

[Demo] NLP Dataset for Customer Service Automation

Company Type	Payroll Outsourcing Companies
Inquiry Category	Employee time and attendance management
Inquiry Sub-Category	Biometric Attendance Devices
Description	Questions related to biometric time and attendance devices, including setup, troubleshooting, and integration with the payroll system.
Data Size	5,021 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Payroll Outsourcing Company" customer inquiry. (Purchased data will not be masked.)

Do these Bio ____ Devices ____ record ____ information ____ as break times, overtime ____ ____ ____ taken ____?

The Bio ____ ____ other information ____ as ____ hours, ____ taken and ____ times.

____ Biometric Devices ____ and overtime ____?

Can ____ Bio ____ Devices record ____ data, ____ hours ____?

____ the Bio Metric ____ include overtime ____ leave ____?

Do these ____ collect ____ working ____ or ____ breaks?

Do these ____ when you take a break ____ extra ____?

Do the ____ Metric Devices record ____ information ____ as overtime hours, ____ ____ ____?

____ Devices record other information such ____ hours worked, leave ____ break ____.

Is ____ able ____ overtime, or leave?

____ it possible for ____ to record ____ as employee breaks ____?

____ the devices ____ things like ____?

____ recorded information on breaks ____ during ____ or ____ worked ____ the ____ measuring bio data?

____ the devices record aspects ____ breaks, ____ well?

Can the ____ Metric ____ used ____ overtime hours ____ and ____ taken?

____ this ____ keep records of ____ breaks, ____?

Do the ____ a lot ____ such as overtime ____ leave taken?

____ metric ____ record ____ data points ____ as break ____ and overtime ____.

____ devices accurately record ____ hours ____ and ____ taken?

Can these ____ collect information ____ overtime ____?

Do these devices ____ like ____ overtime hours?

____ times, overtime hours ____ recorded?

____ there a way ____ record ____ breaks ____ biometrics?

Is it ____ expect ____ on breaks ____ shifts ____ overtime worked ____ this system?

Break ____ leave ____ may also be tracked by ____.

Break ____ overtime ____ and ____ taken ____ also tracked by ____.

____ information on ____ scheduled during shifts ____ additional overtime used in ____ system of ____?

____ these ____ record other information, ____ overtime hours worked, ____ break ____?

Is ____ to record employee ____ overtime ____ the biometric ____?

Can the devices track overtime _____?

The _____ metric devices _____ information about breaks _____.

_____ these devices track _____ breaks _____ taken?

Do these _____ take _____ or working extra _____?

_____ Metric _____ record other information such as break times, _____ leave _____?

Does _____ metric devices _____ times?

Do _____ devices _____ track _____ times?

Do _____ bio metric devices record _____ leave _____ and _____?

_____ it possible that _____ devices _____ overtime hours _____ breaks?

_____ break _____ and _____ recorded by bio _____ tools?

Are _____ Devices _____ to record _____ related _____ times, _____ hours worked, _____ leave _____?

Break times, _____ hours, and leave _____ tracked _____ devices.

Is _____ possible that _____ Bio Metric _____ record _____ information _____ worked _____ leave taken?

Is _____ the devices capture _____ on _____ breaks or _____ time?

Break times _____ overtime _____ may be _____ data _____ bio _____ tools.

Is it _____ these devices to record _____?

_____ Metric _____ other _____ such as overtime hours or leave _____?

_____ we also expect _____ devices to _____ breaks?

Do _____ metric tools _____ break _____ overtime hours?

Can we _____ recorded _____ about breaks scheduled _____ or overtime _____ this system _____ data?

_____ Bio Metric Devices keep _____ information, such as _____ hours _____ and _____.

Does _____ also keep records of _____ overtime, _____?

_____ breaks, overtime, _____?

_____ accurately record break times, overtime _____ and _____?

Is _____ hours _____ leave _____ break times _____?

Is _____ Biometric Devices _____ to _____ break _____ and leave taken?

Are _____ breaks, overtime _____ leaves _____ by this _____?

_____ duration _____ activities may _____ additional data points _____ these bio _____ tools.

Can _____ overtime _____ and leaves?

_____ about _____ taken, _____ and work hours _____ bio metric devices?

Do _____ Bio _____ Devices _____ other _____ as overtime _____ taken?

Is _____ possible _____ related _____ overtime hours worked, and _____ taken?

_____ the _____ Devices capable of recording _____ related to break _____ overtime _____?

_____ bio _____ may have additional data _____ such _____ times.

_____ it _____ Devices _____ record _____ break times, overtime hours worked, and leave _____?

_____ gadgets track breaks, _____?

_____ these Bio _____ Devices keep _____ overtime hours _____ leaves _____?

_____ they track overtime, _____?

The _____ break _____ hours worked and leave taken.

_____ the bio metric _____ about _____ and leaves taken?

_____ devices _____ break times, overtime _____ and _____ taken?

_____ the _____ Devices _____ of recording _____ to break times, _____ and _____ taken?

_____ devices record _____ or _____ times?

Is there _____ of _____ hours, _____ leave taken?

_____ the device show _____ or _____?

Do the _____ metric _____ lot _____ information, _____ and leave taken?

_____ Bio Metric _____ record a lot _____ information, _____ hours, _____ and _____ times.

The _____ other information such _____ break times and _____ worked.

Does the _____ metric _____ information about breaks, _____ taken?

_____ the bio _____ devices _____ break _____ overtime hours _____ taken?

Do the Bio Metric _____ as _____ worked, break times and _____?

The Bio Metric Devices _____ record _____ information _____ break _____ overtime _____ worked, _____ taken _____ on.

Can _____ recorded _____ breaks _____ during shifts or any _____ work _____ system of _____ data?

_____ Bio Metric Devices _____ taken _____ break times too?

_____ times _____ hours are _____ the _____ metric tools?

_____ these devices record _____ break _____ as _____?

Will _____ devices be _____ to _____ breaks, overtime, and _____?

Will the _____ accurately _____ periods, overtime hours, _____?

_____ metric devices keep track _____ breaks, work _____ leaves _____?

_____ it _____ to _____ employee _____ and _____ in _____ devices?

Does the device _____ breaks, _____?

The _____ Metric devices may _____ to _____ such _____ break times.

Do _____ Biometric Devices _____ a record of _____ times _____?

The Bio _____ Devices record break _____ hours _____ leave _____.

_____ it _____ for _____ devices to _____ like overtime _____ breaks?

_____ the _____ log breaks, overtime, _____?

The Bio _____ Devices _____ information _____ as _____ break times, and so _____.

Can the _____ Metric Devices _____ overtime _____ breaks, _____?

Is the Biometric device _____ break _____ or _____ work _____?

_____ it _____ to expect _____ information on breaks _____ shifts _____ using this system of _____ data?

What _____ device also _____ overtime _____ leave taken?

Does the device _____ leave _____?

_____ the _____ record _____ or leave?

_____ the Bio _____ take additional _____ and overtime worked?

Can the _____ Metric Devices _____ extra data _____ worked and _____?

_____ metric devices _____ about _____ extra _____ hours, and breaks?

Are these devices _____ record overtime _____ or _____?

Are the _____ Devices _____ record information _____ and overtime hours _____?

_____ we expect recorded information on breaks _____ during _____ overtime work _____ the system _____?

Does _____ logs of _____ and leave taken?

These _____ metric _____ may _____ data _____ break times and overtime _____.

_____ Metric _____ record overtime _____ leave taken, _____ times, and so _____?

_____ Bio Metric Devices record _____ taken, _____ times too.

Breaks _____ extended work _____ be additional _____ points _____ the bio _____ tools.

Is _____ more _____ as breaks duration _____ extended _____ recorded _____ the bio _____ tools?

_____ devices _____ all aspects like _____ overtime, _____ absences?

_____ these _____ other details such _____ times?

_____ the _____ a lot _____ as overtime hours, leave _____ break times?

Is the _____ to track break _____ work hours?

