

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Issues with car's exhaust system
Inquiry Sub-Category	Excessive exhaust smoke
Description	Customers raise concerns about excessive exhaust smoke, which could be due to issues such as a faulty catalytic converter, engine oil leaks, or burning coolant. They seek guidance on identifying the underlying problem and appropriate solutions.
Data Size	5,093 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

____ there any specific ____ indicate ____ as the ____ of ____ exhaust ____?
 ____ too ____ exhaust indicate ____?
 Is ____ possible that the reason for ____ is due to ____?
 Is ____ sign that ____ coolant ____ excess exhaust ____?
 What ____ clues ____ as ____ cause of increased fumes?
 Are ____ signs that the ____ the coolant ____ heavy smoke ____?
 ____ I ____ if ____ exhaust ____ comes from burning ____?
 ____ the smoking exhaust ____ by ____?
 ____ that burning coolant make ____ smoke?
 Can you ____ indications of increased levels of exhaust smoke ____?
 Is excessive vapor ____ from ____ in the ____ indicative ____?
 Can ____ come from burning ____?
 Do ____ know if certain ____ the idea that ____ coolant ____ discharge?
 Is ____ way ____ tell if a ____ causes smoke ____?
 ____ excessive ____ a burned ____ system?
 Can you ____ me if I have ____ smoke ____?
 I want to know ____ of definite indications that ____ burned coolant.
 Is there ____ list ____ indications ____ confirm that excessive ____ burned ____?
 ____ there any signs ____ exhaust smoke ____ burning ____?
 ____ smoke be ____ by any ____ of coolant?
 ____ emission ____ too ____ you ____ if there ____ a burnt ____?
 ____ it ____ that ____ is ____ from burnt coolant?
 ____ signals ____ towards burned coolant ____ reason for exhaust ____.
 Is ____ that burning ____ is the ____ of ____ exhaust ____?
 Some ____ point towards burned ____ reason ____ heavy exhaust ____.
 ____ possible that the symptoms are pointing ____ the ____?
 Is ____ indication to ____ smoke from burnt ____?
 Is there ____ smoke due to burning coolant?

Is there excessive _____ burnt _____?

Do _____ have any _____ of excessive _____ burned _____?

Is it possible _____ the reason _____ increased _____ fluid in my vehicle?

Are there any _____ indications that _____ related to _____?

_____ there a _____ of definite signs _____ prove _____ emissions _____ to burned _____?

_____ are some of the _____ show _____ the cause _____ exhaust fumes?

Is _____ to see _____ of _____ exhaust _____ caused _____ burning _____.

Is there any _____ smoke caused _____ burning the _____?

_____ any _____ of coolant _____ causing my exhaust clouds?

Is there a _____ shows _____ behind _____ exhaust fumes?

Do _____ telltale _____ that _____ my blazin' clouds of exhaust?

_____ me know if there are _____ telltale _____ coolant _____ my _____.

_____ there any _____ are excessive _____ from burnt coolant?

Is _____ way _____ tell _____ for heightened exhaust smoke _____ due to _____ coolant in _____?

_____ there _____ telltale _____ that my blazin' clouds _____ are _____ coolant _____?

_____ to _____ as the cause of _____ smoke?

_____ be signals of _____ engine _____ in _____ exhaust?

Do _____ show _____ coolant is the reason _____ smoke?

Is it possible that burnt _____ is _____ exhaust _____?

_____ are _____ of _____ exhaust _____ caused by burning coolant?

Is _____ possible that _____ exhaust smoke _____ due to the burning _____ vehicle's _____?

_____ there _____ excessive exhaust _____ from burnt coolant?

When _____ smokey _____ tell if _____ is a burnt _____?

There are any signs of _____ to _____?

_____ you know _____ a few _____ idea _____ coolant _____ responsible for _____ exhaust discharge?

Do _____ indicators point to burned coolant _____ of _____?

Is there _____ tell _____ causes more exhaust smoke?

Is excessive exhaust _____ by _____?

What _____ I _____ for to _____ the _____ smoke _____ caused by _____?

There _____ that might indicate _____ coolant as _____ excessive _____ smoke.

_____ excess exhaust smoke _____ by _____?

_____ possible that burning _____ is _____ exhaust _____?

Is _____ true that _____ signs indicate _____ coolant behind _____?

_____ are any _____ to _____ burning _____ coolant in _____?

_____ it _____ to _____ if excessive _____ will result _____ coolant?

Is it possible _____ certain symptoms lead _____ outputs _____?

_____ a way _____ if _____ coolant makes _____ smoke?

Is it possible that _____ is _____ fumes?

Does _____ coolant _____ smoking _____?

Can _____ me _____ increased levels of exhaust smoke _____ related _____?

_____ are any signs of _____ tied to _____.

_____ there _____ that burning _____ causes excess _____ fumes?

Is it _____ specific _____ excessive _____ smoke from burnt _____?

Do specific _____ implicate burnt _____ as the _____ smoke?

