

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Service outage or disruption reports
Inquiry Sub-Category	Intermittent Connection Drops
Description	Customers report experiencing periodic or random connection drops, where their internet connection disconnects and reconnects intermittently. This category addresses inquiries related to unstable network connections, signal interference, or faulty equipment causing frequent disconnections.
Data Size	15,070 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Could a ____ construction ____ impacting ____ Internet ____ causing intermittent ____?

What happens ____ has an ____ on ____ internet connection?

The ____ messing with the Internet ____.

____ the ____ be affecting our ____?

Is ____ internet stable ____ of ____ site?

____ next door ____ access reliability?

Wondering ____ development causes ____.

____ it possible ____ nearby ____ could affect ____ quality?

____ a chance ____ construction around us ____ have messed ____ the ____.

The close proximity of ____ activities will ____.

If ____ making ____ hard to maintain.

____ the ____ project ____ internet ____?

There ____ a connection ____ internet ____ and ____ ongoing construction ____ our ____.

The ____ be ____ by ____ proximity of ____ construction site.

____ the new ____ project ____ factor ____ intermittent ____ losses?

Is local ____ messing with ____?

____ it ____ that ____ is down ____ to ____ nearby project?

____ renovation ____ may cause internet ____ disrupted.

____ it ____ nearby ____ affect internet availability?

____ there any impact ____ Internet ____ from the ____ project?

The ____ is ____ reliability.

____ the ____ project ____ an ____ connection?

Is ____ nearby ____ impacting ____ Internet ____?

There ____ an ____ on our ____ from ____ neighboring building ____.

____ new construction project ____ internet ____?

____ there any chance ____ is ____ internet?

____ new ____ project ____ to internet ____?

____ project may ____ disrupting ____ ____ .
 Our internet ____ might ____ impacted ____ ____ proximity ____ a ____ site.
 ____ service ____ ____ by the construction ____ .
 ____ it ____ ____ the construction ____ ____ the internet unreliable?
 Do ____ construction ____ ____ an impact ____ ____ internet service?
 ____ ____ ____ a construction project next ____ ____ is affecting internet ____ ?
 The ____ project ____ ____ the ____ .
 Is ____ construction ____ ____ our ____ network?
 Is local ____ ____ ____ our ____ fi?
 ____ the ____ impacting ____ internet ____ .
 Is ____ ____ ____ between ____ ____ ____ effects from close by constructions?
 The reliability ____ ____ internet connection ____ be ____ by closeby ____ ____ .
 Are our ____ service disruptions ____ ____ construction ____ ?
 The ____ ____ ____ be affected ____ a nearby construction ____ .
 There is ____ ongoing ____ project nearby ____ could ____ ____ ____ service.
 ____ the ____ jerks messing ____ ____ internet?
 Is ____ ____ construction project affecting ____ ____ ____ ?
 Does local ____ affect ____ ____ ____ on ____ ?
 ____ ____ a nearby building ____ affect ____ ____ connection?
 ____ internet ____ not ____ due ____ ____ construction nearby.
 What affects ____ a ____ ____ have on ____ ____ connection?
 There could be ____ impact ____ ____ ____ service ____ the ____ construction.
 The current instability ____ ____ Internet service could ____ ____ by ____ ____ ____ building ____ .
 Is a ____ construction ____ ____ ____ Internet ____ ?
 Is ____ ____ interfering with ____ ____ ?
 Is ____ internet unreliable ____ ____ ____ construction ____ nearby?
 ____ ____ Internet ____ interrupted ____ of ____ infrastructure improvements?
 Is ____ periodic internet ____ linked ____ local ____ ____ ?
 Is there a ____ ____ construction work ____ ____ ____ outages?
 ____ ____ ____ messing with ____ internet?
 ____ ____ ____ that ____ presence of a local construction ____ ____ internet ____ ?
 ____ ____ reliability is sometimes disrupted ____ next ____ ____ .
 ____ ____ ____ will affect the ____ ?
 ____ there ____ chance ____ construction next ____ ____ could cause ____ ____ ____ internet access?
 ____ our online ____ impacted ____ ____ construction?
 ____ ____ possible that ____ construction ____ affecting ____ internet service?
 Is ____ possible that ____ construction site ____ affect ____ ____ ____ ?
 Maybe there ____ ____ ____ between ____ construction and the ____ ____ ?
 Installation ____ door can ____ net ____ ____ ____ .
 ____ ____ ____ construction near us is disrupting ____ internet ____ .
 ____ a nearby ____ ____ affecting ____ ____ of our internet?
 Is ____ possible ____ the internet is ____ disrupted ____ ____ ?
 ____ consistency might be ____ ____ by ____ ____ .
 Are ____ construction jerks ____ ____ ____ Internet?
 ____ it possible ____ construction ____ behind ____ ____ disruptions?
 Internet reliability ____ ____ affected ____ construction ____ ____ .
 ____ impact does a ____ site have ____ our ____ ____ ?
 ____ ____ ____ a connection ____ ____ ____ and the ongoing construction?
 Will ____ close proximity ____ ____ ____ affect ____ ____ reliability or dropouts?
 Would ____ noise ____ ____ internet ____ now and ____ ?

