

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Information regarding scheduled maintenance
Inquiry Sub-Category	Equipment replacement
Description	Inquiries about the replacement of old or faulty electrical equipment. Customers want to know if the suppliers will be replacing any equipment in their area and if there will be any disruptions during the replacement process.
Data Size	10,698 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Will ____ area ____ power interruptions ____ of old ____?

Are intermittent ____ outs ____?

When ____ there be a ____ outage?

____ we be without ____ machinery?

Are ____ going to ____ issues while ____ replace ____ equipment?

What about power ____ changed?

Are there any chances ____ gets replaced?

____ disruptions during equipment replacements?

There ____ an outage while old gear ____.

____ let ____ there will ____ any ____ while we replace aging ____ and ____.

____ will be ____ disruptions ____ upgrade.

____ lose power during ____ swap?

Replacing ____ may ____ electrical risks.

____ to new ____ might cause ____.

____ we ____ power as we ____?

I wonder ____ stuck in ____ during maintenance ____ older gear.

Is there a chance ____ will ____ old ____ is replaced?

Will ____ during the process of ____ antiquated electrical ____?

____ I prepare for possible electricity ____ you ____?

There's a chance ____ being cut during ____.

Do you ____ the ____ will go ____ when ____ replaced?

Will I ____ due to ____ grand ____ of replacing ____?

____ of power ____ out while old gear ____ being ____?

____ units may expose ____ to some ____.

____ problem ____ power as machinery is replaced?

____ interruptions ____ us locals are ____ until that ____.

____ expected to ____ an outage due to the ____.

Replacing equipment ____ cuts.

_____ any _____ an interruption _____ old _____ is replaced?
 _____ is a chance _____ an _____ due _____ a _____ in _____.
 _____ my neighborhood likely _____ the equipment swap?
 _____ am _____ if I can expect power _____ while _____.
 There _____ be _____ while _____ changing.
 _____ possible _____ be _____ outages while equipment is being _____?
 Is _____ the equipment replacement?
 _____ the power during _____ replacement?
 If _____ replace _____ will _____ mess _____ my power?
 _____ any chance _____ power disruption _____ is replaced.
 _____ could be _____ to power if _____ is _____.
 _____ the power _____ out _____ old _____ is _____ replaced?
 _____ can increase the _____ blackouts.
 _____ you _____ going to suffer power _____ swap equipment?
 Are there _____ power service _____ to _____?
 _____ might be _____ disruption _____ power as _____ is _____.
 The locals _____ to have _____ interruptions _____ is swapped.
 Will there be _____ electricity _____ device _____?
 I _____ interruptions _____ the old equipment replacement.
 _____ problems are _____ during _____.
 _____ there _____ problems during _____ equipment replacement?
 _____ be _____ electricity supply during _____ replacement process?
 _____ old _____ updates, _____ a _____ of blackouts.
 Is it _____ power _____ go _____ while _____ is being replaced in _____?
 _____ gets _____ will _____ go off?
 I _____ to know if _____ in my _____ to _____ swap.
 Can _____ predict _____ outage when _____?
 _____ the power _____ going _____ be disrupted _____ replacement?
 _____ old stuff changes, _____ my _____?
 _____ there power _____ when the _____ equipment is _____?
 Would _____ replacement of equipment _____ my area?
 I _____ if _____ power outage when _____ change _____ components.
 _____ stuck _____ the _____ because _____ maintenance on old gear?
 _____ is _____ outage risk due _____ equipment _____.
 _____ there going _____ epic electricity failures _____ part _____ this _____ change?
 _____ be _____ possibility of power _____ during your _____ swap?
 _____ there be _____ major electricity _____ as _____ of this _____?
 _____ that the electricity _____ be disrupted due _____ swap?
 _____ if my _____ power during the equipment swap.
 _____ equipment replacement, _____ could _____ disruptions.
 _____ y'all _____ with _____ can I expect _____ to _____ out?
 Will my area _____ equipment?
 Power _____ equipment _____?
 Think there is _____ that _____ during equipment changeout?
 _____ old equipment is being replaced _____ be a _____?
 Do _____ happen _____ of _____ replacement?
 Are _____ going to _____ electric _____ upgrade here?
 Might the power _____ the old _____ replaced?
 _____ you _____ to have _____ while _____ upgrade here?
 _____ is _____ chance of _____ interruption _____ due to a _____ equipmnt.

