

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Product performance and efficiency questions
Inquiry Sub-Category	Energy Usage
Description	Customers inquire about how much energy our appliances consume and if they meet energy efficiency standards.
Data Size	7,050 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ possible to compare two different _____ their _____ annual kWh ratings _____ by _____?

_____ and contrast models based on _____ kWh data from _____?

_____ possible _____ the _____ models _____ a meaningful way just _____ on _____ HAM kWh _____?

Is it _____ compare _____ based _____ their _____ HAM?

Is _____ possible _____ judge models based _____ yearly _____ provided _____ HAM?

_____ it _____ to compare _____ models using just _____ kWh _____?

Is it _____ to compare _____ based _____ their _____ kWh _____?

Is it possible to _____ by _____ HAM?

Is _____ possible to examine _____ provided _____ data _____ and _____ models?

_____ alright _____ compare different models _____ the _____ kWh rating?

_____ it _____ to compare diverse _____ with _____ HAM annual _____?

Can the differing yearly kWh ratings _____ be used _____ a _____ two _____ information?

_____ difference between _____ two models _____ just _____ ratings _____ HAM?

Is it possible to _____ the two models _____ the _____?

The _____ ratings _____ HAM can _____ used to compare _____ models without _____.

Does the _____ kWh ratings _____ HAM _____ a _____ the models?

_____ it possible _____ compare _____ models only on _____ annual _____?

_____ difference _____ using just kWh ratings from HAM?

_____ annual kWh _____ provided _____ allow _____ to compare the models?

_____ possible to _____ their yearly kWh _____ from HAM?

Do the HAM _____ kWh _____ allow a _____ different _____?

Is it _____ compare _____ based on the _____ rating?

Can _____ just _____ on _____ annual _____ to _____ models?

_____ to _____ model ratings by _____ from HAM?

_____ ratings from HAM suffice _____ comparing _____ models?

Can _____ two _____ only with kWh ratings _____?

_____ possible _____ the _____ models _____ a meaningful way _____ the _____ of HAM kWh _____?

Can we _____ HAM's kWh _____ to _____ appliances?

_____ a comparison of _____ models possible with _____ their _____ ratings provided _____?

_____ provides _____ they suffice _____ comparing two different models?

_____ annual kWh _____ HAM _____ to determine _____ two separate _____ fare against _____ other?

Can we _____ based _____ kWh _____ from HAM?

Do _____ kWh figures _____ a comparison of models?

Is it _____ separate models _____ the yearly _____ by HAM?

Is _____ different _____ based on _____ annual kWh _____ from HAM?

Is the annual _____ by _____ adequate _____ different models?

Can _____ kWh ratings _____ HAM be _____ diverse _____.

_____ there _____ to judge and contrast models _____ data _____ by _____?

Is it _____ for the HAM _____ to _____ compared _____ kWh _____?

_____ possible _____ compare two _____ models _____ their yearly kWh ratings?

_____ we only assess the two _____ based _____ annual _____ ratings?

Is the _____ model comparison _____ using only _____?

Does it _____ sense _____ by their kWh ratings _____?

_____ it a _____ idea _____ consider _____ kWh ratings when evaluating _____ diverse _____ models?

Can we _____ HAM's _____ in _____ comparison?

While evaluating two diverse _____ models, _____ I _____ consider _____ ratings from _____?

Is it possible _____ assess _____ based on _____ ratings?

_____ HAM _____ comparisons _____ using _____ annual kWh ratings.

_____ the HAM _____ viable using _____ annual _____ ratings?

_____ it possible to judge _____ on the _____ supplied by _____?

_____ different _____ based on _____ energy usage _____ kWh as reported by _____?

_____ the _____ published by _____ be _____ as _____ basis _____ comparing two models?

Can we compare _____ models using the _____ ratings _____?

Can we _____ compare _____ based on _____ annual _____ ratings?

Can we compare _____ models with _____ ratings _____ by _____?

_____ we _____ the _____ ratings from _____ compare two _____ models?

Is _____ to evaluate models _____ their _____ readings from _____?

_____ I use _____ kWh _____ to _____ models?

_____ it possible _____ compare the _____ kWh ratings _____?

The annual kWh _____ provided _____ may not be _____ to _____.

_____ only compare _____ two _____ with their _____ ratings?

_____ it possible to _____ and contrast _____ supplied by _____.

Can the yearly _____ give a trustworthy _____ different _____?

Can _____ be a valid comparison of diverse _____?

_____ possible _____ by their yearly kWh readings from _____?

_____ compare and contrast models _____ on _____ supplied by HAM?

_____ exclusive annual kWh _____ supplied _____ HAM _____ us to _____ the _____ models?

Can _____ data _____ be _____ to _____ models _____ on annual _____?

Is there _____ valid comparison _____ HAM's _____ figures?

Is it _____ for _____ from HAM to compare _____?

_____ the _____ kWh _____ allow us to _____ the models?

Some _____ can be _____ based _____ HAM's _____ kWh _____.

_____ okay _____ compare different _____ on their _____ rating each _____?

_____ to only _____ ratings by _____ while evaluating two diverse appliance _____?

_____ it easy to _____ different _____ kWh ratings?

Can _____ annual kWh ratings from _____ compare different _____?

_____ the yearly _____ published _____ HAM be used _____ basis _____ models without more _____?

_____ it ok to _____ based _____ their yearly kWh _____?

Is it possible _____ models _____ just _____ kWh _____ per _____ information?

Does _____ annual kWh rating _____ give _____ adequate _____ distinct models?

_____ it _____ a comparative _____ separate models _____ the same kWh _____ per HAM?

Is _____ possible to judge _____ based _____ their _____ data _____ by _____?

_____ annual _____ figures supplied by _____ allow _____ to compare _____ directly.

_____ models _____ compared to _____ kWh ratings _____?

_____ we compare two models based _____ provided _____ HAM?

_____ differing yearly kWh _____ HAM _____ used as a basis for _____ two _____ without additional _____?

_____ you think it's _____ to _____ different _____ their _____ ratings?

_____ solely _____ the _____ consumption offered _____ can we _____ comparisons between _____ units?

_____ the annual _____ from _____ solely compare _____?

Can _____ annual kWh ratings _____ two different _____?

Is the annual kWh _____ enough _____ two _____ models?

Is it possible to _____ purely _____ their kWh _____?

_____ annual kWh _____ HAM _____ us _____ compare the models directly?

Is _____ yearly _____ ratings good for _____ different models?

Does _____ exclusive _____ by _____ allow us to compare these _____?

Can _____ different _____ based _____ on the _____ ratings provided by _____?

_____ models be compared _____ from HAM?

_____ possible _____ models _____ HAM's annual kWh ratings alone.

_____ gives _____ ratings but do _____ for _____ two models?

_____ it _____ to _____ rely _____ yearly _____ ratings from _____ when comparing _____ appliances?

_____ it _____ to only assess two unique HAM _____ on _____?

Can the HAM annual _____ compare _____?

Does the annual kWh ratings _____ HAM _____ different _____?

Does the annual _____ rating _____ HAM _____ an _____ basis _____ comparing _____?

_____ models be compared _____ annual kWh ratings?

_____ possible _____ use the _____ ratings by HAM for evaluating _____?

Are _____ to _____ separate models _____ their corresponding annual _____?

Is it _____ based _____ their yearly kWh rating?

_____ use _____ consumption expressed in kWh _____ offered _____ HAM to compare _____?

Can _____ simply _____ annual _____ to _____ two models?

_____ possible to _____ based on their _____ kWh ratings?

Is _____ compare different _____ ratings from HAM?

Is it possible _____ on _____ HAM kWh rating?

_____ it _____ assess two HAM models _____ on _____ annual _____ ratings?

_____ it possible _____ judge _____ models based _____ data provided by _____?

_____ possible to _____ the two models _____ based on _____ kWh _____?

Can HAM data _____ do model _____ based _____?

Can _____ compare two diverse models by _____ annually?

_____ kWh _____ from _____ allow _____ comparison _____ the different models?

Is _____ possible _____ two HAM _____ on kWh ratings?

_____ the assessment _____ models only based on _____ kWh ratings _____?

_____ it _____ to compare _____ performance _____ provided annual _____ consumption data?

Can _____ solely on HAM's _____ to _____ these separate _____?

Does _____ annual _____ rating provided _____ HAM _____ up an _____ basis _____ models?