_____ the Biometric Devices _____ of break times, _____ and _____ taken?

_____ devices track _____ periods, overtime _____ hours, _____ leave _____?

_____ bio recording tools _____ have _____ points such _____ duration or _____ activities.

_____ the devices _____ overtime hours, break _____ leaves?

_____ Bio Metric _____ track break _____?

_____ the Bio Metric Devices _____ worked and _____?

_____ such as _____ or extra _____ hours _____ tracked by _____ Biometrics.

_____ the Bio Metric _____ track _____?

_____ these _____ be _____ overtime hours or breaks?

_____ devices record _____ or _____?

Can we expect _____ record _____ like breaks, _____ absences?

_____ record elements like _____ and absences?

Information _____ breaks, extra work hours, _____ are _____ bio metric _____.

_____ it _____ the biometrics _____ record employee breaks _____ overtime?

Do the _____ Metric Devices _____ such _____ overtime hours _____ break _____?

When _____ system _____ measuring _____ we expect recorded information on _____ during shifts or _____?

Break _____ hours _____ taken _____ other information _____ recorded by the _____ Devices.

Is _____ log breaks, overtime _____ leave taken?

Do _____ bio _____ devices _____ break _____?

Break _____ hours, _____ taken can _____ tracked by these _____.

_____ devices _____ track _____ times?

_____ devices _____ data _____ when _____ take _____ break or work _____?

The Bio _____ might _____ other information _____ break _____ and _____ worked.

Is _____ these gizmos _____ breaks, overtime and _____?

Are the Biometric Devices _____ to _____ information _____ break _____ overtime hours _____?

The _____ might be _____ record _____ times, overtime hours worked, _____.

_____ the devices _____ other _____ like break times?

_____ possible these _____ can _____ overtime hours or breaks?

_____ extended work _____ may be additional _____ recorded _____ these bio recording _____.

Are these _____ used _____ hours and _____ times?

Is _____ the biometrics _____ record _____ information like _____ times?

Are these devices able _____ break _____ hours?

Can the _____ be _____ overtime, and absences?

_____ the _____ for _____ times, _____ hours, and leave?

Can _____ devices track overtime _____?

_____ expect the _____ to record _____ breaks and _____ well?

Is _____ devices _____ to track break times _____?

_____ such as break times _____ work _____ could _____ Biometric devices.

_____ these _____ be _____ to _____ overtime hours _____ leaves taken?

_____ devices also _____ and absences?

The _____ may track other _____ as break _____.

Break times, overtime _____ taken, and _____ data are recorded _____.

The _____ recording _____ might _____ additional data points such _____ or _____ work _____.

The Bio _____ record other _____ overtime hours and _____ taken.

Does _____ track _____ worked and leaves taken?

Can the Bio _____ track _____ and leaves taken?

If _____ use this system _____ measuring bio _____ we _____ breaks _____ overtime worked?

_____ hours worked, leave _____ are all _____ these Bio _____ Devices?

_____ Biometric _____ also record break _____?

Is _____ capable of _____ about _____ times, overtime _____ leave taken?

Are _____ devices _____ capture data _____ taking _____ or _____ extra _____?

_____ Devices can _____ a _____ of _____ such _____ hours, _____ taken, and break times.

Does _____ Devices record a lot of _____ as _____ leave taken?

_____ devices record overtime _____ leave?

_____ these devices record things _____?

Can these _____ track _____ hours _____ taken?

These bio _____ may record _____ data points, _____ as _____ extended work _____.

_____ details like _____ hours can be _____ the Biometric devices.

Is _____ for the _____ to record _____ or extra working _____?

_____ possible for the _____ to _____ employee breaks and _____?

_____ Biometric Devices might _____ break _____ and _____.

Is the _____ to _____ times _____ overtime work?

_____ possible that these devices _____ information like _____ hours _____?

_____ Biometric Devices _____ recording _____ about break _____ hours, and leave _____?

Can the _____ accurately _____ periods, _____ leaves taken?

Is _____ possible _____ these _____ capture _____ about _____ hours _____ breaks?

Can _____ be used to _____ overtime _____ leave taken?

_____ the Bio _____ hours or leave?

_____ the _____ the capacity _____ record break _____ overtime hours _____ and _____ taken?

Is _____ and break _____ recorded?

_____ break times, _____ worked, _____ recorded?

Can _____ Devices _____ track of _____ hours worked and _____ taken?

_____ times, overtime _____ could also be _____ by _____ devices.

Are the _____ of _____ overtime, _____ also kept by _____?

_____ there extra _____ or break _____ tracked _____ these _____?

_____ leave _____ and other information can be recorded by _____ Bio _____.

Will _____ Bio _____ Devices keep _____ hours and _____?

Does the _____ devices _____ breaks, extra _____ hours, _____ leaves taken?

Can _____ accurately record _____ overtime _____ leave taken?

_____ the Bio _____ keep other _____ such _____ times?

Do these _____ keep a _____ times _____ overtime _____?

Is there also a _____ times, _____ leave taken?

Is the _____ these _____ related to _____ breaks or _____ extra _____?

_____ and overtime hours may _____ tracked by _____.

Is this technology also _____ of _____ leaves?

_____ the Biometric Devices able _____ information _____ times and _____ hours _____?

_____ Devices record other information _____ overtime hours _____ taken.

Do _____ Bio _____ Devices _____ information, such as overtime hours, _____ taken, _____?

Do _____ record data when _____ take _____ extra hours?

Do they keep track _____ overtime, _____ well?

What _____ devices capture data on activities _____ working _____ time?

_____ the _____ Devices _____ times and overtime hours?

_____ devices track _____ break times?

Is it _____ that these _____ could _____ like _____ breaks?

Some _____ the information _____ by _____ Metric Devices are _____ times, overtime _____ leave _____.

_____ breaks, overtime, _____ absences as well?

_____ these devices _____ of recording _____ break times?

The _____ break _____ and extra work _____.

_____ these devices to capture _____ about _____ or breaks?

_____ devices _____ used to _____ breaks, overtime, _____ as _____?

Can _____ devices _____ record _____ and any _____ taken?

Are the Biometric _____ to _____ hours worked and _____ taken?

Break _____ and _____ taken _____ tracked by these _____?

The _____ may _____ additional data _____ breaks duration or extended work _____.

Can _____ devices _____ both _____ breaks?

Break _____ and _____ hours may be tracked _____.

_____ possible _____ Biometrics to _____ additional records like employee _____?

_____ other information, such _____ break times and overtime hours.

Is the _____ log _____ overtime, or leave _____?

Can devices _____ leave _____?

Is _____ for additional _____ such _____ breaks, overtime _____ leaves _____ be _____ by the _____ registrations?

Can _____ record _____ and _____ also?

_____ Bio _____ Devices may _____ other information, such _____ times and _____.

The _____ Metric _____ may record other _____ break _____ hours, _____ taken, etc.

_____ Bio Metric Devices _____ keep _____ as _____ hours.

_____ it _____ the _____ will record _____ overtime _____ absences _____ well?

Can the _____ record break _____ and leaves _____?

_____ the _____ metric _____ keep _____ breaks?

_____ overtime hours, _____ leave _____ these _____ also track?

Do the _____ Metric Devices _____ leave taken?

Can _____ Devices track overtime _____ and leaves _____?

Is _____ possible _____ employee breaks _____ overtime with _____?

_____ it _____ overtime and _____ with biometric devices?

Do _____ Bio Metric Devices record _____ as _____ and leave _____?

_____ the _____ Devices _____ lot of information _____ overtime hours worked and _____?

The Bio _____ Devices _____ have other _____ such _____ and overtime _____.

_____ the _____ Devices capable of recording _____ about _____ times, _____ leave _____?

_____ may have additional data points _____ break times _____ overtime _____.

_____ devices keep _____ about work _____ and _____ taken?

Do _____ metric _____ information about breaks, _____ hours _____ taken?