_____ outdated gear may cause _____.

_____ wonder _____ there are plans for _____ during _____.

_____ it _____ that we will _____ replace outdated gear?

Will we _____ swap _____ equipment?

Will _____ be _____ of _____ supply during _____ process?

Are there going _____ disruptions while _____ replace _____?

Are there _____ to be _____ cuts when _____ units?

There _____ power _____ during _____ equipment _____.

_____ prepared for power cuts _____ equipment swap?

_____ the _____ cut during equipment changeout.

Will the power _____ off _____ old stuff _____?

Are you _____ about electricity _____ equipment _____?

During _____ gear _____ there is _____ of power _____.

_____ there be _____ failures as you _____?

_____ power cuts if _____ replace the equipment?

_____ to get _____ interruptions _____ that hardware _____ swapped.

_____ I prepare _____ power _____ your equipment swap?

Do _____ need _____ prepare myself _____ power _____ during _____ equipment _____?

During the _____ replacement _____ area _____ power?

_____ it possible _____ will _____ power during equipment _____?

Would _____ equipment _____ power _____?

Power disruptions are _____ upgrade.

_____ you tell _____ any _____ power interruptions during _____ old _____?

Will _____ power _____ machinery?

_____ during _____ replacement?

_____ chance that _____ be _____ to a change in equipmnt.

_____ you _____ a _____ during a _____?

_____ it possible that _____ interrupted _____ to _____ swap?

Is _____ any _____ while _____?

Could there _____ during the _____ job?

_____ I expect a _____ mess with junk?

During _____ can _____ neighborhood lose _____?

_____ about _____ issues _____ change?

Can I _____ power _____ changing infrastructure _____?

Power _____ disrupted _____ replaced here.

_____ there be _____ while _____ gear?

_____ there _____ in electricity supplies _____ the replacement _____?

_____ equipment _____ cause power _____.

Do _____ there's a _____ electricity _____ during equipment changeout?

Is _____ of _____ being cut _____ changeout?

Are _____ the risk _____ electricity _____ cut during equipment _____?

Should _____ out for power cuts _____ swap?

I _____ know if old _____ replacement _____ power _____.

Old _____ upgrade _____ outage _____?

_____ it _____ my area has lost _____ replacement?

There _____ power _____ until _____ is swapped, _____?

_____ the _____ to the _____ be power cuts?

_____ my _____ going to lose _____ during _____?

Is _____ experience _____ power loss _____ a replacement?

Expecting _____ cuts _____ an _____.

_____ power cuts _____ we transition _____ new equipment.
 Are there _____ to _____ power cuts when _____ old _____?
 _____ is _____ chance of _____ disruption as machinery _____.
 Will I _____ outages _____ a result _____ plan _____ replace old _____?
 _____ there _____ power _____ of the _____ of old _____?
 Is there a _____ when machinery _____?
 _____ expect _____ power failure when _____ equipment is _____?
 _____ equipment _____ being replaced _____ there be _____?
 _____ power disruptions during _____?
 _____ of an _____ while _____ is replaced?
 Will _____ power _____ in my _____ the equipment _____?
 Is _____ any _____ an outages while _____ is _____?
 _____ machinery is _____ there _____ a disruption to _____.
 Will _____ without power _____ we _____ machinery.
 _____ there be any _____ you replace _____ equipment?
 _____ prepare _____ the _____ electricity cuts when you _____ out _____?
 Isn't _____ a _____ of electricity _____ during equipment _____?
 As machinery is replaced, _____ be _____ power?
 _____ there any _____ disruptions during _____ upgrade?
 Will I _____ outages as a _____ of _____ grand _____ replace _____?
 Is _____ likely that _____ suffer _____ disruptions when you _____?
 Will my _____ power _____ the equipment _____?
 Am _____ in _____ dark during that equipment swap?
 _____ be any _____ outs during _____?
 Are there power _____ when _____?
 Are _____ old _____ is _____ changed?
 Is _____ electricity _____ cut during equipment changeout?
 Will there be _____ during _____ job?
 Do _____ think _____ can be _____ due to _____?
 Can _____ about a power _____ when _____ infrastructure _____?
 Should I prepare _____ power going off _____?
 Will my place get stuck _____ dark due _____ old _____?
 _____ disruptions _____ during the equipment _____.
 _____ we lose power _____ machinery?
 _____ I _____ a power cut _____ being replaced?
 While _____ mess _____ that junk, _____ the power _____ out?
 Is there _____ to be _____?
 Will my _____ disruptions when _____ equipment _____ replaced?
 _____ expected _____ downtime for _____ upgrades.
 _____ possible _____ will _____ disruptions _____ you replace equipment?
 _____ likely _____ we _____ experience _____ disruptions _____ replace outdated gear?
 _____ equipment _____ power issues?
 _____ it _____ that I _____ expect _____ power failure _____ you _____ with _____?
 _____ it possible for _____ when _____ old equipment _____ being replaced?
 Should _____ prepare _____ possibility of electricity cuts _____ swap _____?
 _____ it true _____ intermittent power outages with _____?
 Replacing _____ out _____ could _____ blackout risks.
 _____ I suffer _____ due _____ your plan _____ replace old _____?
 _____ your plan to _____ crap going to lead _____?
 Changing _____ power disruptions?

