

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Service interruption and outage reports
Inquiry Sub-Category	High Water Consumption
Description	Customers report abnormally high water usage in their bills or meter readings, seeking assistance in identifying possible leaks or other reasons causing the increase in consumption.
Data Size	11,210 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

_____ possible that faulty equipment or _____ the _____ in _____?
 _____ faulty equipment _____ this _____ in _____?
 _____ equipment _____ be _____ blame _____ the _____ in consumption.
 _____ wonder if junky _____ inflating my consumption _____.
 Is the _____ rise _____ due to _____ equipment _____?
 Might _____ rise _____ consumption _____ to _____ gear?
 _____ shoddy _____ my utility _____?
 _____ that _____ in use was caused _____ faulty _____.
 Is it _____ devices to cause _____ spike _____?
 _____ gizmos _____ increased usage?
 The sudden increase _____ may _____ to faulty _____ appliances.
 _____ the _____ gear help _____?
 Could _____ appliance use _____ causing _____ increase _____?
 Is _____ a _____ faulty machinery is leading _____ demand _____?
 Did broken _____ consumption?
 _____ we say the consumption went _____ equipment?
 Is _____ that the spike _____ due _____ equipment?
 _____ a _____ that the high _____ consumption _____ due _____ defects _____ gear?
 _____ it possible that _____ the increase in _____?
 Is _____ equipment _____ the spike _____?
 _____ the recent _____ utilization possibly due _____ equipment?
 Is _____ behind _____ usage?
 Were _____ gear _____ usage?
 Is it probable _____ faulty _____ to _____ demand?
 Is _____ rise _____ to _____ gear?
 Can _____ devices be to blame for _____?
 _____ equipment _____ to blame for _____ surge _____ use?
 Is _____ consumption due _____ gear?

Could _____ equipment _____ a sudden increase _____ consumption?
 _____ likely that a surge in _____ is _____ by _____?
 Is _____ possible that _____ is due _____ malfunctioning gear?
 Is the _____ increase in _____ caused by malfunctioning _____?
 Could faulty _____ be _____ blame _____ sudden rise _____?
 _____ equipment _____ figures to _____ up?
 _____ a _____ between faulty _____ and a _____ in _____?
 _____ there a connection _____ increased _____ and _____ equipment?
 _____ equipment defects _____ inflate _____ consumption _____.
 _____ improper functioning of equipment _____ a _____?
 _____ malfunctioning _____ behind _____ usage troubles?
 _____ for faulty _____ to _____ this spike?
 _____ broken equipment _____ consume _____?
 _____ possible that my consumption rates _____ junky _____.
 Is it possible _____ contributing to the _____ in _____?
 _____ defects in equipment inflate _____?
 _____ equipment cause change _____ figures?
 _____ devices _____ higher use?
 It is _____ that _____ appliance _____ to _____ increase _____ consumption.
 _____ link _____ hike in _____ malfunctioning equipment?
 Maybe _____ appliance _____ causing a rise _____?
 The spike _____ energy _____ be the result _____.
 Is _____ that _____ equipment was to _____?
 Is _____ machinery _____ cause this spike in consumption?
 _____ figures affected by _____?
 _____ in _____ a consequence of malfunctioning _____?
 _____ the surge in usage _____?
 _____ rise _____ consumption _____ to _____ equipment or appliances?
 _____ surge _____ consumption due to malfunctioning equipment _____?
 _____ the sudden increase _____ of faulty equipment _____ appliances?
 _____ the _____ in _____ use _____ to _____ machines?
 Increased _____ be _____ broken devices.
 Is _____ a _____ that _____ level of _____ be _____ by _____ gear?
 Is _____ consumption _____ because _____ busted _____?
 _____ it possible for defects _____ appliances _____ rates of _____?
 _____ sudden _____ usage _____ have _____ do with _____ equipment or _____.
 Is it possible that bad equipment _____?
 _____ defects inflate our rate _____?
 Can malfunctioning equipment be _____ energy use?
 _____ a _____ consumption is because of _____ equipment?
 The machines _____ broken _____ they _____?
 _____ usage due _____ malfunctioning _____?
 It could _____ that _____ mean _____ use.
 Is _____ high _____ of consumption could _____ due to malfunctioning _____?
 _____ it's due to faulty _____ or _____?
 One _____ for _____ might be _____ machines.
 _____ equipment _____ inflating _____ rates?
 Do broken tools _____ increase in _____ usage?
 _____ machinery is to blame _____ increased consumption?
 _____ to _____ the increase _____ consumption _____ malfunctioning equipment.

_____ increase _____ is _____ blamed on faulty equipment.

Maybe _____ possible for faulty appliances _____ cause _____.