_____ the _____ kWh _____ from HAM _____ with _____ comparison of different _____?

_____ to _____ models solely on kWh data _____ HAM?

_____ possible to _____ assess two _____ on the kWh _____?

Do the _____ kWh ratings _____ for _____ fair _____ of _____?

For comparing two _____ do _____ annual _____ ratings _____ HAM _____?

Is _____ possible to _____ two _____ a _____ way based _____ the _____ kWh ratings?

____ HAM's annual ____ lead ____ of different models?
 ____ models based ____ HAM's ____ kWh ____ is possible.
 Is it possible for ____ ratings ____ comparing ____ models?
 Is ____ to ____ and contrast ____ on ____ data provided ____ HAM?
 ____ possible to ____ two ____ with only ____ kWh ratings?
 Do ____ I ____ judge ____ models using their ____ ratings ____ HAM?
 Is it ____ to compare ____ in ____ way using ____ HAM kWh ____?
 ____ separate ____ using their ____ kWh ratings, as per HAM's information?
 ____ possible ____ only ____ two different ____ models by their annual ____?
 Is ____ possible to ____ with yearly ____ from ____?
 ____ the annual ____ provided ____ to compare two models?
 Can ____ compare two different ____ on ____ kWh ratings?
 ____ we ____ based on ____ kWh ____ from HAM?
 Is the ____ of different models ____ annual ____ from ____?
 ____ assess ____ two HAM models based on ____ kWh ____?
 ____ it ____ to use ____ kWh ____ from ____ comparing distinct ____ models?
 Is it possible to ____ examining ____ provided ____ electricity consumption ____?
 Can ____ compare the ____ their annual ____?
 Is ____ kWh ____ from ____ enough to ____ how ____ different ____ fare ____ each other?
 ____ by HAM provide an ____ basis for ____ two models?
 Can we ____ just ____ looking at ____ kWh ____ from HAM ____?
 ____ two models comparable using ____ ratings ____ HAM?
 ____ we ____ based on ____ annual kWh ratings?
 Can ____ yearly kWh ____ by HAM ____ used as a ____ comparing two ____ without ____ information?
 ____ possible to ____ a comparative analysis ____ models using the ____ annual kWh ____?
 Is the annual kWh ratings by ____ two ____?
 Is it ____ to ____ based ____ data supplied ____?
 ____ the HAM annual kWh ____ a trustworthy comparison ____?
 Is the ____ kWh ____ by ____ for comparing ____ models?
 Can ____ differing annual ____ published by HAM be ____ models?
 ____ mean ____ judge ____ models using ____ annual kWh ____ from ____?
 ____ kWh ratings of HAM allow a ____ models?
 ____ ratings allow a direct comparison ____ different models?
 ____ it ____ compare ____ two models ____ a ____ way according ____ HAM kWh ____?
 ____ to just ____ the annual ____ by HAM ____ different models?
 ____ to only use ____ annual kWh ratings ____ HAM for comparing ____?
 ____ it ok ____ different ____ on their yearly kWh ____?
 Is the annual ____ provided by ____ enough ____ compare ____?
 Does it make ____ compare ____ HAM's kWh ____?
 ____ annual kWh ____ provided ____ HAM ____ to compare ____ different models?
 Are the exclusive annual ____ figures supplied ____ enough ____ allow us ____?
 Is ____ rely solely on ____ kWh ____ from ____ evaluating distinct appliance ____?
 Does comparing ____ annual kWh ____ from HAM ____ to determine ____ each ____?
 ____ possible for the HAM ____ kWh ____ compare different ____?
 ____ HAM models on their ____ kWh ratings?
 Is there ____ way ____ compare ____ models based ____ on their ____?
 ____ the ____ kWh ratings provided by ____ suffice to ____?
 ____ to compare ____ models with ____ kWh ratings alone?
 ____ fair ____ two models based on ____ kWh ratings, ____ HAM?
 ____ I ____ annual kWh ratings to ____ different ____?

____ it ____ to compare ____ models solely ____ kWh ratings?
 Is the ____ rating ____ HAM ____ to ____ compare two different ____?
 Can ____ simply compare ____ based on kWh ____?
 Can ____ HAM kWh ____ models?
 Do ____ from HAM allow ____ a ____ of different ____?
 ____ HAM's kWh ratings ____ models?
 ____ I ____ different ____ kWh ratings?
 ____ we examine solely-HAM- ____ annual electricity ____ data ____ kilowatt-hours ____ compare ____ contrast ____?
 Does the ____ kWh ____ direct ____ of these models?
 Is ____ possible ____ models based on ____ kWh ____ from ____?
 Is ____ to ____ HAM ____ by ____ annual kWh ratings ____?
 Can ____ compare ____ HAM ____ solely ____ their kWh ____?
 ____ HAM model comparisons work ____ their ____ ratings?
 ____ a direct comparison between the two ____ their kWh ____?
 ____ possible ____ the two models based on their ____?
 ____ annual ____ rating provided by ____ give ____ basis for ____ models?
 ____ it ____ two models in a ____ manner ____ on the ____ kWh ____?
 ____ HAM ____ kWh ratings help to ____ diverse ____?
 The exclusive annual ____ figures provided ____ may ____ to compare _____.
 Does the HAM model comparisons ____ ratings?
 Can ____ yearly kWh ____ published ____ HAM be used to ____ information?
 ____ it ____ to ____ two models ____ annual kWh ratings are ____ HAM?
 Can we ____ different models using ____ ratings provided ____?
 ____ possible ____ examine ____ annual electricity ____ data ____ to ____ contrast model performance?
 ____ we ____ models with their kWh ____ from HAM?
 ____ comparisons based ____ kWh ____ done with ____ data ____?
 Does ____ HAM allow for an accurate ____ of different ____?
 Can ____ kWh ratings ____ trustworthy ____ between different models?
 Is ____ compare ____ models ____ their kWh ratings?
 Is ____ to compare two ____ based ____ kWh ratings?
 ____ I use the ____ annual ____ ratings alone ____ the ____?
 Can ____ compare ____ models ____ on ____ ratings ____ by HAM?
 ____ possible ____ rely on the ____ kWh ratings ____ to ____ models?
 ____ comparing ____ kWh figures from HAM enough to ____ models fare ____ each ____?
 Is ____ feasible ____ and ____ performance using ____ provided ____ consumption data?
 Is it possible ____ compare both ____ meaningful way based ____ HAM ____?
 ____ possible ____ assess two distinct HAM models ____ on ____ annual ____?
 ____ kWh ____ from ____ to compare the ____ models?
 Is ____ compare various models based ____ HAM's annual ____?
 Is ____ way ____ compare ____ models ____ on their kWh ____?
 ____ possible ____ compare ____ in ____ meaningful way considering the ____ kWh ratings?
 ____ to ____ annual ____ from HAM ____ how two separate models fare against each ____?
 Is it ____ to compare ____ different ____ HAM's ____ ratings?
 Can ____ kWh ratings ____ to compare ____ models?
 ____ there a ____ the different ____ kWh ratings ____ HAM?
 Can ____ count on HAM's annual ____ to ____?
 The ____ may be ____ annual kWh ratings.
 Is it ____ compare ____ with ____ yearly ____ kWh ratings.
 Can ____ compare the ____ based ____ ratings?
 Is ____ kWh ____ enough for ____ models?

HAM's annual _____ alone make _____ possible to _____.

Can the _____ kWh ratings _____ HAM _____ show _____ models?

_____ annual kWh _____ provided by _____ for comparing two _____?

Is it possible _____ provided _____ consumption data in _____ compare _____?

_____ it _____ compare _____ kWh _____ to determine how two separate models fare against _____ other?

_____ the _____ compared with their _____ kWh ratings?

Is it possible _____ only _____ models based on _____?

_____ possible to solely _____ distinct _____ based on _____ ratings?

Is it _____ rely on _____ kWh _____ from HAM for _____?

Is _____ possible _____ contrast models _____ data _____ by _____?

_____ it not enough _____ the _____ ratings _____ HAM _____ distinct appliance models?

_____ the _____ comparisons _____ using only the _____ kWh _____?

Is it okay to _____ different _____ on their _____?

_____ the annual kWh _____ HAM _____ a trustworthy comparison _____?

_____ possible to _____ HAM's annual kWh ratings.

Does the _____ comparisons _____ if you _____ use _____ kWh _____?

Are _____ me _____ their annual kWh ratings from HAM?

Can the two _____ models _____ solely _____ on _____?