The Bio _____ Devices may _____ lot _____ information, _____ overtime hours, _____ taken _____ times.

Is it _____ for the _____ devices _____ record employee _____?

_____ the Bio _____ Devices able _____ overtime _____ leave taken, _____ on?

The _____ Devices _____ used _____ record information about _____ and leave taken.

Can the _____ collect _____ data like break _____?

_____ information tracked _____ by _____ metric devices?

Does the bio _____ keep _____ about _____ hours?

_____ the bio _____ break information?

Is _____ possible to _____ breaks and _____ biometrics?

Is _____ record employee breaks _____ in _____ Biometrics?

Break times, _____ worked _____ taken _____ be _____ these Bio Metric _____.

Is it _____ for _____ to _____ employee _____ or overtime?

_____ devices _____ overtime hours worked and leaves _____?

Do bio metric _____ keep information _____ and _____ taken?

Can _____ the devices _____ record aspects such _____ and _____?

Do the Bio _____ record _____ break times?

_____ device can also _____ breaks, _____ taken.

Do _____ record _____ hours, _____ break times and _____ information?

_____ Devices track break _____?

Is it _____ will record aspects _____ overtime, and _____ well?

Do _____ Bio _____ such as overtime _____ leave taken?

Can _____ Devices _____ data like overtime _____ worked?

Does the Bio _____ Devices _____ other _____ overtime _____ taken, _____ times and so _____?

_____ overtime hours, _____ are _____ information recorded by _____ Metric Devices?

Do _____ Bio Metric _____ records _____ hours _____ leave _____?

_____ device _____ or leave taken?

_____ Devices _____ times, overtime hours _____ leave taken, etc?

Can the _____ Devices _____ additional data like break _____?

_____ bio metric devices _____ track _____?

Can the devices _____ used to record breaks, _____?

Do _____ Metric Devices _____ hours _____ leave taken?

Can _____ devices _____ like overtime _____ and break times?
 _____ record overtime _____ leaves?
 _____ Devices _____ a bunch of _____ such as _____ hours, leave _____ and _____.
 _____ Bio Metric _____ able to _____ hours _____ leaves taken?
 The bio _____ record a lot _____ overtime hours, leave taken, _____.
 _____ worked, _____ taken, and other _____ are recorded by these _____.
 _____ bio _____ lot of _____ such as overtime hours _____ and leave _____?
 _____ bio metric _____ have information _____ breaks, _____ and _____ taken.
 _____ devices keep information about breaks _____ hours _____?
 Do _____ Bio Metric Devices keep _____ information, _____ break times _____?
 _____ Bio Metric Devices have other information such _____ and _____?
 _____ the _____ record _____ break _____ overtime hours worked, _____ leave taken?
 _____ the devices _____ record aspects like _____ absences?
 Do the Bio Metric Devices _____ overtime _____?
 _____ it _____ that these _____ times _____ overtime hours?
 _____ Metric devices record overtime hours worked _____?
 Do the Bio Metric _____ information _____ and _____ taken?
 Do _____ also _____ times and extra work _____?
 _____ the _____ Metric _____ record other _____ as break times and _____ hours?
 Do _____ Bio _____ keep _____ hours, and leave taken?
 Are _____ Devices capable of _____ information about _____?
 Can the _____ break _____ overtime hours _____ leaves _____?
 Can _____ devices _____ overtime, _____ and _____?
 There _____ metric devices _____ store information about breaks, _____ work _____.
 _____ log _____ overtime or _____ taken?
 Do _____ Bio Metric _____ overtime _____ taken _____ break times?
 _____ devices _____ aspects such _____ breaks, overtime, _____ absences _____ well?
 _____ the _____ log overtime, _____ leave _____?
 Are _____ devices _____ record _____ or break _____?
 _____ the _____ also used _____ breaks, _____ and leave _____?
 _____ able to _____ break times, overtime hours, and leave _____.
 _____ these _____ record break _____?
 _____ kept on break times, overtime _____ and _____?
 _____ record data _____ activities _____ breaks or _____ extra time?
 Do the _____ Metric _____ keep other _____ like _____ or _____?
 _____ the _____ log _____ or _____ taken?
 Do _____ record a _____ of information, such _____ overtime hours, leave taken _____?
 _____ Bio _____ record _____ times, overtime hours _____ and leave _____?
 _____ we expect the _____ overtime _____ absences as well?
 _____ metric tools _____ have more _____ points such _____ times and _____.
 Will these devices be able _____ overtime?
 _____ Devices _____ to record _____ times and overtime hours?
 _____ Biometric _____ able to _____ other details such _____ break _____?
 Do the Bio _____ of information _____ as _____ leave taken, and _____ on?
 _____ these _____ when you take breaks or _____?
 Do the _____ Devices _____ times and overtime worked?
 Do _____ Metric Devices _____ information _____ as _____ and overtime?
 _____ Metric Devices track overtime, breaks, and _____?
 The _____ metric devices _____ breaks, work hours _____.
 _____ Bio Metric _____ information such as _____ overtime hours, _____ leave _____.

_____ breaks, _____ or leaves could _____ kept _____ technology.

These _____ recording _____ may record _____ data _____ as _____ duration _____ work activities.

_____ the _____ Devices be used to record break _____ taken?

Is there _____ way _____ Devices _____ record employee _____ overtime?

_____ accurately _____ break times, _____ and any leaves taken?

Are _____ devices _____ track break _____ and _____ hours?

Can the _____ get more data like _____ times _____ worked?

_____ it possible _____ these devices _____ record _____ like overtime _____ breaks?

_____ the _____ Metric Devices _____ information, such as _____ overtime _____ worked _____ taken?

Can _____ expect recorded _____ on _____ during _____ or overtime _____ this _____?

Do _____ Bio _____ Devices record overtime _____ taken and _____.

_____ possible to record _____ breaks _____ in the Biometrics _____?

Do _____ Metric Devices record _____ leave _____ and anything else?

_____ Bio _____ give other _____ as break times?

Is the _____ devices _____ break times or _____?

_____ time _____ be captured by the Bio _____ devices.

Can _____ Devices _____ break times, _____ hours worked, and leave _____?

_____ the _____ Metric _____ keep other information, such as _____ and _____ taken?

The _____ Metric Devices _____ hours worked and leave taken.

The _____ metric _____ record additional data _____ as break times _____.

Is this _____ recorded by _____ Bio _____ break times, _____ hours worked, _____.

The Bio _____ Devices _____ break _____ hours, _____ leave taken.

_____ devices accurately _____ overtime _____ breaks, _____ leaves?

Is the Biometric _____ capable _____ information related _____ break _____ and leave _____?

Should bio _____ keep _____ about _____ and leaves taken?

The _____ might have information _____ leaves _____ breaks.

Does the _____ overtime hours _____?

_____ Bio _____ Devices _____ other _____ such as _____ times, _____ hours, leave _____ and so _____?

Do the _____ metric devices keep _____ about breaks, _____?

Will the devices _____ break periods, overtime _____ leaves _____?

_____ should expect the _____ to _____ breaks, _____ and _____ as well.

_____ there _____ as breaks, _____ and approved _____ that are _____ by the _____?

_____ Metric Devices _____ overtime hours worked and _____?

_____ the bio metric _____ record _____ hours _____ taken?

_____ the _____ Devices _____ to _____ information about _____ times, _____ hours worked and _____ taken?

_____ these devices also _____ times _____ overtime _____?

_____ the Bio _____ record leave taken, overtime _____ and _____?

_____ we expect _____ to record aspects _____ breaks _____ as _____?

Can the biometrics accurately _____ overtime _____ any leaves _____?

_____ details such as break _____ and extra _____ hours _____ tracked by _____.

_____ bio metric devices _____ store information _____ and leaves taken?

Do _____ bio _____ a lot of _____ as overtime _____ leave taken?

