

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Data usage and bandwidth queries
Inquiry Sub-Category	Data optimization techniques
Description	Customers may seek guidance on optimizing their data usage, including tips on reducing data consumption through settings adjustments, device management, or selecting streaming resolutions that require less bandwidth.
Data Size	5,070 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Will ____ automatic app ____ use more ____ each month compared ____ these features ____?

If auto ____ updates ____ will ____ use ____ allocated ____ data allowances?

____ it possible ____ updates ____ result ____ increased ____ of ____ allotted cellular data?

Does automatic ____ cellular data when enabled ____?

Is ____ apps ____ more ____ phone ____?

Will ____ increase ____ use of ____ mobile data?

Automatic ____ updates can ____ a ____ of monthly ____ data.

Will enabling ____ up higher ____ allocated cellular data ____ disabling them?

If automatic app ____ enabled, do ____ more data ____?

____ app updates ____ cellular data allowances ____ compared to disabling ____.

____ auto ____ monthly ____ ServicePlan allowances than the feature ____?

If ____ app updates are ____ do they ____ more ____ data ____ don't?

____ updates ____ use more MSP ____ data compared to ____ them ____

____ updates consume more ____ service ____ than ____ of the features?

Will ____ use up ____ data ____ if they're ____?

Is ____ for cellular ____ compared to disabling them?

____ app updates increase ____ MSP ____ use?

If automatic ____ updates ____ enabled, ____ they ____ mobile data ____ if ____ are ____?

Automatic ____ updates might lead to ____ usage ____ cellular data.

Automatic app ____ will ____ cellular ____ every month ____ they're ____.

Is ____ that auto ____ updates ____ monthly MSP ____ usage?

Do automatic app ____ consume more ____ are enabled?

If automatic ____ updates are ____ more cellular-data ____ them?

____ automatic ____ cause more utilization of ____ allocated cellular-data allowances?

____ giving apps ____ option to update ____ consume more ____ disabling ____?

Does turning ____ app updates cause me ____ use ____ cellular ____?

____ activation of ____ an ____ in utilization of ____ cellular data allowances?

Does ____ app updates ____ more ____ when enabled ____?

Is _____ app _____ consume more mobile _____ than _____ them?
 _____ moreMSP allocated cellular _____ than disabling _____ completely?
 _____ app updates _____ more of the _____ data _____ feature is disabled completely?
 _____ it possible _____ automatic app _____ utilization of the _____ cellular-data _____?
 _____ cellular data allowances _____ if they are enabled, compared to _____ them completely.

Will _____ automatic _____ consume more _____ data per _____?
 _____ app updating going to _____ in _____ use _____ my cellular-data _____?

Automatic app updates _____ use _____ cellular _____ month if _____ compared _____ disabling _____.

Is _____ that auto app _____ use _____ higher _____ allowances compared to _____ them?
 If the app _____ are enabled, _____ they _____ than if _____?
 If automatic _____ are _____ data allowances _____ used _____ month.
 Automatic _____ updates will use more _____ if they _____ enabled, _____ to _____ these features.
 If automatically _____ will they _____ more cell phone _____?

Will auto _____ monthly mobile _____ than the _____ features?
 If those _____ app _____ turned _____ than _____ they devour more of _____ monthly _____ cap?
 If app _____ are enabled, will they _____ cellular _____ aredisabled?

Automatic app _____ use more data allowances each _____ compared _____ them.
 If the apps _____ allowed _____ would consume _____ than if the _____ were disabled.
 Automatic _____ more cellular _____ allowances compared _____ them completely
 _____ app _____ will _____ more _____ allowances _____ if they're enabled.
 _____ more _____ allowances _____ they are enabled, compared to disabling _____ completely.
 _____ app updates take _____ more data each _____?
 _____ updates use more _____ per _____ than when _____ feature is disabled entirely?
 _____ automatic app _____ enabled, _____ consume _____ cellular data?

Automatic _____ updates _____ use more cellular _____ each _____ on.
 Is auto _____ using more _____ data than disabling _____?
 _____ updates consume more monthly _____ serviceplan _____ than the _____?
 _____ the activated automatic _____ mobile data _____ month?
 _____ updates will use more _____ data _____ if _____ are enabled, than _____ are _____.
 _____ use _____ cellular- data _____ the app updates _____?

Did _____ updates _____ monthly data service _____ than _____ disabling did?
 _____ enabled automatic app _____ lead _____ a _____ use _____ cellular _____?
 _____ app _____ may _____ more MSP allocated cell _____ to _____.
 _____ updates use _____ more _____ cellular _____ allowances _____ if _____ are completely disabled?

If _____ apps were _____ to update every month, _____ would _____ than _____ disabled.
 _____ consume more mobile _____ per month than deactivating _____ options?
 _____ would use _____ if the _____ were to _____ month.
 _____ the _____ updates _____ monthly _____ data _____ plan _____ than the disabling of _____?

If _____ app updates are enabled, _____ MSP _____ cellular _____ month?
 Will _____ use of _____ mobile data _____ updates?
 Do those _____ app _____ consume _____ of my precious _____ turned _____ off?
 Automatic _____ may _____ use of _____ monthly allocated MSP cellular _____.
 _____ updates use _____ MSP allocated _____ data _____ to disabling them?

Is it _____ that automatic _____ consume _____ mobile _____ month?
 Automatic _____ updates _____ more _____ data allowances each _____ compared to _____ them.
 If _____ app _____ are enabled will _____ cellular data _____ they _____ not?
 Will _____ mobile _____ Service Plan allowances than _____ feature _____?
 Automatic _____ updates may use more _____ data _____ if _____.
 _____ were allowed to update every _____ would _____ more _____.
 _____ on automatic app updates cause _____ more of _____ data?

_____ app updating result in _____ higher usage of _____ ?
 _____ automatic _____ updates _____ enabled, will _____ consume _____ allocated cellular- data _____ if _____ not?
 If automatic app updates _____ will _____ data allowances each _____ to _____ other way.
 _____ automatic _____ updates _____ the _____ use of allocated _____ data?
 Does _____ updates consume more _____ disabling these _____ ?
 Are I _____ more cellular _____ I enable _____ instead of _____ ?
 _____ activation _____ app _____ cause _____ increase _____ utilization of the allocated _____ ?
 Will _____ of _____ updates _____ of _____ allocated _____ data allowances to _____ up?
 _____ auto updates _____ allowances for _____ data instead of _____ ?
 Did _____ auto _____ consume _____ data service _____ allowance than complete disabling _____ ?
 Does switchin _____ updates consume _____ my data limit _____ off entirely?
 If they're _____ app _____ cellular data allowances each _____.
 Will auto _____ updates _____ up _____ allowances _____ were entirely disabled?
 Would _____ apps _____ update _____ more cell _____ than _____ it?
 _____ automatic _____ use _____ cellular- _____ allowances than _____ them entirely?
 Will _____ able to use more MSP _____ cellular _____ app updates?
 _____ it _____ that allowing _____ app updates will result _____ increased _____ ?
 _____ the apps were _____ permission to _____ every _____ consume more _____.
 _____ app _____ more cellular _____ allowances each month, _____ to _____.
 Is there a _____ when auto-updating _____ are used?
 _____ automatic app updates use more _____ cellular data than when _____ ?
 _____ auto _____ are _____ do they _____ more _____ mobile data service _____ allowances _____ they _____ disabled?
 _____ auto updates _____ more monthly mobile _____ service _____ allowances _____ them does?
 Will auto _____ data service plan _____ than _____ those features?
 _____ app updates _____ enabled, do they _____ cellular data _____ they _____ ?
 Do auto updates _____ more allowances _____ cellular _____ disabling _____ ?
 _____ automatic _____ updates _____ enabled, _____ consume more _____ than if _____ aren't disabled?
 If the _____ were _____ every _____ would _____ data than the features were _____ disabled.
 If turned _____ those automatic _____ upgrades _____ of my _____ ?
 Automatic app updates will _____ more _____ data _____ every _____ if _____ the _____ features.
 Can allowing _____ app _____ result _____ usage of _____ completely shutting it _____ ?
 If _____ updates _____ enabled _____ use _____ higher monthly allocated _____ data _____.
 Will auto _____ consume _____ Data ServicePlan allowances _____ disabling _____ ?
 Will the _____ to automatic app _____ result in _____ consumption _____ data _____ ?
 Will _____ to automatic _____ result in higher usage of _____ cellular _____ ?
 Will the _____ data _____ increased if _____ automatic app updates?
 Does _____ automatic app updates _____ sucking _____ cellular data?
 Is _____ updates using more _____ for cellular _____ it _____ ?
 Does turning _____ app _____ me using _____ of my cellular _____ ?
 Will _____ of _____ use of the _____ cellular-data allowances _____ go _____ ?
 Is the _____ cellular-data allowances _____ when auto-updating _____ ?
 Did _____ auto _____ more _____ data service plan _____ disabling them?
 Is _____ possible _____ switch _____ automatic _____ updates that _____ more _____ my _____ data _____.
 Automatic _____ more _____ cell data than disabling _____ entirely.
 Can allowing _____ in _____ usage _____ cellular data, compared to completely _____ off _____ ?
 _____ auto app _____ increase _____ MSP _____ data _____ ?
 _____ automatic app updates _____ use _____ data allowances _____ they are disabled.
 Will allowing _____ updates use more cellular-data _____ each _____ entirely?
 _____ data usage go _____ if _____ for _____ are turned _____ ?
 _____ on automatic _____ in using _____ of _____ cellular data?

