

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Equipment troubleshooting and replacement
Inquiry Sub-Category	Sound and Picture Quality
Description	Customers seek guidance in resolving issues related to poor sound quality, distorted images, or color discrepancies on their TV screens.
Data Size	6,041 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

____ we check if ____ satellite ____ alignment ____ due ____ recent weather ____?

It's possible ____ satellite dish ____ to ____ adjusted because ____ weather.

____ our ____ by the ____ conditions?

____ it possible that ____ satellite ____ alignment due ____ the recent ____ shifts?

Are ____ to ____ our satellite dish alignment ____ weather?

We ____ know if ____ weather ____ our ____.

____ the satellite dish alignment ____ adjusted because of ____?

____ recent weather disruptions, ____ we change ____?

Can ____ check the ____ dish ____ after ____ recent ____?

____ you know ____ the ____ dish alignment ____ be adjusted ____ result of ____?

Is the ____ of the ____ the ____?

____ possible ____ dish ____ needs to ____ because of the recent weather ____?

____ there a ____ adjust ____ due to ____ weather?

____ wonder if recent weather ____ to make sure ____ is aligned.

Have ____ considered ____ affected ____ satellite dish alignment?

____ it make ____ to investigate whether the ____ alignment ____ by ____?

The storm could ____ our ____.

Do we need to ____ is affected by ____ weather?

____ we look at ____ recent ____ impact ____ our ____?

____ look at the ____ poor ____ had on ____ alignment?

Is ____ possible ____ weather has affected ____?

____ we ____ check following the recent weather ____?

Are ____ proper satellite dish angle ____ weather ____?

We ____ at our ____ dish ____ after the recent ____.

____ conditions may ____ satellite dish ____.

If your satellite dish ____ suffered ____ is ____ to ____ realignment?

We ____ need to adjust ____ satellite ____ because of ____ recent ____.

We ____ the recent weather impact on ____.

Has ____ weather ____ our ____ dish ____?

_____ to adjust _____ satellite due to storms?

_____ gauge if the weather _____ dish alignment?

Should _____ recent weather impact on _____ dish _____?

Can _____ confirm _____ satellite dish _____ compatible with recent _____?

_____ examine if weather _____ the _____ dish alignment.

Do _____ need to _____ weather impact on our _____?

I wonder if _____ has _____ dish alignment.

Is _____ to _____ weather affected satellite _____ alignment?

_____ been affected by _____ changes?

Are the _____ conditions _____ sat-dish _____?

_____ it make _____ our satellite _____ affected by _____ latest _____ conditions?

Need to _____ dish _____?

Is it possible _____ may necessitate _____ dish alignment?

Is it _____ to _____ if weather _____ alignment?

After _____ is it _____ our satellite dish?

Do you think _____ is _____ to ensure _____ accuracy _____ change _____?

_____ it _____ us _____ check _____ satellite _____ alignment _____ recent weather conditions?

_____ it _____ proper satellite dish angle after _____ changes?

_____ recent _____ conditions _____ lead _____ an _____ on _____ satellite dish.

_____ satellite _____ be re-aligned after _____ weather _____.

Is it _____ our dish alignment due _____?

_____ you tell me _____ our _____ alignment _____ of recent weather?

Is the _____ our _____ dish _____?

_____ adjusting my satellite a _____?

Can you tell me _____ our satellite _____ needs _____ be _____ because _____?

We don't know if _____ our _____.

We _____ the recent weather impact _____ our _____.

I _____ to _____ the _____ the satellite _____ alignment.

Is it _____ to _____ recent _____ conditions aligned _____ sat-dish?

Is _____ to be _____ the recent weather?

Is current _____ conditions _____ our _____?

_____ it _____ to _____ if _____ climate _____ our satellite alignment?

_____ it necessary to _____ affects our satellite dish _____?

Is _____ into _____ we have to _____ our _____ dish because _____ weather?

_____ there a need _____ dish _____ of bad _____?

_____ much _____ ask _____ satellite _____ be _____ if _____ has suffered from weather?

_____ it too much to ask that _____ satellite _____ needs _____ since _____ from weather?

Do we _____ our satellite dish alignment _____ recent weather _____?

Does the dish need _____ of bad _____?

_____ the _____ affect _____ position?

If _____ dish _____ needs adjustment due _____ recent weather conditions, _____?

Can _____ the _____ aligned with the recent weather?

I _____ climate has _____ our _____ alignment.

_____ is _____ need _____ confirmation that _____ has _____ aligned satellite dish.

Is _____ impacted _____ current atmosphere?

_____ to _____ if bad weather _____ impact on dish _____.

Do current _____ conditions _____ orientation?

_____ to _____ our dish _____ of weather?

I'm _____ if recent _____ necessitate _____ to _____ our _____ dish is properly _____.

_____ okay to adjust _____ satellite _____ storms?

Have weather _____ the _____ of _____?

Do I _____ satellite due to _____?

_____ we need _____ change _____ dish due _____ the _____?

Our sat-dish _____ impacted by _____ atmospheric conditions.

Did _____ affect the _____?

_____ adjusting _____ satellite necessary _____ to _____?

I _____ to _____ if _____ weather has _____ dish.

Did _____ weather change _____ our _____.

Maybe it's _____ to check if _____ positioning.

_____ need _____ proper _____ after the weather changes?

Do _____ verify if the _____ weather _____ align the _____?

_____ it _____ to _____ satellite dish _____ is _____ recent weather conditions?

Should _____ alignment during _____ harsh weather?

_____ should assess our _____ dish _____ after _____ weather _____ time _____ check whether bad _____ impacted _____ positioning.

Post-weather changes, do _____ have a _____ angle?

_____ possible _____ the satellite _____ alignment needs _____ be _____ to _____ weather?

Is _____ investigate whether _____ current weather _____ affect our _____ alignment?

_____ to know _____ the weather affected _____ dish _____

_____ satellite _____ may _____ to _____ adjusted _____ the recent _____.

_____ we _____ to verify _____ the dish is right _____?

Following _____ recent _____ is _____ adjustment needed?

_____ need to _____ if the weather _____ alignedsatellite _____.

_____ need _____ dish alignment during _____ harsh weather?

_____ need to know _____ weather affected _____ alignment?

_____ need _____ look _____ the _____ dish alignment _____ by the weather?

_____ affecting our sat-dish _____?

Is _____ dish _____ alignment with recent _____?

_____ we _____ re-align our satellite dish after _____?

_____ there a proper _____ for _____ the weather changes?

Shall _____ at our satellite _____ alignment after _____ weather?

Is _____ necessary _____ weather _____ satellite dish alignment?

_____ we need to adjust _____ dish _____ to recent weather?

There _____ bad weather and _____ a _____ necessary?

Is _____ sat-dish orientation impacted _____ current _____?

_____ we _____ to see _____ it affects our satellite _____?

_____ is something that should _____ considered.

Does it _____ sense to _____ alignment _____ a storm?

_____ you _____ our satellite dish is _____ line _____ the _____?

Is _____ to _____ our satellite dish _____ after _____?

Is it _____ to _____ our dish alignment _____?

_____ affect the alignment of the _____?

_____ is _____ examine if weather _____ satellite dish _____.

_____ it a good idea _____ satellite _____ recent storms?

Is _____ okay _____ adjust _____ dish because _____ bad _____?

_____ dish alignment _____ be _____ if the _____ it.

Due _____ the weather _____ check _____.

Is it necessary to look at _____ after _____?

Can you tell me if _____ necessary _____ satellite dish _____ to _____?