Does _____ device record breaks, _____?

_____ these _____ record break _____ or _____?

Secondary _____ times or _____ hours _____ be _____ the Biometric devices.

_____ such as _____ times _____ be tracked by the _____ devices.

Are _____ by these bio _____?

_____ devices keep information about _____ taken and _____?

Can _____ track break _____ overtime worked _____ leaves taken?

_____ to _____ information like overtime _____ or breaks?

_____ the _____ devices track break times or _____?

Is this device _____ break _____ overtime work?

Will _____ keep _____ breaks, overtime, _____ leaves?

_____ possible that these devices can also _____ hours _____?

Secondary _____ such _____ times or extra _____ be tracked _____ the _____.

_____ times, overtime hours worked, _____ pieces of information _____ by _____ Bio Metric _____.

_____ it possible for these _____ Devices to capture additional _____?

Do _____ Bio _____ keep _____ such as _____ times and _____ hours _____?

Do _____ metric _____ about leaves _____ breaks, and _____ hours?

Does the _____ Metric _____ keep _____ break _____ overtime hours?

_____ capable _____ recording break times, overtime hours _____ and _____ taken _____ well?

_____ times, _____ time _____ these _____ Metric devices capture other details?

_____ the _____ devices record overtime _____?

Do the Bio Metric _____ record _____ hours, _____ taken, _____ times?

_____ the Bio Metric _____ record other information, _____?

_____ these devices capture more _____ break _____ hours worked?

_____ record overtime, leave _____ breaks?

Is the _____ Metric _____ record _____ hours, leave taken, _____ and _____ on?

_____ times, _____ taken, _____ others are recorded by the _____ Metric _____.

Is the _____ to _____ break times, _____ hours worked _____ taken?

_____ devices can also _____ break _____ and _____ work _____.

Can _____ Metric _____ hours worked?

_____ Bio _____ record overtime hours worked _____ taken.

The Bio _____ Devices _____ other _____ such _____ hours.

_____ the _____ Devices be _____ to _____ about _____ overtime hours, and leave _____?

Do the Bio Metric Devices _____ lot _____ information _____ overtime _____ break _____?

_____ Devices _____ break times, overtime _____ worked, and leave _____.

Is _____ that _____ devices _____ and overtime worked?

Do _____ record data on breaks _____ work?

_____ the device record _____ break _____?

_____ Metric Devices _____ record other _____ as overtime _____.

_____ the _____ breaks, overtime, _____ leave _____?

_____ the Bio Metric _____ and overtime hours?

_____ for the Biometrics _____ record _____ records like _____ breaks and _____?

Do _____ also track _____ hours _____ times?

_____ bio metric devices _____ about breaks, extra _____ taken?

Is _____ Biometric Devices _____ break _____ overtime hours worked _____ leave taken?

These _____ recording _____ may contain _____ data points _____ as _____ or _____ activities.

_____ can record aspects _____ overtime, _____ absences.

_____ the _____ leave _____ and overtime _____ hours?

Can _____ Bio _____ more data _____ break times _____ overtime _____ worked?

Can _____ devices _____ overtime hours _____ and leaves _____?

_____ information like _____ hours _____ breaks _____ captured _____ devices?

The Bio _____ other information such _____ break _____ hours _____ leave taken.

Can the Bio _____ Devices _____ break times?

_____ Bio _____ Devices keep _____ information like _____ hours?

The _____ Metric _____ record a lot _____ information, _____ leave taken, _____ times

_____ Bio _____ Devices keep break _____ hours?

Is _____ for _____ devices to record overtime work _____?

Do the _____ record _____ such as overtime and _____?

Is _____ breaks, _____ and leave _____?

_____ the Bio Metric _____ record other information _____ and _____?

_____ devices track _____ break times?

_____ the _____ Metric _____ overtime hours and _____ taken?

Is it possible that _____ Bio Metric _____ as _____ times?

_____ the devices _____ hours, break _____ and _____?

_____ of _____ overtime, and leaves kept _____ technology?

_____ record overtime and break _____?

_____ break times, overtime _____ and _____?

_____ the _____ Metric Devices _____ overtime _____ worked and _____?

_____ the Biometric _____ able _____ and extra hours?

break times, overtime hours _____?

Can the Bio _____ Devices _____ overtime _____ worked _____ leaves taken?

Can the _____ accurately track _____ overtime, _____?

Can the _____ absences as well?

_____ the Bio _____ Devices _____ overtime _____ and leave taken?

Do these devices _____ such as break times, overtime _____?

_____ Bio _____ Devices record _____ or leave _____?

Does _____ device _____ leave _____ or _____?

_____ there a way for these _____ to _____ employee _____?

_____ the _____ Metric Devices record _____ hours _____ break _____?

Is _____ possible _____ record overtime work and break _____?

_____ Metric _____ record _____ such as _____ hours, leave taken, _____ times _____ on?

Can _____ details like overtime?

_____ times, _____ hours _____ leave _____ can be _____ by _____ Metric Devices.

Do the Bio Metric _____ and leave _____?

Can the devices record other _____ and working _____?

_____ the _____ record aspects _____ breaks, _____ and absences?

Is _____ to record employee _____ overtime _____ Biometric Devices?

_____ possible to _____ recorded information _____ or additional overtime worked using _____ of _____ bio data?

Can _____ Metric _____ capture _____ data such as _____ times _____ overtime _____?

Break _____ overtime _____ and _____ taken might be _____ devices.

_____ the _____ track break _____?

_____ Biometric _____ able _____ track overtime _____ and break _____?

Will _____ keep _____ of _____ overtime _____ leaves?

Do _____ Bio Metric Devices _____ overtime _____ and _____?

_____ the _____ Metric _____ keep _____ break times _____ overtime hours?

_____ for the Biometrics Devices to record _____ breaks _____?

Do the _____ track _____ hours worked and _____?

Did the _____ Metric _____ keep _____ and _____ hours?

_____ the _____ be used _____ overtime hours, and leave taken?

Can _____ devices _____ like breaks, overtime, and _____?

_____ devices _____ hours, break times, _____ and other information?

_____ the devices record _____ hours worked?

_____ they _____ data like _____ and leave taken?

Do _____ Metric _____ information like leave taken and _____?

_____ Bio Metric _____ keep other information such _____ times _____.

Is it _____ to _____ employee overtime _____ breaks?

_____ are the _____ overtime hours _____ for the Biometric Devices?

_____ the _____ Metric Devices record _____ data like _____ overtime _____?

Does _____ Metric Devices keep _____ information, _____ hours?
 _____ the _____ hours or breaks?

Break times, overtime _____ worked, leave _____ are _____ of _____ recorded by _____ ?
 _____ Biometric Devices be able _____ related to _____ times, overtime _____ leave taken?

Is there more details such _____ and approved _____ by _____ biomarkers?
 _____ it possible for _____ to capture _____ and _____ ?
 _____ devices collect data when _____ or work _____ time?

Is _____ information about _____ and _____ work _____ in _____ devices?
 _____ Devices _____ hours, _____ taken, _____ times and other important information?

Did they capture data _____ time _____ work?

Does the device _____ leave _____ ?
 _____ they able to track _____ ?
 _____ Bio _____ Devices _____ other details such as _____ and _____ taken?

The _____ may _____ overtime hours worked and leave _____ .
 _____ Biometric _____ break _____ overtime _____ worked, and _____ taken too?
 _____ track overtime, breaks _____ leave?

_____ expect recorded information on _____ additional overtime _____ this system of measuring _____ data?

Should the _____ Devices record break _____ worked, and _____ ?

Break _____ leave _____ can be captured in these _____ Devices.
 _____ the Bio _____ record additional _____ like breaks _____ ?
 _____ the _____ accurately _____ periods, overtime _____ hours _____ leaves taken?
 _____ collect data _____ extra time or _____ breaks?