____ it ____ we ____ power ____ you replace equipment?
 Will I ____ outages ____ of ____ grand ____ replace ____ crap?
 ____ the ____ replaced can there be ____ problems?
 ____ we will ____ power ____ you replace outdated gear?
 Can the ____ be ____ the equipment ____ being ____?
 There ____ a chance ____ due ____ a change in ____.
 ____ equipment ____ cause ____ disruptions.
 Should there ____ equipment replacement?
 ____ failures as a result of ____ plan to replace ____?
 Electricity ____ possible ____ device ____.
 ____ be ____ while old ____ changes.
 ____ you think the ____ be interrupted due ____?
 Power ____ equipment ____.
 ____ going ____ my power when you replace ____?
 Expecting power downtime ____?
 ____ expected ____ downtime ____ upgrades.
 The ____ expected ____ be disrupted ____ equipment ____.
 ____ my place be stuck ____ dark ____ maintenance ____ old ____?
 Is ____ possible that I ____ experience ____ old equipment is ____?
 Should I ____ power ____ out ____ the ____ swap?
 Will ____ when the old stuff ____ replaced?
 Are ____ equipment upgrade?
 Is ____ any ____ disruptions ____ device ____?
 Can I ____ to ____ while ____ is being replaced?
 Is ____ appropriate to ____ for ____ electricity ____ when you swap ____?
 Electricity ____ during ____?
 Do you think ____ will cause ____ electricity?
 The ____ to new ____ could ____ power ____.
 During ____ is ____ chance of power going ____?
 ____ old ____ is changing, are ____?
 Is ____ a ____ a power outage ____ I change ____?
 ____ is an ____ that there ____ be ____ due ____ change ____ equipmnt.
 Is it ____ we ____ power disruptions ____ gear?
 When ____ can I expect ____ disruptions?
 Old gear ____ so there is ____ chance ____.
 Power ____ for ____ are ____ until ____ is swapped.
 ____ power failures ____ replacements?
 ____ my area ____ interruptions while ____ equipment is ____?
 Power ____ could occur ____ upgrade.
 Is ____ possibility ____ power being disrupted ____ machinery ____?
 Do you ____ I'll ____ my ____ when ____ replace ____?
 Do ____ think ____ will ____ an electricity interruption ____ swaps?
 ____ you know if ____ are ____ disruptions ____ device upgrades?
 ____ there be ____ blackouts while ____?
 Would ____ equipment being ____ cuts?
 ____ equipment replacement ____ cuts ____ my area.
 Will there be ____ of electricity ____ the ____?
 ____ I going ____ suffer power cuts when ____?
 ____ possible that ____ could cause ____ cuts ____ my area?
 How will ____ be affected ____ machinery ____?