_____ internet disruptions _____ by _____ neighboring development _____ activities?
 _____ it possible _____ construction _____ near us is _____ issues?
 _____ a construction _____ near our _____?
 Does the _____ project _____?
 Is _____ construction impacting _____?
 How _____ a building _____ internet _____?
 Is _____ the adjacent construction work _____ impacting our _____?
 Should internet service stability _____ proximity _____ activities?
 _____ affecting the wi-fi?
 _____ neighboring construction disturb _____?
 Is it _____ that is _____ with _____?
 Is this _____ internet?
 _____ construction _____ door _____ the internet.
 Is _____ work affecting _____ internet _____?
 Is _____ building _____ causing our _____ off occasionally?
 Could _____ nearby _____ to blame _____ these _____ internet _____?
 What effect _____ have on _____ internet _____?
 _____ our wi-fi _____ off because of _____.
 _____ the _____ of _____ construction project affect internet _____?
 Is it _____ that a _____ construction _____ causing intermittent _____?
 _____ the new _____ close to _____?
 _____ may be a _____ between ongoing _____ and _____.
 _____ construction _____ on our internet _____?
 _____ our wi-fi goes _____ local building work?
 _____ interesting _____ constructions are _____ net _____.
 Is _____ the _____ instability of _____ internet _____ is _____ by _____ from the neighboring _____ works?
 Is _____ possible _____ construction is _____ the internet?
 _____ internet problems _____ local work.
 Is _____ service affected by the nearby construction _____?
 _____ neighborly _____ net consistency _____?
 Is _____ project to _____ impact on the internet connection?
 _____ internet _____ made _____ by neighboring _____?
 _____ project affect the _____ intermittent _____?
 _____ the adjacent construction _____ is affecting _____ connection?
 Is _____ Internet service interruptions related _____ happening _____?
 _____ local _____ work _____ Internet problems?
 _____ there _____ near our Internet?
 _____ our internet _____ activity nearby?
 _____ construction site nearby affect _____?
 _____ problems may be related _____.
 Is there a _____ construction _____ with _____ lately?
 Is the _____ project _____?
 Is _____ affected by _____ adjacent _____?
 Does the new _____ project _____ losses?
 Our _____ can _____ by nearby construction _____.
 _____ linked to the nearby site's activities?
 _____ a _____ site interfering _____ our _____?
 Is _____ a _____ that _____ construction _____ sporadic outages?
 _____ that construction _____ disrupting our internet service?
 _____ vicinity of a _____ site affect _____ reception?

_____ internet connection _____ the neighboring _____?

_____ the local _____ work _____ wi-fi?

_____ interfered with _____ reliability.

Is the _____ being down _____ nearby _____?

_____ local _____ project _____ our _____ reliability?

_____ glitch _____ to local building work.

_____ nearby construction _____ internet _____?

_____ construction nonsense _____ with our _____?

Is _____ current instability of _____ to interference _____ nearby _____ works?

Is there _____ connection _____ of connectivity and _____ us?

_____ reliability _____ with _____ construction.

_____ it _____ that the internet is _____ construction project?

Is _____ erratic loss _____ connection linked _____ near _____?

_____ connection _____ affected by a _____ building _____.

_____ possible for a _____ building project to _____ consistency _____ internet _____?

I _____ neighboring construction project will _____ our _____ quality.

Could _____ failures be _____ the close _____ constructions?

Is it _____ for intermittent _____ the construction?

Is interference _____ building works the cause _____ instability _____ service?

Is _____ nearby _____ these internet disruptions?

_____ is _____ unstable because _____ construction _____ door.

Is it possible _____ from _____ works _____ the current _____ our _____ service?

Is _____ service _____ by _____ construction _____ nearby?

Is _____ construction ruining _____?

Is _____ possible that _____ unstable because _____ interference from _____ building _____?

_____ the _____ construction impact _____ internet _____?

_____ poor _____ messing with _____ internet?

The renovation _____ internet _____ to _____ disrupted.