Is the surge _____ usage _____ due _____?

_____ gear _____ consumption rates.

Might _____ an increase in _____?

Is _____ chance of increased _____ of faulty _____?

_____ be device _____ increase the _____.

_____ spike in _____ usage involves _____.

Did faulty gizmos _____ spike _____?

Is _____ a chance that _____ would _____?

_____ might _____ a _____ between the _____ in consumption _____ malfunctioning _____.

_____ be _____ faulty appliances _____ cause high _____ of consumption.

Is _____ increase _____ usage being _____ malfunctioning _____ tools?

_____ malfunctioning _____ surging usage troubles?

_____ the _____ surge caused _____ malfunctioning _____ or _____?

The increase in _____ could be _____ equipment _____.

I am _____ if _____ rates is it?

_____ issues _____ reason for higher _____?

_____ damaged _____ excessive usage?

_____ wonder if _____ in usage is _____ faulty _____.

_____ consumption down to malfunctioning _____?

_____ junky _____ inflating my _____ rates _____ reason.

_____ in _____ may have _____ caused by _____ goods.

_____ the surge in usage was _____ by _____?

Is _____ surging _____ caused by _____?

Did _____ equipment _____ to _____ in _____ figures?

Is _____ rise _____ consumption _____ or other appliances?

Is _____ possible _____ appliances _____ affect _____ excessive usage?

Will _____ functioning _____ lead _____ consumption?

Is there faulty _____ usage?

Is _____ going _____ because _____ busted _____?

The _____ linked to _____ machines.

_____ it _____ blame _____ appliances for increased _____?

Are _____ looking at _____ causing this increase _____?

Is it possible _____ machines _____ this spike in _____?

_____ possible that faulty _____ responsible for the increase _____?

The _____ be _____ result of broken gear.

Is _____ possible that _____ consumption levels?

Is there a chance _____ the high _____ malfunctioning gear?

Is _____ is to blame _____ consumption spike?

I wonder _____ in usage _____ due _____ goods.

_____ broken equipment _____ consumption?

Do _____ appliances _____ problems?

Can we say _____ consumption _____ due to _____ equipment?

_____ defects could cause _____ to _____.

The increase _____ could _____ to _____ equipment.

_____ gear _____ up usage?

_____ usage could be attributed _____ flawed devices.

It _____ that spike in _____ to _____ devices.

Is _____ surge _____ due to _____?

____ it possible to ____ high ____ rates ____ faulty ____?
 Do damaged ____ to impact excessive ____?
 Is ____ surge in ____ troubles ____ to ____?
 ____ it ____ gear is ____ my usage?
 ____ malfunctioning equipment ____ to ____ for the ____ in ____ use?
 ____ stuff cause more ____?
 Is ____ consumption ____ because ____ equipment?
 Did broken ____ cause ____?
 There might be a ____ between ____ and ____.
 There ____ a ____ consumption and the malfunctioning equipment.
 ____ the spike ____ related ____ faulty ____?
 ____ devices and ____ causing the increase in ____.
 ____ it possible ____ appliances could ____ higher ____ rates?
 There ____ potential link ____ device problems ____ usage.
 The surge ____ caused ____ faulty ____?
 There ____ a ____ link ____ problems ____ high ____ issues.
 Any ____ that ____ things can ____?
 ____ functioning increase consumption?
 Is it ____ gear increases consumption ____?
 ____ the culprits for ____ is ____ machines.
 ____ rise in ____ could ____ faulty goods.
 Are we ____ a ____ in ____ because of ____?
 Are ____ the ____ surging usage ____?
 Is ____ increase ____ usage due ____ malfunctioning ____ tools?
 ____ true ____ equipment is to ____ skyrocketing bills?
 Can ____ a consumption ____?
 ____ spike ____ energy usage due to ____?
 Is it ____ is to ____ for the ____ in ____?
 The ____ in ____ can be ____ to ____.
 ____ the ____ in usage ____ by ____?
 Is ____ link between ____ consumption and the ____ in ____?
 Is ____ likely that faulty ____ for increased ____?
 Can ____ energy use be ____ to ____ equipment?
 Is ____ a ____ that ____ a consumption increase?
 ____ it ____ machinery is leading ____ energy demand?
 Is ____ possible ____ damaged ____ affect our ____ usage?
 ____ be ____ correlation between ____ surge in ____ and ____ equipment.
 ____ may ____ use due to malfunctioning equipment.
 ____ the ____ in ____ down ____ equipment?
 ____ increase ____ consumption down ____ equipment?
 ____ devices to ____ for ____ spike ____ energy use?
 ____ you ____ is to blame for ____ skyrocketing ____?
 Is ____ possible ____ issues with ____ gadgets and ____ this jump ____ water ____?
 Is ____ to faulty ____?
 ____ may be a ____ between ____ in ____ and ____.
 The ____ increase ____ may be related ____ faulty ____.
 ____ it ____ that faulty appliances ____ to ____ in ____?
 ____ in consumption ____ by malfunctioning ____?
 There ____ chance ____ high ____ of ____ due to faulty gear.
 Is it possible ____ gear ____ more?

