

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Residential service plans comparison assistance
Inquiry Sub-Category	Renewable energy and sustainability
Description	Customers inquire about residential service plans that offer a higher percentage of renewable energy sources, such as solar or wind power, and the environmental impact of different plans.
Data Size	5,008 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

What residential plans _____ renewable _____ like solar _____ wind power?

Which _____ plans _____ most _____ or _____ energy?

_____ there a Residential _____ with _____ most _____ resources?

Residential _____ may _____ most _____ of solar or _____.

_____ plans usually have the _____ energy _____ likesolar and wind _____.

Which _____ best use of _____ and _____ for _____?

_____ know _____ that _____ bigger percentage of sustainable, eco-friendly alternatives _____ sun or air currents?

Which _____ plans _____ the _____ or _____ power?

What _____ the plans _____ or wind power?

_____ offer the _____ of wind and _____ power?

Is _____ home plan _____ offers _____ percentage of _____ energy _____ solar/wind _____?

_____ plans that _____ solar energy _____ are wanted.

Residential plans _____ percentage of _____ like sun or _____.

_____ residential plans _____ the _____ percentage of _____ energy sources like _____?

Residential plans often have _____ highest _____ of _____ sources such _____.

What home _____ the _____ green _____ wind _____ sun?

_____ usually _____ the _____ sources such assolar or Wind _____.

Renewable _____ and wind _____ prioritized in _____ residential options.

_____ can we find _____ spaces _____ renewable resources _____ solar _____ wind?

Can you find _____ arrangements _____ use _____ wind _____ the _____?

There _____ that _____ percentages of green energy?

Residential _____ the highest percentages _____ sun _____.

Does a _____ sustainable sources _____ solar _____ wind?

Which _____ plans provide _____ most renewable _____ solar _____ wind?

Are _____ that offer primarily _____ from the sun or _____?

_____ residential _____ guarantee _____ high percentage of _____ energy?

Which residential plans offer _____ wind _____.

Which _____ have the _____ of _____ wind power for _____?

Residential plans _____ higher _____ of renewable _____ like _____ and _____.

What ____ offer the best ____ solar ____ power?
____ the ____ most renewable power ____ solar or wind?
Where ____ one ____ plans with a ____ allocation ____ clean resources ____ panels ____ wind ____?
____ the ____ provide ____ lot of ____ and ____ power?
housing ____ promote high ____ green ____?
Which residential ____ such ____ solar or wind?
____ residential plans bring ____ most ____ power ____ solar ____ wind?
Do any ____ lot ____ clean energy ____ solar/wind?
____ residential plans ____ of ____ energy, ____ as solar or wind ____?
Which ____ provide the best share ____ wind ____?
____ for residential plans with abundant ____ power.
____ use the most renewable ____ of ____ such ____ solar ____ wind ____?
Which ____ offer the most ____ wind and ____?
____ best ____ for ____ solar ____ wind power for homes?
Which home plans can ____ the ____ solar ____?
____ residential ____ that guarantee a ____ percentage ____ solar and ____.
Which ____ plans ____ most ____ power?
Which ____ plans ____ the ____ of wind ____?
____ about ____ with top ____ renewables?
Residential ____ usually ____ energy sources, ____ or wind power.
Which ____ have the largest ____ energy ____ solar or wind?
____ plans ____ power like ____ or wind?
____ plans usually offer the ____ percentage ____ as Solar or ____ power.
____ plans get the most juice ____ wind ____?
Can ____ find ____ that use ____ green ____ sources?
____ wondering ____ offer more ____ from sun/wind.
Residential ____ usually ____ highest ____ of renewable energy ____.
____ plans usually ____ the ____ percentage ____ sources, ____ wind or solar.
There ____ plans that have high ____ energy ____ and wind.
Which ____ plans ____ highest ____ solar and ____ energy?
Which ____ best solar and wind power ____?
Can I ____ housing schemes that primarily ____?
Which plans have ____ energy ____ or ____?
____ housing plans that ____ high percentage ____.
____ residential ____ include ____ or ____ power?
____ scheme ____ the ____ of ____ resources like sissy solar or ____ energy?
Which plans ____ or ____ power?
____ developments ____ prioritize renewable energy like ____ and wind?
____ place the ____ emphasis ____ solar/wind energy?
Which ____ of solar/wind energy the most?
____ schemes most emphasize ____?
There are residential options ____ a ____ solar and ____ energy.
Residential plans ____ percentage of renewable ____ Solar or wind ____.
Which ____ plans ____ the highest ____ power ____ the sun and ____?
____ plans gives ____ like wind or solar?
____ typically ____ Energy sources such as SOLAR or ____ power.
____ plans often ____ of renewable energy ____ as SOLAR or wind ____.
____ of renewable energy ____ the residential ____ are ____ wind power.
Residential plans offer the ____ percentage ____ energy ____ usually solar ____.
Which ____ plans ____ higher ____ such as solar or wind ____?

____ home ____ provide the ____ solar ____ wind power?
 ____ give the ____ renewable power, ____ or solar?
 Which residential ____ give ____ emphasis ____ solar/wind ____?
 Which ____ schemes ____ emphasis ____ energy?
 Which ____ options ____ more clean ____ solar and ____?
 The highest percentage of ____ energy ____ residential ____ and ____.
 Which ____ high percentages ____ renewable energy such ____ wind?
 ____ usually ____ percentage renewable energy ____ like solar or wind power.
 Residential plans usually include ____ sources, such as solar ____ power.
 Which ____ offer ____ energy ____ comes from ____ sun/wind?
 ____ residential ____ uses of ____ or solar power?
 ____ residential ____ with high use ____ sources.
 Which ____ give the ____ green ____ wind or ____?
 Which residential ____ feature ____ or wind power?
 ____ residential ____ have ____ solar ____?
 Which residential ____ more ____ wind power and ____?
 Which plans ____ best solar ____?
 There are ____ that offer ____ of ____ energy like ____.
 Residential ____ the highest ____ renewable energy sources ____ Solar or ____.
 Residential plans usually have ____ highest ____ renewable ____ Solar and ____.
 What ____ renewable ____ the sun or wind?
 ____ plans ____ the ____ percentage of renewable ____ like solar or ____ power.
 Which residential plans ____ amount ____ wind ____?
 Which residential ____ use ____ renewable resources, such as ____ wind ____?
 There ____ housing ____ for high ____ of ____.
 ____ plans ____ the most ____ power ____ solar ____ wind?
 ____ can one ____ majority allocation of ____ resources ____ solar ____ and wind ____ in ____ plan?
 ____ plans that offer a ____ of ____ solar ____ wind?
 Are there ____ residential ____ provide the majority ____ the sun or ____?
 ____ residential ____ give most ____ power like solar ____ or do ____ stay ____ options?
 ____ provides the most renewable ____ solar ____ wind?
 ____ of ____ can give ____ most green power?
 Are ____ deals with high levels of ____ wind ____?
 Which ____ the most solar ____?
 ____ plans will ____ you ____ amount ____ solar and ____ power?
 ____ residential plans contain ____ wind ____ solar sources?
 ____ there any residential ____ with high ____ sources ____ and solar?
 ____ are ____ plans ____ high percentages ____ green energy.
 ____ plans have ____ of renewable ____ sources ____ as wind ____.
 ____ plans ____ solar ____ wind energy?
 Which residential ____ give the most amount ____ wind ____?
 ____ residential ____ focus more ____ solar ____?
 The ____ with ____ highest ____ sustainable ____ are solar and ____.
 Which home ____ the ____ green power, solar ____?
 ____ want to ____ options prioritize ____ sources ____ solar and wind ____.
 ____ plans contain ____ renewable energy ____ solar or ____?
 ____ there residential deals with ____ levels ____ solar ____ wind?
 Which residential ____ feature ____ amount of ____?
 Which ____ provide ____ most renewable ____ like solar ____?
 ____ plans ____ higher percentages ____ sources such as ____ wind.

