

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Company information and contact details
Inquiry Sub-Category	Corporate Social Responsibility
Description	Inquiries related to the company's sustainability efforts, environmental initiatives, ethical practices, and involvement in social causes.
Data Size	7,564 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

What ____ are ____ ____ Home Appliance Manufacturers to ____ energy ____ ____ production ____?
____ Manufacturers ____ to ____ energy during manufacturing.

Are home appliance ____ energy ____ their ____?

Are ____ manufacturers working ____ energy ____?

Home appliance ____ with ____ issue of saving ____.

There are ____ save electricity ____ the ____ process.

What are ____ doing ____ energy?

What ____ do ____ use to ____?

What ____ makers of ____ to ____ energy?

How ____ conserve ____?

How do ____ with ____?

____ appliance manufacturers ____ energy?

I ____ know how you ____ making appliances.

____ there ____ effort ____ by ____ to conserve energy?

____ Appliance manufacturers conserve energy ____ ____.

How do makers ____ energy?

Home ____ Manufacturers address ____ issue ____ saving ____ production process.

____ folks are ____ to ____ energy in production.

____ makers ____ planning ____ save energy.

____ are the ____ reducing energy use?

____ are ____ energy efficient production ____.

____ efforts are implemented ____.

What are ____ manufacturers ____ to ____ energy

Is it possible that ____ are ____ energy consumption ____ devices?

____ appliance ____ might try ____ preserve energy ____ the ____.

____ makers are ____ the ____ of conserving ____ the ____ process.

Do ____ appliance ____ have programs in ____ reduce ____?

Is there ____ made ____ minimize energy use ____ appliance ____?

What ____ makers do ____ down on energy ____?

_____ manufacturers may _____ reduce _____ consumption during production.

Is energy saving in _____ home _____?

_____ electricity be _____ during _____ appliance-making _____?

_____ companies might be _____ reducing energy use.

_____ you _____ a plan _____ save _____ during _____ process?

_____ home _____ using energy-saving _____?

How _____ home _____ brands cut _____ the amount _____ used?

During _____ appliance production process, how _____ Home _____ of _____ energy?

_____ use actions to save _____.

_____ appliance manufacturers have _____ to _____ during production.

Home _____ are _____ to save _____ in _____ process.

Home _____ might be _____ to _____ down _____ wastage _____ power.

_____ Home Appliance _____ attempt _____ save _____ during _____?

_____ are _____ taken for an eco-friendly _____

What _____ of household _____ do to _____ energy?

_____ appliance makers spending _____?

_____ Appliance _____ use tactics to _____.

How do _____ save energy _____ appliances?

_____ are home _____ energy _____?

Home _____ use _____ preserve _____ in their processes.

How _____ energy efficiency?

_____ home appliance _____ saving techniques?

What _____ home appliance manufacturers take _____ on _____?

Are _____ manufacturers going _____ reduce _____?

Is there _____ appliance _____ will do _____ during _____?

_____ there been _____ introduced _____ in appliance assembly?

How _____ manufacturers make _____ appliances _____?

_____ appliance manufacturers may care _____ saving _____ products.

_____ initiatives _____ appliance makers _____ energy?

Home _____ might use _____ efficient _____ in their _____.

_____ steps _____ being taken _____ the _____ production process _____?

_____ appliances, _____ do _____ save the _____ energy?

_____ are _____ energy in production.

Home _____ conserve energy

_____ steps _____ taken _____ the _____ appliances to conserve energy?

_____ actions _____ makers _____ to save _____?

Home Appliance _____ measures to conserve _____ production.

Home Appliance _____ issue of _____ energy during _____ process.

Home Appliance Manufacturers _____ saving _____ their products.

_____ appliance makers _____ attempting to _____.

_____ appliance manufacturers need _____ energy _____.

_____ appliance _____ take steps to _____

Home _____ may _____ preserve energy.

What _____ manufacturers _____ appliances _____ save _____?

