

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|---|
| Company Type | Telecommunications Equipment Manufacturers |
| Inquiry Category | Product specifications and features request |
| Inquiry Sub-Category | Connectivity options |
| Description | Customers request information about the various connectivity options available for the telecommunications equipment, such as Ethernet, Wi-Fi, or Bluetooth. |
| Data Size | 5,059 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

Can _____ this telecoms device or _____ it only compatible _____ wifi?

It is not _____ if _____ supports internet _____ fi

Does _____ support connections _____ cord, or _____ only _____ for _____ connections?

_____ is not _____ if _____ can support _____ justWiFi

_____ ethernet cable _____ device?

Is _____ either wi-fi orEthernet?

_____ the _____ support a _____ Fi _____ suitable for ethernet cables?

Is it _____ an _____ as well, as _____ as it's _____ wifi?

Is it _____ to set _____ ethernet _____ on this _____?

Is _____ for the _____ or only for _____?

_____ a _____ to use _____ as well, or is it _____ internet only?

_____ the _____ support _____ is it _____ that fancy _____ support?

Is it possible _____ use _____ cable _____ this _____ is it _____?

_____ be possible to use an _____ cable _____?

It's _____ certain _____ device supports both wi _____.

Can _____ via ethernet?

Isn't _____ use wi-fi _____ cable?

_____ it possible _____ device to _____ Ethernet cable, _____ only for wifi?

I _____ as to _____ not _____ device is _____ wi fi, _____ cable.

Is _____ connect _____ device _____ the internet with anEthernet _____?

_____ device _____ both wi-fi and _____?

_____ cable compatible _____ device or _____ it _____ for wi-fi?

Should _____ use an _____ cable _____ a wi-fi connection _____?

_____ it feasible _____ only onEthernet _____?

_____ usable if you _____ the device _____ with wi-fi?

_____ is not _____ if the _____ can _____ ethernet or _____ fi

_____ it _____ to use Ethernet _____ device?

_____ this telecommunications device compatible _____ wi-fi _____ connections?

_____ not _____ if this equipment will _____ an ethernet _____ wi-fi _____.
 I _____ curious _____ find _____ is intended _____ wi _____ or an _____ cable.
 _____ known if _____ device _____ fi and ethernet.
 _____ it possible _____ an ethernet _____ to this communication _____ is it only _____ use the _____?
 Does _____ support _____ or ethernet?
 _____ not known if this _____ supports _____ or ethernet.
 _____ it _____ to _____ an ethernet _____ on _____ communication _____ it only work _____ the internet?
 Is _____ possible _____ use the _____ with _____ cable?
 I _____ if _____ can use an _____ this _____.
 Does it also _____ cord, or _____ only suitable for _____?
 It's _____ it can support either _____ or _____.
 _____ to whether the device _____ a _____ or an ethernet _____.
 _____ possible _____ the _____ with this equipment, _____ use it _____ conjunction with _____ wi fi-enabled
 _____ it possible _____ use _____ with _____ equipment, or _____ use it _____ the _____?
 _____ the _____ limited _____ only _____ can _____ use an ethernet cord _____?
 _____ we _____ equipment is _____ for Ethernet connections _____ use with WiFi?
 _____ there a _____ use _____ ethernet cable _____ device?
 Does _____ connections via ethernet cord, _____ is it _____ wi _____?
 _____ you _____ the _____ this equipment _____ only use it _____ fi?
 Is it possible to _____ with the _____ or _____ with _____ wi fi-enabled _____?
 Is _____ cable _____ if you _____ the _____ it only _____ for _____?
 _____ to know whether the device _____ meant for wi _____ cable.
 _____ the device _____ or ethernet?
 It's not known if _____ support _____ wi _____ or _____.
 _____ the _____ if you have a device, or _____ only _____ wi-fi?
 _____ wondering if _____ will _____ with an _____ cable _____ a wi-fi _____.
 I _____ device is _____ wi fi, _____ an _____ cable.
 _____ it _____ use _____ ethernet _____ as well, _____ as it's only for _____?
 _____ is not certain _____ supports _____ via _____ or just _____ service
 Is _____ possible to work _____?
 Does the thing _____ or use _____?
 _____ possible to use _____ ethernet cable to _____ device, _____ do _____ support _____ wireless _____?
 _____ the device _____ use of _____ or _____ compatible with wireless networks?
 _____ a wi-fi or ethernet _____?
 _____ know if I _____ hook up _____ wire to this _____ or if _____ via wi-fi.
 _____ this _____ only _____ with wi-fi _____ does _____ with ethernet?
 Is _____ possible to use the _____ or only use _____ in _____ with _____ wifi _____?
 Does the device _____?
 _____ gadgets _____ wi-fi _____ Ethernet connections?
 _____ also support connections via ethernet _____ or is _____ use?
 _____ it _____ to use a ethernet _____ to the internet service?
 _____ possible _____ use an _____ cable on _____ instead of using _____?
 Does _____ roll _____ or does it _____ ethernet?
 _____ the device compatible with _____ cable or _____ compatible with _____?
 Is _____ for it _____ connect _____ ethernet _____ not?
 Can _____ use the _____ cable _____ device?
 It is _____ if the device _____ ethernet _____ a wireless service.
 _____ equipment support a _____ connection, or is _____ only _____ with _____?
 I'm _____ sure if _____ equipment will _____ with _____ wifi connection.
 Is _____ on the Ethernet _____?

_____ it _____ use the _____ with this _____ or _____ it _____ wi Fi connection?

_____ this _____ be _____ the ethernet _____?

Is it possible _____ use _____!

_____ this _____ suitable for _____ cables _____ a wifi _____?

Is _____ cable _____ with the _____ only _____ wi-fi?

_____ the cable _____ with the device, _____ it just _____?

_____ is _____ known if the _____ with either wi _____ or _____.

_____ it possible _____ use an _____ or _____ it limited to _____ only.

Is it _____ to _____ the _____ this _____ or _____ with _____ wi _____?

Can this _____ be _____ an _____?

Is _____ possible that _____ be used for _____?

Does it _____ connections via _____ cord, _____ is it _____ for _____?

_____ it possible to _____ cable _____ the _____ or _____ a wi Fi connection?

_____ it _____ possible to _____ ethernet not _____?

Is _____ supported _____ connection?

_____ _____ able _____ an ethernet cable _____ of _____ on _____ for the connection?

_____ this device _____ connected _____ cord?

Is _____ compatible with the _____ or is _____?

_____ I use _____ cable with _____?

_____ know _____ the equipment _____ for a _____ connection _____ use withWiFi?

_____ possible to use _____ with _____ only use it in conjunction _____ Wifi network?

_____ possible _____ wi fi only _____ anEthernet cable?

_____ it _____ hook up _____ ethernet _____ to _____ unit, or is it only _____ wi-fi?

Can _____ if _____ an ethernet cable _____ be used _____ this _____?

_____ not _____ whether _____ not _____ supports internet via ethernet _____ just _____ wireless _____.

_____ thing _____ use wi-fi or do you have _____?

_____ only _____ or does it have ethernet?

Is _____ cable compatible with _____ or _____ it only _____

Can _____ me if I can _____ cord as _____?

We don't _____ the equipment _____ connections or if _____ intended for use _____ WiFi.

Is _____ compatible _____ ethernet _____ is it _____ compatible _____ wi-fi?

_____ allow either wi fi _____?

Is _____ possible to _____ and/or _____?

_____ to have _____ on this _____ or is it _____ possible to use _____ wi-fi _____?

_____ device support _____ ethernet connections?

_____ this _____ compatible with an _____ just wireless?

I am curious if the _____ wi fi _____ cable.

_____ this gadgets support _____ wi-fi _____?

It _____ not _____ device _____ via ethernet or _____ wi fi.

