

Can meter _____ tested for _____?

How much _____ we _____ in order to make _____ the _____?

How frequently _____ tested _____ accuracy, and _____ can _____ do _____ sure they are _____?

Are the _____ sure they function _____?

Do _____ perform _____ to make sure the _____ are functional _____?

How often are _____ checked to _____ they _____ they _____?

Are _____ make sure they _____ correctly?

_____ often are _____ tested _____ accuracy and what _____ we _____ to make _____ they _____ a _____?

How many times _____ the _____?

Do _____ scheduled tests _____ make sure the meters _____?

Are _____ frequently checked _____?

How often _____ undergo _____?

_____ meters _____ to make sure they _____?

_____ you test _____ sure they are working properly?

_____ you testing _____ accuracy _____ functioning _____ meters regularly?

How _____ is _____ accurate _____?

Are _____ checked _____ accuracy

Are _____ meters _____ often _____ sure they _____ right?

Can we verify _____ the _____?

_____ often _____ meters checked for _____ can we _____ they work perfectly?

How _____ make _____ the meters are accurate?

_____ have _____ Accuracy and proper _____ when tested _____?

_____ meters _____ tested to _____ sure _____ as they should?

_____ often _____ meters need to _____ checked for _____ what _____ to make _____ work correctly?

_____ you _____ to _____ sure the _____ are functioning correctly?

Are _____ regularly tested _____ make _____ they _____?

How _____ testing _____ the meter _____?

_____ often do _____ have to _____ checked to _____ right?

_____ meters be checked _____ make sure _____ correctly?

How _____ do you _____ accuracy _____?

How much _____ to make _____ the _____ work properly?

How often should _____ be _____ for _____ sure _____ work well?

_____ often accurate _____ in meters?

_____ is the amount of _____ make _____ they are _____?

_____ much _____ can we do _____ certain _____ meters _____ correctly?

_____ the _____ and _____ of the _____ on a regular _____?

Do you regularly conduct _____ to _____ the Meters _____?

_____ you _____ regularly scheduled _____ to make _____ works correctly?

How _____ do meters _____ to be checked for _____?

How much testing should _____ do _____ make _____ working correctly?

How _____ meter tests _____ to make _____ they're _____?

Are _____ to _____ sure they _____?

Should the _____ be _____ to make sure they _____ have _____?

When are meters _____ and _____ their integrity?

_____ regularly _____ test to make sure _____ meters are _____ accurate?

Do _____ regularly _____ make sure theMeters work?

_____ the meter _____ accuracy _____?

_____ the meters tested _____ to make sure they _____ functioning?

_____ frequently are meters _____ sure they're still _____?

_____ we _____ meters work accurately?

How _____ tell _____ meters are working _____?

_____ are the meters checked _____ sure they _____?

_____ we _____ on _____ function if it _____ regularly _____ correctness?

How frequently _____ meters tested to verify accuracy _____ know _____ they _____ are _____ to?

_____ much testing _____ do _____ make sure the _____ work _____

How often are _____ tested to verify accuracy and _____ do _____ functioning of _____?

Do you conduct regular _____ sure _____ meters _____?

To be _____ they _____ functioning _____ frequently are _____?

How _____ make sure they are _____ as _____ supposed to?

How frequently do _____ check to _____ are up _____?

_____ can we do in order _____ meters function?

To _____ sure _____ the meters _____ correctly, _____ are they _____?

_____ meters _____ for accuracy, and if they _____ working _____?

_____ often are meters tested _____ how _____ we _____ they work correctly?

Do _____ know _____ often _____ tests are to make _____?

_____ the _____ to ensure _____ and functioning?

_____ amount of _____ can we _____ in order _____ sure _____ meters _____?

_____ often do _____ meters _____ make sure _____ functioning _____?

_____ we make sure _____ meters _____ right?

Are _____ frequently to ensure _____?

How often should _____ be _____ how?

How _____ meters checked _____ accuracy _____ to make sure they _____?

Are meters _____ to _____ functioning correctly?

Are meters _____ to make _____?

To _____ that meters function correctly, _____ are they _____?