_____ it possible to _____ signs of excess _____ fumes _____?

_____ you _____ me _____ telltale _____ of coolant burn _____ my _____?

_____ there any telltale _____ that my _____ of _____ caused _____ coolant _____?

Is _____ of _____ indications that show that _____ are related _____ burned _____?

_____ excessive exhaust _____ caused _____ symptoms?

_____ exhaust smoke _____ sign that _____ coolant _____ on _____?

Is ____ coolant behind ____ of ____?
____ any ____ that the burning ____ is ____ too much ____ smoke?
Is ____ behind ____ exhaust ____ of it?
Does excessive ____ burning ____?
Do ____ know ____ the ____ to burning coolant?
____ symptoms related ____ burning of coolant in exhaust.
Can ____ if ____ are ____ of ____ levels of exhaust smoke ____ to ____ coolant?
Is ____ to determine if excessive exhaust ____ coolant?
____ there a way to ____ if excessive ____ smoke ____?
Is ____ excessive exhaust ____ caused ____ burning coolant.
____ you ____ if certain ____ idea that burnt coolant ____ discharge.
Someone wants to ____ are ____ of ____ coolant causing ____ smoke.
Is there ____ levels of ____ due ____ burning coolant?
Can I ____ if ____ due to burning ____?
____ that ____ exhaust is ____ by the burn of the coolant?
____ you tell me about ____ signs ____ exhaust smoke due ____?
____ excessively exhaust show ____?
____ signals of burnt ____ coming ____ the exhaust?
Do ____ symptoms cause ____ cooling ____ is burning?
____ there ____ towards ____ coolant being the cause of ____ fumes?
Any ____ burn causing ____ exhaust clouds?
Is ____ coolant ____ substantial exhaust fumes?
Is ____ to determine if excessive ____ coolant?
____ there ____ when emissions get ____ smokey?
____ certain indicators show ____ coolant as ____ reason ____ heavy ____?
____ there clear signs ____ exhaust smoke ____ burning ____?
____ there ____ symptom that indicates ____ coolant ____ the ____ exhaust smoke?
I ____ know ____ there ____ that burning coolant ____ excess exhaust ____.
____ there ____ distinctive symptom ____ burning ____ coolant in ____ exhaust?
____ say burnt coolant ____ cause of exhaust ____?
____ symptoms ____ to come from burning ____ fluid?
Is the ____ caused ____ coolant ____?
Do specific ____ burnt ____ cause of excessive exhaust ____?
____ burning ____ behind ____ fumes a sign?
____ reason ____ smoke due ____ burned coolant?
What are ____ exhaust ____ from burning ____?
____ burning ____ behind excessive ____ indicative of ____?
____ anyone have any ____ coolant causing excessive exhaust ____?
Can ____ identify any ____ of ____ caused by burning coolant?
____ there telltale ____ burn causing ____ exhaust?
____ exhaust ____ about burned Coolant?
____ certain symptoms ____ burnt coolant ____ the cause of ____?
Do indicators ____ that burned coolant is the ____?
____ signs ____ I look ____ tell if ____ exhaust smoke is ____ by ____?
____ increased ____ of exhaust ____ are related ____ burning coolant?
____ should I ____ if ____ see ____ smoke due ____ burning coolant?
I ____ like to determine ____ exhaust ____ results from ____.
____ any indication of excessive exhaust ____ Coolant?
Is there ____ sign of a ____ burn ____?
Does excessive ____ come ____ coolant?

