 ____ can I ____ my water ____ with ____ copper?
 ____ be ____ keep lead and copper out ____ my ____?
 ____ to reduce both lead and copper ____ water system?
 Can there be ____ lead ____ in H2O?
 ____ I prevent ____ or copper from ____?
 Is ____ any way to cut ____ on ____ lead, ____ water?
 Any ideas about ____ the ____ of lead and ____?
 Reducing ____ lead ____ copper ____ drinking water?
 How can ____ the levels of ____ in ____ drinking water ____?
 ____ be any ____ reduce tap water's ____ copper?
 ____ you tell ____ contact ____ lead and ____ in drinking water?
 I ____ looking for ____ reducing ____ and ____ levels in ____ water ____.
 ____ can be done ____ lead ____ copper ____?
 ____ there ____ that can ____ done to reduce exposure ____ lead ____ water?
 Is ____ a way ____ cut down on ____ exposure ____?

_____ one can do to reduce the presence _____ copper when _____?

What can we _____ exposure to lead _____ copper _____?

Do _____ have any suggestions _____ how _____ water's _____ copper?

How _____ control the amount of _____ tap water?

_____ can _____ exposure to lead _____ in _____ water?

_____ can I take to _____ Copper intake?

Is _____ lower _____ of _____ and copper _____ tap water?

How can I reduce _____ and _____ my _____?

_____ it _____ to reduce lead _____ consuming water?

Can _____ and copper _____.

Suggestions on how _____ the exposure to _____ drinking _____.

_____ I do _____ the _____ copper levels in _____ water?

_____ should I _____ amount of lead _____ my _____ supply?

What _____ to reduce the presence _____ copper in my _____ supply?

How can we reduce _____ lead and _____ water?

_____ I restrict lead _____ in _____ water?

Can you tell _____ limit _____ exposure _____ and copper?

_____ I _____ and copper in the _____?

_____ presence of _____ and copper in _____ water.

Do _____ to _____ on lead and copper _____?

_____ to protect against lead _____ copper toxins?

There are _____ I _____ to _____ the _____ lead _____ copper _____ water supply.

_____ there _____ way _____ limit _____ levels _____ or copper found in _____ drinking _____?

_____ the _____ I _____ take to reduce lead _____ in _____ water?

Can I take any _____ to _____ lead and _____?

_____ do _____ to _____ lead and _____ in _____ water?

_____ guidance on reducing _____ of lead and copper _____ system.

Is there _____ way _____ the _____ of lead and _____ water?

_____ there _____ way _____ exposure to _____ and copper in _____ drinking _____?

_____ I _____ steps to _____ presence _____ and copper in _____ water?

Can my _____ contain _____ copper?

Can _____ tell me how to _____ exposure _____ copper _____ lead _____ water?

Is _____ any _____ reduce the _____ lead _____ copper in _____ water?

_____ I take steps _____ reduce _____ intake of _____?

_____ to reduce the levels of lead _____ copper _____ drinking _____?

Are there ways to cut _____ risks _____ with lead, _____?

Can I _____ steps _____ reduce _____ lead and copper in _____?

_____ help with reducing _____ copper levels _____ water system.

Measures _____ to reduce _____ and copper _____ my _____ water.

_____ reduce the _____ lead, copper?

_____ can _____ do _____ down _____ levels of lead _____ copper in _____?

_____ I _____ from the water?

_____ you _____ me _____ to take _____ and copper in tap water?

_____ the lead and _____ intake.

_____ possible _____ lower the _____ of lead _____ in the water _____?

How can we _____ to lead _____ drinking water?

Is _____ to limit my exposure _____ while _____ tap water?

_____ ways to _____ exposure _____ of lead, copper, _____ water?

Can _____ the risk _____ and _____ tap water?

Reducing lead and copper _____ in _____ something _____ can _____.

Can I _____ copper _____ the _____?

_____ it _____ exposure to _____ and copper by _____ water?

What can I _____ to decrease _____ copper _____ in _____?

_____ anyone know how _____ reduce _____ copper in my drinking _____?

Is there _____ to diminish _____ and _____?

_____ there _____ reduce _____ and _____ exposure in drinking water?

_____ recommended actions to reduce lead _____ my _____ supply?

Can there _____ lower levels _____ lead and _____ in my _____?

_____ about ways to _____ copper?

What _____ I do _____ the _____ copper content _____ water?

_____ tricks _____ I _____ to _____ lead _____ copper out _____ H2O supply?

_____ the _____ of lead _____ copper in my _____.

Suggestions _____ lead and _____ in my _____?

_____ are _____ measures I can _____ to _____ copper in my _____?

Ways _____ exposure to _____ in water?

Is _____ any _____ thing _____ can _____ about the dangers of _____?

_____ any _____ can take action _____ lead and _____?

_____ some suggestions for decreasing the amount _____ lead _____ my _____.

_____ can _____ reduce the _____ of _____ copper _____ my tap _____?

_____ you have _____ to _____ levels of _____ or copper in _____?

Is there _____ I _____ do _____ the risks _____ copper?

Can I take steps _____ decrease my _____ to _____ water?

_____ and copper _____ could be _____.

_____ copper _____ drinking H2O?

_____ to _____ the presence of _____.

_____ can be taken to reduce lead and _____ content _____.

Is _____ possible _____ minimize _____ exposure to _____ copper _____ drink water?

Is _____ way _____ the amount _____ copper and lead _____ water _____ home?

_____ I take _____ to reduce _____ and _____?

How _____ the lead _____ copper levels _____ water?

What steps _____ take _____ reduce lead _____ my water?

_____ of lead and _____ water?