What if _____ yearly kWh _____ HAM _____ accurate comparison _____ models?

_____ models be compared _____ HAM's _____ alone?

Two _____ can _____ using HAM's annual _____.

_____ rating from _____ suffice for comparing _____ models?

It is possible _____ models with _____ ratings alone.

Is _____ compare model by their _____ ratings _____?

Is the _____ rating from _____ for comparing two _____?

_____ ratings provided by _____ for comparing two models?

Do the yearly _____ from HAM allow _____ of _____?

_____ we compare the kWh _____ by HAM _____ diverse models?

_____ use the _____ kWh ratings _____ two models?

_____ ratings _____ for a fair _____ of models?

Is _____ possible _____ compare two _____ relying only on their _____?

Is it _____ to _____ contrast _____ analyzing _____ provided annual electricity _____ data?

The _____ kWh _____ HAM _____ be used _____ compare _____ different models.

_____ it possible to only assess _____ based _____ annual _____?

Is _____ to _____ the _____ models only with _____ from HAM?

Is _____ annual kWh _____ HAM _____ for comparing _____?

Does the _____ kWh rating _____ HAM _____ for _____ two _____ models?

Is it possible _____ by examining solely-HAM _____ annual electricity _____?

Is it possible _____ on _____ data _____ by _____?

kWh ratings from _____ could _____ used to _____.

_____ possible _____ HAM annual kWh _____ to compare _____ models?

_____ the _____ kWh _____ feasible for comparing _____ models?

_____ the annual kWh rating _____ basis for comparing _____ models?

Can _____ use HAM's _____ a _____ of _____ using just their _____ ratings?

Can _____ kWh _____ compare different _____?

_____ annual _____ from _____ to compare the different models?

Can _____ compare _____ ratings _____ models of HAM?

Can the models _____ on _____ annual kWh _____?

Is the _____ provided _____ HAM enough _____ comparing _____ different _____?

_____ it possible to _____ various _____ on _____ annual kWh ratings _____?

Can _____ be _____ kWh ratings alone?

_____ it enough _____ rely _____ on the annual kWh ratings _____ comparing _____?

Does the _____ from HAM allow _____ a _____ comparison of _____?

Is it _____ to _____ separate models fare against each other _____ only comparing _____ kWh _____?

_____ gives annual _____ but do _____ suffice _____ two different _____?

Can _____ differing yearly kWh _____ published _____ be _____ basis for comparing any _____ models _____ additional _____?

Is it _____ to _____ on their _____ rating?

_____ it possible _____ models by _____ kWh ratings.

Is it _____ to _____ HAM _____ comparisons only _____ their _____ kWh _____?

Is _____ model comparisons _____ with _____ their _____ ratings?

Do _____ given by HAM allow _____ accurate comparison of _____?

_____ can use the _____ ratings _____ HAM _____ compare two _____ models.

Can I _____ annual kWh _____ to _____ models?

Is _____ possible _____ only _____ annual kWh _____ from _____ when _____ different models?

Is _____ if they only use _____ kWh ratings?

Does it _____ sense to compare _____ by their _____?

Do _____ yearly kWh _____ HAM _____ for _____ direct _____ of _____ different _____?

_____ an _____ of solely-HAM-supplied _____ electricity _____ compare and contrast models?

_____ annual _____ HAM be used to _____ models?

_____ annual _____ ratings from _____ for comparing two _____?

_____ it possible to _____ different models _____ annual kWh _____?

Can _____ compare two models _____ kWh ratings _____ HAM?

_____ compare the kWh _____ models?

Is the annual kWh ratings provided by HAM _____?

_____ it _____ compare _____ models _____ HAM kWh ratings?

_____ possible to _____ two _____ using _____ annual kWh ratings _____?

_____ it possible _____ compare and contrast _____ through examining solely-HAM provided _____?

Does the _____ rating from HAM _____ basis _____ comparing two _____?

_____ ratings could _____ a fair comparison of _____ models.

It _____ be possible _____ various _____ based _____ HAM's annual _____ ratings _____.

_____ the kWh _____ HAM allow a _____ comparison _____ models?

_____ the _____ yearly _____ ratings _____ HAM _____ as _____ basis for _____ two models without more _____?

_____ annual _____ from _____ enough to compare different appliance _____?

_____ it possible to _____ only _____ kWh _____ from _____?

_____ asking _____ to _____ the _____ ratings from _____ to _____ the models?

Can _____ compare the _____ on _____ kWh ratings?

Can _____ be _____ based on _____ annual kWh _____ by HAM?

_____ compare _____ different models just _____ on _____ annual kWh _____?

_____ it _____ compare _____ models directly _____ exclusive annual _____ supplied by HAM?

_____ yearly kWh _____ shared _____ HAM _____ a _____ different models?

_____ exclusive annual _____ figures from _____ compare the models?

_____ is possible to compare _____ HAM's _____ kWh ratings _____.

_____ kWh rating provided by _____ provide _____ adequate _____ for comparing _____ two _____?

_____ it possible _____ based _____ data from HAM?

It's _____ to compare _____ based on _____ annual _____ ratings _____.

Is _____ comparisons _____ only their yearly _____ ratings?

Can they _____ to compare _____ models by _____?

Is it _____ to _____ diverse _____ with _____ ratings _____?

_____ the models based on their annual kWh _____?

Is _____ to compare _____ models _____ HAM's kWh _____?

Can the ____ HAM models ____ compared ____ on ____ ____?

Do HAM's ____ figures allow us ____ models?

Will ____ annual kWh ratings ____ models?

____ the exclusive ____ figures ____ by HAM allow us ____ different ____?

____ we compare models using ____?

____ annual kWh ____ HAM facilitate ____ good comparison ____ different ____?

____ I compare the ____ models using HAM's ____?

Can ____ compare the two models ____ from ____?

Is ____ kWh ____ by ____ sufficient to compare the ____ models?

____ ratings of HAM be ____ to compare different ____?

____ to compare ____ contrast different ____ models ____ onkWh ____ supplied ____ HAM?

____ it possible ____ compare ____ performance ____ examination ____ solely-HAM ____ electricity ____ data?

Does comparing ____ figures ____ HAM ____ how ____ models fare against each other?

____ it ____ to judge and ____ based onkWh data supplied ____?

Can we ____ comparisons between ____ on ____ electricity ____ expressed ____ kWh per ____ offered by ____?

____ it fair to compare ____ models only ____ ratings ____ HAM?

____ possible to compare ____ kWh rating from ____?

Can I ____ HAM's ____ kWh ratings ____ my two ____?

____ annual kWh figures ____ to compare the different models ____?

Does ____ kWh rating from HAM ____ an adequate basis ____?

____ use ____ provided by ____ annually to compare two ____?

____ I use ____ ratings ____ HAM to ____ models?

____ kWh ratings ____ a comparison of the different ____.

____ the ____ ratings provided by ____ two different models?

Is it ____ to use the yearly ____ from ____ comparing ____ models ____?

It ____ models based ____ HAM's annual kWh ____ alone.

____ we make a ____ of ____ models based on ____ annual ____?

____ would like to ____ two ____ HAM's ____ ratings.

____ the yearly ____ ratings ____ as a basis ____ comparing two ____ models?

____ different yearly kWh ____ used to compare any two models ____ information?

____ the annual kWh ____ from ____ allow a ____ between ____?

____ the ____ enable comparison of different models?

____ to only assess two ____ models based ____ their ____ ratings?

____ we compare the ____ models ____ the ____ provided ____ HAM?

____ annual ____ figures ____ HAM ____ to ____ how ____ separate ____ fare ____ each other?

____ okay to ____ their yearly kWh rating?

____ you really asking me ____ these ____ the ____ ratings from ____?

Is ____ possible to just rely on ____ compare ____?

____ able ____ only assess two HAM ____ their kWh ____?

Is it ____ two ____ ratings provided by HAM annually?

____ kWh ____ by ____ allow for ____ accurate comparison of ____?

Do ____ ratings ____ HAM allow for a ____ of the ____?

____ annual ____ rating ____ HAM serve ____ a basis ____ two different models?

Can ____ compare ____ models ____ their ____ ratings?

____ it possible ____ models only with ____ annual kWh ____ from ____?

Can ____ two ____ models just based on ____ ratings?

____ compare ____ models using ____ their annual kWh ratings?

____ possible to only ____ two ____ HAM models ____ annual ____ ratings?

Can I compare those ____ their annual kWh ____?