_____ of our internet connection may _____ impacted _____ building _____.

_____ construction _____ with our wi-fi?

Is _____ the ongoing _____ around us _____ the signal?

Is _____ that _____ construction _____ is _____ problems with _____ internet?

A _____ door _____ affect _____ internet.

_____ our internet being _____ by _____?

Is there _____ construction could cause problems with _____?

Does the _____ of _____ project affect _____?

Is _____ because _____ nearby construction?

_____ of _____ construction site _____ our internet reception?

Is _____ chance that _____ up the _____ recently?

What impact _____ the neighboring _____ site _____ internet _____?

_____ the construction nearby impacting _____?

Is _____ possible that the _____ next _____ our internet service?

_____ a _____ project likely to _____ Internet reliability?

Is _____ connection linked to developments _____ vicinity?

Did nearby _____ affect _____?

_____ an adjacent _____ might affect the _____ of our _____ connection?

_____ construction _____ may _____ the reason _____ the _____ dropouts.

_____ there _____ access could be disrupted by construction _____?

Hey, _____ messing _____ the internet?

Net consistency could be _____.

Will neighborhood construction _____ an _____?

_____ possible that _____ neighboring _____ affects _____ internet quality?

There _____ work _____ that can _____ intermittent _____.

It's _____ construction _____ cause sporadic outages.

Is _____ internet _____ the construction?

Is nearby _____ disrupting _____?

_____ the _____ due _____ a nearby _____ site?

_____ disruptions linked _____ local development _____?

_____ these builders disrupting _____?

_____ internet failures _____ close-by constructions.

_____ the _____ work _____ our _____ connection?

Wondering if _____ disruptions.

Local _____ our _____ connection.

Can _____ internet _____ be _____ to infrastructure _____?

Sometimes internet _____ caused _____ construction _____.

Does _____ close proximity of _____ construction site _____?

_____ close _____ of _____ to impact internet service?

_____ possible _____ nearby _____ will _____ internet access.

Is _____ that a _____ renovation _____ internet access to _____?

_____ the current _____ affecting _____?

_____ project _____ that could affect internet service _____.

_____ the nearby building _____ with internet _____?

_____ the loss _____ connectivity linked _____ developments in the _____?

_____ these _____ failures be related _____ constructions _____?

_____ the _____ affecting internet _____?

A _____ project could _____ internet _____.

_____ a construction _____ internet availability?

_____ internet _____ by _____ ongoing neighboring _____?

Is _____ building _____ related to _____?

Is it _____ neighboring _____ affect our internet _____?

Will _____ stability be affected by _____ of _____?

_____ the _____ us _____ internet service?

_____ building _____ causing it _____ go _____?

Is the construction _____ dependability?

_____ the unexpected internet _____ to _____ nearby development site's _____?

Is it _____ an _____ project to affect _____ our _____ connection?

Is construction _____ disruptions _____ our _____?

_____ construction _____ on the internet?

Is an _____ service _____ to _____ improvements?

Is the _____ construction _____ our _____?

Are _____ related _____ development _____?

_____ the closeby _____ affect _____?

Is _____ construction affecting _____ online _____?

Could _____ be that the _____ by _____ the _____?

_____ there _____ possibility that construction _____ may _____ outages?

_____ there a chance that _____ with the _____?

_____ that _____ affect connection quality?

Could the _____ construction have _____?

_____ project _____ affecting the internet's _____?

_____ our _____ disrupted because _____ nearby _____ activity?

Is _____ bad for _____?

Is _____ construction _____ affecting intermittent _____?

_____ a chance _____ us _____ up the signal?

Construction _____ by may _____ disrupting _____ with _____ interruptions.

_____ of nearby construction _____ our internet service?

Is _____ intermittent _____ disruptions are _____ a nearby project?

_____ construction project nearby _____ internet _____?

Is _____ building project _____ internet?

_____ construction jerks _____ our _____?

An _____ stability _____ ongoing construction?

_____ possible that _____ construction _____ our internet service.

What _____ nearby building site _____ internet connection?

Is a _____ renovation _____ going to _____ internet _____?

_____ consistency _____ impacted by _____ constructions.

_____ cause us _____ internet connection?

_____ construction project _____ internet's stability?

_____ is _____ impact _____ our internet _____ from _____ site nearby.

Is _____ any chance _____ messed up _____ signal _____?

Does _____ bother _____ internet _____?

_____ linked to local development _____.

Internet _____ may be _____ by _____ construction _____.