_____ appliance _____ attempt _____ cut down on _____ power they use.

_____ plans _____ saving energy while making household _____?

_____ implemented _____ appliance making?

_____ saving energy when _____ appliances.

_____ appliance manufactures _____ about saving _____ while making _____.

_____ appliance _____ taking to save energy?

_____ appliance brands _____ cut down _____ wasted power _____ process.

Home _____ manufacturers conserve _____ their _____.

_____ appliance _____ energy saving _____

Is _____ appliance manufacturers _____?

_____ production of appliances how _____ reduced?

_____ manufacturers trying to _____ in the _____ of household _____?

Is _____ a _____ save _____ when _____ appliances?

Home appliance manufacturers _____ while _____ their products.

_____ measures taken _____ Appliance Manufacturers to ensure energy _____?

Home appliance manufacturers _____ the _____ energy during _____ production _____.

There may _____ attempts _____ decrease energy _____ the making _____ household _____.

_____ the home _____ industry _____ energy-saving _____?

During the _____ phase, what _____ taken _____ save _____?

_____ Home Appliance Manufacturers _____ energy efficient production?

_____ Home _____ manufacturers _____ to save _____?

Home appliance producers _____.

Energy-saving _____ making _____?

How do _____ makers _____?

Which _____ are _____ by home appliance _____ energy?

Can you _____ about plans _____ save electricity _____ process?

_____ appliance manufacturers _____ adopting energy _____.

Are _____ makers _____ energy during _____ process?

_____ home appliance _____ on _____ energy?

How is _____ save energy _____ making _____?

_____ there any _____ by _____ brands _____ cut _____ on _____ of _____ they use?

Have _____ measures _____ in appliance assembly?

_____ anything to _____ in the _____ of appliances?

_____ adopted _____ an eco-friendly _____ production process.

Efforts to reduce energy _____?

Home appliance _____ to conserve _____ during _____.

What _____ the _____ appliance manufacturers _____ in _____ to _____?

_____ appliance _____ are _____ energy _____ production process.

_____ appliance producers may _____ techniques _____.

What _____ manufacturers _____ cut down on energy _____?

_____ do _____ Appliance Manufacturers make _____ using less _____?

_____ home _____ producers take precautions _____?

How _____ home appliance _____?

_____ appliance _____ implementing _____ to _____ energy.

_____ makers _____ initiatives _____ conserve _____ production?

What _____ appliance manufacturers _____ to _____ energy?

Do _____ appliance _____ energy saving _____?

_____ manufacturers attempt _____ energy consumption during _____ household devices?

Any initiatives done _____ for _____?

Home _____ saving _____?

The _____ appliance making?

Are home _____ using energy _____?

_____ actions are _____ by home _____ manufacturers _____ energy?

Is _____ any _____ decrease energy _____ making _____ household devices?

_____ appliance _____ methods _____ save energy.

Can you tell _____ by _____ appliance manufacturers to save _____?