_____ might be interruptions _____ changes.
 There _____ chance _____ blackouts during _____.
 Power _____ locals until the _____ is _____ right?
 _____ you think there _____ a danger _____ being _____ equipment _____?
 _____ you going _____ mess _____ my _____ when _____ replace _____?
 Is _____ replacement _____ of _____ of power?
 _____ a _____ cut during old gear updates.
 Will there _____ power _____ equipment _____ replaced?
 _____ work _____ cause the loss of _____ in _____ area.
 _____ I _____ power cuts during the _____ swap?
 There is _____ possibility _____ an outage _____ in _____.
 Old equipment _____ risks.
 Is there a risk _____ loss during _____.
 Is I _____ the dark during the _____ swap?
 _____ don't _____ if my power _____ old stuff changes.
 What _____ my neighborhood _____ during _____?
 Power cuts _____ by the _____ equipment _____.
 _____ the _____ to new equipment, _____ might be _____.
 _____ worn-out units _____ put you _____ of black _____.
 _____ possible for power _____ equipment _____?
 _____ power be _____ machinery _____ replaced?
 Is there _____ outage _____ gear is replaced?
 _____ there be problems as _____?
 Issues with electricity _____?
 _____ worn-out units _____ put you _____ blackouts.
 _____ that my _____ will lose power _____ the equipment _____?
 _____ replacement job _____ have _____ with _____.
 _____ upgrade _____ will there be _____ electric _____ cuts?
 _____ my _____ going to _____ the equipment swap?
 I want to know _____ predict _____ in _____ due to _____.
 _____ you _____ any electric blackouts while _____ upgrade?
 Do _____ think _____ be interrupted in my _____ to _____?
 Is _____ a _____ of a _____ loss during _____.
 _____ replace _____ crap will cause _____ disruptions.
 _____ if _____ equipment _____ would _____ power cuts?
 _____ to power _____ replaced?
 _____ old _____ replaced, can I _____ a _____ outage?
 Electricity will be _____ things _____.
 Do _____ that _____ will be _____ due _____ swap?
 _____ there power _____ equipment replacement?
 _____ the replacement _____ do _____ have any _____ with _____?
 _____ lose power _____ machinery?
 Will my power go _____?
 Will the _____ equipment cause _____?
 Is there any _____ power _____ during old _____ updates?
 Are _____ going to be _____ power _____ replace _____?
 Is there _____ chance _____ power _____ is replaced?
 _____ possible for _____ during equipment _____?
 Will my _____ be _____ power _____ a _____ during _____ of _____?
 _____ intermittent _____ issues _____ replacements?

_____ the power will be _____ you _____ old stuff?

Old equipment _____ cuts _____ my _____.

_____ the _____ stuff _____ chance power will go off.

_____ it _____ that there are _____ during _____?

_____ see any _____ gear is replaced?

_____ prepare _____ a _____ cut during the _____ swap?

Will _____ when _____ replace the _____ units?

_____ there be _____ while you _____?

Is _____ power service _____ due to equipment _____?

Do you think _____ we _____ experience power disruptions _____?

_____ replacement _____ cause power _____.

_____ downtime is _____ upgrade.

_____ mess _____ that _____ I expect _____ power to go _____?

During _____ replacement _____ will there _____ electricity supply?

_____ old equipment is _____ area, can I _____ a power _____?

Are _____ power disruptions _____ equipment _____?

_____ could _____ power _____ the _____ transition.

_____ the replacement _____ will _____ be _____ in _____ supply?

Will my area _____ during the replacement _____ equipment?

It _____ that _____ will _____ issue in town due _____ in _____.

Is _____ of a power loss _____ the _____?

Is there any _____ with _____?

_____ risks _____ to _____ equipment?

Old equipment upgrade _____ outage _____.

_____ there any _____ power _____ machinery is _____?

Power _____ are _____ upgrade.

Will I _____ affected _____ power cuts _____ you _____?

_____ there _____ power issues _____ replacement?

I am _____ if _____ information on potential _____ interruptions during _____ replacement.

_____ you tell me _____ there _____ be _____ the _____ replacement in _____ area?

There will likely _____ equipment _____.

Will _____ be _____ in _____ the replacement process?

Power downtime _____ gear _____?

_____ there _____ as you install _____ units?

_____ us if _____ be any significant _____ while you _____ equipment?

It's possible _____ be _____ updating.

_____ area _____ disruptions when old equipment _____ replaced?

Is _____ possible _____ be _____ interruptions when _____ install new _____?

Old _____ power cuts.

_____ to suffer power _____ while you _____ gear?

_____ it _____ to _____ a power _____ when changing _____?

_____ there be _____ while _____ replace the equipment?

There's _____ during _____ gear updates.

Is there _____ interruptions _____ changes?

_____ I be _____ off during _____?

_____ lost _____ as _____ is _____?

Is _____ outage _____ I change _____?

Is _____ possible for _____ to _____ when _____ equipment _____ being _____?

Is there _____ chance _____ out during _____ swap?

Is _____ that power _____ will _____ while you _____ gear?

Will we ____ power ____ we ____ ?

____ during the equipment upgrade.

____ there be service ____ during ____ electrical systems ____ reside?

I wonder ____ area ____ loss of power ____ replacement work.

____ old gear ____ a chance ____ black outs.

Should I ____ of ____ cuts as you ____ machinery?

