

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	Electrical troubleshooting and fixes
Inquiry Sub-Category	Electrical Safety Concerns
Description	Queries regarding electrical safety hazards or potential risks, such as exposed wires, faulty grounding, outdated electrical panels, or advice on installing safety measures like surge protectors or GFCI outlets.
Data Size	6,182 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

_____ advise _____ and how _____ GFCI _____ installed for maximum protection?
_____ it possible to suggest _____ amount and allocation _____?
Do you have _____ the installation _____ GFCI _____ optimal _____?
_____ you tell _____ to _____ with my _____ placement?
Where and _____ outlets would _____ ensure maximum _____?
_____ a _____ idea to _____ number and _____ location for GFCI _____?
_____ enough ground-fault circuit interruption receptacles _____ safeguard?
Can you tell _____ many _____ for maximum _____ precautions?
Where _____ we put the _____ their _____?
Where _____ place _____ to _____?
Is _____ suggest _____ amount of ground fault circuit interrupters _____ maximum _____?
I am looking _____ advice on _____ amount of GFCI _____.
Is _____ that _____ can tell _____ the installation _____ GFCI outlets _____ optimal _____?
_____ want _____ know where to _____ amount of _____ for _____ safety.
Is there any _____ on where to _____ an _____ number _____ fault _____?
_____ is _____ recommendation _____ best positions for GFCI _____?
Is _____ any _____ optimal spots and quantities for _____ protective _____?
_____ have any _____ on how _____ GFCIs _____ to _____ security?
_____ me how many _____ I should _____ safety?
_____ your recommendations for _____ locations _____ for maximum protection?
What advice do _____ installation _____ GFCI outlets _____ protection?
_____ you tell me _____ to put _____ GFCI _____?
_____ and _____ GFCI _____ optimum protection.
Is _____ place _____ recommend _____ to _____ many _____ efficiently?
_____ possible to _____ the right quantity for _____ with ground _____ circuit _____?
_____ the _____ GFCI outlets in a _____?
_____ optimum _____ and _____ of GFCI _____.
_____ many GFCI _____ for optimal _____?

____ you tell us ____ outlets ____ needed for ____?

____ it possible for ____ direct me in ____ the proper ____ of ____?

____ you ____ any suggestions on ____ to ____ the ____?

How ____ are appropriate ____ maximum ____?

Should ____ adequate amount ____ be ____ protection using ____ circuit interrupters?

Can you ____ how ____ to install for maximum ____?

____ your opinions on the ____ of ____ fault ____ interrupters?

____ locations need ____ circuit interruption ____ installed ____ safeguard?

How ____ outlets ____ used to obtain ____ safety?

____ placement ____ quantity ____ effective GFCIs ____?

____ outlets ____ be ____ to get the ____ safety?

Can ____ please ____ me ____ many outlets to install ____?

Can ____ how ____ outlets to ____ maximum safety?

Advice ____ the best ____ of GFCI ____ house.

Any suggestions ____ optimal positioning ____ GFCI ____?

What are your opinions on ____ maximal ____?

Where do ____ advice on ____ many ____ security?

____ it possible ____ an ____ amount of ____ ground fault circuit ____?

____ outlets do ____ maximum safety?

I ____ wondering ____ you ____ any ____ where ____ place the ____.

____ you tell me ____ many ____ are for ____?

How ____ outlets should ____ to give ____ protection?

____ you seeking ____ and quantity of GFCI ____?

I ____ wondering if anyone had ____ wisdom on ____ quantities for protected ____.

____ optimal ____ count of ____ outlets.

____ many ____ where to install GFCI outlets ____?

What are your ____ on ____ location ____ quantity ____ Ground ____?

How many ____ placed ____ are we supposed ____?

On ____ number of ____.

Can ____ tell me how many ____ protection?

____ is ____ on ____ and quantity of ____ outlets.

Where and ____ many ____ should ____?

____ should ____ best for maximum ____ should they be?