_____ efforts implemented in the _____ ?
 Is _____ any _____ on saving _____ household devices?
 Is the _____ of low-_____ green _____ ?
 _____ are _____ makers _____ to _____ usage?
 _____ appliance manufacturers can _____ manufacturing.
 Is the _____ appliance _____ energy-saving _____ ?
 _____ you _____ manufacturers _____ introduced _____ to _____ electricity during appliance _____ ?
 Home appliance producers _____ be _____ to _____ .
 _____ home appliance _____ use _____ methods in _____ ?
 _____ production, do _____ makers _____ ?
 Any initiatives _____ appliance _____ to _____ ?
 _____ want _____ cut _____ on _____ amount _____ power they use.
 How _____ the _____ production process _____ the _____ energy?
 _____ are _____ measures the _____ Appliance _____ taking _____ energy efficiency?
 Is _____ effort _____ the home appliance _____ to cut _____ power _____ ?
 _____ Appliance Manufacturers save _____ during _____ production _____ ?
 _____ Home Appliance _____ have _____ place _____ ensure _____ efficiency?
 Home _____ conserve energy during _____ .
 _____ action _____ taking to save _____ ?
 _____ efforts are _____ appliance _____ .
 _____ there any _____ being made _____ minimize energy _____ appliance _____ ?
 How _____ usage reduced _____ production _____ appliances?
 Home appliance _____ energy _____ their production _____ .
 _____ are the plans _____ save _____ appliance-making process?
 Any initiatives by _____ use?
 Is there _____ plan on _____ while making household _____ ?
 Do _____ makers _____ initiatives _____ energy?
 Home appliance _____ appliances, how do _____ energy?
 Does _____ less _____ in production?
 _____ appliance makers _____ about _____ energy _____ their products.
 _____ you have _____ plan for _____ electricity _____ the _____ ?
 _____ appliance manufacturers using _____ efficiency in _____ ?
 _____ appliance manufacturers _____ preserve energy?
 What _____ Home _____ do _____ conserve _____ ?
 Is it _____ producers take _____ to preserve _____ ?
 _____ steps _____ Appliance Manufacturers take _____ conserve _____ when making _____ ?
 _____ there any plan to _____ those household items?
 _____ appliance makers save _____ their _____ ?
 Home appliance manufacturers _____ energy-saving _____ .
 Do _____ producers make _____ energy _____ ?
 What _____ makers are taking to _____ energy?
 _____ appliance _____ may save power _____ .
 Home _____ can save _____ during _____ .
 Home _____ to _____ energy.
 Does _____ know _____ home appliance _____ are using _____ energy?
 How _____ Home _____ ensure that they _____ ?
 _____ appliance producers _____ to _____ energy?
 How is _____ use _____ when _____ ?
 _____ appliance _____ less _____ in their _____ ?
 _____ home appliance manufacturers _____ energy efficiency _____ production _____ ?

_____ the steps _____ makers are _____ conserve energy?

When manufacturing _____ how _____ is _____?

Are _____ manufacturers using _____ production _____?

How _____ makers reduce _____ energy _____?

_____ appliance _____ prioritize _____ processes today?

How _____ appliance _____ energy during _____?

_____ appliance making _____ implemented.

_____ the Home _____ save energy _____?

What are _____ actions appliance makers _____ taking _____?

Home _____ reduce _____ consumption.

What measures have been adopted by _____ appliance _____?

_____ use _____ efficient techniques?

Are home appliance _____?

_____ manufacturers _____ energy-saving techniques?

_____ appliance _____ energy-saving techniques?

Will there _____ any _____ save _____ appliance-making process?

Home _____ would _____ to cut down on _____ of power _____.

_____ trying _____ use less energy.

_____ production _____ are appliance _____ saving _____?

Are home _____ trying to _____?

Is _____ any _____ by _____ to conserve energy?

_____ makers saving energy _____ making _____.

_____ home _____ producers try _____ in manufacturing?

_____ manufacturers implemented _____ conserve electricity during _____ assembly _____?

How are _____ makers _____?

What _____ in place _____ appliance makers _____ energy?

Home appliance brands _____ to _____ down on the amount _____.

_____ manufacturers reducing _____ use in _____

_____ appliance _____ may be _____ energy _____ production _____.

_____ conserve energy _____ their products.

_____ appliance _____ need to _____ down on _____ of power _____ in their _____.

_____ appliance manufacturers _____ certain _____ place _____ make their products _____.

_____ manufacturers try to _____

How _____ appliance manufacturers _____ in _____?

_____ household appliances _____ energy

Is _____ appliance brands to _____ down _____ the amount of _____ used?

_____ done by _____ makers _____ conserve _____?

_____ there any plans _____ electricity _____ the _____ process?

Is _____ for appliance manufacturers _____ save _____ appliances?

Can _____ us information on _____ conserve energy?

What are _____ measures _____ taken _____ during appliance _____?

_____ appliance _____ might be _____ something to _____.

_____ appliance _____ might _____ efficiency techniques during _____.

Are home _____ saving?

_____ appliance _____ conserve energy in _____?

_____ the issue _____ energy saving addressed by _____?

Are _____ to _____ energy when _____ an appliance?

Home _____ something to preserve _____.

_____ is the process home appliance makers _____?

Can you tell _____ any _____ to save _____ during _____?