____ there a ____ comparison of ____ models ____ kWh ratings?

_____ different models _____ on their ratings _____ HAM?
 _____ it _____ their annual kWh ratings from HAM?
 _____ yearly kWh _____ shared _____ HAM allowed an _____ of different _____?
 Do _____ annual kWh _____ from HAM suffice _____?
 _____ it possible _____ judge _____ contrast _____ based _____ data provided _____ HAM?
 _____ a question _____ the _____ HAM kWh _____ enable _____ fair comparison _____ different _____.
 The yearly _____ figures _____ HAM _____ for _____ of _____ models.
 Is _____ rely on the respective _____ HAM when _____ different _____ models?
 Can the _____ ratings from _____ comparison of models?
 _____ it _____ compare diverse models with _____ alone?
 _____ compare kWh _____ different models?
 _____ annual _____ ratings from HAM help with a _____ models?
 Can _____ only _____ models based on the _____ kWh _____?
 Can _____ kWh _____ facilitate a trustworthy comparison _____?
 Is it possible _____ compare models _____ annual _____?
 The annual kWh figures _____ us to compare _____ different _____.
 Can the differing _____ published _____ HAM _____ used _____ compare two _____ models, _____ additional _____?
 Can _____ how _____ separate models _____ against _____ by _____ annual kWh _____ from HAM?
 Are _____ comparable by their _____ ratings _____ HAM?
 _____ use _____ ratings _____ to compare models?
 _____ possible to _____ the two models _____ a meaningful _____ based on _____?
 _____ be compared by HAM's _____?
 Can you _____ model _____ ratings _____?
 Is _____ possible to _____ the annual _____ ratings _____ HAM _____ comparing separate _____?
 Can the HAM _____ only their _____ ratings?
 _____ only _____ HAM models based _____ their respective kWh ratings?
 Will _____ ratings _____ comparing models?
 _____ it _____ different _____ with the yearly _____ ratings?
 _____ it possible to make a comparative analysis _____ separate _____ using _____ their _____ ratings _____?
 Can _____ annual _____ ratings to compare some _____?
 _____ it possible to _____ models _____ kWh _____ HAM.
 _____ the _____ kWh ratings _____ HAM _____ different models?
 _____ it _____ to _____ take the provided annual kWh ratings _____ HAM _____ appliance _____?
 Is _____ compare two models solely _____ on kWh _____?
 Can _____ exclusive _____ kWh figures _____ by HAM _____ the models?
 _____ given annually _____ kWh totals allow _____ models?
 _____ yearly kWh _____ HAM allow an _____ comparison of _____ models?
 _____ the different _____ kWh _____ published by _____ be _____ a _____ for comparing _____ different _____?
 _____ it possible to _____ two separate _____ fare _____ other _____ by comparing the _____ from HAM?
 Is it _____ rely on the _____ for comparing models?
 _____ to _____ on _____ model kilowatt ratings from HAM _____ comparison?
 _____ it _____ to rely on _____ by _____ for comparing different _____?
 Can _____ HAM's kWh _____ compare models?
 Do _____ the _____ only assess _____ models _____ on their kWh _____?
 _____ there a way to _____ models _____ their _____ ratings _____?
 _____ kWh _____ might enable _____ comparison _____ different models.
 _____ it _____ to compare _____ performance _____ solely-HAM _____ annual electricity consumption _____ kilowatt-hours?
 Can we compare _____ on _____ kWh _____ from _____?
 Can _____ the _____ based on their _____ ratings?
 Is _____ annual _____ ratings sufficient for comparing _____?

_____ annual kWh figures _____ suffice _____ determining how _____ models fare _____ each _____?
 _____ it possible to _____ models _____ HAM kWh _____?
 _____ solely assess _____ HAM _____ their annual kWh ratings?
 _____ use solely-HAM- _____ annual electricity _____ data _____ compare and _____ performance?
 Is _____ rating _____ by _____ comparing two different models?
 Can _____ simply compare two _____ on _____ annual _____?
 Is it possible to compare _____ just _____ corresponding _____?
 Does _____ yearly kWh ratings _____ HAM _____ direct comparison _____ models?
 Is it _____ different models based _____ kWh ratings provided by _____?
 Is it possible to only _____ the _____ comparing models?
 _____ kWh ratings given by HAM sufficient _____ different _____?
 Can the differing yearly kWh _____ by HAM be used _____ for comparing _____ information?
 _____ the exclusive annual _____ figures from HAM _____ the models _____?
 _____ the _____ kWh ratings from _____ allow _____ direct comparison _____ models?
 _____ to only assess two HAM _____ their annual kWh _____?
 Do _____ kWh _____ from HAM allow _____ the _____?
 Is _____ to _____ separate _____ on their annual kWh ratings?
 Can the annual _____ ratings from HAM _____ trustworthy comparison _____?
 Is it _____ compare two _____ on _____ annual _____ provided by _____?
 _____ yearly _____ kWh ratings _____ a _____ of different _____?
 Can _____ models _____ compared using _____ kWh ratings _____?
 _____ we _____ the HAM models only _____ kWh _____?
 _____ we _____ annual kWh _____ provided by _____ to _____ the _____?
 _____ two models with annual kWh _____?
 Does _____ kWh rating _____ allow a _____ of _____ models?
 _____ kWh _____ supplied by HAM _____ used _____ compare the different _____?
 Is it possible _____ these two _____ based _____ their _____?
 _____ published by HAM be _____ to compare _____ different models _____ more information?
 Can HAM's kWh ratings _____ models?
 Is _____ on _____ kWh ratings to compare _____ models?
 Is _____ possible to _____ two _____ HAM's annual _____.
 _____ possible to _____ the kWh ratings _____ HAM _____ compare _____?
 _____ it possible to use _____ supplied _____ to _____ and contrast _____?
 Is _____ to compare different _____ their _____ kWh _____?
 _____ two distinct _____ that we can only _____ on _____ kWh ratings?
 Is _____ exclusive _____ kWh figures supplied by _____ enough _____ directly?
 Does _____ kWh figures _____ suffice _____ two separate _____ fare against _____ another?
 _____ we _____ the _____ models based on their _____ kWh ratings?
 Can we _____ HAM's _____ ratings _____ compare _____ models?
 Can HAM's annual _____ ratings _____ trustworthy comparison _____?
 _____ to compare model performance _____ solely-HAM _____ annual _____ consumption _____ kilowatt hours?
 Is _____ to compare _____ models _____ upon _____ yearly kWh _____?
 _____ we use the electricity consumption _____ in _____ per annum _____ compare _____?
 Can I _____ annual _____ ratings for _____ models?
 Is _____ kWh ratings _____ HAM enough _____ two _____ models.
 _____ it _____ evaluate models based _____ the yearly _____ HAM alone?
 Can we _____ annual _____ ratings _____ to _____ different models?
 Is _____ possible to _____ with _____ annual electricity _____ data?
 Can _____ HAM _____ compared against each _____ their _____ alone?
 _____ we _____ the _____ HAM models based on their _____?

Are you _____ use _____ kWh ratings from _____ judge these different _____?
 _____ possible to _____ two _____ using HAM's kWh _____?

Can we use _____ electricity consumption expressed in _____ per _____ by HAM _____ model _____?

Does it make sense _____ compare two _____ their _____?
 _____ annual _____ from HAM _____ a comparison _____ models?

Is it _____ to judge models based _____ kilowatt-hour _____?

Did _____ kWh figures shared _____ HAM _____ an _____ comparison of _____?

Do _____ kWh ratings from _____ allow _____ between the _____?

Can _____ be _____ way to _____ two different _____ their kWh _____?

Is it _____ with _____ yearly kWh figures shared _____ HAM.
 _____ it _____ to _____ HAM's annual kWh _____ compare _____?
 _____ it _____ to _____ different models using _____ yearly _____ from HAM _____?
 _____ the comparisons _____ different _____ ratings _____ be done?
 _____ the _____ rating provided by _____ adequate _____ comparing the _____?

Do _____ kWh _____ HAM _____ a comparison of _____ different _____?
 _____ yearly _____ ratings from HAM _____ reliable comparison _____ models?

Do _____ annual kWh _____ from _____ of different models?
 _____ to compare models _____ on kWh _____ supplied _____ HAM?
 _____ it _____ to _____ two _____ models based on their _____ ratings?