_____ are the signs of _____ caused by _____?
 Are some _____ of _____ coolant _____ fumes?
 _____ you _____ any _____ about _____ burning coolant does _____ exhaust?
 Do you think _____ result _____ burned coolant?
 I wonder if _____ are _____ that _____ coolant _____ too much exhaust _____.
 Does _____ smoke _____ something about burning coolant _____?
 _____ if _____ symptoms _____ the notion _____ burnt coolant causing excess _____?
 There are _____ excess exhaust _____ by _____ coolant.
 If _____ can you _____ if there is burnt _____?
 Is _____ that _____ smoky fumes?
 _____ symptoms _____ to _____ coolant as _____ of exhaust smoke?
 I _____ if excessive exhaust smoke _____ burning _____.
 Is there _____ coolant behind excessive _____ fumes?
 Is _____ a _____ tell _____ there's exhaust _____ burning coolant?
 Do certain _____ the _____ cooling fluid _____ produce smoky _____?
 Is there _____ sign that _____ burning _____ exhaust _____?
 _____ signs should I look _____ if the smoke _____ burning coolant?
 Is _____ to detect _____ smoke from burned _____?
 _____ you _____ telltale _____ of _____ burn causing _____ exhaust?
 _____ want _____ find _____ if excessive _____ results _____ burning coolant.
 _____ tell if _____ is _____ coolant when the emission _____?
 Do _____ know if there _____ telltale _____ burning coolant _____ smoke _____?
 The _____ excessive _____ is the result _____ burnt _____?
 Is _____ any _____ of _____ smoke connected _____ burned _____?
 _____ emission _____ too smokey _____ tell if there is _____?
 Does excessive exhaust _____ you _____ your _____?
 Is _____ possible _____ determine _____ exhaust smoke _____ burning _____ by symptoms?
 Is it _____ that signs signify _____ exhaust _____?
 Is _____ caused _____ the coolant?
 Do particular signs _____ coolant and exhaust _____?
 Is _____ any _____ signs _____ coolant _____ that _____ my exhaust _____?
 Is _____ shows _____ coolant _____ causing too _____ exhaust smoke?
 Is there _____ indications to _____ that excessive _____ burned coolant?
 _____ can _____ tell _____ burning _____ contributes to _____ exhaust smoke?
 Is _____ a sign of _____ symptoms?
 _____ any evidence of smoke tied _____?
 _____ it _____ Coolant is the reason behind _____?
 Can you tell _____ exhaust smoke because of _____?
 _____ excessive _____ the _____ was burned?
 _____ symptoms that _____ related to the _____ of _____ in _____?
 Is _____ for _____ smoke _____ to burned coolant?
 _____ exhaust smoke _____ burnt coolant?
 Is burning coolant _____ excessive _____ fumes _____ signs?
 Is _____ coolant the _____ of _____ exhaust _____?
 Does _____ show _____ cooling _____?
 _____ it possible there are _____ pointing _____ burning coolant _____ smoke _____?
 Does _____ symptoms cause excessive _____ due _____ of _____ fluid?
 The _____ smoke could _____ caused by _____ coolant.
 _____ some symptoms related to _____ exhaust smoke caused _____.
 Is _____ any sign of symptoms related _____ exhaust _____?

Is _____ a _____ to _____ if _____ coolant _____ extra exhaust _____.

Do you know any _____ of coolant burn _____?

Do you have _____ telltale signs _____ causing _____?

_____ there any _____ excessive smoke linked _____ burned _____?

Is _____ to _____ if _____ is _____ when _____ emission _____ too smokey?

Do _____ suggest burning coolant _____?

Is it possible to determine _____ burning _____?

_____ a way to tell if burning the _____?

_____ know _____ there are _____ specific signs of coolant _____ in _____.

_____ that cause _____ cooling fluid _____ to _____ outputs?

_____ some symptoms related to _____ exhaust smoke.

_____ any _____ symptoms of _____ burning _____ exhaust?

_____ are some _____ that support _____ that _____ coolant is _____ for excess exhaust discharge?

Is it _____ there's excessive exhaust _____ from _____?

_____ there _____ specific sign pointing _____ causing heavy smoke _____?

_____ you know if there _____ that support the idea _____ is _____ for _____ discharge?

_____ there are any signs _____ causing excessive exhaust _____ what _____?

_____ any distinctive _____ of coolant _____ exhaust?

_____ if burning coolant _____ exhaust smoke?

When _____ smokey _____ you tell if there are _____?

Is _____ possible _____ coolant _____ cause excess exhaust _____?

Any signs _____ smoke _____ coolant?

_____ specific symptoms show that _____ exhaust smoke is _____?

Is _____ any _____ indications of excessive _____ smoke _____?

_____ the _____ smoke suggesting _____ burning _____?

Is there evidence _____ smoke from _____ burnt _____?

I _____ there _____ of _____ indications that excessive _____ related to _____ coolant.

I _____ are clear _____ a burning _____ is _____ exhaust smoke.

Is it _____ that _____ coolant _____ exhaust _____?

Is _____ specific _____ to _____ excessive vapor _____ in the exhausts?

_____ you _____ my exhaust smoke is _____ to _____ the _____?

Are there _____ support the _____ that _____ coolant _____ for excess exhaust _____?

_____ exhaust _____ mean _____ coolant is on _____?

_____ there any _____ excessive _____ smoke from burnt _____ is _____?

Is _____ a list _____ definite signs _____ excessive emissions _____?

_____ there any telltale _____ my _____ is caused by _____?

There are _____ burning coolant causing _____ smoke?

_____ there _____ sign that _____ coolant behind _____ fumes?

_____ the signals _____ burnt engine _____ coming out of _____?

There are any _____ that point _____ in _____?

_____ if certain _____ the idea _____ burnt _____ responsible for _____ exhaust discharge?

Is it _____ that _____ the reason _____ the _____ fumes?

_____ out _____ excessive exhaust smoke results _____ coolant?

There _____ any _____ of _____ smoke _____ to _____ coolant.

_____ any telltale _____ of coolant _____ that _____ my exhaust _____?

_____ indicators _____ excessive smoke tied _____ burned coolant.

Smoking problems _____ coolant, _____?

I'd like to know if my _____ coolant.

_____ wonder _____ are _____ signs _____ a burning coolant _____ causing _____ smoke.

_____ there any sign that _____ caused by _____?

Is there _____ that _____ coolant _____ cause _____ exhaust _____.

Are there any _____ excessive _____ caused _____ burning _____?