_____ may be _____ our _____ orientation.

_____ dish adjustment after _____ changes?

_____ to verify _____ recent conditions aligned our _____.

It _____ if _____ impacted the dish positioning.

We _____ gauge _____ weather affects our _____ dish _____.

_____ it _____ investigate _____ the satellite _____ alignment _____ affected _____ latest weather conditions?

Yes, _____ weather affect _____ dish _____?

Do we need to _____ weather _____ dish _____?

_____ the weather changes _____ alignment?

Is there _____ proper _____ the _____ dish after the _____?

_____ there any _____ if _____ weather affected our satellite _____?

_____ it necessary to _____ at _____ dish _____ after _____ weather?

Is _____ time to check if _____ weather _____?

Is _____ necessary _____ measure if _____ weather affected our _____?

_____ it _____ that our satellite _____ to _____ to weather shifts?

Will _____ affect our _____?

_____ recent weather might _____ of the _____ dish.

_____ the proper satellite _____ angle after the _____ changes?

_____ current _____ affect _____ orientation?

Do you know _____ dish _____ line _____ recent weather?

_____ to adjust our satellite dish _____ of recent weather shifts?

Is a _____ adjustment necessary in light _____?

We need _____ if _____ weather _____ our alignedsatellite _____.

_____ it _____ to gauge _____ weather affected _____ satellite _____ alignment.

Does _____ make _____ to _____ sure satellite's positioning _____ after _____ in _____?

_____ necessary _____ our dish because of the _____?

_____ the _____ position of our _____?

Do _____ need to _____ if the satellite _____ is affected _____ weather _____?

_____ check _____ weather _____ satellite dish alignment?

Need to know _____ dish _____?

_____ should _____ our satellite _____ alignment after _____.

If the weather affects the _____ dish _____ need _____.

Is _____ appropriate to determine _____ climate _____ our satellite _____?

_____ we check the satellite dish _____?

_____ weather _____ our _____ dish alignment?

_____ sense _____ make sure _____ satellite dish is still _____ after the _____ had?

We need _____ if the weather _____ alignedsatellite _____.

_____ if recent _____ conditions _____ a checkup _____ our satellite _____.

We don't know _____ the _____ affected our _____.

_____ necessary to _____ sure the _____ dish is _____ aligned _____ weather?

_____ we _____ weather impact on our _____ alignment?

_____ bad weather _____ dish _____ is _____ to check?

_____ relevant to _____ our dish _____ bad weather?

_____ possible _____ my satellite due _____ storms?

Is _____ to look _____ our satellite _____ to be _____ because _____ the _____?

Should we _____ our satellite _____ the _____?

_____ it a _____ idea _____ satellite _____ alignment because of _____ weather?

Will we look _____ dish _____ after _____ recent _____?

Should I _____ with _____ due to storms?

_____ it necessary to _____ dish alignment is affected by _____?

_____ would _____ know if we need to _____ satellite dish alignment _____ to _____ recent _____.

____ the weather ____ mean you ____ dish alignment?
 ____ you ____ to adjust the ____?
 Can you ____ me if ____ weather ____ to our satellite ____.
 ____ necessary ____ us ____ recent climatic conditions did ____ align our sat-dish?
 Can you tell me ____ the ____ alignment ____ because of ____?
 Are ____ weather ____ the satellite dish ____?
 Do we make ____ is ____ the weather changes?
 Following ____ recent weather conditions do ____ need ____?
 ____ need to ____ if the weather ____ moved ____.
 The weather has ____ alignment.
 Is ____ make sure ____ weather ____ affect dish ____?
 Are ____ atmospheric ____ sat-dish ____?
 Shall we ____ our ____ dish ____ after the ____?
 Does it ____ the ____ after recent weather?
 Does ____ affect ____ dish ____?
 Should ____ if ____ climate ____ impacted our satellite ____?
 ____ it ____ sense ____ check if bad ____ affects ____?
 Should we look if the ____ affected ____?
 ____ recent ____ on ____ dish alignment is questionable.
 After recent weather ____ we re-align ____?
 Should we change ____ due ____?
 Is it ____ that ____ dish ____ needs to ____ of ____ weather?
 ____ should ____ if ____ has ____ our satellite alignment.
 Is it ____ that our dish ____ be ____ due ____ weather?
 ____ it make ____ to ____ sure this satellite ____ is ____ aligned after ____?
 Is ____ necessary to ____ at our satellite ____ weather?
 Can we verify ____ the ____ line ____ weather conditions?
 ____ if the recent weather conditions necessitate ____.
 ____ it necessary ____ satellite ____ alignment to be adjusted ____ to ____?
 ____ weather affect satellite ____?
 ____ it ____ for us ____ adjust ____ satellite dish alignment ____ result ____ recent ____?
 ____ gauge ____ the ____ affected our dish alignment.
 ____ the ____ moved ____ alignedsatellite dish, ____ need ____.
 ____ we ____ to re-shape ____ dish ____ weather disruptions?
 ____ it necessary ____ a ____ adjustment ____ recent ____ weather?
 Does ____ sense to make sure ____ aligned ____ the bad weather?
 ____ the satellite dish alignment.
 ____ too much to ____ that ____ satellite ____ needs realignment ____ it's ____ from ____?
 ____ the bad ____ a ____ needed?
 Can we ____ sure a ____ after the ____ changes?
 ____ dish alignment ____ to be ____ due to ____ conditions.
 Do we need ____ alignment due to ____?
 ____ moved ____ alignedsatellite ____ we ____ confirmation.
 There ____ need to ____ has ____ our alignedsatellite dish.
 Is ____ necessary to alter ____ due ____ bad ____?
 Satellite ____ need ____ be ____ due ____ weather conditions.
 Post-weather, is it ____ satellite dish ____?
 Is it ____ satellite due ____ storms?
 Satellite alignment ____ weather changes.
 Is it ____ for us ____ because of bad ____?

Can _____ tell _____ recent weather necessitates adjustment _____ dish _____?

Is _____ satellite dish aligned _____?

Is a _____ adjustment _____ to _____?

_____ would like to know _____ dish _____ to _____ because of the _____.

_____ it _____ to _____ satellite dish _____ after the _____?

_____ we investigate _____ dish alignment is _____ by the _____?

_____ the recent _____ alignment of our _____ dishes?

Should _____ the weather _____ satellite dish?

_____ should examine _____ recent _____ impact _____ dish alignment.

_____ it necessary to _____ the recent _____ sat-dish?

Is _____ possible that _____ to _____ satellite _____ of the weather?

_____ need to _____ satellite _____ due _____ the weather?

_____ we _____ satellite dish _____ is affected by _____ current weather _____?

_____ it _____ sense _____ the _____ dish after the recent _____?

Is it _____ dish alignment _____ to be _____ recent weather changes?

_____ should _____ the satellite dish alignment _____.

Do we need to _____?

_____ storm affect _____ alignment?

_____ weather conditions _____ an _____ to _____ satellite dish is aligned.

Is it _____ good idea _____ re-shape _____ after _____ weather _____?

_____ if our _____ dish alignment is _____ by the latest _____.

_____ wonder if a _____ necessary after _____ bad _____.

Satellite dish alignment _____ assessed _____ weather.

Does _____ make _____ to look _____ we _____ to adjust our _____ dish because _____?

_____ satellite dish _____ with _____ weather conditions?

_____ change the location _____ our _____ dish _____ the recent _____?

_____ it worth asking _____ satellite dish _____ adjusted _____ the weather?

We need _____ moved our satellite _____.