_____ manufacturers _____ tactics to maintain _____.

Does appliance _____ conserve _____?

Home appliance manufacturers _____ energy efficient _____.

_____ Manufacturers use _____ tactics _____ preserve _____ their processes.

What steps _____ taken _____ the Home _____ manufacturers _____ conserve _____?

_____ are _____ methods home _____ to reduce _____ use?

_____ save _____ the production process?

Do _____ save electricity _____ appliance _____?

_____ actions do _____ to cut their energy _____?

_____ appliance producers _____ measures _____ place _____ energy.

Home appliance brands might _____ cut down _____ wasted _____ process.

_____ there _____ effort _____ manufacturers to reduce _____ consumption when _____?

_____ are saving energy in _____.

Home appliance manufacturers are making appliances, _____ conserve _____?

_____ makers cut _____ in _____

Are there _____ save _____ during _____ appliance-making process?

What _____ to save energy?

_____ there any reduction in energy _____ of _____ devices by _____?

Home _____ take actions _____ on energy use.

How _____ appliance makers _____?

Home _____ manufacturers _____ to conserve energy _____ production processes.

_____ Home _____ Manufacturers conserve energy _____?

_____ reduction in energy _____ by manufacturers when _____ household _____?

Is _____ a _____ to _____ in the appliance-making _____?

When _____ appliances, _____ can they _____?

Home appliance producers _____ energy _____?

_____ Appliance Manufacturers are _____ to conserve _____ during _____.

Home _____ taking _____ to reduce energy _____.

Are home appliance _____ on _____?

How _____ the _____ of _____ energy?

_____ reduce energy _____ in their _____.

Do _____ producers _____ energy efficient _____?

Tell us about any _____ appliance manufacturers _____?

_____ appliance manufacturers might _____ production processes _____ conserve _____.

_____ appliance makers use _____ during _____ process?

Do home _____ steps to _____?

_____ home appliance _____ saving _____ production?

_____ are the actions home _____ manufacturers take to _____ on _____?

Is there _____ manufacturers _____ power when _____ appliances?

Home appliance manufacturers _____ taking _____ to _____ production.

_____ you _____ to use less _____ making appliances?

_____ actions _____ home _____ taking to _____ energy?

Will there be _____ save _____ during the _____?

Home _____ energy during their _____.

What are _____ manufacturers _____ save energy _____ appliances?

_____ can home _____ save _____ during _____?

How _____ the _____ Appliance _____ in production?

What are home _____ energy?

_____ Home _____ Manufacturers _____ any initiatives _____ energy?

_____ you know how _____ save power _____ appliances?

During _____ home _____ producers _____ to preserve energy?
 _____ energy in _____ manufacturing

What are Home _____ to conserve _____ production?

Do manufacturers take _____ appliances?
 _____ about the _____ by _____ appliance manufacturers?
 _____ are addressing the issue _____ energy _____ during _____ process.
 _____ there any _____ made _____ minimize energy usage in _____?

Home _____ might _____ interested in preserving _____ manufacturing.

Measures are _____ manufacturers _____ appliance production process.
 _____ are the home appliance makers _____?
 _____ manufacturers are making _____ doing anything _____ energy reduction?

Home _____ manufacturers _____ save power

What does manufacturers _____ household _____ energy?
 _____ the _____ home _____ use to save electricity?
 _____ know how appliance manufacturers _____ power _____ appliances?

What _____ do _____ appliances take _____ energy?
 _____ manufacturers _____ use in _____ appliances?

Are home _____ makers _____ energy _____ production _____?
 _____ do appliance companies _____?

Home appliance _____ are _____ waste _____ their production process.
 _____ appliance brands _____ try _____ the use _____ power in their manufacturing _____.

Are _____ makers cutting _____?

How do _____ save _____ production of _____?
 _____ appliance makers _____ making _____ products.

What _____ manufacturers do to _____?

I want to _____ there are any plans _____ some _____ household _____.
 _____ by _____ manufacturers _____ save power?

I _____ to _____ if there are any _____ saving _____ devices.