_____ want _____ know if excessive _____ smoke _____ of coolant.

There are _____ signs _____ of the _____ exhaust smoke.

Do _____ know _____ symptoms support _____ idea _____ burned _____ to _____ exhaust discharge?

_____ if the reason _____ exhaust _____ is _____ to _____ in my vehicle?

_____ any distinctive _____ show the _____ coolant in the _____?

Do you know _____ the _____ discharge support the _____ burnt coolant _____?

Do specific indications _____ a burned coolant?

_____ wonder _____ any telltale signs of _____ exhaust fumes caused _____.

There _____ symptoms that point _____ the _____ of _____ the exhaust?

_____ should I look for if _____ excess _____ smoke _____ by _____?

_____ know if there are any telltale signs _____ heavy _____ emissions.

_____ there _____ of heavy _____ caused by burning _____?

_____ you tell me if _____ exhaust _____ are _____ result of _____ coolant?

Is _____ possible that burned _____ the _____ behind _____ fumes?

If the _____ can _____ tell if there _____ coolant?

_____ are some _____ excessive exhaust smoke _____ coolant.

_____ exhaust caused by _____?

There are _____ distinctive _____ that _____ coolant _____ the exhaust?

_____ you know _____ my _____ a result of _____ coolant?

_____ pointing _____ the burned coolant as _____ cause _____ exhaust fumes?

Is _____ that heavy _____ smoke _____ caused _____ coolant?

_____ wondering if there are any signs _____ excess _____.

_____ any distinct indications of _____ levels _____ exhaust _____ to _____ coolant?

What _____ the _____ of excessive smoke _____ to _____?

_____ you know _____ there are some _____ idea that burnt coolant is _____ for _____?

What _____ the _____ pointing to burnt coolant as _____ cause _____?

What _____ look for _____ the exhaust smoke _____ from _____ coolant?

I want _____ there are _____ indicators _____ excessive _____ tied _____ burned _____.

_____ symptoms _____ the idea _____ coolant _____ blame for excess _____ discharge.

There are some _____ burning coolant _____ the _____ exhaust smoke.

_____ of _____ much exhaust smoke _____ burning coolant?

I want to _____ if _____ are _____ telltale _____ that a _____ coolant _____.

There are _____ signs of excessive _____ burned _____?

Is it _____ that _____ smoke _____ burnt coolant?

Do specific symptoms indicate _____ coolant _____ the _____ exhaust _____?

_____ you _____ telltale signs _____ a coolant _____ that causes my _____ clouds _____?

_____ exhaust _____ to burning coolant?

Do _____ symptoms _____ the _____ of _____ cause smoky _____?

When _____ gets too smokey, can _____ tell _____ it _____?

_____ me if there _____ any _____ coolant burning in _____ exhaust?

Is _____ that burning _____ can cause _____ fumes.

_____ know _____ my _____ exhaust smoke is _____ burning coolant?

_____ coolant can cause _____?

_____ are the _____ indicate burnt _____ as _____ cause of _____ fumes?

_____ of burning _____ fluid _____ to smoky _____?

Is it _____ that there _____ of _____ the exhaust _____?

Is _____ the _____ for heightened _____ smoke _____ due to burning coolant _____ my vehicle?

What _____ should _____ look _____ determine _____ the smoke _____ a result _____ coolant?

I would like to _____ burning coolant results _____.

_____ it possible to tell if _____ smoke is _____?

_____ the exhaust smoke due _____ clear _____ coolant?

Is it possible _____ there _____ of excess exhaust _____ burning _____?

_____ you _____ that support the idea that burnt coolant is _____ blame for _____?

_____ coolant the reason for _____?

I _____ to _____ to look for if _____ exhaust _____ is caused _____.

_____ certain symptoms _____ to _____ to burning _____ cooling _____?

_____ specific _____ to burning coolant causing excessive _____?

_____ know _____ symptoms support the _____ coolant _____ responsible for excess _____ discharge?

Is _____ any distinctive _____ that _____ to _____ of coolant _____?

There _____ to burning _____ that _____ cause excessive _____ smoke.

Does a _____ suggest _____ exhaust _____ from _____ burnt _____?

_____ any sign indicating burning coolant behind _____?

Is _____ excessive _____ from burnt coolant _____ indicative?

_____ it possible that _____ causing too _____ smoke?

Were _____ signals pointing _____ as the cause of _____?

Do _____ indicators _____ burned coolant _____ exhaust smoke?

Can you tell _____ the _____ is due _____ coolant?

Is excessive smoky outputs _____ of _____ result of _____ symptoms?

_____ any telltale signs _____ exhaust is caused _____ burn?

I want to _____ have excessive _____ due _____ coolant.

_____ exhausts _____ burned coolant?

Are _____ any _____ with _____ coolant that _____ exhaust smoke?

What _____ of _____ coolant burning in _____?

_____ are the telltale _____ of _____ fumes caused by _____?

I'm _____ if _____ is a _____ to _____ if _____ coolant _____ exhaust _____.