_____ atmospheric conditions _____ our _____ orientation.

Do _____ need _____ know if the dish _____ line _____?

After _____ recent weather _____ we _____ our _____ dish?

Do _____ dish alignment _____ to harsh weather?

_____ necessary _____ check _____ dish alignment after a _____?

_____ it possible that poor _____ has _____ our _____.

Is the storm _____ line _____?

The _____ impacted by _____?

_____ a _____ change _____ after bad _____?

_____ we _____ to _____ the _____ of the weather?

Is _____ to _____ the _____ impacted dish positioning?

Is _____ examining if our _____ to _____ adjusted due to _____?

Is _____ affecting our sat-dish _____?

Post-weather, _____ to _____ satellite dish alignment?

Do _____ see _____ changes affect _____?

_____ adjustment _____ the dish?

The satellite _____ might need to _____ of _____.

Is there _____ investigate if our _____ dish alignment _____ the _____?

Is _____ aligned with the _____ weather _____?

Is it _____ looking _____ our _____ dish _____ adjustment _____ the weather?

Do _____ have _____ re- _____ dish?

Is it too _____ to ask _____ realignment, _____ suffered from weather?

_____ need to _____ bad weather affected _____ positioning?

Mother _____ might have _____ up _____.

Is _____ appropriate _____ to _____ satellite due _____ storms?

Does _____ be _____ the _____ is in line _____ recent weather?

_____ to ensure _____ after the weather change?

_____ a need to gauge _____ weather _____ our _____ dish _____?

Should _____ check _____ the recent _____ on _____ satellite dish _____?

The weather _____ affect _____ alignment.

_____ you _____ our _____ dish _____ line with the _____ weather conditions?

_____ recent weather _____ be _____ dish alignment.

_____ conditions may affect the _____ alignment.

_____ much to ask _____ satellite dish needs _____ since it _____ weather?

We should _____ dish _____ after _____ recent weather.

Is it possible _____ needs _____ adjusted due to the _____ changes?

Is it _____ to look _____ satellite _____ after a _____?

_____ it _____ idea to _____ dish _____ due to the _____ weather?

_____ it too much to ask _____ satellite _____ realignment because _____ suffered from _____?

Does _____ you _____ to check the _____ alignment?

_____ tell me if recent _____ necessitates _____ dish alignment?

Are _____ adjust our _____ alignment due to _____ recent _____?

Is it _____ for _____ check _____ our _____ recent weather conditions?

_____ a dish adjustment _____ after _____?

_____ the sat-dish _____ impacted _____ conditions?

Is _____ not _____ much to _____ sure _____ satellite _____ is still aligned _____?

_____ wonder if _____ weather _____ necessitate an _____ ensure _____ dish is _____ correctly.

Does _____ adjustment _____ to _____ done _____ bad weather?

_____ it _____ see if _____ weather _____ dish positioning?

Satellite _____ being _____ storm?

Is _____ necessary _____ gauge _____ weather impact on our _____?

Is _____ to examine _____ dish alignment _____ the _____?

Is _____ affecting _____ dish alignment?

I wonder if our _____ dish _____ needs _____ be _____ because _____ weather _____.

The _____ may _____ checking the _____.

Will the _____ satellite _____ alignment?

_____ weather shift _____ it _____ to _____ dish alignment.

Is it _____ for _____ to _____ conditions unaligned our _____?

_____ you _____ me if our satellite _____ alignment _____ weather?

_____ dish _____ need to _____ to recent weather conditions.

_____ it necessary to _____ a _____ at _____ recent weather?

It is necessary _____ weather moved _____ dish.

_____ changes, _____ we _____ sure the dish _____ is _____?

_____ weather issues, _____ dish.

Will _____ look at _____ satellite dish _____ the _____?

_____ we _____ dish _____ after the weather?

Is it a good _____ to check our _____ recent _____?

Is _____ asking _____ to _____ satellite dish _____ aligned after the _____ weather?

_____ we check our dish alignment _____ the _____?

Is _____ necessary _____ adjust our dish _____ bad _____?

_____ wonder if I _____ worry about _____ satellite due _____.

Mother _____ could have _____ satellite _____.

We should _____ our _____ dish alignment after _____.
 Is _____ satellite _____ affected _____ the _____?
 _____ check _____ bad _____ affected the dish positioning.
 We _____ check the _____ dish alignment because _____ impact.
 _____ it _____ for _____ to _____ our _____ dish alignment _____ a _____ recent weather?
 Does _____ with recent _____ conditions?
 _____ we going _____ re-align our satellite _____ the recent _____?
 Is _____ an assessment of our _____ dish _____ after _____?
 I _____ if recent weather _____ necessitate _____ our _____?
 _____ make _____ to look into whether _____ satellite _____ needs to _____ of changing _____?
 Does _____ make sense _____ check if our _____ dish alignment _____ conditions?
 Need to _____ the _____ affected the _____ alignment?
 If _____ weather affected _____ we be concerned?
 _____ should _____ at _____ impact _____ climate has _____ satellite alignment.
 Should _____ our satellite _____ alignment as _____ result _____ recent _____?
 _____ the dish adjustment _____ the _____?
 _____ recent _____ necessitate an _____ satellite dish alignment?
 Are our _____ in _____ weather conditions?
 _____ it _____ to _____ if recent _____ conditions _____ our sat-dish?
 _____ weather _____ us to _____ our _____.
 _____ the current atmospheric _____ our _____?
 _____ you _____ it's _____ to ensure _____ positioning accuracy after _____?
 _____ we investigate if _____ satellite _____ by the current weather _____?
 Is _____ much _____ your satellite _____ needs realignment since it _____ from _____?
 Check _____ dish _____ of _____ weather _____.
 _____ tell _____ if the _____ dish _____ in line with _____ weather?
 I would like to know if the satellite dish _____ to _____ shifts.
 _____ there a possibility that _____ satellite _____ needs to be _____ the _____?
 _____ alignment might _____ affected _____ storm.
 _____ dish _____ need _____ be adjusted _____ the recent weather _____.
 Is there _____ satellite dish angle _____ the _____?
 _____ we need to _____ our satellite _____ the _____?
 Do _____ have _____ look _____ our satellite _____ alignment after _____?
 _____ a dish change necessary after _____?
 _____ it worth _____ if the _____ be adjusted _____ of the _____?
 _____ is it _____ look at _____ dish alignment?
 Did _____ impact _____ positioning?
 Can you _____ if our _____ alignment needs to _____ the weather?
 _____ we _____ to adjust _____ dish _____ of the _____ changes?
 Did _____ affect our _____?
 _____ you _____ satellite _____ alignment _____ to _____ adjusted _____ to recent weather?
 I need to see _____ the _____ the _____.
 We need _____ whether _____ has moved _____ satellite _____.
 _____ have to _____ our _____ dish alignment _____ of the _____ weather?
 Will we _____ to _____ satellite dish because _____?
 Are _____ in line with _____ satellite dish?
 If _____ satellite _____ because of the weather, _____ looking into?
 Is _____ changes _____ our satellite alignment?
 Have _____ conditions _____ sat-dish _____?
 _____ orientation _____ by current atmospheric conditions.

_____ the recent bad _____ is _____ ?

After the bad weather _____ having, _____ it too _____ make _____ satellite dish _____ aligned?

_____ our satellite dishes _____ recent _____ conditions?

The _____ affect the _____ our _____ dish.

_____ we _____ verify if the dish _____ with recent _____?

We _____ to know _____ weather affected _____ satellite _____.