Is it possible _____ me to hook _____ ethernet _____ on _____?

Is _____ to connect _____ ethernet _____?

_____ it possible to _____ wi-fi _____ anEthernet _____?

_____ if the _____ supports _____ or ethernet internet _____.

Is _____ possible _____ use _____ just _____?

_____ to use _____ cable with this _____ use it _____ conjunction with _____ Fi connection?

_____ it _____ support connections _____ cord, _____ suitable for internet only?

Does it _____ a _____ is _____ suitable _____ ethernet cables?

_____ it _____ to _____ ethernet cable to _____ this _____ or _____ just _____ internet?

_____ it be _____ wi-fi and _____ cable?

_____ any chance _____ using _____ cable with _____ device?

_____ to have an ethernet _____ on _____ communication _____ or _____ possible _____ use a wi-fi signal?

_____ to _____ up _____ wire to this _____ or is it only possible via _____?

Is it possible _____ the _____ with _____ ethernet _____?

Is it _____ it _____ or ethernet?

_____ possible _____ this device _____ a network _____ besides _____ on wifi?

_____ thing support _____ ethernet, or is _____ just _____ wi-fi _____?

Is _____ an ethernet _____ this _____ or is it only support through wireless _____?

_____ not _____ device _____ both wi fi and ethernet.

The _____ is _____ known _____ supports both _____ justWiFi.

_____ say if it's possible _____ cable on _____ device?

I want _____ if I can _____ this _____ or if _____ only works via wi-fi.

Does _____ work on _____?

It _____ not _____ if this _____ supports wi _____.

Is _____ to _____ ethernet cable with _____?

_____ it _____ to use _____ but only with _____ wi Fi connection?

_____ am curious _____ cable is possible on this _____.

_____ of using _____ ethernet wire, or is it only _____ using _____ signals?

Does it only _____ or does _____ have _____?

Is wi-fi _____ ethernet _____?

_____ you _____ me if _____ cable is possible on _____?

Is it _____ to _____ ethernet cable on _____.

_____ wonder _____ using _____ ethernet cable _____ be done on _____.

_____ it possible _____ use an ethernet _____ well _____ wi-fi _____?

_____ possible to use _____ ethernet cable with _____?

Is it _____ to _____ the internet _____ the _____ cord?

_____ it _____ use _____ ethernet cord _____ internet connection?

Can _____ be _____ ethernet _____ or the wi fi?

_____ this _____ with _____ wi-fi orEthernet?

Does _____ communication _____ an ethernet _____ or _____ it _____ work via _____ transmission?

_____ use wi-fi _____ cable?

Is _____ possible to _____ to the internet _____?

Will the cable _____ with _____ device _____ is _____ wi-fi?

_____ communication unit _____ an _____ wire, _____ it only _____ a wi-fi _____?

Can you _____ if _____ ethernet cable _____ is possible?

It's _____ if _____ device _____ wi fi or _____

_____ you _____ an ethernet cord?

_____ this device _____ and _____ connections?

_____ we _____ if _____ for _____ or _____ for use withWiFi?

_____ we _____ and _____ cable?

Do you _____ it's _____ an _____ cable _____ this telecommunications _____?

_____ to use _____ ethernet cable _____ using wi-fi?

Does _____ a wi- _____ connection or is _____ suitable _____ ethernet _____?

Do you _____ if it _____ to _____ an _____ cable _____ the _____?

How _____ an _____ for _____ device?

_____ it been _____ an ethernet _____ with _____ device?

_____ is not _____ if this _____ internet _____ or _____ a Wireless _____.

Should _____ use an ethernet cable or _____ wi-fi _____?

Can _____ ethernet _____ this device?

It _____ not _____ if _____ supports _____ wi fi or _____.

_____ it possible _____ with _____ ethernet _____ on _____ device?

Is _____ to use _____ for _____?

_____ it possible _____ the _____ with _____ equipment, or only _____ it _____ fi-enabled one?

_____ use an Ethernet cable instead _____ to _____ device?

Can you tell _____ possible to _____ an ethernet _____ device?

_____ to connect _____ ethernet cable to _____ device?

Is an _____ cable _____ device?

_____ me know _____ using an _____ cable is _____ on _____ device?

Is _____ possible to use _____ and ethernet _____?

_____ possible to use the _____ with _____ equipment, _____ only _____ with a wi _____?

Does it _____ via _____ ethernet _____ or _____ it only _____ the _____?

Is it _____ to _____ an ethernet _____ as _____ only use _____?

_____ this device allow _____ to _____ cable?

_____ it possible for me _____ an _____ cable with _____?

_____ not clear _____ the _____ internet _____ or just _____ Fi.

_____ I use an _____ a wi-fi _____ to connect _____ equipment?

_____ want to _____ if _____ an _____ on this _____ or if it only works via _____.

Do we know _____ the equipment _____ for _____?

Is the ethernet _____ the _____?

_____ okay to add _____ cable _____ this device?

Is _____ to connect _____ device _____ cable?

_____ to use the _____ with the _____ but only _____ with _____ wi Fi _____?

It's _____ known _____ device can _____ ethernet _____ wi fi

_____ telecommunications _____ support both _____ wi-fi connections?

Is _____ possible to _____ an _____ with a _____?

_____ the cable _____ you _____ the _____ is it only _____ with _____ wi-fi?

I _____ to _____ it only _____ with wi-fi _____ if _____ ethernet.

_____ work with the _____ or _____ for wi-fi?

Is it possible _____ hook _____ an ethernet _____ the _____?

_____ be _____ ethernet instead of wi-fi?

Does _____ equipment support a _____ fi _____ it _____ for _____ cables?

_____ to _____ out _____ the _____ is for wi _____ or _____ ethernet _____.

_____ I use _____ with _____ or only use _____ with _____ fi?

Will _____ device _____ with _____ ethernet _____ or just _____?

Will this _____ with an _____ cable _____ I need _____ fi _____?

_____ this _____ support wi fi _____?

_____ use the cable _____ this equipment or _____ use _____ Fi connection?

Can _____ ethernet cable to _____ this _____?

_____ a technology like _____ fi or _____?

Will _____ able to _____ an ethernet _____ instead _____ on _____?

Will I _____ to use an _____ cable instead _____ relying on _____?

_____ possible to connect _____ with this device.

_____ we know _____ equipment is intended _____ wi, _____ if it _____ intended _____ use with Ethernet?

_____ an ethernet _____ with _____ device?

_____ support a _____ fi connection, _____ it only _____ for ethernet _____?

_____ it _____ to _____ to connect to the _____ with _____ device?

Is it _____ to use _____ this _____ or only _____ wi Fi connection.

Is _____ compatible with _____ or _____ only for wi-fi?

Is _____ compatible with ethernet _____ it only compatible _____?

Is there a way to _____ the internet _____ ethernet _____?

Do you think _____ use wi-fi and _____?

_____ support either wi _____ ethernet

Is it possible _____ use an _____ item?

_____ connections _____ ethernet cord, _____ it only suitable for _____?

Does _____ equipment support _____ wi fi connection _____ with _____?

_____ it possible to use the _____ the _____ with _____ wi-fi?

_____ be able to _____ cable _____ connecting to _____ equipment?

It is _____ certain _____ the device _____ support _____ fi _____.

_____ it _____ to connect _____ device with _____?

It's not _____ if the _____ can _____ ethernet.

Is this _____ for wifi or _____ use?

_____ possible to _____ a telecoms _____ with _____ cable _____ wi-fi?

_____ it _____ use an ethernet cable _____ this device, or _____ only _____?

Does the _____ support either ethernet _____?

_____ if the device can _____ or justWiFi

_____ it _____ to hook _____ an ethernet wire to this _____ or is _____ the _____ signal?

I want _____ know _____ the cable _____ device or _____ wi-fi.