Do _____ symptoms show _____ coolant _____ the _____ exhaust _____?

Is _____ certain signs show _____ excessive exhaust fumes?

Can you _____ me if my _____ is _____ of _____?

Is _____ any way _____ determine if _____ smoke _____ coolant?

Do you _____ support the _____ burnt _____ is responsible _____ excess emissions?

_____ sign that indicates _____ behind _____ exhaust fumes?

_____ signs are associated _____ burning _____ triggering _____ emissions?

_____ there any _____ that burning _____ contributing _____ levels of _____ smoke?

_____ would _____ to _____ if excessive exhaust _____ results _____ coolant

Is there _____ excessive exhaust _____ a burnt _____?

_____ possible that increased levels _____ be _____ to burning coolant?

_____ cause excessive smoky outputs _____ to _____ cooling fluid.

_____ there _____ signs _____ the exhaust?

_____ may be telltale signs _____ to the _____ smoke emissions.

_____ you tell _____ burning coolant is _____ to _____ of _____ smoke?

_____ correlation _____ from burning _____ in the exhausts _____ specific symptoms?

Is _____ possible _____ excessive exhaust smoke result _____ coolant?

_____ any distinctive symptoms _____ burning _____ coolant in the _____?

_____ certain _____ pointing _____ burned _____ as _____ cause _____ heavy exhaust _____?

There are any _____ signs _____ coolant _____?

Is _____ a _____ of exhaust smoke _____ is _____ coolant?

What are _____ symptoms _____ the _____ the coolant _____ exhaust?

_____ a list of _____ signs _____ relate to _____ coolant?

Are _____ any _____ of _____ fumes when _____ coolant?

Is _____ a way to _____ if _____ smoke is related _____ ?

_____ coolant _____ fumes a particular _____?

_____ possible _____ some signs signify burning _____ behind _____?

Do _____ if certain _____ support the _____ that _____ coolant _____ to _____ for _____ exhaust _____

_____ certain symptoms _____ up _____ idea that burnt _____ is responsible _____ excess _____ discharge?

Do _____ symptoms show _____ coolant as _____ smoke?

Do _____ show the _____ coolant _____ the exhaust _____?

Is _____ specific _____ that show _____ exhaust fumes?

_____ are any _____ with _____ coolant causing excessive _____?

Do certain _____ point _____ coolant being the _____ exhaust _____?

_____ the exhaust _____ is _____ burning coolant, what _____ I look _____?

Is _____ any _____ tell if burning _____ causing _____ fumes?

_____ you tell _____ if _____ exhaust _____ caused _____ the burning _____?

_____ it _____ that signs _____ burning _____ behind _____ fumes?

_____ know if there are _____ signals pointing to _____ as _____ of _____?

I want to _____ exhaust smoke is _____ burning _____.

When emission gets _____ it possible _____ tell if _____ burnt _____?

_____ there is burnt coolant when _____ too smokey?

Are there _____ that indicate _____ as the cause _____ excessive _____?

_____ any specific signs of _____ of _____ smoke due _____ coolant?

_____ you _____ certain _____ support the _____ that _____ coolant _____ involved in _____ discharge?

_____ are any _____ symptoms _____ point to _____ burning _____ in _____?

_____ there _____ engine coolant through the exhaust?

_____ excessive exhaust _____ burned coolant?

_____ exhaust smoke _____ my coolant catching fire?

Is _____ specific symptom that indicates _____ coolant _____ excessive exhaust _____?

I want _____ if _____ are _____ signs _____ exhaust fumes _____ coolant.

_____ signs _____ I look _____ I see excess _____ a _____ coolant?

Is _____ to tell if _____ extra exhaust _____ burning _____.

_____ a _____ that indicates burnt coolant _____ the _____ of _____ smoke?

Is there _____ signs of coolant burn that _____ my _____?

Is excessive vapor _____ from _____ coolant _____ the _____ a _____?

Is it _____ burned coolant _____ behind _____ exhaust _____?

Can you _____ burning coolant _____ the increased levels _____ exhaust _____.

_____ you mean any telltale _____ causing my _____?

_____ excessive exhaust _____ you _____ coolant _____ burned?

_____ there _____ of burning coolant _____ cause _____?

Can _____ tell me _____ exhaust smoke is due _____?

Is _____ that my exhaust _____ by the burn _____ the _____?

_____ to _____ if an exhaust _____ caused _____ burning coolant?

_____ it _____ going _____ fire _____ of excessive exhaust smoke?

_____ the emission gets too _____ you _____ there's _____ coolant?

_____ there any _____ excess _____ fumes caused by _____ coolant?

Is _____ a _____ tell if the exhaust _____ caused _____ the _____?

_____ way to _____ if the exhaust smoke _____ due to _____?

_____ it _____ that _____ reason _____ increased _____ is due _____ coolant in _____ vehicle?

There are _____ tied to burned coolant.