How _____ home _____ make _____ to _____ energy?
 _____ appliance _____ doing to _____ energy?

Did you know _____ appliance _____ power?
 _____ Appliance _____ make _____ that _____ do not use too much _____?

Home appliance makers _____ energy.

Any energy saving _____ by _____?
 _____ do appliance manufacturers make _____ they _____?
 _____ efforts are put _____.

What _____ are appliance manufacturers _____ to _____ production?

Tell us _____ the efforts appliance _____ power
 _____ initiatives _____ makers _____ to conserve _____?

Home _____ manufacturers use _____ to _____.

Do appliance producers _____?
 _____ makers _____ energy while _____ their _____?
 _____ the actions _____ home appliance _____ take to _____ their _____?

How _____ makers decreasing _____?
 _____ there anything _____ home _____ doing _____ conserve energy?

How _____ saved _____ making household _____?

Home _____ trying to _____ energy _____ in the _____ of their _____.

How are _____ energy _____?
 _____ Appliance manufacturers _____ preserve _____.
 _____ home appliance _____ changes?

_____ saving on energy?

Is the home _____ adopting _____?

_____ appliance _____ energy by implementing _____

_____ manufacturing, do home _____ energy saving _____?

Are _____ makers _____ energy _____ techniques?

_____ energy _____ production _____ by home appliance _____?

_____ appliance _____ energy-saving _____ implemented?

Can _____ the steps Home appliance manufacturers take _____?

_____ are _____ appliance makers conserve _____ during _____?

Home _____ makers help _____

_____ are the _____ taken by the home _____ makers _____?

Tell us _____ manufacturers _____ to _____.

_____ any _____ save energy _____ making household devices?

Are _____ makers doing _____ to _____ production?

_____ home _____ manufacturers _____ energy in their _____?

_____ appliance brands _____ try _____ down on _____ amount of _____ that _____.

Is _____ that _____ save power during production?

What _____ are _____ manufacturers to save energy?

_____ steps appliance _____ to _____ energy

_____ save power when making _____?

Is there _____ plan _____ energy while making the _____?

Do _____ makers _____ anything _____ energy during _____?

_____ home _____ producers use _____?

_____ Home _____ manufacturers conserve energy in _____?

What steps do the _____ appliance manufacturers _____?

During _____ production process, _____ conserve _____?

Do _____ Appliance _____ energy _____ processes?

_____ there a _____ energy when making _____ appliances?

_____ home _____ makers working _____ energy?

_____ there any plan to save _____?

_____ Appliance Manufacturers _____ energy in their _____ by _____.

How can _____ manufacturers _____ down on _____?

_____ energy-saving _____ implemented _____ appliance _____?

_____ you _____ about _____ manufacturers' efforts to save _____?

Home _____ manufacturers might be able to _____.

How is _____ that _____ home _____ are _____ to waste _____ in _____?

_____ we be _____ to save _____ the _____ process?

_____ do makers use _____ making _____?

_____ manufacturers are _____ they doing anything to _____ energy?

Is _____ an _____ decrease energy _____ making of _____ devices?

What _____ are _____ appliance manufacturers to _____ energy _____ production?

Home _____ manufactures _____ energy use _____.

_____ manufacturers saving _____ production processes.

how _____ appliance _____ save _____

_____ manufacturers may have adopted measures _____ energy _____ processes.

How _____ appliance _____ energy usage?

_____ Home appliance _____ during production?

_____ are _____ the _____ manufacturers _____ to cut _____ on energy _____?

Did appliance _____ save power _____ appliances?

Do home _____ take _____ energy?

Any _____ implemented by _____ energy?

Are _____ any plans on _____ while making _____?

_____ household appliance producers _____?

_____ appliance producers may be _____ about _____ manufacturing.

_____ appliance _____ need to _____ down on the _____ in _____ manufacturing _____.

_____ to _____ in _____ product manufacturing?

Do you _____ manufacturers make to save _____?

_____ appliances, how _____ Home Appliance _____ energy?

Any _____ by _____ to conserve _____?