_____ need to _____ if _____ aligned our sat-dish?

_____ to make sure _____ positioning accuracy after _____?

Does it make _____ to _____ if _____ satellite dish needs _____ because _____?

The _____ affecting our satellite _____.

We need to _____ if _____ has _____ aligned satellite _____.

Should _____ look into _____ our _____ dish _____ of _____ weather?

Do we need to _____ if our _____ alignment _____ adjustment _____ to _____?

_____ the _____ affecting _____ satellite _____?

Is it _____ your satellite dish be realigned _____ to _____?

_____ wonder if the _____ conditions _____ examination _____ sure _____ satellite dish _____ aligned?

Does _____ make _____ our satellite _____ alignment after the _____?

_____ changes are _____ sure _____ satellite dish angle?

_____ make _____ to adjust our satellite _____ to _____ changes?

Did _____ our satellite dish _____?

Should _____ look into _____ climate _____ impacted our _____?

Is it possible _____ dish _____ be adjusted _____ of recent _____ shifts?

_____ it make _____ make sure satellite's _____ accuracy _____ change?

_____ we check _____ satellite _____ after recent _____?

_____ should _____ recent _____ impact on _____ satellite dish _____.

_____ wonder if the _____ weather conditions necessitate _____ examination _____ our satellite _____?

After the recent _____ should _____ re-align our _____?

Is it a _____ satellite dish after _____ disruptions?

_____ there _____ need to _____ the _____ the dish alignment?

The _____ may _____ be re-aligned _____ the _____ weather disruptions.

Do _____ it _____ necessary _____ ensure satellite's positioning accuracy _____ change?

_____ it _____ good _____ to re-align our _____ dish _____ recent _____ disruptions?

Is _____ a good idea to check if _____ satellite _____ recent weather?

_____ need _____ on _____ weather _____ our alignedsatellite dish.

_____ necessary _____ a proper satellite dish angle _____ weather _____?

_____ it _____ into whether _____ be adjusted due to weather changes?

I _____ if _____ weather conditions necessitate _____ examination _____ ensure _____ dish _____ correctly _____

_____ poor climate _____ satellite _____?

Is _____ to re-locate _____ satellite dish _____ recent _____?

_____ weather raises _____ if a dish adjustment _____ necessary.

_____ you know if our _____ is in _____ weather?

_____ there _____ our _____ alignment _____ to be adjusted because of _____ weather shifts?

Is it possible _____ our satellite _____ because of weather _____?

I _____ weather _____ need _____ looked at _____ ensure _____ satellite dish _____ aligned.

Do we _____ if the recent _____ unaligned _____?

_____ dish _____ be _____ by weather.

_____ necessary _____ if _____ affects satellite dish _____.

Is it _____ adjust our _____ because _____ changing weather?

_____ wonder _____ recent weather _____ an _____ to ensure _____ dish is correctly _____.

It is _____ to _____ weather affected _____ dish _____.

Is it _____ to adjust _____ satellite dish alignment _____ of _____ ?

_____ we need _____ our _____ due to _____ weather?

Do _____ to check _____ in line _____ the weather?

Should we _____ alignment after _____ recent weather?

_____ it necessary _____ verify _____ the _____ align our sat-dish?

The satellite _____ be _____ weather.

Does _____ satellite _____ need to be _____ because of _____ ?

Current _____ affecting _____ sat-dish _____?

_____ the _____ need to _____ because _____ the weather?

_____ we need to _____ alignment is affected by the _____?

_____ the _____ the dish.

_____ you tell _____ if recent _____ an _____ our satellite dish _____?

Is it time _____ if bad _____ messed _____?

_____ dish need to _____ realigned because _____ suffered from _____?

_____ it _____ verify if the recent weather _____ didn't _____?

_____ too much to make _____ the satellite dish _____ aligned after _____ bad weather _____.

_____ our _____ affected by _____ atmospheric conditions?

_____ it _____ much _____ to ask if your _____ dish needs realignment _____ has _____ weather?

Is it necessary to review _____ alignment _____?

_____ it _____ whether the _____ climate _____ impacted _____ satellite alignment?

Is it _____ check _____ bad weather affects _____ positioning?

_____ satellite dish alignment _____ been _____ the recent _____.

_____ weather _____ satellite alignment?

_____ it _____ to check _____ satellite dish after _____ weather _____?

_____ we have to _____ dish _____ the weather?

After _____ weather _____ been _____ make sense to make sure the satellite _____ aligned?

Do _____ to check our _____ alignment after the _____?

_____ need _____ investigate _____ our satellite dish _____ is _____ weather conditions?

_____ the _____ atmospheric conditions _____ our _____?

I wonder _____ recent weather _____ to make sure our satellite _____.

_____ it a good _____ check _____ our _____ needs _____ due to _____ weather?

_____ you _____ if _____ satellite dish _____ affected _____ the weather?

_____ wonder if _____ time to _____ bad _____ dish positioning.

The _____ should be checked _____ weather _____

Check _____ impacted dish _____.

_____ you know if recent _____ necessitates _____ our _____ alignment?

_____ dish _____ with the recent weather?

Is _____ recent weather _____ satellite dish _____ relevant?

_____ dish _____ be adjusted due to _____ weather changes?

Current weather _____ sat-dish _____.

_____ me if we have _____ adjust _____ alignment because _____ recent weather?

_____ sense to make _____ satellite's _____ accuracy post weather _____?

_____ check if the _____ the satellite _____ alignment?

_____ in line with _____ current weather conditions?

_____ there _____ need to gauge _____ weather affected our _____?

_____ impacted by the current atmospheric conditions.

_____ the latest _____ affect our satellite _____ alignment, _____ to investigate?

Is _____ necessary _____ satellite _____ after the recent _____?

Is _____ alignment of _____ satellite _____ recent weather?

We _____ to re-align _____ recent weather disruptions.

____ atmospheric ____ impacting our ____ ?
 Do ____ need ____ check whether bad weather ____ ?
 Is our ____ affected ____ the ____ conditions?
 Is it ____ make ____ the ____ dish is ____ the lousy weather?
 Is ____ sat-dish orientation ____ conditions?
 ____ it too ____ ask that your ____ realigned because it ____ suffered ____ weather?
 Can you tell me ____ satellite ____ requires ____ as a ____ of ____ ?
 ____ a ____ because ____ the recent bad weather?
 The ____ me wonder if ____ dish adjustment ____ necessary.
 ____ adjusting the ____ recent weather?
 ____ satellite ____ adjusted ____ to ____ recent weather shifts?
 ____ you ____ if ____ is ____ alignment with the weather?
 Do we ____ the ____ climate ____ aligned our sat-dish?
 ____ it possible to check the ____ dish ____ after ____ ?
 Shouldn't ____ satellite ____ after recent weather ____ ?
 ____ it make sense ____ our ____ dish ____ of the ____ ?
 Do we ____ sure ____ the ____ in line with recent ____ ?
 ____ think ____ satellite ____ needs realignment due to ____ ?
 Is it worth ____ our ____ needs ____ adjusted because ____ weather?
 Is ____ proper angle ____ satellite dish post-weather ____ ?
 Should ____ satellite ____ after recent weather ____ ?
 ____ you ____ the dish ____ when the ____ ?
 ____ it necessary to check our satellite ____ ?
 ____ we need ____ check if ____ affected ____ alignment?
 ____ wonder if ____ conditions necessitate a satellite ____ ?
 If ____ dish ____ is it time ____ check?
 ____ dish alignment is affected by the latest weather conditions?
 ____ the ____ messing with ____ satellite ____ alignment?
 ____ we have to ____ dish ____ to the weather?
 ____ our satellite ____ been ____ the ____ ?
 Is ____ impacting our ____ alignment?
 ____ it ____ much ____ that ____ satellite ____ realigned if ____ suffered from weather?
 Do you ____ make sure the ____ dish is ____ aligned ____ the ____ weather ____ ?
 ____ shift could mean ____ alignment.
 Should we consider the ____ poor climate has ____ ?
 ____ there a ____ angle post-weather?
 ____ need to make ____ that the ____ in ____ with ____ weather ____ ?
 Is it ____ dish alignment needs ____ be adjusted because ____ the ____ ?
 ____ we need to make ____ the ____ weather?
 Does the ____ shift ____ the dish ____ ?
 Do you ____ to ____ accuracy ____ the weather change?
 We should ____ to ____ the weather ____ our ____ dish ____ .
 Am ____ supposed ____ assess ____ alignment ____ the recent weather?
 Is it necessary ____ after the weather?
 ____ weather, ____ we ____ our satellite dish alignment?
 Am I supposed to ____ alignment ____ the recent ____ ?
 ____ it a good ____ dish ____ recent weather disruptions?
 Do ____ satellite dish after the recent weather ____ ?
 ____ satellite dish align ____ weather?
 ____ it time to ____ if ____ weather ____ dish ____ ?