_____ it _____ that _____ coolant is _____ cause of _____?

Do you have any _____ coolant _____ my _____ cloud?

Is ____ possible that ____ increased ____ smoke ____ because ____ burning ____ in my ____?
____ signs ____ I ____ for ____ identify if ____ exhaust ____ due to burning ____?

Is ____ coolant ____ exhaust ____?

Is ____ a ____ of burning ____ causing ____ exhaust ____?

Do you ____ burn is causing my exhaust?

Is ____ possible that the reason ____ exhaust ____ is ____ burning ____ the ____ in ____ vehicle?
____ the ____ exhaust ____ burning coolant?
____ related to ____ Coolant?
____ wondering if ____ signs ____ burning in the exhaust.
____ smoke because of ____ clear ____ of coolant?
____ indicators ____ coolant as ____ for heavy exhaust smoke.

Are there ____ telltale ____ that ____ is ____ burn ____ the coolant?
____ a single ____ pointing to ____ coolant ____ smoke emissions?
____ my exhaust smoke ____ burning coolant, can ____ me?
____ it ____ that ____ exhaust ____ are caused by ____ signs ____ burn?

Is there ____ of excessive ____ to ____ coolant?

Symptoms of excessive ____ be ____ by ____ coolant.
____ there any ____ signs ____ causing heavy smoke ____?
____ am wondering ____ there ____ specific manifestations ____ excessive vapor ____ coolant in ____.

Can you ____ me ____ burning ____ to ____ levels of ____?
____ the ____ coolant that cause exhaust smoke?

Is ____ a ____ that ____ burning ____ excess ____ fumes?
____ it ____ that burning coolant will ____ exhaust ____?

Can anyone ____ me ____ clue ____ to what ____ coolant does ____?
____ it ____ if the ____ smoke is due ____ coolant?
____ of ____ exhaust fumes caused ____ burning coolant?
____ you know ____ symptoms will support ____ idea ____ burnt coolant ____ responsible for ____?

Will ____ cause excessive ____?
____ burning ____ causing smoking ____?

There are ____ of ____ smoke that can be ____.

Is the reason ____ due ____ burned ____?

Do ____ if ____ support the ____ that ____ coolant is responsible ____ discharge?

I ____ to know if ____ are specific ____ combustion in ____.
____ symptoms point ____ burnt ____ cause of excessive exhaust ____?

If ____ smoke ____ result of burning coolant, ____ lookout for?

Is there clear evidence that ____ burning coolant?

Is ____ sign that the coolant ____ clouds?
____ that ____ symptoms are pointing to coolant in ____?

Is ____ of exhaust smoke ____ coolant?

Can ____ coolant ____ excessive ____?

Is ____ for specific ____ to ____ excessive ____ smoke ____ burned ____?
____ something associated with ____ coolant causing ____?

Is there an ____ smoke from a ____?
____ there ____ indications of increased levels ____ smoke ____ by ____ coolant?
____ coolant burning in the ____?

Is ____ exhaust a ____ burning ____?

Can you identify ____ increased ____ smoke due ____ burning coolant?

There are ____ signs of ____ causing ____ smoke?

Is ____ indication ____ excessive exhaust smoke ____ the ____ coolant?
____ may be ____ burning coolant causing ____ smoke.

____ it ____ coolant makes too much ____ smoke?
 ____ indicative of burning coolant ____?
 ____ it possible that ____ the ____ cause smoking ____?
 ____ you ____ of increased ____ smoke as a ____ burning coolant?
 ____ the ____ of too much exhaust smoke caused ____?
 There are ____ symptoms ____ to ____ burning in ____.
 ____ smoke a ____ of burning ____?
 Do you ____ are any ____ the idea ____ burnt coolant is ____ blame ____ excess ____ discharge?
 Is there ____ way to tell ____ there is ____?
 ____ you ____ any telltale ____ burning ____ causing heavy ____ emissions?
 ____ my ____ due ____ burning coolant?
 ____ there ____ that ____ coolant causes heavy smoke emissions?
 Is there ____ signal ____ burnt ____ in the ____?
 Do ____ if certain symptoms show ____ burnt ____ excess ____ discharge?
 ____ specific symptoms ____ the ____ of exhaust smoke?
 ____ know ____ certain symptoms show ____ to blame for ____ discharge?
 Is ____ that point ____ coolant ____ in the exhaust?
 ____ any ____ between excessive exhaust smoke and ____?
 ____ possible ____ burned ____ the reason for ____ exhaust smoke?
 Is it possible that ____ reason ____ smoke is due ____?
 I would ____ to ____ look for ____ smoke is from ____ coolant.
 ____ indicators ____ to ____ coolant ____ reason behind exhaust ____?
 ____ it possible that excessive ____ smoke ____ to ____?
 ____ any telltale signs of ____ burn causing ____?
 ____ symptoms associated ____ excessive exhaust ____ by ____ coolant?
 I want to know if the ____ result ____ Coolant.
 Can ____ tell me if there are any ____ burning ____ to ____ levels ____ smoke?
 Do ____ know ____ specific signs ____ coolant burning in ____?
 ____ if the increased levels of ____ smoke are ____ burning ____?
 ____ cause of exhaust smoke ____ coolant?
 Is there ____ of exhaust ____ from ____?
 Is there any ____ as a ____ for ____?
 Do ____ if ____ a burnt coolant when ____ gets too ____?
 Is ____ any indication ____ to excessive ____ burnt ____?
 ____ you know ____ are telltale signs ____ burning coolant ____ emissions?
 ____ suggest burnt coolant as ____ cause ____ smoke?
 ____ there any ____ suggest ____ is the cause of ____ exhaust ____?
 Is ____ that the ____ is tied ____ coolant?
 Is ____ that ____ of the coolant ____ making too ____ smoke?
 Does ____ show ____ burning coolant?
 Is there any signal ____ to ____ coolant ____ fumes?
 Does ____ exhaust ____ Coolant?
 ____ you ____ the ____ levels of exhaust smoke are due ____?
 ____ cause of increased exhaust fumes due ____?
 ____ there a ____ of definite ____ show that the ____ to ____ coolant?
 ____ want ____ if the ____ smoke is due ____ coolant.
 ____ burning ____ of exhaust smoke?
 Is it possible ____ certain symptoms ____ idea that burnt ____ exhaust ____?
 ____ it possible ____ if ____ exhaust smoke ____ by ____ coolant?
 ____ may ____ indicators ____ excessive smoke ____ burned coolant.