Which ____ plans ____ and solar energy?

____ plan gives the most ____ of ____?

Residential plans ____ to have ____ renewable energy ____ wind ____.

Residential plans ____ include the highest ____ of ____ Energy ____ such ____.

Which residential ____ renewable sources ____ as solar ____ wind power?

What ____ the highest ____ power?

____ there ____ plans for housing ____ green energy?

____ residential ____ has the ____ like ____ or wind?

____ residential plans ____ most ____ of wind ____ solar power?

____ plans ____ solar ____ wind power?

____ residential plans ____ renewable energy, like ____ or wind ____?

Which ____ schemes ____ use ____ solar/wind.

Which ____ plans ____ sources, such as ____ or wind ____?

What ____ plans ____ amount of ____ or solar?

Is ____ housing plan ____ percentage ____ green energy?

Which ____ more ____ and ____ power?

Residential ____ renewable energy ____ like solar ____ wind.

Which ____ the ____ juice ____ or solar?

____ residential ____ provides the most ____ power and ____ energy?

Which residential plans ____ the ____ of ____ or ____?

____ residential options use ____ most ____ and solar?

Which residential ____ wind power and solar energy?

Which residential ____ gives ____ wind ____ and ____?

Which residential ____ most renewable ____ solar or ____ are ____ sticking ____ environment-friendly ____?

____ home ____ have the ____ green power?

____ or ____ power are usually ____ with the ____ Energy sources ____ plans.

____ damnable ____ the most percentage of ____ solar or ____ energy?

____ you have any residential ____ with ____ of ____ sources like ____?

____ highest percentages ____ sources like ____ and solar can ____ found in ____.

____ the ____ renewable power such ____ solar or wind?

Are ____ plans ____ offer significant ____ solar ____ wind power?

Which housing plans ____ solar ____?

There are home ____ that ____ a ____ of ____.

Residential plans ____ high ____ of ____.

Solar ____ wind ____ renewable energy sources ____ do ____ residential ____?

Which ____ emphasize the use of ____ energy?

Which residential ____ percentage ____ cleanenergy?

Which plans provide ____ solar ____?

Residential plans have ____ highest ____ sources like Solar or ____.

____ residential ____ include the ____ of ____ or ____ power?

Residential ____ usually include the ____ percentage ____ Energy ____ solar ____ wind ____.

What home ____ green ____ the sun and ____?

Residential plans ____ the highest ____ energy sources, ____ or ____ power.

____ it possible for ____ guarantee a ____ of ____ wind energy?

____ tend to ____ percentage ____ Renewable ____ sources such as ____ or wind ____.

Do housing ____ have ____ energy ____ like ____ wind?

____ plans ____ highest percentage of ____ assolar or wind power.

Residential ____ energy sources, like solar or wind power.

Residential plans usually offer the highest percentage of ____ such ____.

____ plan has ____ most ____ or wind ____?

_____ plans _____ have _____ percentage of _____ sources, _____ solar or _____ power.

What home _____ give the _____ green _____ sun?

_____ any housing _____ provide _____ green _____ such as _____ or _____?

Is _____ any housing _____ lots _____ clean _____ like solar/wind?

_____ give the most _____ solar or _____?

Which _____ plans _____ living by using more _____ sources, such as _____?

Which _____ plans can _____ the _____ or wind?

Which residential _____ power _____ wind, or are _____ sticking _____ other options?

Which residential _____ produce _____ highest _____ energy?

There are _____ home plans _____ percentages _____ renewable _____ solar and _____.

_____ more solar or _____ energy?

What _____ the _____ that _____ solar _____ wind _____ most?

What home _____ percent green power from _____ sun?

_____ residential plans _____ the _____ solar energy?

_____ there residential _____ have _____ high _____ of _____ solar energy?

Is _____ higher percentage of _____ eco-friendly _____ that are driven by sun _____ air _____?

_____ any residential options that give a _____ of _____ wind _____?

_____ plans have _____ percentages _____ solar _____.

Residential _____ usually _____ the _____ of renewable energy sources _____ or _____.

_____ there _____ that provide most _____ from the sun or _____?

_____ there _____ residential choices _____ mostly _____ the sun or _____ wind?

_____ have the greatest _____ wind power?

Residential _____ usually have the _____ renewable energy _____ assolar or _____.

_____ can _____ find plans with _____ solar _____ wind _____?

_____ residential plans _____ the most renewable energy, _____?

Which _____ offer more clean _____ the sun _____?

_____ housing _____ more solar or _____?

Residential plans _____ high _____ of _____ sources _____ solar.

_____ options that guarantee _____ high percentage of solar and _____ energy?

_____ best share of solar and _____ for _____?

Residential plans _____ high _____ sources like wind and _____.

Which _____ plans offer the _____ amount _____ solar energy?

_____ residential scheme _____ the _____ percentage of _____ resources, _____ sissy _____ lousy wind _____?

What _____ plans _____ of _____ or solar power?

Which _____ schemes _____ solar/wind energies _____?

Residential _____ with _____ of renewable energy _____ solar and _____.

_____ highest percentage of renewable energy _____ such _____ solar or wind _____.

Who offers the _____ of solar _____ for _____?

_____ there a _____ percentage _____ solar and _____ energy guaranteed _____ the _____?

Which plans have the _____ solar _____ power?

_____ typically have the highest _____ energy _____ or wind power.

_____ any residential _____ that have _____ high percentage _____ wind energy?

What _____ plans _____ maximize _____ or use _____ power?

Residential plans often have _____ highest _____ of _____ power.

Which _____ more _____ the sun and wind?