_____ know _____ are functioning _____ when _____ are frequently tested for _____?

How often are the _____ accuracy _____?

Do _____ regularly _____ accuracy _____ capabilities _____ the meters?

How often do meters _____ be checked _____ sure _____?

To _____ they _____ functioning correctly, how _____ are _____ accuracy?

_____ frequently _____ make sure their accuracy _____ functioning?

Are meters _____ to make _____ are _____?

How often do _____ to _____ sure the _____ snuff?

To _____ functioning correctly, how _____ meters tested?

_____ conduct _____ to make _____ the meter is working _____?

How often do _____ have _____ to _____ sure _____ accurate?

_____ test _____ meters _____ to make _____ it works?

How _____ are _____ to see _____ they're _____ right?

Can _____ tested often _____ make sure they _____?

How frequently _____ checked to _____ sure _____ correctly?

How frequently _____ meters _____ they _____ functioning well?

How _____ can _____ tell if _____ working right?

How _____ do _____ need to _____ to _____ they're functioning _____?

Are meters _____ accuracy and _____?

_____ meters tested _____ to make _____ functioning?

Do _____ undergo _____ checks _____?

_____ the meters routinely _____ to make _____ they _____?

Do you _____ regularly _____ sure _____ meters are functional _____ accurate?

_____ often do we _____ the meters _____ are accurate?

_____ be tested regularly _____ are functioning correctly?

Do _____ know if _____ when _____ tested frequently?

How _____ we _____ that the _____ are working _____?

Is _____ tested to make _____ function correctly?

How frequently is it checked _____ meters are _____?

How often do _____ be _____ to make _____ as they _____?

Are the _____ frequently to ensure _____ accuracy _____?

How _____ meters _____ accuracy, and _____ can we _____ they _____ in a proper _____?

Does _____ meter function _____ be tested _____ for _____?

How often _____ for _____ and reliability?

_____ the _____ tested to ensure _____?

How _____ meters _____ checked to make _____ functioning correctly?

How do we know _____ meters _____?

_____ meters _____ accuracy and _____ do _____ know _____ they are _____ on time?

How often are meters _____ for _____ do _____ are working?

_____ tested to see _____ they work as they _____?

_____ often do _____ get _____ to make _____ they _____ correctly?

How often are meters checked _____ to _____ they're _____ correctly?

_____ meters get tested for accuracy?

_____ checked frequently _____ accuracy?

How _____ are _____ checked _____ accuracy _____ can _____ tell?

Can the meter _____ relied _____ tested for _____?

Are the meters _____ to make sure _____ are _____ properly?

How _____ testing _____ to _____ sure _____ the meters _____ working?

_____ the _____ sure they work correctly?

How _____ do meters have to _____ tested for _____ and _____ we _____ sure _____ are _____ correctly?

Do meters _____ to _____ tested frequently _____ sure _____?

How _____ meters checked to make _____ not _____?

_____ do you _____ the accuracy _____ meter?

Do _____ regularly _____ make sure the _____ work?

Do _____ the meters often _____ ensure _____ accuracy _____?

How _____ meters _____ tested to _____ are working?

How _____ are _____ tested for _____ how _____ sure they are functioning _____ a proper _____?

Are _____ make _____ work _____ and _____ accurate Accuracy and functioning?

_____ accuracy testing take _____ meters?

How _____ should _____ meters be _____ accuracy?

_____ test the meters often _____ make sure _____ functioning?

_____ frequently is _____ meter _____ accuracy?

_____ often _____ get _____ to _____ they work correctly?

Is _____ meter _____ make sure it works _____?

_____ the _____ tested _____ make _____ they work _____ accurate Accuracy?

How much testing _____ make sure the meters _____?

_____ regularly to make sure they _____?

_____ there periodic meter _____ accurate _____?

_____ tested _____ they are working properly?

_____ frequently should meters be _____ sure _____ are _____ properly?

How _____ testing is _____ order _____ make sure the _____?

How _____ are meters checked _____ their _____?

How much testing _____ to _____ sure _____ work?

How often _____ meters _____ tested to _____ sure _____ as _____ should?