Automatic app updates _____ more cellular data allowances _____ if _____ enabled, _____ .

_____ updates may _____ sucking up _____ cellular data each _____ .

If the apps were allowed _____ every _____ more _____ than _____ are disabled.

_____ auto app _____ use _____ more _____ if they _____ enabled?

_____ app _____ will _____ consume more cellular- _____ than if they're _____ ?

_____ use more _____ data compared to _____ features, will _____ possible?

Is activation _____ app _____ going to _____ more _____ of the _____ data _____ ?

_____ data _____ happen at a _____ automatic app updates are _____ ?

_____ enabled auto updates consume more monthly _____ data _____ allowances _____ ?

If automatically app updates _____ will _____ consume _____ ?

Is _____ possible _____ allowing automatic _____ increased usage _____ cellular _____ to completely turning them off?

If _____ app updates are _____ will _____ consume _____ data _____ ?

_____ automatic _____ updates are _____ they _____ more _____ than _____ they're not?

Will _____ updates use _____ cellular _____ each month _____ disabling these _____ ?

Would _____ update _____ to consume more cell data _____ them?

Will auto app updates _____ up more _____ allocated data _____ ?

Does enabling _____ updates _____ cellular data per _____ the _____ is disabled?

The apps _____ more _____ data if _____ were _____ be updated _____ .

_____ updates can lead _____ a _____ use of MSP _____ .

Will _____ updates _____ data _____ plan allowances than _____ features?

Is it _____ that allowing automatic _____ updates _____ increased _____ of _____ allocated _____ ?

_____ the automatic app _____ more of my _____ cell cap _____ rather _____ ?

Will allowing automatic app _____ use _____ cellular-data _____ ?

Do _____ app updates _____ larger _____ of my _____ data _____ ?

Does _____ applications _____ more _____ amount of _____ usage _____ to disabled settings?

_____ automatic app _____ result in increased _____ MSP allocated _____ each _____ ?

_____ automatic _____ will they consume more cellular- _____ ?

Do automatic _____ consume more MSP allocated _____ data _____ were _____ ?

Will the _____ allocated _____ increase after _____ updates?

_____ app _____ use _____ cellular data allowances each month _____ to _____ them.

If the _____ allowed to _____ month they would consume _____ if they were _____ .

Is automatic _____ going to _____ more data _____ ?

It's _____ that automatic app _____ use _____ cellular-data _____ .

If app updates are _____ they _____ than if the _____ ?

Will _____ to automatic app _____ result in a _____ consumption _____ data _____ ?

_____ turning _____ automatic app updates _____ data _____ disabling it?

Will _____ updating result in a _____ usage _____ cellular _____ ?

Will _____ of automatic app updates cause _____ higher _____ of _____ ?

_____ using moreMSP _____ cellular- data compared to _____ ?

_____ automatic _____ are _____ they will _____ data _____ each month compared to the _____ features.

_____ activation of automatic _____ updates consume more _____ data _____ ?

If app _____ are _____ they consume _____ cellular data _____ they _____ ?

_____ more data usage occur _____ a _____ automatic _____ updates _____ on?

_____ the _____ given the _____ every month they would _____ cell data.

_____ to automatic _____ updating _____ more use of my _____ cellular-data _____ ?

_____ automatic app _____ are _____ do they _____ MSP allocated _____ ?

_____ app updates use _____ cellular _____ allowances than _____ they _____ entirely?

When auto _____ updates _____ do they _____ data?

Automatic app updates _____ use more _____ each _____ they're _____ .

_____ auto _____ consume _____ service _____ allowance than disabling features?

_____ automatic app upgrades are _____ off, do they _____ of _____ monthly cellcap?
 If automatic _____ are _____ do they consume _____ cellular _____ month _____ if _____ are _____?
 _____ enabled _____ consume more _____ data service _____ allowance _____ disabling _____?
 _____ the apps _____ allowed to _____ month, _____ would _____ more _____ data and not _____.
 _____ app updates are enabled, _____ they consume more _____ if _____ are _____?
 Do _____ updates consume more _____ data service plan _____ than _____?
 If app _____ are enabled, _____ they _____ more cellular-data _____ aren't _____?
 _____ it _____ that _____ of _____ will cause higher _____ of the _____ cellular data _____?
 Does _____ app updates use _____ of the allocated cellular data _____ disabled _____?
 _____ auto _____ more monthly mobile _____ allowances than disabling _____?
 Is it _____ of automatic _____ will cause more _____ allowances monthly?
 In contrast to _____ these _____ do _____ MSP allocated cellular- _____ month?
 Automatic _____ updates _____ more _____ cellular data _____ completely, will this _____ possible?
 Would allowing apps to _____ more _____ data _____ them?
 Will _____ activated _____ app updates _____ higher utilization _____ allocated cellular-data _____?
 Can allowing automatic _____ updates _____ increased _____ the _____ cellular _____?
 _____ more use _____ the _____ data _____ apps are used?
 Is _____ more _____ of cellular data _____ auto-updating apps _____?
 _____ apps _____ allowed _____ month they would consume more _____ data instead _____ disabling _____.
 _____ updates consume more _____ mobile Data ServicePlan _____ disabling _____?
 _____ using _____ MSP _____ data than disabling them?
 Automatic _____ more _____ allocated _____ to disabling features completely.
 Will _____ consume _____ mobile _____ service _____ allowances _____ the _____ complete disabling will?
 _____ app _____ enabled, _____ will use more _____ data _____ disabling them completely.
 Will _____ updates consume _____ mobile Data Service Plan allowances _____?
 _____ updates consume _____ data _____ plan allowances than _____ disabling?
 Will the _____ to automatic app _____ usage _____ my _____ cellular- data _____?
 If the apps _____ allowed to _____ month, _____ would _____ cell data _____ being _____.
 _____ updates are _____ they _____ more cellular- data _____ if _____ disabled?
 _____ allowing auto-app updates _____ your cellular _____ more?
 _____ of allocated mobile data _____ up if automatic _____ on?
 _____ of _____ mobile data _____ increased if _____ updates are turned _____?
 If auto _____ updates are enabled, _____ consume _____ than _____ disabled?
 Will activation of _____ utilization of allocated _____ to go _____?
 Is auto updates using _____ cellular _____ to disabling _____?
 Would _____ to _____ automatically _____ than disabling these features?
 Automatic _____ updates _____ more _____ allowances each month if _____ compared _____ the disabling _____.
 Will activation of _____ more utilization _____ allocated cellular-data _____?
 _____ app _____ will use _____ cellular data _____ enabled, compared to _____ other _____.
 If _____ apps _____ allowed to update _____ month, _____ consume _____ cell _____.
 _____ app updates will use _____ each month _____ enabled, compared _____ the _____ way.
 Is allowing auto app updates going _____?
 _____ enabled auto _____ consume more _____ service _____ disabling these _____?
 _____ app updates _____ increase _____ use _____ mobile data
 Will monthly use of _____ if app _____ on?
 _____ those _____ app _____ take _____ my _____ cellcap _____ turned ON _____ than off?
 _____ those _____ eat _____ my _____ if turned ON rather than OFF?
 When _____ are _____ is there _____ usage of _____ allowances?
 _____ allotted _____ would _____ used _____ if automatic app updates _____ turned _____.
 _____ using allocated _____ if _____ are turned on?

In contrast _____ disabling these features, _____ app updates _____ MSP _____ ?

_____ updates _____ up higher monthly _____ allowances than if _____ are _____ ?

Automatic _____ use more cellular data _____ every _____ the _____ features.

_____ auto-updates increase monthly usage _____ data _____ ?

Can auto _____ the monthly _____ ?

If _____ app updates _____ enabled, _____ consume _____ cellular-data _____ features aren't _____ ?

When auto-updating _____ there more use of _____ data _____ ?

_____ auto _____ consume more _____ plan _____ than the disabling?

_____ automatic app _____ me _____ more _____ my cellular data?

_____ of _____ app _____ cause a higher utilization _____ cellular- data _____ ?

Will automatic _____ more _____ each _____ compared to disabling them?

If _____ apps _____ to update _____ month, they _____ more _____ data.

Will enabling _____ updates use _____ cellular-data _____ disabling _____ features?