____ it ____ that ____ equipment could ____ consumption ____?
 Is ____ consumption ____ of faulty equipment?
 Do faulty ____ usage?
 Could the ____ consumption ____ to faulty equipment?
 Shouldn't ____ blame malfunctioning ____ increased ____?
 Could ____ make ____ more?
 Could ____ rise ____ by malfunctioning goods?
 ____ equipment be to blame ____ in usage?
 ____ a possible ____ for the ____ in consumption?
 Are flawed ____ the increase ____?
 ____ is ____ link between device problems ____ high usage.
 Is ____ that malfunctioning ____ is ____ rise in consumption?
 Is ____ increase ____ usage ____ to bad ____ faulty appliances?
 Is ____ in ____ associated with malfunctioning ____?
 Was the sudden increase in ____ malfunctioning ____ appliances?
 ____ flawed devices ____ blame ____ energy usage?
 ____ it likely ____ malfunctioning ____ causes ____ increase in ____?
 ____ possible that ____ in consumption is ____ malfunctioning equipment?
 It's ____ busted ____ driving ____ my ____.
 ____ equipment defects ____ our ____?
 Is improper ____ equipment leading to ____ levels ____?
 Is it ____ that malfunctioning ____ spike ____ consumption?
 Did ____ equipment prompt ____?
 ____ know if ____ gear is driving ____ my ____.
 Spike ____ maybe due ____ faulty ____.
 Is there a ____ between flawed devices ____ usage?
 ____ in usage come ____ faulty equipment ____ appliances?
 Might ____ equipment ____ blame ____ surge?
 ____ likely that the ____ was ____ to faulty equipment?
 ____ wonder if ____ making ____ use up.
 ____ usage ____ caused by ____ equipment.
 ____ sudden jump in water usage ____ be ____ result ____ tools ____.
 ____ sudden increase ____ may be ____ malfunctioning equipment.
 ____ consumption rates to increase?
 ____ improper functioning ____ a sign of ____?
 ____ there a ____ due ____ faulty devices?
 Is ____ that malfunctioning equipment leads ____ consumption?
 ____ possible ____ spike in use ____ due ____ devices.
 ____ malfunctioning ____ was ____ for the ____ in ____.
 Could broken ____ go ____?
 ____ equipment be ____ possible reason for ____ recent ____ in ____?
 ____ it ____ that the surge ____ consumption is the ____?
 Is the ____ to ____ devices and ____?
 ____ is a ____ equipment ____ what caused ____ spike.
 ____ it possible ____ equipment could ____ to ____ for ____ in consumption?
 I ____ if the ____ gear ____ inflating ____ rate.
 Is it ____ that ____ is leading ____ consumption?
 ____ woes because of ____ appliances?
 It is possible that ____ consumption is due ____.
 ____ consumption could be ____ faulty devices.

Is ____ surge in usage caused ____ or ____?
 ____ link between device ____ usage

The sudden increase in ____ due to malfunctioning ____.

Does ____ affect ____ excessive usage?
 ____ faulty equipment or ____ are to ____ spike ____ consumption.
 ____ possible ____ malfunctioning equipment ____ for an ____ in consumption?
 ____ defects cause ____ consumption ____ to go ____?

Can busted ____ a ____ consumption?

Is ____ machines could cause this ____ in ____?
 ____ equipment malfunctioning ____ to ____?
 ____ equipment create ____ figures?

Should ____ spur consumption ____?
 ____ it bad gear ____ too ____?

Is the ____ in usage problems ____?
 ____ flawed ____ increase energy ____?

Could ____ huge ____ in usage ____ faulty goods?

Maybe ____ is due ____ faulty equipment ____ appliances.
 ____ increase in ____ related to malfunctioning ____.
 ____ equipment defects lead ____ higher ____?
 ____ a ____ in consumption be ____ by ____?
 ____ is ____ chance ____ gears ____ amenities ____ responsible for the ____ in water ____.
 ____ a chance ____ the high level ____ consumption ____ to ____ gear?
 ____ gear make ____ spend more ____?

A surge ____ be ____ by ____ equipment.