Are there dwellings that provide a _____ percentage _____ eco-friendly _____ including _____ sun or _____?

_____ get _____ most juice _____ renewable sources like _____ solar?

Residential plans _____ renewable energy _____ such as SOLAR _____ wind _____.

_____ percentage of sustainable resources, such _____ solar _____ be _____ in _____.

_____ residential _____ the _____ percentage _____ clean energy?

_____ there residential _____ give a _____ percentage _____ solar _____ wind _____?
 What residential _____ the most _____ sources _____ as solar _____?
 _____ plans often _____ the highest _____ of renewable energy sources _____ power.
 Which residential plans have _____ solar _____ power?
 _____ the highest _____ Renewable Energy _____ such as solar _____ wind power.
 Which housing _____ clean power?
 _____ schemes _____ a lot of emphasis _____ energy?
 Which _____ the renewable power like _____ or wind?
 _____ offers the most wind power and _____?
 _____ plans _____ include the _____ percentage _____ renewable energy sources like _____ power.
 Any plans _____ a lot _____ power _____ or _____?
 What _____ have _____ most green _____ and sun?
 Which residential plans _____ amount of _____ solar?
 _____ can I _____ mostly green electrical sources?
 Which plans have _____ highest share _____ and _____?
 _____ plans _____ the _____ renewable _____ Solar or wind power.
 Which residential _____ has _____ highest _____ renewable _____ as _____ or _____ energy?
 _____ plans _____ housing _____ have high _____ of green _____.
 Which _____ have the _____ of _____ and solar _____?
 Are _____ to provide a lot _____ solar _____ power?
 _____ a home _____ w/ top _____?
 _____ any housing plans _____ high percentages _____ energy?
 _____ home _____ provide the _____ percent green power.
 Which _____ schemes emphasize _____?
 _____ plans often _____ highest _____ Energy _____ as solar or wind power.
 Residential _____ offer the highest _____ sources, like solar _____ wind power.
 Which residential _____ have _____ highest _____ of _____ and _____?
 _____ plans will give _____ the most _____ your home?
 There are home plans _____ of renewable _____.
 Are there _____ options _____ provide _____ from _____ sun or wind?
 _____ homes provide _____ from the sun and _____?
 _____ plans include most _____?
 What residential _____ the use _____ or wind power _____?
 Which _____ put the most _____ energies?
 Residential _____ have _____ highest percentage of _____ SOLAR or wind _____.
 There are _____ options _____ a high percentage _____ and _____.
 Which homes _____ from _____ and wind?
 _____ schemes provide _____ energy _____ like solar or _____ power?
 _____ have the highest percentage _____ renewable _____ as _____ and solar.
 _____ residential _____ the _____ percentage _____ resources _____ wind or solar?
 _____ can I find _____ with _____ lot _____ wind _____ solar _____?
 Which residential _____ use _____ such _____ solar or _____?
 Residential deals _____ crazy levels _____ like _____?
 Residential plans _____ the highest _____ renewable _____ sources, _____ as solar or _____.
 Which _____ solar _____ wind power?
 _____ there residential plans _____ abundant _____ or _____ power _____?
 Residential plans _____ highest percentage of renewable _____ solar and _____.
 _____ there any _____ derive most of their _____ the _____ or _____?
 Where can I find dwelling _____ renewable _____ sun _____?
 Which _____ options _____ the highest _____ power?

_____ higher amounts of _____ power _____ solar energy?

I want _____ know if residential _____ renewable _____ like _____ wind _____.

_____ home _____ produce _____ amount _____ green power?

Which homes offer _____ energy, from _____?

Do _____ packages _____ priority to _____ like _____ solar?

Which _____ more renewable energy _____ as solar or _____?

Which _____ highest percentages of clean _____?

_____ plans usually _____ the _____ percentage _____ like Solar or _____ power.

Domestic plans _____ maximize _____ use of _____ power?

Residential _____ usually _____ the highest _____ of _____ Energy _____ such as _____ wind _____.

_____ residential scheme has _____ resources like solar _____ wind energy?

Which residential _____ a _____ of _____ or _____?

What _____ plans have _____ largest _____ of _____ wind?

Which plans _____ wind _____ and _____?

Residential plans _____ the _____ percentage _____ energy _____ include _____ or Wind _____.

Which residential _____ most _____ and solar energy?

Which _____ provide _____ most _____ or _____ energy?

_____ there any residential choices that _____ of _____ from the _____?

_____ residential _____ contain the most _____ wind _____ sources?

Which residential _____ have _____ highest _____ of solar _____?

Which _____ plans _____ solar _____?

There are _____ plans _____ high _____ energy.

_____ plans offer the _____ use _____ and _____?

Which residential plans give you _____ or _____?

_____ plans _____ more renewable _____ wind _____ solar?

Residential plans _____ the _____ percentage _____ sun.

_____ residential _____ use _____ percentages of wind or _____?

Which _____ the best share _____ and _____ power _____ homes?

There _____ options that _____ sources like solar _____.

_____ typically offer _____ highest percentage _____ sources _____ or wind power.

Are there _____ that _____ a bigger percentage of sustainable, eco-friendly _____ those driven _____?

_____ the highest percentage _____ sources like _____ or wind power.

_____ schemes that _____ a lot _____ clean _____ like solar/wind?

_____ residential _____ emphasis _____ on solar/wind?

What _____ give _____ power from the sun and wind?

Residential plans _____ the highest percentage _____ renewable _____ wind power.

Which _____ plans _____ the most _____ solar _____?

_____ usually include the highest _____ of _____ energy sources like solar _____.

_____ have the most power from wind _____?

Which residential _____ wind power and _____?

_____ highest percentage _____ renewable energy sources _____ sun or _____.

Are _____ any dwelling contracts that _____ renewable energy _____ solar _____?

Which _____ plans have the _____ renewable _____ such _____ or _____?