After _____ will we assess our _____ dish _____?

Is it too much _____ that _____ satellite _____ be _____ suffered _____ the weather?

_____ satellite dish alignment after _____ recent weather.

Should we _____ weather _____ on our _____?

Is _____ satellite _____ angle _____ the weather changes?

Do _____ need to verify _____ the _____ align _____ our sat-dish?

It's time to check _____ bad weather _____.

_____ the recent _____ a _____ adjustment necessary?

_____ the _____ weather affect _____ dish _____?

Is _____ idea _____ check whether _____ weather impacted _____ positioning?

Do current _____ affect our _____?

_____ weather _____ our satellite dish alignment?

_____ recent _____ conditions necessitate _____ to _____ satellite dish is correct.

_____ climate having an impact _____ alignment?

_____ if recent weather conditions necessitate _____ make sure _____ satellite _____ correctly.

_____ recent _____ affected our _____ alignment?

_____ recent weather can we assess _____ satellite _____?

Did the _____ weather _____ satellite dish _____?

_____ it make sense for us _____ dish alignment _____ of _____?

_____ you _____ recent weather necessitates _____ to _____ satellite _____ alignment?

Can you _____ that _____ satellite dish _____ with _____ weather _____?

_____ we _____ out _____ recent _____ on the dish?

_____ make sure the dish matches the _____?

_____ the _____ necessitate a dish _____?

Is it _____ to _____ satellite _____ up again because of _____ weather?

Is it necessary to _____ dish alignment _____?

_____ we need to change _____ bad weather?

Is _____ much _____ your satellite dish _____ because _____ the weather?

_____ we need _____ dish after recent _____ disruptions?

_____ you need _____ adjustment _____ weather?

Can you confirm _____ is _____ line with _____ conditions?

Is it too much _____ ask _____ satellite _____ realignment, or _____ it _____ from _____?

_____ if the recent _____ conditions necessitate the _____ of _____.

There is _____ if _____ has altered the dish-onics.

Should _____ satellite dish _____ due to _____ weather impact?

_____ need _____ whether _____ weather moved _____ aligned satellite dish.

_____ going _____ have _____ adjust _____ satellite _____ alignment _____ to recent weather?

There _____ question regarding a proper _____ dish _____ the _____.

_____ current _____ conditions _____ our sat-dish _____?

_____ check the weather _____ the _____ dish?

_____ too _____ to ask that your _____ needs realignment _____ from weather?

_____ into _____ satellite _____ an adjustment because of the weather?

_____ there _____ need _____ check _____ bad _____ affected dish _____?

Post-weather _____ we _____ proper satellite dish _____?

_____ weather impact on _____ be looked at?

_____ time _____ check _____ weather _____ dish positioning.

Is _____ to verify _____ the dish _____ with recent weather?

Shouldn't _____ make _____ is _____ aligned after _____ bad weather?

I _____ if _____ necessitate an examination _____ sure _____ dish is perfectly _____?

_____ if our _____ dish needs to _____ because _____ the weather?

Can you confirm that the _____ is in _____?

Do we _____ to know if _____ dish?

Does it _____ to _____ if _____ recent _____ unaligned our _____?

_____ we need to check _____ our sat-dish?

Can _____ be time _____ bad weather impacted _____?

Please _____ if _____ weather has _____ our alignedsatellite _____.

The _____ our satellite dish _____.

Is _____ worth _____ whether _____ satellite _____ needs _____ adjusted because of _____ weather?

Are our _____ alignment affected _____?

_____ our _____ affected by weather _____?

_____ anyone _____ we _____ proper _____ dish _____ after the weather changes?

After _____ recent _____ re-align our satellite dish?

_____ need to change _____ dishes because _____ weather?

_____ you _____ me _____ satellite _____ alignment _____ affected by _____ weather?

_____ the alignment of _____ affected _____ current weather conditions?

_____ the _____ weather affect _____ alignment?

_____ we _____ re- _____ our satellite _____ recent weather disruptions?

_____ there _____ to _____ if the recent _____ our sat-dish?

Does it need to be assessed _____ satellite _____ adjustment _____?

_____ we _____ the _____ climate _____ had on our satellite _____?

_____ may have _____ unaligned by the _____.

Should we _____ at the _____ impact _____?

Should we look _____ the _____ impact _____ the _____ dish _____?

_____ there _____ Satellite dish angle _____ weather _____?

Are _____ adjust _____ dish alignment due _____ recent weather?

Has the weather _____ affect _____?

_____ the bad _____ is a _____?

_____ a _____ idea _____ rearrange _____ satellite dish after recent _____?

_____ to adjust our satellite _____ because _____ the _____ weather?

_____ you confirm if our _____ in _____ with _____?

After _____ may _____ check our _____ dish alignment?

It's _____ to _____ bad _____ dish positioning.

_____ make _____ to _____ our _____ dish alignment after _____ weather _____ bad?

Is _____ dish alignment due _____ the recent weather?

_____ good _____ to _____ the satellite _____ recent weather disruptions?

Do we have _____ make adjustments _____ dish _____ bad _____?

_____ recent _____ weather may lead to _____.

_____ you know if the _____ has _____ our _____?

Is _____ proper _____ angle post-weather _____?

_____ we _____ our _____ dish _____ due to recent _____?

_____ your _____ need realignment because it _____ suffered _____ weather, _____ it too much _____?

_____ you need _____ weather affected _____ dish alignment?

_____ the _____ weather _____ our _____ alignment?

Can _____ if the satellite _____ is _____ line with _____ weather _____?

_____ weather affect _____ satellite _____ alignment?

Do you _____ we _____ to adjust _____ alignment _____ to the _____ weather?

Is _____ possible to re- _____ satellite _____ after _____ disruptions?

Does _____ our satellite dish _____ to be _____ because of _____?

Is it too much to ask _____ to _____ the satellite _____ after _____ weather?

Satellite _____ will be impacted _____?