It _____ the device can connect _____ either _____ or ethernet.

Does _____ equipment cater to _____ for WiFi _____?

Is _____ usable _____ you _____ device, or is it _____ for _____?

_____ can't be _____ if _____ can _____ or justWiFi.

_____ it _____ support connections via a _____ or is _____ only _____ use?

Was _____ compatible with _____ device _____ it only for _____?

It's _____ if _____ device supports _____ via _____ just wi _____.

_____ it also _____ connections _____ ethernet cord, _____ only suitable _____ fi?

Can it be _____ on anEthernet cable?

Is _____ possible to get _____ this _____ unit, or _____ only possible _____ the internet?

Can this _____ be connected _____ ethernet cord or wi _____?

_____ possible to use the _____ with this _____ use _____ a _____ Fi connection?

Does _____ ethernet or wifi?

_____ the equipment support a _____ connection _____ is _____ only compatible _____?

_____ to connect this _____ the Internet using _____ cable?

_____ connected to _____ internet _____ wi Fi or ethernet cord?

Are it possible _____ the cable _____ or _____ wi fi?

_____ we know if the _____ for _____ with _____ or _____?

Is _____ possible _____ connect _____ device to _____ it just for wi-fi?

I want _____ know _____ only _____ with wi-fi or _____ ethernet.

_____ device be plugged into _____ wi _____ or _____ cord?

Is _____ possible _____ this device _____ either _____ or _____?

_____ you _____ if _____ device can _____ used _____ an ethernet _____?

_____ it possible _____ use _____ as well?

_____ it ok _____ use _____ cable _____ connect the _____?

Is _____ to use an _____ the _____ unit?

_____ suitable for ethernet _____?

Will it be _____ to _____ on anEthernet _____?

Should _____ use _____ cable _____ an ethernet _____ wi-fi connection to _____ this _____?

_____ ethernet cable compatible _____ telecoms _____?

_____ to use wi-fi only _____ cable?

Is it possible _____ up an ethernet wire _____ communication _____ or does _____ the _____?

_____ cable possible with _____ or not?

_____ to use _____ cable with this _____ or _____ it with wi _____?

Is it possible _____ cable with _____ equipment _____ use it in _____ a wi _____?

Does _____ have _____ ethernet _____ does _____ only have a _____ signal?

It _____ not _____ the device _____ ethernet or just wi _____.

_____ the _____ support _____ is _____ only that fancy wifi _____?

Will I be _____ use an _____ relying on _____ for _____?

Do we _____ if the _____ ethernet _____ for use _____ with _____?

Does this _____ only roll _____ or _____ it _____?

Is _____ possible _____ connect the _____ with an _____?

_____ know _____ can hook up _____ ethernet wire to _____ unit.

_____ it possible to _____ with an ethernet _____ it _____ support _____ networks?

_____ it _____ to connect _____ with an Ethernet _____ or _____ it only _____?

Can _____ me _____ cable is available _____ this device?

Is _____ to _____ wi-fi and an _____?

_____ to _____ device supports wi-fi and _____ internet connection _____.

Is it possible _____ use _____ cable _____ wi- _____?

_____ item _____ and ethernet connections?

Is _____ ethernet _____ this device, or only _____ the internet?

Is it possible _____ with _____ equipment or only _____ wi fi _____?

Is _____ possible _____ use the cable _____ only use it with _____?

_____ you _____ us if using _____ is _____ the device?

_____ be connected _____ internet through the ethernet or _____?

Is this communication _____ of _____ an ethernet _____ or _____ it only _____?

Is it _____ for _____ to use an ethernet _____?

_____ possible to _____ an ethernet _____ the communication _____ it only possible through _____ internet?

Would _____ be _____ connect _____ ethernet _____ with this device?

_____ the device work _____ or _____?

Is _____ this _____ to be connected using _____ ethernet _____?

_____ the _____ usable with _____ device _____ just _____ wi-fi?

It's not _____ if _____ supports internet via _____ wireless service.

_____ not known _____ device supports internet via _____ just _____.

_____ is unclear _____ the device _____ fi _____ ethernet.

Is _____ possible _____ connect an _____ to _____ device?

_____ it possible _____ plug an ethernet _____ device?

_____ it _____ a _____ device with an Ethernet cable?

_____ the _____ cable _____ with _____ device?

Is it _____ to _____ cable _____ the device?

_____ it _____ to use the cable _____ this _____ only _____ wi _____?

_____ not known if _____ device _____ wi _____ also ethernet.

Is _____ cable usable _____ device, or _____?

Is _____ cable compatible _____ device _____ only wi-fi?

Can wi-fi _____ on _____?

Is _____ telecoms _____ either _____ or ethernet?

_____ it possible _____ use an ethernet _____ as _____ it limited to _____?

_____ this _____ a _____ or is it _____ suitable for ethernet _____?

_____ possible to use _____ instead of using _____ connecting?

Is it possible _____ use _____ ethernet _____ with _____?

_____ it possible _____ supports _____ wi fi _____ ethernet?

_____ the device _____ through the wi _____ or _____ cord?

_____ it possible to connect _____ an ethernet _____ is it _____ wifi?

Is _____ possible to _____ ethernet _____ the telecoms equipment?

_____ possible _____ an ethernet _____ the communication unit?

It _____ not known if this _____ fi and _____

It's _____ known _____ the device can _____ wi _____ ethernet.

_____ to _____ an ethernet _____ on this unit, or is it _____ via _____ internet?

Is it _____ to _____ this _____ with _____ or _____ it _____ through a wireless network?

Do _____ if _____ meant for Ethernet or _____ is only for _____?

Is _____ possible for this _____ cable?

Should I _____ wi-fi connection _____ use _____ called _____ ethernet to _____ to _____?

Is _____ possible to use _____ cord _____ is _____ to _____ internet only?

_____ meant _____ be used for wi fi or _____ ethernet cable.

I am _____ about _____ or _____ the _____ is _____ wi _____ or _____ cable.

_____ confused _____ phone is connected _____ cable _____ if _____ connect it to the internet.

_____ it possible _____ ethernet _____ wi-fi cable?

Is the _____ an ethernet _____?

_____ curious as to whether or _____ wi _____ or ethernet cable.

Is it _____ up _____ ethernet wire _____ the communication _____ is it only possible _____?

_____ know if the _____ intended for use only _____ wi _____ if it _____ intended _____ with _____?

Is _____ equipment _____ cables or is it _____ wi-fi?

Is it _____ to use a ethernet cord _____

Is _____ unit _____ wire or is _____ capable of using a wi-fi signal?

_____ this _____ be _____ with _____ cable or just _____?

Is there any _____ to use an _____ or is _____ the _____?

_____ supported _____ the _____ or is _____ only supported by _____ fi?

_____ equipment suitable for _____ cables, or does _____ connection?

I want _____ know if I can _____ up _____ the _____.

I'm not sure if _____ phone _____ connected to _____ or if _____ connect _____ internet.

Is _____ communication _____ to _____ an ethernet wire _____ is _____ only _____ use _____?

Does the _____ either _____ fi _____?

Is the _____ compatible _____ or only for _____?

_____ you _____ to _____ the cable with this _____ or _____ with wi _____?

Is the _____ usable _____ or _____ for the _____?

Does the _____ ethernet or is _____ just _____ stuff?

Can _____ use _____ ethernet wire _____ communication _____?

_____ the Ethernet cable?

Is _____ compatible with my device _____ wi-fi?

_____ thing support the _____ is _____ only that fancy _____?

_____ with wi-fi or is it ethernet?

_____ use this equipment with _____ only _____ it with a wi _____ connection?

_____ to know _____ the device is _____ wi _____ an _____ cable.

_____ to _____ if _____ cable is possible on _____ device.

Is the _____ with the _____ is _____ only for _____?

Does it be possible to _____ device?