_____ plans _____ the highest _____ sources, like solar _____ wind power.

_____ usually feature the _____ percentage _____ like Solar or wind _____.

_____ have the _____ percentage _____ green power _____ and sun?

_____ plans offer _____ green power?

_____ power from _____ is provided by _____ plans.

_____ plans _____ more renewable _____ like solar _____ wind?

_____ any housing schemes _____ of _____ energy _____ solar/wind?

____ plans ____ highest percentage ____ renewable sources ____ or ____ power.
 How ____ home arrangements ____ renewable power ____?
 Which ____ most renewable ____ like solar ____ wind, or ____ they ____ environment ____?
 Residential ____ usually include ____ most ____ of ____ sources, ____ or ____ power.
 Which ____ have ____ the sun/wind?
 What home ____ highest green ____?
 Which of the home ____ power?
 Where can one find ____ house ____ a ____ allocation ____ as ____ panels ____ wind turbine?
 ____ higher percentages ____ renewable energy like wind ____.
 ____ plans ____ to ____ the ____ Renewable ____ as solar or ____ power.
 What ____ plans have ____ most ____ solar or ____?
 Which plans ____ give ____ and wind power?
 Residential ____ the ____ of renewable ____ such as sun or ____.
 ____ housing ____ provide ____ proportion of green energy ____?
 ____ plans offer ____ renewable energy sources, like solar ____.
 Residential ____ usually have ____ renewable energy ____ wind ____ solar.
 ____ home plans ____ most ____ power?
 ____ the use ____ solar or wind ____ the most?
 Which ____ will ____ most ____ green power?
 ____ are housing ____ have ____ percentages ____ green energy.
 What ____ renewable resources such as solar ____ wind ____?
 ____ residential ____ renewable power like ____ wind, ____ are you choosing non-environment ____?
 Which ____ has ____ highest amount ____ energy?
 Are ____ options that ____ high percentage ____ and solar ____?
 Are there ____ residential options ____ guarantee ____ high ____ and ____ energy?
 Residential plans contain the ____ amount ____ such ____ solar ____ wind.
 Residential ____ offer the ____ sources like solar or ____.
 ____ plans ____ be used ____ most green power?
 ____ housing ____ have the most ____?
 Which residential ____ most ____ power, like ____ or ____?
 ____ have the ____ sources ____ as wind and solar?
 ____ a high ____ of ____ wind in the ____ option?
 Are ____ plans that ____ a ____ percentage of ____ energy like ____?
 Residential plans ____ the ____ percentage ____ like solar ____ wind ____.
 ____ schemes ____ use solar/wind ____?
 Where ____ one find ____ clean ____ solar panels ____ wind turbine in house ____?
 Looking ____ most sustainable resources, such as ____ and ____.
 ____ home ____ most green power?
 Which ____ focuses the ____ energy?
 Which ____ plans ____ amount ____ solar ____ wind energy?
 ____ options ____ amount of clean energy?
 ____ or wind power are ____ of renewable ____ sources ____ residential ____.
 ____ plans typically ____ of ____ Energy sources like SOLAR ____ wind ____.
 Which plans ____ of ____ and solar?
 ____ there ____ residential option that ____ a high percentage ____ solar ____?
 ____ have ____ best amount ____ solar and ____ for homes?
 Are there ____ that ____ larger percentage of ____ eco-friendly ____ including those driven ____ air ____?
 Which residential ____ a ____ percentage ____ solar ____ wind?
 ____ plans ____ have ____ sources such ____ Solar or Wind power.
 Which ____ provide ____ solar ____ wind ____?

_____ residential _____ focus _____ energy most?

Which residential plans include _____ power, _____ or _____?

Is there _____ plans for _____ has high percentages _____?

_____ use _____ renewable _____ as solar or wind?

Which _____ most solar _____ wind energy?

Which _____ deliver the _____ green _____ like solar or _____?

What _____ renewable energy _____ the sun or _____?

Which residential plans _____ or wind _____?

_____ have the most power _____ or wind?

Which home plans _____ the _____ amount _____?

_____ residential options _____ percentage of solar _____ wind _____ possible?

Residential plans _____ most amount _____ energy _____ likesolar or _____.

Which _____ the greatest use _____ or _____ energy?

_____ place most emphasis _____ and solar?

_____ the highest _____ of renewable energy sources such as _____.

_____ can we find living _____ renewable resources _____ solar and _____?

_____ plans _____ the _____ renewable energy sources like solar _____.

Residential _____ offer _____ highest percentages _____ or _____.

Where _____ a majority allocation to clean _____ as _____ panels in _____?

_____ residential schemes emphasize _____ and _____ most?

_____ plans usually include _____ highest _____ of _____ sources, _____ solar _____ power.

Do housing _____ high _____ of _____ energy?

_____ promote sustainable living by _____ percentages _____ wind _____ solar power?

_____ plans often _____ highest percentage of _____ Energy _____ such _____ power.

_____ there _____ that have _____ most use _____ green resources?

Which _____ plans _____ a _____ amount _____ wind _____ and solar _____?

What residential _____ include _____ wind _____?

What _____ arrangements with _____ use of _____ resources?

Which residential _____ renewable power like _____ or wind, or _____ options?

Which _____ have _____ clean _____ solar or _____?

Which residential _____ the use of _____ wind?

What home plans _____ highest green power _____?

Residential _____ higher _____ energy sources like wind and _____.

_____ give the best _____ of _____ wind power?

_____ scheme _____ percentage of godforsaken _____ resources like _____ or _____ wind energy?

Residential plans usually _____ highest _____ of renewable energy _____ like _____.

_____ the best amount of _____ and _____ power for _____?

Which _____ the most green power?

Which plans _____ the _____ of solar _____ wind _____?

_____ home _____ the most green _____?

Which plans will _____ you _____ share of _____ solar _____?

_____ residential _____ have _____ largest amount _____ renewable _____ such _____ wind _____ solar?

_____ want to _____ any home _____ sustainable sources _____ and wind _____.

Does any housing scheme _____ like solar or _____?

_____ plans _____ higher percentages _____ renewable _____ as _____ and solar.

Which _____ the highest _____ of solar and _____?

_____ you _____ any plans _____ high percentages of _____ energy?

_____ there _____ housing plans that _____ high _____ green _____?

Are _____ home _____ that _____ mostly renewable-based _____ solar and wind?

Does _____ housing _____ more green energy _____ or wind?

Residential plans usually _____ renewable energy _____ like _____ power.

Which plans _____ the most solar _____ for _____?

_____ residential _____ have a lot of _____?

The _____ power _____ and home plans?

_____ plans _____ the _____ percent green power _____ sun, _____?

_____ schemes _____ more green _____ like solar _____ wind power?

_____ plans have _____ most solar _____?

There are housing plans that _____ of _____

_____ have high _____ renewable _____ sources like wind.

_____ offer _____ Renewable _____ sources such _____ solar or wind power.

There are some housing plans that _____.

The highest _____ of sustainable _____ options _____ solar _____ wind.

_____ be housing _____ that promote _____ percentages of _____?

_____ mainly use renewable energy from _____ sun or wind?

Which residential _____ solar energy?

_____ the _____ energy sources _____ solar or wind.

_____ Residential plans offer the most _____ solar energy?

_____ that _____ renewable _____ usage include _____ and solar.

_____ residential plans _____ greatest _____ of solar _____?

Which _____ give the most _____ wind _____ sun?

_____ plans _____ the _____ share _____ renewable _____ for homes?

Which _____ plans _____ renewable power like _____ or _____?

_____ there any _____ mainly use _____ wind energy?

_____ plans use _____ and _____ energy?

Which plan _____ the most _____?

What residential _____ contain the _____ amount _____ wind?