_____ a good _____ check if the _____ weather impacted _____?
 _____ it _____ investigate whether the satellite _____ alignment is _____ current _____?
 It is _____ that our _____ be _____ to the recent _____ changes.
 _____ it _____ the _____ climate has _____ satellite alignment?
 _____ weather require _____ dish adjustment?
 _____ if the _____ an examination _____ satellite dish is correctly aligned.
 Does _____ adjustment _____ to _____ after _____ recent bad _____?
 Do we need _____ if _____ interfered with _____ dish _____?
 _____ recent _____ affect our _____ alignment.
 Should we take _____ look at the _____ has _____ our _____?
 _____ wonder if _____ weather conditions _____ to ensure _____ dish's alignment?
 Is it _____ us to investigate _____ the _____ is _____ by the _____?
 _____ possible to _____ satellite dish after _____ weather _____?
 Is _____ time _____ whether _____ weather impacted _____ positioning?
 _____ much _____ ask that your _____ dish requires _____ because _____ the _____?
 Should we _____ to see _____ poor _____ has impacted _____?
 _____ it _____ that _____ need _____ our _____ dish _____ because _____ the recent _____ changes?
 _____ it _____ the _____ dish after recent weather?
 Mother Nature _____ messed _____ your _____.
 Is _____ if _____ dish _____ in _____ with recent weather conditions?
 Mother _____ interfered _____ your satellite _____.
 _____ possible _____ poor climate has impacted _____ alignment?
 Is it _____ to _____ satellite dish _____ recent weather?
 _____ know _____ the _____ an effect on our satellite _____ alignment?
 Is the recent _____ affecting _____ satellites?
 _____ the _____ our _____ dish alignment?
 _____ you _____ if _____ weather has relocated _____ alignedsatellite _____?
 Is there _____ dish angle when _____ weather _____?
 Is it _____ weather _____ to _____ satellite dish alignment?
 _____ necessary _____ gauge _____ the _____ affected the satellite dish _____?
 Maybe we _____ change _____ dish _____ of bad _____.
 Is _____ recent weather _____ alignment?
 Does _____ sense to investigate _____ latest weather _____ satellite _____ alignment?
 Does the recent _____ affect _____?
 _____ should _____ our satellite dish _____ recent _____ disruptions.
 Is it _____ to make _____ bad weather _____ not _____?
 Can _____ assess our _____ dish alignment after _____?
 _____ alignment _____ be _____ the weather.
 _____ weather _____ may _____ an _____ make sure our satellite _____ is _____.
 _____ should we examine _____ alignment?
 _____ check _____ satellite dish alignment _____ weather?
 _____ alignment _____ the satellite _____ be affected _____ the _____.
 The _____ needs _____ be _____ due to _____ weather _____.
 I _____ recent _____ conditions necessitate _____ examination of _____ dish?
 Is the _____ dish _____?
 Shall _____ look _____ alignment after recent weather?
 Are _____ required to verify if _____ recent _____ conditions _____?
 _____ need to verify _____ the dish _____ in _____ with _____ conditions?
 _____ your _____ align _____ the recent weather _____?
 The alignment _____ our satellite _____ might be _____ latest _____.

I wonder ____ recent weather ____ lead ____ our ____ dish.
 ____ recent ____ is it necessary ____ adjust our ____?
 ____ weather ____ affect our ____ alignment.
 Is it ____ to ____ satellite dish needs realignment if ____ the ____?
 ____ it ____ our satellite ____ due to recent weather?
 ____ need to adjust ____ satellite dish because ____ the ____?
 Should we examine ____ satellite dish ____?
 ____ should we ____ proper satellite dish ____?
 ____ atmospheric conditions effecting our ____?
 ____ it necessary ____ change our satellite ____ recent weather?
 ____ adjust dish?
 ____ it possible ____ weather necessitates adjustments ____ dish alignment?
 ____ might have been ____ weather.
 Does ____ make sense ____ our satellite dish ____ after ____.
 ____ check the ____ alignment ____ to recent weather conditions?
 Should the ____ impact ____ dish be ____ at?
 Is ____ alignment ____ our ____ dish affected by ____ weather ____?
 ____ it ____ to adjust our ____ due to ____ recent weather ____?
 ____ to figure out if ____ affected ____ dish ____.
 Can ____ me if the satellite dish ____ be ____ due to ____?
 Is ____ alignment of ____ satellite ____ affected by ____?
 ____ you ____ if ____ satellite ____ line with ____ weather conditions?
 If ____ satellite ____ needs adjustment after ____ recent ____ is ____ assess?
 Is it necessary ____ satellite dish alignment ____ to ____ weather ____?
 Is it ____ verify if ____ unaligned the sat-dish?
 Is there a chance that our ____ dish ____ to ____ weather shifts?
 Are it time to ____ if bad ____?
 Is it a ____ idea to ____ if ____ satellite ____ alignment ____ weather conditions?
 ____ that ____ satellite dish alignment requires adjustment ____ of ____ weather?
 ____ we ____ to ____ the satellite dish alignment is ____ conditions?
 Should ____ re-position our ____ after recent ____?
 Is it ____ to ____ bad weather impacted ____ positioning?
 Do we ____ to check if our ____ dish ____ is ____?
 ____ you tell me if the ____ affects ____ dish ____?
 ____ bad ____ is a ____ needed?
 ____ the ____ disruptions ____ we re-position ____ dish?
 Satellite ____ affected by ____ impact?
 Is it ____ to ____ that your ____ requires realignment ____ from the weather?
 Is ____ best ____ whether ____ has impacted ____ satellite alignment?
 Following ____ weather conditions, ____ we check our ____?
 ____ we check ____ see if ____ poor ____ affected ____ satellite ____?
 ____ weather changes affected ____ our ____?
 ____ to ____ issue, ____ dish
 ____ the ____ weather, ____ take ____ look at our satellite ____?
 ____ may have affected ____ satellite ____ alignment.
 Is the recent ____ affecting ____?
 We don't know ____ weather ____ aligned ____ sat-dish.
 ____ dish alignment when ____?
 ____ we ____ weather affected our satellite dish alignment?
 Can you tell me ____ the ____ adjustment ____ the ____ weather?

We ____ assess our ____ recent weather.
 Can we ____ dish ____ weather?
 Is ____ necessary ____ gauge if ____ weather ____ dish alignment?
 Post-weather ____ do we ____ proper satellite ____?
 The recent weather ____ alignment.
 ____ you know if our ____ alignment ____ to ____ to ____ recent weather ____?
 ____ we ____ dish ____ in line with the weather?
 ____ you ____ me ____ recent ____ necessitates the ____ our satellite dish ____?
 Satellite ____ alignment needs ____ be looked at ____.
 Do we ____ to ____ if the ____ our satellite ____?
 Does it make ____ us ____ our ____ alignment due to ____?
 Maybe we should ____ satellite dish ____ weather ____?
 the ____ might ____ messing ____ alignment
 ____ look at ____ effects ____ climate has had ____ satellite ____?
 Do we need ____ alignment after ____ recent ____?
 ____ with the recent weather?
 ____ to adjust our ____ because of bad ____?
 ____ tell me ____ dish ____ requires adjustment ____ of the weather?
 ____ if the ____ is in ____ with recent weather conditions?
 Is it ____ too ____ sure this ____ is still ____ after ____ weather?
 The ____ weather may ____ had ____ effect ____ dish alignment.
 ____ it possible that ____ atmospheric conditions ____ orientation?
 ____ weather conditions ____ sat-dish, do we ____ verify?
 ____ it too ____ to ____ Satellite dish needs ____ has suffered ____ weather?
 Does it ____ sense ____ our ____ dish needs to be ____ weather?
 Is ____ possible ____ dish ____ to be ____ due to ____ recent ____ fluctuations?
 Is ____ necessary ____ satellite ____ following recent ____ conditions?
 ____ we need ____ adjust ____ dish ____ the weather?
 Is the weather ____?
 ____ our satellite dish after the recent weather?
 Is it ____ the weather affected our ____ alignment?
 ____ wonder if ____ weather ____ necessitate ____ examination to ____ dish ____ correctly aligned?
 Is ____ possible that our ____ needs ____ to the ____ weather shifts?
 ____ need to ____ due to the weather?
 ____ our ____ dish in line ____ recent ____?
 ____ wonder if ____ weather ____ an ____ to ensure our dish ____?
 Shall ____ satellite ____ alignment ____ the recent weather?
 ____ to check the ____ dish alignment ____ the recent weather?
 ____ weather changes ____ our ____.
 ____ to ____ if ____ weather has ____ alignedsatellite dish.
 Should ____ look ____ impacts ____ climate on our satellite ____?
 ____ our satellite ____ worth ____ into ____ the weather?
 ____ we ____ there is a proper ____ dish ____ after ____ changes?
 Is ____ too much ____ you to ____ sure ____ satellite dish is ____ aligned ____ bad ____ having?
 ____ the recent ____ dish adjustment required?
 Can the weather ____ satellite ____?
 ____ make sense ____ into ____ our ____ adjustment because of the weather?
 ____ weather altered ____ satellite ____ alignment?
 ____ make sense ____ make sure ____ positioning ____ is ____ after the ____?
 ____ dish ____ be made ____ recent bad weather?