_____ there _____ suspect excessive exhaust _____ a burnt coolant?
 I'm _____ there are any signs _____ burning _____ causing _____.
 I _____ to know _____ from burning coolant.
 _____ may be indicators _____ smoke _____ burned coolant.
 Is _____ a _____ to _____ if _____ comes _____ burning coolant?
 _____ true that _____ burning coolant behind exhaust _____?
 There _____ any distinctive _____ point _____ the _____ of _____ in the _____.
 Is there a _____ to tell _____ is extra _____ coolant?
 Can _____ exhaust smoke?
 There are _____ that can be _____ burning _____ and _____ smoke.
 Is _____ any _____ symptoms _____ show _____ in _____?
 Do you _____ the exhaust _____ is due to _____ of _____?
 _____ there _____ sign _____ the _____ is causing too much exhaust _____?
 When emissions _____ too smokey can _____ tell if _____?
 Can you _____ the _____ exhaust _____ to burning coolant?
 _____ the reason for _____ heavy _____ smoke due _____?
 _____ want to know _____ it's _____ to _____ burning _____ causes _____ smoke.
 Are there any telltale _____ coolant burn _____?
 _____ signs indicate _____ or _____ exhaust fumes?
 _____ burning _____ behind the _____ exhaust _____ a sign?
 _____ there _____ list _____ signs to show _____ emissions _____ related to _____ coolant?
 _____ you have any indicators _____ tied to _____?
 There are _____ exhaust smoke caused _____ coolant.
 Can you give me _____ clue _____ to _____ exhaust?
 _____ certain _____ cause _____ smoke _____ burning of cooling fluid?
 _____ much _____ burned Coolant?
 _____ possible that burning _____ too much exhaust _____?
 Is _____ that the _____ clouds _____ are caused by _____ telltale _____ burn?
 _____ possible _____ the _____ levels of _____ smoke are _____ to _____ coolant?
 There are _____ symptoms that suggest that _____ smoke is _____ coolant.
 _____ there a burnt _____ emitting through _____?
 If _____ the idea that _____ is to blame _____ exhaust discharge, _____ about it?
 _____ are _____ symptoms pointing to _____ burning of _____ exhaust.
 _____ emission gets too _____ tell if there is _____ burnt _____?
 _____ be _____ of _____ exhaust fumes caused by burning _____.
 _____ there a distinctive _____ burning in _____ exhaust?
 I want _____ if there are _____ of excess _____ fumes _____ by _____.
 Think of _____ the _____ of burnt _____?
 When emission gets _____ smokey, can _____ if there _____?
 _____ excessive _____ smoke _____ sign of _____ coolant _____ fire?
 _____ want _____ know if _____ are any _____ signs _____ combustion _____ the _____.
 Is _____ possible _____ the reason for _____ exhaust smoke _____ due _____ burning _____ in my _____?
 Burned _____ behind excessive _____?
 Will there _____ any _____ tied _____ burned coolant?
 _____ excessive _____ be caused _____ burning _____?
 There _____ be _____ signs _____ coolant _____ smoke emissions.
 _____ there any _____ of smoke _____ to _____?
 _____ excessive exhaust indicate _____?
 _____ there _____ way to _____ if _____ exhaust smoke _____ burning _____?
 What signs should _____ to _____ the _____ between exhaust _____ coolant?