_____ appliance producers may _____ energy _____.

_____ any plan on _____ while making household _____?

_____ people are trying not to waste _____ in _____.

_____ using _____ energy in production?

Do _____ Manufacturers _____ save power?

_____ manufacturing phase, what measures _____ home _____ take _____ save _____?

Home _____ conserve _____ during the manufacturing _____.

_____ Home Appliance _____ measures to _____ energy during _____?

What _____ that you _____ appliance _____ not to _____ energy?

Is there _____ work _____ reduce energy usage _____ appliance _____?

_____ actions are home _____ makers _____ take _____ save _____?

Do home appliance _____ have _____ to _____ consumption?

Do _____ appliance manufacturers have _____ in _____ consumption?

_____ there _____ to save electricity at _____ appliance-making _____?

Home appliance _____ energy during _____.

_____ can _____ energy _____ appliances?

_____ conserve energy when _____ appliances?

Do _____ care _____ saving _____ when _____ their products?

Home Appliance Manufacturers implemented _____ manufacturing _____ their products.

Do home appliance _____ to reduce _____ consumption?

Do home _____ use _____ techniques _____?

Are energy _____ techniques _____ by _____?

I want to know _____ plans to _____ appliance-making process.

_____ tell us _____ efforts to _____ power _____ making _____?

Is there any _____ to _____?

_____ there _____ initiative for _____ to reduce energy _____?

_____ to save energy _____ been _____ making.

_____ appliance producers _____ try to _____ manufacturing.

_____ any _____ efforts _____ in appliance _____?

_____ are _____ on _____ to save _____ while _____ household devices?

_____ the actions _____ appliance _____ take to _____ down _____ use?

_____ have initiatives to save _____?

_____ are _____ issue of saving _____ in their _____ process.

_____ producers may use energy _____.

_____ there a plan for saving _____ the _____?

_____ appliance making _____ energy _____?

_____ appliance _____ using _____ to conserve _____.

_____ you _____ any plans _____ electricity _____ the appliance manufacturing _____?

_____ to save energy _____ manufacturing?

Do _____ makers _____ steps _____ save _____?

_____ appliance _____ use _____ to conserve _____.

Home appliance manufacturers may _____ trying _____ energy _____ processes.

Are home _____ working _____ saving _____?

Can you _____ appliance manufacturers _____ to _____ power?

Can _____ us about the efforts _____ to conserve _____?

How is _____ Appliance _____ addressing _____ issue of _____?

_____ are home appliance makers _____ to _____ energy _____?

_____ appliance _____ be trying _____ preserve _____.

_____ efforts in _____ appliance _____?

_____ do appliance _____ consumption?

_____ do _____ manufacturers _____ energy use _____ production?

_____ Appliance Manufacturers _____ measures to _____ energy?

Home _____ are _____ energy in their _____.

_____ are using _____ saving techniques.

_____ do Home _____ Manufacturers _____ when making their _____?

_____ is implemented _____ appliance _____.

_____ to _____ energy _____ product manufacturing

_____ possible _____ attempt _____ decrease _____ use in _____ making _____ household devices?

_____ do home appliance manufacturers _____ they save _____?

How _____ Home _____ manufacturers addressing _____ of _____ energy?

_____ appliance _____ use _____ methods?

How _____ issue of _____ efficiency addressed _____ appliance _____?

_____ actions does _____ appliance _____ take _____ down on _____ use?

_____ can appliance _____ conserve energy _____?

_____ you _____ us how _____ to save power?

_____ can _____ down _____ power usage.

Home appliance _____ addressing the issue of conserving _____.

What actions _____ take to _____ energy _____?

Is _____ possible that _____ use _____ saving techniques?

_____ taken by _____ for an eco-friendly appliance production _____?

_____ are measures that home _____ take to _____.

Do _____ manufacturers _____ to _____ energy?

Is _____ any _____ manufacturers to _____ energy consumption when _____?

_____ to save _____ implemented in _____.

_____ are _____ but are they _____ anything _____ conserve energy?

_____ steps _____ take to _____ energy?

_____ appliance _____ may _____ saving _____ production.

_____ manufacturers are using energy-saving _____.

Can you _____ about how _____ manufacturers _____ saving _____?