_____ automatically app _____ enabled, will _____ more cellular data _____ not?

Will activation _____ automatic app updates _____ an _____ utilization _____ the _____ cellular- _____ ?

_____ the auto updates consume _____ service _____ than the _____ ?

Does turning on _____ consume _____ cellular data than _____ ?

If automatic app _____ are _____ they _____ data allowances _____ not.

_____ automatic app _____ in increased usage _____ cellular data compared _____ completely _____ these functions.

_____ allowing auto app updates _____ use?

Will the _____ of _____ allocated _____ data be _____ if _____ app _____ ?

Is that automatic app _____ way more _____ precious _____ rather than _____ ?

_____ apps to update _____ consume _____ than disabling these _____ .

If automatic _____ will the use _____ cellular-data _____ increase?

Will _____ consume more monthly mobile Data _____ the features?

_____ will use _____ each month _____ they _____ enabled compared to _____ them.

Will _____ auto _____ use _____ data allowances _____ they were _____ disabled?

Automatic _____ updates _____ more data allowances _____ features _____ will _____ possible?

_____ auto _____ consume _____ monthly _____ service _____ than their disabling?

_____ apps were _____ update every _____ they _____ consume much _____ cell _____ .

_____ apps _____ allowed to update every month, _____ would _____ cell _____ .

_____ consume _____ Data Service Plan _____ feature disabling does?

_____ switchin' _____ automatic _____ consume more _____ my _____ limit _____ turn it off _____ ?

_____ app updates will _____ more _____ month, compared to _____ features

_____ app updates _____ allotted mobile data than deactivating _____ ?

If _____ app updates _____ will they consume more _____ data _____ they _____ ?

Is it possible _____ auto _____ consume more MSP _____ deactivating _____ ?

If _____ updates are activated, _____ consume _____ mobile _____ ?

_____ app updates use more _____ allowances _____ are disabled?

_____ updates are enabled, will _____ consume more _____ month _____ if _____ disabled?

_____ it possible that _____ of automatic _____ updates will cause _____ of _____ ?

When auto-updating apps _____ is there more _____ of _____ ?

_____ automatic _____ updates _____ more cellular _____ allowance _____ month compared _____ them?

Automatic _____ will use _____ cellular data _____ than disabling _____ .

_____ it _____ auto app updates use up _____ cellular data _____ completely disabling them?

_____ auto app updates consume _____ ?

_____ on _____ updates increase the amount _____ data used?

Is it possible _____ updates will _____ cellular-data _____ each month?

_____ automatic app updates are _____ MSP _____ cellular- data _____ they aren't?

_____ automatic _____ updates are _____ they will use _____ data _____ each _____ .

Is it possible that automatic _____ will _____ utilization _____ the allocated _____ ?

_____ the apps were allowed _____ would _____ more cell data than if the _____ .

Will _____ on _____ updates _____ monthly _____ mobile data?

Automatic _____ may _____ MSP allocated cell data _____ completely.

Do auto _____ updates consume _____ data _____ disabling _____ ?

_____ that auto _____ consume _____ monthly mobile data service plan _____ them?

Will automatic _____ use _____ cellular-data allowances _____ if _____ entirely?

Do enabled _____ consume more monthly _____ allowances than complete _____ of _____ ?

_____ app updates _____ lead _____ a _____ use of the monthly _____ .

_____ auto updates using more allowances for _____ data _____ ?

If _____ updates _____ do they _____ more MSP _____ cellular- data _____ they are _____ ?

Automatic app _____ may have more _____ data than _____ .

Does _____ on automatic _____ me _____ more of my _____ data?

Is _____ chance that allowing auto updating _____ apps would _____ the _____ ?

Automatic _____ updates _____ more _____ of monthly _____ cellular data.

_____ automatic _____ result in _____ use _____ cellular data compared _____ shutting _____ down?

_____ automatic app _____ turned on, _____ they add _____ to my monthly _____ ?

_____ that _____ of _____ app updates will cause more usage _____ allowances?

_____ it possible _____ automatic app updates will _____ usage _____ cellular _____ to completely turning _____ off?

Will _____ app updating result _____ cellular data allowance?

If _____ are _____ they _____ more cellular data _____ are disabled?

_____ Automatic app _____ cellular data?

If auto updates _____ enabled, do _____ service plan _____ ?

_____ updates _____ use _____ each month if they are enabled.

Will _____ automatic _____ more _____ of the allocated cellular- _____ allowances?

_____ are _____ do they consume more cellular-data _____ month?

_____ updates consume more _____ month than deactivating them?

_____ updates consume _____ data _____ plan allowance than complete disabling _____ ?

Will _____ consume more _____ plan _____ than _____ disabling of features?

_____ enabled, do they _____ more _____ data than if features _____ disabled?

When auto-updating apps _____ is _____ use _____ the _____ allowances?

_____ my monthly cellular data usage increase _____ turn _____ ?

If _____ updates are _____ more cellular _____ each month.

If the apps _____ update every _____ they _____ consume _____ cell data _____ of _____ features _____ .

_____ increased _____ usage occur _____ auto-updates _____ are turned on?

Automatic app _____ cellular _____ allowances _____ they're enabled

_____ on _____ app _____ data usage at a _____ rate?

_____ updates cause an _____ usage of the _____ cellular- data allowances?

_____ auto _____ updates _____ enabled, will _____ up more _____ allowances _____ if _____ are _____ ?

_____ they _____ more cellular _____ automatic _____ are enabled?

_____ app updates _____ does it consume _____ cellular-data _____ month?

_____ use more _____ data allowances each month, compared _____ features.

Automatic _____ updates will use up more _____ data _____ .

Automatic app _____ use more _____ data _____ them _____ this be _____ ?

_____ allowing auto-updates _____ mobile data?

_____ allowing _____ in increased usage of _____ compared to completely _____ these functions?

_____ are enabled, _____ they _____ more _____ allocated cellular-data each month than _____ they _____ disabled?

_____ those automatic app _____ eat _____ more of my _____ if _____ on _____ ?

_____ updates will use more cellular _____ if they are _____ to _____ disabling features.

Is _____ that _____ updates _____ cause higher use of _____ cellular- _____ allowances?

Is it because _____ the automatic app _____ more _____ my _____ limit?

When _____ apps are activated, _____ a _____ of the _____ allowances?

_____ app _____ data allowances _____ month if they were _____.

The apps would _____ data if _____ to update _____ month.

_____ will use more _____ data allowances _____ they are _____.

_____ it _____ automatic _____ will cause _____ usage _____ the allocated cellular- data allowances?

Are _____ using more MSP allocated cellular _____?

Automatic _____ updates _____ more cell data than _____ features _____

Is _____ updates _____ more _____ for _____ data compared to _____?

_____ you _____ automatic app _____ they will _____ data allowances _____ month.

If _____ apps _____ allowed _____ update _____ they will _____ cell data.

Will increased _____ of _____ cellular _____ from automatic app _____?

Automatic _____ updates may _____ more _____ data _____ opposed _____ disabling _____.

Is _____ to _____ apps to update _____ consume _____ cell _____ instead _____ them?

_____ app updates could lead _____ utilization of monthly _____ cellular _____.

_____ automatic _____ updates _____ cellular data?

Will _____ app _____ more cellular-data allowances each _____ compared _____ them?

_____ apps were allowed _____ be updated _____ they _____ use _____ instead of disabling _____.

_____ automatic app updates are _____ they _____ more MSP _____?

Do _____ app _____ MSP _____ cellular-data _____ if they _____ disabled?

Did _____ auto updates _____ data service _____ than _____ disabling of _____ features?

Will allowing automatic _____ updates use more _____ entirely?

If _____ apps _____ allowed _____ update every _____ would consume extra _____ of disabling _____.

_____ automatic app updates are _____ they will _____ more _____ features.

If the _____ allowed _____ every month, _____ would use _____ cell data than _____.

If the apps were _____ to update every _____ consume _____ data instead _____ having _____.

_____ the _____ to update every _____ they _____ consume _____ cell data than _____ the _____ disabled.

Automatic _____ may _____ allocated cell _____ than _____ them completely.

_____ may _____ more cell _____ than if _____ disabled entirely.

If _____ apps were _____ every _____ they would _____ more phone _____.

Automatic _____ updates use more _____ compared to disabling _____ will _____?

Does _____ app updates _____ more assigned _____ the feature is _____ entirely?

Can _____ in increased usage _____ cellular data _____ to completely turning them _____?

_____ automatic _____ use more MSP allocated _____ data _____ disabling _____ entirely?

If those _____ upgrades are turned _____ do _____ my monthly cellcap _____?

_____ allowing _____ app _____ result in more _____ cellular data?

_____ that _____ app updates will _____ higher _____ of the allocated data _____?

Can _____ app _____ more MSP _____ cellular-data allowances _____ disabling _____ entirely?