Is ____ that ____ jump ____ consumption ____ are caused by ____ devices?

That may ____ link between ____ problems and ____.

Was the sudden ____ caused by faulty ____ appliances?

It ____ that ____ is ____ a ____ in consumption.
 ____ is ____ faulty ____ to cause ____ rates ____ consumption.

Maybe faulty ____ to blame ____ the ____?

The ____ in consumption might ____ faulty ____.
 ____ increase in energy use caused ____ or ____?
 ____ it be ____ for ____ or ____ to ____ a ____ in consumption?
 ____ it ____ that defects ____ appliances can cause ____?
 ____ possible ____ the high level of ____ to bad ____?

Is the ____ in ____ items?

Was ____ in usage ____ to ____ equipment ____ faulty appliances?

There may ____ surge in usage ____ to ____.

____ possible that ____ equipment ____ to blame ____ consumption ____?
 ____ use caused by ____?
 ____ possible reason for the ____ in ____ is ____.
 ____ it make sense ____ is due to faulty ____?

Is it ____ that faulty ____ usage ____ prompting ____ consumption?
 ____ sudden increase ____ may be ____ faulty equipment.

Can faulty ____ the spike in ____?

Is faulty stuff ____ usage?
 ____ in ____ because of ____ equipment?
 ____ that junky ____ is ____ my consumption rates?
 ____ gear costing more?
 ____ it ____ machinery is ____ to increased demand?

_____ it possible _____ consumption _____ are _____ to junky gear?

_____ gizmos cause _____ hike?

Can the _____ increase _____ equipment?

Is the _____ increase _____ due _____ malfunctioning _____ or _____?

_____ hike _____ consumption _____ to _____ equipment?

It's possible _____ gear is _____ rise in _____.

_____ if faulty _____ can cause high _____.

Is there a chance _____ are _____ to faulty gear?

_____ a _____ high level _____ consumption is due to defects _____.

Is _____ likely that _____ equipment _____ behind _____ consumption?

There _____ a chance _____ causes the consumption _____.

_____ it likely that _____ rise in _____ is _____ by _____ or _____?

The spike _____ may _____ to flawed devices.

_____ the increase _____ consumption _____ malfunctioning equipment and _____?

Could _____ be the cause _____ increase _____ use?

_____ if faulty stuff _____ more _____.

_____ possible _____ faulty appliance usage is _____ consume _____?

Has the broken _____?

Is there a _____ and _____ usage?

_____ broken _____ cause _____ to _____ up?

There's a _____ that faulty _____ levels.

Faulty _____ can _____ more _____.

_____ it _____ faulty appliances caused the spike _____?

Is _____ possible _____ damaged _____ to _____ our _____ usage?

Does _____ of _____ lead _____ higher level _____ consumption?

Is _____ increased _____ use caused _____?

_____ the _____ in usage _____ of _____ goods?

I _____ the sudden _____ is _____ to faulty equipment.

Maybe faulty equipment _____ are _____ for _____ sudden increase _____.

Is _____ usage _____ faulty appliances?

Our _____ could _____ equipment defects.

Is _____ that _____ appliance _____ is _____ increase in consumption?

_____ the consumption _____ to faulty _____?

_____ malfunctioning equipment _____ devices _____ increase in _____ use?

_____ that damaged appliances impact _____?

_____ in consumption be due _____ equipment?

_____ devices _____ with increased _____?

_____ there a _____ the high _____ consumption is _____ gear?

Is it _____ that broken _____.

Is the increase _____ equipment _____?

Is _____ a connection _____ surge _____ consumption and the _____?

I _____ if _____ mean _____ use.

_____ might _____ the surge in _____ and malfunctioning equipment

Might _____ have caused the _____?

Maybe junky _____ inflating my _____?

Can _____ gear _____ increase?

_____ rise in consumption the _____ faulty _____ or _____?

_____ items _____ blamed for increased _____?

_____ equipment functioning a _____ of _____?

_____ appliances _____ excessive usage?

Are faulty appliances _____ consumption?
 _____ shoddy gadgets _____ bills?

Is _____ equipment _____ to _____ consumption?
 _____ is _____ that broken devices could _____.
 _____ bad gear using _____?
 _____ the _____ in _____ by malfunctioning equipment.

Is it _____ that faulty equipment _____ to blame _____?
 _____ equipment defects _____ consumption _____?

Does _____ happen _____ malfunctioning equipment or appliances?
 _____ it possible for _____ devices _____ a _____ consumption?

Is _____ consumption _____ to faulty _____ or _____?
 _____ excessive _____ due _____ appliances?
 _____ malfunctioning equipment or _____ the sudden increase _____ consumption?
 _____ the spike in _____ been _____ by _____?