_____ I be _____ use _____ ethernet _____ instead _____ relying solely _____ for connecting?

_____ it possible that _____ supports _____ just wifi?

Is _____ cable compatible with the _____ it _____ for _____?

Is it possible _____ this _____ the _____ an _____ cable?

_____ equipment _____ with _____ ethernet cable or a wi _____?

Does the telecoms _____ wi-fi _____?

It is _____ certain _____ device supports _____ via ethernet or _____ wireless _____.

_____ cable is _____ with the device _____ only _____?

_____ this _____ work with _____ or should I _____ fi connection?
 I don't _____ if _____ will work _____ ethernet _____ or a _____.
 _____ it _____ fi or ethernet?
 _____ to connect _____ an _____ cable with _____ device?
 _____ it _____ cable with _____ equipment or _____ the wi Fi connection?
 Does _____ device support _____ ethernet?
 _____ it _____ use an ethernet _____ just _____ fi?
 _____ I connect _____ this _____ using _____ ethernet _____ or a _____?
 Is _____ hook _____ an ethernet wire _____ the communication _____ is _____ possible via wi-fi?
 _____ with an Ethernet cable?
 Does _____ work _____ fi or _____?
 _____ curious as _____ whether _____ is used _____ fi _____ an _____ cable.
 Is it possible _____ use the cable _____ or only _____ it _____?
 Is the cable _____ the _____ or _____ for _____?
 Is _____ cable _____ with _____ or exclusive to _____?
 Does the _____ only roll with _____ or _____?
 Can this device _____ connected _____ or ethernet _____?
 _____ thing _____ an ethernet cable?
 Is _____ to _____ this equipment _____ use it along _____ the internet?
 It is _____ if _____ device is _____ with _____ wi _____ or _____.
 Does this equipment support _____ wi-fi connection _____ is _____ cables?
 _____ wonder if this device _____ internet _____ such _____ wi-fi _____.
 Is it _____ to use _____ cable _____ this _____?
 _____ possible _____ connect with _____ ethernet _____?
 _____ don't know if I _____ up the ethernet wire _____.
 Do we _____ if _____ equipment _____ Ethernet _____ or _____ for use _____?
 _____ it possible to use the _____ with _____ or _____ it _____ wi fi enabled _____?
 Does _____ both wi-fi and _____ connections?
 _____ there _____ to use _____ ethernet cable with _____?
 _____ don't _____ if _____ can _____ up an ethernet wire on _____ communication _____ it only _____ wi-fi.
 _____ with eitherEthernet or wi-fi?
 Is _____ use the _____ too?
 _____ possible to connect _____ cable to this _____?
 Is it _____ connect a _____ to _____ internet _____ anEthernet _____?
 _____ is not certain _____ supports _____ a wi fi _____ ethernet _____.
 Is _____ ethernet _____ functional _____ device?
 _____ the _____ to use _____ ethernet wire or is _____ able to use wi-fi _____?
 _____ gizmo support _____ and wi-fi _____?
 Will the _____ with _____ or just _____ fi?
 Is it _____ connect this _____ through _____ is _____ only possible through wireless _____?
 It is _____ known if the _____ is _____ of _____ ethernet.
 Does this _____ with _____ Ethernet?
 _____ to use wi-fi and _____
 _____ wire _____ with the device _____ only for _____?
 Is it _____ to _____ cables?
 _____ there a _____ to _____ ethernet cable?
 Do it _____ connections via _____ cord, _____ is it _____ suitable _____ the _____?
 Can _____ confirm _____ ethernet _____ is possible on _____?
 _____ if I can use _____ or just wi-fi.
 Can this _____ connected to the _____ cord _____ the wi-fi?

____ it ok to ____ an ____ into ____ device?
 ____ wondering if using ____ is possible ____ this ____.
 ____ wonder ____ device supports ____ connection options like ____ ethernet.
 Should ____ use an ____ cable ____ wi-fi connection to ____ equipment?
 Is it ____ to use an ____ to ____ device or ____ it ____ through wireless ____?
 I want ____ know if it's ____ an ____ cable ____ this ____.
 Can ____ device be ____ cable?
 Is ____ to ____ the ____ with this ____ only use ____ the ____ network?
 ____ possible to use ____ and ____?
 ____ you ____ me ____ a ethernet cable ____ possible on ____?
 ____ device ____ connected ____ the internet ____ the ____ Fi or the ____?
 Is ____ possible to connect this ____ via ____ ethernet ____ or ____ through ____ wireless network?
 ____ cable work ____ the ____ or only the ____?
 Should I ____ a ____ connection ____ ethernet ____ this equipment?
 Is the compatibility ____ only ____ can ____ use ____ cord?
 Is it possible ____ or ethernet ____?
 ____ communication unit have ____ does ____ only ____ via the internet?
 Is ____ possible to hook up ____ on ____ does it only ____ the internet?
 It is not ____ supports either ____ or just ____.
 ____ this device ____ both ____ ethernet?
 ____ possible to use ____ cable with the ____ only ____ fi?
 ____ not known whether ____ can ____ ethernet or ____.
 is the ____ with the ____ only ____ wi-fi?
 ____ to use ____ cable ____ equipment, or only use ____ in conjunction with a ____?
 ____ work with ____ or ____ works on wi-fi?
 ____ it ____ to use the cable ____ only ____ conjunction ____ the wi fi network?
 ____ possible to ____ the ____ with ____ equipment or ____ with a ____ enabled.
 Is it ____ to ____ to connect to a ____ service?
 ____ I ____ able ____ ethernet cable for ____ to ____ equipment?
 Do ____ support ____ via ethernet ____ or is ____ suitable for ____?
 ____ a cable ____ ethernet ____ a wi-fi connection ____ this equipment?
 ____ the cable compatible ____ or is just ____?
 Is it ____ using ____ cable?
 It ____ not certain if the device can ____.
 Are it ____ to ____ the ____ or ____ use ____ in ____ with the internet?
 ____ it possible ____ this ____ work ____ an ____ cable?
 Does ____ either wi-fi ____ ethernet?
 ____ this device ____ wi ____ ethernet?
 Is ____ possible to ____ or does it only work via the internet?
 ____ possible ____ use the ethernet ____ with ____ or not?
 Is it ____ to ____ an ____ this ____ device?
 Is ____ with the device ____ the wi- fi?
 Is ____ a ____ to use ____ with ____ device?
 ____ it ____ utilize ____ ethernet cable?
 Is this thing only capable of ____ does ____?
 Does ____ thing ____ wi-fi ____ use ____?
 Do ____ also ____ connections via ____ cord, ____ is it ____ for ____?
 It ____ not clear ____ this device ____ both ____ fi ____.
 Is this ____ that supports ____ that ____ wi-fi?
 ____ to ____ an ethernet ____ to use ____ device?

Is it _____ with an _____ this device _____ not?

There _____ not known if the _____ wi _____ or _____.

Does _____ ethernet use _____ only _____?

Is this device _____ ethernet?

_____ it able to _____ cable?

Is it _____ to _____ a _____ cord _____ a _____ so chose?

_____ device _____ connected through the _____ wi fi?

_____ if it _____ possible _____ use an _____ with _____ device.

_____ it possible for this device _____ connected through _____ cord _____?

_____ the cable _____ if _____ device, _____ only for the wi-fi?

_____ support _____ wi-fi and _____ connections?

Is _____ to use the cable with _____ or _____ use _____ together _____ wi fi-enabled _____?

Does _____ also _____ the ethernet _____ or is _____ suitable for _____?

Is the _____ with the _____ or _____ works _____?

_____ to _____ an Ethernet _____ or wi-fi?

_____ to connect to the _____ using _____ ethernet _____?

Is _____ to use an _____ or _____ wi-fi _____?

Does _____ device _____ either _____ wi-fi?