Is _____ any effort _____ Home appliance manufacturing?

Are Home Appliance _____ energy _____ making their _____?

_____ do _____ makers use _____ energy?

Tell _____ efforts to save _____.

_____ makers _____ energy use _____ production

_____ try to save power when _____ products?

_____ the _____ of appliances reduce _____?

Is _____ plan _____ to save energy _____ making _____ household _____?

Home _____ using energy-saving _____?

_____ appliance _____ use _____ practices?

_____ do appliance _____ conserve _____?

What are the measures _____ adopted _____ production?

Do Home _____ to _____ energy while making _____?

How much _____ home appliance _____?

_____ Home appliance manufacturers make _____ use less _____?

How is the _____ the issue of _____?

What are the _____ methods used _____ home _____?

Home appliance brands may _____ on _____ amount of power _____.

The _____ appliance _____ trying _____ to _____ energy _____ production process

Home _____ be _____ energy-saving techniques.

Do producers _____ appliance take _____ energy?

Home appliance brands _____ down _____ wasted _____ in their _____.

What _____ the methods home _____ save energy?

_____ appliance _____ to _____ energy.

_____ there any _____ electricity _____ the appliance making _____?

_____ appliance _____ saving _____?

_____ appliance _____ address _____ issue of _____ energy _____ the production _____.

_____ want to _____ there _____ save some energy while _____ household devices.

_____ home appliance _____ have _____ place _____ energy usage?

How _____ save energy in _____?

_____ makers may _____ steps to _____.

How do _____ their appliances?

Home furnishing _____ to _____ energy in _____.

Do _____ appliance _____ use _____ efficiency _____?

_____ appliance makers are reducing _____ production.

_____ Appliance Manufacturers _____ addressing the issue of energy _____ during _____.

_____ making appliances, what actions _____ appliance _____ to _____ energy use?

_____ specific _____ are in _____ ensure _____ efficiency at _____ manufacturers?

_____ are _____ manufacturers taking _____ energy?

_____ appliance producers should _____ techniques.

Home _____ may _____ cut _____ on the _____ of _____ used _____ their manufacturing _____.

Home _____ are _____ appliances, are _____ using any _____ conserve _____?

_____ home appliance producers attempt _____ during _____?

_____ appliance manufacturers saving _____?

_____ energy _____ by home appliance _____?

_____ manufacturers _____ about saving energy _____ making _____.

For an _____ appliance production _____ what _____ are _____?

_____ home _____ makers _____ to save energy?

Is _____ energy _____ in _____ production of appliances?

_____ do _____ save _____?

What _____ makers do to _____ during _____?

_____ the _____ production process _____ issue of energy _____?

_____ Manufacturers are trying _____ preserve _____ in their _____.

_____ Home _____ energy in their _____.

_____ making appliances, are _____ doing anything to _____ energy?

_____ used _____ appliance making?

_____ using energy-savings techniques?

Implementing energy-saving _____ appliance _____?

_____ appliance producers take _____ energy?

_____ an _____ by _____ to _____ in the making of household _____?

Is energy _____ manufacturers _____ appliances?

How are appliance _____ energy?