Can _____ annual _____ ratings from HAM _____ to help _____?
 _____ it possible to _____ contrast _____ using solely-HAM-supplied _____ electricity _____ data?

Do _____ exclusive _____ HAM allow _____ compare these different models?

Is _____ ratings enough _____ distinct appliance models?

Is there _____ way to _____ model _____ HAM?
 _____ it _____ considering _____ the provided _____ ratings _____ when evaluating two _____ models?

We _____ use HAM's information _____ a comparative _____ of _____ models _____ their annual _____.

Does the annual _____ ratings _____ allow _____ a _____ different models?
 _____ me _____ judge these _____ using their _____ ratings _____ HAM?

Is it _____ compare _____ two _____ a meaningful _____ the HAM _____ ratings _____?
 _____ yearly kWh _____ published by HAM be _____ two different _____?

Is _____ to compare the _____ ratings _____ HAM?
 _____ we compare _____ kWh ratings _____ the different _____?

Is it _____ two models only _____ kWh ratings _____ HAM?
 _____ the _____ kWh _____ provided _____ HAM enough _____ two _____ models?
 _____ to only _____ the provided _____ by HAM while evaluating _____ diverse appliance _____?

Can _____ annual kWh ratings _____ compare _____ models?

Is _____ compare _____ models with _____ kWh ratings _____?

Are we able _____ solely _____ models based on _____?

Can you compare _____ HAM's kWh _____?

They are _____ diverse models by _____ kWh _____?
 _____ the _____ ratings from HAM facilitate a _____ models?

Can _____ HAM help compare models?

Is _____ to compare _____ models _____ on _____ ratings?
 _____ kWh figures _____ by _____ an accurate _____ of models?

Is a _____ two different models _____ only _____ ratings provided by _____?
 _____ we compare _____ different _____ just by _____ their _____ kWh _____?
 _____ possible to evaluate model based on their _____ alone?
 _____ various models _____ on HAM's annual _____ alone?

Can I _____ at the annual _____ to compare _____?
 _____ comparing only _____ kWh figures from _____ decide _____ two different models _____ against _____ other?

Would _____ to compare separate _____ on kilowatt-hours _____ by HAM?

_____ is _____ models _____ HAM's annual kWh ratings alone.

Should _____ consider _____ HAM when evaluating the two _____ appliance models?

Does _____ allow a comparison of _____ models?

Can _____ lead to _____ different models?

_____ base our assessment of different models _____ kWh _____ from HAM?

_____ it _____ to base our _____ models _____ their _____ ratings from _____?

Does HAM's information allow us _____ comparative _____ models _____ their annual kWh _____?

Does the _____ rating _____ adequate basis _____ comparing two _____?

_____ a _____ compare _____ kWh ratings by HAM.

Can you tell how _____ fare _____ each _____ comparing the _____ from HAM?

Can I use _____ kWh _____ compare _____ models?

_____ annual _____ ratings from HAM _____ two models?

_____ compare separate _____ using _____ annual kWh ratings _____ per HAM's information?

_____ we _____ the two models _____ their kWh _____?

Is it _____ to judge _____ models _____ supplied by _____?

_____ we _____ the _____ models on _____ kWh ratings?

Is it possible _____ look at _____ annual electricity consumption _____?

_____ possible _____ rely _____ yearly _____ model kWh ratings _____ by HAM _____?

The yearly _____ HAM may _____ accurate comparison of different _____.

Can _____ on _____ basis _____ their kWh ratings?

Is it _____ a _____ comparison of _____ by _____ figures?

Is it possible to _____ evaluate _____ HAM _____ on _____ ratings?

_____ it _____ possible _____ on the annual kWh _____ comparing different appliance _____?

Do _____ kWh _____ allow us to _____ different _____?

_____ annual kWh ratings _____ by _____ comparing two _____ models?

Can _____ kWh _____ from HAM to _____ different _____.

_____ yearly kWh ratings _____ by HAM be _____ a _____ for _____ different _____?

_____ the _____ provided by HAM sufficient _____ comparing _____?

_____ the HAM model comparisons work _____ ratings?

Is it possible to compare _____ using _____ electricity consumption _____?

_____ yearly kWh ratings from _____ comparison of _____ models?

_____ I _____ compare those _____ by _____ their annual _____ ratings?

Does _____ kWh ratings provided _____ HAM _____ different models?

Is it possible to _____ models _____ on kWh _____ HAM?

Can the kWh ratings _____ allow _____ of _____ models?

_____ it possible _____ the _____ solely on their kWh _____?

Can _____ two _____ based solely _____ their _____ ratings from _____?

Is the _____ from _____ enough _____ compare distinct appliance _____?

_____ kWh rating provided _____ HAM serve _____ adequate basis _____ comparing _____ models?

Can _____ HAM's annual kWh ratings _____ models.

_____ the annual kWh _____ make _____ to compare diverse _____?

Can _____ differing yearly kWh _____ by _____ used to _____ two _____ any additional information?

_____ it possible _____ two _____ using their _____ from HAM?

Is _____ to examine _____ annual electricity consumption data _____ contrast _____ performance?

_____ I rely _____ HAM's annual _____ to _____ models?

The annual kWh ratings _____ to _____ models.

_____ possible _____ judge and _____ models _____ on _____ kWh data _____ by HAM?

_____ yearly _____ allow for a _____ comparison of _____ models?

Can _____ yearly kWh _____ from _____ of different models?

Is it _____ to compare them _____ specific model _____ ?

_____ the yearly _____ make _____ to compare different models?

Is _____ kWh figures supplied by _____ compare the _____ directly?

Does the annual _____ suffice for _____ two _____ models?

Can _____ compared based on _____ kWh _____ alone?

_____ a way to compare _____ using just _____ kWh _____ ?

Can _____ annual kWh ratings _____ a comparison?

Does _____ annual kWh figures provided _____ to compare _____ directly?

Does _____ ratings from HAM _____ for comparison _____ ?

Is comparing only _____ annual kWh figures _____ enough _____ how _____ fare against each _____ ?

Can _____ only _____ models _____ their annual kWh _____ ?

Is _____ our assessment of _____ on their annual kWh _____ ?

Is it possible to only assess _____ HAM _____ respective _____ ?

Would _____ kWh figures supplied by _____ allow _____ the _____ models?

Can _____ from HAM allow a reliable _____ of _____ ?

_____ yearly HAM _____ ratings a _____ compare different _____ ?

Is it possible to _____ models _____ on their _____ ?

Does the yearly HAM _____ give _____ a _____ different _____ ?

_____ we _____ two models based on _____ provided _____ ?

_____ annual kWh rating _____ represent an adequate basis _____ two different _____ ?

_____ possible to _____ look at the annual kWh _____ from _____ models?

Can the HAM models _____ compared _____ alone?

_____ to compare two models using _____ annual _____ ?

Can we _____ two _____ based _____ their kWh _____ ?

_____ we use _____ in _____ annum offered by _____ compare different models?

I would like _____ use HAM's _____ ratings _____ two _____ .

Can I just rely on _____ ratings _____ HAM _____ compare _____ ?

_____ it enough _____ models _____ HAM's kWh _____ ?

Is _____ shared by HAM _____ to allow _____ different models?

Is it _____ compare models _____ ratings _____ HAM?

_____ possible to _____ the _____ from HAM when comparing _____ ?

Can the _____ ratings _____ HAM _____ to compare _____ ?

_____ use _____ yearly kWh _____ to compare _____ models?

_____ I _____ consider _____ annual kWh _____ from HAM when evaluating _____ ?

Is _____ any _____ using _____ ratings from HAM?

Can the differing yearly _____ published _____ HAM be used _____ any _____ models _____ ?

Is _____ realistic to _____ models _____ kWh readings _____ HAM _____ ?

_____ two HAM _____ solely on kWh _____ ?

_____ the exclusive _____ by HAM allow us to _____ the _____ ?

_____ it _____ the _____ models with the respective annual _____ ratings _____ ?

Can the _____ yearly kWh ratings published _____ HAM be _____ ?

Do we have _____ ability _____ assess _____ models based on _____ kWh _____ ?

_____ it fair _____ two models _____ be _____ based on _____ from _____ ?

_____ the annual _____ ratings _____ allow _____ comparison of different _____ ?

_____ the yearly _____ shared by HAM _____ an _____ between different _____ ?

Can we _____ provided by _____ to make _____ comparison _____ models?

There _____ possibility of comparing various models _____ kWh _____ .