Is _____ as appliances, a _____ for the _____ increase _____ utilization?
 Is _____ possible _____ malfunctioning appliances _____ increased _____?
 _____ a _____ that _____ gear makes people eat _____?
 _____ possible that _____ is leading _____ increase in _____ demand?

There may _____ an _____ in _____ caused by _____ devices _____.

Is the _____ in _____ by faulty _____ appliances?

Is _____ probable that malfunctioning equipment _____ to _____ in _____?

Should _____ be _____ by _____ equipment or appliances?
 _____ the _____ be _____ to malfunctioning equipment?
 _____ usage _____ to faulty equipment or appliances.

Spikes from _____?
 _____ you think _____ in consumption is _____ of _____ equipment?
 _____ likely _____ a _____ in consumption is _____ to _____ equipment?

Should malfunctioning _____ be _____ usage?
 _____ use may _____ to _____ with faulty devices.

The surge _____ consumption _____ have _____ malfunctioning equipment.
 _____ equipment or appliances _____ the reason _____ higher _____.

Do _____ the _____ consumption is due to _____?

Spike _____ gadgets?

Is the faulty stuff _____?
 _____ faulty gear _____ consumption _____?
 _____ malfunctioning equipment _____ cause the surge _____?

Is _____ in _____ due _____ a malfunctioning _____?

The _____ might _____ linked to faulty _____.

Increased _____ come from _____.

Does improper _____ to increased _____?

It is _____ is causing _____ rise _____ consumption.
 faulty equipment or appliances _____ be to blame _____.

Is the _____ consumption _____ malfunctioning _____?
 _____ malfunctioning _____ be _____ for _____ use?

Is a rise _____ to _____?

Can _____ say _____ the _____ increased because _____ malfunctioning _____?

Is _____ usage _____ appliances?
 _____ likely _____ gear will increase _____ levels?
 _____ faulty _____ surging usage _____?
 _____ we blame _____ increased consumption _____?

Should flawed _____ blame for _____ surge in _____?

_____ you think _____ the rise _____ is _____ by _____ equipment?

Is _____ consumption _____ equipment _____ appliances?

I'm _____ if the junky _____ is _____ rates.

_____ broken gear _____ usage _____ go _____?

_____ it be possible for _____ this spike _____ consumption?

_____ malfunctioning equipment _____ reason for _____ spike _____?

_____ wonder if faulty appliance _____ is _____ consumption.

Is _____ possible _____ faulty _____ to _____ rates _____ consumption?

Is _____ that faulty machinery _____ energy demand?

_____ it likely that _____ consumption _____ of faulty equipment?

Can malfunctioning _____ the increase _____?

_____ faulty _____ that hike _____ usage?

faulty appliance usage _____ causing an _____.

_____ possible that faulty _____ is the reason _____ in _____?

_____ of spike _____ faulty devices?

Was the _____ in _____ due _____?

_____ gear able to _____ increase?

_____ in usage _____ be _____ of faulty _____.

_____ contraptions behind _____ surge?

Can we _____ consumption to _____ equipment or _____?

Is there _____ hike in _____ malfunctioning _____?

The _____ spike may _____ related _____.

_____ devices increased _____?

Was _____ sudden _____ because of faulty _____?

_____ would like to know if _____ are _____ shoot up.

Is _____ surge _____ connected _____ the malfunctioning _____?

_____ for the spike in consumption?

_____ if _____ gadgets are inflating _____ utility _____.

_____ the sudden increase _____ usage _____ faulty _____?

Is it possible that malfunctioning _____ to _____ in _____?

_____ equipment be to blame _____?

_____ might _____ faulty _____ more usage.

Can _____ increase _____ use _____ from _____ equipment?

Maybe it _____ possible for appliances to _____?

Maybe _____ equipment _____ for the _____ consumption.

_____ increase in utilization _____ be due _____ equipment.

Are _____ cause of _____ increase in _____?

This _____ usage _____ be _____ result of faulty _____.

_____ a _____ caused by _____ machinery?

_____ possible _____ faulty appliance _____ an increase in consumption?

_____ it's _____ my consumption rates.

_____ is a link between _____ and _____ problems.

The spike _____ energy _____ could be _____ flawed _____.

Could _____ to blame _____ consumption?

Do _____ have _____ affect excessive _____?

_____ busted _____ spending?

Equipment defects could _____ our _____ rates.

_____ that _____ usage caused by _____?

_____ the _____ in consumption _____ to malfunctioning _____?

_____ that faulty machinery is _____ the rise _____.

Is there a _____ gear _____?

Some _____ cause _____ usage.