Can _____ use _____ cable _____ use _____ device?

_____ use a _____ connection _____ cable _____ connect to this equipment?

_____ equipment support a _____ fi _____ is it _____ for ethernet _____?

_____ this equipment _____ a _____ connection or only _____?

_____ it _____ connect this _____ an Ethernet cable?

Can _____ device _____ ethernet cable?

_____ it also _____ connections _____ ethernet _____ is _____ for wireless?

Is it possible _____ an ethernet cord as _____ is _____ to _____?

_____ using an _____ is possible _____ this device, can _____?

_____ possible _____ up an ethernet wire _____ this communication _____.

Is it possible _____ and _____?

_____ it possible _____ cable to connect this _____ or _____ use _____ wireless _____?

_____ possible to _____ ethernet cord _____ only limited to the internet?

_____ device work _____ Ethernet _____ only wi-fi?

Is _____ to _____ addition to compatible _____ capabilities?

_____ to use the _____ the _____ or _____ a wi _____ connection?

Is _____ the cable with _____ or _____ use it _____ the internet?

It _____ if the device supports _____ WiFi.

_____ device be connected _____ the _____ or the ethernet _____?

_____ only _____ with the ethernet _____?

Do you think it's _____ use _____ cable _____ device?

_____ it support _____ via _____ cord _____ or is _____ only suitable _____?

Can this _____ connected _____ or _____ Fi?

_____ want _____ know _____ possible _____ use an _____ cable with the _____.

_____ not _____ if _____ is able to _____ wi fi _____ ethernet.

_____ it possible _____ an ethernet _____ or _____ wi- _____?

_____ possible _____ use an ethernet _____ well as _____ one?

Is it possible _____ use an ethernet _____ of _____?

_____ up _____ wire on this _____ unit, _____ is _____ only possible through wi-fi signal transmission?

_____ this equipment _____ a wi-fi connection _____ compatible _____ ethernet _____?

I _____ to _____ if _____ is _____ for _____ wi fi or _____ cable.

_____ work with wi _____ ethernet?

_____ possible _____ use the cable _____ the _____ use _____ wi Fi connection?

Is it _____ an ethernet _____ with _____ telephone?

_____ possible to _____ with wi-fi and ethernet _____?

_____ want _____ if I can use an ethernet _____ only supports _____.

It _____ certain whether _____ internet via ethernet or _____ wi _____.

I don't know if it's _____ wire _____ this _____ unit.

Is it _____ use _____ ethernet _____ as well, _____ it limited _____ only?

_____ it _____ use _____ ethernet _____ to connect this device, _____ it _____ work through _____ networks?

Is _____ to _____ ethernet _____ with _____ telecoms device?

Is _____ thing only _____ or is _____ using _____?

It's _____ known _____ this _____ supports _____ fi or _____.

Does the thing support _____ or _____ wi-fi?

_____ it support _____ ethernet cord or is _____ for wireless?

_____ this _____ a wi-fi connection, _____ is _____ only compatible _____ ethernet _____?

Is _____ the device to be _____ through the _____ Fi _____ ethernet _____?

_____ use a wi-fi _____ or _____ cable _____ called _____ ethernet?

_____ it possible to _____ telecoms device _____ the _____ Ethernet cable?

Is _____ that _____ device will work _____ an _____?

I wonder _____ cable _____ usable with this _____.

Does _____ support _____ ethernet?

Is it _____ ethernet _____ for this device?

_____ am _____ to know if _____ device _____ wi _____ or _____ cable.

Can _____ use _____ cable _____ equipment or _____ use it _____ wi _____?

It isn't _____ device _____ support either wi _____ or _____.

_____ is _____ certain _____ will support internet _____ wi Fi or _____.

Is _____ the _____ an ethernet _____ or is it _____ possible through a _____ network?

Is _____ chance of _____ with this device?

_____ don't _____ the _____ is meant for Ethernet connections _____ it's only _____ use in _____.

Is it possible _____ with an ethernet _____?

_____ also support _____ via ethernet _____ is it only suitable _____?

Is _____ to _____ this equipment with the cable _____ fi?

_____ it feasible to use an _____ device?

_____ possible to use the _____ equipment _____ with _____ fi enabled?

_____ it _____ hook _____ an ethernet _____ this communication unit, _____ is it _____ possible through a _____?

_____ if the cable _____ device or only _____ wi-fi.

Is _____ a _____ cable _____ the _____?

_____ using an ethernet _____ on this _____ is possible?

_____ possible _____ hook _____ ethernet wire _____ communication unit, or _____ it _____ possible through wi-fi?

Is it _____ to have _____ this device, or _____?

I _____ if I _____ up _____ ethernet wire on this _____ unit or if _____ works via _____.

_____ it support connections via _____ or _____ only for _____?

Do you _____ is possible _____ a ethernet _____ as _____?

Is the cable _____ have a device, _____ the _____?

Is it _____ connect this device using _____ ethernet _____ it _____ through wireless _____?

_____ it also support connections _____ or _____ it _____ suitable _____ internet?

_____ isn't _____ if this device _____ via ethernet _____ just _____ service.

Is _____ possible to _____ cable _____ the device?

Do _____ the _____ cable is _____ with this _____?

_____ it _____ to use _____ cable with this _____ or _____ it only _____?

_____ the ethernet _____ connect the device?

Does _____ via the _____ is _____ only for the internet?

Is _____ possible _____ cable on _____ device?

Is _____ possible _____ use _____ cable with _____ equipment _____ with _____ fi enabled _____?

Is it _____ Ethernet _____ on this device?

_____ this equipment _____ a _____ connection or _____ it _____ ethernet _____?

_____ also support connections via an _____ it _____ for internet?

_____ be possible to use _____ ethernet _____?

Can you _____ me if _____ is possible _____ on an Ethernet _____?

_____ compatibility _____ to _____ only or _____ I use _____ ethernet cord _____?

It _____ not _____ the _____ is compatible with _____ just WiFi.

It _____ if _____ device _____ either ethernet _____ wi fi.

_____ known _____ the _____ will support _____ wi fi _____ ethernet.

Is it possible _____ wi-fi _____?

_____ to _____ an ethernet _____ to _____ this particular _____ equipment?

_____ it _____ to _____ cable for this _____?

_____ ethernet cable _____ possibility _____ this _____?

Is _____ to connect _____ an _____

Is _____ an _____ wire _____ this communication _____ or _____ only possible via wi-fi signal transmission?

Is it _____ for _____ device _____ use _____ Ethernet _____?

_____ there _____ way to _____ wi-fi _____ an Ethernet cable?

_____ it ok to _____ ethernet _____ in this _____?

Can _____ tell me if it's _____ wi-fi _____ cable?

_____ it _____ connect _____ a internet service _____ a _____ cord?

_____ it possible to _____ ethernet wire to _____ communication _____ or does _____ only _____ via wi-fi _____?

Does the _____ device or _____ it _____ for wi-fi?

It's _____ known if _____ can _____ or just WiFi.

_____ it _____ wi fi _____ ethernet?

Can _____ use _____ use this device?

_____ possible _____ cable with the equipment _____ with _____ wi fi-enabled device?

Is _____ use _____ cable _____ the telecommunications device.

Will _____ with _____ just wi-fi?

_____ equipment _____ with ethernet _____ is it only _____ with _____?

Will I _____ able to _____ an _____ of _____ solely _____ for connecting?

Can you _____ using an ethernet cable _____ this _____?

Is _____ device capable _____ either _____ ethernet?

Is _____ possible _____ cable with the _____ only with wi _____?

_____ I _____ an Ethernet cable instead _____ to _____ device?

_____ it _____ cable _____ this _____ or only with a wi fi _____?

_____ not known whether _____ device _____ both wi _____ ethernet.

_____ an _____ cable to use _____ this _____?

Is it _____ use the _____ a _____ fi-enabled _____?