_____ app updates will use _____ allowance _____ compared to _____ disabling _____.

_____ automatically app _____ are _____ consume more _____ allocated _____ than if the _____ are disabled?

Is _____ app updates _____ cellular data _____ disabling _____?

_____ the activation _____ automatic _____ updates consume _____ data _____ the deactivating _____?

_____ automatic app updates _____ in _____ usage _____ cellular _____ every _____?

If automatic app _____ enabled, _____ more _____ each month than _____ they _____?

Automatic _____ updates _____ use more cell data _____

Will _____ use of _____ data increase _____ automatic app _____ are _____?

_____ the _____ allowed _____ month, they would _____ more _____ instead _____ disabling them.

If auto-updates for _____ are _____ on, _____ I _____ data _____?

If automatically app _____ enabled _____ consume _____ data?

Automatic app _____ to a higher _____ of monthly _____ data.

_____ consume more mobile Data Service _____ allowances _____ disabling _____?

Automatic _____ updates _____ more _____ data allowances _____ they _____ than if _____ disabled.

_____ updates may _____ data than disabling _____ altogether

_____ app _____ will _____ data allowances each _____ if _____ enabled.

_____ having _____ updates consume more _____ data than _____?

When _____ apps are _____ of cellular-data _____ greater?

_____ app _____ use _____ if they're enabled compared to disabling _____ completely.

_____ allowing automatic _____ more _____ allowances _____ than _____ these features entirely?

Is it _____ for _____ to _____ increased usage _____ to completely shutting them down?

Automatic _____ lead to more _____ of monthly _____ data.

_____ automatic app updates _____ to cause more _____ of _____ allocated _____ allowances _____?

Will auto _____ consume _____ monthly _____ allowances than _____ disabling of _____?

_____ turned _____ do those _____ upgrades _____ of _____ monthly cell cap?

_____ app updates will _____ data _____ each month, compared _____ the _____.

_____ auto _____ updates use up _____ monthly allocated cellular _____ if _____ disabled?

_____ automatic app _____ result in _____ higher consumption _____ allowances?

_____ are enabled, _____ consume more MSP _____ cellular data _____ they don't?

_____ using auto _____ updates consume _____ amount of _____ allowance?

_____ use _____ cellular data allowances each _____ compared _____ disabling these _____.

Will _____ change _____ automatic _____ updating _____ consumption of _____ cellular- data _____?

_____ updates _____ enabled, do they _____ more cellular-data than _____ they _____?

_____ updates _____ do _____ consume _____ MSP _____ data than if they don't?

Automatic app _____ use more MSP _____ data than _____.

If _____ updates _____ enabled, do _____ more data _____ plan allowances _____?

_____ updates result in greater usage of _____?

_____ auto-updates for apps _____ turned _____ increased cellphone _____ occur?

_____ auto updates consume _____ Data Service _____ than _____ feature's disabling _____?

_____ possible _____ automatic app _____ will _____ increased use _____ allocated cellular data?

_____ updates will use more cellular _____ allowances _____ disabled _____.

If app updates are _____ consume _____ mobile _____ if _____ are _____?

_____ the _____ were allowed to _____ consume more cell _____ than _____ they were not.

Is _____ automatic app _____ of my monthly cellcap if turned on _____ than _____?

_____ the _____ allocated _____ be increased by turning on _____ updates?

_____ those automatic _____ turned _____ do they devour _____ of my cell cap?

_____ auto updates _____ mobile Data ServicePlan allowances than _____ disabling _____?

Is _____ allowing automatic _____ will _____ in an increased usage _____ cellular _____?

Is it _____ that auto updates consume _____ service plan _____?

When auto-updating _____ activated _____ there _____ higher utilization _____ allowances?

If _____ apps were _____ to update _____ month, they _____ consume more _____ data _____ having _____.

Is _____ using more _____ for cellular data _____ are _____?

Is it _____ automatic _____ updates _____ mobile data _____ deactivating _____?

Is it possible that _____ of _____ app _____ will _____ higher utilization _____ data _____?

Automatic _____ updates _____ to _____ monthly allocated cellular data.

If automatic _____ updates _____ there will be _____ cellular _____ allowances _____.

Will activation _____ app updates cause _____ usage _____ allocated cellular-data _____?

If _____ app updates _____ do they consume _____ mobile data _____ are _____?

_____ turning on automatic app updates _____ up _____ data each _____?

_____ automatic _____ updates going to result _____ of cellular _____?

_____ auto _____ using _____ allowances for _____ data _____ to _____ completely?

_____ to automatic app updating result in a higher _____ cellular- _____?

Do enabled _____ updates _____ monthly _____ service plan _____ disabling _____?

_____ app updates are _____ will the use of _____ go _____?

_____ allowing automatic app updates _____ in _____ use _____ cellular _____ to completely _____?

_____ automatically _____ more from _____ amount of mobile-data usage when _____ disabled _____?

Do _____ updates _____ consume more mobile data than _____ them?

_____ automatic updating _____ apps to use more MSP allocated _____ compared _____ denying _____ functions?

_____ the _____ to automatic _____ in a greater use of _____ cellular _____?

Will _____ consume _____ mobile _____ Service _____ than their _____ does?

If automatic _____ are enabled, will _____ consume _____ if they _____?

Automatic _____ more cellular data allowances _____ enabled, _____ disabling them _____

Do automatic _____ changes _____ data than disabling _____?

Will a switch to _____ result in _____ of _____ cellular data _____?

If _____ apps _____ to _____ each month they _____ consume _____ data.

_____ there more utilization of _____ apps are _____?

_____ automatic app updates _____ more _____ data _____ these features?

_____ app updates use more _____ disabling the features _____ this be _____?

_____ automatic _____ updates use _____ than disabling them?

Will auto updates _____ monthly _____ plan allowances _____ feature's _____?

Will _____ use up more allocated _____ allowances than completely _____?

If _____ are enabled, do they _____ more MSP _____ if _____ don't?

Automatic app updates use more _____ data _____ the _____ completely

Automatic _____ will _____ allowances if _____ enabled compared _____ disabling _____ features.

Automatic app _____ more _____ data allowances if _____

_____ apps _____ allowed to be updated every _____ they _____ phone _____.

_____ it _____ switch on automatic app updates _____ consume more _____ monthly?

_____ app updates will _____ data allowances _____ if they're _____.

Will _____ app updates _____ higher monthly _____ cellular _____ they are _____?

_____ it possible _____ enable automated _____ updates _____ cellular-data allowances?

If the apps were _____ every month, they _____ consume _____ cell _____ features being _____.

_____ app _____ use _____ of _____ allotted _____ allowances each _____.

Is it possible _____ allowing _____ update would _____ cell _____ than disabling _____?

_____ app _____ consume _____ mobile _____ than deactivating them?

_____ app updates _____ to increased use of _____ data.

_____ app _____ more _____ compared _____ features _____ will this be possible?

Does enabled _____ updates consume _____ monthly _____ service plan allowances _____?

_____ apps would _____ more _____ data if they _____ update every _____

Will automatic _____ updates use _____ allocated _____ if they _____ disabled _____?

Will auto _____ consume _____ data service _____ monthly _____ than _____ will?

_____ apps were _____ to update every _____ consume _____ cellphone data.

_____ will use _____ cellular _____ allowance _____ month _____ are enabled, _____ to disabling them completely.

Automatic _____ use _____ cellular data allowances if _____ enabled _____ they're _____.

Is _____ using _____ assigned _____ cellular data than disabling _____?

_____ auto _____ consume more monthly _____ service plan _____ does?

Is there _____ cellular-data allowances when _____ apps are _____?

If _____ were _____ to _____ on _____ monthly _____ would consume _____ cell data.

_____ automatic app _____ lead to a higher utilization _____?

Do automatic app _____ cellular data _____ were disabled?

Can automatic app updates result _____ of _____ data _____ completely shutting _____?

_____ will use _____ cellular data allowances _____ month compared _____ disabling _____.

_____ automatic _____ use more MSP allocated cellular-data _____ to _____ them?

Will activation of automatic app _____ usage _____ the _____ cellular- _____ ?

Automatic app _____ use more _____ each month if they _____ compared _____ disabling _____ .

_____ automatic _____ use _____ cellular _____ allowances _____ disabling them?

_____ think that _____ automatic app updates will _____ use of the _____ cellular _____ ?

Will _____ more MSP _____ cellular- data compared to disabling _____ ?

Should I expect _____ for _____ are turned on?

_____ can _____ data allowances each month if _____ enabled.

_____ automatic app _____ use _____ cellular data allowances than _____ disabling features.

_____ apps _____ more cell data if _____ to _____ every _____ .

Will auto _____ Mobile Data _____ allowances than the disabling _____ features?

If they're enabled, automatic app updates _____ cellular data _____ .

_____ may _____ more _____ cell _____ compared _____ disabling the features completely.

_____ the _____ update every month, _____ would consume _____ cell data, _____ of having _____ disabled.

Is _____ app updates _____ to cause _____ of the _____ cellular data _____ ?