There _____ be a _____ between high _____ and _____.

_____ a _____ the high consumption could be _____ result of _____?

This sudden _____ in _____ by faulty equipment _____ appliances.

_____ faulty _____ making _____ usage?

_____ that faulty _____ was causing _____ increase in consumption?

_____ from _____ gadgets?

Could this _____ be due _____ malfunctioning _____?

Can _____ increase in consumption _____ attributed _____ appliances?

_____ rise in usage be _____ faulty goods?

_____ there a chance _____ high level of _____ is _____ defects _____?

_____ faulty equipment _____ are causing a _____ consumption?

It _____ possible _____ or _____ could _____ this spike in _____.

_____ in _____ the result of _____ equipment?

_____ increase _____ energy use _____ by malfunctioning equipment.

Can _____ gear _____ consumption?

_____ the _____ in consumption _____ of faulty _____?

_____ cause more usage.

_____ devices _____ an _____ in usage?

I _____ appliance usage is causing _____ in consumption.

Is _____ equipment is malfunctioning _____ causing _____ spike in _____?

_____ gear _____ people buy more _____?

_____ equipment could be the _____ of _____ spike _____.

Was _____ increase _____ caused by faulty _____ or _____?

_____ cause consumption to go _____?

Can the _____ the _____?

Is the _____ consumption due _____ equipment or _____?

_____ busted gear is _____ usage.

Is it _____ increase _____ is due to _____ equipment?

_____ faulty stuff _____ usage?

Is it _____ for malfunctioning _____ consumption?

Does _____ equipment _____ levels of _____?

Is _____ that malfunctioning appliances _____ consumption rates?

Are malfunctioning _____ usage problems?

_____ rise in consumption _____ defects in _____?

Was it faulty _____ caused _____ in _____?

_____ broken _____ consumption spike?

_____ surge _____ may be _____ malfunctioning equipment _____ appliances.

Is _____ the _____ in consumption?

_____ possible that _____ machines _____ leading to _____ energy _____?

There _____ relationship between device problems and _____.

The surge in _____ to _____ equipment.

_____ a rise in _____ is _____ faulty equipment?

_____ faulty _____ a _____ for recent _____ utilization?

Could the _____ consumption _____ by broken _____?

_____ broken machines increasing _____?

Was _____ in _____ faulty goods?

_____ surge _____ usage _____ caused _____ malfunctioning equipment?

Did _____ have _____ gizmos _____ caused _____ hike in _____?
 Maybe malfunctioning _____ for increased _____.
 Is _____ faulty machinery is _____ to increased _____ for _____?
 _____ the hike _____ consumption _____ malfunction?
 Is there a _____ that malfunctioning _____ to _____ high level _____ consumption?
 _____ faulty _____ blame for the _____ increase in _____.
 _____ improper functioning of _____ lead _____ increased levels _____?
 _____ in usage could _____ be _____ result _____ goods.
 There _____ a chance broken _____.
 Did flawed _____ contribute _____ the _____ in _____?
 _____ the _____ in usage problems _____ appliances?
 _____ may be _____ device problems and high _____
 _____ don't _____ if broken _____ consumption.
 Did broken _____ consumption figures?
 Can _____ that the _____ due to malfunctioning _____?
 _____ the hike in _____ to _____?
 Is _____ a _____ that faulty _____ to _____ the high _____ of _____?
 Is the recent increase _____ like appliances?
 Is _____ usage caused by _____ equipment _____ appliances?
 Is _____ devices and _____ for _____ usage?
 Is it _____ to _____ malfunctioning appliances _____?
 Do _____ appliances _____ usage _____?
 Is it _____ that _____ gear could _____ the _____ level _____?
 _____ it possible _____ malfunctioning equipment _____ for the _____ consumption?
 _____ could be _____ devices _____ increased _____.
 Is the _____ energy _____ function _____ malfunctioning equipment?
 There's a _____ faulty equipment is _____ spike.
 The _____ in _____ be due _____ or appliances.
 _____ a _____ in _____ due _____ equipment?
 Is _____ with _____ excessive usage?
 _____ energy use _____ attributed to _____ equipment.
 Spike in _____ caused _____ devices.
 _____ rise in _____ due _____ broken _____ and appliances?
 Equipment _____ consumption rates.
 _____ faulty equipment be _____ for the spike _____?
 Is there _____ faulty gear _____ raise _____ levels?
 It's possible _____ faulty appliance usage _____ consumption.
 _____ broken devices _____ increased use.
 Do _____ that have _____ usage?
 Is it possible _____ bad _____ is _____ for _____ in _____?
 Is _____ functioning of _____ leads to _____ consumption?
 Is _____ the surge _____ is caused by faulty equipment _____?
 _____ it _____ that _____ equipment _____ a _____ in consumption?
 _____ gizmos cause _____ hike?
 _____ possible _____ of _____ use _____ faulty devices.
 _____ due _____ malfunctioning equipment or appliances?
 Is _____ that faulty _____ causing _____ increase in _____?
 _____ shoddy _____ inflating _____ bill?
 Is it possible _____ cause high rates _____?
 _____ the _____ increase in usage _____ to malfunctioning _____?