_____ I use _____ cable to _____ the _____?

Is there _____ way _____ cable with the _____ or only _____ connection?

Is _____ possible _____ an _____ connection too?

Is the _____ compatible _____ the device _____ merely _____?

Is _____ capable of _____ ethernet wire _____ is _____ capable of _____ wi-fi signal?

_____ is _____ yet _____ if _____ device _____ support either _____ or ethernet.

Is _____ cable able to be _____ with _____?

Is _____ possible _____ use the _____ this _____ or _____ it _____ wi fi?

Do we _____ equipment is for _____ Ethernet _____?

Can ____ device ____ wi Fi or ethernet ____?

Will ____ equipment work ____ cable or ____ it ____ wi ____ connection?

Is it possible to ____ cable ____ this ____ if you ____ connection?

____ it possible ____ hook ____ this ____ or is ____ only possible via wi-fi signals?

Does ____ an ethernet cord, or ____ it ____ for internet?

____ an ethernet ____?

____ curious ____ is for wi fi ____ ethernet cable.

Is ____ possible to ____ ethernet ____ the device ____ not?

____ if I could use ____ cable to connect ____ device ____ if it ____ networks.

____ to know if I ____ use a ____ connection or an ____ cable to ____.

____ this ____ Ethernet connections, or is ____ only ____ WiFi ____?

Is the communication ____ capable ____ hooking up an ____ only capable ____ using ____ transmission?

Is ____ to have ethernet cable ____?

Is it possible ____ device supports wi ____?

It ____ not ____ if ____ will ____ internet via ____ or ____ a wireless ____.

Do you ____ you ____ an ethernet cable on ____?

____ use ____ Ethernet ____ to connect ____ this device?

____ it be connected through ____?

Is ____ of using ____ ethernet wire, ____ it ____ capable ____ using wi-fi?

____ the ____ cable ____ only?

____ possible ____ hook up an ____ to ____ unit, or ____ only work on the ____?

____ is ____ known ____ the ____ is able ____ support ____ ethernet ____ justWiFi.

____ not ____ if ____ device is capable of ____ justWiFi.

____ possible ____ to ____ up with an ethernet ____?

Is it ____ to use ____ ethernet ____ to the ____

____ to connect this ____ to the ____ an Ethernet ____?

____ to connect ____ ethernet, ____ not?

____ it possible to ____ this communication unit, or is ____ only possible ____ use ____ signal?

____ this equipment ____ a ____ fi connection, or ____ suitable ____ ethernet ____?

Will I be able ____ ethernet ____ connect ____ telecoms ____?

Is it possible ____ wi-fi ____?

Is ____ to connect ____ device with an ____ cable ____ of a ____?

____ wonder ____ this device supports ____ like ____ and ethernet.

____ it ____ to use anEthernet cable ____ this ____?

Will ____ with ____ cable or ____ wi-fi?

I ____ to know if ____ possible ____ use ____ cable.

Do you know ____ it's possible ____ on ____ device?

Does this ____ support ____ wi-fi connection or only ____?

Does the ____ device or only ____ wi-fi?

Does the ____ the ____ is ____ that ____ wi-fi?

____ it supported ____ ethernet or is it ____ by ____?

Is this ____ only ____ wi-fi ____ does ____ ethernet?

____ for ____ to connect this ____ using an ethernet ____?

It is ____ if this device supports ____ fi ____

____ equipment ____ a ____ or ____ it only suitable ____ ethernet cables?

Does this equipment ____ wi-fi ____ it only ____ ethernet cables?

____ to use ____ ethernet ____ here, ____ it only ____ wi fi?

Is ____ use ____ with ____ equipment, or ____ with the wifi network?

Does ____ thing support ____ ethernet, or ____ it ____ that ____?

____ ok to ____ ethernet ____ on the device?

_____ the cable _____ the device or _____ only _____?

_____ support _____ use?

_____ the _____ Ethernet connections _____ it only intended _____ WiFi use?

Should I use _____ ethernet connection _____ connect to _____ equipment?

_____ don't _____ if _____ possible _____ up an ethernet wire on this _____.

_____ also _____ connections _____ the ethernet cord, _____ it only suitable for _____?

Does _____ work _____ ethernet or _____?

_____ this equipment _____ connection or does _____ only _____ with ethernet _____?

_____ might be possible _____ wi-fi _____ cable.

_____ cable compatible with _____ device, _____ is it only _____?

Can _____ wi-fi only _____ cable?

_____ known _____ device _____ either wi fi _____ ethernet

_____ cable usable if you _____ device, _____ with the _____?

Is _____ possible to _____ cable with _____ in conjunction _____ wi fi-enabled _____?

It is _____ clear _____ device _____ internet via _____ or _____ a _____

_____ known if this device _____ wi fi and _____.

Can I _____ cable with _____?

It _____ not certain if _____ supports internet _____ ethernet _____ a _____.

Is _____ possible to _____ ethernet cable for _____?

_____ possible _____ the cable in _____ a _____ fi-enabled equipment?

Does _____ support connections via an _____ is it only _____?

It is _____ if _____ supports either _____ fi _____ ethernet

_____ tell me whether _____ an _____ cable _____ this device?

_____ tell me if using _____ cable _____ compatible _____ device?

We don't _____ if _____ device _____ internet _____ just wi _____.

Is it _____ to _____ ethernet cable _____ the _____?

Is _____ cable usable if _____ have _____ device, or _____ used _____ the _____?

Is it possible _____ with the _____ with a wi _____ device?

_____ possible to _____ this telecoms device with _____?

Is it possible to _____ fi _____?

_____ it's _____ to use an ethernet cable _____ device?

_____ not _____ if this _____ both _____ fi and _____.

_____ it _____ use the _____ with _____ equipment in conjunction with _____ fi-enabled _____?

Is _____ cable _____ if you _____ device or _____ the wi-fi?

Are the _____ with the _____ or _____ wi-fi?

Is it _____ to connect _____ device _____ cable?

_____ the _____ work with _____ device _____ only with _____?

Is _____ to use _____ ethernet cable _____ wi-fi for connecting _____?

Is _____ thing _____ is it only capable _____ wi-fi?

_____ it _____ use a wi-fi _____ a ethernet _____?

Is _____ possible to _____ this _____ device to _____ internet _____ ethernet _____?

_____ support _____ too, or _____ it only suitable for the _____?

_____ know if this phone _____ connected _____ anEthernet cable or _____ should connect it _____.

Is using _____ this _____ possible?

I am _____ this phone _____ connected _____ cable or if _____ should _____ connect _____ the _____.

Are _____ cables possible?

_____ possible _____ to connect _____ with anEthernet cable?

I _____ use an ethernet cable or _____ wi-fi.

Can _____ used with _____ cable?

_____ device _____ either _____ fi or _____?

_____ to connect using _____ Ethernet _____?

Is _____ cable compatible _____ or _____ wi-fi?

_____ this device be _____ with an ethernet _____?

Will the _____ with _____ ethernet cable _____ just _____?

Is _____ device _____ an ethernet _____?

_____ it possible to _____ the cable _____ the _____ with wi _____?

_____ am _____ if the _____ for wi _____ an ethernet cable.

_____ it _____ connections via the _____ it only suitable?

_____ it _____ use _____ with this equipment or _____ use it _____ Fi connection?

Does _____ supported _____ fi _____ ethernet?

I am _____ see _____ device _____ intended for wi _____ ethernet cable.

Is there _____ ethernet _____ I can use _____ device?

Does _____ wi _____ or ethernet?

Is _____ to use _____ device with an _____?

_____ it possible to _____ up _____ on the _____ unit, _____ does _____ only _____ the internet?

Does _____ the use _____?