If recent _____ conditions _____ satellite _____ should we check _____?
 Do we _____ to _____ our dish _____ the _____?
 Are _____ changes _____ satellite _____?
 _____ we _____ to check _____ alignment due _____ the _____?
 Is _____ good _____ check our satellite _____ due to _____ conditions?
 Are _____ atmospheric _____ our sat-dish _____?
 _____ it a _____ to _____ the dish positioning _____ weather?
 _____ that bad weather impacted dish _____.
 _____ too _____ to _____ if the _____ dish is messed up because _____?
 _____ we _____ the satellite _____ alignment _____ recent weather impact?
 Do we need _____ alignment _____ to recent _____ conditions?
 Should _____ check the recent _____ dish alignment?
 _____ weather _____ affected the _____?
 _____ the recent _____ weather, is _____ dish _____?
 _____ to re-align _____ satellite _____ after the recent _____ disruptions?
 Need _____ adjustments _____ the _____?
 _____ changing affecting _____ satellite _____?
 Has _____ recent _____ affected _____ satellite _____?
 Is _____ alignment _____ by _____?
 _____ could affect our _____.
 Can _____ weather _____ the _____ alignment?
 _____ too much to _____ that your satellite _____ requires _____ weather?
 _____ it _____ to ask that _____ satellite dish _____ after _____ weather?
 Should we look _____ the _____ poor _____ on _____ alignment?
 _____ to _____ dish after the weather?
 We need to _____ weather relocated the _____.
 Is _____ idea _____ re-align _____ satellite dish _____ weather disruptions?
 _____ we need _____ check the weather _____ our _____?
 I _____ recent weather necessitates _____ examination to ensure our _____ is _____.
 _____ dish _____ affected by the weather.
 Do _____ need to _____ the recent _____ conditions _____ sat-dish?
 _____ the recent conditions _____ our _____ do _____ verify?
 Are _____ to _____ weather _____ our satellite dish alignment?
 _____ make sense to look _____ our _____ dish has _____ be adjusted _____ weather?
 _____ possible _____ satellite dish alignment _____ to be _____ of _____ weather?
 _____ satellite _____ affected by _____?
 _____ possible _____ our _____ alignment _____ be adjusted _____ to the _____ weather?
 _____ our satellite dish alignment due _____ the recent _____ changes.
 The latest weather conditions may _____.
 I _____ recent _____ necessitate _____ examination to _____ the alignment _____ our satellite _____?
 The _____ bad weather _____ a _____.
 Shouldn't our _____ dish _____ the _____ weather disruptions?
 Is _____ a _____ to storms?
 _____ should _____ because _____ the weather issue.
 I _____ if the _____ necessitates _____ examination _____ make _____ satellite _____ is properly _____.
 _____ it necessary to _____ the weather _____ our satellite _____?
 Are _____ satellite dish alignment _____ result of recent weather?
 Is it wise _____ poor climate _____ our satellite _____?
 _____ need to confirm _____ the _____ alignedsatellite dish.
 _____ need _____ know if the _____ affected the _____.

We _____ know _____ weather has shifted our _____.
 _____ have _____ assess _____ dish alignment _____ the recent weather?
 The _____ dish _____ to _____ adjusted _____ the weather.
 _____ necessary _____ the recent _____ did not align _____ sat-dish?
 Does it _____ sense to look _____ dish requires _____ of the _____?
 _____ worth _____ into if _____ dish needs to _____ changed because of _____?
 Can you tell me _____ dish _____ needs to _____ adjusted _____ recent _____?
 _____ too _____ to _____ sure _____ satellite dish is still _____ after the _____ weather we've _____?
 _____ adjust _____ dish due to the weather?
 Do _____ need to check _____ affects _____ alignment?
 Does it make sense to _____ satellite _____ storm?
 Do we _____ to _____ dish meshes with recent _____?
 _____ to _____ weather _____ dish alignment.
 _____ adjustments to our satellite dish after _____ weather?
 Is it necessary _____ climatic conditions _____ our sat-dish?
 We do not know _____ dish alignment.
 _____ much to ask that your _____ after it _____ from weather?
 _____ bad _____ affect _____ positioning?
 _____ may affect _____ satellite _____.
 _____ you _____ if the _____ adjustment to our satellite dish _____?
 _____ should _____ dish _____ the weather disruptions.
 Do _____ it's _____ to ensure satellite's positioning accuracy _____ a _____?
 _____ it necessary _____ check _____ satellite _____ to _____ weather conditions?
 Should _____ our _____ dish after _____ recent _____ disruptions?
 Is it possible _____ satellite _____ to _____ adjusted because of _____ changes?
 _____ you tell me _____ recent _____ necessitate _____ dish alignment?
 Can you confirm _____ our _____ in _____ with _____ conditions?
 _____ we _____ our satellite dish alignment after _____ recent _____?
 _____ it _____ to _____ satellite dish alignment _____ to recent weather _____?
 Do we _____ determine _____ the weather affected _____ alignment?
 Is it _____ that we _____ adjust the satellite _____ to _____ weather _____?
 _____ alignment _____ by _____?
 Do _____ have _____ if _____ weather affected our _____?
 Is the alignment _____ the satellite dish _____ recent _____?
 _____ to _____ if _____ recent climatic conditions didn't align _____ sat-dish?
 _____ dish alignment may be _____.
 Can _____ to _____ bad weather affected dish _____?
 Is _____ satellite _____ affected by _____ latest weather _____?
 Is there a _____ gauge _____ the _____ dish alignment?
 Are _____ recent _____ conditions _____ alignment _____ our satellite _____?
 We _____ examine _____ satellite dish alignment after _____.
 _____ it _____ to assess _____ has _____ our satellite alignment?
 _____ you _____ a dish _____ weather?
 Is _____ time _____ check _____ the _____ dish positioning?
 The _____ affect _____ satellite dish _____.
 _____ need to _____ at _____ dish _____ the recent weather?
 _____ impacted by a _____?
 _____ to have _____ alignment check _____ the _____ weather?
 _____ should re-align our _____ recent weather disruptions.
 _____ satellite dish alignment after the _____.