____ likely we will ____ power during ____ new ____ installation?

There are expected ____ the ____.

____ if there will be ____ downtime ____ you ____ aging equipment.

Is ____ a ____ going off during the ____ gear ____?

____ know that ____ is a ____ of ____ being ____ equipment changeout?

____ the changeover to ____ equipment might ____ power ____?

____ is swapped, we ____ interruptions.

Can ____ expect ____ to ____ out while old ____ replaced?

____ problem with power when ____ is replaced?

____ downtime ____ anticipated ____ gear ____.

Is ____ or ____ there will ____ outages ____ equipment updating?

____ chance ____ could ____ cut during equipment changeout?

____ there ____ electrical disruptions during device ____?

____ outage ____ due ____ old ____?

____ it ____ good ____ to ____ possible electricity ____ you ____ outdated machinery?

Will ____ tell me ____ power interruptions during ____ equipment ____?

____ mess with that junk ____ expect ____ failure?

While we ____ machinery ____ we ____?

Are ____ power when you ____ old stuff?

____ for power to ____ when ____ is being ____ my area?

____ outdated ____ but ____ disruptions?

Should ____ prepare for possible ____ cuts ____ swap out ____?

____ a chance ____ power loss ____ the ____ process?

____ there ____ interruption while old ____ gets replaced?

Will ____ interruption in ____ electricity supply during ____ process?

Can I expect ____ failures ____ being replaced?

Do you know if ____ will ____ aging machinery?

____ might be ____ as ____ replaced.

Do ____ know ____ the ____ power during ____ swap?

____ service disruptions ____ the electrical ____ I reside ____ upgraded?

____ any power ____ during ____ replacements?

____ my power ____ stuff changes?

Should I be prepared ____ the ____ of a ____ swap?

____ there ____ a ____ of your plan ____ replace old stuff?

Is it possible ____ be ____ you install new ____?

____ equipment ____ could ____ risks.

____ there ____ disruptions during ____ upgrades?

Old ____ replacement may ____.

____ possible to ____ a ____ failure ____ infrastructure components?

____ my neighborhood ____ to ____ power ____ swaps?

Power disruptions ____ happen ____.

____ equipment ____ disruptions?

Will ____ neighborhood lose power ____?

There ____ be ____ equipment replacement.

During a _____ any _____ electricity?
 _____ any possibility _____ loss during _____ replacement process?
 _____ equipment _____ may create _____.

Are _____ to _____ power cuts after _____ replace _____?
 _____ be power _____ during the _____ new equipment.

We're _____ to have _____ until hardware _____.

Should _____ prepare myself _____ possibility _____ power cuts _____ swap?
 _____ are expected _____ cuts and _____.

_____ a chance of outages _____ gear _____ replaced.

_____ I prepared _____ possibility of _____ when you _____ outdated machinery?

Should _____ cuts when you swap _____ old machinery?
 old equipment _____ risks.

_____ to know _____ neighborhood will _____ power during equipment _____.

_____ for possible electricity cuts _____ you _____ out outdated _____?

I _____ to _____ if I can _____ a _____ when _____ change _____.

Are there _____ be any electrical _____ when _____ the _____?

Is _____ that power _____ be _____ equipment _____ being replaced?

Is there _____ of electricity being cut _____?

What would _____ machinery _____ replaced?

_____ know if I'll suffer _____ swap equipment.

Is _____ possible _____ equipment _____ cause power cuts?
 _____ my area _____ caused by old _____ replacements.
 _____ power _____ we swap _____.

Is _____ outages during _____ new gear installation?

Are _____ to suffer _____ outs _____ you _____ equipment?

_____ there be _____ disruptions _____ changeover _____ new equipment?

_____ there _____ interruption in power supply _____ replacement _____?

Will _____ power cuts _____ you replace the _____.

_____ if _____ will lose power during _____ swap.
 _____ we lose power _____ swap _____?

Is _____ power gonna _____ when _____ replace old _____?

_____ it likely that we will _____ replace outdated _____?

Will _____ power go _____ stuff _____?

_____ there _____ any _____ while _____ gear is _____?

Is _____ that _____ neighborhood _____ during equipment swap?
 _____ is likely _____ be outages _____.

_____ may _____ a _____ power _____ machinery is replaced.

Will _____ power _____ your _____ of replacing old crap?

Are _____ any _____ failure during old gear _____?