_____ there any _____ for housing _____ percentages _____ green energy?

_____ housing _____ have _____ wind _____ power?

_____ the highest concentration of clean _____?

Where _____ find _____ plans with abundant solar _____ power _____?

Which residential _____ put a lot _____ and _____ energy?

Which residential _____ have _____ wind and solar?

_____ there _____ with a _____ of use _____ and wind _____?

Which _____ plans give the _____ from _____ wind?

The highest percent _____ power _____ sun _____ provided _____ home _____.

_____ amount of _____ wind power _____ be found _____ plans?

_____ there _____ choices that _____ solar or _____ energy?

_____ get _____ from _____ or solar power?

_____ residential _____ give most _____ like _____ or _____ or _____ you _____ friendly options?

_____ residential plans have the _____ amount of _____?

Which _____ plans _____ generate _____ green _____?

_____ plans get _____ and solar energy?

_____ scheme _____ the _____ percentage of renewable resources, like _____?

Solar and _____ have the highest _____ of sustainable _____.

Residential _____ tend to have _____ of renewable energy _____ such _____ SOLAR _____.

Which _____ plans _____ power and solar energy?

Are there _____ housing _____ have plenty of _____ like _____?

Which _____ plans _____ most _____ power, solar or _____?

Which _____ plans have _____ wind _____ solar _____?

_____ the _____ percentage of renewable sources _____ wind power.

____ I ____ housing schemes ____ rely ____ on ____ ____ sources?
 ____ plans ____ you the ____ ____ of solar and ____ ____?
 What residential plans ____ the largest ____ of ____ energy ____ ____ ____?
 Which ____ schemes place ____ ____ ____ emphasis on ____?
 Residential ____ have higher ____ of ____ ____ ____ as ____ and sun.
 ____ ____ ____ with the ____ percentage ____ sustainable ____ such as ____ and wind.
 ____ residential ____ the ____ ____ of wind ____ solar power?
 What residential ____ ____ most use ____ solar ____ wind ____?
 ____ ____ ____ energy ____ using wind power are wanted.
 Which ____ plans can ____ the ____ green ____ ____ or wind ____?
 Which residential plans have ____ ____ ____ power ____ ____ or ____?
 Which ____ ____ more ____ energy from the sun ____ ____ ____?
 Which residential choices ____ ____ ____ ____ solar and wind?
 Which ____ ____ plans has ____ best amount ____ solar ____ wind ____?
 ____ ____ ____ have the ____ amount of solar or ____?
 ____ plans ____ ____ percentages ____ renewable energy sources ____ sun ____ wind.
 ____ residential options ____ more clean energy, ____ wind ____ ____?
 Residential plans typically include ____ ____ ____ renewable energy ____ ____ ____ or wind ____.
 Who ____ the highest ____ ____ power ____ ____ wind?
 ____ ____ have ____ percentages of renewable energy ____ like ____ and ____.
 How much ____ ____ ____ power ____ residential plans ____?
 Residential ____ typically include the ____ ____ ____ Renewable ____ ____ such ____ ____ or wind power.
 ____ ____ any residential ____ ____ primarily use renewable energy ____ the ____ ____ wind?
 ____ plans typically include ____ most Renewable ____ sources such as ____ ____ ____.
 Which ____ plans ____ ____ ____ or wind ____?
 ____ plans ____ the ____ ____ of renewable ____ ____ like solar ____ wind power.
 Residential ____ typically offer ____ highest ____ of renewable energy ____ ____ ____ ____ ____ wind power.
 ____ plans usually include ____ ____ ____ percentage ____ renewable ____ sources ____ ____ or solar.
 ____ residential ____ the ____ ____ and solar?
 Home ____ ____ ____ renewable power plants?
 Residential ____ usually ____ ____ higher percentage ____ renewable ____ ____ such ____ solar or ____ power.
 Which plans gives ____ ____ ____ of ____ and ____ power?
 ____ plans usually ____ ____ most renewable ____ ____ ____ Solar ____ wind power.
 Which ____ plans have ____ most amount of ____ ____ ____ ____?
 Which ____ ____ promote sustainable ____ by ____ ____ or solar ____?
 Which ____ scheme has ____ greatest percentage ____ ____ resources like solar ____ ____ ____?
 Which ____ ____ the ____ solar and ____ power ____ your ____?
 ____ ____ ____ percentage ____ solar and wind energy provided by ____ ____?
 ____ plans offer the ____ power ____ ____ ____ solar?
 ____ residential scheme has ____ ____ ____ ____ renewable ____ like wind and ____?
 Residential ____ ____ the most ____ ____ sources, ____ ____ or wind power.
 Which residential ____ mostly ____ the ____ of ____ ____?
 ____ ____ plans ____ the ____ solar ____ wind power?
 Are ____ any ____ ____ ____ provide ____ renewable energies ____ the sun or ____?
 ____ plans ____ ____ ____ highest percentage of Renewable ____ ____ ____ such as ____ ____ ____ wind power.
 ____ residential plans contain the highest ____ of ____ ____ ____?
 The ____ ____ ____ ____ in ____ plans are solar ____ wind power.
 The ____ ____ ____ ____ energy sources in residential plans ____ ____ and ____.
 ____ residential options have ____ highest ____ of ____ ____ ____ solar ____ wind?
 ____ ____ ____ usually have ____ highest percentage ____ ____ ____ energy sources ____ ____ ____ wind power.

_____ usually include the _____ Renewable Energy _____ such _____ wind _____.

Looking _____ options _____ high _____ of _____ such as _____ and wind.

_____ residential _____ a _____ amount of solar and _____ energy?

Which residential plans _____ solar _____ energy?

_____ home _____ provide _____ highest amount of _____ from _____ wind?

_____ offer _____ highest percentage of _____ such as Solar _____ wind _____.

Is _____ find housing schemes _____ on _____ electrical sources?

Did any _____ schemes provide _____ green _____ such _____ wind power?

_____ have the highest _____ Energy sources _____ as wind or _____.

_____ I find _____ plenty _____ and solar power?

Which residential _____ the _____ of solar and _____?

Which _____ give _____ most emphasis _____?

_____ schemes put a lot of _____ on _____?

_____ are housing _____ that include high _____ green _____.

Which plans offer the most _____ resources _____?

_____ any residential deal _____ high _____ of renewable _____ like _____?

_____ get the _____ juice from _____ and _____?

Which _____ has the _____ of _____ power for homes?

_____ scheme _____ percentage of renewable _____ like sissy _____ lousy wind energy?

_____ residential plans have the _____ amount _____ like solar _____ wind?

_____ residential _____ solar _____ wind energy?

Which residential _____ give _____ renewable _____ solar or wind, _____ you _____ with _____ options?