_____ I judge _____ their annual kWh ratings from HAM?

Can the differing _____ ratings _____ HAM be _____ as a _____ comparing two _____ without any _____ ?

Can _____ the two _____ based _____ their _____ kWh ratings?

_____ the _____ based on the _____ kWh ratings?
 _____ compare various models _____ on HAM's annual _____ ratings _____.
 _____ the HAM annual kWh _____ a trustworthy _____ of _____?
 _____ it _____ compare and _____ models _____ their kWh data _____ HAM?
 _____ enough _____ the _____ kWh ratings from HAM when _____ appliance _____?
 Is _____ to _____ solely _____ of their yearly kWh _____?
 Is _____ judge models based on _____ yearly kWh _____ by _____?
 _____ possible _____ using only the HAM kWh ratings?
 Does the _____ from HAM _____ as _____ basis for comparing _____?
 _____ possible _____ models _____ solely on their yearly kWh _____ from _____?
 Can _____ compare the _____ ratings _____ by _____ annually _____ models?
 _____ we _____ two diverse _____ looking _____ their kWh _____ annually?
 Do HAM's _____ totals allow an _____ of models?
 _____ we _____ compare two models _____ their annual _____?
 _____ annual kWh _____ HAM can _____ used for _____ models.
 HAM's annual _____ ratings can _____ used _____ different _____.
 _____ the _____ ratings _____ by HAM enough _____ comparing _____ models?
 _____ provides annual _____ do _____ suffice for comparing _____?
 _____ it _____ compare two models _____ annual kWh ratings _____ HAM?
 Is _____ to _____ on the _____ kWh ratings _____ HAM _____ compare _____ models?
 Can _____ kWh _____ by HAM allow us _____ compare _____ different models _____?
 Does the _____ ratings from _____ allow for _____ models?
 _____ kWh ratings alone _____ enough to _____ various _____.
 Can _____ compare two _____ their _____ ratings _____ HAM?
 Can HAM _____ alone _____ used _____ models based _____ annual _____?
 Is _____ to _____ models _____ on their kWh _____ provided by _____?
 _____ kWh _____ by _____ suffice for comparing two _____ models?
 Is it _____ to _____ and _____ different model _____ solely-HAM-supplied _____ electricity _____?
 Is _____ kWh rating provided _____ adequate to _____ two _____?
 _____ it _____ to compare _____ different models _____ annual kWh _____.
 _____ the yearly _____ figures _____ by HAM allow for _____ accurate _____?
 Can we only _____ on _____ kWh _____ these _____ appliances?
 _____ HAM's _____ kWh ratings lead to _____ models?
 _____ it _____ to compare model _____ examination _____ annual _____ consumption data?
 Is it possible _____ models with the same _____ by _____ annually?
 Is _____ not _____ to compare _____ with _____ kWh ratings _____?
 _____ it _____ compare the two _____ only with _____ from _____?
 Is the _____ provided by _____ comparison of two different _____?
 Can we make _____ comparison based _____ annual _____ HAM?
 _____ to _____ solely-HAM provided _____ electricity consumption _____ in kilowatt-hours _____ compare _____ performance?
 Do _____ HAM _____ kWh figures allow _____ to _____ models?
 _____ it _____ judge _____ contrast models _____ on their kWh data supplied _____?
 _____ to _____ models _____ their kWh _____ from HAM.
 _____ the HAM _____ suffice for comparing two _____?
 Do _____ annual HAM _____ ratings _____ of models?
 Does yearly HAM kWh _____ enable a _____?
 _____ it possible _____ on the respective _____ from _____ comparing _____ appliance models?
 Is _____ to _____ models based on the annual _____ ratings _____?
 Can HAM's _____ ratings lead _____ comparison _____ different _____?
 Can we only compare _____ models _____ on _____ kWh _____?

Is _____ to compare _____ models _____ annual kWh _____ alone?

Does _____ kWh _____ from HAM _____ a _____ of these _____?

HAM's _____ ratings _____ to comparing different _____.

_____ comparing _____ appliance models, is it possible _____ ratings from HAM?

_____ two models in meaningful _____ based on the HAM _____ ratings?

_____ possible to use _____ specific model _____ ratings _____ HAM _____?

_____ yearly kWh _____ HAM _____ to compare different appliance _____?

Is it _____ models _____ on _____ kWh ratings?

Can _____ yearly kWh _____ as a basis for _____ any two models _____ additional information?

Is it _____ and contrast models _____ data _____ by HAM?

_____ we compare two diverse models _____ ratings _____ HAM _____?

_____ it _____ with only _____ yearly kWh _____ from HAM?

_____ you tell me if it's _____ to _____ two _____ models _____ ratings?

Would _____ from HAM _____ for comparing two _____ models?

_____ we compare _____ diverse _____ their _____ ratings annually?

Based on the _____ possible to compare _____ two models in _____?

Do the _____ from _____ direct comparison _____ the models?

_____ I _____ HAM's _____ ratings to _____ different models?

Can _____ use HAM's _____ ratings for _____ models?

Do _____ ratings allow for a _____ comparison of _____?

Can _____ compare _____ two _____ with _____ kWh ratings _____ gives _____?

Is it _____ to _____ annual kWh _____ from _____ models?

Can we _____ assess _____ different HAM models _____ ratings?

Are the _____ model _____ their _____ kWh ratings?

Is it enough _____ on _____ kWh ratings from _____ models?

_____ we _____ two _____ models _____ their kWh ratings?

Is it _____ on the _____ kWh ratings from _____ appliance models?

Is the annual _____ provided _____ enough to _____ models?

Is _____ compare models that have _____ HAM?

Can we _____ models _____ based on _____ ratings?

Can we use HAM's _____ to make _____ analysis _____ separate _____ using just _____ kWh _____?

_____ has annual _____ ratings, _____ they suffice _____ comparing _____ different _____?

_____ the _____ supplied by HAM _____ to compare these models?

You're _____ me to _____ these _____ using _____ annual kWh _____?

_____ the _____ models similar using just _____ ratings from _____?

Does HAM's _____ kWh ratings _____ models?

Can _____ differing _____ ratings published by HAM _____ used _____ compare _____ without _____?

Is _____ possible to _____ how two _____ against each other _____ comparing _____ kWh figures _____.

_____ the _____ shared _____ for an accurate comparison _____ different models?

_____ possible to compare _____ HAM _____ based on _____?

Can the _____ from _____ a trustworthy comparison of _____?

Is _____ possible to _____ these _____ based on the HAM kWh _____.

_____ I _____ using _____ ratings from HAM?

_____ kWh ratings be used _____ the _____ models?

_____ to judge _____ based on yearly kWh _____ supplied _____ HAM?

_____ ratings from HAM help us _____ models?

Is the annual kWh rating _____ comparing two _____?

Is it _____ to _____ different _____ based _____ their _____ ratings?

Does _____ the yearly _____ figures from _____ suffice _____ determining how two _____ each other?

Can _____ HAM's _____ ratings to _____ different cars?

The yearly HAM _____ ratings _____ it _____ to compare _____.

The _____ figures shared _____ HAM _____ an accurate comparison of _____.

Are _____ two separate HAM _____ that _____ on their kWh _____?

_____ compare the _____ only _____ the _____ from HAM?

_____ it possible to _____ contrast models _____ provided _____ consumption data?

Can _____ models based _____ their _____ annual _____ ratings provided _____ HAM?

_____ a direct comparison _____ these _____ models _____ with the annual kWh _____?

Is _____ to compare the two _____ with the kWh _____?

_____ worth comparing _____ models solely based on _____ HAM?

Can _____ compare two _____ on _____ respective _____ ratings?

_____ kWh ratings lead to _____ of models?

_____ yearly HAM kWh _____ lead to _____ comparison _____ different _____?

_____ you think it's ok _____ diverse _____ kWh _____ alone?

Is _____ possible _____ contrast _____ using kWh data supplied by _____?

Can _____ compare _____ two models based on _____ HAM?

Is _____ possible to compare _____ model _____ solely-HAM- _____ annual electricity consumption _____?

_____ different yearly _____ published by HAM _____ used _____ for comparing _____ specific models?

_____ the HAM model comparisons possible _____ ratings?

_____ possible _____ assess the two _____ based _____ their annual _____ ratings?

Is it _____ depend on _____ to compare different _____?

Is it _____ kWh ratings by _____ when evaluating _____ appliance models?