Can the device _____ record break periods, overtime _____ ?

Is the _____ Metric _____ of recording _____ leave _____ and so _____ ?
 _____ devices track _____ hours, _____ periods, _____ any _____ taken?

Can _____ track overtime hours _____ and leaves _____ ?

Can the _____ Devices collect _____ like _____ worked _____ leave taken?

Break _____ hours _____ leave taken, _____ other _____ Bio Metric Devices?
 _____ able to track _____ or work hours?

Did _____ Bio Metric _____ overtime _____ leave taken?
 _____ times, _____ hours, and leave _____ are tracked _____ these _____ .

Do _____ Bio Metric _____ record _____ data _____ as overtime _____ and _____ taken?
 _____ Metric _____ keep other information, _____ as _____ hours worked and _____ ?
 _____ they track _____ and _____ ?
 _____ expect _____ devices to record _____ overtime _____ absences?
 _____ bio metric tools _____ record additional _____ times and overtime _____ .

Is _____ leave taken kept _____ the _____ metric _____ ?
 _____ times, _____ hours, _____ leave taken _____ recorded by these _____ .

Is the data _____ on _____ leave as well?

Is information like _____ or _____ these devices?
 _____ overtime hours _____ other information _____ be recorded _____ Bio Metric Devices.
 _____ Metric _____ other information such _____ overtime hours _____ and leave _____ .

Can the _____ Devices _____ information pertaining to _____ overtime _____ worked, _____ ?
 _____ devices to _____ breaks, overtime, and _____ as well?

Some of _____ information _____ Bio _____ Devices record _____ overtime _____ and break _____ .

Break times _____ work _____ be _____ by _____ Bio _____ devices.

Are the Biometric Devices _____ related _____ break _____ ?
 _____ the biometric _____ break _____ ?

Can these _____ capture _____ breaks?
 _____ it possible _____ these _____ track breaks and _____ ?

Can _____ work _____ break times?
 _____ records _____ breaks, overtime _____ kept by _____ technology?
 Is _____ for _____ Biometrics to _____ breaks _____ overtime?
 Break times, _____ hours worked, _____ taken _____ other _____ are _____ by _____ Metric _____.
 _____ the devices track overtime worked _____ and _____ taken?
 Are the _____ Devices _____ recording _____ overtime hours _____ leave taken as _____?
 _____ that the Bio _____ devices _____ other _____ such as _____ times?
 Break times, overtime _____ worked, leave taken, _____ other _____ recorded _____ Devices.
 Can these devices _____ more _____ hours _____ leave taken?
 _____ the _____ Devices record _____ lot _____ information including overtime _____?
 Do the Bio _____ keep other _____ including overtime _____?
 Is there _____ way _____ breaks and overtime _____ Biometrics?
 _____ Bio Metric Devices _____ as overtime hours.
 _____ details _____ times _____ work _____ be tracked by the Biometric devices.
 _____ possible for _____ details _____ as breaks, overtime _____ approved _____ be recorded by _____?
 Can _____ devices keep _____ record _____ hours worked _____ taken?
 Does _____ Bio _____ store overtime hours _____ leave _____?
 Does _____ Bio Metric _____ keep _____ about overtime _____ worked _____?
 Can _____ breaks, and leaves?
 Is _____ information about _____ or extended _____ activities _____ these bio _____ tools?
 _____ the _____ Devices _____ other information such _____ overtime _____?
 Is _____ Bio _____ break _____ overtime hours worked and _____?
 Are _____ able to _____ such _____ times and overtime hours?
 _____ metric _____ store break _____?
 Is _____ data _____ such as breaks or extended _____ activities _____ recording _____?
 _____ bio _____ may _____ more data points like break _____ hours.
 Is _____ Biometric _____ to _____ times _____ overtime hours?
 _____ it possible to _____ and overtime using the _____?
 Do _____ Devices _____ other _____ like _____ leave taken, _____ so on?
 Do these devices _____ as _____ break times, and _____ taken?
 The _____ break times, overtime hours, leave _____ information.
 _____ the information captured by _____ overtime _____ or _____?
 _____ these device _____ overtime work?
 _____ Metric _____ record _____ overtime hours _____ leave taken, and _____.
 _____ Bio Metric _____ record other information like overtime _____ leave _____ break _____.
 Do _____ Bio _____ Devices have _____ such _____ hours?
 Is the _____ Devices _____ times _____ overtime hours as _____?
 Do the Bio _____ record overtime _____ taken, _____ and _____ on?
 _____ the _____ record _____ hours, leave _____ times or anything else?
 Do the Bio Metric _____ keep _____ hours _____ leave _____?
 _____ break times _____ overtime hours _____ the bio _____?
 Are _____ capable _____ capturing _____ taking breaks _____ extra time?
 Will the _____ record _____ overtime, and _____?
 _____ the _____ Metric Devices _____ other _____ such as _____ overtime hours _____?
 Do _____ about activities like _____ breaks _____ working extra _____?
 Is the _____ Devices _____ of _____ information _____ overtime _____ worked and leave _____?
 _____ overtime _____ and leave taken by the _____?
 _____ bio metric devices keep _____ of _____ work _____ taken?
 _____ bio _____ have more data _____ such as _____ extended work _____.
 _____ the Biometric _____ record information about break times _____ hours?

Can _____ break times _____ overtime?

Do _____ Devices keep track _____ break _____?

Do _____ Bio Metric _____ information such as _____ times, overtime _____ etc.

_____ these devices also _____ to track break _____ taken?

_____ the Bio Metric _____ information _____ hours, leave taken and _____?

_____ data _____ overtime hours, and leave?

_____ the _____ recording information about _____ overtime hours, _____ leave taken?

Do the _____ record _____ information _____ as break times, overtime _____ leave _____?

These _____ metric _____ may have more _____ such _____ times.

_____ Devices record _____ hours, leave taken and _____ times, _____.

Do the _____ Metric Devices _____ overtime _____?

Do the Bio _____ record _____ hours, _____ and so _____?

Is _____ true that _____ devices _____ and _____ worked?

_____ these devices _____ work _____ break _____?

_____ metric _____ keep _____ about breaks?

_____ the _____ Devices _____ additional data like _____ overtime work?

_____ Biometric Devices _____ record information _____ break times, overtime _____ and _____.

_____ technology _____ records of _____ overtime, and leaves?

Is the _____ able _____ record _____ about break _____ hours, and _____?

_____ times, _____ worked, _____ taken, and _____ are _____ by _____ Metric Devices.

_____ times _____ hours _____ be recorded by these _____ tools.

_____ the _____ Metric _____ capable _____ recording overtime hours or _____?

_____ device log _____ overtime, _____ leave _____?

Is it _____ capture additional data like overtime hours _____ leave taken?

_____ we expect _____ to _____ aspects _____ breaks, _____ and absences _____?

Does they _____ as well?

_____ devices _____ to track break times, overtime hours, _____?

Is _____ possible _____ will also _____ overtime _____ or breaks?

_____ bio-metric devices record _____ hours or _____?

Do the _____ information _____ overtime _____ worked and leave _____?

_____ Bio Metric _____ about overtime hours _____ taken?

Can the devices _____ overtime, and _____ also?

_____ the Bio _____ devices _____ taken, break times, and _____ on?

_____ possible that _____ devices _____ also capture _____ hours?

_____ Bio Metric _____ keep _____ information such as break _____ and _____ taken?

The _____ may _____ records of _____ and _____.

_____ the Bio _____ track overtime hours and _____?

_____ the _____ Devices _____ breaks, _____ hours, and _____ taken?

_____ we expect devices _____ and absences as _____?

Does the Bio _____ Devices _____ other _____ such as _____ taken and _____?

_____ the _____ Devices keep other information, such as _____ taken?

_____ the _____ record any _____ hours worked _____ leave taken?

Can the _____ Metric _____ keep _____ of overtime _____ taken?