_____ plans usually offer _____ percentage _____ energy sources _____ as wind _____.

_____ plans _____ the highest _____ of renewable energy _____ solar?

Residential plans usually _____ of Renewable _____ sources _____ SOLAR _____ wind power.

Which _____ have more _____ comes from _____ sun/wind?

Residential _____ offer the _____ energy _____ like _____ power.

_____ get the most _____ wind and _____ sources?

Residential plans have higher _____ energy _____ and solar.

_____ plans _____ the _____ green power _____ solar or wind _____?

Solar _____ are the _____ percentage _____ renewable energy _____ in _____ plans.

_____ plans _____ percentage _____ renewable energy sources _____ sun or _____.

_____ the plans has the best _____ and _____ for homes?

Which _____ plans _____ best amount of _____ power _____ energy?

_____ with _____ solar _____ power plants?

_____ you interested _____ deals _____ of renewable sources like _____?

Which residential options _____ highest amount _____?

_____ the greatest amount _____ wind power and solar _____?

Residential _____ include the _____ renewableEnergy sources like _____ wind power.

_____ plans offer _____ highest percentage _____ renewable _____ sources _____ Wind power.

What residential plans have the largest _____?

Which residential _____ the _____ and wind?

Which _____ plans have the _____ renewable _____ solar _____ wind, _____ non- environment _____?

Residential _____ usually _____ the _____ Renewable _____ sources such _____ power.

Is _____ any residential _____ with high _____ of _____ like _____?

_____ plans has the _____ percent _____?

What home plans _____ the _____ power?

Which _____ the highest amount of _____ wind?

_____ plans gives _____ share of solar _____ power?

_____ deals _____ a lot of _____ sources _____ wind?

The highest ____ of Renewable ____ sources in ____ plans ____ or _____.
 Which residential plans ____ like wind or ____?
 ____ plans get the ____ juice ____ renewable ____ like wind ____?
 ____ residential plans contain ____ lot ____ solar and ____?
 ____ there a ____ plan with high percentages ____?
 ____ we find ____ using mostly ____ resources ____ solar and wind?
 What ____ plans ____ the most ____ of ____ energy?
 Which ____ more emphasis ____ energy?
 ____ plans usually have the ____ renewable ____ such as ____ or ____ power.
 ____ housing schemes have more ____ energy sources ____ solar?
 Do home packages include ____ sources ____ energy?
 Residential plans ____ have ____ highest percentage of ____ like ____ and _____.
 Which ____ get ____ most juice from ____ like ____ or ____?
 ____ you ____ domestic plans that maximize ____ or ____ of wind ____?
 Do ____ a high ____ of renewable ____ or wind power?
 Residential ____ the highest percentage ____ energy sources, ____ solar or _____.
 Which ____ can ____ from the ____ or wind?
 Residential ____ with ____ highest ____ energy sources includesolar and _____.
 ____ there ____ choices ____ primarily renewable ____ from the sun ____ wind?
 ____ best share of solar and ____ for homes?
 ____ with the ____ sustainable resources, ____ as solar and _____.
 ____ residential options that give ____ high ____ solar and wind ____ in ____?
 Residential ____ usually ____ Renewable Energy ____ such assolar ____ Wind power.
 Which residential options ____ the highest ____ and ____?
 residential ____ include the ____ or ____ power
 ____ residential ____ percentage of renewable ____ sissy solar or ____ wind energy?
 Which plans ____ the best amount ____ and ____ homes?
 Which ____ schemes put ____ solar/wind energy?
 ____ house ____ have more solar ____?
 ____ there any ____ primarily ____ energies such as solar ____ wind?
 Residential ____ have ____ most ____ Energy ____ solar or wind power.
 Where ____ I ____ plans ____ have ____ solar ____ wind power ____?
 Which ____ has ____ solar ____ wind ____?
 ____ plans use ____ and wind?
 ____ plans have ____ of ____ energy sources, ____ sun ____ wind.
 Are there any ____ with ____ solar/wind?
 Do ____ include ____ lot of solar ____ wind ____?
 ____ housing plans ____ the ____ or solar ____?
 ____ home plans ____ the most ____ power ____ or ____?
 ____ residential scheme ____ the most ____ of ____ energy ____ wind?
 ____ plans have ____ wind ____ solar power?
 ____ usually have the highest ____ renewable ____ wind and Solar.
 Which ____ offer ____ renewable energy ____?
 ____ the ____ solar or ____ power?
 Which ____ scheme has the most percentage ____ renewable ____ like sissy ____?
 Where can ____ find ____ a lot of ____ solar panels?
 ____ residential plans that ____ usage?
 There ____ that ____ use of wind or ____.
 Which residential ____ greatest ____ of solar or ____?
 ____ plans ____ biggest amount ____ energy sources like ____ or wind?

_____ home _____ provide the _____ power.

Residential _____ with the _____ percentage of _____ solar _____ wind.

_____ you know _____ there are _____ housing plans that _____ percentages _____ ?

_____ for maximizing _____ energy _____ using _____ are wanted.

_____ plans include the _____ use of _____ solar?

Which _____ the _____ wind or _____ ?

_____ plans are usually _____ highest percentage of renewable _____ sources, like solar _____ .

Is it _____ to _____ that predominantly _____ green electrical _____ ?

_____ residential to _____ green _____ ?

_____ plans _____ give _____ most renewable _____ solar _____ wind?

_____ it possible to find _____ arrangement with _____ most _____ of _____ ?

_____ the highest _____ energy sources such _____ wind or SOLAR.

_____ are _____ that can deliver the most _____ .

_____ plans _____ include the _____ of _____ energy _____ like solar _____ power.

Residential _____ most _____ of solar and _____ power.

_____ plans _____ percentage of _____ energy _____ or wind power.

Are there any home plans _____ high _____ wind and solar?

Residential plans usually have the highest _____ sources _____ .

_____ there a _____ plan _____ the _____ percent green power _____ sun, _____ ?

_____ residential _____ provide the most _____ or _____ ?

_____ home _____ provide the highest _____ power?

_____ residential schemes _____ emphasis on _____ ?

_____ plans that _____ lot of _____ as _____ or wind?

_____ plans has _____ most amount _____ and _____ energy?

What _____ plans _____ the most _____ wind or solar?

Which _____ emphasize solar/wind energy _____ ?

_____ any home plans offer _____ of _____ energy _____ solar or _____ ?

Which residential plans feature _____ power?

What _____ plans _____ the _____ levels _____ green _____ ?

Where _____ we _____ using _____ renewable resources such as _____ wind?

_____ there _____ options _____ offer primarily _____ energy from _____ sun or _____ ?

_____ plans _____ deliver solar _____ power the most?

_____ plans usually _____ the _____ of _____ sources, like _____ or wind _____ .

There are _____ home _____ that _____ a high percentage _____ .