_____ meters are _____ to make _____ they're working _____?

What _____ do to _____ meters are functioning in _____ proper way _____ they _____ frequently?

_____ meters _____ tested _____ they are working correctly?

How _____ are meters _____ and how _____ make _____?

Are _____ to ensure _____?

How _____ meters _____ to _____ accuracy and _____ know if they are up _____?

_____ often _____ meters _____ verify accuracy _____ do we _____ if _____ as intended?

_____ the _____ tested often to make sure _____ correctly and _____?

_____ meters checked to make sure they're _____?

_____ are _____ meters tested to _____ sure _____ accurate?

How often _____ meters tested to verify _____ do we _____ if _____ are _____?

_____ often _____ meters have _____ for _____ and functioning?

_____ often _____ meters tested _____ and _____ we do _____ make them _____ better?

_____ checked to verify _____ and how _____ we know if _____?

_____ checked regularly to _____?

Is the meters _____ tested _____ work correctly _____ accurate functioning?

How frequently _____ get _____ they are functioning correctly?

How _____ meters _____ to _____ tested _____ make _____ they _____ correctly?

_____ certain that meters function _____ they tested?

_____ much testing _____ be _____ make sure _____ are working _____?

_____ do _____ tests _____ sure they're accurate?

Are _____ often to _____ accuracy?

Do you _____ these meters _____ sure they're up _____?

_____ we _____ sure _____ are working properly?

Do you conduct a _____ on _____ to _____ theMeters are _____?

_____ checked _____ accuracy, and _____ can _____ done to make _____ work correctly?

_____ often are _____ checked _____ how to _____ sure they _____ malfunction?

_____ many _____ can _____ do to make _____ the _____ functioning _____?

_____ are meters _____ to make sure _____ are _____?

How much testing is _____ accuracy of _____?

Are _____ checked _____ make _____ work _____?

_____ often _____ tested _____ accuracy and if they work _____?

How _____ are _____ see if they work as _____ are _____?

Do you conduct _____ tests _____ ensure the _____?

_____ testing can we do _____ sure the _____ properly?

_____ frequently are _____ checked _____ accuracy _____ we do to _____ they _____ correctly?

_____ you _____ the accuracy and _____ the _____ regularly?

Do _____ test the _____ to _____ sure _____ properly?

_____ to make sure they _____?

How often _____ for _____ and how _____ sure they _____ working correctly?

_____ meters occasionally undergo _____ ?
 _____ meters _____ to make sure _____ working as they _____ ?
 _____ you test _____ to make _____ they work?
 _____ we guarantee _____ meters are working _____ they _____ frequently?
 How _____ meters checked for _____ they are _____ correctly?
 _____ meters checked _____ make sure they're working _____ ?
 How _____ being tested _____ accuracy?
 _____ often _____ tested _____ sure they're reliable?
 _____ tested to make sure they are working _____ can we do to _____ ?
 _____ the meters tested _____ they _____ correctly, and _____ proper _____ ?
 Do _____ conduct a _____ to _____ theMeters are _____ ?
 _____ frequently _____ meters _____ tested to make _____ correctly?
 Is _____ meters tested _____ make _____ they _____ correctly?
 How _____ are _____ to _____ they _____ accurate and _____ correctly?
 How _____ are meters _____ accuracy _____ can _____ do _____ make sure _____ work the _____ they _____ ?
 How _____ are meters tested _____ and _____ ?
 How _____ do _____ need _____ be tested _____ sure of _____ ?
 _____ meters checked to verify _____ and if _____ work _____ ?
 _____ are _____ tested _____ accuracy, _____ what _____ do to _____ they are _____ correctly?
 How _____ for _____ and what can _____ do to _____ are functioning in a proper _____ ?
 Are meters checked _____ accuracy?
 How _____ do _____ the _____ the meter?
 How _____ are meters tested for _____ we _____ to _____ functioning in a proper way?
 _____ meters have to be tested _____ to _____ sure _____ ?
 _____ often can _____ the _____ accuracy _____ if they work _____ time?
 _____ often do meters _____ to _____ to verify _____ ?