While _____ with _____ junk can _____ the power _____ out?
 _____ change _____ cause power _____.

_____ interruption _____ us _____ until that _____ is _____.

Change _____ expected to cause _____ outage in _____.

_____ be prepared _____ going _____ your equipment swap?

_____ expected power _____ during _____ upgrade.

Will the _____ lose _____ due to the _____?

_____ on _____ change?

Should I be prepared for _____ your _____?

_____ there a chance of _____ failure during _____ gear _____?

_____ there _____ chance _____ will go off after the _____?

Did you ____ if there _____ service ____ due to _____?

Do _____ will _____ disruptions when you replace outdated ____?

Power ____ during _____?

Replacing worn-out _____ at risk.

____ you _____ loses power during equipment swap?

____ you think I'm ____ to _____ cuts ____ you ____ equipment?

____ likely _____ equipment updating.

Are power _____ replacement?

Will ____ be _____ when you replace the _____?

Can ____ tell ____ if ____ replacement ____ cause ____ service disruptions ____ my ____?

During _____ chance of power being _____?

During _____ will there be _____?

____ disruption to power as ____ is replaced?

Is ____ a _____ electricity _____ you swap ____ outdated machinery?

Will power be _____ the _____ is being _____?

There ____ expected to _____ power disruptions _____ equipment ____.

power _____ equipment _____

____ be ____ for power cuts _____ swap?

Will the _____ downtime ____ replace _____?

____ it _____ have a ____ outage _____ change infrastructure components?

Is ____ possible to _____ when changing infrastructure _____?

____ risks ____ to _____ upgrade?

During the _____ may my ____ experience power _____?

____ while you upgrade things?

Will ____ change _____ outage in the town?

____ off _____ stuff gets replaced?

____ there ____ any ____ failures _____ replacement?

____ wondering ____ I can _____ power ____ when changing ____ components.

____ experience service interruptions _____ upgrade ____ antiquated ____ systems ____ I reside?

____ an interruption while ____ gear ____ being replaced?

Can ____ be out when ____ equipment ____ being _____?

When you ____ old-timers ____ equipment, will I _____?

Are there going _____ cuts while ____ old equipment _____?

____ you _____ will experience ____ disruptions ____ you ____ gear?

Can _____ to _____ power ____ y'all mess with ____ junk?

____ planning _____ electricity failures as part ____ the ____ overhaul?

There may _____ cuts during _____ to ____ new ____.

____ worn-out _____ expose you to ____.

We ____ lose power _____ replace ____.

____ there _____ electricity ____ during device upgrades?

____ you ____ if _____ service will be ____ due ____ equipment _____?

Is _____ be any ____ cuts _____ replace ____ old equipment?

____ the power go ____ when the _____ removed?

Replacing worn-out ____ could expose _____ potential _____ risks.

I'm not ____ if _____ me _____ dark _____ fix the junk.

____ there be a _____ power during _____ replacement _____?

There _____ outage ____ due ____ old ____.

____ going to experience power ____ while ____ replace _____?

There might be power _____.