Will _____ consume more mobile Data _____ than _____ feature's _____ ?

Will _____ app updating _____ in higher _____ data allowances?

Automatic _____ will use more _____ each month, _____ them completely.

Do enabled auto _____ monthly mobile data service _____ allowances _____ ?

_____ app _____ more _____ data allowances when they're _____ compared _____ disabling _____ completely.

Can I _____ cellular _____ automatic _____ updates instead of _____ it?

If _____ updates _____ enabled, _____ they _____ more _____ data than _____ are disabled?

Automatic _____ will use _____ data each month _____ to _____ them.

Will automatic app _____ use _____ MSP _____ cellular- _____ compared _____ the _____ ?

_____ activation of _____ updates cause more _____ of _____ allowances?

Can _____ in increased usage of cellular data compared _____ these _____ ?

_____ apps _____ allowed _____ be _____ every _____ would _____ cell _____ than the features were disabled.

Is it _____ that _____ will _____ up _____ monthly data allowances if _____ ?

_____ consume more mobile Data _____ allowances _____ of features?

_____ app updates _____ use _____ allotted data _____ month.

_____ auto _____ increase monthly _____ data usage?

Is _____ possible _____ app _____ will lead _____ increased _____ MSP _____ cellular data?

_____ it _____ use more cellular data _____ automatic _____ updates?

Does it _____ to _____ on the _____ app updates?

_____ app _____ lead to _____ of _____ monthly allocated cellular data.

Will _____ app updates use more _____ allowances _____ compared _____ disabling _____ features?

If _____ app _____ are _____ more _____ each month than _____ them?

Will auto _____ consume more monthly _____ service _____ allowances _____ feature _____ ?

_____ the _____ were allowed _____ be _____ each _____ consume more _____ data.

_____ there an increased _____ of _____ when auto-updating apps _____ ?

If _____ app updates _____ enabled, _____ they _____ MSP _____ than if _____ don't?

_____ the _____ to automatic app _____ in a _____ use _____ cellular-data _____ ?

_____ more _____ data _____ disabling the _____ will it be possible?

_____ app updates use more MSP _____ data _____ disabling _____ features _____ .

Automatic app _____ increase _____ of monthly _____ cellular _____ .

_____ auto-updating _____ are activated, does the _____ cellular-data allowances _____ ?

Is _____ possible _____ app updates will result _____ the allocated _____ data?

_____ updates _____ MSP _____ cellular- data than disabling _____ ?

Can I use _____ data _____ I enable _____ instead of _____ ?

_____ automatic _____ updates result in _____ consumption _____ cellular data?

_____ app updates _____ each _____ if they're _____ compared _____ the other way.

Will _____ consume more monthly _____ data allowance than _____?

Automatic app updates may lead to _____ higher _____ data.

Do _____ app upgrades eat more of _____ if _____ rather _____ off?

_____ possible _____ activation of _____ app _____ will _____ utilization of _____ allocated _____ allowances monthly?

Will _____ app _____ more _____ allowances than _____ they are _____ disabled?

When _____ apps are _____ is there more use _____?

_____ app _____ cellular data allowances each _____ they're _____ compared to disabling _____.

_____ it possible _____ app _____ consume more of _____ allowance?

_____ app updates use more _____ allocated cell _____ disabling _____.

_____ change _____ app updating _____ in _____ of my cellular data allowances?

_____ use _____ allocated mobile data _____ of _____ app updates?

Do _____ data service plan allowance _____ if they _____ completely _____?

_____ updates are enabled, do they _____ cellular- _____ month?

Will auto _____ consume _____ service _____ allowances _____ disabling does?

_____ automatic app upgrades _____ my _____ cellcap _____ turned on rather _____ off?

_____ use _____ cellular- data allowances more if _____ automatic app _____?

_____ it possible that _____ on _____ updates _____ cellular _____ than disabling _____?

_____ auto-updating _____ activated, _____ of cellular-data allowances increased?

_____ app updates _____ data allowance each month _____ disabling _____ features?

Is it _____ to use _____ cellular _____ by _____ rather _____ disabling _____ completely?

_____ change _____ app _____ result _____ use of my cellular data _____?

They _____ more _____ instead _____ them if the _____ update every month.

If those automatic app _____ turned _____ rather than off, _____ they _____ cell cap?

_____ auto-updating _____ are _____ is _____ a greater utilization of _____?

Will activation of automatic app _____ use _____ allocated _____ monthly?

_____ enabled auto _____ consume more _____ service plan allowance _____ them does?

_____ automatic app updates _____ more MSP _____ than _____ these _____?

Automatic _____ updates _____ use _____ cellular data _____ if _____ are enabled, _____ disabling _____.

_____ auto _____ consume _____ monthly data service _____ allowance than complete _____ of _____?

Automatic app updates _____ data than _____ features _____ this be _____?

Will _____ app updates use _____ data _____ to _____ completely?

_____ auto _____ consume more mobile Data ServicePlan allowances _____?

Will _____ automatic _____ use more _____ each _____ disabling these features?

Is _____ allowing _____ updates _____ result in _____ usage of _____ data?

_____ app _____ result in increased use of _____ to _____ them off?

Will _____ app _____ in _____ use _____ allocated cellular data _____ month?

If _____ app _____ will _____ consume more _____ than if they do _____?

Can _____ app updates _____ in increased _____ of cellular _____ to _____ it _____?

If _____ apps _____ allowed to _____ every _____ would consume more cell data, _____ of _____.

Is _____ chance _____ would exceed _____ monthly cell data limits of the service?

Do enabled auto _____ monthly mobile _____ service plan _____ disabling _____ these features _____?

Each _____ would app _____ more _____?

_____ the auto-updates use _____?

_____ the _____ were _____ to _____ every _____ use more data, _____ than disabling _____.

_____ updates _____ use more _____ data _____ each month if _____ compared to disabling _____.

If automatically app updates _____ do _____ consume _____ if features _____ disabled?

If _____ app updates are _____ use _____ cellular _____ than the disabling _____.

Will _____ consume more mobile _____ plan allowance _____ the _____?

_____ it _____ that activation of automatic _____ updates _____ utilization _____ allocated _____ allowances?

If automatic _____ updates are _____ they will _____ cellular _____ if _____ are _____ completely.

Does _____ on _____ in draining more _____ cellular data each _____?

Will _____ cellular-data allowances go up if _____ app _____ are _____?

Will the activation _____ app updates _____ use of _____ allocated _____?

Automatic app updates _____ more data allowances each _____ if _____ disabling _____.

When _____ apps _____ activated, _____ use of the _____ data _____?

_____ are enabled, _____ they consume more cellular- data _____ if _____?

_____ use _____ more cell- data _____?

If _____ app _____ are _____ will use _____ cellular data allowances compared _____.

Do I use _____ cellular data _____ are _____ of disabling _____?

_____ apps _____ allowed to update _____ month, they'd _____ data.

_____ automatic app updates _____ enabled, _____ use _____ data allowances _____ to disabling _____.

Will auto _____ more _____ mobile Data _____ feature's disabling?

_____ it _____ that automatic _____ updating will _____ of my cellular- data _____?

_____ app updates may use _____ MSP allocated _____ than _____.

_____ updates _____ more monthly data service plan _____ than _____ of _____ does?

Do _____ updates _____ more cellular data if enabled _____ disabled?

Does _____ auto-app updates _____ more _____ data _____?

_____ think _____ of automatic _____ updates will cause _____ of _____ cellular data _____?

_____ auto app updates _____ larger amount of my _____?

_____ app updates are _____ do _____ consume more _____ if they _____ disabled?

_____ consume _____ Data ServicePlan _____ than the _____ of features?

Will _____ updates increase _____ MSP _____ data usage?

Is _____ that activation _____ updates will cause higher utilization _____ allocated cellular _____?

Automatic _____ may use _____ allocated cell data _____ features _____

Is it _____ that _____ on _____ updates would use more _____?

_____ change _____ updating _____ in a _____ use _____ my cellular data?

Automatic _____ updates _____ more MSP allocated _____ data _____ to _____ completely.

Do _____ updates consume more _____ service _____ than disabling _____?

Do _____ consume _____ data _____ allowances than _____ complete disabling them?

Did enabled _____ updates consume _____ mobile data _____ plan allowances than _____ features _____?

_____ enabled versus _____ app updates _____ more _____ data quota?

_____ app updates are _____ they _____ cellular- data each _____?

Will _____ increased _____ MSP _____ cellular _____ a result _____ app updates?

_____ the automatic _____ updates _____ more mobile data than _____?

Does _____ on _____ app updates cause me _____ use _____?

_____ auto updates using _____ data than disabling _____ entirely?

_____ auto app _____ MSP cellular-data _____?

_____ auto-updating apps _____ used, is _____ of _____ allowances?

_____ app _____ use _____ allocated cellular- data allowances _____.

_____ app updates will use _____ cellular data allowances _____ compared _____ the _____

If automatic _____ updates _____ more data allowances compared _____ the _____ features.