_____ Metric Devices record overtime hours, leave taken _____.

Do the _____ Metric Devices keep _____ and leave _____?

Can the _____ track _____ and _____?

The Bio _____ Devices _____ other information such _____ times, _____ hours _____.

Do _____ metric _____ information _____ breaks, extra _____ and leaves _____?

_____ Metric _____ record information such _____ overtime _____ taken and _____ times.

Is _____ devices could also capture _____ hours _____?

The ____ Devices ____ capable ____ recording information ____ to ____ overtime hours ____ leave ____.

Is it ____ that the devices ____ record other ____?

Do the ____ Metric Devices record information ____ hours ____?

Break times and ____ be tracked by ____ Biometric ____.

Can the ____ Devices record other information such ____ and break ____?

Can the ____ Devices keep ____ about ____ hours worked ____?

____ Bio ____ Devices able ____ record overtime ____?

Do ____ Bio Metric Devices record ____ taken?

____ times and ____ tracked by ____ Biometric Devices?

Did ____ Bio ____ overtime ____ or leave taken?

____ the Biometric ____ record information about break ____ overtime hours, ____ taken ____?

Can the Bio ____ measure ____ worked ____ taken?

Is these devices ____ capture information ____ overtime ____?

Do the ____ Metric Devices ____ data ____ overtime ____ and leave ____?

____ the devices ____ overtime, and ____ well?

____ tools may have additional data points ____ as ____ times ____.

____ overtime work hours, leave records, do these ____ details?

____ there be ____ scheduled during shifts ____ overtime worked using ____ of ____ bio data?

Does the ____ Metric ____ other information, such ____ overtime ____ taken?

The ____ Metric ____ keep other information ____ times and ____.

Do the ____ Metric Devices ____ details ____ hours ____ taken?

____ these devices ____ other information ____ as break times, ____ hours ____ so ____?

Is ____ record overtime or break times?

____ overtime hours worked, ____ be captured ____ bio metric devices.

____ devices record ____ break times and overtime ____?

____ the ____ record break ____ overtime hours ____ leave taken?

Can the ____ break ____ overtime worked hours ____ leaves ____?

Can ____ Metric Devices ____ additional ____ like ____ worked?

Do the Bio ____ Devices record ____ or ____?

Do ____ Metric Devices ____ as overtime hours, leave taken, ____ times ____ so ____?

Is the ____ devices ____ to track break ____?

Does ____ device record break, ____?

____ the ____ metric devices keep break ____ overtime ____?

____ Bio ____ Devices are ____ other information such ____ break ____ overtime hours.

____ Bio ____ Devices ____ information ____ overtime ____ leave taken, and break ____.

____ Metric Devices could keep ____ information such ____.

Can these ____ record overtime ____?

Is the Biometric ____ capable of ____ related ____ and overtime ____?

____ devices ____ breaks, overtime and absences ____ well?

____ the ____ Devices capable ____ recording information regarding break ____ worked, ____ taken?

Is ____ device also used ____ and ____ taken?

____ Bio Metric Devices capture more ____ like ____ times ____?

The Biometric Devices are capable of ____ information ____ overtime ____.

____ devices ____ data on activities ____ taking breaks ____ working ____?

Can ____ devices track ____ periods ____ overtime ____ hours?

Break ____ worked, leave ____ and other ____ by the ____ Metric Devices.

Can these ____ Metric ____ overtime ____ and leaves ____?

Do these ____ capture ____ take a break or ____ extra ____?

Is ____ possible to ____ overtime in ____ Biometric Devices?

____ this technology keep records ____ or ____?

_____ also keep a record of _____ times, _____ hours, and _____?

_____ the _____ other information like break _____?

Break _____ overtime hours _____ recorded?

_____ the Biometric Devices _____ to _____ information _____ break times _____ overtime _____?

Is _____ to _____ employee _____ and overtime with the _____?

_____ Metric Devices can _____ data like _____ times.

_____ the device _____ or leave _____?

_____ we expect the devices to _____?

_____ Metric Devices record _____ information _____ as break _____?

Can _____ to record breaks, _____ and absences?

_____ times _____ hours could _____ captured by these devices.

Do these _____ Devices record _____ hours worked, _____ taken, _____?

Do _____ Bio _____ Devices record a lot _____ such as overtime _____?

_____ we _____ to record aspects like breaks, _____ absences as _____?

_____ the Biometric _____ about break times and _____ hours?

Can the Bio _____ Devices track _____ and _____?

The _____ keep break times, overtime _____ worked and _____.

_____ records _____ breaks, overtime, or leaves?

Can _____ expect recorded _____ on _____ scheduled during _____ any additional overtime worked _____ this system _____?

_____ these devices _____ data like _____ worked _____ break times?

_____ these _____ data like break _____ and _____ hours?

Is it possible _____ the devices _____ record _____ or _____?

_____ these devices record _____ times _____?

Secondary _____ such as break _____ by the biometric devices.

_____ Metric Devices record _____ as overtime hours, _____ taken, _____ so _____.

Do _____ metric _____ information about work _____ leaves taken?

Does _____ bio _____ devices keep _____ about _____ taken, _____ and _____?

Do the Bio _____ Devices _____ worked, leave _____ break _____?

Do the _____ Devices _____ overtime hours?

Is this technology _____ breaks, overtime, or leaves?

Break times and _____ hours _____ tools?

_____ Devices might _____ information such _____ times, overtime hours _____ leave taken.

_____ Bio _____ Devices should _____ information such as break _____ hours.

Is there _____ on _____ taking breaks or _____ time?

Can these devices _____ break _____ worked _____ taken?

There are _____ devices that _____ information _____ breaks, _____ leaves taken.

Can _____ keep track of _____ times _____ overtime _____?

Can _____ Bio _____ devices track overtime _____ and _____?

Can these devices _____ breaks, overtime _____?

Do the Bio Metric Devices _____ as overtime _____ on?

_____ Devices record the _____ worked and leave _____?

Is _____ Biometrics _____ related to break times, _____ hours _____ and leave _____?

Do these devices capture _____ as _____ hours?

Do _____ Bio _____ Devices record _____ hours _____ as _____ taken?

_____ that they track overtime, _____ and _____ too?

_____ bio _____ keep records _____ breaks?

_____ the _____ Devices record _____ relating to _____ times, _____ worked, and _____?

Did these _____ times _____ hours worked?

Can the devices _____ breaks _____?

Do these _____ hours _____ taken?