____ there any chances of outages ____ old _____?

_____ going _____ have _____ outs while _____ upgrade things?
 _____ it likely _____ there _____ during equipment updates?
 _____ neighborhood _____ to _____ power during _____ swap?
 Is it possible _____ I will _____ when you _____?
 _____ I _____ a power _____ during _____?
 _____ may be problems _____ electricity _____ replacement _____.
 Are you planning _____ failures as _____ of _____ equipment _____?
 _____ you will mess up _____ power _____ old stuff?
 _____ there _____ be any _____ downtime while we _____ aging machinery.
 _____ will be intermittent power _____.
 _____ if _____ going _____ leave me _____ the dark when they _____ that _____.
 Will _____ any service disruptions during _____ my electrical _____?
 _____ equipment _____ likely to _____ outages.
 _____ that _____ will cause _____ disruptions _____ you replace _____ gear?
 Will _____ after you _____ the units?
 _____ you think _____ cause electricity interruption _____ area?
 _____ to _____ potential _____ interruptions _____ the _____ equipment replacement in _____ locality.
 Are _____ to _____ power _____ old equipment is being _____?
 _____ we going _____ power disruptions while you _____?
 Will I _____ outages as _____ result of your _____ to _____?
 When _____ old-timers swap equipment, _____ suffer power _____?
 When equipment _____ replaced, _____ there be _____?
 Will there _____ power _____ while _____ old equipment _____?
 Is it a _____ idea to _____ myself _____ power _____ during _____?
 _____ the _____ be off when you _____?
 _____ to have electric _____ while you upgrade _____?
 Should I be _____ for _____ equipment _____?
 _____ there _____ to _____ power _____ you change equipment?
 _____ have electric _____ upgrade here?
 Is it _____ I will _____ outages due to your _____ to _____?
 I don't know _____ to _____ failures when you _____.
 There _____ cuts _____ the _____ transition.
 It _____ that _____ an outage _____ due to the change _____ equipmnt.
 Is _____ going to _____ when _____ replace old _____?
 _____ it possible _____ experiences _____ loss during _____ replacement?
 _____ when stuff changes?
 _____ happens _____ as machinery is _____?
 Do you experience _____ loss _____?
 Can _____ outage when _____ infrastructure components?
 Changing _____ gear _____ disruptions.
 _____ chance _____ when the old stuff is replaced?
 _____ a possibility of _____ issue _____ to _____ change in equipmnt.
 There might be _____ device _____.
 Outage risk _____ upgrade?
 _____ you _____ there is a _____ that _____ will be _____ equipment _____?
 Expecting _____ cuts _____ is _____ upgrade.
 Outages are _____ equipment _____.
 Power issues _____?
 Are _____ going _____ any electric _____ while _____ upgrade _____ here?
 _____ equipment replacement _____ power _____?

Is _____ disruption to power as _____?

_____ be interruption _____ electricity supply _____ the _____ process?

_____ equipment change _____ power _____?

_____ equipment change, _____ be power _____?

_____ of electricity being cut during equipment _____?

_____ aware _____ a _____ of electricity being _____ during _____ change _____?

_____ prepared for power being _____ during _____ swap?

The change _____ to cause an _____.

_____ be _____ old equipment is replaced?

Replacing _____ electrical risks.

Is it possible _____ with _____?

_____ there a _____ for _____ disruptions _____ the device _____?

Electricity _____ be _____ as _____ is _____.

_____ worried _____ electricity will _____ cut _____ equipment changeout?

There _____ power _____ for _____ upgrades.

Can you _____ me whether my _____ lose _____ equipment _____?

_____ if _____ would cause _____ cuts in my area.

Equipment updates _____ or may _____.

Old _____ cause power cuts _____ my _____.

Should _____ prepare myself _____ possibility _____ power _____ during the _____?

_____ equipment _____ being replaced, can _____ expect _____ to be _____?

Outage risks _____ by _____?

_____ there an _____ during the _____ job?

Power interruptions for _____ until _____ hardware _____.

During equipment _____ there _____ any _____?

Power _____ expected _____ improvements?

Is the outage _____ upgrade?

_____ there be power _____ you _____ the _____?

_____ would like to _____ anticipate a _____ changing infrastructure components.

_____ possible that power will be _____ you _____ equipment?

_____ while _____ gear _____?

Do you think we will _____ you _____ outdated _____?

_____ there are _____ during equipment _____.

_____ be intermittent _____ with replacements?

_____ could be power _____ during the _____.

_____ equipment is _____ replaced can _____ be power _____?

_____ a _____ of _____ interruption _____ to equipment swap?

_____ likely to be _____ changes?

Are _____ going to have _____ disruptions _____ upgrade _____?

When _____ can I _____ power disruptions?

_____ place _____ stuck in the dark during maintenance _____.

_____ area experience _____ loss of power _____ your equipment _____?

I wonder if _____ be prepared for _____ during _____.

What _____ loses power during _____ swap?

Is _____ be _____ while old equipment _____ being replaced?

Will _____ power _____ swap machinery?

Are _____ with replacements?

Can you _____ neighborhood lost power _____ equipment _____?

I wonder if you'll _____ up _____ when _____ stuff.

_____ is a _____ of _____ issue in town _____ to a _____.

During the equipment ____ should ____ for power ____?

Are ____ to ____ power ____ while you replace ____?

____ my power go ____ my ____?

I'm wondering ____ service disruptions are ____ due ____.

____ downtime anticipated ____ upgrades?

Will you ____ electric blackouts ____ upgrade ____?

____ failures ____ the equipment replacement?

Is ____ power to be knocked ____ while ____ replaced?

Outages during ____ possible or ____.

Is there intermittent ____ with ____?

When ____ is being replaced ____ I ____ to ____ off?

Is ____ that we will ____ power ____ you replace ____?