_____ it _____ plug _____ ethernet cable _____ this device?

Does _____ also _____ an ethernet _____ it only suitable for _____?

_____ possible to use the cable _____ the _____ use it _____ fi?

_____ if _____ device _____ both wi fi _____ ethernet.

It's not certain if _____ supports _____ ethernet

_____ compatible with an ethernet _____ or _____ wifi _____?

Is it possible to use _____ wi-fi _____?

_____ it be _____ to _____ wi-fi _____ cables?

Is _____ to _____ the cable _____ this equipment or _____ a wi _____?

Is the cable _____ with _____ with _____ wi-fi?

_____ it possible _____ use _____ for this device?

_____ possible to _____ the _____ with _____ ethernet cable, _____ not?

It _____ whether the _____ supports _____ via _____ or _____ wi fi.

_____ unknown if the device can support _____ wi _____.

It _____ certain if the device _____ via ethernet _____ Fi.

_____ it possible to use _____ cable _____ this _____ use it _____ a _____ device

_____ to know if the _____ meant for wi _____ or _____.

Can you _____ if it is possible to _____ this _____?

_____ know if an ethernet _____ be _____ on this _____?

_____ don't _____ if I can _____ up _____ ethernet _____ this unit, _____ if _____ only _____ via _____.

It _____ not certain if this _____ supports internet _____ or _____.

Is it _____ use _____ with _____ equipment _____ use the wi Fi _____?

_____ is _____ certain _____ the _____ can _____ both _____ and justWiFi.

Does _____ support wi _____ and/or _____?

_____ plug an ethernet cable into _____ device?

Is _____ cable _____ this _____ device?

Is it possible _____ ethernet cord _____ connection?

Does it support connections _____ cord, _____ it _____ for _____ use?

_____ this _____ via the ethernet _____?

Will _____ anEthernet cable?

_____ it _____ to use _____ or a _____ connection?

Can _____ tell _____ if _____ can _____ used _____ the device?

_____ ethernet _____ with wi-fi?

_____ to _____ in _____ ethernet cable to this _____?

_____ is not known _____ the device can _____ fi _____.
 _____ device is not known if _____ justWiFi.
 Can _____ that it _____ possible _____ an _____ on this device?
 _____ know _____ an ethernet cable on _____ device is _____?
 The _____ known if _____ only wi fi _____ ethernet.
 _____ curious if the _____ meant _____ wi _____ an _____ cable?
 Can _____ tell us _____ it's _____ to use _____ cable _____ this _____?
 _____ is _____ known _____ it _____ either ethernet _____ justWiFi.
 _____ support _____ wi-fi and ethernet?
 _____ the _____ be connected _____ internet through an _____ or wi _____?
 _____ wondering if _____ use an ethernet _____ to _____ this device or _____ supports _____ networks.
 _____ possible to _____ an ethernet _____ to _____ device?
 Is _____ compatible _____ the device? _____ only for wi-fi?
 Is _____ possible _____ up an internet wire _____ unit, _____ is it _____ via _____?
 I _____ know _____ equipment _____ with _____ ethernet cable or a _____.
 I _____ curious _____ the device _____ wi fi or _____ ethernet _____
 Will this _____ work with _____ cable, or _____ I _____ a _____?
 _____ it possible to _____ cable _____ the _____ only with a _____ Fi _____?
 Is it _____ use an _____ a _____ device?
 _____ this _____ connected _____ an ethernet _____ a wi-fi connection?
 Do we _____ if the equipment _____ meant _____ or _____ wifi?
 Will _____ ethernet _____ compatible _____ apparatus?
 Can _____ wi-fi and _____?
 It's not known if _____ supports _____ ethernet _____ wireless service
 _____ it work _____ orEthernet?
 _____ cable _____ device or is it only _____?
 It's _____ known _____ device _____ ethernet _____ just wifi.
 _____ am _____ as to whether _____ device _____ meant _____ or an ethernet _____.
 Is the _____ compatible _____ device nor _____ it _____ wi-fi?
 _____ possible _____ use wi- fi _____ anEthernet _____?
 Does the _____ device _____ both _____ Ethernet _____?
 _____ the compatibility _____ only or can I _____ an ethernet _____ as _____?
 _____ it _____ to _____ a _____ cord?
 It _____ the device can support either _____ fi
 _____ usable _____ cable on _____ device?
 Is it _____ to _____ with equipment or _____ use _____ fi?
 _____ be _____ through the ethernet or wi _____?
 Should I use a _____ ethernet to _____ to _____ or should _____ Wifi connection?
 Is the cable _____ only for the _____?
 _____ it _____ for me _____ use an _____ cord _____ well, or is _____ to _____ internet _____?
 _____ you _____ if _____ to use _____ ethernet cable on the _____?
 _____ certain _____ this device supports _____ via ethernet _____ a Wireless _____.
 _____ is not known if this device _____ both _____.
 Is it possible _____ in _____ cable _____ device?
 _____ not _____ if this device supports _____ or _____ wi Fi.
 It's _____ known if the _____ ethernet _____ just _____.
 Can _____ connected with an _____ cable, or _____?
 Is _____ device _____ an ethernet _____?
 Is _____ to use an _____ this device, _____ is _____ only for _____?
 It _____ certain _____ this device supports _____ fi _____ ethernet.

_____ support ethernet _____ or _____?

I'm _____ the device is _____ wi fi or _____ cable.

Is the _____ compatible with _____ it only _____ with _____?

_____ know _____ an ethernet cable is _____ on _____ device?

_____ it _____ to _____ this device _____ internet through _____ Fi _____ the ethernet _____?

_____ equipment support _____ wi-fi connection _____ only works _____ cables?

Does _____ work with _____ does it work with _____?

_____ you know if it _____ possible _____ use _____ ethernet _____ on _____?

_____ device support _____ wi _____ or _____?

_____ to connect this telecoms _____ Ethernet cable?

_____ the compatibility _____ to _____ internet only, _____ to _____ the ethernet cord?

I am _____ as _____ whether _____ is for _____ an ethernet _____.

_____ possible _____ the cable with this _____ or only use _____ a _____ fi enabled _____?

Does _____ a wi-fi connection, or _____ it _____ ethernet cables?

_____ the cable _____ the device _____ only about _____?

_____ it _____ to use an _____ cable here, or _____ wifi?

_____ the cable usable if _____ a _____ or is it only _____?

_____ possible _____ wi-fi _____ ethernet cable?

_____ this equipment work with _____ should I use _____ connection?

_____ not _____ if _____ device supports internet _____ or wi _____

_____ use a _____ an ethernet _____ wi-fi connection to connect _____?

_____ it _____ to _____ the cable _____ this _____ or _____ use _____ with wi _____.

Does the thing support _____ ethernet, or _____ only _____?

_____ am interested in whether _____ is for _____ fi _____ an _____.

_____ it possible to _____ up an _____ on the _____?

Is _____ the cable with _____ only use _____ with the _____ fi network?

Is it possible _____ with _____ or just _____ the Wifi network?

Can _____ confirm that _____ ethernet _____ can _____ on _____ device?

Is it okay _____ an _____ cable _____ device?

_____ possible _____ use a ethernet _____ to _____ a internet _____?

Will _____ possible _____ and ethernet?

_____ this device _____ connected through _____?

It _____ supports ethernet or justWiFi.

_____ work with an _____ cable or does it _____ a _____?

_____ way to use _____ cable to connect _____ particular _____?

_____ this thing only _____ or if _____ uses ethernet.

_____ equipment _____ a wi-fi _____ is _____ only appropriate for _____ cables?

Is the _____ usable if _____ the _____ only _____ wi-fi?

_____ wondering if I should _____ this _____ an _____ or _____ wi-fi connection.

_____ the _____ of _____ ethernet cable?

It is _____ if _____ device _____ via _____ or ethernet connection.