Are there _____ residential options _____ primarily _____ energy _____ sun or _____ ?

_____ highest percentage of _____ sources _____ are solar _____ wind power.

Which plan _____ the best share _____ ?

_____ find housing _____ predominantly rely _____ electrical sources?

_____ are plans that offer the _____ solar _____ power.

_____ plans have _____ sources _____ Solar or wind power.

_____ residential options have _____ greatest percentage _____ and _____ ?

Which _____ has _____ best _____ of wind and _____ homes?

Residential _____ usually _____ the highest percentage of renewable _____ or _____ .

_____ some housing plans _____ are _____ percentages of _____ energy.

_____ of Renewable Energy sources _____ solar or wind power.

Which plan have _____ or _____ ?

What is _____ percentage of clean energy _____ ?

_____ plans give most solar _____ ?

_____ usually _____ the _____ percentage of renewable energy _____ wind _____ .

Residential _____ a high _____ and solar.

_____ plans _____ have _____ highest percentage _____ sources, like solar _____ power.

_____ schemes provide _____ higher amount of _____ sources?

Which _____ share of power from the _____ and _____?

Residential plans offer the _____ sources, _____ or _____.

_____ provides _____ green power _____ sun, _____?

Do you know of dwellings _____ a _____ percentage of sustainable, _____ including _____ driven _____ currents?

Is _____ a _____ has lots _____ clean energy _____ solar/wind?

_____ housing _____ provide _____ green energy _____ wind or _____ power?

_____ plans have the _____ of wind _____ solar _____?

_____ there _____ a high percentage of _____ solar power?

_____ options _____ use of renewable sources such _____ sun _____?

_____ much _____ or _____ energy do _____ plans _____?

What _____ plans _____ the _____ of green _____?

Are _____ arrangements that _____ top _____?

_____ have _____ highest proportion _____ clean energy?

_____ there _____ plans _____ high percentages of green _____?

What _____ most green power from sun _____?

_____ plans _____ the _____ amount _____ and solar power?

What plans _____ the _____ resources _____ solar or _____?

_____ have the _____ wind and _____.

_____ residential plans contain the _____ amount _____ energy?

Which homes _____ renewable energy that _____ from the _____?

Which _____ renewable _____ from _____ sun/wind?

Residential _____ offer _____ highest percentage _____ Energy sources such as _____.

_____ residential _____ has _____ solar?

_____ to have _____ percentage of _____ energy _____ like Solar _____ wind power.

Which _____ plans _____ percent _____ power from sun, _____?

Which _____ most renewable power?

Which _____ focus _____ on _____ or _____?

Residential _____ offer _____ percentage _____ renewable energy _____ like sun _____.

Residential plans _____ feature the _____ percentage of _____ wind power.

_____ have a higher _____ Renewable _____ as solar or wind _____.

Who has _____ highest _____ wind energy _____ their _____?

_____ residential plans _____ lot of _____ and wind _____?

Which _____ plans _____ the _____ of wind _____?

Which _____ plans _____ or wind _____?

Residential plans _____ percentage _____ Energy _____ such as solar or _____.

_____ any residential _____ that _____ a lot of renewable _____ from the _____?

Is _____ any housing _____ that has a _____ of _____?

Which _____ have the _____ of wind _____ power _____ homes?

Which _____ most renewable _____ like solar _____ wind?

Which _____ the _____ amount of _____ power?

Do housing _____ have _____ green energy _____ as _____ wind?

Residential _____ the _____ percentage _____ renewableEnergy sources like _____.

What _____ plans _____ wind energy?

Are _____ residential _____ primarily renewable _____ from the sun or _____?

_____ I locate _____ that predominantly _____ green _____ sources?

There _____ residential options _____ high _____ of _____ wind energy.

Can _____ find _____ relying _____ electrical sources?

_____ have a _____ wind energy?

_____ the _____ percentage _____ energy sources _____ solar or Wind power.

Which _____ plans give _____ amount of _____ wind _____?

_____ plans _____ the highest green _____ the sun _____ wind?

Which _____ plans offer _____ power?

_____ housing plans _____ most _____ or wind _____?

_____ offer more _____ energy _____ wind or _____?

_____ there any housing _____ percentages _____ green energy?

_____ offer most _____ wind power?

_____ home plans give the highest _____ from _____?

_____ residential _____ with the most _____ green resources?

What residential plans contain _____ renewable energy _____?

Which _____ sustainable _____ with _____ percentages _____ wind and solar _____?

_____ plans have _____ best wind and _____?

_____ home _____ the _____ amount of _____ power?

Which _____ feature the _____ solar _____?

_____ residential plans offer _____ energy sources like _____?

_____ residential options have _____ of clean _____?

_____ residential _____ the _____ use of _____ or solar _____?

Which _____ the most _____ power?

Residential _____ highest percentage of _____ energy sources _____ and _____.

_____ most renewable _____ likesolar or wind power.

Residential plans _____ have _____ highest percentage of renewable _____ sources _____ wind _____.

Which residential _____ have _____ most _____?

Which residential schemes _____ emphasis _____ and solar _____?

Is there a high _____ solar and _____ in _____?

Which residential schemes _____ lot _____ emphasis _____ and _____?

_____ plan has _____ best share _____ solar and _____.

_____ plan offers the _____ amount _____ power _____ energy?

_____ residential _____ include the use of _____ wind _____ the _____?

_____ plans often include _____ highest percentage _____ renewable _____ likesolar _____ power.

_____ offer the greatest _____ of _____ solar power?

What _____ plans use _____ green power from _____ sun _____?

_____ there _____ higher _____ of green energy _____ the housing _____?

Residential _____ the highest percentage of _____ such _____ Solar or Wind _____.

The _____ percentage _____ resources are _____ wind in _____.

Are there _____ residential choices _____ renewable _____ the sun _____ wind?

Residential _____ offer the highest percentage of _____ Energy sources _____ wind _____.

_____ plans _____ the highest _____ of wind _____ power.

_____ any residential arrangements that _____ solar _____ wind _____ most?

Are _____ that offer mostly renewable energy from _____ winds?

Which residential plans give _____ power _____ solar?

What _____ gives _____ amount of _____ power?

Residential plans _____ renewable _____ sources _____ as SOLAR _____ wind power.

Residential _____ offer _____ percentage _____ energy sources, like _____ wind.

What _____ options _____ highest proportion _____ energy?

_____ usually _____ the highest percentage of _____ sources likesolar or _____.

_____ plans _____ the most use _____ power?

Residential plans _____ have _____ highest percentage _____ sources _____ or wind _____.

Do any housing schemes _____ sources _____ solar or _____?

Are _____ housing plans _____ percentage of green _____?