____ this ____ records ____ breaks, ____ or leaves?
 ____ technology might keep ____ of ____ and ____.
 Do these ____ data on ____ extra ____ or ____?
 Is ____ possible for biometric ____ to ____ and ____?
 Does the ____ record ____ on ____ or leave?
 Do ____ Metric ____ track ____ or leave taken?
 ____ hours worked, ____ taken can be ____ the Bio ____ Devices.
 ____ Bio Metric Devices keep ____ record ____ times?
 ____ details ____ break times ____ extra ____ can be tracked ____ the Biometric ____.
 Do ____ Bio Metric ____ overtime ____ break times, ____ any ____ information?
 ____ Bio Metric ____ keep information ____ as break ____ hours.
 Is it possible ____ Bio ____ to track ____ hours and ____?
 ____ overtime ____ worked, ____ taken, ____ data ____ be recorded by the ____ Devices.
 These Bio ____ Devices ____ overtime ____ worked, leave ____ etc.
 Is the ____ record breaks, ____ or ____ taken?
 Do ____ Devices record ____ of ____ such as ____ hours and ____ taken?
 ____ like ____ know if ____ Bio Metric ____ hours ____ leave taken.
 Can the ____ Devices ____ overtime ____ and ____ taken?
 Can ____ Bio ____ Devices ____ and overtime ____?
 Do they track ____?
 Is bio metric ____ information about ____ and leaves taken?
 The ____ keep ____ information such ____ break times, overtime hours ____ and ____.
 ____ Devices record overtime ____ leave taken?
 ____ biometrics capable ____ recording ____ related ____ break times, overtime hours ____ leave ____?
 Does the ____ breaks, ____ or ____?
 Do the ____ record ____ hours, leave taken, ____ more?
 Are ____ devices used to ____ times, overtime ____ leave ____?
 ____ and ____ activities may be ____ data ____ recorded by ____ recording tools.
 Is it possible that ____ capture ____ on ____ extra ____ breaks?
 ____ the Bio Metric Devices ____ hours, ____ taken ____ times
 The ____ Devices ____ have ____ about overtime hours ____ leave ____.
 ____ times, ____ hours worked, leave ____ records by the ____ Devices?
 ____ the devices track ____ periods, ____ and ____ taken?
 Do ____ devices track ____ work hours?
 Do ____ devices ____ like taking ____ or ____ time?
 ____ Bio Metric Devices ____ hours, ____ taken, etc.
 Do ____ Bio ____ a lot of ____ overtime ____ leave taken and ____?
 Do they ____ data ____ time ____ from work?
 Can the Bio ____ Devices record additional ____ like ____ leaves ____?
 ____ the ____ taking ____ or working extra time?
 ____ the device accurately track break periods, ____ hours, ____?
 ____ the ____ devices record ____ information like ____ hours ____ taken?
 Is the Bio ____ information ____ as overtime ____ leave taken?
 ____ the Bio Metric ____ track ____ overtime hours ____ taken and ____?
 Is overtime ____ and break times ____ these ____?
 Does the device ____ overtime?
 Is it ____ capture information ____ hours or breaks?
 Do ____ Bio ____ Devices record ____?
 Is it ____ record employee ____ and ____ using ____ device?
 ____ Bio ____ Devices record break times, overtime ____ leave ____?

_____ the Biometric _____ recording information related to _____ times _____?
 Do bio metric _____ information _____ breaks, work _____ and _____?
 Does the devices _____ activities _____ taking a break _____ extra _____?
 Will _____ devices also _____ breaks, _____?
 Can these _____ Metric Devices track _____ hours _____?
 _____ if _____ devices capture _____ on _____ breaks or _____ extra time?
 _____ the _____ track overtime _____ or _____?
 _____ bio _____ keep information about breaks, _____ and leaves _____?
 _____ metric devices keep _____ about _____ work hours, and _____ taken?
 Can the _____ collect _____ data _____ break times and _____?
 Do _____ Bio Metric Devices keep _____ leave taken?
 _____ Devices record overtime hours?
 Does the Bio _____ record other _____ such _____ and _____ hours?
 Can the devices _____ worked hours, _____ periods, and _____?
 The Bio _____ other information _____ as break times, _____ leave _____ so on.
 Can the _____ Devices _____ record _____ times and _____ hours?
 _____ times, overtime _____ worked, _____ leave taken by the _____?
 _____ the _____ record _____ overtime, _____ take _____?
 The _____ Metric _____ break times, overtime hours _____ leave _____ other _____.
 _____ Bio Metric Devices record _____ hours _____ taken?
 Do the Biometric Devices keep _____ break _____ overtime _____?
 _____ Bio Metric Devices _____ a lot _____ information _____ overtime _____ worked _____ leave _____?
 _____ the Biometric _____ able _____ times and _____ hours?
 _____ Bio Metric _____ record _____ of _____ like overtime hours, _____ taken _____ break _____.
 Do these _____ track of _____ worked?
 _____ overtime hours _____ and leave taken, _____ be tracked _____ Biometric _____?
 Do these devices record _____ overtime hours _____?
 _____ hours worked, _____ things recorded by the Bio _____ Devices.
 Is it _____ gizmos track _____ leave?
 _____ track _____ hours and break _____?
 _____ the Bio _____ Devices _____ leave taken _____ breaks?
 _____ to log breaks, overtime and leave _____?
 _____ Bio Metric _____ keep _____ overtime hours _____ and _____ taken?
 _____ the _____ Devices _____ overtime hours, _____ taken, and break _____.
 Do the _____ Metric _____ track _____ hours _____ leave taken?
 _____ these gadgets _____ times _____ overtime?
 Can _____ device also _____ breaks, overtime, _____?
 Is the Bio _____ devices _____ to record _____ hours _____?
 _____ these gadgets record overtime _____?
 _____ the Bio _____ Devices record things _____ overtime hours _____?
 Do _____ overtime, _____ leave also?
 The _____ Devices _____ be _____ record information _____ break _____ hours worked, _____ leave _____.
 If _____ use this _____ of _____ bio data, _____ we _____ recorded information _____ breaks during _____?
 Break _____ overtime _____ and _____ may be _____ the devices.
 _____ the devices to record _____ and _____ too?
 The _____ Devices may record other _____ as overtime _____ taken _____ break _____.
 _____ break times, _____ hours _____ leave taken _____?
 The devices can be _____ to _____ absences.
 Do _____ devices capture _____ activities like _____ break _____ working _____ time?
 Break _____ hours worked, _____ can _____ captured _____ these bio metric _____.

Is _____ possible for the _____ breaks and overtime?

Do _____ keep overtime _____ worked and leave _____?

Is the Bio _____ able _____ other _____ as _____ worked and _____ taken?

Are _____ Biometrics _____ of recording _____ relating _____ overtime hours _____ and leave _____?

_____ Metric Devices record _____ such as _____ overtime hours, _____ etc.

The bio _____ tools _____ have _____ data _____ times and _____ hours.

Do _____ Bio Metric Devices _____ times, overtime _____ and _____?

_____ recording _____ might _____ such as _____ or extended work activities.

_____ times, overtime _____ worked, _____ by the _____ Metric Devices?

_____ the _____ Metric Devices _____ other information including _____?

_____ the Bio _____ other information _____ as break times and _____?

_____ metric devices may _____ breaks and work _____.

Is the _____ record breaks, overtime, _____ absences _____?

Do _____ devices _____ break _____ work hours?

_____ possible for _____ capture information _____ as _____ hours or breaks?

_____ the _____ Metric Devices record _____ taken _____ hours?

_____ hours, _____ taken by the Biometric Devices?

Does _____ also track _____?

Can _____ break _____ overtime work hours?

Can _____ data like _____ times, _____ hours worked, and _____ taken?

Is the _____ Metric _____ record _____ hours _____ leave _____?

Do the Bio _____ Devices _____ break times, _____ etc?

Is _____ Bio _____ to record _____ hours and _____ taken?

_____ devices track _____ overtime _____ worked and _____ taken?

_____ the Bio _____ Record overtime hours or _____?

The _____ Devices may _____ able to _____ additional data _____.

_____ times and utilization might _____ by _____ Bio _____.

_____ devices record the times of _____ overtime, _____?

Is there _____ details _____ as breaks, overtime, and _____ by _____?

_____ it possible to _____ and _____ with _____ devices?

Can _____ record break _____ overtime _____?

_____ the Bio _____ Devices _____ information _____ overtime hours?

Secondary details, _____ as _____ times _____ extra _____ be tracked by _____ Biometric _____.

Do _____ devices store _____ about _____?

Is it possible _____ can _____ break _____ or _____ work?

_____ the Bio _____ Devices _____ track _____ breaks, and leaves _____?

_____ the Bio _____ keep information about _____ hours _____ taken?

_____ Bio _____ Devices _____ the _____ worked and leaves _____?

_____ Bio Metric _____ information such _____ hours worked and leave _____?

Can _____ track break periods, overtime _____ any _____ taken?

Can the _____ information about overtime _____ breaks?

_____ these _____ when you take a break _____ time?

_____ the _____ accurately _____ break _____ worked hours, and leaves _____?

Can the _____ overtime _____ breaks?

Do _____ Metric _____ record a _____ of information, _____ overtime _____ and _____ taken?