Is _____ possible _____ the _____ because of malfunctioning equipment?

Is _____ increase in _____ use _____ of malfunctioning _____?

_____ is possible _____ in use _____ the result _____ devices.

Did _____ install _____ gizmos _____ led _____ hike _____ usage?

_____ or _____ explain the _____ in energy use?

_____ there _____ that _____ gear increases _____?

Can _____ gear _____?

Does _____ lead to _____ of _____?

Are _____ to _____ for _____ spike in _____?

_____ you _____ equipment _____ to blame _____ soaring bills?

_____ faulty _____ a _____ reason _____ the recent _____ in _____?

I'm _____ gear is _____ usage up.

Are _____ appliances _____ reason _____ spike _____ consumption?

Did _____ my _____ bills?

_____ to equipment malfunctioning?

faulty equipment _____ could _____ to _____ for _____ consumption.

_____ is a _____ that _____ surge is caused _____.

_____ the sudden increase _____ be due to _____?

_____ broken devices _____?

_____ a correlation between _____ surge _____ consumption and _____?

_____ you think faulty _____ levels?

_____ rise in _____ faulty equipment or appliances?

Is it possible _____ faulty _____ causing an _____ consumption?

_____ that _____ is _____ blame for the spike.

Could _____ be the cause of _____ in _____?

_____ gear that _____ using more?

Could _____ defects cause _____?

_____ the _____ increase _____ usage a result of _____?

Is the _____ increase _____ use _____ to _____?

_____ appliances the _____ of _____ usage _____?

_____ could be that spike _____ related _____ faulty _____.

_____ damaged appliances able to _____?

Are _____ appliances _____ of the _____?

The _____ defects could _____ our _____.

Is the sudden _____ caused by faulty _____ faulty _____?

Is _____ functioning of _____ related _____?

_____ link between high _____ and _____?

_____ equipment might _____ to blame for _____ in _____.

_____ we say the _____ in _____ because _____ malfunctioning _____?

_____ may be _____ consumption caused _____ faulty appliance _____.

_____ faulty _____ to blame for _____?

Are the _____ caused by _____ devices?

Any chance _____ the _____?

_____ consumption can be attributed _____ or appliances.

Was spike _____ to faulty _____?

Is _____ increase _____ due _____ machinery?

Is _____ increase _____?

_____ appliances the _____ the spike _____ consumption?

Can _____ in _____ use be _____ malfunctioning equipment?

_____ surge _____ consumption could _____ caused by _____.

It's possible ____ spike ____ use ____ to faulty ____.

Is ____ usage ____ the ____ of ____ appliances?

____ it possible ____ appliances ____ cause high consumption ____?

Is it likely ____ causes ____ in consumption?

Is ____ a ____ faulty gear ____ increase ____ levels?

____ it ____ that faulty ____ use is ____ consumption?

____ spike in ____ could be ____ of ____ devices.

____ in ____ could be caused by ____ equipment.

Did broken ____ give ____ consumption ____?

____ it possible ____ usage ____ consumption?

____ that malfunctioning machinery ____ causing more ____ demand?

____ there a ____ malfunctioning equipment?

Is ____ in ____ due to malfunctioning ____ or ____?

____ from the ____ gadgets, ____?

____ consumption a ____ of malfunctioning equipment or ____?

Our rising ____ costs ____ by malfunctioning ____.

____ busted ____ to ____ consumption?

____ rise ____ consumption is due to ____ gear ____?

Is ____ chance that ____ gear ____?

Maybe ____ defects ____ consumption rates.

Did ____ cause my ____ to ____?

Is malfunctioning ____ cause ____ our ____ utility ____?

Is ____ due to ____ gear or appliances?

____ sudden increase ____ be ____ to faulty equipment?

Could ____ rise ____ consumption be ____ gear?

Is it ____ that certain ____ cause ____ consumption ____?

____ a ____ for the recent ____?

The increase ____ be ____ to ____ devices ____ tools.

I ____ if junky ____ my rates ____ consumption.

____ the increase in consumption be ____?

____ usage seems to be caused ____ devices.

Is it possible that ____ jump ____ amounts ____ defects?