_____ any _____ our internet service _____ construction project nearby?

Is _____ those construction jerks _____ messing _____ internet?

What _____ does _____ site have on our _____?

Should _____ project _____ disrupting _____ online _____?

_____ the ongoing _____ our internet _____?

There _____ internet disruptions and unstable _____ construction.

Is the _____ instability of _____ Internet _____ due _____ from _____?

Is the _____ stability.

_____ the _____ of connection linked _____ near us?

Is _____ a possibility that _____ project _____ affecting the _____?

_____ constructions may _____ affecting _____ intermittently.

The _____ the web _____ be affected by _____ building _____.

Maybe the proximity of _____ our _____ reception.

Can _____ related to the ongoing _____ improvements?

_____ there _____ a connection _____ the construction _____ disruptions.

_____ the internet _____ to _____ project?

_____ it _____ intermittent _____ from neighboring work?

_____ there _____ construction _____ impacting _____ Internet _____ stability?

_____ internet _____ due _____ nearby project?

Would construction _____ our internet _____ again?

_____ it possible _____ the nearby _____ these _____ disruptions?

Is _____ is affecting our internet?

_____ it _____ the construction _____ the _____?

_____ work interfering with _____ internet _____?

_____ possible _____ by is disrupting our _____ service.

_____ it _____ that _____ nearby _____ project _____ causing _____ issues?

_____ the _____ due _____ local development _____?

Might internet _____ disrupted by a _____?

_____ internet reception _____ be affected by _____ of _____ site.

_____ work interrupt our internet _____?

Is _____ construction _____ affecting _____ stability?

The _____ service _____ unstable because of _____ from _____ works.

Is _____ affecting the _____?

_____ door _____ cause _____ access reliability to be _____.

_____ our internet _____ going _____ disrupted because _____ construction activity?

The _____ building _____ may cause _____.

_____ problems _____ internet service due to construction?

_____ connection _____ the _____ construction _____ and intermittent internet outages?

_____ it _____ construction _____ is _____ intermittent internet outages?

_____ the local _____ affecting our _____?

Is there _____ connection _____ and _____?

_____ construction affecting our _____?

Is it possible that _____ went down because _____?

It's possible _____ the adjacent _____ online _____.

The _____ project could _____.

There are _____ internet _____ and _____ near _____ site.

Is the ongoing _____ online _____?

_____ the _____ project _____ Internet _____?

_____ next door affects _____ internet _____.

_____ reliability is _____ at _____ visible _____.

_____ our internet _____ to _____ improvements?

_____ is _____ that _____ constructions are interfering with _____.

_____ hurting net consistency?

_____ nearby could cause issues with internet _____?

_____ might be _____ the internet _____.

_____ internet stable _____ to construction _____?

Does the _____ affect _____?

What _____ a _____ site _____ on our internet connection?

_____ a _____ that construction _____ the signal recently?

_____ internet access may _____ by _____ renovation.

_____ our _____ connection might _____ by closeby building work.

_____ if _____ Internet service _____ interference from neighboring building works.

Is _____ with our Internet?

Is it _____ internet is _____ a nearby project?

_____ could cause short _____ internet.

_____ the renovation endeavor cause _____ to _____?

Is the _____ due _____ project _____?

_____ that _____ could cause sporadic outage?

Sometimes _____ wi-fi _____ is it _____ to local _____?

_____ internet _____ related to _____?

_____ Internet _____ be affected _____ construction _____?

_____ nearby _____ internet dropouts.

Is it possible that the construction _____ the _____?

Is the _____ disrupting _____ service with occasional _____?

_____ possible _____ these construction _____ are _____ our _____ service?

Will the _____ work _____ internet _____?

_____ it possible that _____ is unstable _____ the building _____?

Installation _____ disrupt _____ access.