_____ ok to compare _____ based on _____ ratings?

Is it _____ to _____ annual _____ from HAM _____ at separate appliance models?

_____ possible _____ these two _____ based on the _____ kWh _____?

_____ it possible _____ two diverse models _____ kWh ratings _____ by _____?

_____ it possible _____ compare _____ models based on _____ annual _____?

Does _____ the _____ kWh figures _____ HAM _____ a _____ determining how two separate _____ fare _____ each _____?

_____ you _____ that I judge _____ only their _____ from HAM?

Are _____ to _____ models using HAM's _____ kWh ratings?

_____ ok _____ compare different models _____ based on _____ rating?

_____ yearly _____ published by HAM _____ as a basis for comparisons of _____ different _____?

_____ you _____ the _____ models using the HAM _____?

Can the _____ kWh ratings _____ HAM only _____?

Can I _____ kWh _____ from _____ to _____ different _____.

It's possible _____ compare models _____ on _____ annual _____.

_____ it possible _____ use _____ model _____ ratings _____ HAM for _____?

_____ it _____ idea to _____ consider the provided _____ ratings _____ HAM _____ two _____ appliance models?

_____ able _____ models _____ meaningful _____ based on the HAM kWh ratings?

Is _____ to _____ analysis _____ models using just _____ kWh ratings _____ per HAM?

Do _____ think _____ should _____ the annual kWh ratings from _____ judge _____?

_____ to _____ models with _____ their annual kWh ratings _____ HAM?

_____ it possible to _____ by their annual kWh ratings _____?

Is _____ possible _____ compare yearly specific _____ ratings _____?

Does it make _____ to compare _____ models _____ based _____ ratings given _____?

_____ it possible _____ use the _____ model _____ only _____ yearly _____?

_____ we use _____ make a comparative _____ separate _____ using _____ their annual _____ ratings?

_____ you _____ it's okay _____ compare diverse models _____ kWh _____?

_____ possible to _____ their _____ kWh ratings from HAM?

Is _____ possible _____ only use kWh _____ for comparing _____?

_____ compare _____ two models _____ annual kWh ratings _____ HAM?

____ the ____ kWh ratings ____ HAM suffice ____ different models?
 Is it ____ different models by ____ ratings?
 ____ the exclusive ____ provided by ____ us to ____ models?
 Is ____ possible ____ use ____ provided ____ HAM to ____ two models?
 Is it ____ use the ____ kWh ratings ____ to compare ____?
 Is ____ to ____ by ____ kWh figures?
 Are you ____ I use just ____ annual ____ ratings ____ to ____ models?
 Is it ____ for ____ ratings from ____ to only ____?
 Can the ____ kWh ____ published by HAM be used ____ a ____ for ____ models ____?
 Is it possible to compare two different ____ on ____?
 Can ____ annual kWh ____ of HAM ____ comparisons of ____?
 Can ____ HAM models solely ____ on ____ kWh ____?
 ____ the ____ be ____ with ____ annual kWh ratings ____?
 ____ there a ____ compare ____ different ____ on their yearly ____ ratings?
 Does ____ to compare these ____ only ____ their ____ from HAM?
 Is ____ possible to ____ models solely ____ on kWh data supplied ____?
 Does ____ HAM ____ ratings ____ a fair comparison of ____?
 ____ kWh rating ____ by ____ might be ____ comparing two models.
 Will ____ different models using kWh ____ from HAM?
 ____ any comparison between the two ____ kWh ratings from ____?
 ____ possible ____ judge ____ based ____ yearly kWh data from HAM?
 ____ annual kWh ____ from ____ compare different ____?
 Is it sufficient to rely ____ the ____ ratings from ____ different ____?
 ____ to ____ models on kWh ratings ____ HAM?
 ____ yearly measured kWh ____ allow ____ comparison ____ different models?
 ____ it okay for ____ be ____ with HAM ____ alone?
 ____ the annual kWh rating ____ HAM serve ____ for ____ different ____?
 Can ____ two ____ looking ____ kWh ratings from HAM annually?
 It's possible ____ various ____ based on ____ ratings ____.
 Can HAM ____ alone be used ____ comparisons ____?
 ____ it possible to ____ on ____ kWh rating ____ HAM ____ different appliance ____?
 ____ it possible ____ models using their corresponding ____ as ____ HAM?
 ____ a possibility of comparing various ____ based ____ kWh ____ alone.
 ____ it possible ____ compare only the ____ figures from ____ in ____ models fare against ____ other?
 ____ make a ____ between two ____ their kWh ratings?
 The ____ kWh ____ by HAM ____ allow for ____ comparison of ____.
 Do the yearly ____ ratings ____ a ____ of ____?
 Are ____ enough to ____ different ____?
 Can ____ HAMs kWh ____ different models?
 ____ we compare ____ two ____ using HAM's ____ kWh ____?
 Is ____ to compare ____ model ____ ratings ____ HAM?
 ____ it ____ to use ____ kWh ratings provided ____ two different ____?
 Do ____ kWh ratings from ____ compare the ____ models?
 Does the ____ annual ____ provide an adequate ____ comparing two ____?
 The annual ____ provided by ____ be an adequate ____ for ____ two ____.
 Is ____ to ____ yearly model ____ ratings ____ HAM ____ compare them?
 Do the ____ ratings from HAM ____ models?
 Does it ____ sense ____ these ____ based ____ ratings given by ____?
 ____ different modes ____ the individual yearly energy usage reported ____?
 ____ possible to solely assess the ____ models ____ on ____ kWh ____?

Are you _____ asking _____ models _____ their _____ kWh ratings from HAM?
 _____ the _____ annual _____ figures _____ by _____ to compare models?
 _____ it _____ to _____ two different _____ using _____ annual _____ ratings from _____?
 _____ it _____ to _____ models through _____ kWh ratings?

Can _____ models only _____ by their _____ kWh _____?

Is _____ similarity between these _____ models _____ their kWh _____ HAM?

Is it possible to compare _____ on HAM _____?

_____ compare different _____ through their HAM _____ ratings?

Does _____ annual kWh _____ the different models?
 _____ kWh ratings only _____ models?

Is _____ judge models _____ on the yearly kWh _____ supplied _____?

_____ the _____ kWh ratings published _____ be _____ as a basis _____ comparing two _____?

Is _____ compare _____ models _____ on _____ kWh _____ from HAM?

_____ it possible _____ and contrast models _____ on their kWh data _____?

Does comparing only _____ for determining how two separate _____ fare against one _____?

It is possible _____ compare _____ based _____ HAM's _____ alone.
 _____ to compare _____ HAM's kWh ratings alone?
 _____ to only _____ annual kWh ratings by HAM _____ different _____.
 _____ it possible _____ solely _____ on _____ annual _____ ratings by _____ different models?
 _____ the yearly _____ shared _____ HAM allow an _____ comparison _____?

Do the HAM exclusive _____ figures _____ us to _____ the _____?

Does HAM's _____ measured kWh _____ accurate _____ between _____?

Does it make _____ to _____ on _____ ratings _____ HAM _____ comparing _____ models?

Is _____ only _____ at two _____ HAM _____ on _____ annual kWh ratings?
 _____ it possible _____ only _____ kWh _____ for _____ model comparisons?

Is it possible _____ information to compare _____ models using _____ annual _____?

Does _____ ratings from _____ allow _____ comparison _____ different _____?

Should I _____ the annual kWh _____ by HAM _____ models?

Does _____ rating provided by _____ provide _____ for _____ different models?

Is _____ compare different models based on their _____?

Can I just use _____ annual _____ ratings _____ two _____?

Is _____ to _____ two models _____ meaningful _____ using solely the _____ kWh _____?
 _____ it possible to _____ by _____ HAM?

Do _____ measured _____ totals allow an _____ models?
 _____ the yearly _____ kWh _____ fair comparison _____ models?

Is _____ to _____ assess _____ different _____ models based on _____ yearly _____?

Can _____ compare _____ kWh ratings?
 _____ data _____ be _____ for _____ models based on _____?
 _____ asking _____ judge _____ solely on _____ kWh ratings from HAM?

Can I just rely _____ the _____ ratings _____ models?

Is _____ compare models using _____ kWh ratings _____?

Can _____ compare _____ using _____ kWh _____ provided by HAM?

For comparing two _____ do _____ ratings _____ HAM suffice?

Do _____ annually measured _____ totals permit _____ accurate comparison _____?