_____ the equipment work _____ an ethernet cable _____ a _____ fi _____?

_____ want _____ I _____ use the _____ cable with the _____.

Is the _____ if _____ device, or only for _____?

_____ using _____ ethernet cable _____ device _____?

Do _____ know if the equipment is _____ for _____ only _____?

I'm wondering _____ ethernet cable or _____ wi-fi.

Do it support connections _____ is it _____ WiFi?

_____ am wondering _____ this _____ supports _____ and _____ internet _____ options.

Is it _____ connect _____ or _____?

_____ an ethernet _____ the device?

Is this _____ ethernet _____ or _____ wi-fi?

_____ ethernet cable be _____ with _____ telephone _____?

Does _____ support _____ wifi?

Is it _____ use _____ with the equipment or _____ it _____ wi _____ device?

Is _____ an _____ on _____ device?

Is it _____ a _____ with _____ telecommunications device?

_____ is not _____ this _____ supports internet _____ or just _____ Fi

_____ also support connections via _____ ethernet cord, _____ for internet only?

_____ it work _____ cable or just an _____?

_____ device _____ known _____ support either _____ or just WiFi.

_____ it _____ to hook up _____ ethernet _____ on _____ unit, or is _____ only _____ wi-fi signal _____?

_____ the device supports _____ or _____?

Could _____ with an Ethernet cable?

_____ we _____ if the equipment _____ Ethernet _____ only for _____?

_____ possible _____ cable with equipment like _____ only _____ it with _____ internet?

I want _____ if _____ an ethernet cable _____ possible _____.

Is it _____ to _____ Ethernet cable _____ wi-fi.

_____ if I can use an _____ on _____ device?

Is _____ possible _____ only with _____ ethernet cable?

_____ possible to _____ using _____ ethernet _____ or is _____ only possible through _____ wireless network?

I am _____ if _____ for _____ fi _____ ethernet cable.

_____ it _____ to use _____ with a _____ device, _____ does it _____?

_____ need to _____ should use _____ wi-fi connection or a _____ called _____.

_____ wi-fi be _____ cable?

_____ I can use an Ethernet cable _____ wi-fi.

It isn't _____ if _____ support ethernet or _____ fi.

_____ this equipment support a wi-fi _____ or _____ ethernet _____?

_____ it _____ to use _____ and _____ cable?

_____ using an Ethernet cable _____ on _____?

_____ feasible with this device?

_____ possible _____ use a _____ cord _____ to the _____ service?

Is _____ possible _____ hook up an _____ wire on _____ or _____ only work via _____ transmission?

_____ you _____ if _____ is possible to _____ the ethernet _____ this _____?

_____ to use _____ cable with _____ equipment, or only with _____ device?

Can this _____ be _____ a ethernet cord?

Does _____ thing only _____ or does _____ use _____?

Is it possible to use _____ this _____?

_____ don't _____ whether the _____ work _____ an _____ a wi-fi connection.

Am _____ able _____ use _____ cable _____ this telephone _____?

_____ possible _____ support a _____ connection?

_____ it _____ to _____ this device using an _____?

Is it _____ to _____ device with _____ cable?

_____ equipment _____ wi-fi connection or is it _____ for _____ cables?

Are it _____ the cable _____ equipment or only _____ wi _____?

_____ the _____ work _____ this device?

The device _____ not known _____ it _____ ethernet _____ wi _____

_____ the _____ support a _____ connection, _____ it only good _____ cables?

_____ possible _____ an ethernet _____ as well, _____ as it is _____ with _____?

_____ we know _____ intended for use only _____ or _____ it's intended _____ use _____ connections?

_____ possible _____ connect to the _____ using wi-fi and _____?

Can I _____ cable?

_____ the _____ the _____ or is _____ only that _____ wi-fi _____?

_____ ethernet or wi fi?

_____ to use _____ ethernet cable with this _____?

Is it possible _____ use _____ with this equipment _____ use _____ conjunction with a _____?

Will _____ telephone _____ the _____ of _____ ethernet cable?

Does the _____ support the ethernet or _____ it _____?

_____ it possible _____ with an ethernet _____ device?

Is it _____ to _____ the ethernet cable _____?

Does _____ cater _____ Ethernet _____ is it only intended for _____?

Does it support connections _____?

_____ this _____ support _____ and Ethernet _____?

Is it _____ to _____ with _____ device?

Can _____ if an ethernet _____ can _____ on this _____?

I'm _____ to know _____ wi fi or an ethernet _____.

Is _____ to wifi _____ or can I _____ ethernet _____?

_____ the _____ can support either _____ or _____ fi.

I don't _____ the equipment will _____ with an _____ or _____ Fi _____.

Is _____ to _____ wi-fi and _____ cable

It's not known if the device _____ or _____.

Will I be _____ to connect _____ cable?

_____ use the cable with the _____ the wi fi-enabled one?

_____ known if _____ supports justWiFi or _____.

Is it _____ to _____ an ethernet cable, or _____ networks?

Does this equipment support a _____ only _____ ethernet cables?

Is _____ possible to _____ cable with _____ only use it _____ fi?

Is _____ possible _____ an ethernet _____ this communication unit?

_____ it _____ support _____ ethernet cord, _____ is it only _____ internet?

Is _____ possible _____ use _____ equipment or only _____ it _____ wireless internet?

_____ think it's possible to _____ on _____ cable?

Do we know if _____ forEthernet _____ it _____ for use withWiFi?

Does _____ via a _____ is it only _____ internet?

Is the cable usable if _____ or _____ only used for _____?

Will _____ to _____ an _____ cable to _____ particular equipment?

_____ device _____ it supports _____ wi fi or ethernet.

_____ it _____ to _____ cable with this device, _____ is _____ the internet?

I _____ if the _____ will work _____ an ethernet _____ or _____ connection.

Does it _____ it's possible to _____ cable?

_____ it possible to use _____ or _____ with _____ wi fi-enabled device?

Is the cable _____ with _____ device or _____?

Is it _____ an _____ cable with this _____ or _____ not?

Is it possible to use _____ with _____?

Will _____ ethernet _____ work _____ this _____?

_____ find out _____ device _____ for wi fi _____ an ethernet cable.

It is _____ device can _____ fi and ethernet.

_____ the ethernet or is _____ only that fancy _____?

_____ use the _____ this equipment and only use _____ in _____ a wi fi-enabled _____?

_____ it _____ the _____ with _____ equipment but _____ use _____ a wi Fi connection?

_____ equipment _____ a _____ connection? _____ is it only suitable _____ cables?

_____ this _____ work _____ an ethernet _____?

Is _____ possible to use an _____ device, or _____ it _____ compatible _____?

_____ for _____ to _____ connected through the ethernet cord or _____?

Is _____ to connect _____ device to _____ cable?

_____ this thing _____ with ethernet?

Is _____ possible _____ use an _____ cable _____ device?

_____ device work with _____ ethernet cable _____ just _____?

I am wondering if _____ an _____ or _____ wi-fi.

I _____ know _____ I should _____ wi-fi _____ or _____ an ethernet _____.

_____ it _____ with the equipment, or only using _____ with a _____ Fi _____?

Will I be able _____ ethernet cable _____ of relying _____?

I _____ know if this _____ will _____ cable _____ a wi-fi connection.

_____ possible this _____ ethernet use or _____ wifi?

_____ it _____ to use _____ ethernet _____ to connect _____?

_____ it possible to _____ and _____?

_____ support a wi-fi _____ it only suited _____ ethernet cables?

_____ it _____ to _____ the cable with this equipment _____ only _____?

_____ you connect _____ device _____ an _____?

Does it _____ an _____ cord, or _____ only suitable for _____?

_____ the cable _____ or only using it with wi fi?

_____ this _____ supports either wi-fi or _____.

_____ be _____ use wi-fi _____ ethernet together?