_____ presence of a construction project could _____ reliability.

____ it possible that nearby ____ limiting ____?
 Is ____ construction ____ affecting intermittent ____?
 Is ____ these ____ jerks ____ with the Internet?
 What impact does ____ building ____ have ____ connection?
 Is ____ possibility that ____ construction ____ causing internet ____?
 ____ current ____ of ____ service might be ____ to ____ neighboring building ____.
 Is ____ an occasional Internet ____ to ____ building ____?
 ____ the ____ be ____ the constructions?
 Is ____ poor construction ____ our ____?
 Is ____ possible ____ the ____ of a construction ____ internet ____?
 ____ could be ____ potential effect from ____ development ____ the ____ disruptions.
 ____ affected by local construction?
 ____ is close ____ our ____.
 Did ____ affect ____ availability?
 ____ the ____ for sporadic outages?
 Is the building ____ issues?
 ____ messing with internet ____?
 The ____ be affected by ____ to a ____.
 ____ be intermittent because of ____ nearby ____.
 Could ____ failures be ____ the close-by ____?
 ____ may be affected by ____.
 There is ____ construction ____ could ____ Internet service.
 Our internet stability ____ be ____ a ____ construction ____.
 ____ internet glitch related ____ building ____?
 ____ possible ____ the Internet service is unstable ____ of ____ neighboring ____?
 The constant disruptions ____ connection, ____ to the ____ developed?
 Could the internet ____ related ____ nearby ____ activities?
 ____ internet ____ being affected ____ the ____.
 Is ____ possible that ____ affect ____ internet access?
 Can installation ____ door ____?
 ____ a link ____ construction ____ internet ____?
 ____ possible that ____ might ____ connection quality?
 Could the ____ building work ____ affecting ____ reliability of ____?
 ____ internet ____ disrupted ____ to construction?
 Is it possible that ____ internet failures ____ related ____?
 There ____ impact on ____ internet service ____ construction nearby.
 Maybe there's a ____ the ongoing construction?
 Building ____ the internet.
 Our ____ might be ____ the ____ construction ____ nearby.
 Is this ____ doing ____ internet?
 ____ builders interfering with our ____?
 Will ____ our internet?
 Is the internet ____ nearby construction ____?
 Is ____ causing ____ outages?
 There is ____ effect on ____ neighborhood ____.
 Can ____ our internet service?
 ____ this construction ____ messing ____?
 Is ____ intermittent ____ caused ____ nearby ____ project?
 Is ____ a nearby ____ is causing ____ internet instability?
 Is there a connection ____ and local ____?

_____ construction next door which _____ connection.

Is _____ making _____ Internet _____?

Did _____ internet stability?

_____ is disrupting our internet service with occasional _____.

_____ is _____ with internet _____.

_____ ongoing _____ project _____ affect _____ service in _____ way.

Could the closeby building _____ the _____ website?

The internet _____ reliability may _____ closeby construction.

_____ with _____ internet service due _____ nearby construction?

It _____ the _____ construction work is _____ our _____ access.

Could there _____ from _____ neighboring _____ activities _____ the _____ disruptions?

_____ the _____ construction affect _____ internet _____.

Is _____ service _____ to _____ improvements?

Is _____ affected _____ construction project?

Could _____ affect _____?

_____ project _____ our internet stability?

Net consistency can _____ by _____.

Is it _____ the current instability _____ involves _____ from the _____ works?

The internet _____ could be impacted _____ proximity _____ site.

Is the _____ internet service due to _____ neighboring _____ works?

Could _____ presence _____ a _____ the reliability of _____ internet?

Is it _____ outages might _____ from construction _____?

Is _____ because of a _____ nearby?

_____ may _____ related to local _____.

_____ the construction work _____ internet _____?

_____ internet _____ disrupted intermittently because of the neighboring _____.

Is it possible _____ nearby _____ is _____ with _____ internet?

_____ the _____ project _____ internet performance?

Is the _____ affecting _____ stability?

Does _____ affect our _____?

Sometimes our _____ goes off, is _____ building _____?

I wonder _____ project will _____ internet stability.

_____ a _____ between the _____ internet _____ and the _____ construction.

_____ nearby _____ our Internet?

_____ builders _____ access to the _____?

Is _____ a _____ the ongoing construction _____ the _____ recently?

_____ new _____ project _____ to cause internet _____?

_____ door _____ cause net access _____.

Maybe there _____ a _____ between _____ and _____ disruptions.

Is _____ presence _____ a _____ construction project affecting _____?

_____ nearby be behind _____ disruptions?

Does the _____ proximity of building _____ internet _____ dropouts?

Is _____ connection _____ to _____ near us?

Is the _____ construction _____ the _____?

Is _____ at _____ due to _____ construction?

_____ chance the _____ affects the internet _____?

Is _____ construction _____ impacting _____ stability?

Local _____ work may _____ our _____.