There are ____ signs ____ excess ____ fumes that ____ by burning ____.
 ____ the clues that ____ burnt coolant as ____ cause of increased ____?
 ____ possible to ____ smoke tied to burned ____?
 ____ there any ____ that ____ is ____ of exhaust smoke?
 Is it possible ____ from the ____ is ____?
 ____ you ____ there are any symptoms that ____ idea that burnt ____ for excess ____?
 There might be signals ____ burned ____ exhaust fumes.
 ____ any ____ that the ____ from burnt coolant is ____?
 ____ emission ____ too ____ tell if there is ____ coolant?
 Does excessive ____ show ____?
 ____ of excessive ____ smoke ____ be ____ burning ____ coolant.
 Do specific ____ indicate burnt ____ as ____ for ____?
 Is it possible ____ of the ____ is causing ____ smoke?
 ____ some indicators ____ to ____ as the ____ of ____ smoke?
 ____ if there is a way to ____ burning coolant ____ extra ____.
 ____ are the ____ of coolant ____ causes ____ smoke?
 ____ burning ____ behind ____ exhaust ____ possible?
 Do ____ you ____ burning coolant ____ exhaust fumes?
 Do ____ point ____ excessive exhaust smoke ____ burnt ____?
 Is there any ____ excessive ____ connected ____ burned ____?
 ____ symptoms ____ to burnt coolant as ____?
 ____ it possible to see if ____ from ____ coolant?
 ____ there ____ indications ____ to increased levels ____ exhaust smoke ____ to ____?
 I wonder if ____ determine ____ from burning coolant.
 ____ possible ____ determine if ____ exhaust smoke leads to ____?
 Is ____ any sign ____ burned-out ____?
 ____ any signals pointing towards burned ____ being ____ reason ____ fumes?
 ____ you ____ any ____ of ____ exhaust ____ by burning coolant?
 ____ there ____ evidence of excessive ____ related ____ burned ____?
 ____ figure out if ____ exhaust ____ comes ____ burning ____?
 Is there ____ indication that burning ____ too much ____.
 ____ any list of ____ excessive ____ are ____ to ____ coolant?
 ____ signals ____ coolant in the exhaust?
 ____ want to know ____ is a ____ of burning ____ coolant.
 Is excessive ____ coolant ____ the exhausts ____ of ____?
 ____ if the ____ smoke is due to ____?
 Does excessive ____ burned ____?
 ____ any evidence ____ suggest ____ smoke ____ burnt coolant?
 Is ____ any evidence that ____ coolant is ____ much ____?
 ____ burning coolant ____ indicative ____ signs?
 ____ the increased ____ fumes due to burnt ____?
 Is ____ any ____ excess ____ fumes caused by ____ the ____?
 ____ you ____ any ____ signs that my ____ due to the ____ coolant?
 Think ____ smoke is ____ coolant?
 I ____ to ____ out if ____ excess ____ a result ____ burning ____.
 ____ it possible to ____ if ____ is burnt ____ when ____ gets ____?
 ____ specific ____ show burnt ____ being the ____ of ____?
 Do ____ if some ____ the ____ support ____ burnt coolant ____ excess ____ discharge?
 ____ wondering ____ is a ____ if burning coolant causes exhaust ____.
 There ____ any indicators ____ excessive smoke ____ burned ____.

_____ smoke is _____ by burning coolant, what _____ I look _____?
 _____ possible that _____ exhaust smoke suggests _____ symptoms?
 Is it possible _____ the reason for _____ smoke is _____ the burning of _____ vehicle?
 Is _____ indication of _____ burning _____ increased levels of _____ smoke?
 _____ cause _____ of cooling fluid _____ cause excessive smoky _____?
 _____ sign of burning coolant causing excess _____?
 _____ can be caused _____ burning coolant?
 _____ excessive _____ a _____ of _____ cooling?
 _____ emission _____ smokey can _____ tell _____ there _____ coolant?
 _____ excessive _____ evidence of _____?
 _____ like to know _____ exhaust _____ is _____ by burning _____.
 What are _____ symptoms _____ indicate burning _____ as _____ cause of _____?
 There is _____ question _____ whether burning _____ can _____.
 _____ you _____ the idea that burnt _____ excess exhaust discharge?
 _____ any _____ that point _____ burned coolant as _____ exhaust fumes?
 _____ there _____ the _____ causes excess exhaust fumes.
 _____ you _____ if certain symptoms _____ the _____ burnt _____ the _____ of _____ discharge?
 _____ possible to tell if _____ is caused _____ the coolant?
 Are there _____ signs _____ increased _____ exhaust smoke _____ burning _____?
 _____ possible that my _____ caused _____ burning coolant?
 Do certain _____ excessive smoky _____ burning _____ fluid?
 _____ burning _____ coolant behind the _____?
 _____ like to _____ if _____ are any _____ that _____ relate to burned _____.
 _____ any signs _____ problems from burned _____?
 _____ possible that there _____ coolant causing heavy smoke emissions?
 _____ you _____ if _____ is burnt _____ when _____ emission _____ smokey?
 _____ there any signs of _____ of exhaust _____ to _____?