_____ the _____ were _____ to update every _____ they _____ use _____ data _____ of _____ features being _____.

_____ those _____ app _____ devour _____ my monthly cellcap if turned _____ instead _____?

If _____ allowed to update _____ they would _____ more cell data _____ than _____.

_____ apps are activated does the _____ increase?

If _____ app updates _____ more _____ data _____ each month.

_____ using more allowances _____ cellular _____ than _____ it entirely?

_____ automatic app _____ use more cellular _____ allowances _____ month.

_____ the _____ were _____ to _____ every _____ they would consume _____ data than _____ feature _____ disabled.

If auto app updates _____ will _____ more cellular _____ if they _____?

If _____ enabled, Automatic _____ updates _____ use _____ cellular data allowances _____ .
 _____ automatic _____ updates _____ of _____ mobile data?
 Does switch on _____ app _____ consume _____ of _____ than _____ it _____ completely?
 Does turning _____ app updates _____ more cellular _____ it?
 Automatic _____ more _____ data than _____ entirely, will this be _____ ?
 If _____ were _____ update _____ they _____ consume more _____ data _____ of disabling features.
 _____ the monthly _____ of allocated mobile _____ increase _____ app updates _____ turned _____ ?
 _____ auto _____ consume _____ data _____ allowances than if they _____ completely disabled?
 Is it _____ allowing _____ update _____ would consume more _____ ?
 Is _____ possible that activation of automatic app _____ of _____ data allowance?
 If _____ app _____ are _____ will _____ more _____ cellular- data?
 _____ use more _____ data _____ app updates _____ enabled?
 If _____ to update every month they _____ consume more cell _____ than _____ disabled.
 Does _____ more allowances for cellular _____ than _____ it _____ ?
 Automatic _____ lead _____ higher utilization _____ the allocated MSP cellular _____ .
 _____ the _____ to _____ app _____ result _____ increased _____ my cellular- _____ allowances?
 _____ think _____ automatic app updates consumes more cellular _____ it?
 If automatic _____ updates _____ enabled, _____ more cellular data _____ if _____ not?
 _____ auto app updates use _____ allowance than if they _____ ?
 Automatic _____ to _____ higher use of MSP _____ data.
 _____ auto app updates use higher _____ cellular _____ they were _____ ?
 If they're _____ automatic app _____ will _____ data _____ month.
 Can _____ app updates _____ monthly _____ ?
 Does turning on _____ results in taking _____ of _____ ?
 _____ are _____ a higher usage of cellular data _____ ?
 _____ it _____ to _____ more cellular _____ allowing automatic _____ updates?
 Does auto _____ cellular data than disabling _____ ?
 _____ automatic _____ cellular-data allowances _____ disabling them entirely?
 Will _____ monthly _____ mobile _____ be increased by _____ on _____ app _____ ?
 _____ there _____ higher use _____ cellular data _____ auto-updating _____ are _____ ?
 When _____ apps are _____ is _____ a _____ use of _____ ?
 Will _____ updates use higher monthly _____ cellular _____ allowances _____ they _____ ?
 Will _____ updating _____ in a _____ of my _____ allowances?
 If _____ app _____ are enabled, _____ they consume _____ if features aren't _____ ?
 Will _____ automatic _____ cause more _____ of the allocated _____ monthly?
 _____ automatic _____ enabled, they will use _____ data _____ if not.
 Do those _____ app _____ more _____ my monthly _____ turned _____ rather than _____ ?
 Will _____ app _____ result _____ a _____ use of _____ cellular- _____ allowances?
 Is _____ possible that _____ updates _____ utilization _____ the _____ cellular data allowances?
 _____ allowed _____ every month they would _____ more data.
 _____ app upgrades devour _____ of my monthly _____ turned _____ rather _____ ?
 _____ updates _____ result in _____ usage _____ cellular data compared to completely _____ these _____ .
 If the _____ allowed to update _____ would _____ data, instead of disabling _____ .
 _____ using _____ allowances _____ cellular data than if they _____ ?
 _____ app _____ will use more _____ allowances each month _____ enabled, _____ disabling features.
 If _____ updates are _____ consume _____ data _____ if they don't?
 Should _____ be _____ they consume _____ cellular data than _____ they _____ ?
 _____ the _____ were _____ to _____ every month, they would _____ more _____
 Do you _____ of _____ app _____ will _____ of the allocated _____ data allowances?
 If auto app _____ enabled, _____ they _____ up _____ monthly _____ than if _____ are _____ ?

When ____ apps ____ is ____ more ____ cellular-data allowances?

If ____ updates are enabled, ____ consume more ____ than ____ they ____?

____ of ____ app updates ____ the ____ of the allocated ____ allowances ____ go ____?

____ auto updates ____ service ____ allowances than they are disabled?

____ auto updates consume more ____ allowance ____ the ____ of these ____?

Is it possible ____ auto updates ____ more data ____ disabling ____?

Will ____ my ____ allowances more ____ I switch ____ app updating?

____ auto updates ____ more ____ service plan allowance ____ they are ____ disabled?

____ automatic ____ updates ____ a higher utilization ____ the allocated cellular-data ____?

____ going to result ____ higher ____ of ____ monthly cellular- data ____?

____ automatic app updates ____ they ____ more cellular ____ every month.

____ automatic ____ updates ____ more MSP ____ data ____ to ____ features completely?

Do those ____ upgrades consume ____ of ____ precious monthly cell cap ____ rather ____?

Will ____ use ____ cellular- ____ if ____ to automatic app updating?

Can allowing ____ updates result ____ increased ____ of ____ cellular ____?

____ app ____ use more MSP allocated ____ features entirely, will it ____?

____ possible that ____ updating ____ would exceed ____ monthly ____ data limits applicable?

____ possible that ____ automatic ____ updates will ____ more ____ each month?

Will allowing ____ updates use more ____ allowances ____ these features?

____ updates using more mobile ____ allowances ____ disabling ____?

Will auto updates ____ monthly ____ plans ____ the ____ these features?

____ updates consume more ____ service ____ the ____ of these features?

Will ____ app updates use ____ higher ____ data allowances ____ to ____?

Is ____ more use of ____ allowances when auto-updating ____?

Will the activation ____ automatic app ____ utilization ____ allowances to go ____?

Is ____ possible ____ app ____ will ____ more mobile ____ month than ____ options?

____ activation of ____ more utilization ____ the allocated ____ allowances monthly?

Do enabled auto ____ consume ____ monthly data ____ disabling ____ features?

____ comparison to disabling these ____ app ____ consume ____ MSP ____ cellular-data?

There would be ____ data ____ were allowed to ____ month.

If the ____ allowed ____ update ____ they ____ consume ____ cell data than ____.

____ it possible to ____ more ____ by enabling ____ app updates ____ disabling ____?

Automatic app ____ will use ____ allowances ____ compared ____ disabling these ____.

Can allowing automatic app updates ____ in ____ data ____ to completely turning off ____?

____ adding automatic ____ consume ____ data ____ deactivating them?

____ automatic ____ will they ____ more cellular ____ than disabled?

Automatic ____ updates ____ every month, if they are enabled.

Will the ____ allocated ____ be ____ if ____ updates are activated?

If ____ app updates are enabled, ____ consume more ____ if ____ are ____?

____ updates increase ____ monthly ____ cellular data usage?

____ updates ____ enabled, will ____ consume ____ phone ____ than if they ____ disabled?

____ activation ____ updates ____ to cause higher utilization ____ the ____ cellular ____ allowances?

____ automatic ____ use ____ allocated cellular-data allowances ____ to disabling ____ entirely?

____ my ____ cellular- data allowances occur if I ____ to automatic ____?

Do ____ app updates consume more ____ them?

____ the ____ of automatic ____ cause ____ higher ____ the allocated cellular-data ____ monthly?

____ auto app ____ use up ____ monthly ____ data allowances compared ____?

____ updates consume ____ Mobile Data ____ allowances than ____ of these ____?

____ updates will use more MSP ____ allowances ____ disabling ____.

Is automatic ____ consuming ____ data than ____ them?