_____ local construction _____ an effect on _____?

_____ related to _____ work?

Is it possible _____ construction project _____ with our _____?
_____ the construction _____ our internet _____.
_____ cause _____ connection quality problems?
We might be able _____ attribute the unexpected _____ disruptions _____.
Is it _____ for _____ building project _____ of our _____ connections?
Could _____ internet _____ to be disrupted?
Is there a _____ between the _____ and _____ internet _____?
_____ it _____ that the _____ work _____ our internet connection?
Is this bad _____ internet _____?
_____ can _____ disrupted _____ visible construction.
_____ web connection quality?
_____ development _____ internet disruption.
Is _____ any _____ nearby could cause _____ failures in _____ internet _____?
_____ our _____ disrupted _____ the construction?
Is _____ construction _____ Internet's reliability?
_____ service _____ be affected by close _____ of _____?
_____ construction disruptive to our _____?
_____ ongoing _____ might be causing _____.
_____ these internet failures _____ by _____?
_____ that the construction _____ could cause _____ outages?
_____ these _____ failures _____ linked _____ close _____ constructions?
_____ neighboring _____ cause us to _____ internet _____?
Net access _____ can _____ disrupted _____ next _____.
_____ the loss _____ linked to _____ near us?
There are _____ caused by _____ construction.
Can _____ be to blame _____ outages?
_____ it possible _____ internet is down because _____ project?
_____ be related to _____ contractions.
_____ it possible that _____ be related _____ close-by constructions?
_____ next door _____ to _____?
Is the _____ of _____ developments surrounding us?
_____ possible _____ a _____ project nearby that is _____ our _____ stability?
Is it likely _____ intermittent internet _____ caused _____ a _____?
Is the _____ work _____ our _____?
_____ curious _____ constructions are _____ consistency.
_____ internet is _____ construction project.
_____ be _____ nearby constructions are affecting internet _____.
Is _____ being _____ because of _____?
The internet's _____ could _____ a local _____ project.
_____ stable _____ availability affected _____ constructions.
Is _____ correlation between _____ disruptions _____ the ongoing _____?
Is _____ internet _____ nearby project?
Is _____ construction work disrupting _____ intermittently?
Is there _____ connection between _____ and _____ in _____ vicinity?
_____ could be a nearby _____ our internet _____.
Could _____ construction _____ internet reliability?
Is _____ that an _____ could be impacting _____ connection?
_____ a construction _____ our internet _____?
_____ reliability _____ our web connection could _____ in _____ building work.
_____ renovation _____ internet access to be _____?

_____ intermittent disruptions caused _____ construction _____?

_____ building work related to _____?

There _____ Internet issues related _____ close-by _____.

I wonder if nearby _____.

Is _____ closeby _____ a problem with our _____?

_____ it _____ the vicinity _____ a construction site _____ affect _____ reception?

_____ linked to nearby _____?

_____ construction affect _____?

Are _____ caused _____ the _____ work?

Could _____ affect _____ connection?

_____ the _____ affect _____ internet?

_____ be affected _____ the proximity of _____ activities?

Construction _____ affects _____ internet _____.

Is _____ possible that _____ construction _____ causing _____ internet issues?

_____ the _____ of _____ construction _____ bad for _____ reception?

Is internet service _____ by _____ building activities?

It _____ the _____ a construction project _____ affect internet _____.

_____ possible _____ our internet is down _____ construction?

The presence of a _____ project _____ the _____ the _____.

Is it _____ that _____ construction project is disrupting _____?

Is _____ possible that nearby construction can _____?

Does _____ our _____ reliability?

_____ a possibility _____ construction project _____ our internet stability.

Is _____ work _____ our _____ connection?

_____ our _____ service affected _____ nearby _____?

Will a _____ renovation disrupt _____?

_____ an _____ on _____ from the construction nearby?

_____ construction nonsense _____ theInternet?

Could the unexpected internet disruptions _____ related _____ nearby _____?

Internet reliability _____ by _____.

_____ it _____ that local _____ affects _____ connection?

A local _____ might _____ internet _____.

The _____ be _____ with _____ Internet.

_____ neighborly _____ are _____ net consistency _____

There _____ from the neighboring site's activities _____ the _____.

_____ possible _____ close by _____ disrupting internet service.

Short _____ quality _____ be caused _____ nearby construction.

_____ internet interruptions _____ to _____ activities?

Is _____ making internet disruptions?

Can we experience _____ our _____ due to _____?

Is a _____ impacting _____?

We _____ able _____ failures to close-by constructions.

Is _____ that a _____ project is _____ Internet?

Is the _____ going to _____ losses?

_____ close proximity _____ a construction _____ could _____ internet _____.

Could _____ construction nearby _____ blame _____ the _____ disruptions?

Is nearby _____ availability?

_____ ongoing _____ construction _____ our _____ connection _____?

Is local building _____ our internet _____ sometimes?

Is the nearby _____ going _____?

Is _____ that _____ down _____ to the project?

Will internet _____ be impacted _____ close _____ activities?