_____ appliance manufacturers _____ be _____ ?
 During _____ do appliance _____ energy?
 _____ do you _____ energy while _____ ?
 How _____ Home _____ Manufacturers reduce _____ ?
 How _____ measures put _____ place _____ ensure _____ at Home _____ Manufacturers?
 _____ you saving _____ when _____ make _____ ?
 _____ brands _____ cut down _____ the amount _____ power used _____ their _____ process.
 What _____ manufacturers _____ make their _____ production _____ eco-friendly?
 What measures _____ to _____ energy _____ when making _____ ?
 _____ at _____ conserve _____ when products _____ built.
 _____ appliance people _____ not waste energy _____ production process.
 Is _____ possible that _____ appliance _____ energy efficiency _____ ?
 Is _____ effort to _____ throughout appliance production?
 _____ do _____ reduce _____ use _____ making _____ ?
 How _____ brands _____ energy _____ manufacturing?
 Are _____ appliance _____ their energy _____ ?
 _____ saving efforts _____ in appliance _____.
 _____ appliance _____ energy?
 Do appliance producers _____ now?
 _____ tell _____ what _____ appliance manufacturers make _____ power?
 How _____ efforts are _____ in _____ ?
 What _____ energy efficient production at _____ Appliance Manufacturers?
 Home _____ attempt _____ cut down on the amount _____ they _____.
 Is there _____ appliance _____ conserve energy during _____ ?
 How _____ home _____ energy?
 Is _____ a plan _____ manufacturers _____ reduce energy _____ ?
 _____ any efforts appliance _____ to save power
 _____ makers _____ home _____ taking steps to _____ ?
 _____ appliance _____ energy when making their products.
 How _____ appliance manufacturers _____ energy _____ ?
 Home appliance _____ preserve _____ their processes _____.
 _____ actions have _____ to _____ energy?
 _____ being _____ by manufacturers for eco-friendly _____ production?
 Home _____ measures in _____ to ensure energy _____ production of _____.
 How do _____ reduce energy _____ ?
 Do _____ manufacturers have ways _____ consumption?
 _____ appliance _____ have _____ in place to _____ production.
 _____ manufacturers _____ to keep _____ in their processes.
 Home _____ save _____ production processes.
 Home _____ Manufacturers _____ specific _____ in _____ to ensure energy _____ of _____.
 What are _____ reduce energy use?
 _____ appliance _____ have _____ place _____ decrease energy consumption?
 How do _____ that they conserve _____ ?
 Is appliance _____ using _____ in _____ ?
 _____ make _____ how _____ they _____ energy?
 _____ used by _____ appliance makers to _____ energy?
 _____ the _____ manufacturing _____ energy efficient?
 _____ home appliance manufacturers _____ their _____ processes?
 _____ appliance _____ conserve energy _____ the _____ ?
 _____ do home appliance _____ energy?

_____ Appliance Manufacturers save power _____ procedures?
 _____ the _____ Appliance _____ measures to _____ energy?
 _____ appliance makers _____ any _____ conserve _____?
 _____ are _____ that _____ appliance _____ are _____ to conserve energy?
 Home _____ they have initiatives _____ energy?
 Is _____ energy usage in _____ production of home _____?
 How _____ brands cut _____ on power wasted _____ process?
 Home _____ save energy _____ actions.
 _____ the _____ appliance _____ efficient techniques?
 _____ ways _____ in home product manufacturing?
 There _____ to _____ in the _____ process.
 What _____ are appliance makers taking _____?
 _____ you have any _____ save electricity _____ appliance-making _____?
 Home appliance _____ be _____ preserve energy during _____.
 _____ initiatives to conserve energy?
 _____ tell us about _____ appliance _____ power?
 _____ appliance makers _____ energy during _____?
 _____ manufacturers conserve energy.
 During production _____ do _____ save _____?
 Is _____ that appliance _____ power _____ producing appliances?
 _____ appliance brands _____ to _____ on _____ wasted _____ their manufacturing _____.
 Home Appliance _____ are _____ the issue of _____ during _____.
 _____ actions do _____ take to conserve _____?
 _____ producers should use energy _____ during _____.
 _____ any _____ by _____ manufacturers to save _____?
 Will Home _____ save _____ during _____?
 _____ appliance brands may be _____ to _____ on _____ of _____.
 _____ saving efforts _____ making.
 Is _____ save electricity _____ the _____ making process?
 _____ do _____ sure they use the least amount _____?
 Home _____ manufacturing _____ initiatives.
 What actions _____ appliance makers _____ less _____?
 _____ Home _____ manufacturers adopted _____ conserve energy?
 How _____ makers _____ use?
 Home appliance _____ conserve _____ production _____.
 _____ want _____ usage _____ reduced _____ the production of appliances.
 _____ the _____ taken by the manufacturers _____ an _____ appliance production _____?
 Home appliance makers _____?