____ apps are activated, ____ there ____ higher utilization ____ allowances?
 ____ automatic app updates ____ more cellular- ____ they were ____?
 Will ____ change to ____ app updating result in ____ my ____?
 ____ auto ____ more monthly ____ service ____ than the feature's ____ disabling ____?
 ____ chance ____ allowing auto updating ____ apps ____ monthly cell- data ____?
 If automatic ____ they will ____ more ____ allowance ____ month.
 Will ____ to automatic ____ result ____ of my cellular ____ allowances?
 ____ turning on ____ updates results in ____ up ____ my ____ data?
 ____ possible that ____ automatic app updates will ____ increased use ____ data?
 ____ automatic ____ enabled, do ____ more cellular bandwidth each ____?
 Will ____ serviceplan ____ than the feature's disabling does?
 Will allowing automatic app updates ____ more ____ allocated ____ them ____?
 Automatic app updates will ____ cellular data ____ than ____ if ____.
 ____ the ____ of cellular-data allowances ____ auto-updating ____ are ____?
 If ____ updates ____ enabled, will they ____ cell phone ____ they are ____?
 Will ____ use ____ my cellular- data ____ increase if ____ updates?
 Will ____ updates consume more ____ per month?
 ____ automatic app ____ are ____ do ____ consume more ____ allocated data ____ they ____?
 ____ those ____ app ____ are turned ____ than off, ____ they eat ____ more ____ my monthly ____?
 Does turning ____ lead to ____ being sucked up ____ month?
 Automatic ____ updates ____ use moreMSP allocated ____ compared ____ disabling ____ features ____.
 ____ it possible ____ updates use ____ monthly ____ data ____ compared to completely ____ them?
 ____ updates ____ more ____ data allowances ____ month ____ they ____ enabled.
 Automatic app updates ____ use more ____ allowances ____ enabled, ____ disabling ____.
 Is ____ that allowing ____ updates will result in increased ____ of ____?
 ____ possible ____ those ____ app ____ will consume more ____ monthly ____ if turned ____ than off?
 ____ it ____ would use up more data every ____?
 Automatic ____ updates ____ data ____ each month, compared to ____ them ____
 ____ it ____ use more ____ by enabling automatic app updates ____ it ____?
 ____ updates consume more ____ mobile ____ service ____ than disabling them?
 If ____ app ____ they ____ extra ____ data each month?
 Automatic app ____ might use ____ cell data compared ____ completely.
 ____ app ____ may lead ____ higher utilization of monthly ____.
 Does allowing auto-app ____ more cellular data?
 ____ updates consume more monthly ____ Data ServicePlan allowances than ____?
 Is auto ____ using ____ cellular- data than ____?
 ____ app ____ use more ____ data compared ____ features ____ be possible?
 ____ you enable automatic app updates, ____ will ____ cellular ____ month.
 If ____ apps were allowed to ____ month, ____ would ____ data than ____ they ____.
 Will ____ automatic app updates ____ utilization of the ____ allowances?
 It ____ use up more ____ if ____ were ____ on.
 Do ____ app upgrades consume more ____ if turned ____ instead ____ off?
 ____ allowing ____ use more ____ allocated cellular- data ____ compared ____ disabling these ____?
 ____ updates may use ____ MSP ____ cell data than ____.
 ____ it ____ that ____ of automatic app ____ higher ____ of ____ allocated data ____?
 ____ the apps were ____ update ____ month, ____ would consume more cell ____ the ____ locked.
 Will ____ more ____ mobile ____ allowances than the ____ of features?
 ____ auto updates using ____ allocated ____ data ____ disabling it?
 ____ auto ____ consume ____ mobile ____ plan ____ than the ____ of ____ features?
 ____ there ____ better utilization ____ cellular-data allowances ____ apps are ____?

If ____ app updates ____ enabled, does ____ cellular ____ month?
 ____ automatic app updates ____ they ____ more ____ allowances ____ month.
 ____ auto ____ consume ____ monthly data ____ the feature's disabling ____?
 ____ app updates use ____ higher ____ allocated data allowances ____ are ____?
 ____ app ____ more ____ than disabling ____ entirely, will this be ____?
 Will ____ use of allocated ____ be increased ____ app ____?
 ____ that ____ of automatic app ____ will cause ____ utilization ____ the allocated ____ data ____?
 Do ____ consume ____ monthly data service ____ disabling them ____?
 When ____ disabled ____ updates consume ____ cellular data?
 ____ may lead to a ____ utilization of ____ cellular ____.
 ____ the ____ automatic ____ a ____ use of the allocated ____ allowances?
 When ____ disabled, ____ updates ____ more cellular data?
 ____ that auto app updates ____ amount of data ____?
 ____ auto updates are ____ do they ____ more monthly ____?
 Automatic ____ may use more MSP ____ cell ____ disabling ____.
 If the ____ updates are ____ will they consume ____ data ____ they ____?
 Is it ____ the stupid ____ scarf ____ of my MSP cell-data ____?
 Automatic ____ updates ____ use ____ allowances ____ to ____ these features
 Is ____ automatic ____ upgrades ____ way ____ of my monthly ____ cap if turned ____ rather ____ off?
 ____ app ____ may ____ moreMSP allocated cell ____ to ____ features ____
 Automatic ____ allowances ____ they are enabled compared ____ disabling features.
 Do enabled auto updates ____ more ____ data ____ allowances ____?
 Will auto ____ more ____ Mobile Data ServicePlan allowances ____ features?
 Automatic ____ updates ____ use more ____ data allowances each month if ____ to ____.
 ____ auto-updating ____ are ____ there more ____ of ____ allowances?
 ____ automatic app updates ____ cellular data allowances compared ____?
 Is activation of ____ app ____ going ____ of the allocated cellular- ____?
 Automatic ____ updates ____ more ____ data ____ they ____ compared to disabling.
 ____ those automatic ____ are turned ____ do ____ add more ____ cellcap?
 Will ____ automatic app updating result ____ more use ____ allowances?
 Will activation ____ automatic ____ updates cause higher ____ of ____ allocated ____?
 ____ updates ____ monthly mobile Data ServicePlan ____ than ____ does?
 Do ____ think ____ activation of ____ app ____ will ____ use ____ allocated cellular data ____?
 ____ allowing automatic ____ cellular- data allowances ____ to disabling them entirely?
 ____ activated, is there ____ bigger utilization of ____ allowances?
 Can allowing automatic app updates ____ usage of ____ cellular ____ compared to ____ these ____?
 If automatic app updates are enabled, ____?
 Is ____ turning on automatic app ____ will increase monthly ____ mobile ____?
 Will ____ automatic app ____ use more ____ data ____ each ____ disabling ____ features?
 Allowing ____ update ____ would consume ____ data than ____ features.
 ____ allowing ____ app ____ use more MSP allocated ____ allowances ____ these ____ entirely?
 Automatic ____ updates ____ to a higher ____ of monthly ____.
 ____ it ____ that ____ auto ____ will ____ higher ____ allocated cellular data allowances?
 If ____ allowed to update every ____ would ____ cell data ____ disabled.
 ____ of automatic ____ updates ____ utilization of ____ allocated cellular-data allowances?
 ____ they consume more MSP ____ cellular-data ____ updates ____?
 If the ____ allowed ____ every month, they could ____ cell ____.
 If ____ updates are enabled, more cellular ____ will ____.
 Will ____ automatic ____ updating ____ a higher usage ____ my monthly cellular ____?
 Is auto updates ____ cellular data ____ it ____?

_____ updates _____ to _____ higher use of _____ allocated cellular _____?

Automatic app updates will use _____ cellular _____ if _____ than _____ they _____.

_____ those automatic _____ upgrades consume way more of _____ monthly cellcap _____ rather _____?

Will auto updates _____ Service Plan allowances than _____ these features?

Is enabled auto _____ monthly _____ plan allowances than _____ them?

Automatic _____ lead to _____ usage of _____ monthly allocated _____.

_____ allowing _____ app _____ the monthly cellular _____ usage?

Is automatic _____ updating going _____ in _____ cellular-data allowances?

_____ automatic app _____ are _____ will they _____ more _____ allocated _____?

Will _____ consume _____ serviceplan allowances than _____ disabling of _____?

_____ automatic app _____ use _____ data allowances each _____ compared to _____?

Will auto _____ updates _____ monthly _____?

_____ app updates _____ more _____ if they _____ enabled, _____ disabling features.

Is auto _____ the cellular data than disabling _____?

Automatic app updates _____ data _____ they are _____ to the disabling features.

_____ possible that _____ automatic app _____ will lead _____ increased usage of _____?

Will _____ consumption ofMSP _____ cellular _____ I _____ app updates?

_____ updates using _____ allowances _____ cell data _____ to disabling _____?

_____ using more cellular data _____ to _____ it entirely?

_____ having auto _____ updates _____ more _____ my data _____?

_____ app updates _____ more cellular data allowances _____ the _____ will this _____?

So, _____ those _____ app upgrades consume _____ of _____ monthly _____ if turned _____?

Is _____ that activation of _____ app updates _____ higher usage _____ cellular _____?

Will using the _____ consume more _____ than _____ them?

_____ automatic _____ updates consume _____ mobile _____ per _____ compared _____ these options?

_____ automatic app _____ enabled, do _____ MSP _____ cellular-data than disabling _____?

_____ updates _____ more monthly _____ service plan allowances _____ are _____ disabled?

Automatic _____ may _____ more cell _____ than disabling _____

Is it _____ allowing _____ result in more _____ of _____ cellular data?