_____ construction _____ could have _____ impact _____ service.

_____ construction messing _____ our online _____?

_____ disruptions _____ connection to _____ construction _____.

Is _____ the _____ work is influencing our internet _____?

Is _____ possible that _____ proximity _____ a construction _____ can _____ reception?

_____ internet _____ are caused by construction?

_____ the construction _____ Internet _____ stability?

_____ that the _____ work could cause _____.

Does _____ our internet?

Is _____ reliability affected _____ construction?

Is _____ with the _____?

_____ web stability from ongoing construction?

Is _____ being _____ construction?

_____ our _____ of _____ construction site?

_____ the closeby construction impact _____?

I am _____ development _____ internet _____.

Is _____ a correlation _____ constructions _____ internet _____ intermittently?

Is it _____ construction _____ could _____ to _____ sporadic outages?

Does the _____ internet _____?

_____ internet _____ be attributed to the _____ site's _____?

Can the _____ internet _____?

Our _____ connection _____ be _____ intermittently by _____ work.

_____ local building work _____ a _____ internet?

_____ construction project may affect _____ losses.

_____ our internet _____ construction jerks?

Is the new _____ on _____ internet losses?

_____ is _____ that _____ may affect internet _____ intermittently.

Is it _____ disruptions could _____ caused by the neighboring _____?

_____ the _____ affect the _____?

_____ it possible _____ building project _____ impacting _____ consistency of our internet _____?

_____ ongoing construction cause _____?

Is _____ for _____ adjacent building project to _____ consistency of _____ internet _____ with _____?

The _____ of _____ web _____ might _____ by _____ by _____ work.

_____ connection _____ internet disruptions and the _____ construction?

Could there be _____ correlation between _____ development _____ activities _____?

_____ it possible _____ adjacent building _____ could _____ our internet _____ interruptions?

Is the _____ project _____ Internet losses?

_____ our _____ goes off, _____ due to _____ building work?

_____ it possible _____ nearby construction _____ affect _____ quality?

What _____ a building _____ have on our _____?

I _____ the current instability _____ internet service _____ due _____ from neighboring _____.

_____ local construction _____ online _____?

Is the construction _____ internet _____?

The internet might _____ a nearby _____.

_____ the _____ building project _____ issues.

There _____ some reason for _____ internet _____.

Net access reliability _____ sometimes _____ disrupted _____ next _____.

Is a _____ project causing _____?

The internet ____ could ____ affected by a ____ ____ ____.
 ____ there a chance ____ the construction ____ up ____ ____ ____?
 ____ there ____ chance ____ construction ____ messing ____ the internet?
 ____ internet ____ affected by the ____ work ____ ____ it?
 ____ ____ could ____ hampered by nearby constructions ____.
 ____ it possible that these construction jerks ____ ____ ____ our ____?
 ____ ____ service ____ related to ongoing infrastructure ____?
 ____ ____ nonsense ____ our Internet?
 Is ____ ____ issues related ____ close-by ____.
 Would the ____ noise around ____ affect ____ ____ ____?
 Is ____ possible for ____ adjacent ____ ____ ____ consistency of ____ internet service?
 Is our ____ ____ the ____ work?
 The ____ ____ might cause internet ____.
 Is ____ ____ correlation ____ the ____ disruptions ____ ____ ongoing construction?
 Do the ____ ____ affect ____ internet ____?
 It might ____ ____ constructions are ____ internet availability ____.
 ____ it ____ that the ____ ____ affect our internet availability?
 ____ internet problems related ____ ____ work.
 Is ____ local ____ that causes ____ wi-fi ____ ____ off?
 Could a ____ ____ disrupt ____ internet ____?
 Is ____ ____ ____ problem with ____ connections?
 ____ ____ a chance these ____ ____ are messing ____ ____ internet?
 Is the ____ of ____ ____ project ____ to internet ____?
 ____ is possible ____ the construction ____ ____ disrupting ____ internet service ____.
 Is the proximity of a ____ ____ issue for ____ ____ ____?
 Is ____ ____ chance that construction could cause ____ ____ access ____ ____?
 ____ could ____ internet interruptions ____ ____ development activities.
 Not ____ ____ constructions are ____ net ____ harder.
 ____ there a ____ ____ intermittent outage?
 Our internet service can ____ ____ due ____ ____ ____.
 ____ it possible that a ____ ____ ____ cause ____ access to ____ disrupted?
 ____ ____ are related to local ____ ____.
 Is ____ ____ relationship ____ internet interruptions and ____ ____ activities?
 ____ ____ say that the ____ disruptions were caused ____ ____ site's ____?
 Are intermittent internet ____ ____ ____ construction project?
 ____ ____ possibility that ____ ____ could cause sporadic outages.
 Are internet ____ ____ to local ____ ____?
 ____ the closeby ____ work ____ ____ reliability ____ our ____ connection?
 ____ neighboring development ____ ____ disruption?
 If ____ constructions ____ making net ____ ____ achieve.
 The ____ construction ____ ____ affect ____ internet ____.
 ____ is ____ ____ for ____ dropouts near ____.
 Internet issues ____ be ____ ____ ____ work.
 Is a ____ ____ ____ our internet ____?
 What ____ does ____ nearby site have ____ ____ Internet ____?
 ____ ____ construction project a factor ____ ____ internet losses?
 ____ ____ a construction project ____ is ____ internet ____?
 Is ____ ____ ____ related ____ ongoing ____ improvements in the area?
 Is ____ construction ____ affecting ____ Internet's ____?
 ____ ____ will nearby ____ ____ ____ on our internet service?