There is a ____ to ____ if ____ has ____.

Are ____ required to adjust ____ to ____ weather?

Is ____ a ____ has an impact on dish positioning?

____ might affect our sat-dish ____.

Does ____ satellite dish ____ or ____ suffered from ____ weather?

Has the ____ the ____ alignment?

Have the ____ changes ____ the ____ satellites?

We should ____ our ____ dish ____ the ____ disruptions.

Is it ____ have to do ____ sure ____ satellite dish is ____ the bad ____?

____ there a ____ if ____ latest ____ affect our satellite dish ____?

After ____ weather ____ should ____ our satellites?

____ satellite alignment ____ been affected ____ weather ____.

Is there ____ chance ____ alignment needs to be ____ the recent ____ shifts?

Do ____ have to ____ whether ____ satellite ____ alignment is ____ the ____?

Are ____ sat-dish orientations?

____ it is ____ to ____ to see ____ dish positioning.

Should ____ if the ____ satellite dish alignment?

After recent ____ weather, ____ needed?

____ it possible to ____ sure ____ proper ____ angle ____ the ____ changes?

Do you think ____ dish alignment is ____?

Is ____ look at ____ after the recent weather?

It ____ time to ____ if ____ dish positioning.

Is ____ assess the impact of ____ on ____ alignment?

____ we ____ looking ____ the ____ has on ____ satellite alignment?

Can ____ tell me if ____ is ____ line ____ recent ____?

Do we need to assess if ____ needs ____ the ____?

____ need ____ check ____ weather conditions didn't align ____ sat-dish?

____ to know if the weather ____ our ____.

____ check ____ the ____ on the dish?

____ weather affected the satellite dish alignment.

____ need to ____ the ____ moved our alignedsatellite ____.

Does ____ sense ____ look into ____ our ____ dish needs ____ adjusted because of ____ changing ____?

____ the ____ weather necessitate ____ alignment ____ our ____ dish?

Do we need ____ check ____ conditions ____ not align our ____?

Is ____ idea to ____ climate ____ our satellite alignment?

Is ____ that ____ satellite ____ alignment needs ____ adjusted ____ to recent ____?

____ bad ____ changed ____ satellite ____?

Do we ____ if the recent conditions ____ sat-dish?

____ weather ____ have affected ____ our satellite dish.

____ it ____ good ____ to ____ our ____ dish ____ needs adjustment because of recent ____?

Is the ____ position?

After the recent ____ disruptions, ____ dish ____ realigned?

Is it ____ to ____ our satellite ____ the ____?

Does your ____ dish ____ be ____ has ____ from the weather?

____ wonder ____ weather ____ necessitate an examination ____ sure our satellite ____ is ____.

____ need to verify ____ the recent ____ align our ____.

____ we need ____ the dish ____ in line ____ weather?

Should ____ align our ____ after ____ weather disruptions?

____ if recent weather conditions necessitate an ____ to ____ our ____ aligned.

____ it ____ idea to ____ the satellite ____ in ____ of recent ____ conditions?

I _____ if _____ necessitate an examination to ensure _____ satellite _____ is _____
 _____ to know _____ weather _____ satellite _____
 Do we _____ to _____ our _____ dish _____ the _____ gets _____?
 _____ we _____ examine our satellite _____ post-weather?
 _____ wonder _____ poor _____ has impacted our _____ alignment.
 Is _____ sat-dish _____ because _____ conditions?
 _____ we _____ the _____ is in _____ with _____ weather?
 You _____ satellite dish is _____ aligned after the _____ weather.
 _____ if recent _____ conditions _____ an examination _____ make sure _____ satellite _____ is _____.
 Is it necessary _____ weather affected _____ satellite _____?
 _____ some bad _____ a _____ adjustment _____?
 _____ to ensure a _____ satellite _____ when the _____ changes?
 The _____ weather _____ might _____ satellite _____ alignment.
 _____ the _____ our satellite alignment?
 _____ if recent _____ conditions _____ a _____ dish alignment?
 _____ weather _____ affect _____ dish _____.
 Can _____ tell me _____ we _____ to adjust _____ satellite _____ to _____ weather?
 If _____ to _____ our satellite dish _____ weather _____ should we?
 I wonder if _____ conditions _____ an _____ to make sure _____ aligned?
 Can you tell _____ if _____ weather _____ are _____ with _____ dish?
 It's _____ to check if _____ dish positioning.
 Is _____ the dish affected _____?
 Can you _____ if _____ satellite _____ is _____ with _____ weather?
 I would _____ to _____ if bad weather _____.
 Can _____ tell me _____ the recent _____ conditions correspond _____?
 _____ important to _____ satellite dish _____ recent weather?
 _____ it _____ good _____ our satellite dish _____ the recent _____ disruptions?
 Do _____ sure the angle _____ the _____ after the _____ changes?
 Can _____ tell me if _____ weather _____ alignment?
 _____ is _____ necessary to ensure _____ positioning _____?
 _____ the _____ weather disruptions _____ have re-aligned _____ dish?
 _____ weather changes _____ our _____ alignment?
 Do _____ need _____ change _____ bad weather?
 _____ recent weather disrupted _____ dish _____?
 Can you _____ if recent weather necessitates _____ to _____?
 _____ idea _____ inspect _____ recent _____ impact on our satellite dish?
 _____ the _____ weather _____ have an alignment check on our _____?
 _____ we _____ into _____ needs to _____ adjusted because _____ weather changes?
 I _____ if _____ weather conditions _____ an _____ to ensure _____ dish _____ aligned.
 _____ it _____ poor _____ has impacted _____ satellite _____?
 _____ satellite _____ alignment need _____ adjusted due to _____ conditions?
 _____ whether _____ satellite dish alignment _____ by the weather?
 Should _____ determined if _____ has _____.
 _____ our _____ alignment _____ by the _____?
 Is it _____ into _____ we have to adjust _____ the _____?
 Do _____ have to _____ changes _____ because _____ bad weather?
 _____ much for _____ to ask _____ your _____ dish _____ realignment _____ it has suffered from _____?
 Do _____ if the weather _____ satellite dish _____?
 Is _____ possible _____ we _____ to adjust _____ satellite dish alignment _____ recent _____?
 _____ there _____ dish _____ after _____ weather?

Does drastic _____ affect _____ alignment?

_____ need to _____ if _____ recent _____ our sat-dish.

Need _____ examine if the _____ satellite _____ alignment.

_____ don't know _____ recent weather _____ an _____ to _____ our dish _____.

Is _____ idea to check _____ needs adjusting because of _____ weather?

Is _____ climate _____ our _____?

_____ have to check if _____ is in _____ recent _____?

_____ adjust _____ dish _____ bad weather?

_____ there _____ dish angle after weather _____?

_____ we _____ to _____ satellite dish _____ as _____ result _____ the recent _____?

Is it worth looking into whether _____ to change _____?

Did _____ conditions _____ sat-dish _____?

_____ should look _____ the _____ impact on _____ alignment.

Is _____ a need to verify _____ the _____ our _____?

_____ make _____ if poor climate has _____ our _____ alignment?

Can _____ confirm _____ the satellite _____ is aligned _____?

It is _____ if the weather has _____ our _____.

_____ to inspect _____ recent weather _____ on _____ satellite dish _____?

_____ necessary to adjust _____ alignment due _____ recent weather?

_____ it _____ weather impacted dish _____?

Do _____ to _____ if _____ conditions unaligned our _____?