_____ updates _____ use more cellular data allowances _____ compared to _____ them.

_____ possible _____ updates will result _____ increased usage ofMSP _____ cellular data.

Automatic _____ use _____ allowances _____ they're enabled compared _____ disabling _____ features.

_____ using more mobile data allowances _____ disabling _____?

_____ automatic _____ upgrades devour more of _____ if turned on rather _____?

Will _____ consumption _____ my monthly _____ occur if I _____ app _____?

Can _____ app updates consume _____ data _____ them?

If those _____ app upgrades are turned _____ my _____ cellcap?

If _____ updates are enabled, _____ they _____ each month _____ if they _____?

Do _____ more monthly data _____ plan _____ than _____ disabling _____?

_____ of cellular data allowances increased _____ apps are _____?

_____ automatic app _____ increase the usage _____ data?

_____ monthly use of _____ mobile data increase _____ updates _____ on?

_____ app _____ more _____ cellular data _____ the features entirely, _____ this _____ possible?

Will _____ updates _____ more monthly _____ plan _____ than _____ them?

_____ automatic app upgrades _____ turned _____ than off, will _____ more _____ my _____ cellcap?

_____ auto app updates going to _____ up _____ monthly _____ cellular _____?

If automatic _____ updates are enabled, _____ will _____ allowances _____ if they _____.

_____ possible _____ automatic app _____ will use _____ cellular-data _____ each _____?

Would _____ data _____ month by turning _____ app updates?

Will _____ app updates use more cellular-data _____ month than _____?

those app upgrades consume more monthly turned rather ?
 allowing automatic app updates use per month ?
 the apps were every they would consume additional cell data .
 automatically would consume more than disabling these entirely.
 If updates are enabled, data than they are disabled?
 If are enabled, more data than if are not?
 Will more monthly allowance the feature's does?
 Will allowing updates allowances month than these features?
 app use data allowances month compared to these
 app upgrades devour more of my cellCap rather than ?
 enabled auto more service plan allowances than are ?
 Automatic updates will use data allowances each month are them.
 Will automatic updates use if they were entirely?
 enabled auto consume monthly mobile allowances than are disabled?
 it that app updates consume mobile month?
 Automatic app updates use more they're enabled, them.
 If app updates are enabled, do cellular-data than ?
 Will allowing automatic app allowances these features entirely?
 of automatic updates utilization MSP allocated cellular- data ?
 think automatic app will consume more mobile them?
 Automatic app use cellular allowances month if .
 are is there use of the cellular data ?
 Will the activation of app updates cause of cellular go ?
 Will allowing updates use more cellular data allowances ?
 app up more allocated data if they completely disabled?
 app are enabled, do they more cellular-data they're disabled?
 app updates activated, there utilization the cellular-data allowances?
 Does me to use more of cellular data?
 the automated MSP cellular-data allowances?
 automatic enabled, do they allocated cellular-data each month?
 Is automatic app result in increased usage of allocated ?
 app updates will they up monthly data allowances?
 Do on updates more data than feature?
 When auto-updating are there a data allowances?
 Is there that apps would MSP cell- data limits?
 In to these features, automatic MSP allocated cellular data ?
 Will consume more Service Plan allowances than ?
 Can app use MSP data compared to them?
 Does app cellular data disabling them?
 If app are enabled, they consume allocated cellular- data are ?
 Automatic app might cell compared disabling these features .
 enabling app updates use allocated allowances than these ?
 Automatic app use more compared to the other .
 Do enabled updates monthly data allowance completely them?
 automatic app per month the feature is disabled completely?
 the change automatic app updating use of monthly cellular ?
 apps were allowed to every month, than disabling them.
 app will they consume more than if are ?
 Is allotted for data than disabling them?
 Is it that allowing app in usage MSP cellular ?

____ it ____ that ____ automatic ____ will result ____ increased ____ the ____ cellular data?
 If ____ were allowed ____ update every ____ would consume more ____ data ____ they ____.
 Is ____ of auto ____ updates ____ a larger amount ____?
 If they're ____ use more cellular ____ allowances ____ month.
 Is ____ that ____ will cause ____ of the ____ cellular- data allowances?
 ____ updates use more cellular data allowances each ____ they're ____ compared ____ ____.
 ____ apps ____ allowed ____ be updated ____ they would consume more ____.
 ____ app ____ enabled, will they ____ cellular- ____ than ____ they're disabled?
 Will auto ____ allowances if they are enabled?
 When enabled, ____ automatic ____ updates ____ cellular ____ quota?
 Is ____ possible that ____ will ____ monthly ____ data allowances compared to disabling ____?
 ____ auto app updates ____ up more ____ were completely disabled?
 ____ app updates ____ do they consume more cellular- ____ if ____?
 Is it possible ____ activation of automatic ____ will ____ of ____ allocated ____ allowances?
 ____ auto updates ____ Data ServicePlan allowances ____ the ____ does?
 ____ automatic app updates can ____ usage ____ cellular ____ compared to completely ____ functions.
 ____ automatic ____ upgrades consume ____ if turned ON rather than off?
 ____ using ____ allowances for cellular data ____ disabling ____ entirely?
 Automatic ____ use ____ data allowances than when ____ them.
 Automatic ____ will ____ data each month if ____ enabled, ____ disabling ____ features.
 ____ app updates are ____ they will use more ____ allowances ____ are ____.
 ____ app ____ enabled, ____ cellular-data than if features are disabled?
 Will the ____ of ____ mobile data ____ are turned on?
 If automatic app updates are ____ will ____ use ____ cellular ____?
 ____ turning on ____ updates ____ cellular data ____ disabling it?
 ____ you think that activation of automatic ____ updates ____ higher utilization ____ allocated ____?
 When ____ app updates ____ they ____ use more cellular data ____.
 Will automatic ____ use ____ MSP ____ cellular- data ____ disabling these ____?
 Will auto ____ consume ____ data ____ plan allowances than ____ feature's ____?
 Do auto updates ____ more ____ plan ____ allowances ____ them?
 Will the use ____ cellular-data ____ be ____ the use ____ automatic ____?
 Will the change ____ automatic ____ result in ____ use of ____?
 Will automatic ____ updates result in ____ cellular data ____?
 Do auto updates ____ more ____ data ____ allowances than ____ them ____?
 Would allowing ____ to update consume ____ disabling ____?
 ____ allowing ____ app updates result in ____ of allocated ____ completely turning off ____ functions?
 Does ____ updates ____ more cell ____ than disabling ____?
 ____ apps are ____ is ____ a ____ of cellular- data ____?
 If ____ app updates are activated, ____ use ____ allocated cellular-data ____?
 If ____ app ____ are ____ will use more cellular ____ than ____ other ____.
 ____ updates use ____ more ____ data allowances than if they ____?
 ____ app updates ____ more cellular data allowances ____ disabling ____ completely.
 ____ that automatic app ____ use more ____ allocated ____ month.
 Is auto ____ using more allowances ____ cellular data ____?
 If ____ automatic ____ updates, do ____ more ____ my ____ data limit?
 Automatic ____ updates ____ to ____ utilization of ____ cellular data.
 Automatic ____ more data ____ to ____ the features entirely, ____ be possible?
 If ____ ON, ____ those automatic app ____ more ____ monthly ____ cap?
 ____ use more cell data compared ____ disabling ____
 If the ____ were ____ to ____ every month, they ____ more ____

_____ auto _____ more _____ data _____ than _____ it entirely?

_____ auto _____ consume _____ monthly data service _____ feature's disabling _____?

Will activation _____ app _____ cause higher utilization _____ cellular-data _____ opposed _____ using _____?

Would _____ app _____ up more _____ allotted data?

_____ updates might _____ cell data _____ disabling features

_____ the _____ of automatic _____ updates _____ utilization _____ the _____ cellular- data _____?

If automatic app _____ are enabled, do _____ than _____ were disabled?

_____ the _____ allowed _____ every _____ would consume more cell data than features were _____.

If _____ updates are _____ they consume _____ cellular-data _____ features _____ disabled?

_____ use _____ additional cell-data _____?

_____ consume more _____ cellular data?

Automatic _____ updates _____ MSP allocated cellular- _____ compared to _____ entirely

_____ app _____ will use more cellular _____ allowances _____ enabled, _____ to _____ these _____

Can _____ use _____ MSP allocated cellular data be _____ app updates compared _____ shutting _____?

_____ will _____ more MSP _____ cellular-data _____ to disabling these features.

Is _____ possible _____ of _____ updates will cause _____ the allocated data _____?

_____ auto updates consume _____ service _____ the feature's complete _____ will?

_____ you _____ activation of automatic _____ updates will _____ utilization of _____ allowances?

Is it possible _____ app updates results in _____ each month?

_____ apps could be _____ month, _____ would _____ data rather _____ disabling them.

_____ enabled auto updates consume more data _____ complete _____?

_____ app updates are enabled, _____ use _____ cellular- data _____ they _____ disabled?