Are you going to ____ power ____ you ____ the ____?

Will be ____ while ____ upgrade ____?

____ my ____ gets stuck ____ the dark ____ maintenance ____ old gear?

Is there ____ that lights will ____ cut ____ we ____?

Is it possible for ____ when ____ new equipment?

Is ____ that there ____ power outages with ____?

____ be intermittent ____ disruptions with ____.

____ swap ____ outdated machinery, should ____ be prepared ____ electricity ____?

____ there be ____ during gear ____?

____ is expected ____ will be ____ disruptions during ____.

____ think electricity could ____ cut ____ changeout?

____ there be ____ updates?

Power disruptions ____ the ____ is ____?

Is it ____ the ____ out when ____ install ____ equipment?

Will ____ while we change ____?

During ____ upgrade, should ____ power ____?

Problems with ____ change?

Was there ____ with ____ during ____ replacement ____?

During equipment ____ power ____?

Do you ____ power ____ upgrades?

____ the power be ____ when ____ equipment ____ replaced?

We should expect ____ that ____ is swapped, ____?

____ equipment, will I ____ power ____?

Can ____ us know if there will ____ while we ____ machinery?

Replacing worn-out ____ may ____ electricity ____.

____ there a possibility of power loss ____.

Should I prepare ____ possibility of ____ cuts ____ replace ____?

Did you ____ if ____ disruptions are possible ____ to ____?

The ____ upgrade ____ power disruptions.

I am wondering if ____ power ____ equipment ____ work.

Will ____ area ____ affected by power ____ during ____?

Are ____ have any ____ when ____ replace equipment?

____ want to ____ if power ____ will occur due ____.

Is ____ electricity ____ during ____ process?

____ during equipment ____ may ____ happen.

As ____ is ____ there ____ a disruption ____ power?

____ old ____ will ruin ____.

____ you ____ power cuts as ____ the old ____?

_____ chance _____ an issue in _____ due to _____ change _____ equipmnt.

Are _____ to have electric _____ upgrade?

_____ a chance _____ an outage in _____ due _____ change _____.

_____ there _____ of electricity interruption _____ to equipment _____?

_____ there be _____ systems where I live _____ upgraded?

_____ with _____ junk, can I _____ the power to _____?

_____ replacement job can there _____ issues _____?

_____ is _____ that _____ will be outages during _____.

_____ chance _____ outages _____ old gear is replaced.

Should there _____ with electricity _____ the _____?

_____ power disruptions _____ equipment replacement.

Are _____ during _____ replacement?

_____ outdated gear _____ result _____ disruptions.

_____ experience any service disruptions during _____ of _____ electrical _____?

Can _____ me _____ there will _____ interruptions during _____ equipment replacement?

Will _____ any _____ electricity _____ of this equipment restructuring?

Will _____ any _____ interruption _____ upgrade of my _____ system?

_____ there _____ the _____ gear changes?

While _____ changes, _____ there any _____?

_____ changing _____ components, _____ I _____ power loss?

Will there _____ downtime _____ replace gear _____?

_____ I _____ myself _____ power outages _____ equipment swap?

Should I _____ possible _____ cuts _____ swap out _____?

Am I going _____ power cuts _____ you _____?

_____ there going to be _____ power failures _____?

_____ if there will be _____ significant downtime _____ replace equipment?

_____ any chance of _____ old _____ is being replaced?

Is it possible that my area _____?

During the _____ there could be power _____.

Should I _____ for _____ losses during _____?

Does my _____ have _____ to _____?

During _____ replacement of old _____ my _____ experience _____?

How will the _____ affected _____ machinery _____?

_____ wonder if I can _____ outage _____ components.

_____ am _____ if power service _____ happen _____ equipment replacement.

_____ power service _____ are _____ due _____ equipment _____ you _____ that?

_____ power disruptions _____ during _____?

_____ I going to _____ in _____ dark _____ this equipment _____?

_____ there _____ an interruption in electricity _____ equipment _____?

Can there be _____ when _____ old equipment _____?

_____ going _____ electric blackouts while you _____ here?

_____ old _____ is _____ replaced _____ I expect _____ power shortage?

Do I _____ during the _____ process?

I don't know if _____ anticipate a _____ the _____.

Outages _____ not during _____.

There _____ be _____ failures _____ equipment _____.

_____ be _____ disruptions _____ the _____ of antiquated _____ where I reside?

_____ I prepare _____ power _____ during your _____ swap?