_____ are the _____ home _____ green _____?
 Which _____ give _____ like wind or solar?
 What residential _____ energy sources such _____ wind or _____?
 _____ residential _____ have _____ most amount _____ wind _____ or _____ energy?
 _____ residential plans _____ more solar _____?
 _____ have the highest amount of solar _____?
 _____ include solar/wind _____ the _____?
 Is _____ possible to find _____ residential _____ wind energy _____ most?
 Which _____ plans gives _____ solar _____?
 _____ plans _____ the highest _____ of solar _____ wind _____?
 Which homes _____ from the sun _____ wind?
 _____ the highest percentage of Renewable Energy _____ in _____ plans.
 _____ I _____ Residential plans with _____ solar _____ wind _____?
 _____ home plans that have a _____ percentage _____.
 _____ there any _____ that have _____ percentage of renewable energy _____?
 Which residential _____ the most _____ sources, _____ solar?
 _____ plans _____ you the most _____ and _____?
 _____ housing _____ amounts of _____ energy?
 _____ residential schemes emphasize _____ use _____ solar energy?
 Which residential plans _____ the _____ power and _____ energy?
 _____ any housing schemes provide _____ green _____ sources, such _____ wind _____?
 Which residential _____ solar energy?
 _____ which homes offer more _____ energy from sun/wind.
 _____ there _____ give you a high percentage _____ solar and _____?
 Do housing schemes _____ more green _____ sources _____ wind _____?
 Which plans _____ the _____ of _____ energy _____ homes?
 Considering _____ options that _____ as solar and wind.
 Which _____ best share of solar _____ power?
 Residential plans _____ have _____ highest percentage _____ renewableEnergy _____ such _____ power.
 What _____ the _____ offer the _____ wind _____ solar _____?
 What residential plans have _____ renewable energy _____ or _____?
 _____ home _____ can give the _____ power, _____ wind?
 How can I _____ abundant solar _____ wind _____?
 Are there _____ options _____ will _____ a _____ of solar and _____?
 _____ highest _____ of Renewable Energy sources such _____ SOLAR or wind _____.
 Residential plans offer _____ highest percentage of renewable _____ like _____.
 Which _____ plans give _____ power like solar _____ wind, _____ are you using _____?
 _____ plans _____ highest percentage of _____ energy sources _____ or wind power.
 _____ home plans _____ highest percentage _____?
 _____ residential plans have the _____ of _____ power?
 _____ residential plans _____ include the most _____ of _____ or _____?
 Is _____ higher _____ of _____ sources in _____ housing schemes?
 _____ you _____ residential _____ crazy high _____ of renewable _____ like _____?
 _____ plans provide _____ amounts of green _____?
 What _____ gives _____ highest _____ green _____?
 What _____ plans _____ most _____ of wind _____ solar?
 Which _____ can carry the _____?
 Are there _____ residential choices _____ most of _____ from _____ the wind?
 Which _____ offers _____ most _____ power?
 _____ residential _____ have more clean _____ solar or _____?

Residential _____ include the _____ of renewable energy sources _____ solar _____.

_____ plans _____ the most _____ power?

Any _____ options _____ use of _____ sources such _____ and _____?

_____ home plans _____ the most _____?

Residential plans have _____ energy sources like _____ or _____.

_____ home plans _____ of _____ power?

_____ residential plans _____ most _____ power like _____ or wind, or _____ you _____ non-environment _____?

Which residential _____ boasts the highest _____ like _____ wind?

Do _____ lot of solar and _____?

_____ there any housing _____ percentages _____ green energy?

Residential _____ offer _____ highest percentage _____ energy sources, _____ or _____.

Housing _____ high percentage of _____ resources include _____ and _____.

What _____ most _____ power from the sun and _____?

Solar and wind power _____ do _____ options _____?

_____ residential _____ most use of wind _____ power?

_____ plans _____ have _____ highest percentage _____ renewable _____ Solar or _____ power.

_____ highest percentage of _____ Energy _____ in the _____ solar _____ power.

_____ residential options _____ high percentage _____ solar energy?

Some residential _____ high _____ of _____ wind energy.

_____ typically _____ percentage _____ energy sources, like solar or wind _____.

Are there _____ arrangements _____ have _____?

Residential _____ include _____ use _____ wind _____ power _____ most.

Do you know of residential _____ that _____?

Which _____ scheme has _____ of _____ resources like wind _____ sissy _____?

Which residential plans give _____ majority _____ like solar _____?

Residential _____ usually have the _____ percentage _____ renewable _____ such _____ wind power.

_____ plans provide _____ most renewable _____ or wind?

_____ plans _____ the _____ or wind energy?

_____ plans _____ most power from the sun _____?

_____ plans _____ the _____ solar _____ wind?

Which residential schemes has _____?

Which home plans _____ the most _____ like _____ or _____?

_____ residential _____ use _____ percentages of _____ solar or wind?

What _____ do you _____ provide _____ most _____ power?

Residential _____ have _____ percentage of renewable Energy sources _____ or _____.

_____ residential deals with _____ of renewable sources _____ or wind?

Which home _____ can _____ most _____ power?

Which housing _____ solar or wind _____?

_____ residential _____ place _____ emphasis on _____ solar?

_____ offer the highest percentage _____ energy _____ like Solar _____ wind _____.

What residential _____ the most _____ solar _____ wind?

Are _____ percentages of solar and wind _____?

_____ it possible to _____ high _____ of _____ and wind energy _____?

Residential _____ usually _____ the highest _____ of Renewable Energy _____ assolar _____ Wind _____.

_____ plans use high _____ as solar or wind power?

_____ plans typically have _____ highest percentage of _____ sources, _____ as _____ wind _____.

_____ residential plan _____ the _____ of wind _____?

Residential _____ offer the highest percentage of _____ such as _____ or _____.

_____ offer more _____ or _____ energy?

_____ plans _____ highest percentages of _____ energy _____ wind _____ sun.

Residential _____ have _____ percentage _____ energy sources, like wind _____.

_____ home plans _____ most green _____?

_____ residential schemes place a _____ on _____ wind?

Which _____ plans _____ more energy from _____ or _____?

Residential plans have _____ percentage of solar _____.

Is there _____ promote _____ percentage green energy?

_____ and _____ are renewable _____ residential _____ prioritize them?

_____ there _____ scheme _____ has a lot of _____ energy _____?

Residential plans _____ the highest _____ of _____ energy _____ or _____.

There are plans _____ that promote _____ of _____.

_____ usually have _____ higher percentage _____ Renewable _____ as wind power.

_____ plans _____ have the highest percentage _____ renewableEnergy _____ solar _____.

Which _____ plans offer _____ most _____?

_____ residential _____ percentages _____ renewable _____ such _____ solar or wind?

_____ home _____ allow _____ most _____ from _____ sun and wind?

_____ plan has the better share _____ solar _____ homes?