____ appliances cause excessive ____?

Could ____ equipment be ____ for ____ increased ____?

____ malfunctioning equipment or ____ appliances be to ____ for ____?

____ blame malfunctioning appliances for ____ use.

____ consumption be ____ to malfunctioning equipment?

____ equipment be a ____ recent surge ____ utilization?

____ equipment ____ increasing levels ____?

Is there ____ the ____ caused ____ faulty equipment?

____ malfunctioning equipment ____ for the spike?

____ should be ____ increased use.

____ devices be ____ for the ____ energy use?

can we ____ to malfunctioning equipment?

Can faulty appliance ____ increase ____?

____ due ____ bad ____ or appliances?

____ equipment ____ for a spike ____?

Is ____ in ____ a ____ of malfunctioning devices ____?

Is ____ surge ____ machines?

____ appliance usage be causing an ____?

_____ possible _____ faulty _____ causing a spike in _____?
 Did _____ equipment make _____?
 _____ if _____ is inflating my consumption rates.
 _____ there _____ spike _____ because of faulty _____?
 Is _____ spike _____ consumption _____ malfunctioning _____.
 Is it _____ that _____ could _____ high _____ rates?
 _____ the busted _____ be _____ use _____?
 Is _____ our consumption _____?
 _____ in usage caused by a _____ equipment?
 Is there a _____ faulty _____ and _____ in _____?
 _____ the rise in consumption due _____ or _____?
 It might _____ a _____ surge in _____ and _____ equipment.
 _____ in use is _____ to faulty devices.
 It _____ possible that bad _____ could _____ high _____.
 Is _____ rise _____ caused _____ faulty _____?
 _____ that _____ in _____ amounts due to _____ the _____?
 Is _____ in _____ caused _____ equipment?
 There is _____ possible link between problems _____ the _____.
 _____ spike _____ possible due _____ faulty equipment.
 _____ it possible _____ machinery _____ causing demand _____ energy?
 _____ usage been caused by malfunctioning _____ and _____?
 _____ there a chance _____ damaged _____ our usage?
 Is _____ sudden increase _____ due _____ equipment _____ appliances?
 Is _____ surge in _____ to malfunctioning equipment _____?
 _____ devices encourage _____ use?
 _____ could _____ because of faulty _____.
 Could _____ equipment be _____ increase in usage?
 _____ sudden increase _____ may be _____ to faulty _____.
 I _____ malfunctioning equipment could _____ to blame _____ in _____.
 _____ equipment _____ people _____ more?
 Is there _____ that _____ appliances will _____ excessive _____?
 Did broken _____?
 Increased _____ be _____ to broken _____.
 _____ contributing to _____ demands?
 _____ possible for appliances _____ cause high consumption _____.
 Did _____ equipment result _____?
 _____ be _____ between _____ gear and the _____ in consumption.
 Would _____ increased use?
 Is _____ gear driving _____ increase _____?
 busted _____ driving _____ my use
 Is _____ a _____ for the recent _____ usage?
 Should faulty _____ blamed _____ in consumption?
 _____ this jump in consumption _____ in the _____?
 _____ the increase in _____ due to malfunctioning _____
 _____ use, _____ related to _____ devices.
 _____ surge _____ consumption could be the result _____.
 _____ wonder _____ broken _____ would _____ increased _____.
 Is _____ due to malfunctioning _____?
 Is it _____ of _____ in _____ causing _____ jump _____ consumption _____?
 malfunctioning devices _____ tools could _____ the increase _____.

Is there any ____ that ____ will ____ our ____?

____ should malfunctioning ____ be ____ for ____?

____ malfunctioning appliances ____ issues?

____ it possible that ____ machines ____ a ____ in ____?

Might faulty ____ be ____ blame ____ increase ____ usage?

____ can ____ appliances for increased ____.

I wonder ____ broken ____ up ____ usage?

____ that ____ consumption rates are inflating because ____ junky ____?

Maybe ____ is a ____ consumption and the ____ equipment.

Would the ____ caused by ____ devices ____ machinery?

____ usage ____ be ____ to faulty ____ or malfunctioning appliances.

____ that shoddy equipment is ____ blame for ____?

____ that ____ appliance ____ cause high consumption rates?

____ it likely that ____ equipment or appliances caused ____?

Is the ____ in ____ malfunctioning equipment ____ appliances?

Might malfunctioning ____ in usage?

____ appliances be to blame for ____ spike ____?

____ usage due to malfunctioning equipment ____ appliances?

____ there ____ correlation between ____ a rise ____ consumption?

____ in energy ____ is due ____ flawed ____.

Did ____ cause ____ consumption?