_____ bio metric devices record _____ hours, _____ and other _____?

The _____ Devices _____ such as _____ times, _____ and leave taken.

Can we _____ information _____ breaks _____ shifts or _____ when _____ this _____ of measuring bio _____?

_____ more _____ such _____ breaks, overtime, _____ approved leaves that _____ by _____ biomarkers?

_____ the _____ Metric _____ you _____ overtime hours _____ leave taken?

_____ device _____ of breaks, _____ or leave?

Is _____ possible _____ track break times and hours _____?

_____ devices track breaks?

The Bio _____ Devices _____ other information _____ hours.

Break times _____ overtime _____ be _____ these bio metric _____.

Does the Biometric _____ ability to _____ times _____ overtime _____?

_____ devices _____ break times and _____?

_____ it possible _____ the _____ track _____ hours, _____ leave taken?

Is these devices able to _____ and _____?

_____ Metric Devices _____ to keep _____ information _____ as _____ times and _____ hours?

_____ duration _____ work _____ recorded by the bio recording _____?

_____ Bio Metric Devices recording _____ worked and _____?

_____ keep _____ of breaks, _____ or leaves?

Do _____ Metric devices keep information _____ hours _____ taken?

_____ the _____ metric _____ other _____ such _____ overtime hours?

Do the _____ Devices _____ such as _____ or leave taken?

_____ devices accurately track break _____ overtime hours _____?

_____ the _____ times _____ overtime _____ by these bio metric _____?

Break _____ overtime _____ worked, _____ other pieces _____ information _____ by these Bio _____ Devices.

Do the _____ Devices record information, _____ leave taken _____ break _____?

Can the _____ overtime _____?

_____ Bio _____ Devices keep _____ hours worked, and _____ taken.

_____ the Bio Metric _____ record _____ or _____ hours?

Does _____ Devices _____ record _____ break times and _____ hours _____?

Do the Bio Metric _____ keep _____ about _____ leave taken?

Can _____ devices record _____ overtime, and absences _____?

_____ the Biometrics _____ break periods and _____ worked _____?

Does the device _____ or _____ taken?

_____ these devices _____ track _____ overtime hours _____ breaks?

Does _____ Bio _____ information _____ overtime hours, leave _____ break times _____ so _____?

Is it possible _____ record employee _____ the _____ Devices?

_____ devices also _____ hours?

_____ the _____ keep _____ of breaks, _____ or leaves?

Break times, overtime _____ worked, leave taken _____ can _____ recorded _____ the _____.

Is _____ times _____ tracked by these _____?

Can _____ Bio Metric _____ record other information _____ overtime _____ worked, _____ times?

_____ devices record _____ aspects like _____ and absences as _____?

_____ times, _____ hours _____ leave taken, _____ forth _____ by these Bio Metric _____.

Did the _____ times and _____?

Break _____ worked and leave taken _____ be captured _____ Devices.

_____ the _____ Metric Devices _____ breaks, _____ hours _____ and leaves _____?

_____ devices able to keep information _____ breaks and _____?

Can _____ record _____ details like _____?

_____ break times _____ recorded by _____ metric tools?

Is it _____ these _____ capture data _____ breaks _____ extra time?

_____ Bio Metric Devices _____ hours _____ and leaves _____?

Do these devices _____ such as overtime _____ leave _____?

_____ we _____ the devices to _____ like breaks, _____ and _____?

_____ the _____ Devices _____ of recording _____ overtime hours, _____ leave _____ as _____?

Do _____ Devices _____ times?

Is _____ of recording _____ to break _____ and leave taken?
 _____ the Bio Metric _____ able to _____ leave taken, _____?
 _____ these _____ additional data like _____ and overtime hours _____?
 _____ it _____ the _____ track _____ times and extra hours _____?
 _____ these _____ overtime _____ and break times?
 _____ record other information _____ hours, _____ taken, break times and _____ on?
 _____ the devices _____ break _____ overtime?
 Do _____ Bio _____ record a _____ information, _____ hours, leave _____ and break _____?
 Is the _____ devices capable _____ storing _____ about _____ extra work hours, _____?
 Is it possible _____ and _____ in bio-metrics?
 _____ recording information related to break times, _____ worked and _____ taken?
 The _____ Metric Devices can be _____ to _____ information _____ as _____.
 Are _____ Bio Metric _____ record overtime _____ leave taken?
 _____ device _____ breaks, _____ and absences _____ well?
 _____ have information on _____ extra work hours, and leaves _____.
 _____ the Bio _____ Devices _____ as overtime hours worked, _____ taken, _____ times?
 Can _____ Metric _____ record _____ overtime hours _____ leave taken?
 _____ the Bio Metric _____ overtime _____ and other _____?
 _____ overtime hours and leave taken _____ also tracked _____.
 _____ want _____ know _____ Bio _____ Devices record _____ or leave taken.
 _____ bio metrics _____ overtime hours _____ taken?
 These _____ metric _____ might _____ additional _____ points _____ break _____ and overtime _____.
 Can _____ Bio _____ Devices _____ overtime _____ worked _____ taken?
 Does this technology _____ keep _____ of _____ overtime, _____?
 _____ the bio metric devices keep _____ and leave _____?
 _____ the devices accurately record break _____?
 The _____ devices have information about _____ hours and _____.
 _____ Biometric Devices _____ of recording _____ overtime hours worked _____ leave _____?
 The _____ Devices _____ record _____ information, _____ as break _____.
 Does this _____ records _____ or leaves?
 _____ Bio Metric Devices _____ record _____ information such _____ overtime _____ taken.
 _____ as _____ times or extra _____ hours _____ tracked _____ the Biometric devices.
 _____ other details like overtime _____?
 _____ these _____ track overtime _____?
 _____ the _____ capture _____ hours?
 Do these _____ times, overtime _____ and _____ taken?
 Are _____ breaks, _____ leaves _____ kept by this _____?
 Do _____ devices record data _____ you _____ or _____ extra _____?
 _____ for these gizmos to track _____ and _____?
 _____ it possible that the devices could _____ breaks?
 Do these _____ times, _____ hours worked, leave _____ other _____?
 _____ device keep track of _____ overtime _____ taken?
 _____ device able _____ track _____ worked _____ leave taken?
 _____ the _____ track break _____ overtime hours, and _____?
 _____ Biometric Devices keep track _____ break times _____?
 _____ the device keep _____ overtime, or leave _____?
 Can the _____ track _____ times and _____ use?
 Is it _____ devices also track break _____ leave taken?
 The Biometric devices can _____ such _____ times.
 _____ devices record _____ and absences?

_____ that the devices can _____ information like _____ or _____?

_____ for these Biometric Devices to _____ employee _____ overtime?

Do _____ Devices record a _____ such _____ overtime _____ leave taken, break _____.

The _____ be used to track break _____.

The _____ Devices _____ about break _____ overtime _____ worked, and leave taken.

The Bio Metric _____ other _____ break times _____ hours.

Do _____ Bio _____ Devices store other _____ as _____?

Can _____ Bio _____ collect additional data _____ overtime _____ worked _____ times?

Do _____ record break _____?

_____ the _____ Metric _____ keep other _____ such as _____ hours _____ leave _____?

Break duration _____ work _____ data _____ recorded _____ these bio recording _____.

_____ devices record _____ overtime, and _____?

_____ Bio Metric Devices record overtime _____ leave _____ data?

Did _____ Devices record overtime _____?

_____ Biometrics Devices _____ information _____ to _____ times, overtime _____ worked, _____ leave _____?

_____ devices expected _____ record _____ overtime, and absences _____?

_____ bio metrics _____ overtime hours worked _____ taken?

_____ the _____ Metric Devices capture _____ like break _____ overtime _____?

Break times, overtime hours _____ leave _____ are there _____ information _____ Metric _____?

Does _____ breaks _____ overtime?

_____ keep _____ breaks, overtime or leaves?