_____ a _____ on our Internet connection is _____.

Construction nearby _____ be _____ blame _____ the constant _____.

Installation _____ door could _____ access _____.

The _____ reception could be adversely _____ by _____ of a _____.

Are _____ construction jerks _____ our _____ service _____ working?

_____ closely building work _____ of the _____ connection?

Can _____ be _____ on web stability from _____?

_____ it possible that _____ project nearby _____ internet issues?

_____ Internet problems related _____ contractions?

Is _____ possible _____ a nearby construction project _____ disruptions?

There _____ a nearby construction _____ that _____ affecting _____ service _____.

_____ chance the _____ will affect _____ internet _____?

_____ internet _____ related _____ local work?

_____ might _____ our internet service _____ occasional _____.

Does the _____ project _____?

Can _____ problems because of _____?

Is _____ possible _____ the _____ sporadic outages?

_____ a nearby _____ disrupting _____ access?

Random _____ our Internet may _____ caused _____ construction.

_____ building project cause unreliable _____?

Is _____ influenced _____ the adjacent construction work?

Is _____ a construction _____ affecting the internet's _____?

_____ adjacent _____ is disrupting _____ reliability.

_____ interruptions in _____ internet _____ related _____ improvements?

_____ possible that _____ construction has _____ internet disruptions?

_____ is a chance that the _____ affect _____ quality.

_____ we _____ the _____ close-by constructions?

Is interruption _____ internet _____ to _____ infrastructure _____?

Could _____ construction work _____ our _____?

_____ our _____ service _____ ongoing infrastructure improvements?

_____ it _____ for an _____ building project to _____ impact _____ consistency of _____ internet connection?

_____ proximity of _____ construction site affect _____ on the _____?

There may be _____ to _____ development activities.

_____ internet _____ be related _____ close-by _____.

Does _____ construction project have _____ on Internet _____?

_____ curious _____ neighborly constructions are _____ net _____.

Is _____ possibility _____ local _____ could affect internet reliability?

Our internet connection may intermittently _____ by _____.

_____ be _____ project affecting _____ internet service.

_____ outages that may be caused _____ project.

Our internet service _____ impacted _____ a nearby _____.

_____ construction _____ impacting our internet?

_____ neighboring _____ affect _____ disruption

Irregular _____ on our _____ connection is _____ by _____ site.

Could _____ affect the _____?

The _____ instability of our _____ service may _____ building _____.

_____ the _____ related to local _____?

Installation _____ can affect net _____ times.

_____ the _____ affect internet _____?

Could _____ unexpected _____ to the neighboring development _____?

Can a _____ our _____ stability?

Is _____ construction affecting _____ stability.

_____ a local construction _____ could _____ internet reliability.

Could _____ be impacting _____ reliability?

The _____ might have a _____ constant internet _____.

If _____ net consistency, _____ curious.

Our internet _____ by a construction _____.

Will closeness _____ internet _____ stability?

Does _____ the Internet?

_____ neighborly constructions _____ slowing net consistency, _____.

_____ the _____ interruptions linked to _____?

Is _____ construction _____ internet _____?

There _____ disruptions _____ to _____ development _____.

Is the _____ site _____ our _____?

Is _____ impacting _____?

_____ it possible _____ internet _____ due to _____ nearby?

Are nearby _____ availability?

_____ constructions _____ interfering with net consistency, _____ is _____.

_____ it _____ that the construction _____ problems?

_____ the _____ proximity of building _____ internet service _____?

Should _____ a local _____ affect internet reliability?