Can _____ use _____ annual _____ ratings _____ by HAM _____ compare _____?
 _____ it _____ the provided _____ kWh _____ by _____ when evaluating two diverse appliance _____?

Considering the HAM _____ ratings, is _____ possible _____ compare _____ a meaningful _____?

Is it _____ to compare the _____ just based _____?

_____ it _____ good _____ only _____ kWh _____ from HAM _____ evaluating two diverse appliance models?
 _____ it _____ to _____ two different _____ with _____ annual kWh _____ HAM?

Is it _____ assess _____ HAM models based on _____ annual _____.

Do you _____ to _____ the annual kWh figures from _____ determine _____ against each _____?

Are _____ really asking me _____ judge the models _____ ratings _____?

Do the _____ annual kWh figures provided by _____ directly?

_____ it _____ rely _____ on the _____ kWh ratings _____ HAM when _____ appliance _____?

_____ possible to _____ those models _____ their _____ ratings?

_____ the yearly kWh _____ by HAM _____ a _____ comparing models _____ additional information?

_____ ratings allow _____ fair comparison of different models?

_____ the kWh rating from _____ to compare _____?

Can I _____ compare _____ ratings given by _____?

HAM's annual _____ ratings _____ to _____ models.

_____ there _____ comparisons of model kWh _____?

_____ it possible _____ compare _____ two _____ in a _____ way _____ only _____ ratings?

Is _____ fair _____ two _____ based on _____ ratings provided _____?

Can I use the annual _____ compare them?

_____ yearly _____ figures shared _____ allow accurate comparisons of _____?

Is there any _____ model kWh ratings _____?

_____ we _____ models based on kWh _____ from _____?

Can _____ compare the _____ models _____ on _____ ratings?

_____ we _____ a comparison _____ models _____ on _____ kWh ratings?

Can _____ kWh _____ a trustworthy _____ of different models?

_____ HAM's annual _____ ratings _____ used to _____ models?

HAM _____ annual _____ figures, do _____ to compare these _____ directly?

The exclusive _____ kWh figures _____ us to compare the _____ directly.

_____ HAM models _____ their kWh ratings?

Is _____ possible _____ judge _____ on kWh _____ by HAM?

_____ it _____ to _____ models _____ ratings, provided by HAM?

_____ use HAM's _____ ratings to compare _____?

_____ you _____ on the _____ kWh ratings by _____ models?

_____ rely on HAM's annual kWh _____ to _____ different _____?

Can HAM _____ be used to do model _____?

_____ the annual kWh _____ from _____ a good _____ comparing two _____ models?

_____ differing _____ ratings published by _____ be used to _____ without any _____ information?

_____ it possible to compare _____ provided annual _____ in kilowatt-hours?

_____ yearly _____ kWh totals allow _____ between models?

_____ the _____ way _____ determine _____ two _____ each other _____ comparing the annual kWh figures from _____?

Is _____ HAM kWh _____ easy to _____ models _____?

Can we compare _____ their _____?

Are you _____ I use _____ their _____ ratings _____ HAM _____ judge _____ models?

Can _____ only assess _____ models _____ on _____ yearly kWh _____?

_____ the _____ using just _____ kWh ratings _____ HAM?

_____ we _____ two different _____ based _____ on _____ kWh ratings?

Does _____ kWh _____ from _____ a _____ for comparing two _____ models?

Can _____ based on kWh be _____ HAM?

Is _____ compare two models by using _____ the _____ by _____?

Can _____ kWh ratings _____ comparison _____ models?

_____ there be a meaningful _____ on _____ HAM kWh ratings?

_____ compare _____ diverse models, _____ looking _____ their _____ each year?

Is it _____ and _____ models _____ data provided by HAM?

Does _____ annual kWh _____ by HAM _____ enough basis for _____?

The exclusive _____ figures _____ HAM _____ allow us _____ models directly.
 Can _____ differing yearly _____ ratings published by _____ compare _____ two _____ without _____ info?
 Did _____ yearly _____ figures shared by _____ for an accurate _____?
 _____ it possible to _____ only _____ kWh _____ from _____?
 _____ kWh ratings be compared _____ the _____ models?
 Can _____ differing _____ ratings _____ by HAM be _____ to _____ two _____?
 Can _____ different _____ published _____ be used _____ basis for _____ models without additional information?
 _____ HAM's given annually _____ totals _____ accurate comparison between _____?
 Does the _____ ratings provided _____ for comparing _____?
 Can annual kWh _____ from HAM _____ used _____?
 _____ annual kWh _____ HAM enough _____ compare _____ appliance models?
 Is _____ possible _____ compare models only _____ ratings _____?
 Can the kWh _____ compare _____?
 _____ possible to compare separate _____ their _____ annual _____ as per HAM?
 The _____ kWh figures _____ HAM _____ be _____ to _____ how two _____ models _____ against _____.
 _____ I simply depend _____ kWh ratings to _____ different _____?
 _____ examination of _____ provided annual electricity consumption _____ be _____ to _____ and _____?
 _____ to _____ a _____ analysis of _____ models using _____ their annual kWh _____ per _____ information?
 Is _____ model _____ viable using their _____ kWh _____?
 _____ I compare _____ based _____ their kWh ratings?
 _____ models based on HAM's annual _____ possible.
 _____ it _____ an accurate comparison between models if _____ kWh _____?
 _____ possible _____ models based on _____ ratings.
 Can we _____ models _____ on their annual _____ provided _____?
 _____ sense to compare the two models _____ on _____ HAM _____?
 _____ possible to compare _____ the kWh rating from _____?
 _____ those _____ models be compared _____ kWh _____ HAM _____ us?
 Can _____ two _____ solely on their annual kWh _____ HAM?
 Is _____ annual kWh _____ supplied _____ enough _____ compare _____ different models?
 Can the annual kWh _____ comparing different _____?
 _____ we _____ two _____ models with HAM's _____?
 _____ the _____ comparisons viable _____ only _____ their _____ kWh ratings?
 _____ the _____ from HAM facilitate a trustworthy _____ of _____?
 _____ I _____ from HAM _____ compare models?
 Is _____ compare _____ models based on their _____ kWh _____?
 _____ HAM annual kWh ratings to compare the _____?
 _____ model _____ work _____ only their annual _____ ratings are _____?
 Can _____ annual _____ rating provided by _____ be _____ basis for _____ models?
 _____ to _____ annual _____ by HAM while evaluating two diverse appliance models?
 _____ it _____ to only _____ the yearly kWh _____ HAM _____ appliance models?
 Can the differing _____ ratings published _____ used to _____ any two _____ without any _____?
 Can _____ compare _____ models using _____ ratings?
 _____ models _____ compared based _____ annual kWh ratings from _____.
 Can the HAM annual kWh ratings _____ diverse _____?
 Is _____ HAM _____ ratings for comparing different models?
 I _____ wondering _____ it is easy to _____ their HAM _____.
 _____ it _____ judge models solely by kWh _____ by _____?
 _____ it possible to compare _____ different _____ by using only _____ provided _____?
 _____ have to compare diverse _____ with _____ alone?
 Do _____ annual _____ by HAM allow us to _____ models?

_____ only _____ at the annual _____ by HAM for comparing different _____?

Does the _____ kWh rating from _____ a _____ for _____ two _____ models?

Is _____ assessment of different models _____ kWh _____ from _____?

Do the _____ HAM _____ compare different models?

_____ annual _____ ratings provided by _____ enough _____ comparison _____ two _____ models?

Does _____ HAM annual _____ allow _____ comparison _____ the different _____?

_____ a _____ two different models possible _____ the kWh _____ HAM?

Does the _____ ratings _____ a _____ comparison of different _____?

Is _____ annual _____ HAM enough _____ determine how _____ separate _____ fare _____ other?

_____ if the _____ only use their _____ ratings?

_____ the _____ kWh _____ only _____ to compare different models?

_____ the _____ rating _____ HAM provide a _____ for comparing _____ different models?

_____ there _____ compare two _____ based _____ their kWh ratings?

_____ the _____ ratings _____ allow for _____ direct comparison _____ different models?

Is _____ possible _____ compare the two _____ on _____ annual _____ from _____?

Is _____ fair _____ the two _____ yearly kWh ratings _____ by HAM?

_____ they _____ to _____ models by _____ kWh figures?

_____ we _____ two models _____ same annual _____ by HAM?

Can _____ the _____ based on kWh _____ HAM?

Do the _____ enable a _____ comparison _____ different models?
